Director

Christina Shea
Director

Speaker's Card/Request to Speak: If you would like to address the City Council/Board of Directors on a scheduled agenda item – including a Consent Calendar item, a Regular Council Business item, a Public Hearing item, or Public Comments – please complete the Request to Speak Form. The card is at the table at the entrance to the City Council Chamber. Please identify on the card your name and the item on which you would like to speak and return to the City Clerk. The Request to Speak Form assists the Mayor/Chair in ensuring that all persons wishing to address the City Council/Board of Directors are recognized. It also ensures the accurate identification of meeting participants in the City Council minutes. Your name will be called at the time the matter is heard by the City Council. City policy is to limit public testimony to up to three minutes per speaker depending on relevant circumstances (unless the time limit is extended by the Mayor/Chair), which includes the presentation of electronic or audio visual information. Speakers may not yield their time to other persons.

Please take notice that the order of scheduled agenda items below and/or the time they are actually heard, considered and decided may be modified by the Mayor/Chair or the City Council/Board of Directors during the course of the meeting, so please stay alert.

Scan this QR code for an electronic copy of the City Council//Successor Agency Regular Meeting and OC Great Park Special Meeting Agenda and staff reports.

ADJOURNMENT - CITY COUNCIL

NOTICE TO THE PUBLIC

LIVE BROADCASTING AND REBROADCASTING

Regular City Council/Successor Agency meetings are broadcast live every 2nd and 4th Tuesday of the month at 4 p.m. and are replayed on Tuesdays at 4 p.m. (in weeks in which there is not a live City Council/Successor Agency meeting), Sundays at 11 a.m., Wednesdays at 7 p.m., and Thursdays at 7 p.m. until the next City Council meeting. Regular Orange County Great Park Board meetings are broadcast live every 4th Tuesday of the month at 2 p.m. and are replayed on Wednesdays at 8 p.m., Thursdays at 10 a.m., and Saturdays at 7 p.m. (in weeks in which there is not a live Orange County Great Park meeting) until the next Orange County Great Park Board meeting. All broadcasts can be viewed on Cox Communications Local Access Channel 30 and U-Verse Channel 99. City Council/Successor Agency meetings are also available via live webcast and at any time for replaying through the City's ICTV webpage at cityofirvine.org/ictv. For more information, please contact the Clerk of the Board/City Clerk's office at (949) 724-6205.

STAFF REPORTS

As a general rule, staff reports or other written documentation have been prepared or organized with respect to each item of business listed on the agenda. Copies of these materials are on file with the City Clerk/Clerk of the Board and are available for public inspection and copying once the agenda is publicly posted, (at least 72 hours prior to a regular City Council/Successor Agency/Great Park Board meeting). Staff reports can also be downloaded from the City's website at *cityofirvine.org* and the Orange County Great Park website at *ocgp.org* beginning the Friday prior to the scheduled City Council/Successor Agency/Orange County Great Park Board meeting on Tuesday.

In addition, meetings can be viewed live at the time posted on the agenda and related staff reports can be opened and viewed simultaneously along with the streaming of the meeting. To view the meeting, go to *cityofirvine.org/ictv*.

If you have any questions regarding any item of business on the agenda for this meeting, or any of the staff reports or other documentation relating to any agenda item, please contact City Clerk/Clerk of the Board staff at (949)724-6205.

SUPPLEMENTAL MATERIAL RECEIVED AFTER THE POSTING OF THE AGENDA

Any supplemental writings or documents distributed to a majority of the City Council/Successor Agency/Orange County Great Park Board regarding any item on this agenda after the posting of the agenda will be available for public review in the City Clerk/Clerk of the Board's Office, One Civic Center Plaza, Irvine, California, during normal business hours. In addition, such writings or documents will be made available for public review at the respective public meeting.

If you have any questions regarding any item of business on the agenda for this meeting, or any of the staff reports or other documentation relating to any agenda item, please contact City Clerk/Clerk of the Board staff at (949)724-6205.

SUBMITTAL OF INFORMATION BY MEMBERS OF THE PUBLIC FOR DISSEMINATION OR PRESENTATION AT PUBLIC MEETINGS

Media Types and Guidelines

1. Written Materials/Handouts:

   Any member of the public who desires to submit documentation in hard copy form may do so prior to the meeting or at the time he/she addresses the City Council/Successor Agency/Orange County Great Park Board. Please provide 15 copies of the information to be submitted and file with the City Clerk/Clerk of the Board at the time of arrival to the meeting. This information will be disseminated to the City Council/Successor Agency/Orange County Great Park Board at the time testimony is given.

2. Large Displays/Maps/Renderings:

   Any member of the public who desires to display freestanding large displays or renderings in conjunction with their public testimony is asked to notify the City Clerk/Clerk of the Board's Office at (949)724-6205 no later than 12:00 noon on the day of the scheduled meeting so that an easel can be made available, if necessary.

3. Electronic Documents/Audio-Visuals:

   Any member of the public who desires to display information electronically in conjunction with their public testimony is asked to submit the information to the Public Information Office (PIO) no later than 12:00 noon on the day of the scheduled meeting. To facilitate your request contact the PIO Office at (949)724-6253 or the City Clerk's Office at (949)724-6205.

Information must be provided on CD, DVD, or VHS; or, emailed by 12:00 noon on the day of the scheduled meeting to pio@ci.irvine.ca.us. Members of the public will be asked to provide their name, identify the meeting and the agenda item to be addressed, and a day time phone number.

The PIO office will notify the person submitting the information as soon as possible prior to the meeting if the information cannot be accessed or if the version provided is incompatible with the City's system. Every effort will be made by City staff to facilitate the presentation.

CITY SERVICES TO FACILITATE ACCESS TO PUBLIC MEETINGS

It is the intention of the City of Irvine to comply with the Americans With Disabilities Act (ADA) in all respects. If, as an attendee or a participant at this meeting, you will need special assistance beyond what is normally provided, the City of Irvine will attempt to accommodate you in every reasonable manner. Please contact the City Clerk/Clerk of the Board's Office at (949)724-6205.

Assisted listening devices are available at the meeting for individuals with hearing impairments. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting. (28 CFR 35. 102-35. 104 ADA Title II)

CHALLENGING CITY DECISIONS

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitations period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge that is not filed within this 90-day period will be barred.

If a person wishes to challenge the nature of the above actions in court, they may be limited to raising only those issues they or someone else raised at the meeting described in this notice, or in written correspondence delivered to the City of Irvine, at or prior to the meeting. In addition, judicial challenge may be limited or barred where the interested party has not sought and exhausted all available administrative remedies.

COMMUNICATION AND ELECTRONIC DEVICES

To minimize distractions, please be sure all personal communication and electronic devices are turned off or on silent mode.

MEETING SCHEDULE

Regular meetings of the City Council/Successor Agency are held on the second and fourth Tuesdays of each month at 4:00 p.m. Study Sessions and/or Closed Sessions are periodically held prior to the start of the regular meeting. Regular meetings of the Orange County Great Park Board are held on the fourth Tuesday of each month at 2:00 p.m. Agendas are available at the following locations:

- City Clerk/Clerk of the Board's Office
- Police Department
- Front Entrance of City Hall
- University Park Center (Culver/Michelson)
- Walnut Village Center (Culver/Walnut)
- Northwood Town Center (Irvine Blvd./Yale)
- City's web page at www.ci.irvine.ca.us
- Orange County Great Park web page at www.ocgp.org

I hereby certify that the agenda for the Regular City Council meeting, Regular Joint Meeting with the City of Irvine as Successor Agency to the dissolved Irvine Redevelopment Agency, and Special Meeting of the Orange County Great Park Board was posted in the posting book located in the Public Safety Lobby of City Hall, One Civic Center Plaza, Irvine, California on September 7, 2017 by 8:00 pm as well as on the City's and Orange County Great Park's web page.

Molly McLaughlin, MPA
City Clerk
Secretary, Successor Agency
Secretary/Clerk of the Board, Orange County Great Park

PRESENTATIONS

2.1

REQUEST FOR CITY COUNCIL ACTION

MEETING DATE: SEPTEMBER 12, 2017

TITLE: PRESENTATIONS

City Clerk

RECOMMENDED ACTION:

Proclaim September 2017 as "Hunger Action Month"

CITY OF IRVINE

Proclamation

HUNGER ACTION MONTH
SEPTEMBER 2017

WHEREAS, hunger and poverty are issues of grave concern, with 315,000 people, including 129,000 children, at risk of hunger each month in Orange County; and

WHEREAS, Second Harvest Food Bank of Orange County serves 250,000 people each month and although a record 21.6 million meals were distributed to the hungry last year, nearly 70,000 people still cannot get food when they need it; and

WHEREAS, September is Hunger Action Month, when the Feeding America nationwide network of food banks, including Second Harvest Food Bank of Orange County, work to mobilize the public and help to end hunger in their communities; and

WHEREAS, the following companies in Irvine are significantly supporting Second Harvest Food Bank and taking action to end hunger: Albertsons, Golden State Foods, Mazda Foundation, Orange County Produce, Orange County United Way, Stanbridge University, and University of California Irvine.

NOW THEREFORE, the City Council of the City of Irvine **DOES HEREBY PROCLAIM SEPTEMBER 2017 as HUNGER ACTION MONTH** and affirms the City's commitment to taking steps to raise awareness about the need to combat hunger in our community.

DONALD P. WAGNER
MAYOR OF THE CITY OF IRVINE
SEPTEMBER 12, 2017

3.1

REQUEST FOR BOARD ACTION

MEETING DATE: SEPTEMBER 12, 2017

TITLE: MINUTES

Secretary / Clerk of the Board

RECOMMENDED ACTION:

Approve the minutes of a regular meeting of the Orange County Great Park Board held on July 25, 2017.

MINUTES

ORANGE COUNTY GREAT PARK BOARD REGULAR MEETING

July 25, 2017
City Council Chamber
One Civic Center Plaza
Irvine, CA 92606

CALL TO ORDER

A regular meeting of the Orange County Great Park Board of Directors was called to order on July 25, 2017 at 2:07 p.m. in the City Council Chamber; Chairman Wagner presiding.

ROLL CALL

Present:	5	Director:	Jeffrey Lalloway
		Director:	Lynn Schott
		Director:	Christina Shea
		Vice Chairwoman:	Melissa Fox
		Chairman:	Donald P. Wagner

PLEDGE OF ALLEGIANCE

Vice Chairwoman Fox led the Pledge of Allegiance.

DIRECTOR, OCGP, REPORT

Pete Carmichael, Director, Orange County Great Park, provided a brief update on construction progress and forward planning.

BOARDMEMBER REPORTS

1. PRESENTATIONS

1.1 Request by Director Shea for Presentation by Laguna Greenbelt, Inc. Regarding Wildlife Corridor

This item was agendized at the request of Director Shea, who expressed concern about the development of the County's 100-acre site adjacent to the Orange County Great Park and its potential impact to the Wildlife Corridor.

Darlene Nicandro, Interim Manager of Planning Services, and Mary Fegraus, representing Laguna Greenbelt, provided the presentation and responded to questions.

Board discussion included: working collaboratively with the Orange County Board of Supervisors regarding the development of its 100-acre site adjacent to the Orange County Great Park; noted the mitigation by the County of the segment of the Wildlife Corridor north of Irvine Blvd.; whether any communication between the County and Laguna Greenbelt, Inc. had taken place with respect to the development of the County's 100-acre site; and whether concerns raised by Laguna Greenbelt had been expressed during the environmental review period.

ADDITIONS AND DELETIONS

There were no additions or deletions to the agenda.

2. CONSENT CALENDAR

ACTION: Moved by Director Shea, seconded by Vice Chairwoman Fox, and unanimously carried to approve Consent Calendar Item Nos. 2.1 through 2.3.

2.1 MINUTES

ACTION:
Approved the minutes of a regular meeting of the Orange County Great Park Board held on June 27, 2017.

2.2 BUDGET ADJUSTMENT FOR ENHANCEMENTS TO SPORTS PARK SUBAREA OF THE ORANGE COUNTY GREAT PARK

ACTION:

1) Recommended that the City Council authorize the City Manager to execute Amendment No. 3 to Letter Agreement regarding Sports Park design enhancements.
2) Recommended that the City Council approve a budget appropriation of $71,000 from the unallocated Great Park Fund balance to the Capital Improvement Project Fund, Project No. 361616, Sports Park Subarea Improvements, for the recommended Sports Park design enhancements.

2.3 AWARD OF CONTRACT FOR WIRELESS MARKETING AND MANAGEMENT SERVICES AT THE ORANGE COUNTY GREAT PARK

ACTION:

1) Recommended that the City Council authorize the Orange County Great Park Director to execute a contract with 5 BARS Communities, LLC for wireless marketing and management services and subsequent sublicenses at the Orange County Great Park.
2) Recommended that the City Council approve a budget adjustment to appropriate $85,000 in the Orange County Great Park Fund for a wireless infrastructure master plan funded from future lease revenue.

3. BOARD BUSINESS

3.1 CONSIDERATION OF VICE CHAIRWOMAN FOX'S REQUEST TO GRANT LAND AT THE CULTURAL TERRACE TO PRETEND CITY CHILDREN'S MUSEUM

This item was agendized at the request of Vice Chairwoman Fox, who spoke in support of entering into a Memorandum of Understanding (MOU) with Pretend City and the purpose in doing so; and noted that the request for an MOU was not to grant land, but rather, to move the process forward in tandem with the design phase of the Cultural Terrace.

Pete Carmichael, Director, Orange County Great Park, presented the staff report and responded to questions.

Chairman Wagner and City Manager Joyce clarified the intent of the recommended actions.

The following individuals spoke in support of granting land at the Cultural Terrace to Pretend City Children's Museum:

Sandra Bolton, Executive Director of Pretend City
Erin Boyl, Board Chair, Pretend City Children's Museum
Kelly Pijl, Communications and Policy Director, Children & Families Commission of Orange County
Janice Lee
Samantha Sparks, Pretend City Volunteer

The following individuals spoke in support of granting land to Pretend City, as well as additional space for botanical gardens at the Cultural Terrace:

Patricia Mortz
Virginia Bickford
Jane Olinger

Board discussion included: noting that granting land to Pretend City at this point in time would be premature; expressed concern about equity and fairness to other entities interested in space at the Cultural Terrace; discussed the potential for moving forward with other interested stakeholders that have committed to securing funding; suggested milestones and fundraising targets be included in the MOU; requested that Pretend City provide a business plan to the Board for review and consideration; clarified the recommended action; expressed concern about setting a tone that the planning of the Cultural Terrace was based on a piecemeal approach; noted the Board's history of approving MOUs with other entities; noted the City's longstanding history with Pretend City; questioned the needs and commitment from the City to secure funding; suggested taking a systematic approach to planning the Cultural Terrace; requested further clarification of the terms of the MOU; reiterated that the proposed MOU was only a good-faith commitment to review and negotiate proposed terms; noted fiscal challenges in assisting entities with costs related to operations and maintenance; expressed concern about dedicating a specific site and acreage at this time; and suggested using the Ice Rink MOU as the template for future MOUs.

Jeff Melching, Board Counsel, clarified the core terms and purpose of the proposed MOU.

ACTION: Moved by Vice Chairwoman Fox, seconded by Director Shea, and unanimously carried to:

> Direct the City Attorney and City staff to negotiate a Memorandum of Understanding with Pretend City along the terms specified by the Great Park Board of Directors and return to the City Council for its consideration and action at the first City Council meeting in August.

3.2 UPDATE ON PREPARATIONS FOR COMPLETION AND TURNOVER OF PHASE ONE OF THE SPORTS PARK

Chris Koster, Manager of Great Park Planning & Development; Ed Crofts, Community Services Manager – Great Park; and Manual Gomez, Director of Public Works, provided the staff report and responded to questions.

Board discussion included questioning whether the United State Tennis Association (USTA) had shown an interest in using the tennis complex for qualifying tournaments and pro circuit events.

Received and filed.

3.3 CONSIDERATION OF CHAIRMAN WAGNER'S REQUEST FOR RECONSIDERATION OF STREET NAMES PREVIOUSLY APPROVED BY THE GREAT PARK BOARD OF DIRECTORS

This item was agendized at the request of Chairman Wagner, who noted a desire to reconsider recently approved street names (Greyhawk, Wolfpack, Warhorse and Flying Tiger) based on feedback from retired Marines who served at the Former El Toro Marine Corps Air Station (El Toro).

Bill Kogerman, retired Lieutenant Colonel, spoke in support, noting that the above-referenced street names were not squadrons out of El Toro.

Christian DeFries also spoke in support, reiterating the importance of El Toro and its impact on Orange County's history.

Board discussion included: noting the importance of paying tribute to those who served and preserving the history of El Toro; reiterated the commitment to the Museum of Heritage and Aviation (MoHA); and suggested providing a permanent historical exhibit at the Cultural Terrace reflective of El Toro's history.

ACTION: Moved by Chairman Wagner, seconded by Director Lalloway, and unanimously carried to:

Replace the previously approved street names of Greyhawk, Wolfpack, Warhorse, and Flying Tiger, to:

Skyhawk
Corsair
Phantom
Hornet

PUBLIC COMMENTS

Blair Dickerson spoke in support of the BMX Track.

Christine Comp and Katrina Kirkelay spoke in support of a botanical garden at the Orange County Great Park.

Don Croucher, representing the California Fire Museum, spoke in support of a fire museum at the Orange County Great Park.

ADJOURNMENT

Moved by Director Lalloway, seconded by Vice Chairwoman Fox, and unanimously carried to adjourn the meeting at 4:15 p.m.

REQUEST FOR BOARD ACTION

MEETING DATE: SEPTEMBER 12, 2017

TITLE: RESOLUTIONS CONTAINING TERMS AND CONDITIONS OF EMPLOYMENT FOR REPRESENTED AND NON-REPRESENTED EMPLOYEES

Director of Administrative Services

City Manager

RECOMMENDED ACTION

1. Recommend the City Council adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE ASSOCIATED SUPERVISORY/ADMINISTRATIVE PERSONNEL (ASAP), AND SUPERSEDING ALL PREVIOUS ASAP MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

2. Recommend the City Council adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE IRVINE CITY EMPLOYEES ASSOCIATION (ICEA), AND SUPERSEDING ALL PREVIOUS ICEA MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

3. Recommend the City Council adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE IRVINE PROFESSIONAL EMPLOYEES ASSOCIATION (IPEA), AND SUPERSEDING ALL PREVIOUS IPEA MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

4. Recommend the City Council adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE IRVINE POLICE MANAGEMENT ASSOCIATION (IPMA), AND SUPERSEDING ALL PREVIOUS IPMA MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

5. Recommend the City Council adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ESTABLISHING A CLASSIFICATION AND COMPENSATION POLICY FOR CONFIDENTIAL EMPLOYEES OF THE CITY OF IRVINE, AND SUPERSEDING RESOLUTION NO. 15-79 EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

6. Recommend the City Council adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ESTABLISHING A CLASSIFICATION AND COMPENSATION POLICY FOR MANAGEMENT AND NON-REPRESENTED EMPLOYEES (EXEMPT) OF THE CITY OF IRVINE, AND SUPERSEDING RESOLUTION NO. 15-80 EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

7. Recommend the City Council adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ESTABLISHING A CLASSIFICATION AND COMPENSATION POLICY FOR PART-TIME EMPLOYEES OF THE CITY OF IRVINE, AND SUPERSEDING RESOLUTION NO. 15-81 EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

EXECUTIVE SUMMARY

The negotiation team for the City has reached tentative agreement on the Memorandums of Understanding (MOUs) with the Associated Supervisory/Administrative Personnel (ASAP), Irvine City Employees Association (ICEA), Irvine Professional Employees Association (IPEA), and Irvine Police Management Association (IPMA). All agreements will be effective August 11, 2017 upon expiration of the previous MOUs.

The terms of the new two-year agreements provide for base salary increases in each year of the contracts.

Other recommended actions include: adoption of resolutions for non-represented full-time employees providing the same changes in terms and conditions of employment as those provided for the represented employees, and updates to the resolution covering part-time employees.

COMMISSION/BOARD/COMMITTEE RECOMMENDATION

Not applicable.

ANALYSIS

The negotiating team for the City and representatives of ASAP, ICEA, IPEA, and IPMA bargaining units reached tentative agreements on terms and conditions of employment.

These tentative agreements have been ratified by the membership of each bargaining group and MOUs reflecting those agreements are now pending approval by the City Council (Attachments 1-4).

- The term of each proposed MOU is two years, effective August 11, 2017 through June 30, 2019. They provide two percent base salary increases in each of the two years.

- The agreements with ASAP, ICEA and IPEA provide for a paid Holiday Leave Benefit of three days.

- The agreement with IPMA provides for a City contribution of 1.25 percent of base salary towards a retiree health savings account.

- All agreements include minor modifications in terminology and procedure that reflect current law and practice.

- Resolutions governing the terms and conditions of employment for non-represented full-time employees contain the same provisions as the MOUs for non-sworn employees (Attachments 5-6).

- The resolution governing terms and conditions of employment for part-time employees provides for a two percent base salary increase in each of the two years and paid Holiday Leave Benefit of three days for extended part-time staff (Attachment 7).

ALTERNATIVES CONSIDERED

The City is required by the State's labor-relations law (Meyers-Milias-Brown Act) to meet and confer in good faith with recognized employee organizations. The terms of the proposed MOUs reflect agreements reached by the parties through the meet-and-confer process. The City Council may choose not to approve the agreements; however, the tentative agreements reached with ASAP, ICEA, IPEA, and IPMA representatives are within the parameters set by the City Council and have been ratified by the membership of each group.

FINANCIAL IMPACT

The additional cost associated with implementation of the recommended MOUs and resolutions for employees whose salaries are allocated to the Great Park is up to $50,000 annually for Fiscal Year 2017-18 and Fiscal Year 2018-19. Staff will try to manage budgeted resources within this year's adopted budget to adjust to the cost of salaries and benefits that were not included in the budget. If additional funding is needed, staff will present a mid-year budget adjustment for Great Park Board consideration.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE ASSOCIATED SUPERVISORY/ ADMINISTRATIVE PERSONNEL (ASAP), AND SUPERSEDING ALL PREVIOUS ASAP MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, the City of Irvine (City) and the Associated Supervisory/Administrative Personnel (ASAP) have met and conferred in accordance with the requirements of the Meyers-Milias-Brown Act and City Council Resolution No. 341; and

WHEREAS, the City and ASAP have reached agreement on wages, benefits, hours, and other conditions of employment for the period of August 11, 2017 through June 30, 2019; and

WHEREAS, a previous Memorandum of Understanding between the City of Irvine and ASAP was adopted by the City Council pursuant to Resolution No. 15-74.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE that the 2017-2019 Memorandum of Understanding, attached hereto as Exhibit A, between the City and ASAP is approved and adopted. The compensation policy provided for by this resolution shall be operative from and after 12:01 a.m. on the twelfth day of September 2017, unless otherwise stated. All previous resolutions are hereby repealed effective on the operative date of this resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

Attachment I Classifications Represented by ASAP 27

Article 1 – Preamble

This Agreement is entered into pursuant to the Meyers-Milias-Brown Act (Government Code Sections 3500 et seq.) and City Resolution No. 341, for the purpose of memorializing the Agreement reached between the City and Associated Supervisory/Administrative Personnel (ASAP) as part of the meet-and-confer process, in order to provide harmonious relations, cooperation, and understanding between the City and its employees.

Article 2 – Recognition

ASAP is hereby acknowledged as the exclusive Recognized Employee Organization representing the full-time employees in the classifications listed in Attachment I (Supervisory/Administrative personnel).

Article 3 – Purpose

The parties agree that the purpose of this Agreement is: to promote and provide harmonious relations, cooperation, and understanding between the City and the employees covered herein; to provide an orderly and equitable means of resolving differences which may arise under this Agreement, and to set forth the full agreements of the parties reached as a result of meeting and conferring in good faith regarding matters within the scope of representation for employees represented by the ASAP. Further, the purpose of this Agreement is to guarantee employees represented by ASAP all rights and privileges of employment provided in Federal and State law, and City ordinances.

Article 4 – Scope

The scope of representation shall include all matters relating to employment conditions and employer-employee relations, including, but not limited to, wages, hours, and other terms and conditions of employment, except, however, that the scope of representation shall not include consideration of the merits, necessity, or organization of any service or activity provided by law or executive order.

Article 5 - City Rights

The City retains all rights it had prior to this Agreement except those rights specifically delegated by this Agreement, provided the City shall exercise those rights in compliance with applicable state law, the City Charter, and the provisions of this Agreement.

Except as expressly limited by this Agreement, the City retains the exclusive right (a) to direct employees of the City; (b) to hire, promote, transfer, and assign employees to positions within the City; (c) to dismiss employees because of lack of work; (d) to reprimand, demote, suspend, or discharge employees for proper cause as provided by City Ordinance; (e) to determine the mission of the City and its various departments, its budget, its organization, the number of employees, and the methods and technology for performing its work; (f) to take whatever action may be appropriate to carry out its mission in situations of emergency. The parties further understand that all rights not clearly and expressly limited by this Agreement are specifically reserved to the City, even though not enumerated.

Article 6 - Employee Rights

Employees covered under this Agreement shall be entitled to all rights specified under Government Code Section 3502. Neither the City nor ASAP shall interfere with, intimidate, restrain, coerce, or discriminate against employees who exercise their rights under this Agreement or the law.

Article 7 - Association Rights

ASAP shall notify the City in writing of the names of its representatives as follows: Consultant, Officers, Bargaining Committee Members and Departmental Representatives.

The City shall provide ASAP, if changes occur, with the following: A list of employees in the classifications set forth in Attachment I; the names of new hires, promotions, and terminations in the classifications set forth in Attachment I; City of Irvine job postings; and copies of current salary schedules. The City will provide ASAP with names and home addresses of all ASAP-represented employees. This information is for the confidential use of ASAP and the City shall not be responsible and will be held harmless by ASAP for inappropriate release of this

information by ASAP. Upon written request, the ASAP shall receive available information relating to contract administration and fringe benefits including pension and insurance plans.

The City shall make available reasonable bulletin board space in designated employee areas for the use of ASAP to post notices relating to matters of interest to ASAP and to the employees.

A reasonable number of employees shall be entitled to leave their work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor, for purposes of participation in the meet-and-confer process.

Designated ASAP representatives shall be entitled to leave their work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor for purposes of attending meetings called by Management or to participate in established City committees, such as but not limited to, Citywide Insurance Committee, Defined Contribution Pension Plan Committee and Safety Committee.

Designated ASAP representatives shall be entitled to leave their work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor for purposes of reviewing and processing grievances. Grievances shall be processed in accordance with the Personnel Rules and Regulations unless noted herein.

ASAP representatives may have access to ASAP members providing that supervisors are notified prior to a meeting being scheduled and that meetings held will not interfere with work. In order to allow ASAP an opportunity to handle the business affairs of its members, the City shall, at the beginning of the calendar year, establish a time bank of one-hundred and eighty (180) hours to be used by board members as authorized by the ASAP Board for training, grievances, board meetings, etc. ASAP agrees the effective operation of the City departments is not to be adversely affected by the use of the time bank by ASAP members. Hours from the time bank will not be cumulative from year to year. Time for meet-and-confer preparation and meetings, and/or attendance at special meetings called by the City shall not be charged against the time bank.

At the orientation of new employees, a City-approved ASAP informational packet will be provided to those who would be eligible to join ASAP. In addition, ASAP and/or its representative will be provided with the opportunity to have 10-minute access to employees in ASAP-represented positions during new employee orientation.

Article 8 - Payroll Deductions

The City will, during the term of this Agreement, deduct bi-weekly dues and other fees as specified by ASAP under the authority of a membership application signed by each participating employee which shall be approved by ASAP and remitted promptly to the Payroll Office.

Article 9 - Quarterly City-ASAP Meetings

The City's designated management staff shall meet with the ASAP President, representative and ASAP board members, on a quarterly basis. The purpose of these meetings is to discuss issues of common interest and to resolve mutual problems in a constructive fashion. The parties shall exchange suggested agenda topics one week before the meeting date. Grievances or disciplinary actions in progress may be discussed at these meetings only by mutual consent, and discussion of such topics does not preclude subsequent resolution via the grievance or disciplinary procedure. Meet-and-confer subjects may be discussed by mutual consent, but this does not preclude exercise of further meet-and-confer options by either party. Persons other than those described above may attend these meetings only by prior mutual consent.

Article 10 - Salary

A. Position Classification to Salary Grades

The classification of individual positions to pay grades is the City's sole responsibility and will be based upon the Human Resources' evaluation of the classification using a point factor system.

B. Classification Requests

During the period designated by Human Resources each year, an employee may request a reevaluation of position responsibilities by submitting a new Comprehensive Position

Questionnaire (CPQ) with a cover memorandum explaining the changes in duties since completion of the most recent existing CPQ. The employee's Department Director and manager (if applicable) will review the request and make a recommendation, which will include an explanation of why the duties have changed and an assessment of the stability of the changes. Any change in classification will take effect the pay period that includes July 1 of the following fiscal year.

C. Pay Progression in a Salary Grade

Pay progression within a pay grade will be based strictly upon individual performance and summarized in an annual performance appraisal. All base pay progression within pay grades will be limited to the maximum of a pay grade. Base pay progression will be provided according to the following schedule:

Salary Placement in Pay Grade	Performance Level	Pay Increase
Less than Maximum Range	Unsatisfactory or Needs Development	0%
Less than Maximum Range	Accomplished Standards and Above	5% base adjustment, limited to maximum of pay grade
Greater than or Equal to Maximum Range		0%

Annual merit increases will be effective on September 1st of each year and will be prospective from that date.

1. Probationary Merit Reviews

   Employees on a probationary employment status effective June 30th of each year will not be eligible to participate in the annual review process until they have successfully completed their probationary period. At the completion of the probationary period, the employee will receive a performance review and merit increase appropriate to the performance review rating. The criteria and rating system for probationary reviews will be the same as those for annual performance reviews.

Following the completion of probation, the employee will be eligible to participate in the annual performance review process the following July. The merit increase granted in the first annual review process following the probationary merit review will be pro-rated to reflect only the time period since the completion of the probationary period. All subsequent performance reviews will be conducted according to the same merit schedule as other regular employees. If the probationary appraisal has been completed within the months of May and June, the employee's next review will be part of the appraisal schedule in the following calendar year in July.

D. Wage and Salary Range Adjustment

Effective the pay period that includes September 1, 2017, the salary ranges of the classifications covered by this Agreement shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the salary ranges of the classifications covered by this Agreement shall be increased by two percent (2.0%).

E. Severance

In the event a member of the ASAP bargaining unit is laid-off from his/her employment with the City, without the opportunity to voluntarily demote into a lower position or transfer into a comparable position, due to the contracting-out of a City service, the City will provide a severance. The severance will be equivalent to forty (40) hours of pay, at their current base hourly rate of pay, for every year of full-time City service, rounded to the nearest full year of service. Additionally, the City will provide a one-time cash equivalent payment for continuing health insurance premiums, using the individual's current elected coverage levels and insurance providers, payable through the end of the month in which severance expires.

Article 11 - Bilingual Pay

Department Directors shall annually designate which positions should be assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified employees who meet the following criteria shall receive an additional $50.00 per month.

A. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.

B. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

C. Any employee who has been determined as qualified for bilingual pay and who is on any leave of absence for at least one calendar month, exclusive of accrued vacation or compensatory time, will be ineligible for bilingual pay until his/her return to work. Upon his/her return to work, the employee will be reinstated into the bilingual pay program and receive his/her $50 monthly stipend effective the first working day of the new calendar month following his/her return to work. The employee will not be required to perform bilingual interpretation services during any period which he/she is not receiving the bilingual pay stipend.

D. For positions requiring extensive contact with the public or contractors, bilingual pay will be rotated among employees who are deemed as qualified by the City. The Department Director will have the discretion to determine the number of employees and the sections/units that qualify to participate in a "rotation pool." Rotations will occur every 12 months, effective the first pay period each November. It is the Department Director's sole discretion to determine the order of rotation among the qualified employees. An employee who has not performed bilingual duties within the rotation for a period of 24 months or longer, must be re-certified by the City in order to receive bilingual pay.

   An employee in a bilingual assignment may request to have the bilingual assignment and corresponding pay removed.

Article 12 – Benefits

The City will provide a cafeteria-style benefit program for supervisory/administrative employees to include the following general elements:

A. Enhanced choices among City-offered health benefit plans.

1. Employees not claiming dependents on their medical, dental, psychological and vision plans shall receive $150 per month. The stipend may be taken as taxable cash.

   Employees who are able to demonstrate to the City's satisfaction that they have minimum essential coverage as defined by the Affordable Care Act, (through another source other than coverage in the individual market, whether or not obtained through Covered California) may opt out of participation in the City's health plan.

B. The City shall provide the following as options to the employee for employee and dependent coverage, with noted exceptions:

Indemnity Medical Insurance

The City shall provide the option to employees to enroll in a medical indemnity insurance plan.

Indemnity Dental Insurance

The City shall provide the option to employees to enroll in a dental indemnity insurance plan.

Health and Dental Maintenance Organizations

The City shall provide the option to employees to enroll in a health maintenance organization and/or a dental maintenance organization.

Vision

One (1) vision care plan.

For employees who choose the PPO medical plan, he total cost to the City for medical, dental, psychological, and vision insurance shall not exceed $694.04 per employee; $754.04 per employee plus one; and $1064.31 per employee plus family per month. The medical tier that the employee selects will drive the insurance cap that is applied to the employee's health benefit selections. The cost of the dental enhanced plan, if selected by

the employee, shall require employee premium contributions for the amount in excess of the premium for the standard plan.

C. Employees have the option of enrolling themselves and/or their dependents into a no-cost medical plan rather than being subject to the cap as set forth in Article XIII, item B., above. Under the no-cost plan, the City will provide any HMO Medical Plan and any HMO Dental Plan offered by the City, as described in Article XIII, item B., above. Under this option, employees may choose to upgrade from the HMO Dental Plan to the PPO Dental Plan, however the employee will be required to pay the difference in premium between the HMO Dental Plan and the PPO Dental Plan.

Effective January 1, 2015, any increase in the cost of the HMO Medical Plans over the costs in effect December 31, 2014, will be borne as follows: The City will pay 95% of the increased cost, and employees enrolled in HMO Medical Plans will pay the remaining 5% of cost increases in annual premiums. Each year thereafter, the amount paid by employees in prior years will be added to that portion of the increase (five percent 5%) the employees will pay in the current year.

D. Affordable Care Act Reopener

The City may reopen the MOU on the issue of health insurance solely for the purpose of discussing potential impacts from or modifications to the Affordable Care Act. The City shall make no changes to health insurance benefits or City contributions towards health insurance benefits under this reopener, absent mutual agreement between the City and ASAP.

E. Insurance Committee

The Insurance Committee and representatives from management will meet each Fall to review coverage, cost containment methods, claims processing service, claims experience and to recommend plan and design changes to the employees. The group will be made up of no more than two (2) representatives from each bargaining group and the president or a designated representative for the bargaining group. The group will be provided with claims history, and with proposed changes in rates or coverage.

F. Pension

1. CITY OF IRVINE DEFINED CONTRIBUTION PENSION PLAN:

The provisions of this Section F. shall apply to employees, as of June 30, 2003, who elected to decline the CalPERS benefits.

a. The City shall invest an amount equal to 12.448% of each employee's base salary in the City of Irvine Defined Contribution Pension Plan (DCPP). Employees shall become fifty percent (50%) vested in such plan upon completion of the probationary period. Thereafter, such vested interest shall increase at the rate of 5% for every Plan Year in which the employee completes 1000 hours of service. Once the employee has completed five (5) years of service, he/she shall become 100% vested in the retirement plan.

b. The City will deduct an amount equal to 6.552 % of each employee's base salary to invest in the City of Irvine DCPP. It is understood that this payroll deduction shall be mandatory for all employees who elected to remain in the City of Irvine DCPP.

c. All employees who elected to remain in the City of Irvine DCPP shall not be entitled to any CalPERS benefits, past, present or future, as provided under section F of this article. Employees, who elected to remain in the City of Irvine DCPP, shall continue participation until the employee terminates his/her employment from the City for any reason.

d. The City will utilize retirement plan forfeitures to offset the cost of City of Irvine DCPP account management and administrative fees.

2. CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM PLAN (CALPERS):

The provisions of this section F shall apply to employees, as of June 30, 2003, who elected to waive their rights to the City of Irvine Defined Contribution Pension Plan (DCPP) and who elected to transfer to the CalPERS program and employees hired after that date.

a. The City's contract with CalPERS shall include the following options:
   i. 2.7% @ 55 Full Formula for Local Miscellaneous Members (Cal. Govt. Code Section 21354.5)
   ii. One Year Final Compensation (Cal. Govt. Code Section 20042)
   iii. Military Service Credit as Public Service (Govt. Code Section 21024), in which the employee pays the entire cost
   iv. Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427)
   v. 4th Level 1959 Survivor Benefits (Govt. Code Section 21574)
   vi. Limit Prior Service to Members Employed on Contract Date (Govt. Code Section 20938)

b. All employees hired on or after the effective date of the CalPERS contract shall become members of the CalPERS Retirement Program.

c. All active employees of the Association shall be members of CalPERS, unless they elected to decline the CalPERS benefits through the irrevocable election process. All Association members covered by CalPERS shall no longer be entitled to any benefits past, present or future, provided under the City of Irvine DCPP referenced in Article XIII, Section F

d. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

e. The CalPERS vesting schedule shall apply (Cal. Govt. Code Section 21060).

f. The full eight percent (8%) cost of the CalPERS member contribution will be paid by the employee.

g. Effective April 14, 2012 the City implemented the 2% @ 55 retirement program with the average of the three highest paid consecutive years for all employees hired on or after that date. Employees in the 2% @ 55 plan will pay the full 7% Member Contribution for the entire term of their employment.

h. All "new members" within the meaning of the California Public Employees' Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will become members of the City's Tier 3 plan; 2% at 62 formula for Miscellaneous employees. Employees will pay the full employee contribution, which will be one-half the normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

G. Retiree Health Plan

1. The City shall contribute an amount equal to two percent (2%) of each employee's base salary in a Voluntary Employee's Beneficiary Association (VEBA), which shall be established and administered by the Association.

2. Employees participating in the ASAP VEBA shall contribute an amount equal to one percent (1%) of base salary.

3. An employee who has retired from the City and has either attained the age of sixty (60) years or is fifty (50) years old and has completed five (5) years of service with the City shall be entitled to purchase the medical insurance plan in effect at the time of retirement at the City's rates for the employee and the employee's dependents at the cost to the former employee, now retiree.

4. The City will allow for a spouse of an eligible retired unit member to continue to purchase the medical insurance after the death of the retired employee, provided that the spouse was covered under a City insurance plan at the time of the retired employee's death and provided that there has been no break in coverage since the employee's retirement. This eligibility for continued coverage ceases if such spouse remarries.

5. Each representation unit has determined the type of retiree health program in which its members shall participate. In order to ensure that the employees can maximize their benefits, the City agrees to allow employees to remain in the designated type of retiree health program throughout their service with the City, whether or not the employee moves to another representation unit(s). In the event an employee moves

to another representation unit, the City will contribute an amount up to the contribution established for the new units' retiree health plan and the employees will not be eligible to participate in any other non-voluntary health plan offered to City employees. If the City's contribution toward a retiree health plan in the new unit is less than what is required for the employee's designated retiree health plan, the difference will be deducted from the employee's pay.

H. Life Insurance

Employees covered by this Agreement shall be provided a life insurance plan in the amount equal to the current full year's base salary rounded up the next $1,000.

I. Disability

The City shall provide major disability coverage with benefits calculated on 66 2/3% of the base monthly wage or salary less deductible benefits. Disability benefits shall also be provided to Job Share employees.

J. Flexible Spending Account

Employees may use pre-tax dollars to pay for eligible medical and dependent care expenses per Internal Revenue Code sections 125 and 129.

Article 13 - Alternate Work Schedules

Unit members may request from their Department Directors to work a 9/80 or a 4/10 alternative workweek schedule. Department Directors will review requests for alternate work schedules, on a case-by-case basis, based on the following criteria: 1) productivity and service to the public will not be decreased, 2) that there will be no adverse effects on the operation of any City department or work unit, and 3) with due regard to the wishes of the employee.

Requests for an alternate work schedule will include the information required by the Department Directors to make an informed decision and a summary of how necessary coverage and current service levels will be improved or maintained. Approved alternate

work schedules may be temporarily modified by a Department Director in the case of vacations, vacancies or other absences that are in excess of one week.

In an emergency, the Department Director may direct the employee to work a different schedule on a 24-hour notice. If the alternate work schedule is not effective, the Department Director will require that the employee work a different alternative workweek or return to a more standard workweek (i.e., a 5/40) with a 14-calendar day notice. If an employee finds it necessary, he/she may make a request to return to a more standard workweek, which will be considered on a case-by-case basis.

Article 14 - Annual Physical Examination

The City shall reimburse employees up to a maximum of $250 per calendar year for expenses incurred as a result of an annual physical examination, as defined in Article 24 of the City's Personnel Rules and Procedures. Such annual physical is optional. Expenses eligible for payment by the City health insurance plan shall not be eligible for reimbursement.

Article 15 - Leaves

A. Vacation

Employees shall accrue vacation credits as follows:

Years of Service	Annual Vacation Credits	Maximum Accrual
1 through 3	3 weeks (120 hours)	5 weeks (200 hours)
After 3 through 10	4 weeks (160 hours)	6 weeks (240 hours)
After 10 or more	5 weeks (200 hours)	7 weeks (280 hours)

When an employee earns vacation in excess of the maximum accrual, the employee shall be paid for vacation during the pay period earned and at the employee's base rate of pay. The dates an employee may take his/her vacation shall be determined by the Department Director or the designee with due regard for the wishes of the employee and particular regard for the needs of the City.

In the event one or more holidays as defined in this MOU fall within a vacation leave, such holidays shall be charged as a holiday.

Illness while on paid vacation will be charged to Sick Leave rather than vacation only if:

Employees must notify their supervisor within four (4) calendar days of the beginning of the illness or prior to the end of his or her vacation leave, whichever is sooner, to request that his or her illness on vacation be charged to Sick Leave. The department shall be under no obligation to extend the vacation beyond the original scheduled vacation ending date.

Employees who terminate employment shall be paid in a lump sum for all accrued vacation leave earned prior to the effective date of termination.

B. Vacation Buyback

On or before the pay period which includes December 15 of each calendar year, an employee may make an irrevocable election to cash out up to eighty (80) hours of accrued vacation (in whole hour increments) which will be earned in the following calendar year at the employee's base rate of pay at the time of cash out. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

C. Personal Sick Leave

Employees shall accrue personal sick leave credits at the rate of eight (8) hours per month. Unless unforeseen and extenuating circumstances arise, in order to receive compensation while absent on sick leave, the employee shall notify his/her immediate superior or the designated department contact prior to or the time set for beginning his/her daily duties, or as may be specified by the director of his/her department. When absence is for one (1) work day or more, the employee may be required to file a physician's certificate with the Personnel Officer.

An employee receiving temporary disability payments under the Workers' Compensation laws may use a pro-rated amount of accumulated sick leave in order to continue to maintain his/her regular income. Under such circumstances, the employee shall submit any benefit payments from the Workers' Compensation fund to the Finance Manager.

An employee may be required to provide a doctor's release to return to work following an illness or injury resulting in an inability to perform assigned duties.

D. Personal Sick Leave Conversion

Regular employees shall be eligible, if they so desire, each quarter (January 1, April 1, July 1, October 1) to convert unused Personal Sick Leave in excess of one-hundred and sixty-eight (168) hours at a ratio of eight (8) hours of vacation for every twenty-four (24) hours of Personal Sick Leave, except that employees with at least ten years of full-time consecutive service shall be eligible to convert sick leave at the ratio of eight (8) vacation hours for sixteen (16) sick leave hours. One-hundred and sixty-eight (168) hours must be accrued and retained prior to converting any excess personal sick leave credits to vacation hours.

Regular full-time employees having less than ten (10) years of consecutive full-time service shall be eligible to convert unused personal sick leave in excess of 168 hours to cash at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's base salary rate, subject to a maximum conversion of 180 hours of sick leave per employee per year. Regular full-time employees with at least ten (10) years of consecutive full-time service shall be eligible to convert unused personal sick leave in excess of 168 hours to cash at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's base salary rate, subject to a maximum conversion of 120 hours of sick leave per employee per year. Conversion requests can be made only in whole hour increments that are evenly divisible by the conversion ratio, subject to a sixty (60) hour maximum after conversion. Conversion requests shall be submitted on appropriate forms as determined by the Personnel Officer. The annual election period and payment period shall be designated and announced by Administrative Services annually.

A regular full-time employee with less than ten (10) years or more continuous service may convert any accrued and unused sick leave to vacation hours at a ratio of 3 to 1 at the normal base rate of pay. A regular full-time employee who has a minimum of ten (10) years or more of full-time continuous service may convert any accrued and unused sick leave to vacation hours at the ratio of 2 to 1 at the normal base pay rate. In this situation, the employee may exceed his/her vacation accrual limits. This paragraph shall not apply to employees who separate due to termination for cause; or who resign or retire in lieu of being terminated after he/she has received a notice of intent to terminate for cause.

E. Personal Leave

Effective the pay period which includes January 1st of each year employees shall receive a Personal Leave Benefit of seventy-one (71) hours per year. Such leave shall be available for employees to use from the beginning of the first pay period beginning in the calendar year through the end of the last pay period beginning in the calendar year. Such hours shall not accrue from year to year. This leave has no cash value and cannot be cashed out. If, at the end of the pay period which includes January 1, employees have any of this leave on the books, with the first full pay period beginning in January, they will be provided with whatever amount of leave is necessary to bring their bank up to 71 hours. Probationary employees who commence employment with the City after January 1 will receive twenty four (24) less Personal Leave hours for every four (4) months the employee is not on paid status with the City.

The employee shall notify his/her immediate supervisor of the use of a Personal Leave day at least 36 hours in advance unless circumstances beyond the employee's control prevent such notification.

F. Bereavement Leave

Employees shall receive up to forty (40) hours for any one instance for absence necessitated by the death of immediate family members. Such credit shall not be accrued from year to year.

The immediate family shall be defined as the spouse, registered domestic partner, children, step children, parents, brothers, sisters, step siblings, grandparents,

grandchildren, parents-in-law, grandparents in law or other individuals whose relationship to the employee is that of a dependent or a domestic partner as defined by California Family Code section 297, or a person who stood *in loco parentis* (in place of a parent) to the employee or a person who had an *in loco parentis* relationship with the employee (the employee stood *in loco parentis* to the person.

G. Parenthood Leave

A regular employee may be granted a temporary parenthood leave of absence without pay, not to exceed one-hundred and eighty (180) calendar days per year, upon approval from the City Manager. The employee requesting such leave shall present evidence of the birth or adoption of a child to the employee or spouse to his/her Department Director. The City will comply with all elements of parenthood leave under the Family Medical Leave Act and the California Family Rights Act. Any such leave will run concurrently with parenthood leave as provided for under the FMLA and CFRA.

H. Jury Duty

In order to balance the City of Irvine's interest in maintaining productivity with the interest that employees are able to support our system of justice by serving on juries, paid Jury Duty is limited to a maximum of 80 hours in a calendar year. If an employee, despite reporting the limit to the Court, is required to serve beyond 80 hours he or she can request an exception of the limit on paid Jury Duty Leave by the City Manager.

If unit members are required to be absent from work to report for jury duty, they will notify their supervisor of the absence as soon as possible after finding out that they must report the next day.

An employee on jury duty must either return to work after the jury service is done for the day if there are still four hours left on his/her shift or call in to his/her supervisor and ask to use leave to cover the rest of his/her shift.

Employees who are scheduled for a swing or graveyard shift on a day they are called to jury service will be authorized to change their work hours in order to report to jury service.

Employees who are called to jury duty will not be subject to working their full graveyard or swing shift if there is not a minimum of 10 hours before or after assigned jury duty. If there is less than 10 hours between the end of a shift and the start of jury duty, employees will be permitted to leave their shift early to allow for a minimum break of 10 hours. If there is less than 10 hours between the end of jury duty and the start of their shift, employees will be able to delay their usual start time to ensure a 10 hour break in between. In this event, the employee's usual end time will remain the same. For any additional time taken off before or after jury duty, an employee will be required to utilize paid accrued time subject to supervisor approval.

An employee who is called to jury duty on a non-working day will not receive compensation or be authorized to change their schedule as a result of being called to jury duty.

I. Military Leave

Employees shall be entitled to such benefits as are provided in state and federal law. An employee requesting such military leave shall present a copy of his/her military orders to his/her Department Director prior to the beginning of the leave.

J. Industrial Accident Salary Continuance

In the event that it is determined that a regular full-time employee is absent from work as a result of any injury or disease arising solely out of the employment with the City and in no way related to any prior existing condition, the City shall provide up to six (6) months of Industrial Accident Salary Continuance during any two-year period under the following conditions:

1. In the event the employee qualifies for compensation under State law, the employee shall receive the difference between the Workers' Compensation payments and his/her regular salary;

2. The employee shall accrue sick leave or vacation leave during the time the employee is receiving Industrial Accident Salary Continuance ;

3. The employee's condition is not permanent and stationary as determined by the City appointed physician.

In the event of an on-the-job injury or accident resulting in loss of time beyond that required for immediate medical attention, such employee may be required to be examined by a licensed physician appointed by the City of Irvine.

Any on-the-job injury or accident must be reported to the employee's immediate supervisor within twenty-four (24) hours after said injury or accident. Failure to report said injury or said accident shall be grounds for disciplinary action.

K. Administrative Leave

Effective the first pay period beginning in January of each year, employees will receive forty (40) hours of Administrative Leave per calendar year. Administrative Leave will be prorated on a monthly basis for supervisory/administrative employees appointed during the calendar year. The dates an employee may take his/her administrative leave shall be determined by the Department Director or the designee with due regard for the wishes of the employee and particular regard for the needs of the City. Additional Administrative Leave may be approved by the Department Director or City Manager. Administrative Leave must be used by the end of the calendar year. Such hours shall not accrue from year to year nor be paid off upon termination. This leave has no cash value and cannot be cashed out. If, at the end of the pay period which includes January 1, employees have any of this leave on the books, with the first full pay period beginning in January, they will be provided with whatever amount of leave is necessary to bring their bank up to 40 hours,

L. Leaves

All paid leave hours accrued shall be prorated based on the number of hours worked or paid up to eighty (80) hours in a pay period.

Article 16 – Holidays

A. Administration of Holidays

The recognized holidays to be observed by the City in each calendar year during the term of this Agreement shall be as follows:

New Year's Day
Martin Luther King Jr. Day
Washington's Birthday
Memorial Day
Independence Day (4th of July)
Labor Day
Veterans Day
Thanksgiving Day
Day After Thanksgiving
Christmas Eve
Christmas Day

Prior to the beginning of the calendar year, Administrative Services will designate and announce the dates on which the above referenced holidays shall be observed. Holidays falling on Sunday shall be observed on the following Monday. Holidays falling on Saturday shall be observed on the preceding Friday unless this, too, is a holiday and then one day sooner. An employee must be paid for all of the regularly scheduled workday immediately prior to a holiday and the regularly scheduled workday immediately after that holiday in order to receive holiday pay.

Human Resources may designate alternate dates the City will observe holidays in order to occur in conjunction with the Holiday Leave benefit provided below in subparagraph B of this Article.

Regular full-time employees shall receive nine (9) hours pay for holidays observed on a Monday, Tuesday, Wednesday, or Thursday. Employees shall receive eight (8) hours pay for each of these holidays observed on a regularly scheduled working Friday. Regular full-time employees working an eight (8)-hour, five (5)-day schedule will receive eight (8) hours pay for each of these holidays.

If a holiday falls on an employee's regularly scheduled day off, the employee will receive holiday pay for the holiday or may take off another day during the pay period with approval of his/her supervisor.

Employees assigned to work on authorized holidays shall receive regular holiday compensation and compensation in the form of premium overtime (one and one-half times the employee's hourly rate) for actual hours worked. At the request of the employee, and within the City's ability to maintain appropriate service levels, such assigned employees may be granted paid time off, in lieu of pay, within the pay period in which the holidays fall. If such time is not taken within the pay period, the employee shall automatically receive regular holiday compensation.

B. Holiday Leave

Effective in December 2017 and each year thereafter, employees will be provided with three days of paid leave to be used in the pay period(s) that include the Christmas Eve, Christmas Day and New Year's Holidays. The dates of the three "Holiday Leave" days will be designated annually by Human Resources. Employees will be provided with three days of paid leave based on the number of hours they are regularly scheduled to work on designated "Holiday Leave" days. Employees must use this leave on the designated days unless directed to work by the Department Director or designee. In cases where the employee is directed to work on such days, the employee will be credited with leave in an amount equivalent to what they would have used had they not been directed to work. In cases where a designated "Holiday Leave" day falls on an employee's regularly scheduled day off, the employee will be credited with leave in an amount equivalent to what they would have used had it been a regularly scheduled work day. Such leave shall have no cash value, and will expire if not utilized within the pay period that includes November 30 of the following year.

Employees wanting to take additional days off in conjunction with the observed Holidays and designated "Holiday Leave" days must utilize other accrued leave in accordance with existing rules.

For 2017, the following shall be observed:

Monday 12/25 - Christmas Eve
Tuesday 12/26- Christmas Day
Wednesday 12/27- Holiday Leave
Thursday 12/28- Holiday Leave
Friday 12/29- Holiday Leave

For 2018, the following shall be observed:

Monday 12/24-Christmas Eve
Tuesday 12/25-Christmas Day
Wednesday 12/26- Holiday Leave
Thursday 12/27- Holiday Leave
Friday 12/28- Holiday Leave

For years subsequent to 2018:

Administrative Services will designate and announce the dates on which the above referenced "Holiday Leave" days shall be observed.

Article 17 - Educational Reimbursement/Professional Development

Regular employees shall be eligible for reimbursement of approved education and professional development expenses to a maximum of $1,300 per calendar year. Up to $500 of the employee's annual professional development fund may be used towards travel, hotel and meal expenses for City-approved conferences, seminars, and/or job-related training. Employees using professional development funds for travel-related purposes shall be subject to all guidelines established by City travel policies and procedures. Up to $250 of the employee's annual professional development funds may be used towards supplementing un-reimbursed expenses for his/her annual physical examination, subject to the provisions of Article 24 of the City's Personnel Rules and Procedures.

Article 18 - Personnel Files

The official personnel file for each City employee shall be maintained by Human Resources. Employees have the right to review their official personnel file in Human Resources by scheduling a specific date and time, at least twenty-four (24) hours in advance, with Human Resources staff.

A copy of any commendations, written warnings or reprimands, disciplinary actions, Personnel Action Forms and performance reviews placed in the employee's personnel file will be provided to the employee. The employee shall have an opportunity to respond in writing to documents placed in the file. This response will be filed with the original document.

Written reprimands shall be retained at least one (1) year. If after one (1) year no similar or other unacceptable behavior is reported, the employee may request in writing that the reprimand be purged from his/her file. Upon review and approval of the Department Director, the written reprimand shall be removed from the employee's file.

Article 19 - Non Discrimination

Neither party to this Agreement shall discriminate against any employee on the basis of any legally protected status enumerated under State, or Federal law governing employment or equal employment opportunity. The parties further agree that they shall not interfere with, intimidate, restrain, coerce, or discriminate against any employee in his/her free choice to participate or not participate in the activities of and the right to join ASAP.

Article 20 - Severability

It is understood and mutually agreed that this Agreement is subject to all applicable Federal, State, and City laws and ordinances.

If any provision of this Agreement is determined to be invalid or illegal by a court of competent jurisdiction, such provisions will not be deemed valid and shall be severed from this Agreement, except to the extent permitted by law, but the remainder hereof shall remain in full force and

effect. Should any change be made in any State or Federal law, or in an rules and regulations implementing such legislation, or in any City Charter provision which would be contrary to any provision contained herein, then such provision shall be automatically terminated but the remainder of this Agreement shall remain in full force and effect.

The parties hereto shall meet-and-confer within a reasonable time for the purpose of replacing any provision of this Agreement determined to be invalid or illegal pursuant to this paragraph.

Article 21 - Completion of the Meet and Confer Process

Each of the parties hereto agrees that it has had a full and unrestricted right to meet, advance, and discuss all matters properly within the scope of meet-and-confer, in accordance with State laws and local ordinances and regulations. The express provisions of this Agreement constitute the only limitations upon the City's right to determine, implement, supplement, change, modify or discontinue in whole or in part any term or condition of employment the City deems fit and appropriate; provided, however, that the City shall comply with all Federal and State laws relating to employee rights, opportunities, and benefits.

Article 22 – Term

The terms and conditions of this Agreement will be effective August 11, 2017 unless otherwise stated in the Agreement. This Agreement shall remain in full force and effect until June 30, 2019 and shall supersede all other Agreements between the parties.

IN WITNESS WHEREOF, the parties hereto have executed this Memorandum of Understanding as of August 11, 2017.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE IRVINE CITY EMPLOYEES ASSOCIATION (ICEA), AND SUPERSEDING ALL PREVIOUS ICEA MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, the City of Irvine (City) and the Irvine City Employees Association (ICEA) have met and conferred in accordance with the requirements of the Meyers-Milias-Brown Act and City Council Resolution No. 341; and

WHEREAS, the City and ICEA have reached agreement on wages, benefits, hours, and other conditions of employment for the period of August 11, 2017 through June 30, 2019; and

WHEREAS, a previous Memorandum of Understanding between the City of Irvine and the ICEA was adopted by the City Council pursuant to Resolution No. 15-75.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE that the 2017-2019 Memorandum of Understanding, attached hereto as Exhibit A, between the City and ICEA is approved and adopted. The compensation policy provided for by this resolution shall be operative from and after 12:01 a.m. on the twelfth day of September 2017, unless otherwise stated. All previous resolutions are hereby repealed effective on the operative date of this resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

Attachment I Classifications Represented by ICEA 58

MEMORANDUM OF UNDERSTANDING

BETWEEN

IRVINE CITY EMPLOYEES ASSOCIATION

AND

CITY OF IRVINE

AUGUST 11, 2017 to June 30, 2019

Article 1 - Preamble

This Agreement is entered into pursuant to the Meyers-Milias-Brown Act (Government Code Sections 3500 et seq) and City Resolution No. 341, for the purpose of memorializing the Agreements reached between the City and Irvine City Employees Association (ICEA) as part of the meet-and-confer process, in order to provide harmonious relations, cooperation and understanding between the City and its employees.

Article 2 - Recognition

ICEA is hereby acknowledged as the exclusive Recognized Employee Organization representing the employees in the classifications listed in Attachment I (Full-time**,** hourly, non -sworn, non-confidential employees).

Article 3 - Purpose

The parties agree that the purpose of this Agreement is: to promote and provide harmonious relations, cooperation and understanding between the City and the employees covered herein; to provide an orderly and equitable means of resolving differences which may arise under this Agreement, and to set forth the full agreements of the parties reached as a result of meeting and conferring in good faith regarding matters within the scope of representation for employees represented by the ICEA.

Article 4 - Scope

The scope of representation shall include all matters relating to employment conditions and employer-employee relations, including, but not limited to, wages, hours, and other terms and conditions of employment, except, however, that the scope of representation shall not include consideration of the merits, necessity, or organization of any service or activity provided by law or executive order.

Article 5 - City Rights

The City retains all rights it had prior to this Agreement except those rights specifically delegated by this Agreement; provided the City shall exercise those rights in compliance with applicable state law, the City Charter, and the provisions of this Agreement.

Except as expressly limited by this Agreement, the City retains the exclusive right (a) to direct employees of the City; (b) to hire, promote, transfer and assign employees to positions within the City; (c) to dismiss employees because of lack of work; (d) to reprimand, demote, suspend or discharge employees for proper cause as provided by City Ordinance; (e) to determine the mission of the City and its various departments, its budget, its organization, the number of employees, and the methods and technology for performing its work; and (f) to take whatever action may be appropriate to carry out its mission in situations of emergency. The parties further understand that all rights not clearly and expressly limited by this Agreement are specifically reserved to the City, even though not enumerated.

Article 6 - Employee Rights

The City shall not hinder, interfere, intimidate, restrain, discriminate, coerce, or discipline any employee for exercising any rights or benefits provided in this Agreement or law.

Article 7 - Association Rights

ICEA shall notify the City in writing of the names of its representatives as follows: Consultant, Officers, Bargaining Committee Members, and Departmental Representatives. The City shall provide ICEA on a monthly basis, if changes occur, with the following: A list of employees in the classifications set forth in Attachment 1; the names of new hires, promotions, and terminations in the classifications set forth in Attachment 1; City of Irvine job postings; and copies of current salary schedules. On a quarterly basis, the City will provide ICEA with names and home addresses of all ICEA-represented employees. This information is for the confidential use of ICEA and the City shall not be responsible and will be held harmless by ICEA for inappropriate release of this information by ICEA. Upon written request, the ICEA shall receive available information relating to contract administration and fringe benefits including pension and insurance plans.

The City shall make available reasonable bulletin board space in designated employee areas for the use of ICEA to post notices relating to matters of interest to ICEA and to the employees. Areas will include the employee lounge, one locked bulletin board at the Operations Support Facility, and one coffee/copy center in each major department.

A reasonable number of employees shall be entitled to leave their work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor, for purposes of participation in the meet-and-confer process.

A designated ICEA representative shall be entitled to leave his/her work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor for purposes of reviewing and processing grievances.

ICEA staff may have access to ICEA members providing that supervisors are notified prior to a meeting being scheduled and that meetings held will not interfere with work.

In order to allow the Association an opportunity to handle the business affairs of its members, the City shall, at the beginning of each calendar year, establish a time bank of 220 hours to be used by board members as authorized by the Association president, for training, grievances, board meetings, etc. The Association agrees the effective operation of the City departments are not to be adversely affected by the use of the time bank by the association members. No overtime will be paid for an employee to fill in for another using the time bank. Hours from the time bank will not be cumulative from year to year. Time for meet-and-confer preparation and meetings and/or attendance at special meetings called by the City shall not be charged against the time bank.

The City shall allocate office space to ICEA in the Civic Center at no cost to ICEA. At the orientation of new employees, a City-approved ICEA informational packet will be provided to those who would be eligible to join ICEA. In addition, ICEA and/or its representative will be provided with the opportunity to have 10-minute access to employees in ICEA-represented positions during new employee orientation.

Article 8 - Payroll Deductions

The City will, during the term of this Agreement, deduct bi-weekly dues and other fees as specified by ICEA under the authority of a membership application signed by each participating employee, which shall be approved by ICEA and remitted promptly to the payroll office.

Article 9 - Quarterly City-ICEA Meetings

The City's designated management staff shall meet with the ICEA President, representative and ICEA board members, on a quarterly basis. The purpose of these meetings is to discuss issues of common interest and to solve mutual problems in a constructive fashion. The parties shall exchange suggested agenda topics one week before the meeting date. Grievances or disciplinary action in progress may be discussed at these meetings only by mutual consent, and discussion of such topics does not preclude subsequent resolution via the grievance or disciplinary procedure. Meet-and-confer subjects may be discussed by

mutual consent, but this does not preclude exercise of further meet-and-confer options by either party. Persons other than those described above may attend these meetings only by prior mutual consent.

Article 10 - Complaint Resolution Procedure

A. Purpose

To enhance communications between employees and supervisors and management by providing employees a process for the review of complaints or concerns not covered by the grievance process within a reasonable time period without jeopardizing employees' positions or employment.

B. Matters Subject to the Complaint Resolution Procedure

A complaint may be filed for alleged violation of any personnel rule or regulation not grievable under Article XI Grievance Procedure or alleged unfair treatment of an employee. Complaints involving alternative work schedules or promotional recruitments would appropriately fall under this procedure.

C. Complaint Resolution Procedure

Any complaint or concern not covered by the grievance process shall be resolved as follows:

1. The employees shall first attempt to resolve the matter with his/her immediate supervisor within seven (7) calendar days from the date the employee had notice of the action that he/she believes constitutes a complaint.

2. In the event that the immediate supervisor does not resolve the matter to the employee's satisfaction within fourteen (14) calendar days of the employee's presentation of the matter, then the employee may bring the matter to the attention of the next level of authority (i.e., the immediate supervisor’s direct supervisor) within fourteen (14) calendar days of the receipt of response from the immediate supervisor.

3. If the next level of authority does not resolve the matter to the employee's satisfaction within fourteen (14) calendar days of the employee's presentation of the matter then the employee may bring the matter in writing to the attention of the Department Director, within fourteen (14) calendar days of receiving a response.

4. If the complaint is not resolved by the Department Director to the satisfaction of the employee within fourteen (14) calendar days of the Department Director's receipt of the written complaint, the employee may request in writing, review of the complaint by the City Manager's office. The employee shall present his/her complaint in writing, summarizing efforts to resolve the complaint and a copy of the Department Director's response. The City Manager shall consider the matter and make a final decision.

5. In the case of an incident of serious unfair treatment of an employee, which is not resolved through the Complaint Resolution Procedure, the employee may file a formal grievance with his/her department director within appropriate time frames.

Any extension of the time limits specified in this process may be provided when mutually agreed upon by all parties concerned.

Article 11 - Grievance Procedure

A. Purpose

The purpose of the grievance procedure is to enhance communications between employees and employer by providing a fair and impartial review and consideration of grievances within a reasonable time period without jeopardizing employees' positions or employment.

B. Matters Subject to the Grievance Procedure

A grievance may be filed by an employee for the alleged violation of any personnel rule or regulation related to mandatory subjects of bargaining and not specifically reserved to the City in the City Rights Clause, Article V; for the alleged violation of a section of this Agreement; or alleged violation of commonly accepted safety practices or procedures, or a dispute over an annual performance evaluation rating received by an employee with an overall rating of needs development, or unsatisfactory. The grievance procedure shall not be used to establish new policies or change any existing rules and regulations or in lieu of the Complaint Resolution Procedure - Article X. It shall not be used in matters resulting from disciplinary action or other appeal procedures that exist in accordance with the Personnel Ordinance and Resolution.

Any matter being grieved by an employee will be kept confidential by immediate supervisors and higher-level authorities except in conjunction with the investigation of the grievance.

C. Informal Grievance Adjustment

An employee who believes an alleged violation of matters subject to the grievance process has occurred shall first be required to exhaust the informal grievance level prior to filing a formal grievance. The employee shall have fourteen (14) calendar days from the date the employee had notice of the alleged violation that he/she believes constitutes a grievance.

The informal grievance level shall consist of the employee verbally informing his/her immediate supervisor, or next higher level of supervision if the employee's grievance is with that supervisor, of the alleged violation. The supervisor to whom the verbal grievance is made shall make whatever investigation he/she deems necessary and reply within fourteen (14) calendar days. Any matters for which he/she does not have authority to make a decision should be brought to the attention of a higher-level supervisor who does have the proper authority.

If the employee is not satisfied with the decision reached through the informal discussion, he/she may bring the matter to the attention to the next level of authority (i.e., the immediate supervisor's direct supervisor) within fourteen (14) calendar days of the immediate supervisor's response. The next level of authority shall have fourteen (14) calendar days to reply. If the employee is still not satisfied with the decision, he/she may file a formal grievance within fourteen (14) calendar days after having received the reply.

In incidents involving disputes of the Agreement with an employee group, a representative of the involved group may meet with a designated representative of the City in an informal attempt to resolve the matter. Employees have the right to authorize the Association to represent them in any grievance under this provision, informal or formal.

D. Formal Grievance Procedure

1. First Level

The formal grievance procedure may be followed only after failure to resolve a problem through informal grievance adjustment. If, after this discussion, the employee is not in Agreement with the decision reached, he/she may, within fourteen (14) calendar days, file a formal grievance in writing (Form No. 20-33) to their Department Director, with a copy to the Personnel Officer (i.e., the Assistant City Manager or his/her designee). The Department Director shall make whatever investigation he/she deems necessary to allow fair consideration of the situation and shall present a written reply to the employee within fourteen (14) calendar days after receipt of the grievance. A copy of the reply shall be forwarded to the Personnel Officer.

2. Second Level

In the event the grievance is not satisfied with the decision at the Department Director level, the grievant may appeal the decision to the Assistant City Manager or his/her designee, within fourteen (14) calendar days of receipt of

the decision. This written appeal statement should include a copy of the original grievance, the decision rendered at a previous level, and a clear, concise statement of the reasons for the appeal. The written appeal described herein shall not expand the scope of the formal grievance submitted to the Department Director.

The Assistant City Manager or his/her designee shall communicate a decision within fourteen (14) calendar days after receiving the appeal. Either the grievant or the Assistant City Manager may request a personal conference within the foregoing limits to discuss the grievance. Either party may have a representative present at such a conference.

3. Third Level

If the grievant is not satisfied with the decision by the Assistant City Manager, he/she may request the Association to submit the grievance to advisory arbitration, or appeal directly to the City Manager.

a. Advisory Arbitration Procedure

If the Association concurs with the employee request for advisory arbitration, the Association shall within twenty-eight (28) calendar days of the Assistant City Manager's decision to submit a request in writing to the Assistant City Manager for advisory arbitration of the dispute and the City shall comply with the request, except in cases of disputed arbitration which shall be provided for hereinafter. The Association and the City shall attempt to agree upon an arbitrator and if no agreement can be reached, the parties shall request the State Mediation and Conciliation Service (SMCS) to supply a panel of seven (7) names of persons experienced in hearing grievances for cities. Each party shall alternately strike a name until only one name remains. The remaining panel member shall be the Advisory Arbitrator. The order of striking shall be determined by mutual agreement or flipping a coin

The fees and expenses of the arbitrator and the hearing shall be borne equally by the City and the Association. All other expenses, including fees for witnesses and conferees, or the costs for witnesses and conferees, shall be borne by the party incurring them.

The Advisory Arbitrator shall, as soon as possible, hear evidence and render a decision on the issue or issues that were submitted to advisory arbitration. If the parties cannot agree upon the issues for the arbitrator to decide, the arbitrator shall determine the issue(s) to decide based on the grievance and other evidence submitted by the parties including the responses at the lower levels. In cases where the City contends that the grievance submitted is not arbitrable, the Advisory Arbitrator shall rule on the arbitrability of the issue and the arbitrator's decision on arbitrability cannot be challenged by the City or overturned.

The arbitrator shall have no power to add to, subtract from, or modify the terms of this Agreement or City Policy.

After a hearing and after both parties have had an opportunity to make written arguments, the Advisory Arbitrator shall submit, within thirty (30) calendar days to all parties the written findings and advisory recommendations that he/she has prepared.

The City Manager shall have the authority to accept the recommendation of the advisory arbitrator in whole, or in part, or reject the recommendation entirely and formulate his/her own decision on the grievance. The decision of the City Manager shall be provided to all parties within thirty (30) calendar days.

The City Manager has the power to render a final decision of a grievance, which shall be binding on all parties. If, upon review, the City

Manager determines that he/she is unable to render a final determination on the record, he/she may reopen the record for the taking of additional evidence prior to rendering the binding decision.

b. City Manager Review

If the Association does not concur with the employee request for advisory arbitration, the employee, within thirty-five (35) calendar days of the Assistant City Manager's decision, may request and shall be granted a hearing by the City Manager which will be closed to the public but open to all parties at interest for final resolution of the grievance.

E. General Conditions

1. A formal grievance on interpretations/actions of this Agreement, not involving a specific supervisor or Department Director may be submitted directly to the Personnel Officer or his/her designee. The decision of the City Manager on Agreement disputes shall not restrict an employee from other avenues of appeal available under law.

2. The Personnel Officer shall receive and retain copies of all written material pertaining to the grievance.

3. At any step of the informal grievance adjustment or formal grievance procedure, a Department Director, supervisor, or employee may request a representative of the Human Resources Office to participate in any discussion which may take place.

4. Grievance may be initiated only by the concerned employee or group of concerned employees or ICEA.

5. An employee may represent himself/herself or select whomever he/she desires to represent him/her in the grievance procedure.

6. If an employee fails to proceed with a grievance within any of the time limits specified in this policy, it shall be assumed that the grievance has been settled on the basis of the last decision reached.

7. If management fails to respond within any of the time limits specified in this policy; the employee may proceed to the next level as if management responded on the last day possible.

8. Any extension of the time limits specified in this process may be provided when mutually agreed upon by all parties concerned.

Article 12 - Disciplinary Action

A. Disciplinary Authority

The Department Director shall have the right, with reasonable cause, to demote, dismiss, reduce in pay or accrued leaves or suspend without pay for up to thirty (30) calendar days any regular (i.e., passed probation) member of the unit.

B. Disciplinary Procedure

Upon determination that some form of discipline should be imposed upon an employee, the Department Director or his/her designee shall provide the employee with written notice, which includes the components listed below.

1. The proposed action to be taken.

2. The charges on which the proposed action is based, including all relevant written materials, written reports, and documents which support these charges.

3. The proposed date on which the disciplinary action will take place.

4. The fact that the employee is entitled to respond to the charges either orally or in writing to the Department Director at least seven (7) calendar days after receipt of notification. If the written notice has been issued by the Department Director, the employee may direct his/her response to the Personnel Officer. Failure of the employee to make a written or oral response of request will constitute waiver of the right to respond.

5. If the employee elects to respond in person, a meeting shall be conducted at which the employee shall be given the opportunity to respond to the charges. The meeting shall be held by the Department Director or the Personnel Officer in those instances where the written notice has been issued by the Department Director. The employee shall be entitled to be represented by counsel or other person of his/her choosing during the course of the above proceeding.

6. After following the above procedure, the Department Director shall prepare the written notice of decision to be served personally upon the employee. Said notice shall inform the employee of his/her appeal rights, if any.

The City shall have the right to place any employee on paid administrative leave pending investigation and processing of any potential disciplinary action. The provisions of this Article shall not apply to reductions in pay that are part of a general plan to reduce salaries and wages or to eliminate positions.

C. Appeal

1. Right of Appeal

When formal disciplinary action of dismissal, demotion, reduction in pay, accrued leaves or suspension without pay for three (3) or more days has been taken pursuant to this Article, the employee shall have the right to appeal as provided below. Failure to appeal by the employee or his/her representative will make the disciplinary action final and conclusive.

2. Appeal Procedure

An employee who has passed initial probation who has been demoted, dismissed, reduced in pay or accrued leaves or suspended without pay for three (3) or more days may appeal to the City Manager within fourteen (14) calendar days after having been furnished with a copy of the notice of discipline by filing a written answer to such charges and requesting a hearing thereon.

3. Hearing Procedure

a. The City Manager shall appoint a Hearing Officer to conduct hearings on appealable disciplinary action imposed pursuant to this Article. In case of termination, however, the Association may request a Hearing Officer be selected from a list provided by the State Mediation and Conciliation Service (SMCS). The parties shall request the SMCS to supply a panel of seven (7) names of persons experienced in hearing disciplinary cases for cities. Each party shall alternately strike a name until only one name remains. The remaining panel member shall be the Hearing Officer. The order of striking shall be determined by mutual agreement or flipping a coin. The Hearing Officer will not be an employee of the City of Irvine. If the Association requests a Hearing Officer from the SMCS, the costs of the Hearing Officer's services shall be equally divided by the Association and the City.

b. Hearings shall be conducted in the manner most conducive to determination of the truth, and the Hearing Officer shall not be bound by technical rules of evidence.

c. The Hearing Officer shall determine the relevancy, weight and credibility of testimony and evidence. The Hearing Officer shall base his/her findings on the preponderance of evidence.

d. Each side will be permitted an opening statement and closing argument. The Department Director shall first present his/her witnesses and

evidence to sustain the charges, and the employee will then present his/her witnesses and evidence in defense.

e. Each side will be allowed to examine and cross-examine witnesses.

f. Both the Department Director and the employee, or their respective designees, may be represented by legal counsel.

g. The Hearing Officer shall, if requested by either party, subpoena witnesses and/or require production of other relevant records or material evidence.

h. The Hearing Officer may, prior to or during a hearing, grant a continuance for any reason he/she believes to be important to his/her reaching a fair and proper decision.

i. The Hearing Officer shall prepare a recommended decision and forward it to the City Manager after the matter of appeal was taken under submission by the Hearing Officer. The recommended decision shall set forth which charge the Hearing Officer sustains or does not sustain and the reasons therefore.

j. After receiving the recommendation of the Hearing Officer, the City Manager may sustain or reject any or all of the charges filed against the employee. He/she may sustain, reject or modify the disciplinary action invoked against the employee. However, in the event the City rejects the recommendation of the Hearing Officer to reverse a termination decision, the City will bear the entire costs of the Hearing Officer.

k. The employee or his/her representative may obtain a copy of the transcript of the hearing upon request and agreement to pay for necessary costs.

4. Appeal Procedure for Suspensions of Less Than Three (3) Days and Reductions of Accrued Leaves Equivalent to less than Three (3) Days

a. A member of the unit who has received a reduction of accrued leaves of less than three days (3) or who has been suspended without pay for less than three (3) days, may appeal to the Department Director, or in the event the discipline has been issued by the Department Director, the Personnel Officer within seven (7) calendar days after having been furnished with a copy of the notice of discipline by filing a written answer to such charges and requesting a hearing.

b. Hearing Procedure:

- At least seven (7) calendar days prior to the hearing, both parties shall provide a list of witnesses and/or exhibits to the Department Director or Personnel Officer.
- During the hearing, the Department Director or Personnel Officer shall hear and consider the evidence, witnesses, and/or exhibits from both parties.

- The Department Director or Personnel Officer may grant a continuance for any reason he/she believes to be important to reaching a fair decision.

- The Department Director or Personnel Officer shall consider all evidence and shall base his/her findings on the preponderance of evidence. He/she shall render his/her decision as soon as possible after the conclusion of the hearing, but in no event later than fourteen (14) calendar days after conducting the hearing, unless agreed to by the parties.

- The Department Director or Personnel Officer's decision shall be final and binding.

5. Mediation Procedure

In cases of dismissal, after the parties have selected a Hearing Officer and hearing date as provided above, the parties may, by mutual agreement, request non-binding mediation to resolve the dispute prior to arbitration. The selection of the mediator shall be made by mutual agreement. The costs of the mediator services shall be equally divided by the Association and the City.

D. Dismissal

Dismissal of any employee shall, unless otherwise ordered:

1. Constitute a dismissal as of the same date from all positions which the employee may hold in the competitive service.

2. Result in an automatic removal of the employee's name from all employment lists on which it may appear.

3. Terminate the salary of the employee as of the effective date of his/her dismissal, as indicated in the notice of discipline except that he/she shall be compensated for any unpaid salary, unused vacation and unused compensatory time off to his/her credit as of the date of dismissal.

E. Polygraph Examination

In reference to this provision, no disciplinary action shall be taken against an employee refusing to submit to a polygraph examination; nor shall any comment be anywhere recorded indicating that an employee offered to take, took or refused to take a polygraph examination unless otherwise agreed to in writing by the parties; nor shall any testimony or evidence of any kind regarding an employee's offer to take or refusal to take, or the results of a polygraph examination, be admissible in any proceeding pursuant to this Agreement, unless otherwise agreed to in writing by the parties.

Article 13 - Maintenance of Benefits

It is the understanding of the parties that the wages, hours and other terms and conditions of employment contained in this Agreement will not be reduced and shall remain in full force and effect during the entire term of this Agreement; except as expressly provided herein or except by mutual agreement.

Article 14 - Salary

A. Salary Grade Structure: The City of Irvine's Salary Grade Structure, which includes the classifications represented by the Association in this unit, is included as Attachment I.

B. Position Classification to Salary Grades: The classification of individual positions to pay grades is the City's sole responsibility and will be based upon the Human Resources' evaluation of the classification.

C. Classification Requests: During the period designated by Human Resources each year, employees may request a re-evaluation of the position's responsibilities by submitting a new Comprehensive Position Questionnaire (CPQ) with a cover memorandum explaining the changes in duties since completion of the most recent existing CPQ. The employee's Department Director, manager (if applicable) and supervisor will review the request and make a recommendation which will include an explanation of why the duties have changed and an assessment of the stability of the changes. Any change in classification will take effect the pay period that includes July 1st.

D. Pay Progression in a Salary Grade

1. Pay progression within a pay grade will be based strictly upon individual performance and summarized in an annual performance appraisal. All base pay progression within pay grades will be limited to the maximum of a pay

grade. Base pay progression will be provided according to the following schedule:

Pay Rate in Pay Grade	Performance Rating	Pay Increase
Less than Maximum	Unsatisfactory or Needs Development	0%
Less than Maximum	Accomplished Standards and Above	5% base adjustment, limited to maximum of pay grade
Greater than or equal to Maximum		0%

Annual merit increases will be effective on September 1st of each year and will be prospective from that date.

2. Probationary Merit Reviews

Employees on a probationary employment status effective June 30th of each year will not be eligible to participate in the annual review process until they have successfully completed their probationary period. At the completion of the probationary period, the employee will receive a performance review and merit increase appropriate to the performance review rating. The criteria and rating system for probationary reviews will be the same as those for annual performance reviews.

Following the completion of probation, the employee will be eligible to participate in the annual performance review process the following July. The merit increase granted in the first annual review process following the probationary merit review will be pro-rated to reflect only the time period since the completion of the probationary period. All subsequent performance reviews will be conducted according to the Annual Performance Appraisal schedule. If the probationary appraisal has been completed

within the months of May and June, the employee's next review will be part of the appraisal schedule in the following calendar year in July.

Employees in the following classifications shall have a probationary period of one (1) year of actual and continuous service and shall receive a probationary merit review at six months following their start date of their probationary period.

Public Safety Dispatcher I/II
Public Safety Assistant
Senior Public Safety Assistant
Forensic Specialist I/II
Civilian Investigator I/II
Police Recruit
Supervising Public Safety Dispatcher

3. Wage and Salary Range Adjustment

Effective the pay period that includes September 1, 2017, the salary ranges of the classifications covered by this Agreement shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the salary ranges of the classifications covered by this Agreement shall be increased by two percent (2.0%).

Article 15 - Special Assignment Pay

A. Bilingual Pay

Department Directors shall annually designate which positions are assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified employees who meet the following criteria shall receive an additional $50.00 per month.

1. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.

2. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

3. Any employee who has been determined as qualified for bilingual pay and who is on any leave of absence for at least one calendar month, exclusive of accrued vacation or compensatory time, will be ineligible for bilingual pay until his/her return to work. Upon his/her return to work, the employee will be reinstated into the bilingual pay program and receive his/her $50 monthly stipend effective the first working day of the new calendar month following his/her return to work. The employee will not be required to perform bilingual interpretation services during any period which he/she is not receiving bilingual pay.

4. For positions requiring extensive contact with the public or contractors, bilingual pay will be rotated among employees who are deemed as qualified by the City. The Department Director will have the discretion to determine the number of employees and the sections/units that qualify to participate in a "rotation pool." Rotations will occur every 12 months, effective the first pay period each November.

5. An employee in a bilingual assignment may request to have the bilingual assignment and corresponding pay removed.

B. "Hazard" Stipend

1. Employees who work in arterial roadways shall be paid additional compensation of $900 per year. This payment shall be made annually, following implementation of each affected employee's annual performance appraisal, but no later than the pay period that includes December 1 of each year. This payment shall be prorated for an employee who is on leave without pay for 30 days or more. Employees are only eligible to receive this payment if they have met the following requirements:

- Are regularly assigned to one of the following City sections in either the Street Maintenance or Landscape Maintenance Divisions in the Public Works Department:
  - Asphalt
  - Traffic Safety
- Are actively employed by the City at the time of payment.
- Received no less than an "accomplished standards" rating on their performance appraisal that year.
- Received no suspension for safety issues during the previous review period, and had no confirmed positive test results through the DOT testing program during the course of the prior calendar year.
- Followed all WATCH manual and CalOSHA standards, if applicable, during the previous review period.
- Held a position in one of the qualifying sections (asphalt, traffic safety) for at least nine (9) out of twelve (12) months that year.
- Employees receiving this Hazard Stipend are not eligible for the Class A/B License Stipend outlined in Section D of this Article.

C. Training Pay

1. If an employee in the classification of Public Safety Dispatcher II is required to train a new employee in the classification of Public Safety Dispatcher I or II, or Public Safety Aide/Assistant acting in the capacity of call-taker in dispatch, that employee shall be paid additional compensation of $75 for each pay period that employee is required to train. Employees are only eligible to receive this pay if they have met the following requirements:
   - Have been POST-certified as Dispatch trainers through the POST Communications Training Officer course.
   - Actual training time must be performed during that pay period.

2. Neither "sit-alongs" nor Communications Training Officer (CTO) meetings qualify the employee for Training Pay.

D. Class A/B License Stipend

Employees whose regular responsibilities require them to participate in the Department of Transportation's (DOT) drug and alcohol testing program, shall be paid additional compensation of $900 per year. This payment shall be made annually, no later than the pay period that includes December 1 of each year. Employees are only eligible to receive this payment if they have met the following requirements:

- Received no suspension for safety issues during the previous review period, and have no confirmed positive test results through the DOT testing program during the course of the prior calendar year.
- Held a position that required DOT testing program participation for at least nine (9) out of twelve (12) months that year.
- Employees receiving this Class A/B License Stipend are not eligible for the Hazard Stipend outlined in Section B of this Article.

This payment is to recognize the impact of random drug and alcohol testing on employees. If the DOT changes its requirements for testing in the future, such that employees would not be subject to random testing, this payment shall cease.

E. Shift Differential

Employees who have been regularly assigned to a standard shift that requires them to work between the hours of 6:00 p.m. and 6:00 a.m. shall be paid additional compensation of $1.50 per hour for each hour that is worked between 6:00 p.m. and 6:00 a.m. This provision applies to regularly scheduled shifts only. This payment does not apply to flex hours, (i.e., if an employee is able to flex his/her hours to work between 6:00 p.m. and 6:00 a.m.) overtime, holiday pay, emergency call-outs or other non-scheduled work during these hours.

F. Compensation For employees Assigned To Care For Animals At Home

Employees who are assigned to care for animals in their home are entitled to compensation for the off-duty hours spent caring, grooming and feeding their animal.

The parties acknowledge that the Fair Labor Standards Act, which governs the entitlement to compensation for off duty caring, grooming and feeding of animals, entitles the parties to agree to a reasonable number of hours per week or per month for the performance of such duties. It is the intent of the parties through the provisions of this agreement to fully comply with the requirements of the Fair Labor Standards Act. In addition, both parties believe that this agreement does comply with the requirements of the Fair Labor Standards Act, including, but not limited to Department of Labor regulation 29 CFR section 785.23.

Employees assigned as animal caregivers at home shall be paid $7.25 per hour for such duties and are not permitted to work more than two (2) hours per week on such duties. The $7.25 is intended to comply with the federal minimum wage per the FLSA. If that wage increases, the compensation for such duties will increase to match the federal minimum wage. Since such hours are in addition to an employee's regular work hours, if such employees exceed the overtime threshold for the week by the performance of the off-duty animal caregiver duties, employees will be paid at 1.5 times the $7.25 per hour rate, i.e., $10.875 (up to a maximum of two hours per week) for such duties for a total weekly amount of $21.75.

1. Only Community Services employees who are regularly assigned to the Irvine Animal Care Center are eligible for this compensation;
2. The Department Director, with the concurrence of the Personnel Officer, will determine which assignments are eligible for this compensation, depending on the frequency and regularity of these duties.

Article 16 - Overtime and Work Schedule

A. Overtime Compensation

Hours worked or earned in excess of forty (40) hours in each employee's defined FLSA workweek shall be compensated at the rate of one and one-half (1 1/2) times the employee's hourly rate when such work is approved by the Department Director (or his/her designee). Unit members work a seven day FLSA workweek (168 recurring hours). Unit members shall be paid for all hours worked. Unit members shall record

hours worked in fifteen minute increments of time. When an employee works less than eight minutes into the next pay increment, the time should round down to zero. When an employee works more than eight minutes into the next payroll increment, the time rounds up to fifteen minutes. Overtime may be converted to compensatory time or paid for at the option of the employee.

As of the effective date of this Agreement, no hourly classifications qualify as exempt from the overtime provisions of the Fair Labor Standards Act.

B. Compensatory Time

Employees may accumulate a maximum of one hundred twenty (120) hours compensatory time in lieu of overtime compensation on the basis of one and one-half (1 1/2) hours compensatory time for one (1) hour of overtime work. The time during which an employee may use accrued compensatory time off is subject to approval by the department head or his/her designee with due regard for the wishes of the employee and the need to provide service. However, an employee wishing to use his/her accrued compensatory time off shall provide the City with reasonable notice of such request. Reasonable notice is defined as at least one week. If reasonable notice is provided, the employee's request may not be denied unless it is unduly disruptive to the department to grant the request. A request to use compensatory time off without reasonable notice may still be granted within the discretion of the supervisor or manager responsible for considering the request.

C. Stand-by-Time

Regular full-time employees shall receive two (2) hours base salary for each day he/she is required to be available for non-scheduled work assignments, including standby for court. If a City holiday falls on a weekend, employees on standby will receive an additional two (2) hours standby pay for each of these holidays.

D. Work Schedules

Employees shall be scheduled to work regular work shifts. In the event overtime is required, compensation for said overtime shall take the form of one of the following, at

the employee's request, subject to the approval of the Department Director (or his/her designee):

1. Paid overtime at 1 1/2 times the employee's hourly rate;
2. Accrued compensatory time to a maximum of 120 hours;
3. An employee will be able to flex his/her time within the same workweek (i.e., take off an equivalent number of hours).

In the event the City institutes a City-wide policy to prohibit or restrict paid overtime, employees shall request, subject to the approval of the Department Director (or his/her designee), one of the following methods of compensation for overtime.

1. Flex time within the same workweek (i.e., take off an equivalent number of hours).
2. Accrued compensatory time to maximum of 120 hours.

An employee may be required to take flex time in lieu of paid overtime or accrued compensatory time off by his/her Department Director (or his/her designee) to attend meetings of City Council, City Commissions, or City committees, provided the employee is given written notification at least 14 calendar days in advance.

E. Distribution of Overtime

1. Every effort shall be made to equalize overtime opportunities for employees fully qualified to perform the work required.

2. If the responsible supervisor determines that overtime is necessary on work that started on an assigned shift, the assigned employee(s) may continue with that work as an extension of the assigned shift.

Article 17 - Alternate Work Schedules

Unit members may request from their Department Directors to work a 9/80 or a 4/10 alternative workweek schedule. Department Directors will review requests for alternate work

schedules, on a case-by-case basis, based on the following criteria: 1) productivity and service to the public will not be decreased, 2) that there will be no adverse effects on the operation of any City department or work unit, and 3) with due regard to the wishes of the employee.

Requests for an alternate work schedule will include the information required by the Department Directors to make an informed decision and a summary of how necessary coverage and current service levels will be improved or maintained. Approved alternate work schedules may be temporarily modified by a Department Director in the case of vacations, vacancies or other absences that are in excess of one week.

In an emergency, the Department Director may direct the employee to work a different schedule on a 24-hour notice. If the alternate work schedule is not effective, the Department Director will require that the employee to work a different alternative workweek or return to a more standard workweek (i.e., a 5/40) with a 14-calendar day notice. If an employee finds it necessary, he/she may make a request to return to a more standard workweek, which will be considered on a case-by-case basis.

Article 18 - Benefits

A. The City shall provide the following as options to the employee for employee and dependent coverage, with noted exceptions

Indemnity Medical Insurance

The City shall provide the option to employees to enroll in a medical indemnity insurance plan.

Indemnity Dental Insurance

The City shall provide the option to employees to enroll in a dental indemnity insurance plan.

Health and Dental Maintenance Organizations

The City shall provide the option to employees to enroll in a health maintenance organization and/or a dental maintenance organization.

Vision

One (1) vision care plan.

For employees who choose the PPO medical plan, the total cost to the city for medical, dental, psychological, and vision insurance shall not exceed $694.04 per employee; $754.04 per employee plus one; and $1064.31 per employee plus family per month. The medical tier that the employee selects will drive the insurance cap that is applied to the employee's health benefit selections. The cost of the dental enhanced plan, if selected by the employee, shall require employee premium contributions for the amount in excess of the premium for the standard plan.

B. Employees have the option of enrolling themselves and/or their dependents into a no-cost medical plan rather than being subject to the cap as set forth in Article XVIII, item A., above. Under the no-cost plan, the City will provide any HMO Medical Plan and any HMO Dental Plan offered by the City, as described in Article XVIII, item A., above. Under this option, employees may choose to upgrade from the HMO Dental Plan to the PPO Dental Plan, however the employee will be required to pay the difference in premium between the HMO Dental Plan and the PPO Dental Plan.

Effective January 1, 2015, any increase in the cost of the HMO Medical Plans over the costs in effect December 31, 2014, will be borne as follows: The City will pay 95% of the increased cost, and employees enrolled in HMO Medical Plans will pay the remaining 5% of cost increases in annual premiums. Each year thereafter, the amount paid by employees in prior years will be added that portion of the increase (five percent 5%) the employees will pay in the current year.

C. Affordable Care Act Reopener

The City may reopen the MOU on the issue of health insurance solely for the purpose of discussing potential penalties or taxes under the Affordable Care Act. The City shall

make no changes to health insurance benefits or City contributions towards health insurance benefits under this reopener, absent mutual agreement between the City and ICEA.

D. Employees not claiming any dependent on any health plan (medical, dental, psych) shall receive $150 per month. The stipend may be taken as taxable cash.

Employees who are able to demonstrate to the City's satisfaction that they have minimum essential coverage as defined by the Affordable Care Act, (through another source other than coverage in the individual market, whether or not obtained through Covered California) may opt out of participation in the City's health plan.

E. Insurance Committee

The Insurance Committee and representatives from management will meet each Fall to review coverage, cost containment methods, claims processing service, claims experience and to recommend plan and design changes to the employees. The group will be made up of no more than two (2) representatives from each bargaining group and the president or a designated representative for the bargaining group. The group will be provided with claims history and with proposed changes in rates or coverage.

F. Pension and Pension Administration

1. The provisions of this Section D.1 shall apply to employees, as of June 30, 2003, who elected to decline the CalPERS benefits.

    a. The City shall invest an amount equal to fifteen percent (15%) of each employee's base salary in the City of Irvine Defined Contribution Pension Plan (DCPP). Effective August 11, 2011, the amount the City invests shall be reduced to 12.448%.

    b. Effective July 1, 2003, the City will deduct an amount equal to four percent (4%) of each employee's base salary to invest in the City of Irvine DCPP. It is understood that this payroll deduction shall be mandatory for all

employees who elected to remain in the City of Irvine DCPP. Effective August 11, 2011, the amount deducted from employee base salary shall be increased to 6.552%.

c. All employees who elected to remain in the City of Irvine DCPP shall not be entitled to any CalPERS benefits past, present or future as provided under section D.2 of this article. Employees who elected to remain in the City of Irvine DCPP, shall continue participation until the employee terminates his/her employment from the City for any reason.

d. Employees shall become 50% vested upon completion of the probationary period, or if the probationary period is greater than six (6) months, employees shall become 55% vested in the retirement plan upon completion of the probationary period. Thereafter, such vested interest shall increase at the rate of five percent (5%) for every Plan Year in which the employee completes 1000 hours of service. Once the employee has completed five years of service, he/she shall become 100% vested in the retirement plan.

e. The City will utilize retirement plan forfeiture funds to offset the City of Irvine DCPP administration and management costs.

2. The provisions of section D.2 shall apply to employees, as of June 30, 2003, who elected to waive their rights to the City of Irvine Defined Contribution Pension Plan (DCPP) and who elected to transfer to the CalPERS program.

a. The City's contract with CalPERS shall include the following options:
   - 2.7% @ 55 Full Formula for Local Miscellaneous Members (Cal. Govt. Section 21354.5)
   - One Year Final Compensation (Cal. Govt. Code Section 20042))
   - Military Service Credit as Public Service (Govt. Code Section 21024), in which the employees pays the entire cost.

- Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427).
- 4th Level 1959 Survivor Benefits (Govt. Code Section 21574).
- Limit Prior Service to Members Employed on Contract Date (Govt. Code Section 20938).

b. All employees hired on or after July 5, 2003, the effective date of the CalPERS contract shall become members of the CalPERS Retirement Program.

c. All active employees of the Association shall be members of CalPERS, unless they elected to decline the CalPERS benefits through an irrevocable election process. All Association members covered by CalPERS shall no longer be entitled to any benefits past or future, provided under the City of Irvine DCPP referenced in Article XVII, Section D.1.

d. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

e. The CalPERS vesting schedule will apply (Cal. Govt. Code Section 21060).

f. Employer-Paid Member Contributions
   - The full eight percent (8%) cost of the CalPERS member contributions will be paid by the employee.

3. Effective April 14, 2012, the City implemented the 2% @ 55 retirement program with the average of the three highest paid consecutive years for all employees hired on or after that date. Employees hired after implementation of the 2% @ 55 plan will pay the full 7% Member Contribution for the entire term of their employment.

4. All “New Members” within the meaning of the California Public Employees’ Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will become members of the City’s Tier 3 plan; 2% at 62 formula for Miscellaneous employees. Employees will pay the full employee contribution, which will be one-half the normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

G. Retiree Health Plan

1. The City shall contribute an amount equal to three percent (3%) of each employee’s base salary in a Voluntary Employees’ Beneficiary Association (VEBA), which shall be established and administered by the Association.

2. Employees participating in the ICEA VEBA shall contribute an amount equal to one percent (1%) of base salary.

3. An employee who has retired from the City and has either attained the age of sixty (60) years or is fifty (50) years old and has completed five (5) years of service with the City shall be entitled to purchase the medical insurance plan in effect at the time of retirement at the City’s rates for the employee and the employee’s dependents at the cost to the former employee, now retiree.

4. The City will allow a spouse of an eligible retired unit member to continue to purchase the medical insurance after the death of the retired employee, provided that the spouse was covered under a City insurance plan at the time of employee’s death and provided that there has been no break in coverage since the employee’s retirement. This eligibility for continued coverage ceases if such spouse remarries.

5. Each representation unit has determined the type of retiree health program in which its members shall participate. In order to ensure that the employees can maximize their benefits, the City agrees to allow employees to remain in the designated type of retiree health program throughout their service with the City, whether or not the employee moves to another representation unit(s). In the event an employee moves to another representation unit, the City will contribute an amount up to the contribution established for the new unit's retiree health plan and the employee will not be eligible to participate in any other non-voluntary health plan offered to City employees. If the City's contribution toward a retiree health plan in the new unit is less than what is required for the employee's designated retiree health plan, the difference will be deducted from the employee's pay.

H. Life Insurance

Employees covered by this Agreement shall be provided a life insurance plan in the amount equal to a full year's base salary rounded up to the next $1,000.

I. Disability

The City shall provide major disability coverage with benefits calculated on 66 2/3% of the base monthly wage or salary less deductible benefits. Disability benefits shall also be provided to Job-Share employees.

J. Flexible Spending Account

Employees may use pre-tax dollars to pay for eligible medical and dependent care expenses per Internal Revenue Code sections 125 and 129. The Association agrees the City will use what legal means exist to recover cost for claims paid in advance of sufficient employee payroll deduction being made upon the employee's separation from the City.

Article 19 - Leaves

A. Vacation/Vacation Buyback

1. Employees shall accrue vacation credits as follows:

Years of Service	Annual Vacation Credits	Maximum Accrual
1 through 3	80 hours	160 hours
After 3 through 7	120 hours	200 hours
After 7 through 10	136 hours	216 hours
After 10 or more	160 hours	240 hours

When an employee earns vacation in excess of the maximum accrual, the employee shall be paid for vacation during the pay period earned and at the employee's base rate of pay.

The time during a calendar year at which an employee may take her/his vacation shall be determined by the Department Director with due regard for the wishes of the employee and particular regard for the needs of the City.

In the event one or more municipal holidays fall within an annual vacation leave, such holidays shall not be charged as vacation leave but rather as holidays.

Employees who terminate employment shall be paid in a lump sum for all accrued vacation leave earned prior to the effective date of termination.

Illness while on paid vacation will be charged to Sick Leave rather than vacation only if

The employee notifies his or her supervisor within four (4) calendar days of the beginning of the illness or prior to the end of his or her vacation leave,

whichever is sooner, to request that his or her illness on vacation be charged to Sick Leave.

The department shall be under no obligation to extend the vacation beyond the original scheduled vacation ending date.

Wherever practicable, an employee may use compensatory time combined with vacation time when requesting specific vacation periods.

2. Vacation Buyback

On or before the pay period which includes December 15 of each calendar year, an employee may make an irrevocable election to cash out up to eighty (80) hours of accrued vacation (in whole hour increments) which will be earned in the following calendar year at the employee's base rate of pay. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

B. Personal Sick Leave

Employees shall accrue personal sick leave credits at the rate of eight (8) hours per month.

In order to receive compensation while absent on sick leave, the employee shall notify her/his immediate superior or the designated department contact prior to or within one (1) hour after the time set for beginning his/her daily duties, or as may be specified by the director of her/his department. When absence is for one workday or more, the employee may be required to file a physician's certificate with the Personnel Officer or designee.

An employee receiving temporary disability payments under the Workers' Compensation laws may use a pro-rated amount of accumulated sick leave in order to continue to maintain her/his regular income. Under such circumstances, the employee shall submit any benefit payments from the Worker's Compensation fund to the Finance Officer. An employee may be required to provide a doctor's release to return to work following an illness or injury resulting in an inability to perform assigned duties.

C. Personal Sick Leave Conversion

1. Regular employees shall be eligible, if they so desire, each quarter (January 1, April 1, July 1, and October 1) to convert unused Personal Sick Leave in excess of 168 hours at a ratio of eight (8) hours day of vacation for every twenty-four (24) hours of Personal Sick Leave. Except that employees with at least ten years of full-time consecutive service shall be eligible to convert sick leave at the ratio of eight (8) vacation hours for sixteen (16) sick leave hours. One hundred sixty-eight (168) hours must be accrued and retained prior to converting any excess Personal Sick Leave hours to vacation hours.

2. Regular full-time employees having less than ten (10) years of consecutive full-time service shall be eligible to convert unused personal sick leave in excess of 168 hours to cash at a ratio of three (3) hours sick leave to one (1) hour of pay at the employee's base salary rate, subject to a maximum conversion of 120 hours of sick leave per employee per year. Regular full-time employees with at least ten (10) years of consecutive full-time service shall be eligible to convert unused personal sick leave in excess of 168 hours to cash at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's base salary rate, subject to a maximum conversion of 80 hours of sick leave per employee per year. Conversion requests can be made only in whole hour increments that are evenly divisible by the conversion ratio. Conversion requests shall be submitted on appropriate forms as determined by the Personnel Officer. The annual election period and payment period shall be designated and announced by Administrative Services annually.

3. Upon separation from the City, a regular full-time employee having less than ten (10) consecutive full-time years of service who has a minimum of 168 hours of Personal Sick Leave may convert the excess Personal Sick Leave to vacation at the ratio of eight (8) hours of vacation for every twenty-four (24) hours of Personal Sick Leave. Employees who separate with at least ten (10) years, but not more than fifteen (15) years of consecutive full-time service, may convert unused sick leave over 168 hours at the rate of eight (8) hours of vacation for every sixteen (16) hours of personal sick leave**.** Employees who separate after fifteen (15) years of full-time, continuous service may convert any accrued and unused sick leave over 84 hours at the rate of eight (8) hours of pay at the normal base pay rate for every sixteen (16) hours of sick leave. Employees who separate with at least ten 10 years of consecutive full-time employment and have at least 200 hours of accrued sick leave at the time of separation, may convert all accrued personal sick leave hours at the ratios described in Section C.2 above. In this situation, the employee may exceed his/her vacation accrual limits. This paragraph shall not apply to employees who separate due to termination for cause or resignation or retirement in lieu of termination for cause.

D. Personal Leave

Effective the pay period which includes January 1st of each year, regular and probationary employees shall receive a Personal Leave Benefit of seventy-one (71) hours per year. Such leave shall be available for employees to use from the beginning of the first pay period beginning in the calendar year through the end of the last pay period beginning in the calendar year. Such hours shall not accrue from year to year. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 71 hours. Probationary employees who commence employment with the City after January 1 will receive twenty four (24) less Personal Leave hours for every four (4) months the employee is not on paid status with the City.

The employee shall notify his/her immediate supervisor of the use of a Personal Leave day at least 36 hours in advance unless circumstances beyond the employee's control prevent such notification.

E. Bereavement Leave

Upon request, employees shall receive necessary time off with pay, not to exceed forty (40) hours in any one (1) instance, to arrange for or attend a funeral or memorial service of a member of their immediate family. Bereavement leave will be granted in instances where the funeral or memorial service is taking place within 30 calendar days after the date of the immediate family member's death. The employee may determine the number of hours, up to 40, that are necessary for each instance of bereavement. For purposes of this Section, immediate family shall mean father, father-in-law, mother, mother-in-law, step-parent, brother, step-brother, sister, step-sister, wife, husband, registered domestic partner, child, step-child**,** grandparent, grandparents in-law grandchild, legal guardian or other individuals whose relationship to the employee is that of a dependent, a domestic partner as defined by California Family Code section 297, or a person who stood *in loco parentis* (in place of a parent) to the employee.

F. Parenthood Leave

A regular employee may be granted a temporary parenthood leave of absence without pay, not to exceed 180 calendar days per year, upon approval from the City Manager. The employee requesting such leave shall present evidence to his/her Department Director of the birth or adoption of the employee's child. The City will comply with all elements of parenthood leave under the Family Medical Leave Act and the California Family Rights Act. Any such leave will run concurrently with parenthood leave as provided for under the FMLA and CFRA.

G. Jury Duty and Subpoenas

Every employee of the City who is subpoenaed as a witness for a local, state or federal government shall be entitled to absent herself/himself from her/his duties with

the City during the period of such service or while necessarily being present in court as a result of such call or subpoena, and shall receive full compensation.

In order to balance the City of Irvine's interest in maintaining productivity with the interest that employees are able to support our system of justice by serving on juries, paid Jury Duty is limited to a maximum of 80 hours in a calendar year. If an employee, despite reporting the limit to the Court, is required to serve beyond 80 hours he or she can request an exception of the limit on paid Jury Duty Leave by the City Manager.

For employees working on shifts in the Police Department, time served on jury duty will be counted as work hours for that date up to the maximum number of hours normally worked by the employee on that date.

If a unit member is required to be absent from work to report for jury duty, the employee will notify his/her supervisor of the absence as soon as possible, including, a phone message the night before if the employee finds out via a phone recording that he/she must report the next day.

An employee on jury duty must either return to work after the jury service is done for the day if there are still four hours left on his/her shift or call in to his/her supervisor and ask to use leave to cover the rest of his/her shift.

Employees who are scheduled for a swing or graveyard shift on a day they are called to jury service will be authorized to change their work hours in order to report to jury service.

Employees who are called to jury duty will not be subject to working their full graveyard or swing shift if there is not a minimum of 10 hours before or after assigned jury duty. If there is less than 10 hours between the end of a shift and the start of jury duty, employees will be permitted to leave their shift early to allow for a minimum break of 10 hours. In this situation, employees will be paid for the remainder of their shift. If

there is less than 10 hours between the end of jury duty and the start of their shift, employees will be able to delay their usual start time to ensure a 10 hour break in between. In this event, the employee's usual end time will remain the same. In this situation, employees will be paid from the start time of their shift until they report to work at the appropriate time to ensure a 10 hour break in between the end of jury duty and when they report to work. The 10 hour leave periods are provided by the City and employees are not required to use their accrued time.

For any additional time taken off before or after jury duty, an employee will be required to utilize paid accrued time subject to supervisor approval.

An employee who is called to jury duty on a non-working day will not receive compensation or be authorized to change their schedule as a result of being called to jury duty.

H. Military Leave

An employee shall be entitled to such benefits as are provided in the law An employee requesting such military leave shall present a copy of her/his military orders to her/his Department Director prior to the beginning of the leave.

I. Industrial Accident Salary Continuance

In the event that it is determined that a regular full-time employee is absent from work as a result of any injury or disease arising solely out of the employment with the City and in no way related to any prior existing condition, the City shall provide up to six months of Industrial Accident Salary Continuance during any two-year period under the following conditions:

1. In the event the employee qualifies for compensation under State law, the employee shall receive the difference between the Worker's Compensation payments and his/her regular salary.
2. The employee's condition is not permanent and stationary as determined by the City's appointed doctor.

3. The employee shall accrue sick leave and vacation leave during the term of the Industrial Accident Salary Continuance.

In the event of an on-the-job injury or accident resulting in loss of time beyond that required for immediate medical attention, such employee may be required to be examined by a licensed physician appointed by the City of Irvine. Any on-the-job injury or accident must be reported to the employee's immediate supervisor within twenty-four (24) hours after said injury or accident. Failure to report said injury or said accident shall be grounds for disciplinary action.

J. All paid leave hours accrued shall be prorated based on the number of hours worked or paid up to 80 hours in a pay period.

Article 20 - Holidays

A. Administration of Holidays

The recognized holidays to be observed by the City in each calendar year during the term of this Agreement shall be as follows:

New Year's Day
Martin Luther King Jr. Day
Washington's Birthday
Memorial Day
Independence Day (4th of July)
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

Prior to the beginning of the calendar year, Administrative Services will designate and announce the dates on which the above referenced holidays shall be observed.

Regular full-time employees shall receive nine (9) hours pay for each of these holidays observed on a Monday, Tuesday, Wednesday, or Thursday. Employees shall receive eight (8) hours pay for each of these holidays observed on a regularly scheduled working Friday. Regular full-time employees working an eight (8)-hour, five (5)-day schedule will receive eight (8) hours pay for each of these holidays. An employee must be paid for all of the regularly scheduled workday immediately prior to a holiday and the regularly scheduled workday immediately after that holiday in order to receive holiday pay. If a holiday falls on an employee's regularly scheduled day off, the employee may take off another day within the workweek upon approval of his/her supervisor.

For employees not assigned to a 7-day work schedule holidays falling on Sunday shall be observed on the following Monday. Holidays falling on Saturday shall be observed on the preceding Friday unless this, too, is a holiday and then one day sooner. The classifications subject to a seven (7) day work schedule (i.e., the nature of their work requires coverage seven days per week:

1) Animal Services Officer;
2) Civilian Investigator I;
3) Civilian Investigator II;
4) Forensic Specialist I;
5) Forensic Specialist II;
6) Public Safety Assistant
7) Public Safety Dispatcher I;
8) Public Safety Dispatcher II;
9) Public Safety Lead Records Specialist;
10) Public Safety Records Specialist;
11) Senior Animal Services Officer;
12) Senior Public Safety Assistant; and
13) Supervising Public Safety Dispatcher

The Police Chief and/or the Human Resources Department have the ability to add or delete classifications from this list.

Employees assigned to work on authorized holidays shall receive regular holiday compensation and compensation in the form of overtime (one and one-half times the employee's hourly rate) for actual hours worked. At the request of the employee, and within the City's ability to maintain appropriate service levels, such assigned employees may be granted compensatory time off, in lieu of pay.

Employees who are assigned to a 7-day work schedule (i.e., where their department is open seven days a week), as designated by their department shall observe holidays on the same days as employees who are not assigned to a 7-day work schedule with the following exceptions:

New Year's Day
Independence Day (4th of July)
Christmas Eve
Christmas Day

In this case, employees shall observe the holiday on the actual day of the holiday. If another City holiday falls on a Friday that City Hall is closed, as a result, the City observes the holiday on a different day, the holiday for employees assigned to a 7-day work schedule shall be observed on the Friday.

Notwithstanding the previous two paragraphs, for employees assigned to 7-day schedules, Human Resources may designate alternate dates the City will observe holidays in order to occur in conjunction with the Holiday Leave benefit provided below in subparagraph B of this Article.

The City will determine the total number of authorized holidays that would be observed by employees on a 9/80 work schedule for each holiday listed in this Article.
Employees assigned to a 7-day work schedule, as designated by their department, and are scheduled off their regularly scheduled shift of 10 hours or 12 hours, due to a holiday, shall receive holiday pay equivalent to their regularly scheduled shift.

B. Holiday Leave

Effective in December 2017 and each year thereafter, employees in the unit will not be required to come to work and will be provided with three days of paid leave to be used in the pay period that includes the Christmas Eve, Christmas Day and New Year's Holidays. The dates of the three "Holiday Leave" days will be designated annually by Human Resources. Employees will be provided with three days of paid leave based on the number of hours they are regularly scheduled to work on designated "Holiday Leave" days. Employees must use this leave on the designated days unless directed to work by the Department Director or designee. In cases where the employee is directed to work on such days, the employee will be credited with leave in an amount equivalent to what they would have used had they not been directed to work. In cases where a designated "Holiday Leave" day falls on an employee's regularly scheduled day off, the employee will be credited with leave in an amount equivalent to what they would have used had it been a regularly scheduled work day. Such leave shall have no cash value, and will expire if not utilized within the pay period that includes November 30 of the following year.

Employees wanting to take additional days off in conjunction with the observed Holidays and designated Holiday Leave Days must utilize other accrued leave in accordance with existing rules.

For 2017, the following shall be observed:
Monday 12/25 - Christmas Day Eve
Tuesday 12/26- Christmas Day
Wednesday 12/27- Holiday Leave
Thursday 12/28- Holiday Leave
Friday 12/29- Holiday Leave

For 2018, the following shall be observed:
Monday 12/24-Christmas Eve
Tuesday 12/25-Christmas Day
Wednesday 12/26- Holiday Leave

Thursday 12/27- Holiday Leave
Friday 12/28- Holiday Leave

Article 21 - Educational Reimbursement/Professional Development

Employees covered by this Agreement shall be eligible for reimbursement for approved education or professional development expenses as set forth in City policy up to a maximum of $1,300 per calendar year. Up to $250 of the employee's annual professional development funds may be used towards supplementing un-reimbursed expenses for his/her annual physical examination and/or longevity screenings, subject to the provisions of Article 24 of the City's Personnel Rules and Procedures.

The City will provide ICEA an accounting of the allocated training funds on a quarterly basis, if requested. This accounting will show departmental funding levels and the use of funds by employee group/category, a list of vendors and amounts paid to those vendors.

Article 22 - Promotions

It shall be the City's policy to recruit the best-qualified persons available regardless of race, religion, color, creed, national origin, sexual preference, sex, or handicap unless sex or physical ability is a bonafide occupational qualification.

While recognizing the need for introduction of persons from outside City employment at all levels, the policy of the City is to promote employees already employed by the City when their personal qualifications, training, work performance, and work experience are determined to be comparable to applicants from other sources.

The Personnel Officer shall determine whether a recruitment shall be open or promotional, on the basis of assuring an adequate number of applicants with appropriate skills to constitute a competitive merit process.
An open selection process shall be held for all position vacancies in each class and class series. However, a promotional selection process may be utilized when the Personnel

Officer, after review with the Department Director, determines such a process is in the best interest of the City. Any unit employee who elects to participate in the recruitment and meets the minimum requirements for the position will be eligible to compete in the examination process. If the examination process includes a written test or graded test the employee will automatically receive an additional five (5) points to their score. Does not apply to practical tests or safety related tests.

When appropriate, vacancies within the unit may be filled by promotion or transfer of probationary or regular employees or other employees at the discretion of the appointing authority. Such promotion transfer shall be based on competitive examination and may include one (1) or more of the selection techniques set forth in the Personnel Rules and Procedures and measure of qualifications as may be determined by the Personnel Officer.

As set forth in the Personnel Rules and Regulations (Article 6, Section 5), an employee rejected during the probationary period from a position to which he/she was promoted shall be reinstated to the position and salary held prior to promotion if a vacancy exists, unless he/she is discharged for a reason which would have been sufficient to cause his/her discharge from his/her former position. If no vacancy exists, the employee shall be placed on a re-employment list for the classification from which he/she was promoted. Employees are not entitled to notice or a hearing if rejected during probation.

Article 23 - Layoff and Recall

Whenever in the judgment of the City Council, it becomes necessary for lack of work or lack of funds, or because the necessity for a position no longer exists, the City Council may abolish any position or employment in this bargaining unit. The employee holding such position may be laid off without the right of appeal. ICEA will be notified in writing of proposed layoffs of ICEA positions. Prior to the abolishment of any ICEA position in the competitive service due to lack of funds or a severe economic downturn, City Management will meet with ICEA representatives to discuss the following issues:

1. Reasons for proposed layoffs.

2. Possible alternatives to layoffs.
3. Alternative solutions to mitigate any effects of potential layoffs.

Although the City will consult with ICEA prior to implementing any layoffs in its bargaining unit, the final determination on the decision to implement any layoffs will be made by the City Council.

When a position within a department or division is abolished as is provided in Section II. G-110 of the City Code, the following general procedure shall be observed:

A. The order of layoff shall be established by the Personnel Officer or his/her designee. He/she shall list all employees in the affected classification(s) using the employees' performance reviews and seniority ratings.

B. An employee's seniority will be modified in the following manner, using the two most recent annual performance evaluation ratings for seniority demerits and the one most recent annual performance evaluation ratings for seniority merits:

Number of Ratings	Level of Rating	Modification to Seniority
1	Unsatisfactory or Needs Development	Subtract 1 year
2	Unsatisfactory or Needs Development	Subtract 3 years
1	Excellent	Add 1 year

The employee's seniority will be modified in the following manner:

Number of Ratings	Level of Rating	Modification to Seniority
1	Does not receive a minimum of Accomplished Standards rating	Subtract 1 year

2	Does not receive a minimum of Accomplished Standards rating	Subtract 3 years
1	Outstanding	Add 1 year

C. The order of layoff will begin with the employee(s) with the least modified total seniority. When the modified total seniority ranking is the same, the Appointing Authority shall take past performance evaluations and the needs of the City into consideration.

D. Prior to the establishment of the order of layoff, the Personnel Officer or his/her designee shall furnish all employees proposed to be included on the layoff list with a copy of the "Proposed Order of Layoff" and a copy of any materials not otherwise available to the employee which were relied upon by the Personnel Officer or his/her designee in establishing the employee's position thereon. If the employee wishes to contest the application of the criteria set forth in this policy to his/her position on the list, the employee may request an opportunity to present his/her case to the Personnel Officer or his/her designee within seven (7) calendar days following the establishment and distribution of the "Proposed Order of Layoff" list and supporting materials. After meeting with all employees wishing to be heard with respect to their position on the layoff list, the Personnel Officer or his/her designee shall establish the "Final Order of Layoff." The decision of the Personnel Officer or his/her designee shall be final and not subject to the grievance process.

E. No employee shall be laid off from his/her position in any department while an emergency, temporary, provisional, regular part-time and part-time, or contract employee is serving in the same classification in the same department. No regular employee shall be laid off in any department while a probationary employee is serving in the same classification in the same department. Employees to be laid off shall be given at least fourteen (14)-calendar days prior notice.

F. An employee who receives a final layoff notice under the provisions of this policy who holds regular full-time status may within seven (7) calendar days of receipt of the layoff notice request demotion to a position within the employee's classification series for which the employee possesses the minimum qualifications and the position remains a budgeted position. In that event, the employee's position on the layoff list shall be reevaluated as though the employee is in the new classification utilizing the same criteria established for the original list.

G. After the bumping process has occurred and if no budgeted position is available within the classification series, the employee may request a transfer or demotion to a position in a similar classification series for which the employee possesses the minimum qualifications and the position remains a vacant budgeted position. For the purposes of this section, a similar classification will mean an ICEA-represented position that is in the same or lower pay grade and requires similar education, skills and/or experience as the position which the employee currently holds, as determined by the Personnel Officer. The employee's request will be considered by the Personnel Officer, who will make every effort to provide for reasonable education and experience equivalencies in determining an employee's minimum qualifications for the available position.

If there is more than one affected employee who is requesting a transfer or demotion into an available position, the City will determine the order of bumping by using the same methodology as described in sections A, B and C of this Article.

H. The names of employees laid off or demoted in lieu of layoff shall be placed upon reemployment lists for one year for those job classes requiring basically the same qualifications, duties, and responsibilities of the class from which layoff or demotion in lieu of layoff was made.

I. Persons whose names are placed on reemployment lists, and who are re-employed within the prescribed period, shall be regarded as having been on "unpaid" leave of absence during this period and will resume accruals of vacation, sick, and other leaves per this Agreement.

Article 24 – Seniority

Seniority shall be defined as the total amount of actual continuous service as a full-time employee, excluding approved leaves of absence without pay in excess of thirty (30) calendar days, including leave of absence for service in the Armed Forces of the United States. Seniority will be a factor when considering promotions and transfers and layoffs. Upon written request the ICEA shall receive whatever written seniority list is available at the time of the request.

An employee who is not a full-time employee shall not lose any previously accrued seniority by virtue of the employee having a status other than that of a full-time employee; however, no seniority shall accrue during any period of time in which an employee is on an approved leave without pay in excess of thirty (30) calendar days, or during any period of time in which an employee has a City employment status other than that of a full-time employee or a job-sharing employee. An employee shall only be entitled to a fifty percent (50%) seniority accrual (i.e., seniority shall be accrued at the rate of one day of seniority for each two days of service) during any period of time in which an employee is classified as a job-sharing employee.

Article 25 - Safety

The City shall provide and maintain a healthy and safe place of employment. No employee shall be required to work under conditions dangerous to the employee's health or safety. The City shall provide and maintain all safety equipment and comply with all health and safety laws and regulations necessary for employees to perform their jobs in a safe manner. Employees shall report unsafe practices, equipment or conditions to their supervisors.

ICEA shall have the right to appoint a voting member to the City Safety Committee. The Committee will develop appropriate rules and regulations to strengthen safety in the workplace.

Any employee has the right to request a Safety Committee review of workplace conditions in written form. The Safety Committee will investigate employee requests for review of worksite

conditions and make recommendations to reduce or eliminate the concern. A report of findings shall be provided to the employee within sixty (60) calendar days from receipt of written concern. The secretary of the Safety Committee shall forward a copy of all regular meetings minutes to the Secretary of ICEA on a regular basis. The Safety Committee shall meet on a monthly basis unless the Committee deems otherwise.

Article 26 - Uniforms, Safety Gear and Inclement Weather Gear

Employees in designated classes shall be provided and required to wear City uniforms. Steel-toed shoes and safety glasses will be provided to employees whose regular duties require their usage. Rain gear will be provided to employees whose regular full-time duties require them to work outside on a continuous basis in adverse elements.

The City will provide an orange, reflective jacket to each full-time employee who regularly works in the public street section and traffic signal repair section. Each employee will be responsible for the reasonable care and cleaning of his or her jacket. Jackets shall be used for official City business only, and shall have the City logo or identification prominently displayed.

Article 27 - Personnel Files

The official personnel file for each City employee shall be maintained by Human Resources. Employees have the right to review their official personnel file in Human Resources by scheduling a specific date and time, at least 24 hours in advance, with Human Resources staff.

A copy of any commendations, written warnings or reprimands, disciplinary actions, Personnel Action Forms and performance reviews placed in the employee's personnel file will be provided to the employee.

Written reprimands shall be retained at least one year. If after one year no similar or other unacceptable behavior is reported, the employee may request in writing that the reprimand

be purged from his/her file. Upon review and approval of the Department Director, the written reprimand shall be removed from the employee's file.

Article 28 - Child Care

It is understood that twenty percent (20%) of the enrollment of the Irvine Child Care Center will be made available to children of City of Irvine employees subject to availability of openings within the facility at the cost of the employee.

Article 29 - Probationary Period/Provisional Appointment/Job Sharing

The probationary period shall be six (6) months of actual and continuous service unless otherwise extended for up to 6 months under the Personnel Rules and Procedures, with the exception of the following classifications for which the probationary period shall be one (1) year of actual and continuous service; Public Safety Dispatcher, Public Safety Assistant, Senior Public Safety Assistant, Forensic Specialist I/II, Civilian Investigator I/II, Police Recruit and Supervising Public Safety Dispatcher, shall have a probationary period of one (1) year of actual and continuous service.

In the case of a current full-time employee in an ICEA represented class receiving a provisional appointment (i.e., moving to a position where there is a vacancy – Acting for current employees and Interim for employees hired from outside the City) such provisional appointment shall not be made for a period of less than twenty-eight (28) calendar days. If the position is in another bargaining unit, the employee shall not be entitled to the following changes in compensation and benefits: Annual Physical Examination reimbursement, Retiree Health Voluntary Employees' Beneficiary Association (VEBA) plan, and health plans.

Interested employees in ICEA-represented classes may be considered for job sharing.

Article 30 - Non-Discrimination

Neither party to this Agreement shall discriminate against any employee on the basis of any legally protected status enumerated under the law. The parties further agree that they shall not interfere with, intimidate, restrain, coerce, or discriminate against any employee in his/her free choice to participate or not participate in the activities of and right to join the ICEA.

Article 31 - Contracting Out

The City will notify ICEA in writing at least fourteen (14) calendar days in advance of entering into any contract which will result in a reduction in regular hours of existing employees in classifications set forth in Attachment I; provided, however, nothing herein shall limit the City's right to contract out beyond that notice. If ICEA feels that an impropriety has occurred regarding contracting out, ICEA may contact Human Resources in writing and the situation will be investigated.

In the event a member of the ICEA bargaining unit is laid-off from his/her employment with the City, without opportunity to voluntarily demote into a lower position or transfer into a comparable position in the City, due to privatization or contracting-out of a city service, the City will provide a severance. The severance shall be equivalent to forty (40) hours of pay, at the current base hourly rate of pay, for every year of full-time City service rounded to the closest full year of service. Additionally, the City will provide a one-time cash equivalent payment for continuing health insurance premiums, using the individual’s current elected coverage levels and insurance providers, payable through the end of the month in which the severance expires.

A. For example, an individual with seven (7) years and seven (7) months of City service would receive eight (8) weeks, or 320 hours, of pay and three (3) months cash equivalent of health insurance premiums.

Article 32 - Severability

It is understood and mutually agreed that this Agreement is subject to all applicable Federal, State, and City laws and ordinances.

If any provision of this Agreement is determined to be invalid or illegal by a court of competent jurisdiction, such provisions will not be deemed valid and shall be severed from this Agreement, except to the extent permitted by law, but the remainder hereof shall remain in full force and effect. Should any change be made in any State or Federal law, or in any rules and regulations implementing such legislation, or in any City Charter provision, which would be contrary to any provision contained herein, then such provision shall be automatically terminated but the remainder of this Agreement shall remain in full force and effect.

The Parties hereto shall meet-and-confer within a reasonable time for the purpose of replacing any provision of this Agreement determined to be invalid or illegal pursuant to this paragraph.

Article 33 - Concerted Activities

Apart from and in addition to existing legal restrictions upon and remedies for work stoppage, the ICEA hereby agrees that during the term of this Agreement, neither it nor its members or agents, representatives or persons acting in concert with any of them, shall incite, engage or participate in any strike, walkout, slowdown, sick-out or other work stoppage of any nature against the City whatsoever, or wheresoever located, including but not limited to disputes which are related to the subject matter contained in this Agreement; disputes which are specifically not subjects of this Agreement; disputes between the City and other employee organizations, persons or employees; jurisdictional disputes. In the event of any strike, walkout, slowdown, sick-out or other work stoppage or threat thereof against the City, ICEA and its officers will take steps reasonably within their control to end or avert the same.

Those represented by the ICEA will not authorize, engage in, encourage, sanction, recognize or assist in any strike, slowdown, walkout, sick-out or other work stoppage against the City or picket in furtherance thereof, or participate in unlawful concerted interference in violation of

this provision, or refuse to perform duly assigned services in violation of this provision. It is understood that any person represented by ICEA found in violation of this provision will be subject to discipline, including termination, as determined by the City Personnel Officer, according to Personnel Rules and Regulations.

Article 34 - Term

The terms and conditions of this Agreement will be effective August 11, 2017 unless otherwise stated in the Agreement. This Agreement shall remain in full force and effect until June 30, 2019 and shall supersede all other Agreements between the parties.

IN WITNESS WHEREOF, the parties hereto have executed this Memorandum of Understanding as of the 11th day of August 2017.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE IRVINE PROFESSIONAL EMPLOYEES ASSOCIATION (IPEA), AND SUPERSEDING ALL PREVIOUS IPEA MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, the City of Irvine (City) and the Irvine Professional Employees Association (IPEA) have met and conferred in accordance with the requirements of the Meyers-Milias-Brown Act and City Council Resolution No. 341; and

WHEREAS, the City and IPEA have reached agreement on wages, benefits, hours, and other conditions of employment for the period of August 11, 2017 through June 30, 2019; and

WHEREAS, a previous Memorandum of Understanding between the City of Irvine and the IPEA was adopted by the City Council pursuant to Resolution No. 15-77.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE that the 2017-2019 Memorandum of Understanding, attached hereto as Exhibit A, between the City and IPEA is approved and adopted. The compensation policy provided for by this resolution shall be operative from and after 12:01 a.m. on the twelfth day of September 2017, unless otherwise stated. All previous resolutions are hereby repealed effective on the operative date of this resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

MEMORANDUM OF UNDERSTANDING

BETWEEN

IRVINE PROFESSIONAL EMPLOYEES ASSOCIATION

AND

CITY OF IRVINE

AUGUST 11, 2017 TO JUNE 30, 2019

Article 1 – Preamble

This Agreement is entered into pursuant to the Meyers-Milias-Brown Act (Government Code Sections 3500 et seq.) and City Resolution No. 341, for the purpose of memorializing the Agreement reached between the City and Irvine Professional Employees Association (IPEA) as part of the meet-and-confer process, in order to provide harmonious relations, cooperation, and understanding between the City and its employees.

Article 2 – Recognition

IPEA is hereby acknowledged as the exclusive Recognized Employee Organization representing the employees in the classifications listed in Attachment I (Full-time hourly and exempt non-sworn, non-confidential employees).

Article 3 – Purpose

The parties agree that the purpose of this Agreement is: to promote and provide harmonious relations, cooperation, and understanding between the City and the employees covered herein; to provide an orderly and equitable means of resolving differences which may arise under this Agreement, and to set forth the full agreements of the parties reached as a result of meeting and conferring in good faith regarding matters within the scope of representation for employees represented by the IPEA.

Article 4 – Scope

The scope of representation shall include all matters relating to employment conditions and employer-employee relations, including, but not limited to, wages, hours, and other terms and conditions of employment, except, however, that the scope of representation shall not include consideration of the merits, necessity, or organization of any service or activity provided by law or executive order.

Article 5 - City Rights

The City retains all rights it had prior to this Agreement except those rights specifically delegated by this Agreement, provided the City shall exercise those rights in compliance with applicable state law, the City Charter, and the provisions of this Agreement.

Except as expressly limited by this Agreement, the City retains the exclusive right (a) to direct employees of the City; (b) to hire, promote, transfer, and assign employees to positions within the City; (c) to dismiss employees because of lack of work; (d) to reprimand, demote, suspend, or discharge employees for proper cause as provided by City Ordinance; (e) to determine the mission of the City and its various departments, its budget, its organization, the number of employees, and the methods and technology for performing its work; (f) to take whatever action may be appropriate to carry out its mission in situations of emergency. The parties further understand that all rights not clearly and expressly limited by this Agreement are specifically reserved to the City, even though not enumerated.

Article 6 - Employee Rights

Employees covered under this Agreement shall be entitled to all rights specified under Government Code Section 3502. Neither the City nor IPEA shall interfere with, intimidate, restrain, coerce, or discriminate against employees who exercise their rights under this Agreement or the law.

Article 7 - Association Rights

IPEA shall notify the City in writing of the names of its representatives as follows: Consultant, Officers, Bargaining Committee Members, and Departmental Representatives. The City shall provide IPEA on a monthly basis, if changes occur, with the following: A list of employees in the classifications set forth in Attachment I; the names of new hires, promotions, and terminations in the classifications set forth in Attachment I; City of Irvine job postings; and copies of current salary schedules. On a quarterly basis, the City will provide IPEA with names and home addresses of all IPEA-represented employees. This information is for the confidential use of IPEA and the City shall not be responsible and will be held harmless by IPEA for inappropriate release of this information by IPEA. Upon written request, the IPEA shall receive available information relating to contract administration and fringe benefits including pension and insurance plans.

The City shall make available reasonable bulletin board space in designated employee areas for the use of IPEA to post notices relating to matters of interest to IPEA and to the employees.

A reasonable number of employees shall be entitled to leave their work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor, for purposes of participation in the meet-and-confer process.

Designated IPEA representatives shall be entitled to leave their work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor for purposes of attending meetings called by Management or to participate in established City committees, such as but not limited to, Citywide Insurance Committee, Defined Contribution Pension Plan Committee and Safety Committee.

A designated IPEA representative shall be entitled to leave his/her work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor for purposes of reviewing and processing grievances. IPEA representatives may have access to IPEA members providing that supervisors are notified prior to a meeting being scheduled and that meetings held will not interfere with work.

In order to allow IPEA an opportunity to handle the business affairs of its members, the City shall, at the beginning of the calendar year, establish a time bank of one-hundred and eighty (180) hours to be used by board members as authorized by the IPEA Board for training, grievances, board meetings, etc. IPEA agrees the effective operation of the City departments is not to be adversely affected by the use of the time bank by IPEA members. No overtime will be paid for an employee to fill in for another using the time bank. Hours from the time bank will not be cumulative from year to year. Time for meet-and-confer preparation and meetings, and/or attendance at special meetings called by the City shall not be charged against the time bank.

The City shall allocate reasonable office space to IPEA in the Civic Center at no cost to IPEA.

At the orientation of new employees, a City-approved IPEA informational packet will be provided to those who would be eligible to join IPEA. In addition, IPEA and/or its representative will be provided with the opportunity to have 10-minute access to employees in IPEA-represented positions during new employee orientation.

Article 8 - Payroll Deductions

The City will, during the term of this Agreement, deduct bi-weekly dues and other fees as specified by IPEA under the authority of a membership application signed by each participating employee, which shall be approved by IPEA and remitted promptly to the Payroll Office.

Article 9 - Quarterly City-IPEA Meetings

The City's designated management staff shall meet with the IPEA President, representative and IPEA board members, on a quarterly basis. The purpose of these meetings is to discuss issues of common interest and to resolve mutual problems in a constructive fashion. The parties shall exchange suggested agenda topics one week before the meeting date. Grievances or disciplinary action in progress may be discussed at these meetings only by mutual consent, and discussion of such topics does not preclude subsequent resolution via the grievance or disciplinary procedure. Meet-and-confer subjects may be discussed by mutual consent, but this does not preclude exercise of further meet-and-confer options by either party. Persons other than those described above may attend these meetings only by prior mutual consent.

Article 10 - Grievance Procedure

A. Purpose

The purpose of the grievance procedure is to enhance communications between employees and employer by providing a fair and impartial review and consideration of grievances within a reasonable time period without jeopardizing employees' positions or employment.

B. Matters Subject to the Grievance Procedure

A grievance may be filed for alleged violation of any personnel rule or regulation; for the alleged violation of a section of this agreement; or an alleged unfair treatment of an employee; or alleged violation of commonly accepted safety practices or procedures. The grievance procedure shall not be used to establish new policies or change any existing rules and regulations. It shall not be used in matters resulting from disciplinary action or other appeal procedures that exist in accordance with the Personnel Ordinance and Resolution.

Any matter being grieved by an employee will be kept confidential by immediate supervisors and higher-level authorities except in conjunction with the investigation of the grievance.

C. Informal Grievance Adjustment

An employee who believes an alleged violation of matters subject to the grievance process has occurred shall first be required to exhaust the informal grievance level prior to filing a formal grievance. The employee shall have fourteen (14) calendar days from the date the employee had notice of the alleged violation, which he/she believes constitutes a grievance.

The informal grievance level shall consist of the employee verbally informing his/her immediate supervisor of the alleged violation. The immediate supervisor shall make whatever investigation he/she deems necessary and reply within fourteen (14) calendar days. Any matters, for which he/she does not have authority to make a decision, should be brought to the attention of a higher-level supervisor who does have the proper authority. If the employee is not satisfied with the decision reached through the informal

discussion, he/she may bring the matter to the attention of the next level of authority (i.e., the immediate supervisor's direct supervisor) within fourteen (14) calendar days of the immediate supervisor's response. The next level of authority shall have fourteen (14) calendar days to reply. If the employee is still not satisfied with the decision, within fourteen (14) calendar days after the decision, he/she may bring the matter to the attention of the next level of authority (if more levels below Department Director exist). If the employee is still not satisfied with the decision, he/she may file a formal grievance within fourteen (14) calendar days after having received the reply.

In incidents involving disputes of an agreement with an employee group, a representative of the involved group may meet with a designated representative of the City in an informal attempt to resolve the matter. Employees have the right to authorize the Association to represent them in any grievance under this provision, informal or formal.

D. Formal Grievance Procedure

1. First Level

The formal grievance procedure may be followed only after failure to resolve a problem through informal grievance adjustment. If, after this discussion, the employee is not in agreement with the decision reached, he/she may, within fourteen (14) calendar days, file a formal grievance in writing (Form No. 20-33) to their Department Director, with a copy to the Personnel Officer (i.e., the Assistant City Manager or his/her designee). The Department Director shall make whatever investigation he/she deems necessary to allow fair consideration of the situation and shall present a written reply to the employee within fourteen (14) calendar days after receipt of the grievance. A copy of the reply shall be forwarded to the Personnel Officer.

2. Second Level

In the event the grievant is not satisfied with the decision at the Department Director level, the grievant may appeal the decision to the Assistant City Manager or his/her designee, within fourteen (14) calendar days of receipt of the decision. This written appeal statement should include a copy of the original grievance, the decision rendered at a previous level, and a clear, concise

statement of the reasons for the appeal. The written appeal described herein shall not expand the scope of the formal grievance submitted to the Department Director.

The Assistant City Manager or his/her designee shall communicate a decision within fourteen (14) calendar days after receiving the appeal. Either the grievant or the Assistant City Manager may request a personal conference within the foregoing limits to discuss the grievance. Either party may have a representative present at such a conference.

3. Third Level

If the grievant is not satisfied with the decision by the Assistant City Manager, he/she may request the Association to submit the grievance to advisory arbitration, or appeal directly to the City Manager.

a. Advisory Arbitration

If the Association concurs with the employee request for advisory arbitration, the Association shall within twenty-eight (28) calendar days of the Assistant City Manager's decision submit a request in writing to the Assistant City Manager for advisory arbitration of the dispute and the City shall comply with the request, except in cases of disputed arbitration which shall be provided for hereinafter. The Association and the City shall attempt to agree upon an arbitrator and if no agreement can be reached, the parties shall request the State Mediation and Conciliation Service (SMCS) to supply a panel of seven (7) names of persons experienced in hearing grievances for cities. Each party shall alternately strike a name until only one name remains. The remaining panel member shall be the Advisory Arbitrator. The party who strikes first shall be determined by mutual agreement or flipping a coin.

The fees and expenses of the arbitrator and the hearing shall be borne equally by the City and the Association. All other expenses, including fees for witnesses and conferees, or the costs for witnesses and conferees, shall be borne by the party incurring them.

The Advisory Arbitrator shall, as soon as possible, hear evidence and render a decision on the issue or issues that were submitted to advisory arbitration. If the parties cannot agree upon the issues for the arbitrator to decide, the arbitrator shall determine the issue(s) to decide based on the grievance and other evidence submitted by the parties including the responses at the lower levels. In cases where the City contends that the grievance submitted is not arbitrable, the Advisory Arbitrator shall rule on the arbitrability of the issue and the arbitrator's decision on arbitrability cannot be challenged by the City or overturned.

The arbitrator shall have no power to add to, subtract from, or modify the terms of this Agreement or City Policy.

After a hearing and after both parties have had an opportunity to make written arguments, the Advisory Arbitrator shall submit, within thirty (30) calendar days to all parties the written findings and advisory recommendations that he/she has prepared.

The City Manager shall have the authority to accept the recommendation of the advisory arbitrator in whole, or in part, or reject the recommendation entirely and formulate his/her own decision on the grievance. The decision of the City Manager shall be provided to all parties within thirty (30) calendar days.

The City Manager reserves the right to modify any recommendation of a Hearing Officer. The City will bear the entire costs of the Hearing Officer.

The City Manager has the power to render a final decision of a grievance, which shall be binding on all parties. If, upon review, the City Manager determines that he/she is unable to render a final determination on the record, he/she may reopen the record for the taking of additional evidence prior to rendering the binding decision.

If the advisory recommendation is acceptable to the City, the City Manager shall take appropriate action to implement the recommendation. If no action is taken by the City, or the grievant does not concur with the Advisory Arbitrator's recommendation, the grievant may appeal, in writing, to the City Manager within fourteen (14) calendar days of the receipt of the Advisory Arbitrator's recommendation.

b. City Manager Review

The Association shall be permitted to concur in a grievant's request to have a hearing before the City Manager to resolve his or her grievance. If the Association does not concur with the employee request for advisory arbitration, the employee, within thirty-five (35) calendar days of the Assistant City Manager's decision, may request and shall be granted a hearing by the City Manager which will be closed to the public but open to all parties at interest for final resolution of the grievance.

The City Manager shall render a final and binding decision within thirty (30) calendar days following the conclusion of the hearing.

E. General Conditions

1. A formal grievance on interpretations/actions of an agreement, not involving a specific supervisor or Department Director, may be submitted directly to the Personnel Officer or his/her designee. The decision of the City Manager on agreement disputes shall not restrict an employee from other avenues of appeal available under law.

2. The Personnel Officer shall receive and retain copies of all written materials pertaining to the grievance.

3. At any step of the informal grievance adjustment or formal grievance procedure, a Department Director, supervisor, or employee may request a representative of the Personnel Office to participate in any discussion which may take place. Grievances may be initiated by the concerned employee or the Association.

4. An employee may represent himself/herself or select whomever he/she desires to represent him/her in the grievance procedure.

5. If an employee fails to proceed with a grievance within any of the time limits specified in this policy, it shall be assumed that the grievance has been settled on the basis of the last decision reached.

6. If management fails to respond within any of the time limits specified in the policy, the employee may proceed to the next level as if management responded on the last day possible.

7. Any extension of the time limits specified in this process may be provided when mutually agreed upon by all parties concerned.

Article 11 - Disciplinary Action

A. Disciplinary Authority

The Department Director, after consultation with the Personnel Officer shall have the right, for reasonable cause, to demote, dismiss, reduce in pay or suspend without pay for up to thirty (30) calendar days any regular (i.e., passed probation) member of the unit.

B. Disciplinary Procedure

Upon determination that some form of discipline should be imposed upon an employee, the Department Director or his/her designee shall provide the employee with written notice, which includes the components listed below.

1. The proposed action to be taken.

2. The charges on which the proposed action is based, including all relevant written materials, written reports and documents, which support these charges.

3. The proposed date on which the disciplinary action will take place.

4. The fact that the employee is entitled to respond to the charges either orally or in writing to the Department Director at least seven (7) calendar days after receipt of notification. If the written notice has been issued by the Department Director, the employee may direct his/her response to the Personnel Officer**.** Failure of the employee to make a written or oral response of request will constitute waiver of the right to respond.

5. If the employee elects to respond in person, a meeting shall be conducted at which the employee shall be given the opportunity to respond to the charges. The meeting shall be held by the Department Director or the Personnel Officer in those instances where the written notice has been issued by the Department Director. The employee shall be entitled to be represented by counsel or other person of his/her choosing during the course of the above proceeding.

6. After following the above procedure, the Department Director or the Personnel Officer shall prepare the written notice of decision to be served personally upon the employee. Said notice shall inform the employee of his/her appeal rights, if any.

The City shall have the right to place any employee on paid administrative leave pending investigation and processing of any potential disciplinary action. The provisions of this Article shall not apply to reductions in pay, which are part of a general plan to reduce salaries and wages or to eliminate positions.

C. Appeal

1. Right of Appeal

When formal disciplinary action of dismissal, demotion**,** reduction in pay, reduction of accrued leaves equivalent to 3 or more days or suspension without pay for three (3) or more days has been taken pursuant to this Article, the employee shall have the right to appeal as provided below. Failure to appeal by the employee or his/her representative will make the disciplinary action final and conclusive.

2. Appeal Procedure

An employee who has passed initial probation who has been demoted, dismissed, reduced in pay or accrued leaves or suspended without pay for three (3) or more days, may appeal to the City Manager within fourteen (14) calendar days after having been furnished with a copy of the notice of discipline by filing a written answer to such charges and requesting a hearing thereon.

3. Hearing Procedure

a. The City Manager shall appoint a Hearing Officer to conduct hearings on appealable disciplinary actions imposed pursuant to this Article. In case of termination, however, the Association may request a Hearing Officer be selected from a list provided by the State Mediation and Conciliation Service (SMCS). The parties shall request the SMCS to supply a panel of seven (7) names of persons experienced in hearing disciplinary cases for cities. Each party shall alternately strike a name until only one name remains. The remaining panel member shall be the Hearing Officer. The order of striking shall be determined by mutual agreement or flipping a coin. The Hearing Officer will not be an employee of the City of Irvine. If the Association requests a Hearing Officer from the SMCS, the costs of the Hearing Officer's services shall be equally divided by the Association and the City.

b. Hearings shall be conducted in the manner most conducive to determination of the truth, and the Hearing Officer shall not be bound by technical rules of evidence.

c. The Hearing Officer shall determine the relevancy, weight, and credibility of testimony and evidence. The Hearing Officer shall base his/her findings on the preponderance of evidence.

d. Each side will be permitted an opening statement and closing argument. The City shall first present its witnesses and evidence to sustain the

charges, and the employee will then present his/her witnesses and evidence in defense.

e. Each side will be allowed to examine and cross-examine witnesses.

f. Both the City and the employee or their respective designees may be represented by legal counsel.

g. The Hearing Officer shall, if requested by either party, subpoena witnesses and/or require production of other records or material evidence.

h. The Hearing Officer may, prior to or during a hearing, grant a continuance for any reason he/she believes to be important to his/her reaching a fair and proper decision.

i. The Hearing Officer shall prepare a recommended decision and forward it to the City Manager no later than thirty (30) calendar days after the matter of appeal was taken under submission by the Hearing Officer. The recommended decision shall set forth which charges, if any, the Hearing Officer finds are sustained or not sustained and the reasons therefore.

j. After receiving the recommendation of the Hearing Officer, the City Manager may sustain or reject any or all of the charges filed against the employee. He/she may sustain, reject or modify the disciplinary action invoked against the employee.

k. The employee or his/her representative may obtain a copy of the transcript of the hearing upon request and agreement to pay for necessary costs.

4. <u>Appeal Procedure for Suspensions of Less Than Three (3) Days and Reductions of Accrued Leaves Equivalent to less than (3) Days</u>

a. A member of the unit who has been suspended without pay, for less than three (3) days, may appeal to the Department Director, or in the

event the discipline has been issued by the Department Director, the Personnel Officer, within seven (7) calendar days after having been furnished with a copy of the notice of discipline by filing a written answer to such charges and requesting a hearing.

b. Hearing Procedure:

- At least seven (7) calendar days prior to the hearing, both parties shall provide a list of witnesses and or exhibits to the Department Director or Personnel Officer.

- During the hearing, the Department Director or Personnel Officer shall hear and consider the evidence, witnesses, and/or exhibits from both parties.

- The Department Director or Personnel Officer may grant a continuance for any reason he/she believes to be important to reaching a fair decision.

- The Department Director or Personnel Officer shall consider all evidence and shall base his/her findings on the preponderance of evidence. He/she shall render his/her decision as soon as possible after the conclusion of the hearing, but in no event later than fourteen (14) calendar days after conducting the hearing, unless agreed to by the parties.

- The Director or Personnel Officer's decision shall be final and binding.

5. Mediation Procedure

In cases of dismissal, after the parties have selected a Hearing Officer and a hearing date as provided above, the parties may, by mutual agreement, request non-binding mediation to resolve the dispute prior to arbitration. The selection of the mediator shall be made by mutual agreement. The costs of the mediator services shall be equally divided by the Association and the City.

D. Dismissal

Dismissal of any employee shall, unless otherwise ordered:

1. Constitute a dismissal as of the same date from all positions, which the employee may hold in the competitive service.

2. Result in an automatic removal of the employee's name from all employment lists on which it may appear.

3. Terminate the salary of the employee as of the effective date of his/her dismissal, as indicated in the notice of discipline, except that he/she shall be compensated for any unpaid salary, unused vacation and unused compensatory time off to his/her credit as of the date of dismissal.

E. Polygraph Examination

In reference to this provision, no disciplinary action shall be taken against an employee refusing to submit to a polygraph examination; nor shall any comment be anywhere recorded indicating that an employee offered to take, took or refused to take polygraph examination unless otherwise agreed to in writing by the parties; nor shall any testimony or evidence of any kind regarding an employee's offer to take or refusal to take, or the results of a polygraph examination, be admissible in any proceeding pursuant to this Agreement, unless otherwise agreed to in writing by the parties.

Article 12 - Maintenance of Benefits

It is the understanding of the parties that the wages, hours, and other terms and conditions of employment contained in this Agreement will not be reduced and shall remain in full force and effect during the entire term of this Agreement; except as expressly provided herein or except by mutual agreement.

Article 13 – Salary

A. Salary Grade Structure: The City of Irvine's Salary Grade Structure, which includes the classifications represented by the Association in this unit, is included as Attachment I.

B. Position Classification to Salary Grades: The classification of individual positions to pay grades is the City's sole responsibility and will be based upon Human Resources' evaluation of the classification.

C. Classification Requests: During the period designated by Human Resources each year, an employee may request a re-evaluation of the position's responsibilities by submitting a new Comprehensive Position Questionnaire (CPQ) with a cover memorandum explaining the changes in duties since completion of the most recent existing CPQ. The employee's department director, manager (if applicable), and supervisor will review the request and make a recommendation which will include an explanation of why the duties have changed and an assessment of the stability of the changes. Any change in classification will take effect the pay period that includes July 1 of the following fiscal year.

D. Pay Progression in a Salary Grade

Pay progression within a pay grade will be based strictly upon individual performance and summarized in an annual performance appraisal. All base pay progression within pay grades will be limited to the maximum of a pay grade. Base pay progression will be provided according to the following schedule:

Pay Rate in Pay Grade	Performance Rating	Pay Increase
Less than Maximum	Unsatisfactory or Needs Development	0%
Less than Maximum	Accomplished Standards, Excellent or Outstanding	5% base adjustment, limited to maximum of pay grade
Greater than or equal to Maximum		0%

Annual merit increases will be effective on September 1st of each year and will be prospective from that date.

E. Wage and Salary Range Adjustment

Effective the pay period that includes September 1, 2017, the salary ranges of the classifications covered by this Agreement shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the salary ranges of the classifications covered by this Agreement shall be increased by two percent (2.0%).

F. Probationary Merit Reviews

Employees on a probationary employment status effective June 30th of each year will not be eligible to participate in the annual review process until they have successfully completed their probationary period. At the completion of the probationary period, the employee will receive a performance review and merit increase appropriate to the performance review rating. The criteria and rating system for probationary reviews will be the same as those for annual performance reviews.

Following the completion of probation, the employee will be eligible to participate in the annual performance review process the following July. The merit increase granted in the first annual review process following the probationary merit review will be pro-rated to reflect only the time period since the completion of the probationary merit review. All subsequent performance reviews will be conducted according to the Annual Performance Appraisal schedule. If the probationary appraisal has been completed within the months of May and June, the employee's next review will be part of the appraisal schedule in the following calendar year in July.

Article 14 -Bilingual Pay

Department Directors shall annually designate which positions should be assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified employees who meet the following criteria shall receive an additional $50.00 per month.

A. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.

B. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

C. Any employee who has been determined as qualified for bilingual pay and who is on any leave of absence for at least one calendar month, exclusive of accrued vacation or compensatory time, will be ineligible for bilingual pay until his/her return to work. Upon his/her return to work, the employee will be reinstated into the bilingual pay program and receive his/her $50 monthly stipend effective the first working day of the new calendar month following his/her return to work. The employee will not be required to perform bilingual interpretation services during any period which he/she is not receiving the bilingual pay stipend.

D. For positions requiring extensive contact with the public or contractors, bilingual pay will be rotated among employees who are deemed as qualified by the City. The Department Director will have the discretion to determine the number of employees and the sections/units that qualify to participate in a "rotation pool." Rotations will occur every 12 months, effective the first pay period each November. It is the Department Director's sole discretion to determine the order of rotation among the qualified employees. An employee who has not performed bilingual duties within the rotation for a period of 24 months or longer, must be re-certified by the City in order to receive bilingual pay.

An employee in a bilingual assignment may request to have the bilingual assignment and corresponding pay removed.

Article 15 - Overtime and Work Schedules

A. Overtime Compensation for Employees on Schedule A:

Hours earned in excess of forty (40) hours in each employee's defined FLSA workweek shall be compensated at the rate of one- and one-half (1 1/2) times the employee's hourly rate when such work is approved by the Department Director (or his/her designee). Unit members work a seven day FLSA work week (168 recurring hours). As of the effective date of this Agreement, no classifications on Schedule A qualify as exempt from the overtime provisions of the Fair Labor Standards Act. Unit members shall be paid for all hours worked. Unit members shall record hours worked in fifteen minute increments of time. When an employee works less than eight minutes into the next pay increment,

the time should round down to zero. When an employee works more than eight minutes into the next payroll increment, the time rounds up to fifteen minutes.

Overtime may be converted to compensatory time or paid for at the option of the employee.

B. Compensatory Time for Employees on Schedule A:

Employees may accumulate a maximum of eighty (80) hours compensatory time in lieu of overtime compensation on the basis of one- and one-half (1 1/2) hours compensatory time for one (1) hour of overtime work. The time during which an employee may use accrued compensatory time off is subject to approval by the department head or his/her designee with due regard for the wishes of the employee and the need to provide service. However, an employee wishing to use his/her accrued compensatory time off shall provide the City with reasonable notice of such request. Reasonable notice is defined as at least one week. If reasonable notice is provided, the employee's request may not be denied unless it is unduly disruptive to the department to grant the request. A request to use compensatory time off without reasonable notice may still be granted within the discretion of the supervisor or manager responsible for considering the request.

C. Stand-by Time for Employees on Schedule A:

Regular full-time employees shall receive two (2) hours base salary for each day he/she is required to be available for non-scheduled work assignments.

D. Work Schedules:

Unit members work a seven day FLSA work week (168 recurring hours).

Work schedule is defined as an employee's regularly assigned hours of the day and days per week and may include:

1. The 9/80 schedule (four nine hour days per work week and one alternating eight hour day/regular day off). Employees working the 9/80 have an FLSA work week designated as beginning four hours into their alternating regular day off (eight hour day).

2. The 5/40 schedule (five eight hour days per work week). Employees working the 5/40 have a FLSA work week designated as beginning at 12:00 a.m. on Saturday through 11:59 p.m. Friday.

3. The 4/10 schedule (four ten hour days per work week). Employees working the 4/10 have a FLSA work week designated as beginning at 12:00 a.m. on Saturday through 11:59 p.m. Friday.

Employees in classifications listed on Schedule A shall be scheduled to work regular work shifts. In the event overtime is required, compensation for said overtime shall take the form of one of the following, at the employee's request, subject to the approval of the Department Director (or his/her designee).

1. Paid overtime at one- and one-half (1 1/2) times the employee's hourly base rate;
2. Accrued compensatory time to a maximum of eighty (80) hours;
3. An employee will be able to flex his/her time within the same workweek (i.e., take off an equivalent number of hours).

In the event the City institutes a citywide policy to prohibit or restrict paid overtime, employees in classifications listed on Schedule A shall request, subject to the approval of the Department Director (or his/her designee), one of the following methods of compensation for overtime.

1. Flex time within the same workweek (i.e., take off an equivalent number of hours);
2. Accrued compensatory time to a maximum of one hundred and twenty (120) hours.

An employee in a classification listed on Schedule A may be required to take flex time in lieu of paid overtime or accrued compensatory time off by his/her Department Director (or his/her designee) to attend meetings of City Council, City Commissions, or City committees, provided that the employee is given written notification at least fourteen (14) calendar days in advance.

Article 16 - Alternate Work Schedules

Unit members may request from their Department Directors to work a 9/80 or a 4/10 alternative workweek schedule. Department Directors will review requests for alternate work schedules, on a case-by-case basis, based on the following criteria: 1) productivity and service to the public will not be decreased, 2) that there will be no adverse effects on the operation of any City department or work unit, and 3) with due regard to the wishes of the employee.

Requests for an alternate work schedule will include the information required by the Department Director to make an informed decision and a summary of how necessary coverage and current service levels will, at a minimum, be maintained. Approved alternate work schedules may be temporarily modified by a Department Director in the case of vacations, vacancies or other absences which are in excess of one (1) week.

In an unforeseen emergency, the Department Director may direct the employee to work a different schedule on a 24-hour notice. If the alternate work schedule is not effective, the Department Director will require the employee to work a different alternative workweek or return to a more standard workweek (i.e., a 5/40) with a fourteen (14) calendar day notice. When a Department Director perceives a problem exists because of the alternate work schedule, he/she will notify the involved employee(s) and give them seven (7) calendar days to respond to the issue prior to instituting a new schedule. If an employee finds it necessary, he/she may make a request to return to a more standard workweek, which will be considered, on a case-by-case basis.

Article 17 – Benefits

A. The City shall provide the following as options to the employee for employee and dependent coverage, with noted exceptions:

Indemnity Medical Insurance

The City shall provide the option to employees to enroll in a medical indemnity insurance plan.

Indemnity Dental Insurance

The City shall provide the option to employees to enroll in a dental indemnity insurance plan.

Health and Dental Maintenance Organizations

The City shall provide the option to employees to enroll in a health maintenance organization and/or a dental maintenance organization.

Vision

One (1) vision care plan.

For employees who choose the PPO medical plan, the total cost to the City for medical, dental, psychological, and vision insurance shall not exceed $ 694.04 per employee; $754.04 per employee plus one; and $1064.31 per employee plus family per month. The medical tier that the employee selects will drive the insurance cap that is applied to the employee's health benefit selections. The cost of the dental enhanced plan, if selected by the employee, shall require employee premium contributions for the amount in excess of the premium for the standard plan.

B. Employees have the option of enrolling themselves and/or their dependents into a no-cost medical plan rather than being subject to the cap as set forth in Article 17, item A., above. Under the no-cost plan, the City will provide any HMO Medical Plan and any HMO Dental Plan offered by the City, as described in Article 17, item A., above. Under this option, employees may choose to upgrade from the HMO Dental Plan to the PPO Dental Plan, however the employee will be required to pay the difference in premium between the HMO Dental Plan and the PPO Dental Plan.

Effective January 1, 2015, any increase in the cost of the HMO Medical Plans over the costs in effect December 31, 2014, will be borne as follows: The City will pay 95% of the increased cost, and employees enrolled in HMO Medical Plans will pay the remaining 5% of cost increases in annual premiums. Each year thereafter, the amount paid by employees in prior years will be added that portion of the increase (five percent 5%) the employees will pay in the current year.

C. Affordable Care Act Reopener

The City may reopen the MOU on the issue of health insurance solely for the purpose of discussing potential penalties or taxes under the Affordable Care Act. The City shall make no changes to health insurance benefits or City contributions towards health insurance benefits under this reopener, absent mutual agreement between the City and IPEA.

D. Employees not claiming any dependents on their medical, dental, psychological and vision plans shall receive $150 per month. The stipend may be used for deferred compensation, taxable cash, or to purchase voluntary additional life insurance, or enhanced dental plans.

Employees who are able to demonstrate to the City's satisfaction that they have minimum essential coverage as defined by the Affordable Care Act, (through another source other than coverage in the individual market, whether or not obtained through Covered California) may opt out of participation in the City's health plan.

E. The Insurance Committee and representatives from management will meet each Fall to review coverage, cost containment methods, claims processing service, claims experience and to recommend plan and design changes to the employees. The group will be made up of no more than two (2) representatives from each bargaining group and the president or a designated representative for the bargaining group. The group will be provided with such information as claims history, and with proposed changes in rates or coverage.

F. Pension and Pension Administration

1. The provisions of this Section D.1 shall apply to employees as of June 30, 2003, who elected to decline the CalPERS benefits.

    a. The City shall invest an amount equal to fifteen percent (15%) of each employee's base salary in the City of Irvine Defined Contribution Pension Plan (DCPP). Effective August 11, 2011, the amount the City invests shall be reduced to 12.448%.

b. Effective July 1, 2003, the City will deduct an amount equal to four percent (4%) of each employee's base salary to invest in the City of Irvine DCPP. It is understood that this payroll deduction shall be mandatory for all employees who elected to remain in the City of Irvine DCPP. Effective August 11, 2011, the amount deducted from employee base salary shall be increased to 6.552%.

c. All employees who elected to remain in the City of Irvine DCPP shall not be entitled to any CalPERS benefits past, present or future, as provided under section D.2 of this article. Employees who elected to remain in the City of Irvine DCPP shall continue participation until the employee terminates his/her employment from the City for any reason.

d. Employees shall become 50% vested upon completion of the probationary period, or if the probationary period is greater than 6 months, employees shall become 55% vested in the retirement plan upon completion of the probationary period. Thereafter, such vested interest shall increase at the rate of 5% for every Plan Year in which the employee completes 1000 hours of service. Once the employee has completed five years of service, he/she shall become 100% vested in the retirement plan.

e. The City will utilize retirement plan forfeiture funds to offset the City of Irvine DCPP administration and management costs.

2. The provisions of this section D.2 shall apply to employees, as of June 30, 2003, who elected to waive their rights to the City of Irvine Defined Contribution Pension Plan (DCPP) and who elected to transfer to the CalPERS program.

a. The City's contract with CalPERS shall include the following options:
   - 2.7% @ 55 Full Formula for Local Miscellaneous Members (Cal. Govt. Code Section 21354.5)
   - One Year Final Compensation (Cal. Govt. Code Section 20042)
   - Military Service Credit as Public Service (Govt. Code Section 21024), in which the employee pays the entire cost

- Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427)
- 4th Level 1959 Survivor Benefits (Govt. Code Section 21574)
- Limit Prior Service to Members Employed on Contract Date (Govt. Code Section 20938)

b. All employees hired on or after the effective date of the CalPERS contract shall become members of the CalPERS Retirement Program.

c. All active employees of the Association shall be members of CalPERS, unless they elected to decline the CalPERS benefits through the irrevocable election process. All Association members covered by CalPERS shall no longer be entitled to any benefits past, present or future, provided under the City of Irvine DCPP referenced in Article 17, Section D.1.

d. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

e. The CalPERS vesting schedule will apply (Cal. Govt. Code Section 21060).

f. The full percent (8%) cost of the CalPERS member contributions will be paid by the employee.

3. Effective April 14, 2012, the City implemented the 2% @ 55 retirement program with the average of the three highest paid consecutive years for all employees hired on or after that date. Employees hired after implementation of the 2% @ 55 plan will pay the full 7% Member Contribution for the entire term of their employment.

4. All "New Members" within the meaning of the California Public Employees' Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will become members of the City's Tier 3 plan; 2% at 62 formula for Miscellaneous employees. Employees will pay the full employee contribution, which will be one-half the

normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

G. Retiree Health Plan

1. The City shall contribute an amount equal to two percent (2%) of each employee's base salary in a Retiree Health Savings (RHS) account.

2. An employee who has retired from the City and has either attained the age of sixty (60) years or is fifty (50) years old and has completed five (5) years of service with the City shall be entitled to purchase the medical insurance plan in effect at the time of retirement at the City's rates for the employee and the employee's dependents at the cost to the former employee, now retiree.

3. The City will allow a spouse of an eligible retired unit member to continue to purchase the medical insurance after the death of the retired employee, provided that the spouse was covered under a City insurance plan at the time of employee's death and provided that there has been no break in coverage since the employee's retirement. This eligibility for continued coverage ceases if such spouse remarries.

4. Each representation unit has determined the type of retiree health program in which its members shall participate. In order to ensure that the employees can maximize their benefits, the City agrees to allow employees to remain in the designated type of retiree health program throughout their service with the City, whether or not the employee moves to another representation unit(s). In the event an employee moves to another representation unit, the City will contribute an amount up to the contribution established for the new unit's retiree health plan and the employee will not be eligible to participate in any other non-voluntary health plan offered to City employees. If the City's contribution toward a retiree health plan in the new unit is less than what is required for the employee's designated retiree health plan, the difference will be deducted from the employee's pay.

H. Life Insurance

Employees covered by this Agreement shall be provided a life insurance plan in the amount equal to a full year's base salary rounded up to the next $1,000.

I. Disability

The City shall provide major disability coverage with benefits calculated at 66 2/3% of the base monthly wage or salary less deductible benefits. Disability benefits shall also be provided to job share employees.

J. Flexible Spending Account

Employees may use pre-tax dollars to pay for eligible medical and dependent care expenses per Internal Revenue Code sections 125 and 129. The Association agrees the City will use what legal means exist to recover cost for claims paid in advance of sufficient employee payroll deduction being made upon the employee's separation from the City.

Article 18 – Leaves

A. Vacation Accrual/Usage

Employees shall accrue vacation credits as follows:

Years of Service	Employees on Schedule A	Employees on Schedule B
1 through 3	80 hours	120 hours
After 3 through 7	120 hours	160 hours
After 7 through 10	136 hours	160 hours
After 10 or more	160 hours	200 hours

Employees may not accrue more than eighty (80) hours of additional vacation beyond the annual rate at which they are eligible to earn vacation credits. Example: an employee with two (2) years of service earns eighty (80) hours of vacation. However, in this example the employee may accrue up to one hundred and sixty (160) hours of vacation at any one time.

The time during a calendar year at which an employee may take his/her vacation shall be determined by the Department Director with due regard for the wishes of the employee and particular regard for the needs of the City. Should special circumstances preclude the employee from using enough vacation to remain below the maximum limits stated above, the employee shall be paid for vacation earned in excess of the cap on

accrual. Payment shall be made during the pay period in which the vacation is earned and at the employee's base rate of pay.

In the event one or more municipal holidays fall within an annual vacation leave, such holidays shall not be charged as vacation leave but rather as holidays.

Employees who terminate employment shall be paid in a lump sum for all accrued vacation leave earned prior to the effective date of termination.

Illness while on paid vacation will be charged to Sick Leave rather than vacation only if:

The employee notifies his or her supervisor within four (4) calendar days of the beginning of the illness or prior to the end of his or her vacation leave, whichever is sooner, to request that his or her illness on vacation be charged to Sick Leave.

The department shall be under no obligation to extend the vacation beyond the original scheduled vacation ending date.

Whenever practicable, an employee may use compensatory time combined with vacation time when requesting specific vacation periods.

B. Vacation Buyback

On or before the pay period which includes December 15 of each calendar year, an employee may make an irrevocable election to cash out up to eighty (80) hours of accrued vacation (in whole hour increments) which will be earned in the following calendar year at the employee's base rate of pay. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

C. Personal Sick Leave

Employees shall accrue personal sick leave credits at the rate of eight (8) hours per month.

In order to receive compensation while absent on sick leave, the employee shall notify his/her immediate superior or the designated department contact prior to or within one (1) hour after the time set for beginning his/her daily duties, or as may be specified by the director of his/her department. When absence is for one (1) work day or more, the employee may be required to file a physician's certificate with the Personnel Officer.

An employee receiving temporary disability payments under the Workers' Compensation laws may use a pro-rated amount of accumulated sick leave in order to continue to maintain his/her regular income. Under such circumstances, the employee shall submit any benefit payments from the Workers' Compensation fund to the Finance Officer.

An employee may be required to provide a doctor's release to return to work following an illness or injury resulting in an inability to perform assigned duties.

D. Personal Sick Leave Conversion

1. Regular employees having less than ten (10) years of consecutive full-time service shall be eligible, if they so desire, each quarter (January 1, April 1, July 1, October 1) to convert unused personal sick leave in excess of one-hundred and sixty-eight (168) hours at a ratio of eight (8) hours of vacation for every twenty-four (24) hours of personal sick leave. One hundred and sixty-eight (168) hours must be accrued and retained prior to converting any excess personal sick leave credits to vacation credits. Employees with at least ten (10) years of full-time consecutive service shall be eligible to convert sick leave in excess of one-hundred and sixty-eight (168) hours at the ratio of eight (8) vacation hours for every sixteen (16) sick leave hours.

2. Effective the pay period following April 1 of each year, regular full-time employees, whose unused personal sick leave has accumulated to more than 700 hours, must convert those hours in excess of 700 into their respective individual accounts in the Association's Retiree Health Savings Plan, subject to a maximum conversion of 120 hours of sick leave per employee per year. The conversion of personal sick leave into the RHS shall occur as follows:

- The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees having less than ten (10) years of consecutive full-time service at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's base salary rate.

- The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees with at least ten (10) years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's base salary rate.

3. Upon separation from the City, regular full-time employees must convert hours into their respective individual accounts in the Association's Retiree Health Savings Plan, as follows:

- The City will convert unused personal sick leave in excess of 168 hours into the Retiree Health Savings Plan for regular full-time employees having less than ten (10) years of consecutive full-time service at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's base salary rate.

- The City will convert unused personal sick leave in excess of 168 hours into the Retiree Health Savings Plan for regular full-time employees with at least ten (10) years, but not more than 15 years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's base salary rate.

- The City will convert unused personal sick leave in excess of 84 hours into the Retiree Health Savings Plan for regular full-time employees with at least fifteen (15) years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's base salary rate.

