a. To locate within the City of Irvine no less than five (5) homes of two or more bedrooms suitable for families of low income as defined by HUD. Such home sites shall be submitted to CDBG coordinator for review. CITY approval of acquisition shall be based upon financial feasibility and the adequate provision of mechanisms to ensure continued availability to Income I and II households.

c. A total of Six Hundred Fifty Thousand and no/100 Dollars ($650,000) shall be available to be deposited into escrows as necessary within thirty (30) days of execution of this Contract. Payments shall be made in accordance with established CITY

6.2 Indemnification. Subgrantee agrees to indemnify the City, its officers, agents and employees against, and will hold and save them and each of them harmless from, any and all actions, suits, claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities, (herein "claims or liabilities") that may be asserted or claimed by any person, firm or entity arising out of or in connection with the negligent performance of the work, operations or activities of Subgrantee, its agents, employees, subcontractors, or invitees, provided for herein, or arising from the negligent acts or omissions of Subgrantee hereunder, or arising from Subgrantee's negligent performance of or failure to perform any term, provision covenant or condition of this Contract, whether or not there is concurrent passive or active negligence on the part of the City, its officers, agents or employees but excluding such claims or liabilities arising from the sole negligence or willful misconduct of the City, its officers, agents or employees, who are directly responsible to the City, and in connection therewith:

Such records shall be maintained for a period of three (3) years following the termination of this Contract, and the City shall have access to such records in the event any audit is required.

8.0 ENFORCEMENT OF CONTRACT

8.1 Applicable Law. This Contract shall be construed and interpreted both as to validity and to performance of the parties in accordance with the laws of the State of California and the United States, as applicable. Legal actions concerning any dispute, claim or matter arising out of or in relation to this contract shall be instituted in the Superior Court of the County of Orange, State of California, the United States District Court for the Central District of California or any other appropriate court in Orange County, and Subgrantee covenants and agrees to submit to the personal jurisdiction of such court in the event of such action.

Notwithstanding the foregoing, the City may suspend any further payment of CDBG funds until Subgrantee is in compliance with this Contract. Compliance with the provisions of this Section shall be a condition precedent to termination of this Contract for cause and to any legal action, and such compliance shall not be a

waiver of any party's right to take legal action in the event that the dispute is not cured.

8.3 Remedies Upon Default by Subgrantee. In addition to any other rights or remedies available at law or in equity, if Subgrantee fails to fulfill its obligations under this Contract, City may, after compliance with the provisions of Section 8.2:

A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Contract.

8.6 Rights and Remedies are Cumulative. Except with respect to rights and remedies expressly declared to be exclusive in this Contract the rights and remedies of the parties are cumulative and the exercise by either party of one or more off such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

8.7 Legal Action. In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Contract, to obtain declaratory or injunctive relief, or to

No officer or employee of the City shall be personally liable to the Subgrantee, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Subgrantee or to its successor, or for breach of any obligation of the terms of this Contract.

9.2 Conflict of Interest. No officer or employee of the City shall have any financial interest, direct or indirect, in this Contract nor shall any such officer or employee participate in any decision relating to the Contract which effects his financial interest or the financial interest of any corporation, partnership or association in which he is, directly or indirectly, interested, in violation of any State statute or indirectly, interested, in violation of any State statute or regulation. The Subgrantee warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Contract.

This Contract may be amended at any time by the mutual consent of the parties by an instrument in writing.

10.4 Severability. In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Contract shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not effect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Contract which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Contract meaningless.

10.5 Corporate Authority. The persons executing this Contract on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Contract on behalf of said party, (iii) by so executing this Contract, such party is formally bound to the provisions of this Contract, and (iv) the entering into this Contract does not violate any provision of any other agreement to which said party is bound.

EXHIBIT "A"
LEGAL DESCRIPTION OF SITE

The location of the four condominiums will be City wide and are yet to be determined.

As the condominiums are purchased this Exhibit "A" will be updated to include the specific four (4) locations of the Site.

EXHIBIT "B"
DESCRIPTION OF THE PROJECT

The Project consists of the purchase by Irvine Temporary Housing, Inc. (ITH) of four (4) condominiums, two three bedroom and two two bedroom units. The long range plan is to utilize the owned units for transitional housing. ITH also plans to participate in prevention outreach as they work to assist families in crisis within their own living quarters. The ITH program will utilize these new units to assist families within the current guidelines by providing qualified families the opportunity of remaining in housing for up to 24 months. For some families there is a critical need for training or retraining in order to regain sufficient earning capacity. The extended stay will allow the training to take place.

ITH has increased its funding base and continues to serve this often invisible segment of the Irvine population. With the continued partnership with the City and community, ITH will continue to support families as they attempt to establish and maintain self-sufficiency.

EXHIBIT "C"
BUDGET

The Project amount to be financed by the City CDBG funds is $500,034. CDBG funds may only be used to pay for the acquisition of the Site, consistent with CDBG regulation 570.201(a).

EXHIBIT "D"
SPECIAL REQUIREMENTS

1. The Subgrantee, IRVINE TEMPORARY HOUSING, INC. (ITH), shall establish a formal accounting and financial reporting process satisfactory to the City through contracting with a Certified Public Accountant whereby quarterly financial statements, bank reconciliation's, and a review of accounting transactions would occur on a quarterly basis by an individual separate from ITH management.

2. ITH must also contract with an independent accountant to provide audited financial statements on an annual basis and in conformance with the Articles of Incorporation and Bylaws of ITH. Considering that the City is funding in excess of $25,000 in CDBG funds, a single audit report will be necessary.

3. The existing dual signature requirement shall be modified whereby the Treasurer of ITH shall countersign all check copies on a monthly basis in conjunction with approving the Financial Statement. This dual signature must occur after the checks are issued and represent an auditable expenditure review process. Furthermore, the existing dual signature requirement for checks over $500 shall be continued.

4. A documented financial controls and procedure policy satisfactory to the City must be developed which prescribes the standard methodology used in handling accounting transactions inclusive of cash receipts, accounts payable activities, journal vouchers, and internal bank and investment transfers. Such policies and procedures must be developed in acknowledgment of the scope of financial activities conducted by ITH.

5. Submit a report every six months for the lifetime of the Project to the CDBG Coordinator summarizing implementation of the Special Requirements in Exhibit "D".

EXHIBIT "E"
SCHEDULE OF PERFORMANCE

It is agreed by all parties that funds shall be expended on eligible CDBG activities, specifically acquisition of the Site, prior to June 30, 1996.

In the event that the Subgrantee, IRVINE TEMPORARY HOUSING, INC. (ITH), has not submitted appropriate invoices for all approved program costs funded by Community Development Block Grant funds prior to June 30th, this Contract shall be subject to termination at the discretion of the City. The Subgrantee may, prior to the Contract termination date, make written request for extension thereof. Such request may be granted by CDBG Coordinator upon his/her written determination of good cause which determination will be made in good faith and which request will not be unreasonably denied.

A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Contract.

7.6 Rights and Remedies are Cumulative. Except with respect to rights and remedies expressly declared to be exclusive in this Contract, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at

All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

Subgrantee is a nonprofit organization which **desires to operate a transitional rental housing Project for homeless families and persons (the "Facility") which is located on certain real property in the City of Irvine, County of Orange, State of California,** more particularly described in Exhibit "A" attached hereto and incorporated herein by reference ("Site(s)").

D. The City desires to assist in the operation of the Facility by granting CDBG Funds to Subgrantee to finance all or a portion of the cost of the property acquisition on terms and conditions more particularly set forth herein (the "Project").

NOW, THEREFORE, the parties hereto agree as follows:

If the Project encompasses any construction upon the Site, the work shall be performed in accordance with construction drawings, working specifications and related documents approved by the City in advance and in writing. b) Subgrantee is a nonprofit organization permitted to receive CDBG Funds under the Act and the Regulations.

c) The use of the Facility, the Project and the expenses to be reimbursed by the CDBG Funds, as described in the Budget, are permitted uses of CDBG Funds under the Act and the Regulations.

d) No part of the Project shall require the City or Subgrantee to comply with the provisions of the Davis-Bacon Act, 40 U.S.C. Sections 276a et seq., as amended from time to time.

e) The Project shall not require the City or the Subgrantee to comply with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, 42 U.S.C. Sections 4601 et seq., as amended from time to time.

1.3 Operation of the Facility. Concurrently with the execution of this Agreement, the City and Subgrantee shall execute the Regulatory Agreement and Declaration of Covenants and Restrictions attached hereto as "Exhibit "F" ("Regulatory Agreement"). Subgrantee hereby agrees to operate the Facility in accordance with all of the terms and provisions of the Regulatory Agreement, which terms and provisions are expressly incorporated herein by reference as if fully set forth herein..

1.4 Compliance with Law. Subgrantee shall perform the Project and operate the Facility in accordance with all ordinances, resolutions, statutes, rules, and regulations of the City and Federal, State or local governmental agency having jurisdiction in effect at the time service is rendered, including, but not limited to, the Act and the Regulations. Particularly, Subgrantee shall comply with the requirements and standards of the following:

and 7 are modified so that (i) when any personal property is sold, the proceeds are Project income and (ii) personal property not needed for CDBG activities must be transferred to the City or shall be retained after compensating the City) and O of OMB Circular A-110;

(c) All federal laws and regulations described in Subpart K of the Regulations, including all affirmative actions requirements set forth therein, but excluding the City's environmental responsibilities under 24 C.F.R. 2.6 Program Income. Any program income, as such term is defined in the Regulations, received by Subgrantee shall be **retained by Subgrantee. The program income received by Subgrantee shall solely be used for the program. All provisions of this Contract shall apply to such activities funded by program income. All program income shall be expended by Subgrantee before the City is obligated to advance any other CDBG Funds to Subgrantee under this Contract.**

1.7 Further Responsibilities of Parties. Both parties agree to use reasonable care and diligence to perform their respective obligations under this Contract. Both parties agree to act in good faith to execute all instruments, prepare all documents and take all actions as may be reasonably necessary to carry out the purposes of this Contract. Unless hereafter specified, neither party shall be responsible for the obligations of the other.

1.8 Special Requirements. Additional terms and conditions of this Contract, if any, which are made a part hereof are set forth in the "Special Requirements" attachment hereto as Exhibit "D" and incorporated herein by this reference. In the event of a conflict between the provisions of the Special Requirements and any other provisions of this Contract, the provisions of Special Requirements shall govern.

2.0 DISBURSEMENT OF CDBG FUNDS

2.1 Maximum Amount of CDBG Funds. The maximum amount of CDBG Funds to be provided to Subgrantee is **$192,000.** Subgrantee hereby acknowledges that the City cannot guarantee that the CDBG Funds will be received from HUD. The City's obligation to fund the Project is limited to the availability of

CDBG Funds from HUD. If the CDBG Funds are not forthcoming from HUD for any reason, the City shall not have any obligation to fund the Project through any other source of funds.

2.2 Method of Payment. Unless otherwise specified in the Special Requirements, Subgrantee may submit to the Contract Officer an invoice, in a form acceptable to the City, on or before January 15, April 15, July 15 and October 15 of each calendar year during the term of this Contract setting for the amounts actually expended by Subgrantee for the Project; provided that said expenses are included in the Budget. Said invoice shall, at a minimum, set forth each budget category for which reimbursement is sought, a description of the expense, the total budgeted amount for the category, the amount requested to be reimbursed for each budget category, and the total amount expended for each budget category to date. Said invoice shall be accompanied with such additional supporting information as may be requested by the City, including, but not limited to, paid receipts for each expense. To the extent the CDBG Funds actually have been received from HUD, the City shall pay Subgrantee for all expenses stated on the invoice which are approved by City pursuant to this Contract no later than the thirtieth day after the dates specified above.

All CDBG Funds (including program income) received by Subgrantee shall be maintained in an account separate and apart from all other funds of Subgrantee with a bank or savings and loan association qualified to do business in the State of California and insured by the Federal Deposit Insurance Corporation.

3.0 PERFORMANCE SCHEDULE

3.1 Time of Essence. Time is of the essence in the performance of this Contract.

3.2 Schedule of Performance. Subgrantee shall commence, prosecute and complete the Project within the time periods established in the "Schedule of Performance" attached hereto as Exhibit "E" and incorporated herein by this reference.

3.3 Force Majeure. The time period(s) specified in the Schedule of Performance for performance of the work shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Subgrantee, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Subgrantee shall within ten (10) days of the commencement of such delay notify the contracting officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Contract. In no event shall Subgrantee be entitled to recover damages against the City for any delay in

the performance of this Contract, however caused, Subgrantee's sole remedy being extension of the Contract pursuant to this Section.

3.4 Term. Unless earlier terminated in accordance with Section 7.4 of this Contract, this Contract shall continue in full force and effect until **June 30, 1998.**

3.5 Reversion of Assets. Upon the expiration or sooner termination of this Contract, Subgrantee shall transfer to the City (i) any and all CDBG Funds and Project income on hand (ii) any accounts receivable attributable to the use of CDBG Funds or Project income; and (iii) if any CDBG Funds or Project income was used by Subgrantee to improve or acquire real property and said CDBG Funds or Project income was in excess of Twenty Five Thousand Dollars ($25,000), Subgrantee shall either (a) use said real property to meet one of the national objectives specified in 24 C.F.R. Section 570.208 for a period of five (5) years after the termination or sooner expiration of this Contract or (b) dispose of the real property and reimburse the City in an amount (together with any amounts previously repaid to the City) that is equal to the fair market value of the real property times a fraction, the numerator of which is equal to the amount of CDBG Funds and/or Project income used to acquire or improve the real property and the denominator of which is equal to the fair market value of the real property immediately after the real property was acquired or improved with said funds.

4.0 COORDINATION OF WORK

4.1 Representation of Subgrantee. The Executive Director of **IRVINE TEMPORARY HOUSING** is hereby designated as being the representative of Subgrantee authorized to act in its behalf with respect to this Contract and make all decisions in connection therewith.

4.2 Contract Officer. The Contract Officer shall be the City's CDBG Coordinator or such person as may be designated by the City Manager of City. It shall be the Subgrantee's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the Project and the Subgrantee shall refer any decisions which must be made by City to the Contract Officer. Unless otherwise specified herein, any approval of City required hereunder shall mean the approval of the Contract Officer. The Contract Officer shall have authority to sign all documents on behalf of the City required hereunder to carry out the terms of this Contract.

4.3 Prohibition Against Subcontracting or Assignment. Neither this Contract nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Subgrantee, taking all transfers into account on a

cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Contract shall be void. No approved transfer shall release the Subgrantee or any surety of Subgrantee of any liability hereunder without the express consent of City.

4.4 Independent Contractor. Neither the City nor any of its employees shall have any control over the manner, mode or means by which Subgrantee, its agents or employees, perform the services required herein, except as otherwise set forth herein. City shall have no voice in the selection, discharge, supervision or control of Subgrantee's employees, servants, representatives or agents, or in fixing their number, compensation or hours of service. Subgrantee shall perform all services required herein as an independent contractor of City and shall remain at all times as to City a wholly independent contractor with only such obligations as are consistent with the role. Subgrantee shall not at any time or in any manner represent that it or any of its agents or employees are agents or employees of City. City shall not in any way or for any purpose become or be deemed to be a partner of Subgrantee in its business or otherwise or a joint venture or a member of any joint enterprise with Subgrantee.

5.0 INSURANCE AND INDEMNIFICATION

5.1 Insurance. The Subgrantee shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Contract including any extension thereof, the following policies of insurance:

(a) Comprehensive General Liability Insurance. A policy of comprehensive general liability insurance written on a per occurrence basis in an amount not less than a combined single limit of $1,000,000.00 or its equivalent.

(b) Worker's Compensation Insurance. A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California.

(c) Additional Insurance. Policies of such other insurance as may be required in the Special Requirements.

All of the above policies of insurance shall be primary insurance and shall name the City, its officers, employees and agents as additional insureds. Said policies shall be satisfactory only if issued by companies qualified to do business in California and rated A:VII or better in the most recent edition of Best Rating Guide. The insurer shall waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. All of said policies of insurance shall provide that said insurance may not be amended or canceled without providing thirty (30) days prior written notice by registered mail to the City. In the event any of said policies of insurance are canceled, the Subgrantee shall, prior to the

cancellation date, submit new evidence of insurance in conformance with this Section 5.1 to the Contract Officer. No work or services under this Contract shall commence until the Subgrantee has provided the City with Certificates of Insurance or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the City.

The Subgrantee agrees that the provisions of this Section 5.1 shall not be construed as limiting in any way the extent to which the Subgrantee may be held responsible for the payment of damages to any persons or property resulting from the Subgrantee's activities or the activities of any person or persons for which the Subgrantee is otherwise responsible.

5.2 Indemnification. Subgrantee agrees to indemnify the City, its officers, agents and employees against, and will hold and save them and each of them harmless from, any and all actions, suits, claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities, (herein "claims or liabilities") that may be asserted or claimed by an person, firm or entity arising out of or in connection with the negligent performance of the work, operations or activities of Subgrantee, its agents, employees, subcontractors, or invitees, provided for herein, or arising from the negligent acts or omissions of Subgrantee hereunder, or arising from Subgrantee's negligent performance of or failure to perform any term, provision covenant or condition of this Contract, whether or not there is concurrent passive or active negligence on the part of the City, its officers, agents or employees but excluding such claims or liabilities arising from the sole negligence or willful misconduct of the City, its officers, agents or employees, who are directly responsible to the City, and in connection therewith:

(a) Subgrantee will defend any action or actions filed in connection with any of said claims or liabilities and will pay all costs and expenses, including legal costs and attorneys' fees incurred in connection therewith;

(b) Subgrantee will promptly pay any judgment rendered against the City, its officers, agents or employees for any such claims or liabilities arising out of or in connection with the negligent performance of or failure to perform such work, operations or activities of Subgrantee hereunder; and Subgrantee agrees to save and hold the City, its officers, agents, and employees harmless therefrom;

(c) In the event the City, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Subgrantee for such damages or other claims arising out of or in connection with the negligent performance of or failure to perform the work, operation or activities of Subgrantee hereunder, Subgrantee agrees to pay to the City, its officers, agents or employees, any and all costs and expenses incurred by the City, its officers, agents or employees in such action or

proceeding, including but not limited to, legal costs and attorneys' fees.

6.0 RECORDS AND REPORTS

6.1 Reports. Subgrantee shall prepare and submit to the Contract Officer on a quarterly basis such reports concerning the performance of the services required by this Contract as the Contract Officer shall require. At a minimum said reports shall include the following:

(a) A Quarterly Subrecipient Report in the form prescribed by HUD shall be submitted on a quarterly basis with each application for payment. Slides or pictures shall be included with the report, if appropriate. Ethnic and Female Head of Household data, consistent with HUD's Grantee Performance Report requirements should also be provided in the summary.

(b) An Annual Single Audit Report or General Audit Report as required pursuant to OMB Circular A-133 or OMB Circular A-123, respectively, as required by HUD.

(c) Reference Schedule of Performance , Exhibit E.

6.2 Records. Subgrantee shall keep such books and records as shall be necessary to document the expenses incurred by Subgrantee for the Project and to enable the Contract Officer and HUD to evaluate the operation of the Project, as required by the Regulations. Said records shall include, but not be limited to, documentation of income levels of persons utilizing the Project, documentation of the number of persons utilizing the Project, documentation of costs reimbursed with CDBG Funds and such other records as may be reasonably requested by the City. Subgrantee shall perform all audits of its books and records required by the Regulations. A copy of such audits shall be forwarded to the City within thirty (30) days of the date of the audit. The City and HUD and/or their representatives shall have full and free access to such books and records at all times during normal business hours of and transcripts from such records. Such records shall be maintained for a period of three (3) years following the termination of this Contract, and the City shall have access to such records in the event any audit is required.

7.0 ENFORCEMENT OF CONTRACT

7.1 Applicable Law. This Contract shall be construed and interpreted both as to validity and to performance of the parties in accordance with the laws of the State of California and the United States, as applicable. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Contract shall be instituted in the Superior Court of the County of Orange, State of California, the United States District Court for the Central District of California or any other appropriate court in Orange County, and Subgrantee covenants and agrees to submit to the personal jurisdiction of such court in the event of such action.

7.2 Disputes. In the event of any dispute arising under this Contract, the injured party shall notify the injuring party in writing of its contentions by submitting a claim therefor. The injured party shall continue performing its obligations hereunder so long as the injuring party commences to cure such default within ten (10) days of service of such notice and completes the cure of such default within thirty (30) days after service of the notice, or such longer period as may be permitted by the injured party; provided that if the default is an immediate danger to the health, safety and general welfare, such immediate action may be necessary. Notwithstanding the foregoing, the City may suspend any further payment of CDBG Funds until Subgrantee is in compliance with this Contract. Compliance with the provisions of this Section shall be a condition precedent to termination of this Contract for cause and to any legal action, and such compliance shall not be a waiver of any party's right to take legal action in the event that the dispute is not cured.

7.3 Remedies Upon Default by Subgrantee. In addition to any other rights or remedies available at law or in equity, if Subgrantee fails to fulfill its obligations under this Contract, City may, after compliance with the provisions of Section 7.2,:

(a) Temporarily withhold payment of CDBG Funds pending correction of the default by Subgrantee;

(b) Refuse to advance all or any part of the CDBG Funds for the Project and reallocate said funds to another activity;

(c) Wholly or partially suspend or terminate the award and this Contract;

(d) Withhold further awards for the Project; and

(e) Require Subgrantee to repay any CDBG Funds which the City determines were not expended in compliance with the requirements of this Contract, the Act or the Regulations.

7.4 Termination for Convenience. This Contract may be terminated for convenience as provided in 24 C.F.R. Section 85.44.

7.5 Waiver. No delay or omission in the exercise of any right or remedy by a nondefaulting party on any default shall impair such right or remedy or be construed as a waiver. A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Contract.

7.6 Rights and Remedies are Cumulative. Except with respect to rights and remedies expressly declared to be

exclusive in this Contract, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.7 Legal Action. In addition to any other rights or remedies, either party may take legal action, in low or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Contract, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Contract.

7.7 Attorneys Fees. If either party to this Contract is required to initiate or defend or made a party to any action or proceeding in any way connected with this Contract, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

8.0 CITY OFFICERS AND EMPLOYEES

8.1 Non-liability of City Officers and Employees. No officer or employee of the City shall be personally liable to the Subgrantee, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Subgrantee or to its successor, or for breach of any obligation of the terms of this Contract.

8.2 Conflict of Interest. No officer or employee of the City shall have any financial interest, direct or indirect, in this Contract nor shall any such officer or employee participate in any decision relating to the Contract which effects his financial interest or the financial interest of any corporation, partnership or association in which he is, directly or indirectly, interested, in violation of any State statute or regulation. The Subgrantee warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Contract.

9.0 MISCELLANEOUS

9.1 Notice. Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer, CITY OF IRVINE, 1 Civic Center Plaza, Irvine, California 92713, and in the case of

the Subgrantee, to the person at the address designated on the execution page of this Contract. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 Interpretation. The terms of this Contract shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Contract or any other rule of construction which might otherwise apply.

9.3 Integration; Amendment. It is understood that there are no oral agreements between the parties hereto affecting this Contract and this Contract supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Contract. This Contract may be amended at any time by the mutual consent of the parties by an instrument in writing.

9.4 Severability. In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Contract shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not effect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Contract which are hereby declared as securable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Contract meaningless.

9.5 Corporate Authority. The persons executing this Contract on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Contract on behalf of said party, (iii) by so executing this Contract, such party is formally bound to the provisions of this Contract, and (iv) the entering into this Contract does not violate any provision of any other agreement to which said party is bound.

IN WITNESS WHEREOF, the parties have executed and entered into this Contract as of the date first written above.

Failure or delay by either party to perform any term or provision of this Agreement constitutes a default under this Agreement; provided, however, such party shall not be deemed to be in default if (a) it cures, corrects, or remedies such default within thirty (30) days after receipt of a notice from the other party specifying such failure or delay, or (b) for defaults that cannot reasonably be cured, corrected, or remedied within such time period, if such party commences to cure, correct, or remedy such failure or delay within such time period after receipt of a notice from the other party specifying such failure or delay, and diligently prosecutes such cure, correction or remedy to completion. The injured party shall give written notice of default to the party in default, specifying the default complained of by the injured party. Except as required to protect against further damages, the injured party may not institute proceedings against the party in default until the time for cure, correction, or remedy of a default has expired. Except as otherwise expressly provided in this Agreement, any failure or delay by a party in giving a notice of default or in asserting any of its rights and remedies as to any default shall not constitute a waiver of any default, nor shall it change the time of default, nor shall it deprive such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert, or enforce any such rights or remedies.

6.2 Institution of Legal Actions. In addition to any other rights or remedies, either party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement; provided, however, that Participant's damages shall be limited to the City Loan and in no event shall Participant be entitled to lost profits, consequential damages, or any damages of such kind or nature. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

6.3 Applicable Law. The internal laws of the State of California shall govern the interpretation and enforcement of this Agreement.

6.4 Rights and Remedies are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

6.5 Attorney's Fees. If either party to this Agreement is required to initiate or defend litigation in any way connected with this Agreement, the prevailing party in such litigation, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorneys' fees from the losing party. If any party to this Agreement is required to initiate or defend litigation with a third party because of the violation of any term or provision of this Agreement by the other party, then the party so litigating shall be entitled to reasonable attorneys' fees from the other party to this Agreement. Attorneys' fees shall include attorney's fees on any appeal, and in addition a party entitled to attorneys' fees shall be entitled to all other reasonable costs for investigating such action, retaining expert witnesses, taking depositions and discovery, and all other necessary costs incurred with respect to such litigation.

6.6 Indemnification. Participant agrees to indemnify, defend, and hold harmless City and its officers, officials, employees, representatives and agents (collectively, the "Indemnitee") from and against any and all claims, causes of action, liabilities, and damages arising out of any acts or omissions of Participant or Participant's officers, employees, contractors, and agents, in the performance under this Agreement and the agreements attached hereto and/or with respect to the Condominium Unit including without limitation any rehabilitation work to be performed thereto or therein. The Indemnitee shall promptly notify Participant of the filing of any such action and cooperate with Participant in the defense thereof (at no cost to Indemnitee). So long as Participant is not in default hereunder, the Indemnitee shall not compromise the defense of such action or permit a default judgment to be taken against the Indemnitee without the prior written approval of Participant.

7. GENERAL PROVISIONS.

7.1 Notices, Demands, and Communications Between the Parties. Formal notices, demands, and communications between City and Participant shall be given either by (a) personal service, (b) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (c) mailing in the United States mail, certified mail, postage prepaid, return receipt requested, addressed to:

To City:	City of Irvine One Civic Center Plaza Irvine, CA 92623 Attn: Grants Coordinator
With a copy to:	Rutan & Tucker, LLP 611 Anton Blvd. Suite 1400 Costa Mesa, CA 92626 Attn: Joel D. Kuperberg, Esq.
To Participant:	Families Forward 9221 Irvine Boulevard Irvine, CA 92618 Attn: Executive Director

Notices personally delivered or delivered by document delivery service shall be deemed effective upon receipt. Notices mailed shall be deemed effective on the second business day following deposit in the United States mail. Such written notices, demands, and communications shall be sent in the same manner to such other addresses as any party may from time to time designate in writing.

7.2 Nonliability of City Officials and Employees. No member, official, employee, representative, agent, or contractor of City shall be personally liable to Participant in the event of any default or breach by City or for any amount which may become due to Participant or on any obligations under the terms of this Agreement.

7.3 Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, and except as expressly set forth this Section 7.3, performance by

either party hereunder shall not be deemed to be in default and such party shall be entitled to an extension of time to perform its obligations hereunder where delays in performance are due to causes beyond the control and without the fault of such party, including as applicable: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; supernatural causes; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplies; acts of the other party; acts or the failure to act of City or any other public or governmental agency or entity (except that any act or failure to act of or by City shall not excuse performance by City). Notwithstanding the foregoing, Participant's inability to secure satisfactory financing, interest rates, and market and economic conditions shall not entitle Participant to an extension of time to perform. An extension of time for any cause permitted under this Section 7.3 shall be limited to the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of knowledge of the commencement of the cause, or if no written notice is sent within thirty (30) days, from the date written notice is sent to the other party.

Times of performance under this Agreement may be extended by mutual written agreement of City and Participant. The Contract Officer shall have the authority on behalf of City in its sole and absolute discretion to approve extensions of time not to exceed a cumulative total of one hundred eighty (180) days.

7.4 Inspection of Books and Records. City shall have the right at all reasonable times to inspect the books and records of Participant pertaining to the Condominium Unit and the Project as pertinent to the purposes of this Agreement.

7.5 Interpretation. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against any party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply. The Section headings are for purposes of convenience only, and shall not be construed to limit or extend the meaning of this Agreement.

7.6 Entire Agreement; Waivers. This Agreement integrates all of the terms and conditions mentioned herein, or incidental hereto, and supersedes all negotiations and previous agreements between the parties with respect to all or any part of the subject matter hereof. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the party to be charged.

7.7 Amendments to this Agreement. The Participant and the City agree to mutually consider reasonable requests for amendments to this Agreement which may be made by either of the parties hereto, provided such requests are consistent with this Agreement and would not substantially alter the basic business terms included herein. The Contract Officer shall have the authority to approve, on behalf of the City, amendments to this Agreement that would not substantially alter the basic business terms. All other amendments shall require the action of the City Council. All amendments, including those authorized to be approved by the Contract

Officer, shall be in writing and shall be signed by authorized representatives of City and Participant.

7.8 Severability. If any term, provision, covenant, or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of this Agreement shall not be affected thereby to the extent such remaining provisions are not rendered impractical to perform taking into consideration the purposes of this Agreement. In the event that all or any portion of this Agreement is found to be unenforceable, this Agreement or that portion which is found to be unenforceable shall be deemed to be a statement of intention by the parties; and the parties further agree that in such event, and to the maximum extent permitted by law, they shall take all steps necessary to comply with such procedures or requirements as may be necessary in order to make valid this Agreement or that portion which is found to be unenforceable.

7.9 Prohibition Against Assignment and Transfer. The qualifications and identity of Participant are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Participant and entered into this Agreement with Participant. Accordingly, until the expiration of the Covenant Period, Participant shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Condominium Unit or in the Project without the City's prior written approval. In considering whether it will grant approval to any assignment by Participant of its interest in the Condominium Unit and this Agreement or any portion thereof, City shall consider factors such as the financial strength and capability of the proposed transferee to perform Participant's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, and operation of similar projects. No assignment shall be effective unless and until the proposed assignee and Participant execute and deliver to City an assignment and assumption agreement in form satisfactory to the Contract Officer and City's legal counsel.

7.10 Third Party Beneficiaries. Notwithstanding any other provision of this Agreement to the contrary, nothing herein is intended to create any third party beneficiaries to this Agreement, and no person or entity other than City and Participant, and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

7.11 Broker's/Consulting Fees. City and Participant represent and warrant to the other that except for the "Coldwell Commission" (as defined below) neither City nor Participant has employed any real estate broker to represent its interest in this transaction or with Participant's acquisition of the Condominium Unit. Each party agrees to indemnify and hold the other free and harmless from and against any and all liability, loss, cost, or expense (including court costs and reasonable attorney's fees) in any manner connected with a claim asserted by any individual or entity for any broker's commission in connection with Participant's acquisition of the Condominium Unit arising out of agreements by the indemnifying party to pay any commission. Participant acknowledges that Participant will pay Coldwell Banker, its broker a 2.5 percent (2.5%) commission in connection with Participant's acquisition of the Condominium Unit (the "Coldwell Commission"). Participant agrees to indemnity and hold City harmless from and against any and all liability, loss, cost, or expense (including court costs and reasonable

attorneys' fees) in any manner connected with a claim asserted by any individual or entity related to the Coldwell Commission.

7.12 Representations and Warranties. Participant and each person executing this Agreement on behalf of Participant represents and warrants that: (a) Participant is a California nonprofit public benefit corporation in good standing and authorized to do business in the County of Orange; (b) Participant has all requisite power and authority to carry out its business as now and whenever conducted and to enter into and perform its obligations under this Agreement and the agreements attached to this Agreement; (c) by proper action of Participant, Participant's signatories have been duly authorized to execute and deliver this Agreement; (d) the execution of this Agreement by Participant does not violate any provision of any other agreement to which Participant is a party; and (e) except as may be specifically set forth in this Agreement, no approvals or consents not heretofore obtained by Participant are necessary in connection with the execution of this Agreement by Participant or with the performance by Participant of its obligations hereunder.

7.13 Execution in Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

NOTE

NOTE

THIS NOTE IS SECURED BY A DEED OF TRUST WITH ASSIGNMENT OF RENTS WITH RIDER ATTACHED HERETO CONTAINING TERMS INCLUDING SECURITY AGREEMENT

_____, 2004 ("Note Date")

FOR VALUE RECEIVED, the undersigned, FAMILIES FORWARD, a California non-profit public benefit corporation, hereinafter referred to as "Borrower," promises to pay to the CITY OF IRVINE, a California municipal corporation, hereinafter referred to as "City," so much principal as may be outstanding in accordance with the terms of this Note, not exceeding ONE HUNDRED EIGHTY-THREE THOUSAND ONE HUNDRED THIRTY-NINE DOLLARS ($183,139), plus accrued interest on the unpaid principal, plus such other costs, charges, and fees which may be owing from time to time, all subject to the terms, conditions, and provisions hereinafter set forth.

Reference is made to:

(i) The Home Program Participation Agreement by and between Borrower and City, dated on or about _____, 2004, ("Agreement") which sets forth terms and conditions for (a) Borrower's location and acquisition of a condominium unit within the City (the "Condominium Unit"); (b) Borrower's subsequent rehabilitation thereof for use as transitional housing for homeless families; and (c) Borrower's provision to such families of certain support services, as further defined in the Scope of Services attached to the Agreement as Attachment No. 7. The Agreement is incorporated herein by reference as though fully set forth herein.

(ii) The Regulatory Agreement and Declaration of Covenants and Restrictions, in the form attached as Attachment No. 6 to the Agreement, and recorded against the Condominium Unit on or about _____, 2004, which is incorporated herein by reference as though fully set forth herein (the "Regulatory Agreement").

(iii) The Deed of Trust with Assignment of Rents and Rider Attached Hereto Containing Terms Including Security Agreement, in the form attached as Attachment No. 3 to the Agreement, and recorded against the Condominium Unit on or about _____, 2004, which is incorporated herein by reference as though fully set forth herein (the "Deed of Trust").

1. Principal Amount; Interest Amount. The principal amount of the City's loan to Borrower is an amount not to exceed ONE HUNDRED EIGHTY-THREE THOUSAND ONE HUNDRED THIRTY-NINE DOLLARS ($183,139) ("Loan Amount"), which City shall disburse to Borrower in accordance with the terms of the Agreement. The principal amount of this Note shall be subject to the pro-rata reduction as hereinafter described. No interest shall

accrue on the outstanding principal balance; provided, however, that interest shall accrue as set forth in Paragraph 3 in the event of a Borrower default.

2. Term of Note; Reduction of Principal Amount; Repayment of Pro Rata Repayment Amount. Subject to the provisions of Paragraph 3 herein which provide for acceleration of the then outstanding principal and accrued interest and immediate payment thereof in the event of a default by Borrower, this Note shall expire and be of no force or effect as of the date on which the Covenant Period (as defined in the Agreement) expires. Borrower shall not be obligated to make any payments on this Note unless and until any of the events described in Paragraph 3 occur. Upon the occurrence of an uncured default, the "Pro Rata Repayment Amount" (as defined below) shall be immediately due and payable as set forth in Paragraph 3.

3. Default; Acceleration; Cross-Default. In the event Borrower is in material default of any of the covenants, terms, or provisions of this Note, the Deed of Trust, the Agreement, or the Regulatory Agreement, and Borrower fails to timely cure such default under the terms of the applicable agreement, it being understood and agreed by Borrower that a default of this Note, or of the Deed of Trust, or of the Agreement, or of the Regulatory Agreement, shall be a default of all of the foregoing listed documents;

then Borrower shall be in default of this Note and the Pro Rata Repayment Amount plus any accrued interest thereon shall become immediately due and payable. The rate of interest applicable to periods of default for the defaults set forth in this Paragraph 3 shall be calculated at the lesser of ten percent (10%) per annum or the maximum legal rate, and shall accrue as of the date Agency disbursed the loan to Borrower.

The "Pro Rata Repayment Amount" shall be the amount obtained by multiplying the original loan principal of ONE HUNDRED EIGHTY-THREE THOUSAND ONE HUNDRED THIRTY-NINE DOLLARS ($183,139) times the percentage obtained by dividing the number of months remaining in the Covenant Period by 240, which is the total number of months in the Covenant Period (20 years X 12 months). For example, if the breach occurs exactly at mid-point in the Covenant Period, Participant shall repay Ninety-One Thousand Five Hundred Sixty-Nine Dollars and Fifty Cents ($91,569.50) (i.e., one-half of the original loan amount of One Hundred Eighty-Three Thousand One Hundred Thirty-Nine Dollars ($183,139)) plus any and all interest that has accrued thereon. If a breach occurs prior to the commencement of the Covenant Period, the Pro Rata Repayment Amount shall be the full original loan amount plus any and all interest that has accrued thereon.

4. Additional Terms.

a. All payments shall be first credited to accrued interest, next to costs, charges, and fees which may be owing from time to time, and then to principal. All payment shall be made in lawful money of the United States. Payments shall be made to City at the address set forth in Paragraph 7 herein or at such other address as City or the holder of this Note may direct pursuant to notice delivered to Borrower in accordance with Paragraph 7.

b. Borrower agrees to pay the following costs, expenses, and reasonable attorney's fees paid or incurred by City, or adjudged by the court, in the collection of amounts in default or other costs incurred as a result of a default by Borrower: (i) reasonable costs of collections, costs and expenses and attorney's fees paid or incurred in connection with the collection or enforcement of this Note, whether or not suit is filed, and (ii) costs of suit and such sums as the court may adjudge as attorney's fees in any action to enforce payment of this Note or any part of it if Agency prevails in such suit.

5. Nonassignability and Nonassumability. This Note shall not be assignable or assumable without the prior, express, written consent of the Contract Officer.

6. Presentment, Etc. Notwithstanding any other provision herein to the contrary, to the extent permitted by law Borrower hereby waives the following: (a) notice of default or delinquency, (b) notice of acceleration, (c) notice of nonpayment, (d) notice of costs, expenses and losses and interest thereon, (e) notice of interest on interest and late charges, (f) diligence in taking any action to collect any sums owing under this Note or in proceeding against any of the rights and presentment for payment, demand, protest, and notices of dishonor and/or protest; (g) the benefits of all waivable exemptions; and (h) all defenses and pleas on the grounds of any extension or extensions of the time of payment or of any due date under this Note, in whole or in part, whether before or after maturity and with or without notice.

7. Notices. Any notices required by law or this Agreement shall be given either by (i) personal service, (ii) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (iii) mailing in the United States mail, certified mail, postage prepaid, return receipt requested.

Notices to Borrower shall be addressed to:

Families Forward
9221 Irvine Boulevard
Irvine, CA 92618
Attn: Executive Director

Notices to Agency shall be addressed to:

City of Irvine
One Civic Center Plaza
Irvine, CA 92623
Attn: Grants Coordinator

Notices personally delivered or delivered by document delivery service shall be deemed effective upon receipt. Notices mailed shall be deemed effective on the second business day following deposit in the United States mail. Either party may designate that notices be sent to other or additional addresses by complying with the requirements of this section.

8. Litigation. This Note shall be governed by and construed under the laws of the State of California. The parties agree that in any litigation between the parties arising out of this Note, the Municipal and Superior Courts of the State of California in and for the County of

Orange shall have exclusive jurisdiction. The prevailing party in any litigation between the parties arising out of or connected to this Note, in addition to whatever other relief to which the prevailing party is entitled, shall also be entitled to reasonable attorney's fees, including fees and costs for discovery, expert witness fees, and any fees and costs for appeal. In the event of such legal action, service of process on City shall be made in such manner as provided by law for service on a California public entity; service of process on Borrower shall be made in such manner as may be provided for by law, and shall be valid whether made within or without the State of California.

9. Waiver. No waiver of any breach, default, or failure of condition under the terms of this Note, or the obligations secured hereby, shall be implied from any failure of City to take, or any delay by the City in taking, action with respect to such breach, default, or failure from any previous waiver or any similar or unrelated breach, default, or failure; and a waiver of any term of this Note must be made in writing and shall be limited to the express written terms of such waiver.

10. Time of Essence. Time is of the essence in this Note.

11. Severability. In the event that any term or provision of this Note is held to be unenforceable, the remainder of this Note shall remain in full force and effect to the fullest extent without inclusion of the unenforceable term or provision.

12. Interpretation. In the event of any conflict between this Note and the Agreement, the terms of this Note shall apply. The terms of this Note shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Note or any other rule of construction which might otherwise apply. The paragraph headings are for purposes of convenience only, and shall not be construed to limit or extend the meaning of this Note.

13. Security for Note. This Note shall be secured by the Deed of Trust, executed by Borrower as Trustor in favor of City as Beneficiary.

14. Assignment. City, at its option, may assign its right to receive payment under this Note without obtaining the consent of the Borrower or the holder or beneficiary of the lien of any deed of trust or other security instrument, whether recorded or unrecorded. Borrower shall not be permitted to assign or transfer this Note or any portion thereof without the prior express written consent of the Contract Officer, which consent may be given or withheld in the Contract Officer's sole discretion.

DO NOT RECORD

The following is a copy of Subdivisions A and B of the fictitious Deed of Trust recorded in each county in California as stated in the foregoing Deed of Trust and incorporated by reference in said Deed of Trust as being a part thereof as if set forth at length therein.

A. To protect the security of this Deed of Trust, Trustor agrees:

1) To keep said property in good condition and repair, not to remove or demolish any building thereon; to complete or restore promptly and in a good and workmanlike manner any building which may be constructed, damaged or destroyed thereon and to pay when due all claims for labor performed and materials furnished therefor, to comply with all laws affecting said property or requiring any alterations or improvements to be made thereon; not to commit or permit waste thereof; not to commit, suffer or permit any act upon said property in violation of law; to cultivate, irrigate, fertilize, fumigate, prune and do all other acts which from the character or use of said property may be reasonably necessary, the specific enumerations herein not excluding the general.

2) To provide, maintain and deliver to Beneficiary fire insurance satisfactory to and with loss payable to Beneficiary. The amount collected under any fire or other insurance policy may be applied by Beneficiary upon any indebtedness secured hereby and in such order as Beneficiary may determine, or at the option of Beneficiary the entire amount so collected or any part thereof may be released to Trustor. Such application or release shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

3) To appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; and to pay all costs and expenses, including cost of evidence of title and attorney's fees in a reasonable sum, in any such action or proceeding in which Beneficiary or Trustee may appear, and in any suit brought by Beneficiary to foreclose this Deed of Trust.

4) To pay: at least ten (10) days before delinquency all taxes and assessments affecting said property, including assessments on appurtenant water stock; when due, all encumbrances, charges and liens, with interest, on said property or any part thereof, which appear to be prior or superior hereto; all costs, fees and expenses of this Deed of Trust.

Should Trustor fail to make any payment or to do any act as herein provided, then Beneficiary or Trustee, but without obligation so to do and without notice to or demand upon Trustor and without releasing Trustor from any obligation hereof, may: make or do the same in such manner and to such extent as either may deem necessary to protect the security hereof, Beneficiary or Trustee being authorized to enter upon said property for such purposes; appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; pay, purchase, contest or compromise any encumbrance, charge or lien which in the judgment of either appears to be prior or superior hereto; and, in exercising any such powers, pay necessary expenses, employ counsel and pay his reasonable fees.

5) To pay immediately and without demand all sums so expended by Beneficiary or Trustee, with interest from the date of expenditure at the amount allowed by law in effect at the date hereof, and to pay for any statement provided for by law in effect at the date hereof regarding the obligation secured hereby any amount demanded by the Beneficiary not to exceed the maximum allowed by law at the time when said statement is demanded.

B. It is mutually agreed:

1) That any award in connection with any condemnation for public use of or injury to said property or any part thereof is hereby assigned and shall be paid to Beneficiary who may apply or release such moneys received by him in the same manner and with the same effect as above provided for disposition of proceeds of fire or other insurance.

2) That by accepting payment of any sum secured hereby after its due date, Beneficiary does not waive his right either to require prompt payment when due of all other sums so secured or to declare default for failure so to pay.

3) That at any time or from time to time, without liability therefor and without notice, upon written request of Beneficiary and presentation of this Deed of Trust and said note for endorsement, and without affecting the personal liability of any person for payment of the indebtedness secured hereby, Trustee may: reconvey any part of said property; consent to the making of any map or plat thereof; join in granting any easement thereon, or join in any extension agreement or any agreement subordinating the lien or charge hereof.

4) That upon written request of Beneficiary stating that all sums secured hereby have been paid, and upon surrender of this Deed of Trust and said note to Trustee for cancellation and retention or other disposition as Trustee in its sole discretion may

choose and upon payment of its fees, Trustee shall reconvey, without warranty, the property then held hereunder. The recitals in such reconveyance of any matters or facts shall be conclusive proof of the truthfulness thereof. The Grantee in such reconveyance may be described as "the person or persons legally entitled thereto."

5) That as additional security, Trustor hereby gives to and confers upon Beneficiary the right, power and authority, during the continuance of these Trusts, to collect the rents, issues and profits of said property, reserving unto Trustor the right, prior to any default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, to collect and retain such rents, issues and profits as they become due and payable. Upon any such default (beyond any applicable cure period), Beneficiary may at any time without notice, either in person, by agent, or by a receiver to be appointed by a court, and without regard to the adequacy of any security for the indebtedness hereby secured, enter upon and take possession of said property or any part thereof, in his own name sue for or otherwise collect such rents, issues, and profits, including those past due and unpaid, and apply the same, less costs and expenses of operation and collection, including reasonable attorney's fees, upon any indebtedness secured hereby, and in such order as Beneficiary may determine. The entering upon and taking possession of said property, the collecting of such rents, issues and profits and the application thereof as aforesaid, shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

6) That upon default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, Beneficiary may declare all sums secured hereby immediately due and payable by delivery to Trustee of written declaration of default and demand for sale and of written notice of default and of election to cause to be sold said property, which notice Trustee shall cause to be filed for record. Beneficiary also shall deposit with Trustee this Deed of Trust, said note and all documents evidencing expenditures secured hereby.

After the lapse of such time as may then be required by law following the recordation of said notice of default, and notice of sale having been given as then required by law, Trustee, without demand on Trustor, shall sell said property at the time and place fixed by it in said notice of sale, either as a whole or in separate parcels, and in such order as it may determine, at public auction to the highest bidder for cash in lawful money of the United States, payable at time of sale. Trustee may postpone sale of all or any portion of said property by public announcement at such time and place of sale, and from time to time thereafter may postpone such sale by public announcement at the time fixed by the preceding postponement. Trustee shall deliver to such purchaser its deed conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed of any matters or facts shall be conclusive proof of the truthfulness thereof. Any person, including Trustor, Trustee, or Beneficiary as hereinafter defined, may purchase at such sale.

After deducting all costs, fees and expenses of Trustee and of this Trust, including cost of evidence of title in connection with sale, Trustee shall apply the proceeds of sale to payment of: all sums expended under the terms hereof, not then repaid, with accrued interest at the amount allowed by law in effect at the date hereof; all other sums then secured hereby; and the remainder, if any, to the person or persons legally entitled thereto.

7) Beneficiary, or any successor in ownership of any indebtedness secured hereby, may from time to time, by instrument in writing, substitute a successor or successors to any Trustee named herein or acting hereunder, which instrument, executed by the Beneficiary and duly acknowledged and recorded in the office of the recorder of the county or counties where said property is situated shall be conclusive proof of proper substitution of such successor Trustee or Trustees, who shall, without conveyance from the Trustee predecessor, succeed to all its title, estate, rights, powers and duties. Said instrument must contain the name of the original Trustor, Trustee and Beneficiary hereunder, the book and page where this Deed of Trust is recorded and the name and address of the new Trustee.

8) That this Deed of Trust applies to, inures to the benefit of, and binds all parties hereto, their heirs, legatees, devisees, administrators, executors, successors and assigns. The term Beneficiary shall mean the owner and holder, including pledgees, of the note secured hereby, whether or not named as Beneficiary herein. In this Deed of Trust, whenever the context so requires, the masculine gender includes the feminine and/or gender neutral, and the singular number includes the plural.

9) That Trustee accepts this Trust when this Deed of Trust, duly executed and acknowledged, is made a public record as provided by law. Trustee is not obligated to notify any party hereto of pending sale under any other Deed of Trust or of any action or proceeding in which Trustor, Beneficiary or Trustee shall be a party unless brought by Trustee.

Trustor and Beneficiary agree that the filing of a financing statement in the record normally having to do with personal property shall never be construed as in any way derogating from or impairing the lien of this Deed of Trust and the intention of Trustor and Beneficiary that everything used in connection with the operation or occupancy of the Property is and at all times and for all purposes and in all proceedings, both legal and equitable, shall be regarded as real property or goods which are or are to become fixtures, irrespective of whether (i) any such item is physically attached to the buildings and improvements on the Property; (ii) serial numbers are used for the better identification of certain equipment items capable of being filed by the Beneficiary; or (iii) any such item is referred to or reflected in any such financing statement so filed at any time. The Section 3 clause, set forth in 24 C.F.R § 135.38 provides:

i. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The City Loan is a portion of the fifteen percent (15%) of City's Program allocation that City is required to reserve for investment in housing to be developed, sponsored, or owned by CHDOs. 2. **Performance of the Project**. Declarant shall undertake all Project activities on the Property within the times and subject to the terms and conditions set forth in the Participation Agreement.

3. **Term**. All of the covenants set forth in this Agreement, including but not limited to the obligation to utilize the Condominium for the provision of Transitional Housing for Qualified Families, and to provide to said Qualified Families Support Services shall remain in effect from the Effective Date until expiration of the Covenant Period.

4. **Use**. Declarant hereby covenants and agrees that the Condominium shall be managed and operated in accordance with the provisions set forth in this Section 4.

4.1 General. Declarant shall devote the Condominium for use as Transitional Housing for Qualified Families; provided, however, that only one Qualified Family shall be permitted to occupy and reside in the Condominium at any one time. Declarant may not charge rent for the Condominium in excess of an Affordable Rent. Declarant shall not permit the Condominium to be utilized as a hotel, motel, dormitory, fraternity house, sorority house, rooming house, nursing home, hospital, sanitarium, trailer court or park, day care facilities, or non-residential uses.

4.2. Principal Residence. The Condominium shall be used as the principal residence of the Qualified Family during the term of the Declarant Occupancy Agreement executed by and between the Qualified Family and Declarant and for no other purpose. A Qualified Family shall not lease or sublease the Condominium or its right of occupancy. Declarant shall institute a program to ensure that the Condominium remains occupied by a Qualified Family.

4.3 Occupancy Limits. The number of persons permitted to occupy the Condominium shall not exceed the occupancy permitted pursuant to the general requirements of the United States Department of Housing and Urban Development, which as of the date of this Agreement is two persons per bedroom, plus one person (e.g., for a two bedroom unit the maximum number of persons residing in the unit can be five persons). The Declarant Occupancy Agreement shall include a provision limiting the number of persons permitted to occupy the Condominium in accordance with the preceding sentence and Declarant shall enforce such occupancy restrictions.

4.4 Determination of Qualified Family Status. Immediately prior to a Qualified Family's occupancy of the Condominium, Declarant shall obtain an Income Computation and Certification Form in the form attached to this Agreement as Exhibit "B" from each such Qualified Family dated immediately prior to the date of initial occupancy of the Condominium by such Qualified Family. In addition, Declarant shall provide such further information as may be reasonably required by City for purposes of verifying a family's status as a Qualified Family. Declarant shall use good faith efforts to verify that the income provided by an applicant is accurate by taking the following steps as a part of the verification process: (a)

obtain three (3) pay stubs for the most recent pay periods; (b) obtain a written verification of income and employment from the applicant's current employer; (c) obtain an income verification form from the Social Security Administration, California Department of Social Services, and/or California Employment Development Department if the applicant receives assistance from any of said agencies; (d) if an applicant is unemployed or did not file a tax return for the previous calendar year, obtain other evidence and/or verification of such applicant's total income received during the calendar year from any source, taxable or nontaxable, or such other information as is satisfactory to the City. Declarant shall provide to City a copy of each Income Computation and Certification Form it receives pursuant to this Section and Section 4.5 within (5) days after its receipt thereof, and shall maintain each such Income Computation and Certification Form for a minimum period of five (5) years.

4.5 Recertification. Within sixty (60) days prior to the first anniversary date of the occupancy of the Condominium by a Qualified Family (if such Qualified Family intends to continue its occupancy of the Condominium, and the Qualified Family's Declarant Occupancy Agreement permits such continued occupancy), Declarant shall recertify the income of such Qualified Family by obtaining a completed Income Computation and Certification Form based upon the current income of each occupant of the Condominium. If, upon recertification, the occupants do not qualify as a Qualified Family, Declarant shall assist the occupants in locating other suitable housing and shall locate a Qualified Family to reside in and occupy the Condominium. At no time during the Covenant Period shall the Condominium remain vacant for a period longer than one (1) month.

4.6 Leasing the Condominium. The Condominium shall be available for rental on a continuous basis and Declarant shall not give preference to any particular class or group in renting Condominium, except to the extent that the Condominium is required to be rented to a Qualified Family. Declarant shall maintain a list of persons who have applied for the Condominium and, should multiple families be equally eligible (as to income, credit history, and other nondiscriminatory criteria) and qualified to rent the Condominium, Declarant shall rent the Condominium to Qualified Families that meet Declarant's program requirements on a first-come, first-served basis, or pursuant to a lottery system.

4.7 Declarant Occupancy Agreement. The form of the rental agreement between Declarant and each Qualified Family that will rent and occupy the Condominium shall be approved by City prior to the rental or leasing of the Condominium. Once approved, no changes shall be made to the form of the Declarant Occupancy Agreement without City's prior written approval. The Declarant Occupancy Agreement shall obligate the Qualified Families to comply with the provisions set forth in Section 4 of this Agreement and a Qualified Family who violates such requirements shall be in default under the Declarant Occupancy Agreement. Not by way of limiting the foregoing, each Declarant Occupancy Agreement with a Qualified Family shall include a provision to the effect that the Declarant has relied on the information provided by the Qualified Family on the Income Computation and Certification Form and all other supporting information supplied by the Qualified Family in determining qualification for occupancy of the Condominium, and that any material misstatement in such certification (whether or not intentional) will be cause for immediate termination of such Declarant Occupancy Agreement. In addition, each Declarant Occupancy Agreement shall contain a provision that failure to cooperate with the annual recertification process may disqualify the

Qualified Family as such and will be will be cause for immediate termination of such Declarant Occupancy Agreement.

5. **Compliance with Home Requirements.** Commencing on the Effective Date and continuing until the expiration of the Covenant Period, Declarant shall operate the Project in accordance with, and shall comply with, all requirements of the HOME Investment Partnerships Program (42 U.S.C. § 12741 *et seq.*) and the HOME Regulations (24 C.F.R. § 92 *et seq.*) (collectively, the "HOME Requirements"), including, but not limited to, those requirements which are summarized in Attachment No. 4 of the Participation Agreement. Declarant, at its expense, shall submit to the appropriate entities any and all reports required to be submitted pursuant to the HOME Requirements. The Declarant Occupancy Agreement between Declarant and a Qualified Family shall comply with 24 C.F.R. § 92.253. In the case of any conflict between the HOME Requirements and the provisions of this Agreement during the Covenant Period, the HOME Requirements shall govern; it being understood, however, that in order to be in compliance with this Agreement and the HOME Requirements, Declarant shall, to the extent possible, comply with the most restrictive provisions in this Agreement and the HOME Requirements.

6. **Maintenance of Condominium**. Declarant shall maintain or cause to be maintained the Condominium and all improvements thereon or therein, in first class condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders, and regulations of all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction. City places prime importance on quality maintenance to protect its investment and to ensure that affordable housing projects within the City of Irvine are not allowed to deteriorate due to substandard maintenance. In addition, Declarant shall keep the Condominium free from all graffiti and any accumulation of debris or waste material. Declarant shall make all repairs and replacements necessary to keep the improvements in first class condition and repair and shall promptly eliminate all graffiti and replace dead and diseased plants and landscaping with comparable approved materials. In the event that Declarant breaches any of the covenants contained in this Section 6, and such default continues for a period of five (5) days after written notice from the City (with respect to landscaping, graffiti, debris, waste material, and general maintenance) or thirty (30) days after written notice from City (with respect to building improvements), then City in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Condominium and perform or cause to be performed all such acts and work necessary to cure the default. Pursuant to such right of entry, City shall be permitted (but not required) to enter upon the Condominium and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Condominium, and to attach a lien on the Condominium, or to assess the Condominium, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by City and/or costs of such cure, including a fifteen percent (15%) administrative charge, which amount shall be promptly paid by Declarant to City upon demand.

7. Management.

7.1 Property Manager. Declarant shall manage or shall cause the Project to be managed in a prudent and business-like manner. Declarant may contract with a management company or manager to operate and maintain the Property in accordance with the terms of this Agreement ("Property Manager"); provided, however, that the selection and hiring of such a Property Manager shall be subject to approval by City, which shall not be unreasonably withheld provided that the management company or manager has the requisite experience level and performance record.

7.2 Gross Mismanagement. In the event of "Gross Mismanagement" (as that term is defined below), City shall have the authority to require that such Gross Mismanagement cease immediately, and further to require the immediate replacement of the Property Manager, whether that Property Manager is Declarant or a third party. The replacement Property Manager shall be required to operate and maintain the Property in accordance with the terms of this Agreement. In the event of such a replacement, the costs to retain the replacement Property Manager shall be the responsibility of Declarant. City shall provide written notice to Declarant of the event(s) of Gross Mismanagement occurring and Declarant shall have five (5) days after receipt of such notice to cure, correct, or remedy the event(s) of Gross Mismanagement identified in City's notice and to notify City of the cure, correction, or remedy. For purposes of this Agreement the term "Gross Mismanagement" shall mean management of the Project in a manner which violates the terms and/or intention of this Agreement to operate the Condominium for use as a Transitional Housing project of the highest standard, and shall include, but is not limited to, the following:

i. Knowingly allowing the Condominium to be occupied by a person or family who does not qualify as a Qualified Family;

ii. Allowing the prescribed occupancy levels to be exceeded without taking immediate action to stop such overcrowding;

iii. Failure to maintain the Condominium in the manner prescribed in Section 6;

iv. Failure to submit timely reports required under the HOME Requirements;

v. Fraud or embezzlement of Project monies; and

vi. Failure to fully cooperate with the Irvine Police Department in maintaining a crime free environment on the Property.

8. Records. Declarant shall maintain complete and accurate records pertaining to the Project, and shall permit any duly authorized representative of City to inspect the books and records of Declarant pertaining to the Condominium at any time during regular business hours. Such records shall include, but not be limited to, all of the following: (i) the Notice of Declarant's grant award; (ii) motions, resolutions, or minutes documenting actions of Declarant's Board of Directors related to the Project; (iii) a copy of this Agreement; (iv) a copy of the City's

Notice to Proceed; (v) correspondence regarding requests to revise, and revisions to, the Project Budget; (vi) documentation related to Declarant's compliance with the Uniform Relocation Act and implementing regulations (if Declarant's acquisition of the Condominium displaces a tenant or other occupant of the Condominium); (vii) documentation evidencing that HOME funds were not used to acquire real property in which a member of Declarant's Board of Directors or a staff member of Declarant has a financial interest; (viii) the "Appraisal" (as defined in the Participation Agreement"); (ix) the title policy issued to Declarant for the Condominium; (x) evidence that the "Purchase Agreement" (as defined in the "Participation Agreement") was drafted by an attorney or licensed real estate agent

9. Right to Inspect. Upon 24 hours notice to Declarant, City shall have the right to inspect the Condominium for purposes of assuring compliance with this Agreement. The Declarant Occupancy Agreement shall include this provision.

10. Relocation. Declarant shall be responsible for providing any relocation benefits or assistance and paying relocation costs to any tenants or occupants who may be displaced from the Condominium if such benefits or assistance are required to be provided under any applicable federal, state, or local laws, rules or regulations. Declarant shall indemnify, defend, and hold harmless City from and against any and all claims, liabilities, damages or losses arising out of any claims for relocations benefits or assistance that may be asserted by any tenants or occupants of the Condominium.

12. Indemnification. Declarant shall defend, indemnify and hold harmless City and City and their respective officers, officials, agents, employees, representatives, and volunteers from and against any loss, damage, costs, expenses, liability, claim, or judgment relating in any manner to the Condominium or Declarant's performance under this Agreement, except to the extent caused by the sole negligence or willful misconduct of City.

13. Insurance. Commencing on the Effective Date and continuing until expiration of the Covenant Period, Declarant shall procure and keep in full force and effect or cause to be procured and kept in full force and effect for the mutual benefit of Declarant and City, and shall provide City evidence reasonably acceptable to City, of insurance policies meeting the minimum requirements set forth in this Section 13.

13.1. Types of Insurance Policies. The insurance policies to be maintained by Declarant pursuant to this Section 13 are a follows:

i. Commercial General Liability, including owner, landlord and tenant liability, and Automobile Liability and Workers' Compensation Insurance, in an amount not less than One Million Dollars ($1,000,000) per occurrence combined single limit including products, completed operations, contractual, bodily injury, personal injury, death, property damage liability, and claims arising from alleged discriminatory practices, subject to such increases in amount as City may reasonably require from time to time. City and its officers, officials, employees, volunteers, agents,

and representatives shall be named as additional insureds under such policy or policies.

ii. With respect to the improvements and any fixtures and furnishings to be owned or leased by Declarant on the Condominium, all risk property insurance against fire, earthquake (if earthquake coverage is available at a reasonable cost), vandalism, water damage, sprinkler leakage (if the Condominium contains, or will contain after any rehabilitation work performed by Declarant, any sprinklers), and malicious mischief, and such other additional perils, hazards, and risks as now are or may be included in the standard "all risk" form in general use in Orange County, California, with the standard form fire insurance coverage in an amount equal to full actual replacement cost thereof, as the same may change from time to time. City shall be a loss payee under such policy or policies and such insurance shall contain a replacement cost endorsement. Property insurance deductible shall not exceed Ten Thousand Dollars ($10,000).

13.2 Policy Requirements. A copy of each paid-up policy evidencing such insurance (appropriately authenticated by the insurer) or a certificate of the insurer, certifying that such policy has been issued, providing the coverage required herein, and containing the provisions specified herein, shall be delivered to City within ten (10) days after the Effective Date, and thereafter, upon renewals, not less than thirty (30) days prior to the expiration of coverage. City may, at any time, and from time to time, inspect and/or copy any and all insurance policies required to be procured by Declarant hereunder. In no event shall the limits of any policy be considered as limiting the liability of Declarant hereunder. In addition to the requirements set forth in Section 13.1, each insurance policy required to be carried by Declarant pursuant to this Agreement:

i. shall be primary insurance and not contributory with any other insurance which City or its officers, officials, employees, volunteers, agents, or representatives may have;

ii. shall contain no special limitations on the scope of protection afforded to City or its officers, officials, employees, volunteers, agents, and representatives;

iii. shall be "per occurrence" rather than "claims made" insurance;

iv. shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability;

v. shall provide that the policy will not be cancelled or limited in scope by the insurer or Declarant unless there is a minimum of

thirty (30) days prior written notice by certified mail, return receipt requested to City;

vi. shall be written by a California licensed insurer with a Best rating of not less than A:VII;

viii. shall contain a waiver by the insurer of any right to subrogation against City, and its officers, officials, employees, representatives, volunteers and agents, which arises or might arise by reason of any payment under such policy or policies or by reason of any act or omission of City or its officers, officials, members, employees, agents, or representatives.

14. Repair of Damage. If any improvements on or within the Condominium shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty, Declarant shall promptly proceed to obtain insurance proceeds and take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the improvements to substantially the same condition as the improvements are required to be maintained in pursuant to this Agreement, and Declarant shall complete the same as soon as possible thereafter so that the Condominium can continue to be operated and occupied as Transitional Housing in accordance with this Agreement. In no event shall the repair, replacement, or restoration period exceed one (1) year from the date or the destruction unless City, in its sole and absolute discretion, approves a longer period of time.

15. Defaults and Remedies.

15.1 Defaults. Failure or delay by any party to perform any term or provision of this Agreement which is not cured within thirty (30) days after receipt of notice from the other party specifying the default (or 5 days with respect to certain defaults described in Sections 6 and 7.2) constitutes a default under this Agreement; provided, however, if such default is of the nature requiring more than thirty (30) days to cure, the defaulting party shall avoid default hereunder by commencing to cure within such thirty (30) day period, and thereafter diligently pursuing such cure to completion. Except as required to protect against further damages, the injured party may not institute proceedings against the party in default until thirty (30) days after giving such notice. Failure or delay in giving such notice shall not constitute a waiver of any default, nor shall it change the time of default.

15.2 Institution of Legal Actions. In addition to any other rights or remedies, any party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement.

Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

15.3 Rights and Remedies are Cumulative. The rights and remedies of the parties are cumulative, and the exercise by either party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

16. Miscellaneous.

16.1 Entire Agreement, Waivers, and Amendments. This Agreement contains the entire agreement between the parties relating to the subject matter hereof, and supersedes all negotiations and previous agreements between the parties with respect to all or part of the subject matter hereof, with the exception of the Participation Agreement and the agreements attached to the Participation Agreement. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the party to be charged. A waiver of the breach of the covenants, conditions or obligations under this Agreement by either party shall not be construed as a waiver of any succeeding breach of the same or other covenants, conditions or obligations of this Agreement. Any amendment or modification to this Agreement must be in writing and executed by the appropriate authorities of City and Declarant.

16.2 Attorneys' Fees and Costs. If either party to this Agreement commences an action against the other party to this Agreement arising out of or in connection with this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees, expert witness fees, costs of investigation, and costs of suit from the losing party.

16.3 Prohibition Against Assignment and Transfer. The qualifications and identity of Declarant are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Declarant and entered into this Agreement with Declarant. Accordingly, until the expiration of the Covenant Period, Declarant shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Condominium or in the Project without the City's prior written approval. In considering whether it will grant approval to any assignment by Declarant of its interest in the Condominium and this Agreement or any portion thereof, City shall consider factors such as the financial strength and capability of the proposed transferee to perform Declarant's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, and operation of similar projects. No assignment shall be effective unless and until the proposed assignee and Declarant execute and deliver to City an assignment and assumption agreement in form satisfactory to City and City's legal counsel.

16.4 Interpretation; Governing Law. This Agreement shall be construed according to its fair meaning and as if prepared by both of the parties hereto. This Agreement shall be interpreted in accordance with the internal laws of the State of California

16.5 Severability. If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in this Agreement, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision(s) had never been contained herein.

16.6 Notices. All notices required to be delivered under this Agreement to City or Declarant must be in writing and shall be addressed to the respective parties at such address set forth below or to such other address and to such other persons as the parties may hereafter designate by written notice to the other parties hereto:

Declarant hereby furthers declare its understanding and intent that the benefit of such covenants touch and concern the land by enhancing and increasing the enjoyment and use of the Condominium by Qualified Families, and by furthering the public purposes for which City was formed.

All covenants without regard to technical classification or designation shall be binding for the benefit of City and such covenants shall run in favor of City for the entire period during which such covenants shall be in force and effect, without regard to whether City is or remains an owner of any land or interest therein to which such covenants relate. However, all

such covenants and restrictions shall be deemed to run in favor of all real property owned by the City which real property shall be deemed the benefited property of such covenants. Furthermore, all of the covenants, conditions, and restrictions contained herein shall also constitute easements in gross running in favor of the City. City shall have the right, in the event of any breach of any such agreement or covenant, to exercise all the rights and remedies, and to maintain any action at law or suit in equity or other proper proceedings to enforce the curing of such breach of agreement or covenant.

SCOPE OF SERVICES

A. Project Summary

Participant has been certified as a community housing development organization (a "CHDO"), as defined in 24 C.F.R. § 92.2. Participant's Homeless Intervention Program (HIP) follows a two-prong approach of providing immediate relocation of homeless families to safe housing and provision of intense support services to equip families with the tools to become self-sufficient. Families in the HIP reside in transitional housing for up to two years, at the discretion of Participant, and receive the following "Support Services": (i) counseling and case management services to address depression, childcare, health care, food assistance, self-esteem, transportation assistance, job search assistance, eviction prevention, income support, unemployment benefits assistance, and various other obstacles to self-sufficiency; and (ii) critical life skills such as education, budgeting, debt reduction, parenting assistance, and stress management. Participant is acquiring the Condominium Unit for purposes of meeting increased demand and the growing list of homeless families.

B. The Work To Be Performed

Participant will use the Condominium Unit acquired with City funds as Transitional Housing for Qualified Families in Irvine, as part of its HIP. Participant will be the sole owner of the Condominium Unit, which shall be managed as part of the HIP for at least twenty (20) years, during the Covenant Period. The Condominium Unit will be a one-story attached dwelling constructed from wood, with at least two bedrooms and one and one-half baths to accommodate Qualified Families. To the extent possible, Participant will purchase a condominium in close proximity to schools, shopping stores, bus stops, and other public amenities.

The source of the City's funds is HOME Investment Partnerships Program (42 U.S.C. § 12741, *et seq.*) (the "Program"), which requires City to reserve not less than fifteen percent (15%) of its Program allocation for investment only in housing to be developed, sponsored, or owned by CHDOs (24 C.F.R. § 92.300). City's loan of funds to Participant in accordance with the terms of the Agreement and with the HOME Regulations (24 C.F.R. § 92 *et seq.*) constitute an investment in housing to be owned by a CHDO.

C. Project Outcomes

HOME funds will be applied towards the Purchase Price of the Condominium Unit. The use of HOME funds in this manner will leave unencumbered other funds that may be utilized by Participant to increase the self-sufficiency of Qualified Families residing in the new Condominium Unit by providing Support Services. Specifically, HOME funds will help achieve the following outcomes for at least one household during each two-year period during the Covenant Period:

a. Reduce homelessness and/or the risk of being homeless

b. Maintain housing for up to two years while in transitional housing and for six months after leaving transitional housing

c. Increase income

d. Exhibit appropriate life skills to maintain self-sufficiency

Participant may provide in its Participant Occupancy Agreement for an initial ninety (90) day rental period for each Qualified Family. Participant shall automatically renew any such rental period for at least three (3) additional, successive ninety (90) day rental periods (i.e., for a total minimum rental period of one (1) year); provided, however, that Participant may elect not to renew the rental term, if (i) a particular Qualified Family has located alternative, suitable housing that is affordable to said Qualified Family, and Participant believes, in its experienced opinion, that the Qualified Family has obtained sufficient Support Services to relocate, on a long-term basis, to the alternative housing; or (ii) the Qualified Family has violated the terms and conditions of its Participant Occupancy Agreement and has failed to cure such violation(s) within the applicable cure period, after written notice from Participant specifying with particularity the violation and the time within which it must be cured.

D. Design Features

The new Condominium Unit will follow Participant's scattered site model, whereby Qualified Families will reside independently from other Participant clients with off-site property management conducted by Participant.

Once the Condominium Unit has been acquired, Participant will furnish the Condominium Unit with commercial-grade carpeting and linoleum flooring in an effort to keep the Condominium Unit affordable for Qualified Families. With this feature, the cost of maintenance is less expensive for both the Qualified Families and the Participant. The Condominium Unit will also be equipped with energy-efficient appliances to contain utility costs. All of Participant's current transitional homes have energy-efficient refrigerators, gas dryers, gas stoves and ovens, and fans or screen doors rather than air conditioning units.

Furthermore, the health and safety of each Qualified Family that resides in the Condominium Unit will be insured through rigorous inspections. Participant will hire a professional contractor to examine the home and inspect all potential safety hazards such as electrical outlets, smoke alarms, mold, fire extinguishers, etc.

The Leasehold Deed of Trust contains an acceleration clause which generally provides that, to the extent permitted by law, in the event Participant shall (a) directly or indirectly, voluntarily, or involuntarily, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of any interest in the property encumbered by the Leasehold Deed of Trust (excluding the lease of the units on the Site in accordance with this Agreement and the Regulatory Agreement, the lien of the Permitted Encumbrances, and any other assignment, transfer, or encumbrance approved in writing by City's Contract Officer); (b) unless otherwise approved in writing by City's Contract Officer; refinance any lien or encumbrance which has priority over the Leasehold Deed of Trust for a loan amount which when combined with all of the other security financing encumbering the Property exceeds 90% of the appraised value of the Site as evidenced by an appraisal or other evidence acceptable to City; (c) refinance any lien or encumbrance and use the proceeds for any purpose other than the construction, maintenance, and operation of the rental project on the Site; or (d) default on any of its obligations set forth in this Agreement, the City Note, the Leasehold Deed of Trust, or the Regulatory Agreement, as amended by the Amendment to Regulatory Agreement, and fail to cure the default within the applicable cure period; then, City, at its option, may declare the entire indebtedness evidenced thereby immediately due and payable.

In

the event the Funding Conditions are not satisfied and this Agreement is terminated pursuant to Section 2.3, City shall return to Participant the documents delivered by Participant to City pursuant to this Section.

2.8 Lender Approvals. The approval of the lenders of the Existing Project Financing (U.S. Bank, The Irvine Company, and City) is required for the City Loan and the transactions contemplated under this Agreement. Participant represents and warrants to City that no other lender approvals are required. Within thirty (30) days after the Effective Date, Participant shall provide to City copies of the lender approvals obtained from U.S. Bank and The Irvine Company. In the case of any conflict between the applicable provisions of the HOME Requirements and CDBG Requirements and this Agreement, the HOME Requirements and CDBG Requirements shall control; it being understood, however, that in order to be in compliance with this Agreement and the HOME Requirements and CDBG Requirements, Participant shall, to the extent possible, comply with the most restrictive provisions in this Agreement and the HOME Requirements and CDBG Requirements.

3. DEVELOPMENT OF THE PROJECT.

3.1 Scope of Development. Participant shall develop the Project on the Site in strict accordance with the plans and drawings approved by City. If Participant desires to make any change in any approved development or building plans, the proposed change shall be submitted to City for approval. Participant shall be responsible for all construction and installation and for obtaining all necessary permits and approvals.

3.2 Schedule of Performance; Progress Reports. Participant shall complete construction of the Project within the time set forth in the Schedule of Performance. Construction shall be continuously and diligently pursued to completion and shall not be abandoned for more than five (5) consecutive days, except when due to causes beyond the control and without the fault of Participant, as set forth in Section 6.3 of this Agreement. During the course of construction, Participant shall, if requested by City, provide to City monthly written reports on the progress of construction.

3.3 Compliance with Permits and Laws. Participant shall carry out the construction of the Project in conformity with all applicable laws, regulations, and rules of governmental agencies having jurisdiction, including without limitation all applicable federal and state fair

labor standards, including the payment of prevailing wages, if required, the final plans approved by City, and all applicable conditions and requirements of the HOME Requirements and CDBG Requirements.

3.4 Commercial General Liability, Workers' Compensation, and Builders Risk Insurance. Participant shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance:

(a) *Commercial General Liability Insurance.* A policy of commercial general liability insurance written on a per occurrence basis in an amount not less than a combined single limit of $1,000,000 or its equivalent.

(b) *Worker's Compensation Insurance.* A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California.

(c) *Builder's Risk.* Builder's risk coverage written on a completed value basis in an amount equal to the full replacement cost of the improvements with coverage available on the so-called non-reporting "all risk" form of policy, including coverage against collapse, fire, and water damage, with such insurance to be in such amounts and form and written by such companies as shall be approved by City. City agrees to accept a builder's risk insurance policy from Participant's general contractor in conformance with the requirements set forth in this Section 3.4, including without limitation the requirement that City be named as a loss payee.

All of the above policies of insurance shall be primary insurance and shall name the City, its officers, employees and agents as additional insureds or, with respect to the builder's risk policy, as a loss payee. Said policies shall be satisfactory only if issued by companies qualified to do business in California and rated A:VII or better in the most recent edition of Best Rating Guide. The insurer shall waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. All of said policies of insurance shall provide that said insurance may not be amended or canceled without providing thirty (30) days prior written notice by registered mail to City. In the event any of said policies of insurance are canceled, Participant shall, prior to the cancellation date, submit new evidence of insurance in conformance with this Section 3.4 to the Contract Officer. The foregoing obligations shall remain in effect until the completion of the Project, at which time Participant shall maintain the insurance set forth in the Regulatory Agreement.

Participant agrees that the provisions of this Section 3.4 shall not be construed as limiting in any way the extent to which Participant may be held responsible for the payment of damages to any persons or property resulting from Participant's activities or the activities of any person or persons for which Participant is otherwise responsible.

3.5 Rights of Access. For the purpose of assuring compliance with this Agreement, representatives of City shall have the reasonable right of access to the Site, without charges or fees, at normal construction hours during the period of construction for the purposes of this

Agreement, including but not limited to the inspection of the work being performed by Participant in constructing the Project.

3.6 Financing the Development of the Project.

3.6.1 Participant Responsible for Cost of Development. Except to the extent City has specifically agreed to provide the City Loan pursuant to Section 2, Participant shall be responsible for all costs of developing the Project, including but not limited to predevelopment costs incurred for items such as planning, design, engineering, and environmental remediation; all development and building fees; the cost incurred to demolish and clear any and all existing improvements, furnishings, fixtures, and equipment from the Site requiring removal; relocation expenses payable to occupants of the Site; costs for insurance and bonds (as required); costs for financing; all on-site construction costs; costs for any necessary public improvements; and legal fees.

3.6.2 Approval of Project Budget. Within fifteen (15) days after the Effective Date, Participant shall submit to City for City's review and approval a detailed line item budget showing the development costs for the Project (the actual costs for items completed and the estimated costs of items not yet completed). Once approved, the Project Budget may not be materially changed without the prior written approval of City's Contract Officer (a material change is a change that causes the total Project costs to increase or decrease from what is shown in the Project Budget or that causes any line item in the Project Budget to increase or decrease by more than 10%).

3.6.3 Approval of Evidence of Financial Capability. Within fifteen (15) days after the Effective Date, Participant shall submit to City evidence reasonably satisfactory to City that Participant has the financial capability necessary to complete development of the Project pursuant to this Agreement and the Project Budget. Such evidence of financial capability shall include the following:

(a) a copy of the commitment or loan agreement obtained by Participant for each source of funds to assist in financing the construction of the Project. All copies of commitments submitted by Participant to City shall be certified by Participant to be true and correct copies thereof. Each commitment for financing shall be in such form and content acceptable to City as reasonably evidences a firm and enforceable commitment, with only those conditions which are standard or typical for the lender involved for similar projects; and

(b) if the total costs set forth in the Project Budget exceed the amount of financing commitments received pursuant to subparagraph (b) above, a financial statement and/or other documentation reasonably satisfactory to City sufficient to demonstrate that Participant has adequate funds available and committed to cover such difference.

3.6.4 Security Financing. Participant may mortgage or encumber its leasehold interest in the Site in order to finance the development and operation of the Project provided that the cumulative amount of the loans encumbering the Site does not exceed 90% of the appraised

value of the Site as evidenced by an appraisal or other evidence acceptable to City ("Permitted Encumbrances"). Notwithstanding the foregoing, the City Loan, the Existing Project Financing, and the County Loan shall be deemed to constitute Permitted Encumbrances notwithstanding that the combined amount of said loans may exceed 90% of the appraised value of the Site.

3.6.5 Subordination to County Loan. City hereby finds and determines that the covenants and restrictions set forth in the Regulatory Agreement, the Leasehold Deed of Trust, and the deed of trust recorded against the Site in favor of City in connection with the First City Project Contract, may be subordinated to the lien of permanent financing for the County Loan. City's Contract Officer shall have the authority on behalf of City to execute a subordination agreement(s) for that purpose in such form as reasonably approved by the Contract Officer and City Attorney. The subordination agreement(s) shall be reasonably designed to protect City in the event of a default by providing for rights of notice and opportunities to cure and other rights protective of City's interest.

3.7 Relocation. City shall not be responsible for relocating any occupants from the Site to the extent any occupants are located on the Site. If required, Participant shall have the sole and exclusive responsibility for providing relocation assistance and paying all relocation costs required to comply with all applicable federal and state laws, rules, and regulations. Participant shall indemnify, defend, and hold City harmless from and against any claims, liabilities, damages, or losses made against it by tenants or occupants of the Site, including without limitation claims for relocation assistance, inverse condemnation, and claims otherwise arising from any act or omission of Participant pursuant to this Section 3.7.

4. USE OF THE SITE.

4.1 General. Participant and its successors and assigns shall use, operate, and maintain the Site as a rental housing project in accordance with the provisions of this Agreement and the Regulatory Agreement, consistent with the HOME Requirements and the CDBG Requirements.

4.2 Lease. Participant represents and warrants that Participant's performance under this Agreement and the agreements attached hereto will not cause Participant to be in default of the Lease, and the development, use and operation of the Site under this Agreement is consistent with the use of the Site permitted under the terms of the Lease. Participant shall comply with each and every condition, responsibility, and obligation it may have pursuant to the Lease in order not to cause a default thereunder. Participant shall not amend or modify the Lease in any respect inconsistent with this Agreement or any of the agreements attached hereto or in any respect that affects the rights of City as a leasehold mortgagee without the prior written consent of City, which consent City may withhold in its sole and absolute discretion.

5. DEFAULTS, REMEDIES, AND TERMINATION.

5.1 Defaults—General. Failure or delay by either party to perform any term or provision of this Agreement constitutes a default under this Agreement; provided, however, such party shall not be deemed to be in default if (a) it cures, corrects, or remedies such default within thirty (30) days after receipt of a notice from the other party specifying such failure or delay, or

(b) for defaults that cannot reasonably be cured, corrected, or remedied within such time period, if such party commences to cure, correct, or remedy such failure or delay within such time period after receipt of a notice from the other party specifying such failure or delay, and diligently prosecutes such cure, correction or remedy to completion. The injured party shall give written notice of default to the party in default, specifying the default complained of by the injured party. Except as required to protect against further damages, the injured party may not institute proceedings against the party in default until the time for cure, correction, or remedy of a default has expired. Except as otherwise expressly provided in this Agreement, any failure or delay by a party in giving a notice of default or in asserting any of its rights and remedies as to any default shall not constitute a waiver of any default, nor shall it change the time of default, nor shall it deprive such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert, or enforce any such rights or remedies.

5.2 Institution of Legal Actions. In addition to any other rights or remedies, either party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

5.3 Applicable Law. The internal laws of the State of California shall govern the interpretation and enforcement of this Agreement.

5.4 Rights and Remedies are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

5.5 Attorney's Fees. If either party to this Agreement is required to initiate or defend litigation in any way connected with this Agreement, the prevailing party in such litigation, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorneys' fees from the losing party. If any party to this Agreement is required to initiate or defend litigation with a third party because of the violation of any term or provision of this Agreement by the other party, then the party so litigating shall be entitled to reasonable attorneys' fees from the other party to this Agreement. Attorneys' fees shall include attorney's fees on any appeal, and in addition a party entitled to attorneys' fees shall be entitled to all other reasonable costs for investigating such action, retaining expert witnesses, taking depositions and discovery, and all other necessary costs incurred with respect to such litigation.

5.6 Plans, Drawings and Documents to be Assigned to City. If this Agreement is terminated for any reason other than an uncured material default by City hereunder, Participant covenants to immediately assign and release to City any ownership rights and interest that Participant may have in any and all of the plans, drawings, and permits as have been prepared for the development of the Project prior to the termination; provided, that Participant does not covenant to convey the copyright or other ownership rights of third parties.

5.7 Indemnification. Participant agrees to indemnify, defend, and hold harmless City and its officers, officials, employees, representatives and agents (collectively, the "Indemnitee") from and against any and all claims, causes of action, liabilities, and damages arising out of any acts or omissions of Participant or Participant's officers, employees, contractors, and agents, in the performance under this Agreement and the agreements attached hereto and/or with respect to the Site including the construction of the Project thereon. The Indemnitee shall promptly notify Participant of the filing of any such action and cooperate with Participant in the defense thereof (at no cost to Indemnitee).

6. GENERAL PROVISIONS.

6.1 Notices, Demands, and Communications Between the Parties. Formal notices, demands, and communications between City and Participant shall be given either by (a) personal service, (b) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (c) mailing in the United States mail, certified mail, postage prepaid, return receipt requested, addressed to:

Notices personally delivered or delivered by document delivery service shall be deemed effective upon receipt. Notices mailed shall be deemed effective on the second business day following deposit in the United States mail. Such written notices, demands, and communications shall be sent in the same manner to such other addresses as any party may from time to time designate in writing.

6.2 Nonliability of City Officials and Employees. No member, official, employee, or contractor of City shall be personally liable to Participant in the event of any default or breach by City or for any amount which may become due to Participant or on any obligations under the terms of this Agreement.

6.3 Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, and except as expressly set forth in this Section 6.3, performance by either party hereunder shall not be deemed to be in default and such party shall be entitled to an extension of time to perform its obligations hereunder where delays in performance are due to causes beyond the control and without the fault of such party, including as applicable: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; supernatural causes; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplies; acts of the other party; acts or the failure to act of City or any other public or governmental agency or entity (except that any act or failure to act of or by City shall not excuse performance by City). Notwithstanding the foregoing, Participant's inability to secure satisfactory financing, interest rates, and market and economic conditions shall not entitle Participant to an extension of time to perform. An extension of time for any cause permitted under this Section 6.3 shall be limited to the period of the enforced delay, which period shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of knowledge of the commencement of the cause. If no written notice is sent within thirty (30) days, for purposes of measuring the extension period for performance of the obligation in question, the period of the enforced delay shall commence to run from the date written notice is sent to the other party.

Times of performance under this Agreement may be extended by mutual written agreement of City and Participant.

6.4 Inspection of Books and Records. City shall have the right at all reasonable times to inspect the books and records of Participant pertaining to the Site and the Project as pertinent to the purposes of this Agreement.

6.5 Interpretation. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against any party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply. The Section headings are for purposes of convenience only, and shall not be construed to limit or extend the meaning of this Agreement.

6.6 Entire Agreement, Waivers and Amendments. This Agreement integrates all of the terms and conditions mentioned herein, or incidental hereto, and supersedes all negotiations and previous agreements between the parties with respect to all or any part of the subject matter hereof. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the party to be charged, and all amendments and modifications hereto must be in writing and signed by the appropriate authorities of City and Participant.

6.7 Severability. If any term, provision, covenant, or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of this Agreement shall not be affected thereby to the extent such remaining provisions are not rendered impractical to perform taking into consideration the purposes of this Agreement. In the event that all or any portion of this Agreement is found to be unenforceable, this Agreement or that portion which is found to be unenforceable shall be deemed to be a statement of intention by

the parties; and the parties further agree that in such event, and to the maximum extent permitted by law, they shall take all steps necessary to comply with such procedures or requirements as may be necessary in order to make valid this Agreement or that portion which is found to be unenforceable.

6.8 Prohibition Against Assignment and Transfer. The qualifications and identity of Participant, and the qualification of Jamboree Housing Corporation ("Jamboree") as a non-profit public benefit company, are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Participant and entered into this Agreement with Participant. Accordingly, except as expressly set forth herein, Participant shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Site or in the Project without the City's prior written approval. As used herein, the term "significant change in ownership" shall mean any change by virtue of which Jamboree does not continue as the general partner of Participant.

Notwithstanding the foregoing, the following shall not require City approval for the purposes of this Section 6.8: (a) a transfer of Participant's leasehold interest in the Site and the Project to Jamboree; (b) a transfer of The Irvine Company's limited partnership interest in Participant to Jamboree, or an affiliate of Jamboree, provided that Jamboree continues to manage the operation of the Project; or (c) any Permitted Encumbrance. As used in the preceding sentence, the term "affiliate" shall mean an entity who directly or indirectly controls, or is controlled by, Jamboree.

Participant shall deliver written notice to City requesting approval of any assignment or transfer requiring City approval hereunder. In considering whether it will grant approval to any assignment by Participant of its interest in the Site and this Agreement or any portion thereof, City shall consider factors such as the financial strength and capability of the proposed transferee to perform Participant's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, development, and operation of similar projects.

No assignment, including assignments which do not require City approval hereunder, but excluding assignments for Permitted Encumbrances, shall be effective as to City unless and until the proposed assignee and Participant execute and deliver to City an assignment and assumption agreement in form reasonably satisfactory to the Contract Officer and the City Attorney.

6.9 Third Party Beneficiaries. Notwithstanding any other provision of this Agreement to the contrary nothing herein is intended to create any third party beneficiaries to this Agreement, and no person or entity other than City and Participant, and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

6.10 Representations and Warranties. Upon receipt of a disapproval, Borrower shall act promptly to revise or correct the final plans as necessary to conform to City requirements. The same procedures and requirements shall apply to subsequent submittals and reviews until the final plans are finally approved by City. Once approved, no substantial changes (or any other changes that require approval by City in City's capacity as a regulatory agency) shall be permitted without prior written approval of City.

4.2.2 Other Governmental Permits. Before commencement of construction of the Project or other work on the Site or such earlier period of time as provided for herein, Borrower shall secure or cause to be secured any and all permits and approvals which may be required by City or any other governmental agency having jurisdiction over the Site and the Project.

4.3 Schedule of Performance; Progress Reports. Borrower shall begin and complete construction of the Project within the times set forth in the Development Schedule. Once construction is commenced, it shall be continuously and diligently pursued to completion, and shall not be abandoned for more than five (5) consecutive days, except when due to causes beyond the control and without the fault of Borrower, as set forth in Section 7.3 of this Agreement. During the course of construction, and prior to the issuance of the Release of Construction Covenants for the Project, Borrower shall provide to City quarterly written reports on the progress of construction.

4.4 Compliance with Permits and Laws. Borrower shall carry out the construction of the Project in conformity with all applicable laws, regulations, and rules of governmental agencies having jurisdiction over the Site, including without limitation all applicable federal and state fair labor standards, including the payment of prevailing wages, if required, and the final plans to be approved by the City as set forth in Section 4.2 herein. This Agreement has been prepared with the intention that the City Loan meets the exception set forth in California Labor Code section 1720(c)(6)(E).

4.5 Anti-discrimination. Borrower, for itself and its successors and assigns, agrees that Borrower will not discriminate against any employee or applicant for employment because of race, color, creed, religion, sex, marital status, ancestry, national origin or disability in connection with activities undertaken pursuant to this Agreement.

4.6 Insurance. Prior to commencement of any work on the Site, Borrower shall furnish or cause to be furnished to City evidence reasonably satisfactory to City's Contract Officer of Commercial General Liability coverage in the amount of at least One Million Dollars ($1,000,000.00) combined single limits, naming City and its officers, officials, employees, volunteers, agents, and representatives as named insureds. In addition, all such insurance:

i. shall be primary insurance and not contributory with any other insurance which City or its officers, officials, employees, volunteers, agents, or representatives may have;

ii. shall contain no special limitations on the scope of protection afforded to City or its officers, officials, employees, volunteers, agents, and representatives;

iii. shall be "per occurrence" rather than "claims made" insurance;

iv. shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability;

v. shall provide that the policy will not be cancelled or limited in scope by the insurer or Borrower unless there is a minimum of thirty (30) days prior written notice by certified mail, return receipt requested to City;

vi. shall be written by a California licensed insurer with a Best rating of not less than A:VII;

vii. shall be endorsed to state that any failure to comply with the reporting provisions of the policies shall not affect coverage provided to City and its officers, officials, employees, volunteers, agents, and representatives; and

viii. shall contain a waiver by the insurer of any right to subrogation against City, and its officers, officials, employees, volunteer, agents, and representatives which arises or might arise by reason of any payment under such policy or policies or by reason of any act or omission of City or its officers, employees, volunteers, agents, and representatives.

Any deductible or self-insured retention must be declared to City. None of the above described policies shall include a deductible or self-insured retention amount of more than Ten Thousand Dollars ($10,000.00) unless approved in writing by the Contract Officer.

Borrower shall also furnish or cause to be furnished to the Contract Officer prior to commencement of work on the construction of the Project evidence reasonably satisfactory to the Contract Officer that Borrower and any contractor with whom Borrower has contracted for the performance of work on and around the Site have current Workers' Compensation insurance as required by the State of California as well as Employer's Liability Coverage of not less than One Million Dollars ($1,000,000.00) per accident. Such insurance shall be endorsed to include a waiver of subrogation rights against City and its officers, officials, employees, volunteers, agents, and representatives, and notice of cancellation as described in subsection (v) above. Such policies shall be written by California licensed insurers with Best ratings of not less than A:VII in the most recent edition of Best Rating Guide.

Prior to commencement of work, Borrower shall also furnish to City evidence reasonably satisfactory to City's Contract Officer of Builder's-Risk Coverage which shall be maintained in force throughout the course of construction and development of the Project on the Site. Such coverage shall include limits sufficient to cover one hundred percent (100%) of the replacement cost of improvements and betterments and shall include City as a loss payee and shall provide coverage for "all risks" of loss. Such insurance shall be endorsed to include a waiver of subrogation rights against City and its officers, officials, employees, volunteers, agents, and representatives, and notice of cancellation as described in subsection (v) above. Furthermore, such coverage shall provide that the policy cannot be cancelled or limited in scope without a minimum of thirty (30) days prior written notice by certified mail, return receipt requested to City. Such policy shall be written by a California licensed insurer with a Best rating of not less than A:VII in the most recent edition of Best Rating Guide.

Prior to commencement of work, Borrower shall also furnish to City evidence reasonably satisfactory to the Contract Officer of automobile liability insurance (bodily injury and property damage liability) which shall be maintained in force throughout the course of construction and development of the Project. Such coverage shall include owned, hired, and non-owned automobiles, with limits of liability of not less than Five Hundred Thousand Dollars ($500,000.00) combined single limit per accident for bodily injury and property damage combined. Such insurance shall be endorsed to include a waiver of subrogation rights against the City and its officers, officials, employees, volunteers, agents and representatives, and notice of cancellation as described in Subsection (v) above. Furthermore, such coverage shall provide that the policy cannot be cancelled or limited in scope without a minimum of thirty (30) days prior written notice by certified mail, return receipt requested to City.

Borrower shall cause any contractors with whom Borrower has contracted to construct the Project to maintain the insurance policies described in this Section.

The foregoing obligations shall remain in effect throughout the course of construction on the Site and shall terminate after City issues the Release of Construction Covenants for the Project as provided in Section 4.10 of this Agreement; provided, however, that completed operations coverage shall be maintained continuously for thirty-six (36) months following City's issuance of the Release of Construction Covenants. Upon City's issuance of the Release of Construction Covenants, Borrower shall procure and maintain the insurance set forth in the Regulatory Agreement. Nothing in this Section 4.6 shall in any way limit Borrower's indemnity obligations as provided in Section 6.6 of this Agreement.

4.7 Rights of Access. For the purpose of assuring compliance with this Agreement, representatives of City shall have the reasonable right of access to the Site, without charges or fees, at normal construction hours following 48 hours' written notice to Borrower during the period of construction for the purposes of this Agreement, including but not limited to the inspection of the work being performed by Borrower in constructing the Project. The foregoing right of access shall be in addition to, and shall not limit City from exercising, any other rights of access City may have in its capacity as a regulatory agency.

4.8 Borrower Responsible for Cost of Development. Except to the extent City has specifically agreed to provide the City Loan pursuant to this Agreement, Borrower shall be responsible for all costs of developing and constructing the Project, including but not limited to predevelopment costs incurred for items such as planning, design, engineering, and environmental remediation; all development and building fees; the costs incurred to demolish and clear any and all existing improvements, furnishings, fixtures, and equipment from the Site requiring removal; relocation expenses, if any, payable to existing occupants of the Site, costs for insurance and bonds as required; costs of financing; all on-site construction costs; costs for any necessary public improvements; and its own legal fees.

4.9 Approval of Evidence of Financial Capability. No later than ten (10) days prior to the Funding Conditions Satisfaction Date, Borrower shall submit to City evidence reasonably satisfactory to City that Borrower has the financial capability necessary for the development of the Project pursuant to this Agreement, the Construction Budget and the Finance Budget. Such evidence of financial capability shall include the following:

i. a copy of the commitment or commitments obtained by Borrower for each source of funds to assist in financing the construction of the Project. All copies of commitments submitted by Borrower to City shall be certified by Borrower to be true and correct copies thereof. Each commitment for financing shall be in such form and content acceptable to City as reasonably evidences a firm and enforceable commitment, with only those conditions which are standard or typical for the lender involved for similar projects; and

ii. if the total costs set forth in the Construction Budget exceed the amount of financing commitments received pursuant to subparagraph (i) above, a financial statement and/or other documentation reasonably satisfactory to City sufficient to demonstrate that Borrower has adequate funds available and committed to cover such difference; and

iii. a copy of the bonded guaranteed maximum price construction contract between Borrower and its general contractor for all of the improvements required to be constructed by Borrower hereunder, certified by Borrower to be a true and correct copy thereof; provided, however, that City may accept another equally acceptable alternative form of security in its sole and absolute discretion, rather than requiring the construction contract be bonded; and

iv. a corporate surety bond or bonds or other security instrument, approved as to form, content, and company by City and City Attorney with Borrower's contractor or contractors as principal(s), in a penal sum not less than one hundred percent (100%) of the amount of the cost of constructing the Project guaranteeing completion of construction and the payment of wages for services engaged and bills contracted for materials, supplies, and equipment used in the performance of the work, and protecting Borrower and City from any liability, losses, or damages arising therefrom. City shall have the discretion to accept alternate security in its sole and absolute discretion.

City shall complete its review of and shall approve or disapprove Borrower's evidence of financial capability within ten (10) days after the Funding Conditions Satisfaction Date and prior to the disbursement of any City Loan proceeds. If City disapproves such evidence of financing, it shall do so by written notice to Borrower stating the reasons for such disapproval. In such event, Borrower shall promptly resubmit its evidence of financial capability not less than ten (10) days after receipt of City's disapproval, and City's disapproval of any such resubmitted evidence shall be final and upon said disapproval City may terminate this Agreement by delivering written notice to Borrower.

4.10 Release of Construction Covenants. Upon the satisfactory completion of construction of the Project, City shall furnish Borrower with a Release of Construction

Covenants upon written request therefor by Borrower. City shall not unreasonably withhold such Release of Construction Covenants. Such Release of Construction Covenants shall be a conclusive determination of satisfactory completion of the construction required by this Agreement upon the Site and the Release of Construction Covenants shall so state. The Release of Construction Covenants shall be in the form attached hereto as Attachment No. 6 or such other similar form as to permit it to be recorded in the Recorder's Office of Orange County, California. If City refuses or fails to furnish a Release of Construction Covenants for the Project after written request from Borrower, City shall within ten (10) days of written request therefor, provide Borrower with a written statement of the reasons for the refusal or failure to furnish the requested Release of Construction Covenants. The statement shall also contain City's opinion of the actions Borrower must take to obtain the Release of Construction Covenants. If the reason for such refusal is confined to the immediate unavailability of specific items of materials for landscaping or other minor "punch list" items, City shall issue the Release of Construction Covenants upon the posting of cash, a bond, or other security acceptable to City in its sole discretion by Borrower with City in an amount representing the fair value of the work not yet completed, and Borrower shall thereafter complete the "punch list" work within sixty (60) days of issuance of the Release of Construction Covenants. A Release of Construction Covenants shall not constitute evidence of compliance with or satisfaction of any obligation of Borrower to any holder of any mortgage or any insurer of a mortgage securing money loaned to finance the improvements, or any part of this Agreement, or a release of any obligations under this Agreement or the Regulatory Agreement which survive issuance of the Release of Construction Covenants. A Release of Construction Covenants is not a notice of completion as referred to in the California Civil Code Section 3093.

5. USE OF THE SITE.

5.1 General. Borrower and its successors and assigns shall use, operate, and maintain the Site as a rental housing project in accordance with the provisions of this Agreement and the Regulatory Agreement.

5.2 Ground Lease. Borrower represents and warrants that the Ground Lease and Borrower's development, use and operation of the Site thereunder will be materially consistent with the terms of this Agreement and the agreements attached hereto and the compliance with one will not cause Borrower to be in default of the other. Borrower shall comply with each and every condition, responsibility, and obligation it may have pursuant to the Ground Lease in order not to cause a default thereunder. Borrower shall not amend or modify the Ground Lease in any respect inconsistent with this Agreement (which by definition includes all of the attachments hereto) in any respect that affects the rights of City as a leasehold mortgagee without the prior written consent of City, which shall not be unreasonably withheld or delayed.

6. DEFAULTS, REMEDIES, AND TERMINATION.

6.1 Defaults in General. Failure or delay by either Party to perform any term or provision of this Agreement (which by definition includes all attachments hereto) constitutes a default under this Agreement; provided, however, such Party shall not be deemed to be in default if (a) it cures, corrects, or remedies such default within thirty (30) days after receipt of a notice from the other Party not in default specifying such failure or delay, or (b) for defaults that cannot reasonably be cured, corrected, or remedied within such thirty (30) day period, if such Party

commences to cure, correct, or remedy such failure or delay within such thirty (30) day period after receipt of a notice from the other Party not in default specifying such failure or delay, and diligently prosecutes such cure, correction or remedy to completion within an additional sixty (60) days following the conclusion of the thirty (30) day period, for a total of ninety (90) days. The time to cure set forth in this Section 6.1 shall apply generally and shall not apply to any shorter or longer time to cure for a specific default as may be provided in this Agreement. Except as required to protect against further damages, the Party not in default may not institute proceedings against the Party in default until the time for cure, correction, or remedy of a default has expired. Except as otherwise expressly provided in this Agreement, any failure or delay by a Party in giving a notice of default or in asserting any of its rights and remedies as to any default shall not constitute a waiver of any default, nor shall it change the time of default, nor shall it deprive such Party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert, or enforce any such rights or remedies. City shall provide written notice to Landlord and Borrower's Investor Limited Partner of any default of Borrower under this Agreement and will recognize any cure of any default of Borrower tendered by Landlord or Borrower's Investor Limited Partner with the same effect as if the same were tendered by Borrower.

6.2 Institution of Legal Actions. In addition to any other rights or remedies, either Party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

6.3 Applicable Law. The internal laws of the State of California shall govern the interpretation and enforcement of this Agreement without regard to conflict of law principles.

6.4 Rights and Remedies are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the Parties are cumulative, and the exercise by either Party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other Party.

6.5 Attorney's Fees. If either Party to this Agreement is required to initiate or defend litigation in any way connected with this Agreement, the prevailing party in such litigation, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorneys' fees from the losing party. If any Party to this Agreement is required to initiate or defend litigation with a third party because of the violation of any term or provision of this Agreement by the other Party, then the Party so litigating shall be entitled to reasonable attorneys' fees from the other Party to this Agreement. Attorneys' fees shall include attorney's fees on any appeal, and in addition a Party entitled to attorneys' fees shall be entitled to all other reasonable costs for investigating such action, retaining expert witnesses, taking depositions and discovery, and all other necessary costs incurred with respect to such litigation.

6.6 Indemnification. Borrower agrees to indemnify, defend, and hold harmless City and its officers, officials, employees, representatives and agents (collectively, the "Indemnitee") from and against any and all claims, causes of action, liabilities, and damages arising out of any acts or omissions of Borrower or Borrower's officers, employees, contractors, and agents, in the

performance under this Agreement and the agreements attached hereto and/or with respect to the Site including the construction of the Project thereon, except to the extent caused by the active negligence or willful misconduct of the Indemnitee. The Indemnitee shall promptly notify Borrower of the filing of any such action and cooperate with Borrower in the defense thereof (at no cost to Indemnitee). So long as Borrower is not in default hereunder, the Indemnitee shall not compromise the defense of such action or permit a default judgment to be taken against the Indemnitee without the prior written approval of Borrower.

7. GENERAL PROVISIONS.

7.1 Notices, Demands, and Communications Between the Parties. Formal notices, demands, and communications between City and Borrower shall be given either by (a) personal service, (b) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (c) mailing in the United States mail, certified mail, postage prepaid, return receipt requested, addressed to:

Notices mailed shall be deemed effective on the second business day following deposit in the United States mail. Such written notices, demands, and communications shall be sent in the same manner to such other addresses as any Party may from time to time designate in writing.

7.2 Nonliability of City Officials and Employees. No member, official, employee, or contractor of City shall be personally liable to Borrower in the event of any default or breach by City or for any amount which may become due to Borrower or on any obligations under the terms of this Agreement.

7.3 Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, and except as expressly set forth this Section 7.3, performance by either Party hereunder shall not be deemed to be in default and such Party shall be entitled to an extension of time to perform its obligations hereunder where delays in performance are due to causes beyond the control and without the fault of such Party, including as applicable: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; supernatural causes; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; and delays of any contractor, subcontractor or supplies. Notwithstanding the foregoing, Borrower's inability to secure satisfactory financing, interest rates, and market and economic conditions shall not entitle Borrower to an extension of time to perform. An extension of time for any cause permitted under this Section 7.3 shall be limited to the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the Party claiming such extension is sent to the other Party within thirty (30) days of knowledge of the commencement of the cause, or if no written notice is sent within thirty (30) days, from the date written notice is sent to the other Party.

Times of performance under this Agreement may be extended by mutual written agreement of City and Borrower. The Contract Officer shall have the authority on behalf of City in its sole and absolute discretion to approve extensions of time not to exceed a cumulative total of one hundred eighty (180) days.

7.4 Inspection of Books and Records. City shall have the right at all reasonable times with 48 hours prior written notice to inspect the books and records of Borrower pertaining to the Site and the Project as pertinent to the purposes of this Agreement.

7.5 Interpretation. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against any Party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply. The Section headings are for purposes of convenience only, and shall not be construed to limit or extend the meaning of this Agreement.

7.6 Entire Agreement, Waivers and Amendments. This Agreement integrates all of the terms and conditions mentioned herein, or incidental hereto, and supersedes all negotiations and previous agreements between the Parties with respect to all or any part of the subject matter hereof. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the Party to be charged, and all amendments and modifications hereto must be in writing and signed by the appropriate authorities of City and Borrower.

7.7 Severability. If any term, provision, covenant, or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of this Agreement shall not be affected thereby to the extent such remaining provisions are not rendered impractical to perform, taking into consideration the purposes of this Agreement. In the event that all or any portion of this Agreement is found to be unenforceable, this Agreement or that portion which is found to be unenforceable shall be deemed to be a statement of intention by the Parties; and the Parties further agree that in such event, and to the maximum extent permitted by law, they shall take all steps necessary to comply with such procedures or requirements as may be necessary in order to make valid this Agreement or that portion which is found to be unenforceable.

7.8 Prohibition Against Assignment and Transfer by Borrower. The qualifications and identity of Borrower are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Borrower and entered into this Agreement with Borrower. Accordingly, Borrower shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Site or in the Project without the City's prior written approval. In considering whether it will grant approval to any assignment by Borrower of its interest in the Site and this Agreement or any portion thereof, City shall consider factors such as the financial strength and capability of the proposed transferee to perform Borrower's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, development, and operation of similar projects. No assignment or transfer of Borrower's interest in this Agreement or the Site, including a transfer pursuant to clauses (i)-(vi) of the following sentence, shall be effective unless and until the proposed assignee and Borrower execute and deliver to City an assignment and assumption agreement in form satisfactory to the Contract Officer and City Attorney. City hereby approves the following transfers: (i) transfer of a general partnership interest in Borrower to a nonprofit or limited liability company affiliate of BRIDGE SC, LLC, a California limited liability company ("BSC LLC") or BRIDGE Housing Corporation – Southern California, a California nonprofit public benefit corporation ("BSC"); (ii) removal of BSC LLC by the limited partner pursuant to the Borrower's partnership agreement, provided a new nonprofit or limited liability company general partner approved by City (such approval not to be unreasonably withheld) is designated by the limited partner within ninety (90) days; (iii) transfer of limited partnership interests in Borrower; (iv) execution of an option agreement between Borrower and BSC LLC; (v) exercise of the option and purchase of Borrower's leasehold interest in the Site and the Project by BSC or BSC LLC, or a nonprofit or

limited liability company affiliate of BSC or BSC LLC; and (vi) exercise by Landlord of its option to purchase Borrower's leasehold interest as set forth and in accordance with the terms of the Ground Lease. As used in the preceding sentence, the term "affiliate" shall mean an entity who directly or indirectly controls BSC or BSC LLC, or is controlled by BSC or BSC LLC, such as, but not limited to, BRIDGE Housing Corporation, a California nonprofit public benefit corporation.

7.9 Prohibition Against Assignment and Transfer by City. The City shall not voluntarily assign or transfer its interest in all or any part of this Agreement (which by definition includes all attachments hereto) without Borrower's prior written approval, which shall not be unreasonably withheld. Notwithstanding the foregoing sentence, the City may: (a) in its sole and absolute discretion assign or transfer all or any part of its interest in this Agreement without Borrower's approval to the Agency, or (b) with the approval of Borrower, which shall not be unreasonably withheld or delayed, assign or transfer all or any part of its interest in this Agreement to the community land trust ("CLT") duly created and existing pursuant to law for the benefit of creating and maintaining affordable housing within the City (the "Irvine CLT"). At the time of execution of this Agreement, the Irvine CLT has not been created but is anticipated to be duly authorized and in existence soon after the execution of this Agreement, and Borrower hereby acknowledges and agrees that the provisions in this Section 7.9 shall be binding upon Borrower upon the lawful creation of the Irvine CLT.

7.10 Third Party Beneficiaries. The Agency is an intended third party beneficiary of this Agreement (which by definition includes all attachments hereto) and shall have the right, but not the obligation, to enforce its provisions. Except as provided in this Section 7.10, no person or entity other than City, Borrower, and the Agency, and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

7.11 Right of Refusal to Purchase Borrower's Interest. In the event that: (i) Borrower desires to sell all or any part of its interest in the Site (including any and all improvements thereon) (the "Interest") to a third party other than BSC, BSC LLC, or any affiliate of BSC or BSC LLC (as defined in Section 7.8 above), and (ii) Borrower has complied with any and all approvals as required by Landlord pursuant to the Ground Lease prior to the sale of said Interest, and (iii) Borrower has received an acceptable bona fide offer to purchase said Interest ("Offer"), then Borrower shall give written notice to City of Borrower's intent to sell said Interest (the "Notice of Intent to Sell"), together with an executed copy of the Offer setting forth all of the terms of the proposed purchase and identifying the prospective purchaser. City (or its permitted assignee or successor) shall then have an option to purchase said Interest on the same terms and conditions as set forth in the Offer; provided, however, that if the terms and conditions of the Offer provide for an exchange of property or other non-cash item as payment for all or any portion of the purchase price, City shall have the further option of paying Borrower in cash or cash equivalent at closing the full amount of the purchase price of the Interest notwithstanding any non-cash terms set forth in the Offer. Borrower hereby agrees to be bound by the preemptive rights herein and shall sell to City the Interest notwithstanding any terms to the contrary set forth in the Offer so long as the City's exercise of its option produces the economic equivalent of the Offer.

If City elects to exercise its option, City shall deliver to Borrower its written "Notice of Exercise of Option" of such election within sixty (60) days after receipt of the Notice

of Intent to Sell, where the option set forth in this Section 7.11 shall remain open and available to City for the sixty (60) day period. In the event City fails to exercise its option within the sixty (60) day period, then: (i) Borrower shall be free to accept an offer to sell the Interest on the terms and conditions set forth in the Offer at any time within ninety (90) days after the expiration of such sixty (60) day period; and (ii) City shall, upon request, deliver to Borrower an acknowledgement of City's failure or decision not to exercise the option and Borrower's right to sell the Interest pursuant to this Section 7.11.

7.12 Representations and Warranties. Borrower and each person executing this Agreement on behalf of Borrower represents and warrants that: (a) Borrower is a California limited partnership in good standing and authorized to do business in the County of Orange; (b) Borrower has all requisite power and authority to carry out its business as now and whenever conducted and to enter into and perform its obligations under this Agreement and the agreements attached to this Agreement; (c) by proper action of Borrower, Borrower's signatories have been duly authorized to execute and deliver this Agreement; (d) the execution of this Agreement by Borrower does not violate any provision of any other agreement to which Borrower is a party; (e) Borrower is an "affiliate," as that term is defined in Section 7.8 of this Agreement, of BRIDGE Housing Corporation, a California nonprofit public benefit corporation; and (f) except as may be specifically set forth in this Agreement, no approvals or consents not heretofore obtained by Borrower are necessary in connection with the execution of this Agreement by Borrower or with the performance by Borrower of its obligations hereunder.

7.13 Marketing of Units. No later than thirty (30) days prior to the date Borrower anticipates the commencement of the marketing of the Project, Borrower shall prepare and submit to the City Manager or designee for approval, which shall not be unreasonably withheld or delayed, a marketing plan (the "Marketing Plan") for the leasing of the Restricted Units, as that term is defined in the Regulatory Agreement.

7.14 Execution in Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

7.15 Attachments. This Agreement contains eleven (11) Attachments, attached hereto and made a part hereof by this reference. Said Attachments are identified as follows:

1	Legal Description of Site
2	Development Schedule
3	Promissory Note Secured by Leasehold Deed of Trust with Assignment of Rents

Reference is made to:

(i) The Affordable Housing and Loan Agreement, with all Attachments thereto, by and between City and Borrower, with an Effective Date of April 21, 2006, as may be amended from time to time with City's approval, ("Affordable Housing Agreement"), which sets forth terms and conditions for Borrower's development and operation of that certain real property located in the City of Irvine, County of Orange, State of California, more particularly described in the legal description attached as Attachment No. 1 to the Affordable Housing Agreement ("Real Property"). All buildings and other improvements and structures now or hereafter located on the Real Property are collectively known as "Improvements." The Real Property and Improvements thereon are collectively referred to as the "Site." Capitalized terms used herein and not otherwise defined shall have the same meaning as set forth in the Affordable Housing Agreement.

(ii) The Regulatory Agreement and Declaration of Covenants and Restrictions between Borrower and City, in the form attached as Attachment No. 6 to the Affordable Housing Agreement, and recorded against Borrower's leasehold interest in the Site on or about the date first written above, as may be amended from time to time with City's approval ("Regulatory Agreement").

(iii) The Leasehold Deed of Trust with Assignment of Rents securing this City Note recorded against Borrower's leasehold interest in the Site on or about the date first written above, as may be amended from time to time with City's approval ("Leasehold Deed of Trust").