- For any regular full-time employee who separates with at least ten (10) years consecutive full-time employment and has at least 250 hours of accrued sick leave at the time of separation, the City will convert all unused personal sick leave hours at the ratios described in Section D.3 above into their

respective individual accounts in the Association's Retiree Health Savings Plan.

This section shall not apply to employees who separate due to termination for cause or resignation/retirement in lieu of termination for cause.

E. Personal Leave

Effective the pay period which includes January 1st of each year, regular and probationary employees shall receive a Personal Leave Benefit of seventy-one (71) hours per year. Such leave shall be available for employees to use from the beginning of the first pay period beginning in the calendar year through the end of the last pay period beginning in the calendar year. Such hours shall not accrue from year to year. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 71 hours. Probationary employees who commence employment with the City after January 1 will receive twenty four (24) less Personal Leave hours for every four (4) months the employee is not on paid status with the City.

The employee shall notify his/her immediate supervisor of the use of a Personal Leave day at least 36 hours in advance unless circumstances beyond the employee's control prevent such notification.

F. Bereavement Leave

Upon request, employees shall receive necessary time off with pay, not to exceed forty (40) hours in any one (1) instance, to arrange for or attend a funeral of a member of their immediate family. For purposes of this Section, immediate family shall mean father, father-in-law, mother, mother-in-law, step-parent, brother, sister, step-brother, step-sister, wife, husband, registered domestic partner, child, step-child, grandparent, grandparents in-law, grandchild, legal guardian or other individual whose relationship to the employee is that of a dependent a domestic partner as defined by California Family Code section 297, or a person who stood *in loco parentis* (in place of a parent) to the employee.

G. Parenthood Leave

A regular employee may be granted a temporary parenthood leave of absence without pay, not to exceed one-hundred and eighty (180) calendar days per year, upon approval from the City Manager. The employee requesting such leave shall present evidence to his/her Department Director of the birth or adoption of the employee's child. The City will comply with all elements of parenthood leave under the Family Medical Leave Act (FMLA) and the California Family Rights Act (CFRA). Any such leave will run concurrently with parenthood leave as provided for under the FMLA and CFRA.

H. Jury Duty

In order to balance the City of Irvine's interest in maintaining productivity with the interest that employees are able to support our system of justice by serving on juries, paid Jury Duty is limited to a maximum of 80 hours in a calendar year. If an employee, despite reporting the limit to the Court, is required to serve beyond 80 hours, he or she can request an exception of the limit on paid Jury Duty Leave by the City Manager.

If a unit member is required to be absent from work to report for jury duty, the employee will notify his/her supervisor of the absence as soon as possible, including, a phone message the night before if the employee finds out via a phone recording that he/she must report the next day.

An employee on jury duty must either return to work after the jury service is done for the day if there are still four hours left on his/her shift or call in to his/her supervisor and ask to use leave to cover the rest of his/her shift.

An employee who is called to jury duty on a non-working day will not receive compensation or be authorized to change their schedule as a result of being called to jury duty.

I. Military Leave

An employee shall be entitled to such benefits as are provided in the law. An employee requesting such military leave shall present a copy of his/her military orders to his/her Department Director prior to the beginning of the leave.

J. Industrial Accident Salary Continuance

In the event that it is determined that a regular full-time employee is absent from work as a result of any injury or disease arising solely out of the employment with the City and in no way related to any prior existing condition, the City shall provide up to six (6) months of Industrial Accident Salary Continuance during any two-year period under the following conditions:

1. In the event the employee qualifies for compensation under State law, the employee shall receive the difference between the Workers' Compensation payments and his/her regular salary;

2. The employee shall accrue sick leave or vacation leave during the term of the Industrial Accident Salary Continuance;

3. The employee's condition is not permanent and stationary as determined by the City appointed doctor.

In the event of an on-the-job injury or accident resulting in loss of time beyond that required for immediate medical attention, such employee may be required to be examined by a licensed physician appointed by the City of Irvine. Any on-the-job injury or accident must be reported to the employee's immediate supervisor within twenty-four (24) hours after said injury or accident. Failure to report said injury or said accident shall be grounds for disciplinary action.

K. Administrative Leave

Effective the first pay period beginning in January of each year, employees in Schedule B of Attachment I will receive twenty (20) hours of Administrative Leave per calendar year. Administrative Leave will be prorated on a monthly basis during the calendar year for new employees entering Schedule B of Attachment I during the calendar year. Administrative Leave must be used by the end of the calendar year. Such hours shall not be accrued from year-to-year or paid off upon termination. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 20 hours.

All paid leave hours accrued shall be prorated based on the number of hours worked or paid up to eighty (80) hours in a pay period.

Article 19 – Holidays

A. Administration of Holidays

The recognized holidays to be observed by the City in each calendar year during the term of this Agreement shall be as follows:

New Year's Day
Martin Luther King Jr. Day
Washington's Birthday
Memorial Day
Independence Day (4th of July)
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

Prior to the beginning of the calendar year, Administrative Services will designate and announce the dates on which the above referenced holidays shall be observed.

Regular full-time employees shall receive nine (9) hours pay for holidays observed on a Monday, Tuesday, Wednesday, or Thursday. Employees shall receive eight (8) hours pay for each of these holidays observed on a regularly scheduled working Friday. Regular full-time employees working an eight (8)-hour, five (5)-day schedule will receive eight (8) hours pay for each of these holidays. An employee must be paid for all of the regularly scheduled workday immediately prior to a holiday and the regularly scheduled workday immediately after that holiday in order to receive holiday pay. If a holiday falls on an employee's regularly scheduled day off, the employee may take off another day during the workweek with approval of his/her supervisor.

Holidays falling on Sunday shall be observed on the following Monday. Holidays falling on Saturday shall be observed on the preceding Friday unless this, too, is a holiday and then one day sooner.

Employees assigned to work on authorized holidays shall receive regular holiday compensation and compensation in the form of overtime (one and one-half times the employee's hourly rate) for actual hours worked. At the request of the employee, and within the City's ability to maintain appropriate service levels, such assigned employees may be granted compensatory time off, in lieu of pay, within the pay period in which the holiday falls. If such time is not taken within the pay period, the employee shall automatically receive regular holiday compensation.

Human Resources may designate alternate dates the City will observe holidays in order to occur in conjunction with the Holiday Leave benefit provided below in subparagraph B of this Article.

B. Holiday Leave

Effective in December 2017 and each year thereafter, employees in the unit will not be required to come to work and will be provided with three days of paid leave to be used in the pay period that includes the Christmas Eve, Christmas Day and New Year's Holidays. The dates of the three "Holiday Leave" days will be designated annually by Human Resources. Employees will be provided with three days of paid leave based on the number of hours they are regularly scheduled to work on designated "Holiday Leave" days. Employees must use this leave on the designated days unless directed to work by the Department Director or designee. In cases where the employee is directed to work on such days, the employee will be credited with leave in an amount equivalent to what they would have used had they not been directed to work. In cases where a designated "Holiday Leave" day falls on an employee's regularly scheduled day off, the employee will be credited with leave in an amount equivalent to what they would have used had it been a regularly scheduled work day. Such leave shall have no cash value, and will expire if not utilized within the pay period that includes November 30 of the following year.

Employees wanting to take additional days off in conjunction with the observed Holidays and designated Holiday Leave Days must utilize other accrued leave in accordance with existing rules.

For 2017, the following shall be observed:

Monday 12/25 - Christmas Day Eve
Tuesday 12/26- Christmas Day
Wednesday 12/27- Holiday Leave
Thursday 12/28- Holiday Leave
Friday 12/29- Holiday Leave

For 2018, the following shall be observed:

Monday 12/24-Christmas Eve
Tuesday 12/25-Christmas Day
Wednesday 12/26- Holiday Leave
Thursday 12/27- Holiday Leave
Friday 12/28- Holiday Leave

Article 20 - Educational Reimbursement/Professional Development

Employees covered by this Agreement shall be eligible for reimbursement for approved education or professional development expenses as set forth in City policy up to a maximum of $1,300 per calendar year.

For employees in classifications listed on Schedule B, a maximum of $500 of the employee's annual professional development funds may be for the following expenses:

1. Up to $250 towards supplementing un-reimbursed expenses for their annual physical examination, subject to the provisions of Article 21 of this MOU and Article 24 of the City's Personnel Rules and Procedures. The employee may apply any unused amount of this $250 towards travel, hotel and meal expenses for City-approved conferences, seminars and/or job-related training to supplement subsection 2 of this Article.
2. Up to $250 towards travel, hotel and meal expenses for City-approved conferences, seminars, and /or job-related training.

Article 21- Annual Physical Examination

The City shall reimburse up to a maximum of $250 per calendar year for expenses incurred as a result of an annual physical examination, as defined in Article 24 of the City's Personnel Rules and Procedures. Such annual physical is optional. Expenses eligible for payment by the City health insurance plan shall not be eligible for reimbursement.

Article 22- City Manager Award for Employee Achievement

Management may recommend an employee achievement program, which will provide financial awards to regular full-time, and regular part-time City employees, including members of the IPEA. The program is more fully explained in a policy/procedure titled City Manager's Award for Employee Achievement. An amount for funding levels and awards will be considered on an annual basis by the City Council.

Article 23- Promotions

It shall be the City's policy to recruit the best qualified persons available regardless of race, religion, color, creed, national origin, sexual preference, sex, or disability unless sex or physical ability is a bonafide occupational qualification.

While recognizing the need for introduction of persons from outside City employment at all levels, the policy of the City is to promote employees already employed by the City when their personal qualifications, training, work performance, and work experience are determined to be comparable to applicants from other outside sources.

The Personnel Officer shall determine whether a recruitment shall be open or promotional, on the basis of assuring an adequate number of applicants with appropriate skills to constitute a competitive merit process.

An open selection process shall be held for all position vacancies in each class and class series. However, a promotional selection process may be utilized when the Personnel Officer, after review with the Department Director, determines such a process is in the best interest of the City.

When appropriate, vacancies within this bargaining unit may be filled by promotion or transfer of probationary or regular employees or other employees at the discretion of the appointing authority. Such promotion/transfer shall be based on competitive examination and may include one (1) or more of the selection techniques set forth in the Personnel Rules and Procedures and measures of qualifications as may be determined by the Personnel Officer.

Article 24 – Classifications

Positions classified at the assistant and associate levels will be indicated as "flexibly staffed" positions as provided in the City's Personnel Rules and Procedures.

Article 25 - Layoff and Recall

Whenever in the judgment of the City Council, it becomes necessary for lack of work or lack of funds, or because the necessity for a position no longer exists, the City Council may abolish any position or employment in this bargaining unit. The employee holding such position may be laid off without the right of appeal. The IPEA will receive a copy of the "Proposed Order of Layoffs" of IPEA positions.

When a position with a department or division is abolished as is provided in Section II. G-110 of the City Code, the following general procedure shall be observed:

A. The order of layoff shall be established by the Personnel Officer or his/her designee. He/she shall list all employees in the affected classification(s) using the employee's modified seniority.

An employee's seniority is modified for purposes of establishing the order of layoff using the two most recent performance evaluation ratings for seniority demerits and the one most recent annual performance evaluation ratings for seniority merits:

Number of Ratings	Level of Rating	Modification to Seniority
1	Does not receive a minimum of Accomplished Standards rating	Subtract 1 year
2	Does not receive a minimum of Accomplished Standards rating	Subtract 3 years
1	Outstanding	Add 1 year

B. The order of layoff will begin with the employee(s) with the least modified total seniority. When the modified total seniority ranking is the same, the Appointing Authority shall take past performance evaluations and the needs of the City into consideration.

C. Prior to the establishment of the order of layoff, the Personnel Officer or his/her designee shall furnish all employees proposed to be included on the layoff list with a copy of the "Proposed Order of Layoff" and a copy of any materials not otherwise available to the employee which were relied upon by the Personnel Officer or his/her designee in establishing the employee's position thereon. If the employee wishes to contest the application of the criteria set forth in this policy to his/her position on the list, the employee may request an opportunity to present his/her case to the Personnel Officer or his/her designee within seven (7) calendar working days following the establishment and distribution of the "Proposed Order of Layoff" list and supporting materials. After meeting with all employees wishing to be heard with respect to their position on the layoff list, the Personnel Officer or his/her designee shall establish the "Final Order of Layoff list." The decision of the Personnel Officer or his/her designee shall be final and not subject to the grievance process.

D. No employee shall be laid off from his/her position in any department while an emergency, temporary, provisional, regular part-time or part-time, or contract employee is serving in the same classification in the same department. Employees to be laid off shall be given at least fourteen (14) calendar days' notice.

E. An employee who receives a final layoff notice under the provisions of this policy who holds regular full-time status may, within seven (7) calendar days of receipt of the layoff notice, request demotion to a position within the employee's classification series for which the employee possesses the minimum qualifications providing the position remains a budgeted position. In that event, the employee's position on the layoff list shall be reevaluated as though the employee is in the new classification utilizing the same criteria established for the original list.

F. The names of employees laid off or demoted in lieu of layoff shall be placed upon reemployment lists for eighteen (18) months for those job classes requiring basically the same qualifications, duties, and responsibilities of the class from which layoff or demotion

in lieu of layoff was made. At the time the employee is laid off or demoted in lieu of layoff, the employee shall receive a list of job classes requiring basically the same qualifications, duties, and responsibilities of the classes from which layoff or demotion in lieu of layoff was made.

G. Persons whose names are placed on reemployment lists , and who are re-employed within the prescribed period, shall be regarded as having been on "unpaid" leave of absence during this period and will resume accruals of vacation, sick and other leaves in accordance with this Agreement.

H. In the event a member of the IPEA bargaining unit is laid-off from his/her employment with the City, without the opportunity to voluntarily demote into a lower position or transfer into a comparable position in the City, due to the contracting-out of a City service, the City will provide a severance. The severance shall be equivalent to forty (40) hours of pay, at the current base hourly rate of pay, for every year of full-time City service rounded to the closest full year of service. Additionally, the City will provide a one-time cash equivalent payment for continuing health insurance premiums, using the individual's current elected coverage levels and insurance providers, payable through the end of the month in which the severance expires.

For example, an individual with seven (7) years and seven (7) months of City service would receive eight (8) weeks, or 320 hours, of pay and three (3) months cash equivalent of health insurance premiums.

Article 26 – Seniority

Seniority shall be defined as the total amount of actual continuous service as a full-time employee, excluding approved leaves of absence without pay in excess of thirty (30) calendar days, including leave of absence for service in the Armed Forces of the United States. Seniority will be a factor when considering promotions, transfers, and layoffs.

An employee who is not a full-time employee shall not lose any previously accrued seniority by virtue of the employee having a status other than that of a full-time employee; however, no seniority shall accrue during any period of time in which an employee is on an approved leave without pay in excess of thirty (30) days, or during any period of time in which an employee has a City employment status other than that of a full-time employee or a job-sharing employee.

An employee shall only be entitled to a fifty percent (50%) seniority accrual (i.e., seniority shall be accrued at the rate of one day of seniority for each two days of service) during any period of time in which an employee is classified as a job-sharing employee.

Article 27 – Safety

The City shall provide and maintain a healthy and safe place of employment. No employee shall be required to work under conditions dangerous to the employee's health and safety. The City shall provide and maintain all safety equipment and comply with all health and safety laws and regulations necessary for employees to perform their jobs in a safe manner. Employees shall report unsafe practices, equipment or conditions to their supervisors.

IPEA shall have the right to appoint a voting member to the City Safety Committee.
Any employee has the right to request a Safety Committee review of workplace conditions in written form. The Safety Committee will investigate employee requests for review of worksite conditions and make recommendations to reduce or eliminate the concern. A report of findings shall be provided to the employee within sixty (60) calendar days from receipt of written concern. The secretary of the Safety Committee shall forward a copy of all regular meeting minutes to the Secretary of IPEA on a regular basis. The Safety Committee shall meet on a monthly basis unless the Safety Committee deems otherwise.

Article 28 - Safety Gear and Inclement Weather Gear

Steel-toed shoes and safety glasses will be provided to employees whose regular duties require their usage. Rain gear will be provided to employees whose regular full-time duties require them to work outside on a continuous basis in adverse weather elements.

Article 29 - Personnel Files

The official personnel file for each City employee shall be maintained by Human Resources. Employees have the right to review their official personnel file in Human Resources by scheduling a specific date and time, at least twenty-four (24) hours in advance, with Human Resources staff. A copy of any commendations, written warnings or reprimands, disciplinary

actions, Personnel Action Forms and performance reviews placed in the employee's personnel file will be provided to the employee. The employee shall have an opportunity to respond in writing to documents placed in the file. This response will be filed with the original document.

Written reprimands shall be retained at least one (1) year. If after one (1) year no similar or other unacceptable behavior is reported, the employee may request in writing that the reprimand be purged from his/her file. Upon review and approval of the Department Director, the written reprimand shall be removed from the employee's file.

Article 30 - Child Care

It is understood that twenty percent (20%) of the enrollment of the Irvine Child Care Center will be made available to children of City of Irvine employees subject to availability of openings within the facility at the cost of the employee.

Article 31- Provisional Appointment/Probationary Period

In the case of a current full-time employee in an IPEA-represented class receiving a provisional appointment, (i.e., moving to a position where there is a vacancy – Acting for current employees and Interim for employees hired from outside the City) such provisional appointment shall not be made for a period of less than twenty-eight (28) calendar days. If the provisional appointment is to a position in another bargaining unit or to a classification listed on Schedule B, the employee shall not be entitled to the following changes in compensation and benefits: Annual Physical Examination reimbursement, Retiree Health Voluntary Employees' Beneficiary Association (VEBA) plan, and health plans, including psychological.

The probationary period is six (6) months of actual and continuous service unless otherwise extended under the Personnel Rules and Procedures**.**

Article 32 - Non Discrimination

Neither party to this Agreement shall discriminate against any employee on the basis of any legally protected status enumerated under the law. The parties further agree that they shall not interfere with, intimidate, restrain, coerce, or discriminate against any employee in his/her free choice to participate or not participate in the activities of and the right to join IPEA.

Article 33 - Contracting Out

The City will notify IPEA in writing at least fourteen (14) calendar days in advance of entering into any contract which will result in a reduction in regular hours of existing employees in classifications set forth in Attachment I; provided, however, nothing herein shall limit the City's right to contract out beyond that notice. If IPEA feels that an impropriety has occurred regarding contracting out, IPEA may contact Human Resources in writing and the situation will be investigated.

Article 34 – Severability

It is understood and mutually agreed that this Agreement is subject to all applicable Federal, State, and City laws and ordinances.

If any provision of this Agreement is determined to be invalid or illegal by a court of competent jurisdiction, such provisions will not be deemed valid and shall be severed from this Agreement, except to the extent permitted by law, but the remainder hereof shall remain in full force and effect. Should any change be made in any State or Federal law, or in any rules and regulations implementing such legislation, or in any City Charter provision that would be contrary to any provision contained herein, then such provision shall be automatically terminated but the remainder of this Agreement shall remain in full force and effect.

The Parties hereto shall meet and confer within a reasonable time for the purpose of replacing any provision of this Agreement determined to be invalid or illegal pursuant to this paragraph.

Article 35 - Concerted Activities

Apart from and in addition to existing legal restrictions upon and remedies for work stoppage, the IPEA hereby agrees that during the term of this Agreement, neither it nor its members or agents, representatives or persons acting in concert with any of them, shall incite, engage or participate in any strike, walkout, slowdown, sick-out or other work stoppage of any nature

against the City whatsoever, or wheresoever located, including, but not limited to, disputes which are related to the subject matter contained in this Agreement; disputes which are specifically not subjects of this Agreement; disputes between the City and other employee organizations, persons or employees; jurisdictional disputes. In the event of any strike, walkout, slowdown, sick-out or other work stoppage or threat thereof against the City, IPEA and its officers will take steps reasonably within their control to end or avert the same.

Those represented by the IPEA will not authorize, engage in, encourage, sanction, recognize or assist in any strike, slowdown, walkout, sick-out or other work stoppage against the City or picket in furtherance thereof, or participate in unlawful concerted interference in violation of this provision, or refuse to perform duly assigned services in violation of this provision. It is understood that any person represented by IPEA found in violation of this provision will be subject to discipline, including termination, as determined by the City Personnel Officer, according to Personnel Rules and Regulations.

Article 36 – Term

The terms and conditions of this Agreement will be effective August 11, 2017 unless otherwise stated in the Agreement. This Agreement shall remain in full force and effect until June 30, 2019 and shall supersede all other Agreements between the parties.

.

IN WITNESS WHEREOF, the parties hereto have executed this Memorandum of Understanding as of the 11th day of August, 2017.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE IRVINE POLICE MANAGEMENT ASSOCIATION (IPMA), AND SUPERSEDING ALL PREVIOUS IPMA MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, the City of Irvine (City) and the Irvine Police Management Association (IPMA) have met and conferred in accordance with the requirements of the Meyers-Milias-Brown Act and City Council Resolution No. 341; and

WHEREAS, the City and IPMA have reached agreement on wages, benefits, hours, and other conditions of employment for the period of August 11, 2017, through June 30, 2019; and

WHEREAS, a previous Memorandum of Understanding between the City of Irvine and the IPMA was adopted by the City Council pursuant to Resolution No. 16-46.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE that the 2017-2019 Memorandum of Understanding, attached hereto as Exhibit A, between the City and IPMA is approved and adopted. The compensation policy provided for by this resolution shall be operative from and after 12:01 a.m. on the twelfth day of September 2017, unless otherwise stated. All previous resolutions are hereby repealed effective on the operative date of this resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

AUGUST 11, 2017 TO JUNE, 2019

PREAMBLE

This Memorandum of Understanding, hereinafter referred to as the "Agreement" or "MOU," entered into by the CITY OF IRVINE, herein referred to as "City," and the IRVINE POLICE MANAGEMENT ASSOCIATION (IPMA), hereinafter referred to as the "Association," has as its purpose the promotion of harmonious labor relations between the City and the Association, establishment of an equitable and peaceful procedure for the resolution of differences and the establishment of rates of pay, hours of work, and other conditions of employment.

Article 1 - Recognition

The Association is the exclusive representative of the classifications of Police Commander and Police Lieutenant.

Article 2 - City Rights

Except as expressly limited by this MOU or other applicable laws, the City retains the exclusive right (a) to direct employees of the Police Department; (b) to hire, promote, transfer, and assign employees to positions within the Department consistent with applicable classifications; (c) to dismiss employees because of lack of work; (d) to reprimand, demote, suspend or discharge employees; (e) to determine the mission of the Department, its budget, its organization, the number of employees and the methods and technology of performing its work; (f) to take whatever action may be appropriate to carry out its mission in situations of emergency. The parties further understand that all

rights not clearly and expressly limited by this MOU are expressly reserved to the City, even though not enumerated.

Article 3 - Employee Rights

Safety employees covered under this Agreement shall be entitled to all rights specified under Government Code Section 3300 et seq., and Irvine Police Department Procedure relating to "Public Safety Officers Procedural Bill of Rights." Employees shall have the right to have documented disciplinary actions or other adverse documented incidents removed from their personnel files pursuant to Police Department Procedure 2.02.17. No employee shall be interfered with, intimidated, restrained, coerced, or discriminated by the City because of his/her exercise of these rights.

Article 4 - Association Rights

A. Payroll Deductions - The City agrees to continue payroll deductions to Association on behalf of its members for dues, and/or any insurance plan sponsored by the Association, unless authorization to make such deductions is canceled in writing by the individual employees.

B. Release Time for Association Business - In order to allow the Association an opportunity to handle the business affairs of its members, including handling of grievances, the City shall, at the beginning of each contract year, establish the annual time bank specified below for Association use, to be used as authorized by the Association President, as the chief executive officer of the Association, and, in his absence, the Secretary. The Association agrees, however, that the effective operations of the Police Department are not to be adversely affected by the use of the time bank by the Association members. If the Association members' absence does not impact staffing or other vital departmental operations as determined by the Chief of Police, the employee shall be released without restrictions. It is also understood that time for the annual meet and confer preparation and meetings and/or any special meetings called by the City shall not be charged against the time bank. It is also understood that hours from the time bank will not be carried over from year to year. The time bank will be a maximum of 200 hours per year for all Association business related to the Police Management unit.

Article 5 - Grievance Procedure

A. Matters Subject to the Grievance Procedure

A grievance may be filed for the alleged violation of any Personnel Rule and Regulation dealing with required subjects of bargaining that are not specifically reserved to the City in the City Rights clause, Article II; for an alleged violation of an express provision in the MOU; or alleged violation of established and commonly accepted safety practices or procedures. The grievance procedure shall not be used to establish new policies or change any existing rules and regulations. It shall not be used in connection with disciplinary actions or other matters for which appeals procedures exist under the Personnel Ordinance, Personnel Rules and Regulations, or pursuant to statute.

B. Informal Grievance Adjustment

An employee who has a complaint should try to solve the problem through informal discussion with his/her immediate supervisor without delay, and in no event later than fourteen (14) calendar days after the event giving rise to the complaint. The immediate supervisor shall make whatever investigation he/she deems necessary and reply within fourteen (14) calendar days**.** If the employee is not satisfied with the decision reached through the informal discussion, and/or some other extenuating circumstances exist, he/she may bring the matter to the attention of the next level of authority within fourteen (14) calendar days of such decision. If the employee is still not satisfied with the decision, he/she may file a formal grievance within fourteen (14) calendar days after having received the reply**.**

In incidents involving an employee group, a representative of the involved group may meet with a designated representative of the City in an informal attempt to resolve the matter. Employees have the right to authorize the Association to represent them in any grievance under this provision, informal or formal**.**

C. Formal Grievance Procedure

1. First Level

The formal grievance procedure may be followed on matters subject to this procedure only after failure to resolve a problem through informal grievance adjustment. If, after this discussion, the employee is not in agreement with the decision reached, he/she may, within fourteen (14) calendar days, file a formal grievance in writing to the Police Chief with a copy to the Personnel Officer (i.e., the Assistant City Manager or his/her designee, setting forth the section(s) of the MOU or Personnel Rules and Regulations allegedly violated and reciting all the facts and circumstances constituting the claimed violation. The department director shall make whatever investigation he/she deems necessary to allow fair consideration of the situation and shall present a written reply to the employee within fourteen (14) calendar days after receipt of the grievance. A copy of the reply shall be forwarded to the Personnel Officer.

2. Second Level

In the event the grievant is not satisfied with the decision at the department director level, the grievant may appeal the decision to the Personnel Officer or his/her designee, within fourteen (14) calendar days of receipt of the decision. This written appeal statement should include a copy of the original grievance, the decision rendered at the previous level, and a clear, concise statement of the reasons for the appeal. The written appeal described herein shall not expand the scope of the formal grievance submitted to the department director.

The Personnel Officer or his/her designee shall communicate a decision within fourteen (14) calendar days after receiving the appeal. Either the grievant or the Personnel Officer may request a personal conference within the foregoing limits to discuss the grievance. Either party may have a representative present at such a conference.

3. Third Level

If the grievant is not satisfied with the decision by the Personnel Officer and the grievance alleges violation of the MOU, he/she may request the Association to submit the grievance to advisory arbitration, or appeal directly to the City Manager.

a. Advisory Arbitration

If the Association concurs with the employee request for advisory arbitration, the Association shall within twenty-eight (28) calendar days of the Personnel Officer's decision submit a request in writing to the Personnel Officer for advisory arbitration of the dispute and the City shall comply with the request, except in cases of disputed arbitrability. The Association and the City shall attempt to agree upon an arbitrator and if no agreement can be reached, the parties shall request the State Mediation and Conciliation Service to supply a panel of seven (7) names of persons experienced in hearing grievances for cities. Each party shall alternately strike a name until only one name remains. The remaining panel member shall be the Advisory Arbitrator. The party who strikes first shall be determined by mutual agreement or by flipping a coin.

The fees and expenses of the arbitrator and the hearing shall be borne equally by the City and the Association. All other expenses, including fees and costs for witnesses and representatives, shall be borne by the party incurring them.

The Advisory Arbitrator shall, as soon as possible, hear evidence and render a decision on the issue or issues alleged in the grievance that were submitted to advisory arbitration. If the parties cannot agree upon the issues for the arbitrator to decide, the arbitrator shall determine the issue(s) to decide based on the grievance and other

evidence submitted by the parties including the responses at the lower levels. In cases where the City contends that the grievance submitted is not arbitrable, the Advisory Arbitrator shall rule on the arbitrability of the issues.

The arbitrator shall have no power to add to, subtract from, or modify the terms of this Agreement or City policy.

After a hearing and after both parties have had an opportunity to make written arguments, the Advisory Arbitrator shall submit, within thirty (30) calendar days, to all parties, the written findings and advisory recommendations that he/she has prepared.

The City Manager has the power to render a final decision of a grievance which shall be binding on ALL parties. If, upon review, the City Manager determines that he/she is unable to render a final determination on the record, he/she may reopen the record for the taking of additional evidence prior to rendering the binding decision. Said decision of the City Manager shall be provided to all parties within thirty (30) calendar days of his/her receipt of the Advisory Arbitrator's findings and recommendations.

b. City Manager Review

If the Association does not concur with the employee request for advisory arbitration, the employee, within thirty-five (35) calendar days of the Personnel Officer's decision may request and shall be granted a hearing by the City Manager which will be closed to the public but open to all parties at interest for final resolution of the grievance.

In instances where the City Manager hears a grievance he/she shall conduct such hearings which will be closed to the public but open to all parties in interest as he/she may deem necessary and shall render a

final and binding decision within thirty (30) calendar days following the conclusion of the hearing.

D. General Conditions

1. The Personnel Officer shall receive and retain copies of all written materials pertaining to the grievance.

2. At any step of the informal grievance adjustment or formal grievance procedure, a department director, supervisor, or employee may request a representative of Human Resources to participate in any discussions which may take place. Grievances may be initiated by the concerned employee or the Association.

3. A formal grievance, not involving a specific supervisor or department director, may be submitted directly to the Personnel Officer.

4. An employee may represent himself/herself or select whomever he/she desires to represent him/her in the grievance procedure.

5. If an employee fails to proceed with a grievance within any of the time limits specified in this policy, the grievance shall be deemed settled on the basis of the last decision reached.

6. If management fails to respond within any of the time limit specified in this policy, the employee may proceed to the next level as if management responded on the last day possible.

7. An extension of the time limits specified in this process may be provided when mutually agreed upon by all parties concerned.

Article 6 - Disciplinary Action

A. Disciplinary Authority

The department director shall have the right, for reasonable cause, to demote, dismiss, reduce in pay or suspend without pay for up to thirty (30) calendar days any regular member of the unit. An appeal process for "punitive action" other than a demotion, dismissal, reduction in pay or suspension is included as Attachment VIII to this MOU.

B. Discipline Procedure

The department director or designee proposing that action be taken shall provide the employee with written notice of the proposed action. The written notice shall contain the date it is intended to be effective, the charge(s) and facts on which the proposed action is based and notification that the employee is entitled to respond to the charges orally or in writing to the department director or designee within seven (7) calendar days of receipt of notification. Failure of the employee to make a written or oral response or request will constitute waiver of the right to respond. Further, the employee shall be provided with the relevant written materials, written reports and documents considered by the department director or designee in reaching his/her decision to propose the action.

If, the employee elects to respond in person, a meeting shall be scheduled with the department director or designee to whom the employee shall be given the opportunity to respond to the proposed action. Subject to the provisions of Government Code section 3303(i), the employee shall be entitled to be represented by counsel or other person of his/her choosing at the meeting.

If after following the above procedure discipline is implemented, a written notice of discipline shall be served upon the employee. Said notice shall inform the employee of his/her appeal rights, if any.

The director will hear employee responses to all contemplated disciplinary actions, which propose a penalty equal to or more severe than a forty-hour suspension without pay.

The City shall have the right to put any employee on immediate paid administrative leave pending investigation and processing of any potential disciplinary action.

The provisions of this Article shall not apply to reductions in pay, which are part of a general plan to reduce salaries and wages or to eliminate positions.

C. Appeal

1. Right of Appeal:

When formal disciplinary action has been taken by the department director or designee and the employee has received written notification of the action, the employee shall have the right to appeal as provided below. Failure to appeal by the employee or his/her representative will make the disciplinary action final and conclusive.

2. Appeal Procedure:

An employee who has passed initial probation who has been demoted, dismissed, reduced in pay or significantly suspended without pay, may appeal to the City Manager within fourteen (14) calendar days after having been furnished with a copy of the notice of discipline by filing a written answer to such charges and requesting a hearing thereon.

It is expressly understood that separation due to involuntary retirement for disability shall not be considered discipline for the purpose of this Article. Procedures for contesting separation due to involuntary retirement shall be as set forth in the City's Defined Benefit Retirement Plan for employees covered by that plan.

3. Hearing Procedure:

a. The City Manager shall appoint a Hearing Officer to conduct hearings on appealable disciplinary actions imposed pursuant to this Article.

b. Hearings shall be conducted in the manner most conducive to determination of the truth, and the Hearing Officer shall not be bound by technical rules of evidence.

c. The Hearing Officer shall determine the relevancy, weight and credibility of testimony and evidence. The Hearing Officer shall base his/her findings on the preponderance of evidence.

d. Each side will be permitted an opening statement and closing argument. The department director shall first present his/her witnesses and evidence to sustain the charges, and the employee will then present his/her witnesses and evidence in defense.

e. Each side will be allowed to examine and cross-examine witnesses.

f. Both the department director and the employee or their respective designees may be represented by legal counsel.

g. The Hearing Officer shall, if requested by either party, subpoena witnesses and/or require production of other relevant records or material evidence.

h. The Hearing Officer may, prior to or during a hearing, grant a continuance for any reason he/she believes to be important to his/her reaching a fair and proper decision.

i. The Hearing Officer shall prepare a recommended decision and forward it to the City Manager after the matter of appeal was taken under submission by the Hearing Officer. The recommended decision shall set forth which charges the Hearing Officer sustains or does not sustain and the reasons therefore.

j. After receiving the recommendation of the Hearing Officer, the City Manager may sustain or reject any or all of the charges filed against the employee. He/she may sustain, reject or modify the disciplinary action invoked against the employee.

k. The employee or his/her representative may obtain a copy of the transcript of the hearing upon request and agreement to pay for necessary costs.

D. Dismissal:

Dismissal of any employee from the competitive service shall, unless otherwise ordered:

1. Constitute a dismissal as of the same date from all positions which the employee may hold in the competitive service.

2. Result in an automatic removal of the employee's name from all employment lists on which it may appear.

3. Terminate the salary of the employee as of the effective date of his/her dismissal, as indicated in the notice of discipline except that he/she shall be compensated for any unpaid salary, unused vacation and unused compensatory time off to his/her credit as of the date of dismissal.

Article 7 - Wages

Salary Adjustments

The salary ranges of classifications covered by this Agreement shall be as set forth in the Schematic Arrangement of Class Titles and Salary Ranges as shown on Attachment I.

Effective the pay period that includes September 1, 2017, the base salary of employees in this bargaining unit shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the base salary of employees in this bargaining unit shall be increased by percent (2.0%).

Salary Upon Promotion to Lieutenant

When a Sergeant promotes to Lieutenant, the employee's salary on promotion will be calculated as an eight percent (8%) increase over the employee's current base pay plus any P.O.S.T pay per the IPA MOU the employee is earning at the time of promotion, limited to the maximum of the Lieutenant range.

Management Incentive Pay

Employees in the IPMA Unit shall be eligible to receive 3% management incentive pay above their base salary, in recognition of the unique nature of their work.

Pay for Performance

Upon completion of a written performance review, employees may be eligible for merit adjustments in the following manner.

- Employees whose salary is below the maximum of their salary range, and who receive a "Meets Expectations" performance review, will be eligible for a 3% base salary adjustment up to the maximum.

- Employees whose salary is below the maximum of their salary range, and who receive an “Exceeds Expectations” performance review, will be eligible for a 4.5% base salary adjustment up to the maximum.

- Employees whose salary is below the maximum of their salary range, and who receive an “Outstanding” performance review, will be eligible for a 6% base salary adjustment up to the maximum.

- Employees whose salary is near the maximum of their salary range, and who receive a “Meets Expectations” or “Exceeds Expectations” or “Outstanding” performance review, will only receive that portion of the pay increase which increases their base pay up to the maximum of the salary range.

- Employees who receive a “needs improvement” performance review are not eligible for any salary increase.

- Employees whose salary is at the maximum of their salary range are not eligible for any salary increase.

- The dates for performance reviews and eligibility for merit pay adjustments will be adjusted for unpaid leaves of absence in excess of thirty (30) days.

Article 8 – Bilingual Pay

The Chief of Police shall designate which positions shall be assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified employees who meet the following criteria shall receive an additional $115.00 per month, while serving in such positions and utilizing such designated second language(s).

A. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.
B. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

Article 9 – Special Events Pay

It shall be the responsibility of the Chief of Police to monitor the application of the special events policy, and he has the authority to exercise management rights as outlined in Article II of this Agreement.

The Chief of Police may assign employees covered by this Agreement to work at a special event in a management capacity. Employees working in this capacity shall be compensated at one and one-half times the employee's classification's top range of pay plus professional achievement pay if the City is reimbursed at the employee's rate of pay. Otherwise the employee will be reimbursed at the Lieutenant rate.

Article 10 – Benefits

A. The City shall provide the following as options to the employee for employee and dependent coverage.

Medical

One (1) indemnity medical plan

Two (2) health maintenance organizations (HMO)

Dental

One (1) dental HMO (Guardian)

One (1) group dental PPO (Guardian)

Vision

One (1) vision care plan

The total cost to the City for medical, dental and vision insurance shall not exceed the following per month:

Employee Only	$694.04
Employee plus one	$754.04
Family	$1064.31

The medical tier that the employee selects will drive the insurance cap that is applied to the employee's health benefit selections. To the extent provided by the Internal Revenue Code, any premiums paid by an employee through payroll deductions for insurance coverage described herein shall continue to be paid with pre-tax dollars.

B. Employees have the option of enrolling themselves and/or their dependents into a no-cost medical plan rather than being subject to the cap as set forth in Article XI, item A, above. Under the no-cost plan, the City will provide any HMO Medical Plan and any HMO Dental Plan offered by the City, as described in Article XI, item A,

above. Under this option, employees may choose to upgrade from the HMO Dental Plan to the PPO Dental Plan, however the employee will be required to pay the difference in premium between the HMO Dental Plan and the PPO Dental Plan.

Effective January 1, 2015, any increase in the cost of the HMO Medical Plans over the costs in effect December 31, 2014 will be borne as follows: The City will pay 95% of the increased cost, and employees enrolled in HMO Medical Plans will pay the remaining 5% of cost increases in annual premiums. Each year thereafter, the amount paid by employees in prior years will be added to that portion of the increase (five percent 5%) the employees will pay in the current year.

C. Affordable Care Act Reopener

The City may reopen the MOU on the issue of health insurance solely for the purpose of discussing potential impacts from or modifications to the Affordable Care Act. The City shall make no changes to health insurance benefits or City contributions toward health insurance benefits under the reopener, absent mutual agreement between the City and IPMA.

D. Employees not claiming dependents on their medical, dental, psychological and vision plans shall receive $150 per month. The stipend may be taken as taxable cash.

Employees who are able to demonstrate to the City's satisfaction that they have minimum essential coverage as defined by the Affordable Care Act, (through another source other than coverage in the individual market, whether or not obtained through Covered California) may opt out of participation in the City's health plan.

E. Citywide Insurance Committee

The Citywide Insurance Committee shall be composed of one representative from each of the following: Irvine Police Management Association, Irvine Police Association, Irvine Professional Employees Association, Irvine City Employees Association, Supervisory/Administrative employees, Management employees,

Confidential employees and the Manager of Human Resources who shall be the Chairperson of the Committee.

The functions of the Committee shall be to review coverages, cost containment methods, claims processing service, and claims experience. The committee will be provided with such information and claims history, and proposed changes in rates or coverage.

F. Disability Insurance

1. The City shall provide major disability coverage with benefits at 66- 2/3% of the employee's monthly earnings.

2. Pursuant to the City of Irvine Personnel Policy, the City shall continue to pay for the health, dental and vision (employee only vision) benefits for the first six months for the employee out on long-term disability.

G. Life Insurance

Employees covered by this Agreement shall be provided a life insurance plan in the amount equal to a full year's base salary rounded up to the next $1,000, with a minimum amount of $85,000 and a maximum amount of $150,000.

H. Telecommunication Allowance

Employees shall be provided a $100 monthly allowance for cellular service. In addition, a reimbursement of up to $200 for cellular equipment will be provided upon receipt of invoice initially (following appointment to affected classification) and once every two years thereafter, if necessary to replace existing equipment. All purchases shall conform to the approved list of equipment as determined by the Chief of Police. All contracts for cellular service shall be between the provider and the individual.

I. Flexible Spending Account

The City shall administer a Flexible Spending Account (IRS Code Section 125) to provide employees a mechanism by which they may reduce their salary and pay for eligible expenses with pre-tax dollars. The Association agrees that the City will use

what legal means exist to recover costs for claims paid in advance of sufficient employee payroll deduction being made, upon the employee's separation from the City.

J. Take Home Vehicle

Employees in the unit shall be provided with a take home vehicle to facilitate the ability to immediately respond to after-hours emergencies ensuring the safety of, and reducing any further risk to, the community. California law allows the incidental and minimal personal use of City vehicles. Employee use of his/her take home vehicle to transport a family member(s), or other person(s) who is not an employee of the City, that is minimal in nature and consistent with legal restrictions, is permitted.

Article 11 - Retirement Plan and Retiree Health Insurance

A. Extension of Health Insurance Beyond Retirement

Any employee covered by this MOU who retires and has completed 15 years of service with the City or 10 years of service with the City and has reached the age of at least 50 years, or who has been medically retired at any age, shall be entitled to purchase the medical insurance plan in effect at the time. The employee shall pay the City premium group rates for employee and the employee's dependents, at the cost to the former employee, now retiree.

The spouse of an eligible retired unit member may continue to purchase the medical insurance after the death of the retired employee, provided that the spouse was covered under a City insurance plan at the time of the retired employee's death and provided that there has been no break in coverage since the employee's retirement. This eligibility for continued coverage ceases if such spouse remarries.

B. Retiree Health Benefits

1. Employees who previously participated in the Irvine Employees Benefit Trust (IEBT), formerly VEBA, administered by the Irvine Police Association (IPA) shall contribute an amount equal to 3% of the top step police sergeant base salary to the IPA IEBT. Effective the pay period including September 1, 2017,
    a. The City shall contribute on behalf of each employee, an amount equal to 1.25% of each employee's base salary to the IPA IEBT.
    b. The employee shall contribute the difference of the amount listed in Section B1(a) above and 3% of the top step sergeant base salary to the IPA IEBT.

2. All other employees shall contribute an amount equal to 3% of base salary to a Retiree Health Savings (RHS) account. Effective the pay period including September 1, 2017, this 3% contribution amount shall be allocated as follows:

    a. The City shall contribute an amount equal to 1.25% of base salary.
    b. The employee shall contribute an amount equal to 1.75% of base salary.

C. The provisions of section C shall apply to all new employees and to employees, as of February 2, 2002, who elected to waive their rights in the City of Irvine Defined Pension Plan and who elected to transfer to the CalPERS program through the irrevocable election process. All members covered by CalPERS shall no longer be entitled to any benefits past, present or future, provided by the City of Irvine Defined Benefit Pension Plan.

1. The City's contract with CalPERS shall include the following options:
    - 3% at 50 Full Formula for Local Police Safety Members (Cal. Govt. Code Section 21362.2)
    - One Year Final Compensation (Cal. Govt. Code Section 20042)

- Military Service Credit as Public Service (Cal. Govt. Code Section 21024), in which the employee pays the entire cost
- Post Retirement Survivor Allowance (Cal. Govt. Code Sections 21624, 21626 and 21628)
- Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427)
- Fourth Level 1959 Survivor Benefits (Cal. Govt. Code Section 21574).

All employees hired on or after the effective date of the CalPERS contract (February 5, 2002) shall become members of the CalPERS Retirement Program. Employees who promote into IPMA, who had previously elected to waive their rights to the CalPERS program and remained in the City of Irvine Defined Benefit Pension Plan through the irrevocable election process, shall remain in the City of Irvine Defined Benefit Pension Plan and be covered by its provisions as noted in their former MOU.

Once a member of the CalPERS Retirement Program, such participation shall continue until the employee terminates employment with the City for any reason.

2. All "New Members" within the meaning of the California Public Employees Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will be placed in the Sworn Tier 3 Plan; 2.7% at 57.

3. <u>Member Contribution</u>

a. All "New Members" hired by the City on or after January 1, 2013 will pay the full employee contribution, which will be one-half the normal cost rate as determined by CalPERS.

b. For employees who are members of the City's 3% at 50 CalPERS plan, the full nine percent (9%) member contribution will be paid by the member,

through pre-tax payroll deduction. The City has adopted the CalPERS resolution in accordance with IRS Code section 414(h)(2) to ensure that the employee contribution is made on a pre-tax basis.

4. Cost Sharing:

All unit members enrolled in CalPERS who are not new members under PEPRA shall contribute an amount through payroll deductions equal to an additional three percent (3.0%) of compensation earnable as cost sharing of the City's required contribution to CalPERS under Government code section 20516(f). These cost sharing deductions shall be made on a pre-tax basis to the extent allowed under applicable law. These employees are responsible for paying an additional pension contribution of three percent (3%) as cost sharing in accordance with Government Code section 20516(f), for a total employee pension contribution of twelve percent (12%). Effective January 1, 2018, to the extent permitted by law, the parties agree that this additional three percent (3%) shall be considered member contribution per Government Code section 20516.5. However, the City shall be under no obligation to amend its contract with CalPERS in order to ensure that the three percent (3%) is treated as employee contribution.

5. Uniform Evaluation

Sworn officer uniforms will be valued annually and shall be expensed for PERS purposes **(**except for "new members" as defined by PEPRA) on a bi-weekly basis. The uniform valuation amount is $25.47 per pay period.

Article 12 - Police Management Professional Achievement Plan Program

1. An employee will be eligible for a seven percent (7%) Professional Achievement benefit upon completion of a California P.O.S.T. Management course. This benefit shall cease if the employee is not eligible and/or does not apply for his/her P.O.S.T. Management Certificate within two years of being promoted.

2. An employee will be eligible for an additional five percent (5%) Professional Achievement benefit upon completing a two-year P.O.S.T Command College or attaining a Master's Degree in Criminal Justice, Sociology, Public Administration, Business Administration, or a related field from an accredited college or university. The five percent (5%) benefit shall be calculated on a base amount that includes the seven percent (7%) benefit described in Section 1 above.

Article 13 – Administrative Leave

Employees shall not be required to charge accrued paid leave accounts or take leave without pay for an absence of less than four hours for personal reasons. Effective the first full payroll period in January of each year, employees will receive forty (40) hours of Administrative Leave per calendar year. Administrative Leave will be prorated on a monthly basis for Police Management employees appointed into the IPMA unit during the calendar year. Additional Administrative Leave may be approved by the department director or City Manager. Administrative Leave must be used by the end of the calendar year and such hours shall not be accrued from year-to-year or paid off upon termination.

Although an employee will not be required to charge accrued paid leave accounts or take leave without pay for an absence of less than one day, employees who will be absent from work for more than one day, are required to receive approval from the Chief of Police or his/her designee before such leave is taken.

Article 14 – Annual Physical Examination

The City shall reimburse Police Lieutenants and Police Commanders to a maximum of $500 for expenses incurred as a result of an annual physical examination. An annual physical is optional. Expenses eligible for payment by the City health insurance plan shall not be eligible for reimbursement.

Article 15 - Leaves

A. Vacation

Police Commanders and Police Lieutenants shall accrue vacation credits on a monthly basis as follows:

Years of Service	Annual Vacation Credits	Maximum Accrual
1 through 3	120 hours	360 hours
after 3 through 10	160 hours	480 hours
after 10 or more	200 hours	600 hours

"Years of Service" is defined as consecutive, full-time service with the City of Irvine. When an employee earns vacation in excess of the cap on accrual, the employee shall be paid for the vacation during the pay period earned and the employee's base rate of pay. The times during a calendar year at which an employee may take his/her vacation shall be determined by the Chief of Police or his/her designee with due regard for the wishes of the employee and particular regard for the needs of the City.

In the event one or more municipal holidays occur while an employee is on an annual vacation leave, such holidays shall not be charged as vacation leave but rather as holidays.

Employees who terminate employment shall be paid in a lump sum for all accrued vacation leave earned prior to the effective date of termination. Accrued vacation will be cashed out at the final rate of pay, which is base rate plus any Police Management and Professional Achievement Plan incentive pays to the extent that an employee qualifies for the particular incentive pay.

B. Vacation Buyback

On or before the pay period which includes December 15 of each calendar year, an employee may make an irrevocable election to cash out up to forty (40) hours of accrued vacation (in eight hour increments) which will be earned in the following

calendar year at the employee's base rate of pay. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

C. Personal Sick Leave

Employees shall accrue Personal Sick Leave credits at the rate of eight (8) hours per month.

In order to receive compensation while absent on sick leave, the employee shall notify his/her immediate superior or designee two (2) hours prior to the time set for beginning his or her daily duties, or as may be specified by the director of his/her department. When absence is for one workday or more, the employee may be required to file a physician's certificate with the Personnel Officer, stating the nature of the illness.

An employee receiving temporary disability payments under the Workers' Compensation Laws may use a pro-rated amount of accumulated sick leave in order to continue to maintain his/her regular income. Under such circumstances, the employee shall submit any benefit payments from the Workers' Compensation fund to the Finance Officer.

D. Personal Sick Leave Conversion

1. Personal Sick Leave Conversion –Upon honorable separation from service, which includes a disability retirement, a service retirement, or a layoff, a regular employee's sick leave accruals will be converted based on the sick leave conversion schedule shown below:

Years of Service	Conversion Rate
0 through 5	0
5 through 10	33%
10 through 20	50%
20 through 25	80%
25 +	90%

"Years of Service" is defined as consecutive, full-time service with the City of Irvine. Upon separation from the City, the converted value of sick leave accruals will be transferred to the Sick Leave Conversion/Retiree Premium Reimbursement Plan.

2. Upon promotion to an unrepresented sworn position with the City, sick leave over 250 hours will be converted into a Retiree Health Savings Account. Conversion rate is based on years of service as referenced in 1., above.

E. Personal Leave

1. Effective the pay period which includes January 1 of each year employees will receive seventy-two (72) hours of personal leave. Such hours shall not be carried over from year to year. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 72 hours. Regular and probationary employees who commence employment with the City or return from an unpaid leave of absence from the City after January 1 will receive twenty-four (24) hours less Personal Leave for every four (4) months the employee is not on paid status with the City.

2. The employee shall notify his/her immediate or designated supervisor of the use of a Personal Leave day at least 24 hours in advance unless circumstances beyond the employee's control prevent such notification.

F. Bereavement Leave

Employees shall receive up to forty (40) hours per calendar year for absence necessitated by the death of immediate family members. Employees who commence employment with the City or return from an unpaid leave of absence from the City after January 1, will receive eight (8) hours less Bereavement Leave for every three (3) months the employee is not on paid status with the City.

The immediate family shall be defined as the spouse, registered domestic partner, children, parents, brothers, sisters, grandparents, parents-in-law, grandparents in-law or other individuals whose relationship to the employee is that of a dependent or a domestic partner as defined by California Family Code section 297, or a person who stood *in loco parentis* (in place of a parent) to the employee.

Where such death has occurred and upon request of the department director the employee shall furnish satisfactory evidence of such death.

G. Parenthood Leave

A regular employee may be granted a temporary parenthood leave of absence without pay upon approval from the City Manager not to exceed 180 calendar days per year upon presentation of evidence to his/her department director of the birth or adoption of the employee's child. Any such leave will run concurrently with parenthood leave as provided for under the FMLA and CFRA.

H. Military Leave

An employee shall be entitled to such benefits as are provided by law. An employee requesting such military leave, shall present a copy of his/her military orders to his/her department director prior to the beginning of the leave.

All paid leave hours accrued shall be prorated based on the number of hours worked or paid up to 80 hours in a pay period.

Article 16- Holidays and Holiday Pay

The recognized holidays to be observed by the City in each calendar year during the term of this Agreement shall be as follows:

New Year's Day
Martin Luther King, Jr. Day
Washington's Birthday
Memorial Day
Independence Day
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

The City shall determine the actual dates for each of the eleven (11) foregoing holidays. Holidays falling on Sunday shall be observed on the following Monday. Holidays falling on Saturday shall be observed on the preceding Friday unless this, too, is a holiday and then one day sooner. These provisions shall not apply to employees who work on the following holidays which shall be observed on the actual dates: New Year's Day-January 1; Independence Day-July 4; Christmas Eve-December 24; and Christmas Day-December 25.

Employees required to work without regard to Holidays, shall receive a total of 110 hours Holiday compensation each calendar year for all recognized Holidays listed in this

Article. Holiday compensation shall be paid in the pay period of the recognized Holiday. All Holiday compensation will be paid at an employee's hourly base salary or at one and one-half times his/her base rate as described below in this article.
Employees who work a shift on a holiday which has been designated as such by the City shall receive regular compensation consisting of ten (10) hours of pay at his/her normal salary rate plus compensation at one-and one-half times his/her normal rate for hours actually worked.

Employees who do not work on a holiday shall receive pay for such holidays in an amount equal to their base hourly rate of pay times ten (10) hours provided they are in a paid status for all or a portion of both the regularly scheduled workday immediately prior to the holiday and the regularly scheduled workday immediately after the holiday. To the extent the City is permitted by Title 2 California Code of Regulations, section 571(a)(5) to report holiday compensation to CalPERS it will do so.

Any employee who is either on his/her regularly scheduled days off or who has been assigned the day off on any City holiday will receive the ten (10) hours Holiday Pay, plus time and one-half for any hours actually worked. As provided herein, paid status shall include any lawful absence by the employee for sick leave, family sick leave, personal leave, holiday, vacation, and any other paid leave of absence or time taken for compensatory time off.

Article 17 – Plain Clothes Assignments

Employees working in plain-clothes assignments may (with the provision of receipts) receive up to $300 per year in reimbursement for clothing costs.

Article 18 – Education Reimbursement

Regular employees shall be eligible for reimbursement of approved education and professional development expenses to a maximum of $1,300 per calendar year. Up to $500 of the employee's annual professional development fund may be used towards travel, hotel and meal expenses for City-approved conferences, seminars, and/or job-related training. Employees using professional development funds for travel-related purposes shall be subject to all guidelines established by City travel policies and procedures. Up to $250 of the employee's annual professional development funds may be used towards supplementing un-reimbursed expenses for his/her annual physical examination, subject to the provisions of Article 24 of the City's Personnel Rules and Procedures.

Article 19 - City Manager's Award for Employee Achievement

Management may recommend an employee achievement program that will provide financial awards to regular full-time and/or regular part-time City employees.

Article 20 - Hours of Work

The employees' work schedule shall be ten (10) hours per day including briefing and lunch, for four (4) days during their FLSA workweek. Management will determine shift starting times and shift configuration under the 4-10 plan.

Article 21- Promotions

A. Promotion to Police Commander and Deputy Police Chief

Employees meeting the minimum qualifications will have the opportunity to seek promotion to the ranks of Police Commander and Deputy Police Chief as vacancies occur at those ranks. The parties agree that the Chief of Police has the right to make a direct appointment to the classifications of Police Commander and Deputy Police Chief without utilizing a recruitment process.

If there are three candidates who meet the minimum qualifications for Police Commander, the City will fill the vacancy with an internal candidate. For the rank of Deputy Police Chief, the City retains the right to fill that vacancy either with an internal or external (from outside the City) appointment.

Article 22 – Layoff

For purposes of determining layoffs/demotions based on a reduced work force, seniority will be determined by total time as a full-time sworn employee of the Irvine Police Department. All other seniority within the department is based on time in grade by classification.

Article 23 - Completion of Meet and Confer Process

Each of the parties hereto agrees that it has had a full and unrestricted right to make, advance, and discuss all matters properly within the scope of meet-and-confer in accordance with State laws and local ordinances and regulations. Except as otherwise provided herein during the term of this MOU, the parties expressly waive and relinquish the right to meet and confer except by their mutual consent with respect to any subject or matter, whether referred to or covered by this MOU or not, even though each subject or matter may not have been within the knowledge or contemplation of either or both the City and Association at the time they met and conferred or executed this MOU, and even though subjects or matters were proposed and later withdrawn. The express provisions of this MOU constitute the only limitations upon the City's rights to determine, implement**,** supplement, change, modify, or discontinue in whole or in part any term or condition of employment or adopt any policy, rule, regulation or practice as the City deems fit and appropriate, provided, however, that the City shall comply with all federal and State laws relating to employee rights, opportunities, and benefits, except for the requirement to meet and confer with regard to such change, alterations, modifications, or exercise of the reserve powers of this MOU, which right has been expressly waived by the Association.

Article 24 - Concerted Activities

Apart from and in addition to existing legal restrictions upon and remedies for work stoppages, the Association hereby agrees that during the term of this MOU and through the completion of labor negotiations or until either party declares impasse , neither it nor its members or agents, representatives or persons acting in concert with any of them, shall incite, engage or participate in any strike, walkout, slowdown, sick-out or other work stoppage of any nature against the City whatsoever, or wheresoever located, including but not limited to disputes which are related to the subject matter contained in this MOU; disputes which are specifically not subjects of this MOU; disputes between the City and other employee organizations, persons or employees; jurisdictional disputes. In the event of any strike, walkout, slowdown, sick-out or other work stoppage or threat thereof against the City, the Association and its officers will take all steps reasonable within their control to end or avert the same.

Those represented by the Association will not authorize, engage in, encourage, sanction, recognize or assist in any strike, slowdown, walkout, sick-out or other work stoppage against the City or picket in furtherance thereof, or participate in unlawful concerted interference in violation of this provision, or refuse to perform duly assigned services in violation of this provision. It is understood that any person represented by the Association found in violation of this provision will be subject to discipline, including termination, as determined by the City Personnel Officer, according to personnel rules and regulations.

Article 25 - Term

The terms and conditions of the MOU will be effective the date of City Council approval of the Agreement unless otherwise stated in the MOU.

The Agreement shall remain in force and effect until June 30, 2019, and supersedes all other agreements between the parties.

ATTACHMENT II

CITY OF IRVINE – IRVINE POLICE MANAGEMENT ASSOCIATION TRANSITION AGREEMENT FOR PERS BENEFITS

This Transition Agreement ("Agreement") is entered into effective as of July 1, 2001, by and between the City of Irvine ("City") and the Irvine Police Management Association ("IPMA") pursuant to Article XII of the Memorandum of Understanding ("MOU") between the City and the IPMA effective July 1, 2001. This Agreement sets out details for transition from the existing City Sworn Police Defined Benefit Pension Plan ("City DB plan") to the California Public Employees' Retirement System ("PERS") for providing retirement and related benefits to IPMA represented, active City employees ("IPMA employees") as of January 1, 2002.

BACKGROUND FACTS

A. The City and the IPMA have entered into an MOU under which the City will contract with PERS for PERS to provide retirement benefits to IPMA employees instead of the City providing retirement benefits under the City DB plan.

B. The level and type of benefits that will be provided by PERS to IPMA employees are provided in Article XII of the MOU. The specific benefits are governed by PERS rules and regulations.

C. Under the MOU, the provision of benefits by PERS to IPMA employees is contingent upon a number of events, set out below.

AGREEMENT

The City and IPMA agree as follows with respect to the provision of retirement and related benefits by PERS to active City employees who are represented by IPMA:

1. Agreement Is Part of the MOU

   This Agreement is an integral part of the MOU, and is based on the same consideration that supports the MOU.

2. PERS Benefits are Contingent

   The PERS benefits provided in Article XII of the MOU shall be provided to active IPMA employees only upon the occurrence of all of the following events:

   a. The City and PERS shall enter into an agreement that is reasonably satisfactory to the City for PERS to provide such benefits. The City shall make reasonable efforts to enter into such an agreement by January 5, 2002.

   b. The Irvine Police Association shall enter into an agreement with the City that is substantially the same as this Agreement, for its represented employees, prior to any execution of an agreement between the City and PERS.

   c. A sufficient majority of IPMA employees and other qualified employees elect to participate in PERS instead of the City DB plan to provide retirement and related benefits. The election shall be conducted in accordance with PERS rules and the sufficient majority shall be determined in accordance with PERS rules.

   d. If a sufficient majority elects PERS instead of the City DB plan, each existing IPMA-represented employee is given a one time irrevocable option to waive out of the City DB plan and to instead become a member of PERS for his or her retirement and related benefits. Such option shall be exercised at the time and in the manner established by the City in accordance with PERS rules.

   e. The transfer of appropriate plan assets from the City DB plan to PERS is completed pursuant to an agreement between the City and PERS.

3. Effective Date of Change to PERS

   a. The effective date of the PERS retirement plan shall be January 5, 2002, or as soon thereafter as is practical pursuant to an agreement between the City and PERS.

b. No change shall be effective prior to the date that all elections and choices described herein are completed, all necessary or appropriate agreements have been executed with PERS, and all necessary and appropriate actions taken under such agreements.
c. Prior to the effective date of a change to PERS (if any), the terms and conditions of the City DB plan shall govern the benefits of all IPMA-represented employees. Therefore, for example, the City DB plan shall govern the benefits paid and payable to IPMA employees prior to such effective date for events such as: retirement, death, disability and purchase of service.

d. The City shall expeditiously take all reasonable steps to provide for an effective date of January 5, 2002. However the City and IPMA recognize and acknowledge that PERS has authority over the timeline for implementation and may be unable to act as quickly as is preferred by either the City or the IPMA.

4. Benefits And Other Factors May Be Changed In The Future

a. The optional PERS benefits that will be provided to active IPMA employees are provided in Article XII of the MOU, subject to this Agreement and PERS rules.

b. Except to the extent required by law and subject to vested rights acquired by affected employees, the City does not promise that these PERS benefits, or the benefits provided by the City DB plan, will remain unchanged after the end of the current term of the MOU. The IPMA explicitly acknowledges the limitation set out by this section.

c. Subject to vested rights acquired by employees, other factors that may affect benefits paid from the City DB plan and from PERS may also change in the future, including but not limited to the method of plan governance and the investment strategy and results of each of these plans. The IPMA explicitly acknowledges that such factors may change.

5. Elections Required To Join PERS

a. All active employees represented by the IPMA, and other eligible employees pursuant to rules of PERS, including the current active members of the IPA, will

participate in an election to choose (or not choose) PERS instead of the City DB plan.

b. The election shall occur at the time and place and in the manner prescribed by PERS rules and in accordance with the agreement between the City and PERS.

c. If a sufficient majority (as defined by PERS rules) votes to choose PERS to provide retirement and related benefits, then each IPMA-represented employees shall have the right to individually waive out of the City DB plan and instead transfer to PERS. Such choice shall be allowed only once for any current active IPMA-represented employee and his or her choice shall be irrevocable.

d. Any IPMA-represented employee who transfers to PERS shall have his or her retirement and related benefits provided by PERS pursuant to the provisions of Article XII of the MOU. All factors and other elements that are used to determine the amount and form of benefits payable from PERS shall be as provided by PERS, and shall not be governed by the City DB plan.

e. Prior to any election and any individual choice described in section 5,c above, the City will request that PERS take reasonable steps to provide each IPMA-represented employee with generally relevant information concerning PERS. Each IPMA-represented employee has the individual responsibility, however, to obtain all information that is relevant for his or her benefits and for his or her decision in an election or individual choice. The City expressly disclaims all responsibility for any decision in an election or individual choice made by any IPMA-represented employee with respect to participating in PERS or in the City DB plan.

f. Every employee represented by IPMA who is hired by the City on and after the effective date on which retirement and related benefits are provided to IPMA employees from PERS shall automatically participate in PERS for those benefits and shall not be eligible to participate in or receive any benefits from the City DB plan (or any other retirement plan) of the City.

6. Transfer of Assets to PERS from the City DB Plan
    a. If the conditions required for a transfer from the City DB plan to PERS are satisfied, then the City shall direct the Board of Trustees of the City DB plan to transfer all appropriate assets (except as provided below) of the City DB plan directly from the trust of the City DB plan to the appropriate PERS fund. Such transfer shall occur at the time and in the manner set out by agreement between the City and PERS and in accordance with the PERS rules.

    b. Assets shall be retained in the trust fund under the City DB plan in an amount to pay for benefits accrued to date and reasonably projected to be accrued during the relevant plan members' remaining working lifetime for IPMA employees who choose to remain in the City DB plan.

7. Transfer of Liabilities for Benefits to PERS from the City DB plan
    a. If the conditions required for a transfer from the City DB plan to PERS are satisfied, then any responsibility and liability for retirement benefits will be assumed by PERS according to the provisions of the MOU, PERS rules and the agreement between the City and PERS. For employees who elect to participate in PERS, the City DB plan will no longer be liable for any benefits.

    b. Liabilities for benefits shall be retained by the City DB plan for benefits earned by IPMA employees who choose to remain in the City DB plan.

8. Administration of the City DB plan
    a. Prior to a transfer (if any) of any assets or liabilities from the City DB plan to PERS, the City DB plan shall be governed in accordance with the current plan document, trust document and current practices.

    b. The City shall have full responsibility and authority, as Plan Administrator of the City DB plan, to implement any agreement of transfer of assets and benefit liabilities from the City DB plan to PERS.

c. The Board of Trustees under the City DB plan shall be directed by the City to cooperate to the fullest possible extent with the Plan Administrator, the City, and PERS to transfer and to facilitate the transfer of assets of the City DB plan to the appropriate PERS fund.

d. After the transfer (if any) of assets from the City DB plan to PERS has been substantially completed, the City shall amend the City DB plan to reconstitute the Board of Trustees to consist of one or more persons who can most appropriately (in the judgment of the City) act as trustee for the limited amount of assets remaining in the City DB plan. The City shall also amend the City DB plan to limit the role of the Committee under the City DB plan to making disability determinations in the manner that it currently does.

9. Termination of the City DB plan

Subject to the requirements of federal tax law governing qualified retirement plans, when all liabilities for benefits payable under the City DB plan have been paid or provided for (e.g., by transfer of assets and liabilities to PERS and/or by purchase of an annuity contract from a third party), then the City at its sole discretion may terminate and dissolve the City DB plan. On termination and dissolution, any plan assets that are in excess of liabilities shall revert to the City.

10. Miscellaneous

a. The City, as administrator of the City DB plan and contracting employer under any PERS contract, shall have the responsibility and the authority to take all actions reasonable and appropriate to implement this Agreement, including but not limited to interpreting its provisions.

b. To the extent that conflict exists between this Agreement and the MOU, this Agreement shall govern.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date(s) set out below.

IPMA Side Letter Agreement to MOU
Amendment to Holiday Pay
Contract Period: August 11, 2015 – August 10, 2017
Effective August 11, 2015

Effective with City Council Resolution 16-46, modifications were made to the following MOU Article:

HOLIDAY PAY

The amendment to Article XVIII, Holidays and Holiday Pay enacted on June 14, 2016 in the Memorandum of Understanding between the City of Irvine and Irvine Police Management Association for the time period of August 11, 2015 through August 10, 2017, shall be incorporated in the Memorandums of Understanding for the time periods of:

August 11, 2013 through August 10, 2015
August 11, 2011 through August 10, 2013 (amendment to extend the 2009-2011 MOU)
July 1, 2009 through June 30, 2011

Attachment VIII – Disciplinary Appeals Process

The following administrative appeal process is established pursuant to *Government Code* section 3304.5. This procedure shall not apply to disciplinary actions for which unit members already are entitled to receive an appeal hearing pursuant to Article VI of the this MOU for demotion, dismissal, reduction in pay for disciplinary reasons, or suspension without pay. Moreover, this procedure shall not apply to appeals of punitive transfers, i.e. transfers which are imposed as corrective action following alleged misconduct by officers irrespective of whether a transfer will result in a loss of pay. A transfer which is not expressly intended as corrective action shall not be considered a punitive transfer regardless of whether it results in a loss of pay.

This procedure shall only apply to written reprimands, non-punitive transfers which result in a loss of pay, and any other punitive actions (as that term is defined by *Government Code* section 3303).

1. Right to Administrative Appeal

   A. Any unit member who is subjected to punitive action (within the meaning of *Government Code* section 3303) other than one which may be appealed pursuant to Article VI of this MOU.

   B. The member shall not be entitled to appeal a punitive action prior to its imposition.

   C. A unit member who appeals a punitive action under this procedure shall bear his/her own costs in association with the appeal hearing, including but not limited to any and all attorney fees.

2. Notice of Appeal

   A. Within ten (10) calendar days of being notified of a punitive action, the unit member shall notify the Chief of Police in writing of his/her intent to appeal the punitive action.

B. The notice of appeal shall specify the action being appealed and the grounds for the appeal.

C. Failure to timely serve written notification of an appeal shall result in waiver of any right to appeal.

3. Hearing Officer

A. The Chief of Police shall have ten (10) calendar days from receipt of the notice of appeal to appoint a hearing officer who is not embroiled in the controversy, i.e. a person who did not initiate or directly authorize the action in question.

1. The Chief of Police shall have discretion to appoint an employee of the City or a professional hearing officer, mediator or arbitrator to serve as the hearing officer.

2. The Chief of Police shall have discretion to serve as the hearing officer.

B. The hearing officer shall serve in an advisory capacity and shall be responsible for making recommended findings of fact and issuing an advisory decision to the Chief of Police. The Chief of Police may adopt, modify, or reject the hearing officer's recommendations and advisory decision and the Chief's decision shall be final and binding.

C. If the Chief of Police initiated, or directly authorized the punitive action being appealed, then the Personnel Officer of the City shall assume the responsibilities otherwise assigned to the Chief of Police under this procedure.

4. Burden of Proof/Persuasion

A. If the action being appealed does not involve allegations of misconduct (i.e. allegations that the officer has violated one or more federal, state, or local laws, and/or City or Police Department regulations, procedures, or rules), then the

limited purpose of the hearing shall be to provide the officer the opportunity to establish a record of the circumstances surrounding the action. The Department's burden shall be satisfied if the Department establishes that the action was reasonable, even though reasonable persons might disagree about whether the action was the best one under the circumstances.

B. If the action being appealed does involve allegations of misconduct (i.e. allegations that the officer has violated one or more federal, state, or local laws, and/or City or Police Department regulations, procedures, or rules) the Department shall have the burden of proving by a preponderance of the evidence the facts which form the basis for the charge of misconduct and the burden of persuasion that the punitive action was reasonable under the circumstances.

5. Conduct of Hearing

A. The formal rules of evidence do not apply, although the hearing officer shall have discretion to exclude evidence that is incompetent, irrelevant or cumulative, or the presentation of which will otherwise consume undue time.

B. The parties may present opening statements.

C. The parties may present evidence through documents and testimony. Witnesses shall testify under oath. The oath may be administered by the hearing officer.

D. The parties shall only be entitled to confront and cross-examine witnesses if the punitive action involves charges of misconduct.

E. Following the presentation of evidence, if any, the parties may submit oral and/or written closing argument for consideration by the hearing officer.

6. Record of Hearing

If the punitive action involves an allegation of misconduct, then the hearing may be tape-recorded. The cost to receive a transcript of the hearing shall be borne by the party requesting the transcript.

7. Representation

The unit member may be represented by an association representative or attorney of his or her choice at all stages of the proceedings. All costs associated with such representation shall be borne by the unit member.

The Department shall also be entitled to representation at all stages of the proceedings.

8. Decision

A. The hearing officer should issue his/her advisory decision in writing within fifteen (15) calendar days of the submission of the case by the parties for decision. The written decision shall set forth proposed findings of fact and a proposed decision.

B. Within ten (10) calendar days of receipt of the advisory decision, the Chief of Police should serve the parties with written notice of his/her decision adopting, modifying, or rejecting the hearing officer's recommendations and decision.

If the Chief of Police modifies, or rejects the hearing officer's decision, then he or she shall review the entire record prior to making a decision.

The decision shall be served by first class mail, postage pre-paid, upon the unit member as well as his/her attorney or representative, shall be accompanied by an affidavit or certificate of mailing, and shall advise the unit member that the time within which judicial review of the decision may be sought is governed by *Code of Civil Procedure* section 1094.6.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ESTABLISHING A CLASSIFICATION AND COMPENSATION POLICY FOR CONFIDENTIAL EMPLOYEES OF THE CITY OF IRVINE, AND SUPERSEDING RESOLUTION NO. 15-79 EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, revisions have been made to the Classification and Compensation Policy.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE as follows:

SECTION 1. SALARY RANGES

The pay grades of classifications to which confidential employees are assigned shall be as set forth in the Schematic Arrangement of Class Titles and pay grades as shown in Attachment I and be effective the pay period that includes August 11, 2017.

SECTION 2. OTHER COMPENSATION COMPONENTS

Eligible confidential employees shall receive additional compensation benefits as follows:

1. Pension

A. The provisions of this Section 2.1 shall apply to employees, as of June 30, 2003, who elected to decline the CalPERS benefits.

1. The City shall invest an amount equal to 12.448% of each employee's base salary in the City of Irvine Defined Contribution Pension Plan (DCPP). Employees shall become fifty percent (50%) vested in such plan upon completion of the probationary period. Thereafter, such vested interest shall increase at the rate of five percent (5%) for every Plan Year in which the employee completes one-thousand (1000) hours of service. Once the employee has completed five (5) years of service, he/she shall become 100% vested in the retirement plan.

2. The City will deduct an amount equal to 6.552% of each employee's base salary to invest in the City of Irvine DCPP this payroll deduction shall be mandatory fo elected to remain in the City of Irvine DCPP.

3. All employees who elected to remain in the City of Irvine DCPP shall not be entitled to any CalPERS benefits, past, present, or future, as provided under Section 2.1.B of this Resolution. Employees, who elected to remain in the City of Irvine DCPP, shall continue

participation until the employee terminates his/her employment from the City for any reason.

4. The City will utilize retirement plan forfeiture funds to offset the City of Irvine DCPP administration and management costs.

B. The provisions of this Section 2.1.B shall apply to employees, as of June 30, 2003, who elected to waive their rights to the City of Irvine Defined Contribution Pension Plan (DCPP) and who elected to transfer to the CalPERS program.

1. The City's contract with CalPERS shall include the following options:

   a. 2.7% @ 55 Full Formula for Local Miscellaneous Members (Cal. Govt. Code Section 21354.5)

   b. One Year Final Compensation (Cal. Govt. Code Section 20042)

   c. Military Service Credit as Public Service (Govt. Code Section 21024), in which the employee pays the entire cost

   d. Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427)

   e. 4th Level 1959 Survivor Benefits (Govt. Code Section 21574)

   f. Limit Prior Service to Members Employed on Contract Date (Govt. Code Section 20938)

2. All eligible employees hired on or after July 5, 2003, the effective date of the CalPERS contract, shall become members of the CalPERS Retirement Program.

3. All active employees shall be members of CalPERS, unless they elected to decline the CalPERS benefits through the irrevocable election process. All employees covered by CalPERS shall no longer be entitled to any benefits past, present or future, provided under the City of Irvine DCPP referenced in Section 2.1.A above.

4. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

5. The CalPERS vesting schedule will apply (Cal. Govt. Code Section 21060).

6. Employer-Paid Member Contributions and New CalPERS Tiers:
   a. The full eight percent (8%) cost of the CalPERS member contribution will be paid by the employee.

b. Effective April 14, 2012, the City implemented the 2% @ 55 retirement program with the average of the three highest paid consecutive years for all employees hired on or after that date. Employees in the 2% @ 55 plan will pay the full 7% Member Contribution for the entire term of their employment.

c. All "new members" within the meaning of the California Public Employees' Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will become members of the City's Tier 3 plan; 2% at 62 formula for Miscellaneous employees. Employees will pay the full employee contribution, which will be one-half the normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

2. Retiree Health Plan

A. 1. For employees in classifications covered by this Resolution and listed in Section A. of Attachment I, the City shall contribute an amount equal to three percent (3%) of each employee's base salary in a Retiree Health Savings (RHS) account, which shall be administered by the employees covered in this Resolution.

2. For employees in classifications covered by this Resolution and listed in Section B. of Attachment I, the City shall contribute an amount equal to two percent (2%) of each employee's base salary in a Retiree Health Savings (RHS) account, which shall be administered by the employees covered by this Resolution.

B. An employee who has retired from the City and has either attained the age of sixty (60) years or is fifty (50) years old and has completed five (5) years of service with the City shall be entitled to purchase the medical insurance plan in effect at the time of retirement at the City's rates for the employee and the employee's dependents at the cost to the former employee, now retiree.

C. Each representation unit has determined the type of retiree health program in which its members shall participate. In order to ensure that the employees can maximize their benefits, the City agrees to allow employees to remain in the designated type of retiree health program throughout their service with the City, whether or not the employee moves to another representation unit(s). In the event an employee moves to another representation unit, the City will contribute an amount up to the contribution established for the new unit's retiree health plan and the employee will not be eligible to participate in any other non-voluntary health plan offered to City employees. If the City's contribution toward a retiree health plan in the new unit is less than what is required for the employee's designated retiree health plan, the difference will be deducted from the employee's pay.

3. Health Insurance Benefits

The City shall provide the following options to the employees for employee and dependent coverage, with noted exceptions.

A. Indemnity Medical Insurance
The City shall provide the option to employees to enroll in a medical indemnity insurance plan.

B. Indemnity Dental Insurance
The City shall provide the option to employees to enroll in a dental indemnity insurance plan.

C. Health and Dental Maintenance Organizations
The City shall provide the option to employees to enroll in a health maintenance organization and/or a dental maintenance organization.

E. Vision Care Plan
One (1) vision care plan.

F. For employees who choose the PPO medical plan, the total cost to the City for medical, dental, psychological and vision insurance shall not exceed $694.04 per month, per employee, $754.04 per month, per employee plus one (1) dependent or $1,064.31 per month per employee plus family. The medical tier that the employee selects will drive the insurance cap that is applied to the employee's health benefit selections. The cost of the dental enhanced plan, if selected by the employee, shall require employee premium contributions for the amount in excess of the premium for the standard plan.

G. Employees have the option of enrolling themselves and/or their dependents into a no-cost medical plan rather than being subject to the cap as set forth in item F., above. Under the no-cost plan, the City will provide any HMO Medical Plan and any HMO Dental Plan offered by the City, as described in item F., above. Under this option, employees may choose to upgrade from the HMO Dental Plan to the PPO Dental Plan, however the employee will be required to pay the difference in premium between the HMO Dental Plan and the PPO Dental Plan.

Effective January 1, 2015, any increase in the cost of the HMO Medical Plans over the costs in effect December 31, 2014, will be borne as follows: The City will pay 95% of the increased cost, and employees enrolled in HMO Medical Plans will pay the remaining 5% of cost increases in annual premiums. Each year thereafter, the amount paid by employees in prior years will be added to that portion of the increase (five percent 5%) the employees will pay in the current year.

4. Disability Insurance

The City shall provide a long-term disability insurance plan for employees.

5. Life Insurance

A. For employees listed in Section A of Attachment I:
The City shall provide a life insurance policy in the amount equal to a full year's base salary rounded up to the next $1,000 for each employee effective the first month following adoption of this Resolution.

B. For employees listed in Section B of Attachment I:
The City shall provide a life insurance policy in the amount equal to a full year's base salary rounded up to the next $1,000 for each employee effective the first month following adoption of this Resolution.

6. Flexible Spending Account

Employees may use pre-tax dollars to pay for eligible medical and dependent care expenses per Internal Revenue Code Sections 125 and 129. The City will use what legal means exist to recover cost for claims paid in advance of sufficient employee payroll deduction being made upon the employee's separation from the City.

7. Vacation

A. Employees listed in Section A of Attachment I shall accrue vacation credits as follows:

Years of Service	Annual Vacation Credits
1 through 3	80 hours
After 3 through 7	120 hours
After 7 through 10	130 hours
After 10 years or more	160 hours

B. Employees listed in Section B of Attachment I shall accrue vacation credits as follows:

Years of Service	Annual Vacation Credits
1 through 3	120 hours
After 3 through 10	160 hours
After 10 years or more	200 hours

Employees may not accrue more than eighty (80) hours of additional vacation beyond the annual rate at which they are eligible to earn vacation credits. When an employee earns vacation in excess of the maximum accrual, the employee shall be paid for vacation during the pay period earned and at the employee's base rate of pay.

The dates an employee may take his/her vacation shall be determined by the Department Director or the designee with due regard for the wishes of the employee and particular regard for the needs of the City.

In the event one or more municipal holidays falls within an annual vacation leave, such holidays shall not be charged as vacation leave but rather as holidays.

Employees who terminate employment shall be paid in a lump-sum for all accrued but not used vacation leave earned prior to the effective date of termination.

8. Vacation Buyback

On or before the pay period which includes December 15 of each calendar year**,** an employee may make an irrevocable election to cash out up to eighty (80) hours of accrued vacation (in whole hour increments) which will be earned in the following calendar year at the employee's base rate of pay. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

9. Personal Sick Leave

Employees shall accrue personal sick leave credits at the rate of eight (8) hours per month.

Unless unforeseen and extenuating circumstances arise, in order to receive compensation while absent on sick leave, the employee shall notify her/his immediate supervisor or the Personnel Officer prior to or within one (1) hour after the time set for beginning her/his daily duties, or as may be specified by the head of her/his department. When absence is for one workday or more, the employee may be required to file a physician's certificate with the Personnel Officer or designee.

An employee receiving temporary disability payments under the Workers' Compensation laws may use a pro-rated amount of accumulated sick leave in order to continue to maintain her/his regular income. Under such circumstances, the employee shall submit any benefit payments from the Workers' Compensation fund to the Finance Manager. An employee may be required to provide a doctor's release to return to work following an illness or injury resulting in an inability to perform assigned duties.

10. Personal Sick Leave Conversion

Regular employees having less than ten (10) years of consecutive full-time service shall be eligible, if they so desire, each quarter (January 1, April 1, July 1, October 1) to convert unused personal sick leave in excess of one-hundred sixty-eight (168) hours at a ratio of eight (8) hours of vacation for every twenty-four (24) hours of personal sick leave. Employees with at least ten (10) years of full-time consecutive service shall be eligible to convert sick leave in excess of 168 hours at the ratio of eight (8) vacation hours for sixteen (16) sick leave hours. One hundred sixty-eight (168) hours must be accrued and retained prior to converting any excess personal sick leave hours to vacation hours.

Effective the pay period following April 1 of each year, regular full-time employees, whose unused personal sick leave has accumulated to more than 700 hours, must convert those hours in excess of 700 into their respective individual accounts in the Retiree Savings Plan, subject to a maximum conversion of 120 hours of sick leave per employee per year. The conversion of personal sick leave into the RHS account shall occur as follows:

A. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees having less than ten (10) years of consecutive full-time service at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

B. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees with at least ten (10) years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

   Upon separation from the City, regular full-time employees must convert all remaining sick leave hours into their respective individual accounts in the Retiree Health Savings Plan, as follows:

   1. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees having less than ten (10) years of consecutive full-time service at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

   2. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees with at least ten (10) years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

Employees who separate due to termination for cause or resignation/retirement in lieu of termination for cause shall not be eligible to convert their sick leave into the Retiree Health Savings Plan.

11. Personal Leave

Effective the pay period which includes January 1st of each year, employees shall receive a Personal Leave Benefit of seventy-one (71) hours per year. Such leave shall be available for employees to use from the beginning of the first pay period beginning in the calendar year through the end of the last pay period beginning in the calendar year. Such hours shall not accrue from year to year. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 71 hours. Probationary employees who commence employment with the City after January 1 will receive twenty four (24) less Personal Leave hours for every four (4) months the employee is not on paid status with the City.

The employee shall notify his/her immediate supervisor of the use of a Personal Leave day at least 36 hours in advance unless circumstances beyond the employee's control prevent such notification.

12. Administrative Leave

Effective the first pay period beginning in January of each year, employees in Schedule B of Attachment I will receive forty (40) hours of Administrative Leave per calendar year. Administrative Leave will be prorated on a monthly basis for supervisory/administrative employees appointed during the calendar year. Additional Administrative Leave may be approved by the Department Director or City Manager. Administrative Leave must be used by the end of the calendar year. Such hours shall not be accrued from year to year or paid off upon termination. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 40 hours.

13. Bereavement Leave

Employees shall receive up to forty (40) hours for any one instance for absence necessitated by the death of immediate family members. Such credit shall not be accrued from year to year. The immediate family shall be defined as mean father, father-in-law, mother, mother-in-law, step-parent, brother, step-brother, sister, step-sister, wife, husband, registered domestic partner, child, step-child, grandparent, grandparents in-law, grandchild, legal guardian or other individuals whose relationship to the employee is that of a dependent, a domestic partner as defined by California Family Code section 297, or a person who stood *in loco parentis* (in place of a parent) to the employee.

14. Parenthood Leave

A regular employee may be granted a temporary parenthood leave of absence without pay, not to exceed 180 calendar days per year, upon approval from the

City Manager. The employee requesting such leave shall present evidence of the birth or adoption of a child to the employee or spouse to his/her Department Director. The City will comply with all elements of parenthood leave under the Family Medical Leave Act and the California Family Rights Act. Any such leave will run concurrently with parenthood leave as provided for under the FMLA and CFRA.

15. Education Reimbursement/Professional Development

Regular employees shall be eligible for reimbursement of approved education and professional development expenses to a maximum of $1,300 per calendar year. Up to $500 of the employee's annual professional development fund may be used towards travel, expenses for City-approved conferences, seminars, and/or job-related training. Employees using professional development funds for travel-related purposes shall be subject to all guidelines established by City travel policies and procedures. Up to $250 of the employee's annual professional development funds may be used towards supplementing un-reimbursed expenses for his/her annual physical examination, subject to the provisions of Article 24 of the City's Personnel Rules and Procedures.

16. Physical Examination

The City shall reimburse employees in Schedule B of Attachment I up to a maximum of $250 per calendar year for expenses incurred as a result of an annual physical examination, as defined in Article 24 of the City's Personnel Rules and Procedures. Such annual physical is optional. Expenses eligible for payment by the City health insurance plan shall not be eligible for reimbursement.

17. Holidays

The recognized holidays to be observed by the City in each calendar year shall be as follows:

New Year's Day
Martin Luther King Jr. Day
Washington's Birthday
Memorial Day
Independence Day (4th of July)
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

Prior to the beginning of the calendar year, Administrative Services will designate and announce the dates on which the above referenced holidays shall be observed.

Regular full-time employees shall receive nine (9) hours pay for each of these holidays observed on a Monday, Tuesday, Wednesday, or Thursday. Employees shall receive eight (8) hours pay for each of these holidays observed on a regularly scheduled working Friday. Regular full-time employees working an eight (8)-hour, five (5)-day schedule will receive eight (8) hours for each of these holidays. An employee must be paid for all of the regularly scheduled workday immediately prior to a holiday and the regularly scheduled workday immediately after that holiday in order to receive holiday pay.

Holidays falling on Sunday shall be observed on the following Monday. Holidays falling on Saturday shall be observed on the preceding Friday unless this, too, is a holiday and then one day sooner.

Employees assigned to work on authorized holidays shall receive regular holiday compensation and compensation for actual hours worked. At the request of the employee, and within the City's ability to maintain appropriate service levels, such assigned employees may be granted equivalent compensatory time off, in lieu of pay, within the pay period in which the holiday falls. If such time is not taken within the pay period, the employee shall automatically receive regular holiday compensation.

Human Resources may designate alternate dates the City will observe holidays in order to occur in conjunction with the Holiday Leave benefit provided below.

Holiday Leave

Effective in December 2017 and each year thereafter, employees in the unit will not be required to come to work and will be provided with three days of paid leave to be used in the pay period that includes the Christmas Eve, Christmas Day and New Year's Holidays. The dates of the three "Holiday Leave" days will be designated annually by Human Resources. Employees will be provided with three days of paid leave based on the number of hours they are regularly scheduled to work on designated "Holiday Leave" days. Employees must use this leave on the designated days unless directed to work by the Department Director or designee. In cases where the employee is directed to work on such days, the employee will be credited with leave in an amount equivalent to what they would have used had they not been directed to work. In cases where a designated "Holiday Leave" day falls on an employee's regularly scheduled day off, the employee will be credited with leave in an amount equivalent to what they would have used had it been a regularly scheduled work day. Such leave shall have no cash value, and will expire if not utilized within the pay period that includes November 30 of the following year.

Employees wanting to take additional days off in conjunction with the observed Holidays and designated Holiday Leave Days must utilize other accrued leave in accordance with existing rules.

For 2017, the following shall be observed:

Monday 12/25 - Christmas Day Eve
Tuesday 12/26- Christmas Day
Wednesday 12/27- Holiday Leave
Thursday 12/28- Holiday Leave
Friday 12/29- Holiday Leave

For 2018, the following shall be observed:

Monday 12/24-Christmas Eve
Tuesday 12/25-Christmas Day
Wednesday 12/26- Holiday Leave
Thursday 12/27- Holiday Leave
Friday 12/28- Holiday Leave

18. Overtime Compensation

For employees listed in Section A of Attachment I, hours worked or earned in excess of forty (40) hours in each employee's defined FLSA workweek shall be compensated at the rate of one and one-half (1 ½) times the employee's hourly rate when such work is authorized by the Department Director and approved by the City Manager.

19. Compensatory Time

Employees listed in Section A of Attachment I may accumulate a maximum of eighty (80) hours compensatory time in lieu of overtime compensation (see 16 above) on the basis of one and one-half (1 ½) hours compensatory time for one (1) hour of overtime work. The time during which an employee may use accrued compensatory time off is subject to approval by the department head or his/her designee with due regard for the wishes of the employee and the need to provide service. However, an employee wishing to use his/her accrued compensatory time off shall provide the City with reasonable notice of such request. Reasonable notice is defined as at least one week. If reasonable notice is provided, the employee's request may not be denied unless it is unduly disruptive to the department to grant the request. A request to use compensatory time off without reasonable notice may still be granted within the discretion of the supervisor or manager responsible for considering the request.

20. Stand-by Time

Regular full-time employees listed in Section A of Attachment I shall receive two (2) hours base salary for each day he/she is required to be available for non-scheduled work assignments. If a City holiday falls on a weekend, employees on standby will receive an additional two (2) hours standby pay for each of these holidays.

21. Jury Duty and Subpoenas

Every employee of the City who is subpoenaed as a witness for a local, state or federal government shall be entitled to absent herself/himself from her/his duties with the City during the period of such service or while necessarily being present in court as a result of such call or subpoena, and shall receive full compensation.

In order to balance the City of Irvine's interest in maintaining productivity with the interest that employees are able to support our system of justice by serving on juries, paid Jury Duty is limited to a maximum of 80 hours in a calendar year. If an employee, despite reporting the limit to the Court, is required to serve beyond 80 hours he or she can request an exception of the limit on paid Jury Duty Leave by the City Manager.

If an employee is required to be absent from work to report for jury duty, the employee will notify his/her supervisor of the absence as soon as possible, including, a phone message the night before if the employee finds out via a phone recording that he/she must report the next day.

An employee on jury duty must either return to work after the jury service is done for the day if there are still four hours left on his/her shift or call in to his/her supervisor and ask to use leave to cover the rest of his/her shift.

For any additional time taken off before or after jury duty, an employee will be required to utilize paid accrued time subject to supervisor approval.

An employee who is called to jury duty on a non-working day will not receive compensation or be authorized to change their schedule as a result of being called to jury duty.

22. Military Leave

Employees shall be entitled to such benefits as are provided by law. An employee requesting such military leave shall present a copy of her/his military orders to her/his Department Director or the City Manager prior to the beginning of the leave.

23. Industrial Accident Salary Continuance

In the event that it is determined that a regular full-time employee is absent from work as a result of any injury or disease arising solely out of the employment with the City and in no way related to any prior existing condition, the City shall provide up to six months of Industrial Accident Salary Continuance during any two-year period under the following conditions:

A. In the event the employee qualifies for compensation under State law, the employee shall receive the difference between the Workers' Compensation payments and his/her regular salary;

B. The employee shall accrue sick leave and vacation leave during the term of the Industrial Accident Salary Continuance;

C. The employee's condition is not permanent and stationary as determined by the City's appointed physician.

In the event of an on-the-job injury or accident resulting in loss of time beyond that required for immediate medical attention, such employee may be required to be examined by a licensed physician appointed by the City of Irvine.

Any on-the-job injury or accident must be reported to the employee's immediate supervisor within twenty-four (24) hours after said injury or accident. Failure to report said injury or said accident shall be grounds for disciplinary action.

24. Leaves

All paid leave hours accrued shall be prorated based on the number of hours worked or paid up to eighty (80) hours in a pay period.

25. Select Benefits Program

The City will provide a cafeteria-style benefit program for confidential employees to include the following general elements:

A. Enhanced choices among City-offered health benefit plans.

B. Employees not claiming any dependents on their medical, dental, psychological and vision plans shall receive $150 per month. The stipend may be taken as taxable cash.

C. Employees who are able to demonstrate to the City's satisfaction that they have minimum essential coverage as defined by the Affordable Care Act, (through another source other than coverage in the individual market, whether or not obtained through Covered California) may opt out of participation in the City's health plan.

26. Wage and Salary Range Adjustment

A. Effective the pay period that includes September 1, 2017, the salary ranges of the classifications covered by this Resolution shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the salary ranges of the classifications covered by this Resolution shall be increased by two percent (2.0%).

B. Pay progression within a pay grade will be based strictly upon individual performance and summarized in an annual performance appraisal. All

base pay progression within pay grades will be limited to the maximum of a pay grade. Base pay provided according to the following schedule:

Salary Placement in Pay Grade	Performance Level	Pay Increase
Less than Maximum Range	Unsatisfactory or Needs Development	0%
Less than Maximum Range	Accomplished Standards and Above	5% base adjustment, limited to maximum of pay grade
Greater than or Equal to Maximum Range		0%

Annual merit increases will be effective on September 1st of each year and will be prospective from that date.

C. Probationary Merit Reviews

Employees on a probationary employment status effective June 30th of each year will not be eligible to participate in the annual review process until they have successfully completed their probationary period. At the completion of the probationary period, the employee will receive a performance review and merit increase appropriate to the performance review rating. The criteria and rating system for probationary reviews will be the same as those for annual performance reviews.

Following the completion of probation, the employee will be eligible to participate in the annual performance review process the following July. The merit increase granted in the first annual review process following the probationary merit review will be pro-rated to reflect only the time period since the completion of the probationary merit review. All subsequent performance reviews will be according to the same merit schedule as other regular employees. If the probationary appraisal has been completed within the months of May and June, the employee's next review will be part of the appraisal schedule in the following calendar year in July.

27. Bilingual Pay Program

Department Directors shall annually designate which positions will be assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified employees who meet the following criteria shall receive an additional $50.00 per month.

A. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.

B. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

C. Any employee who has been determined as qualified for bilingual pay and who is on any leave of absence for at least one calendar month, exclusive of accrued vacation or compensatory time, will be ineligible for bilingual pay until his/her return to work. Upon his/her return to work, the employee will be reinstated into the bilingual pay program and receive his/her $50 monthly stipend effective the first working day of the new calendar month following her/her return to work. The employee will not be required to perform bilingual interpretation services during any period in which he/she are not receiving the bilingual pay stipend.

D. For positions requiring extensive contact with the public or contractors, bilingual pay will be rotated among employees who are deemed as qualified by the City. The Department Director will have the discretion to determine the number of employees and the sections/units that qualify to participate in a "rotation pool." Rotations will occur every 12 months, effective the first pay period each November. It is the Department Director's sole discretion to determine the order of rotation among the qualified employees. An employee, who has not performed bilingual duties within the rotation for a period of 24 months or longer, must be re-certified by the City in order to receive bilingual pay.

   An employee in a bilingual assignment may request to have the bilingual assignment and corresponding pay removed.

SECTION 3. SEVERANCE

In the event of a lay-off within a designated classification or classification series, the City Manager shall be authorized at his/her discretion to enter into a severance agreement with impacted employees.

SECTION 4. ADMINISTRATION OF COMPENSATION POLICY

The Personnel Officer shall establish procedures for the efficient administration of the compensation policy described in this Resolution.

The City Manager shall approve procedures for movement of an individual employee through salary ranges. Such procedures shall be reviewed annually. All adjustments to the salary ranges contained within this Resolution shall be approved by the City Council.

SECTION 5. EMPLOYEE RESPONSIBILITIES

Since it is the City's policy to recruit highly qualified staff at a competitive total compensation level, the employees shall be responsible for striving to meet the high performance standards established by the City management.

SECTION 6.

The compensation policy provided for by this Resolution shall be operative from and after 12:01 a.m. on the twelfth day of September 2017, unless otherwise stated. All previous resolutions are hereby repealed effective on the operative date of this Resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ESTABLISHING A CLASSIFICATION AND COMPENSATION POLICY FOR MANAGEMENT AND NON-REPRESENTED EMPLOYEES (EXEMPT) OF THE CITY OF IRVINE, AND SUPERSEDING RESOLUTION NO. 15-80 EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, revisions have been made to the Classification and Compensation Policy.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE as follows:

SECTION 1. ANNUAL COMPENSATION FOR MANAGEMENT AND NON-REPRESENTED EMPLOYEES

The pay grades for Management and Non-Represented Employees of the City of Irvine shall be set forth as shown in the applicable salary resolution adopted by the City Council.

SECTION 2. OTHER COMPENSATION COMPONENTS

Eligible exempt Management and Non-Represented employees shall receive additional compensation benefits as follows:

1. Pension:

   A. The provisions of this Section 2.1 shall apply to all employees, as of June 30, 2003, who elected to decline the CalPERS benefits.

      1. The City shall invest an amount equal to 12.448% of each employee's base salary in the City of Irvine Defined Contribution Pension Plan (DCPP) for employees who are actively employed in the unit on or after this Resolution is approved by the City Council. Employees shall become fifty percent (50%) vested in such plan upon completion of the initial six months of employment. Thereafter, such vested interest shall increase at the rate of 5% for every Plan Year in which the employee completes 1000 hours of service. Once the employee has completed five (5) years of service, he/she shall become 100% vested in the retirement plan.

      2. The City will deduct an amount equal to 6.552%of each employee's base salary to invest in the City of Irvine DCPP. It is understood that this payroll deduction shall be mandatory for all employees who elect to remain in the City of Irvine DCPP.

3. All employees who elected to remain in the City of Irvine DCPP shall not be entitled to any CalPERS benefits, past, present or future, as provided under Section 2.1.B of this Resolution. If employees elected to remain in the City of Irvine DCPP, such participation shall continue until the employee terminates their employment from the City for any reason.

4. The City will utilize retirement plan forfeitures to offset the cost of City of Irvine DCPP account management and administrative fees.

B. The provisions of this section B.1 shall apply to employees, as of June 30, 2003, who elected to waive their rights to the City of Irvine Defined Contribution Pension Plan (DCPP) and who elected to transfer to the CalPERS program.

1. The City's contract with CalPERS shall include the following options:

   a. 2.7% @ 55 Full Formula for Local Miscellaneous Members (Cal. Govt. Code Section 21354.5)

   b. One Year Final Compensation (Cal. Govt. Code Section 20042)

   c. Military Service Credit as Public Service (Govt. Code Section 21024), in which the employee pays the entire cost

   d. Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427)

   e. 4th Level 1959 Survivor Benefits (Govt. Code Section 21574)

   f. Limit Prior Service to Members Employed on Contract Date (Govt. Code Section 20938)

2. All eligible employees hired on or after July 5, 2003, the effective date of the CalPERS contract, shall become members of the CalPERS Retirement Program.

3. All active eligible employees shall be members of CalPERS, unless they elected to decline the CalPERS benefits through the irrevocable election process. All employees covered by CalPERS shall no longer be entitled to any benefits past, present or future, provided under the City of Irvine DCPP referenced in Section 2.1.A above.

4. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

5. The CalPERS vesting schedule will apply (Cal. Govt. Code Section 21060).

6. Employer-Paid Member Contributions and New CalPERS Miscellaneous Tiers

   a. The full eight percent (8%) cost of the CalPERS member contributions will be paid by the employee.

   b. Effective April 14, 2012, the City implemented the 2% @ 55 retirement program with the average of the three highest paid consecutive years for all miscellaneous employees hired on or after that date. Employees in the 2% @ 55 plan will pay the full 7% Member Contribution for the entire term of their employment.

   c. All "new members" within the meaning of the California Public Employees Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will be placed in the City's Tier 3 plan; 2% at 62 formula for Miscellaneous employees. Employees will pay the full employee contribution, which will be one-half the normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

C. The Sworn employees listed in Attachment I shall become a member of the CalPERS retirement plan for local safety employees, pursuant to the contract between the City and CalPERS.

   1. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

   2. The CalPERS vesting schedule will apply (Cal. Govt. Code Section 21060).

      For employees who are members of the City's 3% at 50 CalPERS, the full nine percent (9%) member contribution will be paid by the member, through pre-tax payroll deduction.

   3. All "new members" within the meaning of the California Public Employees Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will be placed in the City's Tier 3 plan; 2.7% at 57 for Sworn employees. Employees will pay the full employee contribution, which will be one-half the normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

   4. Employer paid member contributions shall be considered deferred income for federal and state income tax purposes. Should any state or federal agency alter the current income tax treatment of such payments, the consequences of such action shall be the sole responsibility of the affected employees, and shall in no way alter any obligation of the City toward such employees.

2. Retiree Health Plan

   A. The City shall contribute an amount equal to two percent (2%) of each employee's base salary in a Retiree Health Savings (RHS) account, which shall be administered by the employees covered by this Resolution.

   B. An employee who has retired from the City and has either attained the age of sixty (60) years or is fifty (50) years old and has completed five (5) years of service with the City shall be entitled to purchase the medical insurance plan in effect at the time of retirement at the City's rates for the employee and the employee's dependents at the cost to the former employee, now retiree.

   C. The City will allow a spouse of an eligible retired unit member to continue to purchase the medical insurance after the death of the retired employee, provided that the spouse was covered under a City insurance plan at the time of employee's death and provided that there has been no break in coverage since the employee's retirement. This eligibility for continued coverage ceases if such spouse remarries.

   D. Each representation unit has determined the type of retiree health program in which its members shall participate. In order to ensure that the employees can maximize their benefits, the City agrees to allow employees to remain in the designated type of retiree health program throughout their service with the City, whether or not the employee moves to another representation unit(s). In the event an employee moves to another representation unit, the City will contribute an amount up to the contribution established for the new unit's retiree health plan and the employee will not be eligible to participate in any other non-voluntary health plan offered to City employees. If the City's contribution toward a retiree health plan in the new unit is less than what is required for the employee's designated retiree health plan, the difference will be deducted from the employee's pay.

3. Health Insurance Benefits

   A. Indemnity Medical Insurance

      The City shall provide the option to employees to enroll in a medical indemnity insurance plan.

   B. Indemnity Dental Insurance

      The City shall provide the option to employees to enroll in a dental indemnity insurance plan.

   C. Health Maintenance Organizations

The City shall provide the option to employees to enroll in a health maintenance organization and/or a dental maintenance organization.

D. Vision Care Plan

The City shall provide a vision care plan.

E. For employees who choose the PPO medical plan, the total cost to the City for medical, dental, psychological and vision insurance shall not exceed $694.04 per month, per employee, $754.04 per month, per employee plus one (1) dependent or $1,064.31 per month per employee plus family. The medical tier that the employee selects will drive the insurance cap that is applied to the employee's health benefit selections.

F. Employees have the option of enrolling themselves and/or their dependents into a no-cost medical plan rather than being subject to the cap as set forth in item F., above. Under the no-cost plan, the City will provide any HMO Medical Plan and any HMO Dental Plan offered by the City, as described in item F. above. Under this option, employees may choose to upgrade from the HMO Dental Plan to the PPO Dental Plan, however the employee will be required to pay the difference in premium between the HMO Dental Plan and the PPO Dental Plan.

Effective January 1, 2015, any increase in the cost of the HMO Medical Plans over the costs in effect December 31, 2014, will be borne as follows: The City will pay 95% of the increased cost, and employees enrolled in HMO Medical Plans will pay the remaining 5% of cost increases in annual premiums. Each year thereafter, the amount paid by employees in prior years will be added to that portion of the increase (five percent 5%) the employees will pay in the current year.

4. Disability Insurance

The City shall provide a long-term disability insurance plan for employees.

5. Life Insurance

Employees covered by this Resolution shall be provided a life insurance policy in the amount equal to a full year's base salary rounded up to the next $1,000.

6. Flexible Spending Account

Employees may use pre-tax dollars to pay for eligible medical and dependent care expenses per Internal Revenue Code Sections 125 and 129. The City will use what legal means exist to recover cost for claims paid in advance of sufficient employee payroll deduction being made upon the employee's separation from the City.

7. Expense Allowances

A. Vehicle/Vehicle Allowance

Management employees listed in Sections A and B of Attachment I shall be provided a vehicle at City expense or a monthly vehicle allowance. Those classifications listed in Section C of Attachment I shall be provided a monthly vehicle allowance. The City Manager may approve use of a City vehicle or mileage reimbursement for those miles traveled in the employee's vehicle, which exceed the miles covered by the vehicle allowance based on the current mileage rate

.

Classifications in Section A and B	$550
Classifications in Section C	$300

B. Telecommunications Allowance

Employees listed in Sections A, B and C of Attachment I shall be provided a $100.00 monthly allowance for cellular service. In addition, a reimbursement of up to $200 for cellular equipment will be provided upon receipt of invoice initially (following appointment to an affected classification) and once every two years thereafter, if necessary to replace existing equipment. All contracts for cellular service for these employees shall be between the provider and the individual.

8. Vacation

Management and Non-Represented employees shall accrue vacation credits on a monthly basis as follows:

Years of Service	Annual Vacation Credits
1 through 3	120 hours
After 3 through 10	160 hours
After 10 years or more	200 hours

As an incentive for filling critical management and non-represented positions, as part of an offer of employment, the City Manager may grant a vacation balance of one week upon appointment.

Employees may not accrue more than three (3) times their annual accrual rate of vacation. When an employee earns vacation in excess of the maximum accrual, the employee shall be paid for vacation during the pay period earned and at the employee's base rate of pay.

The dates an employee may take her/his vacation shall be determined by the Department Director or the City Manager with due regard for the wishes of the employee and particular regard for the needs of the City. Other policies related to

the accrual and use of vacation shall be as provided in the Personnel Rules and Procedures.

9. Vacation Buyback

On or before the pay period which includes December 15 of each calendar year**,** an employee may make an irrevocable election to cash out up to eighty (80) hours of accrued vacation (in whole hour increments) which will be earned in the following calendar year at the employee's base rate of pay. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

10. Personal Sick Leave

Employees shall accrue personal sick leave credits at the rate of eight (8) hours per month.

Unless unforeseen and extenuating circumstances arise, in order to receive compensation while absent on sick leave, the employee shall notify her/his immediate supervisor or the Personnel Officer prior to or within one (1) hour after the time set for beginning her/his daily duties, or as may be specified by the head of her/his department. When absence is for one workday or more, the employee may be required to file a physician's certificate with the Personnel Officer, stating the cause of absence.

An employee receiving temporary disability payments under the Workers' Compensation laws may use a pro-rated amount of accumulated sick leave in order to continue to maintain her/his regular income. Under such circumstances, the employee shall submit any benefit payments from the Workers' Compensation fund to the Finance Officer.

An employee may be required to provide a doctor's release to return to work following an illness or injury resulting in an inability to perform assigned duties.

11. Personal Sick Leave Conversion

Employees having less than ten (10) years of consecutive full-time service shall be eligible, if they so desire, each quarter (January 1, April 1, July 1, October 1) to convert unused personal sick leave in excess of 168 hours at a ratio of eight (8) hours of vacation for every twenty-four (24) hours of personal sick leave. Employees with at least ten (10) years of full-time consecutive service shall be eligible to convert sick leave in excess of 168 hours at the ratio of eight (8) vacation hours for sixteen (16) sick leave hours. One hundred sixty-eight (168) hours must be accrued and retained prior to converting any excess personal sick leave hours to vacation hours.

Effective the pay period following April 1 of each year, regular full-time employees, whose unused personal sick leave has accumulated to more than 700 hours, must convert those hours in excess of 700 into their respective individual accounts in the Management Retiree Health Savings Plan, subject to a maximum conversion of 120 hours of sick leave per employee per year. The conversion of personal sick leave into the Retiree Health Savings Plan shall occur as follows:

A. The City will convert unused sick leave into the Retiree Health Savings Plan for regular full-time employees having less than ten (10) years of consecutive full-time service at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

B. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees with at least ten (10) years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

Upon separation regular full-time employees must convert all remaining sick leave hours into their respective individual accounts in the Retiree Health Savings Plan as follows:

1. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees having less than ten (10) years of consecutive full-time service at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

2. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees with at least ten (10) years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

Employees who separate due to termination for cause or resignation/retirement in lieu of termination for cause shall not be eligible to convert their sick leave into the Retiree Health Savings Plan.

12. Personal Leave

Effective the pay period which includes January 1st of each year, employees shall receive a Personal Leave Benefit of seventy-one (71) hours per year. Such leave shall be available for employees to use from the beginning of the first pay period beginning in the calendar year through the end of the last pay period beginning in the calendar year. Such hours shall not accrue from year to year. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 71 hours. Probationary employees who commence employment with the City after January 1 will receive twenty four (24) less Personal Leave hours for every four (4) months the employee is not on paid status with the City.

The employee shall notify his/her immediate supervisor of the use of a Personal Leave day at least 36 hours in advance unless circumstances beyond the employee's control prevent such notification.

13. Bereavement Leave

Employees shall receive up to forty (40) hours for any one instance for absence necessitated by the death of immediate family members. Such credit shall not be accrued from year to year. The immediate family shall be defined as mean father, father-in-law, mother, mother-in-law, step-parent, brother, step-brother, sister, step-sister, wife, husband, registered domestic partner, child, step-child**,** grandparent, grandparents in-law, grandchild, legal guardian or other individuals whose relationship to the employee is that of a dependent, a domestic partner as defined by California Family Code section 297, or a person who stood *in loco parentis* (in place of a parent) to the employee.

14. Parenthood Leave

An employee may be granted a temporary parenthood leave of absence without pay, not to exceed 180 calendar days per year, upon approval from the City Manager. The employee requesting such leave shall present evidence of the birth or adoption of a child by the employee or spouse to his/her Department Director. The City will comply with all elements of parenthood leave under the Family Medical Leave Act and the California Family Rights Act. . Any such leave will run concurrently with parenthood leave as provided for under the FMLA and CFRA.

15. Administrative Leave

Effective the first pay period beginning in January of each year, employees in classifications listed in Section A, B, C or D of Attachment I will receive forty (40) hours of Administrative Leave per calendar year. Administrative Leave will be prorated on a monthly basis for management and non-represented employees appointed during the calendar year. Additional Administrative Leave may be approved by the Department Director or City Manager. Administrative Leave must be used by the end of the calendar year. Such hours shall not accrue from year to year or be paid off upon termination. . This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 40 hours.

16. Education/ Reimbursement/Professional Development/Professional Advancement

Employees shall be eligible for reimbursement of approved education or professional development expenses to a maximum of $1,300 per calendar year.

Up to $500 of the employee's annual professional development fund may be used towards travel, expenses for City approved conferences, seminars, job-related training, and/or certified wellness programs for Sworn employees in accordance with Irvine Police Department and City Policy. Employees using professional development funds for travel-related purposes shall be subject to all guidelines established by City travel policies and procedures.

Up to $250 of the employee's annual professional development funds may be used toward supplementing un-reimbursed expenses for his/her annual physical examination, subject to the provisions of Article 24 of the City's Personnel Rules and Procedures.

The sworn employees listed in Attachment I shall be eligible for a twelve percent (12%) Professional Advancement benefit upon attaining a California P.O.S.T. Executive Development Certificate or completion of a FBI National Academy program or completion of a Master's Degree or comparable extended professional management training program.

17. Holidays

The recognized holidays to be observed by the City in each calendar year shall be as follows:

New Year's Day
Martin Luther King Jr. Day
Washington's Birthday
Memorial Day
Independence Day (4th of July)
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

Prior to the beginning of the calendar year, Administrative Services will designate and announce the dates on which the above referenced holidays shall be observed. Human Resources may designate alternate dates the City will observe holidays in order to occur in conjunction with the Holiday Leave benefit provided below.

Full-time employees shall receive nine (9) hours pay for each holiday observed on a Monday, Tuesday, Wednesday, or Thursday. Employees shall receive eight (8) hours pay for each holiday observed on a regularly scheduled working Friday. Regular full-time employees working an eight-hour (8), five-day (5) schedule will receive eight (8) hours for each of these holidays.

Holiday Leave

Effective in December 2017 and each year thereafter, employees in the unit will not be required to come to work and will be provided with three days of paid leave to be used in the pay period that includes the Christmas Eve, Christmas Day and New Year's Holidays. The dates of the three "Holiday Leave" days will be designated annually by Human Resources. Employees will be provided with three days of paid leave based on the number of hours they are regularly scheduled to work on designated "Holiday Leave" days. Employees must use this leave on the designated days unless directed to work by the Department Director or designee. In cases where the employee is directed to work on such days, the employee will be credited with leave in an amount equivalent to what they would have used had they not been directed to work. In cases where a designated "Holiday Leave" day falls on an employee's regularly scheduled day off, the employee will be credited with leave in an amount equivalent to what they would have used had it been a regularly scheduled work day. Such leave shall have no cash value, and will expire if not utilized within the pay period that includes November 30 of the following year.

Employees wanting to take additional days off in conjunction with the observed Holidays and designated Holiday Leave Days must utilize other accrued leave in accordance with existing rules.

For 2017, the following shall be observed:

Monday 12/25 - Christmas Day Eve
Tuesday 12/26- Christmas Day
Wednesday 12/27- Holiday Leave
Thursday 12/28- Holiday Leave
Friday 12/29- Holiday Leave

For 2018, the following shall be observed:

Monday 12/24-Christmas Eve
Tuesday 12/25-Christmas Day
Wednesday 12/26- Holiday Leave
Thursday 12/27- Holiday Leave
Friday 12/28- Holiday Leave

18. Jury Duty and Subpoenas

Every employee of the City who is subpoenaed as a witness for a local, state or federal government shall be entitled to absent herself/himself from her/his duties with the City during the period of such service or while necessarily being present in court as a result of such call or subpoena, and shall receive full compensation.

In order to balance the City of Irvine's interest in maintaining productivity with the interest that employees are able to support our system of justice by serving on

juries, paid Jury Duty is limited to a maximum of 80 hours in a calendar year. If an employee, despite reporting the limit to the Court, is required to serve beyond 80 hours he or she can request an exception of the limit on paid Jury Duty Leave by the City Manager

If an employee is required to be absent from work to report for jury duty, the employee will notify his/her supervisor of the absence as soon as possible, including, a phone message the night before if the employee finds out via a phone recording that he/she must report the next day.

An employee on jury duty must either return to work after the jury service is done for the day if there are still four hours left on his/her shift or call in to his/her supervisor and ask to use leave to cover the rest of his/her shift.

For any additional time taken off before or after jury duty, an employee will be required to utilize paid accrued time subject to supervisor approval.

An employee who is called to jury duty on a non-working day will not receive compensation or be authorized to change their schedule as a result of being called to jury duty.

19. Military Leave

Employees shall be entitled to such benefits as are provided by law. An employee requesting such military leave shall present a copy of her/his military orders to her/his Department Director or the City Manager prior to the beginning of the leave.

20. Physical Examination

The City shall reimburse employees in classifications listed in Sections A, B or C of Attachment I up to a maximum of $350 per calendar year for expenses incurred as a result of an annual physical examination as defined in Article 24 of the City's Personnel Rules and Procedures. The City shall reimburse employees in classifications listed in Section D of Attachment I up to a maximum of $250 per calendar year for expenses incurred as a result of an annual physical examination as defined in Article 24 of the City's Personnel Rules and Procedures. An annual physical is optional. Expenses eligible for payment by the City health insurance plan shall not be eligible for reimbursement.

21. Industrial Accident Salary Continuance

In the event that it is determined that a full-time employee is absent from work as a result of any injury or disease arising solely out of the employment with the City and in no way related to any prior existing condition, the City shall provide up to six (6) months of Industrial Accident Salary Continuance during any two-year period under the following conditions:

A. In the event the employee qualifies for compensation under State law, the employee shall receive the difference between the Workers' Compensation payments and his/her regular salary;

B. The employee shall accrue sick leave or vacation leave during the term of the Industrial Accident Salary Continuance taken;

C. The employee's condition is not permanent and stationary as determined by the City's appointed physician.

For sworn CalPERS members, the City shall follow the provisions of Section 4850 of the California Labor Code when that member is disabled by injury or illness arising out of and in the course of his/her duties.

In the event of an on-the-job injury or accident resulting in loss of time beyond that required for immediate medical attention, such employee may be required to be examined by a licensed physician appointed by the City of Irvine.

Any on-the-job injury or accident must be reported to the employee's immediate supervisor within twenty-four (24) hours after said injury or accident. Failure to report said injury or said accident shall be grounds for disciplinary action.

22. Accrual of Leaves

All paid leave hours accrued shall be prorated based on the number of hours worked or paid up to eighty (80) hours in a pay period.

23. Select Benefits Program

The City will provide a cafeteria-style benefit program for Management and Non-Represented employees to include the following general elements:

A. Enhanced choices among City-offered health benefit plans.

B. Employees not claiming dependents on their health plan shall receive $150 per month. The stipend may be taken as taxable cash.

24. Management Incentive Pay

Management employees in the classifications listed in Sections A, B, and C of Attachment I, shall be eligible to receive 3% Management Incentive Pay above the base salary, in recognition for the unique nature of their work.

25. Bilingual Pay Program

Department Directors shall annually designate which positions will be assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified

employees who meet the following criteria shall receive an additional $50.00 per month.

A. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.

B. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

C. For positions requiring extensive contact with the public or contractors, bilingual pay will be rotated among employees who are deemed as qualified by the City. The Department Director will have the discretion to determine the number of employees and the sections/units that qualify to participate in a "rotation pool." Rotations will occur every 12 months, effective the first pay period each November. It is the Department Director's sole discretion to determine the order of rotation among the qualified employees. An employee who has not performed bilingual duties within the rotation for a period of 24 months or longer must be re-certified by the City in order to receive bilingual pay.

An employee in a bilingual assignment may request to have the bilingual assignment and corresponding pay removed.

SECTION 3. PAY PROGRESSION IN A PAY GRADE

1. Base Pay Progression

Pay progression within a Salary Grade will be based strictly upon individual performance and summarized in an annual performance appraisal. For employees listed in Sections B, C, and D of Attachment I, all base pay progression within pay grades will be limited to the Market Point of a pay grade according to the following schedule:

Salary Placement in Pay Grade	Performance Level	Pay Increase
Less than Maximum Range	Unsatisfactory or Needs Development	0%
Less than Maximum Range	Accomplished Standards	3% base adjustment, limited to Maximum of pay grade

Less than Maximum Range	Excellent	4 ½% base adjustment, limited to Maximum of pay grade
Less than Maximum Range	Outstanding	6% base adjustment, up Maximum of pay grade

Annual merit increases will be effective the payroll period that includes September 1st of each year and will be prospective from that date.

2. Initial Six-Month Merit Reviews

Employees listed in Sections B, C and D of Attachment I who have completed less than six (6) months of service in their Management or Non-Represented classification effective June 30th of each year will not be eligible to participate in the annual review process. At the completion of the initial six months of service in their current classification, the employees in Sections B, C and D of Attachment I will receive a performance review and merit increase appropriate to the performance review rating. The criteria and rating system for six-month reviews will be the same as those for annual performance reviews.

Following the completion of six months of service in their current classifications, the employees in Sections B, C and D of Attachment I will be eligible to participate in the annual performance review process the following July. The merit increase granted in the first annual review process following the initial six (6) month merit review will be prorated to reflect only the time period since the completion of the initial six months of service. All subsequent performance reviews will be according to the same merit schedule as other Management and Non-Represented employees.

SECTION 4. WAGE AND SALARY ADJUSTMENT

Effective the pay period that includes September 1, 2017, the salary ranges of the classifications covered by this Resolution shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the salary ranges of the classifications covered by this Resolution shall be increased by two percent (2.0%).

SECTION 5. MANAGEMENT SPECIALIST

Classifications listed in Section D of Attachment I shall be designated as “Management Specialists” pursuant to the City’s Personnel Rules and Procedures.

SECTION 6. SEVERANCE

In the event of a lay-off within a designated management classification, the City Manager shall be authorized to enter into a severance agreement with the impacted employee.

SECTION 7. EMPLOYEE RESPONSIBILITIES

Since it is the City's policy to recruit highly qualified staff at a competitive total compensation level, the employees shall be responsible for striving to meet the high performance standards established by the City management.

SECTION 8.

The compensation policy provided for by this Resolution shall be operative from and after 12:01 a.m. on the twelfth day of September 2017, unless otherwise stated. All previous resolutions are hereby repealed effective on the operative date of this resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ESTABLISHING A CLASSIFICATION AND COMPENSATION POLICY FOR PART-TIME EMPLOYEES OF THE CITY OF IRVINE, AND SUPERSEDING RESOLUTION NO. 15-81 EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, the City of Irvine has established a classification and compensation policy for part-time employees.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. CLASSIFICATION AND PAY STRUCTURE

Part-time classification titles shall be set forth in Attachment I effective August 13, 2015. The minimum and maximum hourly rates for part-time classifications shall be as set forth in the Annual Salary Resolution for all City Employees. Part-time positions with full-time classification titles shall have minimum hourly rates which are the hourly equivalent to the minimum of the salary range for the corresponding full-time classification; the maximum hourly rate for part-time positions with full-time classification titles included in the ICEA unit shall be the hourly equivalent to thirty-eight percent (38%) above the range minimum of the salary range for the corresponding full-time classification; the maximum hourly rate for all other part-time positions with full-time classification titles shall be the hourly equivalent to thirty-seven and a half percent (37.5%) above the range minimum of the salary range for the corresponding full-time classification.

Wage and Salary Range Adjustment

Effective the pay period that includes September 1, 2017, the salary ranges of the classifications covered by this Resolution shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the salary ranges of the classifications covered by this Resolution shall be increased by two percent (2.0%).

SECTION 2. PERFORMANCE REVIEW SYSTEM FOR PART-TIME EMPLOYEES

Part-time employees, except for Council Executive Assistants and Crossing Guards, will receive performance reviews and merit adjustments at six (6) months and annually thereafter. Recommended merit adjustments must be based upon written performance evaluations. The following performance rating categories will be used.

For fiscal year 2013-14, merit increases will be effective the pay period that includes September 1, 2013.

Pay Rate in Pay Grade	Performance Rating	Pay Increase
Less than Maximum	Needs Improvement	0%
Less than Maximum	Successful	5% base adjustment, limited to maximum of pay grade
Less than Maximum	Excellent	5% base adjustment, limited to maximum of pay grade
Less than Maximum	Outstanding	5% base adjustment, limited to maximum

SECTION 3. RETIREMENT PLAN

In accordance with the Social Security Act, 26 U.S.C. § 3121(b)(7)(f), part-time employees will be eligible to participate in a qualified retirement plan of the City's choice.

1. 2003 Implementation of CalPERS Option in the City of Irvine (Applicable to part-time employees hired prior to June 30, 2003)

A. PARS I: All part-time employees designated as Regular Part-time and Extended Part-time who work 1,000 hours or more per fiscal year, or an average of 20 hours per week on a regular fiscal year-round basis, and who elected to decline the CalPERS benefits shall be enrolled in the PARS I plan.

1. The PARS I retirement plan shall be provided through participation in the Public Agency Retirement Systems Trust. The plan is in compliance with the Omnibus Reconciliation Act of 1990.
2. Once a member of the PARS I plan, such participation shall continue until the employee terminates employment with the City for any reason.

3. Contribution Rates:
   i. The following employee and employer contribution formulas shall be in effect for the PARS I plan:
   Employee Contribution: 4.3%
   Employer Contribution: 3.2%

B. CalPERS: For all part-time employees designated as Regular Part-time and Extended Part-time who work 1,000 hours or more per fiscal year, or an average of 20 hours per week on a regular fiscal year-round basis, who

elected to waive their rights to the Public Agency Retirement Systems Trust (PARS I) and who elected to transfer to the CalPERS program:

1. The City's contract with CalPERS shall include the following options:
   i. 2.7% @ 55 Full Formula for Local Miscellaneous Members (Cal. Govt. Code Section 21354.5)
   ii. One Year Final Compensation (Cal. Govt. Code Section 20042)
   iii. Military Service Credit as Public Service (Govt. Code Section 21024), in which the employee pays the entire cost
   iv. Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427)
   v. 4th Level 1959 Survivor Benefits (Govt. Code Section 21574)
   vi. Limit Prior Service to Members Employed on Contract Date (Govt. Code Section 20938)
   vii. The CalPERS vesting schedule will apply (Cal. Govt. Code Section 21060).
   viii. All eligible part-time employees shall be members of CalPERS, unless they elected to decline the CalPERS benefits through the irrevocable election process. All employees covered by CalPERS shall no longer be entitled to any benefits past, present or future, provided under the PARS I plan referenced in Section 3.1.A.
   ix. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

C. PARS II: All part-time employees who were not eligible to enroll in the CalPERS or PARS I plan were enrolled into the City's PARS II Plan.

2. Ongoing Retirement Plan Eligibility (Applicable to part-time employees hired July 1, 2003 and after)

A. PARS II: Part-time employees hired on or after July 1, 2003 who do not qualify for CalPERS membership (are not members of CalPERS from previous employment and or do not work 1,000 hours or more in a fiscal year or an average of 20 hours per week on a regular fiscal year-round basis) shall be enrolled by the City in the Public Agency Retirement Services (PARS II) plan.
   1. Participation in the PARS II plan shall continue until the employee terminates employment or becomes a CalPERS eligible part-time employee for any reason.
   2. Contribution Rates:
      i. The following employee and employer contribution formulas shall be in effect for the PARS II plan:
         Employee Contribution: 4.3%
         Employer Contribution: 3.2%

B. CalPERS:

1. Eligible Employees: All eligible part-time employees hired on or after July 5, 2003, the effective date of the CalPERS contract, shall become members of the CalPERS Retirement Program. Eligible employees include:
   i. Employees appointed to an Extended Part-time position.
   ii. Part-time employees who work 1,000 hours or more in a fiscal year, or an average of 20 hours per week on a regular fiscal year-round basis.
   iii. Part-time employees who are members of CalPERS based on previous employment.
   iv. CalPERS member employees who separate from the City of Irvine and then return to work in the City in a PERS eligible position will be enrolled in their original PERS tier.

2. Contribution Rates:
   i. The full eight percent (8%) cost of the CalPERS member contribution will be paid by the employee.
   ii. Effective April 14, 2012, the City implemented the 2% @ 55 retirement program with the average of the three highest paid consecutive years for new hires. Employees in the 2% @ 55 plan will pay the full 7% Member Contribution for the entire term of their employment.
   iii. Effective January 1, 2013 all "new members" within the meaning of the California Public Employees' Pension Reform Act of 2013 hired by the City will become members of the City's Tier 3 plan; 2% at 62 retirement program with highest average annual pensionable compensation earned during a period of at least 36 consecutive months.
   iv. Employees will pay the full employee contribution, which will be one-half the normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

C. Retired Annuitants: Retired annuitants are CalPERS retirees who work part–time and are limited to working 960 or fewer hours in a fiscal year. As retired members of CalPERS, these employees are considered to be participants of a qualified retirement plan and therefore will not be enrolled by the City in any additional retirement plan limited to the guidelines set forth by CalPERS.

SECTION 4. DESIGNATION OF PART-TIME EMPLOYEES

All references to regular part-time employees in this Resolution shall be defined as regular part-time employees who were hired before May 8, 1997 and who retained the designation of a regular employee within the competitive service. All other part-time

employees shall be “at-will” and serve at the pleasure of the appointing authority. Part-time employees appointed to assignments which require a minimum of thirty (30) hours of work per week on a permanent year-round basis shall be called “extended” part-time employees for the purposes of this Resolution.

Regular part-time employees and extended part-time employees will be eligible to receive compensation benefits as identified in SECTION 5 of this Resolution. All part-time employees shall be eligible to receive additional compensation benefits as identified in SECTION 6 of this Resolution.

Council Executive Assistants shall be classified as part-time employees and subject to the provisions of the Resolution of the City Council of the City of Irvine Establishing Administrative Policies and Procedures for Council Executive Assistants. Council Executive Assistants that consistently work an average of 30 hours shall be eligible to receive benefits consistent with EPT benefits.

Crossing Guards are compensated on a daily stipend basis and are not eligible for vacation or holiday benefits. Crossing Guards are paid only for days worked and earn the full daily stipend amount for completing a full daily work shift or half the daily stipend for completing only half of the daily work shift. Crossing Guards hired prior to 1996 shall be paid at the Tier II stipend rate. All other Crossing Guards shall be paid at the Tier I stipend rate. Crossing Guards are eligible to participate in the PARS retirement plan in accordance to Section 3 of this Resolution, in the Medical Insurance program in accordance with Section 5.1. of this Resolution and receive paid sick leave benefits in accordance to Section 5.4 of this Resolution.

SECTION 5. COMPENSATION COMPONENTS FOR REGULAR AND EXTENDED PART-TIME PERSONNEL

Regular part-time employees and extended part-time employees shall receive additional compensation benefits as follows:

1. Medical Insurance:

   A. Health Insurance:

   The City shall provide the option to employees to enroll in an indemnity medical insurance plan or Health Maintenance Organization (HMO).

   B. The total cost to the City for medical insurance coverage for employee only shall not exceed 50% of the monthly premium.

   C. The City shall provide the option to employees, who have enrolled in the HMO plan, to purchase HMO medical insurance for their dependents. The total cost of the additional premium shall be borne by the employee.

D. The City shall provide the option to employees to enroll in a dental Health Maintenance Organization for employees only. The total cost shall be borne by the employee.

2. Vacation:

Regular part-time employees and all other extended part-time employees shall accrue vacation benefits on an annual basis as follows:

Years of Service	Annual Vacation Credits
1 through 3	60 hours
after 3 through 10	90 hours
after 10 years or more	120 hours

Employees may not accrue more than forty (40) hours of additional vacation beyond the annual rate at which they are eligible to earn vacation credits. When an employee earns vacation in excess of the maximum accrual, the employee shall be paid for vacation during the pay period earned and at the employee's base rate of pay.

The time during a calendar year at which an employee may take her/his vacation shall be determined by the Department Director with due regard for the wishes of the employee and particular regard for the needs of the City.

In the event one or more municipal holidays fall within an annual vacation leave, such holidays, if normally scheduled to work, shall not be charged as vacation leave, but rather as holidays.

Regular part-time employees and extended part-time employees who terminate employment shall be paid in a lump sum for all accrued, but not used, vacation leave earned prior to the effective date of termination.

3. Vacation Buyback:

On or before the pay period which includes December 15 of each calendar year**,** an employee may make an irrevocable election to cash out up to twenty (20) hours of accrued vacation (in whole hour increments) which will be earned in the following calendar year at the employee's base rate of pay. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

4. Paid Sick Leave:

a. Regular part-time employees and all other extended part-time employees shall accrue paid sick leave credits at the rate of six (6) hours per month (2.77 hours per pay period).
b. Part-Time employees and crossing guards who qualify for paid sick leave under AB 1522 shall receive paid sick leave annually in the pay period that includes July 1. Retired annuitants are not eligible to receive paid sick leave benefits under AB 1522. Eligible employees may begin using paid sick leave after 90 days of employment with the City.

    i. Eligible part-time employees shall receive 24 hours of paid sick leave annually. Part-Time employees hired after July 1, will receive a prorated amount of two hours per month. A part-time employee who uses paid sick leave must use a minimum of two hours.
    ii. Crossing guards shall receive the equivalent of three (3) shifts of paid sick leave annually. Crossing guards who are hired after July 1, will receive a prorated amount of one shift for every four months. A crossing guard who uses paid sick leave must use a minimum of one half a stipend.
    iii. Paid sick leave will not be considered hours worked for purposes of overtime calculation. Employees will not receive compensation for unused accrued paid sick leave upon termination, resignation, retirement or other separation from employment from the City.
    iv. If an employee separates from the City and is rehired within one year of the date of separation, previously accrued and unused paid sick leave hours shall be reinstated to the extent required by law. However, if a rehired employee had not met the requisite 90 days of employment to use paid sick leave at the time of separation, the employee must still satisfy the 90 days of employment requirement prior to using paid sick leave.

c. In accordance with California's Paid Sick Leave law, an employee may use accrued paid sick leave for one of the following reasons:

    i. For the employee's own diagnosis, care, or treatment of an existing health condition or preventative care.
    ii. For the diagnosis, care, or treatment of an existing health condition or preventative care for an employee's family member, including: Child (including a biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in loco parentis.), spouse or Registered Domestic Partner, parent (including biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child.), grandparent, grandchild or sibling.
    iii. To obtain any relief or services related to being a victim of domestic violence, sexual assault, or stalking including the following with appropriate certification of the need for such services: A temporary restraining order or restraining order, other injunctive relief to help ensure the health, safety or welfare of themselves or their children, to seek medical attention for injuries caused by domestic violence, sexual assault, or stalking, to obtain

services from a domestic violence shelter, program, or rape crisis center as a result of domestic violence, sexual assault, or stalking, to obtain psychological counseling related to an experience of domestic violence, sexual assault, or stalking, to participate in safety planning and take other actions to increase safety from future domestic violence, sexual assault, or stalking, including temporary or permanent relocation.

An employee shall provide reasonable advance notification of their need to use accrued paid sick leave to their supervisor if the need for paid sick leave use is foreseeable (*e.g.,* doctor's appointment scheduled in advance). If the need for paid sick leave use is unforeseeable, the employee shall provide notice of the need for the leave to his/her supervisor with one (1) hour after the time set for beginning his/her daily duties, or as may be specified by the head of his/her department.

An employee receiving temporary disability payments while in the Workers' Compensation Program may use a pro-rated amount of accumulated leaves to supplement temporary disability payments in order to continue to maintain her/his regular income. Employees must use their accrued sick leave (until this sick leave is exhausted) prior to use of other leaves. Under circumstances in which an employee receives benefits over and above his/her regular income, the employees shall submit the excess amount to the Finance Officer.

An employee may be required to provide a doctor's release to return to work following an illness or injury resulting in an inability to perform assigned duties.

5. Holidays:

The holidays to be observed by the City shall be as follows:

New Year's Day
Martin Luther King Jr. Day
Washington's Birthday
Memorial Day
Independence Day (4th of July)
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

Prior to the beginning of the calendar year, Administrative Services will designate and announce the dates on which the above referenced holidays shall be observed. Human Resources may designate alternate dates the City will observe holidays in order to occur in conjunction with the Holiday Leave benefit provided below.

Employees, who are assigned to a 7-day work schedule, as designated by their department, shall observe holidays on the same days as employees who are not assigned to a 7-day work schedule with the following exceptions;

New Year's Day
Independence Day (4th of July)
Christmas Eve
Christmas Day

In this case, employees shall observe the holiday on the actual day of the holiday.

Regular part-time employees and extended part-time employees shall receive up to nine (9) hours of pay for normally scheduled working hours which fall on official City holidays observed on a Monday, Tuesday, Wednesday, or Thursday. Employees shall receive up to eight (8) hours of pay for normally scheduled working hours which fall on official City holidays observed on a Friday. An employee must be paid for all of the regularly scheduled workday immediately prior to a holiday and the regularly scheduled workday immediately after that holiday in order to receive holiday pay.

Holidays falling on Sunday shall be observed on the following Monday. Holidays falling on Saturday shall be observed on the preceding Friday unless this, too, is a holiday and then one day sooner.

Regular part-time employees and extended part-time employees assigned to work on authorized holidays shall receive regular paid holiday compensation and compensation for actual hours worked.

Holiday Leave

Effective in December 2017 and each year thereafter, extended part-time employees in the unit will not be required to come to work and will be provided with three days of paid leave to be used in the pay period that includes the Christmas Eve, Christmas Day and New Year's Holidays. The dates of the three "Holiday Leave" days will be designated annually by Human Resources. Employees will be provided with three days of paid leave based on the number of hours they are regularly scheduled to work on designated "Holiday Leave" days. Employees must use this leave on the designated days unless directed to work by the Department Director or designee. In cases where the employee is directed to work on such days, the employee will be credited with leave in an amount equivalent to what they would have used had they not been directed to work. Such leave shall have no cash value, and will expire if not utilized within the pay period that includes November 30 of the following year.

Extended part-time employees wanting to take additional days off in conjunction with the observed Holidays and designated Holiday Leave Days must utilize other accrued leave in accordance with existing rules.

For 2017, the following shall be observed:

Monday 12/25 - Christmas Day Eve
Tuesday 12/26- Christmas Day
Wednesday 12/27- Holiday Leave
Thursday 12/28- Holiday Leave
Friday 12/29- Holiday Leave

For 2018, the following shall be observed:

Monday 12/24-Christmas Eve
Tuesday 12/25-Christmas Day
Wednesday 12/26- Holiday Leave
Thursday 12/27- Holiday Leave
Friday 12/28- Holiday Leave

6. Jury Duty and Subpoenas

Every employee of the City who is subpoenaed as a witness for a local, state or federal government shall be entitled to absent herself/himself from her/his duties with the City during the period of such service or while necessarily being present in court as a result of such call or subpoena, and shall receive full compensation.

In order to balance the City of Irvine's interest in maintaining productivity with the interest that regular part-time and extended part-time employees of the City are able to support our system of justice by serving on juries, paid Jury Duty is limited to a maximum of 80 hours in a calendar year. If an employee, despite reporting the limit to the Court, is required to serve beyond 80 hours he or she can request an exception of the limit on paid Jury Duty Leave by the City Manager.

If an employee is required to be absent from work to report for jury duty, the employee will notify his/her supervisor of the absence as soon as possible, including, a phone message the night before if the employee finds out via a phone recording that he/she must report the next day.

An employee on jury duty must either return to work after the jury service is done for the day if there are still four hours left on his/her shift or call in to his/her supervisor and ask to use leave to cover the rest of his/her shift.

For any additional time taken off before or after jury duty, an employee will be required to utilize paid accrued time subject to supervisor approval.

An employee who is called to jury duty on a non-working day will not receive compensation or be authorized to change their schedule as a result of being called to jury duty.

SECTION 6. COMPENSATION COMPONENTS APPLICABLE TO ALL PART-TIME PERSONNEL

1. Overtime Compensation:

   Hours worked in excess of forty (40) hours in each employee's defined FLSA workweek shall be compensated at one and one-half time (1-1/2) the employee's hourly rate when authorized by the Department Director and approved by the City Manager. Part-time employees may not accrue any form of compensatory time-off.

2. Bilingual Pay:

   A. Department Directors shall annually designate which positions are assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified employees who meet the following criteria shall receive an additional $11.54 per pay period. For pay periods where the employee does not receive a paycheck, no bilingual pay will be paid.

   B. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.

   C. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

   D. Any employee who has been determined as qualified for bilingual pay and who is on any leave of absence for at least one calendar month, exclusive of accrued vacation or compensatory time, will be ineligible for bilingual pay until his/her return to work. Upon his/her return to work, the employee will be reinstated into the bilingual pay program and receive his/her $25.00 monthly stipend effective the first working day of the new calendar month following his/her return to work. The employee will not be required to perform bilingual interpretation services during any period in which he/she is not receiving the bilingual pay stipend.

   E. For positions requiring extensive contact with the public or contractors, bilingual pay will be rotated among employees who are deemed as qualified by the City. The Department Director will have the discretion to determine the number of employees and the sections/units that qualify to participate in a "rotation pool." Rotations will occur every 12 months, effective the first pay period each November. It is the Department Director's sole discretion to determine the

order of rotation among the qualified employees. An employee, who has not performed bilingual duties within the rotation for a period of 24 months or longer, must be re-certified by the City in order to receive bilingual pay.

An employee in a bilingual assignment may request to have the bilingual assignment and corresponding pay removed.

3. Class B Certification Stipend

A. Employees who are assigned to an eligible assignment and who possess a California Class B Driver's License shall receive an additional $16.15 per pay period. For pay periods where the employee does not receive a paycheck, no Class B Stipend will be paid.

B. The Department Director, with the concurrence of the Personnel Officer, will determine which assignments are eligible for the Class B Certification Stipend, depending on the frequency and regularity of duties that require a California Class B Driver License.

4. Compensation for Employees Assigned to Care for Animals at Home

Employees covered herein who are assigned to care for animals in their home are entitled to compensation for the off-duty hours spent caring, grooming and feeding their animal. The parties acknowledge that the Fair Labor Standards Act, which governs the entitlement to compensation for off duty caring, grooming and feeding of animals, entitles the parties to agree to a reasonable number of hours per week or per month for the performance of such duties. It is the intent of the parties through the provisions of this agreement to fully comply with the requirements of the Fair Labor Standards Act. In addition, both parties believe that this agreement does comply with the requirements of the Fair Labor Standards Act, including, but not limited to Department of Labor regulation 29 CFR section 785.23.

Employees assigned as animal caregivers at home shall be paid $7.25 per hour for such duties and are not permitted to work more than two (2) hours per week on such duties. The $7.25 is intended to comply with the federal minimum wage per the FLSA. If that wage increases, the compensation for such duties will increase to match the federal minimum wage. Since such hours are in addition an employees' regular work hours, if such employees exceed the overtime threshold for the week by the performance of the off-duty animal caregiver duties, employees will be paid at 1.5 times the $7.25 per hour rate, i.e., $10.875 (up to a maximum of two hours per week) for such duties for a total weekly amount of $21.75.

A. Only Community Services employees who are regularly assigned to the Irvine Animal Care Center are eligible for this compensation;
B. The Department Director, with the concurrence of the Personnel Officer, will determine which assignments are eligible for this compensation, depending on the frequency and regularity of these duties.

SECTION 7. ADMINISTRATION OF COMPENSATION POLICY

The Personnel Officer shall establish procedures for the efficient administration of the compensation policy described in this Resolution.

The City Manager shall approve procedures for movement of an individual employee through salary ranges. Such procedures shall be reviewed annually. All adjustments to the salary ranges shall be approved by the City Council.

SECTION 8. EMPLOYEE RESPONSIBILITIES

Since it is the City's policy to recruit highly qualified staff at a competitive total compensation level, the employees shall be responsible for striving to meet the high performance standards established by the City management.

SECTION 9. EFFECTIVE DATE

The compensation policy provided for by this Resolution shall be operative from and after 12:01 a.m. on September 12, 2017, unless otherwise stated. All previous Resolutions are hereby repealed effective on the operative date of this Resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

REQUEST FOR CITY COUNCIL ACTION

MEETING DATE: SEPTEMBER 12, 2017

TITLE: MINUTES

City Clerk

RECOMMENDED ACTION:

Approve the minutes of a regular meeting of the Irvine City Council and regular joint meeting with the City of Irvine as Successor Agency to the dissolved Irvine Redevelopment Agency held on August 8, 2017.

MINUTES

CITY COUNCIL
REGULAR MEETING
AND
REGULAR JOINT MEETING
WITH THE CITY OF IRVINE AS SUCCESSOR AGENCY TO THE DISSOLVED IRVINE REDEVELOPMENT AGENCY

August 8, 2017
City Council Chamber
One Civic Center Plaza
Irvine, CA 92606

CALL TO ORDER

The regular meeting of the Irvine City Council and regular joint meeting with the City of Irvine as Successor Agency to the dissolved Irvine Redevelopment Agency was called to order at 4:05 p.m. on August 8, 2017 in the City Council Chamber, Irvine Civic Center, One Civic Center Plaza, Irvine, California; Mayor/Chairman Wagner presiding.

ROLL CALL

Present:	4	Councilmember/Boardmember:	Melissa Fox
		Councilmember/Boardmember:	Christina Shea
		Mayor Pro Tempore/Vice Chairwoman:	Lynn Schott
		Mayor/Chairman:	Donald P. Wagner
Absent:	1	Councilmember/Boardmember:	Jeffrey Lalloway

1. CLOSED SESSION

City Attorney Melching announced the following Closed Session item:

1.1 CONFERENCE WITH LABOR NEGOTIATORS (Pursuant to Government Code Section 54957.6) Agency Negotiators: Sean Joyce, City Manager; Grace Leung, Assistant City Manager; Michelle Grettenberg, Deputy City Manager; Jimmee Medina, Deputy Director of Administrative Services; Brian King, Manager of Human Resources; Peter Brown, Liebert, Cassidy, Whitmore; Employee Organizations: Associated Supervisory/Administrative Personnel (ASAP); Irvine City Employees Association (ICEA); Irvine Professional Employees Association (IPEA); Irvine Police Association (IPA); Irvine Police Management Association (IPMA); Management and Non-Represented Employees; Confidential Employees; and Part-Time Employees

RECESS

Mayor Wagner convened the regular City Council meeting to Closed Session at 4:07 p.m.

RECONVENE TO THE CITY COUNCIL MEETING

Mayor Wagner reconvened the regular City Council meeting at 5:08 p.m. City Attorney Melching, on behalf of the City Council, announced that no reportable action was taken in Closed Session.

PLEDGE OF ALLEGIANCE

Mayor Pro Tempore Schott led the Pledge of Allegiance.

INVOCATION

Pastor Frank Winans from Woodbridge Community Church in Irvine provided the invocation.

CITY MANAGER'S REPORT

City Manager Joyce announced the upcoming retirement of Susan Emery, Director of Community Development, and Michael LeBlanc, Senior Vice President with the Irvine Company, and wished them both well in their future endeavors; and turned to Mike Hamel, Director of Public Safety/Chief of Police, who spoke about the recent National Night Out event and the department's new Mounted Unit.

ANNOUNCEMENTS/COMMITTEE REPORTS/COUNCIL REPORTS

Councilmember Fox reiterated the success of the recent National Night Out event; and announced that the Association of California Cities was requesting ideas for legislation to improve businesses in cities and finding ways to prevent unnecessary regulations.

Mayor Wagner made the following announcements:

- On Saturday, August 5, the grand opening of the first phase of the Orange County Great Park Sports Park took place, which featured youth and professional athletes and ended with a concert by the Blues Brothers. The Sports Park was a result of a public-private partnership with FivePoint Communities. Amenities include six soccer fields, the Soccer Stadium, five sand volleyball courts, 25 tennis courts, and a children's play area. To learn more, call 949-724-6584 or visit *ocgp.org*.

- For the third consecutive year, the Irvine Animal Care Center is joining a nationwide effort to "Clear the Shelters". At the August 19 event, sponsored in Southern California by NBC-4 and Telemundo-52, all pet adoptions will be $20. The Irvine Animal Care Center, located at 6443 Oak Canyon Road, is open from 10 a.m. to 6 p.m. the day of the event. For information, visit *cityofirvine.org/animals.*

- The 2017 Irvine Senior Fitness Expo will take place on Friday, August 25 at the Rancho Senior Center from 9 a.m. to noon, which features exercise and fitness demonstrations, free health screenings, nutrition presentations and more. For information, call 949-724-6800 or visit *cityofirvine.org/seniors.*

- Irvine has been named the "8th Safest City in America to Raise a Child" by Safewise, a home safety website, with Irvine the only California city to make the list. The report citied bikeways, parks and open space, higher education opportunities, and FOR Families, which provides resources and short-term support to Irvine residents struggling with life's challenges. The ranking looked at cities in the United States with more than 10,000 residents, taking into account reported sex offender concentration, state graduation rates, overall school quality ranking, and FBI violent crime data. It also considered parks and recreational opportunities as well as special programs focused on providing services for kids and families.

ADDITIONS AND DELETIONS

There were no additions or deletions to the agenda.

CONVENE TO THE REGULAR JOINT MEETING

Mayor/Chairman Wagner convened to the regular Joint Meeting with the City of Irvine as Successor Agency to the dissolved Irvine Redevelopment Agency at 5:26 p.m.

2. CONSENT CALENDAR - CITY COUNCIL

ACTION: Moved by Councilmember/Boardmember Shea, seconded by Councilmember/Boardmember Fox, and unanimously carried by those members present (Councilmember/Boardmember Lalloway absent) to approve City Council Consent Calendar Item Nos. 2.1 through 2.11, and Successor Agency Consent Calendar Item Nos. 3.1 through 3.3, with the exception of City Council Consent Calendar Item No. 2.7, which was removed for separate discussion.

2.1 MINUTES

ACTION:
Approved the minutes of a regular meeting of the Irvine City Council held on July 25, 2017.

2.2 WARRANT AND WIRE TRANSFER RESOLUTION

ACTION:
Adopted RESOLUTION NO. 17-52 - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ALLOWING CERTAIN CLAIMS AND DEMANDS AND SPECIFYING THE FUNDS OUT OF WHICH THE SAME ARE TO BE PAID

2.3 DEFINED BENEFIT AND DEFINED CONTRIBUTION PENSION PLAN AUDITS FOR THE YEAR ENDED DECEMBER 31, 2016

ACTION:

ACTION:
Adopted RESOLUTION NO. 17-53 – A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, APPROVING THE ASSIGNMENT AND ASSUMPTION OF CERTAIN OBLIGATIONS UNDER THE APPROVED AMENDED AND RESTATED DEVELOPMENT AGREEMENT (00470035-PDA) BY AND BETWEEN THE CITY OF IRVINE, CITY OF IRVINE AS SUCCESSOR AGENCY TO THE DISSOLVED IRVINE REDEVELOPMENT AGENCY AND O.C. PROPERTY COMPANY LLC TO FIVE POINT OFFICE VENTURE I LLC FOR THE GREAT PARK NEIGHBORHOODS DEVELOPMENT DISTRICT 3 CORPORATE CAMPUS PROJECT LOCATED IN PLANNING AREA 51 **(Contract No. 6896A)**

2.6 ACCEPTANCE OF AGREEMENT FOR TRANSFER OR PURCHASE OF EQUIPMENT/SERVICES OR FOR REIMBURSEMENT OF TRAINING COSTS FOR FISCAL YEAR 2016 URBAN AREAS SECURITY INITIATIVE GRANT

ACTION:
1) Authorized the Director of Public Safety to accept the Agreement for Transfer or Purchase of Equipment/Supplies or for Reimbursement of Training Costs for Fiscal Year 2016 Urban Areas Security Initiative Grant. **(Contract No. 9925)**
2) Authorized the Director of Public Safety to accept equipment, technology, services or supplies purchased by the City of Anaheim and transferred to the City of Irvine to enhance countywide emergency preparedness.
3) Approved a budget adjustment request in the amount of $50,000 in grant revenues and appropriations for training costs and necessary personnel; as well as equipment, supplies or services.
4) Authorized the Director of Public Safety to submit for reimbursement up to $25,000 in training and personnel costs, and $25,000 in approved equipment, supplies or services through the Fiscal Year 2016 Urban Areas Security Initiative Grant.

2.7 ACCEPTANCE OF MARUCHAN, INCORPORATED DONATION

This item was removed for separate discussion at the request of Mayor Pro Tempore Schott, expressed her appreciation to Maruchan for its numerous donations in prior years and its recognition of the value of public safety in our community.

There was no additional discussion.

ACTION: Moved by Mayor Pro Tempore Schott, seconded by Councilmember Shea, and unanimously carried by those members present (Councilmember Lalloway absent), to:

Accept a $100,000 donation from Maruchan, Incorporated.

2.8 APPROVAL OF PLANS, SPECIFICATIONS AND CONTRACT DOCUMENTS FOR ORANGE COUNTY GREAT PARK SOUTH LAWN PUMP STATION ENCLOSURE

ACTION:

1) Approved the construction plans, specifications and contract documents for the Orange County Great Park, South Lawn Pump Station Enclosure, Capital Improvement Project 381703.
2) Approved the Engineer's Estimate, Construction Contingency and Project Funding Summary.
3) Authorized staff to solicit competitive bids and award the construction contract to the lowest responsive and responsible bidder, in accordance with the City's purchasing policies and procedures, within the approved budget.

2.9 APPROVAL OF PLANS, SPECIFICATIONS AND CONTRACT DOCUMENTS FOR OPERATIONS SUPPORT FACILITY ACCESSIBILITY IMPROVEMENTS

ACTION:

1) Approved the construction plans, specifications and contract documents for the Operations Support Facility Accessibility Improvements, Capital Improvement Project 361602.
2) Approved the Engineer's Estimate, Construction Contingency and Project Funding Summary.
3) Authorized staff to solicit competitive bids and award the construction contract to the lowest responsive and responsible bidder, in accordance with the City's purchasing policies and procedures, within the approved project budget.

2.10 NOTICE OF PENDING APPROVAL FOR TRACT MAPS IN ORCHARD HILLS, LOS OLIVOS AND PORTOLA SPRINGS

ACTION:
Received and filed.

2.11 COMMUNITY PARTNERSHIP FUND GRANT NOMINATIONS

ACTION:

1) Approved Mayor Pro Tempore Schott's requests for Community Partnership Fund Grant nominations to the Irvine Korean Evergreen Association in the amount of $1,000 **(Contract No. 9926)**, and the Irvine Barclay Theatre in the amount of $2,000 **(Contract No. 9927)**, in support of program costs; and New Outlook Center in the amount of $2,000 **(Contract No. 9902)** in support of its mission and goals.
2) Authorized the City Manager to prepare and sign the funding agreements listed in Action 1.

3. CONSENT CALENDAR - SUCCESSOR AGENCY

3.1 MINUTES

ACTION:

1) Approved the minutes of a regular joint meeting of the City of Irvine as Successor Agency to the dissolved Irvine Redevelopment Agency with the Irvine City Council held on March 28, 2017.
2) Approved the minutes of a regular joint meeting of the City of Irvine as Successor Agency to the dissolved Irvine Redevelopment Agency with the Irvine City Council held on July 11, 2017.

3.2 WARRANT AND WIRE TRANSFER RESOLUTION – CITY COUNCIL AS SUCCESSOR AGENCY TO THE DISSOLVED IRVINE REDEVELOPMENT AGENCY

ACTION:
Adopted RESOLUTION NO. 17-03 – A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, AS SUCCESSOR AGENCY TO THE DISSOLVED IRVINE REDEVELOPMENT AGENCY ALLOWING CERTAIN CLAIMS AND DEMANDS OF THE CITY COUNCIL AS SUCCESSOR AGENCY TO THE DISSOLVED IRVINE REDEVELOPMENT AGENCY AND SPECIFYING THE FUNDS OUT OF WHICH THE SAME ARE TO BE PAID

3.3 ASSIGNMENT AND ASSUMPTION OF FIVE POINT OFFICE VENTURE I LLC TO BE A PARTY TO THE APPROVED AMENDED AND RESTATED DEVELOPMENT AGREEMENT (00470035-PDA)

ACTION:
Adopted RESOLUTION NO. 17-04 – A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, AS SUCCESSOR AGENCY TO THE DISSOLVED IRVINE REDEVELOPMENT AGENCY APPROVING THE ASSIGNMENT AND ASSUMPTION OF CERTAIN OBLIGATIONS UNDER THE APPROVED AMENDED AND RESTATED DEVELOPMENT AGREEMENT (00470035-PDA) BY AND BETWEEN THE CITY OF IRVINE, CITY OF IRVINE AS SUCCESSOR AGENCY TO THE DISSOLVED IRVINE REDEVELOPMENT AGENCY AND O.C. PROPERTY COMPANY LLC TO FIVE POINT OFFICE VENTURE I LLC FOR THE GREAT PARK NEIGHBORHOODS DEVELOPMENT DISTRICT 3 CORPORATE CAMPUS PROJECT LOCATED IN PLANNING AREA 51 **(Contract No. 6896A)**

PUBLIC COMMENT - SUCCESSOR AGENCY

There were no public comments.

ADJOURNMENT - REGULAR JOINT MEETING

Moved by Mayor Pro Tempore/Vice Chairwoman Schott, seconded by Councilmember/Boardmember Shea, and unanimously carried by those members present (Councilmember/Boardmember Lalloway absent), to adjourn the regular joint meeting with the City of Irvine as Successor Agency to the dissolved Irvine Redevelopment Agency at 5:28 p.m.

RECONVENE TO THE CITY COUNCIL MEETING

Mayor Wagner reconvened the regular City Council meeting at 5:29 p.m.

4. PUBLIC HEARINGS

4.1 ZONE CHANGE TO AMEND IRVINE'S SIGN CODE TO ALLOW OFF-PREMISES ADVERTISING ON THE EXISTING ELECTRONIC FREEWAY SIGN LOCATED IN THE IRVINE AUTO CENTER AT 30 AUTO CENTER DRIVE IN PLANNING AREA 35 (IRVINE SPECTRUM 2)

Mayor Wagner opened the public hearing at 5:30 p.m. There were no requests to speak.

ACTION: Moved by Councilmember Shea, seconded by Mayor Pro Tempore Schott, and unanimously carried by those members present (Councilmember Lalloway absent) to:

Continue the public hearing to September 26, 2017.

5. COUNCIL BUSINESS

5.1 BOND ISSUANCE FOR REASSESSMENT DISTRICT NO. 05-21

Jennifer King, Finance Administrator, presented the staff report and responded to questions.

City Council discussion included: clarification of the approved level of assessments and bond amounts; inquired about prior ceiling amounts; questioned whether funding could be used in other ways, such as additional infrastructure; and inquired about potential impacts to homeowners.

Michael Langford, representing the Irvine Company, provided clarification of the proposed bond issuance.

ACTION: Moved by Councilmember Shea, seconded by Mayor Pro Tempore Schott, and unanimously carried by those members present (Councilmember Lalloway absent), to:

ACTION:
Adopt RESOLUTION NO. 17-54 - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, AUTHORIZING THE ISSUANCE AND SALE OF NOT TO EXCEED $19,500,000 AGGREGATE PRINCIPAL AMOUNT OF CITY OF IRVINE REASSESSMENT DISTRICT NO. 05-21 LIMITED OBLIGATION IMPROVEMENT BONDS, FIXED RATE SERIES, GROUP THREE, APPROVING THE EXECUTION AND DELIVERY OF A THIRD SUPPLEMENTAL INDENTURE AND A BOND PURCHASE AGREEMENT

5.2 A RESOLUTION OF INTENT TO CONSIDER GRANTING NONEXCLUSIVE FRANCHISE AGREEMENTS FOR COMMERCIAL WASTE COLLECTION AND RECYCLING SERVICES

Manuel Gomez, Director of Public Works, and Mike Byrne, Senior Management Analyst, presented the staff report and responded to questions.

The following individuals spoke in opposition to the proposed revisions to service areas within the Nonexclusive Franchise Agreement:

Jeff Snow, representing Rainbow/Republic Services
Ron Saldana, representing California Waste and Recycling Association

Chip Monaco, representing Waste Management, spoke in support of the proposed revisions.

City Council discussion included: ensuring fairness and preventing any unfair burden to all interested stakeholders; questioned potential impacts to environmental sustainability; noted the approximate percentage of Orange County cities that are exclusive to one provider for waste hauler services; noted a preference to maintain the current program of open competition; reiterated Waste Management's guarantee of lowest rates in Orange County for Irvine residents; questioned the differential between Waste Management's prior and existing exclusive service area; expressed concern about the terms of cancellation in the proposed agreement; noted that non-exclusive waste haulers had not been provided sufficient time to address concerns; expressed concern about additional pollution from waste hauling vehicles in the Portola Springs area and a requirement to convert to clean air vehicles by January 2019; questioned the designation of the Los Olivos Shopping Center and inquired about how commercial and neighborhood shopping centers were distinguished from one another; suggested more frequent review of the non-exclusive service areas to determine how shopping centers were operating; and noted concurrence with agendizing the item for review by the Finance Commission.

Director of Public Works Gomez noted that only three cities in Orange County, including Irvine, were open to competition; that the changes in the proposed service areas were not based on a "like for like" exchange, but rather, on revenue generation; and noted a preference to align the terms of the non-exclusive franchise agreement with the exclusive franchise agreement.

Sean Joyce, City Manager, noted that newly built residential areas were assigned to Waste Management consistent with past practice.

ACTION: Moved by Mayor Pro Tempore Schott, seconded by Councilmember Shea, to:

Adopt RESOLUTION NO. 17-55 – A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, DECLARING ITS INTENT TO CONSIDER GRANTING NONEXCLUSIVE FRANCHISE AGREEMENTS FOR COMMERCIAL SOLID WASTE COLLECTION AND RECYCLING SERVICES AND SETTING FORTH THE PROPOSED TERMS AND CONDITIONS OF SAID FRANCHISE

The motion carried as follows:

AYES:	3	COUNCILMEMBERS:	Schott, Shea and Wagner
NOES:	1	COUNCILMEMBERS:	Fox
ABSENT:	1	COUNCILMEMBERS:	Lalloway

5.3 ORDINANCE TO ESTABLISH CHANGES AND ADDITIONS TO POSTED SPEED LIMITS

Tran Tran, Senior Transportation Engineer, and Matt August, Police Sergeant, presented the staff report and responded to questions.

City Council discussion included: noting concerns raised about speeding and other moving violations in Woodbury, how speeds were determined in that village, and suggested a traffic study be conducted on Vintage Street to potentially reduce the speed limit to 25 mph; expressed concern about increasing speed limits on the Northwood Loop; noted a preference of not increasing speed limits in residential areas; inquired about police officers issuing citations using electronic surveillance; suggested revisiting increases in speed limits on certain streets if problems occur; enhancing signage to ensure speed limits are adhered to; suggested more frequent traffic studies from five years to two; and questioned potential solutions to maintain or enhance mobility in conjunction with appropriate speed limits.

ACTION: Moved by Mayor Pro Tempore Schott, seconded by Councilmember Shea, to:

1) Introduce for first reading, and read by title only – AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, DIRECTING AN AMENDMENT TO THE "CITY OF IRVINE ENGINEERING AND TRAFFIC SURVEYS FOR SPEED LIMITS," AS MAINTAINED BY THE CITY ENGINEER AS THE OFFICIAL DOCUMENTATION OF DECLARED PRIMA FACIE SPEED LIMITS **as amended** to not approve speed increases to the following roadway segments:

Roadway Segment	Location (Village)
Stone Creek S – West Yale Loop to Stone Creek N	Woodbridge
Northwood – Eastwood to Westwood	Northwood
Southwood – Eastwood to Westwood	Northwood
Eastwood – Northwood to Southwood	Northwood
Westwood – Northwood to Southwood	Northwood

2) Direct staff to reduce the timeframe in the reevaluation of speed studies from five to two years.

City Manager Joyce expressed concern that conducting speed studies every two years would require a significant undertaking.

Manuel Gomez, Director of Public Works, and Mark Linsenmeyer, Director of Transportation, noted that staff would work collaboratively with the Traffic Commission to determine which street segments should be evaluated on a more frequent basis.

Following discussion, Mayor Pro Tempore Schott amended her motion.

ACTION: An amendment to the main motion was moved by Mayor Pro Tempore Schott, accepted by Councilmember Shea as the seconder, and unanimously carried by those members present (Councilmember Lalloway absent), to

Introduce for first reading, and read by title only – AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, DIRECTING AN AMENDMENT TO THE "CITY OF IRVINE ENGINEERING AND TRAFFIC SURVEYS FOR SPEED LIMITS," AS MAINTAINED BY THE CITY ENGINEER AS THE OFFICIAL

DOCUMENTATION OF DECLARED PRIMA FACIE SPEED LIMITS **as amended** to not approve speed increases to the following roadway segments:

Roadway Segment	Location (Village)
Stone Creek S – West Yale Loop to Stone Creek N	Woodbridge
Northwood – Eastwood to Westwood	Northwood
Southwood – Eastwood to Westwood	Northwood
Eastwood – Northwood to Southwood	Northwood
Westwood – Northwood to Southwood	Northwood

5.4 CONSIDERATION OF MEMORANDUM OF UNDERSTANDING WITH PRETEND CITY CHILDREN'S MUSEUM FOR PROPERTY AT THE CULTURAL TERRACE

Pete Carmichael, Director, Orange County Great Park, and Allison LeMoine-Bui, legal counsel, Rutan & Tucker, presented the staff report and responded to questions.

The following individuals spoke in support of a memorandum of understanding with Pretend City Children's Museum for property at the Cultural Terrace:

Sandra Bolton
Daniel Campos
Sandra Peffer Stone

City Council discussion included: reiterating the need to move expeditiously with a memorandum of understanding (MOU); noted that the MOU did not specify a location or square footage; suggested taking a more comprehensive versus a piecemeal approach to planning the Cultural Terrace, and noted the need for a more comprehensive plan with the assistance of a consultant to evaluate fit, economics, and acreage; requested ample time to evaluate Pretend City's Business Plan; referenced discussion by the Great Park Board at its April 24, 2015 workshop and questioned whether any actions taken were binding; reiterated Pretend City's history with the City; noted that an MOU was a gesture of good faith; noted a similar request for property by U.S. Water Polo and reiterated that a potential venue for a water polo facility was not limited to the Cultural Terrace; questioned timeline requirements for Pretend City to enter into an MOU; suggested Board discussion regarding the planning of the Cultural Terrace be moved up from October to

September if possible; and expressed concern that Pretend City could lose funding if an MOU was not approved.

City Manager Joyce commented on the project priorities at the April 24, 2015 Workshop that reflected aspirations for the Cultural Terrace.

Director Carmichael noted the purpose of the Cultural Terrace study was to address urban design and implementation, and that staff would work with consultants to determine if the study could be completed in time for the Orange County Great Park Board meeting in September.

ACTION: Moved by Councilmember Shea, seconded by Councilmember Fox, to:

> Approve a Memorandum of Understanding with Pretend City Children's Museum for lease of property at the Great Park Cultural Terrace.

The motion failed as follows:

AYES:	2	COUNCILMEMBERS:	Fox and Shea
NOES:	2	COUNCILMEMBERS:	Schott and Wagner
ABSENT:	1	COUNCILMEMBERS:	Lalloway

5.5 DESIGNATION OF VOTING DELEGATE FOR LEAGUE OF CALIFORNIA CITIES 2017 ANNUAL CONFERENCE

Molly McLaughlin, City Clerk, presented the staff report.

City Manager Joyce noted that Councilmember Fox had expressed interest in attending the Annual Conference, to which Councilmember Shea offered to serve as alternate, schedule permitting, should Councilmember Fox be unable to attend.

ACTION: Moved by Councilmember Shea, seconded by Mayor Pro Tempore Schott, and unanimously carried by those members present (Councilmember Lalloway absent), to:

> Appoint Councilmember Fox to serve as the voting delegate, and Councilmember Shea to serve as the alternate, for the Annual Business Meeting at the League of California Cities 2017 Annual Conference.

PUBLIC COMMENT-CITY COUNCIL

Stephen Wontrobski, Mission Viejo resident, spoke in in opposition to the Orange County Fire Authority overcharging the City of Irvine for fire related services.

Ilya and Robert Tseglin reiterated a domestic issue related to an autistic family member.

Paul Marshall expressed concerns related to homeowner associations, citizens who face housing challenges, and communication issues between men and women.

ADJOURNMENT-CITY COUNCIL

Moved by Councilmember Fox, seconded by Mayor Pro Tempore Schott, and unanimously carried by those members present (Councilmember Lalloway absent) to adjourn the regular City Council meeting at 8:13 p.m.

CITY OF IRVINE

Proclamation

NATIONAL FORENSIC SCIENCE WEEK
SEPTEMBER 17-23, 2017

WHEREAS, forensic science plays a vital role in law enforcement and numerous professional organizations each year recognize National Forensic Science Week; and

WHEREAS, in 2016 the men and women of Irvine Police Department Crime Scene Investigations Unit responded to approximately 3,000 calls for service and processed 2,000 items such as weapons, burglary tools and stolen property to collect and preserve important DNA an finger print evidence; and

WHEREAS, access to quality forensic analysis dramatically improves the investigation of criminal activity, leading to the exoneration of the innocent and the prosecution of the guilty; and

WHEREAS, forensic science plays a critical role in public outreach and crime prevention, and is evolving in its role as an important member of the criminal justice community; and

WHEREAS, crime scene investigators, forensic examiners, and forensic scientists provide unbiased, accurate, and reliable analyses of evidence recovered from across the nation.

NOW, THEREFORE, the City Council of the City of Irvine **DOES HEREBY PROCLAIM September 17-23, 2017 as NATIONAL FORENSIC SCIENCE WEEK,** and asks all residents to join in expressing their sincere appreciation for the outstanding service performed by crime scene investigators, forensic examiners, and forensic scientists throughout the year to process evidence.

CITY OF IRVINE

Proclamation

CHILDHOOD CANCER AWARENESS MONTH
SEPTEMBER 2017

WHEREAS, the American Cancer Fund for Children and Kids Cancer Connection, through their collaboration, has reported that cancer is the leading cause of death by disease among children in the United States, with this tragic disease detected in more than 16,000 of our nation's young people each and every year; and

WHEREAS, one in five of our nation's children loses his or her battle with cancer with many infants, children and teens suffering from long-term effects of comprehensive treatment, including secondary cancers; and

WHEREAS, the American Cancer Fund for Children and Kids Cancer Connection provides a variety of vital patient psychosocial services to children undergoing cancer treatment at Children's Hospital Orange County, CHOC Children's at Mission Hospital, Miller Children's and Women's Hospital Long Beach, as well as participating hospitals throughout the country, thereby enhancing the quality of life for these children and their families; and

WHEREAS, the American Cancer Fund for Children and Kids Cancer Connection also sponsor the Courageous Kid Recognition Awards, family sailing, community get well cards, and hospital celebrations in honor of a child's determination and bravery to fight the battle against childhood cancer.

NOW, THEREFORE, the City Council of the City of Irvine **DOES HEREBY PROCLAIM SEPTEMBER 2017 as "CHILDHOOD CANCER AWARENESS MONTH"** in the City of Irvine.

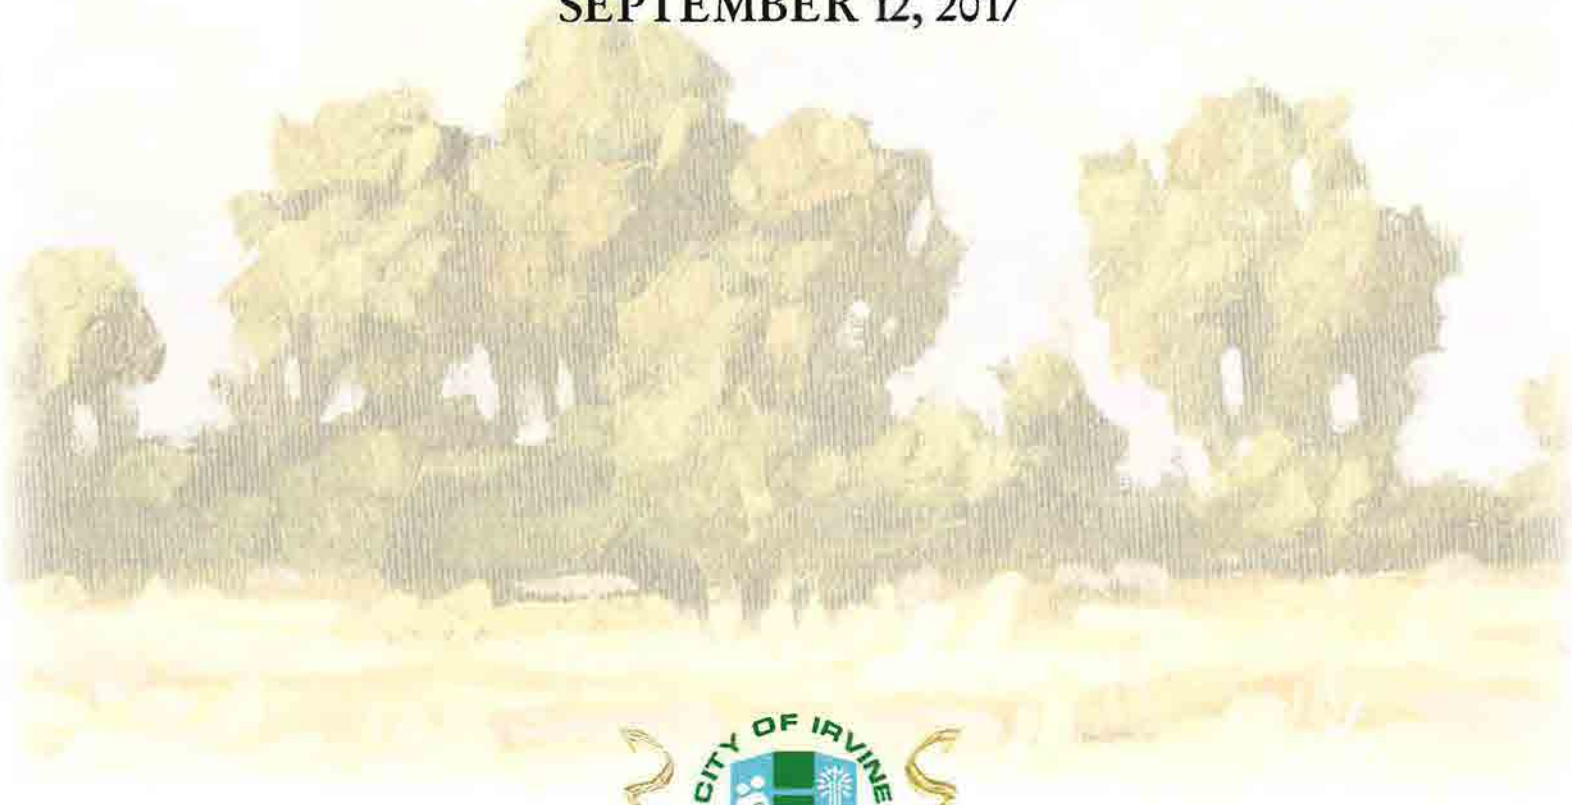
CITY OF IRVINE

Proclamation

PROSTATE CANCER AWARENESS MONTH
SEPTEMBER 2017

WHEREAS, prostate cancer is the most commonly diagnosed form of cancer, and the third leading cause of cancer-related deaths among men; and



WHEREAS, this year approximately 161,360 men in the United States will be diagnosed, and roughly 26,730 will lose their battle with prostate cancer; and

WHEREAS, African American men are at the highest risk with a diagnosis rate of one out of every six men, and are more than twice as likely to die from the disease; and

WHEREAS, education regarding prostate cancer, and early detection strategies including regular prostate screenings, are critical to saving lives, and preserving and protecting our families.

NOW, THEREFORE, the City Council of the City of Irvine **DOES HEREBY PROCLAIM SEPTEMBER 2017 as "PROSTATE CANCER AWARENESS MONTH"** in the City of Irvine.

CITY OF IRVINE

Proclamation

CONSTITUTION WEEK
SEPTEMBER 17-23, 2017

WHEREAS, September 17, 2017 marks the 230th anniversary of the drafting of the Constitution of the United States of America by the Constitutional Convention; and

WHEREAS, in signing the Constitution, the Framers provided a model of American leadership for generations to come and built a lasting structure of government that began with the words, "We the People"; and

WHEREAS, Public Law 915 guarantees the issuing of a proclamation each year by the President of the United States of America designating September 17-23 as Constitution Week.

NOW THEREFORE, the City Council of the City of Irvine **DOES HEREBY PROCLAIM THE WEEK OF SEPTEMBER 17-23, 2017 as "CONSTITUTION WEEK"** in the City of Irvine and asks our citizens to reaffirm the ideals of the Framers of the Constitution had in 1787 by vigilantly protecting the freedoms guaranteed to us through this guardian of our liberties.

Commendation

UNITED SERVICE ORGANIZATIONS
76TH ANNIVERSARY

WHEREAS, the United Service Organizations (the USO) has been the leading organization serving members of our nation's military and their families for 76 years; and

WHEREAS, the USO is a congressionally-chartered, private organization, which relies on the generosity of individuals, and corporations to support its activities, and is powered by a family of volunteers working from 160 centers on every continent except Antarctica; and

WHEREAS, the USO is made up of everyday Americans who donate their time, money, and energy; and who are committed to establishing connections with our men and women in uniform keeping them strong; and

WHEREAS, the USO has been dedicated to the entertainment of our young men and women overseas, bringing a remembrance of home to our troops when they need it most; and

WHEREAS, the USO, in its commitment to support all military service members and their families, has a significant impact and positive influence on the African-American and minority business and education communities in Orange County.

NOW, THEREFORE, the City Council of the City of Irvine **DOES HEREBY COMMEND AND CONGRATULATE** United Service Organizations on its 76th Anniversary.

REQUEST FOR CITY COUNCIL ACTION

MEETING DATE: SEPTEMBER 12, 2017

TITLE: CITY OF IRVINE INVESTMENT POLICY FOR CALENDAR YEAR 2018

Director of Administrative Services

City Manager

RECOMMENDED ACTION

Adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE CITY'S ANNUAL INVESTMENT POLICY FOR CALENDAR YEAR 2018

EXECUTIVE SUMMARY

The City of Irvine Annual Investment Policy (Policy) provides specific criteria for the prudent investment of the City's funds. The policy applies to the following portfolios that are held by the City: the City's Pooled Investment Portfolio, Bond Proceeds Portfolio, and Special District Funds Portfolio. In accordance with the Policy, the City Council is to review and adopt the Policy annually. The proposed changes to the Policy for calendar year 2018 update language applicable to portfolio management, reporting, and certain definitions in the Glossary.

COMMISSION/BOARD/COMMITTEE RECOMMENDATION

The Finance Commission, at its regular meeting of August 21, 2017, recommended the City Council adopt the Policy for Calendar Year 2018 by a unanimous vote, with an additional recommendation to limit the authorized municipal bond investments to 25 percent of the portfolio's cost value.

At its regular meeting of August 9, 2017, the Investment Advisory Committee unanimously voted to recommend that the City Council adopt the Policy for Calendar Year 2018.

ANALYSIS

The City Treasurer, investment manager, and staff evaluate the Annual Investment Policy (Attachment 1) and recommend changes based on various factors including legislative changes, investment management practices, the bond market and economy, or to conform to national and state investment policy standards. Recommended

changes are presented to the Investment Advisory Committee and Finance Commission prior to presentation of the implementing resolution (Attachment 2) to the City Council for adoption.

The Policy is based on State of California Government Code Sections 53600 through 53609 and 53630 through 53686. These laws, as well as guidelines set forth by the Association of Public Treasurers of the United States and Canada, the California Municipal Treasurers Association and the Government Finance Officers Association, have aided City staff in policy development. The State laws and established guidelines encompass a broad array of allowable investments and investment standards to suit the different needs of California's local agencies. The City's Policy is more conservative than what is allowed by State law as it further restricts the percentage of allowable credit investments.

The Policy applies to the City's Pooled Investment Portfolio, Bond Proceeds Portfolio, and Special District Funds Portfolio. These portfolios encompass all funds under the oversight of the City Treasurer including the General Fund, Reserve Funds, Special Revenue Funds, Capital Project Funds, Permanent Fund, Debt Service Funds, Proprietary Funds, Trust and Agency Funds, and other funds that may be created as needed.

There was a statutory change this year regarding the rating requirements contained in Government Code Section 53601. Specifically, rating requirements of commercial paper, medium term notes, mortgage pass-through securities, and supranationals now refer to a rating category which is inclusive of any rating modifiers such as "+/-" or numbers, and equivalent ratings from the Nationally Recognized Statistical Rating Organization (NRSRO). Of the four types of investment instruments impacted by this change, Irvine's Investment Policy permits commercial paper, medium term notes, and supranationals. The City's rating Policy is more restrictive, using NRSRO ratings without modifiers. Consequently the rating category change is not incorporated in the Policy, consistent with the City's conservative investment philosophy.

Updates to certain language used in the Policy, most of which are related to the Bond Proceeds and Special District Funds Portfolios, are summarized as follows:

- Section 2 on page 1 – Scope. Updated Special Districts Portfolio to Special District Funds Portfolio. This name has been updated where applicable in the Policy.
- Section 2 on page 1 – Scope. Added Permanent Fund to the list of funds included in the portfolios. This fund accounts for resources that are legally restricted for the City's senior programs and is part of the Pooled Investment Portfolio.
- Section 3 on page 2 – Delegation of Authority. Added special district funds and Special District Funds Portfolio where referenced to investments managed by the City Treasurer. Added trustee as a custodian holding the City's investments.

These changes are to clarify portfolio and custodian titles, and have been added where applicable in the Policy.

- Section 17 on page 9 - Authorized and Suitable Investments. Changed percentage of municipal bonds in the Authorized Investment Summary Matrix to 25 percent as recommended by the Finance Commission.
- Section 17D on Page 10 – Authorized and Suitable Investments. Updated language to exclude the Special District Funds Portfolio investments from commercial paper investment restrictions in the Policy. Investments in the Special District Funds Portfolio, including commercial paper, are guided by the permitted investments in each bond indenture; therefore, not subject to restrictions in the City's Policy.
- Section 17G on Page 11 – Authorized and Suitable Investments. Updated language to exclude the Bond Proceeds Portfolio investments from Local Agency Investment Fund (LAIF) investment restrictions in the Policy. The Bond Proceeds Portfolio conforms to the permitted investments in each bond indenture or guiding resolution; therefore, is not subject to restrictions in the City's Policy.
- Section 17H on page 11 - Authorized and Suitable Investments. Added language to limit municipal bond investments to 25 percent of the portfolio's cost value as recommended by the Finance Commission.
- Section 20 on Page 14 – Portfolio Reporting. Updated language to reflect implementation of Governmental Accounting Standards Board (GASB) Statement No. 72, Fair Value Measurement and Application.
- Updated glossary definitions of Broker, Comprehensive Annual Financial Reporting (CAFR), Dealer, Discount, Fiscal Agent, Premium, and Uniform Net Capital Rule.

The Finance Commission's recommendation to limit municipal bond investments to 25 percent does not impact the City's portfolio. The City does not hold any municipal bond investments.

ALTERNATIVES CONSIDERED

The recommended changes to the City's Investment Policy are not mandatory and the Policy could be approved with no changes. However, the proposed changes clarify portfolio titles and terms, ensuring the Policy's intent is consistently applied. The City could also choose to modify the Policy to include the rating category change, which would make the Policy less restrictive.

FINANCIAL IMPACT

None.

CITY OF IRVINE
ANNUAL INVESTMENT POLICY
FOR CALENDAR YEAR 2017~~7~~8

1. INTRODUCTION

This statement of Investment Policy is intended to provide specific criteria for the prudent investment of City funds. The ultimate investment goal is to enhance the economic status of the City while protecting funds under management and meeting the daily cash flow demands of the City. This investment policy has been prepared in conformance with all pertinent existing laws of the State of California including California Government Code Sections 53600, et seq.

2. SCOPE

This investment policy applies to the City's Irvine Pooled Investment Portfolio, Bond Proceeds Portfolio held by the City, and Special District Funds Portfolio. These portfolios encompass all monies under the direct oversight of the Treasurer and include the General Fund, Reserve Funds, Special Revenue Funds, Debt Service Funds, Capital Project Funds, Permanent Fund, Proprietary Funds, Trust and Agency Funds, Successor Agency to the Dissolved Irvine Redevelopment Agency, and any other funds that may be created. These funds are accounted for in the City of Irvine's Comprehensive Annual Financial Report.

3. DELEGATION OF AUTHORITY

Authority to manage the City of Irvine's investment program is derived from the Charter of the City of Irvine, Section 2-2-101(B). The authority of the City Council to invest or reinvest monies of the City has been delegated by the City Council to the City Treasurer for one year or until such time the delegation is revoked. The City Treasurer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials, and their procedures in the absence of the City Treasurer. The City Treasurer may delegate daily investment activity, such as carrying out the Treasurer's investment instructions, confirming treasury transactions, and other routine activities.

The City Treasurer shall establish written investment policy procedures for the operation of the investment program consistent with this policy. The procedures should include reference to: safekeeping, master repurchase agreements, wire transfer agreements, banking service contracts and collateral/depository agreements. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the City Treasurer.

The Treasurer is responsible for the investment of bond proceeds and special district funds, whether held by the City, ~~or with~~ a fiscal agent or trustee. The Bond Proceeds and Special District Funds ~~p~~Portfolio~~(s)~~ shall be segregated from the Irvine Pooled Investment Portfolio of the City and will be structured with maturities (or maintain an average maturity) sufficient to meet construction draws, debt service payments and other short-term liabilities. For purposes of efficiency, the Treasurer may instruct each fiscal agent or trustee to purchase certain securities regarding the investment of bond proceeds and special district funds in conformance with the permitted investment criteria documented in each bond indenture or guiding resolution. Where present, bond indenture and guiding resolution documentation for investment of ~~B~~bond ~~P~~proceeds and ~~S~~special ~~D~~district funds will supersede the City of Irvine Investment Policy guidelines. The Investment Advisory Committee will be advised of any investments made outside of the Investment Policy, pursuant to bond indentures and/or guiding resolutions.

Currently, management of the Irvine Pooled Investment Portfolio, Bond~~s~~ Proceeds Portfolio, and Special District~~s~~ Funds Portfolio has been delegated to a contract management firm that has full authority to execute investment transactions on behalf of the City. In the event the contract management firm is not able to execute investment transactions, the City Treasurer and Deputy City Treasurer ha~~s~~ve the authority to execute investment transactions.

4. ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall refrain from personal business activity that conflicts with proper execution of the investment program or that impairs their ability to make impartial investment decisions. Employees and investment officials shall disclose any material financial interests that could be related to the performance of the City's investment policy annually with the California Fair Political Practices Commission or as necessary under the Political Reform Act and Government Code Section 1090 et seq.

5. PRUDENCE/PRUDENT INVESTOR STANDARD

The Treasurer operates the City's pooled cash investment program under the Prudent Investor Standard, Government Code Section 53600.3, and applicable State laws. When investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing public funds, the Treasurer shall act

with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the City, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the City. Within the limitations of this section and considering individual investments as part of an overall strategy, investments may be acquired and sold as authorized by law. This affords a broad spectrum of investment opportunities so long as the investment is deemed prudent and permissible by the State of California, various bond indentures and this policy. The Treasurer strives to invest 100 percent of idle funds.

6. INTERNAL CONTROLS

The Treasurer and Manager of Fiscal Services shall establish procedures that separate the internal responsibility for management and accounting of the investment portfolios. An analysis by an external independent auditor shall be conducted annually to review internal controls, account activity and compliance with policies and procedures.

7. INVESTMENT OBJECTIVES

The City's cash management system is designed to accurately monitor and forecast revenues and expenditures, thus enabling the Treasurer to invest funds to the fullest extent possible. The Treasurer maintains a diversified portfolio to accomplish the primary objectives in the order of safety, liquidity, and yield.

Safety: The safety/risk associated with an investment refers to the potential loss of principal, accrued interest or a combination of these. The Treasurer seeks to mitigate credit risk by monitoring financial institutions with which he/she will do business, and by careful scrutiny of the credit worthiness of the investment instruments as well as the institutions. Such resources as a nationally recognized statistical-rating organization (NRSRO) services are utilized for this review. The Treasurer seeks to mitigate interest rate risk through diversification of instruments as well as maturities.

Liquidity: The portfolio will be structured with sufficient liquidity to allow the Treasurer to meet anticipated cash requirements. This will be accomplished through the purchase of a diversity of instruments to include those with active secondary markets, those that can match maturities to expected

cash needs, and the State Local Agency Investment Fund (LAIF) with immediate withdrawal provisions.

Yield: A competitive market rate of return is the third objective of the investment program after the fundamental requirements of safety and liquidity have been met. The portfolio shall be managed to consistently attain a market rate of return throughout budgetary and economic cycles. Whenever possible, and consistent with risk limitations and prudent investment management, the City will seek to augment returns above the market average rate of return through the implementation of active portfolio management strategies.

8. PERFORMANCE EVALUATION

Investment performance is continually monitored and evaluated by the City Treasurer. Investment portfolio reports are generated on a monthly and quarterly basis and submitted to the City Council, City Manager, and Investment Advisory Committee. A quarterly Treasurer's report is also presented to the City Council, Finance Commission, and Investment Advisory Committee during respective regularly scheduled meetings.

The investment portfolio reports are to be submitted within 30 days of the end of the reporting period. The monthly average yield of the Irvine Pooled Investment Portfolio will be compared to the monthly average 6-month CMT (Constant Maturity Treasury) as calculated by the Federal Reserve Bank of New York. As an added reference, the monthly average yield of the Irvine Pooled Investment Portfolio will be compared to the monthly average 2-year CMT as calculated by the Federal Reserve Bank of New York.

9. DIVERSIFICATION

The City will diversify use of investment instruments to avoid unreasonable risks inherent in over-investing in specific instruments, individual financial institutions, or maturities.

Market price volatility shall be controlled through maturity diversification, as well as ensuring adequate liquidity is available to meet cash flow requirements, thereby precluding the need to sell instruments at a market loss.

Risk of default will be controlled by acquiring instruments such as

Government Securities, or by diversifying the portfolio within the constraints and parameters of Section 17 of this Policy, Authorized and Suitable Investments.

10. PORTFOLIO SEGREGATION

Within the overall funds managed by the Treasurer, bond proceeds and special district funds shall be segregated from the general City pool into their own pool and be invested in conformance with the permitted investment criteria documented in each bond indenture or guiding resolution. Furthermore, bond proceeds held by fiscal agents or trustees shall also be segregated and invested in accordance with each indenture.

The primary purpose of any separately managed bond proceeds and special district funds portfolios is to structure investment maturities to meet current and future liabilities. The preservation of principal and the maintenance of liquidity are the most important factors regarding the investment of bond proceeds and special district funds. Portfolio yield is not a primary factor since the portfolio structure, eligible investment assets and maturity restrictions are governed by draws and expenditure schedules of the issues. Performance will be based upon maximizing permitted positive arbitrage within the context of principal preservation as a first priority (pre-1986 Tax Reform Act issuances) or minimizing or eliminating negative arbitrage (yield-restricted issues).

11. BOND ISSUANCE ARBITRAGE REBATE

The U.S. Tax Reform Act of 1986 requires the City to perform annual arbitrage calculations and rebate excess earnings to the U.S. Treasury for investment returns that exceed the allowable interest earnings limit of each bond issue. The arbitrage calculation process must be conducted for the investment of proceeds of bond issues sold after the effective date of this law. This arbitrage calculation will be contracted out to provide the necessary technical expertise to comply with this regulation. The City's investment position relative to the interest rate arbitrage restrictions is to have safety and the highest permitted return the law allows as the highest priority while ensuring the preservation of principal and liquidity.

12. QUALIFIED DEALERS

The Treasurer shall transact business only with Registered Investment

Advisors, national or state-chartered banks, savings and loans, and broker dealers. The dealers should be primary dealers regularly reporting to the New York Federal Reserve Bank, or approved regional or secondary market dealers that qualify under the Securities and Exchange Commission Rule 15C3-1 (uniform net capital rule).

The Treasurer may direct a fiscal agent or trustee to execute investment transactions on behalf of the City for funds held by that fiscal agent or trustee.

The City may purchase "prime" quality rated commercial paper from its direct issuer if it presents a higher return than in the secondary market.

The Treasurer will monitor broker/dealers and their firms, to ensure they are in good standing with the appropriate regulatory agencies. The Treasurer will review financials and report back to the Investment Advisory Committee.

13. SAFEKEEPING OF SECURITIES

To protect against losses caused by the collapse of individual securities dealers, all securities owned by the City, including collateral for repurchase agreements, shall be held in safekeeping by a third party bank trust department acting as agent for the City under the terms of a custody agreement or, in the case of funds held by the fiscal agent or trustee, the fiscal agent or trustee shall segregate and report securities held on the City's behalf. Any trade executed by a dealer is required to settle on a delivery versus payment basis with the City's safekeeping agent.

Fiscal agents or trustees in receipt of City of Irvine bond proceeds will settle security transactions on a delivery versus payment method based upon instructions provided by the Treasurer or the City's investment advisor. The fiscal agents or trustees will issue monthly custodian statements evidencing securities held in safekeeping, including the receipt of interest and maturity proceeds, the disbursement of funds for the purchase of securities, and the receipt of any sale proceeds.

14. COLLATERALIZATION

All demand deposits, time deposits and repurchase agreements are to be fully collateralized with securities authorized by the California Government Code and the City.

1. The eligible collateral for repurchase agreements must be those investments authorized by Section 53651 of the California Government Code. The Treasurer may specify the type of eligible collateral for use in repurchase agreements. Eligible collateral must be in book entry form. Collateral is valued at current market plus accrued interest through the date of valuation.

   a. The cost value (book value) of collateral pledged for demand deposits must at all time be equal to or greater than the amount on deposit, plus accrued interest, in accordance with the following ratio:

U.S. Treasury Securities	110%

   b. The cost value (book value) of collateral pledged for repurchase agreements must at all time be equal to or greater than the par amount, plus accrued interest, with the following ratios:

U.S. Treasury Securities	102%
U.S. Government Agencies	102%

2. It is the policy of the City to require reports at least on a quarterly basis from institutions with which the Treasurer has pledged security interest. The Treasurer shall monitor the adequacy of collateralization to ensure that balances are collateralized in accordance with the ratios approved herein.

3. With regard to repurchase agreements, it is the policy of the City to initiate a margin call in the event pledged collateral falls below the appropriate ratio.

4. Collateralized investments and deposits often require substitution of collateral. Any broker or financial institution requesting substitution must contact the City for approval in the event the counterparty to the transaction is not authorized under agreement with the City to make substitutions.

15. MAXIMUM MATURITIES

1. Pooled Investment Portfolio

   In accordance to California Government Code Section 53601, The City will not invest in any securities maturing more than five (5) years

from the settlement date of purchase. If the Treasurer desires to make investments longer than five years, express authority to make those investments, either specifically or as part of an investment program, must be approved by the City Council no less than three months prior to the investment. In no event will securities with maximum maturities beyond four years exceed 40 percent of the portfolio's total carrying cost at the time of purchase.

2. Bond Proceeds Portfolio/Special District Funds Portfolio

The Bond Proceeds and Special District Funds ~~p~~Portfolios held by the City, ~~and/or~~ fiscal agents or trustees will be structured with maturities sufficient to meet current and future disbursements and other liabilities consistent with the purpose of each bond issue. The Treasurer may match maturities to defined future liabilities or may structure the portfolio in such a manner as to maintain an average maturity and a defined liquidity percentage necessary to meet estimated liabilities. In no event will securities be purchased with final maturities that exceed a specifically defined future liquidity requirement (such as bond reserve fund availability requirement) or liability.

16. INVESTMENT POOLS/MONEY MARKET MUTUAL FUNDS

A thorough investigation of any government sponsored pool and/or mutual fund is required prior to investing and on a continual basis. There shall be a questionnaire completed which will provide the following information:

- A description of eligible investment securities, and a written statement of investment policy and objectives.
- A description of interest calculations and how it is distributed, and how gains and losses are treated.
- A description of how the securities are safeguarded (including the settlement processes), and how often the securities are priced and the program audited.
- A description of who may invest in the program, how often, and what size of deposits and withdrawals are allowed.
- A schedule for receiving statements and portfolio listings.
- A description of how the pool/fund utilizes reserves, retained earnings, etc.
- A fee schedule, including when and how fees are assessed.
- The eligibility of the pool/fund to invest in bond proceeds and

special district funds, and a description of its practices.

17. AUTHORIZED AND SUITABLE INVESTMENTS

The City is governed by the California Government Code, Sections 53600 et seq. Within the context of these limitations and based on the cost at the time of purchase, the following investments are authorized as further limited herein:

Authorized Investment Summary Matrix

Category		Percent
A.	US Treasuries	no limit
B.	US Agencies	no limit
C.	Bankers' Acceptances	25%
D.	Commercial Paper	15%
E.	Repurchase Agreements	25%
F.	Reverse Repurchase Agreements	15%
G.	Local Agency Investment Fund (LAIF)	25%
H.	Municipal Bonds	~~no limit~~25%
I.	Corporate Medium Term Notes	15%
J.	Money Market Mutual Funds	20%
K.	Supranationals	10%

A. United States Treasury Bills, Bonds, and Notes, or those for which the full faith and credit of the United States are pledged for payment of principal and interest. There is no limitation as to the percentage of the portfolio that can be invested in this category.

B. Obligations issued by United States Federal agencies or government-sponsored enterprise obligations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises. Although there is no percentage limitation on these issues, the "prudent investor" standard shall apply to investments from a single agency.

C. Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as Bankers' Acceptances. Bankers' Acceptances purchased may not exceed 180 days to maturity or 25 percent of the cost (book) value of the portfolio. No more than $5 million may be invested in Bankers' Acceptances issued by any one bank. Prior to the purchase of any Banker's

Acceptance, the portfolio manager shall review the rating of the issuing bank. Bankers' Acceptances of issuing financial institutions shall have both a short and long term rating in the highest category by at least one nationally recognized rating agency at the time of purchase.

D. Commercial ~~P~~paper ranked of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by NRSRO and issued by a domestic corporation having assets in excess of $500 million. The commercial paper must also have an "A" or better rating for the issuer's debt, other than commercial paper, if any, as provided by a NRSRO. Purchase of commercial paper from corporations on negative credit watch by a major rating agency shall be prohibited. Purchases of eligible ~~C~~ccommercial ~~P~~ppaper may not exceed 270 days to maturity. Excluding the Special District Funds Portfolio, ~~P~~ppurchases of ~~C~~ccommercial ~~P~~ppaper may not exceed 15 percent of the cost value of the portfolio at time of purchase~~.~~, and ~~N~~no more than 3 percent of the cost value of the portfolio may be invested in ~~C~~ccommercial ~~P~~ppaper issued by any one corporation. Corporate ~~M~~mmedium ~~T~~tterm ~~N~~nnote and bankers' acceptance holdings shall be considered when calculating the maximum dollar amount in any issuer name.

Upon any announcement of negative credit watch or downgrade by a major rating agency of any issue within the portfolio, the investment manager should contact the City Treasurer/City Manager and recommend a course of action. If at any time a security falls below "investment grade," the investment manager should obtain the best bid and take the necessary steps toward liquidation.

E. Repurchase agreements. The City may invest in repurchase agreements with banks and primary dealers with whom the City has entered into a master repurchase agreement that specifies terms and conditions of repurchase agreements. No more than 25 percent of the cost value of the portfolio may be invested in repurchase agreements at any time. The maturity of repurchase agreements shall not exceed 75 days.

The cost value of securities used as collateral for repurchase agreements shall be monitored daily by the Treasurer and will not be allowed to fall below the margin ratios specified in Section 14 (1)(b) of this policy. In order to conform with provisions of the Federal Bankruptcy Code which provides for the liquidation of securities held as collateral for repurchase agreements, the only securities

acceptable as collateral shall be securities that are direct obligations of, or that are fully guaranteed as to principal and interest by, the United States Government such as Treasury bills, Treasury notes or Treasury bonds with less than a five year maturity.

F. Reverse repurchase agreements. The City may invest in reverse repurchase agreements only with those banks and primary dealers with whom the City has entered into a master repurchase agreement outlining terms and conditions of repurchase and reverse repurchase agreements. The City may only invest in reverse repurchase agreements for the following purpose:

1. The City may enter into reverse repurchase agreements when funds obtained through the reverse can be reinvested in a higher yielding security to obtain additional interest income for the City at a spread deemed to be acceptable by the Treasurer under then prevailing market conditions. Reverse repurchase agreements entered into in accordance with this paragraph may not exceed 75 days to maturity and must be matched as to maturity and dollars invested with its corresponding reinvestment. No more than 15~~%~~ percent of the cost value (book value) of the portfolio may be invested in reverse repurchase agreements.

2. Reverse repurchase agreements may be used for liquidity purposes when it is determined that the portfolio has sufficient additional collateral coming due within the term of the reverse repurchase agreement equal to or exceeding the amount of the reverse repurchase agreement.

G. The City may invest in the LAIF established by the State Treasurer for the benefit of local agencies up to the maximum permitted by State law, but not to exceed 25 percent of the cost value (book value) of the total portfolio exclu~~sive~~ding ~~of~~ the ~~fiscal agent cash~~Bond Proceeds ~~p~~Portfolio.

H. Bonds issued by local agencies of the United States, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, bo~~a~~r~~r~~d, agency, or authority of the local agency rated "AA" or better by a NRSRO. "AA" rated bonds shall be limited to 36 months maximum maturity and "AAA" rated bonds shall be limited to 60 months maximum maturity. No more than 25 percent of the cost value (book value) of the portfolio may be invested in municipal

bonds.

Upon any announcement of negative credit watch or downgrade by a major rating agency of any issue within the portfolio, the investment manager should contact the City Treasurer/City Manager and recommend a course of action. If at any time a security falls below "investment grade," the investment manager should obtain the best bid and take the necessary steps toward liquidation.

I. Corporate medium term notes issued by a domestic corporation having assets in excess of $500 million and having an "AA" or better rating criteria at time of purchase on its long-term debentures as provided by a NRSRO. Purchase of corporate medium term notes from corporations on negative credit watch by a major rating agency shall be prohibited. "AA" rated medium term notes shall be limited to 36 months maximum maturity and "AAA" rated medium term notes shall be limited to 60 months maximum maturity. The aggregate total of all purchased medium term notes may not exceed 15 percent of the cost value of the portfolio. No more than 3 percent of the cost value of the portfolio may be invested in corporate medium term notes issued by any one corporation. Commercial ~~P~~paper and bankers' acceptance holdings shall be considered when calculating the maximum percentage in any issuer name.

Upon any announcement of negative credit watch or downgrade by a major rating agency of any issue within the portfolio, the investment manager should contact the City Treasurer/City Manager and recommend a course of action. If at any time a security falls below "investment grade," the investment manager should obtain the best bid and take the necessary steps toward liquidation.

J. Money ~~M~~market ~~M~~mutual funds having a rating of "AAA" or an equivalent by no less than two NRSRO with no load and maintained at $1 par value. No more than 20 percent of the cost value of portfolio value at time of purchase, excluding the Special District Funds Portfolio, should be invested in this category, and the City's investment in any specific mutual fund will not exceed 2 percent of that mutual fund's total assets.

K. Supranational securities of United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American

Development Bank, with a maximum remaining maturity of five years or less, and eligible for purchase and sale within the United States. Investments under this subdivision shall be rated "AAA" or better by an NRSRO and shall not exceed 10 percent of the agency's moneys that may be invested pursuant to this section.

18. INELIGIBLE INVESTMENTS

Investments not described herein including, but not limited to, equity securities such as common stocks, preferred stocks, convertibles, inverse floaters, range notes and interest-only strips that are derived from a pool of mortgages are prohibited from use in this portfolio. The City is prohibited from entering into a margin agreement and/or borrowing on margin.

19. INVESTMENT ADVISORY COMMITTEE

The City has created a five-member Investment Advisory Committee as a standing Committee to advise the City on matters relating to the City's Investment Policy and the investment of City funds. The Committee meets at least quarterly with the Treasurer and City staff and reports directly to the City Council. Each Councilmember appoints one person to the Committee. The Committee member's term is concurrent with the term of the appointing Councilmember. The Committee will be governed by a set of Bylaws (Exhibit A) to be reviewed and approved annually.

20. PORTFOLIO REPORTING

In accordance with California Government Code, Sections 53607 and 53646(b), the Treasurer shall provide on a monthly and quarterly basis (or as otherwise requested by the City Manager) an investment portfolio to the City Council. The report shall include a listing of each of the City's investments (a description that adequately describes the security), the purchase date, maturity date, cost basis, current cost value (book value), interest rate, weighted average maturity, current unrealized loss or gain and a listing of investment transactions that includes purchase/deposit and sale/withdrawal activity. Various investment types will be categorized and grouped in the same structure as the qualified investment categories identified in this policy. The portfolio report shall include a statement certifying the ability of the City to meet its expenditure requirements for the next six months, or provide an explanation as to why sufficient money shall, or may, not be available. The report will also include comments on the

fixed income markets and economic conditions, and the effect, if any, on the portfolio structure and investment strategy. The report shall also detail all repurchase and reverse repurchase positions and associated liabilities.

The investment portfolio report shall include market value information for all investments. A monthly market value will be obtained for each security owned by the City. For purposes of reporting, the market value of each security may be obtained from the City's custodian bank or other pricing source(s) utilized by the City's designated investment management firm (registered investment advisor).

The City shall record interest revenue on a modified accrual basis of accounting that is typical for reporting and recording of interest earnings. Securities held by a fiscal agent or trustee shall also be recorded on a modified accrual basis of accounting. The Treasurer will report year-end investments in conformance with Governmental Accounting Standards Board Statement Nos. 31, 40, and ~~40~~72.

The Treasurer will provide a monthly reconciliation of all funds included in the investment portfolios. The reconciliation shall utilize all available information including the City's books, the Demand Deposit Bank account, the custodian's statement, and the fiscal agent and trustee's statement.

21. REVIEW OF INVESTMENT PORTFOLIO

The securities held by the City must be in compliance with Section 17, Authorized and Suitable Investments, at the time of purchase. The Treasurer shall review the portfolios quarterly to identify any securities that are no longer in compliance. The Treasurer shall report any major and critical incidences of noncompliance in the quarterly treasurer's report to the City Council and Investment Advisory Committee.

22. INVESTMENT POLICY ADOPTION

The City Council shall review and adopt this Investment Policy by resolution annually.

GLOSSARY

AGENCIES – Agencies of the Federal government set up to supply credit to various classes of institutions (e.g., S&L's, small business firms, students, farmers, housing agencies, etc.) Examples include Federal Home Loan Mortgage Corporation (FHLMC), Federal National Mortgage Association (FNMA), Federal Home Loan Bank (FHLB), and Federal Farm Credit Bank (FFCB).

ASK/OFFER – The price at which securities are offered. (The price at which a firm will sell a security to an investor)

BANKERS' ACCEPTANCE (BA) – A draft or bill of exchange accepted by a bank or trust company. The accepting institution guarantees payment of the bill as well as the issuer.

BASIS POINT – One one-hundredth of a percent (i.e., 0.01 percent)

BEAR MARKET – A period of generally pessimistic attitudes and declining market prices.

BID PRICE – The price at which a broker/dealer will buy securities from an investor.

BOND EQUIVALENT YIELD – The basis on which yields on notes and bonds are quoted.

BOOK VALUE (COST VALUE) – The purchase price of the security as recorded on the City's books.

BROKER~~/DEALER~~ – An individual or firm acting as intermediary by purchasing and selling securities for others~~principal in a securities transaction~~.

BULL MARKET – A period of generally optimistic attitudes and increasing market prices.

CALLABLES – Securities that the issuer has the right to redeem prior to maturity.

CERTIFICATE OF DEPOSIT (CD) - A time deposit with a specific maturity evidenced by a certificate. Large denomination CD's are typically negotiable.

CMT – Constant Maturity Treasury – An index of the average yield on United States Treasury securities adjusted to a constant maturity.

COLLATERAL – Securities, evidence of deposit or other property which a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR) - The official annual report of the City. It includes ~~five~~ combined statements for each individual fund and account group prepared in conformity with Generally Accepted Accounting Principles (GAAP). It also includes supporting schedules necessary to demonstrate compliance with finance-related legal and contractual provisions, extensive introductory material, and a detailed Statistical Section.

CORPORATE MEDIUM TERM NOTE – A security issued by a corporation doing business in the U.S. with a maturity not to exceed five years.

COST VALUE (BOOK VALUE) – The purchase price of the security as recorded on the City's books.

COUPON – a) The annual rate of interest that a bond's issuer promises to pay the bondholder on the bond's face value; b) a certificate attached to a bond evidencing interest due on a payment date.

DEALER – An individual or firm acting as principal in a security transaction.

DEBENTURE - A bond secured only by the general credit of the issuer.

DELIVERY VS PAYMENT - Delivery of securities with a simultaneous exchange of money.

DEMAND ACCOUNT – An account with a commercial bank from which check withdrawals may be made at any time.

DERIVATIVES – Financial products that are dependent for their value on (or derived from) an underlying financial instrument, a commodity, or an index representing values of groups of such instruments or assets.

DISCOUNT – The difference between the cost price of a security and its ~~maturity~~par value when ~~quoted at~~the cost is lower than ~~face value~~par. A security selling below original offering price shortly after sale also is considered to be at a discount.

Formatted: Font: Bold

Formatted: Font: Not Bold

DIVERSIFICATION – Dividing investment funds among a variety of securities offering independent returns.

FEDERAL FUNDS RATE – Interest rate charged by one institution lending federal funds to another.

FEDERAL OPEN MARKET COMMITTEE (FOMC) – Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The President of the New York Federal Reserve Bank is a permanent member, while the other presidents serve on a rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of Government Securities in the open market as a means of influencing the volume of bank credit and money.

FINANCIAL ADVISOR – A firm or bank that acts in a financial advisory capacity with respect to a new issue of municipal securities pursuant to a written contract.

FISCAL AGENT – A financial institution which performs payment of principal and interest to bondholders, and certain administrative duties on the bond issuer's behalf.~~with trust powers which acts in a fiduciary capacity for the benefit of the bondholders in enforcing the terms of the bond contract.~~

GOVERNMENTAL ACCOUNTING STANDARDS BOARD – The independent organization that establishes and improves standards of accounting and financial reporting for U.S. state and local governments.

INTERNAL RATE OF RETURN – Rate of return over the life of a security on variables.

LOCAL AGENCY INVESTMENT FUND (LAIF) – The aggregate of all funds from political subdivisions that are placed in the custody of the State Treasurer for investment and reinvestment.

MARKET VALUE – The price at which a security is trading, usually the liquidation value.

MASTER REPURCHASE AGREEEMENT – A written contract covering all future transactions between the parties to repurchase-reverse repurchase agreements that establishes each party's rights in the transactions. A master agreement will often specify, among other things, the right of the buyer-lender to liquidate the underlying securities in the event of default by the seller borrower.

MONEY MARKET MUTUAL FUNDS – Open-ended mutual fund that invests in commercial paper, banker's acceptances, repurchase agreements, government securities, certificates of deposit and other highly liquid and safe securities, and pays money market rates of interest. The fund's net asset value remains a constant $1 a share, with the interest rate increasing or decreasing.

NATIONALLY RECOGNIZED STATISTICAL RATING ORGANIZATION (NRSRO) – A rating organization designated by the SEC as being nationally recognized.

OFFER PRICE – The price at which a broker/dealer will offer securities to an investor.

OPEN MARKET OPERATIONS – Federal Reserve activity. Under the Federal Reserve Act, the Fed uses purchases and sales of Government and Federal Agency securities to add to or subtract from commercial bank reserves. Goals are to sustain economic growth, high employment and reasonable price stability.

PAPER GAIN OR LOSS – Term used for unrealized gain or loss on securities being held in a portfolio based on comparison of current market quotes and their original cost. This situation exists as long as the security is held while there is a difference between cost value (book value) and the market value.

PORTFOLIO – Collection of securities held by an investor.

PREMIUM – The difference between the cost price of a security and its par value, when the cost is higher than par.

Formatted: Font: Not Bold

PRIMARY DEALER – A group of government securities dealers that serve as trading counterparties of the New York Fed in its implementation of monetary policy. This role includes the obligations to: (i) participate consistently in open market operations to carry out U.S. monetary policy pursuant to the direction of the Federal Open Market Committee (FOMC); and (ii) provide the New York Fed's trading desk with market information and analysis helpful in the formulation and implementation of monetary policy. Primary dealers are also required to participate in all auctions of U.S. government debt and to make reasonable markets for the New York Fed when it transacts on behalf of its foreign official account-holders.

RATE OF RETURN – The yield obtainable on a security based on its purchase price or its current market price. This may be the amortized yield to maturity; on a bond, the current income return.

REPURCHASE AGREEMENT (REPO) – A holder of securities sells these securities to an investor with an agreement to repurchase them at a fixed price on a fixed date. The security "buyer" in effect lends the "seller" money for the period of the agreement, and the terms of the agreement are structured to compensate them for this.

REVERSE REPURCHASE AGREEMENT (REVERSE REPO) – A reverse-repurchase agreement (reverse repo) involves an investor borrowing cash from a financial institution in exchange for securities. The investor agrees to repurchase the securities at a specific date for the same cash value plus an agreed upon interest rate. Although the transaction is similar to repo, the purpose of entering into a reverse repo is quite different. While a repo is a straightforward investment of public funds, the reverse repo is a borrowing.

SAFEKEEPING – The service provided by banks and trust companies for clients when the bank or trust company stores the securities, takes in coupon payments, and redeems issues at maturity.

SECURITIES & EXCHANGE COMMISSION (SEC) - Agency created by Congress to protect investors in securities transactions by administering securities legislation.

SEC RULE 15(C) 3-1 – See Uniform Net Capital Rule.

SPREAD – a) The yield or price difference between the bid and offer on an issue; b) the yield or price difference between different issues.

SUPRANATIONALS – International institutions formed by two or more governments that transcend boundaries to pursue mutually beneficial economic or social goals. There are three supranational institutions that issue obligations that are eligible investments for California local agencies: the International Bank for Reconstruction and Development (IBRD), International Finance Corporation (IFC), and Inter-American Development Bank (IADB).

SWAP – The sale of one issue and the simultaneous purchase of another for some perceived advantage.

TREASURY BILLS – A non-interest bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months or one year.

TREASURY BONDS – U.S. Treasury securities that have initial maturities of more than 10 years.

TREASURY NOTES – Intermediate-term coupon bearing U.S. Treasury securities having initial maturities ~~of~~ from one year to ten years.

TRUSTEE – A financial institution with trust powers that acts in a fiduciary capacity for the benefit of the bondholders in enforcing the terms of the bond contract.

UNIFORM NET CAPITAL RULE – Securities and Exchange Commission requirement that member firms as well as nonmember broker-dealers in securities maintain a maximum ratio of indebtedness to liquid capital of 15 to 1; also called net capital rule and net capital ratio. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities~~, one reason new public issues are spread among members of underwriting syndicates~~. Liquid capital includes cash and assets easily converted into cash.

WHEN ISSUED BASIS (WI) – A term applied to securities that are traded before they are actually issued with the stipulation that transactions are null and void if securities are not issued.

YIELD CURVE – Yield calculations of various maturities at a given time to observe spread difference.

YIELD TO MATURITY – The current coupon yield minus any premium above par, or plus any discount from par in the purchase price with the adjustment spread over the period from date of purchase to maturity.

Exhibit A

BYLAWS OF THE INVESTMENT ADVISORY COMMITTEE OF THE CITY OF IRVINE

ARTICLE I - PURPOSE

The purpose of the Investment Advisory Committee is to oversee the management of the investment portfolio through regular quarterly meetings. The Committee will review investment transactions, discuss economic conditions and strategies regarding the management of the portfolio, and report to individual Councilmembers on the meetings.

ARTICLE II - STRUCTURE

The Committee shall be comprised of five members. Each Councilmember shall be responsible for appointing one member to the Committee with the term of the member running concurrent with the term of the Councilmember making the appointment.

The Chairperson and Vice Chairperson of the Committee shall be elected by a majority vote of the members and shall hold the seat for a one-year term. These positions may be elected for two consecutive terms. At the end of the second consecutive term, the members shall elect a new Chairperson and Vice Chairperson.

ARTICLE III - MEETINGS

The meetings shall be held at least quarterly at Irvine City Hall. Each meeting shall be held prior to the presentation of the quarterly report to Council on the status of the portfolio. Three members of the Committee must be present to constitute a quorum.

ARTICLE IV - PARLIAMENTARY PROCEDURE

The rules contained in the current edition of Robert's Rules of Order, newly revised, shall govern the Committee in all cases to which they are applicable and where they are not inconsistent with these Bylaws.

ARTICLE V - AMENDMENT OF BYLAWS

These Bylaws may be amended by a majority vote of the Committee.

CITY COUNCIL RESOLUTION NO. 17-

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE CITY'S ANNUAL INVESTMENT POLICY FOR CALENDAR YEAR 2018

WHEREAS, the City Council of the City of Irvine recognizes the importance of economic and financial affairs with regard to the proper functioning of City Government and the well being of the citizens of Irvine; and

WHEREAS, the California Government Code requires that the City Council annually review the City's investment policy; and

WHEREAS, the City Council recognizes the need for the Treasurer of the City of Irvine to conduct the investment of City monies under certain parameters on a day-to-day basis; and

WHEREAS, Section 2-2-101(B) of the City of Irvine Charter authorizes the City Council of the City of Irvine to delegate authority to its City Treasurer to invest, reinvest, sell or exchange securities until such time as this delegation of authority is revoked; and

WHEREAS, the City Council has appointed an Investment Advisory Committee who have recommended that the City Council approve the Annual Investment Policy as submitted.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE AS FOLLOWS:

Section 1. The preceding recitals are all true and correct.

Section 2. That the City Council of the City of Irvine hereby delegates the authority to reinvest funds of the City of Irvine pursuant to all applicable laws, statutes, and regulations of the State of California as set forth in this Resolution.

Section 3. The City Council of the City of Irvine hereby adopts the attached Annual Investment Policy for Calendar Year 2018 (Exhibit A).

Section 4. This resolution shall take effect immediately upon its adoption.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September, 2017.

Exhibit:
Bylaws of the Investment Advisory Committee A-1

CITY OF IRVINE
ANNUAL INVESTMENT POLICY
FOR CALENDAR YEAR 2018

1. INTRODUCTION

This statement of Investment Policy is intended to provide specific criteria for the prudent investment of City funds. The ultimate investment goal is to enhance the economic status of the City while protecting funds under management and meeting the daily cash flow demands of the City. This investment policy has been prepared in conformance with all pertinent existing laws of the State of California including California Government Code Sections 53600, et seq.

2. SCOPE

This investment policy applies to the City's Irvine Pooled Investment Portfolio, Bond Proceeds Portfolio held by the City, and Special District Funds Portfolio. These portfolios encompass all monies under the direct oversight of the Treasurer and include the General Fund, Reserve Funds, Special Revenue Funds, Debt Service Funds, Capital Project Funds, Permanent Fund, Proprietary Funds, Trust and Agency Funds, Successor Agency to the Dissolved Irvine Redevelopment Agency, and any other funds that may be created. These funds are accounted for in the City of Irvine's Comprehensive Annual Financial Report.

3. DELEGATION OF AUTHORITY

Authority to manage the City of Irvine's investment program is derived from the Charter of the City of Irvine, Section 2-2-101(B). The authority of the City Council to invest or reinvest monies of the City has been delegated by the City Council to the City Treasurer for one year or until such time the delegation is revoked. The City Treasurer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials, and their procedures in the absence of the City Treasurer. The City Treasurer may delegate daily investment activity, such as carrying out the Treasurer's investment instructions, confirming treasury transactions, and other routine activities.

The City Treasurer shall establish written investment policy procedures for the operation of the investment program consistent with this policy. The procedures should include reference to: safekeeping, master repurchase agreements, wire transfer agreements, banking service contracts and collateral/depository agreements. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the City Treasurer.

The Treasurer is responsible for the investment of bond proceeds and special district funds, whether held by the City, a fiscal agent or trustee. The Bond Proceeds and Special District Funds Portfolios shall be segregated from the Irvine Pooled Investment Portfolio of the City and will be structured with maturities (or maintain an average maturity) sufficient to meet construction draws, debt service payments and other short-term liabilities. For purposes of efficiency, the Treasurer may instruct each fiscal agent or trustee to purchase certain securities regarding the investment of bond proceeds and special district funds in conformance with the permitted investment criteria documented in each bond indenture or guiding resolution. Where present, bond indenture and guiding resolution documentation for investment of bond proceeds and special district funds will supersede the City of Irvine Investment Policy guidelines. The Investment Advisory Committee will be advised of any investments made outside of the Investment Policy, pursuant to bond indentures and/or guiding resolutions.

Currently, management of the Irvine Pooled Investment Portfolio, Bond Proceeds Portfolio, and Special District Funds Portfolio has been delegated to a contract management firm that has full authority to execute investment transactions on behalf of the City. In the event the contract management firm is not able to execute investment transactions, the City Treasurer and Deputy City Treasurer have the authority to execute investment transactions.

4. ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall refrain from personal business activity that conflicts with proper execution of the investment program or that impairs their ability to make impartial investment decisions. Employees and investment officials shall disclose any material financial interests that could be related to the performance of the City's investment policy annually with the California Fair Political Practices Commission or as necessary under the Political Reform Act and Government Code Section 1090 et seq.

5. PRUDENCE/PRUDENT INVESTOR STANDARD

The Treasurer operates the City's pooled cash investment program under the Prudent Investor Standard, Government Code Section 53600.3, and applicable State laws. When investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing public funds, the Treasurer shall act

with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the City, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the City. Within the limitations of this section and considering individual investments as part of an overall strategy, investments may be acquired and sold as authorized by law. This affords a broad spectrum of investment opportunities so long as the investment is deemed prudent and permissible by the State of California, various bond indentures and this policy. The Treasurer strives to invest 100 percent of idle funds.

6. INTERNAL CONTROLS

The Treasurer and Manager of Fiscal Services shall establish procedures that separate the internal responsibility for management and accounting of the investment portfolios. An analysis by an external independent auditor shall be conducted annually to review internal controls, account activity and compliance with policies and procedures.

7. INVESTMENT OBJECTIVES

The City's cash management system is designed to accurately monitor and forecast revenues and expenditures, thus enabling the Treasurer to invest funds to the fullest extent possible. The Treasurer maintains a diversified portfolio to accomplish the primary objectives in the order of safety, liquidity, and yield.

Safety: The safety/risk associated with an investment refers to the potential loss of principal, accrued interest or a combination of these. The Treasurer seeks to mitigate credit risk by monitoring financial institutions with which he/she will do business, and by careful scrutiny of the credit worthiness of the investment instruments as well as the institutions. Such resources as a nationally recognized statistical-rating organization (NRSRO) services are utilized for this review. The Treasurer seeks to mitigate interest rate risk through diversification of instruments as well as maturities.

Liquidity: The portfolio will be structured with sufficient liquidity to allow the Treasurer to meet anticipated cash requirements. This will be accomplished through the purchase of a diversity of instruments to include those with active secondary markets, those that can match maturities to expected

cash needs, and the State Local Agency Investment Fund (LAIF) with immediate withdrawal provisions.

Yield: A competitive market rate of return is the third objective of the investment program after the fundamental requirements of safety and liquidity have been met. The portfolio shall be managed to consistently attain a market rate of return throughout budgetary and economic cycles. Whenever possible, and consistent with risk limitations and prudent investment management, the City will seek to augment returns above the market average rate of return through the implementation of active portfolio management strategies.

8. PERFORMANCE EVALUATION

Investment performance is continually monitored and evaluated by the City Treasurer. Investment portfolio reports are generated on a monthly and quarterly basis and submitted to the City Council, City Manager, and Investment Advisory Committee. A quarterly Treasurer's report is also presented to the City Council, Finance Commission, and Investment Advisory Committee during respective regularly scheduled meetings.

The investment portfolio reports are to be submitted within 30 days of the end of the reporting period. The monthly average yield of the Irvine Pooled Investment Portfolio will be compared to the monthly average 6-month CMT (Constant Maturity Treasury) as calculated by the Federal Reserve Bank of New York. As an added reference, the monthly average yield of the Irvine Pooled Investment Portfolio will be compared to the monthly average 2-year CMT as calculated by the Federal Reserve Bank of New York.

9. DIVERSIFICATION

The City will diversify use of investment instruments to avoid unreasonable risks inherent in over-investing in specific instruments, individual financial institutions, or maturities.

Market price volatility shall be controlled through maturity diversification, as well as ensuring adequate liquidity is available to meet cash flow requirements, thereby precluding the need to sell instruments at a market loss.

Risk of default will be controlled by acquiring instruments such as

Government Securities, or by diversifying the portfolio within the constraints and parameters of Section 17 of this Policy, Authorized and Suitable Investments.

10. PORTFOLIO SEGREGATION

Within the overall funds managed by the Treasurer, bond proceeds and special district funds shall be segregated from the general City pool into their own pool and be invested in conformance with the permitted investment criteria documented in each bond indenture or guiding resolution. Furthermore, bond proceeds held by fiscal agents or trustees shall also be segregated and invested in accordance with each indenture.

The primary purpose of any separately managed bond proceeds and special district funds portfolios is to structure investment maturities to meet current and future liabilities. The preservation of principal and the maintenance of liquidity are the most important factors regarding the investment of bond proceeds and special district funds. Portfolio yield is not a primary factor since the portfolio structure, eligible investment assets and maturity restrictions are governed by draws and expenditure schedules of the issues. Performance will be based upon maximizing permitted positive arbitrage within the context of principal preservation as a first priority (pre-1986 Tax Reform Act issuances) or minimizing or eliminating negative arbitrage (yield-restricted issues).

11. BOND ISSUANCE ARBITRAGE REBATE

The U.S. Tax Reform Act of 1986 requires the City to perform annual arbitrage calculations and rebate excess earnings to the U.S. Treasury for investment returns that exceed the allowable interest earnings limit of each bond issue. The arbitrage calculation process must be conducted for the investment of proceeds of bond issues sold after the effective date of this law. This arbitrage calculation will be contracted out to provide the necessary technical expertise to comply with this regulation. The City's investment position relative to the interest rate arbitrage restrictions is to have safety and the highest permitted return the law allows as the highest priority while ensuring the preservation of principal and liquidity.

12. QUALIFIED DEALERS

The Treasurer shall transact business only with Registered Investment

Advisors, national or state-chartered banks, savings and loans, and broker dealers. The dealers should be primary dealers regularly reporting to the New York Federal Reserve Bank, or approved regional or secondary market dealers that qualify under the Securities and Exchange Commission Rule 15C3-1 (uniform net capital rule).

The Treasurer may direct a fiscal agent or trustee to execute investment transactions on behalf of the City for funds held by that fiscal agent or trustee.

The City may purchase "prime" quality rated commercial paper from its direct issuer if it presents a higher return than in the secondary market.

The Treasurer will monitor broker/dealers and their firms, to ensure they are in good standing with the appropriate regulatory agencies. The Treasurer will review financials and report back to the Investment Advisory Committee.

13. SAFEKEEPING OF SECURITIES

To protect against losses caused by the collapse of individual securities dealers, all securities owned by the City, including collateral for repurchase agreements, shall be held in safekeeping by a third party bank trust department acting as agent for the City under the terms of a custody agreement or, in the case of funds held by the fiscal agent or trustee, the fiscal agent or trustee shall segregate and report securities held on the City's behalf. Any trade executed by a dealer is required to settle on a delivery versus payment basis with the City's safekeeping agent.

Fiscal agents or trustees in receipt of City of Irvine bond proceeds will settle security transactions on a delivery versus payment method based upon instructions provided by the Treasurer or the City's investment advisor. The fiscal agents or trustees will issue monthly custodian statements evidencing securities held in safekeeping, including the receipt of interest and maturity proceeds, the disbursement of funds for the purchase of securities, and the receipt of any sale proceeds.

14. COLLATERALIZATION

All demand deposits, time deposits and repurchase agreements are to be fully collateralized with securities authorized by the California Government Code and the City.

1. The eligible collateral for repurchase agreements must be those investments authorized by Section 53651 of the California Government Code. The Treasurer may specify the type of eligible collateral for use in repurchase agreements. Eligible collateral must be in book entry form. Collateral is valued at current market plus accrued interest through the date of valuation.

   a. The cost value (book value) of collateral pledged for demand deposits must at all time be equal to or greater than the amount on deposit, plus accrued interest, in accordance with the following ratio:

U.S. Treasury Securities	110%

   b. The cost value (book value) of collateral pledged for repurchase agreements must at all time be equal to or greater than the par amount, plus accrued interest, with the following ratios:

U.S. Treasury Securities	102%
U.S. Government Agencies	102%

2. It is the policy of the City to require reports at least on a quarterly basis from institutions with which the Treasurer has pledged security interest. The Treasurer shall monitor the adequacy of collateralization to ensure that balances are collateralized in accordance with the ratios approved herein.

3. With regard to repurchase agreements, it is the policy of the City to initiate a margin call in the event pledged collateral falls below the appropriate ratio.

4. Collateralized investments and deposits often require substitution of collateral. Any broker or financial institution requesting substitution must contact the City for approval in the event the counterparty to the transaction is not authorized under agreement with the City to make substitutions.

15. MAXIMUM MATURITIES

1. Pooled Investment Portfolio

   In accordance to California Government Code Section 53601, The City will not invest in any securities maturing more than five (5) years

from the settlement date of purchase. If the Treasurer desires to make investments longer than five years, express authority to make those investments, either specifically or as part of an investment program, must be approved by the City Council no less than three months prior to the investment. In no event will securities with maximum maturities beyond four years exceed 40 percent of the portfolio's total carrying cost at the time of purchase.

2. Bond Proceeds Portfolio/Special District Funds Portfolio

The Bond Proceeds and Special District Funds Portfolios held by the City, fiscal agents or trustees will be structured with maturities sufficient to meet current and future disbursements and other liabilities consistent with the purpose of each bond issue. The Treasurer may match maturities to defined future liabilities or may structure the portfolio in such a manner as to maintain an average maturity and a defined liquidity percentage necessary to meet estimated liabilities. In no event will securities be purchased with final maturities that exceed a specifically defined future liquidity requirement (such as bond reserve fund availability requirement) or liability.

16. INVESTMENT POOLS/MONEY MARKET MUTUAL FUNDS

A thorough investigation of any government sponsored pool and/or mutual fund is required prior to investing and on a continual basis. There shall be a questionnaire completed which will provide the following information:

- A description of eligible investment securities, and a written statement of investment policy and objectives.
- A description of interest calculations and how it is distributed, and how gains and losses are treated.
- A description of how the securities are safeguarded (including the settlement processes), and how often the securities are priced and the program audited.
- A description of who may invest in the program, how often, and what size of deposits and withdrawals are allowed.
- A schedule for receiving statements and portfolio listings.
- A description of how the pool/fund utilizes reserves, retained earnings, etc.
- A fee schedule, including when and how fees are assessed.
- The eligibility of the pool/fund to invest in bond proceeds and

special district funds, and a description of its practices.

17. AUTHORIZED AND SUITABLE INVESTMENTS

The City is governed by the California Government Code, Sections 53600 et seq. Within the context of these limitations and based on the cost at the time of purchase, the following investments are authorized as further limited herein:

Authorized Investment Summary Matrix

Category		Percent
A.	US Treasuries	no limit
B.	US Agencies	no limit
C.	Bankers' Acceptances	25%
D.	Commercial Paper	15%
E.	Repurchase Agreements	25%
F.	Reverse Repurchase Agreements	15%
G.	Local Agency Investment Fund (LAIF)	25%
H.	Municipal Bonds	25%
I.	Corporate Medium Term Notes	15%
J.	Money Market Mutual Funds	20%
K.	Supranationals	10%

A. United States Treasury Bills, Bonds, and Notes, or those for which the full faith and credit of the United States are pledged for payment of principal and interest. There is no limitation as to the percentage of the portfolio that can be invested in this category.

B. Obligations issued by United States Federal agencies or government-sponsored enterprise obligations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises. Although there is no percentage limitation on these issues, the "prudent investor" standard shall apply to investments from a single agency.

C. Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as Bankers' Acceptances. Bankers' Acceptances purchased may not exceed 180 days to maturity or 25 percent of the cost (book) value of the portfolio. No more than $5 million may be invested in Bankers' Acceptances issued by any one bank. Prior to the purchase of any Banker's

Acceptance, the portfolio manager shall review the rating of the issuing bank. Bankers' Acceptances of issuing financial institutions shall have both a short and long term rating in the highest category by at least one nationally recognized rating agency at the time of purchase.

D. Commercial paper ranked of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by NRSRO and issued by a domestic corporation having assets in excess of $500 million. The commercial paper must also have an "A" or better rating for the issuer's debt, other than commercial paper, if any, as provided by a NRSRO. Purchase of commercial paper from corporations on negative credit watch by a major rating agency shall be prohibited. Purchases of eligible commercial paper may not exceed 270 days to maturity. Excluding the Special District Funds Portfolio, purchases of commercial paper may not exceed 15 percent of the cost value of the portfolio at time of purchase, and no more than 3 percent of the cost value of the portfolio may be invested in commercial paper issued by any one corporation. Corporate medium term note and bankers' acceptance holdings shall be considered when calculating the maximum dollar amount in any issuer name.

Upon any announcement of negative credit watch or downgrade by a major rating agency of any issue within the portfolio, the investment manager should contact the City Treasurer/City Manager and recommend a course of action. If at any time a security falls below "investment grade," the investment manager should obtain the best bid and take the necessary steps toward liquidation.

E. Repurchase agreements. The City may invest in repurchase agreements with banks and primary dealers with whom the City has entered into a master repurchase agreement that specifies terms and conditions of repurchase agreements. No more than 25 percent of the cost value of the portfolio may be invested in repurchase agreements at any time. The maturity of repurchase agreements shall not exceed 75 days.

The cost value of securities used as collateral for repurchase agreements shall be monitored daily by the Treasurer and will not be allowed to fall below the margin ratios specified in Section 14 (1)(b) of this policy. In order to conform with provisions of the Federal Bankruptcy Code which provides for the liquidation of securities held as collateral for repurchase agreements, the only securities

acceptable as collateral shall be securities that are direct obligations of, or that are fully guaranteed as to principal and interest by, the United States Government such as Treasury bills, Treasury notes or Treasury bonds with less than a five year maturity.

F. Reverse repurchase agreements. The City may invest in reverse repurchase agreements only with those banks and primary dealers with whom the City has entered into a master repurchase agreement outlining terms and conditions of repurchase and reverse repurchase agreements. The City may only invest in reverse repurchase agreements for the following purpose:

1. The City may enter into reverse repurchase agreements when funds obtained through the reverse can be reinvested in a higher yielding security to obtain additional interest income for the City at a spread deemed to be acceptable by the Treasurer under then prevailing market conditions. Reverse repurchase agreements entered into in accordance with this paragraph may not exceed 75 days to maturity and must be matched as to maturity and dollars invested with its corresponding reinvestment. No more than 15 percent of the cost value (book value) of the portfolio may be invested in reverse repurchase agreements.

2. Reverse repurchase agreements may be used for liquidity purposes when it is determined that the portfolio has sufficient additional collateral coming due within the term of the reverse repurchase agreement equal to or exceeding the amount of the reverse repurchase agreement.

G. The City may invest in the LAIF established by the State Treasurer for the benefit of local agencies up to the maximum permitted by State law, but not to exceed 25 percent of the cost value (book value) of the total portfolio excluding the Bond Proceeds Portfolio.

H. Bonds issued by local agencies of the United States, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency rated “AA” or better by a NRSRO. "AA" rated bonds shall be limited to 36 months maximum maturity and "AAA" rated bonds shall be limited to 60 months maximum maturity. No more than 25 percent of the cost value (book value) of the portfolio may be invested in municipal bonds.

Upon any announcement of negative credit watch or downgrade by a major rating agency of any issue within the portfolio, the investment manager should contact the City Treasurer/City Manager and recommend a course of action. If at any time a security falls below "investment grade," the investment manager should obtain the best bid and take the necessary steps toward liquidation.

I. Corporate medium term notes issued by a domestic corporation having assets in excess of $500 million and having an "AA" or better rating criteria at time of purchase on its long-term debentures as provided by a NRSRO. Purchase of corporate medium term notes from corporations on negative credit watch by a major rating agency shall be prohibited. "AA" rated medium term notes shall be limited to 36 months maximum maturity and "AAA" rated medium term notes shall be limited to 60 months maximum maturity. The aggregate total of all purchased medium term notes may not exceed 15 percent of the cost value of the portfolio. No more than 3 percent of the cost value of the portfolio may be invested in corporate medium term notes issued by any one corporation. Commercial paper and bankers' acceptance holdings shall be considered when calculating the maximum percentage in any issuer name.

Upon any announcement of negative credit watch or downgrade by a major rating agency of any issue within the portfolio, the investment manager should contact the City Treasurer/City Manager and recommend a course of action. If at any time a security falls below "investment grade," the investment manager should obtain the best bid and take the necessary steps toward liquidation.

J. Money market mutual funds having a rating of "AAA" or an equivalent by no less than two NRSRO with no load and maintained at $1 par value. No more than 20 percent of the cost value of portfolio value at time of purchase, excluding the Special District Funds Portfolio, should be invested in this category, and the City's investment in any specific mutual fund will not exceed 2 percent of that mutual fund's total assets.

K. Supranational securities of United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American Development Bank, with a maximum remaining maturity of five years

or less, and eligible for purchase and sale within the United States. Investments under this subdivision shall be rated "AAA" or better by an NRSRO and shall not exceed 10 percent of the agency's moneys that may be invested pursuant to this section.

18. INELIGIBLE INVESTMENTS

Investments not described herein including, but not limited to, equity securities such as common stocks, preferred stocks, convertibles, inverse floaters, range notes and interest-only strips that are derived from a pool of mortgages are prohibited from use in this portfolio. The City is prohibited from entering into a margin agreement and/or borrowing on margin.

19. INVESTMENT ADVISORY COMMITTEE

The City has created a five-member Investment Advisory Committee as a standing Committee to advise the City on matters relating to the City's Investment Policy and the investment of City funds. The Committee meets at least quarterly with the Treasurer and City staff and reports directly to the City Council. Each Councilmember appoints one person to the Committee. The Committee member's term is concurrent with the term of the appointing Councilmember. The Committee will be governed by a set of Bylaws (Exhibit A) to be reviewed and approved annually.

20. PORTFOLIO REPORTING

In accordance with California Government Code, Sections 53607 and 53646(b), the Treasurer shall provide on a monthly and quarterly basis (or as otherwise requested by the City Manager) an investment portfolio to the City Council. The report shall include a listing of each of the City's investments (a description that adequately describes the security), the purchase date, maturity date, cost basis, current cost value (book value), interest rate, weighted average maturity, current unrealized loss or gain and a listing of investment transactions that includes purchase/deposit and sale/withdrawal activity. Various investment types will be categorized and grouped in the same structure as the qualified investment categories identified in this policy. The portfolio report shall include a statement certifying the ability of the City to meet its expenditure requirements for the next six months, or provide an explanation as to why sufficient money shall, or may, not be available. The report will also include comments on the fixed income markets and economic conditions, and the effect, if any, on

the portfolio structure and investment strategy. The report shall also detail all repurchase and reverse repurchase positions and associated liabilities.

The investment portfolio report shall include market value information for all investments. A monthly market value will be obtained for each security owned by the City. For purposes of reporting, the market value of each security may be obtained from the City's custodian bank or other pricing source(s) utilized by the City's designated investment management firm (registered investment advisor).

The City shall record interest revenue on a modified accrual basis of accounting that is typical for reporting and recording of interest earnings. Securities held by a fiscal agent or trustee shall also be recorded on a modified accrual basis of accounting. The Treasurer will report year-end investments in conformance with Governmental Accounting Standards Board Statement Nos. 31, 40, and 72.

The Treasurer will provide a monthly reconciliation of all funds included in the investment portfolios. The reconciliation shall utilize all available information including the City's books, the Demand Deposit Bank account, the custodian's statement, and the fiscal agent and trustee's statement.

21. REVIEW OF INVESTMENT PORTFOLIO

The securities held by the City must be in compliance with Section 17, Authorized and Suitable Investments, at the time of purchase. The Treasurer shall review the portfolios quarterly to identify any securities that are no longer in compliance. The Treasurer shall report any major and critical incidences of noncompliance in the quarterly treasurer's report to the City Council and Investment Advisory Committee.

22. INVESTMENT POLICY ADOPTION

The City Council shall review and adopt this Investment Policy by resolution annually.

GLOSSARY

AGENCIES – Agencies of the Federal government set up to supply credit to various classes of institutions (e.g., S&L's, small business firms, students, farmers, housing agencies, etc.) Examples include Federal Home Loan Mortgage Corporation (FHLMC), Federal National Mortgage Association (FNMA), Federal Home Loan Bank (FHLB), and Federal Farm Credit Bank (FFCB).

ASK/OFFER – The price at which securities are offered. (The price at which a firm will sell a security to an investor)

BANKERS' ACCEPTANCE (BA) – A draft or bill of exchange accepted by a bank or trust company. The accepting institution guarantees payment of the bill as well as the issuer.

BASIS POINT – One one-hundredth of a percent (i.e., 0.01 percent)

BEAR MARKET – A period of generally pessimistic attitudes and declining market prices.

BID PRICE – The price at which a broker/dealer will buy securities from an investor.

BOND EQUIVALENT YIELD – The basis on which yields on notes and bonds are quoted.

BOOK VALUE (COST VALUE) – The purchase price of the security as recorded on the City's books.

BROKER – An individual or firm acting as intermediary by purchasing and selling securities for others.

BULL MARKET – A period of generally optimistic attitudes and increasing market prices.

CALLABLES – Securities that the issuer has the right to redeem prior to maturity.

CERTIFICATE OF DEPOSIT (CD) - A time deposit with a specific maturity evidenced by a certificate. Large denomination CD's are typically negotiable.

CMT – Constant Maturity Treasury – An index of the average yield on United States Treasury securities adjusted to a constant maturity.

COLLATERAL – Securities, evidence of deposit or other property which a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR) - The official annual report of the City. It includes combined statements for each individual fund and account group prepared in conformity with Generally Accepted Accounting Principles (GAAP). It also includes supporting schedules necessary to demonstrate compliance with finance-related legal and contractual provisions, extensive introductory material, and a detailed Statistical Section.

CORPORATE MEDIUM TERM NOTE – A security issued by a corporation doing business in the U.S. with a maturity not to exceed five years.

COST VALUE (BOOK VALUE) – The purchase price of the security as recorded on the City's books.

COUPON – a) The annual rate of interest that a bond's issuer promises to pay the bondholder on the bond's face value; b) a certificate attached to a bond evidencing interest due on a payment date.

DEALER – An individual or firm acting as principal in a security transaction.

DEBENTURE - A bond secured only by the general credit of the issuer.

DELIVERY VS PAYMENT - Delivery of securities with a simultaneous exchange of money.

DEMAND ACCOUNT – An account with a commercial bank from which check withdrawals may be made at any time.

DERIVATIVES – Financial products that are dependent for their value on (or derived from) an underlying financial instrument, a commodity, or an index representing values of groups of such instruments or assets.

DISCOUNT – The difference between the cost price of a security and its par value when the cost is lower than par. A security selling below original offering price shortly after sale also is considered to be at a discount.

DIVERSIFICATION – Dividing investment funds among a variety of securities

offering independent returns.

FEDERAL FUNDS RATE – Interest rate charged by one institution lending federal funds to another.

FEDERAL OPEN MARKET COMMITTEE (FOMC) – Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The President of the New York Federal Reserve Bank is a permanent member, while the other presidents serve on a rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of Government Securities in the open market as a means of influencing the volume of bank credit and money.

FINANCIAL ADVISOR – A firm or bank that acts in a financial advisory capacity with respect to a new issue of municipal securities pursuant to a written contract.

FISCAL AGENT – A financial institution which performs payment of principal and interest to bondholders, and certain administrative duties on the bond issuer's behalf.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD – The independent organization that establishes and improves standards of accounting and financial reporting for U.S. state and local governments.

INTERNAL RATE OF RETURN – Rate of return over the life of a security on variables.

LOCAL AGENCY INVESTMENT FUND (LAIF) – The aggregate of all funds from political subdivisions that are placed in the custody of the State Treasurer for investment and reinvestment.

MARKET VALUE – The price at which a security is trading, usually the liquidation value.

MASTER REPURCHASE AGREEEMENT – A written contract covering all future transactions between the parties to repurchase-reverse repurchase agreements that establishes each party's rights in the transactions. A master agreement will often specify, among other things, the right of the buyer-lender to liquidate the underlying securities in the event of default by the seller borrower.

MONEY MARKET MUTUAL FUNDS – Open-ended mutual fund that invests in commercial paper, banker's acceptances, repurchase agreements,

government securities, certificates of deposit and other highly liquid and safe securities, and pays money market rates of interest. The fund's net asset value remains a constant $1 a share, with the interest rate increasing or decreasing.

NATIONALLY RECOGNIZED STATISTICAL RATING ORGANIZATION (NRSRO) – A rating organization designated by the SEC as being nationally recognized.

OFFER PRICE – The price at which a broker/dealer will offer securities to an investor.

OPEN MARKET OPERATIONS – Federal Reserve activity. Under the Federal Reserve Act, the Fed uses purchases and sales of Government and Federal Agency securities to add to or subtract from commercial bank reserves. Goals are to sustain economic growth, high employment and reasonable price stability.

PAPER GAIN OR LOSS – Term used for unrealized gain or loss on securities being held in a portfolio based on comparison of current market quotes and their original cost. This situation exists as long as the security is held while there is a difference between cost value (book value) and the market value.

PORTFOLIO – Collection of securities held by an investor.

PREMIUM – The difference between the cost price of a security and its par value, when the cost is higher than par.

PRIMARY DEALER – A group of government securities dealers that serve as trading counterparties of the New York Fed in its implementation of monetary policy. This role includes the obligations to: (i) participate consistently in open market operations to carry out U.S. monetary policy pursuant to the direction of the Federal Open Market Committee (FOMC); and (ii) provide the New York Fed's trading desk with market information and analysis helpful in the formulation and implementation of monetary policy. Primary dealers are also required to participate in all auctions of U.S. government debt and to make reasonable markets for the New York Fed when it transacts on behalf of its foreign official account-holders.

RATE OF RETURN – The yield obtainable on a security based on its purchase price or its current market price. This may be the amortized yield to maturity; on a bond, the current income return.

REPURCHASE AGREEMENT (REPO) – A holder of securities sells these securities

to an investor with an agreement to repurchase them at a fixed price on a fixed date. The security "buyer" in effect lends the "seller" money for the period of the agreement, and the terms of the agreement are structured to compensate them for this.

REVERSE REPURCHASE AGREEMENT (REVERSE REPO) – A reverse-repurchase agreement (reverse repo) involves an investor borrowing cash from a financial institution in exchange for securities. The investor agrees to repurchase the securities at a specific date for the same cash value plus an agreed upon interest rate. Although the transaction is similar to repo, the purpose of entering into a reverse repo is quite different. While a repo is a straightforward investment of public funds, the reverse repo is a borrowing.

SAFEKEEPING – The service provided by banks and trust companies for clients when the bank or trust company stores the securities, takes in coupon payments, and redeems issues at maturity.

SECURITIES & EXCHANGE COMMISSION (SEC) - Agency created by Congress to protect investors in securities transactions by administering securities legislation.

SEC RULE 15(C) 3-1 – See Uniform Net Capital Rule.

SPREAD – a) The yield or price difference between the bid and offer on an issue; b) the yield or price difference between different issues.

SUPRANATIONALS – International institutions formed by two or more governments that transcend boundaries to pursue mutually beneficial economic or social goals. There are three supranational institutions that issue obligations that are eligible investments for California local agencies: the International Bank for Reconstruction and Development (IBRD), International Finance Corporation (IFC), and Inter-American Development Bank (IADB).

SWAP – The sale of one issue and the simultaneous purchase of another for some perceived advantage.

TREASURY BILLS – A non-interest bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months or one year.

TREASURY BONDS – U.S. Treasury securities that have initial maturities of more than 10 years.

TREASURY NOTES – Intermediate-term coupon bearing U.S. Treasury

securities having initial maturities from one year to ten years.

TRUSTEE – A financial institution with trust powers that acts in a fiduciary capacity for the benefit of the bondholders in enforcing the terms of the bond contract.

UNIFORM NET CAPITAL RULE – Securities and Exchange Commission requirement that member firms as well as nonmember broker-dealers in securities maintain a maximum ratio of indebtedness to liquid capital of 15 to 1; also called net capital rule and net capital ratio. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities. Liquid capital includes cash and assets easily converted into cash.

WHEN ISSUED BASIS (WI) – A term applied to securities that are traded before they are actually issued with the stipulation that transactions are null and void if securities are not issued.

YIELD CURVE – Yield calculations of various maturities at a given time to observe spread difference.

YIELD TO MATURITY – The current coupon yield minus any premium above par, or plus any discount from par in the purchase price with the adjustment spread over the period from date of purchase to maturity.

Exhibit A

BYLAWS OF THE INVESTMENT ADVISORY COMMITTEE OF THE CITY OF IRVINE

ARTICLE I - PURPOSE

The purpose of the Investment Advisory Committee is to oversee the management of the investment portfolio through regular quarterly meetings. The Committee will review investment transactions, discuss economic conditions and strategies regarding the management of the portfolio, and report to individual Councilmembers on the meetings.

ARTICLE II - STRUCTURE

The Committee shall be comprised of five members. Each Councilmember shall be responsible for appointing one member to the Committee with the term of the member running concurrent with the term of the Councilmember making the appointment.

The Chairperson and Vice Chairperson of the Committee shall be elected by a majority vote of the members and shall hold the seat for a one-year term. These positions may be elected for two consecutive terms. At the end of the second consecutive term, the members shall elect a new Chairperson and Vice Chairperson.

ARTICLE III - MEETINGS

The meetings shall be held at least quarterly at Irvine City Hall. Each meeting shall be held prior to the presentation of the quarterly report to Council on the status of the portfolio. Three members of the Committee must be present to constitute a quorum.

ARTICLE IV - PARLIAMENTARY PROCEDURE

The rules contained in the current edition of Robert's Rules of Order, newly revised, shall govern the Committee in all cases to which they are applicable and where they are not inconsistent with these Bylaws.

ARTICLE V - AMENDMENT OF BYLAWS

These Bylaws may be amended by a majority vote of the Committee.

4.5

REQUEST FOR CITY COUNCIL ACTION

MEETING DATE: SEPTEMBER 12, 2017

TITLE: RESOLUTIONS CONTAINING TERMS AND CONDITIONS OF EMPLOYMENT FOR REPRESENTED AND NON-REPRESENTED EMPLOYEES

Director of Administrative Services

City Manager

RECOMMENDED ACTION

1. Adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE ASSOCIATED SUPERVISORY/ADMINISTRATIVE PERSONNEL (ASAP), AND SUPERSEDING ALL PREVIOUS ASAP MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

2. Adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE IRVINE CITY EMPLOYEES ASSOCIATION (ICEA), AND SUPERSEDING ALL PREVIOUS ICEA MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

3. Adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE IRVINE PROFESSIONAL EMPLOYEES ASSOCIATION (IPEA), AND SUPERSEDING ALL PREVIOUS IPEA MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

4. 8. Adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, AUTHORIZING FULL-TIME POSITIONS IN ACCORDANCE WITH THE PROVISIONS OF COMPENSATION RESOLUTIONS AND THE OPERATING BUDGET FOR THE 2017-18 FISCAL YEAR, AND SUPERSEDING RESOLUTION NO. 17-45, WHICH IS INCONSISTENT THEREWITH

9. Adopt - A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ESTABLISHING THE SALARY GRADE ORDER STRUCTURE AND SALARY RANGES FOR EMPLOYEES OF THE CITY OF IRVINE, AND SUPERSEDING RESOLUTION NO. 17-46, WHICH IS INCONSISTENT THEREWITH

EXECUTIVE SUMMARY

The negotiation team for the City has reached tentative agreement on the Memorandums of Understanding (MOUs) with the Associated Supervisory/Administrative Personnel (ASAP), Irvine City Employees Association (ICEA), Irvine Professional Employees Association (IPEA), and Irvine Police Management Association (IPMA). All agreements will be effective August 11, 2017 upon expiration of the previous MOUs.

The terms of the new two-year agreements provide for base salary increases in each year of the contracts.

Other recommended actions include: adoption of resolutions for non-represented full-time employees providing the same changes in terms and conditions of employment as those provided for the represented employees; updates to the resolution covering part-time employees; and updates to the Salary Grade Order and Position Control resolutions.

COMMISSION/BOARD/COMMITTEE RECOMMENDATION

Not applicable.

ANALYSIS

The negotiating team for the City and representatives of ASAP, ICEA, IPEA, and IPMA bargaining units reached tentative agreements on terms and conditions of employment. These tentative agreements have been ratified by the bargaining unit membership and MOUs reflecting those agreements are now pending approval by the City Council (Attachments 1-4).

- The term of each proposed MOU is two years, effective August 11, 2017 through June 30, 2019. They provide two percent base salary increases in each of the two years.

- The agreements with ASAP, ICEA and IPEA provide for a paid Holiday Leave Benefit of three days.

- The agreement with IPMA provides for a City contribution of 1.25 percent of base salary towards a retiree health savings account.

- All agreements include minor modifications in terminology and procedure that reflect current law and practice.

- Resolutions governing the terms and conditions of employment for non-represented full-time employees contain the same provisions as the MOUs for non-sworn employees (Attachments 5-6).

- The resolution governing terms and conditions of employment for part-time employees provides for a two percent base salary increase in each of the two years and paid Holiday Leave Benefit of three days for extended part-time staff (Attachment 7).

Other recommended actions include revision of the Salary Grade Order resolution and revision of the Position Control resolution to reflect recent changes in position classification, allocation or title since adoption of the 2017-2018 budget (Attachments 8-9).

ALTERNATIVES CONSIDERED

The City is required by the State's labor-relations law (Meyers-Milias-Brown Act) to meet and confer in good faith with recognized employee organizations. The terms of the proposed MOUs reflect agreements reached by the parties through the meet-and-confer

process. The City Council may choose not to approve the agreements; however, the tentative agreements reached with ASAP, ICEA, IPEA, and IPMA representatives are within the parameters set by the City Council and have been ratified by the membership of each group.

FINANCIAL IMPACT

The cost of implementing the recommended MOUs and resolutions for all City employees is $1,883,000 for Fiscal Year 2017-18 and $1,907,500 in Fiscal Year 2018-19. Staff will try to manage budgeted resources within this year's adopted budget to adjust to the $948,000 cost of salaries and benefits that were not included in the budget. This increased cost represents 0.5 percent of the adopted budget. If additional funding is needed, staff will bring back a mid-year budget adjustment for City Council consideration.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE ASSOCIATED SUPERVISORY/ ADMINISTRATIVE PERSONNEL (ASAP), AND SUPERSEDING ALL PREVIOUS ASAP MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, the City of Irvine (City) and the Associated Supervisory/Administrative Personnel (ASAP) have met and conferred in accordance with the requirements of the Meyers-Milias-Brown Act and City Council Resolution No. 341; and

WHEREAS, the City and ASAP have reached agreement on wages, benefits, hours, and other conditions of employment for the period of August 11, 2017 through June 30, 2019; and

WHEREAS, a previous Memorandum of Understanding between the City of Irvine and ASAP was adopted by the City Council pursuant to Resolution No. 15-74.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE that the 2017-2019 Memorandum of Understanding, attached hereto as Exhibit A, between the City and ASAP is approved and adopted. The compensation policy provided for by this resolution shall be operative from and after 12:01 a.m. on the twelfth day of September 2017, unless otherwise stated. All previous resolutions are hereby repealed effective on the operative date of this resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

Attachment I Classifications Represented by ASAP 27

Article 1 – Preamble

This Agreement is entered into pursuant to the Meyers-Milias-Brown Act (Government Code Sections 3500 et seq.) and City Resolution No. 341, for the purpose of memorializing the Agreement reached between the City and Associated Supervisory/Administrative Personnel (ASAP) as part of the meet-and-confer process, in order to provide harmonious relations, cooperation, and understanding between the City and its employees.

Article 2 – Recognition

ASAP is hereby acknowledged as the exclusive Recognized Employee Organization representing the full-time employees in the classifications listed in Attachment I (Supervisory/Administrative personnel).

Article 3 – Purpose

The parties agree that the purpose of this Agreement is: to promote and provide harmonious relations, cooperation, and understanding between the City and the employees covered herein; to provide an orderly and equitable means of resolving differences which may arise under this Agreement, and to set forth the full agreements of the parties reached as a result of meeting and conferring in good faith regarding matters within the scope of representation for employees represented by the ASAP. Further, the purpose of this Agreement is to guarantee employees represented by ASAP all rights and privileges of employment provided in Federal and State law, and City ordinances.

Article 4 – Scope

The scope of representation shall include all matters relating to employment conditions and employer-employee relations, including, but not limited to, wages, hours, and other terms and conditions of employment, except, however, that the scope of representation shall not include consideration of the merits, necessity, or organization of any service or activity provided by law or executive order.

Article 5 - City Rights

The City retains all rights it had prior to this Agreement except those rights specifically delegated by this Agreement, provided the City shall exercise those rights in compliance with applicable state law, the City Charter, and the provisions of this Agreement.

Except as expressly limited by this Agreement, the City retains the exclusive right (a) to direct employees of the City; (b) to hire, promote, transfer, and assign employees to positions within the City; (c) to dismiss employees because of lack of work; (d) to reprimand, demote, suspend, or discharge employees for proper cause as provided by City Ordinance; (e) to determine the mission of the City and its various departments, its budget, its organization, the number of employees, and the methods and technology for performing its work; (f) to take whatever action may be appropriate to carry out its mission in situations of emergency. The parties further understand that all rights not clearly and expressly limited by this Agreement are specifically reserved to the City, even though not enumerated.

Article 6 - Employee Rights

Employees covered under this Agreement shall be entitled to all rights specified under Government Code Section 3502. Neither the City nor ASAP shall interfere with, intimidate, restrain, coerce, or discriminate against employees who exercise their rights under this Agreement or the law.

Article 7 - Association Rights

ASAP shall notify the City in writing of the names of its representatives as follows: Consultant, Officers, Bargaining Committee Members and Departmental Representatives.

The City shall provide ASAP, if changes occur, with the following: A list of employees in the classifications set forth in Attachment I; the names of new hires, promotions, and terminations in the classifications set forth in Attachment I; City of Irvine job postings; and copies of current salary schedules. The City will provide ASAP with names and home addresses of all ASAP-represented employees. This information is for the confidential use of ASAP and the City shall not be responsible and will be held harmless by ASAP for inappropriate release of this

information by ASAP. Upon written request, the ASAP shall receive available information relating to contract administration and fringe benefits including pension and insurance plans.

The City shall make available reasonable bulletin board space in designated employee areas for the use of ASAP to post notices relating to matters of interest to ASAP and to the employees.

A reasonable number of employees shall be entitled to leave their work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor, for purposes of participation in the meet-and-confer process.

Designated ASAP representatives shall be entitled to leave their work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor for purposes of attending meetings called by Management or to participate in established City committees, such as but not limited to, Citywide Insurance Committee, Defined Contribution Pension Plan Committee and Safety Committee.

Designated ASAP representatives shall be entitled to leave their work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor for purposes of reviewing and processing grievances. Grievances shall be processed in accordance with the Personnel Rules and Regulations unless noted herein.

ASAP representatives may have access to ASAP members providing that supervisors are notified prior to a meeting being scheduled and that meetings held will not interfere with work. In order to allow ASAP an opportunity to handle the business affairs of its members, the City shall, at the beginning of the calendar year, establish a time bank of one-hundred and eighty (180) hours to be used by board members as authorized by the ASAP Board for training, grievances, board meetings, etc. ASAP agrees the effective operation of the City departments is not to be adversely affected by the use of the time bank by ASAP members. Hours from the time bank will not be cumulative from year to year. Time for meet-and-confer preparation and meetings, and/or attendance at special meetings called by the City shall not be charged against the time bank.

At the orientation of new employees, a City-approved ASAP informational packet will be provided to those who would be eligible to join ASAP. In addition, ASAP and/or its representative will be provided with the opportunity to have 10-minute access to employees in ASAP-represented positions during new employee orientation.

Article 8 - Payroll Deductions

The City will, during the term of this Agreement, deduct bi-weekly dues and other fees as specified by ASAP under the authority of a membership application signed by each participating employee which shall be approved by ASAP and remitted promptly to the Payroll Office.

Article 9 - Quarterly City-ASAP Meetings

The City's designated management staff shall meet with the ASAP President, representative and ASAP board members, on a quarterly basis. The purpose of these meetings is to discuss issues of common interest and to resolve mutual problems in a constructive fashion. The parties shall exchange suggested agenda topics one week before the meeting date. Grievances or disciplinary actions in progress may be discussed at these meetings only by mutual consent, and discussion of such topics does not preclude subsequent resolution via the grievance or disciplinary procedure. Meet-and-confer subjects may be discussed by mutual consent, but this does not preclude exercise of further meet-and-confer options by either party. Persons other than those described above may attend these meetings only by prior mutual consent.

Article 10 - Salary

A. Position Classification to Salary Grades

The classification of individual positions to pay grades is the City's sole responsibility and will be based upon the Human Resources' evaluation of the classification using a point factor system.

B. Classification Requests

During the period designated by Human Resources each year, an employee may request a reevaluation of position responsibilities by submitting a new Comprehensive Position

Questionnaire (CPQ) with a cover memorandum explaining the changes in duties since completion of the most recent existing CPQ. The employee's Department Director and manager (if applicable) will review the request and make a recommendation, which will include an explanation of why the duties have changed and an assessment of the stability of the changes. Any change in classification will take effect the pay period that includes July 1 of the following fiscal year.

C. Pay Progression in a Salary Grade

Pay progression within a pay grade will be based strictly upon individual performance and summarized in an annual performance appraisal. All base pay progression within pay grades will be limited to the maximum of a pay grade. Base pay progression will be provided according to the following schedule:

Salary Placement in Pay Grade	Performance Level	Pay Increase
Less than Maximum Range	Unsatisfactory or Needs Development	0%
Less than Maximum Range	Accomplished Standards and Above	5% base adjustment, limited to maximum of pay grade
Greater than or Equal to Maximum Range		0%

Annual merit increases will be effective on September 1st of each year and will be prospective from that date.

1. Probationary Merit Reviews

   Employees on a probationary employment status effective June 30th of each year will not be eligible to participate in the annual review process until they have successfully completed their probationary period. At the completion of the probationary period, the employee will receive a performance review and merit increase appropriate to the performance review rating. The criteria and rating system for probationary reviews will be the same as those for annual performance reviews.

Following the completion of probation, the employee will be eligible to participate in the annual performance review process the following July. The merit increase granted in the first annual review process following the probationary merit review will be pro-rated to reflect only the time period since the completion of the probationary period. All subsequent performance reviews will be conducted according to the same merit schedule as other regular employees. If the probationary appraisal has been completed within the months of May and June, the employee's next review will be part of the appraisal schedule in the following calendar year in July.

D. Wage and Salary Range Adjustment

Effective the pay period that includes September 1, 2017, the salary ranges of the classifications covered by this Agreement shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the salary ranges of the classifications covered by this Agreement shall be increased by two percent (2.0%).

E. Severance

In the event a member of the ASAP bargaining unit is laid-off from his/her employment with the City, without the opportunity to voluntarily demote into a lower position or transfer into a comparable position, due to the contracting-out of a City service, the City will provide a severance. The severance will be equivalent to forty (40) hours of pay, at their current base hourly rate of pay, for every year of full-time City service, rounded to the nearest full year of service. Additionally, the City will provide a one-time cash equivalent payment for continuing health insurance premiums, using the individual's current elected coverage levels and insurance providers, payable through the end of the month in which severance expires.

Article 11 - Bilingual Pay

Department Directors shall annually designate which positions should be assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified employees who meet the following criteria shall receive an additional $50.00 per month.

A. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.

B. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

C. Any employee who has been determined as qualified for bilingual pay and who is on any leave of absence for at least one calendar month, exclusive of accrued vacation or compensatory time, will be ineligible for bilingual pay until his/her return to work. Upon his/her return to work, the employee will be reinstated into the bilingual pay program and receive his/her $50 monthly stipend effective the first working day of the new calendar month following his/her return to work. The employee will not be required to perform bilingual interpretation services during any period which he/she is not receiving the bilingual pay stipend.

D. For positions requiring extensive contact with the public or contractors, bilingual pay will be rotated among employees who are deemed as qualified by the City. The Department Director will have the discretion to determine the number of employees and the sections/units that qualify to participate in a "rotation pool." Rotations will occur every 12 months, effective the first pay period each November. It is the Department Director's sole discretion to determine the order of rotation among the qualified employees. An employee who has not performed bilingual duties within the rotation for a period of 24 months or longer, must be re-certified by the City in order to receive bilingual pay.

   An employee in a bilingual assignment may request to have the bilingual assignment and corresponding pay removed.

Article 12 – Benefits

The City will provide a cafeteria-style benefit program for supervisory/administrative employees to include the following general elements:

A. Enhanced choices among City-offered health benefit plans.

1. Employees not claiming dependents on their medical, dental, psychological and vision plans shall receive $150 per month. The stipend may be taken as taxable cash.

   Employees who are able to demonstrate to the City's satisfaction that they have minimum essential coverage as defined by the Affordable Care Act, (through another source other than coverage in the individual market, whether or not obtained through Covered California) may opt out of participation in the City's health plan.

B. The City shall provide the following as options to the employee for employee and dependent coverage, with noted exceptions:

Indemnity Medical Insurance

The City shall provide the option to employees to enroll in a medical indemnity insurance plan.

Indemnity Dental Insurance

The City shall provide the option to employees to enroll in a dental indemnity insurance plan.

Health and Dental Maintenance Organizations

The City shall provide the option to employees to enroll in a health maintenance organization and/or a dental maintenance organization.

Vision

One (1) vision care plan.

For employees who choose the PPO medical plan, he total cost to the City for medical, dental, psychological, and vision insurance shall not exceed $694.04 per employee; $754.04 per employee plus one; and $1064.31 per employee plus family per month. The medical tier that the employee selects will drive the insurance cap that is applied to the employee's health benefit selections. The cost of the dental enhanced plan, if selected by

the employee, shall require employee premium contributions for the amount in excess of the premium for the standard plan.

C. Employees have the option of enrolling themselves and/or their dependents into a no-cost medical plan rather than being subject to the cap as set forth in Article XIII, item B., above. Under the no-cost plan, the City will provide any HMO Medical Plan and any HMO Dental Plan offered by the City, as described in Article XIII, item B., above. Under this option, employees may choose to upgrade from the HMO Dental Plan to the PPO Dental Plan, however the employee will be required to pay the difference in premium between the HMO Dental Plan and the PPO Dental Plan.

Effective January 1, 2015, any increase in the cost of the HMO Medical Plans over the costs in effect December 31, 2014, will be borne as follows: The City will pay 95% of the increased cost, and employees enrolled in HMO Medical Plans will pay the remaining 5% of cost increases in annual premiums. Each year thereafter, the amount paid by employees in prior years will be added to that portion of the increase (five percent 5%) the employees will pay in the current year.

D. Affordable Care Act Reopener

The City may reopen the MOU on the issue of health insurance solely for the purpose of discussing potential impacts from or modifications to the Affordable Care Act. The City shall make no changes to health insurance benefits or City contributions towards health insurance benefits under this reopener, absent mutual agreement between the City and ASAP.

E. Insurance Committee

The Insurance Committee and representatives from management will meet each Fall to review coverage, cost containment methods, claims processing service, claims experience and to recommend plan and design changes to the employees. The group will be made up of no more than two (2) representatives from each bargaining group and the president or a designated representative for the bargaining group. The group will be provided with claims history, and with proposed changes in rates or coverage.

F. Pension

1. CITY OF IRVINE DEFINED CONTRIBUTION PENSION PLAN:

The provisions of this Section F. shall apply to employees, as of June 30, 2003, who elected to decline the CalPERS benefits.

a. The City shall invest an amount equal to 12.448% of each employee's base salary in the City of Irvine Defined Contribution Pension Plan (DCPP). Employees shall become fifty percent (50%) vested in such plan upon completion of the probationary period. Thereafter, such vested interest shall increase at the rate of 5% for every Plan Year in which the employee completes 1000 hours of service. Once the employee has completed five (5) years of service, he/she shall become 100% vested in the retirement plan.

b. The City will deduct an amount equal to 6.552 % of each employee's base salary to invest in the City of Irvine DCPP. It is understood that this payroll deduction shall be mandatory for all employees who elected to remain in the City of Irvine DCPP.

c. All employees who elected to remain in the City of Irvine DCPP shall not be entitled to any CalPERS benefits, past, present or future, as provided under section F of this article. Employees, who elected to remain in the City of Irvine DCPP, shall continue participation until the employee terminates his/her employment from the City for any reason.

d. The City will utilize retirement plan forfeitures to offset the cost of City of Irvine DCPP account management and administrative fees.

2. CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM PLAN (CALPERS):

The provisions of this section F shall apply to employees, as of June 30, 2003, who elected to waive their rights to the City of Irvine Defined Contribution Pension Plan (DCPP) and who elected to transfer to the CalPERS program and employees hired after that date.

a. The City's contract with CalPERS shall include the following options:
   i. 2.7% @ 55 Full Formula for Local Miscellaneous Members (Cal. Govt. Code Section 21354.5)
   ii. One Year Final Compensation (Cal. Govt. Code Section 20042)
   iii. Military Service Credit as Public Service (Govt. Code Section 21024), in which the employee pays the entire cost
   iv. Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427)
   v. 4th Level 1959 Survivor Benefits (Govt. Code Section 21574)
   vi. Limit Prior Service to Members Employed on Contract Date (Govt. Code Section 20938)

b. All employees hired on or after the effective date of the CalPERS contract shall become members of the CalPERS Retirement Program.

c. All active employees of the Association shall be members of CalPERS, unless they elected to decline the CalPERS benefits through the irrevocable election process. All Association members covered by CalPERS shall no longer be entitled to any benefits past, present or future, provided under the City of Irvine DCPP referenced in Article XIII, Section F

d. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

e. The CalPERS vesting schedule shall apply (Cal. Govt. Code Section 21060).

f. The full eight percent (8%) cost of the CalPERS member contribution will be paid by the employee.

g. Effective April 14, 2012 the City implemented the 2% @ 55 retirement program with the average of the three highest paid consecutive years for all employees hired on or after that date. Employees in the 2% @ 55 plan will pay the full 7% Member Contribution for the entire term of their employment.

h. All "new members" within the meaning of the California Public Employees' Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will become members of the City's Tier 3 plan; 2% at 62 formula for Miscellaneous employees. Employees will pay the full employee contribution, which will be one-half the normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

G. Retiree Health Plan

1. The City shall contribute an amount equal to two percent (2%) of each employee's base salary in a Voluntary Employee's Beneficiary Association (VEBA), which shall be established and administered by the Association.

2. Employees participating in the ASAP VEBA shall contribute an amount equal to one percent (1%) of base salary.

3. An employee who has retired from the City and has either attained the age of sixty (60) years or is fifty (50) years old and has completed five (5) years of service with the City shall be entitled to purchase the medical insurance plan in effect at the time of retirement at the City's rates for the employee and the employee's dependents at the cost to the former employee, now retiree.

4. The City will allow for a spouse of an eligible retired unit member to continue to purchase the medical insurance after the death of the retired employee, provided that the spouse was covered under a City insurance plan at the time of the retired employee's death and provided that there has been no break in coverage since the employee's retirement. This eligibility for continued coverage ceases if such spouse remarries.

5. Each representation unit has determined the type of retiree health program in which its members shall participate. In order to ensure that the employees can maximize their benefits, the City agrees to allow employees to remain in the designated type of retiree health program throughout their service with the City, whether or not the employee moves to another representation unit(s). In the event an employee moves

to another representation unit, the City will contribute an amount up to the contribution established for the new units' retiree health plan and the employees will not be eligible to participate in any other non-voluntary health plan offered to City employees. If the City's contribution toward a retiree health plan in the new unit is less than what is required for the employee's designated retiree health plan, the difference will be deducted from the employee's pay.

H. Life Insurance

Employees covered by this Agreement shall be provided a life insurance plan in the amount equal to the current full year's base salary rounded up the next $1,000.

I. Disability

The City shall provide major disability coverage with benefits calculated on 66 2/3% of the base monthly wage or salary less deductible benefits. Disability benefits shall also be provided to Job Share employees.

J. Flexible Spending Account

Employees may use pre-tax dollars to pay for eligible medical and dependent care expenses per Internal Revenue Code sections 125 and 129.

Article 13 - Alternate Work Schedules

Unit members may request from their Department Directors to work a 9/80 or a 4/10 alternative workweek schedule. Department Directors will review requests for alternate work schedules, on a case-by-case basis, based on the following criteria: 1) productivity and service to the public will not be decreased, 2) that there will be no adverse effects on the operation of any City department or work unit, and 3) with due regard to the wishes of the employee.

Requests for an alternate work schedule will include the information required by the Department Directors to make an informed decision and a summary of how necessary coverage and current service levels will be improved or maintained. Approved alternate

work schedules may be temporarily modified by a Department Director in the case of vacations, vacancies or other absences that are in excess of one week.

In an emergency, the Department Director may direct the employee to work a different schedule on a 24-hour notice. If the alternate work schedule is not effective, the Department Director will require that the employee work a different alternative workweek or return to a more standard workweek (i.e., a 5/40) with a 14-calendar day notice. If an employee finds it necessary, he/she may make a request to return to a more standard workweek, which will be considered on a case-by-case basis.

Article 14 - Annual Physical Examination

The City shall reimburse employees up to a maximum of $250 per calendar year for expenses incurred as a result of an annual physical examination, as defined in Article 24 of the City's Personnel Rules and Procedures. Such annual physical is optional. Expenses eligible for payment by the City health insurance plan shall not be eligible for reimbursement.

Article 15 - Leaves

A. Vacation

Employees shall accrue vacation credits as follows:

Years of Service	Annual Vacation Credits	Maximum Accrual
1 through 3	3 weeks (120 hours)	5 weeks (200 hours)
After 3 through 10	4 weeks (160 hours)	6 weeks (240 hours)
After 10 or more	5 weeks (200 hours)	7 weeks (280 hours)

When an employee earns vacation in excess of the maximum accrual, the employee shall be paid for vacation during the pay period earned and at the employee's base rate of pay. The dates an employee may take his/her vacation shall be determined by the Department Director or the designee with due regard for the wishes of the employee and particular regard for the needs of the City.

In the event one or more holidays as defined in this MOU fall within a vacation leave, such holidays shall be charged as a holiday.

Illness while on paid vacation will be charged to Sick Leave rather than vacation only if:

Employees must notify their supervisor within four (4) calendar days of the beginning of the illness or prior to the end of his or her vacation leave, whichever is sooner, to request that his or her illness on vacation be charged to Sick Leave. The department shall be under no obligation to extend the vacation beyond the original scheduled vacation ending date.

Employees who terminate employment shall be paid in a lump sum for all accrued vacation leave earned prior to the effective date of termination.

B. Vacation Buyback

On or before the pay period which includes December 15 of each calendar year, an employee may make an irrevocable election to cash out up to eighty (80) hours of accrued vacation (in whole hour increments) which will be earned in the following calendar year at the employee's base rate of pay at the time of cash out. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

C. Personal Sick Leave

Employees shall accrue personal sick leave credits at the rate of eight (8) hours per month. Unless unforeseen and extenuating circumstances arise, in order to receive compensation while absent on sick leave, the employee shall notify his/her immediate superior or the designated department contact prior to or the time set for beginning his/her daily duties, or as may be specified by the director of his/her department. When absence is for one (1) work day or more, the employee may be required to file a physician's certificate with the Personnel Officer.

An employee receiving temporary disability payments under the Workers' Compensation laws may use a pro-rated amount of accumulated sick leave in order to continue to maintain his/her regular income. Under such circumstances, the employee shall submit any benefit payments from the Workers' Compensation fund to the Finance Manager.

An employee may be required to provide a doctor's release to return to work following an illness or injury resulting in an inability to perform assigned duties.

D. Personal Sick Leave Conversion

Regular employees shall be eligible, if they so desire, each quarter (January 1, April 1, July 1, October 1) to convert unused Personal Sick Leave in excess of one-hundred and sixty-eight (168) hours at a ratio of eight (8) hours of vacation for every twenty-four (24) hours of Personal Sick Leave, except that employees with at least ten years of full-time consecutive service shall be eligible to convert sick leave at the ratio of eight (8) vacation hours for sixteen (16) sick leave hours. One-hundred and sixty-eight (168) hours must be accrued and retained prior to converting any excess personal sick leave credits to vacation hours.

Regular full-time employees having less than ten (10) years of consecutive full-time service shall be eligible to convert unused personal sick leave in excess of 168 hours to cash at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's base salary rate, subject to a maximum conversion of 180 hours of sick leave per employee per year. Regular full-time employees with at least ten (10) years of consecutive full-time service shall be eligible to convert unused personal sick leave in excess of 168 hours to cash at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's base salary rate, subject to a maximum conversion of 120 hours of sick leave per employee per year. Conversion requests can be made only in whole hour increments that are evenly divisible by the conversion ratio, subject to a sixty (60) hour maximum after conversion. Conversion requests shall be submitted on appropriate forms as determined by the Personnel Officer. The annual election period and payment period shall be designated and announced by Administrative Services annually.

A regular full-time employee with less than ten (10) years or more continuous service may convert any accrued and unused sick leave to vacation hours at a ratio of 3 to 1 at the normal base rate of pay. A regular full-time employee who has a minimum of ten (10) years or more of full-time continuous service may convert any accrued and unused sick leave to vacation hours at the ratio of 2 to 1 at the normal base pay rate. In this situation, the employee may exceed his/her vacation accrual limits. This paragraph shall not apply to employees who separate due to termination for cause; or who resign or retire in lieu of being terminated after he/she has received a notice of intent to terminate for cause.

E. Personal Leave

Effective the pay period which includes January 1st of each year employees shall receive a Personal Leave Benefit of seventy-one (71) hours per year. Such leave shall be available for employees to use from the beginning of the first pay period beginning in the calendar year through the end of the last pay period beginning in the calendar year. Such hours shall not accrue from year to year. This leave has no cash value and cannot be cashed out. If, at the end of the pay period which includes January 1, employees have any of this leave on the books, with the first full pay period beginning in January, they will be provided with whatever amount of leave is necessary to bring their bank up to 71 hours. Probationary employees who commence employment with the City after January 1 will receive twenty four (24) less Personal Leave hours for every four (4) months the employee is not on paid status with the City.

The employee shall notify his/her immediate supervisor of the use of a Personal Leave day at least 36 hours in advance unless circumstances beyond the employee's control prevent such notification.

F. Bereavement Leave

Employees shall receive up to forty (40) hours for any one instance for absence necessitated by the death of immediate family members. Such credit shall not be accrued from year to year.

The immediate family shall be defined as the spouse, registered domestic partner, children, step children, parents, brothers, sisters, step siblings, grandparents,

grandchildren, parents-in-law, grandparents in law or other individuals whose relationship to the employee is that of a dependent or a domestic partner as defined by California Family Code section 297, or a person who stood *in loco parentis* (in place of a parent) to the employee or a person who had an *in loco parentis* relationship with the employee (the employee stood *in loco parentis* to the person.

G. Parenthood Leave

A regular employee may be granted a temporary parenthood leave of absence without pay, not to exceed one-hundred and eighty (180) calendar days per year, upon approval from the City Manager. The employee requesting such leave shall present evidence of the birth or adoption of a child to the employee or spouse to his/her Department Director. The City will comply with all elements of parenthood leave under the Family Medical Leave Act and the California Family Rights Act. Any such leave will run concurrently with parenthood leave as provided for under the FMLA and CFRA.

H. Jury Duty

In order to balance the City of Irvine's interest in maintaining productivity with the interest that employees are able to support our system of justice by serving on juries, paid Jury Duty is limited to a maximum of 80 hours in a calendar year. If an employee, despite reporting the limit to the Court, is required to serve beyond 80 hours he or she can request an exception of the limit on paid Jury Duty Leave by the City Manager.

If unit members are required to be absent from work to report for jury duty, they will notify their supervisor of the absence as soon as possible after finding out that they must report the next day.

An employee on jury duty must either return to work after the jury service is done for the day if there are still four hours left on his/her shift or call in to his/her supervisor and ask to use leave to cover the rest of his/her shift.

Employees who are scheduled for a swing or graveyard shift on a day they are called to jury service will be authorized to change their work hours in order to report to jury service.

Employees who are called to jury duty will not be subject to working their full graveyard or swing shift if there is not a minimum of 10 hours before or after assigned jury duty. If there is less than 10 hours between the end of a shift and the start of jury duty, employees will be permitted to leave their shift early to allow for a minimum break of 10 hours. If there is less than 10 hours between the end of jury duty and the start of their shift, employees will be able to delay their usual start time to ensure a 10 hour break in between. In this event, the employee's usual end time will remain the same. For any additional time taken off before or after jury duty, an employee will be required to utilize paid accrued time subject to supervisor approval.

An employee who is called to jury duty on a non-working day will not receive compensation or be authorized to change their schedule as a result of being called to jury duty.

I. Military Leave

Employees shall be entitled to such benefits as are provided in state and federal law. An employee requesting such military leave shall present a copy of his/her military orders to his/her Department Director prior to the beginning of the leave.

J. Industrial Accident Salary Continuance

In the event that it is determined that a regular full-time employee is absent from work as a result of any injury or disease arising solely out of the employment with the City and in no way related to any prior existing condition, the City shall provide up to six (6) months of Industrial Accident Salary Continuance during any two-year period under the following conditions:

1. In the event the employee qualifies for compensation under State law, the employee shall receive the difference between the Workers' Compensation payments and his/her regular salary;

2. The employee shall accrue sick leave or vacation leave during the time the employee is receiving Industrial Accident Salary Continuance ;

3. The employee's condition is not permanent and stationary as determined by the City appointed physician.

In the event of an on-the-job injury or accident resulting in loss of time beyond that required for immediate medical attention, such employee may be required to be examined by a licensed physician appointed by the City of Irvine.

Any on-the-job injury or accident must be reported to the employee's immediate supervisor within twenty-four (24) hours after said injury or accident. Failure to report said injury or said accident shall be grounds for disciplinary action.

K. Administrative Leave

Effective the first pay period beginning in January of each year, employees will receive forty (40) hours of Administrative Leave per calendar year. Administrative Leave will be prorated on a monthly basis for supervisory/administrative employees appointed during the calendar year. The dates an employee may take his/her administrative leave shall be determined by the Department Director or the designee with due regard for the wishes of the employee and particular regard for the needs of the City. Additional Administrative Leave may be approved by the Department Director or City Manager. Administrative Leave must be used by the end of the calendar year. Such hours shall not accrue from year to year nor be paid off upon termination. This leave has no cash value and cannot be cashed out. If, at the end of the pay period which includes January 1, employees have any of this leave on the books, with the first full pay period beginning in January, they will be provided with whatever amount of leave is necessary to bring their bank up to 40 hours,

L. Leaves

All paid leave hours accrued shall be prorated based on the number of hours worked or paid up to eighty (80) hours in a pay period.

Article 16 – Holidays

A. Administration of Holidays

The recognized holidays to be observed by the City in each calendar year during the term of this Agreement shall be as follows:

New Year's Day
Martin Luther King Jr. Day
Washington's Birthday
Memorial Day
Independence Day (4th of July)
Labor Day
Veterans Day
Thanksgiving Day
Day After Thanksgiving
Christmas Eve
Christmas Day

Prior to the beginning of the calendar year, Administrative Services will designate and announce the dates on which the above referenced holidays shall be observed. Holidays falling on Sunday shall be observed on the following Monday. Holidays falling on Saturday shall be observed on the preceding Friday unless this, too, is a holiday and then one day sooner. An employee must be paid for all of the regularly scheduled workday immediately prior to a holiday and the regularly scheduled workday immediately after that holiday in order to receive holiday pay.

Human Resources may designate alternate dates the City will observe holidays in order to occur in conjunction with the Holiday Leave benefit provided below in subparagraph B of this Article.

Regular full-time employees shall receive nine (9) hours pay for holidays observed on a Monday, Tuesday, Wednesday, or Thursday. Employees shall receive eight (8) hours pay for each of these holidays observed on a regularly scheduled working Friday. Regular full-time employees working an eight (8)-hour, five (5)-day schedule will receive eight (8) hours pay for each of these holidays.

If a holiday falls on an employee's regularly scheduled day off, the employee will receive holiday pay for the holiday or may take off another day during the pay period with approval of his/her supervisor.

Employees assigned to work on authorized holidays shall receive regular holiday compensation and compensation in the form of premium overtime (one and one-half times the employee's hourly rate) for actual hours worked. At the request of the employee, and within the City's ability to maintain appropriate service levels, such assigned employees may be granted paid time off, in lieu of pay, within the pay period in which the holidays fall. If such time is not taken within the pay period, the employee shall automatically receive regular holiday compensation.

B. Holiday Leave

Effective in December 2017 and each year thereafter, employees will be provided with three days of paid leave to be used in the pay period(s) that include the Christmas Eve, Christmas Day and New Year's Holidays. The dates of the three "Holiday Leave" days will be designated annually by Human Resources. Employees will be provided with three days of paid leave based on the number of hours they are regularly scheduled to work on designated "Holiday Leave" days. Employees must use this leave on the designated days unless directed to work by the Department Director or designee. In cases where the employee is directed to work on such days, the employee will be credited with leave in an amount equivalent to what they would have used had they not been directed to work. In cases where a designated "Holiday Leave" day falls on an employee's regularly scheduled day off, the employee will be credited with leave in an amount equivalent to what they would have used had it been a regularly scheduled work day. Such leave shall have no cash value, and will expire if not utilized within the pay period that includes November 30 of the following year.

Employees wanting to take additional days off in conjunction with the observed Holidays and designated "Holiday Leave" days must utilize other accrued leave in accordance with existing rules.

For 2017, the following shall be observed:

Monday 12/25 - Christmas Eve
Tuesday 12/26- Christmas Day
Wednesday 12/27- Holiday Leave
Thursday 12/28- Holiday Leave
Friday 12/29- Holiday Leave

For 2018, the following shall be observed:

Monday 12/24-Christmas Eve
Tuesday 12/25-Christmas Day
Wednesday 12/26- Holiday Leave
Thursday 12/27- Holiday Leave
Friday 12/28- Holiday Leave

For years subsequent to 2018:

Administrative Services will designate and announce the dates on which the above referenced "Holiday Leave" days shall be observed.

Article 17 - Educational Reimbursement/Professional Development

Regular employees shall be eligible for reimbursement of approved education and professional development expenses to a maximum of $1,300 per calendar year. Up to $500 of the employee's annual professional development fund may be used towards travel, hotel and meal expenses for City-approved conferences, seminars, and/or job-related training. Employees using professional development funds for travel-related purposes shall be subject to all guidelines established by City travel policies and procedures. Up to $250 of the employee's annual professional development funds may be used towards supplementing un-reimbursed expenses for his/her annual physical examination, subject to the provisions of Article 24 of the City's Personnel Rules and Procedures.

Article 18 - Personnel Files

The official personnel file for each City employee shall be maintained by Human Resources. Employees have the right to review their official personnel file in Human Resources by scheduling a specific date and time, at least twenty-four (24) hours in advance, with Human Resources staff.

A copy of any commendations, written warnings or reprimands, disciplinary actions, Personnel Action Forms and performance reviews placed in the employee's personnel file will be provided to the employee. The employee shall have an opportunity to respond in writing to documents placed in the file. This response will be filed with the original document.

Written reprimands shall be retained at least one (1) year. If after one (1) year no similar or other unacceptable behavior is reported, the employee may request in writing that the reprimand be purged from his/her file. Upon review and approval of the Department Director, the written reprimand shall be removed from the employee's file.

Article 19 - Non Discrimination

Neither party to this Agreement shall discriminate against any employee on the basis of any legally protected status enumerated under State, or Federal law governing employment or equal employment opportunity. The parties further agree that they shall not interfere with, intimidate, restrain, coerce, or discriminate against any employee in his/her free choice to participate or not participate in the activities of and the right to join ASAP.

Article 20 - Severability

It is understood and mutually agreed that this Agreement is subject to all applicable Federal, State, and City laws and ordinances.

If any provision of this Agreement is determined to be invalid or illegal by a court of competent jurisdiction, such provisions will not be deemed valid and shall be severed from this Agreement, except to the extent permitted by law, but the remainder hereof shall remain in full force and

effect. Should any change be made in any State or Federal law, or in an rules and regulations implementing such legislation, or in any City Charter provision which would be contrary to any provision contained herein, then such provision shall be automatically terminated but the remainder of this Agreement shall remain in full force and effect.

The parties hereto shall meet-and-confer within a reasonable time for the purpose of replacing any provision of this Agreement determined to be invalid or illegal pursuant to this paragraph.

Article 21 - Completion of the Meet and Confer Process

Each of the parties hereto agrees that it has had a full and unrestricted right to meet, advance, and discuss all matters properly within the scope of meet-and-confer, in accordance with State laws and local ordinances and regulations. The express provisions of this Agreement constitute the only limitations upon the City's right to determine, implement, supplement, change, modify or discontinue in whole or in part any term or condition of employment the City deems fit and appropriate; provided, however, that the City shall comply with all Federal and State laws relating to employee rights, opportunities, and benefits.

Article 22 – Term

The terms and conditions of this Agreement will be effective August 11, 2017 unless otherwise stated in the Agreement. This Agreement shall remain in full force and effect until June 30, 2019 and shall supersede all other Agreements between the parties.

IN WITNESS WHEREOF, the parties hereto have executed this Memorandum of Understanding as of August 11, 2017.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE IRVINE CITY EMPLOYEES ASSOCIATION (ICEA), AND SUPERSEDING ALL PREVIOUS ICEA MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, the City of Irvine (City) and the Irvine City Employees Association (ICEA) have met and conferred in accordance with the requirements of the Meyers-Milias-Brown Act and City Council Resolution No. 341; and

WHEREAS, the City and ICEA have reached agreement on wages, benefits, hours, and other conditions of employment for the period of August 11, 2017 through June 30, 2019; and

WHEREAS, a previous Memorandum of Understanding between the City of Irvine and the ICEA was adopted by the City Council pursuant to Resolution No. 15-75.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE that the 2017-2019 Memorandum of Understanding, attached hereto as Exhibit A, between the City and ICEA is approved and adopted. The compensation policy provided for by this resolution shall be operative from and after 12:01 a.m. on the twelfth day of September 2017, unless otherwise stated. All previous resolutions are hereby repealed effective on the operative date of this resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

MEMORANDUM OF UNDERSTANDING

BETWEEN

IRVINE CITY EMPLOYEES ASSOCIATION

AND

CITY OF IRVINE

AUGUST 11, 2017 to June 30, 2019

Article 1 - Preamble

This Agreement is entered into pursuant to the Meyers-Milias-Brown Act (Government Code Sections 3500 et seq) and City Resolution No. 341, for the purpose of memorializing the Agreements reached between the City and Irvine City Employees Association (ICEA) as part of the meet-and-confer process, in order to provide harmonious relations, cooperation and understanding between the City and its employees.

Article 2 - Recognition

ICEA is hereby acknowledged as the exclusive Recognized Employee Organization representing the employees in the classifications listed in Attachment I (Full-time**,** hourly, non -sworn, non-confidential employees).

Article 3 - Purpose

The parties agree that the purpose of this Agreement is: to promote and provide harmonious relations, cooperation and understanding between the City and the employees covered herein; to provide an orderly and equitable means of resolving differences which may arise under this Agreement, and to set forth the full agreements of the parties reached as a result of meeting and conferring in good faith regarding matters within the scope of representation for employees represented by the ICEA.

Article 4 - Scope

The scope of representation shall include all matters relating to employment conditions and employer-employee relations, including, but not limited to, wages, hours, and other terms and conditions of employment, except, however, that the scope of representation shall not include consideration of the merits, necessity, or organization of any service or activity provided by law or executive order.

Article 5 - City Rights

The City retains all rights it had prior to this Agreement except those rights specifically delegated by this Agreement; provided the City shall exercise those rights in compliance with applicable state law, the City Charter, and the provisions of this Agreement.

Except as expressly limited by this Agreement, the City retains the exclusive right (a) to direct employees of the City; (b) to hire, promote, transfer and assign employees to positions within the City; (c) to dismiss employees because of lack of work; (d) to reprimand, demote, suspend or discharge employees for proper cause as provided by City Ordinance; (e) to determine the mission of the City and its various departments, its budget, its organization, the number of employees, and the methods and technology for performing its work; and (f) to take whatever action may be appropriate to carry out its mission in situations of emergency. The parties further understand that all rights not clearly and expressly limited by this Agreement are specifically reserved to the City, even though not enumerated.

Article 6 - Employee Rights

The City shall not hinder, interfere, intimidate, restrain, discriminate, coerce, or discipline any employee for exercising any rights or benefits provided in this Agreement or law.

Article 7 - Association Rights

ICEA shall notify the City in writing of the names of its representatives as follows: Consultant, Officers, Bargaining Committee Members, and Departmental Representatives. The City shall provide ICEA on a monthly basis, if changes occur, with the following: A list of employees in the classifications set forth in Attachment 1; the names of new hires, promotions, and terminations in the classifications set forth in Attachment 1; City of Irvine job postings; and copies of current salary schedules. On a quarterly basis, the City will provide ICEA with names and home addresses of all ICEA-represented employees. This information is for the confidential use of ICEA and the City shall not be responsible and will be held harmless by ICEA for inappropriate release of this information by ICEA. Upon written request, the ICEA shall receive available information relating to contract administration and fringe benefits including pension and insurance plans.

The City shall make available reasonable bulletin board space in designated employee areas for the use of ICEA to post notices relating to matters of interest to ICEA and to the employees. Areas will include the employee lounge, one locked bulletin board at the Operations Support Facility, and one coffee/copy center in each major department.

A reasonable number of employees shall be entitled to leave their work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor, for purposes of participation in the meet-and-confer process.

A designated ICEA representative shall be entitled to leave his/her work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor for purposes of reviewing and processing grievances.

ICEA staff may have access to ICEA members providing that supervisors are notified prior to a meeting being scheduled and that meetings held will not interfere with work.

In order to allow the Association an opportunity to handle the business affairs of its members, the City shall, at the beginning of each calendar year, establish a time bank of 220 hours to be used by board members as authorized by the Association president, for training, grievances, board meetings, etc. The Association agrees the effective operation of the City departments are not to be adversely affected by the use of the time bank by the association members. No overtime will be paid for an employee to fill in for another using the time bank. Hours from the time bank will not be cumulative from year to year. Time for meet-and-confer preparation and meetings and/or attendance at special meetings called by the City shall not be charged against the time bank.

The City shall allocate office space to ICEA in the Civic Center at no cost to ICEA. At the orientation of new employees, a City-approved ICEA informational packet will be provided to those who would be eligible to join ICEA. In addition, ICEA and/or its representative will be provided with the opportunity to have 10-minute access to employees in ICEA-represented positions during new employee orientation.

Article 8 - Payroll Deductions

The City will, during the term of this Agreement, deduct bi-weekly dues and other fees as specified by ICEA under the authority of a membership application signed by each participating employee, which shall be approved by ICEA and remitted promptly to the payroll office.

Article 9 - Quarterly City-ICEA Meetings

The City's designated management staff shall meet with the ICEA President, representative and ICEA board members, on a quarterly basis. The purpose of these meetings is to discuss issues of common interest and to solve mutual problems in a constructive fashion. The parties shall exchange suggested agenda topics one week before the meeting date. Grievances or disciplinary action in progress may be discussed at these meetings only by mutual consent, and discussion of such topics does not preclude subsequent resolution via the grievance or disciplinary procedure. Meet-and-confer subjects may be discussed by

mutual consent, but this does not preclude exercise of further meet-and-confer options by either party. Persons other than those described above may attend these meetings only by prior mutual consent.

Article 10 - Complaint Resolution Procedure

A. Purpose

To enhance communications between employees and supervisors and management by providing employees a process for the review of complaints or concerns not covered by the grievance process within a reasonable time period without jeopardizing employees' positions or employment.

B. Matters Subject to the Complaint Resolution Procedure

A complaint may be filed for alleged violation of any personnel rule or regulation not grievable under Article XI Grievance Procedure or alleged unfair treatment of an employee. Complaints involving alternative work schedules or promotional recruitments would appropriately fall under this procedure.

C. Complaint Resolution Procedure

Any complaint or concern not covered by the grievance process shall be resolved as follows:

1. The employees shall first attempt to resolve the matter with his/her immediate supervisor within seven (7) calendar days from the date the employee had notice of the action that he/she believes constitutes a complaint.

2. In the event that the immediate supervisor does not resolve the matter to the employee's satisfaction within fourteen (14) calendar days of the employee's presentation of the matter, then the employee may bring the matter to the attention of the next level of authority (i.e., the immediate supervisor’s direct supervisor) within fourteen (14) calendar days of the receipt of response from the immediate supervisor.

3. If the next level of authority does not resolve the matter to the employee's satisfaction within fourteen (14) calendar days of the employee's presentation of the matter then the employee may bring the matter in writing to the attention of the Department Director, within fourteen (14) calendar days of receiving a response.

4. If the complaint is not resolved by the Department Director to the satisfaction of the employee within fourteen (14) calendar days of the Department Director's receipt of the written complaint, the employee may request in writing, review of the complaint by the City Manager's office. The employee shall present his/her complaint in writing, summarizing efforts to resolve the complaint and a copy of the Department Director's response. The City Manager shall consider the matter and make a final decision.

5. In the case of an incident of serious unfair treatment of an employee, which is not resolved through the Complaint Resolution Procedure, the employee may file a formal grievance with his/her department director within appropriate time frames.

Any extension of the time limits specified in this process may be provided when mutually agreed upon by all parties concerned.

Article 11 - Grievance Procedure

A. Purpose

The purpose of the grievance procedure is to enhance communications between employees and employer by providing a fair and impartial review and consideration of grievances within a reasonable time period without jeopardizing employees' positions or employment.

B. Matters Subject to the Grievance Procedure

A grievance may be filed by an employee for the alleged violation of any personnel rule or regulation related to mandatory subjects of bargaining and not specifically reserved to the City in the City Rights Clause, Article V; for the alleged violation of a section of this Agreement; or alleged violation of commonly accepted safety practices or procedures, or a dispute over an annual performance evaluation rating received by an employee with an overall rating of needs development, or unsatisfactory. The grievance procedure shall not be used to establish new policies or change any existing rules and regulations or in lieu of the Complaint Resolution Procedure - Article X. It shall not be used in matters resulting from disciplinary action or other appeal procedures that exist in accordance with the Personnel Ordinance and Resolution.

Any matter being grieved by an employee will be kept confidential by immediate supervisors and higher-level authorities except in conjunction with the investigation of the grievance.

C. Informal Grievance Adjustment

An employee who believes an alleged violation of matters subject to the grievance process has occurred shall first be required to exhaust the informal grievance level prior to filing a formal grievance. The employee shall have fourteen (14) calendar days from the date the employee had notice of the alleged violation that he/she believes constitutes a grievance.

The informal grievance level shall consist of the employee verbally informing his/her immediate supervisor, or next higher level of supervision if the employee's grievance is with that supervisor, of the alleged violation. The supervisor to whom the verbal grievance is made shall make whatever investigation he/she deems necessary and reply within fourteen (14) calendar days. Any matters for which he/she does not have authority to make a decision should be brought to the attention of a higher-level supervisor who does have the proper authority.

If the employee is not satisfied with the decision reached through the informal discussion, he/she may bring the matter to the attention to the next level of authority (i.e., the immediate supervisor's direct supervisor) within fourteen (14) calendar days of the immediate supervisor's response. The next level of authority shall have fourteen (14) calendar days to reply. If the employee is still not satisfied with the decision, he/she may file a formal grievance within fourteen (14) calendar days after having received the reply.

In incidents involving disputes of the Agreement with an employee group, a representative of the involved group may meet with a designated representative of the City in an informal attempt to resolve the matter. Employees have the right to authorize the Association to represent them in any grievance under this provision, informal or formal.

D. Formal Grievance Procedure

1. First Level

The formal grievance procedure may be followed only after failure to resolve a problem through informal grievance adjustment. If, after this discussion, the employee is not in Agreement with the decision reached, he/she may, within fourteen (14) calendar days, file a formal grievance in writing (Form No. 20-33) to their Department Director, with a copy to the Personnel Officer (i.e., the Assistant City Manager or his/her designee). The Department Director shall make whatever investigation he/she deems necessary to allow fair consideration of the situation and shall present a written reply to the employee within fourteen (14) calendar days after receipt of the grievance. A copy of the reply shall be forwarded to the Personnel Officer.

2. Second Level

In the event the grievance is not satisfied with the decision at the Department Director level, the grievant may appeal the decision to the Assistant City Manager or his/her designee, within fourteen (14) calendar days of receipt of

the decision. This written appeal statement should include a copy of the original grievance, the decision rendered at a previous level, and a clear, concise statement of the reasons for the appeal. The written appeal described herein shall not expand the scope of the formal grievance submitted to the Department Director.

The Assistant City Manager or his/her designee shall communicate a decision within fourteen (14) calendar days after receiving the appeal. Either the grievant or the Assistant City Manager may request a personal conference within the foregoing limits to discuss the grievance. Either party may have a representative present at such a conference.

3. Third Level

If the grievant is not satisfied with the decision by the Assistant City Manager, he/she may request the Association to submit the grievance to advisory arbitration, or appeal directly to the City Manager.

a. Advisory Arbitration Procedure

If the Association concurs with the employee request for advisory arbitration, the Association shall within twenty-eight (28) calendar days of the Assistant City Manager's decision to submit a request in writing to the Assistant City Manager for advisory arbitration of the dispute and the City shall comply with the request, except in cases of disputed arbitration which shall be provided for hereinafter. The Association and the City shall attempt to agree upon an arbitrator and if no agreement can be reached, the parties shall request the State Mediation and Conciliation Service (SMCS) to supply a panel of seven (7) names of persons experienced in hearing grievances for cities. Each party shall alternately strike a name until only one name remains. The remaining panel member shall be the Advisory Arbitrator. The order of striking shall be determined by mutual agreement or flipping a coin

The fees and expenses of the arbitrator and the hearing shall be borne equally by the City and the Association. All other expenses, including fees for witnesses and conferees, or the costs for witnesses and conferees, shall be borne by the party incurring them.

The Advisory Arbitrator shall, as soon as possible, hear evidence and render a decision on the issue or issues that were submitted to advisory arbitration. If the parties cannot agree upon the issues for the arbitrator to decide, the arbitrator shall determine the issue(s) to decide based on the grievance and other evidence submitted by the parties including the responses at the lower levels. In cases where the City contends that the grievance submitted is not arbitrable, the Advisory Arbitrator shall rule on the arbitrability of the issue and the arbitrator's decision on arbitrability cannot be challenged by the City or overturned.

The arbitrator shall have no power to add to, subtract from, or modify the terms of this Agreement or City Policy.

After a hearing and after both parties have had an opportunity to make written arguments, the Advisory Arbitrator shall submit, within thirty (30) calendar days to all parties the written findings and advisory recommendations that he/she has prepared.

The City Manager shall have the authority to accept the recommendation of the advisory arbitrator in whole, or in part, or reject the recommendation entirely and formulate his/her own decision on the grievance. The decision of the City Manager shall be provided to all parties within thirty (30) calendar days.

The City Manager has the power to render a final decision of a grievance, which shall be binding on all parties. If, upon review, the City

Manager determines that he/she is unable to render a final determination on the record, he/she may reopen the record for the taking of additional evidence prior to rendering the binding decision.

b. City Manager Review

If the Association does not concur with the employee request for advisory arbitration, the employee, within thirty-five (35) calendar days of the Assistant City Manager's decision, may request and shall be granted a hearing by the City Manager which will be closed to the public but open to all parties at interest for final resolution of the grievance.

E. General Conditions

1. A formal grievance on interpretations/actions of this Agreement, not involving a specific supervisor or Department Director may be submitted directly to the Personnel Officer or his/her designee. The decision of the City Manager on Agreement disputes shall not restrict an employee from other avenues of appeal available under law.

2. The Personnel Officer shall receive and retain copies of all written material pertaining to the grievance.

3. At any step of the informal grievance adjustment or formal grievance procedure, a Department Director, supervisor, or employee may request a representative of the Human Resources Office to participate in any discussion which may take place.

4. Grievance may be initiated only by the concerned employee or group of concerned employees or ICEA.

5. An employee may represent himself/herself or select whomever he/she desires to represent him/her in the grievance procedure.

6. If an employee fails to proceed with a grievance within any of the time limits specified in this policy, it shall be assumed that the grievance has been settled on the basis of the last decision reached.

7. If management fails to respond within any of the time limits specified in this policy; the employee may proceed to the next level as if management responded on the last day possible.

8. Any extension of the time limits specified in this process may be provided when mutually agreed upon by all parties concerned.

Article 12 - Disciplinary Action

A. Disciplinary Authority

The Department Director shall have the right, with reasonable cause, to demote, dismiss, reduce in pay or accrued leaves or suspend without pay for up to thirty (30) calendar days any regular (i.e., passed probation) member of the unit.

B. Disciplinary Procedure

Upon determination that some form of discipline should be imposed upon an employee, the Department Director or his/her designee shall provide the employee with written notice, which includes the components listed below.

1. The proposed action to be taken.

2. The charges on which the proposed action is based, including all relevant written materials, written reports, and documents which support these charges.

3. The proposed date on which the disciplinary action will take place.

4. The fact that the employee is entitled to respond to the charges either orally or in writing to the Department Director at least seven (7) calendar days after receipt of notification. If the written notice has been issued by the Department Director, the employee may direct his/her response to the Personnel Officer. Failure of the employee to make a written or oral response of request will constitute waiver of the right to respond.

5. If the employee elects to respond in person, a meeting shall be conducted at which the employee shall be given the opportunity to respond to the charges. The meeting shall be held by the Department Director or the Personnel Officer in those instances where the written notice has been issued by the Department Director. The employee shall be entitled to be represented by counsel or other person of his/her choosing during the course of the above proceeding.

6. After following the above procedure, the Department Director shall prepare the written notice of decision to be served personally upon the employee. Said notice shall inform the employee of his/her appeal rights, if any.

The City shall have the right to place any employee on paid administrative leave pending investigation and processing of any potential disciplinary action. The provisions of this Article shall not apply to reductions in pay that are part of a general plan to reduce salaries and wages or to eliminate positions.

C. Appeal

1. Right of Appeal

When formal disciplinary action of dismissal, demotion, reduction in pay, accrued leaves or suspension without pay for three (3) or more days has been taken pursuant to this Article, the employee shall have the right to appeal as provided below. Failure to appeal by the employee or his/her representative will make the disciplinary action final and conclusive.

2. Appeal Procedure

An employee who has passed initial probation who has been demoted, dismissed, reduced in pay or accrued leaves or suspended without pay for three (3) or more days may appeal to the City Manager within fourteen (14) calendar days after having been furnished with a copy of the notice of discipline by filing a written answer to such charges and requesting a hearing thereon.

3. Hearing Procedure

a. The City Manager shall appoint a Hearing Officer to conduct hearings on appealable disciplinary action imposed pursuant to this Article. In case of termination, however, the Association may request a Hearing Officer be selected from a list provided by the State Mediation and Conciliation Service (SMCS). The parties shall request the SMCS to supply a panel of seven (7) names of persons experienced in hearing disciplinary cases for cities. Each party shall alternately strike a name until only one name remains. The remaining panel member shall be the Hearing Officer. The order of striking shall be determined by mutual agreement or flipping a coin. The Hearing Officer will not be an employee of the City of Irvine. If the Association requests a Hearing Officer from the SMCS, the costs of the Hearing Officer's services shall be equally divided by the Association and the City.

b. Hearings shall be conducted in the manner most conducive to determination of the truth, and the Hearing Officer shall not be bound by technical rules of evidence.

c. The Hearing Officer shall determine the relevancy, weight and credibility of testimony and evidence. The Hearing Officer shall base his/her findings on the preponderance of evidence.

d. Each side will be permitted an opening statement and closing argument. The Department Director shall first present his/her witnesses and

evidence to sustain the charges, and the employee will then present his/her witnesses and evidence in defense.

e. Each side will be allowed to examine and cross-examine witnesses.

f. Both the Department Director and the employee, or their respective designees, may be represented by legal counsel.

g. The Hearing Officer shall, if requested by either party, subpoena witnesses and/or require production of other relevant records or material evidence.

h. The Hearing Officer may, prior to or during a hearing, grant a continuance for any reason he/she believes to be important to his/her reaching a fair and proper decision.

i. The Hearing Officer shall prepare a recommended decision and forward it to the City Manager after the matter of appeal was taken under submission by the Hearing Officer. The recommended decision shall set forth which charge the Hearing Officer sustains or does not sustain and the reasons therefore.

j. After receiving the recommendation of the Hearing Officer, the City Manager may sustain or reject any or all of the charges filed against the employee. He/she may sustain, reject or modify the disciplinary action invoked against the employee. However, in the event the City rejects the recommendation of the Hearing Officer to reverse a termination decision, the City will bear the entire costs of the Hearing Officer.

k. The employee or his/her representative may obtain a copy of the transcript of the hearing upon request and agreement to pay for necessary costs.

4. Appeal Procedure for Suspensions of Less Than Three (3) Days and Reductions of Accrued Leaves Equivalent to less than Three (3) Days

a. A member of the unit who has received a reduction of accrued leaves of less than three days (3) or who has been suspended without pay for less than three (3) days, may appeal to the Department Director, or in the event the discipline has been issued by the Department Director, the Personnel Officer within seven (7) calendar days after having been furnished with a copy of the notice of discipline by filing a written answer to such charges and requesting a hearing.

b. Hearing Procedure:

- At least seven (7) calendar days prior to the hearing, both parties shall provide a list of witnesses and/or exhibits to the Department Director or Personnel Officer.
- During the hearing, the Department Director or Personnel Officer shall hear and consider the evidence, witnesses, and/or exhibits from both parties.

- The Department Director or Personnel Officer may grant a continuance for any reason he/she believes to be important to reaching a fair decision.

- The Department Director or Personnel Officer shall consider all evidence and shall base his/her findings on the preponderance of evidence. He/she shall render his/her decision as soon as possible after the conclusion of the hearing, but in no event later than fourteen (14) calendar days after conducting the hearing, unless agreed to by the parties.

- The Department Director or Personnel Officer's decision shall be final and binding.

5. Mediation Procedure

In cases of dismissal, after the parties have selected a Hearing Officer and hearing date as provided above, the parties may, by mutual agreement, request non-binding mediation to resolve the dispute prior to arbitration. The selection of the mediator shall be made by mutual agreement. The costs of the mediator services shall be equally divided by the Association and the City.

D. Dismissal

Dismissal of any employee shall, unless otherwise ordered:

1. Constitute a dismissal as of the same date from all positions which the employee may hold in the competitive service.

2. Result in an automatic removal of the employee's name from all employment lists on which it may appear.

3. Terminate the salary of the employee as of the effective date of his/her dismissal, as indicated in the notice of discipline except that he/she shall be compensated for any unpaid salary, unused vacation and unused compensatory time off to his/her credit as of the date of dismissal.

E. Polygraph Examination

In reference to this provision, no disciplinary action shall be taken against an employee refusing to submit to a polygraph examination; nor shall any comment be anywhere recorded indicating that an employee offered to take, took or refused to take a polygraph examination unless otherwise agreed to in writing by the parties; nor shall any testimony or evidence of any kind regarding an employee's offer to take or refusal to take, or the results of a polygraph examination, be admissible in any proceeding pursuant to this Agreement, unless otherwise agreed to in writing by the parties.

Article 13 - Maintenance of Benefits

It is the understanding of the parties that the wages, hours and other terms and conditions of employment contained in this Agreement will not be reduced and shall remain in full force and effect during the entire term of this Agreement; except as expressly provided herein or except by mutual agreement.

Article 14 - Salary

A. Salary Grade Structure: The City of Irvine's Salary Grade Structure, which includes the classifications represented by the Association in this unit, is included as Attachment I.

B. Position Classification to Salary Grades: The classification of individual positions to pay grades is the City's sole responsibility and will be based upon the Human Resources' evaluation of the classification.

C. Classification Requests: During the period designated by Human Resources each year, employees may request a re-evaluation of the position's responsibilities by submitting a new Comprehensive Position Questionnaire (CPQ) with a cover memorandum explaining the changes in duties since completion of the most recent existing CPQ. The employee's Department Director, manager (if applicable) and supervisor will review the request and make a recommendation which will include an explanation of why the duties have changed and an assessment of the stability of the changes. Any change in classification will take effect the pay period that includes July 1st.

D. Pay Progression in a Salary Grade

1. Pay progression within a pay grade will be based strictly upon individual performance and summarized in an annual performance appraisal. All base pay progression within pay grades will be limited to the maximum of a pay

grade. Base pay progression will be provided according to the following schedule:

Pay Rate in Pay Grade	Performance Rating	Pay Increase
Less than Maximum	Unsatisfactory or Needs Development	0%
Less than Maximum	Accomplished Standards and Above	5% base adjustment, limited to maximum of pay grade
Greater than or equal to Maximum		0%

Annual merit increases will be effective on September 1st of each year and will be prospective from that date.

2. Probationary Merit Reviews

Employees on a probationary employment status effective June 30th of each year will not be eligible to participate in the annual review process until they have successfully completed their probationary period. At the completion of the probationary period, the employee will receive a performance review and merit increase appropriate to the performance review rating. The criteria and rating system for probationary reviews will be the same as those for annual performance reviews.

Following the completion of probation, the employee will be eligible to participate in the annual performance review process the following July. The merit increase granted in the first annual review process following the probationary merit review will be pro-rated to reflect only the time period since the completion of the probationary period. All subsequent performance reviews will be conducted according to the Annual Performance Appraisal schedule. If the probationary appraisal has been completed

within the months of May and June, the employee's next review will be part of the appraisal schedule in the following calendar year in July.

Employees in the following classifications shall have a probationary period of one (1) year of actual and continuous service and shall receive a probationary merit review at six months following their start date of their probationary period.

Public Safety Dispatcher I/II
Public Safety Assistant
Senior Public Safety Assistant
Forensic Specialist I/II
Civilian Investigator I/II
Police Recruit
Supervising Public Safety Dispatcher

3. Wage and Salary Range Adjustment

Effective the pay period that includes September 1, 2017, the salary ranges of the classifications covered by this Agreement shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the salary ranges of the classifications covered by this Agreement shall be increased by two percent (2.0%).

Article 15 - Special Assignment Pay

A. Bilingual Pay

Department Directors shall annually designate which positions are assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified employees who meet the following criteria shall receive an additional $50.00 per month.

1. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.

2. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

3. Any employee who has been determined as qualified for bilingual pay and who is on any leave of absence for at least one calendar month, exclusive of accrued vacation or compensatory time, will be ineligible for bilingual pay until his/her return to work. Upon his/her return to work, the employee will be reinstated into the bilingual pay program and receive his/her $50 monthly stipend effective the first working day of the new calendar month following his/her return to work. The employee will not be required to perform bilingual interpretation services during any period which he/she is not receiving bilingual pay.

4. For positions requiring extensive contact with the public or contractors, bilingual pay will be rotated among employees who are deemed as qualified by the City. The Department Director will have the discretion to determine the number of employees and the sections/units that qualify to participate in a "rotation pool." Rotations will occur every 12 months, effective the first pay period each November.

5. An employee in a bilingual assignment may request to have the bilingual assignment and corresponding pay removed.

B. "Hazard" Stipend

1. Employees who work in arterial roadways shall be paid additional compensation of $900 per year. This payment shall be made annually, following implementation of each affected employee's annual performance appraisal, but no later than the pay period that includes December 1 of each year. This payment shall be prorated for an employee who is on leave without pay for 30 days or more. Employees are only eligible to receive this payment if they have met the following requirements:

- Are regularly assigned to one of the following City sections in either the Street Maintenance or Landscape Maintenance Divisions in the Public Works Department:
  - Asphalt
  - Traffic Safety
- Are actively employed by the City at the time of payment.
- Received no less than an "accomplished standards" rating on their performance appraisal that year.
- Received no suspension for safety issues during the previous review period, and had no confirmed positive test results through the DOT testing program during the course of the prior calendar year.
- Followed all WATCH manual and CalOSHA standards, if applicable, during the previous review period.
- Held a position in one of the qualifying sections (asphalt, traffic safety) for at least nine (9) out of twelve (12) months that year.
- Employees receiving this Hazard Stipend are not eligible for the Class A/B License Stipend outlined in Section D of this Article.

C. Training Pay

1. If an employee in the classification of Public Safety Dispatcher II is required to train a new employee in the classification of Public Safety Dispatcher I or II, or Public Safety Aide/Assistant acting in the capacity of call-taker in dispatch, that employee shall be paid additional compensation of $75 for each pay period that employee is required to train. Employees are only eligible to receive this pay if they have met the following requirements:
   - Have been POST-certified as Dispatch trainers through the POST Communications Training Officer course.
   - Actual training time must be performed during that pay period.

2. Neither "sit-alongs" nor Communications Training Officer (CTO) meetings qualify the employee for Training Pay.

D. Class A/B License Stipend

Employees whose regular responsibilities require them to participate in the Department of Transportation's (DOT) drug and alcohol testing program, shall be paid additional compensation of $900 per year. This payment shall be made annually, no later than the pay period that includes December 1 of each year. Employees are only eligible to receive this payment if they have met the following requirements:

- Received no suspension for safety issues during the previous review period, and have no confirmed positive test results through the DOT testing program during the course of the prior calendar year.
- Held a position that required DOT testing program participation for at least nine (9) out of twelve (12) months that year.
- Employees receiving this Class A/B License Stipend are not eligible for the Hazard Stipend outlined in Section B of this Article.

This payment is to recognize the impact of random drug and alcohol testing on employees. If the DOT changes its requirements for testing in the future, such that employees would not be subject to random testing, this payment shall cease.

E. Shift Differential

Employees who have been regularly assigned to a standard shift that requires them to work between the hours of 6:00 p.m. and 6:00 a.m. shall be paid additional compensation of $1.50 per hour for each hour that is worked between 6:00 p.m. and 6:00 a.m. This provision applies to regularly scheduled shifts only. This payment does not apply to flex hours, (i.e., if an employee is able to flex his/her hours to work between 6:00 p.m. and 6:00 a.m.) overtime, holiday pay, emergency call-outs or other non-scheduled work during these hours.

F. Compensation For employees Assigned To Care For Animals At Home

Employees who are assigned to care for animals in their home are entitled to compensation for the off-duty hours spent caring, grooming and feeding their animal.

The parties acknowledge that the Fair Labor Standards Act, which governs the entitlement to compensation for off duty caring, grooming and feeding of animals, entitles the parties to agree to a reasonable number of hours per week or per month for the performance of such duties. It is the intent of the parties through the provisions of this agreement to fully comply with the requirements of the Fair Labor Standards Act. In addition, both parties believe that this agreement does comply with the requirements of the Fair Labor Standards Act, including, but not limited to Department of Labor regulation 29 CFR section 785.23.

Employees assigned as animal caregivers at home shall be paid $7.25 per hour for such duties and are not permitted to work more than two (2) hours per week on such duties. The $7.25 is intended to comply with the federal minimum wage per the FLSA. If that wage increases, the compensation for such duties will increase to match the federal minimum wage. Since such hours are in addition to an employee's regular work hours, if such employees exceed the overtime threshold for the week by the performance of the off-duty animal caregiver duties, employees will be paid at 1.5 times the $7.25 per hour rate, i.e., $10.875 (up to a maximum of two hours per week) for such duties for a total weekly amount of $21.75.

1. Only Community Services employees who are regularly assigned to the Irvine Animal Care Center are eligible for this compensation;
2. The Department Director, with the concurrence of the Personnel Officer, will determine which assignments are eligible for this compensation, depending on the frequency and regularity of these duties.

Article 16 - Overtime and Work Schedule

A. Overtime Compensation

Hours worked or earned in excess of forty (40) hours in each employee's defined FLSA workweek shall be compensated at the rate of one and one-half (1 1/2) times the employee's hourly rate when such work is approved by the Department Director (or his/her designee). Unit members work a seven day FLSA workweek (168 recurring hours). Unit members shall be paid for all hours worked. Unit members shall record

hours worked in fifteen minute increments of time. When an employee works less than eight minutes into the next pay increment, the time should round down to zero. When an employee works more than eight minutes into the next payroll increment, the time rounds up to fifteen minutes. Overtime may be converted to compensatory time or paid for at the option of the employee.

As of the effective date of this Agreement, no hourly classifications qualify as exempt from the overtime provisions of the Fair Labor Standards Act.

B. Compensatory Time

Employees may accumulate a maximum of one hundred twenty (120) hours compensatory time in lieu of overtime compensation on the basis of one and one-half (1 1/2) hours compensatory time for one (1) hour of overtime work. The time during which an employee may use accrued compensatory time off is subject to approval by the department head or his/her designee with due regard for the wishes of the employee and the need to provide service. However, an employee wishing to use his/her accrued compensatory time off shall provide the City with reasonable notice of such request. Reasonable notice is defined as at least one week. If reasonable notice is provided, the employee's request may not be denied unless it is unduly disruptive to the department to grant the request. A request to use compensatory time off without reasonable notice may still be granted within the discretion of the supervisor or manager responsible for considering the request.

C. Stand-by-Time

Regular full-time employees shall receive two (2) hours base salary for each day he/she is required to be available for non-scheduled work assignments, including standby for court. If a City holiday falls on a weekend, employees on standby will receive an additional two (2) hours standby pay for each of these holidays.

D. Work Schedules

Employees shall be scheduled to work regular work shifts. In the event overtime is required, compensation for said overtime shall take the form of one of the following, at

the employee's request, subject to the approval of the Department Director (or his/her designee):

1. Paid overtime at 1 1/2 times the employee's hourly rate;
2. Accrued compensatory time to a maximum of 120 hours;
3. An employee will be able to flex his/her time within the same workweek (i.e., take off an equivalent number of hours).

In the event the City institutes a City-wide policy to prohibit or restrict paid overtime, employees shall request, subject to the approval of the Department Director (or his/her designee), one of the following methods of compensation for overtime.

1. Flex time within the same workweek (i.e., take off an equivalent number of hours).
2. Accrued compensatory time to maximum of 120 hours.

An employee may be required to take flex time in lieu of paid overtime or accrued compensatory time off by his/her Department Director (or his/her designee) to attend meetings of City Council, City Commissions, or City committees, provided the employee is given written notification at least 14 calendar days in advance.

E. Distribution of Overtime

1. Every effort shall be made to equalize overtime opportunities for employees fully qualified to perform the work required.

2. If the responsible supervisor determines that overtime is necessary on work that started on an assigned shift, the assigned employee(s) may continue with that work as an extension of the assigned shift.

Article 17 - Alternate Work Schedules

Unit members may request from their Department Directors to work a 9/80 or a 4/10 alternative workweek schedule. Department Directors will review requests for alternate work

schedules, on a case-by-case basis, based on the following criteria: 1) productivity and service to the public will not be decreased, 2) that there will be no adverse effects on the operation of any City department or work unit, and 3) with due regard to the wishes of the employee.

Requests for an alternate work schedule will include the information required by the Department Directors to make an informed decision and a summary of how necessary coverage and current service levels will be improved or maintained. Approved alternate work schedules may be temporarily modified by a Department Director in the case of vacations, vacancies or other absences that are in excess of one week.

In an emergency, the Department Director may direct the employee to work a different schedule on a 24-hour notice. If the alternate work schedule is not effective, the Department Director will require that the employee to work a different alternative workweek or return to a more standard workweek (i.e., a 5/40) with a 14-calendar day notice. If an employee finds it necessary, he/she may make a request to return to a more standard workweek, which will be considered on a case-by-case basis.

Article 18 - Benefits

A. The City shall provide the following as options to the employee for employee and dependent coverage, with noted exceptions

Indemnity Medical Insurance

The City shall provide the option to employees to enroll in a medical indemnity insurance plan.

Indemnity Dental Insurance

The City shall provide the option to employees to enroll in a dental indemnity insurance plan.

Health and Dental Maintenance Organizations

The City shall provide the option to employees to enroll in a health maintenance organization and/or a dental maintenance organization.

Vision

One (1) vision care plan.

For employees who choose the PPO medical plan, the total cost to the city for medical, dental, psychological, and vision insurance shall not exceed $694.04 per employee; $754.04 per employee plus one; and $1064.31 per employee plus family per month. The medical tier that the employee selects will drive the insurance cap that is applied to the employee's health benefit selections. The cost of the dental enhanced plan, if selected by the employee, shall require employee premium contributions for the amount in excess of the premium for the standard plan.

B. Employees have the option of enrolling themselves and/or their dependents into a no-cost medical plan rather than being subject to the cap as set forth in Article XVIII, item A., above. Under the no-cost plan, the City will provide any HMO Medical Plan and any HMO Dental Plan offered by the City, as described in Article XVIII, item A., above. Under this option, employees may choose to upgrade from the HMO Dental Plan to the PPO Dental Plan, however the employee will be required to pay the difference in premium between the HMO Dental Plan and the PPO Dental Plan.

Effective January 1, 2015, any increase in the cost of the HMO Medical Plans over the costs in effect December 31, 2014, will be borne as follows: The City will pay 95% of the increased cost, and employees enrolled in HMO Medical Plans will pay the remaining 5% of cost increases in annual premiums. Each year thereafter, the amount paid by employees in prior years will be added that portion of the increase (five percent 5%) the employees will pay in the current year.

C. Affordable Care Act Reopener

The City may reopen the MOU on the issue of health insurance solely for the purpose of discussing potential penalties or taxes under the Affordable Care Act. The City shall

make no changes to health insurance benefits or City contributions towards health insurance benefits under this reopener, absent mutual agreement between the City and ICEA.

D. Employees not claiming any dependent on any health plan (medical, dental, psych) shall receive $150 per month. The stipend may be taken as taxable cash.

Employees who are able to demonstrate to the City's satisfaction that they have minimum essential coverage as defined by the Affordable Care Act, (through another source other than coverage in the individual market, whether or not obtained through Covered California) may opt out of participation in the City's health plan.

E. Insurance Committee

The Insurance Committee and representatives from management will meet each Fall to review coverage, cost containment methods, claims processing service, claims experience and to recommend plan and design changes to the employees. The group will be made up of no more than two (2) representatives from each bargaining group and the president or a designated representative for the bargaining group. The group will be provided with claims history and with proposed changes in rates or coverage.

F. Pension and Pension Administration

1. The provisions of this Section D.1 shall apply to employees, as of June 30, 2003, who elected to decline the CalPERS benefits.

    a. The City shall invest an amount equal to fifteen percent (15%) of each employee's base salary in the City of Irvine Defined Contribution Pension Plan (DCPP). Effective August 11, 2011, the amount the City invests shall be reduced to 12.448%.

    b. Effective July 1, 2003, the City will deduct an amount equal to four percent (4%) of each employee's base salary to invest in the City of Irvine DCPP. It is understood that this payroll deduction shall be mandatory for all

employees who elected to remain in the City of Irvine DCPP. Effective August 11, 2011, the amount deducted from employee base salary shall be increased to 6.552%.

c. All employees who elected to remain in the City of Irvine DCPP shall not be entitled to any CalPERS benefits past, present or future as provided under section D.2 of this article. Employees who elected to remain in the City of Irvine DCPP, shall continue participation until the employee terminates his/her employment from the City for any reason.

d. Employees shall become 50% vested upon completion of the probationary period, or if the probationary period is greater than six (6) months, employees shall become 55% vested in the retirement plan upon completion of the probationary period. Thereafter, such vested interest shall increase at the rate of five percent (5%) for every Plan Year in which the employee completes 1000 hours of service. Once the employee has completed five years of service, he/she shall become 100% vested in the retirement plan.

e. The City will utilize retirement plan forfeiture funds to offset the City of Irvine DCPP administration and management costs.

2. The provisions of section D.2 shall apply to employees, as of June 30, 2003, who elected to waive their rights to the City of Irvine Defined Contribution Pension Plan (DCPP) and who elected to transfer to the CalPERS program.

a. The City's contract with CalPERS shall include the following options:
   - 2.7% @ 55 Full Formula for Local Miscellaneous Members (Cal. Govt. Section 21354.5)
   - One Year Final Compensation (Cal. Govt. Code Section 20042))
   - Military Service Credit as Public Service (Govt. Code Section 21024), in which the employees pays the entire cost.

- Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427).
- 4th Level 1959 Survivor Benefits (Govt. Code Section 21574).
- Limit Prior Service to Members Employed on Contract Date (Govt. Code Section 20938).

b. All employees hired on or after July 5, 2003, the effective date of the CalPERS contract shall become members of the CalPERS Retirement Program.

c. All active employees of the Association shall be members of CalPERS, unless they elected to decline the CalPERS benefits through an irrevocable election process. All Association members covered by CalPERS shall no longer be entitled to any benefits past or future, provided under the City of Irvine DCPP referenced in Article XVII, Section D.1.

d. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

e. The CalPERS vesting schedule will apply (Cal. Govt. Code Section 21060).

f. Employer-Paid Member Contributions
   - The full eight percent (8%) cost of the CalPERS member contributions will be paid by the employee.

3. Effective April 14, 2012, the City implemented the 2% @ 55 retirement program with the average of the three highest paid consecutive years for all employees hired on or after that date. Employees hired after implementation of the 2% @ 55 plan will pay the full 7% Member Contribution for the entire term of their employment.

4. All “New Members” within the meaning of the California Public Employees’ Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will become members of the City’s Tier 3 plan; 2% at 62 formula for Miscellaneous employees. Employees will pay the full employee contribution, which will be one-half the normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

G. Retiree Health Plan

1. The City shall contribute an amount equal to three percent (3%) of each employee’s base salary in a Voluntary Employees’ Beneficiary Association (VEBA), which shall be established and administered by the Association.

2. Employees participating in the ICEA VEBA shall contribute an amount equal to one percent (1%) of base salary.

3. An employee who has retired from the City and has either attained the age of sixty (60) years or is fifty (50) years old and has completed five (5) years of service with the City shall be entitled to purchase the medical insurance plan in effect at the time of retirement at the City’s rates for the employee and the employee’s dependents at the cost to the former employee, now retiree.

4. The City will allow a spouse of an eligible retired unit member to continue to purchase the medical insurance after the death of the retired employee, provided that the spouse was covered under a City insurance plan at the time of employee’s death and provided that there has been no break in coverage since the employee’s retirement. This eligibility for continued coverage ceases if such spouse remarries.

5. Each representation unit has determined the type of retiree health program in which its members shall participate. In order to ensure that the employees can maximize their benefits, the City agrees to allow employees to remain in the designated type of retiree health program throughout their service with the City, whether or not the employee moves to another representation unit(s). In the event an employee moves to another representation unit, the City will contribute an amount up to the contribution established for the new unit's retiree health plan and the employee will not be eligible to participate in any other non-voluntary health plan offered to City employees. If the City's contribution toward a retiree health plan in the new unit is less than what is required for the employee's designated retiree health plan, the difference will be deducted from the employee's pay.

H. Life Insurance

Employees covered by this Agreement shall be provided a life insurance plan in the amount equal to a full year's base salary rounded up to the next $1,000.

I. Disability

The City shall provide major disability coverage with benefits calculated on 66 2/3% of the base monthly wage or salary less deductible benefits. Disability benefits shall also be provided to Job-Share employees.

J. Flexible Spending Account

Employees may use pre-tax dollars to pay for eligible medical and dependent care expenses per Internal Revenue Code sections 125 and 129. The Association agrees the City will use what legal means exist to recover cost for claims paid in advance of sufficient employee payroll deduction being made upon the employee's separation from the City.

Article 19 - Leaves

A. Vacation/Vacation Buyback

1. Employees shall accrue vacation credits as follows:

Years of Service	Annual Vacation Credits	Maximum Accrual
1 through 3	80 hours	160 hours
After 3 through 7	120 hours	200 hours
After 7 through 10	136 hours	216 hours
After 10 or more	160 hours	240 hours

When an employee earns vacation in excess of the maximum accrual, the employee shall be paid for vacation during the pay period earned and at the employee's base rate of pay.

The time during a calendar year at which an employee may take her/his vacation shall be determined by the Department Director with due regard for the wishes of the employee and particular regard for the needs of the City.

In the event one or more municipal holidays fall within an annual vacation leave, such holidays shall not be charged as vacation leave but rather as holidays.

Employees who terminate employment shall be paid in a lump sum for all accrued vacation leave earned prior to the effective date of termination.

Illness while on paid vacation will be charged to Sick Leave rather than vacation only if

The employee notifies his or her supervisor within four (4) calendar days of the beginning of the illness or prior to the end of his or her vacation leave,

whichever is sooner, to request that his or her illness on vacation be charged to Sick Leave.

The department shall be under no obligation to extend the vacation beyond the original scheduled vacation ending date.

Wherever practicable, an employee may use compensatory time combined with vacation time when requesting specific vacation periods.

2. Vacation Buyback

On or before the pay period which includes December 15 of each calendar year, an employee may make an irrevocable election to cash out up to eighty (80) hours of accrued vacation (in whole hour increments) which will be earned in the following calendar year at the employee's base rate of pay. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

B. Personal Sick Leave

Employees shall accrue personal sick leave credits at the rate of eight (8) hours per month.

In order to receive compensation while absent on sick leave, the employee shall notify her/his immediate superior or the designated department contact prior to or within one (1) hour after the time set for beginning his/her daily duties, or as may be specified by the director of her/his department. When absence is for one workday or more, the employee may be required to file a physician's certificate with the Personnel Officer or designee.

An employee receiving temporary disability payments under the Workers' Compensation laws may use a pro-rated amount of accumulated sick leave in order to continue to maintain her/his regular income. Under such circumstances, the employee shall submit any benefit payments from the Worker's Compensation fund to the Finance Officer. An employee may be required to provide a doctor's release to return to work following an illness or injury resulting in an inability to perform assigned duties.

C. Personal Sick Leave Conversion

1. Regular employees shall be eligible, if they so desire, each quarter (January 1, April 1, July 1, and October 1) to convert unused Personal Sick Leave in excess of 168 hours at a ratio of eight (8) hours day of vacation for every twenty-four (24) hours of Personal Sick Leave. Except that employees with at least ten years of full-time consecutive service shall be eligible to convert sick leave at the ratio of eight (8) vacation hours for sixteen (16) sick leave hours. One hundred sixty-eight (168) hours must be accrued and retained prior to converting any excess Personal Sick Leave hours to vacation hours.

2. Regular full-time employees having less than ten (10) years of consecutive full-time service shall be eligible to convert unused personal sick leave in excess of 168 hours to cash at a ratio of three (3) hours sick leave to one (1) hour of pay at the employee's base salary rate, subject to a maximum conversion of 120 hours of sick leave per employee per year. Regular full-time employees with at least ten (10) years of consecutive full-time service shall be eligible to convert unused personal sick leave in excess of 168 hours to cash at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's base salary rate, subject to a maximum conversion of 80 hours of sick leave per employee per year. Conversion requests can be made only in whole hour increments that are evenly divisible by the conversion ratio. Conversion requests shall be submitted on appropriate forms as determined by the Personnel Officer. The annual election period and payment period shall be designated and announced by Administrative Services annually.

3. Upon separation from the City, a regular full-time employee having less than ten (10) consecutive full-time years of service who has a minimum of 168 hours of Personal Sick Leave may convert the excess Personal Sick Leave to vacation at the ratio of eight (8) hours of vacation for every twenty-four (24) hours of Personal Sick Leave. Employees who separate with at least ten (10) years, but not more than fifteen (15) years of consecutive full-time service, may convert unused sick leave over 168 hours at the rate of eight (8) hours of vacation for every sixteen (16) hours of personal sick leave**.** Employees who separate after fifteen (15) years of full-time, continuous service may convert any accrued and unused sick leave over 84 hours at the rate of eight (8) hours of pay at the normal base pay rate for every sixteen (16) hours of sick leave. Employees who separate with at least ten 10 years of consecutive full-time employment and have at least 200 hours of accrued sick leave at the time of separation, may convert all accrued personal sick leave hours at the ratios described in Section C.2 above. In this situation, the employee may exceed his/her vacation accrual limits. This paragraph shall not apply to employees who separate due to termination for cause or resignation or retirement in lieu of termination for cause.

D. Personal Leave

Effective the pay period which includes January 1st of each year, regular and probationary employees shall receive a Personal Leave Benefit of seventy-one (71) hours per year. Such leave shall be available for employees to use from the beginning of the first pay period beginning in the calendar year through the end of the last pay period beginning in the calendar year. Such hours shall not accrue from year to year. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 71 hours. Probationary employees who commence employment with the City after January 1 will receive twenty four (24) less Personal Leave hours for every four (4) months the employee is not on paid status with the City.

The employee shall notify his/her immediate supervisor of the use of a Personal Leave day at least 36 hours in advance unless circumstances beyond the employee's control prevent such notification.

E. Bereavement Leave

Upon request, employees shall receive necessary time off with pay, not to exceed forty (40) hours in any one (1) instance, to arrange for or attend a funeral or memorial service of a member of their immediate family. Bereavement leave will be granted in instances where the funeral or memorial service is taking place within 30 calendar days after the date of the immediate family member's death. The employee may determine the number of hours, up to 40, that are necessary for each instance of bereavement. For purposes of this Section, immediate family shall mean father, father-in-law, mother, mother-in-law, step-parent, brother, step-brother, sister, step-sister, wife, husband, registered domestic partner, child, step-child**,** grandparent, grandparents in-law grandchild, legal guardian or other individuals whose relationship to the employee is that of a dependent, a domestic partner as defined by California Family Code section 297, or a person who stood *in loco parentis* (in place of a parent) to the employee.

F. Parenthood Leave

A regular employee may be granted a temporary parenthood leave of absence without pay, not to exceed 180 calendar days per year, upon approval from the City Manager. The employee requesting such leave shall present evidence to his/her Department Director of the birth or adoption of the employee's child. The City will comply with all elements of parenthood leave under the Family Medical Leave Act and the California Family Rights Act. Any such leave will run concurrently with parenthood leave as provided for under the FMLA and CFRA.

G. Jury Duty and Subpoenas

Every employee of the City who is subpoenaed as a witness for a local, state or federal government shall be entitled to absent herself/himself from her/his duties with

the City during the period of such service or while necessarily being present in court as a result of such call or subpoena, and shall receive full compensation.

In order to balance the City of Irvine's interest in maintaining productivity with the interest that employees are able to support our system of justice by serving on juries, paid Jury Duty is limited to a maximum of 80 hours in a calendar year. If an employee, despite reporting the limit to the Court, is required to serve beyond 80 hours he or she can request an exception of the limit on paid Jury Duty Leave by the City Manager.

For employees working on shifts in the Police Department, time served on jury duty will be counted as work hours for that date up to the maximum number of hours normally worked by the employee on that date.

If a unit member is required to be absent from work to report for jury duty, the employee will notify his/her supervisor of the absence as soon as possible, including, a phone message the night before if the employee finds out via a phone recording that he/she must report the next day.

An employee on jury duty must either return to work after the jury service is done for the day if there are still four hours left on his/her shift or call in to his/her supervisor and ask to use leave to cover the rest of his/her shift.