(iv) The Ground Lease between Borrower and The Irvine Company ("Landlord") for the lease of the Site to Borrower, as may be amended from time to time with City's approval ("Ground Lease").

1. **Principal Amount; Interest Amount.** The principal amount of the City's loan to Borrower is Two Million Eight Hundred Fifty Thousand Dollars ($2,850,000.00) ("City Loan"). Simple interest shall accrue on the outstanding principal balance of the City Loan at the rate of three percent (3%) per annum, or the maximum legal limit, whichever is less, upon the first disbursement of funds from the City Loan, until accrued interest and unpaid principal are paid in full. The City Loan shall be disbursed to Borrower as set forth in the Affordable Housing Agreement.

2. **Repayment of City Loan.**

(a) Term of City Note. The term of this City Note (the "City Note Term") shall be fifty-eight (58) years from the Note Date. The date that marks the end of the City Note Term is the "Maturity Date." If not sooner paid, all remaining accrued interest and unpaid principal of the City Loan shall be due and payable on the Maturity Date.

(b) Repayment of City Loan. Borrower shall be obligated to repay the principal amount of the City Loan and accrued interest, without setoff or deduction, by paying to City annual payments equal to fifteen percent (15%) of the Project Cash Flow (as that term is defined below) for the preceding calendar year. Each annual payment shall be due and payable no later than June 1 of the following calendar year. Borrower's obligation to make annual payments hereunder shall be applicable only to the extent there is sufficient Project Cash Flow available from the Project from the preceding calendar year. For purposes of this Section 2, the following definitions shall apply:

> *"Gross Income"* shall mean all amounts received by Borrower from third parties for the use or occupancy of the Project or any portion thereof, and for services provided thereon, whether or not denominated rent, including, without limitation, rent, cost reimbursements, parking charges and amounts received by, payable to, or payable to the order of Borrower.
>
> *"Index"* shall mean the Consumer Price Index--Urban Consumers (Los Angeles-Anaheim-Riverside CA, area; Base 1982-84=100), as published by the United States Department of Labor, Bureau of Labor Statistics or any successor index or agency reasonably acceptable to the parties.
>
> *"Operating Expenses"* shall mean all expenses paid by Borrower in connection with the Project, whether ordinary or extraordinary, except expenses reimbursed by insurance, to the extent so reimbursed, and federal and state taxes on net income. The term Operating Expenses shall include, without limitation, (I) all insurance premiums, including, without limitation, premiums for fire, extended coverage, earthquake and flood insurance, liability insurance, boiler and machinery insurance and business interruption and loss of rents insurance; (II) all taxes and assessments; (III) all costs and expenses of ownership, operation, management, maintenance and repair of the Project (including walkways, parking areas and landscaped areas), including, but not limited to, the following costs by way of illustration: (i) utility expenses (including heating, ventilating, and air conditioning); (ii) labor costs and contractors' fees incurred in the management, maintenance and/or operation of the Project; (iii) maintenance, repair and

component replacement of mechanical, plumbing, heating and air conditioning systems and elevators; (iv) property management fees not to exceed the lesser of (a) Forty Two Dollars and Fifty Cents ($42.50) per unit per month (which amount shall increase annually by the lesser of three percent (3%) or the rate of increase in the Index from the prior Lease Year) or (b) seven percent (7%) of the gross rental income received by Borrower in connection with its rental of units for the applicable Lease Year; (v) accounting; (vi) janitorial; (vii) security; (viii) supplies; (ix) materials and equipment; and (x) waste disposal; (IV) debt service on indebtedness (other than the indebtedness of the County Financing and the City Financing, each of which shall be payable from Project Cash Flow and shall not be included in determining Operating Expenses) scheduled in the Finance Budget (if any loan from any Mortgagee is exonerated or satisfied as a result of a foreclose proceeding, deed in lieu, or any like transaction, then an amount equal to what the debt service would have been on such loan shall be included in the computation of Operating Expenses); (V) debt service on any loan made by a Mortgagee at a rate not in excess of then prevailing market rates, the proceeds of which loan are used solely for the purpose of paying off the then remaining principal balance of the County Financing on the maturity thereof, provided that the payment terms on such loan are approved by Landlord and not in excess of the County Debt Service; (VI) payments into operating and replacement reserves scheduled in the Finance Budget; (VII) any partnership management fee paid to the general partner of Borrower not to exceed Fifteen Thousand Dollars ($15,000.00) per Lease Year (which amount shall increase annually by three percent (3%)), and (VIII) payment to BRIDGE Housing Corporation, a California nonprofit public benefit corporation ("BRIDGE HC"), of a deferred developer fee, not to exceed One Hundred Thousand Dollars ($100,000.00) per Lease Year, related to the initial development of the Site in accordance with the Development Services Agreement concerning the Site between Borrower and BRIDGE HC as in effect as of the date hereof to the extent such deferred developer fee is not paid from capital contributions to Tenant or from financing proceeds and provided that Landlord has approved the amount of such deferred developer fee in the exercise of its reasonable discretion. Notwithstanding anything to the contrary in the foregoing, Operating Expenses shall not exceed the reasonable cost thereof as measured by fees paid to third parties rendering similar services, Operating Expenses shall not include any items paid from any of the reserves described in subsection (VI) above, Operating Expenses shall not include the cost of any recapture bond contemplated by that certain Purchase Option Agreement between Borrower and BRIDGE SC, LLC dated on or about April 25, 2006, and Operating Expenses shall not include any real property taxes or assessments for which Borrower is entitled to receive an exemption under Section 2.14(g) of the California Revenue and Taxation Code. Legal and accounting fees shall only be included in Operating Expenses to the extent directly related to the operation, maintenance, improvement or leasing of the Site, drafting and negotiating leases and construction contracts, calculating tenant reimbursements, prosecuting unlawful detainer actions, preparation of tax returns, accounting reports and audits, reports and studies required by any Mortgagee or any governmental agency, appeals in respect of taxes, assessments, or income and franchise taxes, and the like; provided, however, that the costs associated with appeals of real

property taxes and assessments shall be included in Operating Expenses only if Landlord has approved Borrower's undertaking the applicable appeal in writing in advance (such approval not to be unreasonably withheld, conditioned or delayed).

"Project Cash Flow" shall mean, as to each calendar year (or partial calendar year in the case of the first year in which Gross Income is generated), the amount of Gross Income for such calendar year reduced by the Operating Expenses for such calendar year, determined on a cash basis without regard to any carry-over of profit or loss from any prior calendar year.

At the time each payment is due hereunder, Borrower shall provide to City a full accounting of the amount of Borrower's Gross Income and Operating Expenses for the preceding period for which Borrower's payment to City is to be determined, certified by Borrower to be true and correct, in order to enable City to verify the accuracy of Borrower's payment. Borrower shall keep and maintain on the Site or BRIDGE Housing Corporation's office, or at such other location approved by City, full, complete, accurate, and auditable books, records, and accounts of all income and expenses for a payment period until the date that is at least four (4) years after such payment is made. City and its designated agents and employees shall have the right at reasonable times upon request to examine and inspect all of the books and records of Borrower for the purpose of investigating and verifying the accuracy of any payment by Borrower. In addition, City may cause an audit of Borrower's books and records to be made by an independent certified accountant of City's selection and if the statement of the amount due to City made by Borrower shall be found to be inaccurate, then and in that event, there shall be an adjustment and one party shall pay to the other on demand such sums as may be necessary to settle in full the accurate amount that should have been paid for the period or periods covered by such inaccurate statement and payment, together with interest on any past due amounts in accordance with Section 2(d) herein. If said audit shall disclose an inaccuracy on the part of Borrower which resulted in an underpayment greater than three percent (3%) for the applicable period, then Borrower shall immediately pay to City the cost of such audit; otherwise, the cost of such audit shall be paid by City. In addition, if such audit shall disclose any willful inaccuracy with respect to the payment obligation reported by Borrower, Borrower shall triple the amount otherwise shown to be due as a result of the audit. If City requests an inspection or makes an audit as set forth herein, the necessary books and records shall be produced, at Borrower's election, at the Site, City Hall, or an office of Borrower located in Orange County, within five (5) business days after request therefor.

(c) Late Charge. If Borrower fails to timely make a required payment within ten (10) days following the due date of such payment, interest at the rate of ten percent (10%) per annum or the maximum legal rate then applicable, whichever is less, shall accrue on the outstanding amount due commencing from the date payment was due.

(d) Application of Payments. All payments shall be first credited to accrued interest, next to costs, charges, and fees which may be owing from time to time, and then to reduction of the outstanding principal balance. All payments shall be made in lawful money of the United States.

(e) Place of Payment. Payments shall be made to City at One Civic Center Plaza, Irvine, California 92623, Attn: Grants Coordinator, Community Development

Department, or at such other address or such other City official as City may direct pursuant to written notice delivered to Borrower.

3. **Default; Cross-Default**. Borrower shall be deemed in default of this City Note in the event (a) Borrower fails to timely make a required payment within ten (10) days following the due date of any payment due hereunder, or (b) Borrower is in default of any of the other terms of this City Note, or in default of the Leasehold Deed of Trust, the Affordable Housing Agreement, or the Regulatory Agreement following expiration of the applicable cure period or, if there is no cure period provided for, following written notice and thirty (30) days opportunity to cure. In the event Borrower is in default, City, at its option, may declare the entire indebtedness evidenced hereby immediately due and payable. City will recognize any cure of any default of Borrower under this City Note tendered by Landlord or Borrower's limited partner with the same effect as if the same were tendered by Borrower.

7. **No Waiver by City**. 8. **Not Assignable**. This City Note shall not be assignable or assumable without the express written consent of City, which may be given or withheld in City's sole and absolute discretion.

9. **Severability; Governing Law; Amendment**. be governed and construed in accordance with the laws thereof. Neither this City Note nor any term hereof may be waived, amended, discharged, modified, changed, or terminated orally; nor shall any waiver of any provision hereof be effective except by an instrument in writing signed by Borrower and City.

Borrower shall not have any personal liability under this Note or any of the other Loan Documents to pay the indebtedness evidenced hereby, and any judgment, decree or order for the payment of money obtained in any action to enforce the obligation of Borrower to pay the City Loan shall be enforceable against Borrower only to the extent of Borrower's interest in the Site.

LEASEHOLD DEED OF TRUST WITH ASSIGNMENT OF RENTS

This LEASEHOLD DEED OF TRUST WITH ASSIGNMENT OF RENTS is made this 21st day of April, 2006, among WOODBURY PARTNERS, A CALIFORNIA LIMITED PARTNERSHIP ("Trustor"), whose address is c/o BRIDGE Housing Corporation, 345 Spear Street, Suite 700, San Francisco, California 94105, and FIRST AMERICAN TITLE COMPANY ("Trustee"), and the CITY OF IRVINE, a California municipal corporation ("Beneficiary").

1. **Grant In Trust.** For the purposes and upon the terms and conditions in this Leasehold Deed of Trust, Trustor grants, transfers, and assigns to Trustee, in trust, with power of sale and right of entry and possession, the following property and any interest therein (collectively, the "Trust Estate"): (a) Trustor's leasehold interest the real property located in the City of Irvine, County of Orange, State of California described in Exhibit "A" attached hereto and incorporated herein by this reference ("Real Property"); (b) all buildings and other improvements and structures now or hereafter located on the Real Property (collectively, the "Improvements" and together with the Real Property shall sometimes be referred to as the "Site"); (c) all existing and future leases, subleases, subtenancies, licenses, agreements and concessions relating to the use, occupancy or enjoyment of all or any part of the Site, together with any and all guaranties and other agreements relating to or made in connection with any of the foregoing (individually, a "Lease", and collectively, the "Leases"); and (d) all rents, issues, income, revenues, royalties, profits, proceeds and earnings now or hereafter payable with respect to or otherwise derived from the ownership, use, management, operation, leasing or occupancy of the Site, including, without limitation, cash or security deposited under any of the leases to secure the performance by the lessees of their obligations thereunder (collectively, the "Rents").

2. **Obligations Secured.** Trustor makes this grant and assignment for the purpose of securing the following: (a) payment of the sum of Two Million Eight Hundred Fifty Dollars ($2,850,000.00) and interest accrued thereon, according to the terms of a promissory note dated on or about the date hereof made by Trustor, payable to order of Beneficiary, and extensions, modifications or renewals thereof ("City Note"); (b) performance of Trustor under the City Note, the Affordable Housing and Loan Agreement between Trustor and Beneficiary dated April 21,

2006 ("Affordable Housing Agreement"), and the Regulatory Agreement and Declaration of Covenants and Restrictions between Trustor and Beneficiary recorded against Borrower's leasehold interest in the Site on or about the date hereof ("Regulatory Agreement"), as such agreements may be amended from time to time, and each agreement of Trustor incorporated by reference or contained herein; and (c) payment of additional sums and interest thereon which may hereafter be loaned to Trustor, or its successors or assigns, when evidenced by a promissory note or notes reciting that they are secured by this Leasehold Deed of Trust. This Leasehold Deed of Trust, the City Note, the Affordable Housing Agreement, and the Regulatory Agreement are collectively referred to herein as the "Loan Documents."

3. **Acceleration of Loan Upon Sale, Encumbrance, Refinance, or Default**. To the extent permitted by applicable law, if Trustor shall: (a) directly or indirectly, voluntarily, or involuntarily, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of the Trust Estate (excluding the lease of the units on the Site in accordance with the Affordable Housing Agreement and Regulatory Agreement or other transfers approved by City or pre-approved by City pursuant to the Affordable Housing Agreement); (b) refinance any lien or encumbrance which has priority over this Leasehold Deed of Trust for a loan amount in excess of an amount equal to the then outstanding sum secured by such lien or encumbrance plus reasonable closing costs associated with the refinance; or (c) default on any of its obligations set forth in the Loan Documents following expiration of the applicable cure period or, if there is no cure period provided for, following written notice and thirty (30) days opportunity to cure, Beneficiary, at its option, may declare the entire indebtedness evidenced hereby to be immediately due and payable and collectible then or thereafter as Beneficiary may elect, regardless of the date of maturity.

4. **Assignment of Rents and Performance of Leases.**

4.1 **Assignment of Rents and Leases**. Trustor hereby irrevocably, absolutely and unconditionally assigns and transfers to Beneficiary all of Trustor's right, title and interest in and to the Leases and the Rents; provided, however, that so long as no Event of Default has occurred and is continuing, Trustor shall have the right under a license granted hereby to collect and receive all Rents as trustee for the benefit of Beneficiary and to apply the amounts so collected first to the payment of costs and expenses associated with the ownership, maintenance, operation and leasing of the Site, including, principal, interest and all other amounts required to be paid under the Loan Documents (including, but not limited to, all costs and expenses that must be paid from Project Cash Flow as set forth in the City Note), before using or applying such Rents for any other purpose. No Rents or such other income shall be distributed or paid to Trustor unless such costs and expenses which are then due have been paid in full. Thereafter, so long as no Event of Default has occurred and is continuing, the balance may be distributed to Trustor. If an Event of Default has occurred and is continuing, Trustor's right to collect and receive the Rents under the license granted hereby shall cease and the license shall be revoked automatically, and Beneficiary shall have the sole right, with or without taking possession of the Site, to collect all Rents; provided, however, if such Event of Default is cured, then such license shall be automatically reinstated. This is an absolute assignment and not an assignment for security only. For purposes of this Section 4, the term "Event of Default" shall mean (a) the failure of Trustor to timely pay, within ten (10) days of its due date, any payment due under the City Note, or (b) the failure of Trustor to promptly and completely observe or perform any term,

condition, covenant, agreement or obligation contained in any Loan Document or any other instrument or agreement secured hereby, and the continuation of such failure following the expiration of any applicable notice, cure or grace period, if any, provided for therein or herein; provided, however, that in the event no cure or grace period is otherwise provided for herein or therein, such failure shall not be an Event of Default hereunder if Trustor observes or performs such term, condition, covenant, agreement or obligation within thirty (30) days of receipt of written notice from Beneficiary of Trustor's failure to observe or perform any such term, condition, covenant, agreement or obligation, or if not reasonably susceptible of cure within thirty (30) days, then provided the cure is commenced in thirty (30) days and diligently and continuously prosecuted to a cure within sixty (60) additional days thereafter (for a total of ninety (90) days).

4.2 Covenants Regarding Leases. Trustor shall not, without the prior written consent of Beneficiary, (a) collect any rent from any lessee for a period of more than one (1) month in advance, or (b) execute any further assignment of any of its right, title and interest in the Leases and the Rents. Trustor shall (a) observe, perform and discharge each and every obligation, term, covenant, condition and agreement of Trustor under the Leases in all material respects, (b) enforce the performance of each and every obligation, term, covenant, condition and agreement in the Leases to be performed by any lessee or guarantor thereof in all material respects, (c) use good faith commercially reasonable efforts to keep the Site leased at a good and sufficient rental and on such other terms and conditions as are reasonably acceptable to Beneficiary, (d) execute and deliver to Beneficiary upon demand, at any time and from time to time, any and all assignments and other instruments which Beneficiary may deem reasonably advisable to carry out the true purposes and intent of the assignment set forth in Section 4.1 above, and (e) at the written request of Beneficiary, cause any or all tenants under a Lease to execute a subordination, nondisturbance and attornment agreement and estoppel certificate in form and substance reasonably satisfactory to Beneficiary.

5. Incorporation of Fictitious Leasehold Deed of Trust. To protect the security of this Leasehold Deed of Trust, and with respect to the Site above described, Trustor expressly makes each and all of the agreements, and adopts and agrees to perform and be bound by each and all of the terms and provisions set forth in subdivision A, and it is mutually agreed that each and all of the terms and provisions set forth in subdivision B, of the fictitious deed of trust recorded in the Orange County Recorder's Office on August 17, 1964, and in all other counties on August 18, 1964, in the book and at the page of Official Records in the office of the county recorder of the county where said Site is located, noted below opposite the name of such county, namely:

DO NOT RECORD

The following is a copy of Subdivisions A and B of the fictitious Deed of Trust recorded in each county in California as stated in the foregoing Deed of Trust and incorporated by reference in said Deed of Trust as being a part thereof as if set forth at length therein.

A. To protect the security of this Deed of Trust, Trustor agrees:

1) To keep said property in good condition and repair, not to remove or demolish any building thereon; to complete or restore promptly and in a good and workmanlike manner any building which may be constructed, damaged or destroyed thereon and to pay when due all claims for labor performed and materials furnished therefor, to comply with all laws affecting said property or requiring any alterations or improvements to be made thereon; not to commit or permit waste thereof; not to commit, suffer or permit any act upon said property in violation of law; to cultivate, irrigate, fertilize, fumigate, prune and do all other acts which from the character or use of said property may be reasonably necessary, the specific enumerations herein not excluding the general.

2) To provide, maintain and deliver to Beneficiary fire insurance satisfactory to and with loss payable to Beneficiary. The amount collected under any fire or other insurance policy may be applied by Beneficiary upon any indebtedness secured hereby and in such order as Beneficiary may determine, or at the option of Beneficiary the entire amount so collected or any part thereof may be released to Trustor. Such application or release shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

3) To appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; and to pay all costs and expenses, including cost of evidence of title and attorney's fees in a reasonable sum, in any such action or proceeding in which Beneficiary or Trustee may appear, and in any suit brought by Beneficiary to foreclose this Deed.

4) To pay: at least ten (10) days before delinquency all taxes and assessments affecting said property, including assessments on appurtenant water stock; when due, all encumbrances, charges and liens, with interest, on said property or any part thereof, which appear to be prior or superior hereto; all costs, fees and expenses of this Trust.

Should Trustor fail to make any payment or to do any act as herein provided, then Beneficiary of Trustee, but without obligation so to do and without notice to or demand upon Trustor and without releasing Trustor from any obligation hereof, may: make or do the same is such manner and to such extent as either may deem necessary to protect the security hereof, Beneficiary or Trustee being authorized to enter upon said property for such purposes; appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; pay, purchase, contest or compromise any encumbrance, charge or lien which in the judgment of either appears to be prior or superior hereto; and, in exercising any such powers, pay necessary expenses, employ counsel and pay his reasonable fees.

5) To pay immediately and without demand all sums so expended by Beneficiary or Trustee, with interest from the date of expenditure at the amount allowed by law in effect at the date hereof, and to pay for any statement provided for by law in effect at the date hereof regarding the obligation secured hereby any amount demanded by the Beneficiary not to exceed the maximum allowed by law at the time when said statement is demanded.

B. It is mutually agreed:

1) That any award in connection with any condemnation for public use of or injury to said property or any part thereof is hereby assigned and shall be paid to Beneficiary who may apply or release such moneys received by him in the same manner and with the same effect as above provided for disposition of proceeds of fire or other insurance.

2) That by accepting payment of any sum secured hereby after its due date, Beneficiary does not waive his right either to require prompt payment when due of all other sums so secured or to declare default for failure so to pay.

3) That at any time or from time to time, without liability therefor and without notice, upon written request of Beneficiary and presentation of this Deed and said note for endorsement, and without affecting the personal liability of any person for payment of the indebtedness secured hereby, Trustee may: reconvey any part of said property; consent to the making of any map or plat thereof; join in granting any easement thereon, or join in any extension agreement or any agreement subordinating the lien or charge hereof.

4) That upon written request of Beneficiary stating that all sums secured hereby have been paid, and upon surrender of this Deed and said note to Trustee for cancellation and retention or other disposition as Trustee in its sole discretion may choose and upon payment of its fees, Trustee shall reconvey, without warranty, the property then held hereunder. The recitals in such reconveyance of any matters or facts shall be conclusive proof of the truthfulness thereof. The Grantee in such reconveyance may be described as "the person or persons legally entitled thereto."

5) That as additional security, Trustor hereby gives to and confers upon Beneficiary the right, power and authority, during the continuance of these Trusts, to collect the rents, issues and profits of said property, reserving unto Trustor the right, prior to any default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, to collect and retain such rents, issues and profits as they become due and payable. Upon any such default, Beneficiary may at any time without notice, either in person, by agent, or be a receiver to be appointed by a court, and without regard to the adequacy of any security for the indebtedness hereby secured, enter upon and take possession of said property or any part thereof, in his own name sue for or otherwise collect such rents, issues, and profits, including those past due and unpaid, and apply the same, less costs and expenses of operation and collection, including reasonable attorney's fees, upon any indebtedness secured hereby, and in such order as Beneficiary may determine. The entering upon and taking possession of said property, the collecting of such rents, issues and profits and the application thereof as aforesaid, shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

6) That upon default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, Beneficiary may declare all sums secured hereby immediately due and payable by delivery to Trustee of written declaration of default and demand for sale and of written notice of default and of election to cause to be sold said property, which notice Trustee shall cause to be filed for record. Beneficiary also shall deposit with Trustee this Deed, said note and all documents evidencing expenditures secured hereby.

After the lapse of such time as may then be required by law following the recordation of said notice of default, and notice of sale having been given as then required by law, Trustee, without demand on Trustor, shall sell said property at the time and place fixed by it in said notice of sale, either as a whole or in separate parcels, and in such order as it may determine, at public auction to the highest bidder for cash in lawful money of the United States, payable at time of sale. Trustee may postpone sale of all or any portion of said property by public announcement at such time and place of sale, and from time to time thereafter may postpone such sale by public announcement at the time fixed by the preceding postponement. Trustee shall deliver to such purchaser its deed conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed of any matters or facts shall be conclusive proof of the truthfulness thereof. Any person, including Trustor, Trustee, or Beneficiary as hereinafter defined, may purchase at such sale.

After deducting all costs, fees and expenses of Trustee and of this Trust, including cost of evidence of title in connection with sale, Trustee shall apply the proceeds of sale to payment of: all sums expended under the terms hereof, not then repaid, with accrued interest at the amount allowed by law in effect at the date hereof; all other sums then secured hereby; and the remainder, if any, to the person or persons legally entitled thereto.

7) Beneficiary, or any successor in ownership of any indebtedness secured hereby, may from time to time, by instrument in writing, substitute a successor or successors to any Trustee named herein or acting hereunder, which instrument, executed by the Beneficiary and duly acknowledged and recorded in the office of the recorder of the county or counties where said property is situated shall be conclusive proof of proper substitution of such successor Trustee or Trustees, who shall, without conveyance from the Trustee predecessor, succeed to all its title, estate, rights, powers and duties. Said instrument must contain the name of the original Trustor, Trustee and Beneficiary hereunder, the book and page where this Deed is recorded and the name and address of the new Trustee.

8) That this Deed applies to, inures to the benefit of, and binds all parties hereto, their heirs, legatees, devisees, administrators, executors, successors and assigns. The term Beneficiary shall mean the owner and holder, including pledgees, of the note secured hereby, whether or not named as Beneficiary herein. In this Deed, whenever the context so requires, the masculine gender includes the feminine and/or neuter, and the singular number includes the plural.

9) That Trustee accepts this Trust when this Deed, duly executed and acknowledged, is made a public record as provided by law. Trustee is not obligated to notify any party hereto of pending sale under any other Deed of Trust or of any action or proceeding in which Trustor, Beneficiary or Trustee shall be a party unless brought by Trustee.

Declarant shall maintain each Income Computation and Certification Form obtained pursuant to this Section and Section 4.5 for a minimum period of five (5) years.

4.5 Recertification. Within sixty (60) days prior to the first anniversary date of the occupancy of a Restricted Unit by an Eligible Tenant, and on each anniversary date thereafter, Declarant shall recertify the income of such Eligible Tenant by obtaining a completed Income Computation and Certification Form based upon the current income of each occupant of the Restricted Unit. If, upon recertification, the occupant of a Low Income Restricted Unit has a household income that exceeds one hundred forty percent (140%) of the maximum eligible income for a "lower income household" as defined in Health and Safety Code Section 50079.5 or successor statute, or the occupant of a Moderate Income Restricted Unit has a household income that exceeds the income limits defined in Health and Safety Code Section 50093 or successor statute, Declarant shall terminate the Rental Agreement of the former Eligible Tenant in accordance with Section 5 of this Agreement.

(c) Declarant shall give priority in renting Restricted Units to Eligible Tenants who constitute displaced persons entitled to a preference pursuant to California Health and Safety Code Section 33411.3 or successor statute. Declarant shall maintain a list of persons who have applied for a Restricted Unit and, subject to the priority to be given to displaced persons as set forth above, should multiple tenants be equally eligible (as to income, credit history, and other nondiscriminatory criteria) and qualified to rent a Restricted Unit, Declarant shall rent available Restricted Units to Eligible Tenants on a first qualified (with reasonable efforts made to qualify applicants in the order that the applications are received), first offered basis, or pursuant to a lottery system. Declarant shall use commercially reasonable efforts to lease Restricted Units that become available in accordance with the Marketing Plan prepared by Declarant and approved by the City pursuant to Section 7.13 of the Affordable Housing Agreement.

4.7 Rental Agreement. The form of the rental agreement between Declarant and each of the Eligible Tenants ("Rental Agreement") shall be approved by City prior to the rental or leasing of any of the Restricted Units. Once approved, no changes shall be made to the

form of the Rental Agreement without City's prior written approval. The Rental Agreement shall obligate the Eligible Tenants to comply with the provisions set forth in Section 4 of this Agreement and an Eligible Tenant who violates such requirements shall be in default under the rental agreement. Not by way of the foregoing, each Rental Agreement with an Eligible Tenant shall include a provision to the effect that the Declarant has relied on the information provided by the Eligible Tenant on the Income Computation and Certification Form and all other supporting information supplied by the Eligible Tenant in determining qualification for occupancy of the applicable Restricted Unit, and that any material misstatement in such certification (whether or not intentional) will be cause for immediate termination of such Rental Agreement. In addition, each rental agreement shall contain a provision that failure to cooperate with the annual recertification process may disqualify the Eligible Tenant as such and will be will be cause for immediate termination of such Rental Agreement.

5. **Termination of Rental Agreement.** In addition to the provisions in Section 4.7 above, the Rental Agreement shall provide the terms, including notice and appeal rights, for the termination of a tenancy in the event the recertification process reveals the occupant's household income exceeds the maximum eligible income allowable as set forth in Section 4.5 of this Agreement. The notice shall provide that the occupant's assistance will be withdrawn six (6) months from the date of delivery of said notice, and shall provide the date of termination of the tenancy upon which the occupant must vacate the Restricted Unit.

6. **Maintenance of Site.** Declarant shall maintain or cause to be maintained the Site and all improvements on the Site, including the Restricted Units, in first class condition and repair consistent with similar projects (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders, and regulations of all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction. City places prime importance on quality maintenance to protect its investment and to ensure that affordable housing projects within the City of Irvine are not allowed to deteriorate due to substandard maintenance. In addition, Declarant shall keep the Site free from all graffiti and any accumulation of debris or waste material. Declarant shall make all repairs and replacements necessary to keep the improvements in first class condition and repair and shall promptly eliminate all graffiti and replace dead and diseased plants and landscaping with comparable approved materials. In the event that Declarant breaches any of the covenants contained in this Section 6, and such default continues for a period of five (5) days after written notice from a City (with respect to landscaping, graffiti, debris, waste material, and general maintenance) or thirty (30) days after written notice from City (with respect to building improvements), then City in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Site and perform or cause to be performed all such acts and work necessary to cure the default. Pursuant to such right of entry, City shall be permitted (but is not required) to enter upon the Site and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Site, and to attach a lien on the Site, or to assess the Site, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by City and/or costs of such cure, including a fifteen percent (15%) administrative charge, which amount shall be promptly paid by Declarant to City upon demand.

7. **Management.**

7.1 Site Manager. Declarant shall manage or shall cause the rental project on the Site to be managed in a prudent and business-like manner. Declarant may contract with a management company or manager to operate and maintain the Site in accordance with the terms of this Agreement ("Site Manager"); provided, however, that the selection and hiring of such a Site Manager company shall be subject to approval by City, which shall not be unreasonably withheld provided that the management company or manager has the requisite experience level and performance record.

7.2 Gross Mismanagement. In the event of "Gross Mismanagement" (as that term is defined below), City shall have the authority to require that such Gross Mismanagement cease immediately, and further to require the immediate replacement of the Site Manager, whether that Site Manager is Declarant or a third party. The replacement Site Manager shall be required to operate and maintain the Site in accordance with the terms of this Agreement. In the event of such a replacement, the costs to retain the replacement Site Manager shall be the responsibility of Declarant. City shall provide written notice to Declarant of the event(s) of Gross Mismanagement occurring and Declarant shall have five (5) days after receipt of such notice to cure, correct, or remedy the event(s) of Gross Mismanagement identified in City's notice and to notify City of the cure, correction, or remedy. For purposes of this Agreement the term "Gross Mismanagement" shall mean management of the Project in a manner which violates the terms and/or intention of this Agreement to operate the Restricted Units as an affordable housing project of the highest standard, and shall include, but is not limited to, the following:

i. Knowingly allowing a Restricted Unit to be occupied by a person who does not qualify as an Eligible Tenant;

ii. Allowing the prescribed occupancy levels to be exceeded without taking immediate action to stop such overcrowding;

iii. Failure to maintain the Site in the manner prescribed in Section 6;

iv. Repeated failure to collect and review the Income Computation and Certification Form and supporting documents required pursuant to Sections 4.4 and 4.5 of this Agreement for the initial certification of applicants and annual recertification of Eligible Tenants;

v. Fraud or embezzlement of Project monies; and

vi. Failure to fully cooperate with the Irvine Police Department or other City agency or department in maintaining a crime free environment on the Site.

8. Records. Declarant shall maintain complete and accurate records pertaining to the Restricted Units, and shall permit any duly authorized representative of City to inspect the books and records of Declarant pertaining to the Restricted Units.

9. Right to Inspect. City shall have the right to inspect the Site and the Residential Units for purposes of assuring compliance with this Agreement.

10. Relocation. Declarant shall be responsible for providing any relocation benefits or assistance and paying relocation costs to any tenants or occupants who may be displaced from the Site if such benefits or assistance are required to be provided under any applicable federal, state, or local laws, rules or regulations. Declarant shall indemnify, defend, and hold harmless City from and against any and all claims, liabilities, damages or losses arising out of any claims for relocations benefits or assistance that may be asserted by any tenants or occupants of the Site.

11. Ground Lease. Declarant represents and warrants that Declarant's performance under this Agreement will not cause Declarant to be in default of the Ground Lease, and the development, use and operation of the Site under this Agreement is consistent with the use of the Site permitted under the terms of the Ground Lease. Declarant shall comply with each and every condition, responsibility, and obligation it may have pursuant to the Ground Lease in order not to cause a default thereunder. Declarant shall not amend or modify the Ground Lease in any respect inconsistent with this Agreement or in any respect that affects the rights of City as a leasehold mortgagee without the prior written consent of City, which consent City may withhold in its sole and absolute discretion

12. Indemnification. Declarant shall defend, indemnify and hold harmless City and its respective officers, officials, agents, employees, representatives, and volunteers from and against any loss, damage, costs, expenses, liability, claim, or judgment relating in any manner to the Site or Declarant's performance under this Agreement, except to the extent caused by the active negligence or willful misconduct of City.

13. Insurance. Upon completion of the Project and for the term of this Agreement, Declarant shall procure and keep in full force and effect or cause to be procured and kept in full force and effect for the mutual benefit of Declarant and City, and shall provide City evidence reasonably acceptable to City, of insurance policies meeting the minimum requirements set forth in this Section 13.

13.1. Types of Insurance Policies. The insurance policies to be maintained by Declarant upon completion of the Project and for the duration of the term of this Agreement are a follows:

i. Commercial General Liability insurance with respect to the Site and the operations of or on behalf of Declarant, in an amount not less than One Million Dollars ($1,000,000.00) per occurrence combined single limit including products, completed operations, contractual, bodily injury, personal injury, death and property damage liability, subject to such increases in amount as City may reasonably require from time to time; provided, that the percentage increase in coverage shall not be required to exceed the percentage increase in the Consumer Price Index published by the United States Department of Labor, Bureau of Labor Statistics, for Urban Wage Earners and Clerical Workers, Los Angeles-Long Beach-Anaheim Average, All Items (1984 = 100) (the "Index"), from and

after the date of this Agreement, or, if said Index is discontinued, such official index as may then be in existence and which is most nearly equivalent to said Index (the "CPI Adjustment"). Unless otherwise approved in advance by the City, the insurance to be provided by Declarant may provide for a deductible or self-insured retention of not more than Ten Thousand Dollars ($10,000), with such maximum amount to increase at the same rate as the periodic increases in the minimum amount of total insurance coverage set forth above. City and its officers, officials, employees, volunteers, agents, and representatives shall be named as additional insureds under such policy or policies.

ii. With respect to the improvements and any fixtures and furnishings to be owned or leased by Declarant on the Site, all risk property insurance against fire, vandalism, and malicious mischief, and such other additional perils, hazards, and risks as now are or may be included in the standard "all risk" form in general use in Orange County, California, with the standard form fire insurance coverage in an amount equal to full actual replacement cost thereof, as the same may change from time to time. The above insurance policy or policies shall include coverage for earthquakes to the extent generally and commercially available at commercially reasonable rates, if such insurance is generally obtained for rental apartment projects of this size and type in the Orange County, California. City shall be a loss payee under such policy or policies and such insurance shall contain a replacement cost endorsement.

13.2 Policy Requirements. A copy of each paid-up policy evidencing such insurance (appropriately authenticated by the insurer) or a certificate of the insurer, certifying that such policy has been issued, providing the coverage required herein, and containing the provisions specified herein, shall be delivered to City on or prior to the completion of the Project, and thereafter, upon renewals, not less than thirty (30) days prior to the expiration of coverage. City may, at any time, and from time to time, inspect and/or copy any and all insurance policies required to be procured by Declarant hereunder. In no event shall the limits of any policy be considered as limiting the liability of Declarant hereunder. In addition to the requirements set forth in Section 13.1, each insurance policy required to be carried by Declarant pursuant to this Agreement:

i. shall be primary insurance and not contributory with any other insurance which City or its officers, officials, employees, volunteers, agents, or representatives may have;

ii. shall contain no special limitations on the scope of protection afforded to City or its officers, officials, employees, volunteers, agents, and representatives;

iii. shall be "per occurrence" rather than "claims made" insurance;

iv. shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability;

v. shall provide that the policy will not be cancelled or limited in scope by the insurer or Declarant unless there is a minimum of thirty (30) days prior written notice by certified mail, return receipt requested to City;

vi. shall be written by a California licensed insurer with a Best rating of not less than A:VII;

vii. shall be endorsed to state that any failure to comply with the reporting provisions of the policies shall not affect coverage provided to City and its officers, officials, employees, volunteers, agents, and representatives; and

viii. shall contain a waiver by the insurer of any right to subrogation against City, and its officers, officials, employees, volunteer and agents, which arises or might arise by reason of any payment under such policy or policies or by reason of any act or omission of City or its officers, officials, members, employees, agents, or representatives.

14. Repair of Damage. If any improvements on the Site shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty, and subject to the rights of senior lenders and the Landlord of the Site under the Ground Lease, Declarant shall promptly proceed to obtain insurance proceeds and take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the improvements to substantially the same condition as the improvements are required to be maintained in pursuant to this Agreement and the Affordable Housing Agreement, and Declarant shall complete the same as soon as possible thereafter so that the Project can continue to be operated and occupied as an affordable housing project in accordance with this Agreement. In no event shall the repair, replacement, or restoration period exceed 18 months from the date of the destruction unless City, in its sole and absolute discretion, approves a longer period of time.

15. Defaults and Remedies.

15.1 Defaults. Failure or delay by any party to perform any term or provision of this Agreement which is not cured within thirty (30) days after receipt of notice from the other party specifying the default (or five (5) days with respect to certain defaults described in Sections 6 and 7.2) constitutes a default under this Agreement; provided, however, if such default is of the nature requiring more than thirty (30) days to cure, the defaulting party shall avoid default hereunder by commencing to cure within such thirty (30) day period, and thereafter diligently pursuing such cure to completion within sixty (60) days of the expiration of the initial thirty (30) day period (for a total of ninety (90) days). Except as required to protect against further damages, the injured party may not institute proceedings against the party in default until

thirty (30) days after giving such notice. Failure or delay in giving such notice shall not constitute a waiver of any default, nor shall it change the time of default. City will provide written notice to Landlord of any default of Declarant under this Agreement and will recognize any cure of any default of Declarant tendered by Landlord with the same effect as if the same were tendered by Declarant.

15.2 Institution of Legal Actions. In addition to any other rights or remedies, any party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

15.3 Rights and Remedies are Cumulative. The rights and remedies of the parties are cumulative, and the exercise by either party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

16. Miscellaneous.

16.1 Entire Agreement, Waivers, and Amendments. This Agreement contains the entire agreement between the parties relating to the subject matter hereof, and supersedes all negotiations and previous agreements between the parties with respect to all or part of the subject matter hereof, with the exception of the Affordable Housing Agreement and the agreements attached to the Affordable Housing Agreement. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the party to be charged. A waiver of the breach of the covenants, conditions or obligations under this Agreement by either party shall not be construed as a waiver of any succeeding breach of the same or other covenants, conditions or obligations of this Agreement. Any amendment or modification to this Agreement must be in writing and executed by the appropriate authorities of City and Declarant.

16.2 Attorneys' Fees and Costs. If either party to this Agreement commences an action against the other party to this Agreement arising out of or in connection with this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees, expert witness fees, costs of investigation, and costs of suit from the losing party.

16.3 Prohibition Against Assignment and Transfer. The qualifications and identity of Declarant are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Declarant and entered into this Agreement with Declarant. Accordingly, Declarant shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Site or in the Project without the City's prior written approval. In considering whether it will grant approval to any assignment by Declarant of its interest in the Site and this Agreement or any portion thereof, City shall consider factors such as the financial strength and capability of the proposed transferee to perform Declarant's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, development, and operation of similar projects. No assignment or transfer of Declarant's interest in this Agreement or the Site, including a transfer pursuant to clauses (i)-(vi)

of the following sentence, shall be effective unless and until the proposed assignee and Declarant execute and deliver to City an assignment and assumption agreement in form satisfactory to the Contract Officer and City Attorney. City hereby approves the following transfers: (i) transfer of a general partnership interest in Declarant to a nonprofit or limited liability company affiliate of BRIDGE SC, LLC, a California limited liability company ("BSC LLC") or BRIDGE Housing Corporation – Southern California, a California nonprofit public benefit corporation ("BSC"); (ii) removal of BSC LLC by the limited partner pursuant to the Declarant's partnership agreement, provided a new nonprofit or limited liability company general partner approved by City (such approval not to be unreasonably withheld) is designated by the limited partner within ninety (90) days; (iii) transfer of limited partnership interests in Declarant; (iv) execution of an option agreement between Declarant and BSC LLC; (v) exercise of the option and purchase of Declarant's leasehold interest in the Site and the Project by BSC or BSC LLC, or a nonprofit or limited liability company affiliate of BSC or BSC LLC; and (vi) exercise by Landlord of its option to purchase Declarant's leasehold interest as set forth and in accordance with the terms of the Ground Lease. As used in the preceding sentence, the term "affiliate" shall mean an entity who directly or indirectly controls BSC or BSC LLC, or is controlled by BSC or BSC LLC, such as, but not limited to, BRIDGE Housing Corporation, a California nonprofit public benefit corporation.

16.4 Interpretation; Governing Law. This Agreement shall be construed according to its fair meaning and as if prepared by both of the parties hereto. This Agreement shall be interpreted in accordance with the internal laws of the State of California without regard to conflict of law principles.

16.5 Severability. If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in this Agreement, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision(s) had never been contained herein.

16.6 Notices. Whenever in this Agreement one party to the Agreement is required or permitted to give or serve a notice, request or demand to or on the other, such notice, request or demand shall be given or served upon the party to whom it is directed in writing and shall be delivered personally with a delivery receipt, or forwarded by certified mail, postage prepaid, return receipt requested or by commercial delivery service with a delivery receipt, addressed as follows:

Notices personally delivered or delivered by document delivery service shall be deemed effective upon receipt. Notices mailed shall be deemed effective on the second business day following deposit in the United States mail. Such written notices, demands, and communications shall be sent in the same manner to such other addresses as any Party may from time to time designate in writing.

16.7 Covenants Run with the Land. This Agreement is designed to create equitable servitudes and covenants running with Declarant's leasehold interest in the Site, in accordance with the provisions of Civil Code Section 1468. The covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein shall run with the Site and shall be binding upon all persons having any right, title or interest in the Site, or any part thereof, their heirs, successive owners and assigns; shall inure to the benefit of the City and its successors and assigns; shall be binding upon Declarant and its successors and assigns; and may be enforced by City and its successors and assigns. Declarant hereby declares its understanding and intent that the burden of the covenants set forth herein touch and concern the land and that the Declarant's interest in the Site is rendered less valuable thereby. Declarant hereby further declares its understanding and intent that the benefit of such covenants touch and concern the land by enhancing and increasing the enjoyment and use of the Site by Eligible Tenants, and by furthering the public purposes for City.

In amplification and not in restriction of the provisions set forth hereinabove, it is intended and agreed that City is deemed a beneficiary of the agreements and covenants provided herein both for and in its own right and also for the purposes of protecting the interests of the community. All covenants without regard to technical classification or designation shall be binding for the benefit of City and such covenants shall run in favor of City for the entire period during which such covenants shall be in force and effect, without regard to whether City is or remains an owner of any land or interest therein to which such covenants relate. However, all such covenants and restrictions shall be deemed to run in favor of all real property owned by the City which real property shall be deemed the benefited property of such covenants. Furthermore, all of the covenants, conditions, and restrictions contained herein shall also constitute easements in gross running in favor of the City. City shall have the right, in the event of any breach of any such agreement or covenant, to exercise all the rights and remedies, and to maintain any action at law or suit in equity or other proper proceedings to enforce the curing of such breach of agreement or covenant.

Furthermore, upon termination of Declarant's leasehold interest in the Site, except for a termination pursuant to Article 8 (concerning Alteration, Damage or Destruction) or Artice 11 (concerning Eminent Domain) of the Ground Lease, the covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein shall not terminate, shall continue to run with the land, shall be binding upon the Site for the remainder of the Affordability Term as defined in Section 3 of this Agreement, and shall inure to the benefit of and be enforceable by the City and its successor and assigns. As evidenced by Landlord's signature below, Landlord hereby acknowledges, agrees and consents to the terms in this Section 16.7.

16.8 RIGHT OF REFUSAL TO PURCHASE DECLARANT'S INTEREST. THIS SITE IS SUBJECT TO A RIGHT OF REFUSAL TO PURCHASE DECLARANT'S INTEREST FOR THE DURATION OF THIS REGULATORY AGREEMENT. As set forth in the Affordable Housing Agreement, in the event that: (i) Declarant desires to sell all or any part of its interest in the Site (including any and all improvements thereon) (the "Interest") to a third party other than BRIDGE Housing Corporation – Southern California, a California nonprofit public benefit corporation ("BSC"), BRIDGE SC, LLC ("BSC LLC"), or any affiliate of BSC or BSC LLC (as defined in Section 16.3 of this Agreement), and (ii) Declarant has complied with any and all approvals as required by Landlord pursuant to the Ground Lease prior to the sale of said Interest, and (iii) Declarant has received an acceptable bona fide offer to purchase said Interest ("Offer"), then Declarant shall give written notice to City of Declarant's intent to sell said Interest (the "Notice of Intent to Sell"), together with an executed copy of the Offer setting forth all of the terms of the proposed purchase and identifying the prospective purchaser. City (or its permitted assignee or successor) shall then have an option to purchase said Interest on the same terms and conditions as set forth in the Offer; provided, however, that if the terms and conditions of the Offer provide for an exchange of property or other non-cash item as payment for all or any portion of the purchase price, City shall have the further option of paying Declarant in cash or cash equivalent at closing the full amount of the purchase price of the Interest notwithstanding any non-cash terms set forth in the Offer. Declarant hereby agrees to be bound by the preemptive rights herein and shall sell to City the Interest notwithstanding any terms to the contrary set forth in the Offer so long as the City's exercise of its option produces the economic equivalent of the Offer.

If City elects to exercise its option, City shall deliver to Declarant its written "Notice of Exercise of Option" of such election within sixty (60) days after receipt of the Notice of Intent to Sell, where the option set forth in this Section 16.8 shall remain open and available to City for the sixty (60) day period. In the event City fails to exercise its option within the sixty (60) day period, then: (i) Declarant shall be free to accept an offer to sell the Interest on the terms and conditions set forth in the Offer at any time within ninety (90) days after the expiration of such sixty (60) day period; and (ii) City shall, upon request, deliver to Declarant an acknowledgement of City's failure or decision not to exercise the option and Declarant's right to sell the Interest pursuant to this Section 16.8.

16.9 Execution in Counterparts. This Agreement may be executed in two or more counterparts, each of which when so executed and delivered shall be deemed an original and all of which, when taken together, shall constitute one and the same instrument.

SUBORDINATION AGREEMENT

NOTICE: THIS SUBORDINATION AGREEMENT RESULTS IN THE LIEN OF CERTAIN DEEDS OF TRUST AND CERTAIN RESTRICTIONS ON THE PROPERTY BECOMING SUBJECT TO AND OF LOWER PRIORITY THAN THE LIEN OF SOME OTHER OR LATER SECURITY INSTRUMENT.

This Subordination Agreement (the "**Subordination Agreement**") is dated for reference purposes as of April 21, 2006, among **WOODBURY PARTNERS, A CALIFORNIA LIMITED PARTNERSHIP**, a California limited partnership ("**Borrower**"), **CITY OF IRVINE**, a California municipal corporation ("**City**") and **WELLS FARGO BANK, NATIONAL ASSOCIATION** ("**Bank**"), and any successors or assigns. Bank and City are collectively referred to in this Subordination Agreement as "**Lenders**," and each is referred to individually as a "**Lender**."

Factual Background

A. Borrower is the owner of a leasehold interest in the real property described in **Exhibit A** attached to this Subordination Agreement (the "**Property**").

B. Borrower is obtaining loans from the Lenders and will apply proceeds of those loans to payment of costs of development of the Property. The instruments and documents that relate to each such loan are referred to in this Subordination Agreement as "**Loan Documents**."

C. Pursuant to that certain Building Loan Agreement dated as of even date herewith (the "**Bank Loan Agreement**") and executed by and among Borrower and Bank, Bank has agreed to lend to Borrower funds in the amount of up to Eleven Million Nine Hundred Ninety-One Thousand Seven Hundred Eighty-Six and No/100ths Dollars ($11,991,786.00) (the "**Bank Loan**") to enable Borrower to finance the construction of residential apartments. The obligations of the Borrower in connection with the Bank Loan Agreement are evidenced by that certain Promissory Note (the "**Bank Note**") dated as of even date herewith made by Borrower to the order of Bank, and are secured by, among other things, that certain Construction and Permanent Leasehold Deed of Trust, with Absolute Assignment of Leases and Rents, Security Agreement and Fixture Filing executed as of even date herewith (the "**Bank Deed of Trust**") by Borrower as trustor, naming American Securities Company as trustee and Bank as beneficiary, encumbering the Property. The Bank Deed of Trust is to be recorded concurrently herewith in the official records of Orange County, California (the "**Official Records**"). The Bank Loan Agreement, the Bank Note, the Bank Deed of Trust and all other instruments and documents that now or hereafter relate to the Bank Loan are collectively referred to as the "**Bank Loan Documents**."

D. Pursuant to that certain Affordable Housing and Loan Agreement between the City and Borrower dated as of April 21, 2006, (the "City Loan Agreement"), the City is making a loan (the "City Loan") to Borrower in the original principal amount of up to Two Million Eight Hundred Fifty Thousand and No/100ths Dollars ($2,850,000.00). The repayment obligations in connection with the City Loan are evidenced by that certain Promissory Note Secured by Leasehold Deed of Trust made by Borrower to the order of the City and dated as of April 21, 2006 (the "City Note") and secured by that certain Deed of Trust with Assignment of Rents executed as of April 21, 2006 by Borrower as trustor, naming First American Title Insurance Company as trustee and the City as beneficiary (the "City Deed of Trust"), encumbering the Property. In connection with the City Loan, Borrower and the City have executed that certain Regulatory Agreement and Declaration of Covenants and Restrictions (the "City Covenants") dated April 21, 2006, encumbering the Property. The City Loan Agreement, the City Note, the City Deed of Trust, the City Covenants and all other instruments and documents that now or hereafter relate to the City Loan are collectively referred to as the "City Loan Documents."

E. Pursuant to that certain Tri Party Agreement dated as of April 21, 2006 (the "Tri Party Agreement") by and among Borrower, Bank and California Community Reinvestment Corporation, a California non-profit public benefit corporation ("CCRC"), CCRC has agreed, subject to satisfaction of the terms and conditions set forth therein, to purchase the Bank Loan from Bank and thereupon become the Bank. In connection therewith, Borrower and CCRC have executed that certain Loan Agreement of even date herewith (the "CCRC Loan Agreement") which, effective as of the date of purchase of such Bank Loan by CCRC, will replace the Bank Loan Agreement on the terms set forth in the CCRC Loan Agreement.

F. It is a material condition to each Lender's agreement to provide its respective loans to Borrower that the priorities of the Bank Loan Documents and the City Loan Documents be established as provided in this Subordination Agreement.

G. It is to the mutual benefit of the parties that the Lenders make their respective loans to Borrower. Lenders are willing to agree to the establishment of the priorities of their respective loans upon the terms set forth below.

H. As used in this Agreement, the term "Loan Documents" refers to the Bank Loan Documents or the City Loan Documents, as applicable.

Agreement

1. **Subordination.**

1.1 The Borrower and the Lenders hereby agree that the order of priority (the "Order of Lien Priority") of their respective Loan Documents shall be as follows:

(1) The Bank Loan Documents; and

(2) The City Loan Documents.

1.2 Each of the Lenders agrees that the instruments that appear prior to its interests in the Order of Lien Priority are unconditionally, and will at all times remain, liens, charges and claims on the Property prior and superior to the Loan Documents held by such Lender, and that the interest of such Lender in and to its Loan Documents and in and to the Property shall, at all times and in all respects, be wholly subordinate and inferior in claim and right to the claims, rights and remedies arising out of, or in connection with the instruments that appear prior to the Loan Documents held by such Lender in the Order of Lien Priority. The Parties acknowledge that this Agreement is not intended to affect the rights of the City with respect to the Master Affordable Housing Program with The Irvine Company dated February 2003, as approved March 11, 2003, the Irvine Planning Commission Resolution No. 05-2572 approving Master Plan 00367275-PMP, or any City resolutions, ordinances or regulations in connection therewith.

2. **Acknowledgements and Agreements of Lenders**. Each Lender (for purposes of this Section 2, the "**Representing Lender**") declares, acknowledges, and agrees that:

2.1 The other Lender would not make its loan without this Subordination Agreement;

2.2 Subject to Section 9 of this Agreement, the Representing Lender consents to all provisions of the Loan Documents of the other Lenders;

2.3 In making disbursements, no other Lender shall have any obligation or duty to see, nor has any other Lender represented that it will see, to the application of the proceeds of its Loan for the benefit or protection of the Representing Lender; and

2.4 The Representing Lender intentionally and unconditionally subjects, and subordinates the liens, claims, and charges of its Loan Documents, and any renewals or extensions thereof and all amendments and modifications together with Lender's right to repayment, and all present and future indebtedness and obligations secured thereby, in favor of the Loan Documents and the lien, claim, and charge upon the Property of the Loan Documents that appear before that Representing Lender's Loan Documents in the Order of Lien Priority, and understands that in reliance upon, and in consideration of, this subjection and subordination, specific loans and advances are being and will be made and, as part and parcel thereof, specific monetary and other obligations are being and will be entered into, that would not be made or entered into but for Bank's reliance upon this subordination.

3. **Notice and Cure Rights.**

3.1 Notice and Cure.

(a) Each Lender (for the purposes of this Section 3, the "**Defaulted Lender**") agrees to provide a copy of all default notices that the Defaulted Lender provides to Borrower under its Loan Documents to each other Lender concurrently with provision of the same to Borrower, at the address set for below or such other address as the other Lenders may instruct the Defaulted Lender in writing from time to time

(b) Subject to **Section 3.1(c)** below, each Lender agrees that it shall not complete a foreclosure sale of the Property or record a deed-in-lieu of foreclosure with respect to the Property (each, a "**Foreclosure Remedy**") unless and until the other Lenders have first been given thirty (30) days written notice of the default(s) or Event(s) of Default giving rise to such Lender's right to complete such Foreclosure Remedy, and the other Lenders have failed, within such thirty (30) day period to cure such default(s) or Event(s) of Default; provided, however, that the Defaulted Lender shall be entitled during such thirty (30) day period to continue to pursue all of its rights and remedies under its Loan Documents, including but not limited to acceleration of its note (subject to the de-acceleration provisions set forth in **Section 3.2**, below), commencement and pursuit of foreclosure (but not completion of the foreclosure sale) and implementation of remedies under any guaranty (subject to any notice and cure provisions contained therein). All such notices to be provided under this **Section 3.1(b)** shall be at the address set forth below or such other address as each Lender may instruct the other Lenders in writing from time to time.

(c) Unless expressly prohibited by law, each Lender other than Bank agrees to record a "Request for Notice", or similar appropriate document requesting notice of any foreclosure sale, in the Official Records, and in the event a Defaulted Lender has failed to sooner provide notice to any Lender entitled to notice hereunder (each, a "**Notice Party**"), the receipt of such notice of foreclosure sale by such Notice Party shall be deemed to be notice to the Notice Party as contemplated hereunder. Except as specifically provided herein, or otherwise agreed in writing, Defaulted Lender's failure to give any such notice for any reason

shall not act to impair or waive any remedy or right of such Defaulted Lender under this Subordination Agreement or any of such Defaulted Lender's loan documents.

3.2 **Exercise of Cure Rights**. With respect to the exercise of the cure rights provided in **Section 3.1** above, the following shall apply:

(a) Each Lender shall have the right, but not the obligation, to elect to cure the noticed default(s) or Event(s) of Default (the "**Noticed Defaults**") by giving the Defaulted Lender written notice of its intention to cure the Noticed Defaults within the thirty (30) day cure period described above (the "**Cure Period**") and thereafter curing all Noticed Defaults within the Cure Period.

(b) If a cure of all the Noticed Defaults is completed within the Cure Period, the Defaulted Lender will rescind any notice of default recorded and request dismissal of any receiver who has been appointed, after reimbursement of all of Defaulted Lender's costs, including, without limitation, reasonable attorneys' fees and costs.

(c) Following the timely cure of all Noticed Defaults by a Notice Party, the Defaulted Lender will not exercise its right to accelerate (or will de-accelerate) the amounts due under the Defaulted Lender's loan documents by reason of the Noticed Defaults cured by such Notice Party; provided, however, that nothing herein shall be construed to waive or limit any of Defaulted Lender's rights or remedies as to any uncured Noticed Default, or any subsequent default by Borrower.

(d) Nothing in this Section is intended to limit or modify any covenant, term, or condition contained in Loan Documents, including, without limitation, any "due-on-sale" or "due-on-transfer" covenant or any covenant against creating or recording any liens or encumbrances against the Property.

4. **Integration; No Waiver**. This Subordination Agreement is the whole and only agreement with regard to the subordination of the liens, claims, and charges of each Lender to the interests of the Lenders whose Loan Documents are senior in the Order of Lien Priority. This Subordination Agreement may not be modified or amended except by a written agreement signed by the parties. No waiver shall be deemed to be made by any Lender of any of its rights hereunder unless the same shall be in writing signed on behalf of such Lender, and each such waiver, if any, shall be a waiver only with respect to the specific matter or matters to which the waiver relates and shall in no way impair the rights of such Lender or the obligations of Borrower to such Lender in any other respect at any other time.

5. **Successors and Assigns**. This Subordination Agreement is binding on and inures to the benefit of the legal representatives, successors, and assigns of the parties. Each Lender's successors and assigns include any financial institution which may now, or hereafter, participate in such Lender's loan, as well as any party that acquires such Lender's loan. Notice of acceptance of this Subordination Agreement is hereby waived and this Subordination Agreement shall be binding upon each Lender and its respective legal representatives, successors, and assigns.

6. **Attorneys' Fees and Costs**. If any party to this Subordination Agreement brings an action to interpret or enforce its rights under this Subordination Agreement, the prevailing party will be entitled to recover its costs and reasonable attorneys' fees as awarded in the action. Whenever any party to this Subordination Agreement is obligated to pay or reimburse another party for attorneys' fees, those fees include the reasonable allocated costs for services of in-house counsel, to the extent not prohibited by applicable law.

7. **Governing Law**. This Subordination Agreement is governed by the laws of the State of California, without regard to the choice of law rules of that state.

8. **Notices**. All notices given under this Subordination Agreement shall be in writing and be given by personal delivery, overnight receipted courier (such as Federal Express) or by registered or certified United States mail, postage prepaid, sent to the party at its address appearing below its signature. Notices shall be effective upon the first to occur of receipt, when proper delivery is refused, or the expiration of forty-eight (48) hours after deposit in registered or certified United States mail as described above. Addresses for notice may be changed by any party by notice to any other party in accordance with this Section.

9. **Termination of Loan Documents**. City hereby acknowledges the Loan and the execution and delivery by Borrower to Bank of the Bank Loan Documents. City specifically acknowledges that subject to completion of certain improvements on the Property by September 26, 2007, and satisfaction by Borrower of certain other conditions pursuant to the Tri Party Agreement, or such later date as mutually extended by the California Community Reinvestment Corporation ("CCRC"), Bank and Borrower, CCRC shall purchase the Loan from Bank. Upon such purchase, the Loan will become nonrecourse with certain exceptions and will automatically convert from an interest only construction loan into an amortizing term loan. City acknowledges that upon the purchase of Bank's Note by CCRC, the following Bank Loan Documents shall terminate:

(i) Loan Agreement;
(ii) Completion Guaranty;
(iii) Repayment Guaranty;
(iv) Security Agreement;
(v) Security Agreement (Rights to Pay);
(vi) UCC-1 Financing Statement (tax credits); and
(vii) Signature Authorization Form

City acknowledges that if CCRC should become the owner and holder of the Loan and Bank's Note, then this Agreement shall continue to inure to the benefit of CCRC and its successors and assigns.

Nothing in this Section 9 of the Subordination Agreement shall be deemed to be or interpreted as: (a) anything other than the City's acknowledgement of the Bank Loan Documents, the Tri Party Agreement, and other agreements by and between Borrower, Bank and CCRC (or any combination thereof), to which the City is not a party (the "Other Non-City Agreements"); or (b) consent or approval by the City to the Bank Loan Documents, the Tri Party Agreement and Other Non-City Agreements, provided that City is aware of the basic economic terms thereof.

10. **Counterparts**. This Subordination Agreement may be executed in counterparts, and all counterparts constitute but one and the same document.

NOTICE: THIS SUBORDINATION AGREEMENT CONTAINS A PROVISION WHICH ALLOWS THE PERSON OBLIGATED ON YOUR REAL PROPERTY SECURITY TO OBTAIN A LOAN, A PORTION OF WHICH MAY BE EXPENDED FOR PURPOSES OTHER THAN IMPROVEMENT OF THE PROPERTY.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

IN WITNESS WHEREOF, the parties have executed this Subordination Agreement the date first above written.

1 The Contractor and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

2 If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except to participate in conferences as provided in Subparagraph 3.1.

3 If there is no Owner Default, the Surety's obligation under this Bond shall arise after:

3.1 The Owner has notified the Contractor and the Surety at its address described in Paragraph 10 below that the Owner is considering declaring a Contractor Default and has requested and attempted to arrange a conference with the Contractor and the Surety to be held not later than fifteen days after receipt of such notice to discuss methods of performing the Construction Contract. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default; and

3.2 The Owner has declared a Contractor Default and formally terminated the Contractor's right to complete the contract. Such Contractor Default shall not be declared earlier than twenty days after the Contractor and the Surety have received notice as provided in Subparagraph 3.1; and

3.3 The Owner has agreed to pay the Balance of the Contract Price to the Surety in accordance with the terms of the Construction Contract or to a contractor selected to perform the Construction Contract in accordance with the terms of the contract with the Owner.

4 When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

4.1 Arrange for the Contractor, with consent of the Owner, to perform and complete the Construction Contract; or

4.2 Undertake to perform and complete the Construction Contract itself, through its agents or through independent contractors; or

4.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and the contractor selected with the Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Paragraph 6 in excess of the Balance of the Contract Price incurred by the Owner resulting from the Contractor's default; or

4.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:

.1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, tender payment therefor to the Owner; or

.2 Deny liability in whole or in part and notify the Owner citing reasons therefor.

5 If the Surety does not proceed as provided in Paragraph 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond fifteen days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the surety proceeds as provided in Subparagraph 4.4, and the Owner refuses the payment tendered or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

6 After the Owner has terminated the Contractor's right to complete the Construction Contract, and if the Surety elects to act under Subparagraph 4.1, 4.2, or 4.3 above, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. To the limit of the amount of this Bond, but subject to commitment by the Owner of the Balance of the Contract Price to mitigation of costs and damages on the Construction Contract, the Surety is obligated without duplication for:

6.1 The responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;

6.2 Additional legal, design professional and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Paragraph 4; and

6.3 Liquidated damages, or if not liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

10 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page.

11 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

1 The Contractor and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the

Construction Contract, which is incorporated herein by reference.

2 With respect to the Owner, this obligation shall be null and void if the Contractor:

2.1 Promptly makes payment, directly or indirectly, for all sums due Claimants, and

2.2 Defends, indemnifies and holds harmless the Owner from claims, demands, liens or suits by any person or entity whose claim, demand, lien or suit is for the payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, provided the Owner has promptly notified the Contractor and the Surety (at the address described in Paragraph 12) of any claims, demands, liens or suits and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety, and provided there is no Owner Default.

3 With respect to Claimants, this obligation shall be null and void if the Contractor promptly makes payment, directly or indirectly, for all sums due.

4. The Surety shall have no obligation to Claimants under this Bond until:

4.1 Claimants who are employed by or have a direct contract with the Contractor have given notice to the Surety (at the address described in Paragraph 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and, with substantial accuracy, the amount of the claim.

4.2 Claimants who do not have a direct contract with the Contractor:

.1 Have furnished written notice to the Contractor and sent a copy, or notice thereof, to the Owner, within 90 days after having last performed labor or last furnished materials or equipment included in the claim stating, with substantial accuracy, the amount of the claim and the name of the party to whom the materials were furnished or supplied or for whom the labor was done or performed; and

.2 Have either received a rejection in whole or in part from the Contractor, or not received within 30 days of furnishing the above notice any communication from the Contractor by which the Contractor has indicated the claim will be paid directly or indirectly; and

.3 Not having been paid within the above 30 days, have sent a written notice to the Surety (at the address described in Paragraph 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and enclosing a copy of the previous written notice furnished to the Contractor.

5 If a notice required by Paragraph 4 is given by the Owner to the Contractor or to the Surety, that is sufficient compliance.

6 When the Claimant has satisfied the conditions of Paragraph 4, the Surety shall promptly and at the Surety's expense take the following actions:

6.1 Send an answer to the Claimant, with a copy to the Owner, within 45 days after receipt of the claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed.

6.2 Pay or arrange for payment of any undisputed amounts.

7 The Surety's total obligation shall not exceed the amount of this Bond, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

8 Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any Construction Performance Bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and the Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

9 The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligations to make payments to, give notices on behalf of, or otherwise have obligations to Claimants under this Bond.

10 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

11 No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the location in which the work or part of the work is located or after the expiration of one year from the date (1) on which the Claimant gave the notice required by Subparagraph 4.1 or Clause 4.2.3, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

12 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page. Actual receipt of notice by Surety, the Owner or the Contractor, however accomplished, shall be sufficient compliance as of the date received at the address shown on the signature page.

13 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirements shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is that this

.Bond shall be construed as a statutory bond and not as a common law bond.

14 Upon request by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor shall promptly furnish a copy of this Bond or shall permit a copy to be made.

15 DEFINITIONS

15.1 Claimant: An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials or equipment for use in the performance of the Contract. The intent of this Bond shall be to include without limitation in the terms "labor, materials or equipment" that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials or equipment were furnished.

15.2 Construction Contract: The agreement between the Owner and the Contractor identified on the signature page, including all Contract Documents and changes thereto.

15.3 Owner Default: Failure of the Owner, which has neither been remedied nor waived, to pay the Contractor as required by the Construction Contract or to perform and complete or comply with the other terms thereof.

The lease for each Restricted Unit shall include a provision limiting the number of persons permitted to occupy each Restricted Unit in accordance with the preceding sentence and Declarant shall enforce such occupancy restrictions.

4.4 Determination of Eligible Tenant Status. Immediately prior to an Eligible Tenant's occupancy of a Restricted Unit, Declarant shall obtain an Income Computation and Certification Form in the form attached to this Agreement as Exhibit "B" from each such Eligible Tenant dated immediately prior to the date of initial occupancy of the Restricted Unit by such Eligible Tenant. In addition, Declarant shall provide such further information as may be reasonably required by City for purposes of verifying a tenant's status as an Eligible Tenant. Declarant shall use good faith efforts to verify that the income provided by an applicant is accurate by taking the following steps as a part of the verification process: (a) obtain three (3) pay stubs for the most recent pay periods; (b) obtain a written verification of income and employment from the applicant's current employer; (c) obtain an income verification form from the Social Security Administration, California Department of Social Services, and/or California Employment Development Department if the applicant receives assistance from any of said

agencies; (d) if an applicant is unemployed or did not file a tax return for the previous calendar year, obtain other evidence and/or verification of such applicant's total income received during the calendar year from any source, taxable or nontaxable, or such other information as is satisfactory to the City. Declarant shall maintain each Income Computation and Certification Form obtained pursuant to this Section and Section 4.5 for a minimum period of five (5) years.

4.5 Recertification. Within sixty (60) days prior to the first anniversary date of the occupancy of a Restricted Unit by an Eligible Tenant, and on each anniversary date thereafter, Declarant shall recertify the income of such Eligible Tenant by obtaining a completed Income Computation and Certification Form based upon the current income of each occupant of the Restricted Unit. If, upon recertification, the occupant of a Low Income Restricted Unit has a household income that exceeds one hundred forty percent (140%) of the maximum eligible income for a "lower income household" as defined in Health and Safety Code Section 50079.5 or successor statute, or the occupant of a Moderate Income Restricted Unit has a household income that exceeds the income limits defined in Health and Safety Code Section 50093 or successor statute, Declarant shall terminate the Rental Agreement of the former Eligible Tenant in accordance with Section 5 of this Agreement.

4.6 Leasing Restricted Units. The Restricted Units shall be available for rental on a continuous basis and Declarant shall not give preference to any particular class or group in renting Restricted Units, except for the following:

(a) To the extent that the Restricted Units are required to be rented to Eligible Tenants; and

(b) Pursuant to Section 7.13 of the Affordable Housing Agreement, which provides that, no later than thirty (30) days prior to the date Declarant anticipates the commencement of the marketing of the Project, Declarant shall prepare and submit to the City Manager or designee for approval, which shall not be unreasonably withheld or delayed, a marketing plan (the "Marketing Plan") for the leasing of the Restricted Units; and

(c) Declarant shall give priority in renting Restricted Units to Eligible Tenants who constitute displaced persons entitled to a preference pursuant to California Health and Safety Code Section 33411.3 or successor statute. Declarant shall maintain a list of persons who have applied for a Restricted Unit and, subject to the priority to be given to displaced persons as set forth above, should multiple tenants be equally eligible (as to income, credit history, and other nondiscriminatory criteria) and qualified to rent a Restricted Unit, Declarant shall rent available Restricted Units to Eligible Tenants on a first qualified (with reasonable efforts made to qualify applicants in the order that the applications are received), first offered basis, or pursuant to a lottery system. Declarant shall use commercially reasonable efforts to lease Restricted Units that become available in accordance with the Marketing Plan prepared by Declarant and approved by the City pursuant to Section 7.13 of the Affordable Housing Agreement.

4.7 Rental Agreement. The form of the rental agreement between Declarant and each of the Eligible Tenants ("Rental Agreement") shall be approved by City prior to the rental or leasing of any of the Restricted Units. Once approved, no changes shall be made to the

form of the Rental Agreement without City's prior written approval. The Rental Agreement shall obligate the Eligible Tenants to comply with the provisions set forth in Section 4 of this Agreement and an Eligible Tenant who violates such requirements shall be in default under the rental agreement. Not by way of the foregoing, each Rental Agreement with an Eligible Tenant shall include a provision to the effect that the Declarant has relied on the information provided by the Eligible Tenant on the Income Computation and Certification Form and all other supporting information supplied by the Eligible Tenant in determining qualification for occupancy of the applicable Restricted Unit, and that any material misstatement in such certification (whether or not intentional) will be cause for immediate termination of such Rental Agreement. In addition, each rental agreement shall contain a provision that failure to cooperate with the annual recertification process may disqualify the Eligible Tenant as such and will be will be cause for immediate termination of such Rental Agreement.

5. **Termination of Rental Agreement.** In addition to the provisions in Section 4.7 above, the Rental Agreement shall provide the terms, including notice and appeal rights, for the termination of a tenancy in the event the recertification process reveals the occupant's household income exceeds the maximum eligible income allowable as set forth in Section 4.5 of this Agreement. The notice shall provide that the occupant's assistance will be withdrawn six (6) months from the date of delivery of said notice, and shall provide the date of termination of the tenancy upon which the occupant must vacate the Restricted Unit.

6. **Maintenance of Site**. Declarant shall maintain or cause to be maintained the Site and all improvements on the Site, including the Restricted Units, in first class condition and repair consistent with similar projects (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders, and regulations of all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction. City places prime importance on quality maintenance to protect its investment and to ensure that affordable housing projects within the City of Irvine are not allowed to deteriorate due to substandard maintenance. In addition, Declarant shall keep the Site free from all graffiti and any accumulation of debris or waste material. Declarant shall make all repairs and replacements necessary to keep the improvements in first class condition and repair and shall promptly eliminate all graffiti and replace dead and diseased plants and landscaping with comparable approved materials. In the event that Declarant breaches any of the covenants contained in this Section 6, and such default continues for a period of five (5) days after written notice from a City (with respect to landscaping, graffiti, debris, waste material, and general maintenance) or thirty (30) days after written notice from City (with respect to building improvements), then City in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Site and perform or cause to be performed all such acts and work necessary to cure the default. Pursuant to such right of entry, City shall be permitted (but is not required) to enter upon the Site and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Site, and to attach a lien on the Site, or to assess the Site, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by City and/or costs of such cure, including a fifteen percent (15%) administrative charge, which amount shall be promptly paid by Declarant to City upon demand.

7. **Management.**

7.1 Site Manager. Declarant shall manage or shall cause the rental project on the Site to be managed in a prudent and business-like manner. Declarant may contract with a management company or manager to operate and maintain the Site in accordance with the terms of this Agreement ("Site Manager"); provided, however, that the selection and hiring of such a Site Manager company shall be subject to approval by City, which shall not be unreasonably withheld provided that the management company or manager has the requisite experience level and performance record.

7.2 Gross Mismanagement. In the event of "Gross Mismanagement" (as that term is defined below), City shall have the authority to require that such Gross Mismanagement cease immediately, and further to require the immediate replacement of the Site Manager, whether that Site Manager is Declarant or a third party. The replacement Site Manager shall be required to operate and maintain the Site in accordance with the terms of this Agreement. In the event of such a replacement, the costs to retain the replacement Site Manager shall be the responsibility of Declarant. City shall provide written notice to Declarant of the event(s) of Gross Mismanagement occurring and Declarant shall have five (5) days after receipt of such notice to cure, correct, or remedy the event(s) of Gross Mismanagement identified in City's notice and to notify City of the cure, correction, or remedy. For purposes of this Agreement the term "Gross Mismanagement" shall mean management of the Project in a manner which violates the terms and/or intention of this Agreement to operate the Restricted Units as an affordable housing project of the highest standard, and shall include, but is not limited to, the following:

i. Knowingly allowing a Restricted Unit to be occupied by a person who does not qualify as an Eligible Tenant;

ii. Allowing the prescribed occupancy levels to be exceeded without taking immediate action to stop such overcrowding;

iii. Failure to maintain the Site in the manner prescribed in Section 6;

iv. Repeated failure to collect and review the Income Computation and Certification Form and supporting documents required pursuant to Sections 4.4 and 4.5 of this Agreement for the initial certification of applicants and annual recertification of Eligible Tenants;

v. Fraud or embezzlement of Project monies; and

vi. Failure to fully cooperate with the Irvine Police Department or other City agency or department in maintaining a crime free environment on the Site.

8. **Records.** Declarant shall maintain complete and accurate records pertaining to the Restricted Units, and shall permit any duly authorized representative of City to inspect the books and records of Declarant pertaining to the Restricted Units.

9. **Right to Inspect**. City shall have the right to inspect the Site and the Residential Units for purposes of assuring compliance with this Agreement.

10. **Relocation**. Declarant shall be responsible for providing any relocation benefits or assistance and paying relocation costs to any tenants or occupants who may be displaced from the Site if such benefits or assistance are required to be provided under any applicable federal, state, or local laws, rules or regulations. Declarant shall indemnify, defend, and hold harmless City from and against any and all claims, liabilities, damages or losses arising out of any claims for relocations benefits or assistance that may be asserted by any tenants or occupants of the Site.

11. **Ground Lease**. Declarant represents and warrants that Declarant's performance under this Agreement will not cause Declarant to be in default of the Ground Lease, and the development, use and operation of the Site under this Agreement is consistent with the use of the Site permitted under the terms of the Ground Lease. Declarant shall comply with each and every condition, responsibility, and obligation it may have pursuant to the Ground Lease in order not to cause a default thereunder. Declarant shall not amend or modify the Ground Lease in any respect inconsistent with this Agreement or in any respect that affects the rights of City as a leasehold mortgagee without the prior written consent of City, which consent City may withhold in its sole and absolute discretion

12. **Indemnification**. Declarant shall defend, indemnify and hold harmless City and its respective officers, officials, agents, employees, representatives, and volunteers from and against any loss, damage, costs, expenses, liability, claim, or judgment relating in any manner to the Site or Declarant's performance under this Agreement, except to the extent caused by the active negligence or willful misconduct of City.

13. **Insurance**. Upon completion of the Project and for the term of this Agreement, Declarant shall procure and keep in full force and effect or cause to be procured and kept in full force and effect for the mutual benefit of Declarant and City, and shall provide City evidence reasonably acceptable to City, of insurance policies meeting the minimum requirements set forth in this Section 13.

13.1. **Types of Insurance Policies**. The insurance policies to be maintained by Declarant upon completion of the Project and for the duration of the term of this Agreement are a follows:

i. Commercial General Liability insurance with respect to the Site and the operations of or on behalf of Declarant, in an amount not less than One Million Dollars ($1,000,000.00) per occurrence combined single limit including products, completed operations, contractual, bodily injury, personal injury, death and property damage liability, subject to such increases in amount as City may reasonably require from time to time; provided, that the percentage increase in coverage shall not be required to exceed the percentage increase in the Consumer Price Index published by the United States Department of Labor, Bureau of Labor Statistics, for Urban Wage Earners and Clerical Workers, Los Angeles-Long Beach-Anaheim Average, All Items (1984 = 100) (the "Index"), from and

after the date of this Agreement, or, if said Index is discontinued, such official index as may then be in existence and which is most nearly equivalent to said Index (the "CPI Adjustment"). Unless otherwise approved in advance by the City, the insurance to be provided by Declarant may provide for a deductible or self-insured retention of not more than Ten Thousand Dollars ($10,000), with such maximum amount to increase at the same rate as the periodic increases in the minimum amount of total insurance coverage set forth above. City and its officers, officials, employees, volunteers, agents, and representatives shall be named as additional insureds under such policy or policies.

ii. With respect to the improvements and any fixtures and furnishings to be owned or leased by Declarant on the Site, all risk property insurance against fire, vandalism, and malicious mischief, and such other additional perils, hazards, and risks as now are or may be included in the standard "all risk" form in general use in Orange County, California, with the standard form fire insurance coverage in an amount equal to full actual replacement cost thereof, as the same may change from time to time. The above insurance policy or policies shall include coverage for earthquakes to the extent generally and commercially available at commercially reasonable rates, if such insurance is generally obtained for rental apartment projects of this size and type in the Orange County, California. City shall be a loss payee under such policy or policies and such insurance shall contain a replacement cost endorsement.

13.2 Policy Requirements. A copy of each paid-up policy evidencing such insurance (appropriately authenticated by the insurer) or a certificate of the insurer, certifying that such policy has been issued, providing the coverage required herein, and containing the provisions specified herein, shall be delivered to City on or prior to the completion of the Project, and thereafter, upon renewals, not less than thirty (30) days prior to the expiration of coverage. City may, at any time, and from time to time, inspect and/or copy any and all insurance policies required to be procured by Declarant hereunder. In no event shall the limits of any policy be considered as limiting the liability of Declarant hereunder. In addition to the requirements set forth in Section 13.1, each insurance policy required to be carried by Declarant pursuant to this Agreement:

i. shall be primary insurance and not contributory with any other insurance which City or its officers, officials, employees, volunteers, agents, or representatives may have;

ii. shall contain no special limitations on the scope of protection afforded to City or its officers, officials, employees, volunteers, agents, and representatives;

iii. shall be "per occurrence" rather than "claims made" insurance;

iv. shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability;

v. shall provide that the policy will not be cancelled or limited in scope by the insurer or Declarant unless there is a minimum of thirty (30) days prior written notice by certified mail, return receipt requested to City;

vi. shall be written by a California licensed insurer with a Best rating of not less than A:VII;

vii. shall be endorsed to state that any failure to comply with the reporting provisions of the policies shall not affect coverage provided to City and its officers, officials, employees, volunteers, agents, and representatives; and

viii. shall contain a waiver by the insurer of any right to subrogation against City, and its officers, officials, employees, volunteer and agents, which arises or might arise by reason of any payment under such policy or policies or by reason of any act or omission of City or its officers, officials, members, employees, agents, or representatives.

14. Repair of Damage. If any improvements on the Site shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty, and subject to the rights of senior lenders and the Landlord of the Site under the Ground Lease, Declarant shall promptly proceed to obtain insurance proceeds and take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the improvements to substantially the same condition as the improvements are required to be maintained in pursuant to this Agreement and the Affordable Housing Agreement, and Declarant shall complete the same as soon as possible thereafter so that the Project can continue to be operated and occupied as an affordable housing project in accordance with this Agreement. In no event shall the repair, replacement, or restoration period exceed 18 months from the date of the destruction unless City, in its sole and absolute discretion, approves a longer period of time.

15. Defaults and Remedies.

15.1 Defaults. Failure or delay by any party to perform any term or provision of this Agreement which is not cured within thirty (30) days after receipt of notice from the other party specifying the default (or five (5) days with respect to certain defaults described in Sections 6 and 7.2) constitutes a default under this Agreement; provided, however, if such default is of the nature requiring more than thirty (30) days to cure, the defaulting party shall avoid default hereunder by commencing to cure within such thirty (30) day period, and thereafter diligently pursuing such cure to completion within sixty (60) days of the expiration of the initial thirty (30) day period (for a total of ninety (90) days). Except as required to protect against further damages, the injured party may not institute proceedings against the party in default until

thirty (30) days after giving such notice. Failure or delay in giving such notice shall not constitute a waiver of any default, nor shall it change the time of default. City will provide written notice to Landlord of any default of Declarant under this Agreement and will recognize any cure of any default of Declarant tendered by Landlord with the same effect as if the same were tendered by Declarant.

15.2 Institution of Legal Actions. In addition to any other rights or remedies, any party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

15.3 Rights and Remedies are Cumulative. The rights and remedies of the parties are cumulative, and the exercise by either party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

16. Miscellaneous.

16.1 Entire Agreement, Waivers, and Amendments. This Agreement contains the entire agreement between the parties relating to the subject matter hereof, and supersedes all negotiations and previous agreements between the parties with respect to all or part of the subject matter hereof, with the exception of the Affordable Housing Agreement and the agreements attached to the Affordable Housing Agreement. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the party to be charged. A waiver of the breach of the covenants, conditions or obligations under this Agreement by either party shall not be construed as a waiver of any succeeding breach of the same or other covenants, conditions or obligations of this Agreement. Any amendment or modification to this Agreement must be in writing and executed by the appropriate authorities of City and Declarant.

16.2 Attorneys' Fees and Costs. If either party to this Agreement commences an action against the other party to this Agreement arising out of or in connection with this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees, expert witness fees, costs of investigation, and costs of suit from the losing party.

16.3 Prohibition Against Assignment and Transfer. The qualifications and identity of Declarant are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Declarant and entered into this Agreement with Declarant. Accordingly, Declarant shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Site or in the Project without the City's prior written approval. In considering whether it will grant approval to any assignment by Declarant of its interest in the Site and this Agreement or any portion thereof, City shall consider factors such as the financial strength and capability of the proposed transferee to perform Declarant's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, development, and operation of similar projects. No assignment or transfer of Declarant's interest in this Agreement or the Site, including a transfer pursuant to clauses (i)-(vi)

of the following sentence, shall be effective unless and until the proposed assignee and Declarant execute and deliver to City an assignment and assumption agreement in form satisfactory to the Contract Officer and City Attorney. City hereby approves the following transfers: (i) transfer of a general partnership interest in Declarant to a nonprofit or limited liability company affiliate of BRIDGE SC, LLC, a California limited liability company ("BSC LLC") or BRIDGE Housing Corporation – Southern California, a California nonprofit public benefit corporation ("BSC"); (ii) removal of BSC LLC by the limited partner pursuant to the Declarant's partnership agreement, provided a new nonprofit or limited liability company general partner approved by City (such approval not to be unreasonably withheld) is designated by the limited partner within ninety (90) days; (iii) transfer of limited partnership interests in Declarant; (iv) execution of an option agreement between Declarant and BSC LLC; (v) exercise of the option and purchase of Declarant's leasehold interest in the Site and the Project by BSC or BSC LLC, or a nonprofit or limited liability company affiliate of BSC or BSC LLC; and (vi) exercise by Landlord of its option to purchase Declarant's leasehold interest as set forth and in accordance with the terms of the Ground Lease. As used in the preceding sentence, the term "affiliate" shall mean an entity who directly or indirectly controls BSC or BSC LLC, or is controlled by BSC or BSC LLC, such as, but not limited to, BRIDGE Housing Corporation, a California nonprofit public benefit corporation.

16.4 Interpretation; Governing Law. This Agreement shall be construed according to its fair meaning and as if prepared by both of the parties hereto. This Agreement shall be interpreted in accordance with the internal laws of the State of California without regard to conflict of law principles.

16.5 Severability. If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in this Agreement, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision(s) had never been contained herein.

16.6 Notices. Whenever in this Agreement one party to the Agreement is required or permitted to give or serve a notice, request or demand to or on the other, such notice, request or demand shall be given or served upon the party to whom it is directed in writing and shall be delivered personally with a delivery receipt, or forwarded by certified mail, postage prepaid, return receipt requested or by commercial delivery service with a delivery receipt, addressed as follows:

Notices personally delivered or delivered by document delivery service shall be deemed effective upon receipt. Notices mailed shall be deemed effective on the second business day following deposit in the United States mail. Such written notices, demands, and communications shall be sent in the same manner to such other addresses as any Party may from time to time designate in writing.

16.7 Covenants Run with the Land. This Agreement is designed to create equitable servitudes and covenants running with Declarant's leasehold interest in the Site, in accordance with the provisions of Civil Code Section 1468. The covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein shall run with the Site and shall be binding upon all persons having any right, title or interest in the Site, or any part thereof, their heirs, successive owners and assigns; shall inure to the benefit of the City and its successors and assigns; shall be binding upon Declarant and its successors and assigns; and may be enforced by City and its successors and assigns. Declarant hereby declares its understanding and intent that the burden of the covenants set forth herein touch and concern the land and that the Declarant's interest in the Site is rendered less valuable thereby. Declarant hereby further declares its understanding and intent that the benefit of such covenants touch and concern the land by enhancing and increasing the enjoyment and use of the Site by Eligible Tenants, and by furthering the public purposes for City.

In amplification and not in restriction of the provisions set forth hereinabove, it is intended and agreed that City is deemed a beneficiary of the agreements and covenants provided herein both for and in its own right and also for the purposes of protecting the interests of the community. All covenants without regard to technical classification or designation shall be binding for the benefit of City and such covenants shall run in favor of City for the entire period during which such covenants shall be in force and effect, without regard to whether City is or remains an owner of any land or interest therein to which such covenants relate. However, all such covenants and restrictions shall be deemed to run in favor of all real property owned by the City which real property shall be deemed the benefited property of such covenants. Furthermore, all of the covenants, conditions, and restrictions contained herein shall also constitute easements in gross running in favor of the City. City shall have the right, in the event of any breach of any such agreement or covenant, to exercise all the rights and remedies, and to maintain any action at law or suit in equity or other proper proceedings to enforce the curing of such breach of agreement or covenant.

Furthermore, upon termination of Declarant's leasehold interest in the Site, except for a termination pursuant to Article 8 (concerning Alteration, Damage or Destruction) or Artice 11 (concerning Eminent Domain) of the Ground Lease, the covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein shall not terminate, shall continue to run with the land, shall be binding upon the Site for the remainder of the Affordability Term as defined in Section 3 of this Agreement, and shall inure to the benefit of and be enforceable by the City and its successor and assigns. As evidenced by Landlord's signature below, Landlord hereby acknowledges, agrees and consents to the terms in this Section 16.7.

16.8 RIGHT OF REFUSAL TO PURCHASE DECLARANT'S INTEREST. THIS SITE IS SUBJECT TO A RIGHT OF REFUSAL TO PURCHASE DECLARANT'S INTEREST FOR THE DURATION OF THIS REGULATORY AGREEMENT. As set forth in the Affordable Housing Agreement, in the event that: (i) Declarant desires to sell all or any part of its interest in the Site (including any and all improvements thereon) (the "Interest") to a third party other than BRIDGE Housing Corporation – Southern California, a California nonprofit public benefit corporation ("BSC"), BRIDGE SC, LLC ("BSC LLC"), or any affiliate of BSC or BSC LLC (as defined in Section 16.3 of this Agreement), and (ii) Declarant has complied with any and all approvals as required by Landlord pursuant to the Ground Lease prior to the sale of said Interest, and (iii) Declarant has received an acceptable bona fide offer to purchase said Interest ("Offer"), then Declarant shall give written notice to City of Declarant's intent to sell said Interest (the "Notice of Intent to Sell"), together with an executed copy of the Offer setting forth all of the terms of the proposed purchase and identifying the prospective purchaser. City (or its permitted assignee or successor) shall then have an option to purchase said Interest on the same terms and conditions as set forth in the Offer; provided, however, that if the terms and conditions of the Offer provide for an exchange of property or other non-cash item as payment for all or any portion of the purchase price, City shall have the further option of paying Declarant in cash or cash equivalent at closing the full amount of the purchase price of the Interest notwithstanding any non-cash terms set forth in the Offer. Declarant hereby agrees to be bound by the preemptive rights herein and shall sell to City the Interest notwithstanding any terms to the contrary set forth in the Offer so long as the City's exercise of its option produces the economic equivalent of the Offer.

If City elects to exercise its option, City shall deliver to Declarant its written "Notice of Exercise of Option" of such election within sixty (60) days after receipt of the Notice of Intent to Sell, where the option set forth in this Section 16.8 shall remain open and available to City for the sixty (60) day period. In the event City fails to exercise its option within the sixty (60) day period, then: (i) Declarant shall be free to accept an offer to sell the Interest on the terms and conditions set forth in the Offer at any time within ninety (90) days after the expiration of such sixty (60) day period; and (ii) City shall, upon request, deliver to Declarant an acknowledgement of City's failure or decision not to exercise the option and Declarant's right to sell the Interest pursuant to this Section 16.8.

16.9 Execution in Counterparts. This Agreement may be executed in two or more counterparts, each of which when so executed and delivered shall be deemed an original and all of which, when taken together, shall constitute one and the same instrument.

1. **Grant In Trust.** For the purposes and upon the terms and conditions in this Leasehold Deed of Trust, Trustor grants, transfers, and assigns to Trustee, in trust, with power of sale and right of entry and possession, the following property and any interest therein (collectively, the "Trust Estate"): (a) Trustor's leasehold interest the real property located in the City of Irvine, County of Orange, State of California described in Exhibit "A" attached hereto and incorporated herein by this reference ("Real Property"); (b) all buildings and other improvements and structures now or hereafter located on the Real Property (collectively, the "Improvements" and together with the Real Property shall sometimes be referred to as the "Site"); (c) all existing and future leases, subleases, subtenancies, licenses, agreements and concessions relating to the use, occupancy or enjoyment of all or any part of the Site, together with any and all guaranties and other agreements relating to or made in connection with any of the foregoing (individually, a "Lease", and collectively, the "Leases"); and (d) all rents, issues, income, revenues, royalties, profits, proceeds and earnings now or hereafter payable with respect to or otherwise derived from the ownership, use, management, operation, leasing or occupancy of the Site, including, without limitation, cash or security deposited under any of the leases to secure the performance by the lessees of their obligations thereunder (collectively, the "Rents").

2. **Obligations Secured.** Trustor makes this grant and assignment for the purpose of securing the following: (a) payment of the sum of Two Million Eight Hundred Fifty Dollars ($2,850,000.00) and interest accrued thereon, according to the terms of a promissory note dated on or about the date hereof made by Trustor, payable to order of Beneficiary, and extensions, modifications or renewals thereof ("City Note"); (b) performance of Trustor under the City Note, the Affordable Housing and Loan Agreement between Trustor and Beneficiary dated April 21,

This Leasehold Deed of Trust, the City Note, the Affordable Housing Agreement, and the Regulatory Agreement are collectively referred to herein as the "Loan Documents."

3. **Acceleration of Loan Upon Sale, Encumbrance, Refinance, or Default.** To the extent permitted by applicable law, if Trustor shall: (a) directly or indirectly, voluntarily, or involuntarily, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of the Trust Estate (excluding the lease of the units on the Site in accordance with the Affordable Housing Agreement and Regulatory Agreement or other transfers approved by City or pre-approved by City pursuant to the Affordable Housing Agreement); (b) refinance any lien or encumbrance which has priority over this Leasehold Deed of Trust for a loan amount in excess of an amount equal to the then outstanding sum secured by such lien or encumbrance plus reasonable closing costs associated with the refinance; or (c) default on any of its obligations set forth in the Loan Documents following expiration of the applicable cure period or, if there is no cure period provided for, following written notice and thirty (30) days opportunity to cure, Beneficiary, at its option, may declare the entire indebtedness evidenced hereby to be immediately due and payable and collectible then or thereafter as Beneficiary may elect, regardless of the date of maturity.

4. **Assignment of Rents and Performance of Leases.**

4.1 **Assignment of Rents and Leases.** Trustor hereby irrevocably, absolutely and unconditionally assigns and transfers to Beneficiary all of Trustor's right, title and interest in and to the Leases and the Rents; provided, however, that so long as no Event of Default has occurred and is continuing, Trustor shall have the right under a license granted hereby to collect and receive all Rents as trustee for the benefit of Beneficiary and to apply the amounts so collected first to the payment of costs and expenses associated with the ownership, maintenance, operation and leasing of the Site, including, principal, interest and all other amounts required to be paid under the Loan Documents (including, but not limited to, all costs and expenses that must be paid from Project Cash Flow as set forth in the City Note), before using or applying such Rents for any other purpose. No Rents or such other income shall be distributed or paid to Trustor unless such costs and expenses which are then due have been paid in full. Thereafter, so long as no Event of Default has occurred and is continuing, the balance may be distributed to Trustor. If an Event of Default has occurred and is continuing, Trustor's right to collect and receive the Rents under the license granted hereby shall cease and the license shall be revoked automatically, and Beneficiary shall have the sole right, with or without taking possession of the Site, to collect all Rents; provided, however, if such Event of Default is cured, then such license shall be automatically reinstated. This is an absolute assignment and not an assignment for security only. For purposes of this Section 4, the term "Event of Default" shall mean (a) the failure of Trustor to timely pay, within ten (10) days of its due date, any payment due under the City Note, or (b) the failure of Trustor to promptly and completely observe or perform any term,

condition, covenant, agreement or obligation contained in any Loan Document or any other instrument or agreement secured hereby, and the continuation of such failure following the expiration of any applicable notice, cure or grace period, if any, provided for therein or herein; provided, however, that in the event no cure or grace period is otherwise provided for herein or therein, such failure shall not be an Event of Default hereunder if Trustor observes or performs such term, condition, covenant, agreement or obligation within thirty (30) days of receipt of written notice from Beneficiary of Trustor's failure to observe or perform any such term, condition, covenant, agreement or obligation, or if not reasonably susceptible of cure within thirty (30) days, then provided the cure is commenced in thirty (30) days and diligently and continuously prosecuted to a cure within sixty (60) additional days thereafter (for a total of ninety (90) days).

4.2 Covenants Regarding Leases. Trustor shall not, without the prior written consent of Beneficiary, (a) collect any rent from any lessee for a period of more than one (1) month in advance, or (b) execute any further assignment of any of its right, title and interest in the Leases and the Rents. Trustor shall (a) observe, perform and discharge each and every obligation, term, covenant, condition and agreement of Trustor under the Leases in all material respects, (b) enforce the performance of each and every obligation, term, covenant, condition and agreement in the Leases to be performed by any lessee or guarantor thereof in all material respects, (c) use good faith commercially reasonable efforts to keep the Site leased at a good and sufficient rental and on such other terms and conditions as are reasonably acceptable to Beneficiary, (d) execute and deliver to Beneficiary upon demand, at any time and from time to time, any and all assignments and other instruments which Beneficiary may deem reasonably advisable to carry out the true purposes and intent of the assignment set forth in Section 4.1 above, and (e) at the written request of Beneficiary, cause any or all tenants under a Lease to execute a subordination, nondisturbance and attornment agreement and estoppel certificate in form and substance reasonably satisfactory to Beneficiary.

5. Incorporation of Fictitious Leasehold Deed of Trust. To protect the security of this Leasehold Deed of Trust, and with respect to the Site above described, Trustor expressly makes each and all of the agreements, and adopts and agrees to perform and be bound by each and all of the terms and provisions set forth in subdivision A, and it is mutually agreed that each and all of the terms and provisions set forth in subdivision B, of the fictitious deed of trust recorded in the Orange County Recorder's Office on August 17, 1964, and in all other counties on August 18, 1964, in the book and at the page of Official Records in the office of the county recorder of the county where said Site is located, noted below opposite the name of such county, namely:

The Deposit Portion of City Acquisition Loan in the amount of $1,000,000 shall be used for the Deposit and shall be deposited into Escrow in accordance with Section 2.3. The balance of the City Acquisition Loan shall be deposited into Escrow on the Closing Date and shall be used for the Eligible Purchase Expenses. The City Predevelopment Loan and the City Construction Loan may be used for the Eligible Predevelopment Expenses and the Eligible Construction Expenses, respectively, incurred by Borrower, not to exceed the amounts set forth in Attachment No. 4. Notwithstanding the foregoing, if the actual Eligible Purchase Expenses are less than the City Acquisition Loan, the portion of the City Acquisition Loan not utilized for Eligible Purchase Expenses may be used for Eligible Predevelopment Expenses and/or Eligible Construction Expenses or other Project costs approved by City. If the actual Eligible Predevelopment Expenses incurred by Borrower are less than the City Predevelopment Loan, the portion of the City Predevelopment Loan not utilized for Eligible Predevelopment Expenses may be used for Eligible Construction Expenses or other Project costs approved by City. The Contract Officer shall have the authority in its sole and absolute discretion to reallocate the amount of the City

Loan proceeds that may be used for each category of eligible expenses if the actual amounts incurred by Borrower are different than the cost estimates set forth in Attachment No. 4.

2.3 Disbursement of City Loan

2.3.1 Disbursement. Within five (5) business days following the Effective Date, provided Borrower has delivered to City the executed City Promissory Note and Assignment of Plans, City shall, on behalf of Borrower, deposit into Escrow the $1,000,000 Deposit Portion of City Acquisition Loan to be utilized for the Deposit. Borrower shall notify City of the Closing Date at least two weeks in advance and City shall, on the Closing Date, deposit into Escrow the balance of the City Acquisition Loan as needed for the Eligible Purchase Expenses.

Subject to Section 2.3.2, the City Predevelopment Loan shall be disbursed to Borrower from time to time, no more frequently than once every thirty (30) days, to reimburse Borrower for the Eligible Predevelopment Expenses as such expenses are incurred by Borrower and approved by City. Borrower shall submit to City itemized statements, with such supporting information as City may reasonably require, documenting all of Borrower's costs eligible to be considered in calculating the Eligible Predevelopment Expenses, including invoices, contracts, or similar documentation. In the event Borrower desires to obtain an advance disbursement for predevelopment activities scheduled to be undertaken or predevelopment activities not yet completed (e.g., as a down payment, advance payment, or progress payment), Borrower shall present to City's Contract Officer or designee a contract or other evidence that the consultant or other party performing the work is entitled to an advance payment and Borrower has incurred the obligation to make such payment. The Contract Officer shall have the authority on behalf of City to calculate and approve the amount of Borrower's Eligible Predevelopment Expenses. Payment of the amount determined by City to be owing to Borrower shall be made by City within twenty (20) days after Borrower's submission of its completed payment request. Any disapproval of a payment request shall be provided to Borrower within twenty (20) days after City has received information necessary to make the determination that the payment request cannot be approved.

Subject to Section 2.3.2, City's disbursement of the City Construction Loan shall be disbursed to Borrower from time to time after the Close of Escrow, no more frequently than once every thirty (30) days, to reimburse Borrower for the Eligible Construction Expenses as such expenses are incurred by Borrower and approved by City. The procedures for Borrower's submittal of payment requests and City's disbursement of the City Construction Loan shall be the same as the procedures for the City Predevelopment Loan.

City's obligation to make disbursements of the City Loan proceeds to Borrower shall be contingent and conditional upon Borrower's continuing satisfaction and performance of all of its obligations under this Agreement and the Purchase Agreement at the time due. Upon the occurrence of any event which, with the lapse of time or the giving of notice or both, would constitute a default under this Agreement or the Purchase Agreement, City may at any time thereafter and while such event remains uncured, refuse to issue further disbursements of City Loan proceeds under this Agreement until all such defaults are cured to the satisfaction of City.

2.3.2 Source of City Loan; Availability of Funds. A portion of the City Loan in the amount of $4,660,000 has been or will be funded by in-lieu fees City received from

residential developers pursuant to City's inclusionary housing program. Borrower acknowledges that prior to the execution of this Agreement, City disbursed a portion of said funds to Borrower in the amount of $1,660,000. The balance of said funds in the amount of $3,000,000 is available for disbursement. Although City is committed to providing the entire City Loan to Borrower, City cannot guarantee that the balance of the City Loan proceeds in the amount of $3,040,000 ("Remainder Proceeds") will be available to Borrower at the time Borrower incurs the reimbursable expenses, it being understood that City is in the process of securing the funds for the Remainder Proceeds from a variety of sources. Notwithstanding the foregoing, City does guarantee that the Remainder Proceeds will be available for disbursement no later than the completion of the Project. It is contemplated that a portion of the Remainder Proceeds will be comprised of funds the Irvine Redevelopment Agency anticipates receiving from the California Housing Finance Agency under the Housing Enabled by Local Partnerships (HELP) Program in the amount of $1,350,000. Provided Agency receives the HELP funds for the Project, City shall request that Agency enter into a Cooperative Agreement with City that will enable City to provide the HELP funds directly to Borrower as part of the City Loan under this Agreement. If such a Cooperative Agreement is not approved or the California Housing Finance Agency does not allow City to disburse and administer the HELP funds, it is contemplated that Borrower would enter into a separate agreement with Agency that will provide for Agency to loan the HELP funds to Borrower and the City Loan thereby would be reduced by the amount of the HELP funds. City shall request that Agency fund the balance of the Remainder Proceeds in the amount of $1,690,000 from Agency's Low and Moderate Income Housing Fund (Heath and Safety Code §§ 33334.2 *et seq.*) ("Set Aside Funds"). Borrower acknowledges that nothing herein is intended as a commitment or guarantee that the Agency will provide the Set Aside Funds or as a limitation on the Agency's exercise of its legislative discretion with respect thereto. If Agency does approve the loan of Set Aside Funds for the Project, City shall request that Agency enter into a Cooperative Agreement with City that will enable City to provide the Set Aside Funds to Borrower under this Agreement as part of the City Loan. If the Set Aside Funds are approved but a Cooperative Agreement is not approved, it is contemplated that Borrower would enter into a separate agreement with Agency that would provide for Agency to loan the Set Aside Funds to Borrower and the City Loan would be reduced by the amount of Set Aside Funds provided by Agency. If the HELP funds or Set Aside Funds are not available as sources of funds for the Project, City and Borrower shall cooperate in an effort to identify and secure other sources of City housing funds that may be utilized for the Remainder Proceeds, such as in-lieu housing fees, CDBG funds, and HOME funds.

2.3.3 Metropolitan Sale Proceeds. If, prior to completion of the Project, Borrower sells the Metropolitan condominium units located on Martin Street, Borrower shall use or cause to be used the proceeds from the sale ("Metropolitan Proceeds") for the Project, and the Metropolitan Proceeds shall be utilized prior to any further disbursements of the City Loan. If the Project is transferred pursuant to Section 6.8 of this Agreement and this Section is applicable, it is understood that Jamboree Housing Corporation will provide the Metropolitan Proceeds to the new Borrow in the form of a loan ("Metropolitan Loan"). City agrees to subordinate the City Deed of Trust to the deed of trust securing said loan provided the parties enter into a subordination agreement in a form reasonably approved by City's Contract Officer and the City Attorney. In addition, City agrees that the Metropolitan Loan may be repaid out of the proceeds of the permanent financing for the Project.

2.4 Repayment of City Loan.

2.4.1 Terms; City Note. The terms for Borrower's repayment of the City Loan are set forth in the City Note. The City Note generally provides for Borrower, upon the completion of the Project, to make an annual payment of a percentage of the cash flow generated from the Site. Subject to an event triggering acceleration under Sections 2.4.2 and 2.4.3 of this Agreement, Borrower shall not be required to make any payments on the City Loan prior to the completion of the Project. The terms and provisions of the City Note, including without limitation the nonrecourse provision set forth in Section 15 of the City Note, are incorporated herein by reference as if set forth in full.

2.4.2 Acceleration. Notwithstanding any other provision set forth in this Agreement to the contrary, City shall have the right to accelerate the obligation to repay the City Loan and declare the entire City Loan together with all interest and other sums owed by Borrower to City immediately due and payable (a) upon the occurrence of a default by Borrower of this Agreement as set forth in Section 5.1 and the expiration of any applicable notice and cure period, whether such default occurs prior to or after the Closing Date, or (b) if Borrower shall directly or indirectly, voluntarily, or involuntarily, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of any interest in the Site, excluding the lease of the units on the Site in accordance with the Regulatory Agreement, any assignment, transfer, or encumbrance expressly permitted by and made in accordance with Section 6.8 of this Agreement, and any other assignment, transfer, or encumbrance approved by the Contract Officer in writing.

2.4.3 Repayment Terms if Site Not Acquired. In addition to City's right to accelerate the City Loan in accordance with Section 2.4.2, City shall have the right, in accordance with the following terms, to accelerate payment of the City Loan, or portions thereof, in the event the Purchase Agreement is terminated or Borrower otherwise fails to acquire the Site by the Outside Closing Date:

(a) If the Close of Escrow does not occur as a result of the termination of the Purchase Agreement by Borrower pursuant to Section 11.2 of the Purchase Agreement, or as a result of the failure of a condition in the Purchase Agreement for the benefit of Borrower to be satisfied (other than a default of the owner of the Site which event is covered by subparagraph (b) hereinbelow): (i) Borrower shall repay to City the Deposit Portion of City Acquisition Loan; and (ii) provided all Assignment of Plans and attached Architect Consents have been executed and delivered to City and Borrower is not otherwise in default of this Agreement, the City Predevelopment Loan shall be forgiven.

(b) If the Close of Escrow does not occur as a result of a default of the Purchase Agreement by the owner of the Site, (i) Borrower shall repay to City the Deposit Portion of City Acquisition Loan; (ii) Borrower shall repay to City a portion of the City Predevelopment Loan in the amount of $500,000 or such lesser amount as may have been advanced by City; and (iii) provided all Assignment of Plans and attached Architect Consents have been executed and delivered to City and Borrower is not otherwise in default of this Agreement, the balance of the City Predevelopment Loan shall be forgiven.

(c) If the Close of Escrow does not occur as a result of a default of the Purchase Agreement by Borrower, Borrower shall repay the City Loan to City plus accrued interest.

(d) If the Close of Escrow does not occur as a result of an event other than as set forth in subparagraphs (a)-(c) above and Borrower is not in default of this Agreement, the provisions of this subparagraph (d) shall apply. To the extent Borrower is entitled to a return of the Deposit under the Purchase Agreement, Borrower shall repay to City the Deposit Portion of City Acquisition Loan. To the extent Borrower is entitled to reimbursement from the owner of the Site of costs incurred by Borrower, Borrower shall pay to City an amount equal to the amount the owner is obligated to reimburse Borrower not to exceed the amount of the City Predevelopment Loan proceeds City disbursed to Borrower.

Notwithstanding the provisions set forth in the preceding paragraph, if Borrower is entitled to a return of its Deposit under the Purchase Agreement and the owner of the Site fails to return the Deposit or portion thereof to Borrower, Borrower's obligation to repay the City Acquisition Loan under subsections (a), (b) and (d) of this Section 2.4 shall be limited to the amount of the Deposit returned by the owner of the Site and the proceeds of the letter of credit that Borrower is permitted to draw upon under the Purchase Agreement, *provided* all of the following conditions are satisfied: (i) Borrower assigns to City Borrower's rights to the Deposit and the right to bring an action against the owner of the Site with respect to the return of the Deposit, or permits City to bring an action in the name of Borrower if such right is not assignable, and Borrower reasonably cooperates with City in such action; (ii) Borrower draws upon the letter of credit and replenishes the Deposit as permitted in the Purchase Agreement in the event the owner fails to timely replace or renew the letter of credit prior to its expiration; and (iii) Borrower is not in default of this Agreement.

Notwithstanding the provisions set forth in the first paragraph of this Section 2.4.2, including subsection (a) through (d), if Borrower is entitled under the Purchase Agreement to receive from the owner of the Site the Buyer Reimbursables (as defined in Section 4.2 of the Purchase Agreement) and the owner of the Site fails to deliver the Buyer Reimbursables or portion thereof to Borrower, Borrower's obligation under subsections (b) and (d) of this Section 2.4 to repay to City the portion of the City Predevelopment Loan advanced to Borrower shall be limited to the amount of the Buyer Reimbursables Borrower receives from the owner of the Site, *provided* all of the following conditions are satisfied: (i) Borrower assigns to City Borrower's rights to the Buyer Reimbursables and the right to bring an action against the owner of the Site with respect to the return of the Buyer Reimbursables, or permits City to bring an action in the name of Borrower if such right is not assignable, and Borrower reasonably cooperates with City in such action; and (ii) Borrower is not in default of this Agreement.

Borrower's payment obligations under subparagraphs (a), (b) and (d) of this Section 2.4 shall not include accrued interest. City shall, however, be entitled to the interest that accrued on the Deposit for the benefit of Borrower under the Purchase Agreement. Any payments of the City Acquisition Loan and the City Predevelopment Loan to be made by Borrower under this Section 2.4.2 shall be made by Borrower to City within thirty (30) days after the earlier of (a) the Outside Closing Date or (b) the termination of the Purchase Agreement if the Purchase Agreement is terminated prior to the Outside Closing Date.

The provisions of this Section 2.4.3 shall not be construed as a limitation on City's rights under Section 2.4.2 to declare the entire City Loan payable upon the occurrence of a default or other event triggering acceleration described in Section 2.4.2, notwithstanding that an event described in this Section 2.4.3 may also have occurred.

Borrower acknowledges that it is City's intent that the Site be developed with an affordable housing project, whether Borrower or another party is the developer of the project. In connection therewith, if a condition in the Purchase Agreement in favor of Borrower is not satisfied and Borrower does not desire to acquire the Site or Borrower otherwise is permitted to terminate the Purchase Agreement, Borrower shall at the request of City close escrow and acquire the Site and immediately convey the Site to City.

2.5 City Deed of Trust. Upon Borrower's acquisition of the Site, Borrower's obligation to repay the City Loan shall be secured by the City Deed of Trust.

2.6 Plans, Drawings and Documents Assigned to City. Pursuant to the Assignment of Plans, Borrower shall assign and release to City any ownership rights and interest that Borrower may have in any and all of the plans, drawings, and permits as have been and will be prepared for the development of the Project. As more fully explained in the Assignment of Plans, City is permitted to exercise its rights under the Assignment of Plans upon the occurrence of certain events, including Borrower's failure to acquire the Site. City would not have agreed to the provisions in subparagraphs (a) and (b) of Section 2.4.3 on forgiving the City Predevelopment Loan, or portion thereof, if the plans and related agreements referred to in the Assignment of Plans were not assigned to City.

2.7 Execution and Delivery of Documents. Within five (5) days after the execution of this Agreement, Borrower shall execute and deliver to City the City Note and the Assignment of Plans with the attached Consent executed by Borrower's architect(s) if Borrower has entered into any Architectural Agreement (as that term is defined in the Assignment of Plans). Upon entering into any Architectural Agreement in the future, Borrower shall deliver to City an Assignment of Plans executed by Borrower with the attached Consent executed by Borrower's architect(s). Within thirty (30) days prior to the scheduled Closing Date, Borrower shall deliver to City the City Deed of Trust and the Regulatory Agreement, each executed and acknowledged by Borrower. Prior to the Close of Escrow, City shall execute the Regulatory Agreement and deliver the executed Regulatory Agreement and Deed of Trust into Escrow. Borrower shall cause the Deed of Trust and Regulatory Agreement to be recorded in the Official Records of Orange County, California, on the Closing Date immediately after the recordation of the deed conveying title to the Site to Borrower is recorded. Upon Borrower's delivery of the City Note to City, City shall deliver to Borrower the original Promissory Note Secured by Deed of Trust, marked as "Cancelled," that was executed by Borrower pursuant to the Original Agreement.

2.8 Title Insurance Policy. Upon the Close of Escrow, Borrower shall cause Fidelity National Company or such other title company approved by City ("Title Company") to issue to City an ALTA lender's policy of title insurance with such endorsements as City may reasonably require with liability in the amount of the City Loan showing fee title to the Site vested in Borrower, insuring in favor of City the priority of the City Deed of Trust and Regulatory Agreement subject only to (a) the standard printed exceptions and exclusions contained in the form of the Title Policy commonly used by the Title Company; (b) non-delinquent property taxes and assessments; and (c) Exception Nos. 5, 6, 7, 8, and 9 disclosed in the preliminary title report

issued by Title Company for the Site under Order No. 9840990 dated June 14, 2005; and (d) such other matters as may be approved by City in its reasonable discretion. Borrower shall pay the costs for the premium for said title insurance policy.