Employees who are scheduled for a swing or graveyard shift on a day they are called to jury service will be authorized to change their work hours in order to report to jury service.

Employees who are called to jury duty will not be subject to working their full graveyard or swing shift if there is not a minimum of 10 hours before or after assigned jury duty. If there is less than 10 hours between the end of a shift and the start of jury duty, employees will be permitted to leave their shift early to allow for a minimum break of 10 hours. In this situation, employees will be paid for the remainder of their shift. If

there is less than 10 hours between the end of jury duty and the start of their shift, employees will be able to delay their usual start time to ensure a 10 hour break in between. In this event, the employee's usual end time will remain the same. In this situation, employees will be paid from the start time of their shift until they report to work at the appropriate time to ensure a 10 hour break in between the end of jury duty and when they report to work. The 10 hour leave periods are provided by the City and employees are not required to use their accrued time.

For any additional time taken off before or after jury duty, an employee will be required to utilize paid accrued time subject to supervisor approval.

An employee who is called to jury duty on a non-working day will not receive compensation or be authorized to change their schedule as a result of being called to jury duty.

H. Military Leave

An employee shall be entitled to such benefits as are provided in the law An employee requesting such military leave shall present a copy of her/his military orders to her/his Department Director prior to the beginning of the leave.

I. Industrial Accident Salary Continuance

In the event that it is determined that a regular full-time employee is absent from work as a result of any injury or disease arising solely out of the employment with the City and in no way related to any prior existing condition, the City shall provide up to six months of Industrial Accident Salary Continuance during any two-year period under the following conditions:

1. In the event the employee qualifies for compensation under State law, the employee shall receive the difference between the Worker's Compensation payments and his/her regular salary.
2. The employee's condition is not permanent and stationary as determined by the City's appointed doctor.

3. The employee shall accrue sick leave and vacation leave during the term of the Industrial Accident Salary Continuance.

In the event of an on-the-job injury or accident resulting in loss of time beyond that required for immediate medical attention, such employee may be required to be examined by a licensed physician appointed by the City of Irvine. Any on-the-job injury or accident must be reported to the employee's immediate supervisor within twenty-four (24) hours after said injury or accident. Failure to report said injury or said accident shall be grounds for disciplinary action.

J. All paid leave hours accrued shall be prorated based on the number of hours worked or paid up to 80 hours in a pay period.

Article 20 - Holidays

A. Administration of Holidays

The recognized holidays to be observed by the City in each calendar year during the term of this Agreement shall be as follows:

New Year's Day
Martin Luther King Jr. Day
Washington's Birthday
Memorial Day
Independence Day (4th of July)
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

Prior to the beginning of the calendar year, Administrative Services will designate and announce the dates on which the above referenced holidays shall be observed.

Regular full-time employees shall receive nine (9) hours pay for each of these holidays observed on a Monday, Tuesday, Wednesday, or Thursday. Employees shall receive eight (8) hours pay for each of these holidays observed on a regularly scheduled working Friday. Regular full-time employees working an eight (8)-hour, five (5)-day schedule will receive eight (8) hours pay for each of these holidays. An employee must be paid for all of the regularly scheduled workday immediately prior to a holiday and the regularly scheduled workday immediately after that holiday in order to receive holiday pay. If a holiday falls on an employee's regularly scheduled day off, the employee may take off another day within the workweek upon approval of his/her supervisor.

For employees not assigned to a 7-day work schedule holidays falling on Sunday shall be observed on the following Monday. Holidays falling on Saturday shall be observed on the preceding Friday unless this, too, is a holiday and then one day sooner. The classifications subject to a seven (7) day work schedule (i.e., the nature of their work requires coverage seven days per week:

1) Animal Services Officer;
2) Civilian Investigator I;
3) Civilian Investigator II;
4) Forensic Specialist I;
5) Forensic Specialist II;
6) Public Safety Assistant
7) Public Safety Dispatcher I;
8) Public Safety Dispatcher II;
9) Public Safety Lead Records Specialist;
10) Public Safety Records Specialist;
11) Senior Animal Services Officer;
12) Senior Public Safety Assistant; and
13) Supervising Public Safety Dispatcher

The Police Chief and/or the Human Resources Department have the ability to add or delete classifications from this list.

Employees assigned to work on authorized holidays shall receive regular holiday compensation and compensation in the form of overtime (one and one-half times the employee's hourly rate) for actual hours worked. At the request of the employee, and within the City's ability to maintain appropriate service levels, such assigned employees may be granted compensatory time off, in lieu of pay.

Employees who are assigned to a 7-day work schedule (i.e., where their department is open seven days a week), as designated by their department shall observe holidays on the same days as employees who are not assigned to a 7-day work schedule with the following exceptions:

New Year's Day
Independence Day (4th of July)
Christmas Eve
Christmas Day

In this case, employees shall observe the holiday on the actual day of the holiday. If another City holiday falls on a Friday that City Hall is closed, as a result, the City observes the holiday on a different day, the holiday for employees assigned to a 7-day work schedule shall be observed on the Friday.

Notwithstanding the previous two paragraphs, for employees assigned to 7-day schedules, Human Resources may designate alternate dates the City will observe holidays in order to occur in conjunction with the Holiday Leave benefit provided below in subparagraph B of this Article.

The City will determine the total number of authorized holidays that would be observed by employees on a 9/80 work schedule for each holiday listed in this Article.
Employees assigned to a 7-day work schedule, as designated by their department, and are scheduled off their regularly scheduled shift of 10 hours or 12 hours, due to a holiday, shall receive holiday pay equivalent to their regularly scheduled shift.

B. Holiday Leave

Effective in December 2017 and each year thereafter, employees in the unit will not be required to come to work and will be provided with three days of paid leave to be used in the pay period that includes the Christmas Eve, Christmas Day and New Year's Holidays. The dates of the three "Holiday Leave" days will be designated annually by Human Resources. Employees will be provided with three days of paid leave based on the number of hours they are regularly scheduled to work on designated "Holiday Leave" days. Employees must use this leave on the designated days unless directed to work by the Department Director or designee. In cases where the employee is directed to work on such days, the employee will be credited with leave in an amount equivalent to what they would have used had they not been directed to work. In cases where a designated "Holiday Leave" day falls on an employee's regularly scheduled day off, the employee will be credited with leave in an amount equivalent to what they would have used had it been a regularly scheduled work day. Such leave shall have no cash value, and will expire if not utilized within the pay period that includes November 30 of the following year.

Employees wanting to take additional days off in conjunction with the observed Holidays and designated Holiday Leave Days must utilize other accrued leave in accordance with existing rules.

For 2017, the following shall be observed:
Monday 12/25 - Christmas Day Eve
Tuesday 12/26- Christmas Day
Wednesday 12/27- Holiday Leave
Thursday 12/28- Holiday Leave
Friday 12/29- Holiday Leave

For 2018, the following shall be observed:
Monday 12/24-Christmas Eve
Tuesday 12/25-Christmas Day
Wednesday 12/26- Holiday Leave

Thursday 12/27- Holiday Leave
Friday 12/28- Holiday Leave

Article 21 - Educational Reimbursement/Professional Development

Employees covered by this Agreement shall be eligible for reimbursement for approved education or professional development expenses as set forth in City policy up to a maximum of $1,300 per calendar year. Up to $250 of the employee's annual professional development funds may be used towards supplementing un-reimbursed expenses for his/her annual physical examination and/or longevity screenings, subject to the provisions of Article 24 of the City's Personnel Rules and Procedures.

The City will provide ICEA an accounting of the allocated training funds on a quarterly basis, if requested. This accounting will show departmental funding levels and the use of funds by employee group/category, a list of vendors and amounts paid to those vendors.

Article 22 - Promotions

It shall be the City's policy to recruit the best-qualified persons available regardless of race, religion, color, creed, national origin, sexual preference, sex, or handicap unless sex or physical ability is a bonafide occupational qualification.

While recognizing the need for introduction of persons from outside City employment at all levels, the policy of the City is to promote employees already employed by the City when their personal qualifications, training, work performance, and work experience are determined to be comparable to applicants from other sources.

The Personnel Officer shall determine whether a recruitment shall be open or promotional, on the basis of assuring an adequate number of applicants with appropriate skills to constitute a competitive merit process.
An open selection process shall be held for all position vacancies in each class and class series. However, a promotional selection process may be utilized when the Personnel

Officer, after review with the Department Director, determines such a process is in the best interest of the City. Any unit employee who elects to participate in the recruitment and meets the minimum requirements for the position will be eligible to compete in the examination process. If the examination process includes a written test or graded test the employee will automatically receive an additional five (5) points to their score. Does not apply to practical tests or safety related tests.

When appropriate, vacancies within the unit may be filled by promotion or transfer of probationary or regular employees or other employees at the discretion of the appointing authority. Such promotion transfer shall be based on competitive examination and may include one (1) or more of the selection techniques set forth in the Personnel Rules and Procedures and measure of qualifications as may be determined by the Personnel Officer.

As set forth in the Personnel Rules and Regulations (Article 6, Section 5), an employee rejected during the probationary period from a position to which he/she was promoted shall be reinstated to the position and salary held prior to promotion if a vacancy exists, unless he/she is discharged for a reason which would have been sufficient to cause his/her discharge from his/her former position. If no vacancy exists, the employee shall be placed on a re-employment list for the classification from which he/she was promoted. Employees are not entitled to notice or a hearing if rejected during probation.

Article 23 - Layoff and Recall

Whenever in the judgment of the City Council, it becomes necessary for lack of work or lack of funds, or because the necessity for a position no longer exists, the City Council may abolish any position or employment in this bargaining unit. The employee holding such position may be laid off without the right of appeal. ICEA will be notified in writing of proposed layoffs of ICEA positions. Prior to the abolishment of any ICEA position in the competitive service due to lack of funds or a severe economic downturn, City Management will meet with ICEA representatives to discuss the following issues:

1. Reasons for proposed layoffs.

2. Possible alternatives to layoffs.
3. Alternative solutions to mitigate any effects of potential layoffs.

Although the City will consult with ICEA prior to implementing any layoffs in its bargaining unit, the final determination on the decision to implement any layoffs will be made by the City Council.

When a position within a department or division is abolished as is provided in Section II. G-110 of the City Code, the following general procedure shall be observed:

A. The order of layoff shall be established by the Personnel Officer or his/her designee. He/she shall list all employees in the affected classification(s) using the employees' performance reviews and seniority ratings.

B. An employee's seniority will be modified in the following manner, using the two most recent annual performance evaluation ratings for seniority demerits and the one most recent annual performance evaluation ratings for seniority merits:

Number of Ratings	Level of Rating	Modification to Seniority
1	Unsatisfactory or Needs Development	Subtract 1 year
2	Unsatisfactory or Needs Development	Subtract 3 years
1	Excellent	Add 1 year

The employee's seniority will be modified in the following manner:

Number of Ratings	Level of Rating	Modification to Seniority
1	Does not receive a minimum of Accomplished Standards rating	Subtract 1 year

2	Does not receive a minimum of Accomplished Standards rating	Subtract 3 years
1	Outstanding	Add 1 year

C. The order of layoff will begin with the employee(s) with the least modified total seniority. When the modified total seniority ranking is the same, the Appointing Authority shall take past performance evaluations and the needs of the City into consideration.

D. Prior to the establishment of the order of layoff, the Personnel Officer or his/her designee shall furnish all employees proposed to be included on the layoff list with a copy of the "Proposed Order of Layoff" and a copy of any materials not otherwise available to the employee which were relied upon by the Personnel Officer or his/her designee in establishing the employee's position thereon. If the employee wishes to contest the application of the criteria set forth in this policy to his/her position on the list, the employee may request an opportunity to present his/her case to the Personnel Officer or his/her designee within seven (7) calendar days following the establishment and distribution of the "Proposed Order of Layoff" list and supporting materials. After meeting with all employees wishing to be heard with respect to their position on the layoff list, the Personnel Officer or his/her designee shall establish the "Final Order of Layoff." The decision of the Personnel Officer or his/her designee shall be final and not subject to the grievance process.

E. No employee shall be laid off from his/her position in any department while an emergency, temporary, provisional, regular part-time and part-time, or contract employee is serving in the same classification in the same department. No regular employee shall be laid off in any department while a probationary employee is serving in the same classification in the same department. Employees to be laid off shall be given at least fourteen (14)-calendar days prior notice.

F. An employee who receives a final layoff notice under the provisions of this policy who holds regular full-time status may within seven (7) calendar days of receipt of the layoff notice request demotion to a position within the employee's classification series for which the employee possesses the minimum qualifications and the position remains a budgeted position. In that event, the employee's position on the layoff list shall be reevaluated as though the employee is in the new classification utilizing the same criteria established for the original list.

G. After the bumping process has occurred and if no budgeted position is available within the classification series, the employee may request a transfer or demotion to a position in a similar classification series for which the employee possesses the minimum qualifications and the position remains a vacant budgeted position. For the purposes of this section, a similar classification will mean an ICEA-represented position that is in the same or lower pay grade and requires similar education, skills and/or experience as the position which the employee currently holds, as determined by the Personnel Officer. The employee's request will be considered by the Personnel Officer, who will make every effort to provide for reasonable education and experience equivalencies in determining an employee's minimum qualifications for the available position.

If there is more than one affected employee who is requesting a transfer or demotion into an available position, the City will determine the order of bumping by using the same methodology as described in sections A, B and C of this Article.

H. The names of employees laid off or demoted in lieu of layoff shall be placed upon reemployment lists for one year for those job classes requiring basically the same qualifications, duties, and responsibilities of the class from which layoff or demotion in lieu of layoff was made.

I. Persons whose names are placed on reemployment lists, and who are re-employed within the prescribed period, shall be regarded as having been on "unpaid" leave of absence during this period and will resume accruals of vacation, sick, and other leaves per this Agreement.

Article 24 – Seniority

Seniority shall be defined as the total amount of actual continuous service as a full-time employee, excluding approved leaves of absence without pay in excess of thirty (30) calendar days, including leave of absence for service in the Armed Forces of the United States. Seniority will be a factor when considering promotions and transfers and layoffs. Upon written request the ICEA shall receive whatever written seniority list is available at the time of the request.

An employee who is not a full-time employee shall not lose any previously accrued seniority by virtue of the employee having a status other than that of a full-time employee; however, no seniority shall accrue during any period of time in which an employee is on an approved leave without pay in excess of thirty (30) calendar days, or during any period of time in which an employee has a City employment status other than that of a full-time employee or a job-sharing employee. An employee shall only be entitled to a fifty percent (50%) seniority accrual (i.e., seniority shall be accrued at the rate of one day of seniority for each two days of service) during any period of time in which an employee is classified as a job-sharing employee.

Article 25 - Safety

The City shall provide and maintain a healthy and safe place of employment. No employee shall be required to work under conditions dangerous to the employee's health or safety. The City shall provide and maintain all safety equipment and comply with all health and safety laws and regulations necessary for employees to perform their jobs in a safe manner. Employees shall report unsafe practices, equipment or conditions to their supervisors.

ICEA shall have the right to appoint a voting member to the City Safety Committee. The Committee will develop appropriate rules and regulations to strengthen safety in the workplace.

Any employee has the right to request a Safety Committee review of workplace conditions in written form. The Safety Committee will investigate employee requests for review of worksite

conditions and make recommendations to reduce or eliminate the concern. A report of findings shall be provided to the employee within sixty (60) calendar days from receipt of written concern. The secretary of the Safety Committee shall forward a copy of all regular meetings minutes to the Secretary of ICEA on a regular basis. The Safety Committee shall meet on a monthly basis unless the Committee deems otherwise.

Article 26 - Uniforms, Safety Gear and Inclement Weather Gear

Employees in designated classes shall be provided and required to wear City uniforms. Steel-toed shoes and safety glasses will be provided to employees whose regular duties require their usage. Rain gear will be provided to employees whose regular full-time duties require them to work outside on a continuous basis in adverse elements.

The City will provide an orange, reflective jacket to each full-time employee who regularly works in the public street section and traffic signal repair section. Each employee will be responsible for the reasonable care and cleaning of his or her jacket. Jackets shall be used for official City business only, and shall have the City logo or identification prominently displayed.

Article 27 - Personnel Files

The official personnel file for each City employee shall be maintained by Human Resources. Employees have the right to review their official personnel file in Human Resources by scheduling a specific date and time, at least 24 hours in advance, with Human Resources staff.

A copy of any commendations, written warnings or reprimands, disciplinary actions, Personnel Action Forms and performance reviews placed in the employee's personnel file will be provided to the employee.

Written reprimands shall be retained at least one year. If after one year no similar or other unacceptable behavior is reported, the employee may request in writing that the reprimand

be purged from his/her file. Upon review and approval of the Department Director, the written reprimand shall be removed from the employee's file.

Article 28 - Child Care

It is understood that twenty percent (20%) of the enrollment of the Irvine Child Care Center will be made available to children of City of Irvine employees subject to availability of openings within the facility at the cost of the employee.

Article 29 - Probationary Period/Provisional Appointment/Job Sharing

The probationary period shall be six (6) months of actual and continuous service unless otherwise extended for up to 6 months under the Personnel Rules and Procedures, with the exception of the following classifications for which the probationary period shall be one (1) year of actual and continuous service; Public Safety Dispatcher, Public Safety Assistant, Senior Public Safety Assistant, Forensic Specialist I/II, Civilian Investigator I/II, Police Recruit and Supervising Public Safety Dispatcher, shall have a probationary period of one (1) year of actual and continuous service.

In the case of a current full-time employee in an ICEA represented class receiving a provisional appointment (i.e., moving to a position where there is a vacancy – Acting for current employees and Interim for employees hired from outside the City) such provisional appointment shall not be made for a period of less than twenty-eight (28) calendar days. If the position is in another bargaining unit, the employee shall not be entitled to the following changes in compensation and benefits: Annual Physical Examination reimbursement, Retiree Health Voluntary Employees' Beneficiary Association (VEBA) plan, and health plans.

Interested employees in ICEA-represented classes may be considered for job sharing.

Article 30 - Non-Discrimination

Neither party to this Agreement shall discriminate against any employee on the basis of any legally protected status enumerated under the law. The parties further agree that they shall not interfere with, intimidate, restrain, coerce, or discriminate against any employee in his/her free choice to participate or not participate in the activities of and right to join the ICEA.

Article 31 - Contracting Out

The City will notify ICEA in writing at least fourteen (14) calendar days in advance of entering into any contract which will result in a reduction in regular hours of existing employees in classifications set forth in Attachment I; provided, however, nothing herein shall limit the City's right to contract out beyond that notice. If ICEA feels that an impropriety has occurred regarding contracting out, ICEA may contact Human Resources in writing and the situation will be investigated.

In the event a member of the ICEA bargaining unit is laid-off from his/her employment with the City, without opportunity to voluntarily demote into a lower position or transfer into a comparable position in the City, due to privatization or contracting-out of a city service, the City will provide a severance. The severance shall be equivalent to forty (40) hours of pay, at the current base hourly rate of pay, for every year of full-time City service rounded to the closest full year of service. Additionally, the City will provide a one-time cash equivalent payment for continuing health insurance premiums, using the individual’s current elected coverage levels and insurance providers, payable through the end of the month in which the severance expires.

A. For example, an individual with seven (7) years and seven (7) months of City service would receive eight (8) weeks, or 320 hours, of pay and three (3) months cash equivalent of health insurance premiums.

Article 32 - Severability

It is understood and mutually agreed that this Agreement is subject to all applicable Federal, State, and City laws and ordinances.

If any provision of this Agreement is determined to be invalid or illegal by a court of competent jurisdiction, such provisions will not be deemed valid and shall be severed from this Agreement, except to the extent permitted by law, but the remainder hereof shall remain in full force and effect. Should any change be made in any State or Federal law, or in any rules and regulations implementing such legislation, or in any City Charter provision, which would be contrary to any provision contained herein, then such provision shall be automatically terminated but the remainder of this Agreement shall remain in full force and effect.

The Parties hereto shall meet-and-confer within a reasonable time for the purpose of replacing any provision of this Agreement determined to be invalid or illegal pursuant to this paragraph.

Article 33 - Concerted Activities

Apart from and in addition to existing legal restrictions upon and remedies for work stoppage, the ICEA hereby agrees that during the term of this Agreement, neither it nor its members or agents, representatives or persons acting in concert with any of them, shall incite, engage or participate in any strike, walkout, slowdown, sick-out or other work stoppage of any nature against the City whatsoever, or wheresoever located, including but not limited to disputes which are related to the subject matter contained in this Agreement; disputes which are specifically not subjects of this Agreement; disputes between the City and other employee organizations, persons or employees; jurisdictional disputes. In the event of any strike, walkout, slowdown, sick-out or other work stoppage or threat thereof against the City, ICEA and its officers will take steps reasonably within their control to end or avert the same.

Those represented by the ICEA will not authorize, engage in, encourage, sanction, recognize or assist in any strike, slowdown, walkout, sick-out or other work stoppage against the City or picket in furtherance thereof, or participate in unlawful concerted interference in violation of

this provision, or refuse to perform duly assigned services in violation of this provision. It is understood that any person represented by ICEA found in violation of this provision will be subject to discipline, including termination, as determined by the City Personnel Officer, according to Personnel Rules and Regulations.

Article 34 - Term

The terms and conditions of this Agreement will be effective August 11, 2017 unless otherwise stated in the Agreement. This Agreement shall remain in full force and effect until June 30, 2019 and shall supersede all other Agreements between the parties.

IN WITNESS WHEREOF, the parties hereto have executed this Memorandum of Understanding as of the 11th day of August 2017.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE IRVINE PROFESSIONAL EMPLOYEES ASSOCIATION (IPEA), AND SUPERSEDING ALL PREVIOUS IPEA MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, the City of Irvine (City) and the Irvine Professional Employees Association (IPEA) have met and conferred in accordance with the requirements of the Meyers-Milias-Brown Act and City Council Resolution No. 341; and

WHEREAS, the City and IPEA have reached agreement on wages, benefits, hours, and other conditions of employment for the period of August 11, 2017 through June 30, 2019; and

WHEREAS, a previous Memorandum of Understanding between the City of Irvine and the IPEA was adopted by the City Council pursuant to Resolution No. 15-77.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE that the 2017-2019 Memorandum of Understanding, attached hereto as Exhibit A, between the City and IPEA is approved and adopted. The compensation policy provided for by this resolution shall be operative from and after 12:01 a.m. on the twelfth day of September 2017, unless otherwise stated. All previous resolutions are hereby repealed effective on the operative date of this resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

MEMORANDUM OF UNDERSTANDING

BETWEEN

IRVINE PROFESSIONAL EMPLOYEES ASSOCIATION

AND

CITY OF IRVINE

AUGUST 11, 2017 TO JUNE 30, 2019

Article 1 – Preamble

This Agreement is entered into pursuant to the Meyers-Milias-Brown Act (Government Code Sections 3500 et seq.) and City Resolution No. 341, for the purpose of memorializing the Agreement reached between the City and Irvine Professional Employees Association (IPEA) as part of the meet-and-confer process, in order to provide harmonious relations, cooperation, and understanding between the City and its employees.

Article 2 – Recognition

IPEA is hereby acknowledged as the exclusive Recognized Employee Organization representing the employees in the classifications listed in Attachment I (Full-time hourly and exempt non-sworn, non-confidential employees).

Article 3 – Purpose

The parties agree that the purpose of this Agreement is: to promote and provide harmonious relations, cooperation, and understanding between the City and the employees covered herein; to provide an orderly and equitable means of resolving differences which may arise under this Agreement, and to set forth the full agreements of the parties reached as a result of meeting and conferring in good faith regarding matters within the scope of representation for employees represented by the IPEA.

Article 4 – Scope

The scope of representation shall include all matters relating to employment conditions and employer-employee relations, including, but not limited to, wages, hours, and other terms and conditions of employment, except, however, that the scope of representation shall not include consideration of the merits, necessity, or organization of any service or activity provided by law or executive order.

Article 5 - City Rights

The City retains all rights it had prior to this Agreement except those rights specifically delegated by this Agreement, provided the City shall exercise those rights in compliance with applicable state law, the City Charter, and the provisions of this Agreement.

Except as expressly limited by this Agreement, the City retains the exclusive right (a) to direct employees of the City; (b) to hire, promote, transfer, and assign employees to positions within the City; (c) to dismiss employees because of lack of work; (d) to reprimand, demote, suspend, or discharge employees for proper cause as provided by City Ordinance; (e) to determine the mission of the City and its various departments, its budget, its organization, the number of employees, and the methods and technology for performing its work; (f) to take whatever action may be appropriate to carry out its mission in situations of emergency. The parties further understand that all rights not clearly and expressly limited by this Agreement are specifically reserved to the City, even though not enumerated.

Article 6 - Employee Rights

Employees covered under this Agreement shall be entitled to all rights specified under Government Code Section 3502. Neither the City nor IPEA shall interfere with, intimidate, restrain, coerce, or discriminate against employees who exercise their rights under this Agreement or the law.

Article 7 - Association Rights

IPEA shall notify the City in writing of the names of its representatives as follows: Consultant, Officers, Bargaining Committee Members, and Departmental Representatives. The City shall provide IPEA on a monthly basis, if changes occur, with the following: A list of employees in the classifications set forth in Attachment I; the names of new hires, promotions, and terminations in the classifications set forth in Attachment I; City of Irvine job postings; and copies of current salary schedules. On a quarterly basis, the City will provide IPEA with names and home addresses of all IPEA-represented employees. This information is for the confidential use of IPEA and the City shall not be responsible and will be held harmless by IPEA for inappropriate release of this information by IPEA. Upon written request, the IPEA shall receive available information relating to contract administration and fringe benefits including pension and insurance plans.

The City shall make available reasonable bulletin board space in designated employee areas for the use of IPEA to post notices relating to matters of interest to IPEA and to the employees.

A reasonable number of employees shall be entitled to leave their work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor, for purposes of participation in the meet-and-confer process.

Designated IPEA representatives shall be entitled to leave their work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor for purposes of attending meetings called by Management or to participate in established City committees, such as but not limited to, Citywide Insurance Committee, Defined Contribution Pension Plan Committee and Safety Committee.

A designated IPEA representative shall be entitled to leave his/her work during working hours without loss of pay for reasonable periods of time, with prior approval of their supervisor for purposes of reviewing and processing grievances. IPEA representatives may have access to IPEA members providing that supervisors are notified prior to a meeting being scheduled and that meetings held will not interfere with work.

In order to allow IPEA an opportunity to handle the business affairs of its members, the City shall, at the beginning of the calendar year, establish a time bank of one-hundred and eighty (180) hours to be used by board members as authorized by the IPEA Board for training, grievances, board meetings, etc. IPEA agrees the effective operation of the City departments is not to be adversely affected by the use of the time bank by IPEA members. No overtime will be paid for an employee to fill in for another using the time bank. Hours from the time bank will not be cumulative from year to year. Time for meet-and-confer preparation and meetings, and/or attendance at special meetings called by the City shall not be charged against the time bank.

The City shall allocate reasonable office space to IPEA in the Civic Center at no cost to IPEA.

At the orientation of new employees, a City-approved IPEA informational packet will be provided to those who would be eligible to join IPEA. In addition, IPEA and/or its representative will be provided with the opportunity to have 10-minute access to employees in IPEA-represented positions during new employee orientation.

Article 8 - Payroll Deductions

The City will, during the term of this Agreement, deduct bi-weekly dues and other fees as specified by IPEA under the authority of a membership application signed by each participating employee, which shall be approved by IPEA and remitted promptly to the Payroll Office.

Article 9 - Quarterly City-IPEA Meetings

The City's designated management staff shall meet with the IPEA President, representative and IPEA board members, on a quarterly basis. The purpose of these meetings is to discuss issues of common interest and to resolve mutual problems in a constructive fashion. The parties shall exchange suggested agenda topics one week before the meeting date. Grievances or disciplinary action in progress may be discussed at these meetings only by mutual consent, and discussion of such topics does not preclude subsequent resolution via the grievance or disciplinary procedure. Meet-and-confer subjects may be discussed by mutual consent, but this does not preclude exercise of further meet-and-confer options by either party. Persons other than those described above may attend these meetings only by prior mutual consent.

Article 10 - Grievance Procedure

A. Purpose

The purpose of the grievance procedure is to enhance communications between employees and employer by providing a fair and impartial review and consideration of grievances within a reasonable time period without jeopardizing employees' positions or employment.

B. Matters Subject to the Grievance Procedure

A grievance may be filed for alleged violation of any personnel rule or regulation; for the alleged violation of a section of this agreement; or an alleged unfair treatment of an employee; or alleged violation of commonly accepted safety practices or procedures. The grievance procedure shall not be used to establish new policies or change any existing rules and regulations. It shall not be used in matters resulting from disciplinary action or other appeal procedures that exist in accordance with the Personnel Ordinance and Resolution.

Any matter being grieved by an employee will be kept confidential by immediate supervisors and higher-level authorities except in conjunction with the investigation of the grievance.

C. Informal Grievance Adjustment

An employee who believes an alleged violation of matters subject to the grievance process has occurred shall first be required to exhaust the informal grievance level prior to filing a formal grievance. The employee shall have fourteen (14) calendar days from the date the employee had notice of the alleged violation, which he/she believes constitutes a grievance.

The informal grievance level shall consist of the employee verbally informing his/her immediate supervisor of the alleged violation. The immediate supervisor shall make whatever investigation he/she deems necessary and reply within fourteen (14) calendar days. Any matters, for which he/she does not have authority to make a decision, should be brought to the attention of a higher-level supervisor who does have the proper authority. If the employee is not satisfied with the decision reached through the informal

discussion, he/she may bring the matter to the attention of the next level of authority (i.e., the immediate supervisor's direct supervisor) within fourteen (14) calendar days of the immediate supervisor's response. The next level of authority shall have fourteen (14) calendar days to reply. If the employee is still not satisfied with the decision, within fourteen (14) calendar days after the decision, he/she may bring the matter to the attention of the next level of authority (if more levels below Department Director exist). If the employee is still not satisfied with the decision, he/she may file a formal grievance within fourteen (14) calendar days after having received the reply.

In incidents involving disputes of an agreement with an employee group, a representative of the involved group may meet with a designated representative of the City in an informal attempt to resolve the matter. Employees have the right to authorize the Association to represent them in any grievance under this provision, informal or formal.

D. Formal Grievance Procedure

1. First Level

The formal grievance procedure may be followed only after failure to resolve a problem through informal grievance adjustment. If, after this discussion, the employee is not in agreement with the decision reached, he/she may, within fourteen (14) calendar days, file a formal grievance in writing (Form No. 20-33) to their Department Director, with a copy to the Personnel Officer (i.e., the Assistant City Manager or his/her designee). The Department Director shall make whatever investigation he/she deems necessary to allow fair consideration of the situation and shall present a written reply to the employee within fourteen (14) calendar days after receipt of the grievance. A copy of the reply shall be forwarded to the Personnel Officer.

2. Second Level

In the event the grievant is not satisfied with the decision at the Department Director level, the grievant may appeal the decision to the Assistant City Manager or his/her designee, within fourteen (14) calendar days of receipt of the decision. This written appeal statement should include a copy of the original grievance, the decision rendered at a previous level, and a clear, concise

statement of the reasons for the appeal. The written appeal described herein shall not expand the scope of the formal grievance submitted to the Department Director.

The Assistant City Manager or his/her designee shall communicate a decision within fourteen (14) calendar days after receiving the appeal. Either the grievant or the Assistant City Manager may request a personal conference within the foregoing limits to discuss the grievance. Either party may have a representative present at such a conference.

3. Third Level

If the grievant is not satisfied with the decision by the Assistant City Manager, he/she may request the Association to submit the grievance to advisory arbitration, or appeal directly to the City Manager.

a. Advisory Arbitration

If the Association concurs with the employee request for advisory arbitration, the Association shall within twenty-eight (28) calendar days of the Assistant City Manager's decision submit a request in writing to the Assistant City Manager for advisory arbitration of the dispute and the City shall comply with the request, except in cases of disputed arbitration which shall be provided for hereinafter. The Association and the City shall attempt to agree upon an arbitrator and if no agreement can be reached, the parties shall request the State Mediation and Conciliation Service (SMCS) to supply a panel of seven (7) names of persons experienced in hearing grievances for cities. Each party shall alternately strike a name until only one name remains. The remaining panel member shall be the Advisory Arbitrator. The party who strikes first shall be determined by mutual agreement or flipping a coin.

The fees and expenses of the arbitrator and the hearing shall be borne equally by the City and the Association. All other expenses, including fees for witnesses and conferees, or the costs for witnesses and conferees, shall be borne by the party incurring them.

The Advisory Arbitrator shall, as soon as possible, hear evidence and render a decision on the issue or issues that were submitted to advisory arbitration. If the parties cannot agree upon the issues for the arbitrator to decide, the arbitrator shall determine the issue(s) to decide based on the grievance and other evidence submitted by the parties including the responses at the lower levels. In cases where the City contends that the grievance submitted is not arbitrable, the Advisory Arbitrator shall rule on the arbitrability of the issue and the arbitrator's decision on arbitrability cannot be challenged by the City or overturned.

The arbitrator shall have no power to add to, subtract from, or modify the terms of this Agreement or City Policy.

After a hearing and after both parties have had an opportunity to make written arguments, the Advisory Arbitrator shall submit, within thirty (30) calendar days to all parties the written findings and advisory recommendations that he/she has prepared.

The City Manager shall have the authority to accept the recommendation of the advisory arbitrator in whole, or in part, or reject the recommendation entirely and formulate his/her own decision on the grievance. The decision of the City Manager shall be provided to all parties within thirty (30) calendar days.

The City Manager reserves the right to modify any recommendation of a Hearing Officer. The City will bear the entire costs of the Hearing Officer.

The City Manager has the power to render a final decision of a grievance, which shall be binding on all parties. If, upon review, the City Manager determines that he/she is unable to render a final determination on the record, he/she may reopen the record for the taking of additional evidence prior to rendering the binding decision.

If the advisory recommendation is acceptable to the City, the City Manager shall take appropriate action to implement the recommendation. If no action is taken by the City, or the grievant does not concur with the Advisory Arbitrator's recommendation, the grievant may appeal, in writing, to the City Manager within fourteen (14) calendar days of the receipt of the Advisory Arbitrator's recommendation.

b. City Manager Review

The Association shall be permitted to concur in a grievant's request to have a hearing before the City Manager to resolve his or her grievance. If the Association does not concur with the employee request for advisory arbitration, the employee, within thirty-five (35) calendar days of the Assistant City Manager's decision, may request and shall be granted a hearing by the City Manager which will be closed to the public but open to all parties at interest for final resolution of the grievance.

The City Manager shall render a final and binding decision within thirty (30) calendar days following the conclusion of the hearing.

E. General Conditions

1. A formal grievance on interpretations/actions of an agreement, not involving a specific supervisor or Department Director, may be submitted directly to the Personnel Officer or his/her designee. The decision of the City Manager on agreement disputes shall not restrict an employee from other avenues of appeal available under law.

2. The Personnel Officer shall receive and retain copies of all written materials pertaining to the grievance.

3. At any step of the informal grievance adjustment or formal grievance procedure, a Department Director, supervisor, or employee may request a representative of the Personnel Office to participate in any discussion which may take place. Grievances may be initiated by the concerned employee or the Association.

4. An employee may represent himself/herself or select whomever he/she desires to represent him/her in the grievance procedure.

5. If an employee fails to proceed with a grievance within any of the time limits specified in this policy, it shall be assumed that the grievance has been settled on the basis of the last decision reached.

6. If management fails to respond within any of the time limits specified in the policy, the employee may proceed to the next level as if management responded on the last day possible.

7. Any extension of the time limits specified in this process may be provided when mutually agreed upon by all parties concerned.

Article 11 - Disciplinary Action

A. Disciplinary Authority

The Department Director, after consultation with the Personnel Officer shall have the right, for reasonable cause, to demote, dismiss, reduce in pay or suspend without pay for up to thirty (30) calendar days any regular (i.e., passed probation) member of the unit.

B. Disciplinary Procedure

Upon determination that some form of discipline should be imposed upon an employee, the Department Director or his/her designee shall provide the employee with written notice, which includes the components listed below.

1. The proposed action to be taken.

2. The charges on which the proposed action is based, including all relevant written materials, written reports and documents, which support these charges.

3. The proposed date on which the disciplinary action will take place.

4. The fact that the employee is entitled to respond to the charges either orally or in writing to the Department Director at least seven (7) calendar days after receipt of notification. If the written notice has been issued by the Department Director, the employee may direct his/her response to the Personnel Officer**.** Failure of the employee to make a written or oral response of request will constitute waiver of the right to respond.

5. If the employee elects to respond in person, a meeting shall be conducted at which the employee shall be given the opportunity to respond to the charges. The meeting shall be held by the Department Director or the Personnel Officer in those instances where the written notice has been issued by the Department Director. The employee shall be entitled to be represented by counsel or other person of his/her choosing during the course of the above proceeding.

6. After following the above procedure, the Department Director or the Personnel Officer shall prepare the written notice of decision to be served personally upon the employee. Said notice shall inform the employee of his/her appeal rights, if any.

The City shall have the right to place any employee on paid administrative leave pending investigation and processing of any potential disciplinary action. The provisions of this Article shall not apply to reductions in pay, which are part of a general plan to reduce salaries and wages or to eliminate positions.

C. Appeal

1. Right of Appeal

When formal disciplinary action of dismissal, demotion**,** reduction in pay, reduction of accrued leaves equivalent to 3 or more days or suspension without pay for three (3) or more days has been taken pursuant to this Article, the employee shall have the right to appeal as provided below. Failure to appeal by the employee or his/her representative will make the disciplinary action final and conclusive.

2. Appeal Procedure

An employee who has passed initial probation who has been demoted, dismissed, reduced in pay or accrued leaves or suspended without pay for three (3) or more days, may appeal to the City Manager within fourteen (14) calendar days after having been furnished with a copy of the notice of discipline by filing a written answer to such charges and requesting a hearing thereon.

3. Hearing Procedure

a. The City Manager shall appoint a Hearing Officer to conduct hearings on appealable disciplinary actions imposed pursuant to this Article. In case of termination, however, the Association may request a Hearing Officer be selected from a list provided by the State Mediation and Conciliation Service (SMCS). The parties shall request the SMCS to supply a panel of seven (7) names of persons experienced in hearing disciplinary cases for cities. Each party shall alternately strike a name until only one name remains. The remaining panel member shall be the Hearing Officer. The order of striking shall be determined by mutual agreement or flipping a coin. The Hearing Officer will not be an employee of the City of Irvine. If the Association requests a Hearing Officer from the SMCS, the costs of the Hearing Officer's services shall be equally divided by the Association and the City.

b. Hearings shall be conducted in the manner most conducive to determination of the truth, and the Hearing Officer shall not be bound by technical rules of evidence.

c. The Hearing Officer shall determine the relevancy, weight, and credibility of testimony and evidence. The Hearing Officer shall base his/her findings on the preponderance of evidence.

d. Each side will be permitted an opening statement and closing argument. The City shall first present its witnesses and evidence to sustain the

charges, and the employee will then present his/her witnesses and evidence in defense.

e. Each side will be allowed to examine and cross-examine witnesses.

f. Both the City and the employee or their respective designees may be represented by legal counsel.

g. The Hearing Officer shall, if requested by either party, subpoena witnesses and/or require production of other records or material evidence.

h. The Hearing Officer may, prior to or during a hearing, grant a continuance for any reason he/she believes to be important to his/her reaching a fair and proper decision.

i. The Hearing Officer shall prepare a recommended decision and forward it to the City Manager no later than thirty (30) calendar days after the matter of appeal was taken under submission by the Hearing Officer. The recommended decision shall set forth which charges, if any, the Hearing Officer finds are sustained or not sustained and the reasons therefore.

j. After receiving the recommendation of the Hearing Officer, the City Manager may sustain or reject any or all of the charges filed against the employee. He/she may sustain, reject or modify the disciplinary action invoked against the employee.

k. The employee or his/her representative may obtain a copy of the transcript of the hearing upon request and agreement to pay for necessary costs.

4. <u>Appeal Procedure for Suspensions of Less Than Three (3) Days and Reductions of Accrued Leaves Equivalent to less than (3) Days</u>

a. A member of the unit who has been suspended without pay, for less than three (3) days, may appeal to the Department Director, or in the

event the discipline has been issued by the Department Director, the Personnel Officer, within seven (7) calendar days after having been furnished with a copy of the notice of discipline by filing a written answer to such charges and requesting a hearing.

b. Hearing Procedure:

- At least seven (7) calendar days prior to the hearing, both parties shall provide a list of witnesses and or exhibits to the Department Director or Personnel Officer.

- During the hearing, the Department Director or Personnel Officer shall hear and consider the evidence, witnesses, and/or exhibits from both parties.

- The Department Director or Personnel Officer may grant a continuance for any reason he/she believes to be important to reaching a fair decision.

- The Department Director or Personnel Officer shall consider all evidence and shall base his/her findings on the preponderance of evidence. He/she shall render his/her decision as soon as possible after the conclusion of the hearing, but in no event later than fourteen (14) calendar days after conducting the hearing, unless agreed to by the parties.

- The Director or Personnel Officer's decision shall be final and binding.

5. Mediation Procedure

In cases of dismissal, after the parties have selected a Hearing Officer and a hearing date as provided above, the parties may, by mutual agreement, request non-binding mediation to resolve the dispute prior to arbitration. The selection of the mediator shall be made by mutual agreement. The costs of the mediator services shall be equally divided by the Association and the City.

D. Dismissal

Dismissal of any employee shall, unless otherwise ordered:

1. Constitute a dismissal as of the same date from all positions, which the employee may hold in the competitive service.

2. Result in an automatic removal of the employee's name from all employment lists on which it may appear.

3. Terminate the salary of the employee as of the effective date of his/her dismissal, as indicated in the notice of discipline, except that he/she shall be compensated for any unpaid salary, unused vacation and unused compensatory time off to his/her credit as of the date of dismissal.

E. Polygraph Examination

In reference to this provision, no disciplinary action shall be taken against an employee refusing to submit to a polygraph examination; nor shall any comment be anywhere recorded indicating that an employee offered to take, took or refused to take polygraph examination unless otherwise agreed to in writing by the parties; nor shall any testimony or evidence of any kind regarding an employee's offer to take or refusal to take, or the results of a polygraph examination, be admissible in any proceeding pursuant to this Agreement, unless otherwise agreed to in writing by the parties.

Article 12 - Maintenance of Benefits

It is the understanding of the parties that the wages, hours, and other terms and conditions of employment contained in this Agreement will not be reduced and shall remain in full force and effect during the entire term of this Agreement; except as expressly provided herein or except by mutual agreement.

Article 13 – Salary

A. Salary Grade Structure: The City of Irvine's Salary Grade Structure, which includes the classifications represented by the Association in this unit, is included as Attachment I.

B. Position Classification to Salary Grades: The classification of individual positions to pay grades is the City's sole responsibility and will be based upon Human Resources' evaluation of the classification.

C. Classification Requests: During the period designated by Human Resources each year, an employee may request a re-evaluation of the position's responsibilities by submitting a new Comprehensive Position Questionnaire (CPQ) with a cover memorandum explaining the changes in duties since completion of the most recent existing CPQ. The employee's department director, manager (if applicable), and supervisor will review the request and make a recommendation which will include an explanation of why the duties have changed and an assessment of the stability of the changes. Any change in classification will take effect the pay period that includes July 1 of the following fiscal year.

D. Pay Progression in a Salary Grade

Pay progression within a pay grade will be based strictly upon individual performance and summarized in an annual performance appraisal. All base pay progression within pay grades will be limited to the maximum of a pay grade. Base pay progression will be provided according to the following schedule:

Pay Rate in Pay Grade	Performance Rating	Pay Increase
Less than Maximum	Unsatisfactory or Needs Development	0%
Less than Maximum	Accomplished Standards, Excellent or Outstanding	5% base adjustment, limited to maximum of pay grade
Greater than or equal to Maximum		0%

Annual merit increases will be effective on September 1st of each year and will be prospective from that date.

E. Wage and Salary Range Adjustment

Effective the pay period that includes September 1, 2017, the salary ranges of the classifications covered by this Agreement shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the salary ranges of the classifications covered by this Agreement shall be increased by two percent (2.0%).

F. Probationary Merit Reviews

Employees on a probationary employment status effective June 30th of each year will not be eligible to participate in the annual review process until they have successfully completed their probationary period. At the completion of the probationary period, the employee will receive a performance review and merit increase appropriate to the performance review rating. The criteria and rating system for probationary reviews will be the same as those for annual performance reviews.

Following the completion of probation, the employee will be eligible to participate in the annual performance review process the following July. The merit increase granted in the first annual review process following the probationary merit review will be pro-rated to reflect only the time period since the completion of the probationary merit review. All subsequent performance reviews will be conducted according to the Annual Performance Appraisal schedule. If the probationary appraisal has been completed within the months of May and June, the employee's next review will be part of the appraisal schedule in the following calendar year in July.

Article 14 -Bilingual Pay

Department Directors shall annually designate which positions should be assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified employees who meet the following criteria shall receive an additional $50.00 per month.

A. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.

B. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

C. Any employee who has been determined as qualified for bilingual pay and who is on any leave of absence for at least one calendar month, exclusive of accrued vacation or compensatory time, will be ineligible for bilingual pay until his/her return to work. Upon his/her return to work, the employee will be reinstated into the bilingual pay program and receive his/her $50 monthly stipend effective the first working day of the new calendar month following his/her return to work. The employee will not be required to perform bilingual interpretation services during any period which he/she is not receiving the bilingual pay stipend.

D. For positions requiring extensive contact with the public or contractors, bilingual pay will be rotated among employees who are deemed as qualified by the City. The Department Director will have the discretion to determine the number of employees and the sections/units that qualify to participate in a "rotation pool." Rotations will occur every 12 months, effective the first pay period each November. It is the Department Director's sole discretion to determine the order of rotation among the qualified employees. An employee who has not performed bilingual duties within the rotation for a period of 24 months or longer, must be re-certified by the City in order to receive bilingual pay.

An employee in a bilingual assignment may request to have the bilingual assignment and corresponding pay removed.

Article 15 - Overtime and Work Schedules

A. Overtime Compensation for Employees on Schedule A:

Hours earned in excess of forty (40) hours in each employee's defined FLSA workweek shall be compensated at the rate of one- and one-half (1 1/2) times the employee's hourly rate when such work is approved by the Department Director (or his/her designee). Unit members work a seven day FLSA work week (168 recurring hours). As of the effective date of this Agreement, no classifications on Schedule A qualify as exempt from the overtime provisions of the Fair Labor Standards Act. Unit members shall be paid for all hours worked. Unit members shall record hours worked in fifteen minute increments of time. When an employee works less than eight minutes into the next pay increment,

the time should round down to zero. When an employee works more than eight minutes into the next payroll increment, the time rounds up to fifteen minutes.

Overtime may be converted to compensatory time or paid for at the option of the employee.

B. Compensatory Time for Employees on Schedule A:

Employees may accumulate a maximum of eighty (80) hours compensatory time in lieu of overtime compensation on the basis of one- and one-half (1 1/2) hours compensatory time for one (1) hour of overtime work. The time during which an employee may use accrued compensatory time off is subject to approval by the department head or his/her designee with due regard for the wishes of the employee and the need to provide service. However, an employee wishing to use his/her accrued compensatory time off shall provide the City with reasonable notice of such request. Reasonable notice is defined as at least one week. If reasonable notice is provided, the employee's request may not be denied unless it is unduly disruptive to the department to grant the request. A request to use compensatory time off without reasonable notice may still be granted within the discretion of the supervisor or manager responsible for considering the request.

C. Stand-by Time for Employees on Schedule A:

Regular full-time employees shall receive two (2) hours base salary for each day he/she is required to be available for non-scheduled work assignments.

D. Work Schedules:

Unit members work a seven day FLSA work week (168 recurring hours).

Work schedule is defined as an employee's regularly assigned hours of the day and days per week and may include:

1. The 9/80 schedule (four nine hour days per work week and one alternating eight hour day/regular day off). Employees working the 9/80 have an FLSA work week designated as beginning four hours into their alternating regular day off (eight hour day).

2. The 5/40 schedule (five eight hour days per work week). Employees working the 5/40 have a FLSA work week designated as beginning at 12:00 a.m. on Saturday through 11:59 p.m. Friday.

3. The 4/10 schedule (four ten hour days per work week). Employees working the 4/10 have a FLSA work week designated as beginning at 12:00 a.m. on Saturday through 11:59 p.m. Friday.

Employees in classifications listed on Schedule A shall be scheduled to work regular work shifts. In the event overtime is required, compensation for said overtime shall take the form of one of the following, at the employee's request, subject to the approval of the Department Director (or his/her designee).

1. Paid overtime at one- and one-half (1 1/2) times the employee's hourly base rate;
2. Accrued compensatory time to a maximum of eighty (80) hours;
3. An employee will be able to flex his/her time within the same workweek (i.e., take off an equivalent number of hours).

In the event the City institutes a citywide policy to prohibit or restrict paid overtime, employees in classifications listed on Schedule A shall request, subject to the approval of the Department Director (or his/her designee), one of the following methods of compensation for overtime.

1. Flex time within the same workweek (i.e., take off an equivalent number of hours);
2. Accrued compensatory time to a maximum of one hundred and twenty (120) hours.

An employee in a classification listed on Schedule A may be required to take flex time in lieu of paid overtime or accrued compensatory time off by his/her Department Director (or his/her designee) to attend meetings of City Council, City Commissions, or City committees, provided that the employee is given written notification at least fourteen (14) calendar days in advance.

Article 16 - Alternate Work Schedules

Unit members may request from their Department Directors to work a 9/80 or a 4/10 alternative workweek schedule. Department Directors will review requests for alternate work schedules, on a case-by-case basis, based on the following criteria: 1) productivity and service to the public will not be decreased, 2) that there will be no adverse effects on the operation of any City department or work unit, and 3) with due regard to the wishes of the employee.

Requests for an alternate work schedule will include the information required by the Department Director to make an informed decision and a summary of how necessary coverage and current service levels will, at a minimum, be maintained. Approved alternate work schedules may be temporarily modified by a Department Director in the case of vacations, vacancies or other absences which are in excess of one (1) week.

In an unforeseen emergency, the Department Director may direct the employee to work a different schedule on a 24-hour notice. If the alternate work schedule is not effective, the Department Director will require the employee to work a different alternative workweek or return to a more standard workweek (i.e., a 5/40) with a fourteen (14) calendar day notice. When a Department Director perceives a problem exists because of the alternate work schedule, he/she will notify the involved employee(s) and give them seven (7) calendar days to respond to the issue prior to instituting a new schedule. If an employee finds it necessary, he/she may make a request to return to a more standard workweek, which will be considered, on a case-by-case basis.

Article 17 – Benefits

A. The City shall provide the following as options to the employee for employee and dependent coverage, with noted exceptions:

Indemnity Medical Insurance

The City shall provide the option to employees to enroll in a medical indemnity insurance plan.

Indemnity Dental Insurance

The City shall provide the option to employees to enroll in a dental indemnity insurance plan.

Health and Dental Maintenance Organizations

The City shall provide the option to employees to enroll in a health maintenance organization and/or a dental maintenance organization.

Vision

One (1) vision care plan.

For employees who choose the PPO medical plan, the total cost to the City for medical, dental, psychological, and vision insurance shall not exceed $ 694.04 per employee; $754.04 per employee plus one; and $1064.31 per employee plus family per month. The medical tier that the employee selects will drive the insurance cap that is applied to the employee's health benefit selections. The cost of the dental enhanced plan, if selected by the employee, shall require employee premium contributions for the amount in excess of the premium for the standard plan.

B. Employees have the option of enrolling themselves and/or their dependents into a no-cost medical plan rather than being subject to the cap as set forth in Article 17, item A., above. Under the no-cost plan, the City will provide any HMO Medical Plan and any HMO Dental Plan offered by the City, as described in Article 17, item A., above. Under this option, employees may choose to upgrade from the HMO Dental Plan to the PPO Dental Plan, however the employee will be required to pay the difference in premium between the HMO Dental Plan and the PPO Dental Plan.

Effective January 1, 2015, any increase in the cost of the HMO Medical Plans over the costs in effect December 31, 2014, will be borne as follows: The City will pay 95% of the increased cost, and employees enrolled in HMO Medical Plans will pay the remaining 5% of cost increases in annual premiums. Each year thereafter, the amount paid by employees in prior years will be added that portion of the increase (five percent 5%) the employees will pay in the current year.

C. Affordable Care Act Reopener

The City may reopen the MOU on the issue of health insurance solely for the purpose of discussing potential penalties or taxes under the Affordable Care Act. The City shall make no changes to health insurance benefits or City contributions towards health insurance benefits under this reopener, absent mutual agreement between the City and IPEA.

D. Employees not claiming any dependents on their medical, dental, psychological and vision plans shall receive $150 per month. The stipend may be used for deferred compensation, taxable cash, or to purchase voluntary additional life insurance, or enhanced dental plans.

Employees who are able to demonstrate to the City's satisfaction that they have minimum essential coverage as defined by the Affordable Care Act, (through another source other than coverage in the individual market, whether or not obtained through Covered California) may opt out of participation in the City's health plan.

E. The Insurance Committee and representatives from management will meet each Fall to review coverage, cost containment methods, claims processing service, claims experience and to recommend plan and design changes to the employees. The group will be made up of no more than two (2) representatives from each bargaining group and the president or a designated representative for the bargaining group. The group will be provided with such information as claims history, and with proposed changes in rates or coverage.

F. Pension and Pension Administration

1. The provisions of this Section D.1 shall apply to employees as of June 30, 2003, who elected to decline the CalPERS benefits.

    a. The City shall invest an amount equal to fifteen percent (15%) of each employee's base salary in the City of Irvine Defined Contribution Pension Plan (DCPP). Effective August 11, 2011, the amount the City invests shall be reduced to 12.448%.

b. Effective July 1, 2003, the City will deduct an amount equal to four percent (4%) of each employee's base salary to invest in the City of Irvine DCPP. It is understood that this payroll deduction shall be mandatory for all employees who elected to remain in the City of Irvine DCPP. Effective August 11, 2011, the amount deducted from employee base salary shall be increased to 6.552%.

c. All employees who elected to remain in the City of Irvine DCPP shall not be entitled to any CalPERS benefits past, present or future, as provided under section D.2 of this article. Employees who elected to remain in the City of Irvine DCPP shall continue participation until the employee terminates his/her employment from the City for any reason.

d. Employees shall become 50% vested upon completion of the probationary period, or if the probationary period is greater than 6 months, employees shall become 55% vested in the retirement plan upon completion of the probationary period. Thereafter, such vested interest shall increase at the rate of 5% for every Plan Year in which the employee completes 1000 hours of service. Once the employee has completed five years of service, he/she shall become 100% vested in the retirement plan.

e. The City will utilize retirement plan forfeiture funds to offset the City of Irvine DCPP administration and management costs.

2. The provisions of this section D.2 shall apply to employees, as of June 30, 2003, who elected to waive their rights to the City of Irvine Defined Contribution Pension Plan (DCPP) and who elected to transfer to the CalPERS program.

a. The City's contract with CalPERS shall include the following options:
   - 2.7% @ 55 Full Formula for Local Miscellaneous Members (Cal. Govt. Code Section 21354.5)
   - One Year Final Compensation (Cal. Govt. Code Section 20042)
   - Military Service Credit as Public Service (Govt. Code Section 21024), in which the employee pays the entire cost

- Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427)
- 4th Level 1959 Survivor Benefits (Govt. Code Section 21574)
- Limit Prior Service to Members Employed on Contract Date (Govt. Code Section 20938)

b. All employees hired on or after the effective date of the CalPERS contract shall become members of the CalPERS Retirement Program.

c. All active employees of the Association shall be members of CalPERS, unless they elected to decline the CalPERS benefits through the irrevocable election process. All Association members covered by CalPERS shall no longer be entitled to any benefits past, present or future, provided under the City of Irvine DCPP referenced in Article 17, Section D.1.

d. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

e. The CalPERS vesting schedule will apply (Cal. Govt. Code Section 21060).

f. The full percent (8%) cost of the CalPERS member contributions will be paid by the employee.

3. Effective April 14, 2012, the City implemented the 2% @ 55 retirement program with the average of the three highest paid consecutive years for all employees hired on or after that date. Employees hired after implementation of the 2% @ 55 plan will pay the full 7% Member Contribution for the entire term of their employment.

4. All "New Members" within the meaning of the California Public Employees' Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will become members of the City's Tier 3 plan; 2% at 62 formula for Miscellaneous employees. Employees will pay the full employee contribution, which will be one-half the

normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

G. Retiree Health Plan

1. The City shall contribute an amount equal to two percent (2%) of each employee's base salary in a Retiree Health Savings (RHS) account.

2. An employee who has retired from the City and has either attained the age of sixty (60) years or is fifty (50) years old and has completed five (5) years of service with the City shall be entitled to purchase the medical insurance plan in effect at the time of retirement at the City's rates for the employee and the employee's dependents at the cost to the former employee, now retiree.

3. The City will allow a spouse of an eligible retired unit member to continue to purchase the medical insurance after the death of the retired employee, provided that the spouse was covered under a City insurance plan at the time of employee's death and provided that there has been no break in coverage since the employee's retirement. This eligibility for continued coverage ceases if such spouse remarries.

4. Each representation unit has determined the type of retiree health program in which its members shall participate. In order to ensure that the employees can maximize their benefits, the City agrees to allow employees to remain in the designated type of retiree health program throughout their service with the City, whether or not the employee moves to another representation unit(s). In the event an employee moves to another representation unit, the City will contribute an amount up to the contribution established for the new unit's retiree health plan and the employee will not be eligible to participate in any other non-voluntary health plan offered to City employees. If the City's contribution toward a retiree health plan in the new unit is less than what is required for the employee's designated retiree health plan, the difference will be deducted from the employee's pay.

H. Life Insurance

Employees covered by this Agreement shall be provided a life insurance plan in the amount equal to a full year's base salary rounded up to the next $1,000.

I. Disability

The City shall provide major disability coverage with benefits calculated at 66 2/3% of the base monthly wage or salary less deductible benefits. Disability benefits shall also be provided to job share employees.

J. Flexible Spending Account

Employees may use pre-tax dollars to pay for eligible medical and dependent care expenses per Internal Revenue Code sections 125 and 129. The Association agrees the City will use what legal means exist to recover cost for claims paid in advance of sufficient employee payroll deduction being made upon the employee's separation from the City.

Article 18 – Leaves

A. Vacation Accrual/Usage

Employees shall accrue vacation credits as follows:

Years of Service	Employees on Schedule A	Employees on Schedule B
1 through 3	80 hours	120 hours
After 3 through 7	120 hours	160 hours
After 7 through 10	136 hours	160 hours
After 10 or more	160 hours	200 hours

Employees may not accrue more than eighty (80) hours of additional vacation beyond the annual rate at which they are eligible to earn vacation credits. Example: an employee with two (2) years of service earns eighty (80) hours of vacation. However, in this example the employee may accrue up to one hundred and sixty (160) hours of vacation at any one time.

The time during a calendar year at which an employee may take his/her vacation shall be determined by the Department Director with due regard for the wishes of the employee and particular regard for the needs of the City. Should special circumstances preclude the employee from using enough vacation to remain below the maximum limits stated above, the employee shall be paid for vacation earned in excess of the cap on

accrual. Payment shall be made during the pay period in which the vacation is earned and at the employee's base rate of pay.

In the event one or more municipal holidays fall within an annual vacation leave, such holidays shall not be charged as vacation leave but rather as holidays.

Employees who terminate employment shall be paid in a lump sum for all accrued vacation leave earned prior to the effective date of termination.

Illness while on paid vacation will be charged to Sick Leave rather than vacation only if:

The employee notifies his or her supervisor within four (4) calendar days of the beginning of the illness or prior to the end of his or her vacation leave, whichever is sooner, to request that his or her illness on vacation be charged to Sick Leave.

The department shall be under no obligation to extend the vacation beyond the original scheduled vacation ending date.

Whenever practicable, an employee may use compensatory time combined with vacation time when requesting specific vacation periods.

B. Vacation Buyback

On or before the pay period which includes December 15 of each calendar year, an employee may make an irrevocable election to cash out up to eighty (80) hours of accrued vacation (in whole hour increments) which will be earned in the following calendar year at the employee's base rate of pay. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

C. Personal Sick Leave

Employees shall accrue personal sick leave credits at the rate of eight (8) hours per month.

In order to receive compensation while absent on sick leave, the employee shall notify his/her immediate superior or the designated department contact prior to or within one (1) hour after the time set for beginning his/her daily duties, or as may be specified by the director of his/her department. When absence is for one (1) work day or more, the employee may be required to file a physician's certificate with the Personnel Officer.

An employee receiving temporary disability payments under the Workers' Compensation laws may use a pro-rated amount of accumulated sick leave in order to continue to maintain his/her regular income. Under such circumstances, the employee shall submit any benefit payments from the Workers' Compensation fund to the Finance Officer.

An employee may be required to provide a doctor's release to return to work following an illness or injury resulting in an inability to perform assigned duties.

D. Personal Sick Leave Conversion

1. Regular employees having less than ten (10) years of consecutive full-time service shall be eligible, if they so desire, each quarter (January 1, April 1, July 1, October 1) to convert unused personal sick leave in excess of one-hundred and sixty-eight (168) hours at a ratio of eight (8) hours of vacation for every twenty-four (24) hours of personal sick leave. One hundred and sixty-eight (168) hours must be accrued and retained prior to converting any excess personal sick leave credits to vacation credits. Employees with at least ten (10) years of full-time consecutive service shall be eligible to convert sick leave in excess of one-hundred and sixty-eight (168) hours at the ratio of eight (8) vacation hours for every sixteen (16) sick leave hours.

2. Effective the pay period following April 1 of each year, regular full-time employees, whose unused personal sick leave has accumulated to more than 700 hours, must convert those hours in excess of 700 into their respective individual accounts in the Association's Retiree Health Savings Plan, subject to a maximum conversion of 120 hours of sick leave per employee per year. The conversion of personal sick leave into the RHS shall occur as follows:

- The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees having less than ten (10) years of consecutive full-time service at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's base salary rate.

- The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees with at least ten (10) years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's base salary rate.

3. Upon separation from the City, regular full-time employees must convert hours into their respective individual accounts in the Association's Retiree Health Savings Plan, as follows:

- The City will convert unused personal sick leave in excess of 168 hours into the Retiree Health Savings Plan for regular full-time employees having less than ten (10) years of consecutive full-time service at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's base salary rate.

- The City will convert unused personal sick leave in excess of 168 hours into the Retiree Health Savings Plan for regular full-time employees with at least ten (10) years, but not more than 15 years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's base salary rate.

- The City will convert unused personal sick leave in excess of 84 hours into the Retiree Health Savings Plan for regular full-time employees with at least fifteen (15) years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's base salary rate.

- For any regular full-time employee who separates with at least ten (10) years consecutive full-time employment and has at least 250 hours of accrued sick leave at the time of separation, the City will convert all unused personal sick leave hours at the ratios described in Section D.3 above into their

respective individual accounts in the Association's Retiree Health Savings Plan.

This section shall not apply to employees who separate due to termination for cause or resignation/retirement in lieu of termination for cause.

E. Personal Leave

Effective the pay period which includes January 1st of each year, regular and probationary employees shall receive a Personal Leave Benefit of seventy-one (71) hours per year. Such leave shall be available for employees to use from the beginning of the first pay period beginning in the calendar year through the end of the last pay period beginning in the calendar year. Such hours shall not accrue from year to year. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 71 hours. Probationary employees who commence employment with the City after January 1 will receive twenty four (24) less Personal Leave hours for every four (4) months the employee is not on paid status with the City.

The employee shall notify his/her immediate supervisor of the use of a Personal Leave day at least 36 hours in advance unless circumstances beyond the employee's control prevent such notification.

F. Bereavement Leave

Upon request, employees shall receive necessary time off with pay, not to exceed forty (40) hours in any one (1) instance, to arrange for or attend a funeral of a member of their immediate family. For purposes of this Section, immediate family shall mean father, father-in-law, mother, mother-in-law, step-parent, brother, sister, step-brother, step-sister, wife, husband, registered domestic partner, child, step-child, grandparent, grandparents in-law, grandchild, legal guardian or other individual whose relationship to the employee is that of a dependent a domestic partner as defined by California Family Code section 297, or a person who stood *in loco parentis* (in place of a parent) to the employee.

G. Parenthood Leave

A regular employee may be granted a temporary parenthood leave of absence without pay, not to exceed one-hundred and eighty (180) calendar days per year, upon approval from the City Manager. The employee requesting such leave shall present evidence to his/her Department Director of the birth or adoption of the employee's child. The City will comply with all elements of parenthood leave under the Family Medical Leave Act (FMLA) and the California Family Rights Act (CFRA). Any such leave will run concurrently with parenthood leave as provided for under the FMLA and CFRA.

H. Jury Duty

In order to balance the City of Irvine's interest in maintaining productivity with the interest that employees are able to support our system of justice by serving on juries, paid Jury Duty is limited to a maximum of 80 hours in a calendar year. If an employee, despite reporting the limit to the Court, is required to serve beyond 80 hours, he or she can request an exception of the limit on paid Jury Duty Leave by the City Manager.

If a unit member is required to be absent from work to report for jury duty, the employee will notify his/her supervisor of the absence as soon as possible, including, a phone message the night before if the employee finds out via a phone recording that he/she must report the next day.

An employee on jury duty must either return to work after the jury service is done for the day if there are still four hours left on his/her shift or call in to his/her supervisor and ask to use leave to cover the rest of his/her shift.

An employee who is called to jury duty on a non-working day will not receive compensation or be authorized to change their schedule as a result of being called to jury duty.

I. Military Leave

An employee shall be entitled to such benefits as are provided in the law. An employee requesting such military leave shall present a copy of his/her military orders to his/her Department Director prior to the beginning of the leave.

J. Industrial Accident Salary Continuance

In the event that it is determined that a regular full-time employee is absent from work as a result of any injury or disease arising solely out of the employment with the City and in no way related to any prior existing condition, the City shall provide up to six (6) months of Industrial Accident Salary Continuance during any two-year period under the following conditions:

1. In the event the employee qualifies for compensation under State law, the employee shall receive the difference between the Workers' Compensation payments and his/her regular salary;

2. The employee shall accrue sick leave or vacation leave during the term of the Industrial Accident Salary Continuance;

3. The employee's condition is not permanent and stationary as determined by the City appointed doctor.

In the event of an on-the-job injury or accident resulting in loss of time beyond that required for immediate medical attention, such employee may be required to be examined by a licensed physician appointed by the City of Irvine. Any on-the-job injury or accident must be reported to the employee's immediate supervisor within twenty-four (24) hours after said injury or accident. Failure to report said injury or said accident shall be grounds for disciplinary action.

K. Administrative Leave

Effective the first pay period beginning in January of each year, employees in Schedule B of Attachment I will receive twenty (20) hours of Administrative Leave per calendar year. Administrative Leave will be prorated on a monthly basis during the calendar year for new employees entering Schedule B of Attachment I during the calendar year. Administrative Leave must be used by the end of the calendar year. Such hours shall not be accrued from year-to-year or paid off upon termination. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 20 hours.

All paid leave hours accrued shall be prorated based on the number of hours worked or paid up to eighty (80) hours in a pay period.

Article 19 – Holidays

A. Administration of Holidays

The recognized holidays to be observed by the City in each calendar year during the term of this Agreement shall be as follows:

New Year's Day
Martin Luther King Jr. Day
Washington's Birthday
Memorial Day
Independence Day (4th of July)
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

Prior to the beginning of the calendar year, Administrative Services will designate and announce the dates on which the above referenced holidays shall be observed.

Regular full-time employees shall receive nine (9) hours pay for holidays observed on a Monday, Tuesday, Wednesday, or Thursday. Employees shall receive eight (8) hours pay for each of these holidays observed on a regularly scheduled working Friday. Regular full-time employees working an eight (8)-hour, five (5)-day schedule will receive eight (8) hours pay for each of these holidays. An employee must be paid for all of the regularly scheduled workday immediately prior to a holiday and the regularly scheduled workday immediately after that holiday in order to receive holiday pay. If a holiday falls on an employee's regularly scheduled day off, the employee may take off another day during the workweek with approval of his/her supervisor.

Holidays falling on Sunday shall be observed on the following Monday. Holidays falling on Saturday shall be observed on the preceding Friday unless this, too, is a holiday and then one day sooner.

Employees assigned to work on authorized holidays shall receive regular holiday compensation and compensation in the form of overtime (one and one-half times the employee's hourly rate) for actual hours worked. At the request of the employee, and within the City's ability to maintain appropriate service levels, such assigned employees may be granted compensatory time off, in lieu of pay, within the pay period in which the holiday falls. If such time is not taken within the pay period, the employee shall automatically receive regular holiday compensation.

Human Resources may designate alternate dates the City will observe holidays in order to occur in conjunction with the Holiday Leave benefit provided below in subparagraph B of this Article.

B. Holiday Leave

Effective in December 2017 and each year thereafter, employees in the unit will not be required to come to work and will be provided with three days of paid leave to be used in the pay period that includes the Christmas Eve, Christmas Day and New Year's Holidays. The dates of the three "Holiday Leave" days will be designated annually by Human Resources. Employees will be provided with three days of paid leave based on the number of hours they are regularly scheduled to work on designated "Holiday Leave" days. Employees must use this leave on the designated days unless directed to work by the Department Director or designee. In cases where the employee is directed to work on such days, the employee will be credited with leave in an amount equivalent to what they would have used had they not been directed to work. In cases where a designated "Holiday Leave" day falls on an employee's regularly scheduled day off, the employee will be credited with leave in an amount equivalent to what they would have used had it been a regularly scheduled work day. Such leave shall have no cash value, and will expire if not utilized within the pay period that includes November 30 of the following year.

Employees wanting to take additional days off in conjunction with the observed Holidays and designated Holiday Leave Days must utilize other accrued leave in accordance with existing rules.

For 2017, the following shall be observed:

Monday 12/25 - Christmas Day Eve
Tuesday 12/26- Christmas Day
Wednesday 12/27- Holiday Leave
Thursday 12/28- Holiday Leave
Friday 12/29- Holiday Leave

For 2018, the following shall be observed:

Monday 12/24-Christmas Eve
Tuesday 12/25-Christmas Day
Wednesday 12/26- Holiday Leave
Thursday 12/27- Holiday Leave
Friday 12/28- Holiday Leave

Article 20 - Educational Reimbursement/Professional Development

Employees covered by this Agreement shall be eligible for reimbursement for approved education or professional development expenses as set forth in City policy up to a maximum of $1,300 per calendar year.

For employees in classifications listed on Schedule B, a maximum of $500 of the employee's annual professional development funds may be for the following expenses:

1. Up to $250 towards supplementing un-reimbursed expenses for their annual physical examination, subject to the provisions of Article 21 of this MOU and Article 24 of the City's Personnel Rules and Procedures. The employee may apply any unused amount of this $250 towards travel, hotel and meal expenses for City-approved conferences, seminars and/or job-related training to supplement subsection 2 of this Article.
2. Up to $250 towards travel, hotel and meal expenses for City-approved conferences, seminars, and /or job-related training.

Article 21- Annual Physical Examination

The City shall reimburse up to a maximum of $250 per calendar year for expenses incurred as a result of an annual physical examination, as defined in Article 24 of the City's Personnel Rules and Procedures. Such annual physical is optional. Expenses eligible for payment by the City health insurance plan shall not be eligible for reimbursement.

Article 22- City Manager Award for Employee Achievement

Management may recommend an employee achievement program, which will provide financial awards to regular full-time, and regular part-time City employees, including members of the IPEA. The program is more fully explained in a policy/procedure titled City Manager's Award for Employee Achievement. An amount for funding levels and awards will be considered on an annual basis by the City Council.

Article 23- Promotions

It shall be the City's policy to recruit the best qualified persons available regardless of race, religion, color, creed, national origin, sexual preference, sex, or disability unless sex or physical ability is a bonafide occupational qualification.

While recognizing the need for introduction of persons from outside City employment at all levels, the policy of the City is to promote employees already employed by the City when their personal qualifications, training, work performance, and work experience are determined to be comparable to applicants from other outside sources.

The Personnel Officer shall determine whether a recruitment shall be open or promotional, on the basis of assuring an adequate number of applicants with appropriate skills to constitute a competitive merit process.

An open selection process shall be held for all position vacancies in each class and class series. However, a promotional selection process may be utilized when the Personnel Officer, after review with the Department Director, determines such a process is in the best interest of the City.

When appropriate, vacancies within this bargaining unit may be filled by promotion or transfer of probationary or regular employees or other employees at the discretion of the appointing authority. Such promotion/transfer shall be based on competitive examination and may include one (1) or more of the selection techniques set forth in the Personnel Rules and Procedures and measures of qualifications as may be determined by the Personnel Officer.

Article 24 – Classifications

Positions classified at the assistant and associate levels will be indicated as "flexibly staffed" positions as provided in the City's Personnel Rules and Procedures.

Article 25 - Layoff and Recall

Whenever in the judgment of the City Council, it becomes necessary for lack of work or lack of funds, or because the necessity for a position no longer exists, the City Council may abolish any position or employment in this bargaining unit. The employee holding such position may be laid off without the right of appeal. The IPEA will receive a copy of the "Proposed Order of Layoffs" of IPEA positions.

When a position with a department or division is abolished as is provided in Section II. G-110 of the City Code, the following general procedure shall be observed:

A. The order of layoff shall be established by the Personnel Officer or his/her designee. He/she shall list all employees in the affected classification(s) using the employee's modified seniority.

An employee's seniority is modified for purposes of establishing the order of layoff using the two most recent performance evaluation ratings for seniority demerits and the one most recent annual performance evaluation ratings for seniority merits:

Number of Ratings	Level of Rating	Modification to Seniority
1	Does not receive a minimum of Accomplished Standards rating	Subtract 1 year
2	Does not receive a minimum of Accomplished Standards rating	Subtract 3 years
1	Outstanding	Add 1 year

B. The order of layoff will begin with the employee(s) with the least modified total seniority. When the modified total seniority ranking is the same, the Appointing Authority shall take past performance evaluations and the needs of the City into consideration.

C. Prior to the establishment of the order of layoff, the Personnel Officer or his/her designee shall furnish all employees proposed to be included on the layoff list with a copy of the "Proposed Order of Layoff" and a copy of any materials not otherwise available to the employee which were relied upon by the Personnel Officer or his/her designee in establishing the employee's position thereon. If the employee wishes to contest the application of the criteria set forth in this policy to his/her position on the list, the employee may request an opportunity to present his/her case to the Personnel Officer or his/her designee within seven (7) calendar working days following the establishment and distribution of the "Proposed Order of Layoff" list and supporting materials. After meeting with all employees wishing to be heard with respect to their position on the layoff list, the Personnel Officer or his/her designee shall establish the "Final Order of Layoff list." The decision of the Personnel Officer or his/her designee shall be final and not subject to the grievance process.

D. No employee shall be laid off from his/her position in any department while an emergency, temporary, provisional, regular part-time or part-time, or contract employee is serving in the same classification in the same department. Employees to be laid off shall be given at least fourteen (14) calendar days' notice.

E. An employee who receives a final layoff notice under the provisions of this policy who holds regular full-time status may, within seven (7) calendar days of receipt of the layoff notice, request demotion to a position within the employee's classification series for which the employee possesses the minimum qualifications providing the position remains a budgeted position. In that event, the employee's position on the layoff list shall be reevaluated as though the employee is in the new classification utilizing the same criteria established for the original list.

F. The names of employees laid off or demoted in lieu of layoff shall be placed upon reemployment lists for eighteen (18) months for those job classes requiring basically the same qualifications, duties, and responsibilities of the class from which layoff or demotion

in lieu of layoff was made. At the time the employee is laid off or demoted in lieu of layoff, the employee shall receive a list of job classes requiring basically the same qualifications, duties, and responsibilities of the classes from which layoff or demotion in lieu of layoff was made.

G. Persons whose names are placed on reemployment lists , and who are re-employed within the prescribed period, shall be regarded as having been on "unpaid" leave of absence during this period and will resume accruals of vacation, sick and other leaves in accordance with this Agreement.

H. In the event a member of the IPEA bargaining unit is laid-off from his/her employment with the City, without the opportunity to voluntarily demote into a lower position or transfer into a comparable position in the City, due to the contracting-out of a City service, the City will provide a severance. The severance shall be equivalent to forty (40) hours of pay, at the current base hourly rate of pay, for every year of full-time City service rounded to the closest full year of service. Additionally, the City will provide a one-time cash equivalent payment for continuing health insurance premiums, using the individual's current elected coverage levels and insurance providers, payable through the end of the month in which the severance expires.

For example, an individual with seven (7) years and seven (7) months of City service would receive eight (8) weeks, or 320 hours, of pay and three (3) months cash equivalent of health insurance premiums.

Article 26 – Seniority

Seniority shall be defined as the total amount of actual continuous service as a full-time employee, excluding approved leaves of absence without pay in excess of thirty (30) calendar days, including leave of absence for service in the Armed Forces of the United States. Seniority will be a factor when considering promotions, transfers, and layoffs.

An employee who is not a full-time employee shall not lose any previously accrued seniority by virtue of the employee having a status other than that of a full-time employee; however, no seniority shall accrue during any period of time in which an employee is on an approved leave without pay in excess of thirty (30) days, or during any period of time in which an employee has a City employment status other than that of a full-time employee or a job-sharing employee.

An employee shall only be entitled to a fifty percent (50%) seniority accrual (i.e., seniority shall be accrued at the rate of one day of seniority for each two days of service) during any period of time in which an employee is classified as a job-sharing employee.

Article 27 – Safety

The City shall provide and maintain a healthy and safe place of employment. No employee shall be required to work under conditions dangerous to the employee's health and safety. The City shall provide and maintain all safety equipment and comply with all health and safety laws and regulations necessary for employees to perform their jobs in a safe manner. Employees shall report unsafe practices, equipment or conditions to their supervisors.

IPEA shall have the right to appoint a voting member to the City Safety Committee.
Any employee has the right to request a Safety Committee review of workplace conditions in written form. The Safety Committee will investigate employee requests for review of worksite conditions and make recommendations to reduce or eliminate the concern. A report of findings shall be provided to the employee within sixty (60) calendar days from receipt of written concern. The secretary of the Safety Committee shall forward a copy of all regular meeting minutes to the Secretary of IPEA on a regular basis. The Safety Committee shall meet on a monthly basis unless the Safety Committee deems otherwise.

Article 28 - Safety Gear and Inclement Weather Gear

Steel-toed shoes and safety glasses will be provided to employees whose regular duties require their usage. Rain gear will be provided to employees whose regular full-time duties require them to work outside on a continuous basis in adverse weather elements.

Article 29 - Personnel Files

The official personnel file for each City employee shall be maintained by Human Resources. Employees have the right to review their official personnel file in Human Resources by scheduling a specific date and time, at least twenty-four (24) hours in advance, with Human Resources staff. A copy of any commendations, written warnings or reprimands, disciplinary

actions, Personnel Action Forms and performance reviews placed in the employee's personnel file will be provided to the employee. The employee shall have an opportunity to respond in writing to documents placed in the file. This response will be filed with the original document.

Written reprimands shall be retained at least one (1) year. If after one (1) year no similar or other unacceptable behavior is reported, the employee may request in writing that the reprimand be purged from his/her file. Upon review and approval of the Department Director, the written reprimand shall be removed from the employee's file.

Article 30 - Child Care

It is understood that twenty percent (20%) of the enrollment of the Irvine Child Care Center will be made available to children of City of Irvine employees subject to availability of openings within the facility at the cost of the employee.

Article 31- Provisional Appointment/Probationary Period

In the case of a current full-time employee in an IPEA-represented class receiving a provisional appointment, (i.e., moving to a position where there is a vacancy – Acting for current employees and Interim for employees hired from outside the City) such provisional appointment shall not be made for a period of less than twenty-eight (28) calendar days. If the provisional appointment is to a position in another bargaining unit or to a classification listed on Schedule B, the employee shall not be entitled to the following changes in compensation and benefits: Annual Physical Examination reimbursement, Retiree Health Voluntary Employees' Beneficiary Association (VEBA) plan, and health plans, including psychological.

The probationary period is six (6) months of actual and continuous service unless otherwise extended under the Personnel Rules and Procedures**.**

Article 32 - Non Discrimination

Neither party to this Agreement shall discriminate against any employee on the basis of any legally protected status enumerated under the law. The parties further agree that they shall not interfere with, intimidate, restrain, coerce, or discriminate against any employee in his/her free choice to participate or not participate in the activities of and the right to join IPEA.

Article 33 - Contracting Out

The City will notify IPEA in writing at least fourteen (14) calendar days in advance of entering into any contract which will result in a reduction in regular hours of existing employees in classifications set forth in Attachment I; provided, however, nothing herein shall limit the City's right to contract out beyond that notice. If IPEA feels that an impropriety has occurred regarding contracting out, IPEA may contact Human Resources in writing and the situation will be investigated.

Article 34 – Severability

It is understood and mutually agreed that this Agreement is subject to all applicable Federal, State, and City laws and ordinances.

If any provision of this Agreement is determined to be invalid or illegal by a court of competent jurisdiction, such provisions will not be deemed valid and shall be severed from this Agreement, except to the extent permitted by law, but the remainder hereof shall remain in full force and effect. Should any change be made in any State or Federal law, or in any rules and regulations implementing such legislation, or in any City Charter provision that would be contrary to any provision contained herein, then such provision shall be automatically terminated but the remainder of this Agreement shall remain in full force and effect.

The Parties hereto shall meet and confer within a reasonable time for the purpose of replacing any provision of this Agreement determined to be invalid or illegal pursuant to this paragraph.

Article 35 - Concerted Activities

Apart from and in addition to existing legal restrictions upon and remedies for work stoppage, the IPEA hereby agrees that during the term of this Agreement, neither it nor its members or agents, representatives or persons acting in concert with any of them, shall incite, engage or participate in any strike, walkout, slowdown, sick-out or other work stoppage of any nature

against the City whatsoever, or wheresoever located, including, but not limited to, disputes which are related to the subject matter contained in this Agreement; disputes which are specifically not subjects of this Agreement; disputes between the City and other employee organizations, persons or employees; jurisdictional disputes. In the event of any strike, walkout, slowdown, sick-out or other work stoppage or threat thereof against the City, IPEA and its officers will take steps reasonably within their control to end or avert the same.

Those represented by the IPEA will not authorize, engage in, encourage, sanction, recognize or assist in any strike, slowdown, walkout, sick-out or other work stoppage against the City or picket in furtherance thereof, or participate in unlawful concerted interference in violation of this provision, or refuse to perform duly assigned services in violation of this provision. It is understood that any person represented by IPEA found in violation of this provision will be subject to discipline, including termination, as determined by the City Personnel Officer, according to Personnel Rules and Regulations.

Article 36 – Term

The terms and conditions of this Agreement will be effective August 11, 2017 unless otherwise stated in the Agreement. This Agreement shall remain in full force and effect until June 30, 2019 and shall supersede all other Agreements between the parties.

.

IN WITNESS WHEREOF, the parties hereto have executed this Memorandum of Understanding as of the 11th day of August, 2017.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ADOPTING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF IRVINE AND THE IRVINE POLICE MANAGEMENT ASSOCIATION (IPMA), AND SUPERSEDING ALL PREVIOUS IPMA MEMORANDUMS OF UNDERSTANDING, EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, the City of Irvine (City) and the Irvine Police Management Association (IPMA) have met and conferred in accordance with the requirements of the Meyers-Milias-Brown Act and City Council Resolution No. 341; and

WHEREAS, the City and IPMA have reached agreement on wages, benefits, hours, and other conditions of employment for the period of August 11, 2017, through June 30, 2019; and

WHEREAS, a previous Memorandum of Understanding between the City of Irvine and the IPMA was adopted by the City Council pursuant to Resolution No. 16-46.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE that the 2017-2019 Memorandum of Understanding, attached hereto as Exhibit A, between the City and IPMA is approved and adopted. The compensation policy provided for by this resolution shall be operative from and after 12:01 a.m. on the twelfth day of September 2017, unless otherwise stated. All previous resolutions are hereby repealed effective on the operative date of this resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

MEMORANDUM OF UNDERSTANDING

BETWEEN

IRVINE POLICE MANAGEMENT ASSOCIATION

AND

CITY OF IRVINE

AUGUST 11, 2017 TO JUNE, 2019

PREAMBLE

This Memorandum of Understanding, hereinafter referred to as the "Agreement" or "MOU," entered into by the CITY OF IRVINE, herein referred to as "City," and the IRVINE POLICE MANAGEMENT ASSOCIATION (IPMA), hereinafter referred to as the "Association," has as its purpose the promotion of harmonious labor relations between the City and the Association, establishment of an equitable and peaceful procedure for the resolution of differences and the establishment of rates of pay, hours of work, and other conditions of employment.

Article 1 - Recognition

The Association is the exclusive representative of the classifications of Police Commander and Police Lieutenant.

Article 2 - City Rights

Except as expressly limited by this MOU or other applicable laws, the City retains the exclusive right (a) to direct employees of the Police Department; (b) to hire, promote, transfer, and assign employees to positions within the Department consistent with applicable classifications; (c) to dismiss employees because of lack of work; (d) to reprimand, demote, suspend or discharge employees; (e) to determine the mission of the Department, its budget, its organization, the number of employees and the methods and technology of performing its work; (f) to take whatever action may be appropriate to carry out its mission in situations of emergency. The parties further understand that all

rights not clearly and expressly limited by this MOU are expressly reserved to the City, even though not enumerated.

Article 3 - Employee Rights

Safety employees covered under this Agreement shall be entitled to all rights specified under Government Code Section 3300 et seq., and Irvine Police Department Procedure relating to "Public Safety Officers Procedural Bill of Rights." Employees shall have the right to have documented disciplinary actions or other adverse documented incidents removed from their personnel files pursuant to Police Department Procedure 2.02.17. No employee shall be interfered with, intimidated, restrained, coerced, or discriminated by the City because of his/her exercise of these rights.

Article 4 - Association Rights

A. Payroll Deductions - The City agrees to continue payroll deductions to Association on behalf of its members for dues, and/or any insurance plan sponsored by the Association, unless authorization to make such deductions is canceled in writing by the individual employees.

B. Release Time for Association Business - In order to allow the Association an opportunity to handle the business affairs of its members, including handling of grievances, the City shall, at the beginning of each contract year, establish the annual time bank specified below for Association use, to be used as authorized by the Association President, as the chief executive officer of the Association, and, in his absence, the Secretary. The Association agrees, however, that the effective operations of the Police Department are not to be adversely affected by the use of the time bank by the Association members. If the Association members' absence does not impact staffing or other vital departmental operations as determined by the Chief of Police, the employee shall be released without restrictions. It is also understood that time for the annual meet and confer preparation and meetings and/or any special meetings called by the City shall not be charged against the time bank. It is also understood that hours from the time bank will not be carried over from year to year. The time bank will be a maximum of 200 hours per year for all Association business related to the Police Management unit.

Article 5 - Grievance Procedure

A. Matters Subject to the Grievance Procedure

A grievance may be filed for the alleged violation of any Personnel Rule and Regulation dealing with required subjects of bargaining that are not specifically reserved to the City in the City Rights clause, Article II; for an alleged violation of an express provision in the MOU; or alleged violation of established and commonly accepted safety practices or procedures. The grievance procedure shall not be used to establish new policies or change any existing rules and regulations. It shall not be used in connection with disciplinary actions or other matters for which appeals procedures exist under the Personnel Ordinance, Personnel Rules and Regulations, or pursuant to statute.

B. Informal Grievance Adjustment

An employee who has a complaint should try to solve the problem through informal discussion with his/her immediate supervisor without delay, and in no event later than fourteen (14) calendar days after the event giving rise to the complaint. The immediate supervisor shall make whatever investigation he/she deems necessary and reply within fourteen (14) calendar days**.** If the employee is not satisfied with the decision reached through the informal discussion, and/or some other extenuating circumstances exist, he/she may bring the matter to the attention of the next level of authority within fourteen (14) calendar days of such decision. If the employee is still not satisfied with the decision, he/she may file a formal grievance within fourteen (14) calendar days after having received the reply**.**

In incidents involving an employee group, a representative of the involved group may meet with a designated representative of the City in an informal attempt to resolve the matter. Employees have the right to authorize the Association to represent them in any grievance under this provision, informal or formal**.**

C. Formal Grievance Procedure

1. First Level

The formal grievance procedure may be followed on matters subject to this procedure only after failure to resolve a problem through informal grievance adjustment. If, after this discussion, the employee is not in agreement with the decision reached, he/she may, within fourteen (14) calendar days, file a formal grievance in writing to the Police Chief with a copy to the Personnel Officer (i.e., the Assistant City Manager or his/her designee, setting forth the section(s) of the MOU or Personnel Rules and Regulations allegedly violated and reciting all the facts and circumstances constituting the claimed violation. The department director shall make whatever investigation he/she deems necessary to allow fair consideration of the situation and shall present a written reply to the employee within fourteen (14) calendar days after receipt of the grievance. A copy of the reply shall be forwarded to the Personnel Officer.

2. Second Level

In the event the grievant is not satisfied with the decision at the department director level, the grievant may appeal the decision to the Personnel Officer or his/her designee, within fourteen (14) calendar days of receipt of the decision. This written appeal statement should include a copy of the original grievance, the decision rendered at the previous level, and a clear, concise statement of the reasons for the appeal. The written appeal described herein shall not expand the scope of the formal grievance submitted to the department director.

The Personnel Officer or his/her designee shall communicate a decision within fourteen (14) calendar days after receiving the appeal. Either the grievant or the Personnel Officer may request a personal conference within the foregoing limits to discuss the grievance. Either party may have a representative present at such a conference.

3. Third Level

If the grievant is not satisfied with the decision by the Personnel Officer and the grievance alleges violation of the MOU, he/she may request the Association to submit the grievance to advisory arbitration, or appeal directly to the City Manager.

a. Advisory Arbitration

If the Association concurs with the employee request for advisory arbitration, the Association shall within twenty-eight (28) calendar days of the Personnel Officer's decision submit a request in writing to the Personnel Officer for advisory arbitration of the dispute and the City shall comply with the request, except in cases of disputed arbitrability. The Association and the City shall attempt to agree upon an arbitrator and if no agreement can be reached, the parties shall request the State Mediation and Conciliation Service to supply a panel of seven (7) names of persons experienced in hearing grievances for cities. Each party shall alternately strike a name until only one name remains. The remaining panel member shall be the Advisory Arbitrator. The party who strikes first shall be determined by mutual agreement or by flipping a coin.

The fees and expenses of the arbitrator and the hearing shall be borne equally by the City and the Association. All other expenses, including fees and costs for witnesses and representatives, shall be borne by the party incurring them.

The Advisory Arbitrator shall, as soon as possible, hear evidence and render a decision on the issue or issues alleged in the grievance that were submitted to advisory arbitration. If the parties cannot agree upon the issues for the arbitrator to decide, the arbitrator shall determine the issue(s) to decide based on the grievance and other

evidence submitted by the parties including the responses at the lower levels. In cases where the City contends that the grievance submitted is not arbitrable, the Advisory Arbitrator shall rule on the arbitrability of the issues.

The arbitrator shall have no power to add to, subtract from, or modify the terms of this Agreement or City policy.

After a hearing and after both parties have had an opportunity to make written arguments, the Advisory Arbitrator shall submit, within thirty (30) calendar days, to all parties, the written findings and advisory recommendations that he/she has prepared.

The City Manager has the power to render a final decision of a grievance which shall be binding on ALL parties. If, upon review, the City Manager determines that he/she is unable to render a final determination on the record, he/she may reopen the record for the taking of additional evidence prior to rendering the binding decision. Said decision of the City Manager shall be provided to all parties within thirty (30) calendar days of his/her receipt of the Advisory Arbitrator's findings and recommendations.

b. City Manager Review

If the Association does not concur with the employee request for advisory arbitration, the employee, within thirty-five (35) calendar days of the Personnel Officer's decision may request and shall be granted a hearing by the City Manager which will be closed to the public but open to all parties at interest for final resolution of the grievance.

In instances where the City Manager hears a grievance he/she shall conduct such hearings which will be closed to the public but open to all parties in interest as he/she may deem necessary and shall render a

final and binding decision within thirty (30) calendar days following the conclusion of the hearing.

D. General Conditions

1. The Personnel Officer shall receive and retain copies of all written materials pertaining to the grievance.

2. At any step of the informal grievance adjustment or formal grievance procedure, a department director, supervisor, or employee may request a representative of Human Resources to participate in any discussions which may take place. Grievances may be initiated by the concerned employee or the Association.

3. A formal grievance, not involving a specific supervisor or department director, may be submitted directly to the Personnel Officer.

4. An employee may represent himself/herself or select whomever he/she desires to represent him/her in the grievance procedure.

5. If an employee fails to proceed with a grievance within any of the time limits specified in this policy, the grievance shall be deemed settled on the basis of the last decision reached.

6. If management fails to respond within any of the time limit specified in this policy, the employee may proceed to the next level as if management responded on the last day possible.

7. An extension of the time limits specified in this process may be provided when mutually agreed upon by all parties concerned.

Article 6 - Disciplinary Action

A. Disciplinary Authority

The department director shall have the right, for reasonable cause, to demote, dismiss, reduce in pay or suspend without pay for up to thirty (30) calendar days any regular member of the unit. An appeal process for "punitive action" other than a demotion, dismissal, reduction in pay or suspension is included as Attachment VIII to this MOU.

B. Discipline Procedure

The department director or designee proposing that action be taken shall provide the employee with written notice of the proposed action. The written notice shall contain the date it is intended to be effective, the charge(s) and facts on which the proposed action is based and notification that the employee is entitled to respond to the charges orally or in writing to the department director or designee within seven (7) calendar days of receipt of notification. Failure of the employee to make a written or oral response or request will constitute waiver of the right to respond. Further, the employee shall be provided with the relevant written materials, written reports and documents considered by the department director or designee in reaching his/her decision to propose the action.

If, the employee elects to respond in person, a meeting shall be scheduled with the department director or designee to whom the employee shall be given the opportunity to respond to the proposed action. Subject to the provisions of Government Code section 3303(i), the employee shall be entitled to be represented by counsel or other person of his/her choosing at the meeting.

If after following the above procedure discipline is implemented, a written notice of discipline shall be served upon the employee. Said notice shall inform the employee of his/her appeal rights, if any.

The director will hear employee responses to all contemplated disciplinary actions, which propose a penalty equal to or more severe than a forty-hour suspension without pay.

The City shall have the right to put any employee on immediate paid administrative leave pending investigation and processing of any potential disciplinary action.

The provisions of this Article shall not apply to reductions in pay, which are part of a general plan to reduce salaries and wages or to eliminate positions.

C. Appeal

1. Right of Appeal:

When formal disciplinary action has been taken by the department director or designee and the employee has received written notification of the action, the employee shall have the right to appeal as provided below. Failure to appeal by the employee or his/her representative will make the disciplinary action final and conclusive.

2. Appeal Procedure:

An employee who has passed initial probation who has been demoted, dismissed, reduced in pay or significantly suspended without pay, may appeal to the City Manager within fourteen (14) calendar days after having been furnished with a copy of the notice of discipline by filing a written answer to such charges and requesting a hearing thereon.

It is expressly understood that separation due to involuntary retirement for disability shall not be considered discipline for the purpose of this Article. Procedures for contesting separation due to involuntary retirement shall be as set forth in the City's Defined Benefit Retirement Plan for employees covered by that plan.

3. Hearing Procedure:

a. The City Manager shall appoint a Hearing Officer to conduct hearings on appealable disciplinary actions imposed pursuant to this Article.

b. Hearings shall be conducted in the manner most conducive to determination of the truth, and the Hearing Officer shall not be bound by technical rules of evidence.

c. The Hearing Officer shall determine the relevancy, weight and credibility of testimony and evidence. The Hearing Officer shall base his/her findings on the preponderance of evidence.

d. Each side will be permitted an opening statement and closing argument. The department director shall first present his/her witnesses and evidence to sustain the charges, and the employee will then present his/her witnesses and evidence in defense.

e. Each side will be allowed to examine and cross-examine witnesses.

f. Both the department director and the employee or their respective designees may be represented by legal counsel.

g. The Hearing Officer shall, if requested by either party, subpoena witnesses and/or require production of other relevant records or material evidence.

h. The Hearing Officer may, prior to or during a hearing, grant a continuance for any reason he/she believes to be important to his/her reaching a fair and proper decision.

i. The Hearing Officer shall prepare a recommended decision and forward it to the City Manager after the matter of appeal was taken under submission by the Hearing Officer. The recommended decision shall set forth which charges the Hearing Officer sustains or does not sustain and the reasons therefore.

j. After receiving the recommendation of the Hearing Officer, the City Manager may sustain or reject any or all of the charges filed against the employee. He/she may sustain, reject or modify the disciplinary action invoked against the employee.

k. The employee or his/her representative may obtain a copy of the transcript of the hearing upon request and agreement to pay for necessary costs.

D. Dismissal:

Dismissal of any employee from the competitive service shall, unless otherwise ordered:

1. Constitute a dismissal as of the same date from all positions which the employee may hold in the competitive service.

2. Result in an automatic removal of the employee's name from all employment lists on which it may appear.

3. Terminate the salary of the employee as of the effective date of his/her dismissal, as indicated in the notice of discipline except that he/she shall be compensated for any unpaid salary, unused vacation and unused compensatory time off to his/her credit as of the date of dismissal.

Article 7 - Wages

Salary Adjustments

The salary ranges of classifications covered by this Agreement shall be as set forth in the Schematic Arrangement of Class Titles and Salary Ranges as shown on Attachment I.

Effective the pay period that includes September 1, 2017, the base salary of employees in this bargaining unit shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the base salary of employees in this bargaining unit shall be increased by percent (2.0%).

Salary Upon Promotion to Lieutenant

When a Sergeant promotes to Lieutenant, the employee's salary on promotion will be calculated as an eight percent (8%) increase over the employee's current base pay plus any P.O.S.T pay per the IPA MOU the employee is earning at the time of promotion, limited to the maximum of the Lieutenant range.

Management Incentive Pay

Employees in the IPMA Unit shall be eligible to receive 3% management incentive pay above their base salary, in recognition of the unique nature of their work.

Pay for Performance

Upon completion of a written performance review, employees may be eligible for merit adjustments in the following manner.

- Employees whose salary is below the maximum of their salary range, and who receive a "Meets Expectations" performance review, will be eligible for a 3% base salary adjustment up to the maximum.

- Employees whose salary is below the maximum of their salary range, and who receive an “Exceeds Expectations” performance review, will be eligible for a 4.5% base salary adjustment up to the maximum.

- Employees whose salary is below the maximum of their salary range, and who receive an “Outstanding” performance review, will be eligible for a 6% base salary adjustment up to the maximum.

- Employees whose salary is near the maximum of their salary range, and who receive a “Meets Expectations” or “Exceeds Expectations” or “Outstanding” performance review, will only receive that portion of the pay increase which increases their base pay up to the maximum of the salary range.

- Employees who receive a “needs improvement” performance review are not eligible for any salary increase.

- Employees whose salary is at the maximum of their salary range are not eligible for any salary increase.

- The dates for performance reviews and eligibility for merit pay adjustments will be adjusted for unpaid leaves of absence in excess of thirty (30) days.

Article 8 – Bilingual Pay

The Chief of Police shall designate which positions shall be assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified employees who meet the following criteria shall receive an additional $115.00 per month, while serving in such positions and utilizing such designated second language(s).

A. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.
B. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

Article 9 – Special Events Pay

It shall be the responsibility of the Chief of Police to monitor the application of the special events policy, and he has the authority to exercise management rights as outlined in Article II of this Agreement.

The Chief of Police may assign employees covered by this Agreement to work at a special event in a management capacity. Employees working in this capacity shall be compensated at one and one-half times the employee's classification's top range of pay plus professional achievement pay if the City is reimbursed at the employee's rate of pay. Otherwise the employee will be reimbursed at the Lieutenant rate.

Article 10 – Benefits

A. The City shall provide the following as options to the employee for employee and dependent coverage.

Medical

One (1) indemnity medical plan

Two (2) health maintenance organizations (HMO)

Dental

One (1) dental HMO (Guardian)

One (1) group dental PPO (Guardian)

Vision

One (1) vision care plan

The total cost to the City for medical, dental and vision insurance shall not exceed the following per month:

Employee Only	$694.04
Employee plus one	$754.04
Family	$1064.31

The medical tier that the employee selects will drive the insurance cap that is applied to the employee's health benefit selections. To the extent provided by the Internal Revenue Code, any premiums paid by an employee through payroll deductions for insurance coverage described herein shall continue to be paid with pre-tax dollars.

B. Employees have the option of enrolling themselves and/or their dependents into a no-cost medical plan rather than being subject to the cap as set forth in Article XI, item A, above. Under the no-cost plan, the City will provide any HMO Medical Plan and any HMO Dental Plan offered by the City, as described in Article XI, item A,

above. Under this option, employees may choose to upgrade from the HMO Dental Plan to the PPO Dental Plan, however the employee will be required to pay the difference in premium between the HMO Dental Plan and the PPO Dental Plan.

Effective January 1, 2015, any increase in the cost of the HMO Medical Plans over the costs in effect December 31, 2014 will be borne as follows: The City will pay 95% of the increased cost, and employees enrolled in HMO Medical Plans will pay the remaining 5% of cost increases in annual premiums. Each year thereafter, the amount paid by employees in prior years will be added to that portion of the increase (five percent 5%) the employees will pay in the current year.

C. Affordable Care Act Reopener

The City may reopen the MOU on the issue of health insurance solely for the purpose of discussing potential impacts from or modifications to the Affordable Care Act. The City shall make no changes to health insurance benefits or City contributions toward health insurance benefits under the reopener, absent mutual agreement between the City and IPMA.

D. Employees not claiming dependents on their medical, dental, psychological and vision plans shall receive $150 per month. The stipend may be taken as taxable cash.

Employees who are able to demonstrate to the City's satisfaction that they have minimum essential coverage as defined by the Affordable Care Act, (through another source other than coverage in the individual market, whether or not obtained through Covered California) may opt out of participation in the City's health plan.

E. Citywide Insurance Committee

The Citywide Insurance Committee shall be composed of one representative from each of the following: Irvine Police Management Association, Irvine Police Association, Irvine Professional Employees Association, Irvine City Employees Association, Supervisory/Administrative employees, Management employees,

Confidential employees and the Manager of Human Resources who shall be the Chairperson of the Committee.

The functions of the Committee shall be to review coverages, cost containment methods, claims processing service, and claims experience. The committee will be provided with such information and claims history, and proposed changes in rates or coverage.

F. Disability Insurance

1. The City shall provide major disability coverage with benefits at 66- 2/3% of the employee's monthly earnings.

2. Pursuant to the City of Irvine Personnel Policy, the City shall continue to pay for the health, dental and vision (employee only vision) benefits for the first six months for the employee out on long-term disability.

G. Life Insurance

Employees covered by this Agreement shall be provided a life insurance plan in the amount equal to a full year's base salary rounded up to the next $1,000, with a minimum amount of $85,000 and a maximum amount of $150,000.

H. Telecommunication Allowance

Employees shall be provided a $100 monthly allowance for cellular service. In addition, a reimbursement of up to $200 for cellular equipment will be provided upon receipt of invoice initially (following appointment to affected classification) and once every two years thereafter, if necessary to replace existing equipment. All purchases shall conform to the approved list of equipment as determined by the Chief of Police. All contracts for cellular service shall be between the provider and the individual.

I. Flexible Spending Account

The City shall administer a Flexible Spending Account (IRS Code Section 125) to provide employees a mechanism by which they may reduce their salary and pay for eligible expenses with pre-tax dollars. The Association agrees that the City will use

what legal means exist to recover costs for claims paid in advance of sufficient employee payroll deduction being made, upon the employee's separation from the City.

J. Take Home Vehicle

Employees in the unit shall be provided with a take home vehicle to facilitate the ability to immediately respond to after-hours emergencies ensuring the safety of, and reducing any further risk to, the community. California law allows the incidental and minimal personal use of City vehicles. Employee use of his/her take home vehicle to transport a family member(s), or other person(s) who is not an employee of the City, that is minimal in nature and consistent with legal restrictions, is permitted.

Article 11 - Retirement Plan and Retiree Health Insurance

A. Extension of Health Insurance Beyond Retirement

Any employee covered by this MOU who retires and has completed 15 years of service with the City or 10 years of service with the City and has reached the age of at least 50 years, or who has been medically retired at any age, shall be entitled to purchase the medical insurance plan in effect at the time. The employee shall pay the City premium group rates for employee and the employee's dependents, at the cost to the former employee, now retiree.

The spouse of an eligible retired unit member may continue to purchase the medical insurance after the death of the retired employee, provided that the spouse was covered under a City insurance plan at the time of the retired employee's death and provided that there has been no break in coverage since the employee's retirement. This eligibility for continued coverage ceases if such spouse remarries.

B. Retiree Health Benefits

1. Employees who previously participated in the Irvine Employees Benefit Trust (IEBT), formerly VEBA, administered by the Irvine Police Association (IPA) shall contribute an amount equal to 3% of the top step police sergeant base salary to the IPA IEBT. Effective the pay period including September 1, 2017,
    a. The City shall contribute on behalf of each employee, an amount equal to 1.25% of each employee's base salary to the IPA IEBT.
    b. The employee shall contribute the difference of the amount listed in Section B1(a) above and 3% of the top step sergeant base salary to the IPA IEBT.

2. All other employees shall contribute an amount equal to 3% of base salary to a Retiree Health Savings (RHS) account. Effective the pay period including September 1, 2017, this 3% contribution amount shall be allocated as follows:

    a. The City shall contribute an amount equal to 1.25% of base salary.
    b. The employee shall contribute an amount equal to 1.75% of base salary.

C. The provisions of section C shall apply to all new employees and to employees, as of February 2, 2002, who elected to waive their rights in the City of Irvine Defined Pension Plan and who elected to transfer to the CalPERS program through the irrevocable election process. All members covered by CalPERS shall no longer be entitled to any benefits past, present or future, provided by the City of Irvine Defined Benefit Pension Plan.

1. The City's contract with CalPERS shall include the following options:
    - 3% at 50 Full Formula for Local Police Safety Members (Cal. Govt. Code Section 21362.2)
    - One Year Final Compensation (Cal. Govt. Code Section 20042)

- Military Service Credit as Public Service (Cal. Govt. Code Section 21024), in which the employee pays the entire cost
- Post Retirement Survivor Allowance (Cal. Govt. Code Sections 21624, 21626 and 21628)
- Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427)
- Fourth Level 1959 Survivor Benefits (Cal. Govt. Code Section 21574).

All employees hired on or after the effective date of the CalPERS contract (February 5, 2002) shall become members of the CalPERS Retirement Program. Employees who promote into IPMA, who had previously elected to waive their rights to the CalPERS program and remained in the City of Irvine Defined Benefit Pension Plan through the irrevocable election process, shall remain in the City of Irvine Defined Benefit Pension Plan and be covered by its provisions as noted in their former MOU.

Once a member of the CalPERS Retirement Program, such participation shall continue until the employee terminates employment with the City for any reason.

2. All "New Members" within the meaning of the California Public Employees Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will be placed in the Sworn Tier 3 Plan; 2.7% at 57.

3. <u>Member Contribution</u>

a. All "New Members" hired by the City on or after January 1, 2013 will pay the full employee contribution, which will be one-half the normal cost rate as determined by CalPERS.

b. For employees who are members of the City's 3% at 50 CalPERS plan, the full nine percent (9%) member contribution will be paid by the member,

through pre-tax payroll deduction. The City has adopted the CalPERS resolution in accordance with IRS Code section 414(h)(2) to ensure that the employee contribution is made on a pre-tax basis.

4. Cost Sharing:

All unit members enrolled in CalPERS who are not new members under PEPRA shall contribute an amount through payroll deductions equal to an additional three percent (3.0%) of compensation earnable as cost sharing of the City's required contribution to CalPERS under Government code section 20516(f). These cost sharing deductions shall be made on a pre-tax basis to the extent allowed under applicable law. These employees are responsible for paying an additional pension contribution of three percent (3%) as cost sharing in accordance with Government Code section 20516(f), for a total employee pension contribution of twelve percent (12%). Effective January 1, 2018, to the extent permitted by law, the parties agree that this additional three percent (3%) shall be considered member contribution per Government Code section 20516.5. However, the City shall be under no obligation to amend its contract with CalPERS in order to ensure that the three percent (3%) is treated as employee contribution.

5. Uniform Evaluation

Sworn officer uniforms will be valued annually and shall be expensed for PERS purposes **(**except for "new members" as defined by PEPRA) on a bi-weekly basis. The uniform valuation amount is $25.47 per pay period.

Article 12 - Police Management Professional Achievement Plan Program

1. An employee will be eligible for a seven percent (7%) Professional Achievement benefit upon completion of a California P.O.S.T. Management course. This benefit shall cease if the employee is not eligible and/or does not apply for his/her P.O.S.T. Management Certificate within two years of being promoted.

2. An employee will be eligible for an additional five percent (5%) Professional Achievement benefit upon completing a two-year P.O.S.T Command College or attaining a Master's Degree in Criminal Justice, Sociology, Public Administration, Business Administration, or a related field from an accredited college or university. The five percent (5%) benefit shall be calculated on a base amount that includes the seven percent (7%) benefit described in Section 1 above.

Article 13 – Administrative Leave

Employees shall not be required to charge accrued paid leave accounts or take leave without pay for an absence of less than four hours for personal reasons. Effective the first full payroll period in January of each year, employees will receive forty (40) hours of Administrative Leave per calendar year. Administrative Leave will be prorated on a monthly basis for Police Management employees appointed into the IPMA unit during the calendar year. Additional Administrative Leave may be approved by the department director or City Manager. Administrative Leave must be used by the end of the calendar year and such hours shall not be accrued from year-to-year or paid off upon termination.

Although an employee will not be required to charge accrued paid leave accounts or take leave without pay for an absence of less than one day, employees who will be absent from work for more than one day, are required to receive approval from the Chief of Police or his/her designee before such leave is taken.

Article 14 – Annual Physical Examination

The City shall reimburse Police Lieutenants and Police Commanders to a maximum of $500 for expenses incurred as a result of an annual physical examination. An annual physical is optional. Expenses eligible for payment by the City health insurance plan shall not be eligible for reimbursement.

Article 15 - Leaves

A. Vacation

Police Commanders and Police Lieutenants shall accrue vacation credits on a monthly basis as follows:

Years of Service	Annual Vacation Credits	Maximum Accrual
1 through 3	120 hours	360 hours
after 3 through 10	160 hours	480 hours
after 10 or more	200 hours	600 hours

"Years of Service" is defined as consecutive, full-time service with the City of Irvine. When an employee earns vacation in excess of the cap on accrual, the employee shall be paid for the vacation during the pay period earned and the employee's base rate of pay. The times during a calendar year at which an employee may take his/her vacation shall be determined by the Chief of Police or his/her designee with due regard for the wishes of the employee and particular regard for the needs of the City.

In the event one or more municipal holidays occur while an employee is on an annual vacation leave, such holidays shall not be charged as vacation leave but rather as holidays.

Employees who terminate employment shall be paid in a lump sum for all accrued vacation leave earned prior to the effective date of termination. Accrued vacation will be cashed out at the final rate of pay, which is base rate plus any Police Management and Professional Achievement Plan incentive pays to the extent that an employee qualifies for the particular incentive pay.

B. Vacation Buyback

On or before the pay period which includes December 15 of each calendar year, an employee may make an irrevocable election to cash out up to forty (40) hours of accrued vacation (in eight hour increments) which will be earned in the following

calendar year at the employee's base rate of pay. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

C. Personal Sick Leave

Employees shall accrue Personal Sick Leave credits at the rate of eight (8) hours per month.

In order to receive compensation while absent on sick leave, the employee shall notify his/her immediate superior or designee two (2) hours prior to the time set for beginning his or her daily duties, or as may be specified by the director of his/her department. When absence is for one workday or more, the employee may be required to file a physician's certificate with the Personnel Officer, stating the nature of the illness.

An employee receiving temporary disability payments under the Workers' Compensation Laws may use a pro-rated amount of accumulated sick leave in order to continue to maintain his/her regular income. Under such circumstances, the employee shall submit any benefit payments from the Workers' Compensation fund to the Finance Officer.

D. Personal Sick Leave Conversion

1. Personal Sick Leave Conversion –Upon honorable separation from service, which includes a disability retirement, a service retirement, or a layoff, a regular employee's sick leave accruals will be converted based on the sick leave conversion schedule shown below:

Years of Service	Conversion Rate
0 through 5	0
5 through 10	33%
10 through 20	50%
20 through 25	80%
25 +	90%

"Years of Service" is defined as consecutive, full-time service with the City of Irvine. Upon separation from the City, the converted value of sick leave accruals will be transferred to the Sick Leave Conversion/Retiree Premium Reimbursement Plan.

2. Upon promotion to an unrepresented sworn position with the City, sick leave over 250 hours will be converted into a Retiree Health Savings Account. Conversion rate is based on years of service as referenced in 1., above.

E. Personal Leave

1. Effective the pay period which includes January 1 of each year employees will receive seventy-two (72) hours of personal leave. Such hours shall not be carried over from year to year. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 72 hours. Regular and probationary employees who commence employment with the City or return from an unpaid leave of absence from the City after January 1 will receive twenty-four (24) hours less Personal Leave for every four (4) months the employee is not on paid status with the City.

2. The employee shall notify his/her immediate or designated supervisor of the use of a Personal Leave day at least 24 hours in advance unless circumstances beyond the employee's control prevent such notification.

F. Bereavement Leave

Employees shall receive up to forty (40) hours per calendar year for absence necessitated by the death of immediate family members. Employees who commence employment with the City or return from an unpaid leave of absence from the City after January 1, will receive eight (8) hours less Bereavement Leave for every three (3) months the employee is not on paid status with the City.

The immediate family shall be defined as the spouse, registered domestic partner, children, parents, brothers, sisters, grandparents, parents-in-law, grandparents in-law or other individuals whose relationship to the employee is that of a dependent or a domestic partner as defined by California Family Code section 297, or a person who stood *in loco parentis* (in place of a parent) to the employee.

Where such death has occurred and upon request of the department director the employee shall furnish satisfactory evidence of such death.

G. Parenthood Leave

A regular employee may be granted a temporary parenthood leave of absence without pay upon approval from the City Manager not to exceed 180 calendar days per year upon presentation of evidence to his/her department director of the birth or adoption of the employee's child. Any such leave will run concurrently with parenthood leave as provided for under the FMLA and CFRA.

H. Military Leave

An employee shall be entitled to such benefits as are provided by law. An employee requesting such military leave, shall present a copy of his/her military orders to his/her department director prior to the beginning of the leave.

All paid leave hours accrued shall be prorated based on the number of hours worked or paid up to 80 hours in a pay period.

Article 16- Holidays and Holiday Pay

The recognized holidays to be observed by the City in each calendar year during the term of this Agreement shall be as follows:

New Year's Day
Martin Luther King, Jr. Day
Washington's Birthday
Memorial Day
Independence Day
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

The City shall determine the actual dates for each of the eleven (11) foregoing holidays. Holidays falling on Sunday shall be observed on the following Monday. Holidays falling on Saturday shall be observed on the preceding Friday unless this, too, is a holiday and then one day sooner. These provisions shall not apply to employees who work on the following holidays which shall be observed on the actual dates: New Year's Day-January 1; Independence Day-July 4; Christmas Eve-December 24; and Christmas Day-December 25.

Employees required to work without regard to Holidays, shall receive a total of 110 hours Holiday compensation each calendar year for all recognized Holidays listed in this

Article. Holiday compensation shall be paid in the pay period of the recognized Holiday. All Holiday compensation will be paid at an employee's hourly base salary or at one and one-half times his/her base rate as described below in this article.
Employees who work a shift on a holiday which has been designated as such by the City shall receive regular compensation consisting of ten (10) hours of pay at his/her normal salary rate plus compensation at one-and one-half times his/her normal rate for hours actually worked.

Employees who do not work on a holiday shall receive pay for such holidays in an amount equal to their base hourly rate of pay times ten (10) hours provided they are in a paid status for all or a portion of both the regularly scheduled workday immediately prior to the holiday and the regularly scheduled workday immediately after the holiday. To the extent the City is permitted by Title 2 California Code of Regulations, section 571(a)(5) to report holiday compensation to CalPERS it will do so.

Any employee who is either on his/her regularly scheduled days off or who has been assigned the day off on any City holiday will receive the ten (10) hours Holiday Pay, plus time and one-half for any hours actually worked. As provided herein, paid status shall include any lawful absence by the employee for sick leave, family sick leave, personal leave, holiday, vacation, and any other paid leave of absence or time taken for compensatory time off.

Article 17 – Plain Clothes Assignments

Employees working in plain-clothes assignments may (with the provision of receipts) receive up to $300 per year in reimbursement for clothing costs.

Article 18 – Education Reimbursement

Regular employees shall be eligible for reimbursement of approved education and professional development expenses to a maximum of $1,300 per calendar year. Up to $500 of the employee's annual professional development fund may be used towards travel, hotel and meal expenses for City-approved conferences, seminars, and/or job-related training. Employees using professional development funds for travel-related purposes shall be subject to all guidelines established by City travel policies and procedures. Up to $250 of the employee's annual professional development funds may be used towards supplementing un-reimbursed expenses for his/her annual physical examination, subject to the provisions of Article 24 of the City's Personnel Rules and Procedures.

Article 19 - City Manager's Award for Employee Achievement

Management may recommend an employee achievement program that will provide financial awards to regular full-time and/or regular part-time City employees.

Article 20 - Hours of Work

The employees' work schedule shall be ten (10) hours per day including briefing and lunch, for four (4) days during their FLSA workweek. Management will determine shift starting times and shift configuration under the 4-10 plan.

Article 21- Promotions

A. Promotion to Police Commander and Deputy Police Chief

Employees meeting the minimum qualifications will have the opportunity to seek promotion to the ranks of Police Commander and Deputy Police Chief as vacancies occur at those ranks. The parties agree that the Chief of Police has the right to make a direct appointment to the classifications of Police Commander and Deputy Police Chief without utilizing a recruitment process.

If there are three candidates who meet the minimum qualifications for Police Commander, the City will fill the vacancy with an internal candidate. For the rank of Deputy Police Chief, the City retains the right to fill that vacancy either with an internal or external (from outside the City) appointment.

Article 22 – Layoff

For purposes of determining layoffs/demotions based on a reduced work force, seniority will be determined by total time as a full-time sworn employee of the Irvine Police Department. All other seniority within the department is based on time in grade by classification.

Article 23 - Completion of Meet and Confer Process

Each of the parties hereto agrees that it has had a full and unrestricted right to make, advance, and discuss all matters properly within the scope of meet-and-confer in accordance with State laws and local ordinances and regulations. Except as otherwise provided herein during the term of this MOU, the parties expressly waive and relinquish the right to meet and confer except by their mutual consent with respect to any subject or matter, whether referred to or covered by this MOU or not, even though each subject or matter may not have been within the knowledge or contemplation of either or both the City and Association at the time they met and conferred or executed this MOU, and even though subjects or matters were proposed and later withdrawn. The express provisions of this MOU constitute the only limitations upon the City's rights to determine, implement**,** supplement, change, modify, or discontinue in whole or in part any term or condition of employment or adopt any policy, rule, regulation or practice as the City deems fit and appropriate, provided, however, that the City shall comply with all federal and State laws relating to employee rights, opportunities, and benefits, except for the requirement to meet and confer with regard to such change, alterations, modifications, or exercise of the reserve powers of this MOU, which right has been expressly waived by the Association.

Article 24 - Concerted Activities

Apart from and in addition to existing legal restrictions upon and remedies for work stoppages, the Association hereby agrees that during the term of this MOU and through the completion of labor negotiations or until either party declares impasse , neither it nor its members or agents, representatives or persons acting in concert with any of them, shall incite, engage or participate in any strike, walkout, slowdown, sick-out or other work stoppage of any nature against the City whatsoever, or wheresoever located, including but not limited to disputes which are related to the subject matter contained in this MOU; disputes which are specifically not subjects of this MOU; disputes between the City and other employee organizations, persons or employees; jurisdictional disputes. In the event of any strike, walkout, slowdown, sick-out or other work stoppage or threat thereof against the City, the Association and its officers will take all steps reasonable within their control to end or avert the same.

Those represented by the Association will not authorize, engage in, encourage, sanction, recognize or assist in any strike, slowdown, walkout, sick-out or other work stoppage against the City or picket in furtherance thereof, or participate in unlawful concerted interference in violation of this provision, or refuse to perform duly assigned services in violation of this provision. It is understood that any person represented by the Association found in violation of this provision will be subject to discipline, including termination, as determined by the City Personnel Officer, according to personnel rules and regulations.

Article 25 - Term

The terms and conditions of the MOU will be effective the date of City Council approval of the Agreement unless otherwise stated in the MOU.

The Agreement shall remain in force and effect until June 30, 2019, and supersedes all other agreements between the parties.

ATTACHMENT II

CITY OF IRVINE – IRVINE POLICE MANAGEMENT ASSOCIATION TRANSITION AGREEMENT FOR PERS BENEFITS

This Transition Agreement ("Agreement") is entered into effective as of July 1, 2001, by and between the City of Irvine ("City") and the Irvine Police Management Association ("IPMA") pursuant to Article XII of the Memorandum of Understanding ("MOU") between the City and the IPMA effective July 1, 2001. This Agreement sets out details for transition from the existing City Sworn Police Defined Benefit Pension Plan ("City DB plan") to the California Public Employees' Retirement System ("PERS") for providing retirement and related benefits to IPMA represented, active City employees ("IPMA employees") as of January 1, 2002.

BACKGROUND FACTS

A. The City and the IPMA have entered into an MOU under which the City will contract with PERS for PERS to provide retirement benefits to IPMA employees instead of the City providing retirement benefits under the City DB plan.

B. The level and type of benefits that will be provided by PERS to IPMA employees are provided in Article XII of the MOU. The specific benefits are governed by PERS rules and regulations.

C. Under the MOU, the provision of benefits by PERS to IPMA employees is contingent upon a number of events, set out below.

AGREEMENT

The City and IPMA agree as follows with respect to the provision of retirement and related benefits by PERS to active City employees who are represented by IPMA:

1. Agreement Is Part of the MOU

   This Agreement is an integral part of the MOU, and is based on the same consideration that supports the MOU.

2. PERS Benefits are Contingent

   The PERS benefits provided in Article XII of the MOU shall be provided to active IPMA employees only upon the occurrence of all of the following events:

   a. The City and PERS shall enter into an agreement that is reasonably satisfactory to the City for PERS to provide such benefits. The City shall make reasonable efforts to enter into such an agreement by January 5, 2002.

   b. The Irvine Police Association shall enter into an agreement with the City that is substantially the same as this Agreement, for its represented employees, prior to any execution of an agreement between the City and PERS.

   c. A sufficient majority of IPMA employees and other qualified employees elect to participate in PERS instead of the City DB plan to provide retirement and related benefits. The election shall be conducted in accordance with PERS rules and the sufficient majority shall be determined in accordance with PERS rules.

   d. If a sufficient majority elects PERS instead of the City DB plan, each existing IPMA-represented employee is given a one time irrevocable option to waive out of the City DB plan and to instead become a member of PERS for his or her retirement and related benefits. Such option shall be exercised at the time and in the manner established by the City in accordance with PERS rules.

   e. The transfer of appropriate plan assets from the City DB plan to PERS is completed pursuant to an agreement between the City and PERS.

3. Effective Date of Change to PERS

   a. The effective date of the PERS retirement plan shall be January 5, 2002, or as soon thereafter as is practical pursuant to an agreement between the City and PERS.

b. No change shall be effective prior to the date that all elections and choices described herein are completed, all necessary or appropriate agreements have been executed with PERS, and all necessary and appropriate actions taken under such agreements.
c. Prior to the effective date of a change to PERS (if any), the terms and conditions of the City DB plan shall govern the benefits of all IPMA-represented employees. Therefore, for example, the City DB plan shall govern the benefits paid and payable to IPMA employees prior to such effective date for events such as: retirement, death, disability and purchase of service.

d. The City shall expeditiously take all reasonable steps to provide for an effective date of January 5, 2002. However the City and IPMA recognize and acknowledge that PERS has authority over the timeline for implementation and may be unable to act as quickly as is preferred by either the City or the IPMA.

4. Benefits And Other Factors May Be Changed In The Future

a. The optional PERS benefits that will be provided to active IPMA employees are provided in Article XII of the MOU, subject to this Agreement and PERS rules.

b. Except to the extent required by law and subject to vested rights acquired by affected employees, the City does not promise that these PERS benefits, or the benefits provided by the City DB plan, will remain unchanged after the end of the current term of the MOU. The IPMA explicitly acknowledges the limitation set out by this section.

c. Subject to vested rights acquired by employees, other factors that may affect benefits paid from the City DB plan and from PERS may also change in the future, including but not limited to the method of plan governance and the investment strategy and results of each of these plans. The IPMA explicitly acknowledges that such factors may change.

5. Elections Required To Join PERS

a. All active employees represented by the IPMA, and other eligible employees pursuant to rules of PERS, including the current active members of the IPA, will

participate in an election to choose (or not choose) PERS instead of the City DB plan.

b. The election shall occur at the time and place and in the manner prescribed by PERS rules and in accordance with the agreement between the City and PERS.

c. If a sufficient majority (as defined by PERS rules) votes to choose PERS to provide retirement and related benefits, then each IPMA-represented employees shall have the right to individually waive out of the City DB plan and instead transfer to PERS. Such choice shall be allowed only once for any current active IPMA-represented employee and his or her choice shall be irrevocable.

d. Any IPMA-represented employee who transfers to PERS shall have his or her retirement and related benefits provided by PERS pursuant to the provisions of Article XII of the MOU. All factors and other elements that are used to determine the amount and form of benefits payable from PERS shall be as provided by PERS, and shall not be governed by the City DB plan.

e. Prior to any election and any individual choice described in section 5,c above, the City will request that PERS take reasonable steps to provide each IPMA-represented employee with generally relevant information concerning PERS. Each IPMA-represented employee has the individual responsibility, however, to obtain all information that is relevant for his or her benefits and for his or her decision in an election or individual choice. The City expressly disclaims all responsibility for any decision in an election or individual choice made by any IPMA-represented employee with respect to participating in PERS or in the City DB plan.

f. Every employee represented by IPMA who is hired by the City on and after the effective date on which retirement and related benefits are provided to IPMA employees from PERS shall automatically participate in PERS for those benefits and shall not be eligible to participate in or receive any benefits from the City DB plan (or any other retirement plan) of the City.

6. Transfer of Assets to PERS from the City DB Plan
    a. If the conditions required for a transfer from the City DB plan to PERS are satisfied, then the City shall direct the Board of Trustees of the City DB plan to transfer all appropriate assets (except as provided below) of the City DB plan directly from the trust of the City DB plan to the appropriate PERS fund. Such transfer shall occur at the time and in the manner set out by agreement between the City and PERS and in accordance with the PERS rules.

    b. Assets shall be retained in the trust fund under the City DB plan in an amount to pay for benefits accrued to date and reasonably projected to be accrued during the relevant plan members' remaining working lifetime for IPMA employees who choose to remain in the City DB plan.

7. Transfer of Liabilities for Benefits to PERS from the City DB plan
    a. If the conditions required for a transfer from the City DB plan to PERS are satisfied, then any responsibility and liability for retirement benefits will be assumed by PERS according to the provisions of the MOU, PERS rules and the agreement between the City and PERS. For employees who elect to participate in PERS, the City DB plan will no longer be liable for any benefits.

    b. Liabilities for benefits shall be retained by the City DB plan for benefits earned by IPMA employees who choose to remain in the City DB plan.

8. Administration of the City DB plan
    a. Prior to a transfer (if any) of any assets or liabilities from the City DB plan to PERS, the City DB plan shall be governed in accordance with the current plan document, trust document and current practices.

    b. The City shall have full responsibility and authority, as Plan Administrator of the City DB plan, to implement any agreement of transfer of assets and benefit liabilities from the City DB plan to PERS.

c. The Board of Trustees under the City DB plan shall be directed by the City to cooperate to the fullest possible extent with the Plan Administrator, the City, and PERS to transfer and to facilitate the transfer of assets of the City DB plan to the appropriate PERS fund.

d. After the transfer (if any) of assets from the City DB plan to PERS has been substantially completed, the City shall amend the City DB plan to reconstitute the Board of Trustees to consist of one or more persons who can most appropriately (in the judgment of the City) act as trustee for the limited amount of assets remaining in the City DB plan. The City shall also amend the City DB plan to limit the role of the Committee under the City DB plan to making disability determinations in the manner that it currently does.

9. Termination of the City DB plan

Subject to the requirements of federal tax law governing qualified retirement plans, when all liabilities for benefits payable under the City DB plan have been paid or provided for (e.g., by transfer of assets and liabilities to PERS and/or by purchase of an annuity contract from a third party), then the City at its sole discretion may terminate and dissolve the City DB plan. On termination and dissolution, any plan assets that are in excess of liabilities shall revert to the City.

10. Miscellaneous

a. The City, as administrator of the City DB plan and contracting employer under any PERS contract, shall have the responsibility and the authority to take all actions reasonable and appropriate to implement this Agreement, including but not limited to interpreting its provisions.

b. To the extent that conflict exists between this Agreement and the MOU, this Agreement shall govern.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date(s) set out below.

IPMA Side Letter Agreement to MOU
Amendment to Holiday Pay
Contract Period: August 11, 2015 – August 10, 2017
Effective August 11, 2015

Effective with City Council Resolution 16-46, modifications were made to the following MOU Article:

HOLIDAY PAY

The amendment to Article XVIII, Holidays and Holiday Pay enacted on June 14, 2016 in the Memorandum of Understanding between the City of Irvine and Irvine Police Management Association for the time period of August 11, 2015 through August 10, 2017, shall be incorporated in the Memorandums of Understanding for the time periods of:

August 11, 2013 through August 10, 2015
August 11, 2011 through August 10, 2013 (amendment to extend the 2009-2011 MOU)
July 1, 2009 through June 30, 2011

Attachment VIII – Disciplinary Appeals Process

The following administrative appeal process is established pursuant to *Government Code* section 3304.5. This procedure shall not apply to disciplinary actions for which unit members already are entitled to receive an appeal hearing pursuant to Article VI of the this MOU for demotion, dismissal, reduction in pay for disciplinary reasons, or suspension without pay. Moreover, this procedure shall not apply to appeals of punitive transfers, i.e. transfers which are imposed as corrective action following alleged misconduct by officers irrespective of whether a transfer will result in a loss of pay. A transfer which is not expressly intended as corrective action shall not be considered a punitive transfer regardless of whether it results in a loss of pay.

This procedure shall only apply to written reprimands, non-punitive transfers which result in a loss of pay, and any other punitive actions (as that term is defined by *Government Code* section 3303).

1. Right to Administrative Appeal

   A. Any unit member who is subjected to punitive action (within the meaning of *Government Code* section 3303) other than one which may be appealed pursuant to Article VI of this MOU.

   B. The member shall not be entitled to appeal a punitive action prior to its imposition.

   C. A unit member who appeals a punitive action under this procedure shall bear his/her own costs in association with the appeal hearing, including but not limited to any and all attorney fees.

2. Notice of Appeal

   A. Within ten (10) calendar days of being notified of a punitive action, the unit member shall notify the Chief of Police in writing of his/her intent to appeal the punitive action.

B. The notice of appeal shall specify the action being appealed and the grounds for the appeal.

C. Failure to timely serve written notification of an appeal shall result in waiver of any right to appeal.

3. Hearing Officer

A. The Chief of Police shall have ten (10) calendar days from receipt of the notice of appeal to appoint a hearing officer who is not embroiled in the controversy, i.e. a person who did not initiate or directly authorize the action in question.

1. The Chief of Police shall have discretion to appoint an employee of the City or a professional hearing officer, mediator or arbitrator to serve as the hearing officer.

2. The Chief of Police shall have discretion to serve as the hearing officer.

B. The hearing officer shall serve in an advisory capacity and shall be responsible for making recommended findings of fact and issuing an advisory decision to the Chief of Police. The Chief of Police may adopt, modify, or reject the hearing officer's recommendations and advisory decision and the Chief's decision shall be final and binding.

C. If the Chief of Police initiated, or directly authorized the punitive action being appealed, then the Personnel Officer of the City shall assume the responsibilities otherwise assigned to the Chief of Police under this procedure.

4. Burden of Proof/Persuasion

A. If the action being appealed does not involve allegations of misconduct (i.e. allegations that the officer has violated one or more federal, state, or local laws, and/or City or Police Department regulations, procedures, or rules), then the

limited purpose of the hearing shall be to provide the officer the opportunity to establish a record of the circumstances surrounding the action. The Department's burden shall be satisfied if the Department establishes that the action was reasonable, even though reasonable persons might disagree about whether the action was the best one under the circumstances.

B. If the action being appealed does involve allegations of misconduct (i.e. allegations that the officer has violated one or more federal, state, or local laws, and/or City or Police Department regulations, procedures, or rules) the Department shall have the burden of proving by a preponderance of the evidence the facts which form the basis for the charge of misconduct and the burden of persuasion that the punitive action was reasonable under the circumstances.

5. Conduct of Hearing

A. The formal rules of evidence do not apply, although the hearing officer shall have discretion to exclude evidence that is incompetent, irrelevant or cumulative, or the presentation of which will otherwise consume undue time.

B. The parties may present opening statements.

C. The parties may present evidence through documents and testimony. Witnesses shall testify under oath. The oath may be administered by the hearing officer.

D. The parties shall only be entitled to confront and cross-examine witnesses if the punitive action involves charges of misconduct.

E. Following the presentation of evidence, if any, the parties may submit oral and/or written closing argument for consideration by the hearing officer.

6. Record of Hearing

If the punitive action involves an allegation of misconduct, then the hearing may be tape-recorded. The cost to receive a transcript of the hearing shall be borne by the party requesting the transcript.

7. Representation

The unit member may be represented by an association representative or attorney of his or her choice at all stages of the proceedings. All costs associated with such representation shall be borne by the unit member.

The Department shall also be entitled to representation at all stages of the proceedings.

8. Decision

A. The hearing officer should issue his/her advisory decision in writing within fifteen (15) calendar days of the submission of the case by the parties for decision. The written decision shall set forth proposed findings of fact and a proposed decision.

B. Within ten (10) calendar days of receipt of the advisory decision, the Chief of Police should serve the parties with written notice of his/her decision adopting, modifying, or rejecting the hearing officer's recommendations and decision.

If the Chief of Police modifies, or rejects the hearing officer's decision, then he or she shall review the entire record prior to making a decision.

The decision shall be served by first class mail, postage pre-paid, upon the unit member as well as his/her attorney or representative, shall be accompanied by an affidavit or certificate of mailing, and shall advise the unit member that the time within which judicial review of the decision may be sought is governed by *Code of Civil Procedure* section 1094.6.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ESTABLISHING A CLASSIFICATION AND COMPENSATION POLICY FOR CONFIDENTIAL EMPLOYEES OF THE CITY OF IRVINE, AND SUPERSEDING RESOLUTION NO. 15-79 EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, revisions have been made to the Classification and Compensation Policy.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE as follows:

SECTION 1. SALARY RANGES

The pay grades of classifications to which confidential employees are assigned shall be as set forth in the Schematic Arrangement of Class Titles and pay grades as shown in Attachment I and be effective the pay period that includes August 11, 2017.

SECTION 2. OTHER COMPENSATION COMPONENTS

Eligible confidential employees shall receive additional compensation benefits as follows:

1. Pension

A. The provisions of this Section 2.1 shall apply to employees, as of June 30, 2003, who elected to decline the CalPERS benefits.

1. The City shall invest an amount equal to 12.448% of each employee's base salary in the City of Irvine Defined Contribution Pension Plan (DCPP). Employees shall become fifty percent (50%) vested in such plan upon completion of the probationary period. Thereafter, such vested interest shall increase at the rate of five percent (5%) for every Plan Year in which the employee completes one-thousand (1000) hours of service. Once the employee has completed five (5) years of service, he/she shall become 100% vested in the retirement plan.

2. The City will deduct an amount equal to 6.552% of each employee's base salary to invest in the City of Irvine DCPP this payroll deduction shall be mandatory fo elected to remain in the City of Irvine DCPP.

3. All employees who elected to remain in the City of Irvine DCPP shall not be entitled to any CalPERS benefits, past, present, or future, as provided under Section 2.1.B of this Resolution. Employees, who elected to remain in the City of Irvine DCPP, shall continue

participation until the employee terminates his/her employment from the City for any reason.

4. The City will utilize retirement plan forfeiture funds to offset the City of Irvine DCPP administration and management costs.

B. The provisions of this Section 2.1.B shall apply to employees, as of June 30, 2003, who elected to waive their rights to the City of Irvine Defined Contribution Pension Plan (DCPP) and who elected to transfer to the CalPERS program.

1. The City's contract with CalPERS shall include the following options:

   a. 2.7% @ 55 Full Formula for Local Miscellaneous Members (Cal. Govt. Code Section 21354.5)

   b. One Year Final Compensation (Cal. Govt. Code Section 20042)

   c. Military Service Credit as Public Service (Govt. Code Section 21024), in which the employee pays the entire cost

   d. Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427)

   e. 4th Level 1959 Survivor Benefits (Govt. Code Section 21574)

   f. Limit Prior Service to Members Employed on Contract Date (Govt. Code Section 20938)

2. All eligible employees hired on or after July 5, 2003, the effective date of the CalPERS contract, shall become members of the CalPERS Retirement Program.

3. All active employees shall be members of CalPERS, unless they elected to decline the CalPERS benefits through the irrevocable election process. All employees covered by CalPERS shall no longer be entitled to any benefits past, present or future, provided under the City of Irvine DCPP referenced in Section 2.1.A above.

4. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

5. The CalPERS vesting schedule will apply (Cal. Govt. Code Section 21060).

6. Employer-Paid Member Contributions and New CalPERS Tiers:
   a. The full eight percent (8%) cost of the CalPERS member contribution will be paid by the employee.

b. Effective April 14, 2012, the City implemented the 2% @ 55 retirement program with the average of the three highest paid consecutive years for all employees hired on or after that date. Employees in the 2% @ 55 plan will pay the full 7% Member Contribution for the entire term of their employment.

c. All "new members" within the meaning of the California Public Employees' Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will become members of the City's Tier 3 plan; 2% at 62 formula for Miscellaneous employees. Employees will pay the full employee contribution, which will be one-half the normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

2. Retiree Health Plan

A. 1. For employees in classifications covered by this Resolution and listed in Section A. of Attachment I, the City shall contribute an amount equal to three percent (3%) of each employee's base salary in a Retiree Health Savings (RHS) account, which shall be administered by the employees covered in this Resolution.

2. For employees in classifications covered by this Resolution and listed in Section B. of Attachment I, the City shall contribute an amount equal to two percent (2%) of each employee's base salary in a Retiree Health Savings (RHS) account, which shall be administered by the employees covered by this Resolution.

B. An employee who has retired from the City and has either attained the age of sixty (60) years or is fifty (50) years old and has completed five (5) years of service with the City shall be entitled to purchase the medical insurance plan in effect at the time of retirement at the City's rates for the employee and the employee's dependents at the cost to the former employee, now retiree.

C. Each representation unit has determined the type of retiree health program in which its members shall participate. In order to ensure that the employees can maximize their benefits, the City agrees to allow employees to remain in the designated type of retiree health program throughout their service with the City, whether or not the employee moves to another representation unit(s). In the event an employee moves to another representation unit, the City will contribute an amount up to the contribution established for the new unit's retiree health plan and the employee will not be eligible to participate in any other non-voluntary health plan offered to City employees. If the City's contribution toward a retiree health plan in the new unit is less than what is required for the employee's designated retiree health plan, the difference will be deducted from the employee's pay.

3. Health Insurance Benefits

The City shall provide the following options to the employees for employee and dependent coverage, with noted exceptions.

A. Indemnity Medical Insurance
The City shall provide the option to employees to enroll in a medical indemnity insurance plan.

B. Indemnity Dental Insurance
The City shall provide the option to employees to enroll in a dental indemnity insurance plan.

C. Health and Dental Maintenance Organizations
The City shall provide the option to employees to enroll in a health maintenance organization and/or a dental maintenance organization.

E. Vision Care Plan
One (1) vision care plan.

F. For employees who choose the PPO medical plan, the total cost to the City for medical, dental, psychological and vision insurance shall not exceed $694.04 per month, per employee, $754.04 per month, per employee plus one (1) dependent or $1,064.31 per month per employee plus family. The medical tier that the employee selects will drive the insurance cap that is applied to the employee's health benefit selections. The cost of the dental enhanced plan, if selected by the employee, shall require employee premium contributions for the amount in excess of the premium for the standard plan.

G. Employees have the option of enrolling themselves and/or their dependents into a no-cost medical plan rather than being subject to the cap as set forth in item F., above. Under the no-cost plan, the City will provide any HMO Medical Plan and any HMO Dental Plan offered by the City, as described in item F., above. Under this option, employees may choose to upgrade from the HMO Dental Plan to the PPO Dental Plan, however the employee will be required to pay the difference in premium between the HMO Dental Plan and the PPO Dental Plan.

Effective January 1, 2015, any increase in the cost of the HMO Medical Plans over the costs in effect December 31, 2014, will be borne as follows: The City will pay 95% of the increased cost, and employees enrolled in HMO Medical Plans will pay the remaining 5% of cost increases in annual premiums. Each year thereafter, the amount paid by employees in prior years will be added to that portion of the increase (five percent 5%) the employees will pay in the current year.

4. Disability Insurance

The City shall provide a long-term disability insurance plan for employees.

5. Life Insurance

A. For employees listed in Section A of Attachment I:
The City shall provide a life insurance policy in the amount equal to a full year's base salary rounded up to the next $1,000 for each employee effective the first month following adoption of this Resolution.

B. For employees listed in Section B of Attachment I:
The City shall provide a life insurance policy in the amount equal to a full year's base salary rounded up to the next $1,000 for each employee effective the first month following adoption of this Resolution.

6. Flexible Spending Account

Employees may use pre-tax dollars to pay for eligible medical and dependent care expenses per Internal Revenue Code Sections 125 and 129. The City will use what legal means exist to recover cost for claims paid in advance of sufficient employee payroll deduction being made upon the employee's separation from the City.

7. Vacation

A. Employees listed in Section A of Attachment I shall accrue vacation credits as follows:

Years of Service	Annual Vacation Credits
1 through 3	80 hours
After 3 through 7	120 hours
After 7 through 10	130 hours
After 10 years or more	160 hours

B. Employees listed in Section B of Attachment I shall accrue vacation credits as follows:

Years of Service	Annual Vacation Credits
1 through 3	120 hours
After 3 through 10	160 hours
After 10 years or more	200 hours

Employees may not accrue more than eighty (80) hours of additional vacation beyond the annual rate at which they are eligible to earn vacation credits. When an employee earns vacation in excess of the maximum accrual, the employee shall be paid for vacation during the pay period earned and at the employee's base rate of pay.

The dates an employee may take his/her vacation shall be determined by the Department Director or the designee with due regard for the wishes of the employee and particular regard for the needs of the City.

In the event one or more municipal holidays falls within an annual vacation leave, such holidays shall not be charged as vacation leave but rather as holidays.

Employees who terminate employment shall be paid in a lump-sum for all accrued but not used vacation leave earned prior to the effective date of termination.

8. Vacation Buyback

On or before the pay period which includes December 15 of each calendar year**,** an employee may make an irrevocable election to cash out up to eighty (80) hours of accrued vacation (in whole hour increments) which will be earned in the following calendar year at the employee's base rate of pay. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

9. Personal Sick Leave

Employees shall accrue personal sick leave credits at the rate of eight (8) hours per month.

Unless unforeseen and extenuating circumstances arise, in order to receive compensation while absent on sick leave, the employee shall notify her/his immediate supervisor or the Personnel Officer prior to or within one (1) hour after the time set for beginning her/his daily duties, or as may be specified by the head of her/his department. When absence is for one workday or more, the employee may be required to file a physician's certificate with the Personnel Officer or designee.

An employee receiving temporary disability payments under the Workers' Compensation laws may use a pro-rated amount of accumulated sick leave in order to continue to maintain her/his regular income. Under such circumstances, the employee shall submit any benefit payments from the Workers' Compensation fund to the Finance Manager. An employee may be required to provide a doctor's release to return to work following an illness or injury resulting in an inability to perform assigned duties.

10. Personal Sick Leave Conversion

Regular employees having less than ten (10) years of consecutive full-time service shall be eligible, if they so desire, each quarter (January 1, April 1, July 1, October 1) to convert unused personal sick leave in excess of one-hundred sixty-eight (168) hours at a ratio of eight (8) hours of vacation for every twenty-four (24) hours of personal sick leave. Employees with at least ten (10) years of full-time consecutive service shall be eligible to convert sick leave in excess of 168 hours at the ratio of eight (8) vacation hours for sixteen (16) sick leave hours. One hundred sixty-eight (168) hours must be accrued and retained prior to converting any excess personal sick leave hours to vacation hours.

Effective the pay period following April 1 of each year, regular full-time employees, whose unused personal sick leave has accumulated to more than 700 hours, must convert those hours in excess of 700 into their respective individual accounts in the Retiree Savings Plan, subject to a maximum conversion of 120 hours of sick leave per employee per year. The conversion of personal sick leave into the RHS account shall occur as follows:

A. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees having less than ten (10) years of consecutive full-time service at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

B. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees with at least ten (10) years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

   Upon separation from the City, regular full-time employees must convert all remaining sick leave hours into their respective individual accounts in the Retiree Health Savings Plan, as follows:

   1. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees having less than ten (10) years of consecutive full-time service at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

   2. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees with at least ten (10) years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

Employees who separate due to termination for cause or resignation/retirement in lieu of termination for cause shall not be eligible to convert their sick leave into the Retiree Health Savings Plan.

11. Personal Leave

Effective the pay period which includes January 1st of each year, employees shall receive a Personal Leave Benefit of seventy-one (71) hours per year. Such leave shall be available for employees to use from the beginning of the first pay period beginning in the calendar year through the end of the last pay period beginning in the calendar year. Such hours shall not accrue from year to year. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 71 hours. Probationary employees who commence employment with the City after January 1 will receive twenty four (24) less Personal Leave hours for every four (4) months the employee is not on paid status with the City.

The employee shall notify his/her immediate supervisor of the use of a Personal Leave day at least 36 hours in advance unless circumstances beyond the employee's control prevent such notification.

12. Administrative Leave

Effective the first pay period beginning in January of each year, employees in Schedule B of Attachment I will receive forty (40) hours of Administrative Leave per calendar year. Administrative Leave will be prorated on a monthly basis for supervisory/administrative employees appointed during the calendar year. Additional Administrative Leave may be approved by the Department Director or City Manager. Administrative Leave must be used by the end of the calendar year. Such hours shall not be accrued from year to year or paid off upon termination. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 40 hours.

13. Bereavement Leave

Employees shall receive up to forty (40) hours for any one instance for absence necessitated by the death of immediate family members. Such credit shall not be accrued from year to year. The immediate family shall be defined as mean father, father-in-law, mother, mother-in-law, step-parent, brother, step-brother, sister, step-sister, wife, husband, registered domestic partner, child, step-child, grandparent, grandparents in-law, grandchild, legal guardian or other individuals whose relationship to the employee is that of a dependent, a domestic partner as defined by California Family Code section 297, or a person who stood *in loco parentis* (in place of a parent) to the employee.

14. Parenthood Leave

A regular employee may be granted a temporary parenthood leave of absence without pay, not to exceed 180 calendar days per year, upon approval from the

City Manager. The employee requesting such leave shall present evidence of the birth or adoption of a child to the employee or spouse to his/her Department Director. The City will comply with all elements of parenthood leave under the Family Medical Leave Act and the California Family Rights Act. Any such leave will run concurrently with parenthood leave as provided for under the FMLA and CFRA.

15. Education Reimbursement/Professional Development

Regular employees shall be eligible for reimbursement of approved education and professional development expenses to a maximum of $1,300 per calendar year. Up to $500 of the employee's annual professional development fund may be used towards travel, expenses for City-approved conferences, seminars, and/or job-related training. Employees using professional development funds for travel-related purposes shall be subject to all guidelines established by City travel policies and procedures. Up to $250 of the employee's annual professional development funds may be used towards supplementing un-reimbursed expenses for his/her annual physical examination, subject to the provisions of Article 24 of the City's Personnel Rules and Procedures.

16. Physical Examination

The City shall reimburse employees in Schedule B of Attachment I up to a maximum of $250 per calendar year for expenses incurred as a result of an annual physical examination, as defined in Article 24 of the City's Personnel Rules and Procedures. Such annual physical is optional. Expenses eligible for payment by the City health insurance plan shall not be eligible for reimbursement.

17. Holidays

The recognized holidays to be observed by the City in each calendar year shall be as follows:

New Year's Day
Martin Luther King Jr. Day
Washington's Birthday
Memorial Day
Independence Day (4th of July)
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

Prior to the beginning of the calendar year, Administrative Services will designate and announce the dates on which the above referenced holidays shall be observed.

Regular full-time employees shall receive nine (9) hours pay for each of these holidays observed on a Monday, Tuesday, Wednesday, or Thursday. Employees shall receive eight (8) hours pay for each of these holidays observed on a regularly scheduled working Friday. Regular full-time employees working an eight (8)-hour, five (5)-day schedule will receive eight (8) hours for each of these holidays. An employee must be paid for all of the regularly scheduled workday immediately prior to a holiday and the regularly scheduled workday immediately after that holiday in order to receive holiday pay.

Holidays falling on Sunday shall be observed on the following Monday. Holidays falling on Saturday shall be observed on the preceding Friday unless this, too, is a holiday and then one day sooner.

Employees assigned to work on authorized holidays shall receive regular holiday compensation and compensation for actual hours worked. At the request of the employee, and within the City's ability to maintain appropriate service levels, such assigned employees may be granted equivalent compensatory time off, in lieu of pay, within the pay period in which the holiday falls. If such time is not taken within the pay period, the employee shall automatically receive regular holiday compensation.

Human Resources may designate alternate dates the City will observe holidays in order to occur in conjunction with the Holiday Leave benefit provided below.

Holiday Leave

Effective in December 2017 and each year thereafter, employees in the unit will not be required to come to work and will be provided with three days of paid leave to be used in the pay period that includes the Christmas Eve, Christmas Day and New Year's Holidays. The dates of the three "Holiday Leave" days will be designated annually by Human Resources. Employees will be provided with three days of paid leave based on the number of hours they are regularly scheduled to work on designated "Holiday Leave" days. Employees must use this leave on the designated days unless directed to work by the Department Director or designee. In cases where the employee is directed to work on such days, the employee will be credited with leave in an amount equivalent to what they would have used had they not been directed to work. In cases where a designated "Holiday Leave" day falls on an employee's regularly scheduled day off, the employee will be credited with leave in an amount equivalent to what they would have used had it been a regularly scheduled work day. Such leave shall have no cash value, and will expire if not utilized within the pay period that includes November 30 of the following year.

Employees wanting to take additional days off in conjunction with the observed Holidays and designated Holiday Leave Days must utilize other accrued leave in accordance with existing rules.

For 2017, the following shall be observed:

Monday 12/25 - Christmas Day Eve
Tuesday 12/26- Christmas Day
Wednesday 12/27- Holiday Leave
Thursday 12/28- Holiday Leave
Friday 12/29- Holiday Leave

For 2018, the following shall be observed:

Monday 12/24-Christmas Eve
Tuesday 12/25-Christmas Day
Wednesday 12/26- Holiday Leave
Thursday 12/27- Holiday Leave
Friday 12/28- Holiday Leave

18. Overtime Compensation

For employees listed in Section A of Attachment I, hours worked or earned in excess of forty (40) hours in each employee's defined FLSA workweek shall be compensated at the rate of one and one-half (1 ½) times the employee's hourly rate when such work is authorized by the Department Director and approved by the City Manager.

19. Compensatory Time

Employees listed in Section A of Attachment I may accumulate a maximum of eighty (80) hours compensatory time in lieu of overtime compensation (see 16 above) on the basis of one and one-half (1 ½) hours compensatory time for one (1) hour of overtime work. The time during which an employee may use accrued compensatory time off is subject to approval by the department head or his/her designee with due regard for the wishes of the employee and the need to provide service. However, an employee wishing to use his/her accrued compensatory time off shall provide the City with reasonable notice of such request. Reasonable notice is defined as at least one week. If reasonable notice is provided, the employee's request may not be denied unless it is unduly disruptive to the department to grant the request. A request to use compensatory time off without reasonable notice may still be granted within the discretion of the supervisor or manager responsible for considering the request.

20. Stand-by Time

Regular full-time employees listed in Section A of Attachment I shall receive two (2) hours base salary for each day he/she is required to be available for non-scheduled work assignments. If a City holiday falls on a weekend, employees on standby will receive an additional two (2) hours standby pay for each of these holidays.

21. Jury Duty and Subpoenas

Every employee of the City who is subpoenaed as a witness for a local, state or federal government shall be entitled to absent herself/himself from her/his duties with the City during the period of such service or while necessarily being present in court as a result of such call or subpoena, and shall receive full compensation.

In order to balance the City of Irvine's interest in maintaining productivity with the interest that employees are able to support our system of justice by serving on juries, paid Jury Duty is limited to a maximum of 80 hours in a calendar year. If an employee, despite reporting the limit to the Court, is required to serve beyond 80 hours he or she can request an exception of the limit on paid Jury Duty Leave by the City Manager.

If an employee is required to be absent from work to report for jury duty, the employee will notify his/her supervisor of the absence as soon as possible, including, a phone message the night before if the employee finds out via a phone recording that he/she must report the next day.

An employee on jury duty must either return to work after the jury service is done for the day if there are still four hours left on his/her shift or call in to his/her supervisor and ask to use leave to cover the rest of his/her shift.

For any additional time taken off before or after jury duty, an employee will be required to utilize paid accrued time subject to supervisor approval.

An employee who is called to jury duty on a non-working day will not receive compensation or be authorized to change their schedule as a result of being called to jury duty.

22. Military Leave

Employees shall be entitled to such benefits as are provided by law. An employee requesting such military leave shall present a copy of her/his military orders to her/his Department Director or the City Manager prior to the beginning of the leave.

23. Industrial Accident Salary Continuance

In the event that it is determined that a regular full-time employee is absent from work as a result of any injury or disease arising solely out of the employment with the City and in no way related to any prior existing condition, the City shall provide up to six months of Industrial Accident Salary Continuance during any two-year period under the following conditions:

A. In the event the employee qualifies for compensation under State law, the employee shall receive the difference between the Workers' Compensation payments and his/her regular salary;

B. The employee shall accrue sick leave and vacation leave during the term of the Industrial Accident Salary Continuance;

C. The employee's condition is not permanent and stationary as determined by the City's appointed physician.

In the event of an on-the-job injury or accident resulting in loss of time beyond that required for immediate medical attention, such employee may be required to be examined by a licensed physician appointed by the City of Irvine.

Any on-the-job injury or accident must be reported to the employee's immediate supervisor within twenty-four (24) hours after said injury or accident. Failure to report said injury or said accident shall be grounds for disciplinary action.

24. Leaves

All paid leave hours accrued shall be prorated based on the number of hours worked or paid up to eighty (80) hours in a pay period.

25. Select Benefits Program

The City will provide a cafeteria-style benefit program for confidential employees to include the following general elements:

A. Enhanced choices among City-offered health benefit plans.

B. Employees not claiming any dependents on their medical, dental, psychological and vision plans shall receive $150 per month. The stipend may be taken as taxable cash.

C. Employees who are able to demonstrate to the City's satisfaction that they have minimum essential coverage as defined by the Affordable Care Act, (through another source other than coverage in the individual market, whether or not obtained through Covered California) may opt out of participation in the City's health plan.

26. Wage and Salary Range Adjustment

A. Effective the pay period that includes September 1, 2017, the salary ranges of the classifications covered by this Resolution shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the salary ranges of the classifications covered by this Resolution shall be increased by two percent (2.0%).

B. Pay progression within a pay grade will be based strictly upon individual performance and summarized in an annual performance appraisal. All

base pay progression within pay grades will be limited to the maximum of a pay grade. Base pay provided according to the following schedule:

Salary Placement in Pay Grade	Performance Level	Pay Increase
Less than Maximum Range	Unsatisfactory or Needs Development	0%
Less than Maximum Range	Accomplished Standards and Above	5% base adjustment, limited to maximum of pay grade
Greater than or Equal to Maximum Range		0%

Annual merit increases will be effective on September 1st of each year and will be prospective from that date.

C. Probationary Merit Reviews

Employees on a probationary employment status effective June 30th of each year will not be eligible to participate in the annual review process until they have successfully completed their probationary period. At the completion of the probationary period, the employee will receive a performance review and merit increase appropriate to the performance review rating. The criteria and rating system for probationary reviews will be the same as those for annual performance reviews.

Following the completion of probation, the employee will be eligible to participate in the annual performance review process the following July. The merit increase granted in the first annual review process following the probationary merit review will be pro-rated to reflect only the time period since the completion of the probationary merit review. All subsequent performance reviews will be according to the same merit schedule as other regular employees. If the probationary appraisal has been completed within the months of May and June, the employee's next review will be part of the appraisal schedule in the following calendar year in July.

27. Bilingual Pay Program

Department Directors shall annually designate which positions will be assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified employees who meet the following criteria shall receive an additional $50.00 per month.

A. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.

B. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

C. Any employee who has been determined as qualified for bilingual pay and who is on any leave of absence for at least one calendar month, exclusive of accrued vacation or compensatory time, will be ineligible for bilingual pay until his/her return to work. Upon his/her return to work, the employee will be reinstated into the bilingual pay program and receive his/her $50 monthly stipend effective the first working day of the new calendar month following her/her return to work. The employee will not be required to perform bilingual interpretation services during any period in which he/she are not receiving the bilingual pay stipend.

D. For positions requiring extensive contact with the public or contractors, bilingual pay will be rotated among employees who are deemed as qualified by the City. The Department Director will have the discretion to determine the number of employees and the sections/units that qualify to participate in a "rotation pool." Rotations will occur every 12 months, effective the first pay period each November. It is the Department Director's sole discretion to determine the order of rotation among the qualified employees. An employee, who has not performed bilingual duties within the rotation for a period of 24 months or longer, must be re-certified by the City in order to receive bilingual pay.

   An employee in a bilingual assignment may request to have the bilingual assignment and corresponding pay removed.

SECTION 3. SEVERANCE

In the event of a lay-off within a designated classification or classification series, the City Manager shall be authorized at his/her discretion to enter into a severance agreement with impacted employees.

SECTION 4. ADMINISTRATION OF COMPENSATION POLICY

The Personnel Officer shall establish procedures for the efficient administration of the compensation policy described in this Resolution.

The City Manager shall approve procedures for movement of an individual employee through salary ranges. Such procedures shall be reviewed annually. All adjustments to the salary ranges contained within this Resolution shall be approved by the City Council.

SECTION 5. EMPLOYEE RESPONSIBILITIES

Since it is the City's policy to recruit highly qualified staff at a competitive total compensation level, the employees shall be responsible for striving to meet the high performance standards established by the City management.

SECTION 6.

The compensation policy provided for by this Resolution shall be operative from and after 12:01 a.m. on the twelfth day of September 2017, unless otherwise stated. All previous resolutions are hereby repealed effective on the operative date of this Resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ESTABLISHING A CLASSIFICATION AND COMPENSATION POLICY FOR MANAGEMENT AND NON-REPRESENTED EMPLOYEES (EXEMPT) OF THE CITY OF IRVINE, AND SUPERSEDING RESOLUTION NO. 15-80 EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, revisions have been made to the Classification and Compensation Policy.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE as follows:

SECTION 1. ANNUAL COMPENSATION FOR MANAGEMENT AND NON-REPRESENTED EMPLOYEES

The pay grades for Management and Non-Represented Employees of the City of Irvine shall be set forth as shown in the applicable salary resolution adopted by the City Council.

SECTION 2. OTHER COMPENSATION COMPONENTS

Eligible exempt Management and Non-Represented employees shall receive additional compensation benefits as follows:

1. Pension:

   A. The provisions of this Section 2.1 shall apply to all employees, as of June 30, 2003, who elected to decline the CalPERS benefits.

      1. The City shall invest an amount equal to 12.448% of each employee's base salary in the City of Irvine Defined Contribution Pension Plan (DCPP) for employees who are actively employed in the unit on or after this Resolution is approved by the City Council. Employees shall become fifty percent (50%) vested in such plan upon completion of the initial six months of employment. Thereafter, such vested interest shall increase at the rate of 5% for every Plan Year in which the employee completes 1000 hours of service. Once the employee has completed five (5) years of service, he/she shall become 100% vested in the retirement plan.

      2. The City will deduct an amount equal to 6.552%of each employee's base salary to invest in the City of Irvine DCPP. It is understood that this payroll deduction shall be mandatory for all employees who elect to remain in the City of Irvine DCPP.

3. All employees who elected to remain in the City of Irvine DCPP shall not be entitled to any CalPERS benefits, past, present or future, as provided under Section 2.1.B of this Resolution. If employees elected to remain in the City of Irvine DCPP, such participation shall continue until the employee terminates their employment from the City for any reason.

4. The City will utilize retirement plan forfeitures to offset the cost of City of Irvine DCPP account management and administrative fees.

B. The provisions of this section B.1 shall apply to employees, as of June 30, 2003, who elected to waive their rights to the City of Irvine Defined Contribution Pension Plan (DCPP) and who elected to transfer to the CalPERS program.

1. The City's contract with CalPERS shall include the following options:

   a. 2.7% @ 55 Full Formula for Local Miscellaneous Members (Cal. Govt. Code Section 21354.5)

   b. One Year Final Compensation (Cal. Govt. Code Section 20042)

   c. Military Service Credit as Public Service (Govt. Code Section 21024), in which the employee pays the entire cost

   d. Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427)

   e. 4th Level 1959 Survivor Benefits (Govt. Code Section 21574)

   f. Limit Prior Service to Members Employed on Contract Date (Govt. Code Section 20938)

2. All eligible employees hired on or after July 5, 2003, the effective date of the CalPERS contract, shall become members of the CalPERS Retirement Program.

3. All active eligible employees shall be members of CalPERS, unless they elected to decline the CalPERS benefits through the irrevocable election process. All employees covered by CalPERS shall no longer be entitled to any benefits past, present or future, provided under the City of Irvine DCPP referenced in Section 2.1.A above.

4. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

5. The CalPERS vesting schedule will apply (Cal. Govt. Code Section 21060).

6. Employer-Paid Member Contributions and New CalPERS Miscellaneous Tiers

   a. The full eight percent (8%) cost of the CalPERS member contributions will be paid by the employee.

   b. Effective April 14, 2012, the City implemented the 2% @ 55 retirement program with the average of the three highest paid consecutive years for all miscellaneous employees hired on or after that date. Employees in the 2% @ 55 plan will pay the full 7% Member Contribution for the entire term of their employment.

   c. All "new members" within the meaning of the California Public Employees Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will be placed in the City's Tier 3 plan; 2% at 62 formula for Miscellaneous employees. Employees will pay the full employee contribution, which will be one-half the normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

C. The Sworn employees listed in Attachment I shall become a member of the CalPERS retirement plan for local safety employees, pursuant to the contract between the City and CalPERS.

   1. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

   2. The CalPERS vesting schedule will apply (Cal. Govt. Code Section 21060).

      For employees who are members of the City's 3% at 50 CalPERS, the full nine percent (9%) member contribution will be paid by the member, through pre-tax payroll deduction.

   3. All "new members" within the meaning of the California Public Employees Pension Reform Act of 2013 hired by the City on or after January 1, 2013, will be placed in the City's Tier 3 plan; 2.7% at 57 for Sworn employees. Employees will pay the full employee contribution, which will be one-half the normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

   4. Employer paid member contributions shall be considered deferred income for federal and state income tax purposes. Should any state or federal agency alter the current income tax treatment of such payments, the consequences of such action shall be the sole responsibility of the affected employees, and shall in no way alter any obligation of the City toward such employees.

2. Retiree Health Plan

   A. The City shall contribute an amount equal to two percent (2%) of each employee's base salary in a Retiree Health Savings (RHS) account, which shall be administered by the employees covered by this Resolution.

   B. An employee who has retired from the City and has either attained the age of sixty (60) years or is fifty (50) years old and has completed five (5) years of service with the City shall be entitled to purchase the medical insurance plan in effect at the time of retirement at the City's rates for the employee and the employee's dependents at the cost to the former employee, now retiree.

   C. The City will allow a spouse of an eligible retired unit member to continue to purchase the medical insurance after the death of the retired employee, provided that the spouse was covered under a City insurance plan at the time of employee's death and provided that there has been no break in coverage since the employee's retirement. This eligibility for continued coverage ceases if such spouse remarries.

   D. Each representation unit has determined the type of retiree health program in which its members shall participate. In order to ensure that the employees can maximize their benefits, the City agrees to allow employees to remain in the designated type of retiree health program throughout their service with the City, whether or not the employee moves to another representation unit(s). In the event an employee moves to another representation unit, the City will contribute an amount up to the contribution established for the new unit's retiree health plan and the employee will not be eligible to participate in any other non-voluntary health plan offered to City employees. If the City's contribution toward a retiree health plan in the new unit is less than what is required for the employee's designated retiree health plan, the difference will be deducted from the employee's pay.

3. Health Insurance Benefits

   A. Indemnity Medical Insurance

      The City shall provide the option to employees to enroll in a medical indemnity insurance plan.

   B. Indemnity Dental Insurance

      The City shall provide the option to employees to enroll in a dental indemnity insurance plan.

   C. Health Maintenance Organizations

The City shall provide the option to employees to enroll in a health maintenance organization and/or a dental maintenance organization.

D. Vision Care Plan

The City shall provide a vision care plan.

E. For employees who choose the PPO medical plan, the total cost to the City for medical, dental, psychological and vision insurance shall not exceed $694.04 per month, per employee, $754.04 per month, per employee plus one (1) dependent or $1,064.31 per month per employee plus family. The medical tier that the employee selects will drive the insurance cap that is applied to the employee's health benefit selections.

F. Employees have the option of enrolling themselves and/or their dependents into a no-cost medical plan rather than being subject to the cap as set forth in item F., above. Under the no-cost plan, the City will provide any HMO Medical Plan and any HMO Dental Plan offered by the City, as described in item F. above. Under this option, employees may choose to upgrade from the HMO Dental Plan to the PPO Dental Plan, however the employee will be required to pay the difference in premium between the HMO Dental Plan and the PPO Dental Plan.

Effective January 1, 2015, any increase in the cost of the HMO Medical Plans over the costs in effect December 31, 2014, will be borne as follows: The City will pay 95% of the increased cost, and employees enrolled in HMO Medical Plans will pay the remaining 5% of cost increases in annual premiums. Each year thereafter, the amount paid by employees in prior years will be added to that portion of the increase (five percent 5%) the employees will pay in the current year.

4. Disability Insurance

The City shall provide a long-term disability insurance plan for employees.

5. Life Insurance

Employees covered by this Resolution shall be provided a life insurance policy in the amount equal to a full year's base salary rounded up to the next $1,000.

6. Flexible Spending Account

Employees may use pre-tax dollars to pay for eligible medical and dependent care expenses per Internal Revenue Code Sections 125 and 129. The City will use what legal means exist to recover cost for claims paid in advance of sufficient employee payroll deduction being made upon the employee's separation from the City.

7. Expense Allowances

A. Vehicle/Vehicle Allowance

Management employees listed in Sections A and B of Attachment I shall be provided a vehicle at City expense or a monthly vehicle allowance. Those classifications listed in Section C of Attachment I shall be provided a monthly vehicle allowance. The City Manager may approve use of a City vehicle or mileage reimbursement for those miles traveled in the employee's vehicle, which exceed the miles covered by the vehicle allowance based on the current mileage rate

.

Classifications in Section A and B	$550
Classifications in Section C	$300

B. Telecommunications Allowance

Employees listed in Sections A, B and C of Attachment I shall be provided a $100.00 monthly allowance for cellular service. In addition, a reimbursement of up to $200 for cellular equipment will be provided upon receipt of invoice initially (following appointment to an affected classification) and once every two years thereafter, if necessary to replace existing equipment. All contracts for cellular service for these employees shall be between the provider and the individual.

8. Vacation

Management and Non-Represented employees shall accrue vacation credits on a monthly basis as follows:

Years of Service	Annual Vacation Credits
1 through 3	120 hours
After 3 through 10	160 hours
After 10 years or more	200 hours

As an incentive for filling critical management and non-represented positions, as part of an offer of employment, the City Manager may grant a vacation balance of one week upon appointment.

Employees may not accrue more than three (3) times their annual accrual rate of vacation. When an employee earns vacation in excess of the maximum accrual, the employee shall be paid for vacation during the pay period earned and at the employee's base rate of pay.

The dates an employee may take her/his vacation shall be determined by the Department Director or the City Manager with due regard for the wishes of the employee and particular regard for the needs of the City. Other policies related to

the accrual and use of vacation shall be as provided in the Personnel Rules and Procedures.

9. Vacation Buyback

On or before the pay period which includes December 15 of each calendar year**,** an employee may make an irrevocable election to cash out up to eighty (80) hours of accrued vacation (in whole hour increments) which will be earned in the following calendar year at the employee's base rate of pay. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

10. Personal Sick Leave

Employees shall accrue personal sick leave credits at the rate of eight (8) hours per month.

Unless unforeseen and extenuating circumstances arise, in order to receive compensation while absent on sick leave, the employee shall notify her/his immediate supervisor or the Personnel Officer prior to or within one (1) hour after the time set for beginning her/his daily duties, or as may be specified by the head of her/his department. When absence is for one workday or more, the employee may be required to file a physician's certificate with the Personnel Officer, stating the cause of absence.

An employee receiving temporary disability payments under the Workers' Compensation laws may use a pro-rated amount of accumulated sick leave in order to continue to maintain her/his regular income. Under such circumstances, the employee shall submit any benefit payments from the Workers' Compensation fund to the Finance Officer.

An employee may be required to provide a doctor's release to return to work following an illness or injury resulting in an inability to perform assigned duties.

11. Personal Sick Leave Conversion

Employees having less than ten (10) years of consecutive full-time service shall be eligible, if they so desire, each quarter (January 1, April 1, July 1, October 1) to convert unused personal sick leave in excess of 168 hours at a ratio of eight (8) hours of vacation for every twenty-four (24) hours of personal sick leave. Employees with at least ten (10) years of full-time consecutive service shall be eligible to convert sick leave in excess of 168 hours at the ratio of eight (8) vacation hours for sixteen (16) sick leave hours. One hundred sixty-eight (168) hours must be accrued and retained prior to converting any excess personal sick leave hours to vacation hours.

Effective the pay period following April 1 of each year, regular full-time employees, whose unused personal sick leave has accumulated to more than 700 hours, must convert those hours in excess of 700 into their respective individual accounts in the Management Retiree Health Savings Plan, subject to a maximum conversion of 120 hours of sick leave per employee per year. The conversion of personal sick leave into the Retiree Health Savings Plan shall occur as follows:

A. The City will convert unused sick leave into the Retiree Health Savings Plan for regular full-time employees having less than ten (10) years of consecutive full-time service at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

B. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees with at least ten (10) years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

Upon separation regular full-time employees must convert all remaining sick leave hours into their respective individual accounts in the Retiree Health Savings Plan as follows:

1. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees having less than ten (10) years of consecutive full-time service at a ratio of three (3) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

2. The City will convert unused personal sick leave into the Retiree Health Savings Plan for regular full-time employees with at least ten (10) years of consecutive full-time service at a ratio of two (2) hours of sick leave to one (1) hour of pay at the employee's current base salary rate.

Employees who separate due to termination for cause or resignation/retirement in lieu of termination for cause shall not be eligible to convert their sick leave into the Retiree Health Savings Plan.

12. Personal Leave

Effective the pay period which includes January 1st of each year, employees shall receive a Personal Leave Benefit of seventy-one (71) hours per year. Such leave shall be available for employees to use from the beginning of the first pay period beginning in the calendar year through the end of the last pay period beginning in the calendar year. Such hours shall not accrue from year to year. This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 71 hours. Probationary employees who commence employment with the City after January 1 will receive twenty four (24) less Personal Leave hours for every four (4) months the employee is not on paid status with the City.

The employee shall notify his/her immediate supervisor of the use of a Personal Leave day at least 36 hours in advance unless circumstances beyond the employee's control prevent such notification.

13. Bereavement Leave

Employees shall receive up to forty (40) hours for any one instance for absence necessitated by the death of immediate family members. Such credit shall not be accrued from year to year. The immediate family shall be defined as mean father, father-in-law, mother, mother-in-law, step-parent, brother, step-brother, sister, step-sister, wife, husband, registered domestic partner, child, step-child**,** grandparent, grandparents in-law, grandchild, legal guardian or other individuals whose relationship to the employee is that of a dependent, a domestic partner as defined by California Family Code section 297, or a person who stood *in loco parentis* (in place of a parent) to the employee.

14. Parenthood Leave

An employee may be granted a temporary parenthood leave of absence without pay, not to exceed 180 calendar days per year, upon approval from the City Manager. The employee requesting such leave shall present evidence of the birth or adoption of a child by the employee or spouse to his/her Department Director. The City will comply with all elements of parenthood leave under the Family Medical Leave Act and the California Family Rights Act. . Any such leave will run concurrently with parenthood leave as provided for under the FMLA and CFRA.

15. Administrative Leave

Effective the first pay period beginning in January of each year, employees in classifications listed in Section A, B, C or D of Attachment I will receive forty (40) hours of Administrative Leave per calendar year. Administrative Leave will be prorated on a monthly basis for management and non-represented employees appointed during the calendar year. Additional Administrative Leave may be approved by the Department Director or City Manager. Administrative Leave must be used by the end of the calendar year. Such hours shall not accrue from year to year or be paid off upon termination. . This leave has no cash value and cannot be cashed out. If, at the end of the calendar year, the employee has any of this leave on the books, with the pay period including January 1, he/she will be provided with whatever amount of leave is necessary to bring his/her bank up to 40 hours.

16. Education/ Reimbursement/Professional Development/Professional Advancement

Employees shall be eligible for reimbursement of approved education or professional development expenses to a maximum of $1,300 per calendar year.

Up to $500 of the employee's annual professional development fund may be used towards travel, expenses for City approved conferences, seminars, job-related training, and/or certified wellness programs for Sworn employees in accordance with Irvine Police Department and City Policy. Employees using professional development funds for travel-related purposes shall be subject to all guidelines established by City travel policies and procedures.

Up to $250 of the employee's annual professional development funds may be used toward supplementing un-reimbursed expenses for his/her annual physical examination, subject to the provisions of Article 24 of the City's Personnel Rules and Procedures.

The sworn employees listed in Attachment I shall be eligible for a twelve percent (12%) Professional Advancement benefit upon attaining a California P.O.S.T. Executive Development Certificate or completion of a FBI National Academy program or completion of a Master's Degree or comparable extended professional management training program.

17. Holidays

The recognized holidays to be observed by the City in each calendar year shall be as follows:

New Year's Day
Martin Luther King Jr. Day
Washington's Birthday
Memorial Day
Independence Day (4th of July)
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

Prior to the beginning of the calendar year, Administrative Services will designate and announce the dates on which the above referenced holidays shall be observed. Human Resources may designate alternate dates the City will observe holidays in order to occur in conjunction with the Holiday Leave benefit provided below.

Full-time employees shall receive nine (9) hours pay for each holiday observed on a Monday, Tuesday, Wednesday, or Thursday. Employees shall receive eight (8) hours pay for each holiday observed on a regularly scheduled working Friday. Regular full-time employees working an eight-hour (8), five-day (5) schedule will receive eight (8) hours for each of these holidays.

Holiday Leave

Effective in December 2017 and each year thereafter, employees in the unit will not be required to come to work and will be provided with three days of paid leave to be used in the pay period that includes the Christmas Eve, Christmas Day and New Year's Holidays. The dates of the three "Holiday Leave" days will be designated annually by Human Resources. Employees will be provided with three days of paid leave based on the number of hours they are regularly scheduled to work on designated "Holiday Leave" days. Employees must use this leave on the designated days unless directed to work by the Department Director or designee. In cases where the employee is directed to work on such days, the employee will be credited with leave in an amount equivalent to what they would have used had they not been directed to work. In cases where a designated "Holiday Leave" day falls on an employee's regularly scheduled day off, the employee will be credited with leave in an amount equivalent to what they would have used had it been a regularly scheduled work day. Such leave shall have no cash value, and will expire if not utilized within the pay period that includes November 30 of the following year.

Employees wanting to take additional days off in conjunction with the observed Holidays and designated Holiday Leave Days must utilize other accrued leave in accordance with existing rules.

For 2017, the following shall be observed:

Monday 12/25 - Christmas Day Eve
Tuesday 12/26- Christmas Day
Wednesday 12/27- Holiday Leave
Thursday 12/28- Holiday Leave
Friday 12/29- Holiday Leave

For 2018, the following shall be observed:

Monday 12/24-Christmas Eve
Tuesday 12/25-Christmas Day
Wednesday 12/26- Holiday Leave
Thursday 12/27- Holiday Leave
Friday 12/28- Holiday Leave

18. Jury Duty and Subpoenas

Every employee of the City who is subpoenaed as a witness for a local, state or federal government shall be entitled to absent herself/himself from her/his duties with the City during the period of such service or while necessarily being present in court as a result of such call or subpoena, and shall receive full compensation.

In order to balance the City of Irvine's interest in maintaining productivity with the interest that employees are able to support our system of justice by serving on

juries, paid Jury Duty is limited to a maximum of 80 hours in a calendar year. If an employee, despite reporting the limit to the Court, is required to serve beyond 80 hours he or she can request an exception of the limit on paid Jury Duty Leave by the City Manager

If an employee is required to be absent from work to report for jury duty, the employee will notify his/her supervisor of the absence as soon as possible, including, a phone message the night before if the employee finds out via a phone recording that he/she must report the next day.

An employee on jury duty must either return to work after the jury service is done for the day if there are still four hours left on his/her shift or call in to his/her supervisor and ask to use leave to cover the rest of his/her shift.

For any additional time taken off before or after jury duty, an employee will be required to utilize paid accrued time subject to supervisor approval.

An employee who is called to jury duty on a non-working day will not receive compensation or be authorized to change their schedule as a result of being called to jury duty.

19. Military Leave

Employees shall be entitled to such benefits as are provided by law. An employee requesting such military leave shall present a copy of her/his military orders to her/his Department Director or the City Manager prior to the beginning of the leave.

20. Physical Examination

The City shall reimburse employees in classifications listed in Sections A, B or C of Attachment I up to a maximum of $350 per calendar year for expenses incurred as a result of an annual physical examination as defined in Article 24 of the City's Personnel Rules and Procedures. The City shall reimburse employees in classifications listed in Section D of Attachment I up to a maximum of $250 per calendar year for expenses incurred as a result of an annual physical examination as defined in Article 24 of the City's Personnel Rules and Procedures. An annual physical is optional. Expenses eligible for payment by the City health insurance plan shall not be eligible for reimbursement.

21. Industrial Accident Salary Continuance

In the event that it is determined that a full-time employee is absent from work as a result of any injury or disease arising solely out of the employment with the City and in no way related to any prior existing condition, the City shall provide up to six (6) months of Industrial Accident Salary Continuance during any two-year period under the following conditions:

A. In the event the employee qualifies for compensation under State law, the employee shall receive the difference between the Workers' Compensation payments and his/her regular salary;

B. The employee shall accrue sick leave or vacation leave during the term of the Industrial Accident Salary Continuance taken;

C. The employee's condition is not permanent and stationary as determined by the City's appointed physician.

For sworn CalPERS members, the City shall follow the provisions of Section 4850 of the California Labor Code when that member is disabled by injury or illness arising out of and in the course of his/her duties.

In the event of an on-the-job injury or accident resulting in loss of time beyond that required for immediate medical attention, such employee may be required to be examined by a licensed physician appointed by the City of Irvine.

Any on-the-job injury or accident must be reported to the employee's immediate supervisor within twenty-four (24) hours after said injury or accident. Failure to report said injury or said accident shall be grounds for disciplinary action.

22. Accrual of Leaves

All paid leave hours accrued shall be prorated based on the number of hours worked or paid up to eighty (80) hours in a pay period.

23. Select Benefits Program

The City will provide a cafeteria-style benefit program for Management and Non-Represented employees to include the following general elements:

A. Enhanced choices among City-offered health benefit plans.

B. Employees not claiming dependents on their health plan shall receive $150 per month. The stipend may be taken as taxable cash.

24. Management Incentive Pay

Management employees in the classifications listed in Sections A, B, and C of Attachment I, shall be eligible to receive 3% Management Incentive Pay above the base salary, in recognition for the unique nature of their work.

25. Bilingual Pay Program

Department Directors shall annually designate which positions will be assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified

employees who meet the following criteria shall receive an additional $50.00 per month.

A. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.

B. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

C. For positions requiring extensive contact with the public or contractors, bilingual pay will be rotated among employees who are deemed as qualified by the City. The Department Director will have the discretion to determine the number of employees and the sections/units that qualify to participate in a "rotation pool." Rotations will occur every 12 months, effective the first pay period each November. It is the Department Director's sole discretion to determine the order of rotation among the qualified employees. An employee who has not performed bilingual duties within the rotation for a period of 24 months or longer must be re-certified by the City in order to receive bilingual pay.

An employee in a bilingual assignment may request to have the bilingual assignment and corresponding pay removed.

SECTION 3. PAY PROGRESSION IN A PAY GRADE

1. Base Pay Progression

Pay progression within a Salary Grade will be based strictly upon individual performance and summarized in an annual performance appraisal. For employees listed in Sections B, C, and D of Attachment I, all base pay progression within pay grades will be limited to the Market Point of a pay grade according to the following schedule:

Salary Placement in Pay Grade	Performance Level	Pay Increase
Less than Maximum Range	Unsatisfactory or Needs Development	0%
Less than Maximum Range	Accomplished Standards	3% base adjustment, limited to Maximum of pay grade

Less than Maximum Range	Excellent	4 ½% base adjustment, limited to Maximum of pay grade
Less than Maximum Range	Outstanding	6% base adjustment, up Maximum of pay grade

Annual merit increases will be effective the payroll period that includes September 1st of each year and will be prospective from that date.

2. Initial Six-Month Merit Reviews

Employees listed in Sections B, C and D of Attachment I who have completed less than six (6) months of service in their Management or Non-Represented classification effective June 30th of each year will not be eligible to participate in the annual review process. At the completion of the initial six months of service in their current classification, the employees in Sections B, C and D of Attachment I will receive a performance review and merit increase appropriate to the performance review rating. The criteria and rating system for six-month reviews will be the same as those for annual performance reviews.

Following the completion of six months of service in their current classifications, the employees in Sections B, C and D of Attachment I will be eligible to participate in the annual performance review process the following July. The merit increase granted in the first annual review process following the initial six (6) month merit review will be prorated to reflect only the time period since the completion of the initial six months of service. All subsequent performance reviews will be according to the same merit schedule as other Management and Non-Represented employees.

SECTION 4. WAGE AND SALARY ADJUSTMENT

Effective the pay period that includes September 1, 2017, the salary ranges of the classifications covered by this Resolution shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the salary ranges of the classifications covered by this Resolution shall be increased by two percent (2.0%).

SECTION 5. MANAGEMENT SPECIALIST

Classifications listed in Section D of Attachment I shall be designated as “Management Specialists” pursuant to the City’s Personnel Rules and Procedures.

SECTION 6. SEVERANCE

In the event of a lay-off within a designated management classification, the City Manager shall be authorized to enter into a severance agreement with the impacted employee.

SECTION 7. EMPLOYEE RESPONSIBILITIES

Since it is the City's policy to recruit highly qualified staff at a competitive total compensation level, the employees shall be responsible for striving to meet the high performance standards established by the City management.

SECTION 8.

The compensation policy provided for by this Resolution shall be operative from and after 12:01 a.m. on the twelfth day of September 2017, unless otherwise stated. All previous resolutions are hereby repealed effective on the operative date of this resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ESTABLISHING A CLASSIFICATION AND COMPENSATION POLICY FOR PART-TIME EMPLOYEES OF THE CITY OF IRVINE, AND SUPERSEDING RESOLUTION NO. 15-81 EFFECTIVE THE PAY PERIOD THAT INCLUDES AUGUST 11, 2017

WHEREAS, the City of Irvine has established a classification and compensation policy for part-time employees.

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. CLASSIFICATION AND PAY STRUCTURE

Part-time classification titles shall be set forth in Attachment I effective August 13, 2015. The minimum and maximum hourly rates for part-time classifications shall be as set forth in the Annual Salary Resolution for all City Employees. Part-time positions with full-time classification titles shall have minimum hourly rates which are the hourly equivalent to the minimum of the salary range for the corresponding full-time classification; the maximum hourly rate for part-time positions with full-time classification titles included in the ICEA unit shall be the hourly equivalent to thirty-eight percent (38%) above the range minimum of the salary range for the corresponding full-time classification; the maximum hourly rate for all other part-time positions with full-time classification titles shall be the hourly equivalent to thirty-seven and a half percent (37.5%) above the range minimum of the salary range for the corresponding full-time classification.

Wage and Salary Range Adjustment

Effective the pay period that includes September 1, 2017, the salary ranges of the classifications covered by this Resolution shall be increased by two percent (2.0%).

Effective the pay period that includes July 1, 2018, the salary ranges of the classifications covered by this Resolution shall be increased by two percent (2.0%).

SECTION 2. PERFORMANCE REVIEW SYSTEM FOR PART-TIME EMPLOYEES

Part-time employees, except for Council Executive Assistants and Crossing Guards, will receive performance reviews and merit adjustments at six (6) months and annually thereafter. Recommended merit adjustments must be based upon written performance evaluations. The following performance rating categories will be used.

For fiscal year 2013-14, merit increases will be effective the pay period that includes September 1, 2013.

Pay Rate in Pay Grade	Performance Rating	Pay Increase
Less than Maximum	Needs Improvement	0%
Less than Maximum	Successful	5% base adjustment, limited to maximum of pay grade
Less than Maximum	Excellent	5% base adjustment, limited to maximum of pay grade
Less than Maximum	Outstanding	5% base adjustment, limited to maximum

SECTION 3. RETIREMENT PLAN

In accordance with the Social Security Act, 26 U.S.C. § 3121(b)(7)(f), part-time employees will be eligible to participate in a qualified retirement plan of the City's choice.

1. 2003 Implementation of CalPERS Option in the City of Irvine (Applicable to part-time employees hired prior to June 30, 2003)

A. PARS I: All part-time employees designated as Regular Part-time and Extended Part-time who work 1,000 hours or more per fiscal year, or an average of 20 hours per week on a regular fiscal year-round basis, and who elected to decline the CalPERS benefits shall be enrolled in the PARS I plan.

1. The PARS I retirement plan shall be provided through participation in the Public Agency Retirement Systems Trust. The plan is in compliance with the Omnibus Reconciliation Act of 1990.
2. Once a member of the PARS I plan, such participation shall continue until the employee terminates employment with the City for any reason.

3. Contribution Rates:
   i. The following employee and employer contribution formulas shall be in effect for the PARS I plan:
   Employee Contribution: 4.3%
   Employer Contribution: 3.2%

B. CalPERS: For all part-time employees designated as Regular Part-time and Extended Part-time who work 1,000 hours or more per fiscal year, or an average of 20 hours per week on a regular fiscal year-round basis, who

elected to waive their rights to the Public Agency Retirement Systems Trust (PARS I) and who elected to transfer to the CalPERS program:

1. The City's contract with CalPERS shall include the following options:
   i. 2.7% @ 55 Full Formula for Local Miscellaneous Members (Cal. Govt. Code Section 21354.5)
   ii. One Year Final Compensation (Cal. Govt. Code Section 20042)
   iii. Military Service Credit as Public Service (Govt. Code Section 21024), in which the employee pays the entire cost
   iv. Improved Non-Industrial Disability Allowance (Cal. Govt. Code Section 21427)
   v. 4th Level 1959 Survivor Benefits (Govt. Code Section 21574)
   vi. Limit Prior Service to Members Employed on Contract Date (Govt. Code Section 20938)
   vii. The CalPERS vesting schedule will apply (Cal. Govt. Code Section 21060).
   viii. All eligible part-time employees shall be members of CalPERS, unless they elected to decline the CalPERS benefits through the irrevocable election process. All employees covered by CalPERS shall no longer be entitled to any benefits past, present or future, provided under the PARS I plan referenced in Section 3.1.A.
   ix. Once a member of the CalPERS plan, such participation shall continue until the employee terminates employment with the City for any reason.

C. PARS II: All part-time employees who were not eligible to enroll in the CalPERS or PARS I plan were enrolled into the City's PARS II Plan.

2. Ongoing Retirement Plan Eligibility (Applicable to part-time employees hired July 1, 2003 and after)

A. PARS II: Part-time employees hired on or after July 1, 2003 who do not qualify for CalPERS membership (are not members of CalPERS from previous employment and or do not work 1,000 hours or more in a fiscal year or an average of 20 hours per week on a regular fiscal year-round basis) shall be enrolled by the City in the Public Agency Retirement Services (PARS II) plan.
   1. Participation in the PARS II plan shall continue until the employee terminates employment or becomes a CalPERS eligible part-time employee for any reason.
   2. Contribution Rates:
      i. The following employee and employer contribution formulas shall be in effect for the PARS II plan:
         Employee Contribution: 4.3%
         Employer Contribution: 3.2%

B. CalPERS:

1. Eligible Employees: All eligible part-time employees hired on or after July 5, 2003, the effective date of the CalPERS contract, shall become members of the CalPERS Retirement Program. Eligible employees include:
   i. Employees appointed to an Extended Part-time position.
   ii. Part-time employees who work 1,000 hours or more in a fiscal year, or an average of 20 hours per week on a regular fiscal year-round basis.
   iii. Part-time employees who are members of CalPERS based on previous employment.
   iv. CalPERS member employees who separate from the City of Irvine and then return to work in the City in a PERS eligible position will be enrolled in their original PERS tier.

2. Contribution Rates:
   i. The full eight percent (8%) cost of the CalPERS member contribution will be paid by the employee.
   ii. Effective April 14, 2012, the City implemented the 2% @ 55 retirement program with the average of the three highest paid consecutive years for new hires. Employees in the 2% @ 55 plan will pay the full 7% Member Contribution for the entire term of their employment.
   iii. Effective January 1, 2013 all "new members" within the meaning of the California Public Employees' Pension Reform Act of 2013 hired by the City will become members of the City's Tier 3 plan; 2% at 62 retirement program with highest average annual pensionable compensation earned during a period of at least 36 consecutive months.
   iv. Employees will pay the full employee contribution, which will be one-half the normal rate as determined by CalPERS and there shall be no employer payment of any of the required employee contribution.

C. Retired Annuitants: Retired annuitants are CalPERS retirees who work part–time and are limited to working 960 or fewer hours in a fiscal year. As retired members of CalPERS, these employees are considered to be participants of a qualified retirement plan and therefore will not be enrolled by the City in any additional retirement plan limited to the guidelines set forth by CalPERS.

SECTION 4. DESIGNATION OF PART-TIME EMPLOYEES

All references to regular part-time employees in this Resolution shall be defined as regular part-time employees who were hired before May 8, 1997 and who retained the designation of a regular employee within the competitive service. All other part-time

employees shall be “at-will” and serve at the pleasure of the appointing authority. Part-time employees appointed to assignments which require a minimum of thirty (30) hours of work per week on a permanent year-round basis shall be called “extended” part-time employees for the purposes of this Resolution.

Regular part-time employees and extended part-time employees will be eligible to receive compensation benefits as identified in SECTION 5 of this Resolution. All part-time employees shall be eligible to receive additional compensation benefits as identified in SECTION 6 of this Resolution.

Council Executive Assistants shall be classified as part-time employees and subject to the provisions of the Resolution of the City Council of the City of Irvine Establishing Administrative Policies and Procedures for Council Executive Assistants. Council Executive Assistants that consistently work an average of 30 hours shall be eligible to receive benefits consistent with EPT benefits.

Crossing Guards are compensated on a daily stipend basis and are not eligible for vacation or holiday benefits. Crossing Guards are paid only for days worked and earn the full daily stipend amount for completing a full daily work shift or half the daily stipend for completing only half of the daily work shift. Crossing Guards hired prior to 1996 shall be paid at the Tier II stipend rate. All other Crossing Guards shall be paid at the Tier I stipend rate. Crossing Guards are eligible to participate in the PARS retirement plan in accordance to Section 3 of this Resolution, in the Medical Insurance program in accordance with Section 5.1. of this Resolution and receive paid sick leave benefits in accordance to Section 5.4 of this Resolution.

SECTION 5. COMPENSATION COMPONENTS FOR REGULAR AND EXTENDED PART-TIME PERSONNEL

Regular part-time employees and extended part-time employees shall receive additional compensation benefits as follows:

1. Medical Insurance:

   A. Health Insurance:

   The City shall provide the option to employees to enroll in an indemnity medical insurance plan or Health Maintenance Organization (HMO).

   B. The total cost to the City for medical insurance coverage for employee only shall not exceed 50% of the monthly premium.

   C. The City shall provide the option to employees, who have enrolled in the HMO plan, to purchase HMO medical insurance for their dependents. The total cost of the additional premium shall be borne by the employee.

D. The City shall provide the option to employees to enroll in a dental Health Maintenance Organization for employees only. The total cost shall be borne by the employee.

2. Vacation:

Regular part-time employees and all other extended part-time employees shall accrue vacation benefits on an annual basis as follows:

Years of Service	Annual Vacation Credits
1 through 3	60 hours
after 3 through 10	90 hours
after 10 years or more	120 hours

Employees may not accrue more than forty (40) hours of additional vacation beyond the annual rate at which they are eligible to earn vacation credits. When an employee earns vacation in excess of the maximum accrual, the employee shall be paid for vacation during the pay period earned and at the employee's base rate of pay.

The time during a calendar year at which an employee may take her/his vacation shall be determined by the Department Director with due regard for the wishes of the employee and particular regard for the needs of the City.

In the event one or more municipal holidays fall within an annual vacation leave, such holidays, if normally scheduled to work, shall not be charged as vacation leave, but rather as holidays.

Regular part-time employees and extended part-time employees who terminate employment shall be paid in a lump sum for all accrued, but not used, vacation leave earned prior to the effective date of termination.

3. Vacation Buyback:

On or before the pay period which includes December 15 of each calendar year**,** an employee may make an irrevocable election to cash out up to twenty (20) hours of accrued vacation (in whole hour increments) which will be earned in the following calendar year at the employee's base rate of pay. The employee will receive cash for the amount of vacation the employee irrevocably elected to cash out in the prior year. Payment will be made by Thanksgiving. However, if the employee's vacation leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out.

4. Paid Sick Leave:

a. Regular part-time employees and all other extended part-time employees shall accrue paid sick leave credits at the rate of six (6) hours per month (2.77 hours per pay period).
b. Part-Time employees and crossing guards who qualify for paid sick leave under AB 1522 shall receive paid sick leave annually in the pay period that includes July 1. Retired annuitants are not eligible to receive paid sick leave benefits under AB 1522. Eligible employees may begin using paid sick leave after 90 days of employment with the City.

    i. Eligible part-time employees shall receive 24 hours of paid sick leave annually. Part-Time employees hired after July 1, will receive a prorated amount of two hours per month. A part-time employee who uses paid sick leave must use a minimum of two hours.
    ii. Crossing guards shall receive the equivalent of three (3) shifts of paid sick leave annually. Crossing guards who are hired after July 1, will receive a prorated amount of one shift for every four months. A crossing guard who uses paid sick leave must use a minimum of one half a stipend.
    iii. Paid sick leave will not be considered hours worked for purposes of overtime calculation. Employees will not receive compensation for unused accrued paid sick leave upon termination, resignation, retirement or other separation from employment from the City.
    iv. If an employee separates from the City and is rehired within one year of the date of separation, previously accrued and unused paid sick leave hours shall be reinstated to the extent required by law. However, if a rehired employee had not met the requisite 90 days of employment to use paid sick leave at the time of separation, the employee must still satisfy the 90 days of employment requirement prior to using paid sick leave.

c. In accordance with California's Paid Sick Leave law, an employee may use accrued paid sick leave for one of the following reasons:

    i. For the employee's own diagnosis, care, or treatment of an existing health condition or preventative care.
    ii. For the diagnosis, care, or treatment of an existing health condition or preventative care for an employee's family member, including: Child (including a biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in loco parentis.), spouse or Registered Domestic Partner, parent (including biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child.), grandparent, grandchild or sibling.
    iii. To obtain any relief or services related to being a victim of domestic violence, sexual assault, or stalking including the following with appropriate certification of the need for such services: A temporary restraining order or restraining order, other injunctive relief to help ensure the health, safety or welfare of themselves or their children, to seek medical attention for injuries caused by domestic violence, sexual assault, or stalking, to obtain

services from a domestic violence shelter, program, or rape crisis center as a result of domestic violence, sexual assault, or stalking, to obtain psychological counseling related to an experience of domestic violence, sexual assault, or stalking, to participate in safety planning and take other actions to increase safety from future domestic violence, sexual assault, or stalking, including temporary or permanent relocation.

An employee shall provide reasonable advance notification of their need to use accrued paid sick leave to their supervisor if the need for paid sick leave use is foreseeable (*e.g.,* doctor's appointment scheduled in advance). If the need for paid sick leave use is unforeseeable, the employee shall provide notice of the need for the leave to his/her supervisor with one (1) hour after the time set for beginning his/her daily duties, or as may be specified by the head of his/her department.

An employee receiving temporary disability payments while in the Workers' Compensation Program may use a pro-rated amount of accumulated leaves to supplement temporary disability payments in order to continue to maintain her/his regular income. Employees must use their accrued sick leave (until this sick leave is exhausted) prior to use of other leaves. Under circumstances in which an employee receives benefits over and above his/her regular income, the employees shall submit the excess amount to the Finance Officer.

An employee may be required to provide a doctor's release to return to work following an illness or injury resulting in an inability to perform assigned duties.

5. Holidays:

The holidays to be observed by the City shall be as follows:

New Year's Day
Martin Luther King Jr. Day
Washington's Birthday
Memorial Day
Independence Day (4th of July)
Labor Day
Veterans Day
Thanksgiving Day
Day after Thanksgiving
Christmas Eve
Christmas Day

Prior to the beginning of the calendar year, Administrative Services will designate and announce the dates on which the above referenced holidays shall be observed. Human Resources may designate alternate dates the City will observe holidays in order to occur in conjunction with the Holiday Leave benefit provided below.

Employees, who are assigned to a 7-day work schedule, as designated by their department, shall observe holidays on the same days as employees who are not assigned to a 7-day work schedule with the following exceptions;

New Year's Day
Independence Day (4th of July)
Christmas Eve
Christmas Day

In this case, employees shall observe the holiday on the actual day of the holiday.

Regular part-time employees and extended part-time employees shall receive up to nine (9) hours of pay for normally scheduled working hours which fall on official City holidays observed on a Monday, Tuesday, Wednesday, or Thursday. Employees shall receive up to eight (8) hours of pay for normally scheduled working hours which fall on official City holidays observed on a Friday. An employee must be paid for all of the regularly scheduled workday immediately prior to a holiday and the regularly scheduled workday immediately after that holiday in order to receive holiday pay.

Holidays falling on Sunday shall be observed on the following Monday. Holidays falling on Saturday shall be observed on the preceding Friday unless this, too, is a holiday and then one day sooner.

Regular part-time employees and extended part-time employees assigned to work on authorized holidays shall receive regular paid holiday compensation and compensation for actual hours worked.

Holiday Leave

Effective in December 2017 and each year thereafter, extended part-time employees in the unit will not be required to come to work and will be provided with three days of paid leave to be used in the pay period that includes the Christmas Eve, Christmas Day and New Year's Holidays. The dates of the three "Holiday Leave" days will be designated annually by Human Resources. Employees will be provided with three days of paid leave based on the number of hours they are regularly scheduled to work on designated "Holiday Leave" days. Employees must use this leave on the designated days unless directed to work by the Department Director or designee. In cases where the employee is directed to work on such days, the employee will be credited with leave in an amount equivalent to what they would have used had they not been directed to work. Such leave shall have no cash value, and will expire if not utilized within the pay period that includes November 30 of the following year.

Extended part-time employees wanting to take additional days off in conjunction with the observed Holidays and designated Holiday Leave Days must utilize other accrued leave in accordance with existing rules.

For 2017, the following shall be observed:

Monday 12/25 - Christmas Day Eve
Tuesday 12/26- Christmas Day
Wednesday 12/27- Holiday Leave
Thursday 12/28- Holiday Leave
Friday 12/29- Holiday Leave

For 2018, the following shall be observed:

Monday 12/24-Christmas Eve
Tuesday 12/25-Christmas Day
Wednesday 12/26- Holiday Leave
Thursday 12/27- Holiday Leave
Friday 12/28- Holiday Leave

6. Jury Duty and Subpoenas

Every employee of the City who is subpoenaed as a witness for a local, state or federal government shall be entitled to absent herself/himself from her/his duties with the City during the period of such service or while necessarily being present in court as a result of such call or subpoena, and shall receive full compensation.

In order to balance the City of Irvine's interest in maintaining productivity with the interest that regular part-time and extended part-time employees of the City are able to support our system of justice by serving on juries, paid Jury Duty is limited to a maximum of 80 hours in a calendar year. If an employee, despite reporting the limit to the Court, is required to serve beyond 80 hours he or she can request an exception of the limit on paid Jury Duty Leave by the City Manager.

If an employee is required to be absent from work to report for jury duty, the employee will notify his/her supervisor of the absence as soon as possible, including, a phone message the night before if the employee finds out via a phone recording that he/she must report the next day.

An employee on jury duty must either return to work after the jury service is done for the day if there are still four hours left on his/her shift or call in to his/her supervisor and ask to use leave to cover the rest of his/her shift.

For any additional time taken off before or after jury duty, an employee will be required to utilize paid accrued time subject to supervisor approval.

An employee who is called to jury duty on a non-working day will not receive compensation or be authorized to change their schedule as a result of being called to jury duty.

SECTION 6. COMPENSATION COMPONENTS APPLICABLE TO ALL PART-TIME PERSONNEL

1. Overtime Compensation:

   Hours worked in excess of forty (40) hours in each employee's defined FLSA workweek shall be compensated at one and one-half time (1-1/2) the employee's hourly rate when authorized by the Department Director and approved by the City Manager. Part-time employees may not accrue any form of compensatory time-off.

2. Bilingual Pay:

   A. Department Directors shall annually designate which positions are assigned bilingual duties and which languages shall be eligible for bilingual pay. Qualified employees who meet the following criteria shall receive an additional $11.54 per pay period. For pay periods where the employee does not receive a paycheck, no bilingual pay will be paid.

   B. An employee must be assigned to speak or translate a language in addition to English as part of their position responsibilities. This includes such specialized communication skills as sign language.

   C. To become qualified, employees must be certified as qualified by the Personnel Officer or designee.

   D. Any employee who has been determined as qualified for bilingual pay and who is on any leave of absence for at least one calendar month, exclusive of accrued vacation or compensatory time, will be ineligible for bilingual pay until his/her return to work. Upon his/her return to work, the employee will be reinstated into the bilingual pay program and receive his/her $25.00 monthly stipend effective the first working day of the new calendar month following his/her return to work. The employee will not be required to perform bilingual interpretation services during any period in which he/she is not receiving the bilingual pay stipend.

   E. For positions requiring extensive contact with the public or contractors, bilingual pay will be rotated among employees who are deemed as qualified by the City. The Department Director will have the discretion to determine the number of employees and the sections/units that qualify to participate in a "rotation pool." Rotations will occur every 12 months, effective the first pay period each November. It is the Department Director's sole discretion to determine the

order of rotation among the qualified employees. An employee, who has not performed bilingual duties within the rotation for a period of 24 months or longer, must be re-certified by the City in order to receive bilingual pay.

An employee in a bilingual assignment may request to have the bilingual assignment and corresponding pay removed.

3. Class B Certification Stipend

A. Employees who are assigned to an eligible assignment and who possess a California Class B Driver's License shall receive an additional $16.15 per pay period. For pay periods where the employee does not receive a paycheck, no Class B Stipend will be paid.

B. The Department Director, with the concurrence of the Personnel Officer, will determine which assignments are eligible for the Class B Certification Stipend, depending on the frequency and regularity of duties that require a California Class B Driver License.

4. Compensation for Employees Assigned to Care for Animals at Home

Employees covered herein who are assigned to care for animals in their home are entitled to compensation for the off-duty hours spent caring, grooming and feeding their animal. The parties acknowledge that the Fair Labor Standards Act, which governs the entitlement to compensation for off duty caring, grooming and feeding of animals, entitles the parties to agree to a reasonable number of hours per week or per month for the performance of such duties. It is the intent of the parties through the provisions of this agreement to fully comply with the requirements of the Fair Labor Standards Act. In addition, both parties believe that this agreement does comply with the requirements of the Fair Labor Standards Act, including, but not limited to Department of Labor regulation 29 CFR section 785.23.

Employees assigned as animal caregivers at home shall be paid $7.25 per hour for such duties and are not permitted to work more than two (2) hours per week on such duties. The $7.25 is intended to comply with the federal minimum wage per the FLSA. If that wage increases, the compensation for such duties will increase to match the federal minimum wage. Since such hours are in addition an employees' regular work hours, if such employees exceed the overtime threshold for the week by the performance of the off-duty animal caregiver duties, employees will be paid at 1.5 times the $7.25 per hour rate, i.e., $10.875 (up to a maximum of two hours per week) for such duties for a total weekly amount of $21.75.

A. Only Community Services employees who are regularly assigned to the Irvine Animal Care Center are eligible for this compensation;
B. The Department Director, with the concurrence of the Personnel Officer, will determine which assignments are eligible for this compensation, depending on the frequency and regularity of these duties.

SECTION 7. ADMINISTRATION OF COMPENSATION POLICY

The Personnel Officer shall establish procedures for the efficient administration of the compensation policy described in this Resolution.

The City Manager shall approve procedures for movement of an individual employee through salary ranges. Such procedures shall be reviewed annually. All adjustments to the salary ranges shall be approved by the City Council.

SECTION 8. EMPLOYEE RESPONSIBILITIES

Since it is the City's policy to recruit highly qualified staff at a competitive total compensation level, the employees shall be responsible for striving to meet the high performance standards established by the City management.

SECTION 9. EFFECTIVE DATE

The compensation policy provided for by this Resolution shall be operative from and after 12:01 a.m. on September 12, 2017, unless otherwise stated. All previous Resolutions are hereby repealed effective on the operative date of this Resolution.

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

The Full-time Position Control Resolution is being updated to reflect approved changes by the City Council in the context of the 2017-18 Budget. The City Manager may exchange positions for those in another classification. When the City Council approves a new position, or the City Manager exchanges a position between updates of the resolution, such a change shall constitute a revision to the City's Full-time Position Control Resolution that shall be reflected in the next update of the resolution.

Revised 9/12/17

PASSED AND ADOPTED by the City Council of the City of Irvine at a regular meeting held on the 12th day of September 2017.

CITY COUNCIL RESOLUTION NO. 17-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRVINE, CALIFORNIA, ESTABLISHING THE SALARY GRADE ORDER STRUCTURE AND SALARY RANGES FOR EMPLOYEES OF THE CITY OF IRVINE, AND SUPERSEDING RESOLUTION NO. 17-46, WHICH IS INCONSISTENT THEREWITH

NOW, THEREFORE, the City Council of the City of Irvine DOES HEREBY RESOLVE as follows:

The salary ranges for all employee classifications in the City of Irvine shall be as set forth below:

SALARY RANGES FOR EMPLOYEE CLASSIFICATIONS

Salary Grade	Class Title	FLSA	Salary Effective Date	Minimum Annual Rate	Maximum Annual Rate	Salary Effective Date	Minimum Annual Rate	Maximum Annual Rate
4			8/26/17	$35,318.40	$55,556.80	6/30/18	$36,025.60	$56,659.20

REQUEST FOR CITY COUNCIL ACTION

MEETING DATE: SEPTEMBER 12, 2017

TITLE: GREEN RIBBON ENVIRONMENTAL COMMITTEE WORK PLAN AND COMMUNITY CHOICE ENERGY STUDY

Assistant City Manager

City Manager

RECOMMENDED ACTION

1. Approve the Green Ribbon Environmental Committee Work Plan.
2. Direct staff to initiate a study to analyze the feasibility of implementing a Community Choice Energy program in Irvine.

EXECUTIVE SUMMARY

The Green Ribbon Environmental Committee (Committee) has prepared a Work Plan for the City Council's approval that outlines the policy focus of the Committee for the next two years, as required in its Bylaws. The Work Plan is provided as an attachment to this staff report for the City Council to consider and approve (Attachment 1).

If the Work Plan is approved by the City Council, the Committee will provide its input on policy strategies for the areas listed in the Work Plan. Several of the items included in the Work Plan relate to work the City is undertaking or has plans to undertake, such as development of a Sustainability Plan for the Orange County Great Park (Great Park) and an update to the City's Energy Plan. Inclusion of these items in the Committee's Work Plan will enable the Committee to provide its perspective on those items to the City Council.

In addition to the approval of the Committee's Work Plan, the Committee recommends that the City Council direct staff to proceed with a Community Choice Energy (CCE) feasibility and implementation study to better understand the risks and benefits of this program. This is consistent with the City's General Plan Energy Element and Energy Plan, both of which call for exploring opportunities to expand residential and commercial use of renewable energy. If authorized to proceed with this study, staff will issue a Request for Proposals for an assessment to address the financial viability of a CCE program and the risks involved with implementing this program. Once the RFP process has been completed, staff will return to the City Council with a consultant recommendation and a request for funds to be appropriated as described in the Financial Impact section.

COMMISSION/BOARD/COMMITTEE RECOMMENDATION

At its meeting on August 15, 2017, the Green Ribbon Environmental Committee approved its Work Plan for City Council consideration, and recommended that the City Council direct staff to initiate a study that would benchmark energy use in the City and analyze the feasibility of implementing CCE in Irvine.

ANALYSIS

In creating the Committee, City Council Resolution No. 12-04 states: "The mission of the Green Ribbon Environmental Committee is to advise the City Council on sustainability policies related to energy, recycling and waste management, mobility, open space and water issues." Resolution No. 12-04 also specifies that the Committee's values shall reflect the interests and needs of the community.

The Resolution further requires that the Committee develop a Work Plan every two years for review and approval by the City Council. The Committee's proposed Work Plan is summarized below and provided for the City Council's consideration as Attachment 1.

The Committee's Work Plan incorporates elements that the Committee views as priorities for the City. If approved by the City Council, the Work Plan will guide the focus of the Committee over the next two years. Implementation of individual elements of the Work Plan will be brought to the City Council for direction as appropriate. Two Work Plan elements – the Energy Plan Update and the Sustainability Plan at the Great Park – cover initiatives to which funds have been allocated. Staff anticipates retaining consultant experts for both of these endeavors. Staff will return to City Council with the results of the consultant's work products for its consideration.

The Community Choice Energy study, which is recommended by the Committee for approval by the City Council whether or not approved as an element in the Work Plan, will require a budget allocation as discussed in the Financial Impact section of this staff report. More information on CCE is provided below and in Attachment 2.

Overview of Committee Work Plan

Each element of the Work Plan falls under one or more areas under the Committee's purview, as identified in Resolution No. 12-04:

1. Energy Plan Update – Sustainability policies related to energy
2. Sustainability at the Great Park – Sustainability policies related to energy; recycling and waste management; open space; and water issues
3. Active Transportation and Mobility – Sustainability policies related to mobility
4. Water Conservation and Management – Sustainability policies related to water issues
5. Urban Forestry and Green Cover – Sustainability policies related to open space

6. Grants and Pilot Programs – all areas
7. Economic Development and Business-Friendly Initiatives – all areas

If this Work Plan is approved by the City Council, the Committee will consider policies that support each of these areas as described in Attachment 1. The Committee assigned the following three Subcommittees to focus on priority policies should the overall Work Plan be approved: Energy Development and Community Choice Energy, Active Transportation and Connectivity, and Green Infrastructure. The Subcommittees are temporary in nature and will operate in the two-year timeframe of the Work Plan.

Community Choice Energy (CCE)

Related to the work the City will be doing to update the Energy Plan, the Committee recommends that the City Council initiate a study to review the feasibility of implementing a Community Choice Energy (CCE) program in Irvine. Several community members also expressed interest during recent Committee meetings in having the City consider the CCE initiative to increase access to renewable energy for residential and commercial electricity customers in Irvine.

CCE, also known as Community Choice Aggregation (CCA), is an initiative that provides an alternative to electricity provided by the utility by allowing local governments to purchase electricity and sell it to residents and businesses at competitive rates. CCE programs are structured to provide local control over energy procurement to the municipality, but are not considered municipal utilities. The investor owned utility (IOU) will continue to provide transmission and distribution services, power line maintenance, and customer billing services. CCE programs operate in partnership with the utility.

CCE programs have successfully offered reduced electricity rates compared to the IOUs, while increasing the amount of renewable energy levels to their customers. They have also been able to generate revenue that can be invested in other energy-related initiatives for the community, such as energy efficiency programs, incentives to promote the use of renewable energy and support for electric vehicle infrastructure. Objectives of CCE programs in other cities have included offering the public choice about where their energy comes from, increased development of renewable energy, economic benefits from workforce development and local job creation, and environmental benefits associated with the transition to renewable energy such as reduced air pollution.

Variables that warrant review when considering a CCE program include the potential for increased utility fees for entities initiating CCE, risks associated with energy procurement and potential changes to the energy industry, and industry attempts to alter legislative requirements for CCE programs.

The City Council's approval is requested to gather the initial data from Southern California Edison (SCE) and release a Request for Proposal (RFP) to conduct an assessment for the City of Irvine to better understand issues surrounding power procurement and risk management. If approved, staff will return to the City Council after

the RFP process for approval of the consultant and appropriation of funds for the study. Staff will subsequently return to the City Council with findings at specified decision points during the study's progression and once the full study has been completed, to discuss implementation options available to the City.

ALTERNATIVES CONSIDERED

The City Council can decide not to approve the Committee Work Plan or provide direction on alternate items for the Committee to consider in its Work Plan. If there are any additional items recommended, staff will work with the Committee on incorporating any alternate items into the Work Plan at its next meeting scheduled for November 21, 2017.

Should City Council not wish to issue an RFP to initiate the study of the CCE program at this time, staff can continue to monitor programs in the region and provide further information to the City Council on lessons learned.

FINANCIAL IMPACT

Staff expects to hire consultant teams to assist with several tasks related to the Work Plan areas recommended by the Committee, as well as ongoing projects: Energy Plan Update, the Sustainability Plan for the Great Park and the CCE study, if approved by the City Council. Approximately $80,000 has already been allocated in the budget for the Energy Plan Update and Sustainability Plan for the Great Park, respectively. Consideration is being given to expanding the scope of work for these projects to ensure the City receives a comprehensive energy study, including a facilities energy audit, and a plan for the Great Park that outlines sustainable development for new sites. A budget adjustment may be required to complete the full scope of work. Staff will have more information once bids are received.

If directed to initiate the CCE study, staff will begin the CCE review process by requesting the City's electricity data from SCE (approximately $2,700 in data request fees). This data will also be used for the update to the Energy Plan. Staff will issue an RFP to retain an expert to review the City's data and assess the feasibility of a CCE program in Irvine. While we are currently estimating between $150,000 and $200,000 for the cost of this work, once we have received bids through the RFP process, the amount will be better defined and staff will return with a consultant recommendation and a request for funding from unallocated General Funds.

REPORT PREPARED BY Sona Coffee, Environmental Programs Administrator

ATTACHMENT

1. Green Ribbon Environmental Committee Work Plan
2. Overview of Community Choice Energy

Green Ribbon Environmental Committee Work Plan

As stated in City Council Resolution No. 12-04: "The mission of the Green Ribbon Environmental Committee is to advise the City Council on sustainability policies related to energy, recycling and waste management, mobility, open space and water issues." The Green Ribbon Environmental Committee (Committee) Bylaws state that a Work Plan shall be developed every two years and presented to the City Council for approval. This Work Plan identifies priority areas for the City of Irvine and is intended to guide the focus of the Committee for the next two years.

The Work Plan identifies policy areas related to the sustainability initiatives below, and identifies Subcommittees to assist with areas of priority. The Subcommittees will operate in the two-year timeframe of the Work Plan and are temporary in nature. The Work Plan is subject to annual review by the Committee. Any additional recommendations will be brought to the City Council for consideration.

Work Plan Items:

1. Energy Plan Update
2. Sustainability at the Great Park
3. Active Transportation and Mobility
4. Water Conservation and Management
5. Urban Forestry and Green Cover
6. Grants and Pilot Programs
7. Economic Development and Business-Friendly Initiatives

Subcommittees:

1. Energy Development and Community Choice Energy
2. Active Transportation and Connectivity
3. Green Infrastructure

The intended scope of work for the Work Plan items is summarized below.

Green Ribbon Environmental Committee Work Plan

1. Energy Plan Update:

An Energy Plan for the City was prepared in 2008. Much has changed since then regarding technology, including energy production. An update to the Energy Plan will review renewable energy opportunities for the City, proposed goals and actionable measures for the City to meet these goals. Staff will update the City's Energy Plan and work with the Committee to incorporate input on policy areas. The Energy Plan itself will be subject to the City Council's approval. Policy areas for the Committee to review include:

- Exploration of Community Choice Energy initiative,
- Goals for use of renewable energy, and
- Support for roll-out of EV infrastructure.

2. *Sustainability at the Great Park*:

A measure passed by Irvine voters in 2010 specified a desire for the Orange County Great Park (Great Park) to incorporate sustainability principles in the following categories: biodiversity, connection to nature, land diversity, air quality, water, well-being, energy, materials, transit-oriented, urban forestry, green building, and monitoring. The Committee will review sustainable initiatives implemented at the Great Park and recommend to the City Council sustainability principles to strategically guide future initiatives.

3. Active Transportation and Mobility:

The Committee identified Active Transportation as an important policy to improve the quality of life and attractiveness of the City, which contributes to creating places of character. The Committee will explore policies that support the City's participation in alternative transportation modes in an effort to reduce emissions and traffic congestion in Irvine including, but not limited to:

- Alternate fuels
- Reduced emission or zero emission vehicles
- Mass transit services
- Carpooling
- Bicycling
- Walking

4. Water Conservation and Management:

Water issues are important to the community, and the Committee identified that this issue will continue to gain importance because of drought conditions and climate change. The Committee is also interested in issues pertaining to use of recycled water in the City and increasing access Citywide as feasible.

5. Urban Forestry and Green Cover:

The Committee will review the City's Urban Forestry practices to understand the City's inspection, maintenance and tree replacement policies and identify any policy recommendations to further clarify or enhance the City's goals. The Committee will focus on policy issues surrounding shade and community-wide tree care.

6. Grants and Pilot Programs:

When looking at grant opportunities across all environmental areas – energy, waste management, mobility, open space, water – the Committee aims to seek out grants that serve policy objectives of the City. Staff will work with the Committee to identify policy objectives that will help set priorities for grant applications and any pilot programs to be proposed to the City Council for its consideration. The Committee may also bring to the City's attention grants and pilot programs that would provide funding to implement energy efficiency and renewable energy technologies, and support efforts to reduce waste generation among other sustainability initiatives.

Below are two policy objectives with examples of funding opportunities that would meet the specified objective.

Seek grants or initiate pilot programs using technology that has the potential to reduce non-renewable peak energy use or that promotes the use of clean fuel:

- Energy Storage Pilot Program: Review funding opportunities for energy storage technology at City facilities and throughout the community.
- EV Charging Infrastructure & EV Pilot Programs: Identify funding opportunities to install EV charging stations at the Civic Center and other public locations citywide, explore the use of electric vehicle car-sharing to promote mobility, and research funding for fleet electrification.
- Renewable Energy: Search for funding opportunities to increase use of renewable energy at City facilities and community wide.

Seek grants or initiate pilot programs to educate youth, residents, and/or businesses on recycling requirements and benefits:

- Food Waste Recycling: City applied for grant funds to provide informational resources to businesses to assist in compliance with mandatory recycling laws and educate businesses about food waste prevention programs.
- Recycling at Local Schools: Engage the School District and explore grant funding to provide recycling containers at local schools to support youth recycling education.

7. Economic Development and Business Friendly Initiatives:

Staff will work with the Committee to develop draft policies that are business-friendly and promote sustainable economic development opportunities for the City. Below is an example of such a policy and the types of initiatives that would fall within it.

Work with the business community to identify environmentally friendly initiatives that reduce the cost of or reliance on energy, or provide other benefits for businesses in Irvine:

- Community Choice Energy (CCE): Research economic development opportunities of CCE to better understand the benefits and incentives to the business community.

<u>Cross-Cutting Initiatives:</u>

The Committee identified several areas that will be considered under each issue area, including exploration of grants and pilot programs, community outreach and education and youth action. These opportunities will be incorporated throughout each of the Work Plan items.

Overview of Community Choice Energy

Community Choice Energy (CCE), also known as Community Choice Aggregation (CCA), is a program that provides local governments with control over the procurement and generation of energy resources for their communities. CCE is an alternative to traditional investor owned utility (IOU) power procurement.

The CCE entity will purchase power, set rates, and collect revenue. The utility will maintain the electricity grid, deliver energy and bill customers. CCEs offer automatic enrollment to businesses and residences in its jurisdiction, with the ability for the customer to opt out and continue to purchase electricity from the utility. Customers will have the option of choosing increased percentages of renewable energy. CCE programs in California generally procure and resell a power mix between 50 percent and 100 percent renewable energy to their customers. Southern California Edison's (SCE) energy mix includes 28 percent renewable energy resources.

Local governments that have created CCE programs have articulated the following goals and potential benefits:

- Potential to reduce electricity rates for commercial and residential customers,
- Local control over energy portfolio,
- Increased procurement of renewable energy (State's renewable portfolio standard (RPS) requires renewable energy resources to comprise 33 percent of total procurement by 2020),
- Environmental and public health benefits associated with increased use of renewable energy, which reduces air pollution,
- Development of new renewable power resources (solar, energy efficiency, combined heat & power, and management of electric vehicle charging),
- Economic benefits from workforce development in local green jobs and associated economic activity,
- Test labs for innovation and integration of clean technology (e.g. battery storage, EV infrastructure),
- Increased public conversation on options, programs, fees and community ownership of renewable resources, and
- Method to address future environmental regulations and State's greenhouse gas reduction targets.

Local governments have the option to join existing CCE programs, partner with other government entities to form a CCE through a Joint Powers Authority, or initiate an individual/single jurisdiction CCE program. A feasibility study and technical analysis will explore the potential benefits and risks associated with participating in CCE, including determining whether this program could generate revenue for the city that can be invested in other energy-related initiatives.

Jurisdictions that formed CCE programs early on have seen the benefits of flexible renewable energy contracts and have been able to offer lower electricity rates with an increase in the amount of renewable energy, but potential CCE programs need to factor in changing variables such as the increased utility fees associated with the Power Charge Indifference Adjustment (PCIA) fee or the Portfolio Allocation Method (PAM) fee. PCIA is an exit fee charged by the utilities to entities that leave the bundled service of the utility for another provider of electricity generation service. As part of the technical analysis, cities can factor in higher PCIA fees and energy costs before launching their CCE program. Newly formed CCEs in San Francisco, San Mateo and Santa Clara Counties included these factors as part of their technical analyses and concluded that their programs could move forward.

CCEs in California

CCE has been operating in California since 2002 following passage of Assembly Bill 117. There are eight operational CCE programs in California, including: Marin Clean Energy (2010), Sonoma Clean Power (2014), Lancaster Choice Energy (2015), CleanPower San Francisco (2016), Peninsula Clean Energy in San Mateo County (2016), Apple Valley Choice Energy (2017), Silicon Valley Clean Energy (2017), and Redwood Coast Energy Authority (2017).

These CCE programs represent nearly 80 cities and counties in California, and generally offer a higher level of renewable energy at rates lower than the utility. A majority of existing CCEs are located in Northern California, but two Southern California programs are operational with several other programs in various stages of review.

Lancaster Choice Energy began serving customers in May 2015. Following the successful program launch, the City of Lancaster and the City of San Jacinto partnered to create the California Choice Energy Authority (CCEA). CCEA is a Joint Powers Authority (JPA) designed to allow other cities in SCE territory participate in CCE programs. The City of Pico Rivera recently joined CCEA. Other Southern California cities that have expressed interest in CCEs by adopting a resolution to participate in a CCE feasibility study include: Hermosa Beach, Manhattan Beach, Santa Monica, Redondo Beach, Torrance, Carson, Beverly Hills, Palos Verdes Estates, Lomita, West Hollywood, Malibu, Rolling Hills Estates, and Culver City. The City of Huntington Beach recently voted to enter a non-disclosure agreement with SCE to obtain customer energy use data to determine the economic viability of a CCE program for the city, a first step to a more complete feasibility analysis.

There are several programs preparing to launch in California including Alameda County, Los Angeles County, Yolo County, and San Jose. San José Clean Energy (SJCE) will be the largest single jurisdiction in California to operate a CCE and is expected to launch in April 2018. The newly formed Los Angeles County Community Choice Energy (LACCE) program is set to launch in January 2018 and is open to other cities joining its JPA Board of Directors.

REQUEST FOR CITY COUNCIL ACTION

MEETING DATE: SEPTEMBER 12, 2017

TITLE: APPROVAL OF PLANS, SPECIFICATIONS AND CONTRACT DOCUMENTS FOR UNIVERSITY DRIVE WIDENING BETWEEN MACARTHUR AND CAMPUS

Director of Public Works

City Manager

RECOMMENDED ACTION

1. Approve the construction plans, specifications and contract documents for the widening of University Drive between MacArthur and Campus, Capital Improvement Project 311306.

2. Approve the Engineer's Estimate, Construction Contingency and Project Funding Summary.

3. Authorize the City Manager to execute the Reimbursement Agreement with Irvine Ranch Water District for installation and adjustment of water facilities within the project area.

4. Authorize staff to solicit competitive bids and award the construction contract to the lowest responsive and responsible bidder, in accordance with the City's purchasing policies and procedures, within the approved project budget.

EXECUTIVE SUMMARY

The proposed widening of University Drive between MacArthur and Campus is one of several traffic capital projects approved by the City Council to address its commitment to traffic management and reducing traffic congestion on major roadways in the City. Plans, specifications and contract documents for the construction phase of the project are complete and ready for City Council approval. These documents are available for public review in the Public Works department.

The proposed work consists of widening University Drive from four to six lanes by adding a new third travel lane in both directions between MacArthur Boulevard and Campus Drive. The project also includes traffic mitigation improvements at the University/Campus intersection conditioned on the Park Place development (located at Jamboree and Michelson). The intersection portion of the improvements are funded by the Park Place developer and incorporated into the proposed project to minimize construction impacts to the public. The construction contract documents also include a

Bid Alternate for work on behalf of Irvine Ranch Water District (IRWD) for new water and sewer facilities to be funded by IRWD and constructed concurrent with the project. Approval of the recommended actions will allow staff to proceed with solicitation of competitive bids for construction and award of a contract to the lowest responsive and responsible bidder, in accordance with the City's purchasing policies and procedures, within the approved project budget.

COMMISSION/BOARD/COMMITTEE RECOMMENDATION

Not applicable.

ANALYSIS

The proposed project will construct additional travel lanes to enhance roadway capacity and address existing and forecasted traffic congestion along University Drive between the MacArthur Boulevard northbound ramps and Campus Drive. The proposed scope of work includes widening the roadway to add a new third travel lane in both directions between MacArthur and Campus, rehabilitation of the existing roadway pavement, new storm water drainage systems, new energy efficient Light Emitting Diode (LED) street lights to be installed by Southern California Edison (SCE), new low-water use irrigation systems and landscaping and upgraded traffic signals with enhanced video detection technology to assist with improved signal timing along the corridor. The project also includes work on IRWD facilities located within the project limits. This work is included as an Alternate Bid item and may be awarded with the construction contract upon approval of the bid prices by IRWD. An agreement (Attachment 2) between the City and IRWD provides for reimbursement to the City for all project costs related to the IRWD facilities.

The construction contract estimate prepared by the consultant design engineer for this project is $13,141,050 for the Base Bid and $449,883 for IRWD's related costs for a total construction contract estimate of $13,590,933. A budget allowance of $500,000 for SCE street light related costs, $1,890,000 for construction engineering (material and equipment testing, inspection services and surveying) and $1,200,000 for construction contingency is recommended, as shown in the Project Funding Summary (Attachment 3). The City's construction contracting policies and procedures limit the award of the construction contract by staff to a maximum of 10 percent over the engineer's estimate. These policies also restrict the use of the construction contingency only for unforeseen circumstances that may arise and are necessary to complete the work within the approved project scope and budget.

Staff is seeking City Council approval to proceed with soliciting competitive bids for construction. A copy of the Notice Inviting Bids, Construction Contract, Plans, Specifications, and the proposed Schedule of Work listing the individual bid items for this project is included as Attachment 4. If approved by the City Council, construction is

anticipated to begin in January 2018 (after the upcoming holiday season) with completion by May 2019.

A construction phasing and detour plan is included with the bid documents to provide prospective bidders with guidance on acceptable lane closure and project phasing requirements. Two lanes of traffic will be maintained in both directions during daytime hours. To facilitate construction activities and to ensure the safety of construction personnel and the public, occasional night work will reduce traffic to one lane in each direction allowing the contractor to place temporary lane restrictions while work is in progress. Bicyclists will have the option to use the adjacent off-street bicycle trail as a detour route throughout the construction period or may elect to share the road with motorists traveling through the construction zone area. Work is proposed to take place primarily Monday through Friday between 7 a.m. and 7 p.m. with night work permitted between the hours of 10 p.m. and 5 a.m.

ENVIRONMENTAL REVIEW

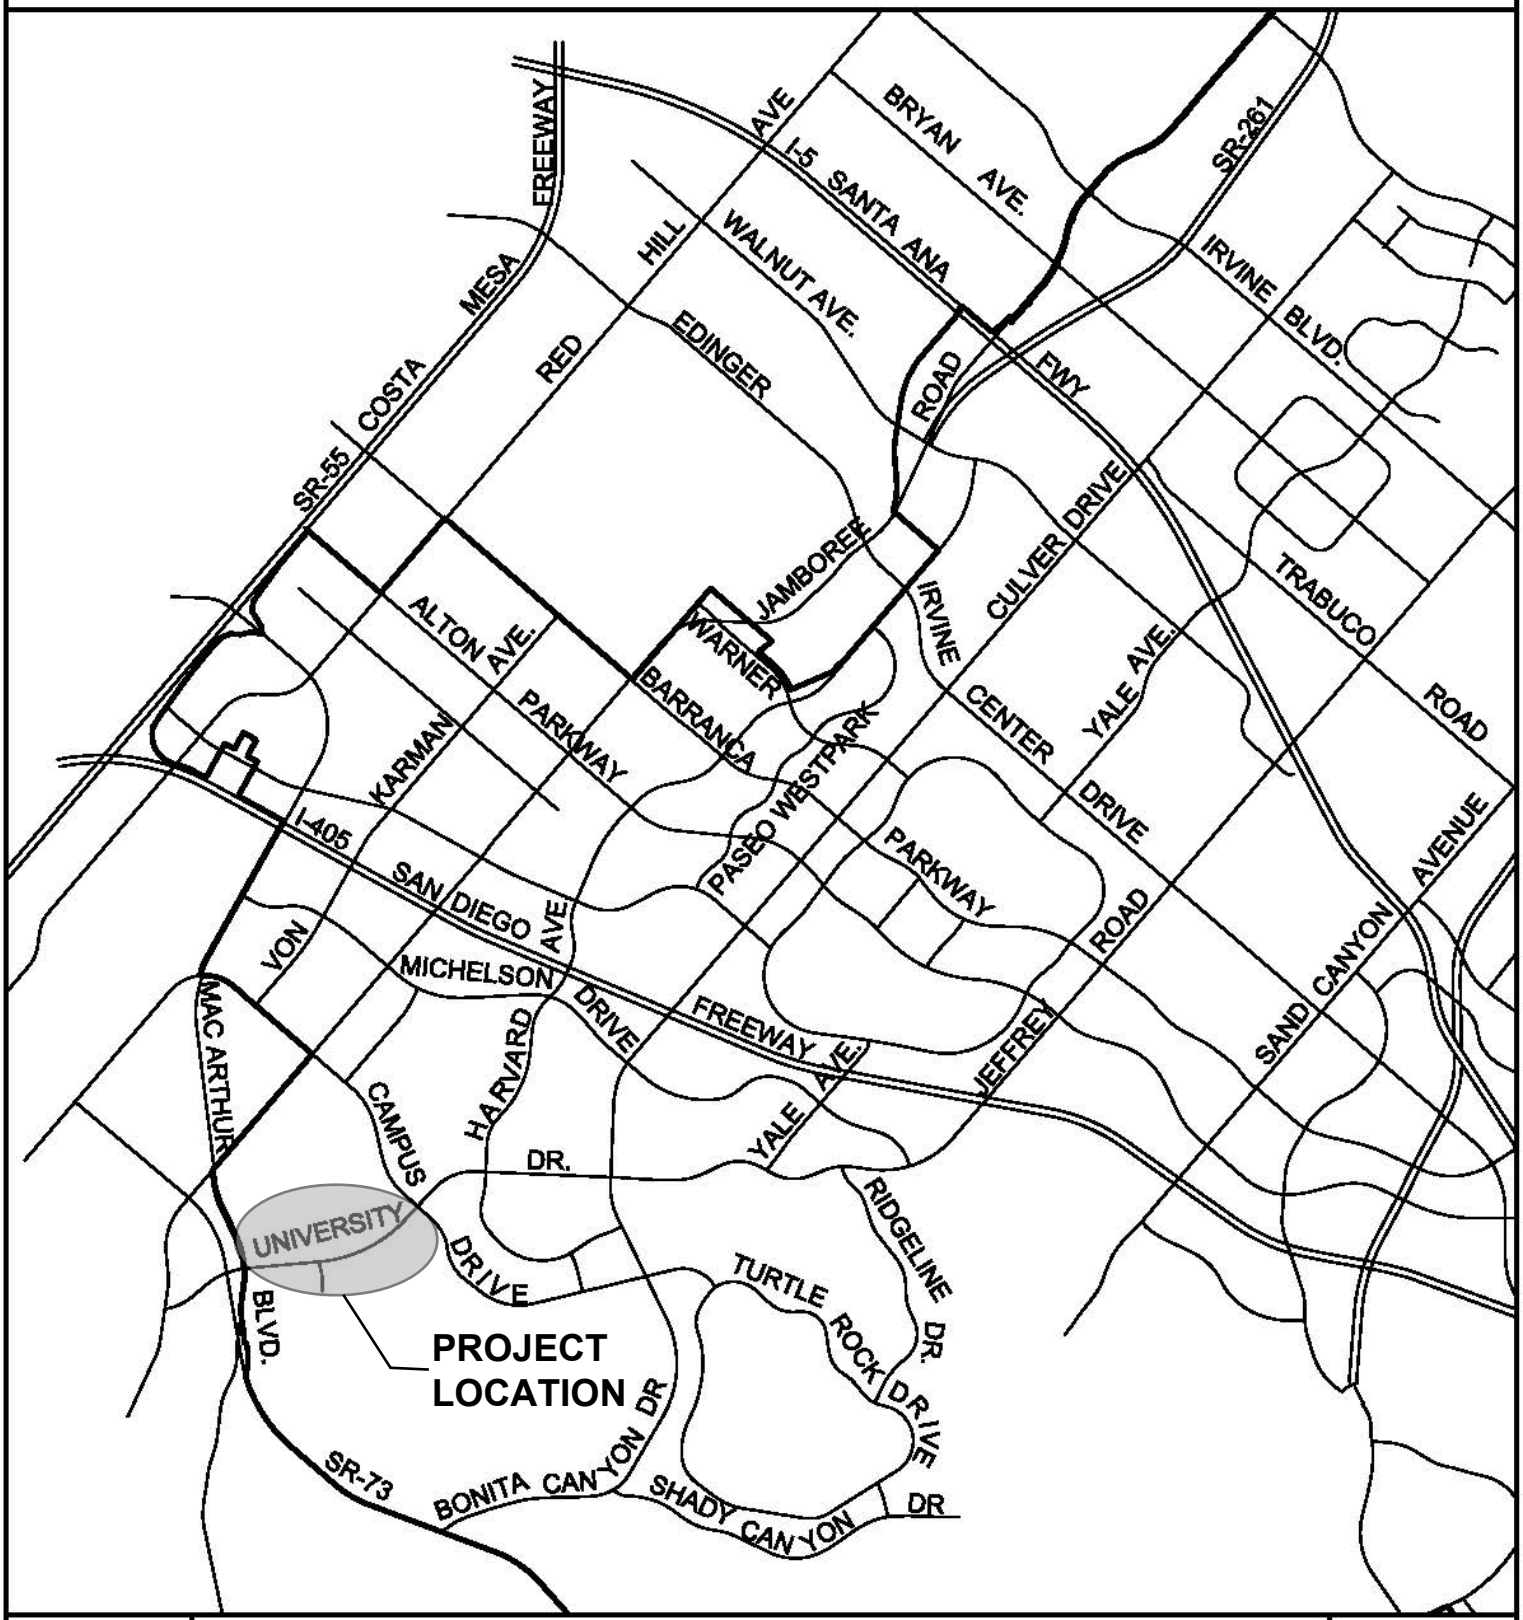
In accordance with the California Environmental Quality Act (CEQA), the City adopted a Mitigated Negative Declaration (MND) for the project on November 12, 2014, and adopted an Addendum to the MND on November 24, 2015. These documents serve as the environmental review for the project, as required pursuant to the provisions of CEQA, the CEQA Guidelines, 14 CCR Section 15000 et. Seq. (CEQA Guidelines), and the City of Irvine procedures for CEQA implementation. All mitigation measures required by the Amended MND have been incorporated in the proposed project construction plans.

ALTERNATIVES CONSIDERED

The City Council could direct staff to defer the widening project to a future date, or may direct staff to modify any of the elements of the proposed scope. The City Council may also approve the construction plans and related documents, authorize staff to solicit competitive bids, and direct staff to bring back the results of the competitive bid process to the City Council for its review and consideration prior to award of the construction contract.

FINANCIAL IMPACT

Project expenditures to date for preparation of the construction plans and contract documents total $2,200,000. The construction contract estimate prepared by the consultant design engineer is $13,141,050 for the Base Bid and $449,883 for the Bid Alternate for a total construction contract estimate of $13,590,933. The recommended budget allowance of $500,000 for street light installation, $1,890,000 for construction engineering and $1,200,000 for construction contingency brings the total estimated cost for the construction phase to $17,180,933. Funding for the construction phase is available in the City Council approved CIP 311306 from a combination of sources including Developer Contributions, Measure M2 grant funds, Systems Development



Charges (SDC) Fees, and IRWD reimbursement funds. A complete funding summary for this project is provided in Attachment 3.

REIMBURSEMENT AGREEMENT BETWEEN
IRVINE RANCH WATER DISTRICT
AND THE CITY OF IRVINE
FOR
RELOCATION AND ADJUSTMENT OF STREET UTILITIES FOR
UNIVERSITY DRIVE WIDENING PROJECT
CIP NO. 311306

This Agreement is made and entered into as of this ____ day of _____, 2017, by and between IRVINE RANCH WATER DISTRICT, a California water district formed and existing pursuant to the California Water District Law, hereinafter referred to as "DISTRICT," and the CITY OF IRVINE, a municipal corporation, hereinafter referred to as "CITY."

W I T N E S S E T H:

WHEREAS, CITY proposes to construct street improvements for the University Drive Widening Project, CIP No. 311306 (the "Project"), within the jurisdictional boundaries of DISTRICT and the City of Irvine; and

WHEREAS, such construction will necessitate the following: excavation and trench safety measures; removal of 9 ea. existing air-vacuum valve assemblies; removal of 4 ea. existing 4" blow offs; removal of 2 ea. existing 8" blow offs; protection of an existing 24" pipe and manual air release; removal of 1 ea. existing fire hydrant, removal of 21 ea. existing cathodic protection test stations; removal of 38 lf. existing 16" CML&C domestic water pipelines; removal, replacement and adjustment to grade of 26 ea. valve cans; removal, replacement and adjustment to grade of 4 ea. valve assemblies; installation of 10 ea. new 2" air release and vacuum valves; installation of 4 ea. new 4" blow off/ bottom drain assemblies; installation of 2 ea. new 8" blow off/ bottom drain assemblies; installation of 1 ea. new traffic rated meter box (sized for 2" meter) with metal lid; installation of 1 ea. new fire hydrant assembly; installation of 21 ea. new cathodic protection stations; construction of 50 lf of new 16" (1/4" thick) CML&C steel domestic water pipeline; installation of 1 ea. new brass plug on an existing saddle; construction of 70 sf of new 6" reinforced PCC pad over 6" of sand; construction of 12 lf of new 6" curb; adjustment to grade 6 ea. IRWD sewer manhole frames and covers; adjustment to grade

ATTACHMENT 2

1 ea. IRWD recycled water manhole frame and cover; removal of 2 ea. existing valves and installation of 2 ea. blind flanges on existing tees; abandonment of 1 ea. existing 6" fire service lateral; removal of 5 ea. existing corp stops and installation of plugs per IRWD W-11; installation and adjustment to grade of 3 ea. new valves; removal of 2 ea. existing manual air releases; removal of 1 ea. existing valve and installation of 1 ea. new flanged spool; Installation of 3 ea. new ball corp stops on existing saddles, as depicted on Exhibit "A" attached hereto incorporated by reference herein (hereinafter referred to as the "IRWD FACILITIES"); and

WHEREAS, the parties have determined that it would be more expedient for CITY to construct the IRWD FACILITIES rather than for DISTRICT to do so; and

WHEREAS, DISTRICT is amenable to the CITY constructing the IRWD FACILITIES with the CITY agreeing to advance the costs; and

WHEREAS, DISTRICT agrees to fully reimburse the CITY through payments billed by the CITY and approved by DISTRICT for the entire cost of the IRWD FACILITIES; and

WHEREAS, except as otherwise provided herein, upon the completion of the IRWD FACILITIES, the IRWD FACILITIES shall become the property of DISTRICT in accordance with the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the mutual promises and covenants hereinafter set forth, the parties hereto agree as follows:

SECTION 1. IRWD FACILITIES. In conjunction with the Project, CITY agrees to initiate and pursue to completion the design and construction of the IRWD FACILITIES.

SECTION 2. PLANS. CITY agrees that the IRWD FACILITIES shall be completed pursuant to approved project plans and specifications (the "Plans and Specifications") which shall be approved by DISTRICT and used in awarding the construction contract. The Plans and Specifications shall be deemed to incorporate the applicable portions of DISTRICT's latest edition of "Construction Manual for the Construction of Water, Sewer, and Reclaimed Water Facilities" (the "Construction Manual"). The IRWD FACILITIES shall be contracted by CITY together with non-reimbursable work to be completed by CITY within the Project pursuant to plans prepared by DISTRICT's design engineer.

SECTION 3. BIDDING AND AWARD. The parties agree that the construction of the IRWD FACILITIES shall be included in CITY's contract(s) awarded for the Project and that the IRWD FACILITIES shall be bid as a separate item or items that can be deleted. During the bidding process, CITY shall deliver to IRWD one (1) complete set of the bid documents that include the IRWD FACILITIES, including all related addenda concurrently with the distribution thereof to prospective bidders. Upon opening of bids by CITY, CITY will submit the bids or a spread sheet summary of the bids to DISTRICT. DISTRICT will have a period of ten (10) calendar days from its receipt of the bid results for review and approval of the IRWD FACILITIES bid item(s) submitted by the bidder identified to DISTRICT by CITY as CITY's proposed successful bidder. CITY agrees that bids received for the construction of the IRWD FACILITIES bid item(s) shall be subject to the approval of DISTRICT prior to award of the Project construction contract(s) that include the IRWD FACILITIES; and further agrees that in the event DISTRICT does not approve such bids, either party may terminate this Agreement upon twenty-four (24) hours' prior written notice, in which event CITY shall have no further obligation to construct the IRWD FACILITIES, and DISTRICT may elect to install the IRWD FACILITIES with its own contractor. If DISTRICT approves of the IRWD FACILITIES bid item(s) of CITY's successful bidder, CITY agrees to cause the IRWD FACILITIES to be constructed as part of the contract awarded to such bidder. The total estimated construction cost for the IRWD FACILITIES is $449,883, provided, however, the amount to be reimbursed by DISTRICT shall be based on the actual costs of construction. Upon award of the construction contract, CITY shall provide DISTRICT with one (1) original copy of the fully executed contract documents and one (1) copy of the bid package relating to the IRWD FACILITIES received from the successful bidder.

SECTION 4. DESIGN REVISIONS AND CHANGE ORDERS. DISTRICT agrees to reimburse CITY for any change order(s) for revision(s) requested by DISTRICT or otherwise required to construct the IRWD FACILITIES. CITY shall promptly furnish DISTRICT with copies of any proposed change order(s) to such contract within five (5) working days of the initiation of the changed conditions to such contract, which shall be subject to DISTRICT approval if and to the extent the IRWD FACILITIES are affected therefrom.

DISTRICT shall promptly review proposed change order(s) and provide CITY with a response within five (5) working days or sooner of receiving proposed change order(s) information from CITY. DISTRICT agrees not to unreasonably cause delay(s) to the construction schedule of the Project in reviewing proposed change order(s) for the IRWD FACILITIES. Notwithstanding any other provision herein, any approval required to be given by the DISTRICT under this

Section shall be deemed given if no response to the CITY's request for such approval is received by the CITY within eight (8) working days following the written request for such approval unless the parties agree otherwise in a writing executed by both parties.

SECTION 5. REIMBURSEMENT. DISTRICT agrees to reimburse CITY for the following costs (collectively, the "Costs"): (1) the actual costs of construction, permits, bonds, and legal fees (excluding the costs of preparation of this Agreement) incurred by CITY in connection with the construction of the IRWD FACILITIES, plus (2) an administration fee which shall be equal to four percent (4%) of the actual cost of construction (costs paid directly to CITY's contractor for construction, only, excluding any cost for design, surveying, geotechnical or other work) of the IRWD FACILITIES and which shall be deemed to cover all costs of project administration, including, but not limited to, accounting, inspection, surveying, compaction testing, geotechnical services and engineering. CITY shall keep a separate accounting of all Costs incurred by CITY in relation to the IRWD FACILITIES.

Within sixty (60) days of DISTRICT's acceptance of the IRWD FACILITIES as provided in Section 8, a final accounting of the Costs shall be made by CITY and submitted to DISTRICT along with an invoice for the Costs and any supporting documentation necessary to show the amounts which represent Costs of IRWD FACILITIES. Amounts paid pursuant to progress payment invoices shall be subject to adjustment in the final accounting. Within thirty (30) days of said final accounting, DISTRICT agrees to pay to CITY the total amount of the Costs.

SECTION 6. LAWS, ORDINANCES, RULES AND REGULATIONS. CITY shall require in its contract for the construction of the IRWD FACILITIES that its contractor be fully informed of and comply with all laws, ordinances, rules and regulations, including, but not limited to, all applicable requirements of the California Labor Code, prevailing wage laws, the Construction Manual, and the Rules and Regulations of DISTRICT, in connection with the construction of the IRWD FACILITIES.

SECTION 7. INSPECTION. DISTRICT shall have sole and absolute discretion as to all aspects of design and construction of the IRWD FACILITIES, and DISTRICT shall be entitled to inspect the construction of IRWD FACILITIES as it deems necessary to assure compliance with the Plans and Specifications, including shop drawing review and material inspection thereof. DISTRICT shall have access to all phases of the Project work to be performed by CITY for the purpose of such inspection; provided, however, all questions regarding the work being

performed will be directed to CITY's resident engineer. DISTRICT will promptly notify CITY of any portion of the work on the IRWD FACILITIES which appears not to conform to the Plans and Specifications. The determination of DISTRICT as to conformity of the IRWD FACILITIES with the Plans and Specifications shall be made in DISTRICT's sole and absolute discretion. DISTRICT agrees not to unreasonably withhold its approval as to such conformity of the IRWD FACILITIES with the Plans and Specifications. CITY shall require its contractor to construct the IRWD FACILITIES so that the IRWD FACILITIES conform to the Plans and Specifications. CITY agrees to assume full responsibility for certifying or obtaining certification of the compaction of backfill material over the IRWD FACILITIES.

SECTION 8. ACCEPTANCE. DISTRICT agrees to accept the IRWD FACILITIES when the IRWD FACILITIES have been completed by CITY in accordance with all requirements of the Plans and Specifications, including any change orders approved by DISTRICT as provided in Section 3 hereof. At the time of completion and acceptance of the IRWD FACILITIES, CITY agrees to furnish DISTRICT with one (1) copy of the contractor's redlined set of blueline "record" drawings (showing all revisions, manufacturer and type of valves, pipe and fittings as required by DISTRICT) and one (1) copy of the compaction reports and certificate, survey notes and cut sheets.

SECTION 9. OWNERSHIP. It is mutually agreed between the parties hereto that notwithstanding the fact that CITY shall accomplish the construction of the IRWD FACILITIES subject to reimbursement, the IRWD FACILITIES to be completed hereunder, together with the necessary franchises, licenses, easements, rights-of-way, and other privileges, shall at all times be subject to the applicable rates, rules and regulations of DISTRICT, as modified or amended from time to time. CITY hereby disclaims any interest in the IRWD FACILITIES and does hereby transfer and assign to DISTRICT any and all right, title, and interest it may have in the IRWD FACILITIES. DISTRICT shall own, operate and maintain the IRWD FACILITIES following acceptance thereof.

SECTION 10. GUARANTEES. CITY will, pursuant to the requirement(s) of the Plans and Specifications, cause its contractor(s) for the IRWD FACILITIES to guarantee the IRWD FACILITIES against defects in workmanship and materials for a period of one (1) year from the date of acceptance by CITY, which acceptance shall be given only after acceptance by DISTRICT as provided in Section 8. It is further agreed that CITY shall cause the IRWD FACILITIES to be brought or restored to full compliance with the requirements of the Plans and Specifications, including any test requirements, for any portions of the IRWD FACILITIES

which during said one (1) year period are found not to be in conformance with the provisions of the Plans and Specifications. This guarantee is in addition to any and all other warranties, express or implied, from CITY's contractors or material manufacturers, with respect to the IRWD FACILITIES. The guarantee and obligations under this section shall in no way be relieved by DISTRICT's inspection and/or acceptance of the IRWD FACILITIES. This section sets forth the entire guarantee and warranty of CITY with respect to the IRWD FACILITIES. The express or implied warranties of other persons with respect to IRWD FACILITIES shall in no way be limited by the guarantee and warranty of CITY contained in this section. If requested by DISTRICT, CITY agrees to assign to DISTRICT the contractor's guarantee and/or any other guarantees or warranties relating to the IRWD FACILITIES.

SECTION 11. INDEMNIFICATION. CITY shall indemnify, defend and hold DISTRICT, its officers, agents, employees, and engineers harmless from any expense, liability or claim for death, injury, loss, damage or expense to persons or property which may arise or is claimed to have arisen during construction of the IRWD FACILITIES as a result of any work or action performed by CITY or on behalf of CITY, save and except to the extent such expense, liability or claim is proximately caused in whole or in part by any act, omission, or negligence of DISTRICT, its officers, agents, employees or engineers or by any act or omission for which DISTRICT, its officers, agents, employees or engineers are liable without fault.

DISTRICT shall indemnify, defend and hold CITY, its officers, agents, and employees, harmless from any expense, liability or claim for death, injury, loss, damage or expense to persons or property which may arise or is claimed to have arisen either (i) as a result of any acts performed by DISTRICT, its officers, agents, or employees, with respect to the IRWD FACILITIES construction; or (ii) following DISTRICT acceptance of the IRWD FACILITIES, with respect to maintenance and operation of the IRWD FACILITIES, save and except to the extent such expense, liability or claim is proximately caused in whole or in part by any negligence of CITY, its officers, agents, employees or engineers, or by any act or omission for which CITY, its officers, agents, employees or engineers are liable without fault.

SECTION 12. INSURANCE AND BONDING. CITY shall cause its contractor(s) to provide performance and payment bonds for the construction of the Project including the IRWD FACILITIES and to obtain insurance coverage sufficiently broad to insure the matters set forth in this Agreement and to include DISTRICT, its officers, agents, employees and engineers, as additional insureds on all insurance policies that CITY requires its contractor(s) to provide. As evidence of such insurance coverage, CITY shall, prior to commencement of construction of the

IRWD FACILITIES, provide DISTRICT with certificates of insurance and insurance endorsements from CITY's contractor(s) in a form acceptable to DISTRICT.

SECTION 13. TERMINATION. DISTRICT shall have the right to terminate this Agreement at any time, subject to the provisions of this section, by providing five (5) business days' prior written notice to CITY, except as noted in Section 3. If at the request or direction of a party other than CITY, the construction of the IRWD FACILITIES is not accomplished or completed, DISTRICT shall remain obligated for the actual amount of the Costs incurred by CITY to the date of termination.

If CITY's Project is canceled or modified so as to eliminate the necessity of the construction of the IRWD FACILITIES, CITY shall have the right to terminate this Agreement and thereby terminate its obligation to construct the IRWD FACILITIES, by providing five (5) business days' prior written notice to DISTRICT. In such case, DISTRICT will not be obligated for any design or any other Costs incurred by CITY. If IRWD elects to construct the IRWD FACILITIES, DISTRICT may, but shall not be obligated to, acquire design or other work from CITY by separate agreement.

SECTION 14. NOTICE. Any notice or other written instrument required or permitted by this Agreement to be given to either party shall be deemed received when personally served or twenty-four (24) hours after being deposited in the U.S. Mail, postage prepaid, registered or certified and addressed as follows:

DISTRICT: Irvine Ranch Water District
15600 Sand Canyon Avenue
P.O. Box 57000
Irvine, CA 92619-7000
Attn: General Manager

CITY: City of Irvine
6427 Oak Canyon, Bldg. 1
Irvine, CA 92618
Attn: Darrell Hartman, Senior Civil Engineer

SECTION 15. SUCCESSORS AND ASSIGNS; INTEGRATION; AMENDMENT. This Agreement shall be binding upon and inure to the benefit of the successor and assigns of CITY and DISTRICT. This Agreement constitutes the entire Agreement between CITY and DISTRICT and supersedes all prior understandings and agreements between the parties with

respect to the subjects hereof. This Agreement may be modified only in writing signed by both parties hereto.

SECTION 16. LEGAL FEES. In the event of any declaratory or other legal or equitable action instituted between CITY and DISTRICT in connection with this Agreement, the prevailing party shall be entitled to recover from the losing party all of its costs and expenses, including court costs and reasonable attorneys' fees.

SECTION 17. DEEMED APPROVAL. Any approval required to be given by either party pursuant to this Agreement shall be deemed given if no response to the party's request for such approval is received by the requesting party within fifteen (15) days following the written request for such approval.

SECTION 18. SEVERABILITY. If any term, provision, covenant or condition of this Agreement is held to be invalid, void or other unenforceable, to any extent, by any court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby, and each term provision, covenant or condition of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

SECTION 19. APPLICABLE LAW. This Agreement shall be construed and enforced in accordance with the laws of the State of California.

SECTION 20. WAIVER. The waiver of any provision of this Agreement by either party shall not be deemed to be a waiver of any other provision or of any preceding or subsequent breach hereunder.

IN WITNESS WHEREOF, the parties to the Agreement have executed this Agreement on the date herein above written.

CITY OF IRVINE, CALIFORNIA
NOTICE INVITING BIDS
Bid No. 18-1304

NOTICE IS HEREBY GIVEN that sealed bids with online bid price submittal will be received by the Purchasing Agent of the City of Irvine, California, for furnishing all labor services, materials, tools, equipment, supplies, transportation, utilities and all other items and facilities necessary therefore, as provided in the contract documents for **University Drive Widening Improvements** together with appurtenances thereto, in strict accordance with the specifications on file at the **Department of Public Works**, 6427 Oak Canyon, Bldg. 1, Irvine, California 92618-5202.

DATE OF OPENING BIDS: **Bid prices for each line item of the Schedule of work must be entered and all other required documents for the bid proposal packet (pages 12, 22-35) must be uploaded to the BidsOnline system in accordance with the instructions beginning on page 20, no later than XX:XX a.m. on Month Date, 20XX at which time bids will be publicly read aloud at 1 Civic Center Plaza, Irvine, California 92606-5207. No late bids will be accepted. No other method of bid submittal will be accepted.**

LOCATION OF THE WORK: The work to be performed hereunder is located in the City of Irvine, County of Orange, on **University Drive from MacArthur Boulevard to Campus Drive.**

DESCRIPTION OF WORK: The work to be performed shall include, but not be limited to:

Traffic control, unclassified excavation, unclassified fill, construction of PCC curb ramps, median curb, curb & gutter, sidewalk, crack sealing, uniform depth cold milling, asphalt base course, asphalt concrete surface course, adjust utility manholes and valves to grade, installation of traffic signs, striping, pavement markings, and raised pavement markers, installation of new traffic signals, traffic signal modifications, SCE coordination and installation of new street light infrastructure, storm drain installation, landscaping, irrigation system, water quality BMPs, and other items not mentioned here, but are required by the Plans and the Special Provisions. The Engineer's construction cost estimate for the project is above $13,140,000.

LICENSE REQUIREMENT: **Prime Contractor must possess a valid Class A license.** At the time of submitting the bid, the Bidder shall be licensed as a contractor in accordance with the provisions of California Business and Professions Code Chapter 9, Division 3. All traffic signal (and/or street lighting) work under this Contract shall be considered specialty in nature. Any Contractor and/or subcontractor proposing to perform this specialty work must possess a valid **Class C-10** license prior to award of contract. Persons performing the work of an electrician shall be certified in accordance with California Labor Code Section 3099. Proof of Certification shall be provided to the City prior to commencement of work.

DEBARRED CONTRACTORS: The City of Irvine Municipal Code Section 2-12-101 *et seq.* sets forth procedures to debar Contractors from bidding or performing work on City of Irvine contracts at any tier, whether prime, subcontractor, etc. Accordingly, certain Contractors have been debarred and are listed on the City's website at

www.cityofirvine.org/purchasing. Click on the link which states: “For a list of Debarred Contractors, please click here.”

COMPLETION OF WORK AND LIQUIDATED DAMAGES: All work shall be completed in a total **Two Hundred Forty (240) Working Days** (excluding plant establishment) and **Three Hundred (300) Working Days** (including plant establishment) from the date specified in the Notice to Proceed. Liquidated damages shall be **Eight Thousand, Two Hundred Thirteen Dollars ($8,213)** per calendar day, for each and every calendar day’s delay in finishing the work, except plant establishment work, in excess of the number of working days prescribed above and liquidated damages shall be **Five Hundred Dollars ($500)** per calendar day, for each and every calendar day’s delay in completing the plant establishment work in excess of the number of working days prescribed above. In no case will liquidated damages be assessed at more than **Eight Thousand, Two Hundred Thirteen Dollars ($8,213)** per calendar day.

AWARD OF CONTRACT: The award of the Contract, if it is awarded, will be to the lowest responsive and responsible Bidder whose bid complies with all the requirements prescribed. The City reserves the right, after opening bids, to reject any or all bids, to waive any informality in a bid, to make awards in the interest of the City, and to reject all other bids.

PROPOSAL GUARANTEE AND BONDS: Each bid shall be accompanied by a scanned copy of a certified or cashier's check or corporate surety bond issued by a surety company, admitted to do business in the State of California, on the form furnished by the City as guarantee that bidder will, if an award is made to him in accordance with the terms of his bid, promptly secure Workers’ Compensation insurance, and liability insurance, execute a contract in the required form, and furnish satisfactory bonds for the faithful performance of the contract (“Performance Bond”) and for the payment of claims of materialmen and laborers thereunder (“Payment Bond”). Said check or bidder's bond shall be in an amount of not less than ten percent (10%) of the amount of the bid. **Bidders with the apparent three lowest responsive bids shall deliver an original hard copy of the certified check, cashier’s check or surety bond to the Receptionist for the Purchasing Agent at 1 Civic Center Plaza, Irvine, CA, 92606 within two business days of the bid opening date.** The Performance and Payment Bond shall be not less than one hundred percent (100%) of the total amount of the bid price named in the contract. Only bonds issued by companies admitted to do business in the State of California will be accepted in accordance with the Code of Civil Procedure Section 995.311. Failure to submit acceptable Payment and Performance Bonds as required shall result in a rejection of the bid and a forfeiture of the proposal guarantee.

PREVAILING RATES OF WAGES: **Prevailing wage requirements apply to public works projects with a value exceeding $1,000.00. The definition of “public works” is found at Labor Code Section 1720, *et seq.***

The City is subject to the provisions of law relating to public contracts in the State of California. It is agreed that all provisions of law applicable to public contracts are a part of this Agreement to the same extent as though set forth herein, and will be complied with by Contractor. Contractor shall abide by all applicable Sections of the California Labor Codes including Sections 1770 -1781, *et seq*. In accordance with the provisions of Section 1773 of the California Labor Code, the general prevailing rates of per diem wages and holiday and overtime work in the locality in which the Work is to be

performed shall be in accordance with the rates posted on the Department of Industrial Relations website, found at http://www.dir.ca.gov/dirdatabases.html. The Contractor, and any subcontractor under him, shall pay not less than the specified prevailing rates of wages to all workers employed in the execution of this Agreement.

The City of Irvine reminds all contractors and subcontractors of the adoption of **State of California Senate Bill No. 854 (SB 854),** and encourages them to understand and comply with the requirements as set forth on the Department of Industrial Relations (DIR) website at http://www.dir.ca.gov/Public-Works/PublicWorks.html. All contractors and subcontractors who plan to bid on a public works project (including maintenance work) with a value exceeding $1,000.00 must first be registered and pay an annual fee with the DIR. The City requires all contractors and subcontractors to be registered with the DIR prior to submitting a bid on any public works project. Subject to the exceptions set forth in Labor Code Section 1725.5, bids from contractors that are not currently registered will be deemed nonresponsive. Further, the City will not award a contract to and no contractor or subcontractor will be allowed to work on a City public works project unless they are registered with the DIR pursuant to Labor Code Section 1725.5. Please visit the DIR website for further information.

A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.

LABOR REGULATIONS: The Contractor shall comply with all applicable requirements of the California Labor Code and the City of Irvine Municipal Code.

PLANS AND SPECIFICATIONS: A full set of bid documents consisting of Notice Inviting Bids, Proposal, Contract, Special Provisions and Contract Plans are available for inspection without charge at the Department of Public Works, Project Management Division, City of Irvine Operations Support Facility, 6427 Oak Canyon, Building 1, Irvine, California 92618-5202.

To obtain a copy of the bid documents, please visit the City of Irvine's website at www.cityofirvine.org/purchasing. Click on the "Supplier Registration and Bid Opportunities" link, and review the information about our online system. Next, click on the "BidsOnline" link. If you are not currently registered with the City of Irvine, please click on the "New Vendor Registration" button and then complete the electronic supplier registration process, including selecting Category Code(s) describing the goods and/or services you provide, as well as entering your Contractors State License information. After registering your firm, click on the "Bid Opportunities" button to view and download the Bid Documents. Interested firms must be registered on the City's website and download the Bid Documents in order to submit a bid. Firms must also check the website periodically for addenda information as failure to download any and all addenda will result in bid disqualification.

SECURITY FOR COMPLETION OF WORK: The Contract Documents establish a provision for monthly progress payments based upon the percentage of work completed as determined by the Engineer. The City will retain a portion of each progress payment as security for completion of the balance of the work. At the request and expense of the successful bidder, the City will pay the amount so retained upon compliance with the requirements of California Public Contract Code § 22300 and the provisions of the contract documents, Special Provisions Subsection 9-3.2.2 pertaining to "Substitution of Securities."

PROJECT ADMINISTRATION: All questions relative to this project prior to opening bids shall be prepared in writing and transmitted to the attention of Mr. Darrell Hartman, PE, Senior Civil Engineer, by email to dhartman@cityofirvine.org with a copy to Mr. Brian Brown, Senior Buyer, bbrown@cityofirvine.org. No inquiries will be accepted later than five (5) business days prior to the bid opening date as this would not allow time to respond to all plan holders. No phone inquiries will be accepted.

CITY OF IRVINE

Publication Date:

INSTRUCTIONS TO BIDDERS, PROPOSAL REQUIREMENTS AND CONDITIONS

1. CONTRACT DOCUMENTS: The Contract Documents shall consist of:

   a) Permits and Agreements

   b) Contract

   c) Addenda

   d) Instructions to Bidders, Proposal Requirements and Conditions

   e) Special Provisions

   f) Contract Plans

   g) Standard Plans (City of Irvine, Caltrans, SPPWC, OCPW)

   h) Standard Specifications

   i) Reference Specifications,

   all of which are on file at the City of Irvine in the Public Works Department, Project Management Division, Operations Support Facility, 6427 Oak Canyon, Bldg. 1, Irvine, California, and are hereby referred to and made a part hereof.

2. BID PROPOSALS: To be considered, bids shall be made in accordance with the following instructions:

   a) For the convenience of bidders, the “SCHEDULE OF WORK AND BID PRICES” has been posted on the City’s BidsOnline system. Bidders must enter their unit price information online in accordance with the INSTRUCTIONS FOR ENTERING ELECTRONIC BIDS included herein. Unit prices must be entered online and then the extended prices and total bid price will be automatically calculated.

   b) Bids shall be submitted only on bid items stated in the Bid Documents; bids on other bases will not be considered. Bids that are not submitted on the prescribed forms and in accordance with the INSTRUCTIONS FOR ENTERING ELECTRONIC BIDS may be rejected.

   c) Unless called for, additive bids will not be considered.

   d) Pursuant to the provisions of Public Contract Code § 4101 to 4108, inclusive, every Bidder shall set forth in its bid:

      1) The Bidder shall list the name, license number and location of the place of business of each subcontractor performing work in an amount in excess of one-half of one percent (1/2%) of the prime contractor's total bid, or, in the case of bids or offers for the construction of streets or highways, including bridges, in excess of one-half of one percent (1/2%) of the prime contractor's total bid or ten thousand dollars ($10,000), whichever is greater.

      2) The bid item numbers and the percentage of the bid item subcontracted.

e) In the event additive bids are called for and the Bidder intends to use different or additional subcontractors on the additive(s), the Bidder shall fill out additional forms of the list of subcontractors and shall identify such forms with relation to whether they apply to the base or additive bids.

f) If the Bidder fails to specify a subcontractor for any portion of the work to be performed under the contract in excess of one-half of one percent (1/2%) of the Bidder's total bid, or, in the case of bids or offers for the construction of streets or highways, including bridges, in excess of one-half of one percent (1/2%) of the Bidder's total bid or ten thousand dollars ($10,000), whichever is greater, the Bidder agrees to perform that portion of work himself. The successful Bidder shall not, without the consent of the City, either:

   1) Substitute any person, firm or corporation as subcontractor in place of the subcontractor designated in the original bid, or

   2) Permit any subcontract to be assigned or transferred or allow the work to be performed by anyone other than the original subcontractor listed in the bid.

g) If required in the Notice Inviting Bids, bids shall be accompanied by a certified or cashier's check or an acceptable corporate bid bond on the form furnished by the City for an amount not less than ten percent (10%) of the bid, made payable to the order of the City of Irvine. The check or bid bond shall be a guarantee that the Bidder will enter into a contract and provide all required insurance and bonds if awarded the work; and in case of refusal or failure to enter into the contract, the check or bid bond shall be forfeited. The City will return Bidder's check if the project is not awarded to Bidder.

   Only bonds issued by companies admitted to do business in the State of California will be accepted, in accordance with Code of Civil Procedure § 995.311 and Insurance Code § 12090.

h) Before submitting a bid, bidders shall carefully examine the work site, the Contract Documents and the form of Contract and shall fully inform themselves about all existing conditions and limitations. Bidders shall include in their bids a sum to cover the cost of all work included in the Contract.

i) Bid prices must be entered and the bid proposal packet must be uploaded to the Bids Online System on or before the day and hour set for the bid opening in the Notice Inviting Bids. No other method of bid submittal will be accepted. Bidders with the three apparent lowest responsive bids shall deliver an original hard copy of the certified check, cashier's check or surety bond to the Receptionist for the Purchasing Agent at 1 Civic Center Plaza, Irvine, CA, 92606 within two business days of the bid opening date.

j) A bid may be considered non-responsive if it does not comply with the requirements set forth in these bid documents. A responsive bid is one that complies with the solicitation in all acceptability and material respects and contains no material defects.

3. WITHDRAWAL OF BIDS: Bids may be withdrawn at any time before the bid deadline, by going back into the BidsOnline system and selecting "withdraw."

4. INTERPRETATION OF DRAWINGS AND DOCUMENTS; REQUESTS FOR CLARIFICATION: If any person contemplating submitting a bid for the proposed Contract is in doubt as to the true meaning of any part of the plans and specifications, or other proposed Contract Documents, or finds discrepancies in, or omissions from, the drawings or specifications, he shall submit to the Purchasing Agent a written request for all interpretations or corrections thereof via email to the project manager and purchasing staff prior to the deadline for submitting questions, as set forth in the Notice Inviting Bids section herein. Any clarification or correction of the proposed documents will be made only by Addendum duly issued, with notice provided to all firms who downloaded the bid documents from the City's website. The City is not responsible for any other explanations or interpretations of the proposed documents.

5. ADDENDA TO THE CONTRACT DOCUMENTS: Any addenda issued during the time of bidding, or forming a part of the Contract Documents after the Bidder has downloaded the bid documents from the City's website, shall be taken into account in the bid and shall be made a part of the Contract.

   Addenda may be issued by the City of Irvine for any reason, including but not limited to, clarifying or correcting the Notice Inviting Bids, Special Provisions, Plans, or Bid.

   Bidders will be notified of such Addenda during the period of advertising either by email or posting on the City's website, provided however, each Bidder shall be solely responsible for obtaining any such Addenda.

   The Bidder shall acknowledge the receipt of Addenda on the City's BidsOnline system.

6. BIDDER RESPONSIVENESS: Failure of the Bidder to provide requested information in a complete and accurate manner may be considered non-responsive resulting in rejection of the bid. The use of "N/A" or "n/a" in response to any request for information without an explanation as to why that abbreviation is being used may render the bid non-responsive.

7. BIDDER RESPONSIBILITY: Bidders are hereby notified that, in accordance with the City of Irvine Municipal Code § 2-12, the City may make a determination that the Contractor is non-responsible if the hearing officer finds evidentiary support that the Bidder has committed any of the following: (1) violated a term of a contract, present or past, with the City or other entity; (2) committed an act or omission which negatively reflects on the Contractor's quality, fitness, or capacity to perform a contract with the City or any other entity or engaged in a pattern or practice which negatively reflects on the same; (3) committed an act or omission which evidences a lack of business integrity or business honesty; (4) made or submitted a false claim against the City or any other entity; or (5) received a fine or citation for performing work in an unsafe manner; or (6) violated a condition, rule, regulation, permit, or standard applicable to a contract with the City or any other entity. In arriving at his or her determination, the hearing officer may consider Bidder's past conduct on City projects or on any other public or private projects upon which Bidder performed work.

8. BIDDER DEBARMENT: Bidders are hereby notified that, in accordance with the City of Irvine Municipal Code § 2-12, the City may make a determination that the Bidder shall be debarred if the hearing officer finds evidentiary support that the Bidder has committed any of the following: (1) violated a term of a contract, present or past, with the City or other entity; (2) committed an act or omission which negatively reflects on the Contractor's quality, fitness, or capacity to perform a contract with the City or any entity or engaged in a pattern or practice which negatively reflects on the same; (3) committed an act or omission which evidences a lack of business integrity or business honesty; (4) made or submitted a false claim against the City or any other entity; (5) received a fine or citation for performing work in an unsafe manner; or (6) violated a condition, rule, regulation, permit, or standard applicable to a contract with the City or any other entity. In arriving at his or her determination, the hearing officer may consider past conduct of the Contractor on City projects or on any other public or private projects which Contractor performed work.

9. OPENING BIDS: Bids will be publicly opened and read at the time and place set in the Notice Inviting Bids.

10. BID PROTEST PROCEDURES:

    a) BASIS FOR PROTEST: It is the policy of the City to ensure that free and open competition takes place in all procurement activities. If, in the course of a procurement action, an interested party has reason to believe that these conditions do not exist, the interested party may file a protest in accordance with the provisions of these procedures with the City of Irvine Purchasing Agent requesting a review of the claim and a timely resolution of the issue. Any bidder on a project for which it submitted a timely bid may protest the contract award for that project; however, subcontractors, suppliers or other third parties may not protest contract awards. Moreover, complaints about alleged ambiguity of the bid documents and/or estimates are not appropriate subject matters for bid protests.

    b) BID PROTEST CONTENTS: The bid protest shall be submitted in writing via email to the attention of the Purchasing Agent. The written protest shall include:

        1) The solicitation number and project description.

        2) The name, address, phone number, and email address of the protesting party.

        3) A detailed statement of all the legal and factual grounds for the protest and all relevant, supporting documentation (including all written documentation). The grounds for protest must be fully supported.

        4) Statement of the form of relief requested from the City.

        5) Signature of an authorized representative of the protesting party.

    c) DEADLINE TO SUBMIT BID PROTESTS: Bid protests must be filed within five (5) business days after the deadline for receiving bids.

d) WHERE TO FILE: All protests are to be directed to the City of Irvine Purchasing Agent. Protests must be submitted in writing via email to: purchasing@cityofirvine.org. A copy of the email must also be sent to the project manager whose email address is set forth in the bid documents. (A document is considered filed on a particular calendar day when it is received via email by the City of Irvine Purchasing Agent by 5:00 p.m., Pacific Standard Time, on that calendar day.) Although not required, in addition to submitting a protest via email, an original protest letter may be sent via United States Postal Service to: Attn: Purchasing Agent, City of Irvine, P.O. Box 19575, Irvine, CA 92623-9575.

e) BID PROTEST REVIEW: Upon receipt, the Purchasing Agent shall consider the protest and may give notice of the protest and its basis to other persons including bidders involved in or affected by the protest. A protest shall be dismissed for failure to comply with any of the requirements set forth in the "Bid Protest Contents" section above. The Purchasing Agent shall review all material submitted with the protest. No additional material will be accepted for consideration from the protesting party unless specifically requested by the Purchasing Agent. If additional material is requested, it must be submitted by the requested date. The Purchasing Agent shall respond to the protesting party via email within ten (10) business days after receipt of the protest. Final determinations shall be binding, except as otherwise provided below.

f) RECONSIDERATION OF PROTEST DECISION: A protesting party may request the Purchasing Agent's reconsideration of a decision prior to contract award only if one or both of the following conditions are met:

   1) New information becomes available that was not previously known, or could not have been reasonably known, at the time of the original protest; and/or

   2) The Purchasing Agent's decision contains an error of law.

   Any request for reconsideration of a protest decision must be submitted in writing via email to the Purchasing Agent within three (3) business days from the date of issuance of the initial decision. The request must include a detailed explanation of the basis for reconsideration as set forth above. The Purchasing Agent shall respond to the request for reconsideration within seven (7) business days from receipt of the request.

g) CONTRACT AWARD: At its discretion, the City may delay the execution of any proposed agreement pending the resolution of a protest unless one or both of the following conditions are present:

   1) The project or service being procured is urgently required; and/or

   2) Failure to make prompt award will otherwise cause undue harm to the City.

h) REMEDIES: There shall be no limitation on remedies selected by the City. Nothing contained herein shall be considered to either act as a limitation on the City's choice of remedies or confer any right upon any interested party to a remedy. In determining the appropriate remedy, the City shall consider all the circumstances surrounding the solicitation, the contract

selection, and/or the contract award, including, but not limited to: the seriousness of any deficiency found to exist in the contracting process; the effect of the action of the competitive process; any urgency surrounding the contract requirement; and the effect that implementing the remedy will have on the City's overall ability to accomplish its mission. If the City determines that the award or proposed award was not made in accordance with the applicable City statutes, regulations, policies, and procedures, the City may, in its sole discretion, grant any of the following or any other remedy it deems appropriate: If pre-award, reject all bids and issue a new solicitation, make a new contractor selection or award a contract consistent with applicable statutes, regulations, policies, and procedures; or if post-award, refrain from extending the term of the contract or awarding task orders under an existing task order agreement; or at its sole discretion, take no further action.

11. AWARD OR REJECTION OF BIDS AND EXECUTION OF CONTRACT: The award of the Contract will be as of the date specified in the Notice of Award issued by the City. The award of the Contract shall not constitute a binding obligation on City until the Contract has been lawfully executed by all parties and the Contractor has submitted all required insurance certificates and bonds to the City.

    The Contractor shall not commence work in advance of the execution of the Contract, the delivery of the bonds and insurance certificates, as specified above and purchase order issuance.

    The award of the Contract, if it is awarded, will be to the responsive and responsible Bidder who submitted the lowest Bid complying with these Proposal Requirements and Conditions and with the Notice Inviting Bids. Such award, if made, will be made within ninety (90) Calendar Days after the opening of the proposals. The ninety (90) Calendar Days period shall be subject to extension for such further period as may be agreed upon in writing between the City and the Bidder(s) concerned. All bids will be compiled on the basis of the estimated quantities of work to be done as shown in the Proposal. However until an award is made, the City of Irvine reserves the right to reject any and all bids or to waive any informality in bids received, if doing so is deemed to best serve the interest of the City.

12. CONTRACT AND BONDS: The Contract, which the successful Bidder, as Contractor, will be required to execute, is included in the Contract Documents and should be carefully examined by the Bidder.

    The successful Bidder, simultaneously with his execution of the Contract will be required to furnish a Payment Bond and a Performance Bond. Said bonds shall be in the form of the two (2) sample bonds included in these Contract Documents and based upon conditions specified in the Standard Specifications Section 2-4, "Contract Bonds," and as specified in the Special Provisions and shall be secured from a surety company satisfactory to the City.

    Only bonds issued by companies admitted to do business in the State of California will be accepted, in accordance with Code of Civil Procedure § 995.311 and

Insurance Code § 12090. Failure to submit acceptable Payment and Performance Bonds as required shall result in rejection of bid and forfeiture of the proposal guarantee.

All alterations, extensions of time, extra and additional work, and other changes authorized by the Contract Documents will be made without securing the consent of the surety or sureties on the Contract bonds.

The Contract shall be signed by the successful Bidder, and delivered to the City together with the Contract bonds within ten (10) days of the date specified in the Notice of Award issued by the City, not including Saturdays, Sundays and legal holidays. The Contractor shall submit insurance certificates electronically in accordance with 7-3 of the Standard Specifications and as set forth in the Contract Documents. The executed Contract, together with the required bonds, will be filed with the Clerk of the City of Irvine.

Failure of the lowest responsive and responsible Bidder to execute the Contract and file acceptable insurance certificates and bonds as provided herein within ten (10) days of award of the Contract, not including Saturdays, Sundays and legal holidays, shall be just cause for the forfeiture of the bid bond. The successful Bidder may file with the City a written notice, signed by the Bidder or his authorized representative, specifying that the Bidder will refuse to execute the Contract if presented to him. The filing of such notice shall have the same force and effect as the failure of the Bidder to execute the Contract and furnish acceptable certificates of insurance and bonds within the time herein before prescribed.

13. SPECIAL NOTICE: Bidders are required to inform themselves fully of the conditions relating to construction and labor under which the Work will be performed, and the Contractor must employ, so far as possible, such methods and means in the carrying out of this work as will not cause any interruption or interference with any other contractor.

14. BIDDERS INTERESTED IN MORE THAN ONE BID: No person, firm or corporation shall be allowed to make or file or be interested in more than one bid as prime contractor for the same work.

15. BIDS TO BE LEFT ON DEPOSIT: No Bidder may withdraw its bid for a period of ninety (90) Calendar Days after the time set for opening thereof. However, the City will return all certified checks within fifteen (15) days, not including Saturdays, Sundays and legal holidays, after the award of the Contract or rejection of the bids, as the case may be, to respective Bidders whose bids are not accepted.

16. NON-COLLUSION DECLARATION: All Bidders shall submit with their bids an executed non-collusion declaration on the form provided in the bidding documents. Failure to provide completed form shall result in the bid being deemed non-responsive.

The U.S. Department of Transportation (DOT) provides a toll-free hotline to report bid rigging activities. Use the hotline to report bid rigging, bidder collusion, and other fraudulent activities. The hotline number is 800-424-9071. The service is

available 24 hours 7 days a week and is confidential and anonymous. The hotline is part of the DOT's effort to identify and investigate highway construction contract fraud and abuse and is operated under the direction of the DOT Inspector General.

17. SUBSTITUTIONS: Where the Specifications or drawings specify any material, product, thing, or service by one or more brand names, whether or not "or equal" is added, and a Bidder wishes to propose the use of another item as being equal, he shall request approval therefor as set forth in 4-1.6 of the Standard Specifications and Special Provisions.

18. REPORTING SUSPECTED IMPROPRIETY, GROSS WASTE, FRAUD AND OTHER ACTS: Any City and/or Great Park official, employee, and/or contractor who suspects any type of impropriety relating to purchasing or contracting activities, or gross waste, fraud, or abuse of City and/or Great Park funds or resources, a gross abuse of authority, a specified and substantial danger to public health or safety due to any act or omission of any City and/or Great Park official, employee, or contractor, or the use of a City and/or Great Park office or position or of City and/or Great Park resources for personal gain, should report the act by calling the City's Integrity Line at 866-428-1509. All such reports shall remain anonymous if desired by the reporting party. Suspected fraudulent activities include bid rigging, product substitution, theft, overcharging, false certifications and representations, and the like. Any allegations of bribery, kickbacks, gratuities, and conflicts of interest involving City employees should also be reported.

19. ASSIGNMENT OF CONTRACT: No assignment by the Contractor of any Contract to be entered into hereunder or of any part thereof, or of funds to be received thereunder by the Contractor, will be recognized by the City unless such assignment has had the prior written approval of the City and the surety has been given due notice of such assignment in writing.

20. OTHER REQUIREMENTS: Before entering into a Contract, the Bidder to whom the Contract has been awarded shall satisfy all insurance requirements per Section 7-3 of the Standard Specifications and Special Provisions and such insurance shall be maintained in full force and effect at its own expense during the life of this Contract.

    Upon request, the successful Bidder shall furnish to the City a statement of its financial condition and previous construction experience or such other evidence of his qualifications.

21. LABOR CODE:

    PUBLIC WORKS CONTRACTOR REGISTRATION PROGRAM

    In accordance with State of California Senate Bill No. 854 (SB 854), contractors bidding on and/or engaging in the performance of public works projects (the definition of "public works" is found at Labor Code Section 1720, *et seq.*) shall be registered with the Department of Industrial Relations. By submitting a bid for City of Irvine Public Works project, the contractor acknowledges the above

requirements and agrees to maintain a valid Department of Industrial Relations (DIR) Public Works Contractor registration during the term of this project.

a) A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.
b) Pursuant to Labor Code Section 1771.4, all bidders are hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

In addition to the requirement for submittal of certified payroll records to the City, contractors and subcontractors shall furnish electronic certified payroll records to the Labor Commissioner **(State of California, Division of Labor Standards Enforcement).**

Contractors and subcontractors shall be responsible for complying and staying current with all DIR requirements and regulations. More information on SB 854 can be found at http://www.dir.ca.gov/Public-Works/SB854.html

Attention is directed to Labor Code § 1735 which reads as follows:

> No discrimination shall be made in the employment of persons upon public works because of the race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, or sex of such persons, except as provided in the Government Code §12940, and every contractor for public works violating this section is subject to all the penalties imposed for a violation of this chapter.

The Contractor shall abide by the provisions of the California Labor Code § 1770-1781, *et seq*. In accordance with the provisions of the California Labor Code § 1773, the general prevailing rates of per diem wages and holiday and overtime work in the locality in which the work is to be performed has been obtained from the Director of the Department of Industrial Relations, a copy of which is on file in the office of the City Clerk of the City of Irvine and will be made available to any interested party upon request. The Contractor shall post a copy of the prevailing rate of per diem wages at the job site. The Contractor, and any subcontractor under him, shall pay not less than the specified prevailing rates of wages to all workers employed in the execution of the contract.

Failure to comply with the subject sections will subject the Contractor to penalty and forfeiture provisions of the Labor Code § 1775.

In accordance with of the Labor Code § 1773.1, the Contractor must make travel and subsistence payments to each worker employed in the execution of the Contract.

The City will not recognize any claim for additional compensation because of the payment by the Contractor of any wage rate in excess of the prevailing wage rate set forth in the Contract. The possibility of wage increases is one of the elements to be considered by the Contractor in determining his bid, and will not under any circumstances be considered as the basis of a claim against the City on the Contract.

The Contractor shall familiarize itself with the provisions of the Labor Code § 1777.5 regarding employment of apprentices, and shall be responsible for compliance therewith, including compliance by his subcontractors.

The Contractor and subcontractors shall comply with Labor Code § 1777.6 which stipulates that it shall be unlawful to refuse to accept otherwise qualified employees as registered apprentices solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age except as provided in Labor Code § 3077, of such employee.

The Contractor and subcontractors shall comply with Labor Code § 1810 and § 1811 which stipulates that eight hours labor constitutes a legal day's work, and § 1812 which stipulates that the Contractor and subcontractors shall keep an accurate record showing the name of and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work performed under the terms of the Contract. Failure to comply with these sections of the Labor Code will subject the Contractor to penalty and forfeiture provisions of the Labor Code § 1813.

22. RESERVATION OF RIGHTS:

The City reserves the right to:

a) Disqualify any Bidder in accordance with the instructions herein.

b) Reject any bids, at its discretion, including bids found to be conditional or incomplete, contain irregularities contain any interlineations or alterations, or found to be not responsive to this Invitation for Bids (IFB).

c) Investigate the qualifications of any Bidder under consideration.

d) Require confirmation or clarification of information furnished by the Bidder.

e) Require additional evidence of Bidder’s ability to perform the Work described in these bid documents.

f) Contact the submitted references to confirm information provided in the bid.

g) Postpone or cancel the entire IFB or a portion thereof.

h) Postpone the bid opening or award for its own convenience.

i) Award a Contract in part or in combination of items.

j) Issue subsequent IFB.

k) Seek the assistance of outside technical experts to review the bids.

l) Disqualify a bid upon evidence of collusion, with intent to defraud, or other illegal practices on the part of the Bidder.

m) Waive any errors or informalities in any bid to the extent permitted by law.

n) Require bidder to provide proof as to the equality, substitutability, and compatibility of any items proposed as alternates or equals.

o) Determine, at the City's sole discretion, the equality, substitutability, and compatibility of any items proposed as alternates or equals.

p) Exercise any other rights under the City's charter or municipal code.

The City has no obligation to consider any bid unless it is responsive to this IFB and conforming in all respects to the Form of Contract. This IFB does not commit the City to enter into a Contract.

23. Construction contractors are encouraged to allocate the local sales and use tax derived from construction contracts of Five Million Dollars ($5,000,000) or more directly to the local jurisdiction where the jobsite is located. This qualifying Contract Price applies to each contract or subcontract for work performed at the jobsite. The allocation is accomplished by obtaining a sub-permit of the seller's permit for a specific jobsite. To obtain the sub-permit, please contact the Irvine office of the State Board of Equalization located at 16715 Von Karman Avenue, Suite 200, Irvine, California 92606, phone 949-440-3473, fax 949-440-3482. Further information is available on the following website: www.boe.ca.gov, and in the attached State Board of Equalization Compliance Policy and Procedures Manual Section 260.020, Regulations 1802 and 1806 (Appendix H).

INSTRUCTIONS FOR ENTERING ELECTRONIC BIDS

In order to access the BidsOnline system and ensure successful online submission of your bid prices, follow these steps:

1. Go to https://www.planetbids.com/portal/portal.cfm?CompanyID=15927#
2. On the Vendor Portal page, log into the system (lower right hand corner of screen) with your assigned user name and password. (You must be registered in order to download documents and submit a bid.)
3. Click on "Bid Opportunities" and then on the Bid # and Description that you wish to bid on. The selected bid will open to allow you to access all tabs, documents and the pricing sheet.
4. Click on the “Documents & Attachment” tab to be sure you have downloaded all documents that are part of this bid.
   - *If you have not already downloaded all bid documents, you must download them now, in order to submit your bid. The screen will indicate which documents you've already downloaded.*
5. Click on the tab "Addenda & Emails" to be sure you have read and acknowledged all addenda that have been issued for this bid.
   - *The screen will display "yes" or "no" next to each addendum to indicate whether you have viewed and acknowledged it. If you have not previously acknowledged an addendum, do so now by clicking on the addendum to open and read it, then click on the "Acknowledge" button on the lower left hand corner of screen.*
6. To begin entering your bid, click on "Place eBid" on the lower right corner of the screen. The bid "Terms and Conditions" will pop up with a button for you to click "Accept" to acknowledge your agreement to the terms of the bid.
7. Enter the Respondee information on the “Detail” tab.
8. Click the “Attach” button on the “Attachments” tab, browse to your scanned Bid Submittal Documents, and upload them.
9. Go to the "Line Items" tab and enter your unit prices on each line. The system will calculate the extended costs and grand total for you.
10. When you have finished entering all pricing and attachments, click on the "Save" button. This saves your bid as a draft for you to review or revise as needed anytime up to the bid submittal deadline. When you are ready to submit your bid, click the "Submit" button. You will receive a confirming message that looks like this:

Note: E-Bids are sealed and cannot be viewed by the City until the closing date and time. As noted in the screen print above, if you need to withdraw your bid, you may do so any time before the bid deadline, by going back into the system and selecting "withdraw".

Please begin entering your bid in sufficient time to complete and submit it prior to the stated deadline. The official closing time for the bid is determined, and controlled, by the electronic clock in the bid management system. Once the deadline is reached, the system will not allow any bids to be submitted, and any in process that are not completed will be rejected. The amount of time required to enter and submit your bid depends on the complexity of the bid and the processing speed of your server and internet connections.

Technical Support
In the event you encounter technical difficulties during the uploading process, please contact the Planet Bids, BidsOnline system team as shown below (M-F from 8 am to 5 pm):

support@planetbids.com or call 818-992-1771, ext. 0

Bid prices must be entered and the bid proposal packet must be uploaded to the BidsOnline system no later than the date and time indicated on the Notice Inviting Bids. No late bids will be accepted. No other method of bid submittal will be accepted.

CITY OF IRVINE
UNIVERSITY DRIVE WIDENING IMPROVEMENTS
CIP 311306
BID NO. 18-1304

INFORMATION REQUIRED OF BIDDERS

In determining the lowest "responsible" bidder, consideration will be given to the general competency of the bidder in regard to the work covered by the Bid Proposal. To this end, each proposal shall be supported by a statement of the Bidder's experience on this form. **Failure of the Bidder to provide requested information in a complete and accurate manner shall render the bid non-responsive**. Additionally, the City reserves the right to disqualify or refuse to consider a proposal if a Bidder is determined to be non-responsible in accordance with Irvine Municipal Code § 2-12-103 "Determination of Contractor Non-Responsibility."

The Bidder shall supply the following information. Use additional sheets as necessary.

1. Contact person name:_____ Email:_____

   Address: _____

   Telephone: (___)_____Fax: (___)_____
2. Type of firm (Individual, Partnership, or Corporation): _____
3. State Contractor's License Number and Classification:_____
4. DIR Registration Number: _____ Expiration Date_____
5. Number of years your firm has operated as a contractor: _____
6. Number of years your firm operated under its present business name: _____
7. List the **names and addresses** of all principals or officers authorized to bind your firm.

Name:	**Address:**

8. List any project(s) your firm has **failed to complete** within the last five years due to a termination of contract. For each project, list the type of project, client's name, contact person, current telephone number, email address, and provide a brief description of the grounds for the termination.

   Check appropriate box: None ☐ See list below ☐

LIST OF SUBCONTRACTORS

The Bidder shall list each subcontractor performing work in an amount in excess of one-half of one percent (1/2%) of the prime contractor's total bid, or, in the case of bids or offers for the construction of streets or highways, including bridges, in excess of one-half of one percent (1/2%) of the prime contractor's total bid or ten thousand dollars ($10,000), whichever is greater. Complete columns (1) and (2) and submit with the bid. Complete columns (3) and (4) and submit with the bid or hand-deliver to the Receptionist for the Purchasing Agent at the reception desk located on the first floor of the Civic Center building at the City of Irvine, located at One Civic Center Plaza, Irvine, California 92606-5207 within 24 hours after the bid opening. Failure to provide complete information in columns (1) through (4) within the time specified shall render the bid non-responsive.

Subcontractors listed must not be debarred from performing the designated work.

BUSINESS NAME and LOCATION (1)	CONTRACTOR LICENSE NUMBER (2)	BID ITEM NUMBERS (3)	PERCENTAGE OF BID ITEM SUBCONTRACTED (4)*

Information must be typed or clearly printed.

*** If you are subcontracting a whole bid item insert one hundred percent (100%), if less insert actual percentage.**

NON-COLLUSION DECLARATION-CONTRACTOR
To be Executed by Bidder and Submitted with Bid
City of Irvine Bid No.18-1304

The undersigned declares:

I am the _____ [title] of _____[company name], the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on _____[date], at _____[city], _____[state].

FORM OF BID BOND

UNIVERSITY DRIVE WIDENING IMPROVEMENTS
CIP 311306

(10% of the Proposal Amount)

KNOW ALL PERSONS BY THESE PRESENTS that we _____ _____ as Principal, and _____ _____ as Surety, are held and firmly bound unto City of Irvine, hereinafter called the City in the sum of _____ Dollars ($_____), for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators and successors, jointly and severally, firmly by these presents.

The conditions of this obligation are such that whereas the Principal submitted to the City a certain Bid Proposal, attached hereto and hereby made a part hereof, to enter into a contract in writing for the UNIVERSITY DRIVE WIDENING IMPROVEMENTS, CIP 311306 and will furnish all required certificates of insurance and bonds as required by the Contract.

NOW THEREFORE, if said Bid Proposal shall be rejected; or in the alternate, if said Bid Proposal shall be accepted, and the Principal shall execute and deliver a contract in the prescribed Form of Contract, shall deliver certificates evidencing that the required insurance is in effect and shall execute and deliver Performance and Payment Bonds in the forms prescribed, and shall in all other respects perform the Contract created by the acceptance of said Bid Proposal, then this obligation shall be void; otherwise this obligation shall remain in force and effect, it being expressly understood and agreed that the liability of the Surety for any and all default of the Principal hereunder shall be the amount of this obligation as herein stated. In the event suit is brought upon this bond by City and judgment is recovered, Surety shall pay all costs incurred by City in said suit, including a reasonable attorney's fee to be fixed by the court.

The Surety, for the value received, hereby stipulates and agrees that the obligations of said Surety and its bond shall in no way be impaired or affected by an extension of the time within which the City may accept such a Bid Proposal; and said Surety does hereby waive notice of any such extension.

IN WITNESS WHEREOF, the above-bounded parties have executed this instrument this ____ day of _____, 20____, the name of each party being hereto written below and these presents duly signed by each party’s undersigned representative, pursuant to authority of its governing body. This bond shall be authenticated by way of notarized acknowledgment, including a copy of the power of attorney, for the Surety.

FALSE CLAIMS

Bidder shall complete the **False Claims Act Certification** below or in the alternative, provide the information requested under **False Claims Act Violations** below. **Failure to certify or provide the requested information shall render the bid non-responsive.**

"False Claims Act" as used herein is defined as either or both the Federal False Claims Act, 31 U.S.C. § 3729, *et seq*., and the California False Claims Act, Government Code § 12650, et seq.

FALSE CLAIMS ACT CERTIFICATION

I _____ hereby certify that neither
Print name

_____
Contractor name

nor _____
Name of qualifying person licensed by Contractors State License Board

has been determined by a court or tribunal of competent jurisdiction to have violated the False Claims Act as defined above.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed this _____ day of _____ at _____
(Month and year) **(City and State)**

By _____
(Signature of owner, officer, manager or licensee responsible for submission of Bid Proposal)

FALSE CLAIMS ACT VIOLATIONS

With regard to any determinations by a tribunal or court of competent jurisdiction that the False Claims Act, as defined above, has been violated by (1) the Contractor submitting this Bid Proposal or (2) the qualifying person licensed by the State Contractors License Board to perform the work described in this Bid Proposal, shall provide on a separate sheet the following information: (1) the date of the determination of the violation, (2) the identity of the tribunal or court, (3) the identity of the government contract or project involved, (4) the identity of the government department involved, (5) the amount of fine imposed, and (6) any exculpatory information of which the Agency should be aware.

CIVIL LITIGATION AND ARBITRATION HISTORY

Bidder shall provide the certification or information requested below. **Failure to certify or provide such certification or information shall render the bid non-responsive.**

For five (5) years preceding the submittal date of this Bid Proposal, identify civil litigation and arbitration arising out of the performance of a construction contract within the State of California in which the (1) Contractor submitting this bid proposal or (2) the qualifying person licensed by the State Contractors Licensing Board to perform the work described in this Bid Proposal was a named as a party in a lawsuit brought by or against the project owner or any action to confirm, vacate or modify an arbitration award involving an owner.

CIVIL LITIGATION AND ARBITRATION CERTIFICATION

If the Bidder has no civil litigation and arbitration history to report as described above, complete the following:

I _____ certify that neither
Print name

_____
Contractor name

nor _____
Name of qualifying person licensed by Contractors State License Board

has been involved in civil litigation and arbitration as described above.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this _____ day of _____ at _____
(Month and year) **(City and State)**

By _____
(Signature of owner, officer, manager or licensee responsible for submission of Bid Proposal)

Do not include litigation and arbitration which are limited solely to enforcement of mechanics' liens or stop notices. Provide on a separate sheet (1) the name and court case identification number of each case, (2) the jurisdiction in which it was filed, and (3) the outcome of the litigation, e.g. whether the case is pending, a judgment was entered, a settlement was reached, or the case was dismissed.

CRIMINAL CONVICTIONS

Bidder shall provide the certification or information requested below. **Failure to certify or provide such certification or information shall render the bid non-responsive.**

CRIMINAL CONVICTION CERTIFICATION

If the Bidder has no criminal convictions to report as described above, complete the following:

I _____ hereby certify that neither
Print name

_____
Contractor name

nor _____
Name of qualifying person licensed by Contractors State License Board

has been convicted of a criminal violation as described above.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this _____ day of _____ at _____
(Month and year) **(City and State)**

By _____
(Signature of owner, officer, manager or licensee responsible for submission of Bid Proposal)

For the five (5) years preceding the date of this Bid Proposal is due, identify on a separate sheet any criminal conviction in any jurisdiction in the United States for a violation of law arising out of the performance of a construction contract (1) by the Contractor submitting this Bid Proposal or (2) by the qualifying person licensed by the State Contractors License Board to perform the work described in the Bid Proposal.

Provide on the following page labeled “Criminal Convictions Information.” (1) the date of conviction, (2) the name and court case identification number, (3) the identity of the law violated, (4) the identity of the prosecuting agency, (5) the contract or project involved, (6) the punishment imposed, and (7) any exculpatory information of which the Agency should be aware.

VIOLATION OF LAW OR A SAFETY REGULATION

Has the Bidder, any officer of the Bidder, or any employee who has proprietary interest in the Bidder, ever been disqualified, removed, or otherwise prevented from bidding on, or completing a federal, state, or local government project because of a violation of a law or a safety regulation?

☐ **Yes** ☐ **No**

If the answer is yes, explain the circumstances in the following space.

Name of bidder (print)	Signature

CONSTRUCTION CONTRACT
FOR CAPITAL IMPROVEMENTS

CITY OF IRVINE

UNIVERSITY DRIVE WIDENING IMPROVEMENTS
CIP 311306

This Contract made and entered into this _____ day of _____, 20__, by and between City of Irvine, a municipal corporation of the State of California, hereinafter referred to as "CITY" and _____, hereinafter referred to as "CONTRACTOR."

W I T N E S S E T H:

That the CITY and the CONTRACTOR, for the consideration hereinafter named, mutually agree as follows:

1. The complete Contract includes all of the Contract Documents, which are incorporated herein by this reference, to wit:

    a) Permits and Agreements

    b) Contract

    c) Addenda

    d) Instructions to Bidders, Proposal Requirements and Conditions

    e) Special Provisions

    f) Contract Plans

    g) Standard Plans (City of Irvine, Caltrans, SPPWC, OCPW)

    h) Standard Specifications

    i) Reference Specifications

    The Contract Documents are complementary, and that which is required by one shall be as binding as if required by all.

2. CONTRACTOR shall provide and furnish all labor, materials, necessary tools, expendable equipment, and all utility and transportation services required for the following work of improvement: Traffic control, unclassified excavation, unclassified fill, construction of PCC curb ramps, median curb, curb & gutter, sidewalk, crack sealing, uniform depth cold milling, asphalt base course, asphalt concrete surface course, adjust utility manholes and valves to grade, installation of traffic signs, striping, pavement markings, and raised pavement markers, installation of new traffic signals, traffic signal modifications, SCE coordination and installation of new street light infrastructure, storm drain installation, landscaping, irrigation system, water quality BMPs, and other items not mentioned here, but are required by the plans and the Special Provisions.

3. CONTRACTOR agrees to perform all the said work and furnish all the said materials at his own cost and expense that are necessary to construct and

complete in strict conformance with Contract Documents and to the satisfaction of the Engineer, the work hereinafter set forth in accordance with the Contract therefore adopted by the City Council and as prepared by Harris & Associates, 22 Executive Park, Suite 200, Irvine, CA 92614

4. CITY agrees to pay and CONTRACTOR agrees to accept in full payment for performance of this work of improvement as described, the stipulated sum of

($_____) the "Contract Price."

CITY agrees to make progress payments and final payment in accordance with the method set forth in the Special Provisions.

5. CONTRACTOR agrees to commence construction of the work provided for herein within ten (10) Calendar Days after the date specified in the Notice to Proceed, and to continue diligently in strict conformance with Contract Documents and without interruption, and to complete the construction thereof within **Two Hundred Forty (240) Working Days Working Days** after the date specified in the Notice to Proceed.

The CONTRACTOR shall diligently prosecute all the work (including plant establishment) to completion before the expiration of **Three Hundred (300) Working Days** from the date specified in the Notice to Proceed.

6. Time is of the essence of this Contract, and it is agreed that it would be impracticable or extremely difficult to ascertain the extent of actual loss or damage which the CITY will sustain by reason of any delay in the performance of this Contract. It is, therefore, agreed that CONTRACTOR will pay as liquidated damages to the CITY the following sum: **Eight Thousand Two Hundred Thirteen Dollars ($8,213)** per Calendar Day, for each and every Calendar Days delay in finishing the Work except plant establishment work in excess of the number of Working Days prescribed above. The CONTRACTOR shall pay to the CITY the sum of **Five Hundred Dollars ($500)** per Calendar Day, for each and every Calendar Days delay in completing the plant establishment work in excess of the number of Working Days prescribed above. In no case will liquidated damages be assessed more than **Eight Thousand Two Hundred Thirteen Dollars ($8,213)** per day. If liquidated damages are not paid, as assessed by the CITY, the CITY may deduct the amount thereof from any money due or that may become due the CONTRACTOR under this Contract in addition to any other remedy available to CITY. By executing this Contract, CONTRACTOR agrees that the amount of liquidated damages is reasonable and shall not constitute a penalty.

7. In accordance with State of California Senate Bill No. 854, CONTRACTOR will maintain and will require all subcontractors to maintain valid and current Department of Industrial Relations (DIR) Public Works Contractor registration during the term of this project. CONTRACTOR shall notify the CITY in writing immediately, and in no case more than twenty-four (24) hours, after receiving any information that CONTRACTOR'S or any of its subcontractor's DIR registration status has been suspended, revoked, expired, or otherwise changed.

8. CONTRACTOR will pay, and will require all subcontractors to pay, all employees on said Contract a salary or wage at least equal to the prevailing salary or wage established for such work as set forth in the wage determinations and wage standards applicable to this work, a copy of which is on file in the office of the City Clerk of the City of Irvine. Federal prevailing wage rates apply for federally funded projects. Travel and subsistence pay shall be paid in accordance with Labor Code § 1773.1.

9. CONTRACTOR shall be subject to the penalties in accordance with Labor Code of § 1775 for each worker paid (either by him or by any subcontractors under him) less than the prevailing rate described above on the work provided for in this Contract.

10. CONTRACTOR and subcontractors shall comply with Labor Code § 1810 and § 1811 which stipulates that eight hours labor constitutes a legal day's work, and § 1812 which stipulates that the CONTRACTOR and subcontractors shall keep an accurate record showing the name of and actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the work performed under the terms of the Contract. Failure to comply with these sections of the Labor Code will subject the CONTRACTOR to penalty and forfeiture provisions of the Labor Code § 1813.

11. CONTRACTOR will comply with the provisions of Labor Code § 1777.5 pertaining to the employment of apprentices to the extent applicable to this Contract.

12. CONTRACTOR, by executing this Contract, hereby certifies:

> "I am aware of, and will comply with the Labor Code § 3700 by securing payment for, and maintaining in full force and effect for the duration of the contract, complete Workers' Compensation Insurance, and shall furnish a Certificate of Insurance to the Agency before execution of the Contract. The CITY, its officers, or employees, will not be responsible for any claims in law or equity occasioned by failure of the CONTRACTOR to comply with this paragraph."

CONTRACTOR further agrees to require all subcontractors to carry Workers' Compensation Insurance as required by the Labor Code of the State of California.

13. CONTRACTOR shall, concurrent with the execution of this Contract, furnish two bonds approved by the CITY, one in the amount of One Hundred Percent (100%) of the Contract Price, to guarantee the faithful performance of the work "Performance Bond", and one in the amount of One Hundred Percent (100%) of the Contract Price to guarantee payment of all claims for labor and materials furnished "Payment Bond." This Contract shall not become effective until such bonds are supplied to and approved by the CITY.

14. CONTRACTOR shall, prior to commencing work, furnish certificates evidencing compliance with all requirements of the Contract Documents pertaining to insurance.

15. Any amendments to any of the Contract Documents must be in writing executed by the CONTRACTOR and the CITY. Any time an approval, time extension, or consent of the CITY is required under the Contract Documents, such approval, extension, or consent must be in writing in order to be effective.

16. This Contract contains all of the agreements and understandings of the parties and all previous understandings, negotiations, and contracts are integrated into and superseded by this Contract.

17. In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Contract shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Contract which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder.

18. The persons executing this Contract on behalf of the parties hereto warrant that they are duly authorized to execute this Contract on behalf of said parties and that, by so executing this Contract, the parties hereto are formally bound to the provisions of this Contract.

19. This Contract shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, personal representatives, successors, and assigns.

20. In performing its obligations and duties under this Contract, each party shall comply with all applicable local, state, and federal laws, regulations, rules, standards and ordinances.

21. In the event any action is brought between the parties hereto relating to this Contract or the breach thereof, the prevailing party in such action shall be entitled to recover from the other party reasonable expenses, attorneys' fees and costs in connection with such action or proceeding.

22. This Contract may be executed by the parties in counterparts, which counterparts shall be construed together and have the same effect as if all of the parties had executed the same instrument.

23. This Contract is to be governed by the laws of the State of California.

IN WITNESS WHEREOF, the said CONTRACTOR and the Director of Public Works, City Manager, Mayor and City Clerk of the CITY have caused the names of said parties to be affixed hereto, the day and year first above written.

PERFORMANCE BOND

UNIVERSITY DRIVE WIDENING IMPROVEMENTS
CIP 311306

KNOW ALL PERSONS BY THESE PRESENTS that we _____ _____, as Principal, and _____ as Surety, are held and firmly bound unto City of Irvine, hereinafter called the City in the sum of _____ _____($_____ _____) (this amount being not less than one hundred percent (100%) of the total bid price of the contract awarded by the owner to the Principal), for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators and successors, jointly and severally, firmly by these presents.

The conditions of this obligation are such that whereas the Principal entered into a contract attached hereto, with the City of Irvine.

NOW THEREFORE, if the Principal shall well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of said Contract during the original terms thereof, and any extensions thereof that may be granted by the Owner with or without notice of the Surety, and during the life of any guarantee required under the Contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of any and all duly authorized modifications of said Contract that may hereafter be made, then this obligation shall be void otherwise this obligation shall remain in full force and effect.

Further, the said Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or modifications of the Contract Documents and/or of the Work to be performed thereunder shall in any way affect its obligations on this bond; and it hereby waives notice of any and all such changes, extensions of time, and alterations or modifications of the contract documents and/or of the work to be performed thereunder.

As a part of the obligation secured hereby and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees, including reasonable attorneys' fees, incurred by the City in successfully enforcing such obligation, and all to be taxed as costs and included in any judgment rendered by a court of law.

IN WITNESS WHEREOF, the above-bounded parties have executed this instrument this ____ day of _____, 20____, the name of each party being hereto written below and these presents duly signed by each party's undersigned representative, pursuant to authority of its governing body. This bond shall be authenticated by way of notarized acknowledgment, including a copy of the power of attorney, for the Surety.

UNIVERSITY DRIVE WIDENING IMPROVEMENTS
CIP 311306

KNOW ALL PERSONS BY THESE PRESENTS that we _____ _____, as Principal, and _____ as Surety, are held and firmly bound unto City of Irvine, hereinafter called the City in the sum of _____ _____($_____) (this amount being not less than one hundred percent (100%) of the total bid price of the contract awarded by the owner to the Principal), for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators and successors, jointly and severally, firmly by these presents.

The conditions of this obligation are such that whereas the Principal entered into a contract, attached hereto, with the City of Irvine.

NOW THEREFORE, if the Principal shall promptly make payment to all persons supplying labor and material in the prosecution of the work provided for in said contract, and any and all duly authorized modifications of each contract that may hereafter be made, then this obligation shall be void, otherwise this obligation shall remain in full force and effect.

The condition of this obligation is such that, if said Principal or his subcontractors, or heirs, executors, administrators, successors, or assigns thereof, shall fail to pay any of the persons named in the Civil Code § 9100 for any material used in, upon, for or about the performance of the work contracted to be done, or for any work or labor thereon of any kind, or shall fail to pay any amount due under the Unemployment Insurance Code with respect to work or labor performed by any such claimant or any amount required to be deducted, withheld, and paid over to the Franchise Tax Board from the wages of employees of the Contractor and his subcontractors with respect to such work and labor, then said Surety will pay and, also, in case suit is brought upon the bond, will pay a reasonable attorney's fee to be fixed by the court. This bond shall inure to the benefit of all persons named in the aforesaid Civil Code § 9100 to give a right of action to them or their assigns in any suit brought upon the bond.

Further, the said Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or modification of the Contract Documents or of the Work to be performed thereunder shall in any way affect its obligations on this bond; and it hereby waives notice of any and all such changes, extensions of time, and alterations or modifications of the Contract Documents and/or of the work to be performed thereunder.

IN WITNESS WHEREOF, the above-bounded parties have executed this instrument this ____ day of _____, 20____, the name of each party being hereto written below and these presents duly signed by each party’s undersigned representative, pursuant to authority of its governing body. This bond shall be authenticated by way of notarized acknowledgment, including a copy of the power of attorney, for the Surety.

SPECIAL PROVISIONS

A. THESE ADDITIONS, DELETIONS, AND AMENDMENTS MODIFY THE SPECIFICATIONS IN THE “STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION”, 2015 EDITION.

B. THESE ADDITIONS, DELETIONS, AND AMENDMENTS SHALL TAKE PRECEDENCE IN THE EVENT OF A CONFLICT WITH ANY STANDARD SPECIFICATIONS.

C. AS A CONVENIENCE, THESE ADDITIONS, DELETIONS, AND AMENDMENTS HAVE BEEN ARRANGED IN A FORMAT THAT PARALLELS THE “STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION”, 2015 EDITION.

PART 1 - GENERAL PROVISIONS

SECTION 1 - TERMS, DEFINITIONS, ABBREVIATIONS, UNITS OF MEASURE AND SYMBOLS

REVISE as follows:

1-1 GENERAL. *ADD the following term:*

The word *provide* shall mean furnish and install.

1-2 TERMS AND DEFINITIONS. *MODIFY to ADD the following:*

Acceptance, Final Acceptance – Formal action by the Agency acknowledging the Work is complete.

Agency/Board/City – The City of Irvine, a municipal corporation.

Agency Representative – The person or engineering/architectural firm Agency authorizes to represent it during the performance of the Work by the Contractor and until Final Acceptance. The Agency Representative means the Agency Representative or his assistants.

Calendar Day – The 24-hour day denoted on the calendar.

Calendar Month – The period including the first through the last day of a month.

City – See Agency.

Clarification – Verbal or written interpretation of Contract Documents by the Agency Representative to clarify intent, procedures, materials or processes with no change in contract sum or time.

REPLACE the definition for "Engineer" with the following:

Engineer – The City Engineer acting either directly or through the Agency Representative.

Field Order – Authorization by Agency Representative to proceed with Change Order work after completion of negotiations, but before the issuance of the Change Order.

Laboratory – The laboratory authorized by the Agency or the Agency Representative to test material and work involved in the project.

Major Bid Item – A single Contract item constituting ten percent (10%) or more of the original Contract Price.

Request for Quotation – Contemplated revision of Contract Documents by the Agency requesting detailed information from the Contractor on impacts to contract sum or contract time.

State Standard Specifications – Standard Specifications issued by the State of California, Department of Transportation, 2015.

Traffic Control Devices – All signs, signals, markings, and other devices used to regulate, warn, or guide traffic, placed on, over, or adjacent to a street, highway, pedestrian facility, or bikeway, by authority of the Engineer.

1-3. ABBREVIATIONS

1-3.2 Common Usage. *MODIFY to ADD the following:*

Abbreviation	Word or Words
CSMP	Construction Site Monitoring Program
DBE	Disadvantaged Business Enterprise
ESA	Environmentally Sensitive Area
HMA	Hot Mix Asphalt
NOI	Notice of Intent
SWMP	Storm Water Management Plan
SWRCB	State Water Resources Control Board
WPCP	Water Pollution Control Program
WDID	Waste Discharge Identification Number

DELETE the abbreviation of MUTCD and SUBSTITUTE with the following:

MUTCD	California Manual on Uniform Traffic Control Devices

1-3.3 Institutions. *MODIFY to ADD the following:*

Abbreviation	Word or Words
AI	The Asphalt Institute
AIA	American Institute of Architects
APWA	American Public Works Association
AREMA	American Railway Engineering and Maintenance of Way Association
ASHRAE	American Society of Heating, Refrigerating, and Air Conditioning Engineers
ASME	American Society of Mechanical Engineers
CRSI	Concrete Reinforcing Steel Institute
NFPA	National Fire Protection Association
PCA	Portland Cement Association
SSPC	Steel Structures Painting Council
UBC	Uniform Building Code, Pacific Coast Building Officials Conference of the International Conference of Building Officials

SECTION 2 - SCOPE AND CONTROL OF THE WORK

REVISE as follows:

2-2 ASSIGNMENT. *MODIFY to ADD the following:*
The performance of the Contract may not be assigned, except upon the written consent of the Agency. Consent will not be given to any proposed assignment that would relieve the original Contractor or its Surety of their responsibilities under the Contract, nor will the Agency consent to any assignment of any part of the Work under the Contract.

Assignment of this Contract shall contain a provision that the funds to be paid to the assignee under the assignment are subject to a prior lien for services rendered or materials supplied for performance of the work called for under the Contract in favor of all persons, firms, or corporations rendering such services or supplying such materials.

2-3 SUBCONTRACTS.

2-3.1 General. *MODIFY to ADD the following:*
If the Contractor subcontracts any part of this Contract, the Contractor shall be as fully responsible to the Agency for the acts and omissions of his subcontractor as he is for the acts and omissions of persons directly employed by him. Nothing contained in the Contract Documents shall create any contractual relationship between any subcontractor and the Agency. The Contractor shall bind every subcontractor to be bound by the terms of the Contract Documents as applicable to his work.

Debarred contractors shall not be employed on the Work pursuant to the provisions of Labor Code § 1777.1 and the City of Irvine Council Ordinance No. 08-10. The Labor Commissioner publishes and distributes a list of contractors ineligible to perform work as a subcontractor on a public works project. This list of debarred contractors is available from the Department of Industrial Relations web site: http://www.dir.ca.gov/dlse/debar.html

A list of individuals, firms and organizations debarred, suspended or who have voluntarily excluded themselves from Federal Procurement and Non-Procurement Programs is maintained by the US General Services Administration. This excluded parties list is available from the website: http://www.sam.gov

In accordance with SB 854, the Contractor and each of its subcontractors shall maintain a valid and current Department of Industrial Relations (DIR) Public Works Contractor registration during the term of this project.

Prior to including a subcontractor's name on the bid, the Contractor shall be responsible for verifying that each of its subcontractors are properly licensed and not debarred from performing the designated work.

This requirement shall be enforced as follows: Noncompliance shall be corrected. Payment for subcontracted work involved will be withheld from progress payments due, or to become due, until correction is made. Failure to comply may result in termination of the Contract.

If any subcontractor or person employed by the Contractor is deemed by the Engineer to be incompetent or to act in an improper manner, at the request of the Engineer, they shall be dismissed immediately from the job and shall not be employed again on the Work.

A copy of each subcontract is required to be filed with the Agency before the subcontractor begins work. Each subcontract shall contain a reference to the Contract between the Agency and the Contractor, and the terms of that Contract and all parts thereof shall be made a part of such subcontract insofar as applicable to the work covered thereby. Each subcontract shall provide for its annulment by the Contractor at the order of the Agency if in the Agency's opinion the subcontractor fails to comply with the requirements of the Contract.

2-3.2 Self Performance. *DELETE in its entirety and SUBSTITUTE with the following:*
The Contractor shall perform, with its own organization, Contract work amounting to at least 15 percent of the Contract Price on building/facility contracts, and at least 50 percent of the Contract Price on all other Public Works contracts except that any designated "Specialty Items" may be performed by subcontract and the amount of any such "Specialty Items" so performed may be deducted from the Contract Price before computing the amount required to be performed by the Contractor with its own organization. "Specialty Items" will be identified by the Agency in the Bid or Proposal. Where an entire item is subcontracted, the value of work subcontracted will be based on the Contract Unit Price. When a portion of an item is subcontracted, the value of work subcontracted will be based on the estimated percentage of the Contract Unit Price. This will be determined from information submitted by the Contractor, and subject to approval by the Engineer.

The provisions in 2-3.2 of these Special Provisions require that the Contractor shall perform with the Contractor's own organization contract work amounting to not less than 50 percent of the original Contract Price is not changed by the Federal Aid requirement specified under "Required Contract Provisions Federal Aid Construction Contracts" of these Special Provisions that the Contractor perform not less than 30 percent of the original contract work with the Contractor's own organization.

2-3.3 Status of Subcontractors. *MODIFY to ADD the following:*
The City will not conduct business with an individual, firm or organization, and the Contractor shall not employ or otherwise use any subcontractor, supplier, or equipment vendor at any tier that is on the City's debarment list, the Department of Industrial Relations debarment list, or on the US General Services Administration "List of Parties Excluded from Federal Procurement and Non Procurement Programs."

2-5 PLANS AND SPECIFICATIONS.

2-5.1 General. *ADD the following after the 2nd paragraph:*
All work of the Contract including, but not limited to, the general nature and character of the work area and conducting of Contractors' operations shall be performed in accordance with the Standard Specifications for Public Works Construction, 2015 edition, and all supplements thereto, except as modified in these Special Provisions and as follows:

> Work to be performed which is directly related to the construction and/or modification of traffic, striping, signing, markings or signals; work within State right of way; and, work which is directly related to the construction of bridges and

bridge appurtenances shall be performed in accordance with the State Standard Specifications, current edition as of bid date.

As applicable, unless modified elsewhere in these Special Provisions, Work of the Contract shall conform to current editions of: Uniform Building, Plumbing, Mechanical Codes; Uniform Fire Code; National Electrical Code; and, City of Irvine amendments thereto.

DELETE last paragraph in its entirety and SUBSTITUTE with the following:

If the Contractor, either before commencing work or in the course of the work, finds any discrepancy between the Specifications and the Plans or between either of them and the physical conditions at the site of the work or finds any error or omission in any of the Plans or in any survey, the Contractor shall promptly notify the Agency of such discrepancy, error, or omission. If the Contractor observes that any plans or specifications are at variance with any applicable law, ordinance, regulation, order, or decree, he shall promptly notify the Agency in writing of such conflict.

The Agency, on receipt of any such notice, will investigate the circumstances and give appropriate instructions to the Contractor. Until such instructions are given, any work done by the Contractor after its discovery of such an error, discrepancy, or conflict that is directly or indirectly affected by such error, discrepancy, or conflict, will be at its own risk and it shall bear all cost arising therefrom.

The Agency will provide, free of charge, three (3) copies of Plans and Special Provisions for the Contractor and one (1) copy of Plans and Special Provisions for each subcontractor listed in the Bidder's Proposal. Any Plans or Special Provisions required by the Contractor/subcontractor in addition to the above can be provided by Agency at Contractor's expense. The Contractor shall keep one set of Plans and Special Provisions in good order and available to the Agency Representative at the site of the Work.

2-5.2 Precedence of Contract Documents. *DELETE the order of precedence and SUBSTITUTE with the following*:

a) Permits and Agreements
b) Change Orders and/or Supplemental Agreements; whichever occurs last
c) Contract
d) Addenda
e) Instructions to Bidders, Proposal Requirements and Conditions
f) Bid/Proposal
g) Special Provisions
h) Contract Plans
i) Standard Plans
j) Standard Specifications
k) Reference Specifications

ADD:

2-5.2.1 Interpretation of Plans and Specifications. Figured dimensions on Plans shall govern, but work not dimensioned shall be as directed. Work not particularly shown or specified shall be the same as similar parts that are shown or specified. Specifications shall govern as to materials, workmanship, and installation procedures. Plans and Specifications requiring higher quality material or workmanship shall prevail. In the event of any discrepancy between any drawings and the figures thereon, the figures shall be taken as correct. In the event of any doubt or question arising respecting the true meaning of the Specifications, reference shall be made to Engineer whose decision thereon shall be final.

2-5.3 Submittals.

2-5.3.1 General. *MODIFY to ADD the following:*
The review period begins a new upon each submittal or resubmittal.

In providing specified submittals, the Contractor certifies that they are complete in all respects and all materials, equipment, and other work shown thereon conforms to the Contract Documents.

Where a manufactured item is designed or engineered by the manufacturer, fabricator, subcontractor, consultant or designee, the drawings and supporting calculations shall be stamped and signed by an engineer registered by the State of California executing the design within the scope of his registration. Unless otherwise accepted by the Engineer, data shall be submitted only by the prime Contractor. Data that, in the opinion of the Engineer, are incomplete or have not been checked by the prime Contractor or are illegible will be considered as not complying with the Contract requirements and will be returned to the Contractor for resubmittal in the proper form. The City may make this determination at any time during the review period.

Data shall be submitted in a format similar to the arrangement of the applicable section(s) of the Specifications unless otherwise specified. Any submittal not following the format specified, and not conforming to the requirements listed below, will be returned for resubmittal without review.

a) Data shall include drawings and descriptive information in sufficient detail to show the kind, size, arrangement, and operation of component materials and devices, the external connections, anchorages, and supports required, performance characteristics, dimensions needed for installation and correlation with other materials and equipment, and all additional information as required in the detailed section(s) of the Contract Documents. Identify field dimensions; show relation to adjacent or critical features, work or products.

b) Calculations to support the adequacy of the design in meeting specified performance ratings or requirements shall be submitted when required by the Specifications.

c) Each drawing or data sheet shall be clearly marked with the name of the project, the Contractor’s name, and references to applicable Specification paragraphs and Plan sheets. Submittals containing multiple drawings or data sheets shall be collated prior to submittal for review.

d) Data sheets, catalog cuts or drawings showing more than the particular item under consideration shall be marked to cross out all but the applicable information. Submit only pertinent pages; mark each copy of standard printed

data to identify pertinent products, referenced to Specification Section and Article number. Show reference standards, performance characteristics, and capacities; wiring and piping diagrams and controls; component parts; finishes; dimensions; and required clearances.

e) Data submitted shall include drawings showing wiring and/or pipe layouts. Any changes proposed by the Contractor shall be stated in a cover letter and essential details of such changes shall be clearly shown in the data submitted.

f) Present in a clear and thorough manner. Title each drawing with project name and number; identify each element of drawings by reference to sheet number and detail, schedule, or room number of Contract Documents.

g) Provide manufacturer's preparation, assembly and installation instructions.

h) Submit full range of manufacturer's standard finishes except when more restrictive requirements are specified, indicating colors, textures, and patterns, for Engineer’s selection.

i) Submit samples to illustrate functional characteristics of products, including parts and attachments. Label each sample with identification required for transmittal letter. Approved samples which may be used in the Work are indicated in the Specification section.

j) Provide field samples of finishes for the Work, at location acceptable to Agency Representative, as required by individual Specifications section. Install each sample complete and finished. Finishes in place that have been accepted by the Agency Representative may be retained in completed work.

Submittals shall be accompanied by a letter of transmittal listing the contents of the submittal. Drawings shall show the name of the project, the name of the Contractor, and, if any, the names of suppliers, manufacturers, and subcontractors. Shop drawings shall be submitted with sufficient time for Agency’s review and in orderly sequence in accordance with the progress schedule to cause no delay in prosecution of the Work. Drawings shall be submitted on 11”x17” or 24”x36” sheet sizes only. Any submittal not accompanied by such a transmittal, or where all applicable items on the form are not complete, will be returned for resubmittal.

A separate letter of transmittal shall be used for each specific item or class of materials or equipment for which a submittal is required. Transmittal of shop drawings on various items using a single letter of transmittal will be permitted only when the items taken together constitute a manufacturer’s “package” or are so functionally related that expediency indicates review of the group or package as a whole. Submittals transmitted by facsimile will not be accepted.

The Agency will return any submittal sent (1) without a transmittal letter, (2) with an incomplete form, or (3) by facsimile.

The Contractor shall assign a unique sequential number to each submittal package, which shall be clearly written in the space provided on the transmittal letter. This number shall be used in all correspondence to the Agency when referencing to a particular submittal. The Contractor shall be responsible for ensuring the same submittal number is not assigned to different submittal packages.

Resubmittals shall incorporate the original submittal number followed by the revision number (i.e., the first resubmittal of submittal #1 is numbered 1R1, the second 1R2, etc.). The Agency will return improperly numbered submittals without review. The Contractor shall indicate on the transmittal letter that either no exceptions to the Contract Documents are taken or deviations are submitted. All deviations indicated shall be listed on the transmittal letter and the Contractor shall be solely responsible for any omitted deviations. If any deviations are omitted, the Agency will return the submittal and the engineering data without review for resubmittal. Any consequences from the resulting delay shall be fully borne by the Contractor.

The Engineer's review of the Contractor's submittals will cover only general conformity to the Contract Documents. The Engineer's acceptance of drawings returned marked NO EXCEPTION TAKEN or RESUBMITTAL NOT REQUIRED (CORRECTIONS ARE NOTED) shall not constitute a blanket approval of dimensions, qualities, and details of the materials, equipment, device, or item shown, and does not relieve the Contractor from any responsibility for errors, omission or deviations from conforming to the Contract Documents. The Agency reserves the right to subsequently reject any previously accepted equipment, material, and/or construction method that deviates from the Contract Documents. When the drawings and data are returned marked CORRECT AND RESUBMIT, the corrections shall be made as noted thereon and as instructed by the Engineer, resubmittal shall be made in the same manner as the original submittal.

If the Engineer rejects the submittals, the Contractor is responsible for any subsequent time delays at no additional compensation from the Agency. Subject to these requirements, drawings and data, after final processing by the Engineer, shall become a part of the Contract Documents, and the work shown or described thereby shall be performed in conformity therewith unless otherwise required by the Engineer. In the event of conflict between accepted submittals and the other Contract Documents, the most stringent requirements shall apply unless the Agency has agreed in writing to less stringent requirements in response to a deviation listed on a submittal letter of transmittal.

No portion of the work requiring a submittal shall be commenced until the submittal has been reviewed by the Engineer and returned to the Contractor with a notation indicating that resubmittal is not required.

The review by the Engineer is only of general conformance with the design concept of the project, and general compliance with the Contract Documents and shall not be construed as relieving the Contractor of these full responsibilities for providing materials, equipment, and work required by the Contract; the proper fitting and construction of the Work; the accuracy and completeness of the submittals; selecting fabrication processes and techniques of construction; and performing the Work in a safe manner.

2-6 WORK TO BE DONE. *ADD the following after the 1st paragraph:*
The Contractor shall leave the Work area in a neat condition. Any work not shown in the Plans or Specifications but necessary to complete the Work according to law and governmental codes and regulations shall be performed by the Contractor as if in the Plans and Specifications.

The Contractor shall remove and dispose of all structures, debris, or other obstructions of any character necessary to accommodate the Work. Where such obstructions consist of

improvements not required by law to be removed by the Agency thereof, all such improvements shall be removed, maintained, and permanently replaced by the Contractor at his expense.

2-8 RIGHT OF WAY. *DELETE the 1st sentence and SUBSTITUTE with the following:* Rights of way, easements, agreements, licenses, or rights of entry (all referred to as right of way) for the Work have been provided by the Agency. Temporary right-of-way to construct one or more portions of the Work may also have been acquired by the Agency. If temporary right of way was acquired, the documents or their contractual terms and obligations are included in the Contract Documents. The Contractor shall comply with all the terms and obligations related to the physical use of the temporary right of way and its eventual return of the property to the owner. The Contractor shall schedule the Work that may include landscape establishment, maintenance periods, and final acceptance within the temporary right of way to start and finish within the time allotted in each temporary right of way agreement. Should the Work be delayed through no fault of the Agency, the Contractor shall be responsible for all costs incurred by the Agency to extend use of the temporary right of way.

MODIFY to ADD the following:

Work in the public right of way shall be done in accordance with the requirements of the permit issued by the public agency in whose right of way the Work is located in addition to conforming to the Contract Documents. If a permit or traffic control plan is not required, the Work shall conform to the standards set forth in the MUTCD.

The Contractor shall not allow his employees to use private property for any reason or to use water or electricity from such property without providing the City written permission from the owner. The Contractor shall comply with all applicable federal, state and local laws, ordinances, codes and regulations in performing any work or doing any activity on lands outside the public rights of way.

The Contractor shall hold harmless, indemnify, and defend the Agency, the Agency Representative and each of their officers, employees, and agents from all claims or suits for damages occasioned by such work or activity, whether done according to this section and with permission from the Agency or in violation of this section without permission from the Agency. To the maximum extent permitted by law, all obligations of the Contractor stated in 7-3.2 shall apply in the case of any such claims or suits.

The Contractor shall comply with City of Irvine Municipal Code § 5-9-521 Construction Site and Vacant Property Security, and be fully responsible for locating and obtaining permission to use equipment yards or material storage site(s). The Contractor shall assume full responsibility and costs for property rental, site preparation, maintenance and cleanup in a manner satisfactory to the City and the property owner.

If, through the failure of the Agency to acquire or clear right of way, the Contractor sustains loss which could not have been avoided by the judicious handling of forces, equipment and plant, the Contractor will be paid an amount as the Engineer may find to be a fair and reasonable compensation for such part of the Contractor's actual loss as, in the opinion of the Engineer, was unavoidable, determined as follows:

Compensation for idle time of equipment will be determined in the same manner as determinations are made for equipment used in the performance of extra work paid for as provided in 3-3 with the following exceptions:

a) The right of way delay factor for each classification of equipment shown in the State of California, Department of Transportation publication entitled “Equipment Rental Rates and Labor Surcharge,” current edition at the time of bid opening will be applied to such equipment rental rate.

b) The time for which such compensation will be paid will be the actual normal working time during which such delay condition exists, but in no case will exceed eight (8) hours in any day.

c) The days for which compensation will be paid will be the Calendar Days, excluding Saturdays, Sundays and legal holidays, during the existence of such delay.

Actual loss shall be understood to include no items of expense other than idle time of equipment and necessary payments for idle time of men, cost of extra moving of equipment, and cost of longer hauls. Compensation for idle time of equipment will be determined, as provided herein, and compensation for idle time of men will be determined as provided in 3-3.

If the performance of the Contractor's work is delayed as a result of the failure of the City to acquire or clear right of way, an extension of time determined pursuant to the provisions in 6-6 will be granted.

2-9 SURVEYING.

2-9.2 Survey Service. *DELETE the 1st sentence in the 1st paragraph and SUBSTITUTE with the following:*
The Agency will engage a licensed land surveyor or civil engineer registered in the State of California to perform surveying and calculations required by the Work of this Contract. All survey requests and directions to the survey team will be handled through the Agency Representative.

DELETE the last sentence in the 1st paragraph and SUBSTITUTE with the following:

Staking will be in accordance with Chapter 12 “Construction Surveys” of the State of California, Department of Transportation “Survey Manual.” A copy of the Manual is available at http://www.dot.ca.gov/hq/row/landsurveys/SurveysManual/12_Surveys.pdf.

Any construction stakes required in addition to those listed in the “Survey Manual”, or any re-staking required by loss of stakes, or additional costs encountered by significant delays or conditions which cause the use of more difficult survey methods during field operations and which are, in the judgment of the Agency, caused by interference of Contractors' operations, equipment or materials, shall be paid for by the Contractor at the hourly rate schedule of the Agency's surveying firm. Costs shall be deducted from any monies due or to become due the Contractor and any delays due to the replacement or restoration of stakes shall be the responsibility of the Contractor.

The Contractor shall submit to the Agency Representative a completed City of Irvine construction staking form with an assigned sequential number, description of specific items, locations and date required, together with supplemental drawings and/or data as necessary to facilitate surveying as required.

ADD:

2-9.5 Conformity with Contract Documents. The Work shall conform to the lines, grades, dimensions, tolerances, and material and equipment requirements shown on the Contract Documents. Although measurement, sampling, and testing may be considered evidence as to such conformity, the Engineer shall be the sole judge as to whether the work or materials deviate from the Contract Documents and his decision as to any allowable deviations therefrom shall be final.

If specific lines, grades, and dimensions are not shown on the Plans, those furnished by the Engineer shall govern.

2-10 AUTHORITY OF BOARD AND ENGINEER. *MODIFY to ADD the following:*
The Contractor is subject to the provisions of Government Code § 8546.7, which provides that this Contract and related documents are subject to the examination and audit of the State Auditor, at the request of the Agency or as part of any audit of the Agency, for a period of three (3) years after final payment under the Contract.

The Agency reserves the right to audit the Contractor's books, records, and documents related to the Contractor's performance and the Contractor's compliance with all of the terms and conditions of this Contract at any time. Upon request by Agency, Contractor shall prepare and submit to Agency any reports concerning Contractor's performance of the services rendered under this Contract. With 72 hours advance written notice delivered to Contractor, Agency shall have access to the books, records and documents of Contractor related to Contractor's performance of this Contract in the event any audit is requested.

All drawings, documents, and other materials prepared by Contractor in the performance of this Contract:

a) Shall be the property of Agency and shall be delivered at no cost to Agency upon request of Agency or upon the termination of this Contract, and

b) Are confidential and shall not be made available to any individual or entity without prior written approval of the Agency.

2-11 INSPECTION. *DELETE in its entirety and SUBSTITUTE with the following:*
Inspection of the Work will be conducted by an Agency Representative and will include monitoring and enforcing compliance of materials, equipment, installations, workmanship, methods and requirements of the Contract Documents.

The Agency Representative shall, at all times, have safe access to the Work during construction and shall be furnished with every reasonable facility for ascertaining full knowledge respecting the progress, workmanship, and character of materials and equipment used and employed in the Work.

Whenever the Contractor varies the work hours in which inspection is required, the Contractor shall give at least two (2) Working Days written notice to the Agency Representative so that inspection may be made.

All installations which are to be backfilled or otherwise covered will be inspected by the Agency Representative prior to backfilling or covering. The Contractor shall give the Agency Representative a minimum of two (2) days advance notice prior to backfilling or covering any part of the Work.

Work or materials concealed or performed without the prior notice specified above, will be subject to such tests or exposure as may be necessary to prove to the satisfaction of the Engineer, that all materials used and the work done are in strict conformity with the Contract Documents. All labor and equipment necessary for exposing and testing shall be furnished and paid for by the Contractor. The Contractor shall replace, without additional cost to the Agency, any materials or work damaged by exposure or testing.

Defective work shall be made good at the Contractor's expense including any unsuitable materials and equipment that may have been previously inspected by the Agency Representative, and/or that payment therefore has been included in an estimate for payment.

Inspection of the Work shall not relieve the Contractor of the obligation to fulfill all requirements of the Contract.

All submittals and correspondence between the Agency and the Contractor, related to inspection of the Work of this Contract, shall be directed to the Engineer.

ADD:

2-11.1 Inspection Requirements. The Contractor shall notify the Agency Representative a minimum of 48 hours before inspection is required.

a) Unless specified elsewhere in the Special Provisions, inspection of the Work will be provided by the Agency between the hours of 7:00 a.m. and 3:30 p.m., Monday through Friday, exclusive of Agency holidays. Any inspections requested by or made necessary as a result of the actions of the Contractor beyond the hours stated above shall be paid for by the Contractor at the prevailing rate of 1-1/2 times the regular hourly wage rate, plus 21% for overhead costs.

   The Contractor shall submit a request to the Engineer for approval, a minimum five (5) Calendar Days, in advance of inspections requested by or made necessary as a result of the actions of the Contractor on Saturdays, Sundays or Agency and/or Federal holidays. The Contractor shall pay for these inspections at the prevailing rate of 1-1/2 times for Saturdays and 2 times the regular hourly wage rate for Sundays or Agency and/or Federal holidays plus associated overhead costs.