3. ACQUISITION OF SITE AND DEVELOPMENT OF THE PROJECT.

3.1 Acquisition of Site. The Site is currently owned by a third party who is not a party to this Agreement. Borrower represents to City that Borrower has entered into the Purchase Agreement to acquire the Site and the improvements thereon for the sum of Three Million Five Hundred Thousand Dollars ($3,500,000) (which includes the purchase price and certain reimbursements payments to be made to the seller). Borrower agrees to use its best efforts to comply with each and every condition, responsibility, and obligation it may have pursuant to the Purchase Agreement in order to accomplish the close of Escrow on or prior to the Outside Closing Date. Borrower shall not amend or modify the Purchase Agreement in any respect inconsistent with this Agreement or City's rights hereunder without the prior written consent of City, which consent City may withhold in its sole and absolute discretion. City's approval shall not be required for amendments to the Purchase Agreement that are not inconsistent with this Agreement or City's rights hereunder, but Borrower shall notify City of any such amendments. Borrower shall keep City informed of the progress of the performance under the Purchase Agreement and shall notify City of any defaults of Borrower or the owner of the Site thereunder or any default notices issued by either party. Borrower shall not waive the conditions in Section 7.l(d) or (e) of the Purchase Agreement without City's prior written consent which City may grant or withhold in City's sole and absolute discretion. Borrower agrees that the condition in Section 7.1(e) on the buyer financing shall be deemed not satisfied if Borrower fails to provide to City the evidence of financial capability required under Section 3.9.3 of this Agreement. Borrower shall not terminate the Purchase Agreement pursuant to Section 11.2 of the Purchase Agreement if the condemnation does not render the development of the Project on the Site impractical as reasonably determined by City and Borrower. In the event Borrower does not close Escrow and acquire the Site on or before the Outside Acquisition Date or the Purchase Agreement is otherwise terminated, City, in addition to any other right and remedy available to City, shall have the right to terminate this Agreement by delivery of written notice to Borrower. Borrower hereby represents and warrants to City that: (a) to the best of Borrower's knowledge, the Purchase Agreement is in full force and effect; (b) the Purchase Agreement represents the entire agreement between Borrower and the fee owner of the Site with respect to the purchase and sale of the Site; (c) to the best of Borrower's knowledge, neither Borrower nor the fee owner of the Site is in default under the Purchase Agreement; (d) Borrower has not assigned to any other party any of its rights or obligations under the Purchase Agreement; (e) Sections 7.1(a) and (c) of the Purchase Agreement have been satisfied; (f) to the best of Borrower's knowledge, all representations and warranties of Borrower contained in the Purchase Agreement are true and correct in all material respects; and (g) Borrower and the owner of the Site are required to close Escrow for the conveyance of the Site no later than July 19, 2007.

3.2 Scope of Development. Borrower shall develop the Project on the Site in substantial compliance with the plans and drawings approved by City. If Borrower desires to make any change in any approved development or building plans that constitutes a material change in material or equipment specifications, architectural or structural design or the value of or quality of the improvements, the proposed change shall be submitted to City for approval. The foregoing is not intended as a limitation on City's authority to review plan changes in City's

capacity as a regulatory agency. Borrower shall be responsible for all construction and installation and for obtaining all necessary permits and approvals.

3.3 Entitlements. Within the times set forth in the Schedule of Performance, Borrower shall submit to City all applications, plans, drawings, materials, and fees required to obtain a zone change, General Plan amendment, conditional use permit, and Park Plan approval. Borrower shall submit to City or any other governmental agency with jurisdiction all applications, plans, drawings, materials, and fees required to obtain any other discretionary permits and approvals that may be required for the Project. Borrower shall exercise reasonable diligence to obtain such approvals within ninety (90) days after submittal. Borrower shall not close Escrow and acquire the Site until such time that all such permits and approvals have been issued or, with respect to building permits, until such time that all conditions precedent to the issuance of said permits other than the payment of fees have been satisfied. If the permits and approvals required for the development of the Project are denied or City and Borrower reasonably determine that such approvals will not be granted, City shall not have any obligation to make any further disbursements of City Loan proceeds to Borrower.

3.4 Development Approvals and Permits.

3.4.1 Final Plans. Within the time set forth in the Schedule of Performance, Borrower shall submit to City for review and approval a complete set of final plans and specifications for the Project ("final plans"). The final plans and drawings shall contain all information required to obtain all necessary grading and building permits required for the Project. City shall exercise reasonable diligence to complete its review of the final plans within ninety (90) days after a complete submittal. Any disapproval shall be in writing and shall state the reasons therefor. Upon receipt of a disapproval, Borrower shall act promptly to revise or correct the final plans as necessary to conform to City requirements. The same procedures and requirements shall apply to subsequent submittals and reviews until the final plans are finally approved by City.

3.4.2 Other Governmental Permits. Prior to the Close of Escrow or such earlier period of time as provided for herein, Borrower shall secure or cause to be secured any and all permits and approvals for the Project which may be required by City or any other governmental agency having jurisdiction over the Site and the Project. With respect to building permits for the Project, Borrower shall cause all conditions precedent to the issuance of said permits other than the payment of fees to be satisfied prior to the Close of Escrow, but Borrower shall not be required to secure said permits until after the Close of Escrow.

3.5 Schedule of Performance; Progress Reports. Borrower shall obtain building permits and commence construction of the Project within ninety (90) days after the Closing Date. Once construction is commenced, it shall be continuously and diligently pursued to completion and shall be completed no later than the date that is 18 months after the Closing Date subject to delays described in Section 6.3. Construction shall be continuously and diligently pursued to completion and shall not be abandoned for more than twenty (20) consecutive days, except when due to causes beyond the control and without the fault of Borrower, as set forth in Section 6.3 of this Agreement. During the course of construction, Borrower shall, if requested by City, provide to City monthly written reports on the progress of construction.

3.6 Compliance with Permits and Laws. Borrower shall carry out the construction of the Project in conformity with all applicable laws, regulations, and rules of governmental agencies having jurisdiction, including without limitation all applicable federal and state fair labor standards, including the payment of prevailing wages, if required by applicable law, and the final plans approved by City.

3.7 Commercial General Liability, Workers' Compensation, and Builders Risk Insurance. Borrower shall procure and maintain, at its sole cost and expense, in a form and content reasonably satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance:

(a) *Commercial General Liability Insurance.* A policy of commercial general liability insurance written on a per occurrence basis in an amount not less than a combined single limit of $1,000,000 or its equivalent.

(b) *Worker's Compensation Insurance.* A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California.

(c) *Builder's Risk.* During the period of construction of the Project, Builder's risk coverage written on a completed value basis in an amount equal to the full replacement cost of the improvements with coverage available on the so-called non-reporting "all risk" form of policy, including coverage against collapse, fire, and water damage, with such insurance to be in such amounts and form and written by such companies as shall be reasonably approved by City. City agrees to accept a builder's risk insurance policy from Borrower's general contractor in conformance with the requirements set forth in this Section 3.4, including without limitation the requirement that City be named as a loss payee.

All of the above policies of insurance shall be primary insurance and shall name the City, its officers, employees and agents as additional insureds or, with respect to the builder's risk policy, as a loss payee. Said policies shall be satisfactory only if issued by companies qualified to do business in California and rated A:VII or better in the most recent edition of Best Rating Guide. The insurer shall waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. All of said policies of insurance shall provide that said insurance may not be canceled without providing thirty (30) days (10 days for nonpayment of premium) prior written notice by registered mail to City. In the event any of said policies of insurance are canceled, Borrower shall, prior to the cancellation date, submit new evidence of insurance in conformance with this Section 3.7 to the Contract Officer. The foregoing obligations shall remain in effect until the completion of the Project, at which time Borrower shall maintain the insurance set forth in the Regulatory Agreement.

Borrower agrees that the provisions of this Section 3.7 shall not be construed as limiting in any way the extent to which Borrower may be held responsible for the payment of damages to any persons or property resulting from Borrower's activities or the activities of any person or persons for which Borrower is otherwise responsible.

3.8 Rights of Access. For the purpose of assuring compliance with this Agreement, representatives of City shall have the reasonable right, upon reasonable prior written notice, of access to the Site, without charges or fees, at normal construction hours during the period of

construction for the purposes of this Agreement, including but not limited to the inspection of the work being performed by Borrower in constructing the Project.

3.9 Financing the Project.

3.9.1 Permitted Encumbrances. Mortgages, deeds of trust, conveyances, and leases-back or any other form of conveyance required for any reasonable method of financing shall be permitted on the terms set forth herein, but only for the purpose of securing loans of funds to be used for the acquisition of the Site and construction of the Project ("Permitted Encumbrances"). Borrower shall not enter into any such conveyance for financing purposes without the prior written consent of City, which consent shall be given if such conveyance is for the purposes permitted herein and is made by a financial or lending institution, governmental agency or other acceptable person or entity capable of performing or causing to be performed Borrower's obligations under this Agreement.

3.9.2 Funding Sources. From and after the date of this Agreement, Borrower shall exercise commercially reasonable efforts to obtain financing prior to the Outside Closing Date for the acquisition of the Site and the development of the Project. Borrower intends to utilize financing from a variety of sources for the Project. The anticipated sources for construction and permanent financing are described below:

(a) Multifamily Housing Revenue Bonds. No later than the date set forth in the Schedule of Performance, Borrower shall submit a complete application for Multifamily Housing Revenue Bonds in the approximate principal amount of $19,000,000 as the major source for financing the acquisition of the Site and the construction of the Project, and Borrower shall take all other steps required to properly and timely process the application.

(b) Tax Credits. No later than the date set forth in the Schedule of Performance, Borrower shall submit a complete application to the California Tax Credit Allocation Committee ("TCAC") for low income housing tax credits ("Tax Credits") as a source of financing the acquisition of the Site and the development of the Project, and shall take all other steps required by TCAC to properly and timely process the application. Borrower shall seek four percent (4%) Tax Credits, yielding Tax Credit equity in an amount not less than $11,116,578.

(c) MHP Loan. Within the time set forth in the Schedule of Performance, Borrower shall submit a complete application to the State of California Department of Housing and Community Development for a Multifamily Housing Program loan for permanent financing in an amount not less than $6,308,877, and shall take all steps required by the State of California Department of Housing and Community Development to properly and timely process the application.

(d) OCHCS. Prior to the Effective Date, Borrower submitted an application to the Orange County Housing and Community Development Department for a loan for permanent financing in the amount of $2,515,200. Borrower shall take all steps required by the Orange County Housing and Community Development to properly and timely process the application.

City acknowledges that the sources of funding set forth in this Section 3.9.2 are anticipated sources and that the actual sources may change due to circumstances outside the control of Borrower. City further acknowledge that Borrower may not meet the eligibility requirements for some of the foregoing loans if Borrower has not obtained the entitlements, or secured the commitments for the financing, required for the Project at the time the applications for such loans are due and, in such event, the dates set forth in this Agreement to submit the applications for the financing for which Borrower is not eligible shall be extended as reasonably agreed upon by City and Borrower with the understanding that any such extensions shall not result in an extension of the Outside Closing Date. Borrower shall coordinate with City any changes to the proposed sources of funding for the Project and shall otherwise keep City informed of Borrower's efforts to obtain financing and its progress with respect thereto.

3.9.3 Approval of Evidence of Financial Capability. Prior to the Close of Escrow, Borrower shall submit to City evidence reasonably satisfactory to City that Borrower has the financial capability necessary to acquire the Site and develop the Project pursuant to this Agreement and the Project Budget. Such evidence of financial capability shall include the following:

(a) a copy of the commitment or loan agreement obtained by Borrower for each source of funds to assist in acquiring the Site and financing the construction of the Project. All copies of commitments submitted by Borrower to City shall be certified by Borrower to be true and correct copies thereof. Each commitment for financing shall be in such form and content acceptable to City as reasonably evidences a firm and enforceable commitment, with only those conditions which are standard or typical for the lender involved for similar projects;

(b) if the total costs set forth in the Project Budget exceed the amount of financing commitments received pursuant to subparagraph (a) above, a financial statement and/or other documentation reasonably satisfactory to City sufficient to demonstrate that Borrower has adequate funds available and committed to cover such difference; and

(c) a copy of the guaranteed maximum price construction contract between Borrower and its general contractor for all of the improvements required to be constructed by Borrower hereunder, certified by Borrower to be a true and correct copy thereof.

3.9.4 Subordination. If Borrower obtains a loan for the Project from the proceeds of multifamily housing revenue bonds as currently contemplated, City agrees it will subordinate the City Deed of Trust to the deed of trust securing said loan, pursuant to a subordination agreement in a form reasonably approved by City's Contract Officer and the City Attorney.

3.10 Relocation. If relocation benefits and assistance are required to be provided to any tenants or occupants residing on the Site under any applicable federal, state, or local laws, rules, and regulations, Borrower shall have the sole and exclusive responsibility for paying all such relocation benefits and assistance and for causing the tenants and/or occupants to be relocated, to the extent required by any applicable federal, state, and local laws, rules, and

regulations. In connection therewith, Borrower shall retain a relocation consultant to provide the required notices, prepare a Relocation Plan, and otherwise effectuate the relocation. Borrower shall indemnify, defend, and hold City harmless from and against any claims, liabilities, damages, or losses made against it by tenants or occupants of the Site, including without limitation claims for relocation assistance, inverse condemnation, and claims otherwise arising from any act or omission of Borrower pursuant to this Section 3.10.

4. USE OF THE SITE.

Borrower and its successors and assigns shall use, operate, and maintain the Site as a rental housing project in accordance with the provisions of this Agreement and the Regulatory Agreement.

5. DEFAULTS, REMEDIES, AND TERMINATION.

5.1. Defaults—General. The occurrence of any of the following events shall constitute a default under this Agreement: (a) the failure or delay by either party to perform any term or provision of this Agreement, if such failure is not cured within thirty (30) days (unless a different time period is expressly provided for herein) after the nonperforming party's receipt of written notice from the other party specifying the nature of the default, or for defaults that cannot reasonably be cured, corrected, or remedied within such time period, the failure of such party to commence to cure such failure or delay within such time period and diligently prosecute such cure, correction or remedy to completion within an additional sixty (60) days following the conclusion of such thirty (30) day period (for a total of ninety (90) days); (b) the breach of any representation or warranty of Borrower set forth in this Agreement or the other Loan Documents in any material respect, if the facts giving rise to such breach are not remedied such that the representation and warranty is no longer in breach within thirty (30) days following written notice thereof to Borrower, or for breaches that cannot reasonably be cured, corrected, or remedied within such time period, the failure of Borrower to commence to cure such failure or delay within such time period and diligently prosecute such cure, correction or remedy to completion within an additional sixty (60) days following the conclusion of such thirty (30) day period (for a total of ninety (90) days); (c) the filing by or against Borrower of a petition under the Bankruptcy Reform Act, as amended or recodified from time to time, or any other federal or state law relating to bankruptcy, insolvency or relief for debtors from their obligations, provided, however, that any filing against Borrower shall not be a default unless such action or proceeding is not dismissed within ninety (90) days from the date of such filing; (d) the filing by or against Borrower of a petition seeking the liquidation or dissolution of Borrower or the commencement of any other procedure to liquidate or dissolve Borrower, or the occurrence of any event, condition or circumstance which causes the liquidation or dissolution of Borrower; provided, however, that any filing against Borrower shall not be a default unless such action or proceeding is not dismissed within ninety (90) days from the date of such filing; (e) a general assignment by Borrower of the assets of Borrower for the benefit of Borrower's creditors; (f) any direct or indirect, voluntarily, or involuntarily, sale, assignment, transfer, disposition, alienation, encumbrance, lease, or agreement to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of any interest in the Site, except as permitted by the Loan Documents; and (g) a default by Borrower of any of its obligations set forth in any of the other Loan Documents and the failure to cure the default within any applicable cure period.

Except as required to protect against further damages, the injured party may not institute proceedings against the party in default until the time for cure, correction, or remedy of a default has expired, if applicable. Except as otherwise expressly provided in this Agreement, any failure or delay by a party in giving a notice of default or in asserting any of its rights and remedies as to any default shall not constitute a waiver of any default, nor shall it change the time of default, nor shall it deprive such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert, or enforce any such rights or remedies.

5.2 Institution of Legal Actions. In addition to any other rights or remedies, including the right of City to accelerate the City Loan upon a default of Borrower, either party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

5.3 Applicable Law. The internal laws of the State of California shall govern the interpretation

5.4 Rights and Remedies are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

5.5 Attorney's Fees. If either party to this Agreement is required to initiate or defend litigation in any way connected with this Agreement, the prevailing party in such litigation, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorneys' fees from the losing party. If any party to this Agreement is required to initiate or defend litigation with a third party because of the violation of any term or provision of this Agreement by the other party, then the party so litigating shall be entitled to reasonable attorneys' fees from the other party to this Agreement. Attorneys' fees shall include attorney's fees on any appeal, and in addition a party entitled to attorneys' fees shall be entitled to all other reasonable costs for investigating such action, retaining expert witnesses, taking depositions and discovery, and all other necessary costs incurred with respect to such litigation.

5.6 Indemnification. Borrower agrees to indemnify, defend, and hold harmless City and its officers, officials, employees, representatives and agents (collectively, the "Indemnitee") from and against any and all claims, causes of action, liabilities, and damages arising out of any acts or omissions of Borrower or Borrower's officers, employees, contractors, and agents, in the performance under this Agreement and the agreements attached hereto and/or with respect to the Site including the construction of the Project thereon. The Indemnitee shall promptly notify Borrower of the filing of any such action and cooperate with Borrower in the defense thereof (at no cost to Indemnitee).

6. GENERAL PROVISIONS.

6.1 Notices, Demands, and Communications Between the Parties. All notices, requests, demands, and other communications required or permitted under this Agreement shall

be in writing and shall be hand delivered by messenger or sent by overnight courier service, or sent by facsimile transmission, addressed as follows:

By giving to the other parties written notice as provided above, the parties to this Agreement shall have the right from time to time to change their respective addresses.

6.2 Nonliability of City Officials and Employees. No member, official, employee, or contractor of City shall be personally liable to Borrower in the event of any default or breach by City or for any amount which may become due to Borrower or on any obligations under the terms of this Agreement.

6.3 Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, and except as expressly set forth in this Section 6.3, performance by either party hereunder shall not be deemed to be in default and such party shall be entitled to an extension of time to perform its obligations hereunder where delays in performance are due to causes beyond the control and without the fault of such party, including as applicable: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; supernatural causes; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplies; acts of the other party; acts or the failure to act of City or any other public or governmental agency or entity (except that any act or failure to act of or by City shall not excuse

performance by City). Notwithstanding the foregoing, Borrower's inability to secure satisfactory financing, interest rates, and market and economic conditions shall not entitle Borrower to an extension of time to perform. An extension of time for any cause permitted under this Section 6.3 shall be limited to the period of the enforced delay, which period shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of knowledge of the commencement of the cause. If no written notice is sent within thirty (30) days, for purposes of measuring the extension period for performance of the obligation in question, the period of the enforced delay shall commence to run from the date written notice is sent to the other party.

Times of performance under this Agreement may be extended by mutual written agreement of City and Borrower.

6.4 Inspection of Books and Records. City shall have the right at all reasonable times to inspect the books and records of Borrower pertaining to the Site and the Project as pertinent to the purposes of this Agreement.

6.5 Interpretation. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against any party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply. The Section headings are for purposes of convenience only, and shall not be construed to limit or extend the meaning of this Agreement.

6.6 Entire Agreement, Waivers and Amendments. This Agreement and the documents attached hereto integrate all of the terms and conditions mentioned herein, or incidental hereto, and supersedes all negotiations and previous agreements between the parties with respect to all or any part of the subject matter hereof. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the party to be charged, and all amendments and modifications hereto must be in writing and signed by the appropriate authorities of City and Borrower.

6.7 Severability. If any term, provision, covenant, or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of this Agreement shall not be affected thereby to the extent such remaining provisions are not rendered impractical to perform taking into consideration the purposes of this Agreement. In the event that all or any portion of this Agreement is found to be unenforceable, this Agreement or that portion which is found to be unenforceable shall be deemed to be a statement of intention by the parties; and the parties further agree that in such event, and to the maximum extent permitted by law, they shall take all steps necessary to comply with such procedures or requirements as may be necessary in order to make valid this Agreement or that portion which is found to be unenforceable.

6.8 Prohibition Against Assignment and Transfer. The qualifications and identity of Borrower are of particular concern to City. It is because of those qualifications and identity that City has and entered into this Agreement with Borrower. Accordingly, except as expressly set forth herein, Borrower shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Site or in the Project without Contract Officer's prior written approval.

Notwithstanding the foregoing, the following shall not require separate City approval for purposes of this Section 6.8:

(a) a transfer to a nonprofit corporation, the majority of the Board of Directors of which are also members of the Board of Directors of Borrower;

(b) a transfer to an entity in which Borrower or an entity described in Subsection (a) retains a minimum of fifty-one percent (51%) of the ownership or beneficial interest and retains management and control of the transferee entity; and

(c) a transfer to a limited partnership in which Borrower or an entity described in Subsection (a) or (b) is the general partner and Borrower will manage and operate the Project.

Borrower shall deliver written notice to the Contract Officer requesting approval of any assignment or transfer requiring the Contract Officer's approval hereunder. Such notice shall be accompanied by sufficient evidence regarding the proposed assignee's development qualifications, experience, financial commitments and resources to enable the Contract Officer to evaluate the proposed assignee's ability to develop and operate the Project. In considering whether it will grant approval to any assignment by Borrower of its interest in the Site, the Contract Officer shall consider factors such as the financial strength and capability of the proposed assignee to perform Borrower's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, development, and operation of similar projects. The Contract Officer's approval of an assignment shall not be unreasonably withheld provided that the assignment is for all of Borrower's rights and obligations in this Agreement and the other Loan Documents and the Site and not a partial assignment, the proposed assignee is a responsible third party who will undertake Borrower's responsibilities under this Agreement to develop and operate the Project, and the proposed assignee demonstrates sufficient development qualifications, experience, and financial commitments to ensure development and proper management of the Project. No assignment, including assignments which do not require the Contract Officer's approval hereunder, shall be effective unless and until the proposed assignee executes and delivers to City an agreement in form satisfactory to the City Attorney assuming the obligations of the assignor which have been assigned. Thereafter, the assignor shall be relieved of all responsibility to City for performance of the executory obligations assumed by the assignee. Borrower shall compensate City for its expenses incurred in investigating a proposed assignee's qualifications as a permitted assignee hereunder and any legal fees incurred with respect to an assignment.

6.9 Third Party Beneficiaries. Notwithstanding any other provision of this Agreement to the contrary nothing herein is intended to create any third party beneficiaries to this Agreement, and no person or entity other than City and Borrower, and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

6.10 No Partnership or Joint Venture. Notwithstanding anything to the contrary contained in this Agreement or any of the agreements attached hereto, the parties do not intend to enter into or create any partnership, joint venture or agency relationship between themselves and City does not intend to assume the liabilities or obligations of Borrower arising from or in connection with the Site, nor shall this Agreement be construed as creating any such partnership,

joint venture or agency relationship between the parties, or as rendering City liable for the debts or obligations of Borrower arising from or in connection with the Site.

6.11 Representations and Warranties. Borrower and each person executing this Agreement on behalf of Borrower represents and warrants that: (a) Borrower is a duly organized California nonprofit public benefit corporation in good standing under the laws of the State of California; (b) Borrower has all requisite power and authority to carry out its business as now and whenever conducted and to enter into and perform its obligations under this Agreement and the agreements attached to this Agreement; (c) by proper action of Borrower, Borrower's signatories have been duly authorized to execute and deliver this Agreement; (d) the execution of this Agreement by Borrower does not violate any provision of any other material agreement to which Borrower is a party; and (e) except as may be specifically set forth in this Agreement, no approvals or consents not heretofore obtained by Borrower are necessary in connection with the execution of this Agreement by Borrower or with the performance by Borrower of its obligations hereunder which have not been obtained.

6.12 Original Agreement Superseded. This Agreement shall supersede the Original Agreement referred to in Recital E and the Original Agreement shall have no further force or effect.

6.13 Execution in Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

FOR VALUE RECEIVED, the undersigned, JAMBOREE HOUSING CORPORATION, a California nonprofit public benefit corporation ("Borrower"), promises to pay to the CITY OF IRVINE, a California municipal corporation ("City"), the sum of Seven Million Seven Hundred Thousand Dollars ($7,700,000), plus accrued interest on the unpaid principal, plus such other costs, charges, and fees which may be owing from time to time, all subject to the terms, conditions, and provisions set forth in this Promissory Note Secured by Deed of Trust ("Note").

Reference is made to the following documents (collectively, together with this Note, the "Loan Documents"):

(i) The Amended and Restated Affordable Housing and Loan Agreement, with all Attachments thereto, by and between City and Borrower, dated August 18, 2005, as may be amended from time to time, ("Loan Agreement"), which sets forth terms and conditions for Borrower's development and operation of a residential rental project ("Facility") on that certain real property located in the City of Irvine, County of Orange, State of California, more particularly described in the legal description set forth in Attachment No. 1 to the Loan Agreement ("Site"). Capitalized terms used herein and not otherwise defined shall have the same meaning as set forth in the Loan Agreement.

(ii) The Assignment of Architectural Agreements and Plans and Specifications of even date herewith ("Assignment") by and between City and Borrower.

(iii) The Regulatory Agreement and Declaration of Covenants and Restrictions in the form attached as an exhibit to the Loan Agreement, to be executed by Borrower and City and recorded against the Site upon Borrower's acquisition of the Site, as may be amended from time to time ("Regulatory Agreement").

(iv) The Deed of Trust With Assignment of Rents in the form attached as an exhibit to the Loan Agreement, to be executed by Borrower for the benefit of City and recorded against the Site upon Borrower's acquisition of the Site, as may be amended from time to time ("Deed of Trust").

1. **Principal Amount; Interest.** The principal amount of the City's loan to Borrower up to Seven Million Seven Hundred Thousand Dollars ($7,700,000) ("City Loan"). Simple interest shall accrue on the City Loan at the rate of three percent (3%) per annum from the date first written above until accrued interest and unpaid principal are paid in full. The City Loan shall be disbursed to Borrower as set forth in the Loan Agreement.

2. **Term of Note; Repayment of Loan Amount.**

(i) If not sooner paid, Borrower shall pay all remaining accrued interest and unpaid principal of the City Loan and any other sums owing, on the date that is fifty-five (55) years after the date the Regulatory Agreement is recorded ("Maturity Date").

(ii) Commencing on the first April 1 that occurs after the date the Project (as that term is defined in the Loan Agreement) is completed and continuing on each April 1 thereafter until the Maturity Date (each April 1 a "Payment Date"), Borrower shall make annual payments to City in an amount equal to a percentage of the Net Project Cash Flow (as hereinafter defined) for the preceding calendar year, which percentage shall be based upon the ratio that the original principal amount of the City Loan bears to the Total Principal Loan Amount or such other ratio as approved by City. If a different percentage is approved by City, an addendum to this Note setting forth the new percentage shall be executed by City and Borrower and affixed to this Note. The "Total Principal Loan Amount" shall mean the total original principal amount of all permanent Permitted Encumbrances encumbering the Property including the City Loan. Borrower's obligation to make annual payments under this subparagraph (ii) shall be applicable only to the extent there is sufficient Net Project Cash Flow available from the Facility from the preceding calendar year. The term Operating Expenses shall include, without limitation, (I) all insurance premiums, including, without limitation, premiums for fire, extended coverage, earthquake and flood insurance, liability insurance, boiler and machinery insurance and business interruption and loss of rents insurance and any other insurance required by any lender or any limited partner of Borrower; (II) all taxes and assessments (other than taxes based upon Borrower's income); (III) all costs and expenses of ownership, operation, management, maintenance and repair of the Facility (including walkways, parking areas and landscaped areas), including, but not limited to, the following costs by way of illustration): (i) utility expenses (including heating, ventilating, and air conditioning); (ii) labor costs, costs of materials, and contractors' fees incurred in the management, maintenance, repair and/or operation of the Facility; (iii) maintenance, repair and capital improvements to the Facility, including component replacement of mechanical, plumbing, heating and air conditioning systems and elevators (whether considered an operating or capitalized expense); (iv) property management fees in connection with its rental of units at the Facility for the applicable calendar year; (v) accounting; (vi) janitorial; (vii) security; (viii) supplies; (ix) materials and equipment; and (x) waste disposal; (IV) debt service on indebtedness (other than any indebtedness payable solely from available Project Cash Flow); provided that if any loan from any mortgage is exonerated or satisfied as a result of a foreclosure proceeding, deed in lieu, or any

like transaction, then an amount equal to what the debt service would have been on such loan shall be included in the computation of Operating Expenses; (V) payments into operating and replacement reserves required by a mortgagee or a limited partner of Borrower; (VI) repayment of any operating deficit loans made to Borrower; and (VII) any developer fee not paid from capital contributions or loan proceeds, social service fees, and cumulative priority distributions to any investor limited partner and partnership management fees, in such amounts as reasonably approved by City. "**Net *Project Cash Flow***" shall mean, with respect to any calendar year, an amount equal to sixty-five percent (65%) of the Project Cash Flow.

3. Administration Fee. On each Payment Date, Borrower shall pay or cause to be paid to City an annual fee for City's administration of the City Loan, the Project, and the affordability covenants set forth in the Regulatory Agreement ("Administration Fee"). The Administration Fee payable on the first Payment Date shall be the sum of Two Thousand Five Hundred Dollars ($2,500). Commencing on the second Payment Date and on each one year anniversary thereafter, the Administration Fee shall be increased by the percentage increase, if any, in the CPI for the twelve (12) month period preceding the current Payment Date, not to exceed two percent (2%) per year. As used herein, the term "CPI" shall mean the Consumer Price Index published by the United States Department of Labor, Bureau of Labor Statistics, for the Los Angeles-Long Beach-Anaheim Average, All Items (1984 = 100) or, if such index is not published or available, such official index as may then be in existence and which is most nearly equivalent to said index.

For the purposes of ascertaining the amount of Project Cash Flow, Borrower shall prepare and keep or cause to be prepared and kept on the Facility (or at, such other location in Orange County, California, approved by City, which approval shall not be unreasonably withheld) for a period of not less than twenty-four (24) months following the end of each calendar year, adequate records for the computation of Gross Income and Operating Expenses.

5. **Reports**. Borrower shall submit to City on or before each Payment Date, together with the remittance of the payment due, if any, a written statement signed by Borrower, and certified by it (or if Borrower is a corporation or a partnership, by a duly authorized corporate officer or general partner of Borrower) to be true and correct, showing in reasonable, accurate detail the amount of Project Cash Flow for the immediately preceding calendar year. The statements and certificates referred to herein shall be in such form and style and contain such details and breakdown as City may deem reasonably acceptable. The acceptance by City of payments shall be without prejudice to City's right to an examination of the books and records of Borrower in order to verify the amount of Project Cash Flow. If Borrower fails to prepare and deliver promptly any required statement, City shall have the right, at Borrower's expense, to make an audit of all books and records of Borrower, including its respective bank accounts, which in any way pertain to or show Project Cash Flow, and to prepare the statement or statements which Borrower has failed to prepare and deliver. Borrower shall give City access to such books and records at all reasonable times for purposes of preparing any such statement.

6. **Audit**. From time to time and at any time, City or City's representative may examine any records required to be maintained under Section 4 during regular business hours upon not less than 72 hours written notice for the purpose of investigating and verifying the accuracy of any statement of Project Cash Flow. City may from time to time and at any time, upon reasonable notice, cause an audit of Borrower's books and records to be made by a person or persons of City's selection and, if any statements of Project Cash Flow made to City shall be found to be inaccurate, there shall be an adjustment and one party shall pay to the other on demand such sums as may be necessary to settle in full the actual payment that should have been paid to City for the calendar years covered by such inaccurate statement or statements. If said audit shall disclose an inaccuracy in favor of Borrower which resulted in an underpayment greater than five percent (5%) for the applicable period, then Borrower shall immediately pay to City the cost of such audit; otherwise, the cost of such audit shall be paid by City.

7. **Default**. Borrower shall be deemed in default of this Note in the event (i) Borrower fails to timely make a required payment within ten (10) days following the due date of any payment due hereunder, or (ii) Borrower is in default of any of the other terms of this Note and such default is not cured within thirty (30) days after Borrower's receipt of written notice from City specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Borrower's receipt of the written notice of default from City and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) day period (for a total of 90 days); or (iii) Borrower is in default of the Loan Agreement, the Deed of Trust, or the Regulatory Agreement, and fails to timely cure such default under the terms of the applicable agreement, it being understood and agreed by Borrower that a default of any of the foregoing agreements (beyond any applicable cure period) shall be a default of this Note. In the event Borrower is in default under this Note (and after expiration of the cure periods described in the preceding sentence), the City Loan shall become immediately due and payable.

8. **Additional Terms.**

(i) Payment of the City Loan shall be made in lawful money of the United States. Payments shall be made to City at One Civic Center Plaza, Irvine, CA 92623-9575, Attn:

Cashier, or at such other address as City or the holder of this Note may direct pursuant to written notice delivered to Borrower.

(ii) If Borrower fails to timely make a required payment within ten (10) days following the due date of such payment, interest at the rate of ten percent (10%) per annum or the maximum legal rate then applicable, whichever is less, shall accrue on the outstanding amount due commencing from the date payment was due.

(iii) Borrower agrees to pay the following costs, expenses, and reasonable attorney's fees paid or incurred by City, or adjudged by the court, in the collection of amounts in default or other costs incurred as a result of a default by Borrower: (i) reasonable costs of collection, costs and expenses and attorney's fees paid or incurred in connection with the collection or enforcement of this Note, whether or not suit is filed, and (ii) costs of suit and such sums as the court may adjudge as reasonable attorney's fees in any action to enforce payment of this Note or any part of it if City prevails in such suit.

(iv) All payments shall be first credited to accrued interest, next to costs, charges, and fees which may be owing from time to time, and then to reduction of the outstanding principal balance.

9. Assignment. This Note shall not be assignable or assumable without the prior, express, written consent of City which may be given or withheld in City's reasonable discretion.

10. Waiver of Presentment. Notwithstanding any other provision herein to the contrary, to the extent permitted by law Borrower hereby waives the following: (i) notice of default or delinquency except defaults or delinquencies of which City has actual notice, (ii) notice of acceleration, (iii) notice of nonpayment, (iv) notice of costs, expenses and losses and interest thereon, (v) notice of interest on interest and late charges, (vi) diligence in taking any action to collect any sums owing under this Note or in proceeding against any of the rights and presentment for payment, demand, protest, and notices of dishonor and/or protest; (vii) the benefits of all waivable exemptions; and (viii) all defenses and pleas on the grounds of any extension or extensions of the time of payment or of any due date under this Note, in whole or in part, whether before or after maturity and with or without notice.

11. Acceleration Upon Sale, Lease, or Encumbrance. To the extent permitted by applicable law, if Borrower shall: (i) directly or indirectly, voluntarily, or involuntarily, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of the Property, excluding the lease of the units on the Property in accordance with the Regulatory Agreement and any other assignment, transfer, or encumbrance expressly permitted in the Loan Agreement or otherwise approved by City in writing; or (ii) default on any of its obligations set forth in the Loan Documents and fail to cure the default within the applicable cure period, then City, at its option, may declare the entire indebtedness evidenced hereby immediately due and payable.

12. Collection Costs; Litigation. If this Note is not paid when due, whether at maturity or by acceleration, Borrower promises to pay all costs of collection, including, but not limited to, reasonable attorneys' fees and all expenses incurred in connection with the protection or realization of the collateral securing the payment hereof or enforcement of any guarantee,

incurred by City on account of such collection, whether or not suit is filed hereon. In any litigation between the parties arising out of this Note, the Municipal and Superior Courts of the State of California in and for the County of Orange shall have exclusive jurisdiction. The prevailing party in any litigation between the parties arising out of or connected to this Note, in addition to whatever other relief to which the prevailing party is entitled, shall also be entitled to reasonable attorney's fees, including fees and costs for discovery, and any fees and costs for appeal.

13. No Waiver by City. No waiver of any breach, default, or failure of condition under the terms of this Note or the Deed of Trust or the obligations secured thereby shall be implied from any failure of City to take, or any delay be implied from any failure by City in taking, action with respect to such breach, default, or failure from any prior waiver of any similar or unrelated breach, default, or failure.

14. Severability; Governing Law; Amendment. The unenforceability or invalidity of any provision or provisions of this Note as to any persons or circumstances shall not render that provision or those provisions unenforceable or invalid as to any other provisions or circumstances, and all provisions hereof, in all other respects, shall remain valid and enforceable. This Note has been executed and delivered by Borrower in the State of California and is to be governed and construed in accordance with the laws thereof. Neither this Note nor any term hereof may be waived, amended, discharged, modified, changed, or terminated orally; nor shall any waiver of any provision hereof be effective except by an instrument in writing signed by Borrower and City.

15. Nonrecourse Obligation. Effective from and after the date Borrower acquires fee title to the Property, provided Borrower is not in default of the Loan Documents, the obligation of Borrower to pay the City Loan shall automatically be converted to a nonrecourse obligation and Borrower shall not have any personal liability under this Note or any of the other Loan Documents to pay the indebtedness evidenced under this Note, and any judgment, decree or order for the payment of money obtained in any action to enforce the obligation of Borrower to pay the City Loan shall be enforceable against Borrower only to the extent of Borrower's interest in the Property.

IN WITNESS WHEREOF, Borrower has executed this Note as of the date set forth above.

DEED OF TRUST WITH ASSIGNMENT OF RENTS

This DEED OF TRUST WITH ASSIGNMENT OF RENTS ("Deed of Trust") is made this _____ day of _____, 200__, among _____ _____ ("Trustor"), whose address is 17701 Cowan Avenue, Suite 200, Irvine, CA 92614, FIRST AMERICAN TITLE INSURANCE COMPANY, a California corporation ("Trustee"), and the CITY OF IRVINE, a California municipal corporation ("Beneficiary").

1. **Grant In Trust**. For the purposes and upon the terms and conditions in this Deed of Trust, Trustor grants, transfers, and assigns to Trustee, in trust, with power of sale and right of entry and possession, the following property and any interest therein (collectively, the "Trust Estate"): (a) Trustor's fee interest in the real property located in the City of Irvine, County of Orange, State of California described in Exhibit "A" attached hereto and incorporated herein by this reference ("Real Property"); (b) all buildings and other improvements and structures now or hereafter located on the Real Property (collectively, the "Improvements" and together with the Real Property shall sometimes be referred to as the "Property"); (c) all existing and future leases, subleases, subtenancies, licenses, agreements and concessions relating to the use, occupancy or enjoyment of all or any part of the Property, together with any and all guaranties and other agreements relating to or made in connection with any of the foregoing (individually, a "Lease", and collectively, the "Leases"); and (d) all rents, issues, income, revenues, royalties, profits, proceeds and earnings now or hereafter payable with respect to or otherwise derived from the ownership, use, management, operation, leasing or occupancy of the Property, including, without limitation, cash or security deposited under any of the leases to secure the performance by the lessees of their obligations thereunder (collectively, the "Rents").

2. **Obligations Secured**. Trustor makes this grant and assignment for the purpose of securing the following: (a) payment of the sum of Seven Million Seven Hundred Thousand Dollars ($7,700,000), according to the terms of a promissory note dated August 19, 2005, made by Trustor, payable to order of Beneficiary, and extensions, modifications or renewals thereof ("City Note"); (b) performance of Trustor under the City Note, the Amended and Restated Affordable Housing and Loan Agreement between Trustor and Beneficiary dated August 18,

2005 ("Loan Agreement"), and the Regulatory Agreement and Declaration of Covenants and Restrictions between Trustor and Beneficiary recorded against the Property on or about the date hereof, ("Regulatory Agreement"), as such agreements may be amended from time to time, and each agreement of Trustor incorporated by reference or contained herein; and (c) payment of additional sums and interest thereon which may hereafter be loaned to Trustor, or its successors or assigns, when evidenced by a promissory note or notes reciting that they are secured by this Deed of Trust. This Deed of Trust, the City Note, the Loan Agreement, and the Regulatory Agreement are collectively referred to herein as the "Loan Documents." The terms and provisions of the Loan Documents, including without limitation the nonrecourse provision set forth in Section 15 of the City Note, are incorporated herein by reference as if set forth in full. Any capitalized terms contained in this Deed of Trust which are not defined herein shall have the meaning given in the Loan Agreement, unless expressly provided to the contrary.

3. Acceleration of Loan. To the extent permitted by applicable law, if Trustor shall: (a) directly or indirectly, voluntarily, or involuntarily, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of the Trust Estate, excluding the lease of the units on the Property in accordance with the Regulatory Agreement and any other assignment, transfer, or encumbrance expressly permitted by the Loan Agreement or otherwise approved by City in writing; or (b) default on any of its obligations set forth in the Loan Documents and fail to cure the default within the applicable cure period, Beneficiary, at its option, may declare the entire indebtedness evidenced hereby to be immediately due and payable and collectible then or thereafter as Beneficiary may elect, regardless of the date of maturity.

4. Assignment of Rents and Performance of Leases.

4.1 Assignment of Rents and Leases. Subject to the rights of holders of senior Permitted Encumbrances, Trustor hereby irrevocably absolutely and unconditionally assigns and transfers to Beneficiary all of Trustor's right, title and interest in and to the Leases and the Rents; provided, however, that so long as no Event of Default has occurred and is continuing, Trustor shall have the right under a license granted hereby to collect and receive all Rents as trustee for the benefit of Beneficiary and to apply the amounts so collected first to the payment of costs and expenses associated with the ownership, maintenance, operation and leasing of the Property, including, principal, interest and all other amounts required to be paid under the Loan Documents, before using or applying such Rents for any other purpose. No Rents or such other income shall be distributed or paid to Trustor, unless such costs and expenses which are then due have been paid in full. Thereafter, so long as no Event of Default has occurred and is continuing, the balance may be distributed to Trustor. If an Event of Default has occurred and is continuing, Trustor's right to collect and receive the Rents under the license granted hereby shall cease and the license shall be revoked automatically, and Beneficiary shall have the sole right, with or without taking possession of the Property, to collect all Rents; provided, however, if such Event of Default is cured, then such license shall be automatically reinstated. This is an absolute assignment and not an assignment for security only. For purposes of this Section 4, the term "Event of Default" shall mean (a) the failure of Trustor to timely pay, within ten (10) days of its due date, any payment due under the City Note, or (b) the failure of Trustor to promptly and completely observe or perform any term, condition, covenant, agreement or obligation contained in any Loan Document or any other instrument or agreement

secured hereby, and the continuation of such failure following the expiration of any applicable notice, cure or grace period, if any, provided for therein or herein; provided, however, that in the event no cure or grace period is otherwise provided for herein or therein, such failure shall not be an Event of Default hereunder if Trustor observes or performs such term, condition, covenant, agreement or obligation within thirty (30) days of receipt of written notice from Beneficiary of Trustor's failure to observe or perform any such term, condition, covenant, agreement or obligation (or if not reasonably susceptible of cure within thirty (30) days, then provided the cure is commenced in thirty (30) days and diligently and continuously prosecuted to a cure.

4.2 Covenants Regarding Leases. Trustor shall not, without the prior written consent of Beneficiary, (a) collect any rent from any lessee for a period of more than one (1) month in advance, or (b) except with respect to any loans as may be expressly permitted under the Loan Agreement, execute any further assignment of any of its right, title and interest in the Leases and the Rents. Trustor shall (a) observe, perform and discharge each and every obligation, term, covenant, condition and agreement of Trustor under the Leases in all material respects, (b) enforce the performance of each and every obligation, term, covenant, condition and agreement in the Leases to be performed by any lessee or guarantor thereof in all material respects, (c) use good faith commercially reasonable efforts to keep the rental units in the Property leased, and (d) execute and deliver to Beneficiary upon demand, at any time and from time to time, any and all assignments and other instruments which Beneficiary may deem reasonably advisable to carry out the true purposes and intent of the assignment set forth in Section 4.1 above.

5. Default. Trustor shall be deemed in default of this Deed of Trust in the event Trustor fails to perform any obligation hereunder and such default is not cured within thirty (30) days after Trustor's receipt of written notice from Beneficiary specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Trustor's receipt of the notice of default and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) day period (for a total of ninety (90) days).

6. Incorporation of Fictitious Deed of Trust. To protect the security of this Deed of Trust, and with respect to the Property above described, Trustor expressly makes each and all of the agreements, and adopts and agrees to perform and be bound by each and all of the terms and provisions set forth in subdivision A, and it is mutually agreed that each and all of the terms and provisions set forth in subdivision B, of the fictitious deed of trust recorded in the Orange County Recorder's Office on August 17 1964, and in all other counties on August 18, 1964, in the book and at the page of Official Records in the office of the county recorder of the county where said property is located, noted below opposite the name of such county, namely:

DO NOT RECORD

The following is a copy of Subdivisions A and B of the fictitious Deed of Trust recorded in each county in California as stated in the foregoing Deed of Trust and incorporated by reference in said Deed of Trust as being a part thereof as if set forth at length therein.

A. To protect the security of this Deed of Trust, Trustor agrees:

1) To keep said property in good condition and repair, not to remove or demolish any building thereon; to complete or restore promptly and in a good and workmanlike manner any building which may be constructed, damaged or destroyed thereon and to pay when due all claims for labor performed and materials furnished therefor, to comply with all laws affecting said property or requiring any alterations or improvements to be made thereon; not to commit or permit waste thereof; not to commit, suffer or permit any act upon said property in violation of law; to cultivate, irrigate, fertilize, fumigate, prune and do all other acts which from the character or use of said property may be reasonably necessary, the specific enumerations herein not excluding the general.

2) To provide, maintain and deliver to Beneficiary fire insurance satisfactory to and with loss payable to Beneficiary. The amount collected under any fire or other insurance policy may be applied by Beneficiary upon any indebtedness secured hereby and in such order as Beneficiary may determine, or at the option of Beneficiary the entire amount so collected or any part thereof may be released to Trustor. Such application or release shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

3) To appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; and to pay all costs and expenses, including cost of evidence of title and attorney's fees in a reasonable sum, in any such action or proceeding in which Beneficiary or Trustee may appear, and in any suit brought by Beneficiary to foreclose this Deed.

4) To pay: at least ten (10) days before delinquency all taxes and assessments affecting said property, including assessments on appurtenant water stock; when due, all encumbrances, charges and liens, with interest, on said property or any part thereof, which appear to be prior or superior hereto; all costs, fees and expenses of this Trust.

Should Trustor fail to make any payment or to do any act as herein provided, then Beneficiary of Trustee, but without obligation so to do and without notice to or demand upon Trustor and without releasing Trustor from any obligation hereof, may: make or do the same is such manner and to such extent as either may deem necessary to protect the security hereof, Beneficiary or Trustee being authorized to enter upon said property for such purposes; appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; pay, purchase, contest or compromise any encumbrance, charge or lien which in the judgment of either appears to be prior or superior hereto; and, in exercising any such powers, pay necessary expenses, employ counsel and pay his reasonable fees.

5) To pay immediately and without demand all sums so expended by Beneficiary or Trustee, with interest from the date of expenditure at the amount allowed by law in effect at the date hereof, and to pay for any statement provided for by law in effect at the date hereof regarding the obligation secured hereby any amount demanded by the Beneficiary not to exceed the maximum allowed by law at the time when said statement is demanded.

B. It is mutually agreed:

1) That any award in connection with any condemnation for public use of or injury to said property or any part thereof is hereby assigned and shall be paid to Beneficiary who may apply or release such moneys received by him in the same manner and with the same effect as above provided for disposition of proceeds of fire or other insurance.

2) That by accepting payment of any sum secured hereby after its due date, Beneficiary does not waive his right either to require prompt payment when due of all other sums so secured or to declare default for failure so to pay.

3) That at any time or from time to time, without liability therefor and without notice, upon written request of Beneficiary and presentation of this Deed and said note for endorsement, and without affecting the personal liability of any person for payment of the indebtedness secured hereby, Trustee may: reconvey any part of said property; consent to the making of any map or plat thereof; join in granting any easement thereon, or join in any extension agreement or any agreement subordinating the lien or charge hereof.

4) That upon written request of Beneficiary stating that all sums secured hereby have been paid, and upon surrender of this Deed and said note to Trustee for cancellation and retention or other disposition as Trustee in its sole discretion may choose and upon payment of its fees, Trustee shall reconvey, without warranty, the property then held hereunder. The recitals in such reconveyance of any matters or facts shall be conclusive proof of the truthfulness thereof. The Grantee in such reconveyance may be described as "the person or persons legally entitled thereto."

5) That as additional security, Trustor hereby gives to and confers upon Beneficiary the right, power and authority, during the continuance of these Trusts, to collect the rents, issues and profits of said property, reserving unto Trustor the right, prior to any default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, to collect and retain such rents, issues and profits as they become due and payable. Upon any such default, Beneficiary may at any time without notice, either in person, by agent, or be a receiver to be appointed by a court, and without regard to the adequacy of any security for the indebtedness hereby secured, enter upon and take possession of said property or any part thereof, in his own name sue for or otherwise collect such rents, issues, and profits, including those past due and unpaid, and apply the same, less costs and expenses of operation and collection, including reasonable attorney's fees, upon any indebtedness secured hereby, and in such order as Beneficiary may determine. The entering upon and taking possession of said property, the collecting of such rents, issues and profits and the application thereof as aforesaid, shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

6) That upon default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, Beneficiary may declare all sums secured hereby immediately due and payable by delivery to Trustee of written declaration of default and demand for sale and of written notice of default and of election to cause to be sold said property, which notice Trustee shall cause to be filed for record. Beneficiary also shall deposit with Trustee this Deed, said note and all documents evidencing expenditures secured hereby.

After the lapse of such time as may then be required by law following the recordation of said notice of default, and notice of sale having been given as then required by law, Trustee, without demand on Trustor, shall sell said property at the time and place fixed by it in said notice of sale, either as a whole or in separate parcels, and in such order as it may determine, at public auction to the highest bidder for cash in lawful money of the United States, payable at time of sale. Trustee may postpone sale of all or any portion of said property by public announcement at such time and place of sale, and from time to time thereafter may postpone such sale by public announcement at the time fixed by the preceding postponement. Trustee shall deliver to such purchaser its deed conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed of any matters or facts shall be conclusive proof of the truthfulness thereof. Any person, including Trustor, Trustee, or Beneficiary as hereinafter defined, may purchase at such sale.

After deducting all costs, fees and expenses of Trustee and of this Trust, including cost of evidence of title in connection with sale, Trustee shall apply the proceeds of sale to payment of: all sums expended under the terms hereof, not then repaid, with accrued interest at the amount allowed by law in effect at the date hereof; all other sums then secured hereby; and the remainder, if any, to the person or persons legally entitled thereto.

7) Beneficiary, or any successor in ownership of any indebtedness secured hereby, may from time to time, by instrument in writing, substitute a successor or successors to any Trustee named herein or acting hereunder, which instrument, executed by the Beneficiary and duly acknowledged and recorded in the office of the recorder of the county or counties where said property is situated shall be conclusive proof of proper substitution of such successor Trustee or Trustees, who shall, without conveyance from the Trustee predecessor, succeed to all its title, estate, rights, powers and duties. Said instrument must contain the name of the original Trustor, Trustee and Beneficiary hereunder, the book and page where this Deed is recorded and the name and address of the new Trustee.

8) That this Deed applies to, inures to the benefit of, and binds all parties hereto, their heirs, legatees, devisees, administrators, executors, successors and assigns. The term Beneficiary shall mean the owner and holder, including pledgees, of the note secured hereby, whether or not named as Beneficiary herein. In this Deed, whenever the context so requires, the masculine gender includes the feminine and/or neuter, and the singular number includes the plural.

9) That Trustee accepts this Trust when this Deed, duly executed and acknowledged, is made a public record as provided by law. Trustee is not obligated to notify any party hereto of pending sale under any other Deed of Trust or of any action or proceeding in which Trustor, Beneficiary or Trustee shall be a party unless brought by Trustee.

DELETE THIS PARENTHETICAL NOTE PRIOR TO EXECUTION.]

2. Development of the Project. Declarant shall commence and complete construction of the Project on the Property within the times and subject to the terms and conditions set forth in the Loan Agreement.

3. **Term.** The covenants set forth in this Agreement shall remain in effect in perpetuity.

4. **Use; Affordability Covenants.** Declarant hereby covenants and agrees that the Property shall be managed and operated in accordance with the provisions set forth in this Section 4.

4.1 General. Owner shall devote the Property for use as a residential rental complex, with the Residential Units to be rented to and occupied or held available for occupancy only by Eligible Tenants at Affordable Rent such that the Unit Mix is maintained. Not by way of limitation of the foregoing, Declarant shall not permit the Residential Units to be utilized on a transient basis, or as a hotel, motel, dormitory, fraternity house, sorority house, rooming house, nursing home, hospital, sanitarium, trailer court or park, day care facilities, or non-residential uses. Notwithstanding any other provision set forth in this Agreement to the contrary, the one on-site manager's Residential Unit is not subject to the affordability covenants set forth in this Agreement, including without limitation the requirement that the unit be occupied by an Eligible Tenant at Affordable Rent.

4.2. Occupancy by Eligible Tenants. Each Residential Unit shall be used as the principal residence of the Residential Unit's Eligible Tenant and for no other purpose. An Eligible Tenant shall not lease or sublease its Residential Unit or its right of occupancy. Declarant shall institute a program to ensure that the Residential Units remain occupied by the Eligible Tenants.

4.3 Occupancy Limits. The number of persons permitted to occupy each Residential Unit shall not exceed the occupancy permitted pursuant to the general requirements of the United States Department of Housing and Urban Development, which as of the date of this Agreement is two persons per bedroom, plus one person (e.g., for a two bedroom unit the maximum number of persons residing in the unit can be five persons). The lease for each Residential Unit shall include a provision limiting the number of persons permitted to occupy each Residential Unit in accordance with the preceding sentence and Declarant shall enforce such occupancy restrictions.

4.4 Determination of Eligible Tenant Status. Immediately prior to an Eligible Tenant's occupancy of a Residential Unit, Declarant shall obtain an Income Computation and Certification Form in a form approved by City (which form may be the form utilized in connection with the regulatory agreement for multifamily housing revenue bonds or low income housing tax credits) from each such Eligible Tenant dated immediately prior to the date of initial occupancy of the Residential Unit by such Eligible Tenant. In addition, Declarant shall provide such further information as may be reasonably required by City for purposes of verifying a tenant's status as an Eligible Tenant. Declarant shall use good faith efforts to verify that the income provided by an applicant is accurate by taking the following steps as a part of the verification process: (a) obtain three (3) pay stubs for the most recent pay periods; (b) obtain a written verification of income and employment from the applicant's current employer; (c) obtain an income verification form from the Social Security Administration, California Department of Social Services, and/or California Employment Development Department if the applicant receives assistance from any of said agencies; (d) if an applicant is unemployed or did not file a

tax return for the previous calendar year, obtain other evidence and/or verification of such applicant's total income received during the calendar year from any source, taxable or nontaxable, or such other information as is satisfactory to the City. Declarant shall maintain each Income Computation and Certification Form obtained pursuant to this Section and Section 4.5 for a minimum period of five (5) years.

4.5 Recertification. Within sixty (60) days prior to the first anniversary date of the occupancy of a Residential Unit by an Eligible Tenant, and on each anniversary date thereafter, Declarant shall recertify the income of such Eligible Tenant by obtaining a completed Income Computation and Certification Form based upon the current income of each occupant of the Residential Unit. In the event the recertification demonstrates that such household's income exceeds the income at which such household originally qualified, such household will no longer qualify as an Eligible Tenant at that original income level. If the occupant's income falls within one of the other income categories of Eligible Tenants, the rent shall be increased to the Affordable Rent applicable to the new income category. To the extent permitted by applicable law, the provisions of any tax credit regulatory agreement encumbering the Project and the requirements of Section 42 of the Internal Revenue Code, if the income exceeds the income permitted for Eligible Tenant status, the occupants' lease shall not be renewed and said occupants shall be required to vacate the unit within 180 days after the recertification. Otherwise, the next available unit will be leased to an Eligible Tenant at an income level that will cause the Project to be in compliance with the Unit Mix as quickly as possible.

4.6 Leasing Residential Units. The Residential Units shall be available for rental on a continuous basis and Declarant shall not give preference to any particular class or group in renting Residential Units, except to the extent that the Residential Units are required to be rented to Eligible Tenants and except as provided in the next sentence. Declarant shall give priority in renting Residential Units to Eligible Tenants who constitute displaced persons entitled to a preference pursuant to California Health and Safety Code Section 33411.3 or successor statute. Declarant shall maintain a list of persons who have applied for a Residential Unit and, subject to the priority to be given to displaced persons as set forth above, should multiple tenants be equally eligible (as to income, credit history, and other nondiscriminatory criteria) and qualified to rent a Residential Unit, Declarant shall rent available Residential Units to Eligible Tenants on a first qualified (with reasonable efforts made to qualify applicants in the order that the applications are received), first offered basis, or pursuant to a lottery system. Declarant shall use commercially reasonable efforts to lease Residential Units that become available as quickly as possible. Declarant shall market the Residential Units to the citizens of the City of Irvine.

4.7 Rental Agreement. The form of the rental agreement between Declarant and each of the Eligible Tenants shall be reasonably approved by City prior to the rental or leasing of any of the Residential Units. Once approved, no material changes shall be made to the form of the rental agreement without City's prior written reasonable approval. The rental agreement shall obligate the Eligible Tenants to comply with the provisions set forth in Section 4 of this Agreement and an Eligible Tenant who violates such requirements shall be in default under the rental agreement. Not by way of the foregoing, each rental agreement with an Eligible Tenant shall include a provision to the effect that the Declarant has relied on the information provided by the Eligible Tenant on the Income Computation and Certification Form and all other supporting information supplied by the Eligible Tenant in determining qualification for

occupancy of the applicable Residential Unit, and that any material misstatement in such certification (whether or not intentional) will be cause for immediate termination of such rental agreement. In addition, each rental agreement shall contain a provision that failure to cooperate with the annual recertification process may disqualify the Eligible Tenant as such and will be will be cause for immediate termination of such rental agreement.

5. **No Discrimination**. Declarant shall not discriminate against, or segregate, any person or group of persons on account of race, color, creed, national origin, ancestry, sex, marital status, or religion in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the Property, nor shall the Declarant for itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the Property.