   For purposes of this section, the following holidays are observed by the Agency:

   New Year's Day
   Martin Luther King Jr. Day
   Presidents' Day
   Memorial Day
   Independence Day
   Labor Day
   Veterans Day
   Thanksgiving Day

Day after Thanksgiving
Christmas Eve
Christmas Day

A construction calendar showing the days that each of the above holidays will be observed is available upon request from the Engineer.

b) The Contractor shall telephone the designated Agency Representative at least two (2) Working Days prior to starting construction or resuming construction following suspension of the Work for any reason.

Prior to commencing any work on the Contract, the Contractor shall submit a completed Inspection Overtime Permit form provided by the City of Irvine.

c) In addition to any inspection required by Codes and/or Ordinances or Contract Documents, Contractor shall notify the Engineer a minimum of 2 days prior to the permanent concealment of any materials or work. The following list is typical but not all inclusive of such required inspections:

1) Foundation/subgrade material, footing and slab beds
2) Reinforcing for concrete, masonry and plaster
3) Contact surface of concrete forms
4) Concrete and masonry surfaces
5) Piping and conduit
6) Finish grade prior to paving, seeding or planting
7) All soil mixes prior to installation
8) All chemicals and amendments prior to installation or application

2-12 SPECIAL NOTICES. *MODIFY to ADD the following:*
Any notice required or given by one party to the other under the Contract shall be in writing and shall be dated and signed by the party giving such notice or by a duly authorized representative of such party. Any such notices shall not be effective for any purpose whatsoever, unless served in the following manner:

a) If the notice is given to the Agency, by personal delivery or by depositing the same in the United States mail, enclosed in a sealed envelope addressed to the Agency, postage prepaid and registered.

b) If the notice is given by the Engineer to the Contractor by personal delivery to said Contractor or to his authorized representative or by depositing the same in the United States mail, enclosed in a sealed envelope addressed to said Contractor at his regular place of business or such other address as may have been established for the conduct of the work under this Contract, postage prepaid and registered.

c) If notice is given to the surety or any other person by personal delivery to said surety or other person, or by depositing the same in the United States mail, enclosed in a sealed envelope addressed to such surety or person at the address of said surety or person last communicated by him to the party giving the notice, postage prepaid and registered.

ADD:

2-13 CORRESPONDENCE. Unless specified otherwise or requested by the Engineer, the use of facsimile (fax) machines or internet email for the transmittal of routine correspondence, including submittals, shall not be allowed. The City will allow the use of fax machines or internet email for urgent matters such as notification of change of conditions. Unless otherwise allowed by the Engineer, all faxes or internet email shall be directed to the Engineer. The fax number and internet email address for the Engineer will be provided at the pre-construction meeting. Faxes or internet email received after 2:00 p.m. shall be considered as being received the following working day. All faxes or internet email shall be followed up with a paper copy that is mailed to the Engineer on the same day the fax or internet email is forwarded. The Engineer will not accept any illegible faxed or internet email correspondence.

ADD:

2-14 CONTRACT COORDINATION. The Contractor shall coordinate scheduling, submittals, and the Work to assure efficient and orderly sequence of installation of construction elements, with provisions for accommodating items to be installed later.

In addition to weekly progress meetings, as required by the Agency, the Contractor shall hold coordination meetings and pre-installation conferences with Agency Representatives and subcontractors to assure coordination of Work.

Should the Agency exercise partial Acceptance or beneficial occupancy of premises, the Contractor shall coordinate access to site to complete work or to correct defective work and work not in strict conformance with Contract Documents to minimize disruption of Agency's activities.

SECTION 3 - CHANGES IN WORK

REVISE as follows:

3-1 CHANGES REQUESTED BY THE CONTRACTOR.

3-1.1 General. *ADD the following after the 1st paragraph:*
The Contractor may initiate changes by submitting a written Change Order Request to the Engineer containing:

a) Description of the proposed changes.

b) Statement of the reason for making the changes.

c) Reference applicable specifications sections and specific plans in support of the request.

d) Statement of the effect on the Contract Price and Contract time.

e) Statement of the effect on the work of separate subcontractors.

f) Documentation supporting any change in Contract Price or Contract time as appropriate.

3-2 CHANGES INITIATED BY THE AGENCY.

3-2.1 General. *DELETE in its entirety and SUBSTITUTE with the following:*
The Agency may issue a Change Order for modifications of Work including, but not limited to, the Plans, Specifications, character, quantity or time of Work. Change Orders shall be in writing and state the dollar value of the change or establish the method of payment, and any adjustment in the Contract time of completion.

The Engineer may order minor changes in the Work not involving an increase or decrease in the contract amount, nor involving a change in the time for completion but consistent with the purposes for which the works are being constructed. If the Contractor believes that any order for minor changes in the work involves changes in the Contract Price or time of completion, the Contractor shall not proceed with the minor changes so ordered and shall immediately, upon the receipt of such order, notify the Engineer in writing of his estimate of the changes in the Contract Price and time of completion he believes to be appropriate.

No payment for changes in the Work will be made and no change in the time of completion by reasons of changes in the Work will be made, unless the changes are covered by a written Change Order approved by the Agency in advance of the Contractor's proceeding with the changed work.

Once a Change Order is finalized and executed by both parties, the Contractor waives its right to seek any additional compensation for the work covered by the Change Order or any project impacts. The Contractor agrees that all Change Orders constitutes full payment for the work covered by the Change Orders, including all direct and indirect overhead expenses.

Notwithstanding any other provision in the Contract Documents, the Agency’s issuance of a Change Order shall not constitute a waiver by the Agency of, or preclude the Agency in any way from, asserting any claim with respect to the same, including but not limited to, a

claim of breach of contract or claim that the issued Change Order covers work included in the scope of Work set forth in the Contract Documents for which the Contractor was not entitled to any additional funds.

A Change Order is approved when the Agency signs the Change Order.

A Contract Change Order approved by the Engineer may be issued to the Contractor at any time. Should the Contractor disagree with any terms or conditions set forth in an approved Contract Change Order not executed by the Contractor, the Contractor shall proceed with the Change Order work in accordance with 3-5 of the Standard Specifications, and submit a written protest to the Engineer within fifteen (15) days after the receipt of the approved Contract Change Order. The protest shall state the points of disagreement citing the Specification references, quantities and costs involved. If a written protest is not submitted, payment will be made as set forth in the approved Contract Change Order, and that payment shall constitute full compensation for all work included therein or required thereby. Unprotested approved Contract Change Orders will be considered as executed Contract Change Orders.

The Engineer may initiate changes by submitting a Request for Quotation to Contractor. Such request will include detailed description of the change, products, and location of the change in the Work, supplementary or revised Plans and Specifications. Such request is for information only and is not an instruction to execute the changes, or to stop work in progress.

The Contractor shall support each quotation for a lump-sum proposal, and for each unit price that has not previously been established, with sufficient substantiating data to allow Engineer to evaluate the quotation.

On request, the Contractor shall provide additional data to support time and cost computations, labor required, equipment required, products required, recommended source of purchase and unit cost, and quantities required, taxes, insurance and credit for work deleted from Contract, similarly documented, justification for any change in Contract time.

The Contractor shall support each claim for additional costs, and for work done on a time-and-material/force account basis, with documentation as required for a lump-sum proposal, plus additional information as follows:

a) Name of the Agency Representative who ordered the work, and date of the order.

b) Dates and times work was performed, and by whom.

c) Time record, summary of hours worked, and hourly rates paid.

d) Receipts and invoices for equipment used, listing dates and times of use, products used, listing of quantities, and subcontracts.

In lieu of a Request for Quotation, the Engineer may issue a written Field Order for the Contractor to proceed with a change for subsequent inclusion in a Contract Change Order. Authorization will describe changes in the Work, both additions and deletions, with attachments of revised Contract Documents to define details of the change and will designate the method of determining any change in the Contract Price and any change in Contract time. Agency Representative will sign and date the Field Order as authorization for the Contractor to proceed with the changes. Contractor may sign and date the Field

Order to indicate agreement with the terms therein. Contractor shall proceed with the work so ordered prior to actual receipt of an approved Contract Change Order.

3-2.2 Contract Unit Prices.

3-2.2.1 General. *ADD the following after the 2nd paragraph:*
In the case of such an increase or decrease in a Major Bid Item, the use of this basis for the adjustment of payment will be limited to that portion of the change, which together with all previous changes to that item, is not in excess of twenty-five percent of the total cost of such item based on the original quantity and Contract Unit Price.

3-2.2.2 Increases of More than 25 Percent. *MODIFY to ADD the following:*
If payment for units of a bid item that exceeds125 percent of the price shown on the Bid Item List is less than $5,000 at the unit price, the Engineer may not adjust the unit price unless asked to do so in writing by the Contractor.

3-2.4 Agreed Prices. *ADD the following after the 1st sentence:*
Agreed prices shall be negotiated before commencement of the changed work.

3-3 EXTRA WORK.

3-3.2.1 General. *DELETE in its entirety and SUBSTITUTE with the following:*
When the price for the extra work cannot be agreed upon prior to the commencement of the work, the Agency will pay for the extra work based on the accumulation of costs as provided herein.

3-3.2.2.3 Tool and Equipment Rental. *DELETE in its entirety 2nd paragraph and SUBSTITUTE with the following:*
The rates to be used for determining equipment rental costs shall be those rates listed for such equipment in the State of California, Department of Transportation (Caltrans) publication entitled “Equipment Rental Rates and Labor Surcharge”, which is in effect on the date upon which the work is accomplished, regardless of ownership and any rental or other agreement entered into by the Contractor, if such may exist, for the use of such equipment. If it is deemed necessary by the Engineer to use equipment not listed in the said publication, the Engineer will establish a suitable rental rate for such equipment. The Contractor may furnish any cost data, which might assist the Engineer in the establishment of such rental rate. Equipment Rental Rates and Labor Surcharge publication is available from Caltrans at http://www.dot.ca.gov/hq/construc/equipmnt.html. Rental time will not be allowed while equipment is inoperative due to breakdowns.

Operators of rented equipment will be paid for as provided in 3-3.

3-3.2.3 Markup.

3-3.2.3.1 Work by Contractor. *DELETE in its entirety and SUBSTITUTE with the following:*
The following percentages will be added to the Contractor’s costs as determined under 3-3.2.2 and shall constitute the markup for all overhead, increase in Contractor’s bonds, administrative expenses and profit on work by the Contractor:

a) Labor 20%

b) Materials 15%

c) Equipment Rental 15%

d) Other Items and Expenditures 15%

3-3.2.3.2 Work by Subcontractor. *DELETE in its entirety and SUBSTITUTE with the following:*
When any part of the extra work is performed by a subcontractor, of any tier, the markup established in 3-3.2.3.1 shall be applied to the subcontractor's actual cost of such work. Contractor markup on subcontractor work shall be limited to five percent .

No payment shall be made for any item not set forth in 3-3.2.3.1 and 3-3.2.3.2, including without limitation, Contractor's overhead, general administrative expense, supervision or damages claimed for delay in prosecuting the remainder of the work.

This provision shall not be construed to preclude the recovery of damages by the Contractor stemming from delay for which the Agency is responsible, which is unreasonable under the circumstances involved, and which was not within the contemplation of the Agency and the Contractor.

3-3.3 Daily Reports by Contractor. *ADD the following after the 1st sentence:*
The Contractor shall notify the Agency Representative at the beginning of each day when extra work is in progress. No payment will be made for work not verified by the Agency Representative.

SECTION 4 - CONTROL OF MATERIALS

REVISE as follows:

4-1 MATERIALS AND WORKMANSHIP.

4-1.1 General. *ADD the following before the 1st sentence in the 1st paragraph:*
The Contractor shall furnish all materials required to complete the Work, except materials that are designated in the Special Provision to be furnished by the Agency.

ADD:

4-1.1.1 Contractor Equipment and Plants. Only equipment and plants suitable to produce the quality of work and materials required will be permitted to operate on the project. Such equipment and plants shall be maintained in a good state of repair during the process of the Work. No obsolete or badly worn equipment and plants shall be used. Manufacturer's ratings shall not be exceeded.

Plants shall be designed and constructed in accordance with general practice for such equipment and shall be of sufficient capacity to ensure a production rate of sufficient material to carry to completion within the time limit(s) specified in the Contract Documents, if any.

The Contractor, when ordered by the Engineer, shall remove unsuitable equipment from the work site and discontinue the operation of unsatisfactory plants and equipment.

ADD:

4-1.1.2 Adoption or Revision Date for Standards, Codes, and Tests. Whenever reference is made to a standard, code, specification, or test and the designation representing the date of adoption or latest revision thereof is omitted, it shall mean the latest revision of such standard, code; specification or test in effect on the day of the Notice Inviting Bids is dated.

In accordance with the Public Contract Code § 3400, the Contractor shall submit data substantiating requests for substitution of “equal” items within thirty-five (35) days of Contract award or before ten percent of the Contract Working Days have expired, whichever is less. This time is included in the number of Working Days allowed for the completion of the Work. The Engineer’s decision regarding the acceptability of the substitution is final.

Materials, equipment, and supplies provided shall, without additional charge to Agency, fully conform with all applicable local, State and Federal safety laws, rules and regulations, and orders, and it shall be the Contractor's responsibility to provide only such materials, equipment, and supplies notwithstanding any omission in the Contract Documents therefore on that particular material, equipment or supply as specified.

4-1.3 Inspection Requirements. *ADD the following before the 1st paragraph:*
Materials to be used in the Work will be subject to inspection and tests by the Engineer. The Contractor shall furnish without charge such samples as may be required. The Contractor shall furnish the Engineer a list of his sources of materials and the locations at which such materials will be available for inspection a minimum of twenty (20)

Calendar Days in advance of their intended use. The Engineer may inspect, sample or test materials at the source of supply or other locations, but such inspection, sampling or testing will not be undertaken until the Engineer is assured by the Contractor of the cooperation and assistance of both the Contractor and the supplier of the material. The Contractor shall assure that the Engineer has free access at all times to the material to be inspected, sampled or tested. It is understood that such inspections and tests, if made at any point other than the point of incorporation in the Work, in no way shall be considered as a guarantee of acceptance of such material nor of continued acceptance of material presumed to be similar to that upon which inspections and tests have been made, and that inspection and testing performed by the Agency shall not relieve the Contractor or his suppliers of responsibility for quality control.

Manufacturers' warranties, guarantees, instruction sheets and parts lists, which are furnished with certain articles or materials incorporated in the Work, shall be delivered to the Engineer before acceptance of the Contract Work.

Reports and records of inspections made and tests performed when available at the site of the Work, may be examined by the Contractor.

4-1.3.1 General. *MODIFY to ADD the following:*
The Engineer may inspect the production of material, or the manufacture of products at the source of supply. Plant inspection, however, will not be undertaken until the Engineer is assured of the cooperation and assistance of both the Contractor and the material producer. The Engineer shall have free entry at all times to such parts of the plant as concerns the manufacture or production of the materials. Adequate facilities shall be furnished free of charge to make the necessary inspection. The Agency assumes no obligation to inspect materials at the source of supply.

4-1.4 Test of Materials. *MODIFY to ADD the following:*
The Contractor shall furnish the Agency Representative with a list of his sources of materials in sufficient time to permit proper inspection and testing of materials to be furnished for such listed sources in advance of their use. The Contractor shall furnish without charge such samples as may be required.

Inspection and tests will be made by the Agency Representative or his designated representative, but it is understood that such inspections and tests, if made at any point other than the point of incorporation in the work, in no way shall be considered as guarantee of acceptance of such materials nor of continued acceptance of materials, presumed to be similar to that upon which inspection and tests have been made.

Tests of materials will be made in accordance with commonly recognized procedures of technical organizations and such special procedures as prescribed in the Contract Documents. Materials will be sampled and tested at such times during the process of the Work as deemed desirable by the Engineer, the Contractor shall cooperate in obtaining the samples.

ADD:

4-1.4.1 Testing Laboratory. The Contractor shall employ and pay for services of an independent testing laboratory, subject to approval by the Agency, to perform other testing and inspections services required by the Contract Documents.

Prior to start of Work, the Contractor shall submit his testing laboratory name, address and telephone number, and names of full-time registered engineer and responsible officer.

Employment of testing laboratories will in no way relieve Contractor of its obligation to perform the Work in accordance with Contract Documents.

Laboratory field technicians employed by the Agency shall have no authority to release, revoke, alter, or enlarge on requirements of Contract Documents, or to approve, accept or stop any portion of the Work.

The Contractor shall:

a) Cooperate with laboratory personnel, provide access to work, arrange access to manufacturer's operations.

b) Provide the laboratory with preliminary representative samples of materials to be tested, in required quantities.

c) Furnish copies of mill test reports.

d) Provide casual labor and facilities for access to work being tested; obtain and handle samples at the site; facilitate inspections and tests; provide facilities for the laboratory's exclusive use for storage and curing of test samples.

e) Coordinate requests for testing through the Agency Representative. Notify Agency Representative a minimum of three (3) Working Days in advance of operations to allow for assignment of personnel and scheduling of tests.

f) Pay for additional laboratory inspections, sampling and testing required for Contractor's convenience and when initial tests indicate that work does not comply with Contract Documents.

g) When required by the Contract Documents, submit manufacturer’s certificate, executed by responsible officer, certifying that the product(s) meet or exceed specified requirements. Provide certification in duplicate.

4-1.6 Trade Names or Equals. *MODIFY to ADD the following:*
The Contractor shall submit products list in accordance with the following:

a) Within the time specified in 4-1.1.2 of the Standard Specifications and these Special Provisions, transmit number of copies Contractor needs plus four (4) of a list of major products which are proposed for installation, including name of manufacturer. Tabulate products by specification section number, title and article number.

b) For products specified only by reference standards, give manufacturer, trade name, model or catalog designation, and reference standards.

c) The Engineer will reply in writing, stating whether there is reasonable objection to listed items. Failure to object to a listed item shall not constitute a waiver of requirements of Contract Documents.

The following limitations shall apply to substitutions:

a) During the bidding period, Instructions to Bidders govern times for submitting requests for substitutions under requirements specified in this Subsection.

b) Requests for substitutions of products will be considered only within the time period specified in the Contract Documents. Subsequent requests will be considered only in the case of product unavailability or other conditions beyond control of Contractor. Material delivery schedules will not be considered justification for substitution.

c) Substitutions will not be considered when indicated on shop drawings or product data submittals without separate formal request or when requested directly by subcontractor or supplier, or when acceptance will require substantial revision of Contract Documents.

d) Substitute products shall not be ordered or installed without written acceptance by the Engineer.

e) Only one request for substitution for each product line will be considered. When substitution is not accepted, provide specified product.

f) The Engineer will determine acceptability of substitutions.

Requests for substitutions shall conform to the following:

a) Submit separate request for each substitution. Document each request with complete data substantiating compliance of proposed substitution with requirements of Contract Documents.

b) Identify product by specifications section and article numbers. Provide manufacturer's name and address, trade name or product, and model or catalog number. List fabricators and suppliers, as appropriate.

c) Give itemized comparison of proposed substitution with specified product, listing variations, and reference to specifications section and article numbers.

d) Give cost data comparing proposed substitution with specified product, and amount of net change to Contract sum.

e) List availability of maintenance services and replacement materials.

f) State effect of substitution on construction schedule, and changes required in other work or products.

Request for substitution constitutes a representation that Contractor has investigated proposed product and has determined that it is equal to or superior in all respects to specified product. The Contractor shall provide the same warranty for the substitution as for the specified product, shall coordinate installation of accepted substitute, making such changes as may be requested for Work to be complete in all respects, certifies that cost data presented is complete and includes all related costs under this Contract and waives claims for additional costs related to substitution which may later become apparent. The Contractor shall submit the number of copies the Contractor needs plus four of request for substitution. For accepted products, submit shop drawings, product data and samples, and tests conducted in accordance with 2-5.3.

ADD:

4-1.10 Agency-Furnished Materials. Materials which are listed as Agency-furnished materials in the Special Provisions will be available to the Contractor free of charge.

The Contractor shall submit a written request to the Engineer for the delivery of Agency-furnished material at least fifteen (15) Working Days in advance of the date of its intended use. The request shall state the quantity and the type of each material.

The locations at which Agency-furnished materials will be available to the Contractor free of charge will be designated in the Special Provisions. In those cases, the materials shall be hauled to the site of the Work by the Contractor at the Contractor's expense, including any necessary loading and unloading that may be involved. If the locations are not designated in the Special Provisions, the Agency-furnished materials will be furnished to the Contractor free of charge at the site of the Work. In either case, all costs of handling and placing Agency-furnished material shall be considered as included in the price paid for the contract item involving the Agency-furnished material.

The Contractor shall be responsible for Agency-furnished materials furnished to the Contractor, and shall pay all demurrage and storage charges. Agency-furnished materials, once furnished, delivered, or picked-up by the Contractor, that are lost or damaged from any cause whatsoever shall be replaced by the Contractor at the Contractor's expense. The Contractor shall be liable to the Agency for the cost of replacing Agency-furnished materials, and those costs may be deducted from any monies due or to become due the Contractor. All Agency-furnished material that is not used on the Work shall remain the property of the Agency, and the Contractor shall arrange with the Agency Representative for delivery back to the Agency at Contractor’s expense.

SECTION 5 - UTILITIES

REVISE as follows:

ADD:

5-0 GENERAL. For purposes of this Section 5, the terms referenced below are defined as follows:

An “unidentified” underground main or trunk line utility is one that is not indicated at all on the Plans, and a “misidentified” underground main or trunk line utility is one that is not indicated on the Plans with reasonable accuracy (a “misidentification”). An underground main or trunk line utility is indicated on the Plans with reasonable accuracy unless its actual location is substantially and materially different from that indicated on the Plans.

The term “rearrangement” of utilities means the relocation, alteration, reinstallation, and/or reconstruction of utilities (including removal of existing utilities incidental thereto) as necessary in order to accommodate the Work. Whenever in this Section 5 reference is made to any one or more of these rearrangement activities, such reference shall be deemed to include all other such activities as required in order to accommodate the Work.

5-1 LOCATION. *MODIFY to ADD the following:*
A list of utility companies that have facilities located within or near the construction area is included in the Special Provisions. The Engineer has endeavored to determine the existence of utility substructures at the site of the Work by reviewing the records of the owners of known utilities in that vicinity and consulting with those owners, and based on that information has indicated on the Plans those utility substructures (except for service connections) that may affect the Work.

The Contractor acknowledges that the utility information provided on the Plans and Special Provisions has not been verified and may not be accurate or complete. Except as expressly provided in this Section 5, the Contractor may not rely upon such utility information and the City assumes no responsibility for its accuracy or completeness. Changed conditions within the scope of 3-4 do not include utilities.

The Contractor shall determine the exact location (both horizontal and vertical), type and size of all existing utilities, including service connections, prior to commencing work which could result in damage to such utilities or could otherwise affect or be affected by such utilities or interfere with the service they provide. Where underground main distribution conduits such as water, gas, sewer, electric power, telephone or cable television are shown on the Plans, the Contractor shall assume that every adjacent property parcel will be served by a service connection for each type of utility shown. The Contractor shall do such investigation, research, surveys and potholing as the Contractor deems necessary to make such determinations. The Contractor shall immediately notify the Engineer as to any utility discovered by it which is in a different position than indicated on the Plans or is not indicated at all on the Plans.

The Contractor's cost of locating any unidentified or misidentified underground main or trunk line utility will be paid for as an addition to the Work in accordance with Section 3; provided, however, that the Contractor will not be entitled to such additional compensation if the existence and location (with reasonable accuracy) of such utility was (or should have been) known to the Contractor as of the date on which the Bids were due or could

otherwise have been inferred at that time from the presence of visible facilities such as buildings, meters, junction boxes or identifying markers. The cost of locating all other utilities shall be considered as included in prices in the Bid for other items of the Work.

The information regarding underground and internal utilities and appurtenances which the Contractor is required to record in the Record Documents as specified in 7-16 shall include (but not be limited to) the accurate locations of underground utilities determined pursuant to this 5-1 and remaining in place, as well as utilities rearranged by either the Contractor or the utility owners.

At least two (2) Working Days prior to commencing any excavation, the Contractor shall contact the regional notification center (Underground Service Alert of Southern California [USA] at 1-800-422-4133) to obtain an inquiry identification number. The Contractor shall comply in all respects with California Government Code § 4216 *et seq.*

Caltrans is not required by Section 4216 *et seq.* to become a member of the regional notification center. The Contractor shall contact Caltrans for the location of its subsurface installations. In addition, the Contractor shall be aware that non-pressurized sewer lines, non-pressurized storm drains, and other non-pressurized drain lines are not required by § 4216 *et seq.* to be marked by the respective owners. The Contractor shall contact those utility owners as necessary to locate their subsurface installations.

The Contractor shall request the City of Irvine Traffic Operations Division at 949-724-7649 to locate any existing traffic signal conductors and interconnect within the construction area before performing Work that may affect or be affected by the existing facilities.

Except as expressly provided in this Section 5 with respect to unidentified or misidentified underground main or trunk line utilities, the failure of any utility company to accurately mark its facilities shall not be justification for a time extension or for additional compensation from the City.

The Contractor shall obtain photographs of all markings made by its forces as well as all USA markings. All such photographs shall show the subject markings in relation to one or more identifiable landmarks that will remain in place after completion of the Work and completion of any utility removal and/or rearrangement work in the vicinity.

The right is reserved to governmental agencies and to the owner of utilities to enter at any time upon any street, alley, right of way, or easement for the purpose of maintaining and making repairs to their property.

5-1.2 Payment. *DELETE in its entirety and SUBSTITUTE with the following:*
Payment for utility location by the Contractor shall be included in the various items of work and no additional compensation will be allowed therefor.

5-2 PROTECTION. *DELETE in its entirety and SUBSTITUTE with the following:*
The Contractor shall not interrupt the service function or disturb the support of any utility without authority from the utility owner or direction from the Engineer. Valves, switches, vaults, and meters shall be maintained readily accessible for emergency shutoff.

Where protection is required to ensure support of utilities potentially impacted by the Work, the Contractor shall, unless otherwise specified on the Plans or in the Special Provisions, furnish and place the necessary protection and support.

Any additional cost incurred by the Contractor for protecting and supporting an unidentified underground main or trunk line utility or resulting from the misidentification of an underground main or trunk line utility will be paid for as an addition to the Work in accordance with Section 3, unless such utility's existence and location (with reasonable accuracy) was (or should have been) known to the Contractor as of the date on which the Bids were due or could otherwise have been inferred at that time from the presence of visible facilities such as buildings, meters, junction boxes or identifying markers. The cost of protecting and supporting all other utilities shall be considered as included in prices in the Bid for other items of the Work.

The Contractor shall immediately notify the Engineer and the utility owner if any utility is disturbed or damaged in the course of the Work. The Contractor shall, if directed by the Engineer, restore, repair or replace any such disturbed or damaged utility.

For any unidentified or misidentified underground main or trunk line utility that is disturbed or damaged in the course of the Work, the cost of restoration, repair or replacement incurred by the Contractor, if not made necessary by the Contractor's failure to perform its obligations pursuant to the Contract Documents (including without limitation Section 5-1) or to otherwise exercise reasonable care, will be paid for as an addition to the Work in accordance with Section 3. Except where additional compensation is allowed pursuant to this paragraph, all utilities disturbed or damaged in the course of the Work shall be restored, repaired or replaced at the Contractor's cost and expense, either by the utility owner or by the Contractor.

To the maximum extent permitted by law, all obligations of the Contractor stated in 7-3.2 shall apply in the case of any claims or liabilities (as defined therein) that may be asserted or claimed by any person or entity arising out of any disturbance or damage to utilities caused by the act or omission of the Contractor, whether or not such utilities are accurately marked either on the Plans or by the utility owner in the field, and whether or not there is concurrent active or passive negligence on the part of City and/or City Personnel, but excluding any such claims or liabilities arising from the sole active negligence or willful misconduct of City or City Personnel. All claims and liabilities for which the Contractor is responsible pursuant to this paragraph are sometimes referred to herein as "Utility Damage Claims."

When placing concrete around or contiguous to any non-metallic utility installation, the Contractor shall at its expense:

a) Furnish and install a 2-inch (50 mm) cushion of expansion joint material or other similar resilient material; or

b) Provide a sleeve or other opening which will result in a 2-inch (50 mm) minimum-clear annular space between the concrete and the utility; or

c) Provide other acceptable means to prevent embedment in or bonding to the concrete.

Where concrete is used for backfill or for a structure which would result in embedment, or partial embedment, of a metallic utility installation; or where the coating, bedding or other

cathodic protection system is exposed or damaged by the Contractor's operations, the Contractor shall notify the Engineer, shall arrange to secure the advice of the affected utility owner regarding the procedures required to maintain or restore the integrity of the system, and shall implement such procedures at the Contractor's expense.

5-4 RELOCATION. *DELETE in their entirety 2nd and 3rd paragraphs and SUBSTITUTE with the following:*
If utilities are found to interfere with the Work after award of the Contract, such utilities will be rearranged by the respective utility owners, or the Engineer may order the Contractor to perform such rearrangement, as an addition to the Work in accordance with Section 3. Alternatively, the Engineer may order changes in the Work to avoid such interference, in accordance with Section 3. All work by the Contractor on utilities shall be done to the reasonable satisfaction of the utility owner as well as complying with the requirements of the Contract Documents.

When the Plans or Special Provisions provide for the Contractor to rearrange a utility as part of the Work, all costs for such work shall be considered included in the Bid for the items of work necessitating such work. However, if an underground main or trunk line utility to be rearranged by the Contractor is misidentified in the Plans, any additional cost incurred by the Contractor for such work resulting from the misidentification shall be treated as an addition to the Work in accordance with Section 3, unless the utility's location (with reasonable accuracy) was (or should have been) known to the Contractor as of the date on which the Bids were due or could otherwise have been inferred at that time from the presence of visible facilities such as buildings, meters, junction boxes or identifying markers. Except as provided in this paragraph, the Contractor shall not be entitled to any additional compensation on account of inaccuracies in the Plans with respect to rearrangements of utilities that are included in the Work.

Temporary or permanent rearrangement of utilities requested by the Contractor for its convenience shall be its responsibility and the Contractor shall make all arrangements necessary for such work and bear all related costs. The Contractor shall not be entitled to any additional compensation on account of any such utilities or work.

ADD the following at the beginning of the last paragraph:

The provisions of this paragraph are subject to the provisions of the previous paragraph. Where the Plans or Special Provisions provide for the Contractor to rearrange any service connections, such work is considered included in the Bid for the items of work necessitating such work.

5-5 DELAYS. *DELETE in its entirety and SUBSTITUTE with the following:*
The construction schedule developed in accordance with 6-1 shall allow adequate time for the necessary protection, removal and rearrangement of utilities by either the utility owner or the Contractor, as applicable. For work to be performed by a utility owner, the construction schedule shall allow for the time period required by the utility owner for such work. The Contractor shall notify the Engineer in writing of any subsequent changes in the construction schedule which will affect the time available for protection, removal, or rearrangement of utilities, and shall obtain the Engineer's approval of such changes.

The Contractor will not be entitled to any extensions of the Contract time or compensation for damages incurred due to delays attributable to utilities at the site of the Work except as

otherwise provided in 6-6.1 or as provided below. Delays described below will not be considered delays for which the City is responsible within the meaning of 6-6.3.

a) Subject to 6-6.2 and 6-6.4, the Contractor shall be entitled to an extension of the Contract time to the extent that any delay in the Work is directly attributable to an unidentified underground main or trunk line utility or the misidentification of an underground main or trunk line utility in the Plans, unless the utility's location (with reasonable accuracy) was (or should have been) known to the Contractor as of the date on which the Bids were due or could otherwise have been inferred at that time from the presence of visible facilities such as buildings, meters, junction boxes or identifying markers. If the Contractor is entitled to such a time extension, the Contractor also shall be entitled to compensation for idle time of equipment on account of such delay, determined by the Engineer in the same manner as determinations are made for equipment used in the performance of Extra Work in accordance with Section 3. The Contractor shall not be entitled to any other compensation or damages on account of such delay.

b) The Contractor may be given an extension of time (but no additional compensation) for unforeseen delays attributable to failure of a utility owner to complete utility rearrangement work within the time period reasonably scheduled for such work in the construction schedule, or to timely complete utility rearrangement work which the Contract Documents indicate will be completed in advance of the Contractor's construction operations.

The Contractor shall not be entitled to any time extension or additional compensation for any delays or losses described in 5-5: (a) to the extent resulting from the Contractor’s actions or omissions or which could have been avoided by any reasonable means, such as the judicious handling of forces, equipment or plant, or (b) arising in connection with utilities being rearranged for the Contractor's convenience. The determination of what damages the Contractor could have avoided will be made by the Engineer.

The Contractor shall immediately notify the Engineer of any delays to the Contractor's operations described in 5-5. Delays described in 5-5 are not considered right of way delays within the scope of 2-8.

ADD:

5-7 CONTRACTOR RESPONSIBILITIES.

The Contractor shall:

a) Cooperate with utility personnel; provide access to work site.

b) Coordinate Work of the Contract with affected utilities. All USA markings shall be removed after completion of the work for which the markings were provided, and before Agency’s Acceptance and/or approval of the Work.

c) Asphalt concrete pavement not overlaid or slurry sealed as part of the project bid items which is damaged by trenching, potholing or where the contractor otherwise damages pavement shall be slurry sealed after the pavement section is repaired. “Perpendicular” street cuts shall be slurry sealed ten (10) feet each side of the cut and for “longitudinal” cuts shall be slurry sealed from pavement lane to pavement lane line for the entire damaged area or as directed by the Agency Representative. Type I slurry shall be used on non-arterial streets and

Type II slurry shall be used on arterial streets. Damaged traffic striping, legends and markers shall also be replaced if damaged. “Patchwork” application of slurry shall be avoided by joining closely grouped areas of slurry applications. Compensation for this requirement shall be considered as included in the prices paid for the related items of work and no additional compensation will be allowed therefor.

ADD:

5-8 PERMANENT UTILITIES. Contractor shall contact and make all arrangements with utility owners and coordinate all provisions for installation and connection of all permanent utilities that are necessary for the Work, such as, but not limited to, natural gas, electricity, water, sewer, and telephone. All costs for such installation and connection, as well as costs for operating permanent utilities prior to acceptance of the Work by the Agency, shall be considered as included in the prices in the Bid for the related items of work.

5-8.1 UTILITY CONTACT & CONSTRUCTION TABLE.

Utility Company	Contact/Phone	Estimated Construction Window / Duration in Working Days[1]	Work Description Includes But Is Not Limited To:
Southern California Edison - Service Planner	Shara Farris 949-458-4437 Cell 909-543-8038	**60 WD**	BURD relocation, false curb installation, street light, traffic signal, meter relocations and pedestal relocations
Southern California Edison - Inspector	Louis Acosta 949-458-4574	**30 WD**	Irrigation meter, street light and traffic signal inspection
Irvine Ranch Water District (Water and Sewer)	Jeff Smyth 949-453.5751	**45 WD**	Install or relocate cathodic protection test stations, fire hydrant, blow off, air release. Adjust to grade existing valves
Southern California Gas Company	Ronan Lansang 714-634-5017	**20 WD**	Adjust to grade gas valve frames and covers
Cox Communication	Rey Castro 949-546-2466	**20 WD**	Relocation of existing meters, pull boxes and pedestals

[1] Note: Working days include multiple mobilizations.

Utility Company	Contact/Phone	Estimated Construction Window / Duration in Working Days[1]	Work Description Includes But Is Not Limited To:
AT&T	Craig Akin 714-666-5698	**20 WD**	Adjust to grade manholes and install false curbs at existing vaults
OCTA (Stops and Zones)	Bill Batory 714-560-5912	**10 WD**	Bus stop reconstruction at Campus and University
UCI Transportation & Distribution Services	Kevin Tobin 949-824-0967	**10 WD**	Any work affecting bus operations

The construction durations listed represent total accumulated time for the installation of the utilities. It is anticipated that each utility will require several mobilizations to complete their work in conjunction with the Contractor's operations. The following additional information is provided to facilitate coordination between the Contractor and each respective utility company:

a) AT&T CALIFORNIA SUBSTRUCTURE DESK - TELEPHONE AND COMMUNICATION

AT&T has facilities within the project limits. The Contractor shall coordinate and schedule AT&T to adjust to grade of existing telephone manholes and install false curb at existing vault locations as shown on the project drawings. Contractor shall coordinate with AT&T on protecting their existing facilities. If the existing facilities are determined to require adjustments, the Contractor shall coordinate with AT&T for the adjustment of these existing AT&T facilities. The Contractor shall provide the utility company and its contractor time and working space for this work.

b) COX COMMUNICATIONS – CABLE TELEVISION AND COMMUNICATIONS

COX has facilities within the project limits. The Contractor shall coordinate and schedule COX relocation of existing meters, pull boxes and pedestals as shown on the project drawings. Contractor shall coordinate with COX on protecting their existing facilities. If the existing facilities are determined to require adjustments, the Contractor shall coordinate with COX for the adjustment of these existing COX facilities. The Contractor shall provide the utility company and its contractor time and working space for this work.

c) IRVINE RANCH WATER DISTRICT (IRWD)

If awarded the IRWD utility alternate bid item work, the Contractor shall perform the adjustments as shown on the Plans and Special Provisions and IRWD requirements. Contractor shall coordinate and schedule IRWD inspections. If not awarded, the Contractor shall coordinate and schedule IRWD relocation of existing cathodic protection stations, pull boxes, hydrants, blow off and air release facilities and adjust existing valves to grade as shown on the project drawings. Contractor shall coordinate with IRWD on protecting their existing

facilities. If the existing facilities are determined to require adjustments, the Contractor shall coordinate with IRWD for the adjustment of these existing IRWD facilities. The Contractor shall provide the utility company and its contractor time and working space for this work.

d) SOUTHERN CALIFORNIA GAS COMPANY (SCG)

SCG has facilities within the project limits that are to be protected-in-place. Contractor shall coordinate with SCG on protecting their existing facilities. Protect-in-place all SCG gas lines in the roadway in the center median along University Drive and in the roadway on Campus Drive and Mesa Road. If the existing facilities are determined to require adjustments, the Contractor shall coordinate with SCG for the adjustment of these existing SCG facilities. The Contractor shall provide the utility company and its contractor time and working space for this work.

e) SOUTHERN CALIFORNIA EDISON (SCE) – ELECTRICAL SERVICE PROVIDER

Contractor shall construct Southern California Edison (SCE) facilities including, but not limited to, street light conduit and pull boxes as shown on the project drawings and per SCE requirements. The Contractor shall coordinate and schedule SCE inspections, SCE construction of street light foundation installation, cable installation, “make-up” connections/disconnections, energizing/de-energizing system and pole and fixture relocations. The Contractor shall relocate SCE street light conduit interfering with installation of new street light foundations.

SCE has facilities within the project limits that are to be protected-in-place. Contractor shall coordinate with SCE on protecting their existing facilities. If the existing facilities are determined to require adjustments, the Contractor shall coordinate with SCE for the adjustment of these existing SCE facilities. The Contractor shall provide the utility company and its contractor time and working space for this work.

Contractor shall coordinate with SCE for existing service disconnect and reconnect needs, for the relocation of existing meters and street lighting (pole, fixtures, etc.) and installation of false curbs at existing vaults as shown on the plans. SCE will make wiring connections in the handhole and relocate the existing meters. The Contractor shall coordinate and arrange for this work with SCE.

f) OCTA

OCTA operates bus stops within the project limits. At least two weeks prior to starting work, the Contractor shall notify the Orange County Transportation Authority bus service of the approximate starting date and completion date. The Contractor shall maintain an area during construction for the pick-up and drop-off of passengers. Contractor shall coordinate all work affecting bus stop operations with OCTA.

g) UCI TRANSPORTATION & DISTRIBUTION SERVICES

UCI operates shuttle routes within the project limits. The Contractor shall coordinate with UCI and adhere to the requirements of Section 601-6.6.

SECTION 6 - PROSECUTION, PROGRESS AND ACCEPTANCE OF THE WORK

REVISE as follows:

6-1 CONSTRUCTION SCHEDULE AND COMMENCEMENT OF WORK. *DELETE in its entirety and SUBSTITUTE with the following:*
The Contractor shall begin the Work on or before the date stipulated in the Notice to Proceed and shall diligently prosecute the Contract to completion within the time limit provided in the Contract.

The Contractor shall notify the Agency Representative of his intent to begin work at least two (2) Working Days prior to the start of any work.

The Contractor may, upon written approval from the Agency, begin work in advance of the date in the Notice to Proceed; however, **no work shall be started in advance of the completed execution of the Contract and approval of the construction progress schedule by the Agency**. The Agency may, but shall not be required to, provide access to the site prior to the date specified in the Notice to Proceed.

6-1.1 General. Within ten (10) days after the date of the City's execution of the Contract, the Contractor shall submit a proposed construction schedule to the Engineer for approval. The construction schedule shall be in accordance with 6-1.2 and 6-1.3 and shall be in sufficient detail to show chronological relationship of all activities of the Work. These include, but are not limited to, estimated starting and completion dates of various activities, submittal of shop drawings to the Engineer for approval, utility relocation efforts, procurement of materials and scheduling of equipment.

Prior to issuing the Notice to Proceed, the Engineer will schedule a Pre-Construction Meeting with the Contractor to review the proposed construction schedule and delivery dates, arrange utility coordination and clarify inspection procedures.

Notwithstanding any other provisions of the contract, the Contractor shall not be obligated to perform any work and the City shall not be obligated to accept or pay for any work performed by the Contractor prior to delivery of the Notice to Proceed. The City's knowledge of work performed prior to the delivery of the Notice to Proceed shall not obligate the City to accept or pay for such work. The Contractor shall provide the required contract bonds and evidences of insurance prior to commencing work at the site.

6-1.2 Definitions. The following definitions shall apply to this section:

a) ACTIVITY — a task, event or other project element on a schedule that contributes to completing the project. Activities have a description, start date, finish date, duration and one or more logic ties.

b) BASELINE SCHEDULE — the initial schedule representing the Contractor's work plan on the first working day of the project.

c) CONTRACT COMPLETION DATE — the current extended date for completion of the contract shown on the Weekly Statement of Working Days furnished by the Engineer in conformance with the provisions in 6-7.

d) CRITICAL PATH — the longest continuous chain of activities for the project that has the least amount of total float of all chains. In general, a delay on the critical path will extend the scheduled completion date.

e) CRITICAL PATH METHOD (CPM) — a network based planning technique using activity durations and the relationships between activities to mathematically calculate a schedule for the entire project.

f) DATA DATE — the day after the date through which a schedule is current. Everything occurring earlier than the data date is “as-built” and everything on or after the data date is “planned.”

g) FLOAT — the difference between the earliest and latest allowable start or finish times for an activity.

h) FRAGNET — a fragnet is defined as the sequence of new activities that are proposed to be added to the existing schedule, to demonstrate either added scope, or a change and the corresponding impact. The fragnet shall identify the predecessors to the new activities and demonstrate the impacts to successor activities.

i) MILESTONE — an event activity that has zero duration and is typically used to represent the beginning or end of a certain stage of the project.

j) NEAR CRITICAL PATH — a chain of activities with total float exceeding that of the critical path but having no more than ten (10) Working Days of total float.

k) SCHEDULED COMPLETION DATE — the planned project finish date shown on the current accepted schedule.

l) TOTAL FLOAT — the amount of time that an activity or chain of activities can be delayed before extending the scheduled completion date.

m) UPDATE SCHEDULE — a current schedule developed from the baseline or subsequent schedule through regular monthly review to incorporate as-built progress and any planned changes.

6-1.3 General Requirements. The Contractor shall meet with the Engineer on a date mutually agreed by the parties with the intent of discussing the schedule requirements. This meeting shall happen before the Contractor begins the work on the Baseline schedule.

The Contractor shall submit to the Engineer baseline, monthly update, look-ahead schedules and final update schedules, each consistent in all respects with the time and order of work requirements of the contract. The project work shall be executed in the sequence indicated on the current accepted schedule.

Schedules shall show the order in which the Contractor proposes to carry out the work with logical links between time-scaled work activities and calculations made using the critical path method to determine the controlling operation or operations. The Contractor is responsible for assuring that all activity sequences are logical and that each schedule shows a coordinated plan for complete performance of the work.

The Contractor shall produce schedules using computer software and shall furnish compatible software for the Engineer's exclusive possession and use. The Contractor shall furnish network diagrams and schedule data as parts of each schedule submittal.

The schedule shall be prepared using the latest version of Oracle's Primavera P6 scheduling tool or approved equal. Any tool other than Primavera shall first require approval from the Engineer.

The Contractor shall not sequester float through strategies such as extending activity duration estimates to consume available float, using preferential logic, using extensive crew/resource constraints, using special lead/lag logic restraints, using imposed dates or other float suppression techniques.

Schedules shall include, but not be limited to, applicable activities that show the following:

a) Project characteristics, salient features, or interfaces, including those with outside entities that could affect time of completion.

b) Project start date, scheduled completion date and other milestones.

c) Work performed by the Contractor, subcontractors and suppliers.

d) Submittal development, delivery, review and approval, including those from the Contractor, subcontractors and suppliers.

e) Procurement, delivery, installation and testing of materials, plants and equipment.

f) Testing and settlement periods.

g) Utility notification and relocation.

h) Erection and removal of false work and shoring.

i) Lane closures, ramp closures, etc.

j) Major traffic stage switches.

k) Finishing roadway and final cleanup.

l) Schedule shall further include the following:

    1) A clear and legible description for each activity.

    2) A detailed Work Breakdown Structure (WBS) or Activity Coding Structure, sufficient to clearly organize, sort and filter activities as needed.

    3) A duration of not less than one (1) Working Day, except for event activities, and not more than twenty (20) Working Days, unless otherwise authorized by the Engineer.

    4) At least one predecessor and one successor activity, except for project start and finish milestones.

    5) Required constraints.

The Engineer's review and acceptance of schedules shall not waive any contract requirements and shall not relieve the Contractor of any obligation thereunder or responsibility for submitting complete and accurate information. Schedules that are rejected shall be corrected by the Contractor and resubmitted to the Engineer within five (5) Working Days of notification by the Engineer, at which time a new review period of one week will begin.

Errors or omissions on schedules shall not relieve the Contractor from finishing all work within the time limit specified for completion of the contract. If, after a schedule has been accepted by the Engineer, either the Contractor or the Engineer discover that any aspect of the schedule has an error or omission, it shall be corrected by the Contractor on the next update schedule.

The Contractor shall include the following for each schedule submittal:

a) Two sets of originally plotted, time-scaled network diagrams.

b) Two copies of a narrative report.

c) Two copies of each of three (3) sorts of the CPM software-generated tabular reports.

d) Electronic copy of the schedule data.

The time-scaled network diagrams shall conform to the following:

a) Show a continuous flow of information from left to right.

b) Be based on early start and early finish dates of activities.

c) Clearly show the primary paths of criticality using graphical presentation.

d) Include a title block and a timeline on each page.

Tabular reports shall be software-generated and provide information for each activity included in the project schedule. Three different reports shall be sorted by (1) activity ID, (2) early start and (3) total float. Tabular reports shall be 8 ½" x 11" in size and shall include, as a minimum, the following applicable information:

a) Data date

b) Activity number and description

c) Predecessor and successor activity and numbers and descriptions

d) Activity codes

e) Scheduled, or actual and remaining durations (work days) for each activity

f) Earliest start (calendar) date

g) Earliest finish (calendar) date

h) Actual start (calendar) date

i) Actual finish (calendar) date

j) Latest start (calendar) date

k) Latest finish (calendar) date

l) Free float (working days)

m) Total float (working days)

n) Percentage of activity completed and remaining duration for incomplete activities

o) Lags

p) Required constraints

Schedule submittals will only be considered complete when all documents and data have been provided as described above.

6-1.4 Computer Software. The software shall be the current version of Oracle's Primavera P6 for Windows or equal. If the Contractor proposes to use a different software than Primavera, the Contractor shall submit to the Engineer for approval a description of proposed software. All software shall be compatible with the latest Windows operating system.

The Contractor shall furnish schedule software and all original software instruction manuals to the Engineer with submittal of the baseline schedule. The furnished schedule software will be returned to the Contractor upon Project Acceptance.

The Contractor shall instruct the Engineer in the use of the software and provide software support until the contract is accepted. Within twenty (20) Working Days of approval of the Contract, the Contractor shall provide a commercial 16-hour training session and training manuals for 3 City employees in the use of the software at a location acceptable to the Engineer. It is recommended that the Contractor also send at least 3 employees to the same training session to facilitate development of similar knowledge and skills in the use of the software.

6-1.5 Schedule Submittals, Network Diagrams and Reports.
The Contractor shall:

a) Submit the Baseline Schedule within twenty (20) Working Days after the approval of the Contract. Review 6-1.6 for more details on the Baseline Schedule requirements.

b) Contractor shall incorporate any revisions deemed necessary by the City after the City's review of the Baseline Schedule.

c) Once the City approves the Baseline Schedule, the Contractor shall submit two (2) color plots on "E" size sheets (approximately 34" x 44") of each required schedule, four (4) copies of the schedule in 11" x 17" format. A computer copy of the schedule data in the native file format should also be presented.

d) Submit the Monthly Updated Schedules and reports along with the computer copy of the schedule file, on or within the first working day of each month. The Monthly Updated Schedule shall incorporate the Project's actual progress (or as-built information) as of the data date indicated on the update into the Baseline Schedule or the latest monthly update as appropriate.

e) Submit a 3-Week Look-Ahead Schedule weekly and at every progress meeting during construction.

f) Submit Final As-Built Schedule upon completion of the entire Project.

6-1.6 Baseline Schedule. The Contractor shall submit to the Engineer a baseline schedule within ten (10) days after the date of the City's execution of the Contract. The Contractor shall allow three (3) weeks for the Engineer's review after the baseline schedule and all support data are submitted. Beginning the week the baseline schedule is first submitted, the Contractor shall meet with the Engineer weekly to discuss and resolve schedule issues until the baseline schedule is accepted.
The baseline schedule shall include the entire scope of work and shall show how the Contractor plans to complete all work contemplated. The baseline schedule shall clearly identify the activities that define the critical path. Multiple critical paths and near-critical

paths shall be kept to a minimum. Not more than 30 percent of the baseline schedule activities shall be critical or near critical, unless otherwise authorized by the Engineer. The baseline schedule shall not extend beyond the number of Working Days originally provided in these Special Provisions. The baseline schedule shall have a data date of the first working day of the contract and not include any completed work to date. The baseline schedule shall not attribute negative float or negative lag to any activity.

Each baseline schedule submittal shall include the following:

a) A Baseline Narrative report which must include the following information:
    1) Explanation of the Contractor's general approach to this project and an explanation of what the Contractor considers as key factors to successfully complete the project within the contractual time.
    2) A brief explanation of where the work will begin and the how the work and crews will flow through the project.
    3) Describe how the Agency's jurisdictional requirements regarding working times and lane closures have been factored in the schedule.
    4) A general explanation of the anticipated workdays per week, number of shifts per day, number of hours per shift, and holidays observed.
    5) A description of problems, risks or issues anticipated.
    6) Typical crew sizes and major equipment to be used in the job.
    7) Long lead items.
b) Hard copy of the schedule in 11" x 17" format.
c) Color plots in "E" sheet (Approximately 34" x 44".)

6-1.7 Update Schedule. The Contractor shall submit an update schedule and meet with the Engineer to review contract progress, on or before the first day of each month, beginning one month after the baseline schedule is accepted. The Contractor shall allow two (2) weeks for the Engineer's review after the update schedule and all support data are submitted, except that the review period shall not start until any previous month's required schedule is accepted. Update schedules that are not accepted or rejected within the review period will be considered accepted by the Engineer.

The update schedule shall have a data date of the last date of the reporting period month or other date established by the Engineer. The update schedule shall show the status of work actually completed to date and the work yet to be performed as planned. The following shall be included with each monthly update:

a) The electronic copy of the schedule file in the native file format.
b) Hard copies of the schedule in 11" x 17" format and color plots in "E" sheet size.
c) A critical path report, showing only the longest path in the project.
d) A list and detailed description of all changes made to the schedule.
e) A narrative report. The narrative report shall be organized in the following sequence with all applicable documents included:
    1) Contractor's transmittal letter.

2) Work completed during the period.
3) Identification of unusual conditions or restrictions regarding labor, equipment or material; including multiple shifts, 6-day work weeks, specified overtime or work at times other than days or hours.
4) Description of the critical path method.
5) Changes to the critical path and scheduled completion date since the last schedule submittal.
6) Description of the problem areas.
7) Current and anticipated delays:
    (a) Cause of Delay.
    (b) Impacts of delay on other activities, milestones and completion dates.
    (c) Corrective action and schedule adjustments to correct the delay.
8) Pending Items and status thereof:
    (a) Permits
    (b) Change Orders
    (c) Time adjustments
    (d) Non-compliance notices
9) Reasons for an early or late schedule completion date in comparison to the contract completion date.

6-1.8 Look-Ahead Schedule. The Contractor shall prepare and issue a 3-Week Look Ahead schedule to provide a more detailed day-to-day plan of upcoming work identified on the Baseline/Monthly Update. Each task in the Look Ahead Schedule shall be referenced back to a relevant Activity ID on the Master Schedule (Either the Baseline or the latest Monthly Update). Activities shall not exceed five (5) Working Days in duration and have sufficient level of detail to assign crews, tools and equipment required to complete the work. The Contractor shall update this schedule weekly.

6-1.9 Time Impact Analysis (TIA). The Contractor shall submit a written TIA to the Engineer with each request for adjustment of contract time, or when the Contractor or Engineer consider that an approved or anticipated change may impact the critical path or contract progress. The Contractor shall submit the TIA for review within ten (10) Working Days after the date of the alleged delay impact to the schedule or within ten (10) Working Days after receiving a written request for TIA from the Engineer. Delays of any non-critical Work shall not be the basis for an extension of Contract time until the delays consume the float associated with that non-critical work activity and cause the work activity to become critical The City will not grant time extensions unless substantiated by the CPM Schedule, and then not until the project float becomes zero. If the Contractor fails to submit a TIA within the aforementioned time specified, then the City shall deem the Contractor to have agreed that there is no time impact and that the Contractor has irrevocably waived its rights to any additional Contract time.

For each TIA the Contractor shall provide information justifying the request and stating the extent of the adjustment requested for each specific change or alleged delay. Each TIA shall be in a form and content suitable to the Engineer and include the following:

a) The TIA shall illustrate the impacts of each change or delay on the current schedule completion date or internal milestones, as appropriate.

b) The TIA shall include a written narrative. The narrative shall detail the proposed methodology for creating the Fragnet, include a chronology of events leading to the delay, and an explanation of how the delay impacted the critical path.

c) The analysis shall use the accepted schedule that has a data date closest to and prior to the event. If the Engineer determines that the accepted schedule used does not appropriately represent the conditions prior to the event, the accepted schedule shall be updated to the day before the event being analyzed.

d) The TIA shall include an impact schedule developed from incorporating the event into the accepted schedule by adding or deleting activities, or by changing durations or logic of existing activities. If the impact schedule shows that incorporating the event modifies the critical path and completion date of the accepted schedule, the difference between schedule completion dates of the two schedules shall be equal to the adjustment of Contract time. The Engineer may construct and utilize an appropriate project schedule or other recognized method to determine adjustments in Contract time until the Contractor provides the TIA.

The Contractor shall allow the Engineer 2 weeks after receipt to approve or reject the submitted TIA. If the TIA is accepted, the contract completion time shall be adjusted accordingly. All approved TIA schedule changes shall be shown on the next update schedule.

If the TIA submitted by the Contractor is rejected by the Engineer, the Contractor shall meet with the Engineer to discuss and resolve issues related to the TIA. If agreement is not reached, the Contractor will be allowed 15 days from the meeting with the Engineer to give notice in conformance with the provisions in Section 3. The Contractor shall only show actual as-built work, not unapproved changes related to the TIA, in subsequent update in schedules. If agreement is reached at a later date, approved schedule changes shall be shown on the next update schedule.

6-1.10 Final Update Schedule. The Contractor shall submit a final update, as-built schedule with actual start and finish dates for the activities, within thirty (30) Calendar Days after completion of the Work. The Contractor shall provide a written certificate with this submittal signed by the Contractor's project manager and an officer of the company stating, “To my knowledge and belief, the enclosed final update schedule reflects the actual start and finish dates of the actual activities for the project contained herein.” An officer of the company may delegate in writing the authority to sign the certificate to a responsible manager.

6-1.11 Retention. The City will retain an amount equal to 25 percent of the estimated value of the Work performed during each estimate period in which the Contractor fails to submit an acceptable schedule conforming to the requirements of these Special Provisions as determined by the Engineer. Schedule retentions will be released for payment on the next monthly estimate for partial payment following the date that acceptable schedules are submitted to the Engineer or as otherwise specified herein.

Upon completion of all contract work and submittal of the final update schedule and certification, any remaining retained funds associated with this section, “Progress Schedule (Critical Path Method),” will be released for payment. Retentions held in conformance with this section shall be in addition to other retentions provided for in the contract. No interest will be due the Contractor on retention amounts.

6-1.12 Payment. Payment for Construction Schedule (critical path method) shall be at the contract unit price per Lump Sum and shall include full compensation for furnishing all labor, materials, equipment, and incidentals, including computer software, and for doing all the work involved in preparing, furnishing, and updating schedules, and instructing and assisting the Engineer in the use of computer software, as specified in the Standard Specifications and these Special Provisions, and as directed by the Engineer.

Payment for the construction schedule (critical path method) contract item will be made progressively as follows:

a) A total of 25 percent of the item amount will be paid upon achieving all of the following:
    1) Completion of 5 percent of all contract item work.
    2) Software training for Agency staff.
    3) Acceptance of all schedules and any time impact analyses required at the time 5 percent of all contract item work is complete.
b) A total of 50 percent of the item amount will be paid upon completion of 25 percent of all contract item work and acceptance of all schedules and time impact analyses required at the time 25 percent of all contract item work is complete.
c) A total of 75 percent of the item amount will be paid upon completion of 50 percent of all contract item work and acceptance of all schedules and time impact analyses required at the time 50 percent of all contract item work is complete.
d) A total of 100 percent of the item amount will be paid upon completion of all percent of all contract item work and acceptance of all schedules and time impact analyses required at the time all percent of all contract item work is complete, and submittal of the certified final update schedule.

If the Contractor fails to complete any of the work or provide any of the schedules required by this section, the Engineer shall make an adjustment in the compensation in conformance with the provisions in Section 3 “Changes of Work,” of the Standard Specifications for the work not performed. Adjustments in compensation for schedules will not be made for any increased or decreased work ordered by the Engineer in furnishing schedules.

Should the Contractor fail to meet the requirements under 6-1 of these Special Provisions, the Engineer reserves the right to withhold payment for work being performed. Furthermore, if after notice is given to the Contractor to perform work to meet these requirements, and the Contractor refuses or for any reason fails to perform sufficiently to meet these schedules, City may withhold or deny payment for work being performed.

6-2 PROSECUTION OF THE WORK.

ADD:

6-2.1 Time of Completion and Forfeiture Due to Delay. The Contractor shall complete the Work called for under the Contract within the time set forth in the Special Provisions.

In accordance with Government Code § 53069.85, Contractor agrees to forfeit and pay to the Agency the amount per day set forth in the Contract for each and every day of delay which shall be deducted from any payments due or to become due the Contractor.

The Agency has endeavored to identify all areas of the site which may contain hazardous waste, as defined by Health and Safety Code § 25117, and unless otherwise noted said hazardous waste in these areas has been mitigated. However, the parties expressly acknowledge the possibility of the existence of further hazardous waste not previously identified. If, during the course of his work, the Contractor encounters any such hazardous waste, he shall promptly notify the Agency through its designated representative. If the material is indeed “hazardous waste” pursuant to Health and Safety Code § 25117, the Agency has the option to have the mitigation work performed by the Contractor or by a separate contract from the work being performed. If the Contractor performs said mitigation work, the cost will be paid for as an addition to the work in accordance with Section 3. To the maximum extent permitted by law, the Agency shall not be liable for any damages beyond an appropriate time extension for delays occasioned by the existence of hazardous waste conditions contemplated herein.

No forfeiture due to delay shall be made because of any delays in the completion of the work due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor (including but not restricted to acts of nature or of the public enemy, acts of the government, acts of the Agency, or acts of another contractor in the performance of a contract with the Agency, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather). Any such delays, except for acts of the Agency, shall not entitle the Contractor to any additional compensation. The sole remedy of the Contractor shall be an extension of time obtained in accordance with this section.

The Contractor shall, within ten (10) Calendar Days from the beginning of any such delay, notify the Agency Representative in writing of the cause of delay, whereupon the Agency Representative will ascertain the facts and extent of the delay and extend the time for completing the Work if, in his judgment, the findings of the fact justify such an extension, and the Agency Representative’s findings of facts thereon shall be final and conclusive.

ADD:

6-2.2 Order of Work Requirements. When required by these Special Provisions or the Plans, the Contractor shall follow the sequence of operations and restrictions as set forth therein.

The Work shall be performed in conformance with the staging of construction shown on the Plans and indicated below. Subject to approval by the Engineer, non-conflicting work in subsequent stages may proceed concurrently with work in preceding stages, provided satisfactory progress is maintained in the preceding stages of construction. The Engineer's approval of any Contractor-requested modifications to the order of work or staging of the work shall not be grounds for a Change Order request or time extension request by the Contractor. If the Contractor deviates from the specified order of work or the staging plans, it does so at its own risk and shall assume all time impacts and cost associated with such deviations.

The order of work described below is not intended to include all work items necessary to complete a particular construction stage and serves to only summarize the order of major work items.

General:

a) The Contractor shall order traffic signal equipment and any other long lead-time materials. The Contractor shall furnish the Engineer a statement from each vendor, confirming that the material orders were received and accepted by the vendor.

b) The Contractor shall contact all utilities affected by the project and initiate utility coordination/relocations.

c) The Contractor shall develop the construction schedule and submit to the Engineer for review and approval.

d) The Contractor shall submit the WPCP approval and install water pollution prevention devices as required per section 7-8.6 "Water Pollution Control" of these Special Provisions.

e) USA and pothole to locate existing utilities.

Phase 1 – Median Removal and Temporary Pavement Construction

a) Coordinate with SCE to remove median street light facilities

b) Remove median trees

c) Remove existing median

d) Construct temporary paving to be used for Phase 2 traffic

e) Install temporary lighting

Phase 2 – Widening and Parkway Improvement Construction

a) Perform phase 2 removals and relocations

b) Install new catch basins, Filterra boxes and storm drain pipe

c) Construct curb & gutter, sidewalk, retaining walls and utility relocations

d) Traffic signal facility installation

e) Construct San Diego Creek bike path improvements

f) Construct new pavement section, outside lanes

Phase 3 – Median and Inside Lane Construction

a. Construct median curb & gutter
b. Coordinate with SCE to install new street lights
c. Construct new pavement section, inside lanes

Phase 4 – AC, Landscape, Irrigation, Signing/Striping and Final Utility Adjustments Installation

a) Final AC wearing course installation
b) Landscape improvements
c) Adjust utilities to finish grade
d) Install ultimate striping and signage

6-3 SUSPENSION OF THE WORK.

6-3.1 General. *DELETE in its entirety and SUBSTITUTE with the following:*
The Engineer shall have the authority to suspend the Work wholly or in part, for any time period as the Engineer deems necessary in the interest of Agency, for Agency's convenience, or due to the failure on the part of the Contractor to carry out orders given, or to perform any provision of the Contract. The Contractor shall immediately comply with the written order of the Engineer to suspend the Work wholly or in part. The suspended work shall be resumed as ordered or approved in writing by the Engineer.

Resumption of work shall be predicated on receipt of the following from the Contractor:

a) A revised schedule showing each task yet to be accomplished and the time line to accomplish each – until final completion.
b) The work force projections attached to each task listed per workweek.
c) The cost expenditures attached to each task summarized per each workweek.
d) Lien releases from each subcontractor, supplier, and vendor to which the Contractor has requested materials, equipment or any other service recognizing the payments received.
e) An Income and Expense Statement projecting how the Contractor will finance the reminder of the project.

Such suspension shall be without liability to the Contractor on the part of the Agency except as otherwise specified in 6-6.3. For purposes of 6-6.3, delays resulting from suspensions ordered by the Engineer due to the failure on the part of the Contractor to carry out orders given, or to perform any provision of the Contract, shall not be delays for which the Agency is responsible.

In the event that a suspension of Work is ordered as provided above, the Contractor, at the Contractor's expense, shall do all the work necessary to provide a safe, smooth, and unobstructed passageway through construction for use by public traffic during the period of that suspension as provided in 7-10, and as specified in these Special Provisions. In the event that the Contractor fails to perform the work above specified, the Agency will perform that work and, if the suspension is due to Contractor's failure to carry out orders given or to perform any provision of the Contract, the cost thereof will be deducted from monies due or to become due the Contractor.

If a suspension of work is ordered by the Engineer, in accordance with this subsection, the days on which the suspension order is in effect shall be considered working days if those days are working days within the meaning of the definition set forth in 6-7.2.

The suspension of Work shall not relieve the Contractor of the responsibilities as set forth in the Contract Documents.

6-4 TERMINATION OF THE CONTRACT FOR DEFAULT. *ADD the following:*
In the event this Contract is terminated for grounds which are later determined not to justify a termination for breach, such termination shall be deemed to constitute a Termination of the Contract for Convenience pursuant to 6-5.

6-5 TERMINATION OF THE CONTRACT FOR CONVENIENCE. *DELETE in its entirety and SUBSTITUTE with the following:*
The Agency reserves the right to terminate the Contract at any time upon a determination by the Engineer that termination of the Contract is in the best interest of the Agency.

If the Agency elects to terminate the Contract, the termination of the Contract and the total compensation payable to the Contractor shall be governed by the following:

a) The Engineer will issue the Contractor a signed written notice, specifying that the Contract is to be terminated. Upon termination of the Contract, the Contractor will be relieved of further responsibility for damage to the Work (excluding materials) as specified in 4-1.2 of the Standard Specifications, 7-16 of these Special Provisions and, except as otherwise directed in writing by the Engineer, the Contractor shall:

    1) Stop all work under the Contract except that specifically directed to be completed prior to Acceptance.
    2) Perform work the Engineer deems necessary to secure the project for termination.
    3) Remove equipment and plant from the site of the Work.
    4) Take action that is necessary to protect materials from damage.
    5) Notify all subcontractors and suppliers that the Contract is being terminated and that their contracts or orders are not to be further performed unless otherwise authorized in writing by the Engineer.
    6) Provide the Engineer with an inventory list of all materials previously produced, purchased or ordered from suppliers for use in the Work and not yet used in the Work, including its storage location, and such other information as the Engineer may request.
    7) Dispose of materials not yet used in the Work as directed by the Engineer. It shall be the Contractor's responsibility to provide the Agency with good title to all materials purchased by the Agency hereunder, including materials for which partial payment has been made as provided in 9-3.2 and with bills of sale or other documents of title for those materials.
    8) Subject to the prior written approval of the Engineer, settle all outstanding liabilities and all claims arising out of subcontracts or orders for materials

terminated hereunder. To the extent directed by the Engineer, the Contractor shall assign to the Agency all the right, title and interest of the Contractor under subcontracts or orders for materials terminated hereunder.

9) Furnish the Engineer with the documentation required to be furnished by the Contractor under the provisions of the Contract including, on projects as to which Federal funds are involved, all documentation required under the Federal requirements included in the Contract.

10) Take other actions directed by the Engineer.

b) Acceptance of the contract as hereinafter specified shall not relieve the Contractor of responsibility for damage to materials. The Contractor shall continue to be responsible for damage to materials after issuance of the Notice of Termination, except as follows:

1) The Contractor's responsibility for damage to materials for which partial payment has been made as provided in 9-3.2 and for materials furnished by the Agency for use in the Work and unused shall terminate when the Engineer certifies that those materials have been stored in the manner and at the locations the Engineer has directed.

2) The Contractor's responsibility for damage to materials purchased by the Agency subsequent to the issuance of the notice that the Contract is to be terminated shall terminate when title and delivery of those materials has been taken by the Agency.

When the Engineer determines that the Contractor has completed the Work under the Contract directed to be completed prior to termination and such other work as may have been ordered to secure the project for termination, the Engineer will formally accept the Contract, and immediately upon and after the acceptance by the Engineer, the Contractor will not be required to perform any further work thereon.

c) Termination of the Contract shall not relieve the surety of its obligation for any just claims arising out of the work performed.

d) Where Agency terminates the Contract for Agency’s convenience and not due to the fault of Contractor, the total compensation to be paid to the Contractor shall be determined by the Engineer based on the following:

1) The reasonable cost to the Contractor, without profit, for all work performed under the contract, including mobilization, demobilization and work done to secure the project for termination. In determining the reasonable cost, deductions will be made for the cost of materials to be retained by the Contractor, amounts realized by the sale of materials, and for other appropriate credits against the cost of the work. When, in the opinion of the Engineer, the cost of a contract item of work is excessively high due to costs incurred to remedy or replace defective or rejected work, the reasonable cost to be allowed will be the estimated reasonable cost of performing that work in compliance with the requirements of the Plans and Specifications and the excessive actual cost shall be disallowed.

2) A reasonable allowance for profit on the cost of the work performed as determined under part (1) above, provided the Contractor establishes to

the satisfaction of the Engineer that it is reasonably probable that the Contractor would have made a profit had the Contract been completed and provided further, that the profit allowed shall in no event exceed 4 percent of the cost.

3) The reasonable cost to the Contractor of handling material returned to the vendor, delivered to the Agency or otherwise disposed of as directed by the Engineer.

4) A reasonable allowance for the Contractor's administrative costs in determining the amount payable due to termination of the Contract.

All records of the Contractor and the Contractor's subcontractors, necessary to determine compensation in conformance with the provisions in this Section 6-5, shall be open to inspection or audit by representatives of the Agency at all times after issuance of the notice that the Contract is to be terminated and for a period of 3 years, thereafter, and those records shall be retained for that period.

After acceptance of the Work by the Agency, the Engineer may make payments on the basis of interim estimates pending issuance of the final estimate in conformance with the provisions in 9-3.2 and 9-4, when, in the Engineer's opinion, the amount thus paid, together with all amounts previously paid or allowed, will not result in total compensation in excess of that to which the Contractor will be entitled. All payments, including payment upon the final estimate shall be subject to deduction for prior payments and amounts, if any, to be kept or retained under the provisions of the Contract.

THE PROVISIONS IN THIS SECTION 6-5 SHALL BE PHYSICALLY INCLUDED IN ALL SUBCONTRACTS.

6-6.2 Extension of Time. *DELETE in its entirety and SUBSTITUTE with the following:*
The Agency may extend the time fixed for completion of the Work under the Contract from time to time. All applications for extensions of time shall be in writing and shall be filed with the Agency before the expiration of the original time fixed in the Contract or as previously extended.

An extension of time may be granted by the Agency after the expiration of the time originally fixed in the Contract or as previously extended, and the extension so granted shall be deemed to commence and be effective from the date of such expiration. Any extension of time shall not release the sureties upon any bond required under the Contract nor effect forfeitures due to delay.

No extension of time will be granted for delays that are not on the critical path.

6-8.1 Completion. *DELETE in its entirety and SUBSTITUTE with the following:*
When the Contractor considers the Work, or a designated portion of Work, if specified in the Contract Documents, is complete, the Contractor shall submit a written request to the Engineer for inspection. By submittal of such request, Contractor certifies that:

a) Contract Documents have been reviewed by the Contractor.

b) Work has been completed in accordance with Contract Documents and is ready for inspection.

c) Equipment and systems have been tested, adjusted/balanced and are fully operational.

The Contractor shall submit the request a minimum of five (5) Working Days in advance of requested inspection date. Contractor shall be responsible for allowing sufficient time during the Contract period to complete inspections and make any corrections. Each day beyond the time prescribed to complete the Contract will be subject to assessment of liquidated damages in accordance with 6-9.

Should Agency Representative's inspection find Work incomplete, Agency Representative will notify the Contractor in writing, listing observed deficiencies. The Contractor shall remedy listed deficiencies immediately and send a request for final inspection. Failure of the Contractor to remedy deficiencies may, at the Agency's option, result in reinspection(s) of the work to identify additional deficiencies, if any. Agency's costs associated with reinspection(s) are subject to provisions of 6-8.2.

When the Agency confirms Work is complete and, closeout submittals, as referred to in 6-8.3 have been provided, Agency Representative will notify Contractor of date of completion on the Weekly Statement of Working Days.

ADD:

6-8.4 Reinspections. Should status of completion of Work require reinspection(s) by Agency due to failure of the Contractor to make corrections on initial inspection, Agency may deduct the amount of compensation for reinspection services from final payment to Contractor. Observed deficiencies in excess of ten (10) will be reason for reinspection.

Inspections initiated at the request of the Agency will not be subject to provisions of this Subsection.

ADD:

6-8.5 Closeout Submittals.
Contractor shall submit:

a) Project Record Documents clearly marked with all changes to Plans within thirty (30) Calendar Days of Final Acceptance
b) Operation and Maintenance Data
c) Warranties and Bonds
d) Spare Parts and Maintenance Materials, as specified
e) Evidence of Payment and Release of Stop Payment Notices
f) Other data and materials as may be required in the Contract Documents

6-9 LIQUIDATED DAMAGES. *DELETE in its entirety and SUBSTITUTE with the following:*
Liquidated damages shall be as specified in the Contract.

SECTION 7 - RESPONSIBILITIES OF THE CONTRACTOR

REVISE as follows:

7-1 THE CONTRACTOR'S EQUIPMENT AND FACILITIES.

7-1.1 General. *MODIFY to ADD the following:*
The Contractor shall render its machinery and equipment inoperable at all times except during actual construction. The Contractor shall be responsible for construction means, controls, techniques, sequences, procedures and construction safety.

ADD:

7-1.1.1 Equipment. Contractor shall stencil or stamp at a clearly visible location on each piece of equipment, except hand tools, an identifying number and:

a) On compacting equipment, its make, model number, and empty gross weight that is either the manufacturer's rated weight or the scale weight.

b) On meters and on the load-receiving element and indicators of each scale, the make, model, serial number, and manufacturer's rated capacity.

The Contractor shall submit a list describing each piece of equipment and its identifying number before commencement of the Work.

Upon request, the Contractor shall submit manufacturer's information that designates portable vehicle scale capacities.

The Contractor's measuring devices shall be tested and approved under California Test 109 in the Agency's presence or by any of the following:

a) County Sealer of Weights and Measures

b) Certified Scale Service Agency

c) Division of Measurement Standards Official

7-1.2 Temporary Utility Services. *DELETE in its entirety and SUBSTITUTE with the following:*
The Contractor shall, at its own expense, make all arrangements to furnish, install and maintain temporary water, electricity, telephone, and sanitary facilities for construction needs throughout construction period. Materials may be new or used, but must be adequate for the purposes intended, and must not violate requirements of applicable codes, specifications or standards.

The Contractor shall maintain systems to provide continuous services, modify, and extend services, as work progress requires. The Contractor shall completely remove temporary materials and equipment when construction needs can be met by use of permanent utility facilities.

The Contractor shall clean and repair damage caused by installation or use of temporary facilities, restore existing facilities used for temporary services to original or better condition, and restore permanent facilities used for temporary services to original condition.

For water, the Contractor shall:

a) Provide adequate supply of water suitable for construction usage and needs.

Water Source: Irvine Ranch Water District (IRWD)

a) Obtain meter, inspections and approvals prior to use of existing system.
b) Comply with IRWD requirements.

Conservation:

a) Minimize water use whenever possible.
b) Maintain watering equipment in good working order.
c) Repair leaks promptly.

When necessary to maintain pressure, provide temporary pumps, tanks and compressors.

For electricity, the Contractor shall:

a) Provide portable power plants and/or connection to existing system for construction needs.
b) Source of existing power: Southern California Edison Company (SCE). Prior to connecting to existing system:
    1) Obtain permit from City of Irvine, Community Development Department for installation of temporary power pole and/or system.
    2) Arrange for required inspections and coordinate temporary meter installation with City and SCE.

For sanitary facilities, the Contractor shall:

a) Furnish and maintain portable toilet units in a clean, operable and sanitary condition for use by construction personnel.
b) Place units in conformance with applicable laws, codes and regulations.

Pay all fees and charges for applications, non-City permits and inspections, installations, temporary meters, utility usage, service charges, maintenance, removals and restoration.

Contractor shall use standard products of service companies. At Contractor's option with prior approval by the Agency, patented specialty devices may be used, when in compliance with applicable codes and service company requirements.

7-2.3 Payroll Records. *MODIFY to ADD the following:*
The Contractor and all its subcontractors shall submit to the City and the Labor Commissioner (Division of Labor Standards Enforcement) certified payroll records every Friday until Notice of Completion is filed and recorded.

7-3 INSURANCE.

7-3.1 General. *MODIFY to ADD the following:*
Without limiting Contractor's indemnification obligations, the Contractor shall not commence work until he procures and maintains, at his sole cost and for the duration of

this Contract, insurance coverage as provided below, against all claims for injuries against persons or damages to property which may arise from or in connection with the performance of the Work hereunder by Contractor, its agents, representatives, employees, and/or subcontractors. In the event that Contractor subcontracts any portion of the Work in compliance with 2-3 of the Standard Specifications and Special Provisions, the Contract between the Contractor and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Contractor is required to maintain pursuant to 7-3.

Insurance policies shall be deemed not be in compliance if they include any limiting provision or endorsement that has not been submitted for approval in accordance with 7-3.

The Contractor's insurance shall be "occurrence" rather than "claims made" insurance, except for Professional Liability insurance, which may be for claims made and shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

The insurance coverage required for General Liability, Automobile Liability and Contractor's Pollution Liability shall contain the following provisions or be endorsed to provide the following:

The Contractor shall name as additional insured the City of Irvine, Irvine Ranch Water District (IRWD), Newport Beach, Caltrans, University of California Irvine (UCI) and County of Orange, their elected officials, officers, employees, volunteers, boards and representatives shall be additional insured with regard to liability and defense of suits or claims arising out of the performance of the Contract.

Additional Insured Endorsements shall not:

a) Be limited to "Ongoing Operations"
b) Exclude "Contractual Liability"
c) Restrict coverage to the "Sole" liability of contractor
d) Contain any other exclusion contrary to the Contract

This insurance shall be primary and any other insurance, deductible, or self-insurance available to the insured added by endorsement shall be in excess of and shall not contribute with this insurance.

The Contractor shall immediately report all claims to its insurance carrier and acknowledge receipt within thirty (30) Calendar Days.

No officer, employee, or agent of the Agency, Agency Representative, the Engineer, or their consultants shall be personally responsible for any liability arising under or by virtue of the Contract.

To the maximum extent permitted by law, Contractor shall hold harmless, indemnify, and defend the City of Irvine, Irvine Ranch Water District (IRWD), Newport Beach, Caltrans, University of California Irvine (UCI) and County of Orange, their representatives and each of their officers, employees, and agents from and against any and all actions, suits, claims, demands, judgments, attorney's fees, costs, damages to persons or property, losses, penalties, obligations, expenses or liabilities (herein "claims" or "liabilities") that may be asserted or claimed by any person or entity arising out of the willful or negligent acts, errors or omissions of Contractor, its employees, agents, representatives or

subcontractors in the performance of any tasks or services for or on behalf of Agency, whether or not there is concurrent active or passive negligence on the part of Agency and/or Agency Personnel, but excluding such claims or liabilities arising from the active negligence or willful misconduct of Agency or Agency Personnel. In connection therewith:

a) Contractor shall defend any action or actions filed in connection with any such claims or liabilities, and shall pay all costs and expenses, including attorney's fees incurred in connection therewith.

b) Contractor shall promptly pay any judgment rendered against Agency or any Agency Personnel for any such claims or liabilities.

c) In the event Agency and/or any Agency Personnel is made a party to any action or proceeding filed or prosecuted for any such damages or other claims arising out of or in connection with the negligent performance or a failure to perform the work or activities of Contractor, Contractor shall pay to Agency any and all costs and expenses incurred by Agency or Agency Personnel in such action or proceeding, together with reasonable attorney's fees and expert witness fees. So much of the money due to the Contractor under and by virtue of the Contract as shall be considered necessary by the Agency may be retained by the Agency until disposition has been made of such actions or claims for damages as aforesaid.

Any deductibles or self-insured retentions must be declared to and approved by Agency prior to the execution of this Contract by Agency. Prior to commencing work, the Contractor will provide the Agency, in accordance with 7-3, written confirmation of the deductible for each insurance coverage required by this contract or in the case of no deductible.

DELETE 4th paragraph and SUBSTITUTE with the following:

All policies shall be endorsed to state that coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to Agency by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

In lieu of this endorsement, the Contractor shall either:

a) Submit a letter, signed by the insurance agent or broker, certifying that he/she shall notify the City should the coverage be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to Agency by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided; or

b) Submit evidence that the insurance premium has been paid in full for the life of the policy.

The City project title or description MUST be included in the “Description of Operations” box on the certificate.

Certificate Holder:
City of Irvine
c/o EXIGIS Risk Management Services
P.O. Box 4668 - ECM #35050
New York, NY 10163-4668

The City's insurance certificate tracking services provider, EXIGIS, LLC, will send Contractor an email message providing instructions for submitting insurance certificates and endorsements.

7-3.2 General Liability Insurance. *DELETE the 2nd paragraph and SUBSTITUTE with the following:*
General Liability (including premises, operations and mobile equipment, products and completed operations, broad form property damage including completed operations, explosion, collapse and underground hazards, contractual liability, personal injury, independent contractors' liability): with a minimum limit of Five Million Dollars ($5,000,000) for each occurrence (combined single limit for bodily injury and property damage). Minimum limit of Five Million Dollars ($5,000,000) aggregate for products–completed operations and with a minimum limit of Ten Million Dollars ($10,000,000) general aggregate. This general aggregate limit shall apply separately to the Contractor's work under this Contract.

Products-Completed Operations: Contractor shall procure and submit evidence of insurance in accordance with 7-3 of the Standard Specifications and these Special Provisions for a period of at least three (3) years from the time that all Work under this Contract is completed.

7-3.3 Workers' Compensation Insurance. *MODIFY to ADD the following:*
Workers' Compensation and Employer's Liability: Workers' Compensation Insurance in an amount required by the laws of the State of California (Statutory Limits). Employer's Liability Insurance with a minimum limit of One Million Dollars ($1,000,000) per occurrence.

In the event Contractor has no employees requiring Contractor to provide Workers' Compensation Insurance, Contractor shall so certify to Agency in writing prior to Agency's execution of this Contract. Agency and Agency Personnel shall not be responsible for any claims in law or equity occasioned by failure of the Contractor to comply with this section or with the provisions of law relating to Workers' Compensation.

If Contractor is providing on-site staffing services, then the Workers' Compensation insurance shall include an Alternative Employers Endorsement.

ADD:

7-3.5 Contractor's Pollution Liability. Contractors Pollution Liability Insurance covering all of the contractor's operations to include onsite and offsite coverage for bodily injury, property damage, defense costs, cleanup costs, coverage for offsite disposal facilities with minimum limits of Five Million Dollars ($5,000,000) each loss and Ten Million Dollars ($10,000,000) in the aggregate.

Prior to commencing work, the Contractor shall provide the City the names and locations of disposal facilities for approval by the City.

7-3.7 Professional Liability Insurance. At its own expense, the successful Contractor will be required to obtain, pay for, and maintain, for the duration of the Agreement and for a minimum of five (5) years thereafter, a Professional Liability Insurance Policy (that includes errors and omissions, and professional malpractice) with a minimum limit of Two Million Dollars ($2,000,000) per claim. The policy shall provide coverage for any loss arising out of or caused by the Contractors performance of the Agreement.

7-3.8 Self-Insurance. Self-insurance will be subject to the Agency's review and prior approval. If the Contractor uses any form of self-insurance, it shall submit:

a) A notice of election to self-insure.

b) The coverages for which self-insurance applies.

c) The amount of self-insurance.

d) Declaration under the penalty of perjury by a certified public accountant certifying the accountant has applied Generally Accepted Accounting Principles (GAAP) guidelines and the Contractor has sufficient funds or other resources to cover the self-insurance amounts.

e) Copy of its commercial general liability policy and its excess policy, including the declarations page, all amendments, riders, endorsements and other modifications in effect at the time of contract execution, for those amounts not covered by self-insurance.

Self-insurance programs and self-insured retentions in insurance policies are subject to separate annual review and approval by the Agency of evidence of the Contractor's financial capacity to respond. Additionally, self-insurance programs or retentions must provide the Agency with at least the same protection from liability and defense of suits as would be afforded by first-dollar insurance.

7-5 PERMITS. *DELETE in its entirety and SUBSTITUTE with the following:*

7-5 PERMITS AND LICENSES. Except as otherwise specified in the Special Provisions, the Contractor shall procure all permits and licenses, pay all charges and fees, and give all notices necessary and incidental to the due and lawful prosecution of the Work. Permits include but are not limited to; a Caltrans "Rider" permit for work within State right-of-way, an Orange County Public Right of Way excavation and construction permit from Orange County Public Works, City of Newport Beach encroachment permit, and California Coastal Commission permit. A copy of the aforementioned permits are included in Appendix B and the Contractor shall be required to comply with all the rules and regulations set for in the permits. These permits and licenses shall be obtained in sufficient time to prevent delays to the Work. These permits and licenses shall be obtained in sufficient time to prevent delays to the Work. The Contractor shall maintain a copy of all permits on the site. The Contractor shall furnish the Agency with copies of permits and licenses within one (1) Working Day of obtaining them. The Contractor shall comply with all rules and regulations included in permits. Should the Contractor fail to conform to said rules and regulations, the Agency reserves the right to perform the work necessary to conform to the rules and regulations and the cost of such work will be deducted from any monies due or to become due to the Contractor.

The Contractor and all subcontractors shall obtain within five (5) Calendar Days of executing the Contract, a current City of Irvine Business License and maintain such license(s) throughout the term of the Contract.

The Contractor will be required to apply for and receive a separate Caltrans Permit rider to the City of Irvine's Caltrans Encroachment Permit No. 12-16-N-MC-0201 for work performed on University Drive in Caltrans right-of-way, includes but is not limited to, removal and replacement of asphalt concrete pavement, grading of the gravel surface within Caltrans Right-of-Way on University Drive at MacArthur Boulevard, replacement of two (2) maintenance access driveways outside of Caltrans Right-of-Way on the south side of University Drive at MacArthur Bridge and traffic control. The Contractor will be required to comply with all requirements set forth in the City's permit with regards to traffic control, storm water pollution prevention / water pollution control plan, restricted work hours and other requirements set forth in the permit and directed by the Caltrans inspector.

In the event that the Agency has obtained permits, licenses or other authorizations applicable to the Work, the Contractor shall obtain a rider, pay all fees and comply with the provisions of said permits, licenses and other authorizations.

7-6 THE CONTRACTOR'S REPRESENTATIVE. *DELETE the 3rd sentence in the 1st paragraph and SUBSTITUTE with the following:*
Said authorized representative shall be present at the site of the Work at all times while Work is actually in progress on the Contract. When Work is not in progress and during periods when Work is suspended, arrangements acceptable to the Agency Representative shall be made for any emergency work, which may be required.

ADD the following after the last sentence of the 1st paragraph:

Whenever the Contractor or his authorized representative is not present on any particular part of the Work where it may be desired to give direction, orders will be given by the Agency Representative, which shall be received and obeyed by the superintendent or supervisor who may have charge of the particular work in reference to which the orders are given.

The Agency reserves the right to approve the Contractor's Superintendent. Once approved, the Superintendent shall remain on the project for the duration of the project so long as he is in the employment of the Contractor.

7-7 COOPERATION AND COLLATERAL WORK. *DELETE in its entirety 4th paragraph and SUBSTITUTE with the following:*
Nothing in the Contract shall be interpreted as granting to the Contractor exclusive occupancy of the site of the project. The Contractor must ascertain to his own satisfaction the scope of the project and the nature of any other contracts that have been or may be awarded by the Agency in the construction of the project, to the end that the Contractor may perform this Contract in the light of such other constraints, if any.

The Contractor shall not cause any unnecessary hindrance or delay to any other contractor working on or adjacent to the project. If the performance of any Contract for the project is likely to be interfered with by the simultaneous performance of some other contract or contracts, the Engineer will decide which contractor shall cease work

temporarily and which contractor shall continue or whether the work under the contracts can be coordinated so that the Contractors may proceed simultaneously. On all questions concerning conflicting interest of Contractors performing related work, the decision of the Engineer shall be binding upon Contractors concerned. The Agency, the Engineer, the Agency Representative, and each of their officers, employees, and agents shall not be responsible for any damages suffered or extra costs incurred by the Contractor resulting directly or indirectly from the award of performance or attempted performance of any other contract or contracts on the project or caused by a decision or omission of the Engineer respecting the order of precedence in the performance of the contracts.

If, through acts of neglect on the part of the Contractor, any other contractor or any subcontractor shall suffer loss or damage on the Work, the Contractor agrees to settle with such other contractor or subcontractor by agreement or arbitration, if such other contractor or subcontractor will so settle. If such other contractor or subcontractor shall assert any claim against the Agency, the Engineer, the Agency Representative, or their consultants on account of any damage alleged to have been so sustained, the Agency will notify the Contractor. To the maximum extent permitted by law, all obligations of the Contractor stated in 7-3.2 shall apply in the case of the assertion of any such claims or liabilities against the Agency, the Engineer, the Agency Representative and each of their officers, employees, and agents against any such claim.

ADD:

7-7.1 Coordination. It is anticipated that work by other contractors, utility companies and City of Irvine forces will be underway adjacent to or within the limits of this project during progress of the Work on this contract.

It is anticipated that construction projects including, but not limited to, the following may be in progress concurrently with this project:

a) Campus Drive Pavement Rehabilitation, CIP 311604

b) University/Ridgeline Intersection Improvement, CIP 311504

c) Culver/University Intersection Improvement Project, CIP 318030

d) IRWD - UCI Cooling Tower Project

The Contractor shall coordinate his operations with the operations of other contractors during stage construction, traffic shifts, opening of new lanes, closing of lanes, roads or ramps, detours, traffic signal facilities, shared irrigation facilities for landscaped areas and during any other operation that may affect or have influence on adjacent projects including, but not limited to, those identified in this subsection.

7-8 WORK SITE MAINTENANCE. *MODIFY to ADD the Following:*
Section 7-8 includes specifications for performing work site maintenance, including spill prevention and control, material management, waste management, water pollution control and nonstormwater management.

Projects are required to comply with the City of Irvine Resolution No. 07-18, which establishes requirements for recycling and diversion of construction and demolition waste.

The Contractor shall implement effective handling, storage, usage, and disposal practices to control material pollution and manage waste and nonstormwater at the job site before they come in contact with storm drain systems and receiving waters.

Linear sediment barriers must comply with 7-8.6.2 of the Standard Specifications and the Contract Special Provisions.

ADD:

7-8.1.1 Construction Cleaning. The Contractor shall:

a) Initiate and maintain a daily program to prevent accumulation of debris on-site and along access roads and haul routes. Maintain areas under Contractor's control free of waste materials, debris, weeds 6” high, and rubbish. Maintain site in a clean and orderly condition.

b) Provide suitable covered containers for deposit of debris and rubbish. Dispose of accumulation of extraneous materials, prohibit overloading of trucks to prevent spillages on access and haul routes and provide daily inspection of haul routes to enforce requirements.

c) The Contractor shall supply self-loading motorized street sweepers equipped with a functional water spray system as part of his daily program.

d) Schedule at a minimum, weekly collection and disposal of debris. Provide additional collections and disposals of debris whenever the weekly schedule is inadequate to prevent accumulation.

The Contractor shall remove debris from closed or remote spaces prior to closing the space, control cleaning operations to minimize dust and other particulates and immediately remove clay and earth which adhere to the paved surface of the roadway. Remove by hand scraping, washing, sweeping, and/or other method(s) which will leave a clean non-skid surface without impairing, injuring or loosening the surface.

The Contractor shall remove waste materials, debris, vegetation, other rubbish, and non-recyclable materials as required by the Contract Documents, and dispose of off-site in an approved disposal site or recycling center.

Unless otherwise specified in the Special Provisions, all concrete, asphalt, aggregate or sand base material, cement block, trees, shrubs, bushes, and all other recyclable material generated during cleaning, demolition, clearing and grubbing or other phases of the work is to be disposed of at appropriate recycling centers. The Contractor shall be responsible for removing reinforcing steel, wood, or other deleterious materials as required by the recycling center for acceptance of recycled materials. The Contractor shall supply proof of disposal at a recycling center. The proof of disposal shall include verification of tonnage by certified weigh masters tickets. If weigh masters tickets are not feasible, the Contractor and Agency Representative shall estimate the tonnage prior to disposal at the recycling centers.

Known recycling centers:

Ewles Materials
16081 Construction Circle West
Irvine

The Contractor is required to control dust throughout the life of the Contract. The control may be required by job conditions or Agency Representative. In any case, the Contractor shall use water or other means to control the dust. No chemical agents may be used without written authorization from the Agency. The Contractor shall be solely responsible for safety problems, accidents or any other complications or claims arising from inadequate dust control.

No separate payment will be made for any work performed or material used to control dust resulting from the Contractor's performance of the Work, or by public traffic, either inside or outside the right of way. Full compensation for such dust control will be considered as included in the price paid for the various items of work involved.

No separate payment will be made for any work performed or material used in cleaning the project. Full compensation for such cleaning shall be considered as included in the price paid for the various items of work involved and no additional compensation will be allowed therefor.

ADD:

7-8.1.2 Final Cleaning. The Contractor shall execute cleaning prior to inspection for completion of the Work. The Contractor shall use materials which will not create hazards to health or property, and which will not damage surfaces, remove debris from and otherwise clean exposed-to-view surfaces, remove temporary protection and labels not required to remain, clean finishes free of foreign substances, remove waste, debris, and surplus materials from site. Clean grounds; remove stains, spills, and foreign substances from paved areas and sweep clean, clean other exterior surfaces and where applicable:

a) Clean transparent and glossy materials to a polished condition; remove foreign substances. Polish reflective surfaces to a clear shine.

b) Vacuum clean carpeted and similar soft surfaces.

c) Clean resilient and hard surface floors.

d) Clean surfaces of equipment; remove excess lubrication.

e) Clean plumbing fixtures to a sanitary condition.

f) Clean permanent filters of ventilating equipment and replace disposable filters when units have been operated during construction; in addition, clean ducts, blowers, and coils when units have been operated without filters during construction.

g) Clean light fixtures and lamps.

h) Remove waste, foreign matter, and debris from roofs, gutters, areaways, and drainage systems.

ADD:

7-8.4.3 Material Management.

7-8.4.3.1 General. The Contractor shall minimize or eliminate discharge of material into the air, storm drain systems, and receiving waters while taking delivery of, using, or storing the following materials:

a) Hazardous chemicals, including acids, lime, glues, adhesives, paints, solvents, and curing compounds
b) Soil stabilizers and binders
c) Fertilizers
d) Detergents
e) Plaster
f) Petroleum materials, including fuel, oil, and grease
g) Asphalt and concrete components
h) Pesticides and herbicides

The Contractor's employees trained in emergency spill cleanup procedures must be present during the unloading of hazardous materials or chemicals.

The Contractor shall use less hazardous materials if practicable.

The following activities must be performed at least 100 feet from concentrated flows of stormwater, drainage courses, and inlets if within the floodplain and at least 50 feet if outside the floodplain, unless otherwise authorized:

a) Stockpiling materials
b) Storing pile-driving equipment and liquid waste containers
c) Washing vehicles and equipment in outside areas
d) Fueling and maintaining vehicles and equipment

7-8.4.3.2 Material Storage. If materials are stored by the Contractor, he shall:

a) Store liquids, petroleum materials, and substances listed in 40 CFR 110, 117, and 302 and place them in secondary containment facilities as specified by USDOT for storage of hazardous materials.
b) Ensure that secondary containment facilities are impervious to the materials stored there for a minimum contact time of 72 hours.
c) Cover secondary containment facilities during nonworking days and whenever precipitation is forecasted. Secondary containment facilities must be adequately ventilated.
d) Keep secondary containment facilities free of accumulated rainwater or spills. After precipitation, or in the event of spills or leaks, collect accumulated liquid and place it into drums within 24 hours. Handle the liquid as hazardous waste in accordance with subsection 7-8 of the Standard Specifications and these Special Provisions.
e) Not store incompatible materials, such as chlorine and ammonia, in the same secondary containment facility.
f) Store materials in their original containers with the original material labels maintained in legible condition. Immediately replace damaged or illegible labels.
g) Ensure that secondary containment facilities have the capacity to contain precipitation from a 24-hour-long, 25-year storm, plus 10 percent of the

aggregate volume of all containers or the entire volume of the largest container within the facility, whichever is greater.

h) Store bagged or boxed material on pallets. Protect bagged or boxed material from wind and rain during nonworking days and whenever precipitation is forecasted.

i) Provide sufficient separation between stored containers to allow for spill cleanup or emergency response access. Storage areas must be kept clean, well-organized, and equipped with cleanup supplies appropriate for the materials being stored.

j) Repair or replace perimeter controls, containment structures, covers, and liners as necessary. Inspect storage areas before and after precipitation and at least weekly during other times.

7-8.4.3.3 Stockpile Management. The Contractor shall minimize stockpiling of materials at the job site.

The Contractor shall implement water pollution control practices within 72 hours of stockpiling material or before a forecasted storm event, whichever occurs first. If stockpiles are being used, do not allow soil, sediment, or other debris to enter storm drains, open drainages, and watercourses.

Active and inactive soil stockpiles must be:

a) Covered with soil stabilization material or a temporary cover

b) Surrounded with a linear sediment barrier

Stockpiles of asphalt concrete and PCC rubble, HMA, aggregate base, or aggregate sub base must be:

a) Covered with a temporary cover

b) Surrounded with a linear sediment barrier

Stockpiles of pressure-treated wood must be:

a) Placed on pallets

b) Covered with impermeable material

Stockpiles of cold mix asphalt concrete must be:

a) Placed on an impervious surface

b) Covered with an impermeable material

c) Protected from stormwater run-on and runoff

The Contractor shall control wind erosion year round.

The Contractor shall repair or replace linear sediment barriers and covers as needed to keep them functioning properly. Whenever sediment accumulates to 1/3 of the linear sediment barrier height, remove the accumulated sediment.

7-8.5.3 Spill Prevention and Emergency Response Plan.

ADD:

7-8.5.3.1 Spill Prevention and Control. The Contractor shall keep material or waste storage areas clean, well-organized, and equipped with enough cleanup supplies for the material being stored.

The Contractor shall implement spill and leak prevention procedures for chemicals and hazardous substances stored on the job site. Whenever the Contractor spills or leaks chemicals or hazardous substances at the job site, he is responsible for all associated cleanup costs and related liability.

The Contractor shall report minor, semi significant, and significant or hazardous spills to the WPC manager and the WPC manager must notify the Engineer immediately.

As soon as it is safe, the Contractor shall contain and clean up spills of petroleum materials and sanitary and septic waste substances listed under 40 CFR, parts 110, 117, and 302.

ADD:

7-8.5.3.2 Minor Spills. Minor spills consist of quantities of oil, gasoline, paint, or other materials that are small enough to be controlled by a first responder upon discovery of the spill.

The Contractor shall clean up a minor spill using the following procedures:

a) Contain the spread of the spill
b) Recover the spilled material using absorption
c) Clean the contaminated area
d) Dispose of the contaminated material and absorbents promptly and properly

ADD:

7-8.5.3.3 Semi Significant Spills. Semi significant spills consist of spills that can be controlled by a first responder with help from other personnel.

The Contractor shall clean up a semi significant spill immediately using the following procedures:

a) Contain the spread of the spill.
b) On paved or impervious surfaces, encircle and recover the spilled material with absorbent materials. Do not allow the spill to spread widely.
c) If the spill occurs on soil, contain the spill by constructing an earthen dike and dig up the contaminated soil for disposal.
d) If the spill occurs during precipitation, cover the spill with 10-mil plastic sheeting or other material to prevent contamination of runoff.
e) Dispose of the contaminated material promptly and properly.

ADD:

7-8.5.3.4 Significant or Hazardous Spills. Significant or hazardous spills consist of spills that cannot be controlled by job site personnel.

The Contractor shall immediately notify qualified personnel of a significant or hazardous spill and take the following steps:

a) Do not attempt to clean up the spill until qualified personnel have arrived.

b) Notify the Engineer and follow up with a report.

c) Obtain the immediate services of a spill contractor or hazardous material team.

d) Notify local emergency response teams by dialing 911 and county officials by using the emergency phone numbers retained at the job site.

e) Notify the California Emergency Management Agency State Warning Center at 916-845-8911.

f) Notify the National Response Center at (800) 424-8802 regarding spills of Federal reportable quantities under 40 CFR 110, 119, and 302.

g) Notify other agencies as appropriate, including:

    1) Fire Department

    2) Public Works Department

    3) Coast Guard

    4) Highway Patrol

    5) City Police or County Sheriff's Department

    6) Department of Toxic Substances

    7) California Division of Oil and Gas

    8) Cal/OSHA

    9) Regional Water Resources Control Board

The Contractor shall prevent a spill from entering stormwater runoff before and during cleanup activities and shall not bury or wash the spill with water.

ADD:

7-8.5.4 Waste Management.

7-8.5.4.1 Paint Waste. The Contractor shall clean water-based and oil-based paint from brushes or equipment within a contained area in a way that does not contaminate soil, receiving waters, or storm drain systems. Handle and dispose of the following as hazardous waste: paints, thinners, solvents, residues, and sludges that cannot be recycled or reused. When thoroughly dry, dispose of the following as solid waste under: dry latex paint, paint cans, used brushes, rags, absorbent materials, and drop cloths.

7-8.5.4.2 Concrete Waste. The Contractor shall use practices to prevent the discharge of asphalt concrete, PCC, and HMA waste into storm drain systems and receiving waters.

The Contractor shall collect and dispose of asphalt concrete, PCC, and HMA waste at locations where:

a) Concrete material, including grout, is used.

b) Concrete dust and debris result from demolition.

c) Saw cutting, coring, grinding, grooving, or hydro-concrete demolition creates a residue or slurry.

d) Concrete trucks or other concrete-coated equipment is cleaned at the job site.

7-8.5.4.3 Sanitary and Septic Waste. The Contractor shall not bury or discharge wastewater from a sanitary or septic system anywhere at the site of Work. A sanitary facility discharging into a sanitary sewer system must be properly connected and free from leaks. The Contractor shall place a portable sanitary facility at least 50 feet away from storm drains, receiving waters, and flow lines.

The Contractor shall comply with local health agency provisions if using an on-site disposal system.

7-8.5.4.4 Liquid Waste. The Contractor shall use practices that will prevent job-site liquid waste from entering storm drain systems and receiving waters. Liquid wastes include the following:

a) Drilling slurries or fluids

b) Grease-free and oil-free wastewater and rinse water

c) Dredgings, including liquid waste from cleaning drainage systems

d) Liquid waste running off a surface, including wash or rinse water

e) Other nonstormwater liquids not covered by separate permits

The Contractor shall hold liquid waste in structurally sound, leak-proof containers, such as roll-off bins or portable tanks.

Liquid waste containers must be of sufficient quantity and volume to prevent overflow, spills, and leaks.

The Contractor shall store containers at least 50 feet from moving vehicles and equipment.

The Contractor shall remove and dispose of deposited solids from sediment traps in accordance with 7-8 of the Standard Specifications and these Special Provisions. Liquid waste may require testing to determine hazardous material content before disposal.

The Contractor shall dispose of drilling fluids and residue.

If an authorized location is available within the job site, fluids and residue exempt under 23 CA Code of Regs § 2511(g) may be dried by evaporation in a leak-proof container. The Contractor shall dispose of the remaining solid waste in accordance with 7-8 of the Standard Specifications and these Special Provisions.

ADD:

7-8.5.5 Nonstormwater Management.

7-8.5.5.1 Water Control and Conservation. The Contractor shall manage water used for work activities in a way that will prevent erosion and the discharge of pollutants into storm drain systems and receiving waters. Obtain authorization before washing

anything at the job site with water that could discharge into a storm drain system or receiving waters. Report discharges immediately.

The Contractor shall implement water conservation practices if water is used at the job site. Inspect irrigation areas. Adjust watering schedules to prevent erosion, excess watering, or runoff. Shut off the water source to broken lines, sprinklers, or valves and repair breaks within 24 hours. Reuse water from waterline flushing for landscape irrigation if practicable. Sweep and vacuum paved areas. Do not wash paved areas with water.

The Contractor shall direct runoff water, including water from water line repair, from the job site to areas where it can infiltrate into the ground. Do not allow runoff water to enter storm drain systems and receiving waters. Do not allow spilled water to escape filling areas for water trucks. Direct water from off-site sources around the job site if practicable. Minimize the contact of off-site water with job site water.

7-8.5.5.2 Illicit Connection and Illegal Discharge Detection and Reporting. Before starting work, the Contractor shall inspect the job site and the job site's perimeter for evidence of illicit connections, illegal discharges, and dumping. After starting work, inspect the job site and perimeter on a daily schedule for illicit connections and illegal dumping and discharges.

Whenever illegal connections, discharges, or dumping are discovered, The Contractor shall notify the Engineer immediately, should take no further action unless ordered and assume that unlabeled or unidentifiable material is hazardous.

The Contractor shall look for the following evidence of illicit connections, illegal discharges, and dumping:

a) Debris or trash piles
b) Staining or discoloration on pavement or soils
c) Pungent odors coming from drainage systems
d) Discoloration or oily sheen on water
e) Stains and residue in ditches, channels, or drain boxes
f) Abnormal water flow during dry weather
g) Excessive sediment deposits
h) Nonstandard drainage junction structures
i) Broken concrete or other disturbances at or near junction structures

7-8.5.5.3 Vehicle and Equipment Cleaning. The Contractor shall limit vehicle and equipment cleaning or washing at the job site except for what is necessary to control vehicle tracking or hazardous waste. The Contractor shall notify the Engineer before cleaning vehicles and equipment at the job site with soap, solvents, or steam and contain and recycle or dispose of resulting waste under 7-10.4.4. The Contractor shall not use diesel to clean vehicles or equipment and minimize the use of solvents.

The Contractor shall clean or wash vehicles and equipment in a structure equipped with disposal facilities. The Contractor may wash vehicles in an outside area if the area is:

a) Paved with asphalt concrete, HMA, or PCC
b) Surrounded by a containment berm
c) Equipped with a sump to collect and dispose of wash water

The Contractor shall use as little water as practicable whenever washing vehicles and equipment with water and hoses used must be equipped with a positive shutoff valve.

The Contractor shall discharge liquid from wash racks to a recycling system or to another authorized system. Remove liquids and sediment as necessary.

7-8.5.5.4 Vehicle and Equipment Fueling and Maintenance. If practicable, the Contractor shall perform maintenance on vehicles and equipment off-site.

If fueling or maintenance must be done at the job site, the Contractor shall assign a site or sites, and obtain authorization before using them. The Contractor shall minimize mobile fueling and maintenance activities. The Contractor's fueling and maintenance activities must be performed on level ground in areas protected from stormwater run-on and runoff.

The Contractor shall use containment berms or dikes around fueling and maintenance areas. Keep adequate quantities of absorbent spill-cleanup material and spill kits in the fueling or maintenance area and on fueling trucks. The Contractor shall dispose of spill-cleanup material and kits immediately after use and use drip pans or absorbent pads during fueling or maintenance.

The Contractor shall not leave fueling or maintenance areas unattended during fueling and maintenance activities. The Contractor's fueling nozzles must be equipped with an automatic shutoff control. The Contractor shall use equipment with vapor-recovery fueling nozzles where required by the Air Quality Management District, secure nozzles in an upright position when not in use and shall not top off fuel tanks.

The Contractor shall recycle or properly dispose of used batteries and tires.

If leaks cannot be repaired immediately, the Contractor shall remove the vehicle or equipment from the job site.

7-8.5.5.5 Material and Equipment Used Over Water. The Contractor shall place drip pans and absorbent pads under vehicles and equipment used over water, keep an adequate supply of spill-cleanup material with vehicles and equipment, place drip pans or plastic sheeting under vehicles and equipment on docks, barges, or other surfaces over water whenever vehicles or equipment will be idle for more than one (1) hour.

The Contractor shall furnish watertight curbs or toe boards on barges, platforms, docks, or other surfaces over water to contain material, debris, and tools and shall secure material to prevent spills or discharge into the water due to wind.

The Contractor shall report discharges to receiving waters immediately upon discovery and shall submit a discharge notification.

7-8.5.5.6 Structure Removal Over or Adjacent to Water. The Contractor shall not allow demolished material to enter storm drain systems and receiving waters, use authorized covers and platforms to collect debris, use attachments on equipment to catch debris during small demolition activities and empty debris-catching devices daily and dispose of debris in accordance with 7-8 of the Standard Specifications and these Special Provisions.

7-8.5.5.7 Paving, Sealing, Saw Cutting, Grooving, and Grinding Activities. The Contractor shall prevent material from entering storm drain systems and receiving waters including:

a) Cementitious material
b) Asphaltic material
c) Aggregate or screenings
d) Saw cutting, grooving, and grinding residue
e) Pavement chunks
f) Shoulder backing
g) Methacrylate
h) Sandblasting residue

The Contractor shall cover drainage inlets and use linear sediment barriers to protect downhill receiving waters until paving, sealing, saw cutting, grooving, and grinding activities are completed and excess material has been removed and cover drainage inlets and manholes during the application of seal coat, tack coat, slurry seal, or fog seal.

Whenever precipitation is forecasted, the Contractor shall limit paving, saw cutting, and grinding to places where runoff can be captured.

The Contractor shall not start seal coat, tack coat, slurry seal, or fog seal activities whenever precipitation is forecasted during the application and curing period and shall not excavate material from existing roadways during precipitation.

The Contractor shall use a vacuum to remove slurry immediately after slurry is produced and shall not allow the slurry to run onto lanes open to traffic or off the pavement.

The Contractor shall collect the residue from PCC grooving and grinding activities with a vacuum attachment on the grinding machine. The Contractor shall not leave the residue on the pavement or allow the residue to flow across pavement.

The Contractor shall not coat asphalt trucks and equipment with substances that contain soap, foaming agents, or toxic chemicals.

The Contractor shall park paving equipment over drip pans or plastic sheeting with absorbent material to catch drips if the paving equipment is not in use.

7-8.5.5.8 Thermoplastic Striping and Pavement Markers. The Contractor shall not preheat, transfer, or load thermoplastic within 50 feet of drainage inlets and receiving waters.

The Contractor shall not unload, transfer, or load bituminous material for pavement markers within 50 feet of drainage inlets and receiving waters.

The Contractor shall collect and dispose of bituminous material from the roadway after removing markers.

7-8.5.5.9 Pile Driving. The Contractor shall keep spill kits and cleanup materials at pile driving locations; park pile driving equipment over drip pans, absorbent pads, or plastic sheeting with absorbent material; protect pile driving equipment by parking on plywood and covering with plastic whenever precipitation is forecasted.

The Contractor shall store pile driving equipment on level ground and protect it from stormwater run-on when not in use. Use vegetable oil instead of hydraulic fluid if practicable.

7-8.5.5.10 Concrete Curing. The Contractor shall not overspray chemical curing compounds and shall not allow runoff of curing compounds.

The Contractor shall minimize the drift by spraying as close to the concrete as practicable, cover drainage inlets before applying the curing compound, and minimize the use and discharge of water by using wet blankets or similar methods to maintain moisture when concrete is curing.

7-8.5.5.11 Concrete Finishing. The Contractor shall collect and dispose of water and solid waste from high-pressure water blasting, collect and dispose of sand and solid waste from sandblasting. Before sandblasting, the Contractor shall cover drainage inlets within 50 feet of sandblasting, and shall minimize the drift of dust and blast material by keeping the nozzle close to the surface of the concrete. If the character of the blast residue is unknown, the Contractor shall test it for hazardous materials and dispose of it properly.

The Contractor shall inspect containment structures for concrete finishing for damage before each day of use and before forecasted precipitation and remove liquid and solid waste from containment structures after each work shift.

7-8.5.5.12 Sweeping. The Contractor shall sweep by hand or mechanical methods, such as vacuuming, and shall not use methods that use only mechanical kick brooms.

The Contractor shall sweep paved roads at construction entrance and exit locations and paved areas within the job site:

a) During clearing and grubbing activities
b) During earthwork activities
c) During trenching activities
d) During pavement structure activities
e) When vehicles are entering and leaving the job site

f) After soil-disturbing activities

g) After observing off-site tracking of material

h) As deemed necessary by the Engineer

The Contractor shall monitor paved areas and roadways within the project and sweep within:

a) 1 hour whenever sediment or debris is observed during activities that require sweeping.

b) 24 hours whenever sediment or debris is observed during activities that do not require sweeping.

The Contractor shall remove collected material, including sediment, from paved shoulders, drain inlets, curbs and dikes, and other drainage areas, may stockpile collected material at the job site, and shall dispose of collected material at least once per week if stockpiled.

The Contractor shall keep dust to a minimum during street sweeping activities and use water or a vacuum whenever dust generation is excessive or sediment pickup is ineffective.

The Contractor shall remove and dispose of trash collected during sweeping.

7-8.5.5.13 Dewatering. Dewatering consists of discharging accumulated stormwater, groundwater, or surface water from excavations or temporary containment facilities.

The Contractor shall perform dewatering work as specified for the work items involved, such as temporary active treatment system or dewatering and discharge.

If dewatering and discharging activities are not specified under a work item and the Contractor performs dewatering activities, he shall:

a) Conduct dewatering activities under the Caltrans' *Field Guide for Construction Site Dewatering*.

b) Ensure that any dewatering discharge does not cause erosion, scour, or sedimentary deposits that could impact natural bedding materials.

c) Discharge the water within the project limits if approved by the Engineer. Dispose of the water if it cannot be discharged within project limits due to site constraints or contamination.

d) Not discharge stormwater or nonstormwater that has an odor, discoloration other than sediment, an oily sheen, or foam on the surface.

e) Notify the Engineer immediately upon discovering any such condition.

7-8.6 Water Pollution Control.

7-8.6.1 General. *ADD the following after the last paragraph:*

This project is Risk Level 2.

ADD:

7-8.6.1.1 Definitions and Abbreviations.

Active and inactive areas: (1) Active areas have soil disturbing work activities occurring at least once within 15 days, and (2) Inactive areas are areas that have not been disturbed for at least 15 days.

BMPs: Best Management Practices are water pollution control practices.

Construction phase: Construction phases are (1) Highway Construction including work activities for building roads and structures, (2) Plant Establishment including maintenance on vegetation installed for final stabilization, and (3) Suspension where work activities are suspended and areas are inactive.

NAL: Numeric Action Level.

NEL: Numeric Effluent Limit.

Normal working hours: The hours the Contractor normally works on this project.

Preparation Manual: The Caltrans' "Storm Water Pollution Prevention Plan and Water Pollution Control Program Preparation Manual."

QSD: Qualified SWPPP Developer.

QSP: Qualified SWPPP Practitioner.

Qualified rain event: A qualified rain event is a storm that produces at least 0.5 inch of precipitation with a 48 hour or greater period between storms.

REAP: Rain Event Action Plan.

SAP: Sampling and Analysis Plan.

SSC: Suspended Sediment Concentration.

SWRCB: State Water Resources Control Board.

WPC: Water Pollution Control.

WPC Manager: The Contractor's Water Pollution Control Manager. The WPC Manager implements water pollution control work described in the SWPPP and oversees revisions and amendments to the SWPPP.

7-8.6.1.2 Summary. Section 7-8.6 includes general specifications for preventing, controlling, and abating water pollution in streams, waterways, and other bodies of water.

Information on forms, reports, and other documents can be found in the following Caltrans manuals:

a) *Field Guide for Construction Site Dewatering*

b) *Storm Water Pollution Prevention Plan (SWPPP) and Water Pollution Control Program (WPCP) Preparation Manual*

c) *Construction Site Best Management Practices (BMP) Manual*

d) *Construction Site Monitoring Program (CSMP) Guidance Manual*

For the above-referenced manuals, go to the Caltrans' Web site for the Division of Construction, Storm Water and Water Pollution Control at (Informationhttp://www.dot.ca.gov/hq/construc/stormwater/) or the Caltrans' publication distribution unit.

The Contractor shall not start job site activities until:

a) The WPCP or SWPPP, in accordance with 7-8.6.3 of the Special Provisions, is authorized.

b) The waste discharge identification number is issued if the project requires a SWPPP.

c) WPCP or SWPPP review requirements have been fulfilled. If the RWQCB requires time for review, allow 30 days for the review.

If the Contractor operates a Contractor-support facility, the Contractor shall protect stormwater systems or receiving waters from the discharge of potential pollutants by using water pollution control practices.

Contractor-support facilities include:

a) Staging areas

b) Storage yards for equipment and materials

c) Mobile operations

d) Batch plants for PCC and HMA

e) Crushing plants for rock and aggregate

f) Other facilities installed by the Contractor for his, such as haul roads

Discharges from manufacturing facilities, such as batch plants and crushing plants, must comply with the general waste discharge requirements for *Order No. 97-03-DWQ, NPDES General Permit No. CAS000001*, issued by the State Water Resources Control Board for "*Discharge of Storm Water Associated with Industrial Activities Excluding Construction Activities*" and referred to herein as "General Industrial Permit." For the General Industrial Permit, go to the Web site for the State Water Resources Control Board.

If the Contractor operates a batch plant to manufacture PCC, HMA, or other material or a crushing plant to produce rock or aggregate, the Contractor shall obtain coverage under the General Industrial Permit. The Contractor must be covered under the General Industrial Permit for batch plants and crushing plants located:

a) Outside of the job site

b) Within the job site that serve 1 or more contracts

If the Contractor obtains or disposes of material at a noncommercially operated borrow or disposal site, the Contractor shall prevent water pollution due to erosion at the site during and after completion of his activities. Upon completion of his work, the Contractor shall leave the site in a condition such that water will not collect or stand therein.

The Agency does not pay for water pollution control practices at Contractor-support facilities and noncommercially operated borrow or disposal sites.

7-8.6.1.3 Submittals. Within 48 hours after the conclusion of a storm event resulting in a discharge, after a nonstormwater discharge, or after receiving a written notice or an order from the RWQCB or another regulatory agency, the Contractor's WPC manager must submit the following information:

a) Date, time, location and nature of the activity and the cause of the notice or order
b) Type and quantity of discharge
c) Water pollution control practices in use before the discharge or before receiving the notice or order
d) Description of water pollution control practices and corrective actions taken to manage the discharge or cause of the notice

The Contractor shall submit water pollution control training records for all employees and subcontractors who will be working at the job site as an informational submittal that includes the training subjects, training dates, ongoing training, and tailgate meetings with the submittal. The Contractor shall submit records for:

a) Existing employees within 5 business days of obtaining SWPPP or WPCP authorization
b) New employees within 5 business days of receiving the training
c) Subcontractor's employees at least 5 business days before a subcontractor starts work

At least Five (5) business days before operating any Contractor-support facility, the Contractor shall submit:

a) A plan showing the location and quantity of water pollution control practices associated with the Contractor-support facility
b) A copy of the notice of intent approved by the RWQCB and the WPCP or SWPPP approved by the RWQCB if the Contractor will be operating a batch plant or a crushing plant under the General Industrial Permit

7-8.6.1.4 Quality Control and Assurance.

Training

The Contractor shall employees must receive water pollution control training before starting work at the job site.

For the Contractor’s project managers, supervisory personnel, subcontractors, and employees involved in water pollution control work:

a) The Contractor shall provide stormwater training in the following subjects:
    1) Water pollution control rules and regulations
    2) Implementation and maintenance for:
        (a) Temporary soil stabilization
        (b) Temporary sediment control
        (c) Tracking control
        (d) Wind erosion control
        (e) Material pollution prevention and control
        (f) Waste management
        (g) Nonstormwater management
b) The Contractor shall conduct weekly training meetings covering:

1) Deficiencies and corrective actions for water pollution control practices
2) Water pollution control practices required for work activities during the week
3) Spill prevention and control
4) Material delivery, storage, usage, and disposal
5) Waste management
6) Nonstormwater management procedures

Training for personnel who collect water quality samples must include:

a) CSMP review
b) Health and safety review
c) Sampling simulations

7-8.6.1.5 Water Pollution Control Manager.

General

The Contractor's WPC manager must be a QSP if the project requires a WPCP. The Contractor's WPC manager must be a QSD if the project requires a SWPPP.

The Contractor shall assign one (1) WPC manager to implement the WPCP or SWPPP, whichever is applicable for the project.

Qualifications

The Contractor's QSD must:

a) Have completed the stormwater management training described in the Caltrans' Web site for the Division of Construction, Storm Water and Water Pollution Control Information
b) Be registered or certified for at least one of the following:
    1) California registered civil engineer
    2) California registered professional geologist or engineering geologist
    3) California licensed landscape architect
    4) Professional hydrologist registered through the American Institute of Hydrology
    5) Certified Professional in Erosion and Sediment Control (CPESC)™ registered through Enviro Cert International, Inc.
    6) Certified Professional in Storm Water Quality (CPSWQ)™ registered through Enviro Cert International, Inc.
    7) Professional in erosion and sediment control registered through the National Institute for Certification in Engineering Technologies (NICET)

The Contractor's QSP must comply with the qualifications for a QSD or must:

a) Have completed the storm water management training described in the Caltrans' Web site for the Division of Construction, Storm Water and Water Pollution Control Information

b) Be certified for at least one of the following:

    1) Certified Erosion, Sediment and Storm Water Inspector (CESSWI)™ registered through Enviro Cert International, Inc.

    2) Certified Inspector of Sediment and Erosion Control (CISEC) registered through CISEC, Inc.

Responsibilities

The Contractor's WPC manager must:

a) Be responsible for water pollution control work

b) Be the primary contact for water pollution control work

c) Oversee:

    1) Maintenance of water pollution control practices

    2) Inspections of water pollution control practices identified in the SWPPP or WPCP

    3) Inspections and reports for visual monitoring

    4) Preparation and implementation of REAPs

    5) Sampling and analysis

    6) Preparation and submittal of:

        (a) NAL exceedance reports

        (b) NEL violation reports

        (c) SWPPP annual certification

        (d) Annual reports

        (e) BMP status reports

a) Oversee and enforce hazardous waste management practices, including spill prevention and control measures

b) Have authority to mobilize crews to make immediate repairs to water pollution control practices

c) Ensure that all employees have current water pollution control training

d) Implement the authorized SWPPP or WPCP

e) Amend the SWPPP or WPCP if required

f) Be at the job site within 2 hours of being contacted

g) Have the authority to stop construction activities damaging water pollution control practices or causing water pollution

7-8.6.1.6 Construction.

General

The Contractor shall install facilities and devices used for water pollution control practices before performing work activities. The Contractor shall install soil stabilization materials for water pollution control practices in all work areas that are inactive and before storm events.

The Contractor shall repair or replace water pollution control practices within 24 hours of discovering any damage, unless a longer period is authorized.

The Agency will not pay for the cleanup, repair, removal, disposal, or replacement of water pollution control practices due to improper installation or the Contractor's negligence.

The Contractor shall retain a printed copy of the authorized WPCP or SWPPP at the job site at all times.

Monitoring

The Contractor shall monitor the National Weather Service's forecast on a daily basis. For the National Weather Service's forecast, go to the Web site for the National Weather Service.

Inspections

The Contractor shall use the *Stormwater Site Inspection Report* form for documenting site inspections.

The Contractor's WPC manager must oversee:

a) Inspections of water pollution control practices identified in SWPPP or WPCP:
    1) Before a forecasted storm event
    2) After a qualifying rain event that produces site runoff
    3) At 24-hour intervals during extended storm events
    4) On a predetermined schedule of at least once a week

b) Daily inspections of:
    1) Storage areas for hazardous materials and waste
    2) Hazardous waste disposal and transporting activities
    3) Hazardous material delivery and storage activities

c) Inspections of:
    1) Vehicle and equipment cleaning facilities:
        (a) Daily if vehicle and equipment cleaning occurs daily
        (b) Weekly if vehicle and equipment cleaning does not occur daily
    2) Vehicle and equipment maintenance and fueling areas:
        (a) Daily if vehicle and equipment maintenance and fueling occurs daily

(b) Weekly if vehicle and equipment maintenance and fueling does not occur daily

3) Vehicles and equipment at the job site for leaks and spills on a daily schedule. Verify that operators are inspecting vehicles and equipment each day of use.
4) Demolition sites within 50 feet of storm drain systems and receiving waters daily.
5) Pile driving areas for leaks and spills:
    (a) Daily if pile driving occurs daily
    (b) Weekly if pile driving does not occur daily
6) Temporary concrete washouts:
    (a) Daily if concrete work occurs daily
    (b) Weekly if concrete work does not occur daily
7) Paved roads at job site access points for street sweeping:
    (a) Daily if earthwork and other sediment or debris-generating activities occur daily
    (b) Weekly if earthwork and other sediment or debris-generating activities do not occur daily
    (c) Within 24 hours of precipitation forecasted by the National Weather Service
8) Dewatering work:
    (a) Daily if dewatering work occurs daily
    (b) Weekly if dewatering work does not occur daily
9) Temporary active treatment system:
    (a) Daily if temporary active treatment system activities occur daily
    (b) Weekly if temporary active treatment system activities do not occur daily
10) Work over water:
    (a) Daily if work over water occurs daily
    (b) Weekly if work over water does not occur daily

Deficiencies

Whenever the Contractor or the Engineer identify a deficiency in the implementation of the authorized WPCP or SWPPP, The Contractor shall correct the deficiency:

(a) Immediately, unless a later date is authorized

(b) Before precipitation occurs

The Agency may correct the deficiency and deduct the cost of correcting the deficiency from payment if the Contractor fails to correct the deficiency by the agreed date or before the onset of precipitation.

7-8.6.2 Best Management Practices (BMPs). *MODIFY to ADD the following:*
BMPs shall be maintained and/or added based on the REAP and any exceedances of Numeric Action Levels (NALs) and Numeric Effluent Limitations (NELs). The Contractor shall make any necessary changes to the SWPPP and implement additional BMPs that will result in effluent levels below that of NALs.

7-8.6.3 Storm Water Pollution Prevention Plan (SWPPP). *DELETE in its entirety and SUBSTITUTE with the following:*

7-8.6.3 Storm Water Pollution Prevention Plan (SWPPP)

7-8.6.3.1 General.

Summary

The Contractor shall prepare a storm water pollution prevention plan that includes developing and implementing the SWPPP, providing a WPC manager, conducting water pollution control training, and monitoring, inspecting, and correcting water pollution control practices.
The Contractor shall provide all documents to the SMARTS System for Agency review and acceptance.

The Contractor may assign a QSD other than the WPC manager to develop the SWPPP.

Construction activities will be conducted in a manner to protect channels, storm drains, and bodies of water from pollution. Water pollution control work shall consist of activities necessary to meet the requirements of the Orange County MS4 permit, Order No. R8-2009-0030, NPDES Permit No. CAS618030 a copy of which can be found at http://www.swrcb.ca.gov/rwqcb8/water_issues/programs/stormwater/oc_permit.shtml; the County's Drainage Area Management Plan (DAMP) at http://www.ocwatersheds.com/DAMP.aspx; The State's General Construction Activities Permit (Order No. 2009-0009-DWQ, NPDES No CAS000002, at http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/constpermits/wqo2009_0009_dwq.pdf; and as required by the Engineer. The Contractor shall coordinate water pollution control work with all other work done on the Contract.

The Contractor shall comply with all requirements of the above-mentioned permits, including visual monitoring, sample collection and analysis, training qualifications and certification requirements, risk determination, preparation and implementation of a Rain Event Action Plan (REAP) and a Storm Water Pollution Prevention Plan (SWPPP).

The Contractor shall make the accepted SWPPP available at the construction site during working hours while construction is occurring and shall be made available upon request by a State or Agency Representative. When the original SWPPP is retained by a crewmember in a construction vehicle and is not currently at the construction site, current copies of the BMPs and map/drawing will be left with the field crew and the original SWPPP shall be made available via a request by radio/telephone.

Implementation of the SWPPP shall not reduce effectiveness of existing storm drain system or interfere with traffic on public streets. The Contractor shall implement the SWPPP, make changes both to the SWPPP, and in the field as conditions warrant it.

The Contractor shall be solely responsible for preventing any pollutants from leaving the project site.

In lieu of the Notice of Intent, the Contractor is required to notify the Engineer prior to the beginning of construction and upon project completion.

The Contractor shall notify the Agency Representative immediately upon request from any regulatory agency to enter, inspect, sample, monitor, or otherwise access the project site or the Contractor's records pertaining to storm water pollution control work. The Contractor shall provide copies of correspondence, notices of violation, enforcement actions, or fines proposed by regulatory agencies to the Engineer.

During each estimate period the Contractor fails to conform to the provisions in this section, "Water Pollution Control," or fails to implement the water pollution control practices shown on the accepted SWPPP and specified elsewhere in these special provisions, the City will withhold 25 percent of the progress payment.

Withholds for failure to perform water pollution control work will be in addition to all other withholds provided for in the contract. The City will return performance-failure withholds in the progress payment following the correction for noncompliance.

Contractor will also be responsible for any enforcement actions and penalties enacted on the Agency by the State Water Resources Control Board, Regional Water Quality Control Board, and/or any other agency due to Contractor's non-compliance with applicable water pollution regulations. Progress payments and/or final payments may be withheld to cover enforcement liabilities that include, but are not limited to, maximum financial penalties, legal costs, staff costs, and economic savings from violations and/or costs associated with corrective actions as required by enforcing agency.

Whenever a qualifying rain event produces runoff for a risk level 2 or risk level 3 project, sampling and analysis work must comply with the project's CSMP.

A storm water annual report must cover the preceding period from July 1st to June 30th.

Submittals

Submittals shall conform to 2-5.3 of the Standard Specifications and the Special Provisions.

Within 20 days of Contract approval:

a) The Contractor shall submit 3 printed copies of his SWPPP for review. Allow 20 days for the Agency's review. The Engineer provides comments and specifies the date when the review stopped if revisions are required.

b) The Contractor shall change and resubmit a revised SWPPP within 15 days of receiving the Engineer's comments. The Agency's review resumes when a complete SWPPP has been resubmitted.

c) When the Engineer authorizes the SWPPP, submit an electronic copy in Portable Document Format (PDF) or Microsoft Word (DOC) format and 4 printed copies of the authorized SWPPP.

d) If the RWQCB requires review of the authorized SWPPP, the Engineer submits the authorized SWPPP to the RWQCB for its review and comment.

e) If the Engineer requests changes to the SWPPP based on the RWQCB's comments, the Contractor shall amend the SWPPP within 10 days.

The SWPPP must comply with the Caltrans' *Storm Water Pollution Prevention Plan (SWPPP) and Water Pollution Control Plan (WPCP) Preparation Manual* and shall include the following:

a) Description of the work involved in the installation, maintenance, repair, and removal of temporary and permanent water pollution control practices.

b) Maps showing:

    1) Locations of disturbed soil areas

    2) Water bodies and conveyances

    3) Locations and types of water pollution control practices that will be used for each Contractor-support facility:

    4) Locations and types of temporary water pollution control practices that will be used in the work for each construction phase

    5) Locations and types of water pollution control practices that will be installed permanently under the Contract

    6) Pollutant sampling locations

    7) Locations planned for storage and use of potential nonvisible pollutants

    8) Receiving water sampling locations

c) CSMP

d) Copy of permits obtained by the Agency, including Fish & Game permits, US Army Corps of Engineers permits, RWQCB 401 certifications, aerially deposited lead variance from the Department of Toxic Substance Control, aerially deposited lead variance notification, and RWQCB waste discharge requirements for aerially deposited lead reuse.

The Contractor shall include the following items in the SWPPP:

a) For all projects:

    1) Schedule

    2) CSMP

b) For risk level 2 projects add:

    1) Adherence to effluent standards for NALs

    2) REAP

c) For risk level 3 projects add:

    1) Adherence to effluent standards for NALs and NELs

    2) REAP

The SWPPP schedule must show when:

a) Work activities will be performed that could cause the discharge of pollutants into stormwater
b) Water pollution control practices associated with each construction phase will be implemented
c) Soil stabilization and sediment control practices for disturbed soil areas will be implemented

The Contractor shall amend and resubmit the SWPPP:

a) Annually before July 15th
b) Whenever:
    1) Changes in work activities could affect the discharge of pollutants
    2) Water pollution control practices are added by Change Order work
    3) Water pollution control practices are added at the Contractor's discretion
    4) Changes in the quantity of disturbed soil are substantial
    5) Objectives for reducing or eliminating pollutants in stormwater discharges have not been achieved
    6) The Contractor receive a written notice of a permit violation for the project from the RWQCB or any other regulatory agency

The Contractor shall allow the same review time for amendments to the SWPPP as for the original SWPPP.

Construction Site Monitoring Program

A QSD must prepare the CSMP. The Contractor shall change the program to reflect current job site activities as needed. The CSMP must include the following:

a) For all projects:
    1) Visual monitoring procedures
    2) SAP for nonvisible pollutants
    3) SAP for nonstormwater discharges
    4) SAP for monitoring required by RWQCB
b) For risk level 2 projects add:
    1) SAP for pH and turbidity
c) For risk level 3 projects add:
    1) SAP for pH and turbidity
    2) SAP for temporary active treatment systems

Sampling and Analysis Plan

The SAP must comply with the Caltrans' *Construction Site Monitoring Program (CSMP) Guidance Manual*.

The Contractor shall describe the following water quality sampling procedures in the SAP:

a) Sampling equipment
b) Sample preparation
c) Collection
d) Field measurement methods
e) Analytical methods
f) Quality assurance and quality control
g) Sample preservation and labeling
h) Collection documentation
i) Sample shipping
j) Chain of custody
k) Data management and reporting
l) Precautions from the construction site health and safety plan
m) Laboratory selection and certifications

The SAP must identify the State-certified laboratory, sample containers, preservation requirements, holding times, and analytical method. For a list of State-certified laboratories go to the California Department of Public Health Web site.

The Contractor shall include procedures for sample collection during precipitation.

The Contractor shall list conditions when the Contractor's personnel will not be required to physically collect samples such as:

a) Dangerous weather
b) Flooding or electrical storms
c) Times outside of normal working hours

The Contractor shall amend the SAP whenever discharges or sampling locations change because of changed work activities or knowledge of site conditions.

The Contractor shall include procedures for collecting and analyzing at least 3 samples for each day of each qualifying rain event for a risk level 2 or risk level 3 project and shall describe the collection of effluent samples at all locations where the stormwater is discharged off-site.

Sampling and Analysis Plan for Nonvisible Pollutants

The SAP for nonvisible pollutants must describe the sampling and analysis strategy for monitoring nonvisible pollutants.

The SAP for nonvisible pollutants must identify potential nonvisible pollutants present at the job site associated with any of the following:

a) Construction materials and wastes
b) Existing contamination due to historical site usage
c) Application of soil amendments, including soil stabilization materials, with the potential to change pH or contribute toxic pollutants to stormwater

The SAP for nonvisible pollutants must include sampling procedures for the following conditions when observed during a stormwater visual inspection. The Contractor shall include a procedure for collecting at least 1 sample for each storm event for:

a) Materials or wastes containing potential nonvisible pollutants not stored under watertight conditions

b) Materials or wastes containing potential nonvisible pollutants stored under watertight conditions at locations where a breach, leak, malfunction, or spill occurred and was not cleaned up before the precipitation

c) Chemical applications occurring within 24 hours before precipitation or during precipitation that could discharge pollutants to surface waters or drainage systems, including fertilizer, pesticide, herbicide, methyl methacrylate concrete sealant, or nonpigmented curing compound

d) Applied soil amendments, including soil stabilization materials that could change pH levels or contribute toxic pollutants to stormwater runoff and discharge pollutants to surface waters or drainage systems, unless independent test data is available to indicate acceptable concentrations of nonvisible pollutants in the material

e) Stormwater runoff from an area contaminated by historical usage of the site that could discharge pollutants to surface waters or drainage systems

The SAP for nonvisible pollutants must provide sampling procedures and a schedule for:

a) Sample collection during the first 2 hours of rain events that generate runoff

b) Sample collection during normal working hours

c) Each nonvisible pollutant source

d) Uncontaminated control sample

The SAP for nonvisible pollutants must identify locations for sampling downstream and control samples and the reasons for selecting those locations. The Contractor shall select locations for control samples where the sample does not come in contact with materials, wastes, or areas associated with potential nonvisible pollutants or disturbed soil areas.

Annual Certification

The Contractor shall submit an annual certification of compliance as described in the Caltrans' *Storm Water Pollution Prevention Plan (SWPPP) and Water Pollution Control Plan (WPCP) Preparation Manual* before July 15th of each year.

Site Inspection Reports

The WPC manager must submit the following informational submittals within 24 hours of completing a weekly inspection:

a) Completed *Stormwater Site Inspection Report* form.

b) BMP status report. The WPC manager must oversee the preparation of the report. The report must include:

    1) Location and quantity of installed water pollution control practices

2) Location and quantity of disturbed soil for active and inactive areas

Visual Monitoring Reports

The Contractor shall submit visual monitoring reports for:

a) Each storm event, include:
    1) Date, time, and rain gauge reading
    2) Visual observations:
        (a) Within 2 business days before the storm for:
            (1) Spills, leaks, or uncontrolled pollutants in drainage areas
            (2) Proper implementation of water pollution control practices
            (3) Leaks and adequate freeboard in storage areas
        (b) Every 24 hours during the storm event for:
            (1) Effective operation of water pollution control practices
            (2) Water pollution control practices needing maintenance and repair
        (c) Within 2 business days after the qualifying rain event for:
            (1) Stormwater discharge locations
            (2) Evaluation of design, implementation, effectiveness, and locations of water pollution control practices including locations where additional water pollution control practices may be needed
b) Nonstormwater discharges during each of the following periods:
    1) January through March
    2) April through June
    3) July through September
    4) October through December

Use the *Stormwater Site Inspection Report* form to document visual monitoring. A visual monitoring report must include:

1) Name of personnel performing the inspection, inspection date, and date the inspection report is completed
2) Storm and weather conditions

c) Location of any:
    1) Floating and suspended material, sheen on the surface, discoloration, turbidity, odor, and source of observed pollutants for flowing and contained stormwater systems
    2) Nonstormwater discharges and their sources
d) Corrective action taken

The Contractor shall retain visual monitoring reports at the job site as part of the SWPPP.

Sampling and Analysis Day

General

The Contractor shall submit a printed copy and electronic copy of water quality analysis results, and quality assurance and quality control reports within 48 hours of field sampling, and within 30 days of laboratory analysis. Electronic copies must be in one of the following formats: (1) xls, (2) doc. The Contractor shall include an evaluation of whether the downstream samples show levels of the tested parameter that are higher than the control sample. The evaluation must include:

a) Sample identification number
b) Contract number
c) Constituent
d) Reported value
e) Analytical method
f) Method detection limit
g) Reported limit

Numeric Action Level Exceedance Reports

Whenever a NAL is exceeded, the Contractor shall notify the Engineer and submit a NAL exceedance report within 48 hours after conclusion of a storm event. The report must include:

a) Field sampling results and inspections, including:
    1) Analytical methods, reporting units, and detection limits
    2) Date, location, time of sampling, visual observations, and measurements
    3) Quantity of precipitation from the storm event
b) Description of BMPs and corrective actions taken to manage NAL exceedance

Numeric Effluent Limit Violation Reports

Whenever a NEL is exceeded, the Contractor shall notify the Engineer and submit a NEL violation report within 6 hours. The report must include:

a) Field sampling results and inspections, including:
    1) Analytical methods, reporting units, and detection limits
    2) Date, location, time of sampling, visual observation and measurements
    3) Quantity of precipitation from the storm event
b) Description of BMPs and corrective actions taken to manage NEL exceedance

Rain Event Action Plan

For a risk level 2 or risk level 3 project, the Contractor shall submit a REAP whenever the National Weather Service is predicting a storm event with at least 50 percent probability of precipitation within 72 hours.

The Contractor's WPC manager must submit the REAP at least 48 hours before a forecasted storm event.

The REAP must include:

a) Site location
b) Project risk level
c) Contact information including 24-hour emergency phone numbers for:
    1) WPC manager
    2) Erosion and sediment control providers or subcontractors
    3) Stormwater sampling providers or subcontractors
d) Storm information
e) Description of:
    1) Construction phase, including active and inactive areas
    2) Active work areas and activities
    3) Subcontractors and trades on the job site
    4) Pre storm activities including:
        (a) Responsibilities of the WPC manager
        (b) Responsibilities of the crew and crew size
        (c) Stabilization for active and inactive disturbed soil areas
        (d) Stockpile management
        (e) Corrective actions taken for deficiencies identified during pre-storm visual inspections
    (5) Activities to be performed during storm events, including:
        (a) Responsibilities of the WPC manager
        (b) Responsibilities of the crew and crew size
        (c) BMPs for maintenance and repair
f) Flood contingency measures

Storm Water Annual Report

The Contractor shall submit the storm water annual report before July 15th if construction occurs from July 1st through June 30th or within 15 days after Contract acceptance if construction ends before June 30th. Submit two (2) copies of the report. Allow 10 days for the Engineer's review. The Engineer provides comments and specifies the date when the review stopped if revisions are required.

The Contractor shall obtain authorization for the format of the storm water annual report. The report must include:

a) Project information such as description and work locations
b) Stormwater monitoring information, including:
    1) Summary and evaluation of sampling and analysis results and laboratory reports
    2) Analytical methods, reporting units, and detections limits for analytical parameters
    3) Summary of corrective actions taken
    4) Identification of corrective actions taken and compliance activities not implemented
    5) Summary of violations
    6) Names of individuals performing stormwater inspections and sampling
    7) Logistical information for inspections and sampling, including location, date, time, and precipitation
    8) Visual observations and sample collection records
c) Documentation of training for individuals responsible for:
    1) Permit compliance
    2) BMP installation, inspection, maintenance, and repair
    3) Preparing, revising, and amending the SWPPP

The Contractor shall submit a revised report within five (5) Working Days of receiving the Engineer's comments. The Engineer's review resumes when a complete report has been resubmitted.

When the storm water annual report is authorized, the Contractor shall submit one (1) electronic copy and two (2) printed copies of the report signed by the WPC manager.

Quality Control and Assurance

General

The Contractor shall assign trained personnel to collect water quality samples. Document the personnel and training in the SAP.

Samples taken by assigned field personnel must comply with the equipment manufacturer's instructions for collection, analytical methods, and equipment calibration.

Samples taken for laboratory analysis must comply with water quality sampling procedures and be analyzed by a State-certified laboratory under 40 CFR part 136, *Guidelines Establishing Test Procedures for the Analysis of Pollutants*.

Whenever downstream samples show increased levels of pollutants, the Contractor shall assess water pollution control practices, site conditions, and surrounding influences to determine the probable cause for the increase.

For a risk level 2 or risk level 3 project, the Contractor shall obtain samples of pH and turbidity as shown in the following table:

Parameter	Test method	Detection limit (min)	Unit
Turbidity	Field test with calibrated portable instrument	1	NTU
pH	Field test with calibrated portable instrument	0.2	pH units

For a risk level 3 project, the Contractor shall obtain samples and analyze the suspended sediment concentration whenever the turbidity NEL is exceeded as shown in the following table:

Parameter	Test method	Detection limit (min)	Unit
Suspended sediment concentration	ASTM D 3977	5	Mg/L

For a risk level 3 project, the Contractor shall obtain samples of pH and turbidity from representative and accessible locations upstream of the discharge point and downstream of the discharge point.

For multiple discharge points, the Contractor shall obtain samples from a single upstream and a single downstream location.

Numeric Action Levels

For a risk level 2 or risk level 3 project, NALs must comply with the values shown in the following table:

Numeric Action Levels

Parameter	Test method	Detection limit (min)	Unit	Value
pH	Field test with calibrated portable instrument	0.2	pH	Lower NAL = 6.5 Upper NAL = 8.5
Turbidity	Field test with calibrated portable instrument	1	NTU	250 NTU max

Numeric Effluent Limits

For a risk level 3 project, NELs must comply with the values shown in the following table:

Numeric Effluent Limits

Parameter	Test method	Detection limit (min)	Unit	Value
pH	Field test with calibrated portable instrument	0.2	pH	Lower NEL = 6.0 Upper NEL = 9.0
Turbidity	Field test with	1	NTU	500 NTU max

	calibrated portable instrument			

The storm event daily average for storms up to the 5-year, 24-hour storm must not exceed the NEL for turbidity.

The daily average sampling results must not exceed the NEL for pH.

7-8.6.3.2 Construction.

General

The Contractor shall:

a) Obtain, install, and maintain a rain gauge at the job site. Observe and record daily precipitation.

b) Complete REAP activities, including crew mobilization, within 24 hours before precipitation occurs.

c) Continue SWPPP implementation during any suspension of work activities.

Rain Event Action Plan

The Contractor shall have the REAP at the job site at least 24 hours before a forecasted storm event. The WPC manager must submit the REAP on the following forms:

a) *Rain Event Action Plan Highway Construction Phase*

b) *Rain Event Action Plan Plant Establishment Phase*

c) *Rain Event Action Plan For Inactive Project*

The Contractor shall:

Retain a printed copy of each REAP at the job site as part of the SWPPP.

Implement the REAP, including mobilizing crews to complete activities, within 24 hours before precipitation occurs.

Sampling and Analysis Day

For a risk level 2 or risk level 3 project, the Contractor shall collect samples:

a) During a storm event for:

    1) Each nonvisible pollutant source and a corresponding uncontaminated control sample

    2) All locations identified on the *Storm Event Sampling and Analyses Plan* form

a) During a qualifying rain event for:

    1) Each nonvisible pollutant source and a corresponding uncontaminated control sample

    2) Turbidity, pH, and other constituents as required

    3) At least 3 samples for each day of a qualifying rain event

4) All locations identified on the *Qualifying Rain Event Sampling and Analyses Plan* form

The Contractor shall perform sample collection during:

a) Normal working hours

b) Each qualifying rain event

c) First 2 hours of each storm event

The Contractor shall collect receiving-water samples for a risk level 3 project and whenever a direct discharge to receiving waters occurs and NELs are violated.

The Contractor shall not physically collect samples during dangerous weather conditions, such as flooding or electrical storms.

Whenever downstream samples show increased levels of turbidity, pH, and other constituents, the Contractor shall assess water pollution control practices, site conditions, and surrounding influences to determine the probable cause for the increase.

The Contractor shall document sample collection during precipitation.

The Contractor shall retain documentation of water quality sampling and analysis results with the SWPPP at the job site. The Contractor shall upload all required reports and documentation to the State Regional Water Quality Control Board SMARTS system for City review and certification.

Storm Water Annual Report

The Contractor shall document and summarize monitoring, sampling and analysis results, laboratory reports, and training.

7-8.6.3.3 Payment. Payment for **STORM WATER POLLUTION PREVENTION PLAN (SWPPP)** shall be per the Lump Sum (LS) price bid and shall include full compensation for furnishing all labor, materials, tools, equipment to perform all the work involved in 7-8., including preparing and modifying a SWPPP, permitting fees, Agency filing and processing, furnishing, installing, maintaining and removing BMPs, monitoring and reporting, uploading and filing required documentation to the State and all incidentals for doing all the work involved as described herein or as otherwise required by the permit process, and shall be included in the contract lump sum price in the bid. No additional compensation shall be allowed therefor.

Payment will be issued by the Agency as follows:

a) 25% - upon SWPPP approval

b) 25% - upon installation of project BMPs

c) 50% - to be paid monthly as a percentage of the total working days expended for monitoring, maintenance, testing, reporting and all other requirements as outlined in these Special Provisions

7-8.6.4 Dewatering. *MODIFY to ADD the following:*

Submittals

Before the Contractor starts dewatering, he shall submit a dewatering and discharge work plan. The dewatering and discharge work plan must include:

a) Title sheet and table of contents

b) Description of dewatering and discharge activities detailing locations, quantity of water, equipment, and discharge point

c) Estimated schedule for dewatering and discharge start and end dates of intermittent and continuous activities

d) Discharge alternatives, such as dust control or percolation

e) Visual monitoring procedures with inspection log

f) Copy of written approval to discharge into a sanitary sewer system at least 5 business days before starting discharge activities

The Contractor shall submit the following informational submittals:

a) MSDS at least 5 business days before material is used or stored

b) Monthly inventory records for material used or stored

The Contractor shall submit written approval from the local health agency, city, county, and sewer district before discharging from a sanitary or septic system directly into a sanitary sewer system.

7-8.6.5 Payment. *DELETE in its entirety and SUBSTITUTE with the following:*
Payment for implementation and maintenance of BMPs and dewatering shall be included in the Contract Unit Price paid for STORM WATER POLLUTION PREVENTION PLAN (SWPPP).

ADD:

7-8.7 Drainage Control. The Contractor shall maintain drainage within and through the work areas. Earth dams will not be permitted in paved areas. Temporary dams of sandbags, asphaltic concrete, or other acceptable material will be permitted when necessary. Such dams shall be removed from the site as soon as their use is no longer necessary.

The Contractor shall ensure that storm and drainage water does not pond due to the temporary blockage of existing drainage facilities. To this end, the Contractor shall provide temporary works that allow for the passage of storm and drainage water in a manner equivalent to the existing drainage system.

No separate payment will be made for any work performed or material used in drainage control. Full compensation for such controls shall be considered as included in the price paid for the various items of work involved and no additional compensation will be allowed therefor.

ADD:

7-8.8 Graffiti Control. Throughout all phases of Work, including suspension of Work, and until final acceptance, the Contractor shall keep Work, all equipment, field offices,

storage facilities, fences, signs, and other facilities free of graffiti. Within twenty-four (24) hours after notification by the Agency Representative, graffiti shall be water blasted and cleaned to original surface or repainted if previously painted.

No separate payment will be made for any work performed or material used in graffiti control. Full compensation for such cleaning shall be considered as included in the price paid for the various items of work involved and no additional compensation will be allowed therefor.

7-9 PROTECTION AND RESTORATION OF EXISTING IMPROVEMENTS. *ADD the following before the 1st paragraph:*
Material shown on the Plans or designated in the Special Provisions which is to be salvaged or used in the reconstructed work and which has been damaged or destroyed as a result of the Contractor's operations, shall be repaired or replaced by the Contractor at his expense.

ADD:

7-9.1 Preservation of Property. The Contractor shall exercise due care to avoid injury to existing improvements or facilities, utility facilities, adjacent property, and trees and shrubbery that are not to be removed.

All damage done to existing improvements by the Contractor shall be repaired by him to the satisfaction of the Engineer. Where sidewalks, curbs or gutters are to be repaired, the repairs shall be made by removing and replacing the damaged section back to the nearest scoring lines.

All trees and shrubbery that are not to be removed, and pole lines, fences, signs, survey markers and monuments, buildings and structures, conduits, pipelines under or above ground, sewer and waterlines, all highway or street facilities, and any other improvements of facilities within or adjacent to the work shall be protected from injury or damage, and the Contractor shall provide and install suitable safeguards to protect such objects from injury or damage. If such objects are injured or damaged by reason of the Contractor's operation, they shall be replaced or restored at the Contractor's expense to a condition as good as when the Contractor entered upon the work or as good as required by the Plans and Specifications if any such objects are a part of the work being performed.

The fact that any such pipe or other underground facility is not shown on the Plans shall not relieve the Contractor of his responsibility under this article. It shall be the Contractor's responsibility to ascertain the existence of any underground improvement or facilities which may be subject to damage by reason of his operations.

In addition to any requirements imposed by law, the Contractor shall shore up, brace, underpin, and protect as may be necessary, all foundations and other parts of all existing structures adjacent to and adjoining the site of the work which are in any way affected by the excavations or other operations connected with the performance of the Work.

Whenever any notice is required to be given by the Agency or the Contractor to any adjacent or adjoining landowner or other party before commencement of any work, such notice shall be given by the Contractor.

ADD:

7-9.2 Video Recording and Photographing of Pre-existing Conditions. The Contractor shall video record and photograph pre-existing conditions of the project site prior to any construction activities such as, but not limited to:

a) Property markers
b) Right of way and easement conditions
c) Utility markings and USA markings
d) Existing property damages
e) Survey conditions
f) Pavement conditions, markings, and striping
g) Adjacent property conditions
h) Sidewalk, median, curb, and gutter conditions
i) Safety conditions
j) Unusual conditions or equipment
k) Existing landscape conditions (including vegetation and irrigation) along the project limit.

The Contractor shall submit recordings/photographs on CD, DVD or USB media to the Engineer no later than (five) 5 Working Days after Notice to Proceed.

Payment for video recording and photographing services shall be included in the various Bid Items and no additional compensation will be allowed therefor.

7-10.4.1.2 Work Site Safety Official. *MODIFY to ADD the following:*
Failure by the Contractor to provide the required Work Site Safety Official shall be grounds for the Agency to direct the cessation of all work activities and operations at no cost to the Agency until the Contractor is in compliance.

ADD:

7-10.4.1.3 Emergencies. Unusual conditions may arise on the Work which will require that immediate and unusual provisions be made to protect the public from danger or loss or damage to life and property, due directly or indirectly to the prosecution of the Work, and it is part of the service required of the Contractor to make such provisions and to furnish such protection.

The Contractor shall use such foresight and shall take such steps and precautions as his operations make necessary to protect from danger or damage, or loss of life or property, which would result from the interruption or contamination of public water supply, irrigation or other public service, or from failure or partly completed work.

Whenever, in the opinion of the Engineer, an emergency exists against which the Contractor has not taken sufficient precaution for the safety of the public or the protection of utilities or of adjacent structures or property which may be injured by process of construction on account of such neglect; and whenever in the opinion of the Engineer, immediate action shall be considered necessary in order to protect public or private, personal or property interest, or prevent likely loss of human life or damage on account of

the operations under the Contract, then and in that event the Agency may provide suitable protection to said interest by causing such work to be done and material to be furnished as, in the opinion of the Agency Representative may seem reasonable and necessary.

The cost and expense of said labor and material, together with the cost and expense of such repairs as may be deemed necessary, shall be borne by the Contractor, and if he shall not pay said cost and expense upon presentation of the bills therefor, duly certified by the Agency Representative, then said cost and expense will be paid by the Agency and shall thereafter be deducted from any amounts due, or which may become due to the Contractor. Failure of the Agency, however, to take such precautionary measure, shall not relieve the Contractor of his full responsibility for public safety.

The foregoing provisions are in addition to and not in limitation of any other rights or remedies available to the Agency.

7-10.4.2.1 General. *DELETE in its entirety 2nd paragraph and SUBSTITUTE with the following:*
The Contractor shall submit to the Engineer, as a condition of obtaining City issued permits and in advance of excavation, a permit from the Division of Occupational Safety and Health pursuant to Chapter 6 (commencing with Section 6500) of Part 1 of Division 5 of the Labor Code along with a detailed plan showing the design of shoring, bracing, sloping or other provisions to be made for worker protection from the hazard of caving ground during the excavation of any trench or trenches five (5) feet or more in depth. The plan shall be prepared by a registered civil or structural engineer. As a part of the plan, a notice shall be included stating that the registered civil or structural engineer certifies that the plan complies with the CAL/OSHA Construction Safety Orders. A copy of the plan and permit shall be submitted to the Engineer.

In accordance with generally accepted construction practices, the Contractor shall be solely and completely responsible for conditions on the job site, including safety of all persons and property during performance of the Work, and the Contractor shall fully comply with all local, county, state and federal laws, rules, regulations, and orders relating to safety of the public and workers.

The Contractor shall hold harmless, indemnify, and defend the Agency, the Engineer, the Agency Representative and each of their officers, employees, and agents from civil or criminal penalties resulting from a failure to comply with applicable safety laws, rules, regulations and orders. To the maximum extent permitted by law, all obligations of the Contractor stated in 7-3.2 shall apply in the event of any such failure to comply with applicable safety laws, rules, regulations or orders.

The duty, if any, of the Agency Representative to conduct construction review or inspection of the Contractor's performance is not intended to include review or inspection of the adequacy of the Contractor's safety measures in, on, or near the construction site.

7-10.5.3 Steel Plate Covers. *MODIFY to ADD the following:*
The Contractor shall protect transverse or longitudinal cuts, voids, trenches, holes, and excavations in the right-of-way that cannot be properly completed within one (1) Working Day by adequately designed barricades and structural steel plates (plates) that will support legal vehicle loads in such a way as to preserve unobstructed traffic flow.

The Contractor shall secure approval, in advance, from Engineer concerning the use of any bridging proposed on the Work.

The Contractor shall adequately shore trenches to support the bridging and traffic loads.

The Contractor shall design plates for HS 20-44 truck loading in accordance with Caltrans Bridge Design Specifications Manual.

For the minimum thickness of plates refer to Table 7-10.5.3(A):

Table 7-10.5.3(A) - Trench Width/Minimum Plate Thickness

Trench Width	Minimum Plate Thickness
10"	1/2"
1'-11"	3/4"
2'-7"	7/8"
3'-5"	1"
5'-3"	1 1/4"

For spans greater than 5’-3", submit a structural design prepared by a California Registered Civil Engineer to the Engineer.

The surface of the plates shall be skid-resistant with a nominal Coefficient Of Friction (COF) of 0.35 as determined by California Test Method 342.

The plates shall extend a minimum 12” beyond the edges of the trench.

Plates must provide complete coverage to prevent any person, bicycle, motorcycle or motor vehicle from being endangered due to plate movement causing separations or gaps.

Install and secure plates against movement or displacement by using adjustable cleats, shims, welding, or other devices in a manner that will minimize noise.

The Contractor shall Install plates as follows:

Mill the pavement to a depth equal to the thickness of the plate and to a width and length equal to the dimensions of the plate.

Alternative installation method may be submitted in accordance with 2-5.3, “Submittals” for the Engineer’s approval.

The Contractor is responsible for maintenance of the plates and shoring, or any other approved device used to secure the plates. The Contractor shall immediately mobilize necessary personnel and equipment after being notified by the Agency Representative, the Agency Code Enforcement or Police Department of a repair needed e.g., plate movement, noise, anchors, and asphalt ramps. Failure to respond to the emergency request within 2 hours will be grounds for Agency to perform necessary repairs that will be invoiced at actual cost including overhead or $500 per incident, whichever is greater.

When plates are removed, the Contractor shall repair any damage to the pavement with fine graded asphalt concrete mix or slurry seal satisfactory to the Engineer.

Payment for Steel Plate Covers is included in the various bid items of work.

7-11 PATENT FEES AND ROYALTIES. *DELETE in its entirety and SUBSTITUTE with the following:*
The Contractor shall assume all costs arising from the use of patented materials, equipment, devices, or processes used on or incorporated in the Work and shall hold harmless, indemnify, and defend the Agency, the Engineer, the Agency Representative and each of their officers, employees, and agents from all claims, suits or actions of every nature for or on account of the use of any patented materials, equipment devices, or processes. To the maximum extent permitted by law, all obligations of the Contractor stated in 7-3.2 shall apply in the case of any such claim, suit or action.

7-13 LAWS TO BE OBSERVED. *DELETE in its entirety and SUBSTITUTE with the following:*
The Contractor shall keep itself fully informed of all existing and future State and National laws and County and Municipal ordinances and regulations which in any manner affect those engaged or employed in the Work or the materials used in the Work or which in any way affect the conduct of the Work and of all such order and decrees of bodies or tribunals having any jurisdiction or authority in the Plans, Specifications, or Contract for the Work in relation to any such law, ordinance, regulation, order or decree, he shall forthwith report the same to the Agency Representative in writing.

The Contractor shall at all times observe and comply with and shall cause all its agents, employees, and subcontractors to observe and comply with all such existing and future laws, ordinances, regulations, orders, and decrees even though such requirements may not be specifically mentioned in the specifications or shown on the Plans, and shall hold harmless, indemnify, and defend the Agency, the Engineer, the Agency Representative and each of their officers, employees, and agents against any claim or liability arising from or based on the violation of any such law, ordinance, regulation, order, or decree, whether by itself, its employees, its agents, or its subcontractors. To the maximum extent permitted by law, all obligations of the Contractor stated in 7-3.2 shall apply in the case of any such claim or liability.

As a material part of this Contract, Contractor's and subcontractors' owners and employees agree to be bound by and adhere to the Federal Department of Transportation (DOT) regulations found in Title 49 CFR 382. All Contractor's and subcontractors' owners and employees who are required to hold commercial licenses and/or who are in safety sensitive positions shall be subject to the provisions of the DOT regulations.

ADD:

7-14.1 Property Rights in Materials. Nothing in the Contract shall be construed as vesting in the Contractor any right of property in the materials used after they have been attached or affixed to the Work or the soil, or after payment has been made for materials delivered to the site of the Work, or stored subject to or under the control of the Agency.

ADD:

7-14.2 Warranty of Title. No materials, supplies or equipment for the Work under this Contract shall be purchased subject to any chattel mortgage or under a conditional sale contract or other agreement by which an interest therein or any part thereof is retained by the seller or supplier. The Contractor warrants clear and good title to all materials,

supplies, and equipment installed and incorporated in the Work and agrees upon completion of all Work to deliver the premises together with all improvements and appurtenances constructed or placed thereon by him to the Agency free from any claims, liens, encumbrances, or charges and further agrees that neither he nor any persons, firm, or corporation furnishing any material or labor for any work covered by the Contract shall have any right to a lien upon the premises or any improvement or appurtenance thereon, provided that this shall not preclude the Contractor from installing metering devices or other equipment of utility companies or of municipalities, the title of which is commonly retained by the utility company or the municipality. Nothing contained in this article, however, shall defeat or impair the right of such persons furnishing materials or labor under any bond given by the Contractor for their protection, or any right under any law permitting such persons to look to funds due the Contractor in the hands of the Agency.

The provisions of this subsection shall be physically inserted in all subcontracts and material contracts and notices of its provision shall be given to all persons furnishing materials for the work when no formal contract is entered into for such materials.

ADD:

7-15 CONTRACTOR'S RESPONSIBILITY FOR THE WORK. Until Acceptance of the Work, the Contractor shall have the responsibility, charge and care of the Work and of the materials to be used therein (including materials for which it has received partial payment or materials which have been furnished by the Agency) and shall bear the risk of injury, loss or damage to any part thereof by the action of the elements or from any other cause, whether arising from the execution or from the non-execution of the Work.

The Contractor shall rebuild, repair, restore, and make good all injuries, losses, or damages to any portion of the work or the material occasioned by any cause before its completion and acceptance and shall bear the expense thereof. Where necessary to protect the work or materials from damage, the Contractor shall at his expense provide suitable drainage and erect such temporary structures as are necessary to protect the work or materials from damage. The suspension of the work from any cause whatever shall not relieve the Contractor of his responsibility for the work and materials as herein specified. If ordered by the Agency Representative, the Contractor shall at his expense properly store materials which have been partially paid for by the Agency or which have been furnished by the Agency. Such storage by the Contractor shall be on behalf of the Agency, the Agency shall at all times be entitled to the possession of such materials, and the Contractor shall promptly return the same to the site of the work when requested. The Contractor shall not dispose of any of the materials so stored, except on written authorization from the Agency.

In an emergency affecting the safety of life or property, including adjoining property, the Contractor, without special instructions or authorizations, is authorized to act at his discretion to prevent such threatened loss or injury, and he shall so act as though instructed to do so by the Agency.

ADD:

7-16 PROJECT RECORD DOCUMENTS.

7-16.1 Maintenance of Documents and Samples. The Contractor shall maintain one record copy of:

a) Contract Drawings
b) Specifications
c) Addenda
d) Change Orders and Other Modifications to the Contract
e) Reviewed Shop Drawings, Product Data, and Samples
f) Field Test Records
g) Construction Schedules
h) Manufacturer's Certificates

The Contractor shall maintain documents in clean, dry, legible condition and not used for construction purposes.

The Contractor shall keep Record Documents and samples accessible for inspection by Agency Representative. Applications for partial payment will not be approved if the Record Documents are not kept current. The Agency Representative must so verify prior to submittal of each Application for Payment.

ADD:

7-16.2 Recording. The Contractor shall record changes to the plans and discoveries of buried objects at the Work on Record Documents with red ball-point pen, label each Document “PROJECT RECORD” in large printed letters, record information concurrently with construction progress, not conceal any work until required information is recorded and legibly mark each item on Contract Drawings and Shop Drawings to record actual construction, including:

a) Measured depths of elements in relation to fixed datum point
b) Measured horizontal and vertical locations of underground utilities and appurtenances, referenced to permanent surface improvements
c) Measured locations of internal utilities and appurtenances concealed in construction, referenced to visible and accessible features of construction
d) Field changes of dimension and detail
e) Changes made by Contract modifications
f) Details not on original Contract Drawings
g) Previously unknown buried objects

The Contractor shall legibly mark each item to record actual construction, including:

a) Manufacturer, Trade Name, and Catalog Number of each product actually installed, particularly optional items and substitute items
b) Changes made by Addenda or modifications

The Contractor shall maintain other documents per requirements of individual specifications sections.

7-16.3 Submittals. At Contract closeout the Contractor shall deliver Record Documents and samples as specified in 7-16.1. Request for final payment will not be approved until all Record Documents have been delivered.

The submittals shall be transmitted with cover letter with signature of Contractor or authorized representative, listing date, project title and number and number and title of each Record document.

SECTION 8 - FACILITIES FOR AGENCY PERSONNEL

DELETE in its entirety, not part of this project.

SECTION 9 - MEASUREMENT AND PAYMENT

REVISE as follows:

9-2 LUMP SUM WORK. *DELETE 2nd paragraph in its entirety.*

ADD:

9-2.1 Detailed Schedule. The Contractor shall furnish the Agency a cost break-down for all contract lump sum items. Cost break-down tables shall be submitted to the Agency Representative for acceptance within fifteen (15) days after award of Contract. Cost break-down tables will be approved, in writing, by the Agency Representative before any partial payment will be made for the applicable items involved.

The Contractor shall determine the quantities required to complete the Work shown on the Plans. The quantities and their values shall be included in the cost break-downs submitted to the Agency Representative for approval. The Contractor shall be responsible for the accuracy of the quantities and values used in the cost break-downs submitted for approval.

The sum of the amounts for the line items of work listed in each cost break-down table for each lump sum item shall be equal to the contract lump sum price bid. Overhead and profit shall be included in each individual line item of work listed in a cost break-down table.

No adjustment in compensation will be made in the contract lump sum prices due to differences between the quantities shown in the cost break-downs furnished by the Contractor and the quantities required to complete the Work as shown on the plans and as specified in the Special Provisions.

Individual line item values in the approved cost break-down tables will be used to determine partial payments during the progress of the Work and as the basis for calculating an adjustment in compensation for the contract lump sum items due to changes in line items of work ordered by the Engineer. When the total of ordered changes to line items of work increases or decreases the lump sum price bid by more than twenty-five percent , the adjustment in compensation for the applicable lump sum item will be determined in the same manner specified for increases and decreases in the total pay quantity of an item of work in Section 3 of the Standard Specifications and the Special Provisions.

9-3 PAYMENT.

9-3.1 General. *ADD the following at the end of the 2nd paragraph:*
The cost of items of work not listed in the “Schedule of Work and Prices” in the Bidders Proposal shall be considered to be included in the cost of the other work that is listed and no additional compensation will be allowed therefor.

When an item of work is designated as (F) or (S-F) in the “Schedule of Work and Prices”, the estimated quantity for that item of work shall be the final pay quantity, unless the dimensions of any portion of that item are revised by the Engineer, or the item or any portion of the item is eliminated. If the dimensions of any portion of the item are revised, and the revisions result in an increase or decrease in the estimated quantity

of that item of work, the final pay quantity for the item will be revised in the amount represented by the changes in the dimensions. If a final pay item is eliminated, the estimated quantity for the item will be eliminated. If a portion of a final pay item is eliminated, the final pay quantity will be revised in the amount represented by the eliminated portion of the item of work.

The estimated quantity for each item of work designated as (F) or (S-F) in the “Schedule of Work and Prices” shall be considered as approximate only, and no guarantee is made that the quantity which can be determined by computations, based on the details and dimensions shown on the Plans, will equal the estimated quantity. No allowance will be made in the event that the quantity based on computations does not equal the estimated quantity.

In case of discrepancy between the quantity shown in the “Schedule of Work and Prices” for a final pay item and the quantity or summation of quantities for the same item shown on the Plans, payment will be based on the quantity shown in the “Schedule of Work and Prices.”

ADD:

9-3.1.1 Application for Payment. The Contractor shall use the City of Irvine Certified Invoice for Progress Payment Form; furnished to the Contractor.

The Contractor shall type the required information, follow the schedule of work and bid prices in accepted Bidder's proposal for unit price contract, execute certification by signature of an authorized officer, use data on accepted Schedule of Values for lump sum work, provide dollar value in each column for each line item for portion of work performed, list each authorized Change Order number and dollar amount and adjusted Contract Price, and obtain the Agency Representative concurrence on invoiced amounts prior to submittal for payment.

The Contractor shall follow the following submittal procedures: Submit original and one (1) copy of each Application for Payment at times stipulated in 9-3.2; submit under transmittal letter; include submittal date, project title and number and submit updated Progress Schedule with Application for verification of progress. Incomplete application for payment will be rejected.