6. **Maintenance of Property**. Declarant shall maintain or cause to be maintained the Property and all improvements on the Property in a good condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders, and regulations of all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction. City places prime importance on quality maintenance to protect its investment and to ensure that affordable housing projects within the City of Irvine are not allowed to deteriorate due to substandard maintenance. In addition, Declarant shall keep the Property free from all graffiti and any accumulation of debris or waste material. Declarant shall make all repairs and replacements necessary to keep the improvements in first class condition and repair and shall promptly eliminate all graffiti and replace dead and diseased plants and landscaping with comparable approved materials. In the event that Declarant breaches any of the covenants contained in this Section 6, and such default continues for a period of fifteen (15) days after written notice from a City (with respect to landscaping, graffiti, debris, waste material, and general maintenance) or thirty (30) days after written notice from City or such longer period of time as is reasonably necessary to correct the condition (with respect to building improvements), then City in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Property and perform or cause to be performed all such acts and work necessary to cure the default. Pursuant to such right of entry, City shall be permitted (but are not required) to enter upon the Property and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Property, and to attach a lien on the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by City and/or costs of such cure, including a ten percent (10%) administrative charge, which amount shall be promptly paid by Declarant to City upon demand.

7. **Management**.

7.1 **Property Manager**. Declarant shall manage or shall cause the rental project on the Property to be managed in a prudent and business-like manner. Declarant may contract with a management company or manager to operate and maintain the Property in accordance with the terms of this Agreement ("Property Manager"); provided, however, that the selection and hiring of such a Property Manager company shall be subject to approval by City,

which shall not be unreasonably withheld provided that the management company or manager has the requisite experience level and performance record.

7.2 Gross Mismanagement. In the event of "Gross Mismanagement" (as that term is defined below), City shall have the authority to require that such Gross Mismanagement cease immediately, and further to require the immediate replacement of the Property Manager, whether that Property Manager is Declarant or a third party. The replacement Property Manager shall be required to operate and maintain the Property in accordance with the terms of this Agreement. In the event of such a replacement, the costs to retain the replacement Property Manager shall be the responsibility of Declarant. City shall provide written notice to Declarant of the event(s) of Gross Mismanagement occurring and Declarant shall have thirty (30) days after receipt of such notice (or such longer period as is reasonably necessary to correct the condition) to cure, correct, or remedy the event(s) of Gross Mismanagement identified in City's notice and to notify City of the cure, correction, or remedy. For purposes of this Agreement the term "Gross Mismanagement" shall mean management of the Project in a manner which violates the terms of this Agreement to operate the Residential Units as an affordable housing project and shall include, but is not limited to, the following:

i. Knowingly allowing a Residential Unit to be occupied by a person who does not qualify as an Eligible Tenant;

ii. Allowing the prescribed occupancy levels to be exceeded without taking immediate action to stop such overcrowding;

iii. Failure to maintain the Property in the manner prescribed in Section 6;

iv. Fraud or embezzlement of Project monies; and

v. Failure to comply with reasonable recommendations of the Irvine Police Department in maintaining a crime free environment on the Property.

8. Records. Declarant shall maintain complete and accurate records pertaining to the Residential Units for a period of three (3) years (unless a longer period of time is expressly set forth herein), and shall permit any duly authorized representative of City to inspect the books and records of Declarant pertaining to the Residential Units.

9. Right to Inspect. City shall have the right to inspect the Property and the Residential Units for purposes of assuring compliance with this Agreement during normal business hours on seventy-two (72) hours written notice.

10. Relocation. Declarant shall be responsible for providing any relocation benefits or assistance and paying relocation costs to any tenants or occupants who may be displaced from the Property if such benefits or assistance are required to be provided under any applicable federal, state, or local laws, rules or regulations. Declarant shall indemnify, defend, and hold harmless City from and against any and all claims, liabilities, damages or losses arising out of

any claims for relocations benefits or assistance that may be asserted by any tenants or occupants of the Property.

11. Indemnification. Declarant shall defend, indemnify and hold harmless City and its officers, officials, agents, employees, representatives, and volunteers from and against any loss, damage, costs, expenses, liability, claim, or judgment relating in any manner to the Property and the operation of the rental project thereon or Declarant's performance under this Agreement, except to the extent caused by the active negligence or willful misconduct of City.

12. Insurance. Upon completion of the Project and for the term of this Agreement, Declarant shall procure and keep in full force and effect or cause to be procured and kept in full force and effect for the mutual benefit of Declarant and City, and shall provide City evidence reasonably acceptable to City, of insurance policies meeting the minimum requirements set forth in this Section 12.

12.1. Types of Insurance Policies. The insurance policies to be maintained by Declarant upon completion of the Project and for the duration of the term of this Agreement are a follows:

i. Commercial General Liability insurance with respect to the Site and the operations of or on behalf of Declarant, in an amount not less than One Million Dollars ($1,000,000) per occurrence combined single limit including products, completed operations, contractual, bodily injury, personal injury, death and property damage liability, subject to such increases in amount as City may reasonably require from time to time; provided, that the percentage increase in coverage shall not be required to exceed the percentage increase in the Consumer Price Index published by the United States Department of Labor, Bureau of Labor Statistics, for Urban Wage Earners and Clerical Workers, Los Angeles-Long Beach-Anaheim Average, All Items (1984 = 100) (the "Index"), from and after the date of this Agreement, or, if said Index is discontinued, such official index as may then be in existence and which is most nearly equivalent to said Index (the "CPI Adjustment"). Unless otherwise approved in advance by the City, the insurance to be provided by Declarant may provide for a deductible or self-insured retention of not more than Ten Thousand Dollars ($10,000), with such maximum amount to increase at the same rate as the periodic increases in the minimum amount of total insurance coverage set forth above. City and its officers, officials, employees, volunteers, agents, and representatives shall be named as additional insureds under such policy or policies.

ii. With respect to the improvements and any fixtures and furnishings to be owned or leased by Declarant on the Site, all risk property insurance against fire, vandalism, and malicious mischief, and such other additional perils, hazards, and risks as now are or may be

included in the standard "all risk" form in general use in Orange County, California, with the standard form fire insurance coverage in an amount equal to full actual replacement cost thereof, as the same may change from time to time. The above insurance policy or policies shall include coverage for earthquakes to the extent generally and commercially available at commercially reasonable rates, if such insurance is generally obtained for rental apartment projects of this size and type in the Orange County, California. City shall be a loss payee under such policy or policies and such insurance shall contain a replacement cost endorsement.

12.2 Policy Requirements. A copy of each paid-up policy evidencing such insurance (appropriately authenticated by the insurer) or a certificate of the insurer, certifying that such policy has been issued, providing the coverage required herein, and containing the provisions specified herein, shall be delivered to City on or prior to the completion of the Project, and thereafter, upon renewals, not less than thirty (30) days prior to the expiration of coverage. City may, at any time, and from time to time, inspect and/or copy any and all insurance policies required to be procured by Declarant hereunder. In no event shall the limits of any policy be considered as limiting the liability of Declarant hereunder. In addition to the requirements set forth in Section 12.1, each insurance policy required to be carried by Declarant pursuant to this Agreement:

i. shall be primary insurance and not contributory with any other insurance which City or its officers, officials, employees, volunteers, agents, or representatives may have;

ii. shall contain no special limitations on the scope of protection afforded to City or its officers, officials, employees, volunteers, agents, and representatives;

iii. shall be "per occurrence" rather than "claims made" insurance;

iv. shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability;

v. shall provide that the policy will not be cancelled by the insurer or Declarant unless there is a minimum of thirty (30) days (10 days for nonpayment of premium) prior written notice by certified mail, return receipt requested to City;

vi. shall be written by a California licensed insurer with a Best rating of not less than A:VII;

vii. shall be endorsed to state that any failure to comply with the reporting provisions of the policies shall not affect coverage provided to City and its officers, officials, employees, volunteers, agents, and representatives; and

viii. shall contain a waiver by the insurer of any right to subrogation against City, and its officers, officials, employees, volunteer and agents, which arises or might arise by reason of any payment under such policy or policies or by reason of any act or omission of City or its officers, officials, members, employees, agents, or representatives.

13. Repair of Damage. If any improvements on the Property shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty, Declarant shall promptly proceed to obtain insurance proceeds and provided the insurance proceeds are sufficient to restore the Property and the insurance proceeds are made available therefor by the secured lenders, take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the improvements to substantially the same condition as the improvements are required to be maintained in pursuant to this Agreement, and Declarant shall complete the same as soon as possible thereafter so that the Project can continue to be operated and occupied as an affordable housing project in accordance with this Agreement. In no event shall the repair, replacement, or restoration period exceed two (2) years from the date of the destruction subject to events of force majeure unless City, in its sole and absolute discretion, approves a longer period of time.

14. Defaults and Remedies.

14.1 Defaults. Failure or delay by any party to perform any term or provision of this Agreement which is not cured within thirty (30) days after receipt of notice from the other party specifying the default (or such other period specifically provided herein) constitutes a default under this Agreement; provided, however, if such default is of the nature requiring more than thirty (30) days to cure, the defaulting party shall avoid default hereunder by commencing to cure within such thirty (30) day period, and thereafter diligently pursuing such cure to completion within an additional sixty (60) days following the conclusion of such thirty (30) day period (for a total of ninety (90) days). Except as required to protect against further damages, the injured party may not institute proceedings against the party in default until the time for cure has expired. Failure or delay in giving such notice shall not constitute a waiver of any default, nor shall it change the time of default.

14.2 Institution of Legal Actions. In addition to any other rights or remedies, any party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

14.3 Rights and Remedies are Cumulative. The rights and remedies of the parties are cumulative, and the exercise by either party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

15. Third Party Beneficiary; Agency Enforcement. The parties acknowledge that the Irvine Redevelopment Agency ("Agency") provided funding for the development of the

Project and that the Agency intends to count the Residential Units toward its affordable housing obligations. The Agency is an intended third party beneficiary of this Agreement and shall have the power to enforce its provisions.

16. Miscellaneous.

16.1 Entire Agreement, Waivers, and Amendments. This Agreement contains the entire agreement between the parties relating to the subject matter hereof, and supersedes all negotiations and previous agreements between the parties with respect to all or part of the subject matter hereof, with the exception of the Loan Agreement and the agreements attached to the Loan Agreement. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the party to be charged. A waiver of the breach of the covenants, conditions or obligations under this Agreement by either party shall not be construed as a waiver of any succeeding breach of the same or other covenants, conditions or obligations of this Agreement. Any amendment or modification to this Agreement must be in writing and executed by the appropriate authorities of City and Declarant.

16.2 Attorneys' Fees and Costs. If either party to this Agreement commences an action against the other party to this Agreement arising out of or in connection with this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees, expert witness fees, costs of investigation, and costs of suit from the losing party.

16.3 Prohibition Against Assignment and Transfer. The qualifications and identity of Declarant are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Declarant and entered into this Agreement with Declarant. Accordingly, Declarant shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Property or in the Project except as permitted in the Loan Agreement or otherwise approved by the City. In considering whether it will grant approval to any assignment by Declarant of its interest in the Property and this Agreement or any portion thereof, City shall consider factors such as the financial strength and capability of the proposed transferee to perform Declarant's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, and operation of similar projects. No assignment or transfer of Declarant's interest in this Agreement or the Property, shall be effective unless and until the proposed assignee and Declarant execute and deliver to City an assignment and assumption agreement in form satisfactory to City and City's legal counsel.

16.4 Interpretation; Governing Law. This Agreement shall be construed according to its fair meaning and as if prepared by both of the parties hereto. This Agreement shall be interpreted in accordance with the internal laws of the State of California

16.5 Severability. If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in this Agreement, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision(s) had never been contained herein.

16.6 Notices. All notices required to be delivered under this Agreement to City or Declarant must be in writing and shall be addressed to the respective parties at such address set forth below or to such other address and to such other persons as the parties may hereafter designate by written notice to the other parties hereto:

A. The City has entered into various funding agreements with the United States Department of Housing and Urban Development ("HUD"), which agreements provide Community Development Block Grant (CDBG) funds to the City under the Federal Housing and Community Development Act of 1974 (42 U.S.C. Sections 5301 et. seq.), as amended from time to time, (the "Act") and the regulations promulgated thereunder (24 C.F.R. Sections 570 et. seq. ("Regulations").

B. The Act provides that the City may grant the CDBG Funds to nonprofit organizations for certain purposes allowed under the Act.

C. Subgrantee is a nonprofit organization which **desires to pay down the debt on the mortgage loan and install/construct accessibility features to a transitional housing unit that serves homeless families and persons (the "Site") which is located on certain real property in the City of Irvine, County of Orange, State of California,** more particularly described in Exhibit "A" attached hereto and incorporated herein by reference ("Site").

D. Terms and conditions more particularly set forth herein (the "Project").

NOW, THEREFORE, the parties hereto agree as follows:

1.0 SUBGRANTEE OBLIGATIONS

Use of CDBG Funds. Subgrantee hereby agrees to use the CDBG Funds provided to Subgrantee solely for the Project pursuant to all of the terms and conditions of this Contract. The Project is more particularly set forth in Exhibit "B" attached hereto and incorporated herein by reference. The CDBG Funds shall be used solely to reimburse the actual expenses incurred by Subgrantee for the Project that is set forth in the "Budget" attached hereto as Exhibit "C" and incorporated herein by reference.

If the Project encompasses any construction upon the Site, the work shall be performed in accordance with construction drawings, working specifications and related documents approved by the City in advance and in writing. Subgrantee must adhere to all procurement procedures described in Federal Regulation 24 CFR 84 Procurement Standards (also called OMB Circular A-110). Before the commencement of any work of construction, Subgrantee shall obtain any and all permits or approvals required by any governmental agency with jurisdiction. Representatives of the City shall have a reasonable right of access to the Facilities during any period of construction to determine whether the work being performed is consistent with the terms of this Contract.

5210

a) Subgrantee has read and is familiar with all of the terms and provisions of the Act and the Regulations applicable to Subgrantee.

b) Subgrantee is a nonprofit organization permitted to receive CDBG Funds under the Act and the Regulations.

c) The use of the Facility, the Project and the expenses to be reimbursed by the CDBG Funds, as described in the Budget, are permitted uses of CDBG Funds under the Act and the Regulations.

1.3 Compliance with Law. Subgrantee shall perform the Project and operate the Facility in accordance with all ordinances, resolutions, statutes, rules, and regulations of the City and Federal, State or local governmental agency having jurisdiction in effect at the time service is rendered, including, but not limited to, the Act and the Regulations. Particularly, Subgrantee shall comply with the requirements and standards of the following:

(a) OMB Circular No. A-122 "Cost Principles for Non Profit Organizations" or OMB Circular No. A-21 "Cost Principles for Educational Institutions", as applicable;

(c) All federal laws and regulations described in Subpart K of the Regulations, including all affirmative actions requirements set forth therein, but excluding the City's environmental responsibilities under 24 C.F.R. 1.5 Program Income. Any program income, as such term is defined in the Regulations, received by Subgrantee shall be retained by Subgrantee. The program income received by Subgrantee shall solely be used for the program. All provisions of this Contract shall apply to such activities funded by program income. All program income shall be expended by Subgrantee before the City is obligated to advance any other CDBG Funds to Subgrantee under this Contract.

1.6 Further Responsibilities of Parties. Both parties agree to use reasonable care and diligence to perform their respective obligations under this Contract. Both parties agree to act in good faith to execute all instruments, prepare all documents and take all actions as may be reasonably necessary to carry out the purposes of this Contract. If the CDBG Funds are not forthcoming from HUD for any reason, the City shall not have any obligation to fund the Project through any other source of funds.

2.2 Method of Payment. Unless otherwise specified in the Special Requirements, Subgrantee may submit to the Contract Officer an invoice, in a form acceptable to the City during the term of this Contract setting forth the amounts actually expended by Subgrantee for the Project; provided that said expenses are included in the Budget. Said invoice shall, at a minimum, set forth each budget category for which reimbursement is sought, a description of the expense, the total budgeted amount for the category, the amount requested to be reimbursed for each budget category, and the total amount expended for each budget category to date. Said invoice shall be accompanied with such additional supporting information as may be requested by the City, including, but not limited to, paid receipts for each expense. To the extent the CDBG Funds actually have been received from HUD, the City shall pay Subgrantee for all expenses stated on the invoice which are approved by City pursuant to this Contract.

3.3 Maintenance of CDBG Funds. All CDBG Funds (including program income) received by Subgrantee shall be maintained in an account separate and apart from all other funds of Subgrantee with a bank or savings and loan association qualified to do business in the State of California and insured by the Federal Deposit Insurance Corporation.

The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Contract. In no event shall Subgrantee be entitled to recover damages against the City for any delay in the performance of this Contract, however caused, Subgrantee's sole remedy being extension of the Contract pursuant to this Section.

7.1 Applicable Law. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Contract shall be instituted in the Superior Court of the County of Orange, State of California, the United States District Court for the Central District of California or any other appropriate court in Orange County, and Subgrantee covenants and agrees to submit to the personal jurisdiction of such court in the event of such action.

7.2 Disputes. In the event of any dispute arising under this Contract, the injured party shall notify the injuring party in writing of its contentions by submitting a claim therefor. The injured party shall continue performing its obligations hereunder so long as the injuring party commences to cure such default within ten (10) days of service of such notice and completes the cure of such default within thirty (30) days after service of the notice, or such longer period as may be permitted by the injured party; provided that if the default is an immediate danger to the health, safety and general welfare, such immediate action may be necessary. Notwithstanding the foregoing, the City may suspend any further payment of CDBG Funds until Subgrantee is in compliance with this Contract. Compliance with the provisions of this Section shall be a condition precedent to termination of this Contract for cause and to any legal action, and such compliance shall not be a waiver of any party's right to take legal action in the event that the dispute is not cured.

7.3 Remedies Upon Default by Subgrantee. In addition to any other rights or remedies available at law or in equity, if Subgrantee fails to fulfill its obligations under this Contract, City may, after compliance with the provisions of Section 7.2,:

A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Contract.

7.6 Rights and Remedies are Cumulative. Except with respect to rights and remedies expressly declared to be exclusive in this Contract, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

If either party to this Contract is required to initiate or defend or made a party to any action or proceeding in any way connected with this Contract, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

8.0 CITY OFFICERS AND EMPLOYEES

8.1 Non-liability of City Officers and Employees. No officer or employee of the City shall be personally liable to the Subgrantee, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Subgrantee or to its successor, or for breach of any obligation of the terms of this Contract.

4.1.2 Enforce any of the City's rights contained in Section 7.3 of the Contract; or

4.1.3 Require Declarant to repay the funds granted by the City pursuant to the Contract. If said grant is not repaid within thirty (30) days after Declarant's receipt of notice thereof, the same shall be deemed delinquent, and the amount thereof shall bear interest thereafter at a rate of ten percent (10%) per annum until paid. Any and all delinquent amounts, together with said interest, costs and reasonable attorney's fees, shall be a lien and charge, with power of sale, upon the Site. Any such lien may be enforced by sale by the City following recordation of a Notice of Default and Notice of Sale given in the manner and time required by law as in the case of a deed of trust; such sale to be conducted in accordance with the provisions of Section 2924, et seq., of the California Civil Code, applicable to the exercise of powers of sale in mortgages and deeds of trust, or in any other manner permitted by law.

Any monetary lien provided for herein shall be subordinate to any bona fide mortgage or deed of trust covering an ownership interest in and to the Site, and any purchaser at any foreclosure or trustee's sale (as well as any deed or assignment in lieu of foreclosure or trustee's sale) under any such mortgage or deed of trust shall take title free from any such monetary lien, but otherwise subject to the provisions hereof; provided that, after the foreclosure of any such mortgage and/or deed of trust, all other assessments provided for herein to the extent they relate to the expenses incurred subsequent to such foreclosure, assessed hereunder to the purchaser at the foreclosure sale, shall become a lien upon the Site upon recordation of a Notice of Assessment or Notice of Claim of Lien as herein provided.

41.4 Take such other action at law or in equity as may appear necessary or desirable to enforce the obligations, covenants and agreements of the Declarant hereunder.

4.2 Rights are Cumulative. Except as otherwise expressly stated in this Regulatory Agreement, the rights and remedies of the parties are cumulative, and the exercise by any party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by another party.

5.0 NONDISCRIMINATION.

There shall be no discrimination against or segregation of any person, or group of persons, on account or race, color, creed, religion, sex, marital status, national origin or ancestry in the sale, lease sublease, transfer, use, occupancy, tenure or enjoyment of the site, or any part thereof, nor shall Declarant, or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Site, or any part thereof. Declarant hereby agrees to abide by all of the affirmative actions policies set forth or referred to in the Regulations.

The City and the Declarant hereby declare their express intent that all such covenants, reservations and restrictions shall be deemed covenants running with the land and shall pass to and be binding upon the Declarant'/s successors in title to the Site; provided, however, that on the termination of this Regulatory Agreement said covenants, reservations and restrictions shall expire. All covenants without regard to technical classification or designation shall be binding for the benefit of the City, and such covenants shall run in favor of the City for the entire term of this Regulatory Agreement, without regard to whether the City is or remains an owner of any land or interest therein to which such covenants relate. Each and every contract, deed of trust or other instrument hereafter executed covering or conveying the Site or any portion thereof shall conclusively be held to have been executed, delivered and accepted subject to such covenants, reservations and r restrictions, regardless of whether such covenants, reservations and restrictions are set forth in such contract, deed of trust or other instrument.

6.2 Touch and Concern the Land. City and Declarant hereby declare their understanding and intent that the burden of the covenants set forth herein touch and concern the land in that Declarants' legal interest in the Site is rendered less valuable thereby. City and Declarant hereby further declare their understanding and intent that the benefit of such covenants touch and concern the land by enhancing and increasing the enjoyment and use of the Project by Qualified Purchasers, the intended beneficiaries of such covenants, reservations and restrictions, and by furthering the public purposes for which the City was formed.

6.3 Agreement Between Declarant and City. The Declarant, in exchange for the City granting monies to Declarant, hereby agrees to hold, sell and convey the Site subject to the terms of this Regulatory Agreement. Declarant also grants to the City and the City the right and power to enforce the terms of this Regulatory Agreement against the Declarant and all persons having any right, title or interest in the Site or any part thereof, their heirs, successive owners and assigns.

7.0 TERM.

This Regulatory Agreement shall automatically terminate without any further action of the parties five (5) years from the date this Regulatory Agreement is recorded against the Site.

Upon the expiration or sooner termination of this Contract, Declarant shall (I) transfer to the City any and all CDBG Funds and program income, as such term is defined in the Regulations, on hand (ii) any accounts receivable attributable to their use of CDBG Funds or program income; and (ii) if any CDBG Funds or program income was used by Declarant to improve or acquire real property and said CDBG Funds or program income was in excess of Twenty Five Thousand Dollars ($25,000.00), Declarant shall either (a) use said real property to meet one of the national objectives specified in 24 C.F.R. Section 570.208 for a period of five (5) years after the termination or sooner expiration of this Contract or (b) dispose of the real property and reimburse the City in an amount (together with any amounts previously repaid to the City) that is equal to the fair market value of the real property times a fraction, the numerator of which is equal to the amount of CDBG Funds or program income used to acquire or improve the real property and the denominator of which is equal to the fair market value of the real property immediately after the real property was acquired or improved with said funds.

8.0 ATTORNEY'S FEES.

In the event that a party to this Regulatory Agreement brings an action against the other party hereto by reason of the breach of any condition or covenant, representation or warranty in this Regulatory Agreement, or otherwise arising out of this Regulatory Agreement, the prevailing party in such action shall be entitled to recover from the other reasonably attorney's fees to be fixed by the court which shall render a judgment, as well as the costs of suits. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, including the conducting of discovery..

9.0 AMENDMENTS.

This Regulatory Agreement shall be amended only by a written instrument executed by the parties hereto or their successors in title, and duly recorded in the real property records of the County of Orange.

WORKFORCE AFFORDABLE HOUSING AND LOAN AGREEMENT

This WORKFORCE AFFORDABLE HOUSING AND LOAN AGREEMENT ("Agreement") is dated as of December 13, 2006, and entered into by and between the CITY OF IRVINE, a California municipal corporation ("City"), and NORTHWOOD HOUSING ASSOCIATES, L.P., a California limited partnership ("Borrower").

RECITALS

A. Borrower is the lessee of that certain real property located in the City of Irvine, County of Orange, State of California, more particularly described in the legal description attached hereto as Attachment No. 1 ("Site"). Prior to the date of this Agreement, Borrower developed a 96-unit residential rental project, landscaping, and related improvements ("Project") on the Site.

B. Pursuant to that certain Regulatory Agreement and Declaration of Covenants and Restrictions between City and Borrower recorded against the Site on February 14, 2005, as Instrument No. 2005000114191, as may be amended ("Regulatory Agreement"), eleven (11) of the rental units on the Site are required to be rented to very low income households at an affordable rent for a period of fifty-five (55) years.

C. City has received funds from the California Department of Housing and Community Development pursuant to the Workforce Housing Reward Program (Health and Safety Code. § 50550, *et seq.*) to be used for the purposes of this Agreement. City desires to assist in the development of the Project by providing financial assistance to Borrower in the form of a loan of Workforce Housing Reward Program funds for certain construction costs incurred by Borrower prior to the date of this Agreement in connection with the development of the Project.

AGREEMENT

Based upon the foregoing Recitals and for good and valuable consideration, the receipt and sufficiency of which is acknowledged by both parties, City and Borrower hereby agree as follows:

1. CITY LOAN.

1.1 Amount and Source of City Loan. Subject to the terms and conditions set forth herein and provided Borrower is not in default of this Agreement, City shall provide a loan Borrower in the amount of Four Hundred Seventeen Thousand Thirty-Six Dollars ($417,036) ("City Loan") for certain costs incurred by Borrower to develop the Project on the Site. The source of the City Loan is funds City has received pursuant to the Workforce Housing Reward Program (Health and Safety Code § 50550, *et seq.*).

1.2 Funding Conditions. Notwithstanding any other provision of this Agreement to the contrary, City shall have no obligation to disburse the City Loan proceeds to Borrower unless all of the following conditions (collectively the "Funding Conditions") are satisfied or City's Housing Manager waives such conditions in his sole and absolute discretion:

(a) *Execution and Delivery of Documents.* Borrower shall have executed and delivered to City the documents referred to in Section 1.6 of this Agreement.

(b) *City Title Policy.* A title company selected by City is irrevocably committed to issue to City an ALTA lender's policy of title insurance ("City Title Policy"), with liability in the amount of the City Loan and any endorsemens required by City, showing fee title to the Site vested in Borrower, insuring in favor of City the Leasehold Deed of Trust, subject only to (i) the standard printed exceptions and exclusions contained in the form of the Title Policy commonly used by Title Company; (ii) the Regulatory Agreement; (iii) the deed of trust securing the loan from Wells Fargo Bank to Borrower for the Project; (iv) the deed of trust securing the loan of HOME funds from City to Borrower for the Project; (v) non-delinquent property taxes and assessments; and (vi) such other matters as may be approved by City in its sole and absolute discretion. Borrower shall pay the premium for the City Title Policy.

(c) *No Default.* Borrower shall not be in default of any of the terms of this Agreement.

In the event that any of the Funding Conditions are not satisfied or waived by City on or before the date that is thirty (30) days after the date of this Agreement, or such later deadline as may be mutually approved in writing by City and Borrower in the sole and absolute discretion of each of them, City may terminate this Agreement by delivering written notice to Borrower.

1.3 Disbursement of City Loan. Provided Borrower is not in default of this Agreement, the City Loan shall be disbursed by City to Borrower within ten (10) days after the date the Funding Conditions are satisfied.

1.4 Repayment of City Loan. Borrower's obligation to repay the City Loan shall be as set forth in the Promissory Note Secured by Leasehold Deed of Trust, in the form attached hereto as Attachment No. 2 ("City Note"). The City Note generally provides for Borrower to pay to City the City Loan on the date that is fifty-five (55) years after the date of the City Note. Borrower's obligation to repay the City Loan is secured by the Leasehold Deed of Trust With Assignment of Rents in the form attached hereto as Attachment No. 3 ("Leasehold Deed of Trust"). The Leasehold Deed of Trust contains an acceleration clause which generally provides that, to the extent permitted by law, (a) upon the occurrence of a default of this Agreement, the City Note, the Leasehold Deed of Trust, the Regulatory Agreement, or any of the loan documents for any other financing secured by the Site; or (b) if Borrower shall directly or indirectly, voluntarily, or involuntarily, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of any interest in the Site, (excluding the lease of the units on the Site in accordance with the Regulatory Agreement or other transfers approved in writing by City); or (c) if Borrower refinances any lien or encumbrance which has priority over the City Loan for a loan amount in excess of an amount equal to the then outstanding sum secured by such lien or encumbrance plus reasonable closing costs associated with the refinance, except as otherwise approved in writing by City; then, or at any time thereafter, City, at its option, may declare the entire indebtedness evidenced thereby immediately due and payable. City hereby approves the following transfers

and agrees that any such transfers shall not constitute a default hereunder or cause an acceleration of the City Loan: (i) transfer of a general partnership interest in Borrower to a nonprofit affiliate of BRIDGE Housing Corporation – Southern California ("BSC"); (ii) removal of BSC by the limited partner pursuant to the Borrower's partnership agreement, provided a new nonprofit general partner approved by City (such approval not to be unreasonably withheld) is designated by the limited partner within ninety (90) days; (iii) transfer of limited partnership interests in Borrower to The Irvine Company; (iv) execution of an option agreement for purchase of the leasehold interest in the Site and the fee interest in the Project between Borrower and BSC; and (v) exercise of the option and purchase of Borrower's leasehold interest in the Site and fee interest in the Project by BSC or a nonprofit affiliate of BSC, provided the transferee executes and delivers to City an assignment and assumption agreement of this Agreement and the agreements attached hereto in form satisfactory to the Contract Officer and City's legal counsel and provided an endorsement or a new lender's title policy is issued, at Borrower's cost, to City to reflect the change in ownership. As used in the preceding sentence, the term "affiliate" shall mean an entity who directly or indirectly controls BSC or is controlled by BSC. City hereby further approves the following encumbrances and agrees that any such encumbrances shall not constitute a default hereunder or cause an acceleration of the City Loan: (i) execution and recordation against the Site and Project of a deed of trust and regulatory agreement to the County of Orange (the "County") in connection with the permanent loan from the County to Borrower in the approximate amount of One Million Seven Hundred Eight Thousand Fifteen Dollars ($1,708,015); (ii) execution and recordation of regulatory agreement and deed(s) of trust to the California Housing Finance Agency ("CalHFA") in connection with a permanent loan from CalHFA to Borrower in the approximate amount of Six Million Seven Hundred Thirty Thousand Dollars ($6,730,000) and a bridge loan from CalHFA to Borrower in the approximate amount of One Million Two Hundred Seventy Thousand Dollars ($1,270,000).

1.5 Subordination of Leasehold Deed of Trust. The Leasehold Deed of Trust shall be subordinate to the construction and permanent loans referred to in the last sentence of Section 1.4 of this Agreement that are to be obtained by Participant from the County and CalHFA. The subordination agreements shall be in such form as reasonably approved by City's legal counsel and shall be designed to protect the City's investment in the event of a default by providing for rights of notice and opportunities to cure and other rights protective of City's interest.

1.6 Execution and Recordation of Documents. Concurrently with the execution of this Agreement, Borrower shall deliver to City the City Note, executed by Borrower, and the Leasehold Deed of Trust, executed and acknowledged by Borrower. Within ten (10) days after the Funding Conditions are satisfied and prior to City's disbursement of any City Loan proceeds, City shall cause the Leasehold Deed of Trust to be recorded in the Official Records of Orange County, California.

2. USE OF THE SITE.

2.1 Regulatory Agreement. Borrower and its successors and assigns shall use, operate, and maintain the Site as a rental housing project in accordance with the provisions of this Agreement and the Regulatory Agreement. Pursuant to the Regulatory Agreement, eleven (11) units on the Site shall be restricted to rent and occupancy by very low income households at affordable rent for a period of fifty-five (55) years.

2.2 Lease. Borrower represents and warrants that Borrower's performance under this Agreement and the agreements attached hereto and the Regulatory Agreement will not cause Borrower to be in default of the Lease, and the use and operation of the Site under such agreements is consistent with the use of the Site permitted under the terms of the Lease. Borrower shall comply with each and every condition, responsibility, and obligation it may have pursuant to the Lease in order not to cause a default thereunder. Borrower shall not amend or modify the Lease in any respect inconsistent with this Agreement or any of the agreements attached hereto or in any respect that affects the rights of City as a leasehold mortgagee without the prior written consent of City, which consent City may withhold in its sole and absolute discretion.

2.3 Relocation. City shall not be responsible for relocating any occupants from the Site to the extent any occupants are located on the Site. If required, Borrower shall have the sole and exclusive responsibility for providing relocation assistance and paying all relocation costs required to comply with all applicable federal and state laws, rules, and regulations. Borrower shall indemnify, defend, and hold City harmless from and against any claims, liabilities, damages, or losses made against it by tenants or occupants of the Site, including without limitation claims for relocation assistance, inverse condemnation, and claims otherwise arising from any act or omission of Borrower pursuant to this Section 2.3.

3. INDEMNITY.

Borrower shall indemnify, defend, and hold harmless City and its officers, officials, employees, representatives and agents (collectively, the "Indemnitee") from and against any and all claims, causes of action, liabilities, and damages arising out of any acts or omissions of Borrower or Borrower's officers, employees, contractors, and agents, in the performance under this Agreement and the agreements attached hereto and/or with respect to the Site including the development of the Project, except to the extent caused by the active negligence or willful misconduct of the Indemnitee. In addition, Borrower shall indemnify, protect, defend and hold harmless the City and its officers, employees, contractors and agents, with counsel reasonably acceptable to City, from and against any and all loss, liability, damage, claim, cost, expense (including reasonable attorneys' fees, court and litigation costs, and fees of expert witnesses) which, in connection with the development or construction (as defined by applicable law) of the Site, including, without limitation, any and all public works (as defined by applicable law), that results or arises in any way from the noncompliance by Borrower either prior to or subsequent to the date of this Agreement of any applicable local, state and/or federal law, including, without limitation, any applicable federal and/or state labor laws (including, without limitation, if applicable, the requirement to pay state or federal prevailing wages and hire apprentices). The award of the City Loan was made to Borrower after completion of construction of the Project. Borrower has received a commitment from the County of Orange for a permanent loan for the Project. It is anticipated that the County of Orange will record a regulatory agreement against the Property that meets the requirements of Labor Code Section 1720(c)(6)(E). Accordingly, it is the parties intention that the City Loan not trigger the state prevailing wage requirements based on the exemption in Labor Code Section 1720(c)(6)(E). Notwithstanding the foregoing, the City does not make any representations or warranty or assume any risk with respect to the applicability of prevailing wage laws or any other laws. Developer shall be solely responsible for determining and effectuating compliance with any and all such requirements and laws which may apply to the Project, regardless of whether they may be obligations of the contractor or of

the party awarding the contract. Developer hereby expressly acknowledges and agrees that City has not previously affirmatively represented to Developer or its contractor(s) for the construction or development of the Project, in writing or otherwise, in a call for bids or otherwise, that the work to be covered by this Agreement is not a "public work," as defined in Section 1720 of the Labor Code or that the Davis-Bacon Act or any other law is not applicable. The Indemnitee shall promptly notify Borrower of the filing of any action under this Section 3 and cooperate with Borrower in the defense thereof (at no cost to Indemnitee). So long as Borrower is not in default hereunder, the Indemnitee shall not compromise the defense of such action or permit a default judgment to be taken against the Indemnitee without the prior written approval of Borrower.

4. GENERAL PROVISIONS.

4.1 Notices. All notices, requests, demands, and other communications required or permitted under this Agreement shall be in writing (including telefax communications) and may be given by any commercially acceptable means to the party to whom the notice is directed at the address of the party as set forth below, or at any other address as that party may later designate by notice:

4.2 Nonliability of City Officials and Employees. No member, official, employee, or contractor of City shall be personally liable to Borrower in the event of any default or breach by City or for any amount which may become due to Borrower or on any obligations under the terms of this Agreement.

4.3 Entire Agreement, Waivers and Amendments. This Agreement integrates all of the terms and conditions mentioned herein, or incidental hereto, and supersedes all negotiations and previous agreements between the parties with respect to all or any part of the subject matter hereof. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the party to be charged, and all amendments and modifications hereto must be in writing and signed by the appropriate authorities of City and Borrower.

Any legal action brought under this Agreement must be instituted in the Superior Court of the County of Orange, State of California, in an appropriate municipal court in that county, or in the Federal District Court in the Central District of California.

4.5 Attorney's Fees. If either party to this Agreement commences an action against the other party to this Agreement arising out of or in connection with this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees, expert witness fees, costs of investigation, and costs of suit from the losing party.

4.6 Severability. If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in this Agreement, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision(s) had never been contained herein.

4.7 Assignment. City may, at its option, assign this Agreement and/or its right to receive repayment of the City Loan without the consent of Borrower. In no event shall Borrower assign or transfer any portion of this Agreement without the prior express written consent of City, which consent may be withheld in City's sole and absolute discretion. LEASEHOLD DEED OF TRUST WITH ASSIGNMENT OF RENTS

This LEASEHOLD DEED OF TRUST WITH ASSIGNMENT OF RENTS is made this ____ day of _____, 200__, among NORTHWOOD HOUSING ASSOCIATES, L.P., a California limited partnership ("Trustor"), whose address is 345 Spear Street, Suite 700 San Francisco, CA 94105, and FIRST AMERICAN TITLE COMPANY ("Trustee"), and the CITY OF IRVINE, a California municipal corporation ("Beneficiary").

1. **Grant In Trust.** For the purposes and upon the terms and conditions in this Deed of Trust, Trustor grants, transfers, and assigns to Trustee, in trust, with power of sale and right of entry and possession, the following property and any interest therein (collectively, the "Trust Estate"): (a) Trustor's leasehold interest the real property located in the City of Irvine, County of Orange, State of California described in Exhibit "A" attached hereto and incorporated herein by this reference ("Real Property"); (b) all buildings and other improvements and structures now or hereafter located on the Real Property (collectively, the "Improvements" and together with the Real Property shall sometimes be referred to as the "Property"); (c) all existing and future leases, subleases, subtenancies, licenses, agreements and concessions relating to the use, occupancy or enjoyment of all or any part of the Property, together with any and all guaranties and other agreements relating to or made in connection with any of the foregoing (individually, a "Lease", and collectively, the "Leases"); and (d) all rents, issues, income, revenues, royalties, profits, proceeds and earnings now or hereafter payable with respect to or otherwise derived from the ownership, use, management, operation, leasing or occupancy of the Property, including, without limitation, cash or security deposited under any of the leases to secure the performance by the lessees of their obligations thereunder (collectively, the "Rents").

2. **Obligations Secured.** Trustor makes this grant and assignment for the purpose of securing the following: (a) payment of the sum of Four Hundred Seventeen Thousand Thirty-Six Dollars ($417,036) ("Loan"), according to the terms of a promissory note dated on or about the date hereof made by Trustor, payable to order of Beneficiary, and extensions, modifications or renewals thereof ("City Note"); (b) performance of Trustor under the City Note, the Workforce Affordable Housing and Loan Agreement between Trustor and Beneficiary dated December 13, 2006 ("Loan Agreement"), and the Regulatory Agreement and Declaration of Covenants and

Restrictions between Trustor and Beneficiary recorded against Borrower's leasehold interest in the Property on February 14, 2005, as Instrument No. 2005000114191 ("Regulatory Agreement"), as such agreements may be amended from time to time, and each agreement of Trustor incorporated by reference or contained herein; and (c) payment of additional sums and interest thereon which may hereafter be loaned to Trustor, or its successors or assigns, when evidenced by a promissory note or notes reciting that they are secured by this Deed of Trust. This Deed of Trust, the City Note, the Loan Agreement, and the Regulatory Agreement are collectively referred to herein as the "Loan Documents."

3. Acceleration Upon Certain Events. To the extent permitted by applicable law, Beneficiary shall have the right to accelerate the obligation to repay the Loan and declare the entire Loan and other sums owed by Trustor to Beneficiary immediately due and payable prior to the maturity date (a) upon the occurrence of an Event of Default, as defined in Section 4 below; (b) if Trustor shall directly or indirectly, voluntarily, or involuntarily, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of any interest in the Trust Estate, (excluding the lease of the units on the Property in accordance with the Regulatory Agreement or other transfers approved in writing by Beneficiary); or (c) if Trustor refinances any lien or encumbrance which has priority over the Loan for a loan amount in excess of an amount equal to the then outstanding sum secured by such lien or encumbrance plus reasonable closing costs associated with the refinance, except as otherwise approved in writing by the City.

AN EVENT OF ACCELERATION OR PAYMENT UNDER THE CITY NOTE, WHETHER VOLUNTARY OR DUE TO AN EVENT OF ACCELERATION, SHALL NOT TERMINATE THE REGULATORY AGREEMENT OR THE AFFORDABILITY COVENANTS THEREIN.

4. Assignment of Rents and Performance of Leases.

4.1 Assignment of Rents and Leases. Trustor hereby irrevocably absolutely and unconditionally assigns and transfers to Beneficiary all of Trustor's right, title and interest in and to the Leases and the Rents; provided, however, that so long as no Event of Default has occurred and is continuing, Trustor shall have the right under a license granted hereby to collect and receive all Rents as trustee for the benefit of Beneficiary and to apply the amounts so collected first to the payment of costs and expenses associated with the ownership, maintenance, operation and leasing of the Property, including, principal, interest and all other amounts required to be paid under the Loan Documents, before using or applying such Rents for any other purpose. No Rents or such other income shall be distributed or paid to Trustor, unless such costs and expenses which are then due have been paid in full. Thereafter, so long as no Event of Default has occurred and is continuing, the balance may be distributed to Trustor. If an Event of Default has occurred and is continuing, Trustor's right to collect and receive the Rents under the license granted hereby shall cease and the license shall be revoked automatically, and Beneficiary shall have the sole right, with or without taking possession of the Property, to collect all Rents; provided, however, if such Event of Default is cured, then such license shall be automatically reinstated. This is an absolute assignment and not an assignment for security only. The term "Event of Default" shall mean (a) the failure of Trustor to timely pay, within ten (10) days of its due date, any payment due under the City Note, or (b) the failure of Trustor to

promptly and completely observe or perform any term, condition, covenant, agreement or obligation contained in any Loan Document or any other instrument or agreement secured hereby, or any of the loan documents for any other financing secured by the Site, and fails to timely cure such default within the applicable cure period under the applicable agreement, or, if there is no cure period provided for, following written notice and thirty (30) days opportunity to cure, it being understood and agreed by Trustor that a default of any of the foregoing agreements (beyond any applicable cure period) shall be a default hereunder.

4.2 **Covenants Regarding Leases.** Trustor shall not, without the prior written consent of Beneficiary, (a) collect any rent from any lessee for a period of more than one (1) month in advance, or (b) execute any further assignment of any of its right, title and interest in the Leases and the Rents. Trustor shall (a) observe, perform and discharge each and every obligation, term, covenant, condition and agreement of Trustor under the Leases in all material respects, (b) enforce the performance of each and every obligation, term, covenant, condition and agreement in the Leases to be performed by any lessee or guarantor thereof in all material respects, (c) use good faith commercially reasonable efforts to keep the Property leased at a good and sufficient rental and on such other terms and conditions as are reasonably acceptable to Beneficiary, (d) execute and deliver to Beneficiary upon demand, at any time and from time to time, any and all assignments and other instruments which Beneficiary may deem reasonably advisable to carry out the true purposes and intent of the assignment set forth in Section 4.1 above, and (e) at the written request of Beneficiary, cause any or all tenants under a Lease to execute a subordination, nondisturbance and attornment agreement and estoppel certificate in form and substance reasonably satisfactory to Beneficiary.

5. **Incorporation of Fictitious Deed of Trust.** To protect the security of this Deed of Trust, and with respect to the Property above described, Trustor expressly makes each and all of the agreements, and adopts and agrees to perform and be bound by each and all of the terms and provisions set forth in subdivision A, and it is mutually agreed that each and all of the terms and provisions set forth in subdivision B, of the fictitious deed of trust recorded in the Orange County Recorder's Office on August 17, 1964, and in all other counties on August 18, 1964, in the book and at the page of Official Records in the office of the county recorder of the county where said property is located, noted below opposite the name of such county, namely:

DO NOT RECORD

The following is a copy of Subdivisions A and B of the fictitious Deed of Trust recorded in each county in California as stated in the foregoing Deed of Trust and incorporated by reference in said Deed of Trust as being a part thereof as if set forth at length therein.

A. To protect the security of this Deed of Trust, Trustor agrees:

1) To keep said property in good condition and repair, not to remove or demolish any building thereon; to complete or restore promptly and in a good and workmanlike manner any building which may be constructed, damaged or destroyed thereon and to pay when due all claims for labor performed and materials furnished therefor, to comply with all laws affecting said property or requiring any alterations or improvements to be made thereon; not to commit or permit waste thereof; not to commit, suffer or permit any act upon said property in violation of law; to cultivate, irrigate, fertilize, fumigate, prune and do all other acts which from the character or use of said property may be reasonably necessary, the specific enumerations herein not excluding the general.

2) To provide, maintain and deliver to Beneficiary fire insurance satisfactory to and with loss payable to Beneficiary. The amount collected under any fire or other insurance policy may be applied by Beneficiary upon any indebtedness secured hereby and in such order as Beneficiary may determine, or at the option of Beneficiary the entire amount so collected or any part thereof may be released to Trustor. Such application or release shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

3) To appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; and to pay all costs and expenses, including cost of evidence of title and attorney's fees in a reasonable sum, in any such action or proceeding in which Beneficiary or Trustee may appear, and in any suit brought by Beneficiary to foreclose this Deed.

4) To pay: at least ten (10) days before delinquency all taxes and assessments affecting said property, including assessments on appurtenant water stock; when due, all encumbrances, charges and liens, with interest, on said property or any part thereof, which appear to be prior or superior hereto; all costs, fees and expenses of this Trust.

Should Trustor fail to make any payment or to do any act as herein provided, then Beneficiary of Trustee, but without obligation so to do and without notice to or demand upon Trustor and without releasing Trustor from any obligation hereof, may: make or do the same is such manner and to such extent as either may deem necessary to protect the security hereof, Beneficiary or Trustee being authorized to enter upon said property for such purposes; appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; pay, purchase, contest or compromise any encumbrance, charge or lien which in the judgment of either appears to be prior or superior hereto; and, in exercising any such powers, pay necessary expenses, employ counsel and pay his reasonable fees.

5) To pay immediately and without demand all sums so expended by Beneficiary or Trustee, with interest from the date of expenditure at the amount allowed by law in effect at the date hereof, and to pay for any statement provided for by law in effect at the date hereof regarding the obligation secured hereby any amount demanded by the Beneficiary not to exceed the maximum allowed by law at the time when said statement is demanded.

B. It is mutually agreed:

1) That any award in connection with any condemnation for public use of or injury to said property or any part thereof is hereby assigned and shall be paid to Beneficiary who may apply or release such moneys received by him in the same manner and with the same effect as above provided for disposition of proceeds of fire or other insurance.

2) That by accepting payment of any sum secured hereby after its due date, Beneficiary does not waive his right either to require prompt payment when due of all other sums so secured or to declare default for failure so to pay.

3) That at any time or from time to time, without liability therefor and without notice, upon written request of Beneficiary and presentation of this Deed and said note for endorsement, and without affecting the personal liability of any person for payment of the indebtedness secured hereby, Trustee may: reconvey any part of said property; consent to the making of any map or plat thereof; join in granting any easement thereon, or join in any extension agreement or any agreement subordinating the lien or charge hereof.

4) That upon written request of Beneficiary stating that all sums secured hereby have been paid, and upon surrender of this Deed and said note to Trustee for cancellation and retention or other disposition as Trustee in its sole discretion may choose and upon payment of its fees, Trustee shall reconvey, without warranty, the property then held hereunder. The recitals in such reconveyance of any matters or facts shall be conclusive proof of the truthfulness thereof. The Grantee in such reconveyance may be described as "the person or persons legally entitled thereto."

5) That as additional security, Trustor hereby gives to and confers upon Beneficiary the right, power and authority, during the continuance of these Trusts, to collect the rents, issues and profits of said property, reserving unto Trustor the right, prior to any default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, to collect and retain such rents, issues and profits as they become due and payable. Upon any such default, Beneficiary may at any time without notice, either in person, by agent, or be a receiver to be appointed by a court, and without regard to the adequacy of any security for the indebtedness hereby secured, enter upon and take possession of said property or any part thereof, in his own name sue for or otherwise collect such rents, issues, and profits, including those past due and unpaid, and apply the same, less costs and expenses of operation and collection, including reasonable attorney's fees, upon any indebtedness secured hereby, and in such order as Beneficiary may determine. The entering upon and taking possession of said property, the collecting of such rents, issues and profits and the application thereof as aforesaid, shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

6) That upon default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, Beneficiary may declare all sums secured hereby immediately due and payable by delivery to Trustee of written declaration of default and demand for sale and of written notice of default and of election to cause to be sold said property, which notice Trustee shall cause to be filed for record. Beneficiary also shall deposit with Trustee this Deed, said note and all documents evidencing expenditures secured hereby.

After the lapse of such time as may then be required by law following the recordation of said notice of default, and notice of sale having been given as then required by law, Trustee, without demand on Trustor, shall sell said property at the time and place fixed by it in said notice of sale, either as a whole or in separate parcels, and in such order as it may determine, at public auction to the highest bidder for cash in lawful money of the United States, payable at time of sale. Trustee may postpone sale of all or any portion of said property by public announcement at such time and place of sale, and from time to time thereafter may postpone such sale by public announcement at the time fixed by the preceding postponement. Trustee shall deliver to such purchaser its deed conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed of any matters or facts shall be conclusive proof of the truthfulness thereof. Any person, including Trustor, Trustee, or Beneficiary as hereinafter defined, may purchase at such sale.

After deducting all costs, fees and expenses of Trustee and of this Trust, including cost of evidence of title in connection with sale, Trustee shall apply the proceeds of sale to payment of: all sums expended under the terms hereof, not then repaid, with accrued interest at the amount allowed by law in effect at the date hereof; all other sums then secured hereby; and the remainder, if any, to the person or persons legally entitled thereto.

7) Beneficiary, or any successor in ownership of any indebtedness secured hereby, may from time to time, by instrument in writing, substitute a successor or successors to any Trustee named herein or acting hereunder, which instrument, executed by the Beneficiary and duly acknowledged and recorded in the office of the recorder of the county or counties where said property is situated shall be conclusive proof of proper substitution of such successor Trustee or Trustees, who shall, without conveyance from the Trustee predecessor, succeed to all its title, estate, rights, powers and duties. Said instrument must contain the name of the original Trustor, Trustee and Beneficiary hereunder, the book and page where this Deed is recorded and the name and address of the new Trustee.

8) That this Deed applies to, inures to the benefit of, and binds all parties hereto, their heirs, legatees, devisees, administrators, executors, successors and assigns. The term Beneficiary shall mean the owner and holder, including pledgees, of the note secured hereby, whether or not named as Beneficiary herein. In this Deed, whenever the context so requires, the masculine gender includes the feminine and/or neuter, and the singular number includes the plural.

9) That Trustee accepts this Trust when this Deed, duly executed and acknowledged, is made a public record as provided by law. Trustee is not obligated to notify any party hereto of pending sale under any other Deed of Trust or of any action or proceeding in which Trustor, Beneficiary or Trustee shall be a party unless brought by Trustee.

Grand Boulevard, Suite 1150, Glendale, CA 91203 or such other title company approved by the City ("Title Company") to issue to City an ALTA lender's policy of title insurance with such endorsements as City may reasonably require with liability in the amount of the City Loan showing title to the leasehold interest in the Site vested in Participant, insuring in favor of City the Leasehold Deed of Trust and the Regulatory Agreement, subject only to (i) the standard printed exceptions and exclusions contained in the form of the Title Policy commonly used by Title Company; (ii) non-delinquent property taxes and assessments; and (iii) such other matters as may be approved by City in its sole and absolute discretion. Borrower shall pay the premium for the City Title Policy.

3.2 Best Efforts to Finalize Ground Lease. From and after the Effective Date of this Agreement, Participant shall exercise diligent efforts to finalize the terms and enter into the Ground Lease with TIC for the lease of the Site to Participant no later than the date specified in the Option to Lease. The Ground Lease (a) shall have a term of no less than fifty-five (55) years from the date that all units in the Project have received all required occupancy permits from the City, (b) shall permit the Site to be developed and operated in accordance with the terms set forth in this Agreement (which by definition includes the Attachments), and shall otherwise be consistent with this Agreement, such that compliance with this Agreement will not cause a default under the Ground Lease and vice versa, (c) shall provide leasehold mortgagees notice and cure rights under the Ground Lease in the event of a default by Participant, (d) shall recognize the rights of leasehold mortgagees to become the legal holder and owner of the interest of Participant under the Ground Lease by foreclosure or other enforcement proceeding and to thereafter assign the Ground Lease to a new tenant to operate the Site in accordance with the Ground Lease, and (e) shall provide that modifications to the Ground Lease which are inconsistent with any of the foregoing conditions are subject to the prior written approval of City. City shall have the right to approve the form of the Ground Lease before it is executed for the limited purpose of confirming that the foregoing conditions are satisfied. Upon execution of the Ground Lease by Participant and TIC, Participant shall deliver a copy of the executed Ground Lease to City, and it shall be attached to this Agreement as Attachment No. 11. In addition to the foregoing, Participant shall exercise diligent efforts to cause TIC, as owner in fee of the Site, to agree to the terms of the Regulatory Agreement to be binding on the Site for the entire term of the Regulatory Agreement notwithstanding the termination of the Ground Lease for any reason, including Participant's default or otherwise.

3.3 Scope of Development. Participant shall develop the Project on the Site in strict accordance with the plans and drawings approved by City. If Participant desires to make any change in any approved development or building plans, the proposed change shall be submitted

to City for approval. Participant shall be responsible for all construction and installation and for obtaining all necessary permits and approvals.

3.4 Time of the Essence. Time is of the essence in the performance of this Agreement.

3.5 Performance of Work. Participant shall commence, prosecute, and complete the predevelopment activities authorized as Eligible Loan Expenses no later than the dates specified in the Schedule of Performance, subject to extension for reasons of force majeure as set forth in Section 6.3 of this Agreement.

3.6 Term. This Agreement shall commence on the Effective Date and shall continue in full force and effect until the date that is fifty-five (55) years from the date that all units in the Project have received all required occupancy permits from the City.

3.8 Insurance. Participant shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance:

(a) *Commercial General Liability Insurance.* A policy of commercial general liability insurance written on a per occurrence basis in an amount not less than a combined single limit of One Million Dollars ($1,000,000) or its equivalent.

(b) *Worker's Compensation Insurance.* A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California.

(c) *Builder's Risk.* Builder's risk coverage written on a completed value basis in an amount equal to the full replacement cost of the improvements with coverage available on the so-called non-reporting "all risk" form of policy, including coverage against collapse, fire, and water damage, with such insurance to be in such amounts and form and written by such companies as shall be approved by City. City agrees to accept a builder's risk insurance policy from Participant's general contractor in conformance with the requirements set forth herein, including without limitation the requirement that City be named as a loss payee.

(d) *Automobile Liability Insurance.* Automobile liability insurance (bodily injury and property damage liability) which coverage shall include owned, hired, and non-owned automobiles, with limits of liability of not less than Five

Hundred Thousand Dollars ($500,000.00) combined single limit per accident for bodily injury and property damage combined.

All of the above policies of insurance shall be primary insurance and except for the Worker's Compensation Insurance shall name the City, its officers, employees and agents as additional insureds or, with respect to the builder's risk policy, as a loss payee. Said policies shall be satisfactory only if issued by companies qualified to do business in California and rated A:VII or better in the most recent edition of the Best Rating Guide. The insurer shall waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. All of said policies of insurance shall provide that said insurance may not be amended or canceled without providing thirty (30) days prior written notice by registered mail to City. In the event any of said policies of insurance are canceled, Participant shall, prior to the cancellation date, submit new evidence of insurance in conformance with this Section 3.8 to the Contract Officer. The foregoing obligations shall remain in effect until the completion of the Project, at which time Participant shall maintain the insurance set forth in the Regulatory Agreement.

Participant agrees that the provisions of this Section 3.8 shall not be construed as limiting in any way the extent to which Participant may be held responsible for the payment of damages to any persons or property resulting from Participant's activities or the activities of any person or persons for which Participant is otherwise responsible. No later than ninety (90) days after the execution between Participant and TIC of the Ground Lease, Participant shall provide evidence of the above-required insurance (such as Certificates of Insurance of appropriate insurance binders) and obtain approval thereof from the Contract Officer, which approval shall not be unreasonably withheld or delayed and may be waived in Contract Officer's sole and absolute discretion.

Upon the Ground Lease Effective Date, City and its officers, officials, employees, agents and representatives shall have, upon forty-eight (48) hours prior written notice to Participant, a reasonable right of access to the Site, without charges or fees, at normal hours during the period of construction for the purpose of investigating and assuring compliance with this Agreement.

3.10 Permitted Encumbrances. Upon and after the Ground Lease Effective Date, Participant may mortgage or encumber its leasehold interest in the Site in order to finance the development and operation of the Project, provided that the cumulative amount of the loans encumbering the Site does not exceed: (i) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee; and (ii) after the completion of construction of the Project, ninety percent (90%) of the appraised value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to City ("Permitted Encumbrances"). A Permitted Encumbrance recorded after any security interest recorded by City, including the Leasehold Deed of Trust (and any amendments thereto), shall be subordinate to the City's security interest unless City consents in writing to the priority of the Permitted Encumbrance, which consent shall not be unreasonably withheld or

denied in the event the Permitted Encumbrance will be in the form of either a construction or permanent loan, or both, underwritten by a reputable financial institution(s) or governmental entity(ies) that has a prior, known history of financing affordable housing projects similar to the Project.

3.11 Relocation. City shall not be responsible for relocating any occupants from the Site to the extent any occupants are located on the Site. If required, Participant shall have the sole and exclusive responsibility for providing relocation assistance and paying all relocation costs required to comply with all applicable federal and state laws, rules, and regulations. Participant shall indemnify, defend, and hold City harmless from and against any claims, liabilities, damages, or losses made against it by tenants or occupants of the Site, including without limitation claims for relocation assistance, inverse condemnation, and claims otherwise arising from any act or omission of Participant pursuant to this Section 3.11.

4. USE OF THE SITE.

4.1 General. Participant and its successors and assigns shall use, operate, and maintain the Site as a rental housing project in accordance with the provisions of this Agreement and the Regulatory Agreement, consistent with the CDBG Requirements.

4.2 Ground Lease. Participant agrees that the Ground Lease and Participant's development, use and operation of the Site thereunder will be consistent with the terms of this Agreement and the agreements attached hereto and the compliance of one will not cause Participant to be in default of the other. Participant shall comply with each and every condition, responsibility, and obligation it may have pursuant to the Ground Lease in order not to cause a default thereunder. Participant shall not amend or modify the Ground Lease in any respect inconsistent with this Agreement or any of the agreements attached hereto or in any respect that affects the rights of City as a leasehold mortgagee without the prior written consent of City, which consent City may withhold in its sole and absolute discretion.

5. DEFAULTS, REMEDIES, AND TERMINATION.

5.1 Defaults—General. Failure or delay by either Party to perform any term or provision of this Agreement constitutes a default under this Agreement; provided, however, such Party shall not be deemed to be in default if (a) it cures, corrects, or remedies such default within thirty (30) days after receipt of a notice from the other Party specifying such failure or delay, or (b) for defaults that cannot reasonably be cured, corrected, or remedied within such time period, if such Party commences to cure, correct, or remedy such failure or delay within such time period after receipt of a notice from the other Party specifying such failure or delay, and diligently prosecutes such cure, correction or remedy to completion, within an additional sixty (60) days following the conclusion of such thirty (30) day period (for a total of ninety (90) days). The injured Party shall give written notice of default to the Party in default, specifying the default complained of by the injured Party. Except as required to protect against further damages, the injured Party may not institute proceedings against the Party in default until the time for cure, correction, or remedy of a default has expired. Except as otherwise expressly provided in this Agreement, any failure or delay by a Party in giving a notice of default or in asserting any of its rights and remedies as to any default shall not constitute a waiver of any

default, nor shall it change the time of default, nor shall it deprive such Party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert, or enforce any such rights or remedies.

5.2 Institution of Legal Actions. In addition to any other rights or remedies, either Party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

5.3 Applicable Law. The internal laws of the State of California without regard to conflict of law principles shall govern the interpretation and enforcement of this Agreement.

5.4 Rights and Remedies are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the Parties are cumulative, and the exercise by either Party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other Party.

5.5 Attorney's Fees. If either Party to this Agreement is required to initiate or defend litigation in any way connected with this Agreement, the prevailing Party in such litigation, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees from the losing Party. If any Party to this Agreement is required to initiate or defend litigation with a third party because of the violation of any term or provision of this Agreement by the other Party, then the Party so litigating shall be entitled to reasonable attorney's fees from the other Party to this Agreement. Attorney's fees shall include attorney's fees on any appeal, and in addition a Party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, retaining expert witnesses, taking depositions and discovery, and all other necessary costs incurred with respect to such litigation.

5.6 Indemnification. Participant agrees to indemnify, defend, and hold harmless City and its officers, officials, employees, representatives and agents (collectively, the "Indemnitee") from and against any and all claims, causes of action, liabilities, and damages arising out of any acts or omissions of Participant or Participant's officers, employees, contractors, and agents, in the performance under this Agreement and the agreements attached hereto and/or with respect to the Site including the construction of the Project thereon. The Indemnitee shall promptly notify Participant of the filing of any such action and cooperate with Participant in the defense thereof (at no cost to Indemnitee).

6. GENERAL PROVISIONS.

6.1 Notices, Demands, and Communications Between the Parties. Formal notices, demands, and communications between City and Participant shall be given either by (a) personal service, (b) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (c) mailing in the United States mail, certified mail, postage prepaid, return receipt requested, addressed to:

To City:	CITY OF IRVINE COMMUNITY DEVELOPMENT DEPARTMENT One Civic Center Plaza Irvine, CA 92623-9575 Attn: Grants Coordinator

With a copy to:	Rutan & Tucker, LLP 611 Anton Blvd. Suite 1400 Costa Mesa, CA 92626 Attn: Patrick D. McCalla, Esq.

Notices personally delivered or delivered by document delivery service shall be deemed effective upon receipt. Notices mailed shall be deemed effective on the second business day following deposit in the United States mail. Such written notices, demands, and communications shall be sent in the same manner to such other addresses as any Party may from time to time designate in writing.

6.2 Nonliability of City Officials and Employees. No member, official, employee, or contractor of City shall be personally liable to Participant in the event of any default or breach by City or for any amount which may become due to Participant or on any obligations under the terms of this Agreement.

6.3 Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, and except as expressly set forth in this Section 6.3, performance by either Party hereunder shall not be deemed to be in default and such Party shall be entitled to an extension of time to perform its obligations hereunder where delays in performance are due to causes beyond the control and without the fault of such Party, including as applicable: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; supernatural causes; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplies; acts of the other Party; acts or the failure to act of City or any other public or governmental agency or entity (except that any act or failure to act of or by City shall not excuse performance by City). Notwithstanding the foregoing, Participant's inability to secure satisfactory financing, interest rates, and market and economic conditions shall not entitle

Participant to an extension of time to perform. An extension of time for any cause permitted under this Section 6.3 shall be limited to the period of the enforced delay, which period shall commence to run from the time of the commencement of the cause, if notice by the Party claiming such extension is sent to the other Party within thirty (30) days of knowledge of the commencement of the cause. If no written notice is sent within thirty (30) days, for purposes of measuring the extension period for performance of the obligation in question, the period of the enforced delay shall commence to run from the date written notice is sent to the other Party.

Times of performance under this Agreement may be extended by mutual written agreement of City and Participant.

6.4 Inspection of Books and Records. City shall have the right at all reasonable times to inspect the books and records of Participant pertaining to the Site and the Project as pertinent to the purposes of this Agreement.

6.5 Interpretation. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against any Party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply. The Section headings are for purposes of convenience only, and shall not be construed to limit or extend the meaning of this Agreement.

6.6 Entire Agreement, Waivers and Amendments. This Agreement integrates all of the terms and conditions mentioned herein, or incidental hereto, and supersedes all negotiations and previous agreements between the Parties with respect to all or any part of the subject matter hereof. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the Party to be charged, and all amendments and modifications hereto must be in writing and signed by the appropriate authorities of City and Participant. The City hereby authorizes the Director of Community Development for the City of Irvine or designee, to the extent allowed by federal, state or local law, to approve or consent to any matter requiring City approval or consent as provided in this Agreement, and to perform and carry out any activities, including but not limited to, the execution of any additional agreements, addenda or amendments to effectuate the purpose of this Agreement and the intent of the Parties hereto.

6.7 Severability. If any term, provision, covenant, or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of this Agreement shall not be affected thereby to the extent such remaining provisions are not rendered impractical to perform taking into consideration the purposes of this Agreement. In the event that all or any portion of this Agreement is found to be unenforceable, this Agreement or that portion which is found to be unenforceable shall be deemed to be a statement of intention by the Parties; and the Parties further agree that in such event, and to the maximum extent permitted by law, they shall take all steps necessary to comply with such procedures or requirements as may be necessary in order to make valid this Agreement or that portion which is found to be unenforceable.

6.8 Prohibition Against Assignment and Transfer by Participant. The qualifications and identity of Participant and Jamboree are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Participant and entered

into this Agreement with Participant. Accordingly, except as expressly set forth herein, Participant shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Site or in the Project without the City's prior written approval. As used herein, the term "significant change in ownership" shall mean any change by virtue of which Jamboree does not continue to be a member of the general partner of Participant.

Notwithstanding the foregoing paragraph, the following shall not require City approval for the purpose of this Section 6.8: (i) a transfer of Participant's leasehold interest in the Site and the Project to Jamboree; (ii) a transfer of Jamboree's limited partnership interest in Participant to TIC or another tax credit syndicator or investor, provided that Jamboree continues to manage the operation of the Project; (iii) a transfer of the limited partnership interest in Participant from TIC or another tax credit syndicator or investor to Jamboree, or an affiliate of Jamboree, provided that Jamboree continues to manage the operation of the Project; or (iv) any Permitted Encumbrance. As used in the preceding sentence, the term "affiliate" shall mean an entity that directly or indirectly controls or is controlled by Jamboree.

Participant shall deliver written notice to City requesting approval of any assignment or transfer requiring City approval hereunder. In considering whether it will grant approval to any assignment by Participant of its interest in the Site and this Agreement or any portion thereof, City shall consider factors such as the financial strength and capability of the proposed transferee to perform Participant's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, development, and operation of similar projects.

No assignment, excluding assignments for Permitted Encumbrances, shall be effective as to City unless and until the proposed assignee and Participant execute and deliver to City an assignment and assumption agreement in form reasonably satisfactory to the Contract Officer and the City Attorney.

6.9 Prohibition Against Assignment and Transfer by City. The City shall not voluntarily assign or transfer its interest in all or any part of this Agreement (which by definition includes all attachments hereto) without Participant's prior written approval, which shall not be unreasonably withheld. Notwithstanding the foregoing sentence, the City may: (a) in its sole and absolute discretion assign or transfer all or any part of its interest in this Agreement without Participant's approval to the Redevelopment Agency, or (b) with the approval of Participant, which shall not be unreasonably withheld or delayed, assign or transfer all or any part of its interest in this Agreement to the community land trust ("CLT") duly created and existing pursuant to law for the benefit of creating and maintaining affordable housing within the City (the "Irvine CLT"). At the time of execution of this Agreement, the Irvine CLT has not been certified by the Internal Revenue Service as a charitable entity under Section 501(c)(3) of the Internal Revenue Code, but is anticipated to be duly certified soon after the execution of this Agreement, and Participant hereby acknowledges and agrees that the provisions in this Section 6.9 shall be binding upon Participant upon the certification of the Irvine CLT.

6.10 Third Party Beneficiaries. The Redevelopment Agency is an intended third party beneficiary of this Agreement and shall have the right, but not the obligation, to enforce its terms. Except as provided in this Section 6.10, no person or entity other than City, Participant,

and the Redevelopment Agency, and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

6.11 Right of Refusal to Purchase Participant's Interest. In the event that: (i) Participant desires to sell all or any part of its interest in the Site (including any and all improvements thereon) (the "Interest") to a third party other than Jamboree or an affiliate of Jamboree (as defined in Section 6.8 above), and (ii) Participant has complied with any and all approvals as required by TIC pursuant to the Ground Lease prior to the sale of said Interest, and (iii) Participant has received an acceptable bona fide offer to purchase said Interest ("Offer"), then Participant shall give written notice to City of Participant's intent to sell said Interest (the "Notice of Intent to Sell"), together with an executed copy of the Offer setting forth all of the terms of the proposed purchase and identifying the prospective purchaser. City (or its permitted successor or assign) shall then have an option to purchase said Interest on the same terms and conditions as set forth in the Offer; provided, however, that if the terms and conditions of the Offer provide for an exchange of property or other non-cash item as payment for all or any portion of the purchase price, City shall have the further option of paying Participant in cash or cash equivalent at closing the full amount of the purchase price of the Interest notwithstanding any non-cash terms set forth in the Offer. Participant hereby agrees to be bound by the preemptive rights herein and shall sell to City the Interest notwithstanding any terms to the contrary set forth in the Offer so long as the City's exercise of its option produces the economic equivalent of the Offer. If City elects to exercise its option, City shall deliver to Participant its written "Notice of Exercise of Option" of such election within thirty (30) days after receipt of the Notice of Intent to Sell, subject to a reasonable extension of days to account for any approval period resulting from a mandate or requirement of any state or local law or regulation, including but not limited to public hearing and notification requirements under the Ralph M. Brown Act and Irvine Municipal Code (the "Exercise of Option Period"). The option set forth in this Section 6.11 shall remain open and available to City for the Exercise of Option Period, and in the event City fails to exercise its option within said period, then: (i) Participant shall be free to accept an offer to sell the Interest on the terms and conditions set forth in the Offer at any time within ninety (90) days after the expiration of the Exercise of Option Period; and (ii) City shall, upon request, deliver to Participant an acknowledgement of City's failure or decision not to exercise the option and Participant's right to sell the Interest pursuant to this Section 6.11.

6.12 Representations and Warranties. Participant and each person executing this Agreement on behalf of Participant represents and warrants that: (a) Participant is a California limited partnership in good standing and authorized to do business in the County of Orange; (b) Participant has all requisite power and authority to carry out its business as now and whenever conducted and to enter into and perform its obligations under this Agreement and the agreements attached to this Agreement; (c) by proper action of Participant, Participant's signatories have been duly authorized to execute and deliver this Agreement; (d) the execution of this Agreement by Participant does not violate any provision of any other agreement to which Participant is a party; and (e) except as may be specifically set forth in this Agreement, no approvals or consents not heretofore obtained by Participant are necessary in connection with the execution of this Agreement by Participant or with the performance by Participant of its obligations hereunder.

6.13 Execution in Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

6.14 Attachments. This Agreement contains the following Attachments, attached hereto and made a part hereof by this reference. Said Attachments are identified as follows:

i. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by

(i) The Affordable Housing and Loan Agreement, with all Attachments thereto, by and between City and Borrower, of even date herein, as may be amended from time to time, ("Loan Agreement"), which sets forth terms and conditions for Borrower's development and operation of an affordable residential rental project ("Project") on that certain real property located in the City of Irvine, County of Orange, State of California, more particularly described in the legal description attached as Attachment No. 1 to the Loan Agreement ("Site"). There shall be no penalty to Borrower for any prepayment of the City Loan. Borrower shall make annual payments to City in an amount equal to either: (a) fifty percent (50%) of Project Cash Flow (as hereinafter defined) for the preceding calendar year in the event that Borrower receives additional financing for the Project solely by a Qualified Allocation Plan for a Low Income Housing Tax Credit Program approved by the California Tax Credit Allocation Committee, in which Borrower receives annual tax credits of either nine percent (9%) or four percent (4%) with tax-exempt bonds; or (b) a prorata share of Project Cash Flow (as hereinafter defined) for the preceding calendar year, with said prorata share to be memorialized in writing by the Parties and based upon Borrower's additional financing for the Project in the event that Borrower receives additional financing for the Project from any state or county affordable housing program, or both. For purposes of this Section 2, the following definitions shall apply:

"***Gross Income***" shall mean all amounts received by Borrower from third parties for the use or occupancy of the Project or any portion thereof, and for services provided thereon, excluding any security deposits received by Borrower from third parties as may be required by Borrower for the right to occupy any of the units in the Project.

3. Records. For the purposes of ascertaining the amount of Project Cash Flow, Borrower shall prepare and keep or cause to be prepared and kept on the Site or at Borrower's principal place of business if located in Orange County, California (or at such other location approved by City, which approval shall not be unreasonably withheld) for a period of not less than twenty-four (24) months following the end of each calendar year, adequate records for the computation of Gross Income and Operating Expenses.

4. Reports. Borrower shall submit to City on or before the date that is seven (7) months following the end of each calendar year, together with the remittance of the payment due, if any, a written audit report prepared and certified by an independent professional accountant of Borrower's choosing, and acknowledged and signed by Borrower (or if Borrower is a corporation or a partnership, by a duly authorized corporate officer or general partner of Borrower) to be true and correct, showing in reasonable, accurate detail the amount of Project Cash Flow for the immediately preceding calendar year. The reports and certificates referred to herein shall be in such form and style and contain such details and breakdown as City may deem reasonably acceptable. The acceptance by City of payments shall be without prejudice to City's right to an examination of the books and records of Borrower in order to verify the amount of Project Cash Flow. If Borrower fails to prepare and deliver promptly any required audit report, City shall have the right, at Borrower's expense, to make an audit of all books and records of Borrower, including its respective bank accounts, which in any way pertain to or show Project Cash Flow, and to prepare the report or reports which Borrower has failed to prepare and deliver. Borrower shall give City access to such books and records at all reasonable times for purposes of preparing any such report.

5. Audit. From time to time and at any time, City or City's representative may examine any records required to be maintained under Section 3 during regular business hours upon not less than seventy-two (72) hours written notice for the purpose of investigating and verifying the accuracy of any statement of Project Cash Flow. City may from time to time and at any time, upon reasonable notice, cause an audit of Borrower's books and records to be made by a person or persons of City's selection and, if any statements of Project Cash Flow made to City shall be found to be inaccurate, one party shall pay to the other on demand such sums as may be necessary to settle in full the actual payment that should have been paid to City for the calendar years covered by such inaccurate statement or statements. If said audit shall disclose an inaccuracy in favor of Borrower which resulted in an underpayment greater than five percent (5%) for the applicable period, then Borrower shall immediately pay to City the cost of such audit; otherwise, the cost of such audit shall be paid by City.

6. Default. Borrower shall be deemed in default of this Note in the event (i) Borrower fails to timely make a required payment within ten (10) days following the due date of any payment due hereunder, or (ii) Borrower is in default of any of the other terms of this Note and such default is not cured within thirty (30) days after Borrower's receipt of written notice

from City specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Borrower's receipt of the written notice of default from City and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days), or (iii) Borrower is in default of the Loan Agreement, the Leasehold Deed of Trust, or the Regulatory Agreement, and fails to timely cure such default under the terms of the applicable agreement, it being understood and agreed by Borrower that a default of any of the foregoing agreements (beyond any applicable cure period) shall be a default of this Note. In the event Borrower is in default under this Note (and after expiration of the cure periods described in the preceding sentence), the City Loan shall become immediately due and payable.

7. Additional Terms; Place of Payment, Etc.

(i) Payment of the City Loan shall be in satisfaction of the annual or final payment due from Borrower in accordance with the terms of this Note, and shall be made in lawful money of the United States to City at the address set forth below in this Note or at such other address as City or the holder of this Note may direct pursuant to written notice delivered to Borrower.

(ii) If Borrower fails to timely make a required payment within ten (10) days following the due date of such payment, interest at the rate of ten percent (10%) per annum or the maximum legal rate then applicable, whichever is less, shall accrue on the outstanding amount due commencing from the date payment was due.

(iii) Borrower agrees to pay the following costs, expenses, and reasonable attorney's fees paid or incurred by City, or adjudged by the court, in the collection of amounts in default or other costs incurred as a result of a default by Borrower: (i) reasonable costs of collection, including costs and expenses and attorney's fees paid or incurred in connection with the collection or enforcement of this Note, whether or not suit is filed, and (ii) costs of suit and such sums as the court may adjudge as reasonable attorney's fees in any action to enforce payment of this Note or any part of it if City prevails in such suit.

8. Assignment. This Note shall not be assignable or assumable without the prior, express, written consent of City which may be given or withheld in City's sole and absolute discretion.

9. Waiver of Presentment. Notwithstanding any other provision herein to the contrary, to the extent permitted by law Borrower hereby waives the following: (i) notice of default or delinquency except defaults or delinquencies of which City has actual notice, (ii) notice of acceleration, (iii) notice of nonpayment, (iv) notice of costs, expenses and losses and interest thereon, (v) notice of interest on interest and late charges, (vi) diligence in taking any action to collect any sums owing under this Note or in proceeding against any of the rights and presentment for payment, demand, protest, and notices of dishonor and/or protest; (vii) the benefits of all waivable exemptions; and (viii) all defenses and pleas on the grounds of any extension or extensions of the time of payment or of any due date under this Note, in whole or in part, whether before or after maturity and with or without notice.

10. Acceleration Upon Sale, Lease, Encumbrance, or Refinance. To the extent permitted by applicable law, if Borrower shall: (a) directly or indirectly, voluntarily or involuntarily, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of the interest in the property encumbered by the Leasehold Deed of Trust (excluding the lease of the units on the Site in accordance with the Loan Agreement and Regulatory Agreement, the lien of the Permitted Encumbrances, and any other assignment, transfer, or encumbrance approved in writing by City's Contract Officer); (b) unless otherwise approved in writing by City's Contract Officer, refinance any lien or encumbrance which has priority over the Leasehold Deed of Trust for a loan amount which when combined with all of the other security financing encumbering the Site exceeds: (i) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee; and (ii) after the completion of construction of the Project, does not exceed ninety percent (90%) of the appraised value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to City; (c) refinance any lien or encumbrance and use the proceeds for any purpose other than the construction and operation of the rental project on the Site; or (d) default on any of its obligations set forth in the Loan Documents and fail to cure the default within the applicable cure period, City, at its option, may declare the entire indebtedness evidenced hereby to be immediately due and payable and collectible then or thereafter as City may elect, regardless of the date of maturity.

11. Collection Costs; Litigation. If this Note is not paid when due, whether at maturity or by acceleration, Borrower promises to pay all costs of collection, including, but not limited to, reasonable attorneys' fees and all expenses incurred in connection with the protection or realization of the collateral securing the payment hereof or enforcement of any guarantee, incurred by City on account of such collection, whether or not suit is filed hereon. In any litigation between the parties arising out of this Note, the Superior Court of the State of California in and for the County of Orange shall have exclusive jurisdiction. The prevailing party in any litigation between the parties arising out of or connected to this Note, in addition to whatever other relief to which the prevailing party is entitled, shall also be entitled to reasonable attorney's fees, including fees and costs for discovery, and any fees and costs for appeal.

12. No Waiver by City. No waiver of any breach, default, or failure of condition under the terms of this Note or the Leasehold Deed of Trust or the obligations secured thereby shall be implied from any failure of City to take, or any delay be implied from any failure by City in taking, action with respect to such breach, default, or failure from any prior waiver of any similar or unrelated breach, default, or failure.

13. Severability; Governing Law; Amendment. The unenforceability or invalidity of any provision or provisions of this Note as to any persons or circumstances shall not render that provision or those provisions unenforceable or invalid as to any other provisions or circumstances, and all provisions hereof, in all other respects, shall remain valid and enforceable. This Note has been executed and delivered by Borrower in the State of California and is to be governed and construed in accordance with the laws thereof without regard to conflict of law

principles. Neither this Note nor any term hereof may be waived, amended, discharged, modified, changed, or terminated orally; nor shall any waiver of any provision hereof be effective except by an instrument in writing signed by Borrower and City.

14. Time of the Essence. Time is of the essence in this Note.

1. Grant In Trust. For the purposes and upon the terms and conditions in this Leasehold Deed of Trust, Trustor grants, transfers, and assigns to Trustee, in trust, with power of sale and right of entry and possession, the following property and any interest therein (collectively, the "Trust Estate"): (a) Trustor's leasehold interest in and to that certain real property in the City of Irvine, County of Orange, State of California, described as set forth in Exhibit "A" attached hereto and incorporated herein by reference, as provided by that certain Ground Lease (Parcel B of LLA No. 454074-LL) of even date herein, by and between The Irvine Company LLC, a Delaware limited liability company ("Ground Lessor") and Trustor ("Real Property"); (b) Trustor's interest in all buildings and other improvements and structures now or hereafter located on the Real Property (collectively, the "Improvements" and together with the Real Property shall sometimes be referred to as the "Site"); (c) Trustor's interest in all existing and future leases, subleases, subtenancies, licenses, agreements and concessions relating to the use, occupancy or enjoyment of all or any part of the Site, together with any and all guaranties and other agreements relating to or made in connection with any of the foregoing (individually, a "Lease", and collectively, the "Leases"); and (d) Trustor's interest in all rents, issues, income, revenues, royalties, profits, proceeds and earnings now or hereafter payable with respect to or otherwise derived from the ownership, use, management, operation, leasing or occupancy of the

[1] This Leasehold Deed of Trust shall be recorded concurrently with Trustor's acquisition of the leasehold interest in the real property described herein pursuant to that certain Ground Lease entered into by and between Trustor and The Irvine Company, LLC, a Delaware limited liability company.

Site, including, without limitation, cash or security deposited under any of the leases to secure the performance by the lessees of their obligations thereunder (collectively, the "Rents").

2. Obligations Secured. Trustor makes this grant and assignment for the purpose of securing the following: (a) performance of Trustor under that certain Promissory Note Secured by Leasehold Deed of Trust ("City Note") dated September 5, 2006 (which was executed pursuant to that certain Affordable Housing and Loan Agreement between Trustor and Beneficiary dated September 5, 2006 ("Loan Agreement")), as such City Note may be amended from time to time; (b) payment of the sum of Three Hundred Thousand Dollars ($300,000.00), according to the terms of a City Note made by Trustor, payable to order of Beneficiary, and extensions, modifications or renewals thereof; and (c) payment of additional sums and interest thereon which may hereafter be loaned to Trustor, or its successors or assigns, when evidenced by a promissory note or notes reciting that they are secured by this Leasehold Deed of Trust.

2.5. Loan Documents. This Leasehold Deed of Trust, the City Note, the Loan Agreement, and that certain Regulatory Agreement and Declaration of Covenants and Restrictions between Trustor and Beneficiary, and acknowledged and agreed to by Ground Lessor, recorded on or about the date of this Leasehold Deed of Trust (the "Regulatory Agreement") are collectively referred to herein as the "Loan Documents." Any capitalized terms contained in this Leasehold Deed of Trust which are not defined herein shall have the meaning given in the Loan Agreement, unless expressly provided to the contrary.

3. Acceleration of Loan Upon Sale, Encumbrance, Refinance, or Default. To the extent permitted by applicable law, if Trustor shall: (a) directly or indirectly, voluntarily or involuntarily, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of the Trust Estate (excluding the lease of the units on the Site in accordance with the Loan Agreement and Regulatory Agreement, the lien of the Permitted Encumbrances, and any other assignment, transfer, or encumbrance approved in writing by City); (b) unless otherwise approved in writing by City, refinance any lien or encumbrance which has priority over the Leasehold Deed of Trust for a loan amount which when combined with all of the other security financing encumbering the Site exceeds: (i) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee; and (ii) after the completion of construction of the Project, does not exceed ninety percent (90%) of the appraised value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to City; (c) refinance any lien or encumbrance and use the proceeds for any purpose other than the construction and operation of the rental project on the Site; or (d) default on any of its obligations set forth in the Loan Documents and fail to cure the default within the applicable cure period, Beneficiary, at its option, may declare the entire indebtedness evidenced hereby to be immediately due and payable and collectible then or thereafter as Beneficiary may elect, regardless of the date of maturity.

4. Subordination. Beneficiary agrees that it in the event Trustor enters into other financing arrangements to be secured by the Site, Beneficiary shall subordinate this Leasehold

Deed of Trust to the lien of any and all such other financing on a form that is mutually acceptable to Beneficiary, in its reasonable discretion, and all other applicable lenders.

5. Assignment of Rents and Performance of Leases.

5.1 Assignment of Rents and Leases. Subject to the rights of each mortgagee or beneficiary of any mortgage, deed of trust, or other security instrument authorized pursuant to Section 4 above to have priority over this Leasehold Deed of Trust, Trustor hereby irrevocably, absolutely and unconditionally assigns and transfers to Beneficiary all of Trustor's right, title and interest in and to the Leases and the Rents; provided, however, that so long as no default has occurred and is continuing, Trustor shall have the right under a license granted hereby to collect and receive all Rents as trustee for the benefit of Beneficiary and to apply the amounts so collected first to the payment of costs and expenses associated with the ownership, maintenance, operation and leasing of the Site, including, principal, interest and all other amounts required to be paid under the Loan Documents, before using or applying such Rents for any other purpose. No Rents or such other income shall be distributed or paid to Trustor, unless such costs and expenses which are then due have been paid in full. Thereafter, so long as no Event of Default has occurred and is continuing, the balance may be distributed to Trustor. If an Event of Default has occurred and is continuing, Trustor's right to collect and receive the Rents under the license granted hereby shall cease and the license shall be revoked automatically, and Beneficiary shall have the sole right, with or without taking possession of the Site, to collect all Rents; provided, however, if such Event of Default is cured, then such license shall be automatically reinstated. This is an absolute assignment and not an assignment for security only. For purposes of this Section 5.1, the term "Event of Default" shall mean (a) the failure of Trustor to timely pay, within ten (10) days of its due date, any payment due under the City Note, or (b) the failure of Trustor to promptly and completely observe or perform any term, condition, covenant, agreement or obligation contained in any of the Loan Documents or any other instrument or agreement secured hereby, and the continuation of such failure following the expiration of any applicable notice, cure or grace period, if any, provided for therein or herein; provided, however, that in the event no cure or grace period is otherwise provided for herein or therein, such failure shall not be an Event of Default hereunder if Trustor observes or performs such term, condition, covenant, agreement or obligation within thirty (30) days of receipt of written notice from Beneficiary of Trustor's failure to observe or perform any such term, condition, covenant, agreement or obligation or, if not reasonably susceptible of cure within thirty (30) days, then provided the cure is commenced in thirty (30) days and diligently and continuously prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days).

5.2 Covenants Regarding Leases. Trustor shall not, without the prior written consent of Beneficiary, (a) collect any rent from any lessee for a period of more than one (1) month in advance, or (b) except as may be expressly permitted under the Loan Agreement, execute any further assignment of any of its right, title and interest in the Leases and the Rents. Trustor shall (a) observe, perform and discharge each and every obligation, term, covenant, condition and agreement of Trustor under the Leases in all material respects, (b) enforce the performance of each and every obligation, term, covenant, condition and agreement in the Leases to be performed by any lessee or guarantor thereof in all material respects, (c) use good faith commercially reasonable efforts to keep the Site leased at a good and sufficient rental and on

such other terms and conditions as are reasonably acceptable to Beneficiary, (d) execute and deliver to Beneficiary upon demand, at any time and from time to time, any and all assignments and other instruments which Beneficiary may deem reasonably advisable to carry out the true purposes and intent of the assignment set forth in Section 5.1 above, and (e) at the written request of Beneficiary, cause any or all tenants under a Lease to execute a subordination, nondisturbance and attornment agreement and estoppel certificate in form and substance reasonably satisfactory to Beneficiary.

6. **Default**. Trustor shall be deemed in default of this Leasehold Deed of Trust in the event Trustor fails to perform any obligation hereunder and such default is not cured within thirty (30) days after Trustor's receipt of written notice from Beneficiary specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Trustor's receipt of the notice of default and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days).

7. **Nonrecourse Obligation**. Trustor shall not have any personal liability under any of the other Loan Documents to pay the City Loan or any other indebtedness secured by this Leasehold Deed of Trust, and any judgment, decree or order for the payment of money obtained in any action to enforce the obligation of Trustor to pay the City Loan or other indebtedness secured by this Leasehold Deed of Trust shall be enforceable against Trustor only to the extent of Trustor's interest in the Site.

8. **Incorporation of Fictitious Deed of Trust**. To protect the security of this Leasehold Deed of Trust, and with respect to the Site above described, Trustor expressly makes each and all of the agreements, and adopts and agrees to perform and be bound by each and all of the terms and provisions set forth in subdivision A, and it is mutually agreed that each and all of the terms and provisions set forth in subdivision B, of the fictitious deed of trust recorded in the Orange County Recorder's Office on August 17, 1964, and in all other counties on August 18, 1964, in the book and at the page of Official Records in the office of the county recorder of the county where said property is located, noted below opposite the name of such county, namely:

3. **Acceleration of Loan Upon Sale, Encumbrance, Refinance, or Default.** To the extent permitted by applicable law, if Trustor shall: (a) directly or indirectly, voluntarily or involuntarily, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of the Trust Estate (excluding the lease of the units on the Site in accordance with the Loan Agreement and Regulatory Agreement, the lien of the Permitted Encumbrances, and any other assignment, transfer, or encumbrance approved in writing by City's Contract Officer); (b) unless otherwise approved in writing by City's Contract Officer, refinance any lien or encumbrance which has priority over the Leasehold Deed of Trust for a loan amount which when combined with all of the other security financing encumbering the Site exceeds: (i) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee; and (ii) after the completion of construction of the Project, does not exceed ninety percent (90%) of the appraised value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to City; (c) refinance any lien or encumbrance and use the proceeds for any purpose other than the construction and operation of the rental project on the Site; or (d) default on any of its obligations set forth in the Loan Documents and fail to cure the default within the applicable cure period, Beneficiary, at its option, may declare the entire indebtedness evidenced hereby to be immediately due and payable and collectible then or thereafter as Beneficiary may elect, regardless of the date of maturity.

5. **Assignment of Rents and Performance of Leases.**

5.1 Assignment of Rents and Leases. Subject to the rights of each mortgagee or beneficiary of any mortgage, deed of trust, or other security instrument authorized pursuant to Section 4 above to have priority over this Leasehold Deed of Trust, Trustor hereby irrevocably, absolutely and unconditionally assigns and transfers to Beneficiary all of Trustor's right, title and interest in and to the Leases and the Rents; provided, however, that so long as no default has occurred and is continuing, Trustor shall have the right under a license granted hereby to collect and receive all Rents as trustee for the benefit of Beneficiary and to apply the amounts so collected first to the payment of costs and expenses associated with the ownership, maintenance, operation and leasing of the Site, including, principal, interest and all other amounts required to be paid under the Loan Documents, before using or applying such Rents for any other purpose. No Rents or such other income shall be distributed or paid to Trustor, unless such costs and expenses which are then due have been paid in full. Thereafter, so long as no Event of Default has occurred and is continuing, the balance may be distributed to Trustor. If an Event of Default has occurred and is continuing, Trustor's right to collect and receive the Rents under the license granted hereby shall cease and the license shall be revoked automatically, and Beneficiary shall have the sole right, with or without taking possession of the Site, to collect all Rents; provided, however, if such Event of Default is cured, then such license shall be automatically reinstated. This is an absolute assignment and not an assignment for security only. For purposes of this Section 5.1, the term "Event of Default" shall mean (a) the failure of Trustor to timely pay, within ten (10) days of its due date, any payment due under the City Note, or (b) the failure of Trustor to promptly and completely observe or perform any term, condition, covenant, agreement or obligation contained in any of the Loan Documents or any other instrument or agreement secured hereby, and the continuation of such failure following the expiration of any applicable notice, cure or grace period, if any, provided for therein or herein; provided, however, that in the event no cure or grace period is otherwise provided for herein or therein, such failure shall not be an Event of Default hereunder if Trustor observes or performs such term, condition, covenant, agreement or obligation within thirty (30) days of receipt of written notice from Beneficiary of Trustor's failure to observe or perform any such term, condition, covenant, agreement or obligation or, if not reasonably susceptible of cure within thirty (30) days, then provided the cure is commenced in thirty (30) days and diligently and continuously prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days).

5.2 Covenants Regarding Leases. Trustor shall not, without the prior written consent of Beneficiary, (a) collect any rent from any lessee for a period of more than one (1) month in advance, or (b) except as may be expressly permitted under the Loan Agreement, execute any further assignment of any of its right, title and interest in the Leases and the Rents. Trustor shall (a) observe, perform and discharge each and every obligation, term, covenant, condition and agreement of Trustor under the Leases in all material respects, (b) enforce the performance of each and every obligation, term, covenant, condition and agreement in the Leases

to be performed by any lessee or guarantor thereof in all material respects, (c) use good faith commercially reasonable efforts to keep the Site leased at a good and sufficient rental and on such other terms and conditions as are reasonably acceptable to Beneficiary, (d) execute and deliver to Beneficiary upon demand, at any time and from time to time, any and all assignments and other instruments which Beneficiary may deem reasonably advisable to carry out the true purposes and intent of the assignment set forth in Section 5.1 above, and (e) at the written request of Beneficiary, cause any or all tenants under a Lease to execute a subordination, nondisturbance and attornment agreement and estoppel certificate in form and substance reasonably satisfactory to Beneficiary.

6. **Default**. Trustor shall be deemed in default of this Leasehold Deed of Trust in the event Trustor fails to perform any obligation hereunder and such default is not cured within thirty (30) days after Trustor's receipt of written notice from Beneficiary specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Trustor's receipt of the notice of default and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days).

7. **Nonrecourse Obligation.** Trustor shall not have any personal liability under any of the other Loan Documents to pay the City Loan or any other indebtedness secured by this Leasehold Deed of Trust, and any judgment, decree or order for the payment of money obtained in any action to enforce the obligation of Trustor to pay the City Loan or other indebtedness secured by this Leasehold Deed of Trust shall be enforceable against Trustor only to the extent of Trustor's interest in the Site.

8. **Incorporation of Fictitious Deed of Trust.** To protect the security of this Leasehold Deed of Trust, and with respect to the Site above described, Trustor expressly makes each and all of the agreements, and adopts and agrees to perform and be bound by each and all of the terms and provisions set forth in subdivision A, and it is mutually agreed that each and all of the terms and provisions set forth in subdivision B, of the fictitious deed of trust recorded in the Orange County Recorder's Office on August 17, 1964, and in all other counties on August 18, 1964, in the book and at the page of Official Records in the office of the county recorder of the county where said property is located, noted below opposite the name of such county, namely:

DO NOT RECORD

The following is a copy of Subdivisions A and B of the fictitious Deed of Trust recorded in each county in California as stated in the foregoing Deed of Trust and incorporated by reference in said Deed of Trust as being a part thereof as if set forth at length therein.

A. To protect the security of this Deed of Trust, Trustor agrees:

1) To keep said property in good condition and repair, not to remove or demolish any building thereon; to complete or restore promptly and in a good and workmanlike manner any building which may be constructed, damaged or destroyed thereon and to pay when due all claims for labor performed and materials furnished therefor, to comply with all laws affecting said property or requiring any alterations or improvements to be made thereon; not to commit or permit waste thereof; not to commit, suffer or permit any act upon said property in violation of law; to cultivate, irrigate, fertilize, fumigate, prune and do all other acts which from the character or use of said property may be reasonably necessary, the specific enumerations herein not excluding the general.

2) To provide, maintain and deliver to Beneficiary fire insurance satisfactory to and with loss payable to Beneficiary. The amount collected under any fire or other insurance policy may be applied by Beneficiary upon any indebtedness secured hereby and in such order as Beneficiary may determine, or at the option of Beneficiary the entire amount so collected or any part thereof may be released to Trustor. Such application or release shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

3) To appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; and to pay all costs and expenses, including cost of evidence of title and attorney's fees in a reasonable sum, in any such action or proceeding in which Beneficiary or Trustee may appear, and in any suit brought by Beneficiary to foreclose this Deed.

4) To pay: at least ten (10) days before delinquency all taxes and assessments affecting said property, including assessments on appurtenant water stock; when due, all encumbrances, charges and liens, with interest, on said property or any part thereof, which appear to be prior or superior hereto; all costs, fees and expenses of this Trust.

Should Trustor fail to make any payment or to do any act as herein provided, then Beneficiary of Trustee, but without obligation so to do and without notice to or demand upon Trustor and without releasing Trustor from any obligation hereof, may: make or do the same is such manner and to such extent as either may deem necessary to protect the security hereof, Beneficiary or Trustee being authorized to enter upon said property for such purposes; appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; pay, purchase, contest or compromise any encumbrance, charge or lien which in the judgment of either appears to be prior or superior hereto; and, in exercising any such powers, pay necessary expenses, employ counsel and pay his reasonable fees.

5) To pay immediately and without demand all sums so expended by Beneficiary or Trustee, with interest from the date of expenditure at the amount allowed by law in effect at the date hereof, and to pay for any statement provided for by law in effect at the date hereof regarding the obligation secured hereby any amount demanded by the Beneficiary not to exceed the maximum allowed by law at the time when said statement is demanded.

B. It is mutually agreed:

1) That any award in connection with any condemnation for public use of or injury to said property or any part thereof is hereby assigned and shall be paid to Beneficiary who may apply or release such moneys received by him in the same manner and with the same effect as above provided for disposition of proceeds of fire or other insurance.

2) That by accepting payment of any sum secured hereby after its due date, Beneficiary does not waive his right either to require prompt payment when due of all other sums so secured or to declare default for failure so to pay.

3) That at any time or from time to time, without liability therefor and without notice, upon written request of Beneficiary and presentation of this Deed and said note for endorsement, and without affecting the personal liability of any person for payment of the indebtedness secured hereby, Trustee may: reconvey any part of said property; consent to the making of any map or plat thereof; join in granting any easement thereon, or join in any extension agreement or any agreement subordinating the lien or charge hereof.

4) That upon written request of Beneficiary stating that all sums secured hereby have been paid, and upon surrender of this Deed and said note to Trustee for cancellation and retention or other disposition as Trustee in its sole discretion may choose and upon payment of its fees, Trustee shall reconvey, without warranty, the property then held hereunder. The recitals in such reconveyance of any matters or facts shall be conclusive proof of the truthfulness thereof. The Grantee in such reconveyance may be described as "the person or persons legally entitled thereto."

5) That as additional security, Trustor hereby gives to and confers upon Beneficiary the right, power and authority, during the continuance of these Trusts, to collect the rents, issues and profits of said property, reserving unto Trustor the right, prior to any default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, to collect and retain such rents, issues and profits as they become due and payable. Upon any such default, Beneficiary may at any time without notice, either in person, by agent, or be a receiver to be appointed by a court, and without regard to the adequacy of any security for the indebtedness hereby secured, enter upon and take possession of said property or any part thereof, in his own name sue for or otherwise collect such rents, issues, and profits, including those past due and unpaid, and apply the same, less costs and expenses of operation and collection, including reasonable attorney's fees, upon any indebtedness secured hereby, and in such order as Beneficiary may determine. The entering upon and taking possession of said property, the collecting of such rents, issues and profits and the application thereof as aforesaid, shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

6) That upon default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, Beneficiary may declare all sums secured hereby immediately due and payable by delivery to Trustee of written declaration of default and demand for sale and of written notice of default and of election to cause to be sold said property, which notice Trustee shall cause to be filed for record. Beneficiary also shall deposit with Trustee this Deed, said note and all documents evidencing expenditures secured hereby.

After the lapse of such time as may then be required by law following the recordation of said notice of default, and notice of sale having been given as then required by law, Trustee, without demand on Trustor, shall sell said property at the time and place fixed by it in said notice of sale, either as a whole or in separate parcels, and in such order as it may determine, at public auction to the highest bidder for cash in lawful money of the United States, payable at time of sale. Trustee may postpone sale of all or any portion of said property by public announcement at such time and place of sale, and from time to time thereafter may postpone such sale by public announcement at the time fixed by the preceding postponement. Trustee shall deliver to such purchaser its deed conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed of any matters or facts shall be conclusive proof of the truthfulness thereof. Any person, including Trustor, Trustee, or Beneficiary as hereinafter defined, may purchase at such sale.

After deducting all costs, fees and expenses of Trustee and of this Trust, including cost of evidence of title in connection with sale, Trustee shall apply the proceeds of sale to payment of: all sums expended under the terms hereof, not then repaid, with accrued interest at the amount allowed by law in effect at the date hereof; all other sums then secured hereby; and the remainder, if any, to the person or persons legally entitled thereto.

7) Beneficiary, or any successor in ownership of any indebtedness secured hereby, may from time to time, by instrument in writing, substitute a successor or successors to any Trustee named herein or acting hereunder, which instrument, executed by the Beneficiary and duly acknowledged and recorded in the office of the recorder of the county or counties where said property is situated shall be conclusive proof of proper substitution of such successor Trustee or Trustees, who shall, without conveyance from the Trustee predecessor, succeed to all its title, estate, rights, powers and duties. Said instrument must contain the name of the original Trustor, Trustee and Beneficiary hereunder, the book and page where this Deed is recorded and the name and address of the new Trustee.

8) That this Deed applies to, inures to the benefit of, and binds all parties hereto, their heirs, legatees, devisees, administrators, executors, successors and assigns. The term Beneficiary shall mean the owner and holder, including pledgees, of the note secured hereby, whether or not named as Beneficiary herein. In this Deed, whenever the context so requires, the masculine gender includes the feminine and/or neuter, and the singular number includes the plural.

9) That Trustee accepts this Trust when this Deed, duly executed and acknowledged, is made a public record as provided by law. Trustee is not obligated to notify any party hereto of pending sale under any other Deed of Trust or of any action or proceeding in which Trustor, Beneficiary or Trustee shall be a party unless brought by Trustee.

2. **Development of the Project**. Declarant shall commence and complete predevelopment activities for the Project on the Site within the times and subject to the terms and conditions set forth in the Loan Agreement.

3. **Term**. The covenants set forth in this Agreement shall remain in effect for a period of fifty-five (55) years commencing on the date that all Residential Units in the Project have received all required occupancy permits from the City ("Affordability Term").

4. Use; Affordability Covenants. Declarant hereby covenants and agrees that the Site shall be managed and operated in accordance with the provisions set forth in this Section 4.

4.1 General. Declarant shall devote the Site for use as an affordable residential rental complex with the Residential Units to be rented to and occupied or held available for occupancy only by Eligible Tenants at Affordable Rent in compliance with the Unit Mix. Declarant shall not permit the Residential Units to be utilized on a transient basis, or as a hotel, motel, dormitory, fraternity house, sorority house, rooming house, nursing home, hospital, sanitarium, trailer court or park, day care facilities, or non-residential uses. Notwithstanding any other provision set forth in this Agreement to the contrary, Declarant may set aside one Residential Unit as an on-site manager's unit that may but need not be subject to the affordability covenants set forth in this Agreement.

4.2. Occupancy by Eligible Tenants. The lease for each Residential Unit shall provide that it is to be used as the principal residence of the Residential Unit's Eligible Tenant and for no other purpose. The lease shall further provide that an Eligible Tenant shall not lease or sublease its Residential Unit or its right of occupancy. Declarant shall institute a program to ensure that the Residential Units remain occupied by the Eligible Tenants.

4.3 Occupancy Limits. The number of persons permitted to occupy each Residential Unit shall not exceed the occupancy permitted pursuant to the general requirements of the United States Department of Housing and Urban Development, which as of the date of this Agreement is two persons per bedroom, plus one person (e.g., for a two bedroom unit the maximum number of persons residing in the unit can be five persons). The lease for each Residential Unit shall include a provision limiting the number of persons permitted to occupy each Residential Unit in accordance with the preceding sentence and Declarant shall enforce such occupancy restrictions.

4.4 Determination of Eligible Tenant Status. Immediately prior to an Eligible Tenant's occupancy of a Residential Unit, Declarant shall obtain an Income Computation and Certification Form in a form approved by City (which may be the form used in connection with the regulatory agreement for multi-family housing revenue bonds or low income housing tax credits, the form attached to this Agreement as Exhibit "B", or other form approved by the Contract Officer) from each such Eligible Tenant dated immediately prior to the date of initial occupancy of the Residential Unit by such Eligible Tenant. In addition, Declarant shall provide such further information as may be reasonably required by City for purposes of verifying a tenant's status as an Eligible Tenant, provided the same is reasonably available to Declarant without unreasonable expense in connection with obtaining the same. Declarant shall use good faith efforts to verify that the income provided by an applicant is accurate by taking the following steps as a part of the verification process: (a) obtain three (3) pay stubs for the most recent pay periods; (b) obtain a written verification of income and employment from the applicant's current employer; (c) obtain an income verification form from the Social Security Administration, California Department of Social Services, and/or California Employment Development Department if the applicant receives assistance from any of said agencies; (d) if an applicant is unemployed or did not file a tax return for the previous calendar year, obtain other evidence and/or verification of such applicant's total income received during the calendar year from any source, taxable or nontaxable, or such other information as is satisfactory to the City.

Declarant shall maintain in its records each Income Computation and Certification Form obtained pursuant to this Section and Section 4.5 for a minimum period of five (5) years.

4.5 Recertification. Within sixty (60) days prior to the first anniversary date of the occupancy of a Residential Unit by an Eligible Tenant, and on each anniversary date thereafter, Declarant shall recertify the income of such Eligible Tenant by obtaining a completed Income Computation and Certification Form based upon the current income of each occupant of the Residential Unit. In the event the recertification demonstrates that such household's income exceeds one hundred forty percent (140%) of the income at which such household originally qualified, such household will no longer qualify as an Eligible Tenant at that original income level. If the occupant's income falls within one of the other income categories of Eligible Tenants, the rent shall be increased to the Affordable Rent applicable to the new income category, provided a Residential Unit reserved for the new income category exists and is permitted pursuant to Declarant's agreement with any third party as may be in effect as described in the definition of "Unit Mix" set forth in Section 1 of this Agreement. To the extent permitted by applicable law, including the requirements of Section 42 of the United States Internal Revenue Code, if the income exceeds the income permitted for Eligible Tenant status, the occupants' lease shall not be renewed and said occupants shall be required to vacate the unit within one hundred eighty (180) days after the recertification. Otherwise, the next available unit will be leased to an Eligible Tenant at an income level that will cause the Project to be in compliance with the Unit Mix as quickly as possible.

4.6 Leasing Residential Units. The Residential Units shall be available for rental on a continuous basis and Declarant shall not give preference to any particular class or group in renting Residential Units, except to the extent that the Residential Units are required to be rented to Eligible Tenants and except as provided in the next sentence. Declarant shall give priority in renting Residential Units to Eligible Tenants who constitute displaced persons entitled to a preference pursuant to California Health and Safety Code Section 33411.3 or successor statute. Declarant shall maintain a list of persons who have applied for a Residential Unit and, subject to the priority to be given to displaced persons as set forth above, should multiple tenants be equally eligible (as to income, credit history, and other nondiscriminatory criteria) and qualified to rent a Residential Unit, Declarant shall rent available Residential Units to Eligible Tenants on a first qualified (with reasonable efforts made to qualify applicants in the order that the applications are received), first offered basis, or pursuant to a lottery system. Declarant shall use commercially reasonable efforts to lease Residential Units that become available as quickly as possible. Declarant shall market the Residential Units to the citizens of the City of Irvine on a nonexclusive basis.

4.7 Rental Agreement. The form of the lease agreement between Declarant and each of the Eligible Tenants shall be reasonably approved by City prior to the rental or leasing of any of the Residential Units. Once approved, no material changes shall be made to the form of the lease agreement without City's prior written reasonable approval. The lease agreement shall obligate the Eligible Tenants to comply with the provisions set forth in Section 4 of this Agreement and an Eligible Tenant who violates such requirements shall be in default under the rental agreement. Not by way of the foregoing, each lease agreement with an Eligible Tenant shall include a provision to the effect that the Declarant has relied on the information provided by the Eligible Tenant on the Income Computation and Certification Form and all other

supporting information supplied by the Eligible Tenant in determining qualification for occupancy of the applicable Residential Unit, and that any material misstatement in such certification (whether or not intentional) will be cause for immediate termination of such lease agreement. In addition, each lease agreement shall contain a provision that failure to cooperate with the annual recertification process may disqualify the Eligible Tenant as such and will be will be cause for immediate termination of such lease agreement.

5. **No Discrimination**. Declarant shall not discriminate against, or segregate, any person or group of persons on account of race, color, creed, national origin, ancestry, sex, marital status, or religion in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the Site, nor shall the Declarant for itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the Site.

6. **Maintenance of Property**. Declarant shall maintain or cause to be maintained the Site and all improvements on the Site in a good condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders, and regulations of all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction. City places prime importance on quality maintenance to protect its investment and to ensure that affordable housing projects within the City of Irvine are not allowed to deteriorate due to substandard maintenance. In addition, Declarant shall keep the Site free from all graffiti and any accumulation of debris or waste material. Declarant shall make all repairs and replacements necessary to keep the improvements in first class condition and repair and shall promptly eliminate all graffiti and replace dead and diseased plants and landscaping with comparable approved materials. In the event that Declarant breaches any of the covenants contained in this Section 6, and such default continues for a period of fifteen (15) days after written notice from a City or such longer period of time as is reasonably necessary to correct the condition (with respect to landscaping, graffiti, debris, waste material, and general maintenance) or thirty (30) days after written notice from City or such longer period of time as is reasonably necessary to correct the condition (with respect to building improvements), then City in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Site and perform or cause to be performed all such acts and work necessary to cure the default. Pursuant to such right of entry, City shall be permitted (but not required) to enter upon the Site and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Site, and to attach a lien on the Site, or to assess the Site, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by City and/or costs of such cure, including a ten percent (10%) administrative charge, which amount shall be promptly paid by Declarant to City upon demand.

7. **Management**.

7.1 Property Manager. Declarant shall manage or shall cause the rental Project on the Site to be managed in a prudent and business-like manner. Declarant may contract with a management company or manager to operate and maintain the Site in accordance with the terms of this Agreement ("Property Manager"); provided, however, that the selection and hiring of such a Property Manager company shall be subject to approval by City, which shall not be

unreasonably withheld provided that the management company or manager has the requisite experience level and performance record.

7.2 Gross Mismanagement. In the event of "Gross Mismanagement" (as that term is defined below), City shall have the authority to require that such Gross Mismanagement cease immediately, and further to require the immediate replacement of the Property Manager, whether that Property Manager is Declarant or a third party. The replacement Property Manager shall be required to operate and maintain the Site in accordance with the terms of this Agreement. In the event of such a replacement, the costs to retain the replacement Property Manager shall be the responsibility of Declarant. City shall provide written notice to Declarant of the event(s) of Gross Mismanagement occurring and Declarant shall have thirty (30) days after receipt of such notice (or such longer period as is reasonably necessary to correct the condition) to cure, correct, or remedy the event(s) of Gross Mismanagement identified in City's notice and to notify City of the cure, correction, or remedy. For purposes of this Agreement the term "Gross Mismanagement" shall mean management of the Project in a manner which violates the terms of this Agreement to operate the Residential Units as an affordable housing project and shall include, but is not limited to, the following:

i. Knowingly allowing a Residential Unit to be occupied by a person who does not qualify as an Eligible Tenant;

ii. Allowing the prescribed occupancy levels to be exceeded without taking immediate action to stop such overcrowding;

iii. Failure to maintain the Site in the manner prescribed in Section 6;

iv. Fraud or embezzlement of Project monies; and

v. Failure to comply with reasonable recommendations of the Irvine Police Department in maintaining a crime free environment on the Site.

8. Records. Declarant shall maintain complete and accurate records pertaining to the Residential Units for a period of three (3) years (unless a longer period of time is expressly set forth herein), and shall permit any duly authorized representative of City to inspect the books and records of Declarant pertaining to the Residential Units.

9. Right to Inspect. City shall have the right to inspect the Site and the Residential Units for purposes of assuring compliance with this Agreement during normal business hours on not less than seventy-two (72) hours written notice.

10. Relocation. Declarant shall be responsible for providing any relocation benefits or assistance and paying relocation costs to any tenants or occupants who may be displaced from the Site if such benefits or assistance are required to be provided under any applicable federal, state, or local laws, rules or regulations. Declarant shall indemnify, defend, and hold harmless City from and against any and all claims, liabilities, damages or losses arising out of any claims for relocation benefits or assistance that may be asserted by any tenants or occupants of the Project.

11. Indemnification. Declarant shall defend, indemnify and hold harmless City and its officers, officials, agents, employees, representatives, and volunteers from and against any loss, damage, costs, expenses, liability, claim, or judgment relating in any manner to the Site and the operation of the rental project thereon or Declarant's performance under this Agreement, except to the extent caused by the active negligence or willful misconduct of City.

12. Insurance. Upon completion of the Project and for the term of this Agreement, Declarant shall procure and keep in full force and effect or cause to be procured and kept in full force and effect for the mutual benefit of Declarant and City, and shall provide City evidence reasonably acceptable to City, of insurance policies meeting the minimum requirements set forth in this Section 12.

12.1. Types of Insurance Policies. The insurance policies to be maintained by Declarant upon completion of the Project and for the duration of the term of this Agreement are as follows:

i. Commercial General Liability insurance with respect to the Site and the operations of or on behalf of Declarant, in an amount not less than One Million Dollars ($1,000,000.00) per occurrence combined single limit including products, completed operations, contractual, bodily injury, personal injury, death and property damage liability, subject to such increases in amount as City may reasonably require from time to time; provided, that the percentage increase in coverage shall not be required to exceed the percentage increase in the Consumer Price Index published by the United States Department of Labor, Bureau of Labor Statistics, for Urban Wage Earners and Clerical Workers, Los Angeles-Long Beach-Anaheim Average, All Items (1984 = 100) (the "Index"), from and after the date of this Agreement, or, if said Index is discontinued, such official index as may then be in existence and which is most nearly equivalent to said Index (the "CPI Adjustment"). Unless otherwise approved in advance by the City, the insurance to be provided by Declarant may provide for a deductible or self-insured retention of not more than Ten Thousand Dollars ($10,000.00), with such maximum amount to increase at the same rate as the periodic increases in the minimum amount of total insurance coverage set forth above. City and its officers, officials, employees, volunteers, agents, and representatives shall be named as additional insureds under such policy or policies.

ii. With respect to the improvements and any fixtures and furnishings to be owned or leased by Declarant on the Site, all risk property insurance against fire, vandalism, and malicious mischief, and such other additional perils, hazards, and risks as now are or may be included in the standard "all risk" form in general use in Orange County, California, with the standard form fire insurance coverage in an amount equal to full actual replacement cost thereof, as the

same may change from time to time. The above insurance policy or policies shall include coverage for earthquakes to the extent generally and commercially available at commercially reasonable rates, if such insurance is generally obtained for rental apartment projects of this size and type in Orange County, California. City shall be a loss payee under such policy or policies and such insurance shall contain a replacement cost endorsement.