When Agency Representative requires substantiating information, the Contractor shall submit data justifying line item amounts in question.

The Contractor shall provide one copy of data with cover letter for each copy of submittal, show application number and date, and line item by number and description.

9-3.2 Partial and Final Payment. *DELETE in their entirety 1st and 2nd paragraphs and SUBSTITUTE with the following:*
Payment for services will be made monthly on approved invoices, with payment terms of net thirty (30) days upon receipt of invoice. The Contractor shall submit invoices within fifteen (15) days from the end of each month on the form (Certified Invoice For Progress Payment) provided by the Agency. This estimate shall include the value of the total amount of the work completed by the Contractor during the calendar month previous to that in which the estimate is made.

When the Work has been completed to the satisfaction of the Engineer, the Contractor shall make a final estimate of the total amount of work done thereunder and the amount to be paid therefor under the terms of the Contract and shall certify to the Agency the amount of the final estimate. If the Agency finds the Work has been completed according to the Contract, the Agency will accept the work, will file a notice of completion, and will pay the entire sum so found to be due after deducting therefrom all previous payments and all amounts to be retained under the provisions of the Contract and upon receiving signed unconditional releases upon final payment from all subcontractors and material suppliers. All prior progress estimates and payments shall be subject to correction in the final estimate and payment. The project retention release will not be due and payable until the expiration of the 60 days from the date of filing a notice of completion of the Work by the Agency.

Interest penalties are not required on payment delays due to disagreement between the Agency and Contractor over the payment amount or other issues involving contract compliance.

It is mutually agreed between the parties to the Contract that no certificate given or payment made under the Contract shall be conclusive evidence of performance of the Contract and no payment shall be construed to be an acceptance of any defective work or improper materials.

The Contractor further agrees that the payment and acceptance of the final amount due under the Contract shall release the Agency, the Agency Representative, the Engineer, and their consultants from any and all claims or liability arising out of the Contract.

ADD:

9-3.2.1 Agency's Right to Withhold Certain Amounts and Make Application Thereof. In addition to the amount which the Agency may retain under the above article on progress payments, the Agency may withhold a sufficient amount or amounts from any payment otherwise due to the Contractor as in the Agency's judgment may be necessary to cover:

a) Payments which may be past due and payable for just claims against the Contractor or any subcontractors for labor or materials furnished in or about the performance of the Work on the project under this Contract.

b) Estimated or actual costs for correcting defective work not remedied.

c) Amounts claimed by the Agency as forfeiture due to delay or other offsets.

d) Any other amounts the Agency is authorized to withhold under the Contract Documents or under applicable law.

The Agency may apply such withheld amount or amounts to the payment of such claims in its discretion. In so doing, the Agency shall be deemed the agent of the Contractor and any payments so made by the Agency shall be considered as a payment made under the Contract by the Agency to the Contractor, and the Agency shall not be liable to the

Contractor for such payment made in good faith. Such payments may be made without prior judicial determination of the claim or claims. The Agency will render to the Contractor a prior account of such funds disbursed in behalf of the Contractor.

ADD:

9-3.2.2 Substitution of Securities. Upon the Contractor's request, the Agency will make payment of funds withheld from progress payments pursuant to the requirements of Public Contract Code Section 22300 if the Contractor deposits in escrow with a bank acceptable to the Agency, securities eligible for the investment of State funds under Government Code Section 16430 or bank or savings and loan certificates of deposit, upon the following conditions:

a) The Contractor shall bear the expense of the Agency and the Escrow Agent in connection with the escrow deposit made.

b) Securities or certificates of deposit to be placed in escrow shall be of a value at least equivalent to the amounts of retention to be paid to the Contractor pursuant to this section.

c) The Contractor shall enter into an escrow agreement satisfactory to the Agency, such agreement shall include provisions governing inter alia;

    1) The amount of securities to be deposited,

    2) The providing of powers of attorney or other documents necessary for the transfer of the securities to be deposited,

    3) Conversion to cash to provide funds to meet defaults by the Contractor including, but not limited to, termination of the Contractor's control over the Work, stop notices filed pursuant to law, assessment of liquidated damages or other amounts to be kept or retained under the provisions of the Contract,

    4) Decrease in value of securities on deposit, and

    5) The termination of the escrow upon completion of the Contract.

d) The Contractor shall obtain the written consent of the surety of such agreement.

9-3.4 Mobilization *DELETE in its entirety and SUBSTITUTE with the following:*

9-3.4.1 General. Mobilization shall consist of preparatory work and operations including, but not limited to, those necessary for the movement of personnel, equipment, materials and incidentals to the project site necessary for work on the project and for all other work and operations which must be performed or costs incurred including bonds, insurance, and financing prior to beginning work on the various contract items on the project site.

Mobilization shall also include the cost, time and labor to move the necessary construction equipment to and from the job site, supervisory time on the job by the Contractor's personnel to keep the construction site in a safe condition and all other related work as required for all non-working days during the course of construction. Contractor is responsible for securing an adequate storage site for equipment and materials.

The Contractor shall have on the work site at all times, as its agent, a competent English speaking superintendent capable of reading and thoroughly understanding the plans, specifications, other related documents, and directions from Agency's Representative.

9-3.4.2 Measurement and Payment. Mobilization is eligible for partial payment if the Contract includes a bid item for mobilization. Payment for **MOBILIZATION** shall be per the **Lump-Sum (LS)** price bid and shall include obtaining and paying for all permits and business licenses as required from the City of Irvine, State of California and other agencies. The City of Irvine will waive its permit fee. The Contractor shall comply with the requirements specified by each license or permit. No payment for Mobilization will be made until the Contractor's Construction Schedule has been submitted, reviewed and accepted and is current. Progress payments for this item shall be paid in accordance with the percentage completion of the project, and shall include the costs of such mobilization and administration for the entire contract period including construction schedule as specified in these specifications. Payments shall be made upon the basis of the following:

a) When the monthly partial payment estimate of the amount earned, not including the amount earned for mobilization, is 5 percent or more of the original contract amount, 50 percent of the contract item price for mobilization or 5 percent of the original contract amount, whichever is the lesser, will be included in the estimate for payment.

b) When the monthly partial payment estimate of the amount earned, not including the amount earned for mobilization, is 10 percent or more of the original contract amount, the total amount earned for mobilization shall be 75 percent of the contract item price for mobilization or 7.5 percent of the original contract amount, whichever is the lesser, and that amount will be included in the estimate for payment.

c) When the monthly partial payment estimate of the amount earned, not including the amount earned for mobilization, is 20 percent or more of the original contract amount, the total amount earned for mobilization shall be 95 percent of the contract item price for mobilization or 9.5 percent of the original contract amount, whichever is the lesser, and that amount will be included in the estimate for payment.

d) When the monthly partial payment estimate of the amount earned, not including the amount earned for mobilization, is 50 percent or more of the original contract amount, the total amount earned for mobilization shall be 100 percent of the contract item price for mobilization or 10 percent of the original contract amount, whichever is the lesser, and that amount will be included in the estimate for payment.

e) Upon completion of all work on the project, payment of any amount bid for mobilization in excess of 10 percent of the original contract amount shall be paid.

ADD:

9-4 RESOLUTION OF CONSTRUCTION CLAIMS. Any claims submitted by the Contractor against the Agency for Work covered by this Contract in the amount of $375,000 or less shall be subject to the procedures specified in Public Contract Code § 20104, *et seq*.

ADD:

9-5 PROMPT PAYMENT. In addition to requirements specified elsewhere, the following shall also apply: Subsection (f) of Section 20104.50 of the Public Contract Code, Article 1.7 of Part 3 of Division 2.

ARTICLE 1.7

§ 20104.50 Timely progress payments; legislative intent; interest; payment requests:

a) It is the intent of the Legislature in enacting this section to require all local governments to pay their Contractors on time so that these Contractors can meet their obligations. In requiring prompt payment by all local governments, the Legislature hereby finds and declares that the prompt payment of outstanding receipts is not merely a municipal affair, but is instead a matter of statewide concern.

b) It is the intent of the Legislature in enacting this article to fully occupy the field of public policy relating to the prompt payment of local governments' outstanding receipts. The Legislature finds and declares that all government officials, including those in local government, must set a standard of prompt payment that any business in the private sector which may contract for services should look towards for guidance.

c) Any local agency which fails to make any progress payment within 30 days after receipt of an undisputed and properly submitted payment request from a contractor on a construction contract shall pay interest to the contractor equivalent to the legal rate set forth in subdivision (a) of Section 685.010 of the Code of Civil Procedure.

d) Upon receipt of a payment request, each local agency shall act in accordance with both of the following:

    1) Each payment request shall be reviewed by the local agency as soon as practicable after receipt for the purpose of determining that the payment request is a proper payment request.

    2) Any payment request determined not to be a proper payment request suitable for payment shall be returned to the Contractor as soon as practicable, but not later than seven days, after receipt. A request returned pursuant to this paragraph shall be accompanied by a document setting forth in writing the reasons why the payment request in not proper.

e) The number of days available to a local agency to make a payment without incurring interest pursuant to this section shall be reduced by the number of days by which a local agency exceeds the seven-day return requirement set forth in paragraph (2) of subsection (c).

f) For purposes of this article:

    1) A "local agency" includes, but is not limited to, a city, including a charter city, a county, and a city and county, and is any public entity subject to this part.

    2) A "progress payment" includes all payments due Contractors, except that portion of the final payment designated by the Contract as retention earnings.

    3) A payment request shall be considered properly executed if funds are available for payment for the payment request, and payment is not delayed due to an audit inquiry by the financial officer of the local agency.

g) Each local agency shall require that this article, or a summary thereof, be set forth in the terms of any contract subject to this article.

PART 2 - CONSTRUCTION MATERIALS

SECTION 200 – ROCK MATERIALS

200-1 ROCK PRODUCTS

200-1.4 Coarse Aggregate for Portland Cement Concrete. *ADD the following:*

The Cleanness Value requirement of Section 200-1.4 shall be replaced with the following:

Tests	Test Method No.	Requirements
Sand Equivalent	California 227	
Individual Test		70 Min*
Moving Average		75 Min*

200-1.5 Sand.

200-1.5.3 Sand for Portland Cement Concrete. *DELETE the sand equivalent requirement and replace with the following:*

Tests	Test Method No.	Requirements
Sand Equivalent	California 217	
Individual Test		70 Min*
Moving Average		75 Min*

* For 2500 or less class concrete, except concrete pavement, a minimum 65 Individual Test Result and a minimum 70 Moving Average will be acceptable if 17 mpa (2500 psi) 28-day strength criteria of Section 201-1.1.4 are met, at 150 mm (6”) slump or greater. The EMA Materials Laboratory will make the testing and acceptance determination.

Evaluation of Sand Equivalent and Cleanness Value shall conform to the provisions of Subsection 400-1.4.

200-2 UNTREATED BASE MATERIAL.

200-2.1 General. *ADD the following:*

Untreated base shall be Crushed Aggregate Base conforming to the requirements of Subsection 200-2.2 or shall be Class 2 Aggregate Base complying with the Caltrans Standard Specifications, Section 26-1.02B.

200-2.2 Crushed Aggregate Base. *DELETE footnote number 1 of Table 200-2.2.3 and replace with the following:*

The minimum R-value requirement will not be waived.

SECTION 201 – CONCRETE, MORTAR, AND RELATED MATERIALS

REVISE as follows:

201-1 PORTLAND CEMENT CONCRETE.

201-1.1 Requirements.

201-1.1.1 General. *ADD the following:*

Prior to the start of construction, the Contractor shall furnish to the Engineer laboratory data for the particular mix design he will use. The data will include the following:

A. A detailed concrete mix design including the type and amount of cement used; complete gradation and source of the aggregate used; the amount of water used and any proposed admixtures.

B. Flexural strength test data for the same batch of concrete used in "A" above showing the compressive strength of the concrete at 3, 7, and 28 days.

DELETE the third paragraph and replace with the following:

No admixtures will be allowed unless approved in advance by the Engineer.

DELETE the fourth paragraph and replace with the following:

No rapid-hardening cement or reclaimed concrete material may be used.

201-1.1.2 Concrete Specified by Class and Alternate Class. *ADD the following to Table 201-1.1.2:*

Headwall, Concrete Class 560-C-3250

ADD the following:

The following concrete mix designs shall be used for the various corresponding flatwork:

Curb and Gutter and Sidewalk 520-C-3250

Concrete for Utility Adjustments 660-C-3750

201-1.2 Materials.

201-1.2.1 Portland Cement. *ADD the following:*

All cement to be used or furnished on this Project shall be Type V Portland Cement conforming to ASTM C150.

201-1.2.4 Chemical Admixtures. *DELETE Subsection in its entirety and replace with the following:*

No admixtures will be allowed unless approved in advance by the Engineer.

201-2.6 Reclaimed Concrete Material. *DELETE Subsection in its entirety and replace with the following:*

No reclaimed concrete material will be allowed.

201-1.4 Mixing.

201-1.4.1 General. *ADD the following to the end of the section:*

Mixed concrete delivered to the site shall be by Transit Mixer as called for in Section 201-1.4.3 “Transit Mixer” of the Standard Specifications.

201-2 REINFORCEMENT FOR CONCRETE.

201-2.2.1 Reinforcing Steel. *REVISE first paragraph of this SECTION as follows:*

All reinforcing steel for reinforced concrete construction shall be Grade 60 billet steel conforming to ASTM A-615.

SECTION 202 – MASONRY MATERIALS

Masonry materials for retaining walls shall conform to the applicable portions of Section 58-2 of the Caltrans Standard Specifications, 2015 Edition.

SECTION 203 – BITUMINOUS MATERIALS

203-5 SLURRY SEAL.

203-5.1 General. *REPLACE the first sentence with the following:*

Slurry seal shall be quick-set Type II emulsion aggregate slurry (EAS) with the addition of 2.5% latex.

203-6 ASPHALT CONCRETE.

203-6.1 General. *ADD the following:*

Asphalt Concrete base course and leveling course shall be ¾” maximum aggregate Type III-B2-PG 64-10 per Section 203-6.5 of the Standard Specifications

Asphalt Concrete surface course shall be ½” maximum aggregate Type III-C2-PG 64-10 per Section 203-6.5 of the Standard Specifications

SECTION 207 – GRAVITY PIPE

207-2 REINFORCED CONCRETE PIPE (RCP).

207-2.1 General. *ADD the following:*

The Contractor shall furnish a detailed "pipe layout diagram" to the City prior to the pre-construction meeting. Said diagram shall list all main line and lateral pipe, D-load classification, stations of junctions / BC's / EC's / angle points, sections of pipe, length of sections, type of section (straight, horizontal curve bevel, vertical curve bevel, etc.) and other relevant information required to properly plan and construct the proposed storm drain RCP improvements.

207-2.5 Joints. *DELETE the first 2 paragraphs and REPLACE with the following:*

All RCP joints shall be rubber-gasketed (water-tight) type. The Contractor shall submit a joint detail to the Engineer, for review and approval, prior to manufacturing the RCP.

207-2.8 Cause for Rejection. *ADD the following before the last paragraph:*

Various lots of pipe may be inspected and tested at the manufacturing plant by the Public Works Department or by an approved testing laboratory.

All pipe delivered to a City of Irvine project shall have a manufacturer's certificate of compliance furnished at the time of delivery.

Any pipe delivered to the job site without prior inspection shall be inspected upon delivery and subjected to acceptance or rejection as a result of that inspection.

Any damage to the pipe from shipping or handling, such as any broken ends with exposed steel, cracks or breakage due to mishandling, may be cause for rejection of the pipe even after delivery to the job site.

SECTION 210 – PAINT AND PROTECTIVE COATINGS

ADD the following:

Materials shall conform to the provisions of Section 84, "Markings", of the California Department of Transportation Standard Specifications (2015) and these Special Provisions.

SECTION 214 – TRAFFIC STRIPING, CURB AND PAVEMENT MARKINGS AND PAVEMENT MARKERS

ADD the following:

Materials shall conform to the provisions of Section 82, "Signs and Markers", and Section 84, "Markings "of the Caltrans Standard Specifications, 2015 edition, and these Special Provisions.

ADD the following:

Signing and Striping General Notes

1. SIGNING AND STRIPING SHALL CONFORM TO PART 2 SIGNS & PART 3 MARKINGS OF THE CALIFORNIA MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES (CA MUTCD) 2014 EDITION, AND ANY ADDENDUMS THERE TO OR LATEST EDITION, THESE PLANS AND SPECIAL PROVISIONS.

2. DETAIL 9 LANE LINE STRIPING PATTERN IN PART 3 MARKINGS SHALL BE USED ON ALL MULTILANE STREETS REGARDLESS OF STREET DESIGN SPEED

3. PAVEMENT LEGENDS SHALL MATCH THE CITY STENCILS (HAWKINS STENCILS OR EQUIVALENT).

4. ALL STRIPING AND PAVEMENT MARKINGS SHALL BE REFLECTORIZED AND APPLIED IN TWO COATS. A MINIMUM OF SEVEN DAYS SHALL BE PROVIDED BETWEEN FIRST AND SECOND COATS.

5. ALL CONFLICTING STRIPINGS, PAVMENT MARKINGS, AND CURB PAINT SHALL BE REMOVED BY WET SANDBLASTING OR OTHER APPROVED METHOD PRIOR TO INSTALLATION OF NEW STRIPING. ALL CONFLICTING RAISED PAVEMENT MARKERS SHALL BE REMOVED.

6. PAVEMENT THAT IS DAMAGED DUE TO REMOVAL OF MARKERS OR STRIPING SHALL BE REPAIRED TO THE SATISFACTION OF THE CITY INSPECTOR.

7. THE CONTRACTOR SHALL CONTACT THE CITY OF IRVINE INSPECTION SERVICES FOR INSPECTION 48 HOURS PRIOR TO BEGINNING OF CONSTRUCTION.

8. CONTRACTOR SHALL VERIFY ALL EXISTING CONDITIONS AND DIMENSIONS BEFORE STARTING WORK. IF CONDITIONS EXIST WHICH ARE CONTRARY TO THOSE SHOWN ON THESE PLANS, THE CITY OF IRVINE INSPECTION SERVICES SHALL BE NOTIFIED BEFORE PROCEEDING WITH WORK.

9. ALL WORK SHALL CONFORM TO THE PLANS AND SPECIFICATIONS IN ALL RESPECTS AND SHALL BE SUBJECT TO APPROVAL BY THE CITY ENGINEER.

10. ALL TRAFFIC CONTROL WORK FOR CONSTRUCTION SHALL CONFORM TO PART 6 - TEMPORARY TRAFFIC CONTROL OF THE CA MUTCD 2014 EDITION, -ANY ADDENDUMS THERE TO OR LATEST EDITION AND ALL O.S.H.A. REQUIREMENTS.

11. THE CONTRACTOR SHALL HAVE ALL TRAFFIC CONTROL CONSTRUCTION SIGNS, DELINEATORS, ETC., PROPERLY INSTALLED PRIOR TO COMMENCING CONSTRUCTION.

12. THE CONTRACTOR SHALL MAINTAIN ALL TRAFFIC CONTROL SIGNS, DELINEATORS, ETC., TO ENSURE PROPER FLOW AND SAFETY OF TRAFFIC WHILE WORKING IN THE STREET.

13. ADDITIONAL TRAFFIC CONTROL DEVICES MAY BE REQUIRED IN THE FIELD. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ANY ADDITIONALTRAFFIC CONTROL DEVICES REQUIRED BY THE CITY INSPECTOR / REPRESENTATIVE TO ASSURE PUBLIC SAFETY AT ALL TIMES.

14. THE CONTRACTOR SHALL UTILIZE A FLAGMAN DURING CONSTRUCTION WORK AS DEEMED NECESSARY BY THE CITY INSPECTOR.

15. ARROW BOARDS SHALL BE USED ON ANY LANE CLOSURE ON ARTERIAL STREETS.

16. STRIPING SHALL BE CAT TRACKED AND APPROVED BY THE CITY INSPECTOR PRIOR TO FINAL INSTALLATION.

17. CROSSWALK SHALL CONFORM TO THE CITY OF IRVINE STANDARD PLAN NO. 203.

18. ALL SIGN FACE REFLECTIVE SHEETING SHALL BE HIGH INTENSITY GRADE WITH PROTECTIVE OVERLAY FILM.

19. ALL SIGN POSTS SHALL BE 4”X4” REDWOOD STAINED “IRVINE BROWN” PER THE CITY OF IRVINE REQUIREMENTS. CITY OF IRVINE SPECIAL SIGN R26EB SIGN SHALL BE INSTALLED ON “U” CHANNEL POST OR ON STREET LIGHT POLE.

20. ADVANCED STREET NAME SIGNS AND STREET NAME SIGNS SHALL BE SILVER LETTERS WITH “IRVINE BROWN” BACKGROUND.

21. BLUE RAISED REFLECTIVE PAVEMENT MARKER SHALL BE INSTALLED ADJACENT TO ALL EXISTING FIRE HYDRANTS IN ACCORDANCE WITH CA MUTCD 2014 EDITION.

REVISE as follows:

214-4 PAINT FOR STRIPING AND MARKINGS.

214-4.1 General. *MODIFY to ADD the following:*
All paint, beads, and other materials used in painting traffic stripes and markings shall conform to the requirements of the State Standard Specifications, Section 84 and all other applicable sections. Certificates of Compliance for each material shall be submitted prior to use on this Contract.

214-6 PAVEMENT MARKERS. *MODIFY to ADD the following:*
All pavement markers, and other materials used in painting traffic stripes and markings shall conform to the requirements of the State Standard Specifications, Section 81, Section 84 and all other applicable sections. Certificates of Compliance for each material shall be submitted prior to use on this Contract.

214-6.1 Types of Markers. *MODIFY to ADD the following:*
Reflective pavement markers shall conform to the following:

a) Type B, 2-Way Clear Reflective Markers shall be Model 290-2W as manufactured by 3M Company or approved equal.

b) Type C, 2-Way Red-Clear Reflective Markers shall be Model 290-WR as manufactured by 3M Company or approved equal.

c) Type D, 2-Way Yellow Reflective Markers shall be Model 291-2Y as manufactured by 3M Company or approved equal.

d) Type G, 1-Way Clear Reflective Markers shall be Model 290-W as manufactured by 3M Company or approved equal.

e) Type H, 1-Way Yellow Reflective Markers shall be Model 291-Y as manufactured by 3M Company or approved equal.

f) Type I, Blue - 2-Way Blue Reflective Markers shall be Model 295-2B as manufactured by 3M Company or approved equal.

ADD the following Section:

SECTION 215 – STORMWATER BIORETENTION SYSTEM

215-1 GENERAL. Bioretention System shall be by **Contech Engineering Solutions LLC**, 950 S Coast Drive, Suite 145, Costa Mesa, CA 92626, Phone: 714-281-7883, www.contechES.om, or approved equal, and shall consist of a precast Filterra® Unit, standard configuration. The Contractor shall submit in advance to the Engineer for approval the manufacturer's drawings prior to placing any bioretention system.

Said bioretention unit shall have the expected pollutant removal rates as shown on Table 215-1 from water flowing into the curb inlet during low flows (first flush).

Table 215-1 Expected Average Pollutant Removal Rates

TSS Removal	85%
Phosphorus Removal	60% - 70%
Nitrogen Removal	43%
Total Copper Removal	>58%
Dissolved Copper Removal	46%
Total Zinc Removal	>66%
Dissolved Zinc Removal	58%
Oil & Grease	>93%

SECTION 217 – BEDDING AND BACKFILL MATERIAL

217-1 GENERAL
Bedding and backfill material for pipes shall be in conformance with Section 217 of the Standard Specifications and these Special Provisions.

217-2 PAYMENT. There will be no additional payment for bedding and backfill material. It will be considered incidental to the price of the relevant pipe section.

ADD the following Section:

SECTION 218 – TRAFFIC SIGNING

215-1 GENERAL.

All equipment, materials, and components for traffic signing and the installation thereof shall conform to the Caltrans Standard Plans, 2015 Edition, and Caltrans Standard Specifications, Section 56-2, "Roadside Signs", 2015 Edition, except as noted on the Plans and in these Special Provisions.

All signs shall be aluminum panel not less than 0.080 inch thick, 6061-T6 or 5052-H38 Alloys, exceptions are Type L, K and street name signs which shall be 0.063 inch thick, radius corners 3/8 inches. Aluminum base metal shall be cleaned, deoxidized, and coated with a light tightly adherent chromated conversion coating free of any powdery residue.

All sign facings shall be manufactured of high intensity grade encapsulated lens sheeting (Hi-Intensity or equal) except for R26 signs which shall be Engineering Grade material (enclosed lens). All signs which could result in a moving violation shall be high intensity.

All new signs to be installed shall be in the international symbols (if available) unless otherwise specified.

The date of installation of a sign is to be embossed on the back of the sign and shall be considered as the start of the warranty; period. "Property of City of Irvine" shall also be embossed on the back of the sign.

Post materials shall consist of the following: 6', 8' or 11' U-channel posts, 6'Guide posts, Eze-Erect sign post (break away), 5/16", 2" through 4" carriage bolts, 5'16" x 1/2" through 1" hex bolts, 5/16 " nuts, 5/16"x ¾" and 1" anti-theft bolts, and anti-theft nuts, P.C. 2.5 aluminum sign caps, P.C. 1 aluminum sign saddles, 5/8" x 20-1/2" carriage bolts, 5/8" nuts, 2 ½" and 2" clamp on U-bracket, Gerrard bracket, ¾" 201 stainless steel buckles, ¾", 030, 201 stainless steel banding, side arm bracket, heavy duty channel iron, galvanized sign braces, galvanized 3/16" x 1"x 30". 5/16" x 1" fiber or nylon washers behind a 5/16" x 1" or 1-1/4" metal washer shall be used on the face of all high-intensity signs.

All posts installed on median in asphalt or concrete shall have break-away braces.

For installation of signs that are 36’ or larger and/or sign combinations, a brace is used for strength (3/16” x 1” x 30” or 36” brace).

All signs shall be standard size and color as specified in the California Department of Transportation Traffic Manual unless otherwise specified by Traffic Engineering.

Median noses shall be treated as follows:

a. All median noses shall be painted with yellow reflective traffic paint BCR to ECR.
b. Median openings of 60’ or less shall use treatment “a” listed above.
c. Median openings of 50’ to 100’ shall use treatment “a” listed above and a type “K” marker.
d. Median openings over 100’ and intersection shall use treatment “a” listed above and an R7. If another sign is posted on a median nose, do not post R7.

PART 3 - CONSTRUCTION METHODS

SECTION 300 – EARTHWORK

REVISE as follows:

300-1 CLEARING AND GRUBBING.

300-1.1 General. *ADD the following:*

1. Demolition and removal of existing turf, existing shrubs, trees and groundcovers at the median islands and elsewhere as needed to complete the construction as indicated on the Plans. Scrape off turf at finished grade and dispose of offsite. All items noted for removal shall become the property of the Contractor unless otherwise noted.

2. All items to be removed shall be verified by the inspector prior to demolition. The contractor shall meet with the inspector prior to clearing and grubbing.

3. All items to be removed shall be marked by the contractor prior to inspection and removal.

4. Removal, hauling and disposal of existing guard posts, locations as indicated on the plans.

5. Removal, hauling and disposal of existing retaining wall adjacent to utility vaults, at approximate Stations 137+00, 142+00, 149+00 and 167+50, as indicated on the plans.

6. The Contractor shall exercise extreme caution while excavating due to underground utilities. Call dig alert for verification before digging. Work may require alternate less efficient means and methods in order to protect utilities.

7. The Contractor shall protect in place all trees and shrubs, unless indicated otherwise on the demolition plan. Contractor shall repair turf, curbs, signs, shrubs, or trees damaged due to contractors operations.

8. All demolition, unless shown as salvaged and construction debris shall be removed from the site and delivered to a legal recycler dump site. Contractor to provide receipts for dumping or recycling sites fees.

9. Dust shall be controlled by watering.

10. All existing drainage structures on site shall be protected with filter fabric and gravel bags during demolition and through the construction period. Contractor will remove filter fabric and gravel bag covers prior to each storm event and replace immediately afterward.

300-1.1.1 Turf Kill *ADD in its entirety:*

Turf kill:

1. Contractor shall spray weed killer on turf areas to removed.
2. After 7 days, remove turf
3. Irrigate with ½" water and wait 7 days
4. Spray second application of weed killer on turf areas
5. No plant material can be installed within 24 hours of weed killer application.

300-1.1.2 Prune/Remove Existing Roots *ADD in its entirety:*

All roots shall be cut clean with a mechanical root cutting machine designed for such purposes, a sharp saw / or hand pruners. Trenching machines, backhoes, and axes are not allowed in root pruning operations. Trenching around existing trees and roots shall be done by hand without the use of power tools unless specifically directed by the City.

No more than ¼ the tree's root system shall be removed without permission from the City Arborist.

Root barriers shall be furnished and installed at each tree planted adjacent to concrete and asphalt. Root Barriers must be installed vertically along the sidewalk, roadway or alley at the direction of the City. The root barrier must be positioned properly so that the upper edge is at least a minimum of one (1) inch below the finished grade. Root barriers shall extend for eight feet (8') minimum distance from the trunk of the tree in each direction.

Root pruning on the surface roots shall only occur if the surrounding surface cannot be raised and with the approval of the City. No root pruning shall occur within 5' of the root ball crown without the approval of the City.

300-1.1.3 Tree Protection *ADD in its entirety*

The Contractor shall not store materials, or operate heavy equipment, or vehicles within (10) feet of trunks of existing trees to remain. The Contractor shall not operate heavy equipment within ten (10) feet of trunks of existing trees.

300-1.1.4 Tree Removal *ADD in its entirety*

Tree removal of any caliper size shall conform to the requirements of section 300-1 of the Standard Specifications.

Trees within the project limits that are designated for removal are shown in the "University Drive Road Widening Tree Evaluation Report, prepared by Arborgate Consulting, Inc, see Appendix G.

300-1.1.5 Median Concrete Paving

The Contractor shall remove existing concrete paving with in median island where designated.

300-1.3 Removal and Disposal of Materials

300-1.3.1 General. *After the last paragraph, ADD the following text:*

All soils and materials are subject to testing by the City.

300-1.3.2 Requirements. *after paragraph a), ADD the following text:*

Contractor shall scan the work area using a metal detector of adequate strength prior to any saw cutting, excavation or cold planing of the existing pavement. Contractor shall be responsible for locating and protecting manhole, water valve, utility access frames and covers or other metal appurtenances buried below the existing pavement surface whether shown on the plans or not.

All existing asphalt concrete pavement that is to be joined by new construction shall be sawcut in a straight line. The Contractor shall not disturb or damage existing improvements to be protected in place. Any damage done by Contractor and/or its equipment shall be repaired or replaced as called out in Section 7-9 of the Standard Specifications at Contractor's expense. The Contractor shall call Underground Service Alert of Southern California [USA] at 811 prior to excavation and shall "pothole" existing utilities as necessary or as required by Utility Owner to determine their depth to avoid damaging said utilities.

AC pavement shall be saw cut to full depth around entire join perimeter. Removal of existing pavement sections shall be to the depth required for construction of the replacement roadway sections as shown on the plans and will include the removal of existing AC pavement, cement treated base and/or aggregate base. All removed material becomes the property of the Contractor and shall be hauled away and legally disposed of properly outside of the roadway right of way.

Contractor shall remove slurry/asphalt concrete buildup on the existing gutter lip to the satisfaction of the owner's representative.

No crushing operations by Contractor will be allowed at the job site or within the Irvine City limits. Contractor shall price the unclassified excavation and other related bid items accordingly.

after paragraph c), ADD the following text:

The following items of work are included in concrete pavement excavation:

- Saw-cutting, removal and disposal of existing concrete curb and gutter sidewalk, and cross gutter within the project site and as shown on the plan or directed by the Engineer, and in addition, 1- foot full-depth AC pavement removal adjacent to the proposed concrete improvements.

- Removal of excess spoil from AC milling, excavation, disposal of debris, shrubs, rubbish and excess material away from site and disposal and payment of all required fees at a licensed disposal site.

- Maintaining dust control at all times by watering.

- Removal and disposal of any additional items not specifically mentioned herein, which may be found within the work limits or are shown on the plans to be removed.

- At the direction of the Construction Manager, Contractor may be required to demolish and remove one (1) or more directional 8’ x 12’ outdoor location signs including posts and footings.

- Removal and disposal of unnamed concrete improvements.

- Restoration and clean-up of the site.

- Providing for traffic control and maintenance of access, security and safety including signs, barricades, flashers, covers, plates and chain link fencing as specified elsewhere in these specifications.

- Protecting in place of existing improvements and utilities.

- Providing all necessary means to avoid tracking of asphaltic material on existing or new asphalt pavement during paving operations including landscaped and hardscaped facilities.

- Removing and relocating all sprinkler lines, heads, valves, etc. interfering with construction of improvements where new sidewalk is constructed (not including those called out to be removed in the media).

Removal and replacement of curb or curb and gutter shall be minimum 8 feet in length and shall span beyond any existing crack or to any joint within 8 feet of the minimum length span. If joins between existing and replaced spans are made with a dowel epoxied in place or with an epoxy joint, then the existing adjacent minimum length to crack or joint may be reduced to 3 feet.

All materials removed will be lawfully disposed of at a site secured by the Contractor. The Contractor will make every effort to recycle excavated and demolition materials. The Contractor will provide the Engineer with a letter indicating the final disposition of all excavated and demolition materials from the project within five (5) working days after project completion.

No excavated or demolition materials will be left in the public right of way overnight without AGENCY approval.

All existing improvements to be joined shall be cut in a clean straight line along the join line by use of a concrete cutting saw. Compensation for this requirement shall be considered as included in the price bid in the proposal form and no additional compensation will be allowed therefor.

Sawcutting shall consist of cutting existing Portland cement concrete and Asphalt Concrete to facilitate its removal. Cutting shall be accomplished by the use of a power driven saw. The depth of the cut shall be deep enough to provide a clean, straight break without loosening, cracking, or damaging adjoining asphalt or concrete. Under this item,

the use of a grinder will not be allowed in lieu of power-driven saw. Residue from sawcutting shall be vacuumed up while sawcutting.

after paragraph c), ADD the following sub-section:

d) Trees. All trees called out for removal shall be removed and disposed of per the standard specifications, City of Irvine Standards and per the direction of the City Engineer.

The stumps and roots shall be ground down a minimum three (3) feet below the planned sidewalk subgrade. Any stump grindings strewn on the street or sidewalk shall be removed and placed on the grass area around the stump hole by the contractor before leaving the site. The contractor shall place a barricade in each hole before leaving the site.

All twigs, branches, chips and other debris caused by the removal shall be immediately cleaned up before moving to a new location.

All equipment to be used and all work to be performed must be in full compliance with the most current revision of American National Standards Institute, Standard Z-133.1 (Safety Requirements for Pruning, Trimming, Repairing, Maintaining, Removing Tress and for Cutting Brush).

This work item shall also include all necessary import, fill and compaction of material to bring the existing ground of to the necessary finished surface or subgrade level.

300-1.4 Payment. *After the last paragraph, ADD the following text:*

Measurement and Payment for **CLEARING AND GRUBBING** shall be made at the contract unit price bid per **Acre (AC),** as field measured and shall include full compensation for furnishing all labor, materials, tools, equipment and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to excavation, demolishing, removal and disposal of existing materials as required by the contract documents, sign relocation, replacement of grass, sprinkler modification or relocations within the driveway areas, excavation and disposal to complete the removal of existing concrete stairs and v-ditch to box inlet at the southeast corner of the intersection of University Drive and California Avenue, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor. This bid item shall also include payment for all removals required within the project limits that are not paid for by a separate contract bid item and no additional compensation will be allowed therefor. **Contractor shall submit a base line schedule to the Engineer for this bid item at commencement of the project.**

Measurement and Payment for **ROADWAY EXCAVATION** shall be made at the contract unit price bid per **Cubic Yard (CY)**, as field measured, undisturbed, in place, calculated using the average end area method and shall include full compensation for furnishing all labor, materials, tools, equipment and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to excavate AC pavement from existing northerly edge of shoulder striping to existing southerly edge of shoulder striping, including excavation of temporary 4-inch

thick AC paved median as indicated on the project stage construction plans, saw cutting and removal of aggregate base excavation, compaction, haul away, and disposal to complete the removal, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE CONCRETE CURB AND GUTTER** shall be made at the contract unit price bid per **Linear Foot (LF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, saw cutting and disposal to complete the removal, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE AND CONSTRUCT DEPRESSED CONCRETE CURB AND GUTTER** shall be made at the contract unit price bid per **Linear Foot (LF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, saw cutting and disposal to complete the removal, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE CONCRETE MEDIAN CURB** shall be made at the contract unit price bid per **Linear Foot (LF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, saw cutting, removals, haul away and disposal of existing concrete curb and adjacent asphalt within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE CONCRETE CURB RAMP** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, saw cutting and disposal to complete the removal of the existing curb ramp from BCR to ECR of the curb return, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE CONCRETE SIDEWALK**, shall be made at the contract unit price bid per **Square Foot (SF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, saw cutting, removals, haul away and disposal to complete the removal as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE AC DIKE** shall be made at the contract unit price bid per **Linear Foot (LF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, saw cutting and disposal to complete the removal, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE CMP (18", 30" AND 60")** shall be made at the contract unit price bid per **Linear Foot (LF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, saw cutting, breaking, excavation, shoring, stormwater diversion, pumping, removals, storage, haul away and disposal of existing spoils, backfill, compaction and restoration of disturbed areas, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE EXISTING CATCH BASIN (W=3', W=7' AND W=21')** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, saw cutting, breaking, excavation, shoring, stormwater diversion, pumping, removals, storage, haul away and disposal of existing spoils, removal of existing local depression, backfill, compaction and restoration of disturbed areas, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE EXISTING IMPACT BASIN WITH VERTICAL BAFFLE WALL** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, saw cutting, breaking, excavation, shoring, stormwater diversion, pumping, removals, storage, haul away and disposal of existing spoils, backfill, compaction and restoration of disturbed areas, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE EXISTING CSP DROP INLET** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, saw cutting, breaking, excavation, shoring, stormwater diversion, pumping, removals, storage, haul away and disposal of existing spoils, backfill, compaction and restoration of disturbed areas, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE EXISTING CONCRETE DRAINAGE INLET** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, saw cutting, breaking, excavation, shoring, stormwater diversion, pumping, removals, storage, haul away and disposal of existing spoils, backfill, compaction and restoration of disturbed areas, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE 8' X 12' OUTDOOR LOCATION SIGNS INCLUDING POSTS AND FOOTINGS** shall be made at the contract unit price bid per **Each (EA),** as field measured and shall include full compensation for furnishing all labor, materials, tools, equipment and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, haul away and disposal to complete the removal, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

300-2 UNCLASSIFIED EXCAVATION

300-2.1 General. *ADD the following:*

Unclassified excavation shall include excavation required beyond the limits of roadway excavation as described in Section 300-1.4 of these Special Provisions. This item also includes hauling/disposing of all cut material, including AC and AB beyond the limits of roadway excavation as described in Section 300-1.4 of these Special Provisions, all rough and fine grading operations (excluding the southeast corner of the intersection of University Drive and California Avenue as shown on the Plans), over-excavation for fill areas and areas to be paved, cutting of benches for fill to be placed on existing slopes and haul away / proper disposal of all excess excavation. The opinion of probable total in-place volume of existing unclassified excavation material is approximately 13,000 Cubic Yards. The approximate quantities have been provided for the Contractor's convenience only and no guarantee is made that they are exact. All excavation and grading shall be done in accordance with the contours, grades and typical sections as shown on the Plans and as required to achieve the proper pavement and surface improvement sub-grade elevations called for on the Plans.

300-2.9 Payment. *Delete the first paragraph and REPLACE with the following:*

Measurement and Payment for **UNCLASSIFIED EXCAVATION** shall be made at the contract unit price bid per **Cubic Yard (CY)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavating, over excavation, sloping, rounding of tops, toes, and ends of excavations, excavation and removal of median and earth below median to construct temporary 4-inch thick asphalt pavement as indicated on the project stage construction plans, placement, compaction, stockpiling, loading, hauling to final location and properly disposing of surplus material at a legal disposal site, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **FINE GRADING (SLOPE GRADING - NON RETAINING WALL)** shall be made at the contract unit price bid per **Square Foot (SF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, grading the existing slope at 2:1 maximum per Section A-A on Sheet RW-2 of the Plans (fill areas to be benched in compliance with OCPW Standard Plan 1322), as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

300-4 UNCLASSIFIED FILL

300-4.1 General. *MODIFY to ADD the following:*

Unclassified fill shall be used for fill slopes per the details shown on the Plans and to bring the roadway structural section and surrounding grades to the elevations shown on the Plans. Unclassified fill shall also conform to the requirements established in geotechnical investigation report prepared by LOR Geotechnical (Subsurface Soils Investigation and Pavement Evaluation – University Drive Widening Improvement Project, City of Irvine, LOR Project No. 63199.9, dated March 17, 2016), which is available for review at the City Public Works Department. Fill should consist of approved earth materials free of trash debris, roots, vegetation, or other deleterious material.

The Contractor is required to take the necessary precautions to protect the existing vegetation along the perimeters outside the proposed grading daylight limits as shown on the Plans. Prior to beginning the grading operations the Contractor and City's construction representative shall walk the site and clearly establish the project grading limits, intents and the Contractor's proposed means and methods.

Unclassified fill shall be inorganic, non-expansive granular soils free from rocks or lumps greater than 6 inches in maximum dimension. Sources for import fill shall be approved by the City's geotechnical engineer prior to their use.

The opinion of probable total in-place volume of unclassified fill material is approximately 1,500 Cubic Yards. The approximate quantities have been provided for the Contractor's convenience only and no guarantee is made that they are exact.

300-4.2 Preparation of Placement Areas.
DELETE the last part of the 2nd sentence and SUBSTITUTE with the following:
. . . to a relative compaction of at least 90 percent for a depth of one foot (1').

300-4.5 Placement.
1st paragraph, DELETE the last sentence and SUBSTITUTE with the following:

Prior to placement of fill, the surfaces of all areas to receive fill shall be scarified to a depth of 12 inches minimum. The scarified soil should be brought to near optimum moisture content and recompacted to a relative compaction of at least 90% (ASTM D 1557).

Fill shall be spread in a maximum 8-inch uniform, loose lifts, each lift brought to near

optimum moisture content, and compacted to a relative compaction of at least 90% (in accordance with ASTM D 1557).

300-4.10 Payment. *Delete the first sentence of the first paragraph and REPLACE with the following:*

Measurement and Payment for **UNCLASSIFIED FILL** shall be made at the contract unit price bid per **Cubic Yard (CY)**, as field measured, calculated using the average end area method, and shall include full compensation for furnishing all labor, materials, tools, equipment and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to the filling operations as required for rounding of tops, toes, and ends of fill areas, placement and compaction of backfill for keying and filling in slopes, stockpiling, loading, and hauling to final location and disposing of surplus material at a legal disposal site, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

300-4.1 General. *MODIFY to ADD the following:*
Fill should consist of approved earth materials free of trash debris, roots, vegetation, or other deleterious material.

300-4.2 Preparation of Placement Areas.
DELETE the last part of the 2nd sentence and SUBSTITUTE with the following:
. . . to a relative compaction of at least 90 percent.

SECTION 301 – SUBGRADE PREPARATION, TREATED MATERIALS AND PLACEMENT OF BASE MATERIALS

301-1 SUBGRADE PREPARATION

301-1.2 Preparation of Subgrade. *After the last paragraph, ADD the following text:*

The Contractor shall scarify, grade and re-compact the top 6-inches of base material if exposed.

301-1.6 Adjustment of Manhole Frame and Cover Sets to Grade. *After the last paragraph, ADD the following text:*

Removal and replacement of water valve frame and covers, adjustment of storm drain manhole frames and covers, and adjustment of sewer manhole frames and covers to grade shall conform to the provisions of Section 301-1.6 and 302-5.8 of the Standard Specifications and the following additions and revisions:

Removal and replacement of Irvine Ranch Water District (IRWD) water valves to grade shall conform to IRWD Standard Plan W-22, adjusting IRWD sewer manhole frames and covers to grade shall conform to IRWD Standard Plan S-1. IRWD will supply new valve cans and lids. Contractor shall coat top surface of lids according to IRWD System C-2. Contractor shall coat the top surface of manhole lids and frames with one coat, color black, 0.5 mils dry-film thickness of Carboline 890 VOC (or approved equal). Prior to coating, surface shall be cleaned by wire brushing to remove asphalt and debris)

All surface utility covers (even those to be adjusted to grade by others) shall be located in the field prior to beginning any work on this project. The Contractor shall remove existing concrete pads or collars that might interfere with the adjustment of the valve cover to the grade of the asphalt concrete surface. Any damage to existing utility systems or appurtenances by the Contractor shall be replaced at the Contractor's expense.

All water related work shall be done in conformance with the City of Irvine requirements and IRWD Specifications for Construction of Water Facilities. IRWD Standard notes have been included in Appendix D for reference. Water valves shall be accessible at all times. The Contractor shall notify the IRWD inspector at (949) 453-5300 forty-eight (48) hours in advance for inspection of this work.

The following method shall be utilized to adjust manhole frames and covers, water valve covers, and survey well monument covers.

a) After the asphalt concrete pavement overlay has been completed, circular holes shall be cut where the cover exists. The diameter of the circular hole shall be at least twenty-four inches (24") larger than the outer diameter of the cover.

b) The cover shall then be raised to the finished pavement grade and suitably blocked and concreted in place to the satisfaction of the Owner's Representative.

c) A PCC collar shall be poured around the cover to an elevation no more than two inches (2") below finished pavement grade. Said PCC collar shall have a minimum depth of eight inches (8") or (as shown per plan) and be placed over four inches (4") of crushed aggregate base (CAB), thoroughly compacted to 95% minimum relative compaction.

d) After the concrete has cured sufficiently, a tack coat shall be applied and ARHM-GG-C surface course material shall be placed to finished pavement grade.

The Contractor shall also be responsible for coordinating his work with the various utility owners who will be required to adjust their own surface utility covers to grade as noted on the Plans. This includes tying out their covers and notifying all surface utility owners prior to performing any work that will affect their facilities. If the required adjustment of the owner adjusted utility covers will impact the Contractor's subsequent work then the Contractor shall coordinate his work schedule and/or perform follow up work to ensure that the quality of the final product is not compromised.

301-2 UNTREATED BASE

301-2.4 Measurement and Payment. *After the last paragraph, ADD the following text:*

Measurement and Payment for **CLASS 2 AGGREGATE BASE** shall be made at the contract unit price bid per **Cubic Yard (CY)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to subgrade preparation, as shown on the Plans, as

specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Payment for placement of crushed aggregate base materials for PCC related improvements shall be considered included in the cost of the applicable PCC improvement.

SECTION 302 – ROADWAY SURFACING

302-1 COLD MILLING OF EXISTING PAVEMENT.

302-1.1 General. *After the last paragraph, ADD the following text:*

Cold milling shall conform to the details shown on the Plans and these Special Provisions. All temporary striping required after cold milling operations shall be installed per City Standards. All required temporary striping shall be considered paid for under the bid item for Traffic Control. No additional compensation will be allowed.

Cold milling shall not be performed more than two (2) days ahead of surface course paving.

Cold milling operations adjacent to new curb or curb and gutter shall be conducted after the construction of the median curb unless approved otherwise by the City Engineer.

Residue from grinding shall not be permitted to flow or travel into gutters, onto adjacent street surfaces or parkways. All residues shall be completely removed by a vacuum sweeper and properly disposed. Sweeping is to take place immediately after the grinding has been completed and as directed by the Engineer. No washing of any residue into gutters and/or drainage structures shall be allowed. The Contractor shall cover and protect all storm drain inlets prior to the start of cold milling operations.

All pavement transitions and temporary striping/markings shall be in place prior to the opening of a lane for traffic. Any pavement grade differential between adjacent lanes that will, with the permission of the Engineer, remain during non-working hours shall be indicated with the appropriate warning signage.

Cold mix 6:1 AC tapers shall be placed and maintained at the interface between milled and non-milled areas as well as at manholes, valves, and bus pads to eliminate the hazard caused by sudden elevation differences, especially in pedestrian path of travel areas adjacent to wheelchair ramps, and shall be removed prior to placement of surface course pavement.

The Contractor shall provide access and detour signing at all times for pedestrian facilities and bike lanes when cold milling.

The Contractor is to notify the Engineer at least two (2) working days prior to and immediately after the cold mill operations so that observations and measurements may be made of areas before the placement of permanent asphalt.

302-1.12 Payment. *After the last paragraph, ADD the following text:*

Measurement and Payment for **COLD MILL AC PAVEMENT** shall be made at the contract unit price bid per **Square Foot (SF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to cold milling, removal and disposing of all milled material, installation of temporary AC ramps, removal and disposal of temporary AC ramps and sweeping, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Any temporary AC required due to cold milling operations, excluding the bid item for 4-inch temporary AC paved median as indicated on the project stage construction plans, shall be included in the contract lump sum price bid for Traffic Control and no additional compensation will be allowed therefor.

302-4 SLURRY SEAL SURFACING.

302-4.1 General. *ADD the following:*

The Contractor shall immediately inform the City of any necessary asphalt patching or repairs, and all other roadway surface preparation work not included in these specifications, but is required in order to achieve the required quality of slurry seal work.

Prior to the Slurry application, the Contractor shall perform the following preparation Work, unless otherwise specified:

1) Remove all existing pavement striping, markings, and legends, and raised pavement markers per Section 314 of the Standard Specifications and these Special Provisions.
2) Apply crack sealant in accordance with Section 302-14 of the Standard Specifications and these Special Provisions.
3) Protect all manhole covers , drain inlet covers, monument covers and all other utility covers from slurry seal operations by applying a sheet of plastic , cut to fit or placing a plastic bag over the exposed facilities or other methods approved by the Engineer. All traces of plastic , residual emulsion and slurry shall be removed from all manhole covers, drain inlet covers, monument covers and all other utility covers as quickly as possible, after the application of slurry seal and/or prior to final acceptance of the project.
4) Clean all surfaces that are to be slurried, including removing all debris, vegetation, and other organic matter, removing any standing water, and sweeping the project area to remove all loose rocks and material.

302-4.10 Measurement. *DELETE this subsection in its entirety and REPLACE with the following:*

Slurry seal shall be measured by the Square Foot (SF) for the actual pavement area slurry sealed. Quantities shown in the Bidder's Proposal are based on estimated measurements of the project area and are approximations only.

302-4.11 Payment. *DELETE this subsection in its entirety and REPLACE with the following:*

Payment for **TYPE II SLURRY SEAL** shall be made at the contract unit price bid per **Square Foot (SF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, testing for and furnishing the mix design, trial batches and test strips, surface preparations, rolling, street sweeping, furnishing added water and set-control additives, latex, mixing water with asphaltic emulsion for coating the pavement, application of herbicide, crack sealing, water, and protecting the seal until it has set all protection of manholes , valve boxes, drain inlets and other service entrances, and site cleanup, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

302-5 ASPHALT CONCRETE PAVEMENT.

302-5.1 General. *After the last paragraph, ADD the following text:*

All soils and materials are subject to testing by AGENCY.

The asphalt concrete design mix shall be submitted for approval by the City a minimum of two weeks prior to the start of AC construction.

302-5.5 Distribution and Spreading. *After the last paragraph, ADD the following text:*

The Contractor shall be responsible for maintaining location of and access to all water line gate valves during construction operations. Locations of water valves shall be marked to IRWD standards.

Soil Sterilant shall be "Poly-Bor Chlorate" or Monbar Chlorate" (U.S. Borax and Chemical Corporation, or approved equal), applied in solution of one (1) pound of chemical to one (1) gallon of water at least 10 days prior to placing of the Rubberized Asphalt Overlay. The sterilant shall be applied to cracks larger than one-fourth (1/4) inch with a paddle agitator spray rig. The Contractor shall provide all necessary protection to prevent injury to animals or adjacent plant life and property occasioned by the application of the soil sterilant. The Contractor will be held responsible for all personal injury or property damage caused by the application or storage of soil sterilant.

The crack sealant shall be a type “D” joint sealant per Section 201-3.7 of the Standard Specifications and shall be ROADSAVER II by Crafco or approved equal. The contractor shall submit for approval the material he intends to use for crack sealant two (2) weeks prior to its incorporation into the work. Crack sealant shall be applied per manufacturer and industry recommendation.

302-5.6 Rolling

302.5.6.1 General. *After the last paragraph, ADD the following text:*

Initial or breakdown compaction shall consist of a minimum of three coverages of a

layer of asphalt mixture. A pass shall be a movement of a roller in both directions over the same path. A coverage shall be as many passes as are necessary to cover the entire width being paved. Overlap between passes during any coverage made to insure compaction without displacement of material in accordance with good rolling practice shall be considered a part of the coverage being made and not a part of a subsequent coverage. Each coverage shall be completed before subsequent coverages are started. Pneumatic rollers shall not be used without prior approval of the Engineer. The top layer of each lane, once commenced, shall be placed without interruption.

302-5.9 Measurement and Payment. *After the last paragraph, ADD the following text:*

Measurement and Payment for **0.40' AC BASE COURSE, AC LEVELING COURSE, AND 0.33' AC SURFACE COURSE (TEMP. MEDIAN PAVEMENT FOR STAGE CONSTRUCTION AND TRAIL)** shall be made at the contract unit price bid per **Ton (TON),** based on delivered weight and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to removals, disposal, certified weigh tickets, subgrade and surface preparation, weed kill, placing tack coat and sealing existing cracks, placing, rolling, testing and protecting asphalt concrete, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

The Contractor shall furnish to the Owner's Representative a legible copy of a licensed weighmaster's certificate showing net weight of asphalt concrete in each truck load. The labeled certificate must be delivered to the Owner's Representative on site on the same day that the asphalt concrete is delivered. If any of these conditions are not met, the City will not allow payment for the certificates. The compaction after rolling shall have a relative compaction of 95%.

The City will not compensate the Contractor for any additional costs incurred by change or lack of availability of asphalt binders.

Temporary asphalt concrete work, where required by the Engineer for traffic control or other purposes excluding the bid item for 4-inch temporary AC paved median as indicated on the project stage construction plans, shall be considered included in the lump sum price bid for Traffic Control and no additional compensation will be allowed therefor.

302-9 ASPHALT RUBBER HOT MIX (ARHM).

302-9.1 General. *MODIFY to ADD the following:*

All ARHM shall comply with section 203-11 of the Standard Specifications. The Contractor shall submit a copy of the asphalt concrete mix design, a sample of the asphalt concrete, a sample of the aggregate, and a sample of the paving asphalt to the City or its designated laboratory a minimum of two weeks prior to the start of construction.

The 2" Minimum Thickness ARHM Overlay shall be ARHM-GG-C.

The Contractor shall use a PG Asphalt Binder.

PG Asphalt binder shall conform to the following requirements:

Description
Asphalt shall consist of refined petroleum or a mixture of refined liquid asphalt and refined solid asphalt, prepared from crude petroleum. Asphalt shall be free from residues caused by the artificial distillation of coal, coal tar, or paraffin, free from water and homogeneous.

Materials
The Contractor shall furnish asphalt in conformance with the State of California Department of Transportation (Caltrans) "Certification Program for Suppliers of Asphalt." Caltrans maintains the program requirements, procedures, and a list of approved suppliers at: http://www.dot.ca.gov/hq/esc/Translab/fpmcoc.htm.

The Contractor shall ensure the safe transportation, storage, use, and disposal of asphalt.

The Contractor shall prevent the formation of carbonized particles caused by overheating asphalt during manufacturing or construction.

Sampling
The Contractor shall provide a sampling device in the asphalt feed line connecting the plant storage tanks to the asphalt weighing system or spray bar. The sampling device shall be accessible between 600 and 750 mm above the platform. The Contractor shall provide a receptacle for flushing the sampling device.

The sampling device shall include a valve:

a) With a diameter between 10 and 20 mm
b) Manufactured in a manner that a one-liter sample may be taken slowly at any time during plant operations
c) Maintained in good condition

The Contractor shall replace failed valves. In the presence of the Engineer, the Contractor shall take 2 one-liter samples per operating day. The Contractor shall provide round friction top containers with one-liter capacity for storing samples.

302-9.3 Distribution and Spreading. *MODIFY to ADD the following:*

The Contractor shall make modifications to the proposed mix design as required by the City or its designated laboratory to insure that the proposed asphalt concrete mix will meet the minimum stability ("S") values. No asphalt concrete shall be placed until such time as the City has tested and approved the Contractor's proposed asphalt concrete mix design. Aggregate produced from slag resulting from any steel-making process or from air-cooled iron blast furnace slag shall not be used on this project.

Asphalt concrete shall be placed with a paving machine equipped with a "Preco" attachment or similar device for use in obtaining constant cross- slope and maximum joint quality.

Apply SS-1H tack coat at a rate not to exceed one-tenth (1/10) gallon per square yard uniformly in one coat on all vertical joins of AC patching and P.C.C. surfaces and edges against which ARHM is to be placed. Diesel fuel shall not be used for cleaning purposes within the limits of this project.

All surfaces to be overlaid shall be cleaned by the use of a broom and a vacuum sweeper. The overlaid surface shall be free of water, dust, or foreign material before tack coat is applied. All raised pavement markers shall be removed prior to the placement of any asphalt concrete overlay. Removal of all AC slurry seal residue from gutter edge should be completed prior to paving.

The Contractor shall utilize a paving machine equipped with an automatic adjusting screed, which is actuated by a 30-foot "ski", for the entire ARHM overlay.

Breakdown compaction shall be performed with a two-axle or three-axle tandem or three-wheel roller weighing not less than 12 tons for all ARHM lift thickness of four (4) inches or less. Breakdown compaction shall be performed with a vibratory roller weighing not less than 12 tons for all ARHM lift thickness between two (2) and four (4) inches. When more than one layer of ARHM is required, the layers shall be of equal thickness.

302-9.4 Rolling. *MODIFY to ADD the following:*

Rolling along a joint shall be such that the widest part of the roller is on the hot side of the joint. Join lines between successive runs shall be within six (6) inches of lane lines or a minimum of twelve (12) feet outside of the outer most lane line.

Lots consisting of 500 tons will be established for ARHM areas to be tested. The City or its designated laboratory shall perform density testing utilizing a properly calibrated nuclear asphalt-testing device. The City shall pay for all initial testing and a reasonable amount of retesting utilizing the nuclear asphalt-testing device. If the test results for any lot of ARHM indicate that the relative compaction is below 95 percent the Contractor will be advised that he is not attaining the required relative compaction and that his materials or his procedures, or both, need adjustment. ARHM spreading operations shall not continue until the Contractor has notified the Engineer of the adjustment that will be made in order to meet the required compaction. Core testing of areas not meeting the 95 percent requirement will be conducted by the City's designated lab. Any and all testing beyond the initial core testing will be at the sole expense of the Contractor.

If the test results for any lot of ARHM continue to indicate that the relative compaction is less than 95 percent after adjustments have been made, the ARHM represented by that lot may be required to be removed and replaced at the Contractor's expense and the Contractor shall suspend all further paving operations until the Contractor can demonstrate to the City that relative compactions of 95 percent can be obtained. It shall be the sole judgment of the City Engineer to determine adequate remedy and/or a reduction in compensation for any lot failing to meet 95 percent relative compaction.

The City's designated laboratory will obtain samples of the ARHM from each lot to perform extraction tests to insure the proper aggregate gradation and asphalt content is being supplied in accordance with the approved ARHM mix design. If the test results for

any lot of ARHM indicate that the ARHM does not meet the requirements of the approved mix design the Contractor will be advised that he is not attaining the required composition and grading and that his materials need adjustment. ARHM spreading operations shall not continue until the Contractor has notified the Engineer of the adjustment that will be made in order to meet the approved mix design. If the test results for any lot of ARHM continue to indicate that the composition and grading does not conform to the approved mix design after adjustments have been made, the ARHM represented by that lot shall be removed and replaced at the Contractor's expense and the Contractor shall suspend all further paving operations until the Contractor can demonstrate to the City that the ARHM is in accordance with the approved mix design.

The Contractor shall provide for adequate quality control measures to insure that delivery of asphalt rubber shall be neither too slow nor too fast to prevent stopping of the paving operation and/or cooling of the asphalt rubber material. Material delivery scheduling and handling is critical to provide for optimum compaction opportunity and maximize ride quality performance.

302-9.7 Rock Dust Blotter. *MODIFY to ADD the following:*

Rock dust blotter material shall be required immediately after the completion of the "finish rolling" and prior to opening to traffic to prevent bleeding and tracking of the asphalt rubber material.

All excess rock dust blotter shall be removed from the street at the end of each workday. The removal of the rock dust blotter shall include removal from adjacent streets as needed. No excess rock dust blotter shall be left on any street after normal work hours. The cost of this application will be included into the contract unit price bid for ARHM.

302-9.8 Measurement. *DELETE in its entirety and SUBSTITUTE with the following:*

Measurement for **ASPHALT RUBBER HOT MIX (ARHM)** will be by the actual tonnage (ton) of material placed in accordance with the Plans and no additional compensation will be allowed therefor. The Contractor shall furnish to the Engineer at the time of delivery of the material on the job site a legible copy of a licensed weighmaster's certificate showing gross, tare, and net weights of each truckload of asphalt concrete mixture. Material that is delivered but not placed within the allotted bid item will not be measured or paid for.

302-9.9 Payment. *DELETE in its entirety and SUBSTITUTE with the following:*

Payment for **0.20' ASPHALT RUBBER HOT MIX (ARHM) SURFACE COURSE** shall be at the contract unit price bid per **Ton (TON)** based on delivered weight and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to removals, disposal, certified weigh tickets, placing asphalt rubber hot mix (ARHM), cleaning existing surface, weed kill, placing tack coat, sealing existing cracks, furnishing, applying and cleaning up excess rock dust blotter to the lines and grades shown on the Plans and as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

The City will not compensate the Contractor for any additional costs incurred by change or lack of availability of asphalt binders.

Temporary asphalt concrete work, where required by the Engineer for traffic control or other purposes excluding the bid item for 4-inch temporary AC paved median as indicated on the project stage construction plans, shall be considered included in the contract Lump Sum price bid for Traffic Control and no additional compensation will be allowed therefor.

ADD:

302-9.10 Material Transfer Device (Shuttle Buggy).

302-9.10.1 General. The Shuttle Buggy shall be used for the placement of ARHM. The material transfer device speed shall be adjusted to the speed of the paver to maintain a continuous, non-stop paving operation.

302-9.10.2 Materials and Equipment. The Shuttle Buggy shall have a minimum surge capacity of 15 tons, shall be self-propelled and capable of moving independent of the paver, and shall be equipped with the following:

a) Front-Dump Hopper and Conveyor. The conveyor shall provide a positive restraint along the sides of the conveyor to prevent material spillage. Shuttle Buggies having paver style hoppers shall have a horizontal bar restraint placed across the foldable wings which prevents the wings from being folded.

b) Paver Hopper Insert. The paver hopper insert shall have a minimum capacity of 14 tons.

c) Mixer/Agitator Mechanism. This re-mixing mechanism shall consist of a segmented, anti-segregation, re-mixing auger or two full-length longitudinal paddle mixers designed for the purpose of re-mixing the ARHM. The longitudinal paddle mixers shall be located in the paver hopper insert.

302-9.10.3 Structures. The Shuttle Buggy may be allowed to travel over structures under the following conditions:

a) Approval will be given by the Engineer.

b) The vehicle shall be emptied of ARHM material prior to crossing the structure and shall travel at crawl speed across the structure.

The tires of the vehicle shall travel on or in close proximity and parallel to the beam and/or girder lines of the structure.

SECTION 303 – CONCRETE AND MASONRY CONSTRUCTION

303-1 CONCRETE STRUCTURES

303-1.1 General. *ADD after the last paragraph the following text:*

The installation of the Bioretention system shall be performed by a manufacturer-approved installation Contractor. The installation Contractor shall be licensed and insured in accordance with City requirements and listed as a sub-Contractor in the appropriate section of the project Contract Documents.

It is the City's intent that the specified Bioretention system device will be completely compatible with the various storm drain inlets and that they will function exactly as specified herein and per the manufacturer's intent. However, it shall be the Contractor's ultimate responsibility to confirm the exact compatibility and intents detailed herein and on the Plans are met at the time of order of the Bioretention system from the manufacturer. If the Contractor or installation sub-contractor notes any discrepancy between these specifications and the manufacturer's, the Contractor shall notify the City immediately so that said discrepancy can be resolved without delay or extra compensation due to the Contractor.

The installation contractor shall supply the City with an installation record, denoting the date of installation, drainage inlet location, type of drainage inlet and type and size Bioretention system device, for the City's use in developing a future maintenance schedule.

a. Each unit shall be constructed at the locations according to the sizes shown on the approved drawings. Any modifications to the elevation or location shall be at the direction of and approved by the Engineer.
b. If the Bioretention system device is stored before installation, the top slab must be placed on the box using the 2x4 wood provided, to prevent any contamination from the site. All internal fittings supplied (if any), must be left in place as per the delivery.
c. The unit shall be placed on a compacted sub-grade with a minimum 6-inch gravel base matching the final grade of the curb line in the area of the unit. The unit is to be placed such that the unit and top slab match the grade of the curb in the area of the unit. Compact undisturbed sub-grade materials to 95% of maximum density at +1- 2% of optimum moisture. Unsuitable material below sub-grade shall be replaced to the site engineer's approval.
d. Outlet connections shall be aligned and sealed to meet the approved drawings with modifications necessary to meet site conditions and local regulations.
e. Once the unit is set, the internal wooden forms and protective mesh cover must be left intact. Remove only the temporary wooden shipping blocks between the box and top slab. The top lid should be sealed onto the box section before backfilling, using a nonshrink grout, butyl rubber or similar waterproof seal. The boards on top of the lid and boards sealed in the unit's throat must **NOT** be removed. The Supplier (Americast or its authorized dealer) will remove these sections at the time of activation. Activation is to be performed by supplier or its authorized dealer. Backfilling should be performed in a careful manner, bringing the appropriate fill material up in 6" lifts on all sides. Precast sections shall be set in a manner that will result in a watertight joint. In all instances, installation of the Bioretention system unit shall conform to ASTM specification C891 "Standard Practice for Installation of Underground

Precast Utility Structures", unless directed otherwise in contract documents.

303-1.11 Payment. *ADD the following:*

Measurement and Payment for **CONSTRUCT CATCH BASIN TYPE I (W=3.5'), INCLUDING LOCAL DEPRESSION,** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, root pruning, subgrade preparation, utility modifications and adjustments, sprinkler system modifications and adjustment (temporary and permanent), forming, reinforcing steel placement, concrete placement, covers, rims, grates, frames, collars, cone, bases, steps, clean up; installation of "No Dumping – Drains to Ocean" stenciling, backfill, compaction, concrete protection and replacement of damaged or marked concrete, backfill and infill of the one (1) foot wide full-depth AC pavement adjacent to the proposed concrete improvement, removal and disposal of excess spoils and materials, as shown on the Plans, and detailed by City of Irvine Standard Plans 300 and 303, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT MODIFIED CATCH BASIN TYPE I,** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, root pruning, subgrade preparation, utility modifications and adjustments, sprinkler system modifications and adjustment (temporary and permanent), forming, reinforcing steel placement, concrete placement, covers, rims, grates, frames, collars, cone, bases, steps, clean up; installation of "No Dumping – Drains to Ocean" stenciling, backfill, compaction, concrete protection and replacement of damaged or marked concrete, backfill and infill of the one (1) foot wide full-depth AC pavement adjacent to the proposed concrete improvement, removal and disposal of excess spoils and materials, as shown on the Plans, and detailed by City of Irvine Standard Plan 300 and Detail 84 on Sheet RW-2 (i.e. Sheet 43 of 87) of the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT CATCH BASIN TYPE II (W=7' and 21'), INCLUDING LOCAL DEPRESSION**, shall be made at the contract unit price bid per **Each (EA),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, root pruning, subgrade preparation, utility modifications and adjustments, sprinkler system modifications and adjustment (temporary and permanent), forming, reinforcing steel placement, concrete placement, covers, rims, grates, frames, collars, cone, bases, steps, clean up; installation of "No Dumping – Drains to Ocean" stenciling, backfill, compaction, concrete protection and replacement of damaged or marked concrete, backfill and infill of the one (1) foot wide full-depth AC pavement adjacent to the proposed concrete improvement, removal and disposal of excess spoils and materials, as shown on the Plans, and detailed by City of Irvine Standard Plans 301 and

303, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL FILTERRA UNIT (12'Lx4'W, 6'Lx4'W, 6'Lx3'W, 4'Lx4'W AND 16'Lx3'W), INCLUDING LOCAL DEPRESSION,** shall be made at the contract unit price bid per **Each (EA),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, removal of existing curb and gutter, excavation, root pruning, subgrade preparation, utility modifications and adjustments, sprinkler system modifications and adjustment (temporary and permanent), filterra unit installation, media and tree installation, covers, rims, grates, frames, collars, cone, bases, steps, clean up; installation of "No Dumping – Drains to Ocean" stenciling, doweling, backfill, compaction, forming, sidewalk installation, installation of local depression and all related appurtenances, concrete protection and replacement of damaged or marked concrete, backfill and infill of the one (1) foot wide full-depth AC pavement adjacent to the proposed concrete improvement removal and disposal of excess spoils and materials, as shown on the Plans, in accordance with the manufacturer's specifications and per the details shown on the Plans, and local depression as detailed by City of Irvine Standard Plan 303 modified with 3' warped gutter surface, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **RECONSTRUCT EXISTING LOCAL DEPRESSION** shall be made at the contract unit price bid per **Each (EA)** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, saw cutting, breaking, excavation, shoring, stormwater diversion, pumping, removals, storage, haul away and disposal of existing spoils, backfill, compaction and restoration of disturbed areas, as shown on the Plans, and detailed by City of Irvine Standard Plan 303, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT 6" THICK REINFORCED CONCRETE SLOPE PAVING** shall be made at the contract unit price per **Cubic Yard (CY),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, installation of steel reinforcement, concrete installation, as shown on the Plans, as detailed by Section A-A on Sheet C-2 (i.e. sheet 13 of 87) of the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

303-5 CONCRETE CURBS, WALKS, GUTTERS, CROSS GUTTERS, ALLEY INTERSECTIONS, ACCESS RAMPS, AND DRIVEWAYS.

303-5.1 Requirements

303-5.1.1 General. *ADD the following subsections:*

303-5.1.1.1 Curbs

Curb and gutter and median curb shall be per City of Irvine Standard Plan No. 200, Type as indicated on the Plans.

Concrete curb and gutter, and median curb shall be constructed to the line and grades shown on the Plans or as ordered by the Engineer. Existing curb and gutter to be joined shall be saw cut on a neat, straight line at the join location. Curb or curb and gutter construction shall occur prior to all cold milling and paving operations.

At specified locations for curb construction indicated on the Plans, construction shall include the saw cutting and full AC reconstruction of a 1' wide portion of AC pavement next to the curb or curb and gutter.

303-5.1.1.2 Sidewalk

Concrete sidewalk shall be constructed to the line, grades and designs shown on the Plans or as ordered by the Engineer. Existing surfaces to be joined shall be sawcut on a neat, straight line at the join location. The contractor shall remove and replace any new concrete work with graffiti markings and blemishes at no additional cost to the City.

This work item shall also include all necessary natural ground and miscellaneous excavation, removal and export as may be required to install the new 4" PCC Sidewalk and necessary irrigation system modifications, protection and adjustments that may be required. The Contractor shall also be required to conduct all necessary grading at the new back of walk in order to ensure that full ADA compliance is achieved within the new sidewalk areas.

303-5.1.1.3 Curb Ramp

Curb ramp shall be completed in accordance with City of Irvine Standard Plan 202, per the Plans, and these Special Provisions.

The Contractor shall be responsible to layout the proposed ramps to comply with the maximum grades shown on City of Irvine Standard Plan 202 and pertinent details on the Plans. **Limits of the new curb ramp shall be reviewed and approved by the Engineer prior to saw cutting.** Typical construction tolerances to construct the new curb ramp shall not apply and maximum grades indicated on the Plans shall not be exceeded. If a newly constructed ramp is deemed non-compliant with the standards and requirements shown on City of Irvine Standard Plan 202, the pertinent details on the Plans and these Special Provisions, the Contractor shall be responsible to remove the curb ramp and reconstruct a new curb ramp at his own cost.

All new curb ramps shall have a zero-inch (0") lip of gutter at the curb ramp opening, and a cast-in-place detectable warning surface per these Special Provisions.

Where the type of curb ramp includes a retaining curb to make up for a difference in elevation between the existing grade and curb ramp grade, the construction of said retaining curb shall be considered as part of the curb ramp work.

The Contractor shall verify, with a "smart level", that maximum ramp and sidewalk grades do not exceed the maximum grades indicated in the City of Irvine Standard Plan

202 and pertinent details on the Plans when marking the required saw cut removal limits and when setting the concrete forms, prior to pouring any curb ramp locations. It shall be the Contractor's responsibility to supervise and utilize the proper experienced personnel to ensure that the proper saw cut limits are established for all curb ramp locations and the City shall not be responsible to direct the Contractor's crews or otherwise serve in this management capacity. The Engineer shall be present to verify the concrete forms, prior to the Contractor pouring any PCC construction improvements.

Sub-grade materials shall be compacted to a minimum relative compaction of 95 percent. Adjacent AC removal and replacement shall conform to the requirements established in these Specifications and shall be considered included in the unit price for the PCC curb ramp construction.

Special Note To Contractor:

Prior to constructing a curb ramp where physical site constraints do not allow the curb ramp construction to fully meet the City of Irvine Standard Plan 202 and the pertinent details on the Plans, the Contractor shall so notify the Engineer for direction.

The curb ramp construction work shall include all related adjustments of pull boxes, pull box covers, and protection of traffic signal poles and signs that fall within the proposed PCC curb ramp construction limits.

303-5.5.5.1 Detectable Warning Surface.

New curb ramp shall include a detectable warning surface as shown on City of Irvine Standard Plan 202. Detectable warning surface shall extend the full width and 3' depth of the ramp. A 4' wide detectable warning surface may be used on a 4'-2" wide curb ramp.

The detectable warning surface required for new curb ramps shall be CAST-IN-PLACE DETECTABLE WARNING SURFACE, MANUFACTURED BY ACCESS TILE (562) 842-9934, www.accesstile.com, (Part #: ACC-R3x4-BK) or approved equal. Shop drawings and color sample for the truncated dome panels shall be provided to the Engineer for approval. Truncated dome panels shall not be installed prior to the Engineer's approval of the shop drawings and color sample.

The orientation of the dome pattern for all panels shall be parallel with the panel edges.

The color of the truncated dome panels shall be Onyx Black conforming to Federal Color No. 17038. Any color deemed unacceptable by the Engineer, including gray and dark gray, shall be rejected.

Detectable warning surface shall be installed per the manufacturers' recommendations and instructions. The finished surface shall be free from blemishes.

The Contractor shall submit to the Engineer for review the following items:

A. Product Data: Submit manufacturer's literature describing products, installation procedures and routine maintenance.

B. Samples: Submit two tile samples of the kind proposed for use (minimum size 6” by 8”).

C. Materials Test Reports: Submit test reports from qualified independent testing laboratory indicating that materials proposed for use are in compliance with requirements and meet the properties indicated. All test reports shall be conducted on a cast-in-place tactile tile system as certified by a qualified independent testing laboratory.

D. Maintenance Instructions: Submit copies of manufacturer’s specified maintenance practices for each type of tactile tile and accessory as required.

The manufacturer shall provide a written minimum 5-year warranty for prefabricated detectable warning surfaces, guaranteeing replacement when there is a defect in the dome shape, color fastness, sound on cane acoustic quality, resilience, or deterioration of the detectable warning surface. The warranty period shall commence on the date of acceptance of the project by the Engineer.

303-5.9 Measurement and Payment. *After the last paragraph, ADD the following text:*

In addition, payment for constructing concrete curb and curb and gutter shall include full compensation for all related root pruning adjacent to reconstruction areas, all related forming, sub-grade preparation, all related sprinkler system modifications and adjustment to protect in place or to set aside in order to install the item, shall be included and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT CONCRETE CURB AND GUTTER** shall be made at the contract unit price bid per **Linear Foot (LF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to grading, root pruning, installation of moisture barrier, disposal, subgrade preparation, utility modifications and adjustments, sprinkler system modifications and adjustment (temporary and permanent), forming, concrete installation, concrete protection and replacement of damaged or marked concrete, backfill and infill of the one (1) foot wide full-depth AC pavement adjacent to the proposed concrete improvement as shown on the Plans, and as detailed per the applicable curb and gutter type by City of Irvine Std. Plan No. 200, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT CONCRETE MEDIAN CURB** shall be made at the contract unit price per **Linear Foot (LF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to grading, root pruning, installation of moisture barrier, disposal, subgrade preparation, utility modifications and adjustments, sprinkler system modifications and adjustment (temporary and permanent), forming, concrete installation, concrete protection and replacement of damaged or marked concrete, backfill and infill of the one (1) foot wide full-depth AC pavement adjacent to

the proposed concrete improvement as shown on the Plans, the details shown on City of Irvine Std. Plan No. 200, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT CONCRETE MOW CURB** shall be made at the contract unit price per **Linear Foot (LF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to grading, root pruning, installation of moisture barrier, disposal, subgrade preparation, utility modifications and adjustments, sprinkler system modifications and adjustment (temporary and permanent), forming, concrete installation, concrete protection and replacement of damaged or marked concrete, backfill and restoration of area adjacent to the proposed concrete improvement as shown on the Plans, the details shown on City of Irvine Std. Plan No. 600, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT CONCRETE RETAINING CURB WALL** shall be made at the contract unit price per **Linear Foot (LF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to grading, root pruning, installation of moisture barrier, disposal, subgrade preparation, utility modifications and adjustments, sprinkler system modifications and adjustment (temporary and permanent), forming, installation of steel reinforcement, concrete installation, concrete protection and replacement of damaged or marked concrete, backfill and infill of the one (1) foot wide full-depth AC pavement adjacent to the proposed concrete improvement as shown on the Plans, and detailed on Sheet C-1 (i.e. Sheet 12 of 87) “Retaining Curb Detail” of the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT CONCRETE DRIVEWAY** shall be made at the contract unit price bid per **Square Foot (SF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals for doing all work involved, complete in place, conforming to the requirements herein, including but not limited to, construction staging to maintain temporary pedestrian and vehicle access, saw cutting, removal and disposal of the existing improvements, grading, excavation and backfill, rooting pruning, disposal, subgrade preparation, forming, adjustment of pull boxes and valve cans, aggregate base, concrete installation, concrete protection and replacement of damaged or marked concrete, joining into adjacent curb and gutter, construction and joining into adjacent sidewalk and removal and replacement of adjacent AC pavement behind the driveway approach, installation of detectable warning surface per City of Irvine Standard Plan 202 and construction of retaining curbs, as detailed on Detail 32A on Sheet C-1 of the Plans, as detailed by City of Irvine Standard Plans 204 and 205, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment **for CONSTRUCT CONCRETE SIDEWALK** shall be made

at the contract unit price per **Square Foot (SF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals for doing all work involved, complete in place, conforming to the requirements herein, including but not limited to, maintaining temporary pedestrian access, excavation and backfill, rooting pruning, disposal, subgrade preparation, grading, forming, adjustment of pull boxes and valve cans, concrete installation, concrete protection and replacement of damaged or marked concrete, as shown on the Plans and as detailed by City of Irvine Standard Plan 201, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement for curb ramp construction, as shown on the Plans, shall include the area of the entire curb return from BCR to ECR including sidewalk areas, curb & gutter, detectable warning surface, and adjacent AC/AB pavement, unless otherwise directed by the Engineer.

Measurement and Payment for **CONSTRUCT CONCRETE CURB RAMP** shall be made at the contract unit price bid per **Each (EA),** as field measured and shall include the area of the entire curb return from BCR to ECR, including sidewalk areas, curb & gutter, detectable warning surface, and adjacent AC/AB pavement and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to complete all work including adjustment of pull box frame and covers to finished grade, installation of curb ramp and detectable warning surface, construction and joining into adjacent curb and gutter, any required retaining curb along the back and sides of the ramp, and replacement of the pavement strip at the edge of gutter for those locations outside the road reconstruction limits, and scoring patterns and grooving, as shown on the Plans, as detailed by City of Irvine Standard Plan 202, as detailed on Detail CR-2 on Sheet C-2 (i.e. Sheet 13 of 87) of the Plans, and as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL DETECTABLE WARNING SURFACE (RETROFIT ONLY)** shall be made at the contract unit price bid per **Square Foot (SF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to surface preparation, installation of surface applied detectable warning surface, testing, clean-up and all work and all other incidentals necessary work and appurtenances required for a complete and in place and proper operating installation as shown on the Plans, as detailed by City of Irvine Standard Plan 202, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT 4” CONCRETE MEDIAN PAVEMENT OVER MINIMUM 4” SAND** shall be made at the contract unit price bid per **Square Foot (SF)** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, sub-grade preparation, rooting pruning, compaction, grading, backfill, placement of minimum 4” thick sand bedding and disposal, adjustment of pull boxes and valve cans, concrete installation, concrete protection and replacement of damaged or marked

concrete, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT PARKWAY DRAIN** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to excavation, backfill, subgrade preparation, concrete placement, steel reinforcement, as detailed by SPPWC Standard Plan 151-2, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT V DITCH TO "U" GUTTER TRANSITION** shall be made at the contract unit price bid per **Each (EA)** and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to subgrade preparation, concrete placement, excavation and backfill, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

303-9 RETAINING WALL *ADD the following subsections:*

303-9.1 General

Retaining Walls shall be of Type as specified on the Plans and in accordance with Section 47 and 51 of the Caltrans Standard Specifications, 2015 edition.

Type 1 (Case 2) retaining wall shall be colored concrete, Method B, Sombrero Buff C-25, as described in Section 303-7 of the standard specifications and these Special Provisions.

Type 1 (Case 2) retaining wall surfaces designated in the Plans or Specifications as “architectural treatment” shall be formed using fractured rib formliners per details shown on the project drawings and fractured design No. 367 as manufactured by Silka Greenstreak, 3400 Tree Court Industrial Boulevard, St. Louis, Missouri 63122, phone 800-325-9504 or 636-225-9400, or approved equal. No substitutions will be allowed without prior written approval from the project engineer.

303-9.2 Measurement and Payment.

Measurement and Payment for **CONSTRUCT CALTRANS TYPE 1 (CASE 2) CONCRETE RETAINING WALL** shall be made at the contract unit price bid per **Square Foot (SF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, structural excavation, backfill and foundation, integral color and formliners, the details shown on the Plans, and detailed by Caltrans Standard Plans B0-3 and B3-1B, per Typical Section on Sheet X-1 (i.e. Sheet 3 of 87) of the Plans, with fractured rib architectural treatment per Detail 90 on Sheet RW-1 (i.e. Sheet 42 of 87) of

the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL CABLE RAILING** shall be made at the contract unit price bid per **Linear Foot (LF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, manufacturing and fabrication of cable railing system, and detailed by Caltrans Standard Plan B11-47, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT CONCRETE RETAINING WALL GUTTER** shall be made at the contract unit price bid per **Linear Foot (LF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, backfill, concrete placement, grading, forming and detailed by Caltrans Standard Plan B3-6, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT WALL DRAIN WITH PIPE DOME AND WALL GUTTER OUTLET WITH 4" PVC** shall be made at the contract unit price bid per **Each (EA),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, concrete placement, construction of overflow scupper, excavation, backfill, grading, forming and detailed by Caltrans Standard Plan B3-6, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT CALTRANS TYPE 6A (CASE 1) CMU RETAINING WALL (H=3'-4")** shall be made at the contract unit price bid per **Square Foot (SF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, structural excavation, backfill and foundation, reinforcing steel placement, concrete placement, and detailed by Caltrans Standard Plan B3-7A, modifying finished surface in front of wall and clean newly exposed wall face as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CMU WALL CANTILEVER FOUNDATION (BIKE TRAIL)** shall be made at the contract unit price bid per **Cubic Yard (CY),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, structural excavation, backfill and foundation, reinforcing steel placement, concrete placement, and detailed by Caltrans Standard Plan B3-7A, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer

and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT CALTRANS TYPE 5 (CASE 1) CONCRETE RETAINING WALL** shall be made at the contract unit price bid per **Square Foot (SF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, structural excavation, backfill and foundation, reinforcing steel placement, concrete placement, and detailed by Caltrans Standard Plan B3-4A, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

SECTION 304 – METAL FABRICATION AND CONSTRUCTION

304-2 METAL HAND RAILINGS

304-2.1 General. *DELETE the 1st sentence and REPLACE with the following*

Metal hand railing on top of CMU wall as shown on the Plans shall of Type as specified on the Plans and in accordance with Section 83 of the Caltrans Standard Specifications, 2015 edition.

Pedestrian barricades shall be Type I per Caltrans Standard Plan ES-7Q, and shall be constructed at locations shown on the Plans and in conformance with the details shown on the Plans, the provisions in Section 83-1 of the Caltrans Standard Specifications, 2015 edition, and these Special Provisions. Portland cement concrete shall be minor concrete or may be produced from commercial quality concrete containing not less than 590 pounds of cementitious material per cubic yard. Excavated material from the barricade pose holes shall be disposed of outside the public right of way.

304-2.4 Measurement and Payment. *After the last paragraph, ADD the following text:*

Measurement and Payment for **CONSTRUCT METAL HAND RAIL ON TOP OF CMU WALL** shall be made at the contract unit price bid per **Linear Foot (LF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, installation of concrete footing, standard pipe, rails and posts installation, and detailed by SPPWC Standard Plan 606-4, Type B, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL PEDESTRIAN BARRICADE** shall be made at the contract unit price bid per **Each (EA),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, installation of concrete footing, galvanized standard pipe and post installation, and detailed by Caltrans Standard Plan ES-7Q Type I, as shown on the Plans, as specified in the Standard Specifications and

these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

304-3 CHAIN LINK FENCE

304-3.4 Measurement and Payment. *After the last paragraph, ADD the following text:*

Measurement and Payment for **CONSTRUCT 5' HIGH METAL CHAIN LINK FENCE** shall be made at the contract unit price bid per **Linear Foot (LF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, installation of concrete footing, tie wire, galvanized cap on post, tension wire, and detailed by SPPWC Standard Plan 600-3, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

ADD the following Subsection:

304-6 METAL BOLLARD

304-6.1 General. Bollard posts shall be steel and shall conform to the details shown on the Plans, and as specified in Section 75-1.02 of the Caltrans Standard Specifications, 2015 edition, and these Special Provisions. Bollard posts shall be 4-inch standard galvanized steel pipe filled with concrete as indicated on the Plans.

304-6.2 Measurement and Payment.

Measurement and Payment for **INSTALL BOLLARD** shall be made at the contract unit price bid per **Each (EA),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, foundation, as shown on the Plans, and detailed by Detail 43 on Sheet C-2 (i.e. Sheet 13 of 87) of the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

ADD the following Subsection:

304-7 METAL BEAM GUARD RAILING

304-7.1 General. Metal Beam Guard Railing shall conform to the details shown on the Plans. All work for furnishing and installing metal beam guard railing and wood posts for metal beam guard railing shall comply with City of Irvine Standard Plan 401 and the Caltrans Standard Specifications, Section 83 “Railings and Barriers”, and these Special Provisions.

304-7.2 Measurement and Payment.

Measurement and Payment for **INSTALL METAL BEAM GUARD RAILING (MBGR) ON METAL POSTS** shall be made at the contract unit price bid per **Linear Foot (LF)**, as field measured and shall be considered full compensation for furnishing all labor,

materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, installation of metal beam guard railing, including foundation, as shown on the Plans, and detailed by City of Irvine Standard Plan 401, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

SECTION 306 – OPEN TRENCH CONDUIT CONSTRUCTION

306-1 GENERAL. *ADD the following*:

The pipe installation requirements provided are as follows: (The geotechnical investigation report for this project was prepared by LOR Geotechnical - Subsurface Soils Investigation and Pavement Evaluation – University Drive Widening Improvement Project, City of Irvine, LOR Project No. 63199.9, dated March 17, 2016 and is available for review at the City Public Works Department):

1) Trench shoring shall conform to Cal-OSHA requirements and the Contractor shall submit a shoring design stamped and signed by a California Registered Civil Engineer, which conforms to the soil parameters as described here-in and to the design parameters as described per Section 306-4 Shoring and Bracing of these Special Provisions.

2) Type C soil is the predominant type of material on the project and all short-term excavations should be designed accordingly. In accordance with Title 8 of the California Code of Regulations, simple slope excavations made in Type C soil material should have maximum allowable slopes of 1.5:1 (horiz:vert). Deviation from the standard short term slopes are permitted using option 4, Design by a California Registered Professional Engineer (Section 1541.1) and as approved by the Engineer or authorized representative.

3) The fine grained on-site soils (sandy silt, silty sand, and lean clay with sand) encountered along the proposed pipeline alignment are not suitable for bedding sand around the pipeline due to their high fine content and low sand equivalent. However, the coarse grained on-site soils (well graded sand) encountered along the pipeline alignment are considered adequate for bedding sand around the pipeline due to their low fine content and high (≥ 30) sand equivalent. Bedding material should consist of sand, gravel, or crushed aggregate less than 1 inch in diameter and having a sand equivalent of not less than 30 or as specified by the pipe manufacturer.

4) All trench backfill shall be placed at optimum moisture content under the observation of the Engineer and/or Geotechnical Engineer, and shall be tested to meet 90% Relative Compaction as a percentage of the maximum dry density by ASTM D1557. The upper 12 inches of subgrade materials that are to be paved should be compacted to at least 95% relative compaction.

5) The existing trench excavation material is generally suitable for reuse as trench backfill above the bedding material. Rock or similar irreducible material with a

maximum dimension greater than 6 inches shall not be buried or placed in fills without prior approval by the City's geotechnical engineer.

6) Import fill shall be inorganic, non-expansive, granular soils free from rocks or lumps greater than 6 inches in maximum dimension. Sources for import fill should be approved by the City's geotechnical engineer prior to their use.

306-3 TRENCH EXCAVATION.

306-3.1 General. *ADD the following*:

All trenches shall be saw cut to the bottom of the existing concrete or asphalt section to minimize damage to adjacent pavement. The bottom of the trench shall be excavated uniformly to the grade of the bottom of the pipe and shall be given a final trim using a string line for establishing grade, such that each pipe section when first laid will be continually in contact with the ground along the extreme bottom of the pipe.

When the actual elevation or position of any existing pipe, conduit, or other underground appurtenances, which is shown on the Plans, cannot be determined without excavation the Contractor shall excavate and expose the existing improvement. Such excavation shall be considered as part of the excavation necessary for the open trench work and no additional compensation will be made therefor. The Engineer shall be given the opportunity to inspect the existing improvement when it is exposed. Any adjustments in line or grade, which may be necessary to accomplish the intent of the Plans, shall be made with the direction and approval of the Engineer. Continuation of pipeline installation or structure construction for the remainder of project shall proceed only after Engineer provides necessary design adjustments.

Contractor shall excavate and expose the existing improvements (potholes) at the locations as marked on the ground and any other locations deemed necessary by the Engineer. Such excavation shall be performed as part of the storm drain construction project. However, utility potholing shall be performed far enough in advance of the storm drain pipe installation operation so as to allow the Engineer at least two (2) working days to redesign the storm drain alignment, if so required, due to an unforeseen utility conflict. Failure to pothole all known existing utility crossings in advance of the open trench pipe and structure installation, to confirm their exact depth and location, shall not relieve the Contractor from the obligation to provide the Engineer adequate time for potential redesign or expose the City to any potential claims for related delays or related reconstruction of affected portions of storm drain improvements in the event that they are required to be constructed in a new alignment or profile. All costs for potholing operations adequately in advance of the open trench storm drain pipe and structure installation shall be included in the prices bid for pipe or related structure construction.

Pothole for utilities as detailed herein or locations selected by the agency shall be considered as part of the excavation necessary for the work, and no additional compensation will be made therefor.

306-3.4 Minimum and Maximum Pipe Zone Trench Width. *Add the following*:

For storm drains, the bottom of the trench shall have a minimum width equal to the outside diameter of the pipe plus 6 inches on each side of the edge of pipe and a

maximum width equal to the outside diameter of the pipe plus 12 inches on each side of the edge of pipe.

306-3.5 Maximum Length of Open Trench. *DELETE the first sentence of the first paragraph of this SUBSECTION in its ENTIRETY and REPLACE with the following*:

Except by permission of the Engineer, the maximum length of open trench where prefabricated pipe is installed shall be the distance necessary to accommodate the amount of pipe installed in a single day. Opening up more trench than pipe can be installed and "buttoned up" in one day will not be allowed.

306-4 SHORING AND BRACING. *ADD the following*:

Shoring placed below grade that is restrained against free movement at the top should be designed to resist a lateral earth pressure between active and at rest conditions. A uniform lateral earth pressure, rectangular distribution of 45H pounds per square foot (psf), where H is the height of the trench in feet.

Additional surcharge loads (i.e. equipment, excavation spoil, etc.) placed within a horizontal distance equal to the height of the excavation should be added to the above recommended pressure at a rate of 0.38 times the surcharge load.

The above recommended pressure is based on the assumption that the shored excavation will be kept dry at least to the bottom of the excavation.

In addition, if the excavation walls are composed of trench backfill materials associated to the existing storm drain pipe, the in-place density and shear strength properties of the backfills should be investigated to verify the suitability of the preceding shoring parameters.

The Contractor is required to obtain a permit, for the excavation of trench that is five feet or more in depth and into which a person is required to descend, from the Division of Industrial Safety and shall provide a copy to the Engineer.

The Contractor shall furnish all labor, equipment, and materials required to design, construct, and remove all sheeting, shoring, and bracing or other equivalent method of support for the walls of open excavations required for the construction of this project.

Excavation for any trench or structure five (5) feet or more in depth shall not begin until the Contractor has received written approval, signifying that the Engineer has received the Contractor's detailed plan for worker protection from the hazards of caving ground. Such plan shall be submitted at least five (5) days before the Contractor intends to begin excavation and shall show the details of the design of shoring, bracing or other provisions to be made for worker protection during such excavation. The plan shall designate the use of shoring, sloping or a protective system at least as effective as that required by the Construction Safety Orders of the Division of Industrial Safety. If said plan varies from the shoring system standards established by the Construction Safety Orders, the plan shall be prepared and signed by an Engineer who is registered as a Civil or Structural Engineer in the State of California.

Prior to the beginning of excavations requiring shoring, the Contractor shall designate in writing to the Engineer, someone whose responsibility is to supervise the project safety measures and someone whose responsibility is to supervise the installation and removal of sheeting, shoring, and bracing.

The excavations and shoring, shall be such as to protect all existing improvements and utilities from any damage and to be fully compatible with all requirements for traffic and access and the safe performance of the work.

Attention is directed to the trench width distances on the Plans. The design of the conduit and the shoring is based on this maximum width. If the trench width exceeds the maximum design width, the pipe bedding, pipe D-Load and the shoring shall be redesigned. The Contractor shall submit the shoring re-design stamped and signed by a California Registered Civil Engineer. The Contractor shall be responsible for any additional costs due to the increased trench width.

In addition to shoring the excavations in accordance with the minimum requirements of the Industrial Safety Orders, it shall be the Contractor's responsibility to provide any and all additional shoring required to support the sides of the excavation against the effects of loads which may exceed those derived by using the criteria set forth in the Industrial Safety Orders. The Contractor shall be solely responsible for any damages which may result from his failure to provide adequate shoring to support the excavation under any or all of the conditions of loading which may exist, or which may arise during the construction of the project.

Trench plating required per the traffic control section of these specifications and as directed by the Engineer shall be capable of supporting H20 loading and have a non-skid surface, due to the potential for wet weather.

306-6 BEDDING.

306-6.1 General. *Add the following*:

The Contractor shall not perform open trench operations until storm drain pipe is present on-site. Trenching while pipe sections are in transit shall not be allowed.

The trench bottom shall be graded to provide a smooth, straight, firm and stable foundation at every point throughout the length of the pipe. At each joint in the pipe, the bedding shall be recessed in such manner as to relieve the bell, or coupling, if any, from all loads and to ensure continuous bearing along the pipe barrel. The recess shall be large enough to allow jointing of the pipe without foreign material entering the pipe.

If any trench, through the neglect of the Contractor, is excavated below the grade required by the Plans, Standard Specifications, and/or these Special Provisions, it shall be refilled to grade with additional acceptable bedding per these special provisions. Additional bedding shall be ¾-inch crushed rock in accordance with Section 200-2 of the Standard Specifications and these Special Provisions. The excess excavation and the additional bedding shall be at no expense to the City.

Add the following Subsection:

306-7.3.4 Pipe Laying.

In the event obstructions are encountered during the progress of the work, which require a deviation from the line and grade shown on the Plans, the Engineer shall have the authority to change the Plans and order the necessary deviation from the line or grade. Contractor shall not make any deviation from the specified line or grade without approval by the Engineer.

All surface or groundwater shall be prevented from entering the pipe and shall be removed from the trench in an approved manner.

306-12 BACKFILL.

306-12.1 General. *Add the following*:

Rocks greater than four (4) inches in any dimension will not be permitted in the backfill.

All trench crossings with major utility lines (more than 12-inch diameter) shall be backfilled with mechanically mixed slurry of one sack of Portland cement and one cubic yard of sand.

Where the proposed storm drain pipe shall have two (2) feet or less of cover from the finished surface a PCC concrete blanket / backfill shall be placed from the spring-line of the pipe to within six (6) inches of the proposed finished surface (final 6-inches shall be paved with 4-inches of asphalt concrete base course and 2-inches of asphalt concrete surface course). The exception would be when a Dirt, Rock or other PCC improvement is called for on the Plans.

306-12.3 Mechanically Compacted Trench Backfill. *Add the following at the end of the third paragraph:*

Material for mechanically compacted backfill shall be placed in lifts, which, prior to compaction, shall not exceed 6 inches in depth.

306-12.3.2 Compaction Requirements. *DELETE the Subsection in its entirety and REPLACE with the following:*

Except as specified otherwise, trench backfill shall be densified to the relative compaction requirements of 90 percent. Compaction to 95 percent is required under future pavement through the upper 12 inches.

306-13.2 Permanent Resurfacing. *Add the following:*

See Section 203-6.1 of these Special Provisions for replacement AC requirements. Contractor shall replace in-kind any and all existing surface improvement, such as decorative PCC, brick, planter curb / walls, plants, irrigation improvements, etc.

306-15 PAYMENT. *ADD the following*:

Measurement and Payment for **CONSTRUCT 18" RCP (2000-D)** shall be made at the contract unit price bid per **Linear Foot (LF)**, to be constructed by open trench operations, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, the excavation of the trench, the preparation of sub-grade, advanced utility potholing, bedding, placing and joining pipe, backfilling and compacting the trench or cement slurry backfill, temporary resurfacing, required trench-related cold milling of existing pavement, replacement of all interfering surface improvements, and all other work necessary to install the pipe by open trench, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT 30" RCP (2000-D)** shall be made at the contract unit price bid per **Linear Foot (LF)**, to be constructed by open trench operations, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, the excavation of the trench, the preparation of sub-grade, advanced utility potholing, bedding, placing and joining pipe, backfilling and compacting the trench or cement slurry backfill, temporary resurfacing, required trench-related cold milling of existing pavement, replacement of all interfering surface improvements, and all other work necessary to install the pipe by open trench, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT 60" RCP (2000-D)** shall be made at the contract unit price bid per **Linear Foot (LF)**, to be constructed by open trench operations, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, the excavation of the trench, the preparation of sub-grade, advanced utility potholing, bedding, placing and joining pipe, backfilling and compacting the trench or cement slurry backfill, temporary resurfacing, required trench-related cold milling of existing pavement, replacement of all interfering surface improvements, and all other work necessary to install the pipe by open trench, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT DOUBLE 3'Wx1'H RCB** shall be made at the contract unit price bid per **Linear Foot (LF)**, to be constructed by open trench operations, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, the excavation of the trench, the preparation of sub-grade, advanced utility potholing, bedding, placing and joining pipe, backfilling and compacting the trench or cement slurry backfill, temporary resurfacing, required trench-related cold milling of existing pavement, replacement of all interfering surface improvements, and all other work necessary to install the double 3’ wide x 1’ high reinforced concrete box by open trench, as shown on the Plans, as specified in the Standard Specifications and these Special

Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT CONCRETE COLLAR (18", 30" AND 60")** shall be made at the contract unit price bid per **Each (EA)**, as field measured shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, bedding, forming, placement of reinforcing steel, concrete placement, testing, backfilling and compacting the trench or cement slurry backfill, removal and proper disposal excess materials, and all other related work and materials required for a complete installation, as shown on the Plans and as detailed by City of Irvine Standard Plan 310, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT BLANKET PROTECTION** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, potholing to identify existing pipe/utility, excavation, grading, compaction, Styrofoam installation, forming, concrete placement, bedding, backfilling and compacting the trench or cement slurry backfill, removal and proper disposal excess materials, and all other related work and materials required for a complete installation, as shown on the Plans and as detailed by SPPWC Standard Plan 225-2, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT 2' THICK CONCRETE PLUG** shall be made at the contract unit price bid per **Each (EA)**, as field measured shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, excavation, forming, plugging existing pipe with 2' thick concrete plug, concrete placement, testing, backfilling and compacting the trench or cement slurry backfill, removal and proper disposal excess materials, and all other related work and materials required for a complete installation, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT 4" PVC (SCH 40)** shall be made at the contract unit price bid per **Linear Foot (LF)**, to be constructed by open trench operations, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, the excavation of the trench, the preparation of sub-grade, advanced utility potholing, concrete coring, bedding, placing and joining pipe, backfilling and compacting the trench or cement slurry backfill, temporary resurfacing, required trench-related cold milling of existing pavement, replacement of all interfering surface improvements, and all other work necessary to install the pipe by open trench, as shown on the Plans, as detailed by City of Irvine Standard Plans 223 and 318, as detailed by Detail 81 on Sheet DD-1 (i.e. Sheet 23) of the Plans, as specified in the Standard Specifications and these Special

Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT RCB TO PIPE TRANSITION STRUCTURE** shall be made at the contract unit price bid per **Linear Foot (LF)**, to be constructed by open trench operations, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, the excavation of the trench, the preparation of sub-grade, advanced utility potholing, bedding, placing and joining pipe, backfilling and compacting the trench or cement slurry backfill, temporary resurfacing, required trench-related cold milling of existing pavement, replacement of all interfering surface improvements, and all other work necessary to install the reinforced concrete box to pipe transition structure by open trench, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

306-15.2 Shoring and Bracing.

Payment for **OPEN TRENCH SHEETING, SHORING, BRACING AND STEEL PLATING** shall be made at the contract **Lump Sum (LS)** price bid and shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to acquiring a permit from the Division of Industrial Safety, shop drawing and submittal preparation and revision, necessary dewatering, protection of adjacent facilities and appurtenances, excavation, storage of shoring components, shoring installation, shoring monitoring and repairs, shoring removal, backfill and compaction, restoration of disturbed areas as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor. No additional payment will be made as a result of revisions required in the trench support details, due to a type of soil encountered which requires a method of trench support different from that approved or due to other unforeseen reasons.

306-15.9 Buried Structures. *DELETE the second and third sentences of the first paragraph in its entirety and REPLACE with the following:*

Measurement and Payment for **CONSTRUCT JUNCTION STRUCTURE NO. I** shall be made at the contract unit price bid per **Each (EA)**, to be constructed by open trench operations, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, the excavation of the trench, the preparation of sub-grade, advanced utility potholing, backfilling and compacting the trench, temporary resurfacing, required trench-related cold milling of existing pavement, replacement of all interfering surface improvements, and all other work necessary to install Junction Structure No. I by open trench, as shown on the Plans, and detailed by City of Irvine Standard Plan 306, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT MODIFIED JUNCTION STRUCTURE NO. I** shall be made at the contract unit price bid per **Each (EA)**, to be constructed by open trench operations, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, the excavation of the trench, the preparation of sub-grade, advanced utility potholing, backfilling and compacting the trench, temporary resurfacing, required trench-related cold milling of existing pavement, replacement of all interfering surface improvements, and all other work necessary to install Modified Junction Structure No. I by open trench, as shown on the Plans, and detailed by City of Irvine Standard Plan 306 and Detail 83 on Sheet DD-1 (i.e. Sheet 23 of 87) of the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **CONSTRUCT JUNCTION STRUCTURE (PIPE TO RCB) PER SPPWC 333-2** shall be made at the contract unit price bid per **Each (EA)**, to be constructed by open trench operations, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, the excavation of the trench, the preparation of sub-grade, advanced utility potholing, backfilling and compacting the trench, temporary resurfacing, required trench-related cold milling of existing pavement, replacement of all interfering surface improvements, and all other work necessary to install Junction Structure - Pipe to RCB by open trench, as shown on the Plans, and detailed by SPPWC Standard Plan 333-2, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **ENLARGE OPENING OF EXISTING STORM DRAIN STRUCTURE** shall be made at the contract unit price bid per **Each (EA)**, to be constructed by open trench operations, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, the excavation of the trench, the preparation of sub-grade, advanced utility potholing, backfilling and compacting the trench, temporary resurfacing, required trench-related cold milling of existing pavement, replacement of all interfering surface improvements, and all other work necessary to modify existing storm drain junction structure to enlarge opening with handheld tools to accommodate proposed RCP outside diameter and to join to existing junction structure as shown on Construction Note 62 on Sheet D-2 (i.e. Sheet 19 of 87) of the Plans, and to modify existing storm drain RCB transition structure to enlarge opening with handheld tools to accommodate proposed RCP outside diameter and to join to existing transition structure as shown on Construction Note 65 on Sheet D-2 (i.e. Sheet 19 of 87) of the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

306-15.9 Temporary Resurfacing. *DELETE this SUBSECTION in its entirety and REPLACE with the following:*

Payment for all temporary AC resurfacing by the Contractor, or ordered to be placed by the Engineer, will be considered to be included within the bid item for which excavation was performed.

ADD the following Subsection:

SECTION 313 – TRAFFIC SIGNING

313-1 GENERAL. The Contractor shall furnish and install signs as noted on the Plans, shall protect-in-place existing signs and posts which are not to be removed and shall replace any of these signs which are damaged during construction.

Posts shall be installed in driven post anchors per the manufacturer's specifications.

New signs shall be installed on 10 foot posts, except a longer post shall be used if necessary to maintain a 7 foot vertical clearance from the bottom of the lowest sign to the top of the surrounding surface in pedestrian areas. Signposts shall be installed a minimum of 6 feet from power poles, fire hydrants, and other obstructions.

If the anchor and sleeve are installed in a median island with decorative paving, a concrete or decorative sidewalk area:

A 4-inch diameter Schedule 40 PVC sleeve shall be installed prior to placement of the new decorative paving.

On existing pavement, install a 4-inch diameter Scheduled 40 PVC sleeve by core drilling the pavement.

The length of the sleeve shall be the same as the thickness of the decorative paving or up to 1 inch greater. The sleeve shall be installed flush with the finish grade of the surrounding decorative paving. Back fill the annular void between the sleeve and signpost anchor with existing base material or sand to within 1" of the finished surface. Fill the final 1" with grout.

All signs to be salvaged, as called for on the Plans, shall be become property of the Contractor.

All posts driven signpost anchors shall be completely removed and the signpost anchor assembly hole backfilled with clean fill dirt to match the existing surrounding grade (non-paved areas only). Driven signpost anchors in sidewalk or pavement areas shall be completely removed and backfilled with grout to the level of the surrounding grade. Signposts with foundations in parkway area shall be completely removed and backfilled with clean fill dirt to match the grade of the surrounding area. Signposts located within sidewalk or other paved areas, shall core drill the sidewalk and remove the signpost to below sidewalk or paving then backfilled with concrete or paving material to match the existing.

313-2 MEASUREMENT AND PAYMENT.

Measurement and Payment for **INSTALL SIGN** shall be made at the contract unit price bid per **Each (EA)**, installed and in use, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to sign fabrication, sign post painting, sign post alterations, sign assembly, excavation, sign installation, backfill, protection, covering until relevant and uncovering when necessary as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **RELOCATE SIGN (1 POST)** shall be made at the contract unit price bid per **Each (EA)**, installed and in use, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to sign removal, backfill and grading of existing location, storage, alterations, cleaning, disassembly and assembly, excavation, sign installation, backfill, protection, covering until relevant and uncovering when necessary as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **RELOCATE SIGN (COI)** shall be made at the contract unit price bid per **Each (EA)**, installed and in use, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to sign removal, backfill and grading and restoration of existing location, storage, alterations, cleaning, disassembly and assembly, excavation, sign installation, backfill, protection, covering until relevant and uncovering when necessary as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **RELOCATE UTILITY MARKER** shall be made at the contract unit price bid per **Each (EA)**, installed and in use, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to utility company contact, coordination and inspection services, marker removal, backfill and grading of existing location, storage, alterations, cleaning, disassembly and assembly, excavation, marker installation, backfill, protection, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE SIGN** shall be made at the contract unit price bid per **Each (EA)**, installed and in use, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to sign removal, backfill and grading and restoration of existing location, storage, disposal of delivery to salvage location, as shown on the

Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

SECTION 314 – TRAFFIC STRIPING, CURB AND PAVEMENT MARKINGS, AND PAVEMENT MARKERS

REVISE as follows:

314-2 REMOVAL OF TRAFFIC STRIPING AND CURB AND PAVEMENT MARKINGS.

314-2.1 General. *MODIFY to ADD the following:*
All conflicting striping, pavement markings, and curb paint shall be removed by wet sandblasting or other approved method prior to installation of new striping. All conflicting raised pavement markers shall be removed.

Pavement that is damaged due to removal of markers or striping shall be repaired to the satisfaction of the Agency Representative.

Removal of existing yellow painted striping throughout the project limits of University Drive shall comply with the requirements Caltrans Standard Special Provisions 14-11.07 and 15-2.02C(2), included as Appendix C herein these project specifications.

314-2.2.2.3 Measurement and Payment

Measurement and Payment for **REMOVE EXISTING DOUBLE YELLOW PAINTED STRIPE** shall be made at the contract **Lump Sum (LS)** price bid and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, removal of yellow painted striping in compliance with the Caltrans Standard Special Provisions 14-11.07 for removal of yellow traffic stripe (provided in Appendix C of these project specifications), analytical testing, proper storage and disposal of hazardous waste, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Payment for removal of existing striping, excluding double yellow painted striping, shall be considered included in the cost for Traffic Control and no additional payment will allowed therefor.

314-3.2 Measurement and 314-3.3 Payment. *DELETE these SUBSECTIONS in its entirety.*

314-4 APPLICATION OF TRAFFIC STRIPING AND CURB AND PAVEMENT MARKINGS.

314-4.1 General. *MODIFY to ADD the following:*
The Contractor shall furnish and apply traffic stripes and pavement markings as shown on the Plans and as directed by the Agency's Representative. Placement of striping and markings shall conform to the requirements of Section 84 of the State Standard

Specifications, latest edition, the City of Irvine Standard Plans and these Special Provisions.

Signing and striping shall conform to part 2 signs & part 3 markings of the (MUTCD), latest edition, these Plans and Special Provisions.

Detail 9 lane line striping pattern in part 3 markings shall be used on all multilane streets regardless of street design speed.

Pavement legends shall match the City stencils (Hawkins stencils or equivalent).

All striping and pavement markings shall be reflectorized and applied in two coats. A minimum of seven days shall be provided between first and second coats.

The Contractor shall contact the City of Irvine inspection services for inspection 48 hours prior to beginning of construction.

Contractor shall verify all existing conditions and dimensions before starting work. If conditions exist which are contrary to those shown on these Plans, the City of Irvine inspection services shall be notified before proceeding with work.

Striping shall be cat tracked and approved by the Agency Representative prior to final installation.

Crosswalk shall conform to the City of Irvine Standard Plan No. 203.

314-4.3.6 Measurement and 314-4.3.7 Payment. *DELETE and SUBSTITUTE with the following:*
314-4.3.6 Measurement and Payment.

Payment for **STRIPING, MARKINGS AND MARKERS** shall be made at the contract **Lump Sum (LS)** price bid and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, removal of existing striping and markings and placing temporary striping and markings applying thermoplastic and painted traffic stripes and pavement markings, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

314-5 PAVEMENT MARKERS.

314-5.4 Placement. *MODIFY to ADD the following:*
All pavement markers shall comply with Sections 81 and 84 of the State Standard Specifications. Non-reflective markers shall be ceramic. All new markers shall have glass faces or be 3M series 290.

Blue raised reflective pavement marker shall be installed adjacent to all existing fire hydrants in accordance with the latest MUTCD.

314-5.6 Measurement and 314-5.7 Payment. *DELETE and SUBSTITUTE with the following:*

314-5.6 Measurement and Payment.

Payment for **STRIPING, MARKINGS AND MARKERS** shall be made at the contract **Lump Sum (LS)** price bid and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, removal of existing pavement markers and placing temporary pavement markers, installation of permanent pavement markers, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

ADD the following Subsection:

314-6 REMOVAL OF TRAFFIC STRIPING AND CURB AND PAVEMENT MARKINGS.

314-2.1 General. *MODIFY to ADD the following:*

All conflicting striping, pavement markings, and curb paint shall be removed by wet sandblasting or other approved method prior to installation of new striping. All conflicting raised pavement markers shall be removed.

Pavement that is damaged due to removal of markers or striping shall be repaired to the satisfaction of the Agency Representative.

PART 6 – TEMPORARY TRAFFIC CONTROL

REVISE as follows:

SECTION 600 – ACCESS

600-2 VEHICULAR ACCESS. *DELETE in its entirety and SUBSTITUTE with the following:*
Vehicular access to residential driveways shall be maintained to the property line except when necessary construction precludes such access for reasonable periods of time. If backfill has been completed to the extent that safe access may be provided, and the street is opened to local traffic, the Contractor shall immediately clear the street and driveways and provide and maintain access.

Safe, adequate, continuous and unobstructed vehicular access shall be maintained to fire hydrants, residences, commercial and industrial establishments, churches, schools, parking lots, service stations, motels, fire and police stations, bus stops, hospitals, etc., unless otherwise approved by the Engineer.

During non-working hours or when work is not scheduled, all roadway lanes shall be returned to their full traffic use by backfilling and paving open trenches unless otherwise approved by the Engineer. At the end of the workday, the Contractor shall remove all Traffic Control Devices not in use.

The Contractor shall replace vehicle loop detectors damaged by the Contractor's operations, at its own expense within 24 hours of the damage. The Contractor shall replace existing loop detectors, shown on the Plans to be replaced, within 24 hours from when they are removed from service.

Should the Contractor fail to replace the vehicle loop detectors within 24 hours from when they are damaged or removed from service, or the installed signal loops are not functional, the Agency, at its option and at the Contractor's sole cost and expense, may install such temporary detection methods as may be necessary. The Agency will deduct cost of such work from any monies due the Contractor. Failure of the Agency, however, to install such temporary detection methods, shall not relieve the Contractor of his full responsibility for public safety per 7-10 of the Standard Specifications and the Special Provisions.

If the Contractor proposes temporary alternate detection methods, video or wireless, the Contractor shall provide submittals of the alternate methods for acceptance by the Engineer in accordance with 2-5.3 of the Standard Specifications and the Special Provisions. The cost for providing all temporary detection methods shall be as included in the various items of Work and no additional compensation will be allowed therefor.

600-3 PEDESTRIAN ACCESS. *DELETE in its entirety and SUBSTITUTE with the following:*
Safe, adequate, continuous and unobstructed pedestrian access shall be maintained to sidewalks, cross walks, residences, commercial and industrial establishments, churches, schools, parking lots, service stations, motels, fire and police stations, hospitals, etc., unless other arrangements satisfactory to the Agency have been made by the Contractor and

accepted by the Agency. Pedestrian access and paths shall meet federal, state and Agency ADA requirements.

ADD:

600-4 CONSTRUCTION PARKING CONTROL. The Contractor shall control vehicular parking to preclude interference with public traffic or parking, access by emergency vehicles, owners operations, or construction operations, and monitor parking or construction personnel private vehicles by maintaining free vehicular access to and through parking areas and prohibit parking on or adjacent to access roads, or in non-designated areas.

ADD:

600-5 SITE ACCESS. When entering or leaving roadways carrying public traffic, contractors' equipment, whether empty or loaded, shall in all cases yield to public traffic.

The Contractor shall comply with the following City of Irvine truck route restrictions:

DESIGNATED TRUCK ROUTES - ORD. NO. 92-09

	Name of Street	Portion Designated
a)	Alton Parkway	Sand Canyon Avenue to Irvine Boulevard
b)	Bake Parkway	Rockfield Boulevard to easterly City limit
c)	Barranca Parkway	Red Hill Avenue to Jamboree Road
d)	Campus Drive	Jamboree Road to MacArthur Boulevard
e)	Irvine Boulevard	Culver Drive to Jeffrey Road
f)	Irvine Boulevard	Alton Parkway to easterly City limit
g)	Jamboree Road	Warner Avenue to MacArthur Boulevard
h)	Laguna Canyon Road	Alton Parkway to State Route 133
i)	Laguna Freeway (133)	
j)	MacArthur Boulevard	Daimler Street. to Campus Drive
k)	MacArthur Boulevard	Jamboree Road to Ford Road
l)	Main Street	Jamboree Road to westerly City limit
m)	Red Hill Avenue	Barranca Parkway to San Diego Fwy. (I-405)
n)	Rockfield Boulevard	Bake Parkway to easterly City limit
o)	Sand Canyon Avenue	San Diego Fwy. (I-405) to northerly City limit
p)	San Diego Fwy. (I-405)	
q)	Santa Ana Fwy. (I-5)	

RESTRICTED ROUTES, SEVEN TON (14,000 POUNDS) GROSS WEIGHT - ORD. NOS. 92-09 AND 98-16

	Name of Street	Portion Designated
a)	Campus Drive	Jamboree Road to University Drive

b)	Culver Drive	Santa Ana Fwy. (I-5) to northerly City limit
c)	Jeffrey Road	Irvine Center Drive to Santa Ana Fwy. (I-5)
d)	Jeronimo Road	Goodyear to 400 feet westerly of Bake Pkwy.

	Name of Street	Portion Designated
a)	Bonita Canyon Road/Shady Canyon	Newport Coast Drive to Sunnyhill
b)	Culver Drive	Michelson Drive to Bonita Canyon Road
c)	University Drive	Ridgeline Drive to Harvard Avenue

SECTION 601 – WORK AREA TRAFFIC CONTROL

REVISE as follows:

601-1 GENERAL. *DELETE in its entirety and SUBSTITUTE with the following:*
The Contractor shall provide and maintain all construction area traffic controls in accordance with Part 6 of the Standard Specifications, the latest version of the (MUTCD), and Work Area Traffic Control Handbook (WATCH), and these Special Provisions.

Portable delineators (traffic cones are not allowed) which conform to the current California Manual of Uniform Traffic Control Devices (CA MUTCD) shall be spaced as necessary for proper delineation of the travel way. The spacing between delineators shall not exceed 50 feet. The minimum lane transitions shall be a 50 to 1 taper unless otherwise shown on the Plans. Double base delineators will be required.

If the portable delineators are damaged, displaced or are not in an upright position, from any cause, said portable delineators shall immediately be replaced or restored to their original location, in an upright position, by the Contractor.

Where construction detours and signing conflict with existing signing, the Contractor shall cover existing signs in a manner approved by the Agency's Representative. The Contractor shall also provide temporary traffic delineation per 602 at the conclusion of each working day, if not sooner, as directed by the Agency's Representative, for any centerline, painted median or lane line which is obliterated by construction.

The Contractor shall provide temporary delineation as directed/accepted. Temporary delineation shall include removal of conflicting markings by accepted means; installation and removal of temporary centerlines or lane lines, detour signing, barricading; and

replacement of traffic lines and markings in their proper locations upon termination of the detour. Conflicting existing and temporary striping, as required for traffic control during construction, shall be removed by the Contractor by methods accepted by the Engineer. Blacking out the pavement will not be allowed. Temporary reflective striping tape may be used, except that it shall not be applied to final asphalt surfaces. Tape shall be removed from temporary surfaces prior to placement of additional asphalt.

The Contractor shall maintain a 24-hour emergency service to remove, install, relocate, and maintain warning devices and shall furnish to the Agency's Representative, names and telephone numbers of three persons responsible for this emergency service. In the event the Contractor does not promptly respond when notified, the Agency may make corrections at Contractor's expense.

Each workday, the Contractor shall ensure traffic control is in place prior to starting construction.

Should the Contractor appear, in the opinion of the Engineer, to be lacking in providing adequate warning devices and protective measures as above provided, the Engineer may direct attention to the existence of a hazard, and the necessary warning and protective measures shall be furnished and installed by the Contractor, at his/her expense. Should the Engineer point out the inadequacy of warning and protective measures, such action on the part of the Engineer shall not relieve the Contractor from responsibility for public safety or abrogate its obligation to furnish and pay for these devices.

The Contractor shall notify local Police and Fire Departments of its intent to begin work at each location at least ten (10) days before work is to begin. The Contractor shall cooperate with local authorities relative to handling traffic through the area. The Contractor shall also coordinate with OCTA to ensure the safe operation of buses and access to bus stops in the construction area.

No work that interferes with public traffic shall be performed except during the hours specified for lane closures 601-6.6.

Existing traffic loop detector replacement shall be required as necessary such that no traffic signal loop is out of operation at the end of the workday. The cost for providing all temporary traffic signal loop detectors shall be included into the various related items of work and no additional compensation will be allowed; this includes traffic signal loop detectors damaged by the Contractor's operations not designated for replacement in the contract plans.

Areas requiring edge cold mill shall be cold milled not more than three (3) Calendar Days prior to AC paving. Areas requiring digouts shall be repaved and open for traffic at the end of the same day.

The Contractor shall maintain access to all driveways at all times.

601-2 TRAFFIC CONTROL PLAN (TCP). *DELETE in their entirety 2nd, 3rd and 4th paragraphs and SUBSTITUTE with the following:*

If required by the Contract documents or the Contractor requests a deviation from the construction staging/traffic control included in the Contract Documents, the Contractor shall provide a plan prepared and stamped by registered civil engineer in the State of California for approval by the Agency prior to commencing Work of the Contract. Allow a minimum of fifteen (15) Working Days for the first Agency review and ten (10) Working Days for subsequent reviews.

The Contractor shall legibly indicate the following information on a reproducible drawing.

a) All lane closures and/or detours anticipated during construction.

b) Temporary signage, striping and delineation.

c) Special traffic control requirements.

The Contractor shall submit two (2) prints of approved drawings to Agency Representative, and retain one (1) print at construction site.

601-3 PAYMENT. *MODIFY to ADD the following:*

Payment for **TRAFFIC CONTROL** shall be made at the contract **Lump Sum (LS)** price bid and shall include full compensation for furnishing all labor, materials, tools, equipment and incidentals and for preparing traffic control plans, doing all the work involved in all temporary traffic control related work (excluding K-rails and sand-filled crash cushions – see separate payment clause in the paragraph below) involving placing, removing, storing, maintaining, moving to new locations, replacing and disposing of the components of traffic control system, complete in place, all associated temporary signing and striping; flashing arrow signs; flagging and/or flagger costs; and project notifications, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, and as directed by the Engineer, and no additional compensation will be allowed therefor.

Payment for **TEMPORARY CONCRETE BARRIER (K-RAILS)** shall be made at the contract unit price bid per **Linear Foot (LF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, placing, removing, storing, maintaining, moving to new locations, replacing and disposing of the components of K-rails, installation of 20-foot and 10-foot segments of K-rails as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Payment for **SAND FILLED CRASH CUSHIONS** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, placing, removing, storing, maintaining, moving to new locations, replacing and disposing of the components of sand filled crash cushions, installation of sand filled crash cushions, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

ADD:

601-4 STREET CLOSURE, DETOURS, BARRICADES. Unless shown on the plans, no street closure shall be allowed.

The Contractor shall construct the proposed improvements to minimize public inconvenience. The Contractor shall provide ADA accessible pedestrian detours around construction areas.

The Contractor shall have all Traffic Control Devices properly installed prior to commencing construction and shall maintain these devices to ensure proper flow and safety of traffic while working in the street.

The contractor shall be responsible for any additional Traffic Control Devices deemed necessary by the Engineer to assure public safety at all times.

ADD:

601-5 STORAGE OF EQUIPMENT. Unless otherwise authorized in writing by the Engineer, construction materials may not be stored in streets, roads, or highways beyond the end of each Working Day. No equipment shall be stored within limits of the acquired temporary construction easements at any time.

Construction equipment shall not be stored at the work site before its actual use on the Work nor for more than two (2) Calendar Days after it is no longer needed on the Work. Time necessary for repair or assembly of equipment may be authorized by the Agency.

Excavated materials, except that which is to be used as backfill in the adjacent trench, may not be stored in public streets, roads, temporary construction easements, or highway unless otherwise permitted. After placing backfill, all excess material shall be removed immediately from the site.

The Contractor shall submit an equipment-staging plan for approval by the Engineer. The plan shall address the use of private property for the staging, unloading, loading, and storing of equipment. The Contractor shall obtain an agreement from private property owners prior to the start of the project. The agreement shall release and hold the Agency, the Engineer, the Agency Representative and their consultants harmless from claims for damages. Failure to file a plan or obtain written approval from private property owners is considered a breach of Contract and subject to all remedies and enforcement procedures specified in the Contract Documents.

ADD:

601-6 TRAFFIC REGULATIONS.

601-6.1 General. Furnish, install and maintain Traffic Control Devices, equipment, materials, and other safeguards to provide safe and effective work areas, and to warn, control, protect and expedite vehicular and pedestrian traffic.

On daily basis, remove temporary traffic delineation, signage and other devices when no longer required. Restore areas to original or to specified conditions.

601-6.2 Related Requirements. Traffic control work and Traffic Control Devices for construction shall conform to the latest edition of:

a) MUTCD

b) Work Area Traffic Control Handbook (WATCH manual)

c) Standard Specifications

d) O.S.H.A. requirements

e) California Vehicle Code

601-6.3 Construction Area Signs. The Contractor shall:

a) Use only signs that conform to the dimension, color, legend, reflectorization and lighting requirements of the current WATCH, MUTCD and the Contract Documents.

b) All sign panels shall be the product of a commercial sign manufacturer, but need not be new. Used sign panels clean and in good repair, as determined by the Agency Representative, may be used.

c) Sign panels for portable signs may be metal, cotton drill fabric, flexible industrial nylon fabric or other approved fabric.

d) Temporary stop signs shall have a minimum clearance of seven (7) ft. from bottom of sign to existing ground or pavement.

e) Further requirements as discussed in the Contract Documents.

601-6.4 Flaggers. The Contractor shall provide flaggers as deemed necessary by the Engineer to give adequate warning to traffic or to the public of any dangerous conditions to be encountered, and employ only flaggers trained in flagging fundamentals and procedures referred to in the "Flagger Handbook" available on the Internet at the following web site: http://www.dot.ca.gov/hq/construc/flagging/flagging_handbook.pdf.

Payment for flagging is considered as included in the various items of work and no additional compensation will be allowed therefor.

601-6.5 Temporary Closure of Existing Traffic Lanes. Unless the traffic control, working hours and lane requirements are modified in the Special Provisions, the following requirements shall be followed:

When permitted by the Engineer, one (1) lane on each roadway adjacent to the working area may be closed to public traffic. Use of reflective or lighted traffic delineators to direct traffic away from excavations or other obstructions will be considered as a lane closure.

a) A minimum of one (1) lane of traffic, twelve (12) feet wide, fourteen (14) feet wide if a lane is adjacent to an outside curb, in each direction, shall be maintained through the work area at all times.

b) A minimum of two (2) lanes of traffic, each being twelve (12) feet wide, fourteen (14) feet wide if a lane is adjacent to an outside curb, in each direction, shall be maintained through the work area at all times when the work area is within a major arterial highway unless otherwise approved.

c) When work is in progress within three (3) feet of a lane being used by public traffic, Contractor shall close the lane adjacent to the work. Reflective or lighted traffic delineators shall be placed to direct public traffic around the construction area in accordance with the requirements of this section. During non-working hours or when work is not in progress, position and maintain reflective traffic delineators in the 1 to 1-1/2 foot width of the existing traffic lane adjacent to the work.

d) On roads open to public travel, temporary lane closures are limited between the hours of 9:00 a.m. and 3:00 p.m. Closures of roads on Sundays, holidays, or between the hours of 3:00 p.m. and 9:00 a.m. are prohibited unless otherwise approved by the Engineer.

All Traffic Control Devices used between dusk and 6:00 a.m. shall be lighted or reflectorized. Agency approved arrow board(s) shall be used to direct public traffic on all roads.

Prior to the start of each work day, the Contractor shall perform all necessary work incidental to and commensurate with the proper signing, detouring, barricading, etc., that is required for that particular day's schedule of operations. No construction shall be permitted until such signing and detouring operations have been completed.

601-6.6 Lane Requirements/Working Hours.

Working Hours:
Monday through Friday (daytime): 7:00 a.m. to 7:00 p.m.
Monday through Friday (nighttime): 10:00 p.m. to 5:00 a.m.
Saturday (daytime): 9:00 a.m. to 6:00 p.m.
Sunday (nighttime): 10:00 p.m. to 12:00 a.m.
Legal holidays: No work permitted

Work requiring lane closures may be in progress during the following hours:
Monday through Friday (daytime): 9:00 a.m. to 3:00 p.m.
Monday through Friday (nighttime): 10:00 p.m. to 5:00 a.m.
Saturday (daytime): 9:00 a.m. to 3:00 p.m.
Sunday (nighttime): 10:00 p.m. to 12:00 a.m.
Legal holidays: No work permitted

Lane closures are permitted and will only occur in accordance with the lane closure chart below, unless otherwise approved by the Engineer.

No lane closures will be permitted on the following dates:

2017
DATE(S): EVENT
4/15: Celebrate UCI
5/6: Concordia University Graduation
5/13: UCI School of Law Hooding
5/27: Mater Dei High School Graduation
5/28: Lutheran High School Graduation
6/4: Santa Margarita High School Graduation
6/5: UCI School of Medicine Commencement

6/7: University/Northwood High School Graduation
6/8: San Juan Hills High School Graduation
6/15 to 6/17: Mesa Court Move Out
6/16 to 6/19: UCI Commencement
7/30 to 8/25: RAMS Training Camp (First week is the highest visitor count)
9/19 to 9/20: Mesa Court Move In
12/2: Run for a Claus

2018

DATE(S): EVENT

3/28 to 3/29: Children's Water Festival

2. No closure signs shall be exposed to public traffic more than 15 minutes before or after a closure, except as otherwise indicated in the special provisions.
3. Construction safety zone guidelines shall apply at all times.
4. Traffic control and traffic control devices shall be in accordance with the latest edition of MUTCD and WATCH.

601-6.7 Closure Schedule. The Engineer shall be provided a list of any street lane closures, ramp closures, trail closures, sidewalk closures or detours for review and acceptance at least three (3) weeks advance of the closure.

Contractor shall submit a written schedule of planned closures utilizing the closure schedule request form, furnished by the Engineer. The closure schedule shall show the number of lanes, locations and times of the proposed closures, a precise description of work to be performed. Closure schedules submitted to the Engineer with incomplete or

inaccurate information will be rejected and returned for correction and resubmittal. The Contractor will be notified of disapproved closures or closures that require coordination with other parties as a condition of approval.

Upon approval of the closure schedule by the Engineer and at least three (3) Working Days in advance of closing a lane, the Contractor shall notify the Police, Fire, Orange County Transportation Authority (OCTA) bus service, the Agency Representative and all other affected jurisdictional agencies, and comply with their requirements.

Closure schedule amendments, including adding additional closures, shall be submitted by noon to the Engineer, in writing, at least five (5) Working Days in advance of a planned closure. Approval of closure schedule amendments will be at the discretion of the Engineer.

The Engineer, the Police, Fire, Orange County Transportation Authority (OCTA) bus service, and all other affected jurisdictional agencies shall be notified of cancelled closures two (2) Working Days before the date of closure

The Contractor shall notify by email the City of Irvine four (4) Working Days prior to commencing any work within 250 feet of any signalized intersection (measured from the nearest cross street curb), implementing any road closure, and/or implementing any detour of traffic. Email notifications shall be sent to roadworkcoordination@cityofirvine.org.

Closures that are cancelled due to unsuitable weather may be rescheduled at the discretion of the Engineer.

601-6.8 Late Reopening of Closures and Required Contingency Plan. If a closure is not reopened to public traffic by the specified time, work shall be suspended in conformance with the provisions in 6-3 of the Special Provisions. No further closures shall to be made until the Engineer has accepted a contingency plan, submitted by the Contractor that will ensure future closures will be reopened to public traffic at the specified time. A detailed contingency plan shall be prepared and submitted to the Engineer within one business day of the Engineer's request. The Engineer will have two (2) Working Days to accept or reject the Contractor's proposed contingency plan. The Contractor will not be entitled to compensation for the suspension of work resulting from the late reopening of closures.

601-6.9 Compensation. The Engineer shall be notified of delays in the Contractor's operations due to the following conditions:

a) The Contractor's proposed closure schedule is denied and his planned closures are within the time frame allowed for closures in the Special Provisions, except that the Contractor will not be entitled to compensation for amendments requested by the Contractor to the closure schedule that are not approved.

b) The Contractor is denied a confirmed closure.

If, in the opinion of the Engineer, the Contractor's controlling operation is delayed or interfered with by reason of these conditions, and the Contractor's loss due to that delay could not have been avoided by rescheduling the affected closure or by judicious handling

of forces, equipment and plant, the delay will be considered a right of way delay and will be compensated in conformance with the provisions in 2-8 of the Standard Specifications and the Special Provisions.

Should the Engineer direct the Contractor to remove a closure before the time designated in the approved closure schedule, delay to the Contractor's schedule due to removal of the closure will be considered a right of way delay and compensation for the delay will be determined in conformance with the provisions in 2-8 of the Standard Specifications and these Provisions.

601-10 AUTHORITY OF AGENCY REPRESENTATIVE. Provisions of this section may be modified or altered if, in the opinion of the Agency Representative, public traffic will be better served and work expedited.

601-10.1 Execution. The Contractor shall field check all temporary traffic control signs, barricades, and other devices at least three (3) times every day, including Saturdays, Sundays and holidays to insure their proper maintenance and conformance to the Contract Documents and detailed instructions by the Agency Representative.

Should Contractor fail to properly place and/or maintain delineated lane closures or work areas, the Agency, at its option and at Contractor’s sole cost and expense, may place delineation, barricades, or other devices, as may be necessary, to protect the public. Agency may in its discretion withhold the cost of such work from any monies due the Contractor at an amount equal to the rates shown below:

<u>Delineation</u>	
Delineator	$2.00/day plus-labor & equipment
Lighted Barricade	$5.00/day plus-labor & equipment
8 Foot Wood Barricade	$7.50/day plus-labor & equipment
Temporary Signs	$25.00/day plus-labor & equipment
Type III Barricade	$10.00/day plus-labor & equipment
<u>Labor (2 Hour Minimum) - Regular Time</u>	
Lead Street Maintenance Technician	$52.88
Street Maintenance Technician	$40.82
Equipment Operator I	$46.14
Equipment Operator II	$49.74
Street Maintenance Supervisor	$62.99
Street Superintendent	$79.80
<u>Equipment</u>	
Arrow Board	$15.00/hour
Pickup	$10.00/hour
Sweeper	$45.00/hour

5-Yard Dump	$25.00/hour
Loader	$25.00/hour
Water Truck	$25.00/hour
1-Ton Truck	$10.00/hour

Agency shall have no obligation to Contractor with respect to Agency's decision whether or not to exercise Agency's options pursuant to this subsection.

ADD:

601-11 PORTABLE CHANGEABLE MESSAGE SIGNS (PCMS). Portable changeable message signs shall be furnished, placed, operated, and maintained as designated by the Engineer in conformance with the provisions in Section 12, "Construction Area Traffic Control Devices," of the State Standard Specifications and these Provisions. The Contractor shall furnish 6 **(six)** PCMS. PCMS shall be in place a minimum of two (2) weeks prior to start of construction.

Approximate locations of the PCMS are as follows:

a) Eastbound University Drive, west of Macarthur Boulevard
b) Westbound University Drive, east of Campus Drive
c) Northbound Campus Drive, south of University Drive
d) Southbound Campus Drive, north of University Drive
e) Northbound Mesa Drive, south of University Drive
f) Northbound California Avenue, south of University Drive

601-11.1 Payment. Full compensation for conforming to the requirements for PCMS, including furnishing all labor, tools, equipment, materials and incidentals required for doing all the work involved in furnishing, installing, maintaining, relocating, changing sign message (regardless of the number of times directed by the Engineer), replacing, repairing, and when no longer required, removing of all PCMS as specified in the Standard Specifications and these Special Provisions, and as directed by the Engineer, shall be considered as included in the contract **Lump Sum (LS)** price bid for **TRAFFIC CONTROL** and no separate compensation will be allowed therefor.

601-12 FLASHING ARROW SIGNS. Flashing arrow sign shall be mounted on a truck or on a trailer and shall be capable of operating while the vehicle is moving or as directed by the Engineer. Signs mounted on the cab of a truck shall be mounted to provide a minimum of 7 feet between the bottom of the sign and the roadway. Signs mounted on a trailer, or on anything other than the cab of a truck, shall be mounted to provide a minimum of 8 feet between the bottom of the sign and the roadway.

The total weight of trailer mounted flashing arrow sign including the trailer, sign, power source and other components shall not exceed 1,500 pounds and the height of the level trailer bed shall be no higher than 21 inches above the roadway. The trailer shall be equipped with a minimum of 3 leveling jacks.

Electrical energy to operate the sign shall be obtained from the vehicle on which the sign is mounted. The supply of electrical energy shall be capable of operating the sign in the manner specified. The electronic circuitry shall provide between 30 and 45 complete operating cycles of the sign per minute in each of the modes specified.

Alternative types of lamps may be used in flashing arrow signs if visibility is equal to the specified lamps. Each type AX flashing arrow sign shall be a minimum of 2 feet high and 4 feet wide, and shall be furnished with flat black enamel. A minimum of 13 No. 4414AX 12-volt, yellow or amber lamps shall be installed in the panel. The lamp configuration shall be for 3 arrowheads or an arrow shaft with 2 arrowheads, one pointing in each direction on the face of the sign with a minimum of 5 lamps forming each arrowhead. Each lamp shall be provided with a visor.

The lamp shall be activated by a switch on a control panel and shall be controlled by electronic circuitry to provide a minimum of 4 selectable modes of operation as follows:

Pass Left Mode - Sequencing of lighted arrowheads or sequencing the lamps forming the arrow shaft and arrowhead to the left or a flashing left arrow with the lamps in the arrow shaft and arrowhead flashing on and off simultaneously.

Pass Right Mode - Sequencing of lighted arrowheads or sequencing the lamps forming the arrow shaft and arrowhead to the right or a flashing right arrow with the lamps in the arrow shaft and arrowhead flashing on and off simultaneously.

Simultaneous Mode - Either the outside arrowheads pointing in opposite directions are continuously illuminated, except for the center lamp forming each arrowhead, while the arrow shaft lamps flash on and off simultaneously or the outside arrowhead pointing in opposite directions and the arrow shaft lamps all flash simultaneously to indicate passing on either side.

Travel Mode - Travel or caution mode shall flash in a manner not resembling any other mode.

Full compensation for conforming to the requirements of this section shall be considered included in the contract **Lump Sum (LS)** price bid for **TRAFFIC CONTROL** and no additional compensation will be allowed therefor.

PART 7 - STREET LIGHTING AND TRAFFIC SIGNAL SYSTEMS

SECTION 700 – MATERIALS

700-1 GENERAL. *After last paragraph, ADD the following:*

The City maintains a Traffic Signal Qualified Product List (QPL) included Section 209- 6 of the Special Provisions. The City Engineer shall not be precluded from sampling and testing products on this list. The manufacturer of the product on the QPL shall furnish the City Engineer a Certificate of Compliance in accordance with subsection 4-1.5 "Certificate of Compliance" of these Special Provisions for each type of material supplied.

Requests for substitutions shall be in accordance with subsection 4-1.6 "Trade Names or Equals" of the Standard Specifications and these Special Provisions.

In addition to the requirements of the Plans, Specifications, and Special Provisions, components shall conform, where applicable, to the following:

a) NEMA
b) UL
c) EIA
d) RUS
e) Aluminum Association Publication 30
f) ANSI
g) AASHTO "Standard Specification for Structural Support for Highway Signs, Luminaires and Traffic Signals"
h) ETL
i) IEEE
j) IMSA
k) MIL SPEC
l) AWS D1.1 "Structural Welding Code"
m) FCC
n) California Administrative Code, Title 8, Chapter 4, Subchapter 5
o) NEC
p) The State Standard Specifications and State Standard Plans
q) The CA MUTCD (latest edition)

700-3.5 Conduit.
REVISE as follows:

700-3.5.2 Rigid Metallic Conduit. *DELETE in its entirety.*

700-3.5.3 Galvanized Pipe. *DELETE in its entirety.*

700-3.5.4 Rigid Non-Metallic Conduit. *DELETE in its entirety and SUBSTITUTE with the following:*

Rigid non-metallic conduit shall conform to the requirements of the UL Standard for Rigid

Non-Metallic Conduit, Publication UL651 and UL 651B, and the State Standard Specifications Section 86-2.05A. Rigid non-metallic conduit connections shall be of the solvent weld type. Unless otherwise indicated, the minimum trade size and type of conduit shall be:

A. All primary signal wiring and interconnect conduits at the intersection, including street crossings, between boxes on the corners, and cabinet entry conduits shall be 4 inch.

B. Conduits for service wiring, primary pole entry and signal interconnect between intersections, except street and driveway crossings, shall be 3 inch.

C. Conduits for advance DLC, extending beyond the BCR box, shall be 2-1/2 inch.

D. Conduits for Type 1 pole entry shall be 2 inch.

E. Conduits for pedestrian push button pole entry shall be 1-1/2 inch.

F. Conduit installed behind curbs, other than foundation entry, shall be schedule 40 PVC.

G. Conduit installed beneath roadway, driveways and foundation entry shall be schedule 80 PVC.

700-3.7 Pull Boxes. *After the 1st paragraph, ADD the following:*

1 Traffic signal wiring and interconnect boxes shall be No. 6 size (17½-inch x 30½-inch lid), per the State Standard Plans plan ES-8B, with a lightweight lid and "TRAFFIC SIGNAL" marking, unless otherwise noted on the Plans.

2 Electrical service boxes shall be No. 5 size (13¾-inch x 23¼-inch lid), per State Standard Plan ES-8B, with a lightweight lid and "EDISON" marking.

3 Communications electrical boxes and primary signal wiring boxes, for storage of wire and cable adjacent to traffic signal cabinets, shall be B40 size (24 – inch x 35 ½ – inch lid) with a lightweight polymer lid and "TRAFFIC SIGNAL" marking.

700-3.10 Services.
REVISE as follows:

700-3.10.1 General. *DELETE in its entirety and SUBSTITUTE with the following:*

Service conduit shall conform to the requirements of the serving utility and shall not be less than 3 inches in diameter.

Services enclosures shall conform to the Irvine Traffic Signal Standard Plan TS-7, shall be from a manufacturer listed on the Irvine Traffic Signal QPL, and shall have the following characteristics:

1. Rating: NEMA 3X enclosure and UL listed assembly

2. Main breaker capacity: 100-amp

3. Type: Modified State Standard Type-II for mounting to the side of a traffic signal controller cabinet with integral Battery Backup System (BBS).

4. Size: Enclosure width and height shall approximate the sidewall dimensions of the intended traffic signal cabinet.

5. Construction: Aluminum

6. Color: The service enclosure shall be powder coated the same color as the traffic signal cabinet, Irvine beige #20475.

7. Photoelectric Control (PEC): The service shall have a PEC controlled safety lighting circuit with a replaceable PEC located in the Service provider section and a test switch located in the Agency accessible section. The PEC window shall have a protective shroud to shield the PEC from headlights and warning beacons. Output switching shall be accomplished by the use of a solid state contactor. No mercury contactors will be allowed.

8. Circuits: The service shall provide for the following circuits using independent breakers:

8.1. Metered circuits shall be provided for traffic signal cabinet (40-amp), street name signs (15-amp), CCTV (15-amp), as well as two spare breakers (15- amp).

8.2. Unmetered circuits shall be provided for safety lighting (30-amp) and control (15-amp).

9. Door Lock Mechanism: The service enclosure door shall have a 3-point locking mechanism with a Corbin No.2 lock.

10. Battery Backup System (BBS): The service enclosure shall house an integral battery backup system as defined in subsection 209-3.10.2.

The following locations shall receive new Type IIB Service/BBS enclosures which is also shown in the Plans:

<u>Type IIB Service/BBS Enclosures for Type 332L Cabinet</u>

1. University Drive at MacArthur Boulevard N/B Ramps
2. University Drive at California Avenue
3. University Drive at Mesa Road

The following location shall reuse the existing Type IIB Service/BBS enclosures which is also shown in the Plans:

1. University Drive at Campus Drive

Contractor shall coordinate with SCE and contact Sup Chomsevi at (949) 458-4623 at a minimum of four (4) weeks in advance to coordinate meter change work order.

700-3.10.2 Battery Backup System (BBS).

Service enclosure assemblies shall include a BBS. The BBS system shall consist of bypass switch, Power Transfer Relay, BBS inverter, and batteries as shown in the City of Irvine Traffic Signal Standards Plan TS-7. Contractor shall provide all required cabling for the BBS system.

Contractor shall refer to the Plans for BBS assembly location. Per the Plans, the following intersections shall receive a new BBS:

1. University Drive at MacArthur Boulevard N/B Ramps
2. University Drive at California Avenue
3. University Drive at Mesa Road

Per the Plans, the following intersections shall reuse the existing BBS:

1. University Drive at Campus Drive

700-5.3 Conductors and Cable.
REVISE as follows:

700-5.3.1 General.

TABLE 700-5.3.1 *REVISE the following:*

Circuit	**Signal Phase or Function**	**Identification**			**Size**
		Insulation Colors		**Band Symbols**	
		Base	**Stripe**		
Sign Lighting	Ungrounded Line	Orange	White	NBR	14
Grounded and Common	Sign Lighting	White	Orange	NBR	14

700-5.3.3 Interconnect Cable. *DELETE in its entirety.*

700-5.3.4 Fiber Optic Cable.
REVISE as follows:

700-5.3.4.1 General. *DELETE in its entirety and SUBSTITUTE with the following:*

Signal Interconnect Cable (SIC) shall consist of two separate fiber optic cables; one 60-fiber hybrid multi-mode/single-mode cable and one 12-fiber single-mode cable as defined herein and on the Irvine Traffic Signal Standards Plan TS-3. Agency approved materials are listed on the Irvine Traffic Signal QPL. The 60-fiber hybrid cable shall contain 24

strands of multi-mode fiber and 36 strands of single-mode fiber. Multi-mode optical fiber shall have a nominal core diameter of 62.5 microns and a nominal cladding diameter of 125 microns.

700-5.3.4.2 Performance. *DELETE in its entirety and SUBSTITUTE with the following:*

Optical fiber shall be manufactured by Corning and meet the following minimum performance specifications:
Table 700-5.3.4.2 (A)

Fiber Type	Test Wavelengths (nm)	Maximum Attenuation (db/km)	Minimum Bandwidth (MHz)
Multi-mode	850	3.5	200
	1300	1.0	500
Single-mode	1310	0.4	-
	1550	0.3	-

700-5.3.4.3 Construction. *DELETE in its entirety and SUBSTITUTE with the following:*

The fiber optic cables shall be constructed as shown on the Irvine Traffic Signal Standards Plan TS-3. The construction shall be non-armored, loose-tube, completely dielectric, and free of gel. Water-swellable tape and yarns shall be incorporated to inhibit water intrusion. The buffer tubes shall be 3.0 mm diameter, each containing 6 optical fibers. The color codes and order for tubes and fiber strands shall be as shown on the Irvine Traffic Signal Standards Plan TS-3.

700-5.3.4.5 Identification. *ADD the following:*

Fiber optic cables must have “Corning Optical Cable” or “Corning Optical Fiber” on the labeling to identify the cable or optical fiber manufacturer.

700-5.4 Controllers.
REVISE as follows:

700-5.4.1 General. *DELETE in its entirety and SUBSTITUTE with the following:*

The traffic signal controller assembly shall be an Irvine ATMS 332L as defined herein, in the Plans, and in accordance with the Irvine Traffic Signal Standards Plan TS-9C.

ADD the following subsection:
700-5.4.1.1 Signal Control Cabinet Assembly.

Contractor shall refer to the Plans for controller cabinet assembly location. Per the Plans, the following intersections shall receive new 332L controller cabinet assemblies:

1. University Drive at MacArthur Boulevard N/B Ramps
2. University Drive at California Avenue
3. University Drive at Mesa Road

Per the Plans, the following intersections shall reuse the existing ATMS Dual 332L controller cabinet assembly:

1. University Drive at Campus Drive

Contractor shall keep existing traffic signal controller cabinet functional while new traffic signal controller cabinet is installed.

The signal control cabinet assemblies shall include the following components:

1. 2070E controller as defined in subsection 700-5.4.6 of these Special Provisions

2. Detection and isolation subsystem as defined in subsection 700-5.4.7 of these Special Provisions

3. Load control subsystem as defined in subsection 700-5.4.8 of these Special Provisions

4. Power distribution subsystem as defined in subsection 700-5.4.9 of these Special Provisions

5. Signal monitor unit as defined in subsection 700-5.4.10 of these Special Provisions

6. Fiber Interconnect Unit (FIU) as defined in subsection 700-5.4.11 of these Special Provisions

7. Communications data network as defined in subsection 700-5.4.12 of these Special Provisions

8. Retractable document storage tray below the controller

9. Call input test panel as defined in subsection 700-5.4.13 of these Special Provisions

10. Removable manual control pushbutton with coiled cable

11. Front and rear door florescent lighting (downward reflectorized) with door-actuated switches

700-5.4.3.2 Steel Cabinets. *DELETE in its entirety.*

700-5.4.3.3 Stainless Steel Cabinets. *DELETE in its entirety.*

700-5.4.3.4 Aluminum Cabinets. *DELETE requirement c in its entirety and SUBSTITUTE the following:*

Interior and exterior cabinet surfaces shall be powder coat finished in a beige color, color number FS20475, Federal Standard 595C with a gloss level of 60 or higher.

ADD the following subsection:
700-5.4.4.5 Contactor.

The power distribution assembly shall utilize a solid state type contactor. No mercury type contactors will be allowed. The contactor shall have a minimum rating of 50A, per contact, inductive load.

700-5.4.5 Dual 5-Way Active Data Bridge. *DELETE this subsection in its entirety.*

ADD the following subsections:
700-5.4.6 Controller Unit.

The Irvine traffic signal controller unit shall be a 2070E controller as defined in the 2009 TEES. The controller unit shall be from a manufacturer approved on the Irvine Traffic Signal QPL. The controller shall include 2070-1C CPU, 2070-3B (8-line) display, 2070- 4A power supply, 2070-2A I/O, and 2070-7A serial communication modules.

Firmware: The 2070E controller shall be delivered pre-loaded with Econolite ASC/3-2070 firmware, unless otherwise specified in the project specifications.

ATMS cabinet installations shall include a factory produced category 6 network cable with a minimum length of 15 feet to interface the 2070E controller to the communications network switch.

Contractor shall refer to the Plans for controller unit installations. Per the Plans, all new controller cabinet assemblies listed in section 700-5.4.1.1 shall receive new controller units.

700-5.4.7 Detection and Isolation Subsystem.

Input Files: Irvine ATMS 332L signal control cabinets shall include two input file assemblies. Each input file shall be a TEES 332L standard, 14-channel unit with PC backplane, from a manufacturer approved on the most recent SQPL under the “Model 332L Cabinets” section or as amended by the Irvine Traffic Signal QPL. The input file slots shall be allocated and labeled as shown on the Irvine Traffic Signal Standards Plan TS-9C.

700-5.4.8 Load Control Subsystem.

Output and auxiliary files: Irvine ATMS signal control cabinets shall include one TEES 332L standard, 12-position output file and one 6-position auxiliary file. The load control subsystem shall be fully populated with sixteen (16) Model 200 Switch Packs and all relays. Switch Packs shall be compatible for use with a model 2010 SMU with plus features activated (PDC SSS-86-3 or equivalent). All load control subsystem components shall be from a manufacturer approved on the Irvine Traffic Signal QPL. The output and auxiliary file slots shall be labeled for phase and function.

700-5.4.9 Power Distribution Subsystem.

The main power distribution assembly shall be a TEES 332L standard PDA No. 2L unit. The PDA No. 2L shall be populated with two (2) Model 204 flashers and a high efficiency (>80% at ½ load) Model 206L or 206G power supply. All power distribution subsystem components

shall be from a manufacturer approved on the most recent SQPL under the “Model 206L Power Supply Module” sections or as amended by the Irvine Traffic Signal QPL.

700-5.4.10 Signal Monitor Unit.

The Signal Monitor Unit (SMU) shall be a 16-channel, RMS voltage monitoring, model 2010 with red-yellow-green displays for all phases, event recording, and an Ethernet communications port. Each SMU installation shall include a program card and red monitor interface cable. Agency approved models are listed on the Irvine Traffic Signal QPL.

700-5.4.11 Fiber Optic Interconnect Unit.

Cabinet assemblies shall include a Fiber Optic Interconnect Unit (FIU) to provide for termination of fiber optic cable. The FIU shall be assembled from components listed on the Irvine Traffic Signal QPL, unless otherwise specified in the Plans. The exact quantities of components required shall be defined by the fiber charts provided by the Agency before signal turn-on.

700-5.4.12 Communication Data Network.

Data switches shall be removed and salvaged from existing controller assemblies and reinstalled in new controller assemblies.

Data switches shall meet the minimum standards listed below and shall fully integrate with the Irvine ‘CiscoWorks’ network management and Cisco Secure Access Control systems. The components listed on the Irvine Traffic Signal QPL have been verified to meet or exceed the minimum standards.

Minimum required switch standards:

- Wire speed switching
- NEMA TS-2
- Operational temperature range of -40 to +70 degrees Celsius
- Mean Time Between Failure (MTBF) rating of at least 30 years
- Virtual LANs (VLANs)
- VLAN Trunking Protocol (VTP)
- IEEE 802.1q Trunking Protocol
- IEEE 802.1d Spanning Tree Protocol
- Simple Network Management Protocol (SNMP v1, v2 and v3)
- Internet Group Multicast Protocol (IGMPv3) snooping
- Remote management via internal web server
- Cisco Discovery Protocol (CDP)

700-5.4.13 Call Input Test Panel.

A call input test panel shall be installed at the uppermost position of the signal control cabinet rack, above the controller, facing the front. The panel shall include 12 tactile push button switches with ¼ inch minimum diameter head, one for each vehicle and pedestrian input phase. The panel shall be labeled to indicate the phase and function of each button. The push buttons shall be wired to the appropriate output terminals on the back of the input files, actuating the primary vehicle and pedestrian call inputs for each phase. An in-line Molex connector shall be installed in the cabinet wiring harness within 12 inches of the panel

to allow removal without cutting conductors.

700-5.8.2.2 Sensor Units. *DELETE in its entirety and SUBSTITUTE with the following:*

Detectors and Isolators: Inductive loop detectors shall be Model 222, two channel units. DC isolators shall be Model 242, two channel units. AC isolators shall be Model 252, two channel units. Detectors and isolators shall be from a manufacturer approved on the most recent SQPL under the respective sections or as amended by the Irvine Traffic Signal QPL.

700-6 IRVINE TRAFFIC SIGNAL QUALIFIED PRODUCTS LIST (Revised April 2012)

700-6.1 General. Specific models listed on this Qualified Products List (QPL) are approved by the Agency. Equivalency submittals for substitute products shall require submittal of specifications and/or samples, as deemed necessary by the Agency, to determine interchangeability, interoperability, and/or compatibility with existing hardware and equipment. Submittals shall be required before use or installation of any material not specifically listed or defined in the Special Provisions. Materials not specifically listed in the Irvine Traffic Signal QPL or Special Provisions by make and/or model shall comply with the characteristics defined in the Special Provisions or referenced base specifications.

Equipment equivalency submittals shall be coordinated with the City of Irvine Signal Operations and Maintenance lab**.** Such submittals will be reviewed for actual equivalency within 30 days of receipt and approved or declined by the City Engineer. Submittal for equivalency shall not guarantee acceptance. Only accepted equipment, as specified herein, shall be allowable for field installation. Approval of equivalency shall be conveyed to the submitter through the Agency representative in a written memo from the City Engineer modifying the specifications herein.

700-6.2 Reference Specifications. Except as modified herein and on the Plans, Specifications, and Special Provisions all components shall conform, where applicable, to the following:

(a) State of California Department of Transportation, Qualified Products Lists (SQPL)

(b) State of California Department of Transportation, Transportation Electrical Equipment Specifications (TEES)

(c) The CA MUTCD

700-6.3 Pre-Qualified Materials and Equipment. Materials and equipment listed in Table 209-6(A) have been pre-qualified for use in the City of Irvine. Where no specific make is specified, or to determine the standards for equivalency, refer to the Irvine Technical Provisions specified in the reference column.

Table 209-6(A) Pre-Qualified Materials and Equipment

SECTION 701 – CONSTRUCTION

701-1 GENERAL. *ADD the following:*

4 The State Standard Specifications and State Standard Plans

5 The CA MUTCD

ADD:
701.1.1 Equipment List and Drawings. *ADD the following:*

Agency approved models are listed on the Irvine Traffic Signal Qualified Products List (QPL).

701-4 DAMAGE TO EXISTING OR MODIFIED SYSTEMS.
Add the following subsection:

701-4.1.1 Traffic Detection and Communication. The existing detection and communication systems shall be maintained at all times during construction. In the event of damage by the Contractor or any of his subcontractors as determined by the City Representative, the Contractor shall commence repairs immediately. The Contractor shall replace and restore to operation any damaged detector (inductive loop or other) within 24 hours after damage occurs. Repairs to damaged signal interconnect cable (SIC) shall be completed within 10 working days. The City shall have the option to complete necessary repairs and charge the responsible Contractor for any associated repair costs, pursuant to

Sec. 6-3-317 of the City Municipal Code.

701-12 CONDUIT
REVISE as follows:

701-12.1 General. *7th paragraph, DELETE the 1st and 2nd sentences and SUBSTITUTE with the following:*

Conduit types and sizes for each application shall be as specified in 700-3.5 "Conduit" of the Standard Specifications and these Special Provisions.

Contractor shall refer to the Alton Parkway Regional TSS Project (Project P) design plans for new conduit installation locations.

701-12.2 Rigid Metallic Conduit. *DELETE in its entirety.*

701-12.3 Galvanized Pipe. *DELETE in its entirety.*

701-13 WIRES, CONDUCTORS AND CABLES
REVISE as follows:

701-13.1 General. 5th paragraph, DELETE the 1st sentence and SUBSTITUTE with the following:

Each multi-conductor cable shall be labeled in each pull box and at the signal cabinet per the State Standard Specifications Section 86-2.08D, indicating the signal standard to which it is connected.

701-13.2 Splices. 1st paragraph, DELETE the 3rd sentence and SUBSTITUTE with the following:

Each multi-conductor cable shall be continuous from the signal cabinet to the terminal block on the signal standard it services. No splicing of multi-conductor cable shall be permitted.

701-14 SERVICES
REVISE as follows:

701-14.3 Service in Vaults. After the last paragraph ADD the following:

The copper service feed wires from the service pull box to the electrical service shall have an Agency furnished tag at both ends identifying them as "City of Irvine Service Conductors" to power company officials.

701-16 STREET LIGHTING CONSTRUCTION.

701-16.1 General. *ADD the following text*

Material for conduits, pull boxes, light poles and other appurtenances necessary for installation of street lights shall comply with the requirements of Southern California

Edison (SCE) and specifications in Section 103 and Section 104.

The Contractor shall be responsible for furnishing and installing all ducts, pull boxes, substructures and trench work necessary for installation of the street lights.

Southern California Edison will furnish and install the street lights, power cable, set the poles & bases, and activate the street lights. The Contractor shall coordinate his work with SCE.

The work area shall be cleared and rough graded to within 4" (inches) of final grade prior to installation of Edison conduit or structures. Contractor is to verify location and widths of all sidewalks and driveways prior to street light installation.

All substructures shall be constructed or installed to Edison specifications.

The Contractor shall provide supervision over and coordination among the various Contractors working within the work area to prevent damage to Edison facilities. Contractor is responsible for the cost of repairs, replacement, relocation, or other corrections to Edison facilities made necessary by his failure to provide supervision or to otherwise comply with these Special Provisions.

Inspection is required during the construction period. A 48 hour advance notice of intent to start construction is required from the Contractor to the Southern California Edison Company. Standards of Edison construction requirements are available upon request.

701-16.7 Luminaires.

701-16.7.1 Lamp Size and Identification. *ADD the following text*

The luminaire optical assembly shall be sealed, watertight, and filtered to prevent contamination from infiltration of gaseous and particulate matter. The lamp socket shall be factory present to produce a medium cutoff IES Type III light distribution. The optical assembly door hinge shall be designed to prevent the door from swinging free of the hinge pins when opened.

701-16.7.2 Photoelectric Units. *ADD the following text*

Photoelectric control shall be installed in accordance with Section 103 and Section 104.

701-16.7.3 Measurement.

STREET LIGHT MODIFICATIONS shall be made at the price indicated in the **Lump Sum (LS)** price bid for **STREET LIGHTING**. Payment shall be full compensation for all items necessary to accomplish the work and all work appurtenant thereto.

701-16.7.4 Payment.

Payment for **STREET LIGHTING** shall be made at the contract **Lump Sum (LS)** price bid and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, Southern California Edison coordination, existing foundation removal, hauling and disposal; installation of

street lighting facilities, including, excavation, conduit, pull rope and pull box installation; connection to electrical utilities, excavation and backfill of conduit trenches, as-builts, record drawings, testing, inspections and clean-up operations within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Payment for **TEMPORARY STREET LIGHTING** shall be made at the contract **Lump Sum (LS)** price bid and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, Southern California Edison coordination, existing foundation removal, hauling and disposal; installation of temporary street lighting facilities, including, excavation, conduit, pull rope and pull box installation; connection to electrical utilities, excavation and backfill of conduit trenches, and clean-up operations within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the City Traffic Engineer and no additional compensation will be allowed therefor.

701-17 TRAFFIC SIGNAL CONSTRUCTION.

701-17.2 Controllers. *ADD the following text*

The controller assembly shall be an Irvine ATMS 332L in conformance with the provisions in Section 104.

The new controller assembly shall include the following:

a) 2070L controller
b) Detection and isolation subsystem
c) Load control subsystem
d) Power distribution subsystem
e) Signal monitor unit
f) Fiber Interconnect Unit (FUI)
g) Communications data network
h) Retractable document storage tray below the controller
i) Call input test panel
j) Removable manual control pushbutton with coiled cable
k) Front and rear door florescent lighting (hooded and downward reflectorized)
l) Video input processors
m) Remote communication module
n) A rack mount LCD monitor drawer
o) The surge protection and isolation assembly

The Contractor shall arrange to have a representative of the City and a qualified field engineer employed by the controller manufacturer or his representative to work on the controller, present at the time the equipment is turned on. The field engineer shall turn- on the equipment. The City representative shall be notified at least 2 working days prior to the turn on.

No traffic signal turn-ons shall occur on Fridays or the day preceding a holiday.

701-17.3 Conduit. *REPLACE entire subsection with following text:*

Conduit work shall conform to the provisions in subsection 701-12 of the Standard Specifications, the State Standard Specifications Section 86-2.05, "Conduit," and these Special Provisions:

- Traffic signal conduits located beneath roadway shall be installed at a minimum depth of 42-inches below finished surface or 6-inches below the structural section, whichever is deeper, but no more than 66-inches. Traffic signal conduits located behind curb and gutter shall be installed at a minimum depth of 30-inches below top of curb.

- All new intersections shall include separate conduits for Signal Interconnect Cable (SIC) and signal wiring (including DLC). Sharing of the DLC and CCTV wiring in the same conduits with SIC is allowed on intersection modifications where conduit fill is less than 40%.

- All interconnect conduits shall contain a No. 10 green insulated solid copper trace wire. All other conduits shall contain a bare, No. 8 solid copper bonding wire, which shall be soldered and crimped in each pull box per the State Standard Specifications Section 86-2.09D, and connected to the ground bar in the traffic signal cabinet.

- Conduit fill shall not exceed the NEC maximum of 40% for conduits with three or more conductors.

- The ends of all conduits shall have Carlon, or approved equal bell fittings with conduit sealing compound to prevent dirt and rock from entering conduit.

- All empty conduits for future conductors shall contain "mule tape" pull rope per the State Standard Specifications Section 86-2.05C.

- All “Pot-holing” within the street to determine subsurface utility locations shall be back-filled and patched to the specifications on Irvine Standard Plan No. 223, “Utility Trench Repair.”

ADD:
701-17.3.1 Pull Box Covers. *REPLACE entire subsection with following:*

Traffic signal pull box covers shall be marked “TRAFFIC SIGNAL”, except electrical service pull box covers, which shall be marked “EDISON”. All markings shall conform to the State Standard Specifications Section 86-2.06B, “Cover Markings.”

Contractor shall refer to the Alton Parkway Regional TSS Project (Project P) design plans for pull box installations and adjustments.

701-17.4 Wiring, Conductors, and Cables
REVISE as follows:

701-17.4.1 General. *After the last paragraph, ADD the following*

Whenever conductors or cables are installed or replaced in a conduit, the ends of the conduit shall have sealing compound applied to inhibit dirt and rock intrusion.

701-17.4.2 Conductor Splicing and Termination. *After the last paragraph, ADD the following*

Splicing and termination of traffic signal conductors shall be pursuant to the State Standard Specifications Section 86-2.09D, “Splicing and Terminations.” Line item E of the State Standard Specifications Section 86-2.09D shall not apply.

All individual conductors shall be labeled in the cabinet per NEMA numeric format. Conductor insulation colors and wire sizes shall be in accordance with the State Standard Specifications Section 86.2.08A, “Conductor Identifications,” except as required herein.

The conditions of this subsection shall apply for all new traffic signal installations and modifications where entire signal conductor legs are re-pulled.

New traffic signal field conductors shall be multi-conductor signal cable and individual wires as specified herein and in accordance with the State Standard Specifications Sections 86-2.08D, “Signal Cable,” and 86-2.08B, “Multiple Circuit Conductors.”

New traffic signal field conductors used for phase indications and buttons shall be State standard 12CSC, 5CSC, and 3CSC multi-conductor signal cable. IMSA cable shall not be utilized. Each signal cable shall be continuous from the signal cabinet to the terminal block on the signal standard it services. No splicing of signal cable shall be permitted. The signal cables shall be labeled in each pull box, per the State Standard Specifications Section 86-2.08D, and at the signal cabinet, indicating the signal standard to which it is connected.

Primary and secondary signal standards shall receive one 12CSC cable for vehicle and pedestrian indications and one 3CSC cable for each button circuit. An additional 5CSC cable shall be provided for each additional vehicle phase serviced by the pole. All 12 CSC cable conductors shall terminate on the terminal block. The 3CSC cables shall service the buttons directly. The 12CSC conductor utilization shall be in accordance with the State Standard Specifications Section 86-2.08D, with the black conductors reserved as spares. The 3CSC conductor utilization shall be: blue/black stripe for pedestrian buttons, blue/orange stripe for bike buttons, and white/black stripe for common.

Pedestrian signal standards shall receive one 5CSC and one 3CSC cable. The 5CSC cable shall service the pedestrian indication and the 3CSC cable shall service button circuits.

Conductors and cables shall be as defined in the State Standard Specifications Section 700-5.3, “Conductors and Cable.” Conductors for internally illuminated street name sign (IISNS) and Safety Lighting circuits may be spliced to branch the circuits as they progress around the intersection.

When either new conductors are added or existing conductors are removed from existing conduits, all existing conductors shall be removed per the State Standard Specifications Section 86-2.09B, “Installation.” The conduit shall be cleaned as provided in the State Standard Specifications Section 86-2.05C, “Installation.” Both old and new

conductors, as shown on the Plans, shall be pulled into the conduit as a unit, unless otherwise approved by the City Engineer.

701-17.4.4 Interconnect.
REVISE as follows:

701-17.4.5 Fiber Optic Cable
REVISE as follows:

701-17.4.5.1 General. *DELETE in its entirety and SUBSTITUTE with the following:*

All Signal Interconnect Cable (SIC) installations shall include fiber optic cables as defined in subsection 700-5.3.4, "Fiber Optic Cable," of these Special Provisions, and a solid No. 10 green insulated copper trace wire.

ADD:

701-17.4.5.3 Installation.
Signal Interconnect Cable (SIC) shall be continuous and unspliced between cabinets. SIC Pull Boxes: SIC conduit shall be installed in pull boxes using 45-degree, UL approved elbows. These elbows shall be placed as far apart in the pull box as possible, oriented in the direction of the cable, and offset to one side to facilitate cable pulling and coiling (City of Irvine Traffic Signal Standards Plan 16). Approximately 10- feet of SIC shall be coiled inside of each pull box.

Slack and Termination: A minimum of 50 feet of SIC slack shall be coiled and stored in the communications electrical boxes (B40 box or No. 6 pull box) adjacent to the cabinet foundations at each end of a run. SIC shall be terminated in the traffic signal cabinet and splice canister in the B40 Box per the City of Irvine Traffic Signal Standards Plans TS-10A and TS-10B. When re-terminating existing SIC, sufficient cable slack shall be pulled from adjacent pull boxes to allow for terminations. If necessary, the slack will be obtained from as many pull boxes in the run required to re- terminate the cable to specifications.

Cleaning: Prior to any termination or splicing of fiber optic cables, buffer tubes, fibers, etc. shall be cleaned with an acceptable industry cleaning agent to remove any gel or flooding materials used in the cable structure. Cabinet and surrounding area shall be cleaned of any debris and or gel flooding once termination procedure is completed.

Installation and Testing: Fiber optic SIC shall be installed, spliced, terminated, and tested in accordance with NECA/FOA 301-2009 standards. These standards are available for purchase from the National Electrical Contractors Association Web site at: http://www.necanet.org/store/products/index.cfm/NECA%20301%20(R-09). This includes pre-installation and post installation testing of the cable.

a) Pre-installation testing shall be performed on all fibers using an Optical Time-Domain Reflectometer (OTDR) to confirm no existing damage to the existing cable. The Contractor shall perform such testing on-site prior to completing termination in the communication cabinet.

b) Post-installation testing of all terminated fibers shall be performed using launch cables at both ends as specified in NECA/FOA 301-2009 Annex B.3.

The Contractor shall perform such testing on-site after all termination and splicing work is completed.

Test results: Test results, in the form of pre-installation test data and post-installation OTDR traces, shall be provided to the Agency Representative in a bound hard copy format along with the electronic file and appropriate viewing software, for review and approval after installation and splicing/termination work are completed. The pre-installation test results shall be in the form of a spreadsheet detailing the length and loss/kft for each fiber as well as the parameters used for testing. The post-installation OTDR traces shall clearly show each continuous fiber, the connectors on each end, and the loss for each event. An Agency representative shall approve the test results before final acceptance.

701-17.5 Signal Heads. *ADD the following text*

Vehicle signal faces, signal heads and auxiliary equipment, as shown on the Plans, and the installation thereof, shall conform to the provisions in Section 104.

All signal heads and framework shall be metal and powder coated green/black.

Back plates shall be 5-inch aluminum, louvered, powder coated and secured with stainless steel screws and fender washers cut to fit.

All LED units shall be furnished by the Contractor.

Prior to turn-on, all vehicle signal heads shall be covered with a manufactured cover for that purpose, per the requirements of Section 6-2.2, “Traffic Signal Indications”, Work Area Traffic Control Handbook (WATCH), 2012 Tenth Edition. The covers shall become the property of the City following turn-on.

701-17.6 Detectors.

701-17.6.3 Inductive Loop Detectors. *REPLACE entire subsection with the following text:*

All traffic signal detector loop materials shall be furnished and related work performed in conformance with Section 86 "Signals, Lighting and Electrical Systems" of the State of California Standard Specifications and State Standard Plans, 2015 edition, except as modified in these Specifications or on the Plans and City of Irvine Standards and Design Manual, Section 104.

A full video detection system shall be installed in accordance with the contract plans, City of Irvine section 104 and these Special Provisions. Video detection of vehicles shall be used on all approaches at the intersection stop bar area with bicycle detection at the intersection approach areas.

Loop detection shall be used for the advance vehicular detection on University Drive. Loop detector lead-in cables shall be Type B. Loop detector configuration shall be Type E. Detector curb terminations shall be Type A.

Residue resulting from slot cutting operations shall be removed from the pavement surface.

Obtain approval for exact loop location prior to final placement. Perform preliminary striping layout prior to loop detector layout. Loop detectors shall be 6 foot diameter round loops with 10 foot spacing between adjacent loops in the same lane, except as noted on the Plans. Center loops in the traveled portion of the lane except as shown on the Plans.

Add the following to the last paragraph in Section 86-5.01A (4), "Installation Details," of the State Standard Specifications to read:

"4. The sealant shall be at least 7/8 inch thick above the top conductor in the slot. Final placement of sealant shall be smooth and flush with the adjacent pavement."

In lieu of the epoxy sealant or elastomeric sealant specified in said Section 86-5.01A(5), an asphaltic emulsion sealant conforming to State Specification 8030-41A-15 may be used for filling slots in asphalt concrete pavement. Such material shall not be used in slots, which exceed 5/8-inch in width or where the slope causes the material to run from the slot. The material shall not be thinned in excess of the manufacturer's recommendations and shall not be placed when the air temperature is less than 45 degrees Fahrenheit. Any sealant outside of the slots shall be removed in such a manner as to leave a clean, finished appearance.

Each vehicle detector loop shall lead to separate detector channels. Each detector sensor unit shall be capable of providing vehicle detection and count data.

Detector curb terminations shall be Type A and shall be installed at the locations shown on the Plans.

Final traffic loop detectors shall be installed below the AC Leveling course and in any case shall not exceed six (6) inches in depth below the finished surface.

701-17.7 Pedestrian Signals.

701-17.7.1 General. *ADD the following text*

Pedestrian signals shall conform to the provisions in Section 104.

Pedestrian signals shall be powder coated green Type "A" with international symbols of man and hand with countdown display. All international pedestrian walk/don't walk symbols shall be LED.

Prior to turn-on, all pedestrian signal heads shall be covered with a manufactured cover for that purpose, per the requirements of Section 6-2.3, "Pedestrian Signal Indications", Work Area Traffic Control Handbook (WATCH), 2012 Tenth Edition. The covers shall become the property of the City following turn-on.

701-17.7.2 Pedestrian Push Buttons. *ADD the following text*

Both pedestrian push buttons (PPB) and bicycle push buttons (BPB) shall conform to the provisions in Section 104.

ADD the following subsections:
701-17.8 Closed Circuit Television (CCTC) System.

701-17.8.1 *Approved Location.*

All new traffic signal installations on any roadway shall include, as part of the standard safety systems, the installation of CCTV camera equipment, MPEG CCTV transmission equipment, and any additional wiring or hardware required to support an operational CCTV system. This requirement shall apply unless otherwise specified by the City Traffic Engineer. The approved location for new CCTV camera installations at traffic signals shall be the primary pole farthest from the traffic signal controller cabinet corner, unless otherwise specified by the City Engineer or the Plans and Specifications.

The approved location for new CCTV camera installations at roundabouts or traffic circles shall be located on a Type 15TS pole and be on the outer perimeter of the roundabout or traffic circle, unless otherwise specified by the City Engineer or the Plans and Specifications. The following equipment shall be required for the installation:

Traffic System Cabinet: ATMS 332L. Per Paragraph 209-3.10.

Electrical Service for ATMS 332L Cabinet: Modified State Standard Type II. Meyers Power Product or Pacific Utility Products. Per paragraph 209.310.

Fiber Optic Interconnect Unit: Corning Terminal Housing CCH-02U, Splice Housing (CSH-03U), Splice Tray (M67-068). Per Irvine Traffic Signal Qualified Product List page 26-27. Paragraph 209-5.4.11.

Closed Circuit Television (CCTV) System: Per Irvine Traffic Signal Qualified Product List page 28. Paragraph 209-5.10.

Electrical Conduits: Per paragraph 209-3.5.4.

Pull Boxes: Per paragraph 209-3.7.

701-17.9 Emergency Vehicle Preemption (EVP) System.

701-17.9.1 General.

The EVP shall be installed in accordance with the provisions in Section 104.

701-18 TESTING.

701-18.1 General. *ADD the following text*

Inspection and testing shall conform to the provisions in Section 86-2.14C, "Functional Testing," of the State Standard Specifications and these Special Provisions. During the test period, the City shall maintain the system or systems. The cost of any maintenance shall be at the Contractor's expense, including damage by public traffic, but excluding electrical energy. The cost of maintenance will be deducted from any monies due, or to become due the Contractor.

The 6th paragraph in Section 86-2.14C, "Functional Testing," of the State Standard Specifications is amended to read:

"Shutdown caused by damage by public traffic shall constitute discontinuity of the functional test. Power interruption shall not constitute discontinuity of the functional test."

All reference to State testing facilities or laboratories shall be interpreted as the City designated testing facility. However, State Testing procedures referred to shall remain in effect. All costs for testing of equipment shall be included in the contract lump sum price bid for traffic signal installation.

The Contractor shall provide for shop testing of the fully assembled controller prior to field installation. The cabinet and controller shall be shop tested by a City designated testing facility.

Upon finalization of testing, Contractor shall submit to the City Engineer certification of final acceptance for approval.
The Contractor shall provide in his bid, funds to provide "field test" service by a qualified field engineer to be provided by the equipment supplier. A minimum of four (4) hours of on-site testing shall be provided exclusive of required travel time. A representative from the City shall be present during all testing procedures.

701-21 MEASUREMENT AND PAYMENT. *ADD the following subsection*

Measurement and Payment for **TRAFFIC SIGNAL AT (UNIVERSITY/CALIFORNIA, UNIVERSITY/CAMPUS, UNIVERSITY/MACARTHUR BLVD NORTH RAMPS, UNIVERSITY/MESA)** shall be made at their respective contract **Lump Sum (LS)** prices bid per location as shown the Plans and shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved, including but not limited to, shop drawings and submittals development, sawcutting, potholing of utilities to determine clearances, traffic plate installation, installation of new traffic signal appurtenants and controller and service, controller and service cabinets, signal poles and foundations, signal heads and equipment, safety lighting system, conduit, conductors, pull boxes, CCTV system, EVP system, video detection system, advance loop detection, Southern California Edison scheduling and coordination, utility and pull box modifications and adjustments, drilling, trenching, excavation, shoring, backfill, compaction and restoration of jacking pits, sidewalk panel and AC replacement, cable installation, system connections, splices, and termination, removals, haul away and disposal of spoils as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Payment for **TRAFFIC SIGNAL INTERCONNECT** shall be made at the contract **Lump Sum (LS)** price bid and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to sawcutting, potholing of utilities to determine clearances, traffic plate installation, installation of the new traffic signal interconnect system by jacking, drilling, trenching, excavation, shoring, backfill, compaction and restoration of jacking pits, jacking of new traffic signal interconnect conduits, installation of pull boxes, sidewalk panel and AC replacement, fiber optic cable installation, system connections, splices, and termination, removals, haul away and disposal of spoils, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Payment for **TEMPORARY TRAFFIC SIGNAL** shall be made at the contract **Lump Sum (LS)** price bid and shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved, including but not limited to, shop drawings and submittals development, sawcutting, potholing of utilities to determine clearances, traffic plate installation, installation of temporary traffic signal appurtenants, controller and service cabinets, temporary signal poles and foundations, signal heads and equipment, safety lighting system, conduit, conductors, pull boxes, EVP system, video detection system~~,~~ Southern California Edison scheduling and coordination, utility and pull box modifications and adjustments, drilling, trenching, excavation, shoring, backfill, compaction and restoration of jacking pits, sidewalk panel and AC replacement, cable installation, including overhead wiring, system connections, splices, and termination, removals, haul away and disposal of spoils as specified in the Standard Specifications and these Special Provisions, as approved by the City Traffic Engineer and no additional compensation will be allowed therefor.

All utilities crossing proposed conduit installations or obstructions shall be potholed and plated if necessary until the jacking installation is complete, to ensure adequate clearances. Any other method of conduit installation proposed by the Contractor shall be approved by the Engineer and no additional compensation will be allowed therefor.

PART 8 – LANDSCAPE AND IRRIGATION

SECTION 800 - MATERIALS

800-1 LANDSCAPE MATERIALS.

800-1.0 General.

ADD:

All landscape materials not modified by these Special Provisions shall be as specified by The City of Irvine Landscape Manual And Standard Plans located on the internet at the following addresses: **Landscape Standard Plans** (http://www.cityofirvine.org/cityhall/pw/deveng/standards_manuals/landscape_standard_plans.asp)

Landscape Manual Sections V though XI

(http://www.cityofirvine.org/cityhall/pw/deveng/standards_manuals/landscape_manual.asp)

The Contractor is required to be familiar with the City Landscaping Standards.

800.1.0.1 General notes

General Site

1.1 The contractor shall take all precautionary measures necessary to protect existing improvements from damage. All improvements and structures damaged by the contractor's operations shall be repaired or reconstructed to the satisfaction of the owner's representative, at the expense of the contractor.

1.2 Discrepancies between the plans and site conditions within the limits of work are to be brought to the attention of the owner's representative prior to commencing construction.

1.3 The contractor shall verify all quantities and is responsible for installing all improvements as shown on the drawings, regardless of discrepancies with written quantities.

1.4 All work shall conform to local city, county, and community standards unless noted otherwise.

1.5 Verify location of all vaults, electrical duct banks, manholes, conduit, piping, drainage structures and other utilities.

1.6 Take all dimensions from back of curb, wall, or building, or the centerline of columns or trees unless otherwise noted. All dimensions called out as 'equal' are equal distance measurements to designated centerlines(s).

1.7 Take all dimensions perpendicular to any reference line, work line, face of building, face of wall or centerline.

1.8 Verify location of all buildings, walls, roads, and curbs affecting the landscape scope of work.

Finish Grades

2.1 Finish grade refers to top of mulched surfaces.

2.2 Match grades, layout and elevation of adjoining landscape work by others. Notify the landscape architect of conflicts before proceeding with construction.

2.3 Two (2) working days prior to the start of construction, the contractor shall contact: Underground service alert 811. They, in turn, will contact all of the appropriate utilities, services, and public works agencies in that area.

2.4 Landscape contractor shall be responsible for locating and noting any underground utility lines prior to grading, trenching, and planting or other related site work. Restoration of utilities damaged by contractor shall be made at the contractor's expense to the satisfaction of the owner.

2.5 All finished grades shall provide for natural runoff of water without low sports or pockets. Set flow lines accurately and provides a minimum of 1% gradient unless otherwise noted; refer to civil engineer's drawings for grading information.

2.6 Hold finished grades for shrubs and ground cover areas 1" below top of adjacent pavement, or curbs, unless otherwise noted on the drawings.

2.7 Gradually round off tops and toes of all planted slopes to produce a smooth yet architectural transition between relatively level areas and slopes.

2.8 All landscape grades and spot elevations are based upon grades indicated on latest civil engineer's drawings.

2.9 Conflicts or discrepancies with grades shall be brought to the attention of the landscape architect and civil engineer immediately and prior to proceeding with work.

Planting Notes

3.1 The planting plan is diagrammatic. Plant locations are approximate. Plant symbols take precedence over plant quantities specified. Notify the City's representative of discrepancies prior to starting work.

3.2 Any plant quantities given in the legend are approximate and for the convenience of the owner only.

3.3 Landscape contractor shall perform a percolation check for all tree planting pits, which appear to have a potential drainage problem. The tree planting pits shall be filled with water and rechecked after a 24-hour period. If there is no significant change in the water level. It is the responsibility of the landscape contractor to provide for adequate drainage prior to planting. The contractor shall notify the landscape architect immediately upon completion of the percolation tests in order to discuss appropriate drainage solutions.

3.4 The Landscape contractor shall repair existing landscape areas which are damaged during the construction phase. All damaged material shall be replaced with matching material of similar size, quantity, and caliper.

3.5 Prior to planting. Construction adjacent to planting areas shall be complete and irrigation systems installed and operational.

3.6 Plant material in or near paving or walls may require installation prior to construction. Coordinate this work through the general contractor.

3.7 Refer to Section 800-1.1 for soils preparation and backfill mix.

3.8 Keep shrubs and ground covers a minimum of 24" back from paving and curbs unless specifically noted otherwise on the planting legend.

3.9 Contractor shall apply a 2” minimum thick layer of organic mulch in all planting beds (below all shrubs & groundcover & open spaces) as indicated on the plan. Slopes greater than 3:1 shall not receive mulch.

3.10 Unless stated differently on the plan, planting areas should receive ground cover treatment up to the plant rootball. No bare soil areas shall be left exposed except directly above rootballs.

3.11 Unless specifically called out on the drawings, install parking lot trees in planting areas at stall lines where trees will not interfere with parked cars.

3.12 Install tree trunk protectors for all trees planted within turf areas. Use arbor guard or approved equal.

3.13 All landscape work shall conform to the community standards and the city/county & water district standards unless noted here or otherwise on Plans or Specifications.

3.14 For turf area soil preparation, refer to the planting specifications and Section 212-1.1.

3.15 Plant trees a minimum of 3’ (or as indicated on plan) from back of parking curbs to allow for car overhang. Allow 10’ from fire hydrants, water, and sewer lines. For a min. 10’ setback from light poles, trees (trunk location) shall be no closer unless specifically called out on the drawings, than 5’-0” from a sidewalk or wall follow closely the tree locations as shown on the landscape plan. Paint location of trees in the landscape area and receive approval from the City’s representative prior to digging holes.

3.16 Five (5) weeks prior to deliver to site, submit photos of nursery stock trees, shrubs and groundcovers to landscape architect for review.

3.17 Two (2) weeks prior to plant material delivery to the site, all plant material is to be approved by the AGENCY and secured by the contractor. (a longer period is recommended). Notify the AGENCY if problems occur with inadequately sized plant material to discuss additional nurseries and/or plant substitutions.

3.18 Landscape contractor shall review existing site soil conditions and review geotechnical conditions.

800-1.1 Topsoil.

800-1.1.1 General. *After the last paragraph, ADD the following:*

The Contractor is required to have soil testing by Wallace Laboratory, or approved equal, for Soils Recommendations and apply amendments after demolition.

Agronomic Soils Report

a. After completion of rough grading and prior to soil preparation, the Contractor shall provide the testing of planting soils and composted organic humus materials by an independent agronomic soils testing laboratory that is a member of the California Association of Agricultural Labs. Representative soil samples shall be taken in the field and a written report shall be prepared by the soil scientist that shall include recommendations for soil amendments, preplant fertilization, hydromulch slurry, and post-maintenance fertilization program.
b. Soil preparation specifications shall be prepared based on the test results and recommendations and must be approved by the Engineer and City Landscape Supervisor prior to soil preparation.
c. Soil tests shall be performed after soil preparation to confirm that soil preparation

was performed in compliance with preplant soils report and specifications. Compliance of Contractor's work with soil preparation specifications shall be determined solely by the City.

800-1.2.3 Commercial Fertilizer. *DELETE entire section and SUBSTITUTE following:*

Commercial fertilizer shall be free-flowing material delivered in unopened sacks. Material which becomes caked or otherwise damaged shall not be used. Exact composition and type of fertilizer to be determined by the agronomic soils test and will be supplied by the Contractor at no additional cost to the City. Organic/JTM Complete is the City's preferred fertilizer.

Plant tablets shall be TriC Organics, or approved equal, 17-9-5 applied at the following rates:

Tablet Size	**1.7 Gram**					
Container Size	1 Gallon	2 Gallon	5 Gallon	15 Gallon	24" Box	Tuffy Plugs
Application Rates (No. of Tablets)	2	4	8	16	22	1

800-1.2.4 Organic Soil Amendment.

Organic humic compost must contain a minimum of 20% humic acid and shall be free of wood products. JTM Activator Calcium shall be added to acheive an application rate of 40 lbs./1,000 s.f.

Import topsoil shall not be delivered to the site prior to City approval. The City may request additional testing of imported topsoil at the site to determine conformance to the approved report. Rejected topsoil shall be removed at no cost to the City.

Topsoil

a. Soil to be used as a planting medium shall be fertile, well-drained, of uniform quality, and free of stones over 1-inch diameter, sticks, oils, chemicals, plaster, concrete, or other deleterious materials.
b. Imported topsoil shall be from sources approved by the City Inspector which meet the standards specified above.
c. The Contractor shall provide for the testing of proposed topsoil by a certified agronomic soils testing laboratory and shall submit soils analysis, recommendations and topsoil sample to the City Inspector for approval.
d. If stockpiling is requested, locations and amounts of stockpile shall be approved by the City Inspector.

800-1.2.5 Mulch. *DELETE entire section and SUBSTITUTE following:*

Contractor shall install 2" thick layer of mulch in all planter areas (unless noted

otherwise on Plans). Install mulch per City of Irvine Standard Plans 601, 604, and 606. Mulch to be installed after the planting of trees and shrubs.

The Contractor shall maintain a 6" clear "no-mulch" zone around the base of each new and existing shrub and tree.

Mulch to be "Forest Floor" (0-2"), or approved equal:

A. Available from: Tierra Verde Industries, 7982 Irvine Boulevard, Irvine, CA 92618. Phone: 714-786-9558.

B. Product shall be woodchips ½" to 3" in length, meet Caltrans Standard Specifications Section 20-2.08 for Mulch, contain only toxic free mineral based colorant, and contain reused **City of Irvine Green Waste**.

C. The Contractor shall submit one sample of mulch materials for City approval.

D. the Engineer has the right to reject all samples and request additional samples until a suitable mulch material is approved.

800-1.4 Plants.

800-1.4.1 General. *DELETE entire section and SUBSTITUTE following:*

Shrubs and ground covers shall be grown by an established nursery having been in the business of growing shrubs and ground covers a minimum of five (5) years. At the option of the Engineer, plants shall be inspected and tagged at the nursery prior to shipment to the planting site. Shrubs shall be of the specified type and size, selected from high quality, well-shaped nursery stock. Plant names indicated or listed in the "Plant Legend" on the Plans, conform to the approved names given in "An Annotated Checklist of Woody Ornamental Plants in California, Oregon, and Washington, Manual 4091", published by the University of California (1979), and in accordance with American Nurseryman standards. Except for names not covered therein, the established custom of the nursery shall be followed. Condition of plants shall be in accordance with the California State Department of Agriculture's regulations for nursery inspections, rules, and grading and shall be symmetrical, typical for variety and species, sound, healthy, vigorous, free from plant disease, insect pests, or their eggs, and shall have healthy normal root systems, well filling their containers, but not to the point of being root bound.

Plants shall not be pruned prior to delivery, except as authorized by the City. The size of the plants shall correspond with that normally expected for species and variety of commercially available nursery stock, or as specified on the Plans. The minimum acceptable size of all plants, measured before pruning with the branches in normal position, shall conform to the measurements, if any, specified on the Plans. Plants larger in size than specified may be used with the approval of the City, but the use of larger plants shall not serve as the basis for a change order. All plant material shall be subject to the inspection and acceptance of the City before planting. A representative number of plants as determined by the City may be inspected for size and condition of root growth, insects, injuries and defects. Plants not accepted are to be removed from

the site immediately and replaced with suitable plants. The City reserves the right to reject entire lots of plants represented by defective samples. The contractor shall provide a plant material order invoice to the Engineer at the pre-construction meeting. The Contractor shall provide one-year warranty on all trees.

800-1.6 Miscellaneous Landscape Materials.

800-1.6.1 General. *ADD the following Subsection:*

Whenever a material or process is delineated or specified by patent, proprietary name or process, or manufacturer's name, such specifications are used for the purpose of facilitating the description of material or process desired. Approved equals are acceptable as approved by the engineer. Suppliers and manufacturer's directions, specifications and recommendations will be followed in all cases where the materials used furnish directions and cover points not delineated on the Plans or in the Specifications. The specifications only indicate the quality and workmanship to be performed rather than a detailed description of the performance of the work. In the event of any discrepancies between the Plans or Specifications, the final decision as to which will be followed shall be made by the Engineer, the installation shall be rectified by the Contractor at no additional cost to the City.

All workmanship and materials incorporated shall be the best available grade of their respective kind. Provide a sample of each material specified. Accepted samples may be used in the Work. Submit three (3) sets of a type written list of materials as specified to the Engineer within twenty-one (21) days after award of contract. This list shall give the name, material number, and the manufacturer, and shall be accompanied by cut sheets or reproductions of catalog pages for all of the material to be installed. Approval of substitutions will not relieve the Contractor from complying with the requirements of the Contract Documents, Plans and Specifications. Pay at Contractor's sole expense for all changes caused by approved substitution which affect other items of work.

800-1.6.2 Herbicide.

Organic herbicide for weed abatement shall be Suppress EC, or approved equal.

800-1.6.3 Pre-emergent.

Pre-emergent weed control material shall be organic.

800-2 IRRIGATION SYSTEM MATERIALS. *ADD the following Subsections:*

All materials supplied for this project shall be new and free from any defects. All defective materials shall be replaced immediately at no additional cost to City.

After award of contract and before any irrigation system materials are delivered to the job site, submit to the Engineer a complete list of all irrigation systems, materials, or processes proposed to be furnished and installed as part of this Contract. Show manufacturer's name and catalog number for each item, furnish complete catalog cuts and technical data, furnish the manufacturer's recommendations as to the method of installation. No substitutions will be allowed without prior written acceptance by the

Engineer. Manufacturer's warranties shall not relieve the Contractor of liability under the guarantee. Such warranties shall only supplement the guarantee. If the Contractor of liability under the guarantee. Such warranties shall only supplement the guarantee. If the Contractor wishes to substitute any equipment or materials for equipment or materials listed on the irrigation Drawings and Specifications, it may do so by providing the following information to the Engineer for approval:

- Provide a written statement indicating the reason for making the substitution.
- Provide catalog cut sheets, technical data, and performance information for each substitute item.
- Provide in writing the difference in installed price if the item is accepted.

800-2.0.1 General Irvine Ranch Water District Water Facilities Requirements.

1. All water and sewer work shall conform to IRWD standards and these Special Provisions.
2. Removal of existing irrigation water meter, backflow preventer and lines serviced removal from service of existing mains, appurtenances, irrigation water meter, backflow preventer and lines serviced from the IRWD Domestic Water Distribution system shall be coordinated with Ives Sosa at Irvine Ranch Water District.
3. General: Existing mains and appurtenances shall be removed from service at the locations shown on the Plans or as directed by the district representative.
4. Method of abandonment: Existing pipe and appurtenances shall be filled with one-sack sand cement slurry, or removed from the ground, in which case all backfill and repair of surface shall be in accordance with section 02223, trenching, backfilling, and compacting. Where connections or stub-outs are abandoned, all valves shall be removed and the remaining flanged fitting shall be closed / plugged using a blind-flange fitting.
5. Storage of removed material: Removed pipe and appurtenances may be temporarily stockpiled on the job in a location that will not disrupt traffic or be a safety hazard, or it may be delivered to the district yard as directed by the district representative.
6. Maintenance of service: prior to performing any work to replace existing pipes and/or services, the contractor shall make proper provisions for the maintenance and continuation of service as directed by the district representative.
7. Abandoned water services: For a water service to be considered abandoned all surface fittings, meter, meter box and customer service valve shall be removed. The device line and corporation stop shall be removed and the service saddle plugged with a brass plug if there is no corporation stop on the service, the adapter shall be removed and a brass plug installed in the service saddle with special permission of the district representative, the horizontal portions of the service line may be abandoned in place by cutting and crimping the ends closed.
8. Abandoned sewer laterals: Sewer laterals to be removed from service shall be cut and plugged at the main.
9. Abandoned sewer manholes: For server manholes to be abandoned, the manhole cover, ring, grade rings and manhole cone shall be removed and properly disposed of all portions of the manhole to be abandoned shall be removed to a point eight (8) feet below finished ground surface. The

remaining portions of the manhole shall be filled with one-sack sand cement slurry.

10. Abandoned meter vaults, PRV vaults and other structures and boxes: For meter vaults, PRV vaults and other structures to be abandoned, the top hatch or covers, cover slab or hatch or box grade ring, grade rings and other structural elements shall be removed and properly disposed of all portions of the vault or structure to be abandoned shall be removed to a point eight (8) feet below finished ground surface. The remaining portions of the manhole shall be filled with one-sack sand cement slurry.

800-2.1.3 Plastic Pipe for Use with Solvent Weld Socket or Threaded Fittings. *ADD the following before the first paragraph:*

General: Use only new materials of brands and types noted on drawings, specified herein, or approved equals.

Handling of PVC Pipe and Fittings: The Contractors cautioned to exercise care in handling, loading, unloading, and storing of PVC pipe and fittings. All PVC pipe is to lie flat so as not to subject it to undue bending or concentrated external load at any point. Any Section of pipe that has been dented or damaged will be discarded and, if installed, shall be replaced with new piping. Pipe and fittings shall not be stored in direct sunlight.

DELETE 2ND Paragraph in its entirety and SUBSTITUTE with the following:

All pressure supply lines downstream irrigation water meter shall be PVC Class 315 for sizes 2" and larger and PVC Schedule 40 for sizes 1-1/2" and smaller with solvent welded joints. Piping shall conform to ASTM 1785. All non-pressure lines downstream of the remote control valve shall be Schedule 40 solvent weld PVC conforming to ASTM D1785. Pipe shall be marked continuously with manufacturer's name, nominal pipe size, schedule or class, PVC type and grade, National Sanitation Foundation approval, Commercial Standards designation, and date of extrusion. All plastic pipes shall be extruded of an improved PVC virgin pipe compound in accordance with ASTM D2241 or ASTM D1785.

All solvent weld PVC fittings shall be standard weight Schedule 40 and shall be injection molded of an improved virgin PVC fitting compound. Slip PVC fittings shall be the "deep socket" bracketed type. Threaded plastic fittings shall be injection molded. All tees and ells shall be side gated.

All fitting shall conform to ASTM D2466. All threaded nipples shall be standard weight Schedule 80 with molded threads and shall conform to ASTM D1785.

All solvent cementing of plastic pipe and fittings shall be a two-step process, using primer and solvent cement applied per the manufacturer's recommendations. Cement shall be of a fluid consistency, not gel-like or ropy. Solvent cementing shall be in conformance with ASTM D2564 and ASTM D2855. When connection is plastic to metal, female adapters shall be hand tightened, plus one turn with a strap wrench. Joint compound shall be non-lead base Teflon paste, tape, or approved equal.

800-2.1.4 In-Line Drip Irrigation System:

1. Drip tubing shall be of nominal sized one-half inch low density, ultra-violet-resistant, linear polyethylene tubing with internal pressure-compensating, self cleaning, integral drippers at a specified interval. The tubing shall be brown in color for recycled water systems and shall conform to an outside diameter (O.D.) of 0.66" and an inside (I.D.) diameter of 0.57". The low volume tubing shall be capable of a discharge rate of 0.90 gallons per hour (GPH) between operating pressures of 7 to 70 psi for each individual dripper. Dripper tubing shall be manufactured by Netafim or approved equal.
2. The individual self-cleaning, pressure-compensating drippers shall be welded to the inside of the tubing wall. The drippers are constructed of three individual pieces:
    a. Black-colored dripper containing a filtration system on the inlet side, compensation cell, and recessed chamber with a water outlet.
    b. Hard plastic diaphragm retainer (colored red (0.61) or black (0.92) depending on the discharge rate), with chamfered edges and a recessed groove in the center the full length of the diaphragm.
    c. Flexible black rubber diaphragm that allows excessive pressure to build up within the chamber to purge sediment or other debris that may not have been captured by the disc filter.
3. Dripper spacing shall be 12" on center.
4. All insert barbed fittings shall be constructed of molded, ultra-violet-resistant, brown colored plastic with purple stripe for recycled water having a nominal inside dimension (I.D.) of 0.57" (17 mm). Each fitting shall have a minimum of two ridges or barbs per outlet. All fittings shall be Netafim or approved equal and shall be available in one of the following end configuration:
    a. barbed insert fittings.
    b. male pipe threads (MPT) with barbed insert fittings or female pipe threads (FPT) with barbed insert fittings.
5. Non-pressure supply and exhaust headers shall be rigid, un-plasticized polyvinyl chloride PVC Schedule 40 with schedule 40 PVC fittings conforming to Section 212-2.13 of these specifications. Size as noted on drawing.
6. The line flushing valve shall be constructed of brown molded plastic and shall be a normally open hydraulic valve which flushes based on volumetric quantities of water. Inlet and outlet configurations shall be 1/2" MPT.
7. The line flushing valve shall be serviceable by removing a threaded cover from a base, exposing the internal components. The internal components of the line flushing valve shall consist of a molded diaphragm retainer, a high density plastic flush regulator, and a diaphragm 2" in diameter. The line flushing valve shall be capable of automatically operating during initial system pressure build-up to discharge approximately one gallon of water per 15 gpm demand at 50 psi maximum, or 1.5 psi minimum inlet pressure as manufactured by Netafim or approved equal.
8. Pressure regulation valve shall be a spring-operated piston type with an externally accessible regulation unit that can be serviced without removing the valve from the

system. The valve shall be constructed from molded black plastic with six different colored tops with interchangeable springs denoting different pressure regulation and flow ranges. The regulator shall have a built-in indicator that shows when the proper outlet pressure is reached. Operating ranges for the valves shall be from 15 to 50 psi in 5 psi increments. Inlet and outlet ports of the valve shall be a combination of male/female threads as manufactured by Netafim or approved equal.

9. Basket filter shall be Rain Bird PRB-QKCHK-100 pressure regulating basket filter with 200 mesh screen.
10. Air/vacuum relief valves shall be constructed of gray plastic with an internal sliding poppet valve that is capable of venting air or vacuum to the atmosphere only. The main body shall have a 1/2" male pipe thread (MPT). Operating pressure range for the air/vacuum relief valve shall be 7 psi minimum to 140 psi maximum as manufactured by Netafim or approved equal.
11. Tubing clamps shall be constructed to 304 AISI stainless steel and shall be one "ear" type. This "ear" shall be capable of being pinched with a pinching tool to secure the tubing around the insert barbed fitting. Interior clamp wall shall be smooth to prevent crimping or pinching of tubing. Wall thickness of clamps shall be .0236" (0.6 mm) with an overall band width of 1/4" (7 mm).

800-2.2.4 Remote Control Valves.

Electric control valves shall be of the manufacturer, size, and type indicated on the Plans. Electric control valves shall be electrically operated.

Identification Tag:

1. I.D. tags for remote control valve and master valves shall be manufactured from Polyurethane Behr Desopan. Use Christy's standard tag hot-stamped with black letters on yellow background. Tags shall be numbered to match programming shown on the Drawings. Provide one tag for each remote control valve and master valves.
2. Special order tags from T. Christy Enterprises, 655 E. Ball Road, Anaheim, CA 92805. Phone (714) 507-3300 and Fax (714) 507-3310.

800-2.2.7 Valve Boxes. *DELETE in its entirety and SUBSTITUTE following:*

All valve boxes shall be green in color. Green lids with purple tags will be allowed. Contractor shall special order green valve box lids to conform to IRWD requirements and shall include the words "RECYCLED WATER – DO NOT DRINK" and shall have the international symbol conveying the same warning.

Valve boxes shall be fabricated from a durable, weather-resistant plastic material resistant to sunlight and chemical action of soils. The valve box cover shall be green in color and secured with dual locks to be supplied. The cover and box shall be capable of sustaining a load of 1,500 pounds. Valve box extensions shall be by the same manufacturer as the valve box. Electric control valve boxes shall be 16"x11"x12" rectangular size. Valve box covers shall be marked "RCV" with the valve identification number "heat branded" onto the cover in 2-inch high letters / numbers. Gate and quick

coupler valve boxes shall be 10” circular size. Valve box covers shall be marked with either “GV” or “QCV” heat branded” onto the cover in 2-inch high letters. Heat branding method, craftsmanship, and lettering orientation to be approved by city prior to branding lids.

800-2.4 Irrigation Equipment.

Irrigation heads and nozzles shall be of the manufacturer, size, type, with radius of throw, operating pressure, and discharge rate indicated on the Plans. Irrigation heads and nozzles shall be used as indicated on the Plans.

Irrigation in-line dripper lines, filters, pressure regulators, and drip line stakes shall be of the manufacturer, size, type, with operating pressure, and discharge rate indicated on the Plans and Section 212-2.1.6 of these specifications.

800-3 ELECTRICAL MATERIALS.

800-3.2.2 Conductors.

Remote control wire shall be direct-burial AWG-UF type, size as indicated on the Plans, and in no case smaller than 14 gauge. Connections shall be Scotchlok 3M DBY Direct Bury Splice Kit per City if Irvine Standard Plan 516. Kit shall include a Scotchlok Y Spring connector, a Polypropylene tube prefilled with waterproof sealing gel. Ground wires shall be white in color. Control wires shall be red (where two or more controllers are used, the control wires shall be a different color for each controller. These colors shall be noted on the “Record Drawings” Plans located on controller door). The Contractor shall provide 4 spare control wires per City Landscape Manual Section 5,B,24,C.

800-3.3 Controller Unit. *ADD the following paragraphs:*

1. Each automatic irrigation controller shall be included as a component part of the specified vandal-resistant irrigation controller enclosure assembly. Refer to irrigation drawings for size and type of enclosure.

2. Automatic controller(s) shall be of size and type shown on the Drawings.

3. Final location of automatic controller(s) shall be approved by the City's Authorized Representative.

4. Refer to electrical section of the specifications for 120 volt power hook up of irrigation controller. The final electrical hook-up of automatic controller shall be the responsibility of the Contractor.

5. The existing electrical meter pedestal and conduit to controller locations shall be protected in place.

Stainless Steel Vandal-Resistant Irrigation Controller Assembly with Companion Box:

1. The vandal-resistant irrigation controller enclosure assembly shall be installed on concrete base per irrigation details shown on the drawings.
2. The automatic controller stainless steel backboard assembly shall include a pre-wired terminal strip clearly indicating the proper points of connection of all appropriate wiring (station valves, master valve, common, central control.)
3. The combination vandal-resistant electrical meter pedestal and companion irrigation controller enclosure assembly shall be assembled by Imperial Technical Services, 1485 Manessero, Anaheim, CA 92807, phone (714) 792-2926 or approved equal.
4. Upon final inspection of the project, the Irrigation Contractor shall provide for the Owner a "Job Site Equipment Inspection and 5 year Warranty Certification" letter from the enclosure manufacturer. This letter shall include verification of conformance with specifications and installation recommendations, site inspection date and shall list all assemblies covered under the 5 year warranty.

Flow Meter:

1. An irrigation main-line flow sensor shall be installed in accord with Drawings and manufacturer's installation instructions. See Drawings for location. Contractor shall be responsible for the installation, hook-ups, materials, components, connections, etc., of the flow sensors for the complete automatic operation of the system.
2. The flow sensor shall be manufactured by Data Industrial. Install flow sensor as recommended by the manufacturer and as detailed on the drawings. Use FM series plastic tee mounted flow sensor for sizes 1" through 4" as noted on the drawings.
3. The flow sensor wire from flow meter to automatic controller shall be one (1) black and one (1) red standard U.F. #14 AWG irrigation control wire.
4. Flow sensor wire may be extended to a maximum distance of 2000 ft. from the location of the assembly to which it is connected. Wire shall be installed in a 1-1/2 in. UL-listed Schedule 40 conduit gray in color.
5. Provide a separate flow sensor wire from flow sensor to its respective designated controller as detailed on the drawings. Run flow sensor wires within 1-1/2" PVC Schedule 40 conduit.
6. Control and common wires for the master valve immediately upstream from flow sensor shall be installed within flow sensor conduit along with flow sensor wire.
7. Flow sensor wires from different points of connection may not be installed within the same conduit.
8. Control and common wires for the automatic master valve immediately upstream from flow sensor shall be installed with wire colors other than red and black.
9. All splices shall be performed in a 3M "DBY" direct bury splice kit. Make only one splice with each connector.

Flow Sensor Wire Conduit:

1. As a part of this Contract, the Contractor shall provide and install a flow sensor cable and flow sensor cable conduit as shown on the drawings. Flow sensor cable conduit shall be PVC Schedule 40 with solvent welded joints and unless otherwise noted on the Drawings, shall be 1-1/2" in size, with 1/4" nylon pull rope installed within entire length of conduit. Flow sensor cable conduit shall be gray in color.
2. Except as noted in paragraph number two (above) of this section, all requirements for flow sensor cable conduit and fittings shall be the same as for solvent-weld pressure main line pipe and fittings as set forth in Section 800-2.1.3 of these Specifications.
3. Sweep ells shall be fabricated standard electrical type PVC schedule 40 long sweep elbows. Cap sweep ell with tri-plug with the ring for securing nylon pull rope.
4. The flow sensor cable conduit shall be installed where indicated on the Drawings and shall be routed, wherever possible, with the irrigation pressure main line piping. Provide 24" minimum cover over all flow sensor cable conduits. Provide 6" minimum separation between communication cable conduit and irrigation pressure main line piping.
5. Pull boxes shall be located a minimum of two hundred (200) feet on center, at each automatic controller location, and at each change of direction. Use 11-3/4” x 17" x 11" rectangular box for all pull boxes, Carson Industries #1419-12B with green bolt-down cover or approved equal. Cover shall be marked "Irrigation Control Cable." Refer to the Drawings for additional information.

SECTION 801 – INSTALLATION

801-1 General. *After last paragraph, ADD the following:*

All landscape and irrigation installation items not modified by these Special Provisions shall be as specified by The City of Irvine Landscape Manual and Standard Plans located on the internet at the following addresses: **Landscape Standard Plans**

(http://www.cityofirvine.org/cityhall/pw/deveng/standards_manuals/landscape_standard_plans.asp)

And > Landscape Manual Sections V though XI

(http://www.cityofirvine.org/cityhall//pw/deveng/standards_manuals?landscape_manual.asp)

801-2.2.2 Fertilizing and Conditioning Procedures.

The quantities of materials necessary for the planting area shall be at the site and shall be verified by delivery tickets furnished to the Engineer before spreading.

801-2.3 Finish Grading.

All earthwork, planting and sprinkler/irrigation work shall be inspected and accepted by the City prior to start of any work of Section 801.

308-4 PLANTING.

308-4.1 General.

Prior to excavation for planting or placing of stakes, locate all utilities, electric cables, conduits, irrigation lines, heads, valves and valve control wires, and all utility lines so that proper precautions may be taken not to damage such improvements. In the event of a conflict between utilities and plant locations, promptly notify the Engineer. If contractor fails to follow this procedure it shall repair all damages resulting from the work at contractor's sole expense. Plant materials shall be furnished in the quantities and /or spacing as shown or noted for each location, and shall be of the species, kinds, sizes, etc., as symbolized, and described in the Plant Legend, as indicated on the Plans. Verify all sizes and quantities on the Plans. Promptly report any discrepancy to the Engineer.

Any plant material or any development materials specified by trade name or equal, shall be according to these Plans and Specifications. Installation and use of substitute items shall not be made until the Contractor is in receipt of written approval from the Engineer. Substitution proposals for plant material must be accompanied by written proof of non-availability within a 100 hundred mile radius of the project site for material originally specified and proof that material was ordered in a timely manner upon award of contract.

Regularly water all nursery stock in containers and place them in a cool area protected from sun and drying winds. Do not allow plants to dry out before or while being planted. Keep exposed roots moist by means of wet sawdust, peat moss or burlap at all times during planting operations. Do not expose roots to the air except while being placed in the ground. Wilted or diseased plants, whether in place or not, will not be accepted and shall be replaced at the Contractor's sole expense. Moisten prepared surface immediately prior to installing plant material. Install plant material immediately after delivery to site, within 24 hours after delivering to prevent deterioration. Hand water landscaped areas immediately after installation with a minimum of 1" of water.

801-4.5 Tree and Shrub Planting. *Delete 4th paragraph and SUBSTITUTE with the following:*

In the event that underground construction work or obstructions are encountered in the planting operation, alternate locations for plant material will be selected by the City. Operation shall be done at no extra cost to the City. For amendments to backfill material as necessary per Soils Recommendations and apply amendments as specified per soil report to be done by Wallace laboratory.

No mixing for individual planting holes is permitted. Mix planting soil prior to backfilling and stockpile at the site. Iron sulfate shall not contact cement.

Remove all plants from their containers and set so that, when settled, they bear the

same relation to the required grade as they bore to the natural grade before being transplanted. Set plant tablets to be used with each plant on the top of the root ball so the required number of tablets to be used in each hole can be easily verified. Bury tablets upon approval by the Engineer. Planting holes shall be compacted with no more than 1" settlement from finished grade. Improper planting will delay the start of the maintenance period.

801-4.8.5 Mulch.

All trees, shrubs and ground cover areas shall be mulched after planting to a depth of 2 inches. Maintain a 6-inch clear "no-mulch" zone around the base of each tree and shrub.

308-5 IRRIGATION SYSTEM INSTALLATION.

801-5.1 General.

Prior to all work of this section, contractor shall inspect the installed work of all other trades and verify that all such work is complete to the point where this installation may properly commence. Verify that irrigation system may be installed in strict accordance with all pertinent codes and regulations, the original design, the referenced standards, and the manufacturer's recommendations. In the event of discrepancy, immediately notify the Engineer. Do not proceed with installation in areas of discrepancy until all discrepancies have been resolved. Before starting work, carefully check all grades to determine that work may safely proceed, keeping within the specified material depths with respect to finish grade.

The Contractor shall request acceptance of final grades before work on this Section can begin. Make all necessary measurements in the field to ensure precise fit of items in accordance with the original design. Coordinate the installation of all irrigation materials with all other work. All scaled dimensions are approximate. Check and verify all size dimensions prior to proceeding with work under this Section. Exercise extreme care in excavating and working near existing utilities. Repair damages to utilities, which are caused by Contractor's operations or neglect, at no additional cost to City. Prior to installation, stake out all pressure supply lines, routing and location of sprinkler heads, valves, backflow preventer, and automatic controller (unless existing is to be utilized). Layout irrigation system and make minor adjustments required due to differences between site and Drawings. Where piping is shown on Drawings under paved areas, but running parallel and adjacent to planted areas, install the piping in the planted areas. Connections to, or the installation of, the water supply shall be at the locations shown on the Drawings. Minor changes caused by actual site conditions shall be made at no additional expense to the City.

Verify and be familiar with the locations, size and detail of points of connection provided as the source of water and connection to the irrigation system. Irrigation design is based on the available static water pressure shown on the Drawings. Verify static water on the project prior to the start of construction. Should a discrepancy exist, notify the Engineer prior to beginning construction. Prior to cutting into the soil, locate all cables, conduits, sewer septic tanks, and other utilities as are commonly encountered underground and it shall take proper precautions not to damage or disturb such improvements. If a conflict exists between the obstacles and the proposed work,

promptly notify the Engineer who will arrange for relocations. Proceed in the same manner if a rock layer or any other such conditions are encountered. Protect all existing utilities and features to remain on and adjacent to the project site during construction. Repair, at its sole cost, all damage resulting from its operations or negligence.

Permit the Engineer to visit and inspect at all times any part of the work and shall provide safe access for such visits. Where the Specifications require work to be tested by the Contractor, it shall not be covered over until accepted by the Engineer. Notify the Engineer, a minimum of 48 hours in advance of where and when the work is ready for testing. Should any work be covered without testing or acceptance, it shall be, if so ordered, uncovered at the Contractor's sole expense. Inspections will be required for the following at a minimum:

- System layout
- Pressure test irrigation main line (two hours at 150 PSI).
- Coverage test of irrigation system
- Final inspection prior to start of maintenance period
- Final acceptance

Work that fails testing and is not accepted will be re-tested. Hourly rates and expenses of the Engineer for re-inspection or re-testing will be paid by the Contractor at no additional expense to City.

Use all means necessary to protect irrigation system materials before, during, and after installation and to protect the installation work and materials of all other trades. In the event of damage, immediately make all repairs and replacements necessary to the acceptance of the Engineer and at no additional cost to the City. Exercise care in handling, loading, unloading, and storing plastic pipe and fittings under cover until ready to install. Transport plastic pipe only on a vehicle with a bed long enough to allow the pipe to lay flat to avoid undue bending and concentrated external load. Dispose of waste, trash, and debris in accordance with applicable laws and ordinances and as prescribed by authorities having jurisdiction. Do not bury waste material and debris on the site. Burning of trash and debris will not be permitted. Remove and dispose of rubbish and debris generated by his work and workmen at frequent intervals or when ordered to do so by the Engineer. At the time of completion the entire site will be cleared of tools, equipment, rubbish and debris which shall be disposed of off-site in a disposal area that is fully and legally licensed.

Supply the following items:

- Two(2) wrenches for disassembly and adjustment of each type of sprinkler head used in the irrigation system.
- Two(2) 30-inch sprinkler keys for manual operation of control valves.
- One (1) valve box cover key.
- Four (4) extra sprinkler heads of each size and type.

The above equipment shall be turned over to the Engineer at the final inspection.

At the time of the pre-maintenance period inspection, the Engineer and governing agencies will inspect the work and, if not accepted, prepare a list of items to be completed by the Contractor. At the time of the post-maintenance period or final inspection the work will be re-inspected and final acceptance will be in writing by the

Engineer. The City Engineer shall have final authority on all portions of the work.

801-5.3 Irrigation Pipeline Installation.

801-5.3.1 General.

Excavations shall be straight with vertical sides, even grade, and support pipe continuously on bottom of trench. Trenching excavation shall follow layout indicated on Drawings to the depths below finished grade and as noted. Where lines occur under paved area, these dimensions shall be considered below subgrade. Provide minimum cover of 24 inches on pressure supply lines. Provide minimum cover of 24 inches for control wires. Provide minimum cover of 12 inches for non-pressure lines. Backfill material on all lines shall be the same as adjacent soil free of debris, litter, and rocks over ½ inches in diameter. Backfill shall be tamped in 4-inch layers under the pipe and uniformly on both sides for the full width of the trench and the full length of the pipe. Backfill materials shall be sufficiently damp to permit thorough compaction, free of voids. Backfill shall be compacted to 90% relative compaction and shall conform to adjacent grades. Flooding in lieu of tamping is not allowed. Under no circumstances shall truck wheels be used to compact backfill. Provide sand backfill a minimum of 6 inches over and under all piping under paved areas. Trenching around existing trees and roots shall be done by hand without the use of power tools unless specifically directed by the City.

Piping under existing pavement may be installed by trenching, jacking, or boring. No hydraulic driving is permitted under asphalt pavement. Carefully inspect all pipe and fittings before installation, removing dirt, scale, burrs, and reaming. Install pipe with all markings up for visual inspection and verification.

Remove all dented and damaged pipe sections. All lines shall have a minimum clearance of 6 inches from each other and 12 inches from lines of other trades. Parallel lines shall not be installed directly over each other. In solvent welding, use only the specified primer and solvent cement and make all joints in strict accordance with the manufacturer's recommended methods including wiping all excess solvent from each weld. Allow solvent welds at least 15 minutes setup time before moving or handling and 24 hours curing time before filling. PVC pipe shall be installed in a manner, which will provide for expansion and contraction as recommended by the pipe manufacturer. Centerload all plastic pipe prior to pressure testing. All threaded plastic-to-plastic connections, work the metal connections first. Use a non-hardening pipe dope an all threaded plastic-to-metal connections, except where noted otherwise. All plastic-to-metal connections shall be made with plastic female adapters.

Sub-Surface Drip Irrigation System:

1. Verify existing field dimensions of the area to be irrigated with the irrigation plans for accuracy. Begin dripper tubing layout 12" away from both hard surfaces; i.e., concrete sidewalks, curbs, asphalt, and/or undefined edges; i.e., shovel-cut headers. Mark tubing intervals on the ground with flags, paint, or some other markings that can be maintained throughout the installation.
2. As much as possible, supply and exhaust headers shall be installed perpendicular to contours.

3. As much as possible, dripper tubing shall be installed parallel with contours.
4. Dripper tubing can be installed with the water outlets facing upward or downward. Place dripper outlets in such a manner as to form a triangular pattern between parallel tubing laterals. In irregular areas, some water outlets may end up too close to fixed improvements and may have to be capped off with a dripper plug ring.
5. Connect dripper tubing to barbed fittings by pushing on and over both barbs until the tubing has seated against another piece of tubing or has butted against another portion of the barbed fitting. For water pressures in excess of the 45 psi, use stainless steel clamps as noted in paragraph 8, “Pipe Clamping” on all barbed fittings.
6. When design operating pressure exceeds 45 psi, stainless steel pipe clamps shall be used. Slip clamps over tubing before slipping tubing over insert barbed fitting. Place clamp between the first and second ridge of the barbed fittings and crimp the “ear” of the clamp tightly. Crimp the “ear” twice to ensure proper seating.
7. Install a pressure regulator below grade, downstream, and in line with the remote control valve. Whenever possible, place the pressure regulator in the same valve box to allow for periodic inspection. Place the regulator with the arrow (molded into the side of the body) pointing in the direction of the flow of water. Provide straight piping on the outlet side of regulator for a dimension not less than three lengths of the overall body dimension.
8. Install the basket filter, horizontally level, below grade and before or after the remote control valve as indicated in the installation details. The position of the disc filter in the valve box shall be centered to allow for removal of the filter element for periodic servicing. Refer to the installation details for the size of the valve box.
9. Install the air/vacuum relief valve below grade and at the highest elevation within each zone. Depending on the site conditions and tubing layout, more than one air/vacuum relief valve into a 1/2" x 3/4” SCH 40 PVC reduction bushing and thread this assembly into a 180° 2-way adapter tee with a 3/4” (MPT) outlet. Place the valve within a round valve box with a locking cover and a 1 cu. Ft., 3/4” gravel sump as noted on the details. Additional blank Techline tubing may be necessary when placing Techline dripper tubing on mounds or berms with more than a 3’ elevation difference. Blank Techline tubing shall be connected perpendicular to the dripper tubing with barbed tees from the lowest elevation of dripper tubing to the highest point of the mound berm where the air/vacuum relief valve is located. This air/vacuum relief lateral serves to collect and transport trapped air bubbles or relieve vacuum in lower elevation dripper tubing parallel to the dripper tubing located at the highest point in the system. Locate an air/vacuum relief lateral for each berm within the system.
10. Prior to backfilling and before connection of the line flushing valves, flush the entire system to remove any dirt or sediment that may have entered the system during the installation.
11. Install the line flushing valve horizontally level and below grade at the hydraulic termination point(s) in each system. Locate in a valve box with the dome-

shape of the valve facing upward. Include a minimum of 1 cu. Ft. of 3/4" crushed rock in the bottom of the valve box per construction detail.

12. Prior to backfilling, open the remote control valve and operate each circuit to check for leakage around both barbed and threaded PVC fittings. Make necessary corrections to stop leaks.

Re-test those systems where leaks were corrected before commencing backfilling operations.

Irrigation heads shall be installed as indicated on the Plans. Riser nipples shall be of the same size as the riser opening in the sprinkler body. Install all assemblies specified herein according to the respective detail Plans or Specifications, using best standard practices.

Fertilizer Proportioning System

1. The fertilizer proportioning system shall be a pressurized, non-mechanical system that operates exclusively on the differential pressure created by water flowing past inlet and outlet ports to the system storage tank. It shall require no moving parts to create fertilizer flow from the tank to the irrigation line. Even metering shall be accomplished by creating a layering process inside the tank that separates incoming water from the fertilizer solution without requiring an internal bladder. Water entering the tank shall be directed to both the top of the tank and bottom of the tank to provide even metering and adequate agitation to accommodate the use of either liquid or water soluble non-hazardous fertilizers and supplements. The system shall be connected with flexible tubing and provide for easy disconnection and reconnection for subsequent removal and refill.
2. The proportioning rates shall be adjustable from 400:1 to 15,000:1 and automatically adjust to changes in water pressure and water flow without the use of electronic meters and/or control valves.
3. The system shall be constructed of materials conforming to a minimum of schedule 40 PVC.
4. The proportioner shall be an EZ-FLO Fertilizing System or approved equal.

801.-5.4 Installation of Valve Boxes, and Special Equipment.

Automatic control valves, quick coupler, basket strainer, and gate valves shall be installed in the approximate locations indicated on the Plans. Valves shall be installed in shrub areas whenever possible. Install all valves as indicated on the detail on Plans. Valves to be installed in valve boxes shall be installed one valve per box. Valve boxes shall be installed in shrub areas whenever possible. Quick coupler valves shall be set approximately 6 inches from walks, curbs, header boards, or paved areas where applicable.

801-5.5 Automatic Control System Installation. *ADD the following:*

All Automatic Irrigation valves shall be connected to the new and / or existing irrigation controllers as shown on the Plans. Install control wiring from and between Controllers

to remote control valves as shown on the Plans.

New controller charts and data sheets shall be provided for all irrigations systems.

801-5.6 Sprinkler Coverage Test. *ADD the following:*

Coverage testing shall be performed for overhead irrigation and drip irrigation.

Adjust valves, align heads, and check the coverage of each system prior to coverage test. If it is determined by the Engineer that additional adjustments or nozzle changes will be required to provide proper coverage, make all necessary changes or adjustments prior to any planting. The entire system shall be operating properly before any planting operations commence.

Do not allow or cause any of the work of this section to be covered up or enclosed until it has been observed, tested and accepted by the Engineer. Notify the Engineer a minimum of 48 hours in advance where and when the work is ready for testing. When the sprinkler system is completed, perform a coverage test of each system in its entirety to determine if the water coverage for the planted areas is complete and adequate in the presence of the Engineer.

Irrigation drip line to be installed per Plans and Special Provisions. The contractor shall be responsible for making field adjustments to provide proper drip coverage. Install drip line - on grade per manufacturer's instructions. Immediately after installing drip line, flush system to the satisfaction of the Engineer. Drip line coverage to be observed, tested, and approved by the Engineer prior to burying with top soil. Notify the Engineer a minimum of 48 hours in advance where and when the work is ready for testing.

801-5.7 Operational Test. *ADD the following:*

Furnish all materials and perform all work required to correct any inadequacies of coverage due to deviations from the Plans, or where the system has been willfully installed as indicated on the Drawings when it is obviously inadequate, without bringing this to the attention of the Engineer. This test shall be accepted by the Engineer and accomplished before starting any planting. Final inspection will not commence without record Drawings as prepared by the Contractor. During the maintenance period adjust and maintain the irrigation system in a fully operational condition providing complete irrigation coverage to all intended plantings. Clean-up shall be made as each portion of the work progresses. Refuse and excess dirt shall be removed from this site, all walks and paving shall be broomed, and any Contractor damage shall be repaired to original conditions.

Fertilizing System Installation and Operation

1. Location
    a. The system shall be installed underground, in a valve box in the irrigation main line between the irrigation point of connection and the irrigation control valves for the area or landscape being fertilized and as noted on the irrigation drawings.

2. Installation
    a. Turn off water to the irrigation main line and relieve pressure by opening a sprinkler valve.
    b. Glue an EZ-FLO Coupling Connector or approved equal into the irrigation main line. Note flow direction indicator on the coupling connection and install accordingly.
    c. Connect ¼" black polyethylene tubing to the Blue connector on the coupling and connect the Blue Jaco fitting to the coordinating side of the system cap.
    d. Connect ¼" clear polyethylene tubing to the Green connector on the coupling and connect the Green Jaco fitting to the coordinating side of the system cap.
    e. Install pressure clamps on the green and blued tubing connections on the EZ-FLO Coupling Connector.
    f. Cut both the black and clear connecting lines approximately 3" from the cap connection and install EZ-FLO Shut Off Valves or approved equal with the disconnect washer located between the Shut Off Valve and the connection to the cap. (EZ-FLO "X" models have the shut off valves factory installed to tubing).
    g. Set Shut Off Valves to the off position and turn the main line water on.

3. Operation
    a. Remove the cap by disconnecting at the shut off valves by pulling the washer against the shut off valve while pulling tubing away from Cap of system.
    b. Fill the tank with 3" to 4" of water with either shut off valve.
    c. Fill the system with the recommended amount of EZ-FLO Non Hazardous Premium Fertilizer and Liquid Nutrition Supplement or approved equal directly into the tank.
    d. Fill the tank the rest of the way with water by opening one of the Shut Off Valves and direct the flow into the tank until all air has been exhausted.
    e. Screw the cap to the tank and reconnect the tubing. (be sure to install washer first)
    f. Slowly turn both Shut Off Valves to the on position.

4. Testing
    a. Open one or more sprinkler valves.
    b. Set the system on fast and watch for color in the clear tubing. If color is present, the system is ready for operation.
    c. Set the feed adjustment valve to the desired feed rate.

801-6.1 MAINTENANCE AND PLANT ESTABLISHMENT. *DELETE in entirety and SUBSTITUTE with the following:*

Landscape establishment period shall be a minimum of thirty (30) working days. Landscape maintenance period shall be a minimum of sixty (60) working days after "Date of Acceptance of Installation" of all planting areas. Request in writing from the Engineer notification of the date of the start of the maintenance and planting establishment period. The maintenance period shall not officially begin or end without written notification from the Engineer. Maintain all planted areas on a continuous basis as they are completed during the progress of the work and during the establishment and

maintenance period, and shall continue to maintain them until final acceptance in accordance with the following:

- Water, weed, fertilize, edge, prune, spray as necessary to promote a healthy growing condition. Maintain lawn at a mowing height recommended by the city. All planted areas shall be kept free of debris and weeds. Keep project neat and attractive throughout the maintenance period.
- Apply only organic herbicides for weed control, as needed or directed by City, in accordance with manufacturer's instructions and applicable laws and regulations. Remedy damage resulting from the use of herbicides.
- Adjust the irrigation system to sufficiently saturate root zone without rotting trees, shrubs, and ground cover. Do not exceed Irvine Ranch Water District's (IRWD's) water allocation.
- Fertilize with "JTM Complete 8-2-4" at 10lbs./1,000 s.f. at five (5) calendar days before the end of the maintenance period.

Maintenance period shall be extended if plant material is not in a healthy growing condition. When all maintenance work has been completed to the satisfaction of Engineer, the Engineer will issue to the Contractor a written notice of completion of maintenance.

All inspections herein specified shall be made by the City. Request inspection at least forty-eight (48) hours in advance of the time the inspection is required. Requested inspections, subsequently canceled without twenty-four (24) hours notice, will be billed to the Contractor. Inspection is required for, and not necessarily limited to, the following parts of the work:

- Incorporation of soil amendments and fine grading.
- Prior to digging plant pits for trees and shrubs.
- During backfilling of plant pits with amended backfill.
- Final inspection at the end of the maintenance period.
- Irrigation inspection / coverage test prior to planting.

801-7 GUARANTEE. *Add /Delete / Modify:*

Should any a defect in materials or workmanship be discovered within the guarantee period the Contractor shall correct it within Ten (10) calendar days after receipt of written notice from City (and at no additional expense to City). When the nature of the repairs, as determined by the City, constitute an emergency or threat to public safety the City may proceed to make repairs at the Contractor's expense. Any and all damages to existing improvement shall be repaired to the satisfaction of the owner by the Contractor, all at no additional cost to the City.

Guarantee shall be submitted on Contractors own letterhead as follows:

GUARANTEE FOR SPRINKLER IRRIGATION SYSTEM

We hereby guarantee that the sprinkler irrigation system we have furnished and installed is free from defects in materials and workmanship, and the work has been completed in accordance with the Drawings and Specifications, ordinary

wear and tear and unusual abuse, or neglect excepted. We shall repair or replace any defective material during the period of one year after date of filing of the Notice of Completion and also repair or replace any damage resulting from the repairing or replacing of such defects at no additional cost to the owner. We shall make such repairs or replacements within 10 calendar days following written notification by the owner. In the event of our failure to make such repairs or replacements within the time specified after receipt of written notice from owner, we authorize the owner to proceed to have said repairs or replacements made at our expense and we will pay the costs and charges therefor upon demand.

801-8 Payment. *DELETE in entirety and SUBSTITUTE with the following:*

Payment will be made at the contract unit prices as set forth in the bid schedule. Protection of existing utilities, potholing, trenching, backfilling, compaction, installation of new irrigation pipes, fittings, sprinklers, valves, wiring, connection to controllers, meters, utility service connections, irrigation system modifications, removal and salvage of specified equipment to City yard, and appurtenances shall be considered included in the contract unit price. Payment shall include full compensation for furnishing all labor, materials, and tools, equipment and all incidentals complete in place as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor. No additional compensation will be allowed for the replacement of broken irrigation heads, either existing or damaged during construction.

Measurement and Payment for **CLEAR AND GRUB (FOR LANDSCAPING AND IRRIGATION IMPROVEMENTS)** shall be made at the contract unit price bid per **Square Foot (SF),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, removal of landscape shrubs, groundcover, turf, debris, at-grade irrigation appurtenances and miscellaneous items not otherwise identified on Civil drawings as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **TREE REMOVAL** shall be made at the contract unit price bid per **Each (EA),** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to removal of trees ,stumps, roots, traffic control and disposal, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor. Trees to be removed are as stipulated in the “University Drive Road Widening Tree Evaluation” Report prepared by Arborgate Consulting dated December 21, 2016.

Measurement and Payment for **SOIL PREPARATION / FINE GRADING** shall be made at the contract unit price bid per **Square Foot (SF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the

requirements herein, including but not limited to, submittals, testing of planting soils, grading, fertilizer and soil amendment application, irrigation, supervision and all other items necessary within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **EXCAVATION AND REMOVAL OF SPOILS FOR DECOMPOSED GRANITE PAVING** shall be made at the contract unit price bid per **Cubic Yard (CY)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to removal, disposal and grading for the installation of decomposed granite paving. as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **4" STABILIZED DECOMPOSED GRANITE** shall be made at the contract unit price bid per **Cubic Yard (CY)** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to placing, grading and compacting of material, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL ROTOR HEADS** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; excavation, installation and backfill of spray heads conforming to City Std. Plan #521, as-builts, record drawings, guarantees, permits and licenses, testing, inspections and clean-up operations within the limits, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL TREE SUPPLEMENTAL SPRAY HEADS** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; excavation, installation and backfill of spray heads conforming to Detail H / LI-14, as-builts, record drawings, guarantees, permits and licenses, testing, inspections and clean-up operations within the limits, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL LANDSCAPE DRIPLINE WITH APPURTENANCES** shall be made at the contract unit price bid per **Square Foot (Square Foot)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to

accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; excavation, installation and backfill of dripline, air relief valves, flush valves; and associated PVC headers / connections, per Details A, B, C & G, / LI-14, as-builts, record drawings, guarantees, permits and licenses, testing, inspections and clean-up operations within the limits, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL DRIP REMOTE CONTROL VALVES** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; installation of valves, valve box and valve box marking; water and electrical connections, excavation and backfill of valve box per Detail D / LI-14 and City Std. Plan #516, as-builts, record drawings, guarantees, permits and licenses, testing, inspections and clean-up operations within the limits, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL REMOTE CONTROL VALVES** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; installation of valves, valve box and valve box marking; water and electrical connections, excavation and backfill of valve box per City Std. Plan #510 and #516, as-builts, record drawings, guarantees, permits and licenses, testing, inspections and clean-up operations within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **RELOCATE EXISTING REMOTE CONTROL VALVES** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; installation of valves, valve box and valve box marking; water and electrical connections, excavation and backfill of valve box conforming to City Std. Plan #510 and #516, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Payment for **RELOCATE EXISTING HOA CONTROLLER** shall be made at the contract **Lump Sum (LS)** price bid and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements here, including but not limited to, notification of HOA management company, removal of existing controller, installation of new standard concrete foundation to match City Std Plan #515, #516 & #517, conduits, control wiring, and 120 VAC service re-location, as shown on the Plans, as specified in

the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Payment for **MODIFY MISCELLANEOUS EXISTING UCI IRRIGATION HEADS** shall be made at the contract **Lump Sum (LS)** maximum Time and Material allowance basis and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements here, conforming with City Std. Plan #521, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL QUICK COUPLING VALVES** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; installation of quick coupler, swing joint, stainless steel clamps, rebar stake, valve box, valve box markings, pipe and brick supports, landscape fabric and gravel; water connection, excavation and backfill of valve box conforming to City Std. Plan #508, as-builts, record drawings, guarantees, permits and licenses, testing, inspections and clean-up operations within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL LINE SIZE GATE VALVES** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; installation of valve, valve box, valve box markings, landscape fabric and gravel; water connections, excavation and backfill of valve box conforming to City Std. Plans #506 and #507, as-builts, record drawings, guarantees, permits and licenses, testing, inspections and clean-up operations within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL FLOW SENSOR** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; installation of flow sensor, valve box, valve box markings, landscape fabric and gravel; water connections, excavation and backfill of valve box conforming to City Std. Plan #509 and #516 as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL BASKET STRAINER AND MASTER VALVE ASSEMBLY** shall be made at the contract unit price bid per **Each (EA)** as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place,

conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; installation of basket strainer, installation of master valve, valve box, valve box markings, pipe and concrete block supports, landscape fabric and gravel; water and electrical connections, excavation and backfill of valve box, conforming to City Std. Plan #505 and as modified by Detail F / LI-14 and City Std. #516, as-builts, record drawings, guarantees, permits and licenses, testing, inspections and clean-up operations within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL FERTILIZER INJECTOR** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, fertilizer injector, valve box, valve box markings, pipe and concrete block supports, ball valve, landscape fabric and gravel; water connections, excavation and backfill of valve box, conforming to Detail E / LI-14 as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL IRRIGATION CABINET/CONTROLLER ASSEMBLY (INCLUDES DEMO OF EXISTING CABINET/CONTROLLER)** shall be made at the contract unit price bid per **Each (EA**), as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; removing and salvaging of the existing controller(s) to City yard, existing foundation removal and disposal, re-location and installation of 120VAC power conduit from re-located power meter, furnishing and installing fully functioning cabinet/controller, controller programming, cabinet/foundation modifications, conduit/conductor/control wire installation/modifications, electrical connections and modifications, excavation and backfill of conduit trenches, conforming to City Std. Plan #515, 516 & 517, as-builts, record drawings, guarantees, permits and licenses, testing, inspections and clean-up operations within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REMOVE EXISTING 1 1/2" WATER METER** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals; removing and salvaging of water meter and concrete box (s) to City yard, capping service line per City Std., excavation and backfill of work area, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL NEW 1 1/2" WATER METER** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements

herein, including but not limited to, submittals, water meter, 2” service line and related appurtenances;, excavation and backfill of trenches, conforming to IRWD Std. Plan #W-2, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL SCH 40 PVC NON-PRESSURE LATERAL LINE** shall be made at the contract unit price bid per **Linear Foot (LF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; excavation, installation of pipe, fittings and backfill / compaction, conforming to City Std. Plan #500 and Detail G / LI-14, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL CL 315 PVC PRESSURE MAIN LINE PIPE** shall be made at the contract unit price bid per **Linear Foot (LF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; utilization of existing sleeves, installation of pipe, fittings and pull boxes; installation of anchors, thrust blocks and location wire; connection to connection to water and irrigation equipment, excavation and backfill of trenches, conforming to City Std. Plan #500 as-builts, record drawings, guarantees, permits and licenses, testing, flushing, inspections and clean-up operations within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL SCH 40 PVC SLEEVES (4”)** shall be made at the contract unit price bid per **Linear Foot (LF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; installation of sleeves, fittings and excavation and backfill of trenches, conforming to City Std. Plan #501 as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL CONTROL WIRE** shall be made at the contract unit price bid per **Linear Foot (LF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, irrigation materials and related appurtenances; installation of wire, conductors and pull boxes; connection to irrigation equipment, excavation and backfill of trenches, as-builts, record drawings, guarantees, permits and licenses, testing, inspections conforming to City Std. Plans #501 & #501 as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL ROOT BARRIER** shall be made at the contract unit price bid per **Linear Foot (LF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals and related appurtenances; installation of root barrier, excavation and backfill of trenches, guarantees, conforming to City Std. Plan #608 as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL TUFFY™ POTS SHRUBS AND GROUNDCOVER OR APPROVED EQUAL** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, equipment and materials for providing photos and acceptance documents; transporting, delivering, storing, furnishing, and installation of Tuffy™ pots shrubs and groundcovers, soil amendments, clean-up operations and conforming to City Std. Plan #601 within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL 1 GAL. SHRUBS AND GROUNDCOVER** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, equipment and materials for providing photos and acceptance documents; transporting, delivering, storing, furnishing, and installation of 1 gallon shrubs and groundcover, soil amendments, clean-up operations and conforming to City Std. Plan #601 within the limits as shown on the Plans,, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL 5 GAL. SHRUBS** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, equipment and materials for providing photos and acceptance documents; transporting, delivering, storing, furnishing, and installation of 5 gallon shrubs, soil amendments, clean-up operations and conforming to City Std. Plan #601 within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL 15 GAL. SUCCULENT** shall be made at the contract unit price bid per **Each (EA)** and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, equipment and materials for providing photos and acceptance documents; transporting, delivering, storing, furnishing, and installation

of 15 gallon succulents, soil amendments, clean-up operations and conforming to City Std. Plan #601 within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL 24" BOX TREE** shall be made at the contract unit price bid per **Each (EA)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, equipment and materials for providing photos and acceptance documents; transporting, delivering, storing, furnishing, and installation of 24” box trees, soil amendments, clean-up operations and conforming to City Std. Plan #606 within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **SODDED TURF (REPAIR)** shall be made at the contract unit price bid per **Square Foot (SF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, transporting, delivering, storing, furnishing, and installation of sodded turf, soil amendments and clean-up operations as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **REPLANT DAMAGED HONEYSUCKLE/VINCA/ CARPOBROTUS** shall be made at the contract unit price bid per **Square Foot (SF)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, transporting, delivering, storing, furnishing, and installation of damaged Honeysuckle / Vinca / Carpobrotus groundcovers, soil amendments and clean-up operations as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Measurement and Payment for **INSTALL 2" MULCH BED** shall be made at the contract unit price bid per **Cubic Yard (CY)**, as field measured and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, storage, mulch installation and clean-up operations within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor. Mulch area shall be measured in plan view.

Payment for **PLANT ESTABLISHMENT AND MAINTENANCE (90 WORKING DAYS)** shall be made at the contract **Lump Sum (LS)** price bid and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements

herein, including but not limited to, submittals, fertilizers, irrigation system inspection and operation, plant materials, plant replacement, supervision, and all other items necessary to establish and maintain the landscaping for the entire duration of the Post Installation Maintenance period within the limits as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

Payment for **RELOCATE EXISTING HOA AND CITY METER** shall be made at the contract **Lump Sum (LS)** price bid and shall be considered full compensation for furnishing all labor, materials, tools, equipment, and incidentals necessary to accomplish the work, complete in place, conforming to the requirements herein, including but not limited to, submittals, water meter, 2” service line repair and related appurtenances;, excavation and backfill of trenches, conforming to IRWD Std. Plan #W-2, as shown on the Plans, as specified in the Standard Specifications and these Special Provisions, as approved by the Engineer and no additional compensation will be allowed therefor.

APPENDIX LIST

The following Appendix are on file with the City of Irvine Public Works Department

APPENDIX A	**Standard Plans**
APPENDIX B	**Permits**
APPENDIX C	**Caltrans Standard Special Provisions for Removal of Yellow Traffic Stripe and Pavement Markings**
APPENDIX D	**IRWD Standard Notes**
APPENDIX E	**IRWD Specifications, Section 1 - General Requirements**
APPENDIX F	**IRWD Specifications, Section 2 – Technical Specifications**
APPENDIX G	**University Drive Road Widening Tree Evaluation Report**
APPENDIX H	**State Board of Equalization Compliance Policy and Procedures Manual**

TITLE SHEET FOR
UNIVERSITY DRIVE & CAMPUS AVE. WIDENING
FROM MACARTHUR BLVD TO CAMPUS DRIVE
CITY OF IRVINE
PUBLIC WORKS DEPARTMENT

IRWD CODE 6788 | C.I.P. NO. 311306
PLAN CHECK NO. 00663284-EMC
SHEET T-1
SHT 1 OF 87

UNIVERSITY DR & CAMPUS DRIVE WIDENING CIP 311306

GENERAL NOTES:

1. ALL WORK SHALL BE DONE IN ACCORDANCE WITH THE CALTRANS STANDARDS AND SPECIFICATIONS, LATEST EDITION, THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION (GREENBOOK), LATEST EDITION AND SUPPLEMENTS THERETO, AS WRITTEN AND PROMULGATED BY THE PUBLIC WORKS STANDARDS, INC. (GREENBOOK), THE CITY OF IRVINE STANDARD PLANS, AND AS DIRECTED BY THE ENGINEER.
2. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO LOCATE, VERIFY DEPTH AND PROTECT ALL STRUCTURES, INCLUDING SUBSTRUCTURES, WHETHER SHOWN SHOWN ON THE PLANS OR NOT. THE CONTRACTOR SHALL BEAR THE ENTIRE COST OF REPAIRING OR REPLACING ANY OF SAID STRUCTURES DAMAGED BY HIM/HER DURING PROSECUTION OF THE WORK. ALL LOCATIONS SHOWN ON THE PLAN FOR UTILITY LINES HAVE BEEN TAKEN FROM AVAILABLE RECORDS AND THEIR COMPLETENESS OR CORRECTNESS ARE IN NO WAY GUARANTEED.
3. THE CONTRACTOR SHALL NOTIFY UNDERGROUND SERVICE ALERT (USA) AT 811, ALL PUBLIC UTILITY COMPANIES, OWNERS OF ALL PRIVATE FACILITIES, AND CALTRANS, UCI, AND IRWD WITHIN AND ADJACENT TO THE AREA OF CONSTRUCTION AT LEAST TWO (2) WORKING DAYS IN ADVANCE OF PERFORMING ANY WORK WITHIN SAID AREA.
4. THE CONTRACTOR SHALL OBTAIN ALL NECESSARY PERMITS AS REQUIRED BY THE PUBLIC WORKS DEPARTMENT BEFORE COMMENCING WORK. TRAFFIC CONTROL WITHIN PUBLIC STREET AND UCI RIGHTS OF WAY SHALL BE IN CONFORMANCE WITH THE STAGE CONSTRUCTION PLANS INCLUDED IN THESE PLANS AND IN CONFORMANCE WITH CALTRANS LATEST STANDARDS AND SPECIFICATIONS, AND LATEST EDITION OF THE WATCH (WORK AREA TRAFFIC CONTROL HANDBOOK).
5. CAUTION: REVIEW APPROVED CONSTRUCTION PLAN. IF CONSTRUCTION REQUIRES WORKERS AND/OR EQUIPMENT TO HAVE PROXIMITY TO OVERHEAD ELECTRIC LINES, CALL SOUTHERN CALIFORNIA EDISON CO. AT (310) 608-5232 FOR APPROPRIATE OFFSETS.
6. PRIOR TO START OF CONSTRUCTION, ALL SURVEY MONUMENTS IN THE PROJECT AREA SHALL BE LOCATED AND TIED BY A LAND SURVEYOR REGISTERED IN THE STATE OF CALIFORNIA AND SUBMITTED TO THE ENGINEER. THE CONTRACTOR SHALL NOT DESTROY ANY MONUMENTS OR TIES UNTIL HE HAS WRITTEN AUTHORIZATION FROM THE ENGINEER STATING THAT MONUMENTS HAVE BEEN TIED OUT.
7. CONTRACTOR SHALL MAKE AVAILABLE FOR THE INSPECTOR'S REVIEW, ON A DAILY BASIS, AS BUILT DRAWINGS FOR WORK PERFORMED UP TO AND INCLUDING THE PREVIOUS DAYS ACTIVITIES.
8. THE CONTRACTOR SHALL NOTIFY THE ENGINEER AT LEAST 3 WORKING DAYS PRIOR TO REMOVING OR RELOCATING ANY TREES WITHIN THE PUBLIC RIGHT OF WAY.
9. ALL TRAFFIC SIGNS TO BE RELOCATED OR REMOVED SHALL BE DONE SO BY THE CONTRACTOR. THE CONTRACTOR SHALL NOTIFY THE ENGINEER AT LEAST 2 WORKING DAYS IN ADVANCE. THE CONTRACTOR SHALL PROVIDE A 24-HOUR TELEPHONE NUMBER FOR EMERGENCIES.
10. THE CONTRACTOR SHALL FAMILIARIZE HIMSELF WITH THE PLANS AND SITE CONDITIONS PRIOR TO COMMENCING WORK.
11. SHOULD CONFLICTING INFORMATION BE FOUND ON THE PLANS, THE CONTRACTOR SHALL NOTIFY THE ENGINEER BEFORE PROCEEDING WITH THE WORK IN QUESTION.
12. CRUSHED AGGREGATE BASE (CAB) PER SECTION 200-2.2 OF THE STANDARD SPECIFICATIONS SHALL BE USED FOR ALL BASE MATERIAL. ACCEPTABLE SUBSTITUTION: CRUSHED MISCELLANEOUS BASE (CMB) PER SECTION 200-2.4 OF THE STANDARD SPECIFICATIONS MAY BE USED AS BASE MATERIAL UNDER FACILITIES AS INDICATED ON THE PLANS.
13. MINIMUM LENGTH OF FULL HEIGHT CURB BETWEEN DRIVEWAYS ON THE SAME LOT SHALL BE 20 FEET.
14. DURING NON-CONSTRUCTION HOURS, ALL EXCAVATIONS MUST BE APPROPRIATELY SHORED AND PLATED OR BACKFILLED, EXCEPT BORE PITS WHICH SHALL BE SECURED WITH K-RAIL AND 6' HIGH CHAIN LINK FENCE PANELS SECURED IN PLACE TO THE SATISFACTION OF THE PUBLIC WORKS INSPECTOR OR ENGINEER. PLATES SHALL BE TACK WELDED, PINNED AND/OR SECURED IN PLACE BY ANOTHER METHOD APPROVED BY THE INSPECTOR OR ENGINEER.
15. THE CONTRACTOR SHALL MAKE AVAILABLE FOR THE INSPECTOR'S REVIEW, ON A DAILY BASIS, AS-BUILT DRAWINGS FOR WORK PERFORMED UP TO AND INCLUDING THE PREVIOUS DAY'S ACTIVITIES. WORK SHALL NOT BE CONSIDERED AS COMPLETE UNTIL AS-BUILT DRAWINGS ARE SUBMITTED TO AND ACCEPTED BY THE COMMUNITY DEVELOPMENT OR PUBLIC WORKS DIRECTOR AND CALTRANS.
16. CONTRACTOR WILL MAINTAIN ACCESS TO ALL DRIVEWAYS AND CROSS ROADS AT ALL TIMES.
17. ALL WORK SHALL BE PERFORMED WITHIN 9 AM AND 3 PM, MONDAY THROUGH FRIDAY, UNLESS APPROVED BY THE ENGINEER.
18. CONTRACTOR IS RESPONSIBLE FOR TEMPORARY EROSION IN ACCORDANCE WITH THE PLANS AND AS DIRECTED BY THE ENGINEER. SPECIAL ATTENTION SHALL BE GIVEN TO PREVENT ANY CONSTRUCTION DEBRIS IN THE EXISTING TRAIL ALONG THE NORTH SIDE OF THE PROJECT.
19. CONTRACTOR SHALL PROVIDE TEMP. DRAINAGE DURING CONSTRUCTION AND PREVENT ANY FLOW FROM THE CONSTRUCTION SITE TO FLOW TOWARDS THE SAN DIEGO CREEK.
20. DURING EARTH MOVING ACTIVITIES, THE CONTRACTOR SHALL COORDINATE WITH THE ARCHAEOLOGIST/PALEOTOLOGIST ON SITE AND FOLLOW HIS INSTRUCTIONS.
21. THE CONTRACTOR SHALL CEASE WORK IF EVIDENCE OF CONTAMINATION IS FOUND AND IMMEDIATELY INFORM THE ENGINEER.

MASTER LIST OF CONSTRUCTION NOTES:

- P — PROTECT EXISTING IMPROVEMENT IN PLACE.
- RM — REMOVE EXISTING IMPROVEMENT.
- SD — STORM DRAIN IMPROVEMENT (SEE GENERAL NOTES).
- 1 — SAWCUT AND REMOVE EXISTING CONCRETE MEDIAN CURB & GUTTER AND STAMPED CONCRETE MEDIAN PAVING. CONSTRUCT TYPE "B-8" CONCRETE CURB PER CITY OF IRVINE STD. PLAN NO. 200, PER PROFILE AND DETAIL 1 ON SHEET C-1. INCLUDES ADJACENT AC PAVEMENT AND BASE REMOVAL AND FULL DEPTH AC REPLACEMENT AND MEDIAN SOIL GRADING PER TYPICAL SECTIONS ON SHEETS X-1 & X-2.
- 2 — CONSTRUCT TYPE "A-2" CONCRETE CURB & GUTTER PER CITY OF IRVINE STD. PLAN NO. 200.
- 2A — CONSTRUCT TYPE "A-2" CONCRETE CURB & GUTTER PER CITY OF IRVINE STD. PLAN NO. 200. INCLUDES 12" WIDE / 8" DEEP ADJACENT AC PAVEMENT REMOVAL AND REPLACEMENT.
- 3 — CONSTRUCT 4" THICK PCC SIDEWALK PER CITY OF IRVINE STD. PLAN NO. 201. REPAIR AND REPLACE ALL IMPACTED LANDSCAPING AND IRRIGATION TO MATCH EXISTING IN KIND.
- 4 — CONSTRUCT CURB RAMP PER CITY OF IRVINE STD. PLAN NO. 202.
- 4A — CONSTRUCT CUSTOM CURB RAMP PER DETAIL CR-2 ON SHEET C-2 WITH RETAINING CURB AT BACK OF RAMP.
- 4B — SAWCUT AND REMOVE EXISTING DEPRESSED CONCRETE CURB & GUTTER AND CONSTRUCT DEPRESSED CURB & GUTTER PER CITY OF IRVINE STD. PLAN NO. 202. MATCH EXISTING RAMP WIDTH AND WINGS, 0" CURB FACE, 5% GUTTER PLATE.
- 6 — SAWCUT AND REMOVE EXISTING AC AND PORTION OF EXISTING AB TO A DEPTH AS REQUIRED TO ACCOMPLISH PROPOSED SECTION. COMPACT REMAINING EXISTING AB TO 95% RELATIVE COMPACTION. PLACE 0.20' ARHM SURFACE COURSE OVER 0.40' AC BASE COURSE OVER 1.30' AGGREGATE BASE.
- 7 — COLD MILL EXISTING PAVEMENT 0.20' UNIFORM DEPTH AND CONSTRUCT 0.20' ARHM SURFACE COURSE OVER 0' TO 0.64' AC LEVEL COURSE PER TYPICAL SECTIONS ON SHEET X-1.
- 8 — COLD MILL EXISTING PAVEMENT 0.20' UNIFORM DEPTH AND CONSTRUCT 0.20' ARHM SURFACE COURSE PER TYPICAL SECTIONS ON SHEETS X-1 & X-2.
- 9 — NOT USED
- 10 — CONSTRUCT 0.20' ARHM OVERLAY OVER 0.20' TO 0.50' AC LEVEL COURSE PER TYPICAL SECTIONS ON SHEET X-1.
- 11 — CONSTRUCT PARABOLIC CURB TRANSITION PER CITY OF IRVINE STD. PLAN NO. 107.
- 12 — CONSTRUCT PARABOLIC MEDIAN CURB FLARE PER CITY OF IRVINE STD. PLAN NO. 108 (L=100').
- 13 — NOT USED
- 14 — CONSTRUCT 4" THICK PCC MEDIAN PAVEMENT ON 4" MINIMUM THICKNESS SAND.
- 15 — FALSE CURB BY OTHERS (WIDTH PER PLAN). SEE DETAIL 15 ON SHEET X-2.
- 16 — TO 18 NOT USED
- 19 — REMOVE EXISTING LANDSCAPING & IRRIGATION (WHERE APPLICABLE) AND INSTALL NEW LANDSCAPING AND IRRIGATION IN MEDIAN AND PARKWAY PER LANDSCAPING AND IRRIGATION PLANS.
- 20 — CENTERLINE TIES TO BE RECORDED AND RE-ESTABLISHED BY OTHERS. CONFIRM COMPLETE PRIOR TO IMPACTING.
- 21 — NOT USED
- 22 — CONSTRUCT DRIVEWAY PER CITY OF IRVINE STD. PLAN NO. 204 TYPE I-A. SEE DW DETAILS ON SHEET C-1 FOR DRIVEWAY PROFILES.
- 23 — CONSTRUCT TYPE II LATEX SLURRY SEAL ACROSS ENTIRE ROADWAY SURFACE.
- 24 — CONSTRUCT MODIFIED TYPE "D" CONCRETE CURB & GUTTER PER CITY OF IRVINE STD. PLAN NO. 200 AND DETAIL 24 ON SHEET C-1. INCLUDES 12" WIDE / 8" DEEP ADJACENT AC PAVEMENT REMOVAL AND REPLACEMENT.
- 25 — CONSTRUCT TYPE-A RETAINING CURB PER DETAIL 25 ON SHEET C-1 (H=2').
- 26 — CONSTRUCT TYPE-B RETAINING CURB PER DETAIL 26 ON SHEET C-1 (H=3').
- 26A — CONSTRUCT TYPE-B RETAINING CURB PER DETAIL 26A ON SHEET C-1 (H=4').
- 27 — CONSTRUCT CURB HEIGHT TRANSITION FROM 8" CURB FACE (TO JOIN EXISTING 6" MEDIAN CURB)
- 28 — SAWCUT, REMOVE EXISTING AND CONSTRUCT 0.33 AC SURFACE COURSE OVER 0.50' AB. MAINTENANCE ACCESS ROAD.
- 29 — CONSTRUCT DRIVEWAY PER CITY OF IRVINE STD. PLAN NO. 205 TYPE II-B.
- 29A — INSTALL 12' X 3' CAST-IN-PLACE DETECTABLE WARNING SURFACE, COLOR ONYX BLACK PER CITY OF IRVINE STD. PLAN NO. 202.
- 30 — CONSTRUCT PARKWAY DRAIN PER SPPWC STANDARD PLAN 151-2, INLET TYPE 2 (W=5').
- 31 — INSTALL "SURFACE APPLIED" DETECTABLE WARNING SURFACE, COLOR "BLACK" PER CITY OF IRVINE STD. PLAN NO. 202.
- 31A — INSTALL "SURFACE APPLIED" DETECTABLE WARNING SURFACE, COLOR "YELLOW" PER CALTRANS STD PLAN A88A.
- 32A — CONSTRUCT MODIFIED DRIVEWAY/RAMP PER CITY OF IRVINE STD. PLAN NO. 204 TYPE I-A AND DETAIL 32A ON SHEET C-1.
- 32B — CONSTRUCT DEPRESSED CURB & GUTTER PER CITY OF IRVINE STD. PLAN NO. 204 TYPE I-A AND DETAIL 32B ON SHEET C-1.
- 33 — CONSTRUCT TYPE "B-6" RAISED MEDIAN NOSE CURB PER CITY OF IRVINE STD. PLAN NO. 110 & 200. INCLUDES 12" WIDE / 8" DEEP ADJACENT AC PAVEMENT REMOVAL AND REPLACEMENT.
- 34 — CONSTRUCT METAL HAND RAIL ON TOP OF PROPOSED CMU WALL PER SPPWC 606-4, TYPE B.
- 35 — TO 39 NOT USED
- 40 — CONSTRUCT 5' HIGH CHAIN LINK FENCE ON TOP OF EXISTING WALL PER SPPWC 600-3.
- 41 — CONSTRUCT TYPE 5, CASE 1 REINFORCED CONCRETE RETAINING WALL PER CALTRANS STD B3-4A, AND PER SECTION B-B ON SHEET C-2, WITH 5' HIGH CHAIN LINK FENCE ON TOP PER SPPWC 600-3. JOIN EX. WALL WITH DOWELS (#4 @ 12" O.C.).
- 42 — CONSTRUCT 6" THICK REINFORCED CONCRETE SLOPE PAVING WITH #4 REBAR AT 12" O.C. IN BOTH DIRECTIONS PER SECTION A-A ON SHEET C-2.
- 43 — CONSTRUCT BOLLARDS AT 5' ON CENTER PER DETAIL 43 ON SHEET C-2.
- 44 — INSTALL NEW GUARD RAILING ON METAL POSTS PER CITY OF IRVINE STD 401.
- 45 — INSTALL PEDESTRIAN BARRICADE TYPE I PER CALTRANS STD PLAN ES-7Q.
- 46 — RELOCATE IRRIGATION METER PER SHEETS C-1 AND U-3.
- 60 — CONSTRUCT 18"RCP, (2000-D) PER CITY OF IRVINE STANDARD PLAN 223 AND 318.
- 61 — CONSTRUCT DOUBLE 3'W X 1'H REINFORCED CONCRETE BOX (RCB) PER CALTRANS STANDARD PLAN D81 AND DETAIL 83 ON SHEET DD-1.
- 62 — MODIFY EXISTING STORM DRAIN JUNCTION STRUCTURE TO ENLARGE OPENING WITH HANDHELD TOOLS TO ACCOMODATE PROPOSED RCP OUTSIDE DIAMETER. PLACE HIGH STRENGTH NON SHRINK GROUT ALL AROUND PIPE/JUNCTION STRUCTURE CONNECTION. JOIN CONRETE COLLAR TO EXISTING JUNCTION STRUCTURE WITH #4 BARS EMBEDDED 6" EACH SIDE @ 12" O.C.
- 63 — CONSTRUCT 30"RCP, (2000-D) PER CITY OF IRVINE STANDARD PLAN 223 AND 318.
- 64 — CONSTRUCT JUNCTION STRUCTURE NO. I PER CITY OF IRVINE STANDARD PLAN 306.
- 65 — MODIFY EXISTING STORM DRAIN RCB TRANSITION STRUCTURE TO ENLARGE OPENING WITH HANDHELD TOOLS TO ACCOMODATE PROPOSED RCP OUTSIDE DIAMETER. PLACE HIGH STRENGTH NON SHRINK GROUT ALL AROUND PIPE/TRANSITION STRUCTURE CONNECTION. JOIN CONRETE COLLAR TO EXISTING TRANSITION STRUCTURE WITH #4 BARS EMBEDDED 6" EACH SIDE @ 12" O.C.
- 66 — CONSTRUCT RCB TO PIPE TRANSITION STRUCTURE PER SPPWC STANDARD PLAN 342-2.
- 67 — CONSTRUCT PIPE TO RCB JUNCTION STRUCTURE PER SPPWC STANDARD PLAN 333-2.
- 68 — CONSTRUCT CATCH BASIN TYPE I PER CITY OF IRVINE STANDARD PLAN 300.
- 69 — CONSTRUCT CONCRETE COLLAR PER CITY OF IRVINE STANDARD PLAN 310 (SIZE PER PLAN).
- 70 — CONSTRUCT LOCAL DEPRESSION PER CITY OF IRVINE STANDARD PLAN 303 (A=2').
- 70A — RECONSTRUCT A PORTION OF EXISTING LOCAL DEPRESSION PER CITY OF IRVINE STANDARD PLAN 303 (LENGTH PER PLAN).
- 71 — CONSTRUCT CATCH BASIN TYPE II PER CITY OF IRVINE STANDARD PLAN 301 (W AND H PER PLAN).
- 72 — CONSTRUCT BLANKET PROTECTION FOR PIPES PER SPPWC STANDARD PLAN 225-2.
- 73 — REMOVE EXISTING IMPACT BASIN WITH VERTICAL BAFFLE WALL.
- 74 — REMOVE EXISTING CSP DROP INLET.
- 75 — REMOVE EXISTING REINFORCED CONCRETE DRAINAGE INLET AND PLUG EXISTING RCB PER SPPWC 381-2.
- 76 — REMOVE EXISTING CATCH BASIN (W PER PLAN).
- 77 — REMOVE INTERFERING PORTIONS OF EXISTING STORM DRAIN (SIZE PER PLAN).
- 78 — CONSTRUCT 60"RCP, (2000-D) PER CITY OF IRVINE STANDARD PLAN 223 AND 318.
- 79 — CONSTRUCT 2' THICK CONCRETE PLUG IN EXISTING PIPE.
- 80 — INSTALL FILTERRA UNIT PER MANUFACTURER RECOMMENDATIONS AND DETAIL 80 ON SHEET DD-1 (DIMENSIONS PER PLAN).
- 81 — INSTALL 4"SCH-40 PVC PIPE FROM FILTERRA UNIT TO PROPOSED CATCH BASIN PER CITY OF IRVINE STANDARD PLAN 223 AND 318 AND DETAIL 81 ON SHEET DD-1.
- 82 — CONSTRUCT MODIFIED LOCAL DEPRESSION PER CITY OF IRVINE STANDARD PLAN 303 (A=2'). MODIFIED WITH 3' WARPED GUTTER SURFACE.
- 83 — CONSTRUCT MODIFIED JUNCTION STRUCTURE NO. I PER CITY OF IRVINE STANDARD PLAN 306 AND DETAIL 83 ON SHEET DD-1.
- 84 — CONSTRUCT MODIFIED CATCH BASIN TYPE I PER CITY OF IRVINE STANDARD PLAN 300 AND DETAIL 84 ON SHEET RW-2.
- 84A — CONSTRUCT V DITCH TO "U" GUTTER TRANSITION. MATCH EXISTING V DITCH UPSTREAM AND MATCH 5' X 1.5' INLET OPENING DOWNSTREAM. PLACE 12" LONG #4 "L" DOWELS AT 12" O.C. TO JOIN "U" GUTTER WITH INLET BOX.
- 85 — TO 89 NOT USED
- 90 — CONSTRUCT TYPE 1 (CASE 2) RETAINING WALL WITH FRACTURED RIB ARCHITECTURAL TREATMENT PER CALTRANS STANDARD PLAN B3-1B (DESIGN H PER PROFILE) AND TYPICAL SECTION ON SHEET X-1. FRACTURED RIB ARCHITECTURAL TREATMENT PER DETAIL 90 ON SHEET RW-1.
- 91 — INSTALL CABLE RAILING FOR RETAINING WALL WITH GUTTER PER CALTRANS STANDARD PLAN B11-47 (SECTION C-C).
- 92 — CONSTRUCT WALL EXPANSION JOINT PER CALTRANS STANDARD PLAN B0-3 (INTERVALS PER PROFILE).
- 93 — CONSTRUCT WALL WEAKENED PLANE JOINT PER CALTRANS STANDARD PLAN B0-3 (INTERVALS PER PROFILE).
- 94 — CONSTRUCT WALL GUTTER PER CALTRANS STANDARD PLAN B3-6.
- 95 — CONSTRUCT "WALL DRAIN WITH PIPE DOME" (WITH 4" PVC PIPE) AND OVERFLOW SCUPPER ("WALL DRAIN DETAIL") PER CALTRANS STANDARD PLAN B3-6.
- 96 — CONSTRUCT "RETAINING WALL GUTTER OUTLET" PER CALTRANS STANDARD PLAN B3-6.
- 97 — CONSTRUCT TYPE 6A (CASE 1) CMU RETAINING WALL PER CALTRANS STANDARD PLAN B3-7A (DESIGN H=3'-4"). BLOCK AND COLOR TO MATCH EXISTING.
- 97A — MODIFY FS IN FRONT OF WALL PER ELEVATIONS ON PLAN AND MAINTAIN 12" MINIMUM COVER OVER EXISTING FOOTING. FIELD CONFIRM EXISTING FOOTING DEPTH PRIOR TO REMOVAL. CLEAN NEWLY EXPOSED WALL FACE.
- 98 — REMOVE EXISTING PCC IMPROVEMENT (IMPROVEMENT PER PLAN).
- 99 — GRADE EXISTING SLOPE (2:1 MAXIMUM) PER SECTION A-A ON SHEET RW-2. FILL AREAS TO BE BENCHED PER O.C.P.W STD. PLAN 1322.

MASTER LIST OF SIGNING AND STRIPING NOTES:

- BO — INSTALL PAINTED WHITE "BIKE ONLY" PAVEMENT LEGENDS AND BIKE LANE ARROW (CITY STENCIL OR EXACT EQUAL).
- CH — INSTALL PAINTED 12-INCH WIDE WHITE CHEVRON LINES AT 30' SPACING.
- LL — INSTALL 50' LONG PAINTED 4-INCH WIDE WHITE LEAD LINE WITH ONE TYPE G CLEAR RETROREFLECTIVE PAVEMENT MARKER AT EACH END PER DETAIL 1 ON SHEET PDS-1.
- LM — INSTALL PAINTED PAVEMENT LEGEND MARKINGS AS SHOWN ON PLAN (CITY STENCIL OR EXACT EQUAL).
- N — INSTALL NEW SIGN. SIGN TYPE AND LOCATION AS SHOWN ON PLAN.
- P — PROTECT EXISTING SIGN IN-PLACE.
- R — REMOVE EXISTING SIGN.
- RO — REMOVE AND RELOCATE EXISTING SIGN BY OTHERS. LOCATION SHOWN ON PLAN.
- RR — REMOVE AND RELOCATE EXISTING SIGN. LOCATION SHOWN ON PLAN.
- SB — SAND BLAST CONFLICTING EXISTING STRIPING.
- SL — REMOVE AND RELOCATE EXISTING SIGN ON EXISTING STREET LIGHT. RELOCATE TO NEAREST NEW STREET LIGHT PER STREET LIGHT PLANS.
- UT — REMOVE AND RELOCATE EXISTING SIGN TO LOCATION OF RELOCATED UTILITY.
- XW — INSTALL PAINTED 12-INCH WIDE WHITE LIMIT LINE OR CROSSWALK. IF APPLICABLE, INSTALL 12-INCH WIDE CORNER CROSSWALK STRIPING PER CITY STANDARD PLAN 203.
- Y — INSTALL PAINTED 12-INCH WIDE YELLOW LINE AT 30' SPACING.
- 4L — INSTALL PAINTED WHITE TYPE IV (L) PAVEMENT ARROW (LEFT) (CITY STENCIL OR EXACT EQUAL).
- 4R — INSTALL PAINTED WHITE TYPE IV (R) PAVEMENT ARROW (RIGHT) (CITY STENCIL OR EXACT EQUAL).
- 6 — INSTALL PAINTED WHITE TYPE VI PAVEMENT ARROW (CITY STENCIL OR EXACT EQUAL).
- 9 — INSTALL PAINTED 4-INCH WIDE WHITE SKIP LINE AND REFLECTIVE PAVEMENT MARKERS PER CALTRANS STANDARD PLAN A20A, DETAIL 9.
- 24 — INSTALL PAINTED 4-INCH WIDE YELLOW EDGE LINE PER CALTRANS STANDARD PLAN A20B, DETAIL 24.
- 26 — INSTALL REFLECTIVE PAVEMENT MARKERS PER CALTRANS STANDARD PLAN A20B, DETAIL 26.
- 27 — INSTALL PAINTED 4-INCH WIDE DOUBLE YELLOW EDGE LINE AND REFLECTIVE PAVEMENT MARKERS PER CALTRANS STANDARD PLAN A20B, DETAIL 27.
- 27B — INSTALL PAINTED 4-INCH WIDE WHITE EDGE LINE PER CALTRANS STANDARD PLAN A20B, DETAIL 27B.
- 29 — INSTALL PAINTED 4-INCH WIDE DOUBLE YELLOW CENTERLINE MEDIAN AND RAISED PAVEMENT MARKERS PER CALTRANS STANDARD PLAN A20B, DETAIL 29.
- 38 — INSTALL PAINTED 8-INCH WIDE WHITE CHANNELLIZING LINE AND REFLECTIVE PAVEMENT MARKERS PER CALTRANS STANDARD PLAN A20D, DETAIL 38.
- 39 — INSTALL PAINTED 6-INCH WIDE WHITE BIKE LANE LINE, PER CALTRANS STANDARD PLAN A20D, DETAIL 39.
- 39A — INSTALL PAINTED 6-INCH WIDE WHITE SKIP BIKE LANE INTERSECTION LINE, PER CALTRANS STANDARD PLAN A20D, DETAIL 39A.
- 40 — INSTALL PAINTED 4-INCH WIDE WHITE LANE LINE EXTENSION THROUGH INTERSECTIONS PER CALTRANS STANDARD PLAN A20D, DETAIL 40.

MASTER LIST OF DISPOSITION NOTES:

- A — ADJUST TO GRADE (IMPROVEMENT TYPE SHOWN ON PLAN).
- AB — ADJUST TO GRADE BY OTHERS (IMPROVEMENT TYPE AND OWNER SHOWN ON PLAN).
- BM — RESET OC SURVEY BENCH MARK PER ROADWAY PLANS.
- CL — RESET CENTER LINE MONUMENT AND/OR CENTER LINE TIE PER ROADWAY PLANS.
- IR — PROTECT/MODIFY/RELOCATE EXISTING IRRIGATION IMPROVEMENT AS REQUIRED PER NEW GRADES AND PER IRRIGATION PLANS.
- P — PROTECT IN PLACE (IMPROVEMENT TYPE PER PLAN).
- RL — RELOCATE EXISTING IMPROVEMENT (TYPE PER PLAN) BY CONTRACTOR UNLESS NOTED OTHERWISE TO BE PERFORMED BY UTILITY OWNER.
- RM — REMOVE EXISTING IMPROVEMENT (TYPE PER PLAN). PLACE COMPACTED BACKFILL AS NEEDED TO FILL REMAINING VOIDS.
- SL — PROTECT/MODIFY/RELOCATE/RECONSTRUCT EXISTING STREET LIGHT IMPROVEMENT PER STREET LIGHT IMPROVEMENT PLANS.
- SM — CUT AND REMOVE INTERFERING SECTION OF CONCRETE SLAB AND PROTECT SEWER MANHOLE IN PLACE.
- TS — PROTECT/MODIFY/RELOCATE/RECONSTRUCT EXISTING TRAFFIC SIGNAL IMPROVEMENT PER TRAFFIC SIGNAL MODIFICATION PLANS AND/OR TRAFFIC SIGNAL INTERCONNECT PLANS.

CONSTRUCTION NOTES

- (P) PROTECT EXISTING IMPROVEMENT IN PLACE.
- (RM) REMOVE EXISTING IMPROVEMENT.
- (1) SAWCUT AND REMOVE EXISTING CONCRETE MEDIAN CURB & GUTTER AND STAMPED CONCRETE MEDIAN PAVING. CONSTRUCT TYPE "B-8" CONCRETE CURB PER CITY OF IRVINE STD. PLAN NO. 200, PER PROFILE AND DETAIL 1 ON SHEET C-1. INCLUDES ADJACENT AC PAVEMENT AND BASE REMOVAL AND FULL DEPTH AC REPLACEMENT AND MEDIAN SOIL GRADING PER TYPICAL SECTIONS ON SHEETS X-1 & X-2.
- (2) CONSTRUCT TYPE "A-2" CONCRETE CURB & GUTTER PER CITY OF IRVINE STD. PLAN NO. 200.
- (2A) CONSTRUCT TYPE "A-2" CONCRETE CURB & GUTTER PER CITY OF IRVINE STD. PLAN NO. 200. INCLUDES 12" WIDE / 8" DEEP ADJACENT AC PAVEMENT REMOVAL AND REPLACEMENT.
- (3) CONSTRUCT 4" THICK PCC SIDEWALK PER CITY OF IRVINE STD. PLAN NO. 201. REPAIR AND REPLACE ALL IMPACTED LANDSCAPING AND IRRIGATION TO MATCH EXISTING IN KIND.
- (6) SAWCUT AND REMOVE EXISTING AC AND PORTION OF EXISTING AB TO A DEPTH AS REQUIRED TO ACCOMPLISH PROPOSED SECTION. COMPACT REMAINING EXISTING AB TO 95% RELATIVE COMPACTION. PLACE 0.20' ARHM SURFACE COURSE OVER 0.40' AC BASE COURSE OVER 1.30' AGGREGATE BASE.
- (7) COLD MILL EXISTING PAVEMENT 0.20' UNIFORM DEPTH AND CONSTRUCT 0.20' ARHM SURFACE COURSE OVER 0' TO 0.64' AC LEVEL COURSE PER TYPICAL SECTIONS ON SHEET X-1.
- (8) COLD MILL EXISTING PAVEMENT 0.20' UNIFORM DEPTH AND CONSTRUCT 0.20' ARHM SURFACE COURSE PER TYPICAL SECTIONS ON SHEETS X-1 & X-2.
- (10) CONSTRUCT 0.20' ARHM OVERLAY OVER 0.20' TO 0.50' AC LEVEL COURSE PER TYPICAL SECTIONS ON SHEET X-1.
- (19) REMOVE EXISTING LANDSCAPING & IRRIGATION (WHERE APPLICABLE) AND INSTALL NEW LANDSCAPING AND IRRIGATION IN MEDIAN AND PARKWAY PER LANDSCAPING AND IRRIGATION PLANS.
- (25) CONSTRUCT TYPE-A RETAINING CURB PER DETAIL 25 ON SHEET C-1 (H=2').
- (90) CONSTRUCT TYPE 1 (CASE 2) RETAINING WALL WITH FRACTURED RIB ARCHITECTURAL TREATMENT PER CALTRANS STANDARD PLAN B3-1B (DESIGN H PER PROFILE) AND TYPICAL SECTION ON SHEET X-1. FRACTURED RIB ARCHITECTURAL TREATMENT PER DETAIL 90 ON SHEET RW-1.

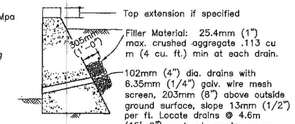
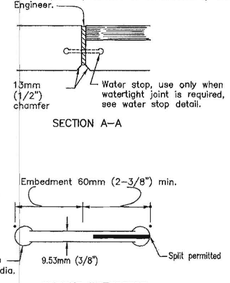
CONCRETE
Concrete shall be 332 kg/M³ –C–22Mpa (560–C–3250)

DESIGN CONDITIONS
Walls are to be used for the loading conditions shown for each type wall. Design H may be exceeded by six inches before going to next size.



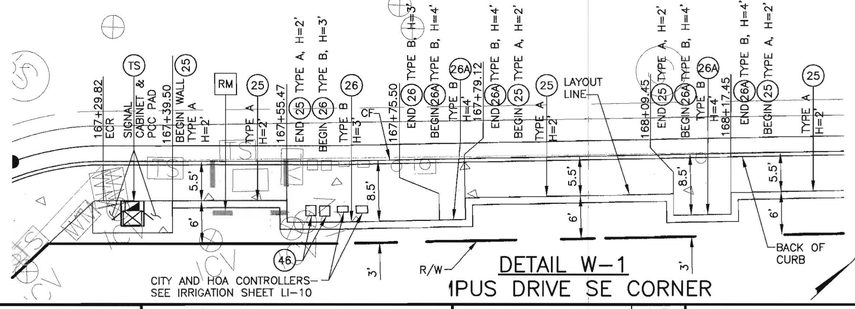
DESIGN DATA
Fc = 8.3 Mpa (1200 psi)
F'c = 20.7 Mpa (3000 psi)
Earth = 1922 kg/cu m (120 pcf) and equivalent fluid pressure = 176 kg/sq m (36 psf) per 305mm (foot) of height

Walls shown for 1–1/2:1 unlimited sloping surcharge are designed in accordance with Rankine's Formula for unlimited sloping surcharge with ϕ = 33° 13m (42').
Note: Maximum toe pressure under wall footing = 143.6 Kpa (1–1/2 tons/sq. ft.). Special design required where footing material is incapable of supporting this pressure.



EXCAVATION AND BACKFILL
Compaction of backfill material by jetting or ponding with water will not be permitted.

Each layer of backfill shall be moistened as directed by the Engineer and thoroughly tamped, rolled or otherwise compacted until the relative compaction is not less than 90 percent.



No backfill material shall be deposited against concrete retaining walls until the concrete has developed a strength of 17 Mpa (2,500 psi) in compression as determined by test cylinders, or until 28 days after wall has been placed.

TYPICAL DRAINAGE
WHEN H IS GREATER THAN 1.22m (4'–0")

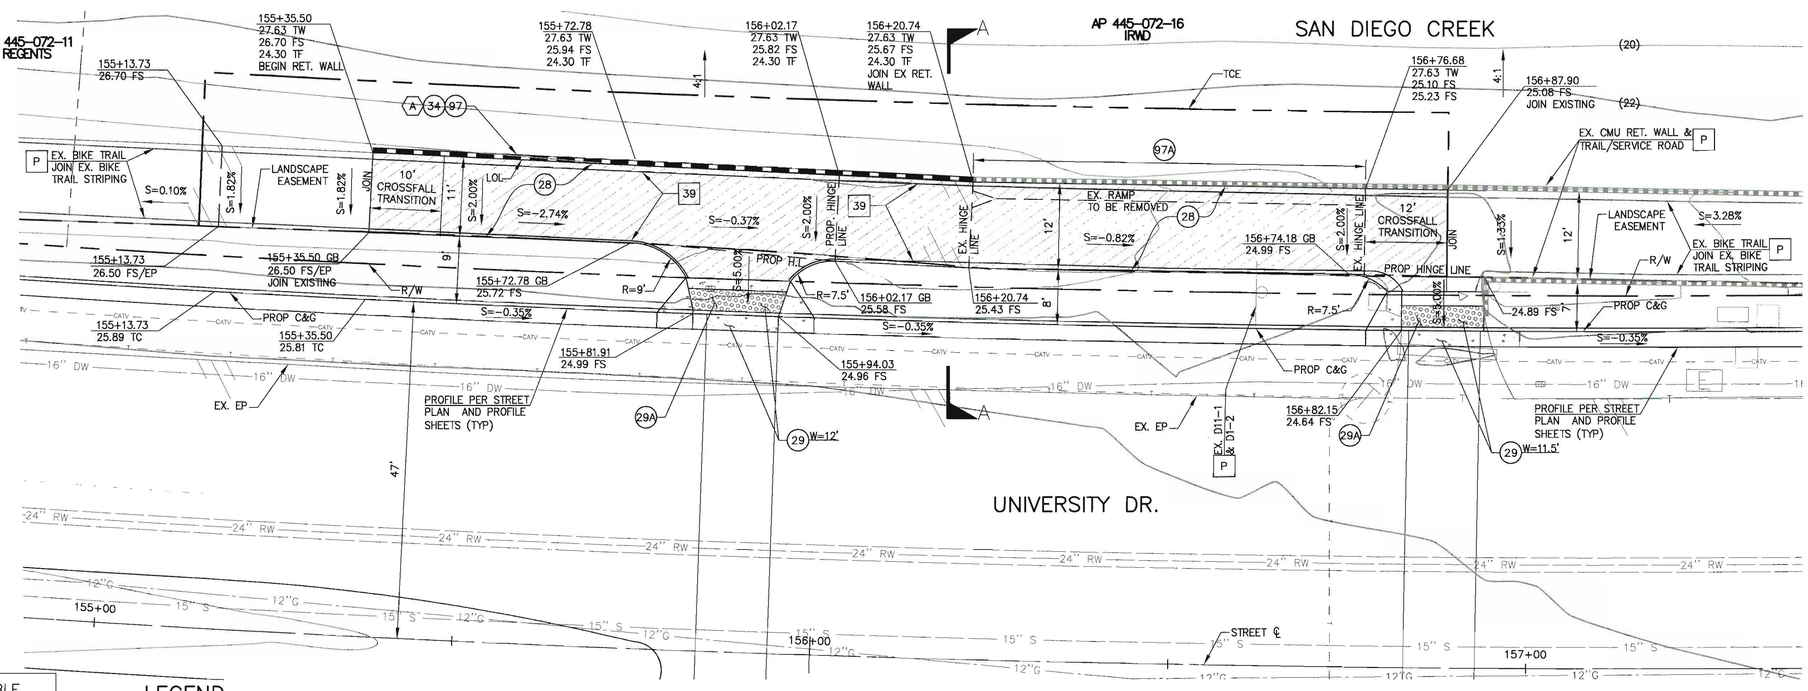
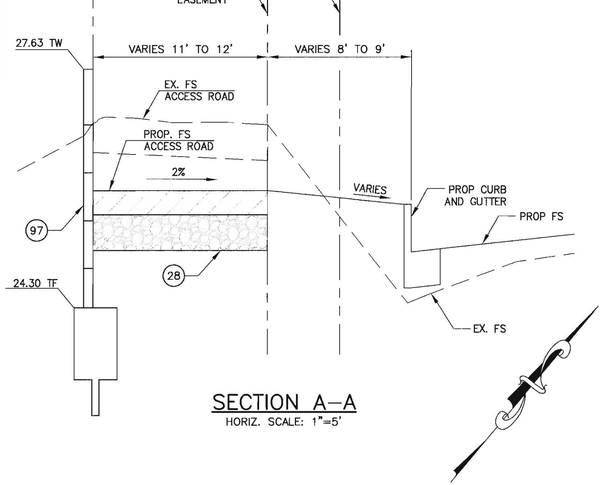
GENERAL NOTES:



1. SEDIMENT FROM AREAS DISTURBED BY CONSTRUCTION SHALL BE RETAINED ON SITE USING STRUCTURAL CONTROLS TO THE MAXIMUM EXTENT PRACTICABLE.
2. STOCKPILES OF SOIL SHALL BE PROPERLY CONTAINED TO ELIMINATE OR REDUCE SEDIMENT TRANSPORT FROM THE SITE TO THE STREETS, DRAINAGE FACILITIES OR ADJACENT PROPERTIES VIA RUNOFF, VEHICLE TRACKING, OR WIND.
3. APPROPRIATE BMPS FOR CONSTRUCTION-RELATED MATERIALS, WASTES, SPILLS OR RESIDUES SHALL BE IMPLEMENTED TO MINIMIZE TRANSPORT FROM THE SITE TO STREETS, DRAINAGE FACILITIES, OR ADJOINING PROPERTIES BY WIND OR RUNOFF.
4. RUNOFF FROM EQUIPMENT AND VEHICLE WASHING SHALL BE CONTAINED AT CONSTRUCTION SITES UNLESS TREATED TO REDUCE OR REMOVE SEDIMENT AND OTHER POLLUTANTS.
5. ALL CONSTRUCTION CONTRACTOR AND SUBCONTRACTOR PERSONNEL ARE TO BE MADE AWARE OF THE REQUIRED BEST MANAGEMENT PRACTICES AND GOOD HOUSEKEEPING MEASURES FOR THE PROJECT SITE AND ANY ASSOCIATED CONSTRUCTION STAGING AREAS.
6. AT THE END OF EACH DAY OF CONSTRUCTION ACTIVITY ALL CONSTRUCTION DEBRIS AND WASTE MATERIALS SHALL BE COLLECTED AND PROPERLY DISPOSED OF IN TRASH OR RECYCLE BINS.
7. CONSTRUCTION SITES SHALL BE MAINTAINED IN SUCH A CONDITION THAT A STORM DOES NOT CARRY WASTES OR POLLUTANTS OFF THE SITE. DISCHARGES OTHER THAN STORMWATER (NON-STORMWATER DISCHARGES) ARE PROHIBITED, EXCEPT AS AUTHORIZED BY AN INDIVIDUAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT OR THE STATEWIDE GENERAL CONSTRUCTION STORMWATER PERMIT. POTENTIAL POLLUTANTS INCLUDE BUT ARE NOT LIMITED TO: SOLID OR LIQUID CHEMICAL SPILLS; WASTES FROM PAINTS, STAINS, SEALANTS, SOLVENTS, DETERGENTS, GLUES, LIME, PESTICIDES, HERBICIDES, FERTILIZERS, WOOD PRESERVATIVES, AND ASBESTOS FIBERS, PAINT FLAKES OR STUCCO FRAGMENTS; FUELS, OILS, LUBRICANTS, AND HYDRAULIC, RADIATOR OR BATTERY FLUIDS; CONCRETE AND RELATED CUTTING OR CURING RESIDUES; FLOATABLE WASTES; WASTES FROM ENGINE/EQUIPMENT STEAM CLEANING OR CHEMICAL DEGREASING; WASTES FROM STREET CLEANING; AND SUPER-CHLORINATED POTABLE WATER FROM LINE FLUSHING AND TESTING. DURING CONSTRUCTION, DISPOSAL OF SUCH MATERIALS SHOULD OCCUR IN A SPECIFIED AND CONTROLLED TEMPORARY AREA ON-SITE PHYSICALLY SEPARATED FROM POTENTIAL STORMWATER RUNOFF, WITH ULTIMATE DISPOSAL IN ACCORDANCE WITH LOCAL, STATE AND FEDERAL REQUIREMENTS.
8. DISCHARGING CONTAMINATED GROUNDWATER IS PROHIBITED. DISCHARGING OF NON-CONTAMINATED GROUNDWATER BY DEWATERING SHALL COMPLY WITH REQUIREMENTS OF APPLICABLE NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AS FOLLOWS: FOR PROJECTS WITHIN THE SANTA ANA REGION AND SAN DIEGO CREEK/NEWPORT BAY WATERSHED, PERMIT NO. CAG918002, ORDER R8-2007-0041 AND AMENDING ORDER R8-2014-0025 ISSUED BY THE SANTA ANA REGIONAL WATER QUALITY CONTROL BOARD. FOR OTHER PROJECTS WITHIN THE SANTA ANA REGION, PERMIT NO. CAG998001, ORDER R8-2015-0004 ISSUED BY THE SANTA ANA REGIONAL WATER QUALITY CONTROL BOARD. FOR PROJECTS WITHIN THE SAN DIEGO REGION, PERMIT NO. CAG919002, ORDER NO. R9-2008-0002 ISSUED BY THE SAN DIEGO REGIONAL WATER QUALITY CONTROL BOARD. THESE THREE PERMITS MAY BE UPDATED AT ANY TIME DURING THE TERM OF PROJECT. ANY INDICATION OR EVIDENCE OF WATER QUALITY THAT DOES NOT MEET REQUIRED STANDARDS WILL BE REPORTED TO OC PUBLIC WORKS/WATER QUALITY COMPLIANCE AT (877) 89-SPILL.



CONSTRUCTION NOTES:

- [P] PROTECT EXISTING IMPROVEMENT IN PLACE.
- (28) SAWCUT, REMOVE EXISTING AND CONSTRUCT 0.33' AC SURFACE COURSE OVER 0.50' AB MAINTENANCE ACCESS ROAD.
- (29) CONSTRUCT DRIVEWAY PER IRVINE STD. PLAN NO. 205 TYPE II-B.
- (29A) INSTALL 12' X 3' CAST-IN-PLACE DETECTABLE WARNING SURFACE, COLOR ONYX BLACK PER CITY OF IRVINE STD. PLAN NO 202.
- (34) CONSTRUCT METAL HAND RAIL ON TOP OF PROPOSED CMU WALL PER SPPWC 606-4, TYPE B.
- (97) CONSTRUCT TYPE 6A (CASE 1) CMU RETAINING WALL PER CALTRANS STANDARD PLAN B3-7A (DESIGN H=3'-4"). BLOCK AND COLOR TO MATCH EXISTING.
- (97A) MODIFY FS IN FRONT OF WALL PER ELEVATIONS ON PLAN AND MAINTAIN 12" MINIMUM COVER OVER EXISTING FOOTING. FIELD CONFIRM EXISTING FOOTING DEPTH PRIOR TO REMOVAL. CLEAN NEWLY EXPOSED WALL FACE.
- [39] INSTALL PAINTED 6-INCH WIDE WHITE BIKE LANE LINE, PER CALTRANS STANDARD PLAN A20D, DETAIL 39.

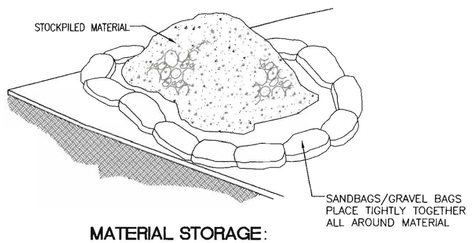
- STORM DRAIN INLET PROTECTION (SE-10)

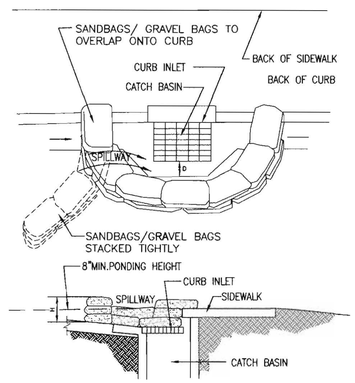
EROSION AND SEDIMENT CONTROL REQUIREMENTS

REQUIREMENTS	SPECIFIED BMPs BMP DETAIL(S)/ SHEET NUMBER
A. WIND EROSION BMPS (DUST CONTROL) SHALL BE IMPLEMENTED.	SHEETS 1, 2, 3
B. SEDIMENT CONTROL BMPS SHALL BE IMPLEMENTED AT THE SITE PERIMETER, AT ALL OPERATIONAL STORM DRAIN INLETS AND AT ALL NON-ACTIVE SLOPES.	SHEETS 1, 2, 3
C. BMPS TO CONTROL OFF-SITE SEDIMENT TRACKING SHALL BE IMPLEMENTED AND MAINTAINED.	SHEETS 1, 2, 3
D. APPROPRIATE WASTE MANAGEMENT AND MATERIAL POLLUTION CONTROL BMPS SHALL BE IMPLEMENTED TO PREVENT THE CONTAMINATION OF STORMWATER BY WASTES AND CONSTRUCTION MATERIALS.	SHEETS 1, 2, 3
E. APPROPRIATE NON-STORMWATER BMPS SHALL BE IMPLEMENTED TO PREVENT THE CONTAMINATION OF STORMWATER FROM CONSTRUCTION ACTIVITIES.	SHEETS 1, 2, 3
F. ADEQUATE PHYSICAL OR VEGETATION EROSION CONTROL BMPS (TEMPORARY OR PERMANENT) SHALL BE INSTALLED AND ESTABLISHED FOR ALL COMPLETED SLOPES. IF A SELECTED BMP FAILS, IT MUST BE REPAIRED AND IMPROVED, OR REPLACED WITH AN ACCEPTABLE ALTERNATE AS SOON AS IT IS SAFE TO DO SO. THE FAILURE OF A BMP MAY INDICATE THAT THE BMP, AS INSTALLED, WAS NOT ADEQUATE FOR THE CIRCUMSTANCES IN WHICH IT WAS USED. REPAIRS OR REPLACEMENTS MUST RESULT IN A MORE ROBUST BMP, OR ADDITIONAL BMPS SHOULD BE INSTALLED TO PROVIDE ADEQUATE PROTECTION.	SHEETS 1, 2, 3
G. ADEQUATE EROSION AND SEDIMENT CONTROLS MUST BE IMPLEMENTED PRIOR TO THE ONSET OF A STORM EVENT FOR ALL ACTIVELY GRADED AREAS.	SHEETS 1, 2, 3
H. A DISTURBED AREA THAT IS NOT COMPLETED BUT THAT IS NOT BEING ACTIVELY GRADED (NON-ACTIVE AREA) SHALL BE FULLY PROTECTED FROM EROSION WITH THE REFERENCED TEMPORARY AND/OR PERMANENT BMPS (EROSION AND SEDIMENT CONTROL). THE ABILITY TO DEPLOY STANDBY BMP MATERIALS IS NOT SUFFICIENT FOR THESE AREAS. EROSION AND SEDIMENT CONTROL BMPS MUST ACTUALLY BE DEPLOYED. THIS INCLUDES ALL BUILDING PADS, UNFINISHED ROADS AND SLOPES.	SHEETS 1, 2, 3
I. SUFFICIENT MATERIALS NEEDED TO INSTALL REFERENCED STANDBY EROSION AND SEDIMENT CONTROL BMPS NECESSARY TO COMPLETELY PROTECT THE EXPOSED PORTIONS OF THE SITE FROM EROSION AND TO PREVENT SEDIMENT DISCHARGES SHALL BE STORED ON SITE. AREAS THAT HAVE ALREADY BEEN PROTECTED FROM EROSION USING PERMANENT PHYSICAL STABILIZATION OR ESTABLISHED VEGETATION STABILIZATION BMPS ARE NOT CONSIDERED "EXPOSED" FOR PURPOSES OF THIS REQUIREMENT.	SHEETS 1, 2, 3



SE-6 GRAVEL BAG BARRIER

TC-1 STABILIZED CONSTRUCTION ENTRANCE/EXIT



TO BE PLACED AT ALL ENTRY AND EXIT LOCATIONS

MATERIAL STORAGE:

1. DIRT AND OTHER CONSTRUCTION RELATED MATERIALS PLACED IN THE STREET OR ON OTHER IMPERVIOUS SURFACES MUST BE CONTAINED WITH SANDBAGS OR OTHER MEASURES TO PREVENT TRANSPORT TO THE STORM DRAIN SYSTEM.
2. ANY CONSTRUCTION MATERIAL STORED OR STOCKPILED ON-SITE SHALL BE PROTECTED FROM BEING TRANSPORTED BY THE FORCE OF WIND OR WATER.

WM-3 STOCKPILE MANAGEMENT

SE-10 STORM DRAIN INLET PROTECTION

EROSION AND SEDIMENT CONTROL NOTES:

SEDIMENTS FROM AREAS DISTURBED BY CONSTRUCTION SHALL BE RETAINED ON-SITE USING AN EFFECTIVE COMBINATION OF EROSION AND SEDIMENT CONTROLS TO THE MAXIMUM EXTENT PRACTICABLE, AND STOCKPILES OF SOIL SHALL BE PROPERLY CONTAINED TO MINIMIZE SEDIMENT TRANSPORT FROM THE SITE TO STREETS, DRAINAGE FACILITIES OR ADJACENT PROPERTIES VIA RUNOFF, VEHICLE TRACKING, OR WIND.

WASTE AND MATERIALS MANAGEMENT CONTROL NOTES:

APPROPRIATE BEST MANAGEMENT PRACTICES (BMPS) FOR CONSTRUCTION-RELATED MATERIALS, WASTES, SPILLS OR RESIDUES SHALL BE IMPLEMENTED AND RETAINED ON-SITE TO MINIMIZE TRANSPORT FROM THE SITE TO STREETS, DRAINAGE FACILITIES, OR ADJOINING PROPERTY BY WIND OR RUNOFF.

NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) NOTES:

1. SEDIMENT FROM AREAS DISTURBED BY CONSTRUCTION SHALL BE RETAINED ON-SITE USING STRUCTURAL CONTROLS TO THE MAXIMUM EXTENT PRACTICABLE.
2. STOCKPILES OF SOIL SHALL BE PROPERLY CONTAINED TO MINIMIZE SEDIMENT TRANSPORT FROM THE SITE TO STREETS, DRAINAGE FACILITIES OR ADJACENT PROPERTIES VIA RUNOFF, VEHICLE TRACKING, OR WIND.
3. APPROPRIATE BMPS FOR CONSTRUCTION-RELATED MATERIALS, WASTES, SPILLS SHALL BE IMPLEMENTED TO MINIMIZE TRANSPORT FROM THE SITE TO STREETS, DRAINAGE FACILITIES, OR ADJOINING PROPERTIES BY WIND OR RUNOFF.
4. RUNOFF FROM EQUIPMENT AND VEHICLE WASHING SHALL BE CONTAINED AT CONSTRUCTION SITES UNLESS TREATED TO REDUCE OR REMOVE SEDIMENT AND OTHER POLLUTANTS.
5. ALL CONSTRUCTION CONTRACTOR AND SUBCONTRACTOR PERSONNEL ARE TO BE MADE AWARE OF THE REQUIRED BEST MANAGEMENT PRACTICES AND GOOD HOUSEKEEPING MEASURES FOR THE PROJECT SITE AND ANY ASSOCIATED CONSTRUCTION STAGING AREAS.
6. AT THE END OF EACH DAY OF CONSTRUCTION ACTIVITY ALL CONSTRUCTION DEBRIS AND WASTE MATERIALS SHALL BE COLLECTED AND PROPERLY DISPOSED IN TRASH OR RECYCLE BINS.
7. CONSTRUCTION SITES SHALL BE MAINTAINED IN SUCH A CONDITION THAT AN ANTICIPATED STORM DOES NOT CARRY WASTES OR POLLUTANTS OFF THE SITE. DISCHARGES OF MATERIAL OTHER THAN STORMWATER ONLY WHEN NECESSARY FOR PERFORMANCE AND COMPLETION OF CONSTRUCTION PRACTICES AND WHERE THEY DO NOT: CAUSE OR CONTRIBUTE TO A VIOLATION OF ANY WATER QUALITY STANDARD; CAUSE OR THREATEN TO CAUSE POLLUTION, CONTAMINATION, OR NUISANCE; OR CONTAIN A HAZARDOUS SUBSTANCE IN A QUANTITY REPORTABLE UNDER FEDERAL REGULATIONS 40 CFR PARTS 117 AND 302.
8. POTENTIAL POLLUTANTS INCLUDE BUT ARE NOT LIMITED TO: SOLID OR LIQUID CHEMICAL SPILLS; WASTES FROM PAINTS, STAINS, SEALANTS, GLUES, LIMES, PESTICIDES, HERBICIDES, WOOD PRESERVATIVES AND SOLVENTS; ASBESTOS FIBERS, PAINT FLAKES OR STUCCO FRAGMENTS; FUELS, OILS, LUBRICANTS, AND HYDRAULIC, RADIATOR OR BATTERY FLUIDS; FERTILIZERS, VEHICLE/EQUIPMENT WASH WATER AND CONCRETE WASH WATER; CONCRETE, DETERGENT OR FLOATABLE WASTES; WASTES FROM ANY ENGINE/EQUIPMENT STEAM CLEANING OR CHEMICAL DEGREASING AND SUPERCHLORINATED POTABLE WATER LINE FLUSHING.

   DURING CONSTRUCTION, PERMITTEE SHALL DISPOSED OF SUCH MATERIALS IN A SPECIFIED AND CONTROLLED TEMPORARY AREA ON-SITE, PHYSICALLY SEPARATED FROM POTENTIAL STORMWATER RUNOFF, WITH ULTIMATE DISPOSAL IN ACCORDANCE WITH LOCAL, STATE AND FEDERAL REQUIREMENTS.
9. DEWATERING OF CONTAMINATED GROUNDWATER, OR DISCHARGING CONTAMINATED SOILS VIA SURFACE EROSION IS PROHIBITED. DEWATERING OF NON-CONTAMINATED GROUNDWATER REQUIRES A NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT FROM THE RESPECTIVE STATE REGION WATER QUALITY CONTROL BOARD.
10. GRADED AREAS ON THE PERMITTED AREA PERIMETER MUST DRAIN AWAY FROM THE FACE OF SLOPES AT THE CONCLUSION OF EACH WORKING DAY. DRAINAGE IS TO BE DIRECTED TOWARD DESILTING FACILITIES.
11. THE PERMITTEE AND CONTRACTOR SHALL BE RESPONSIBLE AND SHALL TAKE NECESSARY PRECAUTIONS TO PREVENT PUBLIC TRESPASS ONTO AREAS WHERE IMPOUNDED WATER CREATES A HAZARDOUS CONDITION.
12. THE PERMITTEE AND CONTRACTOR SHALL INSPECT THE EROSION CONTROL WORK AND INSURE THAT THE WORK IS IN ACCORDANCE WITH THE APPROVED PLANS.
13. THE PERMITTEE SHALL NOTIFY ALL GENERAL CONTRACTORS, SUBCONTRACTORS, MATERIAL SUPPLIERS, LESSEES, AND PROPERTY OWNERS: THAT DUMPING OF CHEMICALS INTO THE STORM DRAIN SYSTEM OR THE WATERSHED IS PROHIBITED.
14. EQUIPMENT AND WORKERS FOR EMERGENCY WORK SHALL BE MADE AVAILABLE AT ALL TIMES DURING THE RAINY SEASON. NECESSARY MATERIALS SHALL BE AVAILABLE ON-SITE AND STOCKPILED AT CONVENIENT LOCATIONS TO FACILITATE RAPID CONSTRUCTION OF TEMPORARY DEVICES WHEN RAIN IS IMMINENT.
15. ALL REMOVABLE EROSION PROTECTIVE DEVICES SHALL BE IN PLACE AT THE END OF EACH WORKING DAY WHEN THE 5-DAY RAIN PROBABILITY FORECAST EXCEEDS 50%.
16. SEDIMENTS FROM AREAS DISTURBED BY CONSTRUCTION SHALL BE RETAINED ON-SITE USING AN EFFECTIVE COMBINATION OF EROSION AND SEDIMENT CONTROLS TO THE MAXIMUM EXTENT PRACTICABLE, AND STOCKPILES OF SOIL SHALL BE PROPERLY CONTAINED TO MINIMIZE SEDIMENT TRANSPORT FROM THE SITE TO STREETS, DRAINAGE FACILITIES OR ADJACENT PROPERTIES VIA RUNOFF, VEHICLE TRACKING, OR WIND.
17. APPROPRIATE BMPS FOR CONSTRUCTION-RELATED MATERIALS, WASTES, SPILLS OR RESIDUES SHALL BE IMPLEMENTED AND RETAINED ON-SITE TO MINIMIZE TRANSPORT FROM THE SITES TO STREETS, DRAINAGE FACILITIES, OR ADJOINING PROPERTY BY WIND OR RUNOFF.

NOTES:

1. SEDIMENTS AND OTHER MATERIALS SHALL BE TRACKED FROM THE SITE BY VEHICLE TRAFFIC, THE CONSTRUCTION ENTRANCE ROADWAYS SHALL BE STABILIZED SO AS TO PREVENT SEDIMENTS FROM BEING DEPOSITED INTO THE PUBLIC ROADS. DEPOSITIONS MUST BE SWEPT UP IMMEDIATELY AND MAY NOT BE WASHED DOWN BY RAIN OR OTHER MEANS INTO THE STORM DRAIN SYSTEM.
2. STABILIZED CONSTRUCTION ENTRANCE SHALL BE:

A. LOCATED AT ANY POINT WHERE TRAFFIC WILL BE ENTERING OR LEAVING A CONSTRUCTION SITE RD OR FROM A PUBLIC RIGHT OF WAY, STREET, ALLEY, AND SIDEWALK OR PARKING AREA.
B. A SERIES OF STEEL PLATES WITH "RUMBLE STRIPS", AND/OR MIN 4" COARSE AGGREGATE WITH LENGTH, WIDTH, & THICKNESS AS NEEDED TO ADEQUATELY PREVENT ANY TRACKING ONTO PAVED SURFACES.

3. ADDING A WASH RACK WITH A SEDIMENT TRAP LARGE ENOUGH TO COLLECT ALL WASH WATER CAN GREATLY IMPROVE EFFICIENCY.
4. ALL VEHICLES ACCESSING THE CONSTRUCTION SITE SHALL UTILIZE THE STABILIZED CONSTRUCTION ENTRANCE SITES.

STREET MAINTENANCE:

1. REMOVE ALL SEDIMENT DEPOSITED ON PAVED ROADWAYS IMMEDIATELY.
2. SWEEP PAVED AREAS THAT RECEIVE CONSTRUCTION TRAFFIC WHENEVER SEDIMENT BECOMES VISIBLE.
3. PAVEMENT WASHING WITH WATER IS PROHIBITED IF IT RESULTS IN A DISCHARGE TO THE STORM DRAIN SYSTEM.

POLLUTION PREVENTION NOTES:

IN ORDER TO MEET THE REQUIREMENTS OF THE NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PROGRAM FOR CONSTRUCTION, CONSTRUCTION CONTRACTORS SHALL INSTALL AND MAINTAIN APPROPRIATE BEST MANAGEMENT PRACTICES (BMPS), AS SHOWN IN THE EROSION AND SEDIMENT CONTROL PLAN, ON ALL CONSTRUCTION PROJECTS. BMPS SHALL BE INSTALLED IN ACCORDANCE WITH INDUSTRY RECOMMENDED STANDARDS, AND/OR IN ACCORDANCE WITH ANY GENERAL CONSTRUCTION PERMIT ISSUED BY THE STATE FOR THE PROJECT TO PREVENT ANY DISCHARGES FROM THE PROJECT SITE OR INTO ANY STORM DRAIN FACILITIES. ALL SEDIMENTS, CONSTRUCTION MATERIALS, DEBRIS AND WASTES, AND OTHER POLLUTANTS MUST BE RETAINED ON SITE AND MAY NOT BE TRANSPORTED FROM THE SITE VIA SHEET FLOW, SWALES, AREA DRAINS, NATURAL DRAINAGE COURSES, WIND, OR VEHICLE TRACKING. UNDER DIRECTION OF THE ENGINEER OF RECORD, EROSION AND/OR SEDIMENT CONTROL DEVICES SHALL BE MODIFIED AS NEEDED AS THE PROJECT PROGRESSES TO ENSURE EFFECTIVENESS.

CONSTRUCTION NOTES

- (P) PROTECT EXISTING IMPROVEMENT IN PLACE.
- (60) CONSTRUCT 18"RCP, (2000-D) PER CITY OF IRVINE STANDARD PLAN 223 AND 318.
- (63) CONSTRUCT 30"RCP, (2000-D) PER CITY OF IRVINE STANDARD PLAN 223 AND 318.
- (64) CONSTRUCT JUNCTION STRUCTURE NO. I PER CITY OF IRVINE STANDARD PLAN 306.
- (67) CONSTRUCT PIPE TO RCB JUNCTION STRUCTURE PER SPPWC STANDARD PLAN 333-2.
- (68) CONSTRUCT CATCH BASIN TYPE I PER CITY OF IRVINE STANDARD PLAN 300.
- (69) CONSTRUCT CONCRETE COLLAR PER CITY OF IRVINE STANDARD PLAN 310 (SIZE PER PLAN).
- (70) CONSTRUCT LOCAL DEPRESSION PER CITY OF IRVINE STANDARD PLAN 303 (A=2').
- (70A) RECONSTRUCT A PORTION OF EXISTING LOCAL DEPRESSION PER CITY OF IRVINE STANDARD PLAN 303 (LENGTH PER PLAN).
- (71) CONSTRUCT CATCH BASIN TYPE II PER CITY OF IRVINE STANDARD PLAN 301 (W AND H PER PLAN).
- (72) CONSTRUCT BLANKET PROTECTION FOR PIPES PER SPPWC STANDARD PLAN 225-2.
- (74) REMOVE EXISTING CSP DROP INLET.
- (75) REMOVE EXISTING REINFORCED CONCRETE DRAINAGE INLET AND PLUG EXISTING RCB PER SPPWC 381-2.
- (76) REMOVE EXISTING CATCH BASIN (W PER PLAN).
- (79) CONSTRUCT 2' THICK CONCRETE PLUG IN EXISTING PIPE.
- (80) INSTALL FILTERRA UNIT PER MANUFACTURER RECOMMENDATIONS AND DETAIL 80 ON SHEET DD-1 (DIMENSIONS PER PLAN).
- (81) INSTALL 4"SCH-40 PVC PIPE FROM FILTERRA UNIT TO PROPOSED CATCH BASIN PER CITY OF IRVINE STANDARD PLAN 223 AND 318 AND DETAIL 81 ON SHEET DD-1.
- (82) CONSTRUCT MODIFIED LOCAL DEPRESSION PER CITY OF IRVINE STANDARD PLAN 303 (A=2'). MODIFIED WITH 3' WARPED GUTTER SURFACE.

WORKSITE STAGE CONSTRUCTION PLAN

STREET IMPROVEMENTS ON UNIVERSITY DRIVE FROM MACARTHUR BLVD TO CAMPUS DRIVE

LOCATION MAP
NO SCALE

STAGE CONSTRUCTION GENERAL NOTES:

1. ALL TRAFFIC CONTROL WORK AND TRAFFIC CONTROL DEVICES FOR CONSTRUCTION SHALL CONFORM TO THE LATEST EDITION OF:
   - THE CALIFORNIA MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES FOR STREETS AND HIGHWAYS (CA MUTCD)
   - WORK AREA TRAFFIC CONTROL HANDBOOK (WATCH MANUAL)
   - STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION "GREENBOOK"
   - ALL O.S.H.A. REQUIREMENTS
   - CALIFORNIA VEHICLE CODE
2. THE CONTRACTOR SHALL HAVE ALL TRAFFIC CONTROL CONSTRUCTION SIGNS, DELINEATORS, K-RAIL, ETC., PROPERLY INSTALLED PRIOR TO COMMENCING CONSTRUCTION.
3. THE CONTRACTOR SHALL MAINTAIN ALL TRAFFIC CONTROL SIGNS, DELINEATORS, K-RAIL, ETC., TO ENSURE PROPER FLOW AND SAFETY OF TRAFFIC WHILE WORKING IN THE STREET.
4. ADDITIONAL TRAFFIC CONTROL DEVICES MAY BE REQUIRED IN THE FIELD. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ANY ADDITIONAL TRAFFIC CONTROL DEVICES REQUIRED BY THE CITY INSPECTOR / REPRESENTATIVE TO ASSURE PUBLIC SAFETY AT ALL TIMES.
5. THE CONTRACTOR SHALL UTILIZE A FLAGMAN DURING CONSTRUCTION WORK AS DEEMED NECESSARY BY THE CITY INSPECTOR.
6. ARROW BOARDS SHALL BE USED ON ANY LANE CLOSURE ON ARTERIAL STREETS.
7. CONTRACTOR SHALL SAND BLAST ALL CONFLICTING EXISTING STRIPING, REMOVE CONFLICTING RPMS AND COVER/REMOVE CONFLICTING EXISTING SIGNAGE.
8. TEMPORARY STREET LIGHTING (LOCATION SHOWN IS APPROXIMATE) SHALL BE PLACED BEHIND THE INSTALLED K-RAILS AT 250' INTERVALS. CONTRACTOR IS RESPONSIBLE FOR OBTAINING POWER AND PROVIDING SHOP DRAWINGS SHOWING CONDUIT, CONDUCTORS, ETC.
9. ALL K-RAIL SHALL BE FRESHLY PAINTED WHITE AND TOPPED WITH REFLECTOR TABS (YELLOW ON CENTER DIVIDERS AND WHITE ON EDGE K-RAILS) AT 25' SPACING.
10. CONTRACTOR SHALL COVER ALL EXISTING SIGNS THAT CONFLICT WITH THE CONSTRUCTION SIGNS. CONTRACTOR SHALL UNCOVER EXISTING SIGNS AS SOON AS THE CONSTRUCTION SIGNS ARE REMOVED.
11. ALL STRIPING, LEGENDS, MARKINGS, AND RAISED PAVEMENT MARKERS SHALL CONFORM TO CALTRANS STANDARD PLANS AND STANDARD SPECIFICATIONS, LATEST EDITION, INCLUDING CALTRANS STANDARD PLANS A20 DETAILS.
12. THE CONTRACTOR SHALL PROVIDE FOR ACCESS TO ALL ADJACENT PROPERTIES DURING WORK HOURS. CONSTRUCTION OPERATIONS SHALL BE CONDUCTED IN SUCH A MANNER AS TO CAUSE AS LITTLE INCONVENIENCE AS POSSIBLE TO ABUTTING PROPERTY OWNERS/OPERATORS.
13. FLASHING YELLOW BEACONS TYPE "B" SHALL BE USED ON ALL W20-1 SIGNS AND ALL TYPE III BARRICADES GUARDING THE WORK AREA OVERNIGHT.
14. WHERE WORK ZONE AND SPEED LIMIT SIGNS G20-5aP AND R2-1 ARE USED, THE CONTRACTOR SHALL COVER ALL CONFLICTING REGULATORY SPEED LIMIT SIGNS.
15. ALL SIGNS SHALL BE REFLECTORIZED AND STANDARD SIZE. WORK AREA WARNING SIGNS SHALL BE ORANGE SIGN FACE.
16. ALL DELINEATORS SHALL BE 36" MINIMUM PORTABLE DRUM DELINEATORS, REFLECTORIZED, AND MAINTAINED ERECT IN INDICATED POSITION AT ALL TIMES, AND SHALL BE REPAIRED, REPLACED, OR CLEANED AS NECESSARY TO PRESERVE THEIR APPEARANCE AND CONTINUITY.
17. EXACT LOCATION AND TYPE OF CONSTRUCTION SIGN(S) (C27, C30) SHALL BE AS DIRECTED BY THE ENGINEER BASED UPON CONSTRUCTION CONDITIONS.
18. ALL TEMPORARY TRAFFIC CONTROL DEVICES NOT NEEDED FOR PERMANENT CLOSURE SHALL BE REMOVED FROM TRAVEL LANES BY THE CLOSE OF WORKING HOURS EACH DAY. TRENCHES SHALL BE BACKFILLED OR STEEL-PLATED DURING NON-WORK HOURS. STEEL PLATES SHALL HAVE A NON-SKID SURFACE AND BE RECESSED AND SECURELY SUPPORTED SO THEY WON'T ROCK AND A SIGN POSTED NEAR THE PLATES IDENTIFYING THE CONTRACTORS NAME AND 24 HOUR EMERGENCY TELEPHONE NUMBER.
19. THE CONTRACTOR SHALL PROVIDE A SAFE BICYCLE DETOUR AND SAFE PEDESTRIAN ACCESS AT ALL TIMES.
20. ALL PROPERTIES THAT HAVE ACCESS ADJACENT TO THE WORK AREA SHALL BE NOTIFIED OF ACCESS RESTRICTIONS (IN WRITING 5 WORKING DAYS BEFORE START OF WORK). THE NOTIFICATION SHALL DESCRIBE THE ACCESS LIMITATIONS, DATE OF LIMITATION AND GIVE THE APPROXIMATE DATE AND TIME OF ACCESS RESTORATION. NO ACCESS SHALL BE LIMITED DURING NON-WORKING HOURS EXCEPT AS APPROVED BY THE CITY. NO WORK IS PERMITTED ON SUNDAYS OR HOLIDAYS UNLESS APPROVED BY THE CITY.
21. THE FOLLOWING AGENCIES SHALL BE NOTIFIED 48 HOURS IN ADVANCE OF ANY DETOUR AND/OR CONSTRUCTION ACTIVITIES.

    CITY OF IRVINE:
    PUBLIC WORKS.....(949) 724-7365
    TRAFFIC ENGINEERING.....(949) 724-7324
    POLICE (GIVE LOCATION AND DURATION).....(949) 724-7000

    COUNTY OF ORANGE:
    PUBLIC WORKS/CONSTRUCTION.....(714) 667-8800
    FIRE DEPARTMENT.....(714) 573-6801

    CALTRANS:.....(949) 724-2000

    UC-IRVINE:.....(949) 824-5011
22. ANY DAMAGED PAVEMENT STRIPING, STENCILING OR RAISED PAVEMENT MARKERS (RPM'S) MUST BE REPLACED PER CALTRANS STANDARDS, LATEST EDITION. PLACE TEMPORARY PLASTIC STRIPING TABS DURING INTERIM PERIOD BEFORE PERMANENT STRIPING IS PLACED.
23. TRAFFIC SIGNALS SHALL REMAIN IN OPERATION AT ALL TIMES. CONFLICTING TRAFFIC SIGNAL INDICATIONS SHALL BE COVERED, AND SIGNAL OPERATION DURING EACH CONSTRUCTION PHASE SHALL BE COORDINATED WITH AND APPROVED BY THE CITY ENGINEER. FOR SIGNALIZED INTERSECTIONS, IF PERMANENT VIDEO DETECTION IS NOT YET OPERATIONAL, THE CONTRACTOR HAS FOUR (4) HOURS UPON CUTTING THE EXISTING LOOPS TO INSTALL A TEMPORARY VIDEO DETECTION SYSTEM. CONTRACTOR SHALL COORDINATE WITH CITY AT LEAST TWO (2) WORKING DAYS PRIOR TO ANY WORK THAT WILL AFFECT THE OPERATION OF A TRAFFIC SIGNAL.
24. SENSITIVE HABITAT AREAS TO BE AVOIDED INCLUDE ALL AREAS NORTH OF UNIVERSITY DRIVE. NO CONSTRUCTION STAGING AREAS SHALL BE LOCATED IN THESE AREAS.
25. STAGING AREAS SHALL BE SELECTED WITH THE FOLLOWING CONDITIONS:
    - CONSTRUCTION EQUIPMENT OR ACTIVITY SHALL NOT OCCUR OUTSIDE THE STAGING AREA
    - NO UPLAND AREAS VEGETATED WITH NATIVE PLANTS SHALL BE USED FOR STAGING OR STORAGE AREAS.
    - CONSTRUCTION ACCESS SHALL NOT RESULT IN IMPACTS TO RIPARIAN OR WETLAND HABITAT

TRAFFIC SIGN LEGEND

* 6" MIN HEIGHT LETTERING, BLACK LETTERS ON ORANGE BACKGROUND

NOTES TO CONTRACTOR:

A. IT IS THE RESPONSIBILITY OF THE CONTRACTOR PERFORMING WORK ON A PUBLIC STREET TO INSTALL AND MAINTAIN THE TRAFFIC CONTROL DEVICES AS SHOWN HEREIN, AS WELL AS ANY SUCH ADDITIONAL TRAFFIC CONTROL DEVICE AS MAY BE REQUIRED TO INSURE THE SAFE MOVEMENT OF TRAFFIC, BICYCLES, AND PEDESTRIANS THROUGH OR AROUND THE WORK AREA AND PROVIDE MAXIMUM PROTECTION AND SAFETY TO CONSTRUCTION WORKERS.

B. THE CITY RESERVES THE RIGHT TO OBSERVE THESE TRAFFIC CONTROL PLANS IN USE AND TO MAKE ANY NECESSARY CHANGES AS FIELD CONDITIONS WARRANT. ANY CHANGES SHALL SUPERSEDE THESE PLANS AND BE DONE PER CALIFORNIA MUTCD WITH THE APPROVAL OF THE CITY ENGINEER, SOLELY AT THE CONTRACTOR'S EXPENSE. REVISED TRAFFIC CONTROL PLANS MAY BE REQUIRED BY THE CITY. EXACT LOCATION OF ALL EQUIPMENT AND TRAFFIC CONTROL DEVICES SHALL BE DETERMINED BY THE ENGINEER.

C. ALL DELINEATORS SHALL BE EQUIPPED WITH REFLECTIVE BAND AT NIGHT TIME.

D. ALL TRAFFIC LANES SHALL HAVE A MINIMUM OF 5 FEET CLEARANCE FROM OPEN EXCAVATIONS AND A MINIMUM OF 2 FEET FROM VERTICAL OBSTRUCTIONS.

E. OPEN TRENCH WITH LESS THAN FIVE FEET OF CLEARANCE SHALL BE PROTECTED BY K-RAIL BARRIERS AND TEMPORARY CRASH CUSHIONS INSTALLED PER CALTRANS STANDARDS.

F. CONTRACTOR SHALL PROVIDE FLAGGERS AS DEEMED NECESSARY BY THE CITY ENGINEER.

G. ALL ADVANCED WARNING SIGNS SHALL BE EQUIPPED WITH FLAGS DURING DAYTIME WORKING HOURS AND WITH WARNING LIGHTS AT NIGHT.

H. TRAFFIC SIGNALS SHALL REMAIN IN OPERATION AT ALL TIMES. CONFLICTING TRAFFIC SIGNAL INDICATIONS SHALL BE COVERED AND SIGNAL OPERATION DURING EACH CONSTRUCTION PHASE SHALL BE COORDINATED WITH AND APPROVED BY THE CITY ENGINEER.

I. PLACE ADDITIONAL "LANE CLOSED" (C30) SIGNS ON TYPE II BARRICADES AT 150 FOOT INTERVALS THROUGHOUT EXTENDED WORK AREAS IN EACH LANE THAT IS CLOSED. INSTALL "OPEN TRENCH" (C27) SIGNS WHENEVER AN OPEN EXCAVATION AREA EXISTS ADJACENT TO THE TRAVELED WAY.

J. ALL TEMPORARY TRAFFIC CONTROL DEVICES SHALL BE REMOVED FOLLOWING COMPLETION OF EACH CONSTRUCTION STAGE AND THE PERMANENT TRAFFIC CONTROL DEVICES SHALL BE RESTORED BY THE CONTRACTOR UPON COMPLETION OF PROJECT.

K. CONTRACTOR SHALL REPLACE/REPAIR ALL DAMAGED STRIPING WITH TEMPORARY STRIPING OR RAISED PAVEMENT MARKERS AT END OF EACH WORKING DAY.

L. CONTRACTOR SHALL COMPLY WITH THE REQUIREMENTS OF THE AMERICAN DISABILITY ACT ACCESSIBILITY GUIDELINES AND WITH THE CALIFORNIA ACCESSIBILITY GUIDELINES AS RELATED TO PEDESTRIAN ACCESS AND SHALL MAINTAIN PEDESTRIAN ACCESS AT ALL TIMES PER ADA REQUIREMENTS. SIDEWALK AND BIKE LANE CLOSURE/DETOUR SHALL COMPLY WITH THE CALIFORNIA MUTCD STANDARDS.

M. CONTRACTOR SHALL POST "SYMBOL" UNEVEN LANES, "STEEL PLATES AHEAD" OR "BUMP" SIGNS, FOR PAVEMENT SURFACE DISRUPTIONS OF ½ IN. OR GREATER. PAVEMENT DISRUPTIONS OF 1 IN. OR GREATER SHALL HAVE BEVELED EDGE OF FOUR (4) HORIZONTAL TO ONE (1) VERTICAL.

N. CONTRACTOR SHALL INSTALL "CAUTION STEEL PLATES AHEAD" AND/OR "ROUGH ROAD" SIGNS IN ADVANCE OF STEEL PLATE BRIDGING.

O. CONTRACTOR SHALL NOTIFY OCTA AT (714) 636-7433 EXT. 2 OR ANY OTHER AFFECTED TRANSIT SERVICES AT LEAST FIVE WORKING DAYS PRIOR TO CONSTRUCTION.

P. CONTRACTOR SHALL NOTIFY ALL AFFECTED RESIDENTS, BUSINESSES, AND UC-IRVINE FIVE (5) WORKING DAYS PRIOR TO CONSTRUCTION.

Q. ALL TRAFFIC CONTROL DEVICES SHALL BE KEPT IN THEIR PROPER POSITION AT ALL TIMES, AND SHALL BE REPAIRED, REPLACED, OR CLEANED NECESSARY TO PRESERVE THEIR APPEARANCE AND CONTINUITY.

R. ALL NIGHT WORK REQUIRES PROPER LIGHTING OF WORK AREAS PER CAL/OSHA REQUIREMENTS. AVOID DIRECTING LIGHTING TOWARD APPROACHING TRAFFIC AND TOWARD FRONTING PROPERTIES.

TRAFFIC ACCESS REQUIREMENTS:

1. THE CONTRACTOR SHALL MAINTAIN THE FOLLOWING TRAFFIC LANE REQUIREMENTS.

   UNIVERSITY DRIVE:

   A. THE CONTRACTOR SHALL MAINTAIN AND PROTECT MINIMUM TWO LANES OF THROUGH TRAFFIC IN EACH DIRECTION, UNLESS OTHERWISE NOTED HEREON THESE TRAFFIC CONTROL PLANS. LANE WIDTH ON A PAVED TRAVEL PATH SHALL BE 11 FEET MINIMUM.

   B. PROHIBIT LEFT TURNS WHEN IN CONFLICT WITH CONSTRUCTION AND WHEN LEFT TURN VISIBILITY IS RESTRICTED BY CONSTRUCTION ACTIVITIES.

2. ALL PRIVATE DRIVEWAYS AND SIDE STREETS SHALL BE KEPT OPEN AT ALL TIMES. DRIVEWAY REPLACEMENTS SHALL BE CONSTRUCTED IN STAGES TO MAINTAIN ACCESS. ALL OPEN EXCAVATIONS ON PUBLIC STREETS SHALL BE BACK-FILLED OR STEEL-PLATED (ANTI-SKID PLATES) FOR TRAFFIC TO THE SATISFACTION OF CITY ENGINEER OUTSIDE THE WORKING HOURS. TRAFFIC SHALL BE RESTORED TO NORMAL CONDITIONS DURING NON-WORKING HOURS, EXCEPT WHERE LONG-TERM TRAFFIC CONTROL INSTALLATIONS WITH K-RAIL APPLY.
3. MAINTAIN MIN. 25' TURNING RADIUS AT ALL TIMES.
4. PLACE CHANGEABLE MESSAGE SIGNS AT ALL PROJECT APPROACHES, ALL SIDE STREETS, AND LOCATIONS DESIGNATED BY THE ENGINEER, 14 DAYS PRIOR TO START OF WORK TO WARN MOTORISTS TO USE ALTERNATIVE ROUTES.

STREET	POSTED WORK ZONE SPEED LIMIT	MINIMUM TAPER LENGTH (L) BASED ON 12' LANE	SPACING OF DELINEATORS	SIGN SPACING

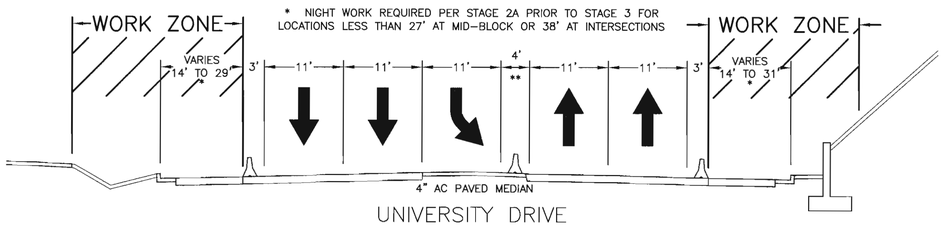
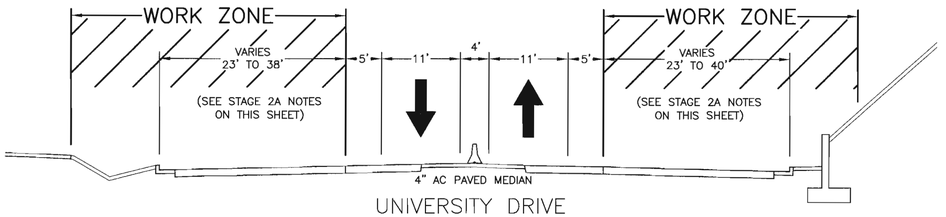
UNIVERSITY DRIVE
STAGE 1 – NIGHT WORK



** FROM STA 158+70 TO 159+20, PROTECT EX MEDIAN AND WATER LINE. (SEE DETAIL TC-1 ON SHEET SC-3)

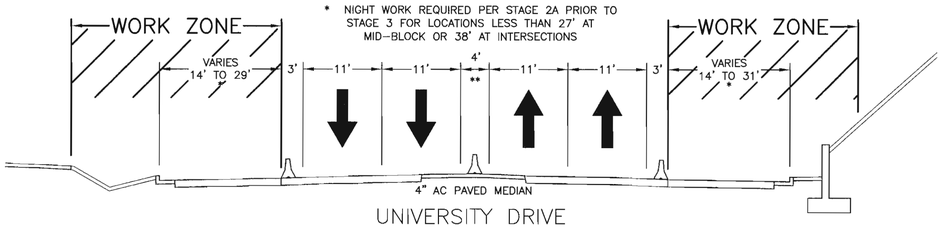
WORKING HOURS: 10 PM TO 5 AM
DURATION: APPROXIMATELY 15 WORKING DAYS (UNLESS APPROVED OTHERWISE)

UNIVERSITY DRIVE
STAGE 2A – AT INTERSECTION – NIGHT WORK



WORKING HOURS: 10 PM TO 5 AM
DURATION: APPROXIMATELY 2 MONTHS (UNLESS APPROVED OTHERWISE)

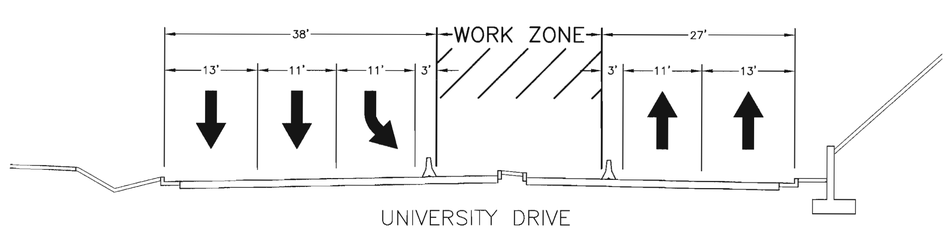
UNIVERSITY DRIVE
STAGE 2 – AT INTERSECTION



** FROM STA 158+70 TO 159+20, PROTECT EX MEDIAN AND WATER LINE. (SEE DETAIL TC-1 ON SHEET SC-3)

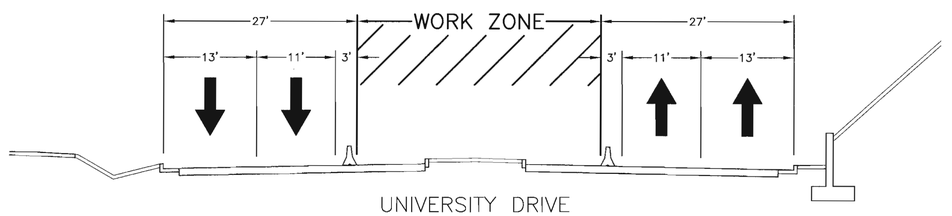
WORKING HOURS: 7 AM TO 7 PM
DURATION: APPROXIMATELY 6 MONTHS (UNLESS APPROVED OTHERWISE)

UNIVERSITY DRIVE
STAGE 2A – AT MID BLOCK – NIGHT WORK



WORKING HOURS: 10 PM TO 5 AM
DURATION: APPROXIMATELY 2 MONTHS (UNLESS APPROVED OTHERWISE)

UNIVERSITY DRIVE
STAGE 2 – AT MID BLOCK



** FROM STA 158+70 TO 159+20, PROTECT EX MEDIAN AND WATER LINE. (SEE DETAIL TC-1 ON SHEET SC-3)

WORKING HOURS: 7 AM TO 7 PM
DURATION: APPROXIMATELY 6 MONTHS (UNLESS APPROVED OTHERWISE)

UNIVERSITY DRIVE
STAGE 3 – AT INTERSECTION

WORKING HOURS: 7 AM TO 7 PM
DURATION: APPROXIMATELY 4 MONTHS (UNLESS APPROVED OTHERWISE)

UNIVERSITY DRIVE
STAGE 3 – AT MID BLOCK

WORKING HOURS: 7 AM TO 7 PM
DURATION: APPROXIMATELY 4 MONTHS (UNLESS APPROVED OTHERWISE)

TYPICAL SECTION NOTES:

1. NO PLAN VIEW LAYOUTS HAVE BEEN PREPARED FOR STAGE 1, STAGE 2A, OR STAGE 3A. USE TYPICAL LANE CLOSURE DETAILS PER MUTCD/"WATCH" HANDBOOK TO PROTECT WORK AREA DURING NIGHT WORK OPERATIONS AND OPEN UP ALL LANES TO TRAFFIC DURING NON-WORKING HOURS.
2. NO TYPICAL SECTION IS SHOWN FOR STAGE 2B. SEE SHEET SC-11 FOR STAGE 2B BIKE TRAIL/SERVICE ROAD DETOUR.
3. UNIVERSITY DRIVE STAGE 3A – NIGHT WORK (TYPICAL SECTION NOT SHOWN) APPLIES TO INTERSECTION PAVING OUTSIDE LIMITS NOT COVERED BY OTHER STAGES. COMPLETE CLOSURE OF CALIFORNIA AVE AND MESA RD WITH PROPER DETOUR SIGNAGE IS ALLOWED. WORKING HOURS: 8PM TO 5AM. DURATION: APPROXIMATELY 20 WORKING DAYS (UNLESS APPROVED OTHERWISE).
4. UNLESS SPECIFIED ELSEWHERE IN THE SPECIAL PROVISIONS, INSPECTION OF THE WORK WILL BE PROVIDED BY THE AGENCY BETWEEN THE HOURS OF 7:00 A.M. AND 3:30 P.M., MONDAY THROUGH FRIDAY, EXCLUSIVE OF AGENCY HOLIDAYS. ANY INSPECTIONS REQUESTED BY OR MADE NECESSARY AS A RESULT OF THE ACTIONS OF THE CONTRACTOR BEYOND THE HOURS STATED ABOVE SHALL BE PAID FOR BY THE CONTRACTOR AT THE PREVAILING RATE OF 1-1/2 TIMES THE REGULAR HOURLY WAGE RATE, PLUS 21% FOR OVERHEAD COSTS. SEE SPECIFICATIONS SECTION 2-11.1.

STAGE 2A NOTES:

1. NIGHT WORK FOR STAGE 2A CAN BEGIN IN ANY SPECIFIC AREA AFTER STAGE 2 WORK IS COMPLETED AS LONG AS CRASH CUSHIONS ARE PLACED AT K-RAIL TERMINUS AS APPROVED BY THE ENGINEER.
2. WORK COMPLETED FOR STAGE 2A NIGHT WORK WILL PRIMARILY CONSIST OF EXTENSION OF PERPENDICULAR UTILITY CROSSINGS AND PAVEMENT REHAB/RECONSTRUCTION.
3. FOR STAGE 2A, CONTRACTOR SHALL CONSTRUCT TEMPORARY FINISHED SURFACE (FS) TO TRANSITION FROM EXISTING MEDIAN-SIDE LANE GRADES TO PROPOSED OUTSIDE LANE GRADES AT THE END OF EACH WORKING NIGHT.
4. FINAL WEARING COURSE AC SHALL BE PLACED AT ONE TIME TOWARD THE END OF CONSTRUCTION WITH AC PAVING MACHINE JOINTS OCCURRING ON LANE LINES.
5. PROPOSED FS DESIGN IS A STRAIGHT-GRADE FROM PROPOSED 8" MEDIAN CURB TO PARKWAY GUTTER LIP.
6. HARRIS & ASSOCIATES WILL MAKE THE 3D DIGITAL TERRAIN MODEL (DTM) SURFACE AVAILABLE TO CONTRACTOR'S SURVEYOR TO ALLOW PROFILES TO BE "CUT" ALONG ANY CONTROL LINE PROFILE REQUIRED TO CONTROL ALL INTERIM FS WORK.