12.2 Policy Requirements. A copy of each paid-up policy evidencing such insurance (appropriately authenticated by the insurer) or a certificate of the insurer, certifying that such policy has been issued, providing the coverage required herein, and containing the provisions specified herein, shall be delivered to City on or prior to the completion of the Project, and thereafter, upon renewals, not less than thirty (30) days prior to the expiration of coverage. City may, at any time, and from time to time, inspect and/or copy any and all insurance policies required to be procured by Declarant hereunder. In no event shall the limits of any policy be considered as limiting the liability of Declarant hereunder. In addition to the requirements set forth in Section 12.1, each insurance policy required to be carried by Declarant pursuant to this Agreement:

i. shall be primary insurance and not contributory with any other insurance which City or its officers, officials, employees, volunteers, agents, or representatives may have;

ii. shall contain no special limitations on the scope of protection afforded to City or its officers, officials, employees, volunteers, agents, and representatives;

iii. shall be "per occurrence" rather than "claims made" insurance;

iv. shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability;

v. shall provide that the policy will not be cancelled by the insurer or Declarant unless there is a minimum of thirty (30) days (10 days for nonpayment of premium) prior written notice by certified mail, return receipt requested to City;

vi. shall be written by a California licensed insurer with a Best rating of not less than A:VII;

vii. shall be endorsed to state that any failure to comply with the reporting provisions of the policies shall not affect coverage provided to City and its officers, officials, employees, volunteers, agents, and representatives; and

viii. shall contain a waiver by the insurer of any right to subrogation against City, and its officers, officials, employees, volunteer and

agents, which arises or might arise by reason of any payment under such policy or policies or by reason of any act or omission of City or its officers, officials, members, employees, agents, or representatives.

13. Repair of Damage. If any improvements on the Site shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty, Declarant shall promptly proceed to obtain insurance proceeds and provided the insurance proceeds are sufficient to restore the Site and the insurance proceeds are made available therefor by the secured lenders, take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the improvements to substantially the same condition as the improvements are required to be maintained in pursuant to this Agreement, and Declarant shall complete the same as soon as possible thereafter so that the Project can continue to be operated and occupied as an affordable housing project in accordance with this Agreement. In no event shall the repair, replacement, or restoration period exceed two (2) years from the date of the destruction subject to events of force majeure unless City, in its sole and absolute discretion, approves a longer period of time.

14. Defaults and Remedies.

14.1 Defaults. Failure or delay by any Party to perform any term or provision of this Agreement which is not cured within thirty (30) days after receipt of notice from the other Party specifying the default (or such other period specifically provided herein) constitutes a default under this Agreement; provided, however, if such default is of the nature requiring more than thirty (30) days to cure, the defaulting Party shall avoid default hereunder by commencing to cure within such thirty (30) day period, and thereafter diligently pursuing such cure to completion within an additional sixty (60) days following the conclusion of such thirty (30) day period (for a total of ninety (90) days). Except as required to protect against further damages, the injured Party may not institute proceedings against the Party in default until the time for cure has expired. Failure or delay in giving such notice shall not constitute a waiver of any default, nor shall it change the time of default.

14.2 Institution of Legal Actions. In addition to any other rights or remedies, any Party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California; or in any other appropriate court in that county.

14.3 Rights and Remedies are Cumulative. The rights and remedies of the Parties are cumulative, and the exercise by either Party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other Party.

15. Miscellaneous.

15.1 Entire Agreement, Waivers, and Amendments. This Agreement contains the entire agreement between the Parties relating to the subject matter hereof, and

supersedes all negotiations and previous agreements between the Parties with respect to all or part of the subject matter hereof, with the exception of the Loan Agreement and the agreements attached to the Loan Agreement. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the Party to be charged. A waiver of the breach of the covenants, conditions or obligations under this Agreement by either Party shall not be construed as a waiver of any succeeding breach of the same or other covenants, conditions or obligations of this Agreement. Any amendment or modification to this Agreement must be in writing and executed by the appropriate authorities of City and Declarant.

15.2 Attorneys' Fees and Costs. If either Party to this Agreement commences an action against the other Party to this Agreement arising out of or in connection with this Agreement, the prevailing Party shall be entitled to recover reasonable attorneys' fees, expert witness fees, costs of investigation, and costs of suit from the losing Party.

15.3 Prohibition Against Assignment and Transfer by Declarant. The qualifications and identity of Declarant and Jamboree are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Declarant and entered into this Agreement with Declarant. Accordingly, except as expressly set forth herein, Declarant shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Site or in the Project without the City's prior written approval. As used herein, the term "significant change in ownership" shall mean any change by virtue of which Jamboree does not continue to be a member of the general partner of Declarant.

Notwithstanding the foregoing paragraph, the following shall not require City approval for the purpose of this Section 15.3: (i) a transfer of Declarant's leasehold interest in the Site and the Project to Jamboree; (ii) a transfer of Jamboree's limited partnership interest in Declarant to TIC or other tax credit syndicator or investor, provided that Jamboree continues to manage the operation of the Project; (iii) a transfer of the limited partnership interest in Declarant from TIC or other tax credit syndicator or investor to Jamboree, or an affiliate of Jamboree, provided that Jamboree continues to manage the operation of the Project; or (iv) any Permitted Encumbrance (which is defined in the Loan Agreement and generally allows Declarant to mortgage or encumber its leasehold interest in the Site in order to finance the development and operation of the Project, provided that the cumulative amount of the loans encumbering the Site does not exceed: (A) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee; and (B) after the completion of construction of the Project, does not exceed ninety percent (90%) of the appraised value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to City). As used in the preceding sentence, the term "affiliate" shall mean an entity that directly or indirectly controls or is controlled by Jamboree.

Declarant shall deliver written notice to City requesting approval of any assignment or transfer requiring City approval hereunder. In considering whether it will grant approval to any assignment by Declarant of its interest in the Site and this Agreement or any portion thereof, City

shall consider factors such as the financial strength and capability of the proposed transferee to perform Declarant's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, development, and operation of similar projects.

No assignment, excluding assignments for Permitted Encumbrances, shall be effective as to City unless and until the proposed assignee and Declarant execute and deliver to City an assignment and assumption agreement in form reasonably satisfactory to the Contract Officer and the City Attorney.

15.4 Prohibition Against Assignment and Transfer by City. The City shall not voluntarily assign or transfer its interest in all or any part of this Agreement (which by definition includes all attachments hereto) without Declarant's prior written approval, which shall not be unreasonably withheld. Notwithstanding the foregoing sentence, the City may: (a) in its sole and absolute discretion assign or transfer all or any part of its interest in this Agreement without Declarant's approval to the Redevelopment Agency, or (b) with the approval of Declarant, which shall not be unreasonably withheld or delayed, assign or transfer all or any part of its interest in this Agreement to the community land trust ("CLT") duly created and existing pursuant to law for the benefit of creating and maintaining affordable housing within the City (the "Irvine CLT"). At the time of execution of this Agreement, the Irvine CLT has not been certified by the Internal Revenue Service as a charitable entity under Section 501(c)(3) of the Internal Revenue Code, but is anticipated to be certified soon after the execution of this Agreement, and Declarant hereby acknowledges and agrees that the provisions in this Section 15.4 shall be binding upon Declarant upon the certification of the Irvine CLT.

15.5 Interpretation; Governing Law. This Agreement shall be construed according to its fair meaning and as if prepared by both of the Parties hereto. This Agreement shall be interpreted in accordance with the internal laws of the State of California.

15.6 Severability. If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in this Agreement, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision(s) had never been contained herein.

15.7. Third Party Beneficiaries. The Redevelopment Agency is an intended third party beneficiary of this Agreement and shall have the right, but not the obligation, to enforce its terms. Except as provided in this Section 15.6, no person or entity other than City, Declarant, and Redevelopment Agency, and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

15.7 Notices. Formal notices, demands, and communications between City and Declarant shall be given either by (a) personal service, (b) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (c) mailing in the United States mail, certified mail, postage prepaid, return receipt requested, addressed to.

Notices personally delivered or delivered by document delivery service shall be deemed effective upon receipt. Notices mailed shall be deemed effective on the second business day following deposit in the United States mail. Such written notices, demands, and communications shall be sent in the same manner to such other addresses as any Party may from time to time designate in writing.

15.8 Covenants Run with the Land. This Agreement is designed to create equitable servitudes and covenants running with the Site, in accordance with the provisions of Civil Code Section 1468. The covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein shall run with the Site and shall be binding upon all persons having any right, title or interest in the leasehold interest in the Site, or any part thereof, their heirs, successive owners and assigns; shall inure to the benefit of the City and its successors and assigns, shall be binding upon Declarant, and its successors and assigns; and may be enforced by City and its successors and assigns. Declarant hereby declares its understanding and intent that the burden of the covenants set forth herein touch and concern the land and that the Declarant's leasehold interest in the Site is rendered less valuable thereby. Declarant hereby further declares its understanding and intent that the benefit of such covenants touch and concern the land by enhancing and increasing the enjoyment and use of the Site by Eligible Tenants, and by furthering public purposes for City.

In amplification and not in restriction of the provisions hereinabove, it is intended and agreed that City is deemed a beneficiary of the agreements and covenants provided herein both for and in its own right and also for the purposes of protecting the interests of the community. All covenants without regard to technical classification or designation shall be

binding for the benefit of City and such covenants shall run in favor of City for the entire period during which such covenants shall be in force and effect, without regard to whether City is or remains an owner of any land or interest therein to which such covenants relate. However, all such covenants and restrictions shall be deemed to run in favor of all real property owned by the City which real property shall be deemed the benefited property of such covenants. Furthermore, all of the covenants, conditions, and restrictions contained herein shall also constitute easements in gross running in favor of the City. City shall have the right, in the event of any breach of any such agreement or covenant, to exercise all the rights and remedies, and to maintain any action at law or suit in equity or other proper proceedings to enforce the curing of such breach of agreement or covenant.

Furthermore, upon termination of Declarant's leasehold interest in the Site, except for a termination of the Ground Lease pursuant to Alteration, Damage, Destruction or Casualty of the Site, or pursuant to Eminent Domain, the covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein shall not terminate, shall continue to run with the land, shall be binding upon the Site for the remainder of the Affordability Term as defined in Section 3 of this Agreement, and shall inure to the benefit of and be enforceable by the City and its successors and assigns. As evidenced by TIC's signature below, TIC hereby acknowledges, agrees and consents to the terms in this Section 15.8.

In explanation of the preceding paragraph, and notwithstanding any provision in this Agreement to the contrary, following a termination of Declarant's leasehold interest in the Site resulting from Alteration, Damage, Destruction, Casualty of the Site, or pursuant to Eminent Domain, this Agreement, together with all of its covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein will terminate and will cease to encumber, restrict or otherwise affect the Site or TIC's interest therein (or that of TIC's successors and assigns).

15.9 RIGHT OF REFUSAL TO PURCHASE DECLARANT'S INTEREST IN LAND. THIS SITE IS SUBJECT TO A RIGHT OF REFUSAL TO PURCHASE DECLARANT'S INTEREST FOR THE DURATION OF THIS REGULATORY AGREEMENT. As set forth in the Affordable Housing Agreement, in the event that: (i) Declarant desires to sell all or any part of its interest in the Site (including any and all improvements thereon) (the "Interest") to a third party other than Jamboree or an affiliate of Jamboree (as defined in Section 15.3 of this Agreement), and (ii) Declarant has complied with any and all approvals as required by TIC pursuant to the Ground Lease prior to the sale of said Interest, and (iii) Declarant has received an acceptable bona fide offer to purchase said Interest ("Offer"), then Declarant shall give written notice to City of Declarant's intent to sell said Interest (the "Notice of Intent to Sell"), together with an executed copy of the Offer setting forth all of the terms of the proposed purchase and identifying the prospective purchaser. City (or its permitted successor or assign) shall then have an option to purchase said Interest on the same terms and conditions as set forth in the Offer; provided, however, that if the terms and conditions of the Offer provide for an exchange of property or other non-cash item as payment for all or any portion of the purchase price, City shall have the further option of paying Declarant in cash or cash equivalent at closing the full amount of the purchase price of the Interest notwithstanding any non-cash terms set forth in the Offer. Declarant hereby agrees to be bound by the preemptive rights herein and shall sell to City the Interest notwithstanding any terms to the

contrary set forth in the Offer so long as the City's exercise of its option produces the economic equivalent of the Offer. If City elects to exercise its option, City shall deliver to Declarant its written "Notice of Exercise of Option" of such election within thirty (30) days after receipt of the Notice of Intent to Sell, subject to a reasonable extension of days to account for any approval period resulting from a mandate or requirement of any state or local law or regulation, including but not limited to public hearing and notification requirements under the Ralph M. Brown Act and Irvine Municipal Code (the "Exercise of Option Period"). The option set forth in this Section 15.9 shall remain open and available to City for the Exercise of Option Period, and in the event City fails to exercise its option within said period, then: (i) Declarant shall be free to accept an offer to sell the Interest on the terms and conditions set forth in the Offer at any time within ninety (90) days after the expiration of the Exercise of Option Period; and (ii) City shall, upon request, deliver to Declarant an acknowledgement of City's failure or decision not to exercise the option and Declarant's right to sell the Interest pursuant to this Section 15.9.

15.10 Execution in Counterparts. This Agreement may be executed in two or more counterparts, each of which when so executed and delivered shall be deemed an original and all of which, when taken together, shall constitute one and the same instrument.

3. Term. The covenants set forth in this Agreement shall remain in effect for a period of fifty-five (55) years commencing on the date that all Residential Units in the Project have received all required occupancy permits from the City ("Affordability Term").

4. Use; Affordability Covenants. Declarant hereby covenants and agrees that the Site shall be managed and operated in accordance with the provisions set forth in this Section 4.

4.1 General. Declarant shall devote the Site for use as an affordable residential rental complex with the Residential Units to be rented to and occupied or held available for occupancy only by Eligible Tenants at Affordable Rent in compliance with the Unit Mix. Declarant shall not permit the Residential Units to be utilized on a transient basis, or as a hotel, motel, dormitory, fraternity house, sorority house, rooming house, nursing home, hospital, sanitarium, trailer court or park, day care facilities, or non-residential uses. Notwithstanding any other provision set forth in this Agreement to the contrary, Declarant may set aside one Residential Unit as an on-site manager's unit that may but need not be subject to the affordability covenants set forth in this Agreement.

4.2. Occupancy by Eligible Tenants. The lease for each Residential Unit shall provide that it is to be used as the principal residence of the Residential Unit's Eligible Tenant and for no other purpose. The lease shall further provide that an Eligible Tenant shall not lease or sublease its Residential Unit or its right of occupancy. Declarant shall institute a program to ensure that the Residential Units remain occupied by the Eligible Tenants.

4.3 Occupancy Limits. The number of persons permitted to occupy each Residential Unit shall not exceed the occupancy permitted pursuant to the general requirements of the United States Department of Housing and Urban Development, which as of the date of this Agreement is two persons per bedroom, plus one person (e.g., for a two bedroom unit the maximum number of persons residing in the unit can be five persons). 4.4 Determination of Eligible Tenant Status. Immediately prior to an Eligible Tenant's occupancy of a Residential Unit, Declarant shall obtain an Income Computation and Certification Form in a form approved by City (which may be the form used in connection with the regulatory agreement for multi-family housing revenue bonds or low income housing tax credits, the form attached to this Agreement as Exhibit "B", or other form approved by the Contract Officer) from each such Eligible Tenant dated immediately prior to the date of initial occupancy of the Residential Unit by such Eligible Tenant. In addition, Declarant shall provide such further information as may be reasonably required by City for purposes of verifying a tenant's status as an Eligible Tenant, provided the same is reasonably available to Declarant without unreasonable expense in connection with obtaining the same. Declarant shall use good faith efforts to verify that the income provided by an applicant is accurate by taking the following steps as a part of the verification process: (a) obtain three (3) pay stubs for the most recent pay periods; (b) obtain a written verification of income and employment from the applicant's current employer; (c) obtain an income verification form from the Social Security Administration, California Department of Social Services, and/or California Employment Development Department if the applicant receives assistance from any of said agencies; (d) if an applicant is unemployed or did not file a tax return for the previous calendar year, obtain other evidence and/or verification of such applicant's total income received during the calendar year from any source, taxable or nontaxable, or such other information as is satisfactory to the City.

Declarant shall maintain in its records each Income Computation and Certification Form obtained pursuant to this Section and Section 4.5 for a minimum period of five (5) years.

4.5 Recertification. Within sixty (60) days prior to the first anniversary date of the occupancy of a Residential Unit by an Eligible Tenant, and on each anniversary date thereafter, Declarant shall recertify the income of such Eligible Tenant by obtaining a completed Income Computation and Certification Form based upon the current income of each occupant of the Residential Unit. In the event the recertification demonstrates that such household's income exceeds one hundred forty percent (140%) of the income at which such household originally qualified, such household will no longer qualify as an Eligible Tenant at that original income level. If the occupant's income falls within one of the other income categories of Eligible Tenants, the rent shall be increased to the Affordable Rent applicable to the new income category, provided a Residential Unit reserved for the new income category exists and is permitted pursuant to Declarant's agreement with any third party as may be in effect as described in the definition of "Unit Mix" set forth in Section 1 of this Agreement. To the extent permitted by applicable law, including the requirements of Section 42 of the United States Internal Revenue Code, if the income exceeds the income permitted for Eligible Tenant status, the occupants' lease shall not be renewed and said occupants shall be required to vacate the unit within one hundred eighty (180) days after the recertification. Otherwise, the next available unit will be leased to an Eligible Tenant at an income level that will cause the Project to be in compliance with the Unit Mix as quickly as possible.

4.6 Leasing Residential Units. The Residential Units shall be available for rental on a continuous basis and Declarant shall not give preference to any particular class or group in renting Residential Units, except to the extent that the Residential Units are required to be rented to Eligible Tenants and except as provided in the next sentence. Declarant shall give priority in renting Residential Units to Eligible Tenants who constitute displaced persons entitled to a preference pursuant to California Health and Safety Code Section 33411.3 or successor statute. Declarant shall maintain a list of persons who have applied for a Residential Unit and, subject to the priority to be given to displaced persons as set forth above, should multiple tenants be equally eligible (as to income, credit history, and other nondiscriminatory criteria) and qualified to rent a Residential Unit, Declarant shall rent available Residential Units to Eligible Tenants on a first qualified (with reasonable efforts made to qualify applicants in the order that the applications are received), first offered basis, or pursuant to a lottery system. Declarant shall use commercially reasonable efforts to lease Residential Units that become available as quickly as possible. Declarant shall market the Residential Units to the citizens of the City of Irvine on a nonexclusive basis.

4.7 Rental Agreement. The form of the lease agreement between Declarant and each of the Eligible Tenants shall be reasonably approved by City prior to the rental or leasing of any of the Residential Units. Once approved, no material changes shall be made to the form of the lease agreement without City's prior written reasonable approval. The lease agreement shall obligate the Eligible Tenants to comply with the provisions set forth in Section 4 of this Agreement and an Eligible Tenant who violates such requirements shall be in default under the rental agreement. Not by way of the foregoing, each lease agreement with an Eligible Tenant shall include a provision to the effect that the Declarant has relied on the information provided by the Eligible Tenant on the Income Computation and Certification Form and all other

supporting information supplied by the Eligible Tenant in determining qualification for occupancy of the applicable Residential Unit, and that any material misstatement in such certification (whether or not intentional) will be cause for immediate termination of such lease agreement. In addition, each lease agreement shall contain a provision that failure to cooperate with the annual recertification process may disqualify the Eligible Tenant as such and will be will be cause for immediate termination of such lease agreement.

5. **No Discrimination.** Declarant shall not discriminate against, or segregate, any person or group of persons on account of race, color, creed, national origin, ancestry, sex, marital status, or religion in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the Site, nor shall the Declarant for itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the Site.

6. **Maintenance of Property**. Declarant shall maintain or cause to be maintained the Site and all improvements on the Site in a good condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders, and regulations of all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction. City places prime importance on quality maintenance to protect its investment and to ensure that affordable housing projects within the City of Irvine are not allowed to deteriorate due to substandard maintenance. In addition, Declarant shall keep the Site free from all graffiti and any accumulation of debris or waste material. Declarant shall make all repairs and replacements necessary to keep the improvements in first class condition and repair and shall promptly eliminate all graffiti and replace dead and diseased plants and landscaping with comparable approved materials. In the event that Declarant breaches any of the covenants contained in this Section 6, and such default continues for a period of fifteen (15) days after written notice from a City or such longer period of time as is reasonably necessary to correct the condition (with respect to landscaping, graffiti, debris, waste material, and general maintenance) or thirty (30) days after written notice from City or such longer period of time as is reasonably necessary to correct the condition (with respect to building improvements), then City in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Site and perform or cause to be performed all such acts and work necessary to cure the default. Pursuant to such right of entry, City shall be permitted (but not required) to enter upon the Site and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Site, and to attach a lien on the Site, or to assess the Site, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by City and/or costs of such cure, including a ten percent (10%) administrative charge, which amount shall be promptly paid by Declarant to City upon demand.

7. **Management.**

7.1 **Property Manager**. Declarant shall manage or shall cause the rental Project on the Site to be managed in a prudent and business-like manner. In the event of "Gross Mismanagement" (as that term is defined below), City shall have the authority to require that such Gross Mismanagement cease immediately, and further to require the immediate replacement of the Property Manager, whether that Property Manager is Declarant or a third party. The replacement Property Manager shall be required to operate and maintain the Site in accordance with the terms of this Agreement. In the event of such a replacement, the costs to retain the replacement Property Manager shall be the responsibility of Declarant. City shall provide written notice to Declarant of the event(s) of Gross Mismanagement occurring and Declarant shall have thirty (30) days after receipt of such notice (or such longer period as is reasonably necessary to correct the condition) to cure, correct, or remedy the event(s) of Gross Mismanagement identified in City's notice and to notify City of the cure, correction, or remedy. For purposes of this Agreement the term "Gross Mismanagement" shall mean management of the Project in a manner which violates the terms of this Agreement to operate the Residential Units as an affordable housing project and shall include, but is not limited to, the following:

A copy of each paid-up policy evidencing such insurance (appropriately authenticated by the insurer) or a certificate of the insurer, certifying that such policy has been issued, providing the coverage required herein, and containing the provisions specified herein, shall be delivered to City on or prior to the completion of the Project, and thereafter, upon renewals, not less than thirty (30) days prior to the expiration of coverage. City may, at any time, and from time to time, inspect and/or copy any and all insurance policies required to be procured by Declarant hereunder. In no event shall the limits of any policy be considered as limiting the liability of Declarant hereunder. In addition to the requirements set forth in Section 12.1, each insurance policy required to be carried by Declarant pursuant to this Agreement:

i. shall be primary insurance and not contributory with any other insurance which City or its officers, officials, employees, volunteers, agents, or representatives may have;

ii. shall contain no special limitations on the scope of protection afforded to City or its officers, officials, employees, volunteers, agents, and representatives;

iii. shall be "per occurrence" rather than "claims made" insurance;

iv. shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability;

v. shall provide that the policy will not be cancelled by the insurer or Declarant unless there is a minimum of thirty (30) days (10 days for nonpayment of premium) prior written notice by certified mail, return receipt requested to City;

vi. shall be written by a California licensed insurer with a Best rating of not less than A:VII;

vii. shall be endorsed to state that any failure to comply with the reporting provisions of the policies shall not affect coverage provided to City and its officers, officials, employees, volunteers, agents, and representatives; and

viii. shall contain a waiver by the insurer of any right to subrogation against City, and its officers, officials, employees, volunteer and

agents, which arises or might arise by reason of any payment under such policy or policies or by reason of any act or omission of City or its officers, officials, members, employees, agents, or representatives.

13. Repair of Damage. If any improvements on the Site shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty, Declarant shall promptly proceed to obtain insurance proceeds and provided the insurance proceeds are sufficient to restore the Site and the insurance proceeds are made available therefor by the secured lenders, take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the improvements to substantially the same condition as the improvements are required to be maintained in pursuant to this Agreement, and Declarant shall complete the same as soon as possible thereafter so that the Project can continue to be operated and occupied as an affordable housing project in accordance with this Agreement. In no event shall the repair, replacement, or restoration period exceed two (2) years from the date of the destruction subject to events of force majeure unless City, in its sole and absolute discretion, approves a longer period of time.

14. Defaults and Remedies.

14.1 Defaults. Failure or delay by any Party to perform any term or provision of this Agreement which is not cured within thirty (30) days after receipt of notice from the other Party specifying the default (or such other period specifically provided herein) constitutes a default under this Agreement; provided, however, if such default is of the nature requiring more than thirty (30) days to cure, the defaulting Party shall avoid default hereunder by commencing to cure within such thirty (30) day period, and thereafter diligently pursuing such cure to completion within an additional sixty (60) days following the conclusion of such thirty (30) day period (for a total of ninety (90) days). Except as required to protect against further damages, the injured Party may not institute proceedings against the Party in default until the time for cure has expired. Failure or delay in giving such notice shall not constitute a waiver of any default, nor shall it change the time of default.

14.2 Institution of Legal Actions. In addition to any other rights or remedies, any Party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

14.3 Rights and Remedies are Cumulative. The rights and remedies of the Parties are cumulative, and the exercise by either Party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other Party.

15. Miscellaneous.

15.1 Entire Agreement, Waivers, and Amendments. This Agreement contains the entire agreement between the Parties relating to the subject matter hereof, and

supersedes all negotiations and previous agreements between the Parties with respect to all or part of the subject matter hereof, with the exception of the Loan Agreement and the agreements attached to the Loan Agreement. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the Party to be charged. A waiver of the breach of the covenants, conditions or obligations under this Agreement by either Party shall not be construed as a waiver of any succeeding breach of the same or other covenants, conditions or obligations of this Agreement. Any amendment or modification to this Agreement must be in writing and executed by the appropriate authorities of City and Declarant.

15.2 Attorneys' Fees and Costs. If either Party to this Agreement commences an action against the other Party to this Agreement arising out of or in connection with this Agreement, the prevailing Party shall be entitled to recover reasonable attorneys' fees, expert witness fees, costs of investigation, and costs of suit from the losing Party.

15.3 Prohibition Against Assignment and Transfer by Declarant. The qualifications and identity of Declarant and Jamboree are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Declarant and entered into this Agreement with Declarant. Accordingly, except as expressly set forth herein, Declarant shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Site or in the Project without the City's prior written approval. As used herein, the term "significant change in ownership" shall mean any change by virtue of which Jamboree does not continue to be a member of the general partner of Declarant.

Notwithstanding the foregoing paragraph, the following shall not require City approval for the purpose of this Section 15.3: (i) a transfer of Declarant's leasehold interest in the Site and the Project to Jamboree; (ii) a transfer of Jamboree's limited partnership interest in Declarant to TIC or other tax credit syndicator or investor, provided that Jamboree continues to manage the operation of the Project; (iii) a transfer of the limited partnership interest in Declarant from TIC or other tax credit syndicator or investor to Jamboree, or an affiliate of Jamboree, provided that Jamboree continues to manage the operation of the Project; or (iv) any Permitted Encumbrance (which is defined in the Loan Agreement and generally allows Declarant to mortgage or encumber its leasehold interest in the Site in order to finance the development and operation of the Project, provided that the cumulative amount of the loans encumbering the Site does not exceed: (A) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee; and (B) after the completion of construction of the Project, does not exceed ninety percent (90%) of the appraised value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to City). As used in the preceding sentence, the term "affiliate" shall mean an entity that directly or indirectly controls or is controlled by Jamboree.

Declarant shall deliver written notice to City requesting approval of any assignment or transfer requiring City approval hereunder. In considering whether it will grant approval to any assignment by Declarant of its interest in the Site and this Agreement or any portion thereof, City

shall consider factors such as the financial strength and capability of the proposed transferee to perform Declarant's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, development, and operation of similar projects.

No assignment, excluding assignments for Permitted Encumbrances, shall be effective as to City unless and until the proposed assignee and Declarant execute and deliver to City an assignment and assumption agreement in form reasonably satisfactory to the Contract Officer and the City Attorney.

15.4 Prohibition Against Assignment and Transfer by City. The City shall not voluntarily assign or transfer its interest in all or any part of this Agreement (which by definition includes all attachments hereto) without Declarant's prior written approval, which shall not be unreasonably withheld. Notwithstanding the foregoing sentence, the City may: (a) in its sole and absolute discretion assign or transfer all or any part of its interest in this Agreement without Declarant's approval to the Redevelopment Agency, or (b) with the approval of Declarant, which shall not be unreasonably withheld or delayed, assign or transfer all or any part of its interest in this Agreement to the community land trust ("CLT") duly created and existing pursuant to law for the benefit of creating and maintaining affordable housing within the City (the "Irvine CLT"). At the time of execution of this Agreement, the Irvine CLT has not been certified by the Internal Revenue Service as a charitable entity under Section 501(c)(3) of the Internal Revenue Code, but is anticipated to be certified soon after the execution of this Agreement, and Declarant hereby acknowledges and agrees that the provisions in this Section 15.4 shall be binding upon Declarant upon the certification of the Irvine CLT.

15.5 Interpretation; Governing Law. This Agreement shall be construed according to its fair meaning and as if prepared by both of the Parties hereto. This Agreement shall be interpreted in accordance with the internal laws of the State of California.

15.6 Severability. If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in this Agreement, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision(s) had never been contained herein.

15.7. Third Party Beneficiaries. The Redevelopment Agency is an intended third party beneficiary of this Agreement and shall have the right, but not the obligation, to enforce its terms. Except as provided in this Section 15.6, no person or entity other than City, Declarant, and Redevelopment Agency, and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

15.7 Notices. Formal notices, demands, and communications between City and Declarant shall be given either by (a) personal service, (b) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (c) mailing in the United States mail, certified mail, postage prepaid, return receipt requested, addressed to:

To City:	CITY OF IRVINE COMMUNITY DEVELOPMENT DEPARTMENT One Civic Center Plaza Irvine, CA 92623-9575 Attn: Grants Coordinator
With a copy to:	Rutan & Tucker, LLP 611 Anton Blvd. Suite 1400 Costa Mesa, CA 92626 Attn: Philip D. Kohn, Esq.
To Declarant:	JHC-WOODBURY, L.P. c/o JAMBOREE HOUSING CORPORATION 2081 Business Center Drive, Suite 110 Irvine, CA 92612 Attn: Laura Archuleta
With a copy to:	Rutan & Tucker, LLP 611 Anton Blvd. Suite 1400 Costa Mesa, CA 92626 Attn: Patrick D. McCalla, Esq.

Notices personally delivered or delivered by document delivery service shall be deemed effective upon receipt. Notices mailed shall be deemed effective on the second business day following deposit in the United States mail. Such written notices, demands, and communications shall be sent in the same manner to such other addresses as any Party may from time to time designate in writing.

15.8 Covenants Run with the Land. This Agreement is designed to create equitable servitudes and covenants running with the Site, in accordance with the provisions of Civil Code Section 1468. The covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein shall run with the Site and shall be binding upon all persons having any right, title or interest in the leasehold interest in the Site, or any part thereof, their heirs, successive owners and assigns; shall inure to the benefit of the City and its successors and assigns, shall be binding upon Declarant, and its successors and assigns; and may be enforced by City and its successors and assigns. Declarant hereby declares its understanding and intent that the burden of the covenants set forth herein touch and concern the land and that the Declarant's leasehold interest in the Site is rendered less valuable thereby. Declarant hereby further declares its understanding and intent that the benefit of such covenants touch and concern the land by enhancing and increasing the enjoyment and use of the Site by Eligible Tenants, and by furthering public purposes for City.

In amplification and not in restriction of the provisions hereinabove, it is intended and agreed that City is deemed a beneficiary of the agreements and covenants provided herein both for and in its own right and also for the purposes of protecting the interests of the community. All covenants without regard to technical classification or designation shall be

binding for the benefit of City and such covenants shall run in favor of City for the entire period during which such covenants shall be in force and effect, without regard to whether City is or remains an owner of any land or interest therein to which such covenants relate. However, all such covenants and restrictions shall be deemed to run in favor of all real property owned by the City which real property shall be deemed the benefited property of such covenants. Furthermore, all of the covenants, conditions, and restrictions contained herein shall also constitute easements in gross running in favor of the City. City shall have the right, in the event of any breach of any such agreement or covenant, to exercise all the rights and remedies, and to maintain any action at law or suit in equity or other proper proceedings to enforce the curing of such breach of agreement or covenant.

Furthermore, upon termination of Declarant's leasehold interest in the Site, except for a termination of the Ground Lease pursuant to Alteration, Damage, Destruction or Casualty of the Site, or pursuant to Eminent Domain, the covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein shall not terminate, shall continue to run with the land, shall be binding upon the Site for the remainder of the Affordability Term as defined in Section 3 of this Agreement, and shall inure to the benefit of and be enforceable by the City and its successors and assigns. As evidenced by TIC's signature below, TIC hereby acknowledges, agrees and consents to the terms in this Section 15.8.

15.9 RIGHT OF REFUSAL TO PURCHASE DECLARANT'S INTEREST IN LAND. THIS SITE IS SUBJECT TO A RIGHT OF REFUSAL TO PURCHASE DECLARANT'S INTEREST FOR THE DURATION OF THIS REGULATORY AGREEMENT. As set forth in the Affordable Housing Agreement, in the event that: (i) Declarant desires to sell all or any part of its interest in the Site (including any and all improvements thereon) (the "Interest") to a third party other than Jamboree or an affiliate of Jamboree (as defined in Section 15.3 of this Agreement), and (ii) Declarant has complied with any and all approvals as required by TIC pursuant to the Ground Lease prior to the sale of said Interest, and (iii) Declarant has received an acceptable bona fide offer to purchase said Interest ("Offer"), then Declarant shall give written notice to City of Declarant's intent to sell said Interest (the "Notice of Intent to Sell"), together with an executed copy of the Offer setting forth all of the terms of the proposed purchase and identifying the prospective purchaser. City (or its permitted successor or assign) shall then have an option to purchase said Interest on the same terms and conditions as set forth in the Offer; provided, however, that if the terms and conditions of the Offer provide for an exchange of property or other non-cash item as payment for all or any portion of the purchase price, City shall have the further option of paying Declarant in cash or cash equivalent at closing the full amount of the purchase price of the Interest notwithstanding any non-cash terms set forth in the Offer. Declarant hereby agrees to be bound by the preemptive rights herein and shall sell to City the Interest notwithstanding any terms to the contrary set forth in the Offer so long as the City's exercise of its option produces the economic equivalent of the Offer. If City elects to exercise its option, City shall deliver to Declarant its written "Notice of Exercise of Option" of such election within thirty (30) days after receipt of the Notice of Intent to Sell, subject to a reasonable extension of days to account for any approval period resulting from a mandate or requirement of any state or local law or regulation, including but not limited to public hearing and notification requirements under the Ralph M. Brown Act and Irvine Municipal Code (the "Exercise of Option Period"). The option set forth in this Section 15.9 shall remain open and available to City for the Exercise of Option Period, and in the

event City fails to exercise its option within said period, then: (i) Declarant shall be free to accept an offer to sell the Interest on the terms and conditions set forth in the Offer at any time within ninety (90) days after the expiration of the Exercise of Option Period; and (ii) City shall, upon request, deliver to Declarant an acknowledgement of City's failure or decision not to exercise the option and Declarant's right to sell the Interest pursuant to this Section 15.9.

15.10 Execution in Counterparts. This Agreement may be executed in two or more counterparts, each of which when so executed and delivered shall be deemed an original and all of which, when taken together, shall constitute one and the same instrument.

[signatures on next page]

IN WITNESS WHEREOF, City and Declarant have caused this instrument to be executed on their behalf by their respective officers or agents herein duly authorized as of the date set forth above.

OPTION TO LEASE

[Attached]

OPTION TO LEASE
(Lot 7 of TTM 16755)

This Option to Lease (this ***"Agreement"***) is entered into as of February 24, 2006 (the ***"Effective Date"***), by and between THE IRVINE COMPANY LLC, a Delaware limited liability company (***"TIC"***), and JAMBOREE HOUSING CORPORATION, a California nonprofit public benefit corporation (***"Jamboree"***). TIC and JAMBOREE are sometimes referred to collectively herein as the ***"Parties."***

RECITALS

A. TIC is the owner of undeveloped real property consisting of approximately 5 acres located in the City of Irvine, County of Orange, State of California, more particularly described in ***Exhibit "1"*** attached hereto (the ***"Property"***). The Property lies primarily within Lot 7 of Tentative Tract Map 16755 (***"Lot 7"***) but the lot lines of Lot 7 do not currently match the boundaries of the Property. TIC is in the process of obtaining a lot line adjustment of Lot 7 intended to result in the Property being composed exclusively of the entirety of Lot 7 and that is estimated to result in the lot line for Lot 7 being approximately 592' West of Sand Canyon, excluding the area to the West of Regal at the entrance of the Property (the ***"Lot Line Adjustment"***).

B. JAMBOREE desires to acquire an option to lease the Property, and upon exercise of such option, develop the Property with approximately one hundred twenty (120) units of rental housing (the ***"Development"***) in accordance with the terms of the ***"Lease"*** (defined below). As used herein, the term ***"Lease"*** means a long term ground lease for the Development substantially in the form of TIC's standard form of ground lease for affordable housing projects incorporating the terms set forth in the Engagement Letter dated of even date herewith between JAMBOREE and TIC and such further modification as may be approved by the TIC Board of Directors. JAMBOREE intends to form a limited partnership (***"Partnership"***) to lease and develop the Property in accordance with the terms of the Lease. JAMBOREE will be the general partner of the Partnership.

NOW, THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES CONTAINED IN THIS AGREEMENT, THE PARTIES AGREE AS FOLLOWS:

AGREEMENT

Section 1. Grant of Option; Lease Form.

a. Option. TIC grants to JAMBOREE the option (the ***"Option"***) to lease the Property on the terms and conditions set forth in this Agreement. JAMBOREE will use its best efforts to (a) pursue and obtain as soon as possible all permits, approvals, financing, entitlements and other matters necessary or desirable for the Partnership to enter into the Lease and to develop and operate the Property in accordance with the terms of the Lease, including, without limitation, obtaining an allocation of tax credits for the Property for the Development (b) prepare and submit to TIC as soon as possible (but in no event later than JAMBOREE's delivery

prepare and submit to TIC as soon as possible (but in no event later than JAMBOREE's delivery of the Option Notice (defined below)) budgets required under terms of the Lease and all construction documents for the Development (i.e., all plans and specifications necessary to complete construction of the Development). Promptly upon exercise of the Option (and in no event later than thirty (30) days following exercise of the Option) (the "***Lease Drafting Date***"), TIC and JAMBOREE will enter into the Lease only if TIC shall have obtained the approval of the Lease by the TIC Board of Directors, which approval may be granted or withheld in the sole and absolute discretion of TIC's Board of Directors notwithstanding anything in this Agreement to the contrary. If the Lease is not executed prior to the Lease Drafting Date, this Agreement and the Option shall automatically terminate, without the need of any further notice and neither party shall have any further rights or obligations hereunder.

Section 2. Term of Option.

a. Term. The term of the Option shall be for a period commencing on the Effective Date and ending on the earlier of: (i) termination pursuant to Section 1.a, or (2) 5:00 p.m. (California time) on August 15, 2007 (the "***Term***"). The parties are free to execute an amendment to this Agreement to extend the Term but neither party is under any obligation to do so.

b. Exercise of Option. Provided that JAMBOREE is not in breach of this Agreement and provided TIC first completes the Lot Line Adjustment, it being the express understanding of the parties that the Lot Line Adjustment shall be subject to TIC's approval in TIC's sole and absolute discretion, JAMBOREE may exercise the Option at any time during the Term by delivering to TIC the "***Option Notice***" (defined below), "***Option Notice***" shall mean JAMBOREE's written notice to TIC of JAMBOREE's election to exercise the Option accompanied by the following: (i) a statement signed by the "***Approved Officer(s)***" (defined below) of JAMBOREE certifying that JAMBOREE has obtained one or more commitments for construction financing for the Development from one or more of the lenders in accordance with the terms set forth in the Lease, together with a copy of the commitment letter(s), and that JAMBOREE anticipates that the construction loan(s) will close within thirty-five (35) days after the date of the Option Notice; (ii) a statement signed by the Approved Officer(s) of JAMBOREE certifying that JAMBOREE anticipates commencing construction of the Development within ninety (90) days after the date of the Option Notice; and (iii) a statement signed by the Approved Officer(s) of JAMBOREE certifying that the Partnership has been formed, together with a copy of the filed LP-1. As used herein, "***Approved Officer(s)***" means any one officer of JAMBOREE duly authorized, acting alone, to execute and deliver this Agreement, the foregoing certificates and the Lease pursuant to a resolution adopted by the board of directors of JAMBOREE, a copy of which, certified as true and correct by a secretary or assistant secretary of JAMBOREE, is delivered to TIC prior to JAMBOREE's exercise of the Option. Absent such a resolution, "***Approved Officer(s)***" means (A) the president or a vice president of JAMBOREE and (B) the secretary, an assistant secretary or the chief financial officer of JAMBOREE. Within ten (10) days after JAMBOREE validly exercises the Option as provided above, TIC and the Partnership will execute the Lease.

c. Expiration. The Option shall expire at 5:00 p.m. (California time) on the last day of the Term. If the expiration date of the Term falls on a Saturday, Sunday or other

day on which banks are not generally open in the State of California, then the expiration date shall be extended to the next following business day. JAMBOREE shall sign and deliver to TIC a fully executed and acknowledged quitclaim deed or such other document as may be required by TIC to evidence the termination of the Option, which quitclaim deed or other instrument shall be held by TIC and recorded upon the termination or expiration of the Option. TIC shall return the quitclaim deed to JAMBOREE upon execution and delivery of the Lease.

d. As Is. JAMBOREE agrees and acknowledges that TIC has made no representations or warranties of any kind whatsoever in connection with the Property or in respect to the condition of the Property. JAMBOREE agrees and acknowledges that the Partnership will be leasing the Property "AS IS," and that JAMBOREE and the Partnership shall be relying solely on their own inspections and investigations regarding the Property, the condition of the Property, and all other matters related thereto. Prior to exercising the Option, JAMBOREE and the Partnership shall have each obtained the advice of such independent professional consultants as they deem necessary in connection with its investigation and study of the Property, and will, to the extent they deem necessary, independently investigate the condition of the Property, including, without limitation, the soils, hydrology, seismology, and archaeology thereof, the laws relating to the construction, maintenance, use and operation of the Development, and all environmental, zoning and other land use entitlement requirements and procedures, height restrictions, floor area coverage limitations and similar matters.

Section 3. Option Consideration.

The Option is granted in consideration of JAMBOREE's payment to TIC of the sum of One Hundred Dollars ($100). JAMBOREE shall pay such amount to TIC upon the execution of this Agreement, and TIC shall retain such amount whether or not the Option is exercised and, if exercised, such amount shall not be applied to any amount due to TIC under the Lease.

Section 4. Right of Entry on the Property.

Provided that JAMBOREE has executed TIC's standard form Entry Permit (***"Entry Permit"***), and subject to the terms thereof during the Term, at JAMBOREE's sole cost and expense, JAMBOREE and its designated agents, employees, contractors and representatives shall have the right during the Term to enter on the Property at all reasonable times and from time to time, for the purpose of conducting (at JAMBOREE's sole costs and expense) customary soils and engineering tests and to inspect and survey the Property in accordance with and subject to the terms of the Entry Permit.

Section 5. TIC's Cooperation in Seeking Permits, Approvals and Tax Credits.

a. Permits and Approvals. During the Term and so long as JAMBOREE is not in breach of this Agreement, JAMBOREE may meet with all city, county, district and other governmental entities (***"Governmental Agencies"***) to discuss JAMBOREE's proposed Development, may obtain all project approvals that JAMBOREE may deem necessary or advisable in connection therewith. JAMBOREE shall not submit any plans, proposals, applications, questionnaires, requests for approval or responses (***"Application Documents"***) concerning the Development to any Governmental Agencies without obtaining TIC's prior written

approval of all development proposals for the Property contained in the Application Documents. No approval by TIC under this Section 5.a shall relieve JAMBOREE of its obligations to obtain approvals of plans respecting the Development under the Lease (if executed). Provided TIC does not incur any liabilities or out-of-pocket costs (expressly excluding attorneys' fees) exceeding FIVE THOUSAND DOLLARS ($5,000) in the aggregate and without binding the Property prior to the execution and delivery of the Lease in any way, TIC agrees to cooperate with JAMBOREE with respect to Application Documents and execute any and all documents or join in any applications that may be required to obtain all such project approvals in connection with the Development.

b. Tax Credits; Tax-Exempt Financing. TIC acknowledges that JAMBOREE desires (i) to have the Partnership develop the Property as a low-income housing project and to receive tax credits (***"Tax Credits"***) pursuant to the provisions of Section 42 of the Internal Revenue Code of 1986, as amended (the ***"Code"***), (ii) to have the California Tax Credit Allocation Committee allocate tax credits to the Partnership, and/or (iii) to obtain tax-exempt financing for the Development. Provided JAMBOREE is not in breach of this Agreement, TIC shall cooperate with JAMBOREE (at no cost or liability to TIC) in connection with applications prepared by JAMBOREE for such tax credit allocations. JAMBOREE hereby agrees that it shall not offer to sell or syndicate the Tax Credits to anyone other than TIC, provided that TIC and JAMBOREE can agree to mutually acceptable terms and conditions for such purchase or syndication, and in the event TIC and JAMBOREE are unable to agree to such terms and conditions, then JAMBOREE may offer or syndicate the Tax Credits to a third party.

c. Default and Termination. In the event of (i) breach or violation by JAMBOREE of any provision of this Agreement which is not cured within twenty (20) days after written notice thereof from TIC or (ii) any breach or violation by JAMBOREE of any provision of any Entry Permit executed by JAMBOREE which is not cured within twenty (20) days after written notice thereof from TIC (or, if such breach or violation is curable but cannot be cured within twenty (20) days, JAMBOREE fails to cure such breach or violation within such time period as may be reasonably necessary to cure same, not to exceed sixty (60) days after written notice of such breach or violation), then in addition to any other rights or remedies it may have at law or in equity, TIC may terminate this Agreement and said Entry Permit and thereafter TIC shall have no further liability or responsibility hereunder or thereunder.

Section 6. Notices.

All notices or other communications made pursuant to this Agreement shall be in writing and shall be served to the parties at the following addresses (i) mailed by certified mail, postage prepaid, return receipt requested; (ii) sent by express delivery service, charges prepaid with a delivery receipt; (iii) personally delivered with a delivery receipt; or (iv) delivered via facsimile with a follow-up notice as provided below:

Section 7. Assignment of Option.

JAMBOREE may assign its rights and obligations under this Agreement to the Partnership. Any assignment of this Agreement by JAMBOREE to a person or entity other than the Partnership shall require the prior written consent of TIC in its sole discretion. Without limiting the foregoing, JAMBOREE acknowledges and agrees that TIC may condition its consent to any assignment of this Agreement to any person or entity other than the Partnership on, among other things, JAMBOREE's agreeing to execute and deliver to TIC a guaranty of Tenant's obligations under the Lease in form and substance satisfactory to TIC. To: Douglas Williford, Director of Community Development

From: Mark Asturias, Housing and Redevelopment Manager

Re: Request for Signature – Allonge to Note and Estoppel Certificates for the Arbor at Woodbury Affordable Housing Project

---

Please sign the attached Allonge to Note and Estoppel Certificates for the Arbor at Woodbury, an affordable housing project built by Jamboree Housing Corporation (Jamboree). These documents are required to allow the conversion of construction financing to permanent financing to repay the City's loans totaling $575,000.

The City of Irvine provided this project with a Community Development Block Grant loan in the amount of $300,000. This loan agreement was approved by the City Council on April 12, 2005. The City also provided a HOME Investment Partnership program loan in the amount of $275,000. This loan agreement was approved by the City Council on June 23, 2009. The CDBG Note was subsequently changed to reflect modifications to cash flow requirements. The modification was to be memorialized with the attached Allonge to Note prior to execution of the estoppel and Jamboree has executed this document.

The Estoppel Certificates are requested by the project's senior lender, Union Bank. They are requesting one estoppel for each of the City's loans to ensure that Jamboree is in good standing with the City on both loans. Jamboree is in compliance with all terms of their loans with the City and has indicated their intent to prepay both loans immediately after the project's conversion to permanent financing.

The attached documents have been reviewed by the City Attorney's office and approved for execution. The City Attorney has also confirmed that per Section 6.6 of the loan agreement the Director of Community Development is the authorized City representative able to execute the documents. When executed, the City Clerk must also attest the Allonge to Note. Jamboree is proposing to close escrow next week and has requested an expedited processing of these documents. As noted, they intend to fully repay the City at close and expedited processing will permit repayment of the loan by June 21, 2010. Upon execution, please return the documents to Tamara Campbell for further processing. Thank you.

FIRST AMENDMENT TO AFFORDABLE HOUSING AND LOAN AGREEMENT

This FIRST AMENDMENT TO AFFORDABLE HOUSING AND LOAN AGREEMENT ("Amendment") is entered into on August 10, 2009, by and between the CITY OF IRVINE, a California municipal corporation ("City"), and JHC-WOODBURY, L.P., a California limited partnership ("Participant").

RECITALS

A. On or about June 23, 2009, City and Participant entered into that certain Affordable Housing and Loan Agreement ("Original Agreement") relating to City's provision of a loan to Participant for the development of an affordable residential rental project on that certain real property located in the City of Irvine, County of Orange, State of California, more particularly therein as the "Site."

B. The parties desire to enter into this Amendment to reduce the amount of the City Loan from $415,277 to $275,000 and to make certain other changes to the Original Agreement requested by the other lenders for the Project.

AGREEMENT

Based upon the foregoing Recitals and for good and valuable consideration, the receipt and sufficiency of which is acknowledged by both parties, City and Participant hereby agree as follows:

1. Defined Terms. Any capitalized terms contained in this Amendment which are not defined herein shall have the meaning given in the Original Agreement, unless expressly provided to the contrary.

2. Loan Amount. The parties have agreed to reduce the City Loan amount from $415,277 to $275,000. Accordingly, all references in the Original Agreement to the amount of the City Loan, including without limitation the references in the recitals, the definition of the term City Loan in Section 1, and Section 2.1 of the Original Agreement, are hereby modified to read $275,000.

3. Eligible Loan Expenses. As a result of the change to the City Loan amount, the Eligible Loan Expenses in the Project Budget have been modified. Accordingly, the Project Budget attached to the Original Agreement as Attachment No. 3 is hereby replaced with Attachment No. 3 (revised) attached to this Amendment.

4. Acceleration of City Loan. City agrees that a transfer of the Site permitted to be made under the Original Agreement or the Regulatory Agreement without City approval will not trigger City's right to accelerate payment of the City Loan provided an assignment and assumption agreement in a form approved by City is executed as required by the Original Agreement and Regulatory Agreement. In order to effectuate this modification, the parenthetical in clause (a) of the fourth sentence of Section 2.5 of the Original Agreement is hereby amended to read as follows: "(excluding the lease of the units on the Site in accordance with this Agreement and the Regulatory Agreement, the lien of the Permitted Encumbrances, a transfer

that is permitted under this Agreement or the Regulatory Agreement without City approval provided an assignment and assumption agreement in a form approved by City is executed, and any other assignment, transfer, or encumbrance that is approved in writing by City's Contract Officer) . . . . "

5. Agreement as Encumbrance on Site. The first paragraph of Section 8.14 of the Original Agreement is hereby revised to read as follows: "This Agreement, through the recordation of the Memorandum, shall constitute an encumbrance on the Site until the earlier of the following ("Completion Date"): (a) the date that all units in the Project have received all required occupancy permits and City has verified that all improvements required to be constructed in connection with the Project have been completed, (b) the termination of the Lease, or (c) the foreclosure of a senior lien encumbering Participant's leasehold interest in the Site. Accordingly, the provisions of the following indented paragraph shall be applicable only until the Completion Date." The removal of the Original Agreement and this Amendment from title through a foreclosure or otherwise will not terminate or otherwise affect the separate affordability requirements imposed on the use of the Site under City's land use controls and the entitlements for the Site.

6. Modifications to Note, Deed of Trust, and Regulatory Agreement. The lenders for the Project have requested certain changes be made to the City Note, the Leasehold Deed of Trust and the Amendment to Regulatory Agreement, as reflected on the mark-up of said documents attached hereto, respectively, as Attachment No. 5 (revised), Attachment No. 6 (revised), and Attachment No. 7 (revised). In connection therewith, the form of the City Note attached to the Original Agreement as Attachment No. 5 is hereby replaced with Attachment No. 5 (revised), the form of the Leasehold Deed of Trust attached to the Original Agreement as Attachment No. 6 is hereby replaced with Attachment No. 6 (revised), and the form of the Amendment to Regulatory Agreement attached to the Original Agreement as Attachment No. 7 is hereby replaced with Attachment No. 7 (revised). Prior to executing the City Note, the Leasehold Deed of Trust and the Amendment to Regulatory Agreement, the form of each such document shall be modified so that the changes are not reflected in a mark-up format.

7. Full Force and Effect; Conflicts. Except as expressly set forth in this Amendment, all terms, conditions, and provisions of the Original Agreement shall remain in full force and effect. If there is a conflict between the provisions of this Amendment and the provisions of the Original Agreement, the provisions of this Amendment shall control.

8. Execution in Counterparts. This Amendment may be executed in several counterparts, and all so executed shall constitute one agreement binding on both parties hereto, notwithstanding that both parties are not signatories to the original or the same counterpart.

12. No Waiver by City. No waiver of any breach, default, or failure of condition under the terms of this Note or the Leasehold Deed of Trust or the obligations secured thereby

shall be implied from any failure of City to take, or any delay be implied from any failure by City in taking, action with respect to such breach, default, or failure from any prior waiver of any similar or unrelated breach, default, or failure.

4. Assignment of Rents and Performance of Leases.

4.1 Assignment of Rents and Leases. Subject to the rights of each mortgagee or beneficiary of any mortgage, deed of trust, or other security instrument authorized to have priority over this Leasehold Deed of Trust, Trustor hereby irrevocably, absolutely and unconditionally assigns and transfers to Beneficiary all of Trustor's right, title and interest in and to the Leases and the Rents; provided, however, that so long as no default has occurred and is continuing, Trustor shall have the right under a license granted hereby to collect and receive all Rents as trustee for the benefit of Beneficiary and to apply the amounts so collected first to the payment of costs and expenses associated with the ownership, maintenance, operation and leasing of the Site, including, principal, interest and all other amounts required to be paid under the Loan Documents, before using or applying such Rents for any other purpose. No Rents or such other income shall be distributed or paid to Trustor, unless such costs and expenses which are then due have been paid in full. Thereafter, so long as no Event of Default has occurred and is continuing, the balance may be distributed to Trustor. If an Event of Default has occurred and is continuing, Trustor's right to collect and receive the Rents under the license granted hereby shall cease and the license shall be revoked automatically, and Beneficiary shall have the sole right, with or without taking possession of the Site, to collect all Rents; provided, however, if such Event of Default is cured, then such license shall be automatically reinstated. This is an absolute assignment and not an assignment for security only. For purposes of this Section 4.1, the term "Event of Default" shall mean (a) the failure of Trustor to timely pay, within ten (10) days of its due date, any payment due under the City Note, or (b) the failure of Trustor to promptly and completely observe or perform any term, condition, covenant, agreement or obligation contained in any of the Loan Documents or any other instrument or agreement secured hereby, and the continuation of such failure following the expiration of any applicable notice, cure or grace period, if any, provided for therein or herein; provided, however, that in the event no cure or grace period is otherwise provided for herein or therein, such failure shall not be an Event of Default hereunder if Trustor observes or performs such term, condition, covenant, agreement or obligation within thirty (30) days of receipt of written notice from Beneficiary of Trustor's failure to observe or perform any such term, condition, covenant, agreement or obligation or, if not reasonably susceptible of cure within thirty (30) days, then provided the cure is commenced in thirty (30) days and diligently and continuously prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days).

4.2 Covenants Regarding Leases. Trustor shall not, without the prior written consent of Beneficiary, (a) collect any rent from any lessee for a period of more than one (1) month in advance, or (b) except as may be expressly permitted under the Loan Agreement, execute any further assignment of any of its right, title and interest in the Leases and the Rents. Trustor shall (a) observe, perform and discharge each and every obligation, term, covenant, condition and agreement of Trustor under the Leases in all material respects, (b) enforce the performance of each and every obligation, term, covenant, condition and agreement in the Leases

to be performed by any lessee or guarantor thereof in all material respects, (c) use good faith commercially reasonable efforts to keep the Site leased at a good and sufficient rental and on such other terms and conditions as are reasonably acceptable to Beneficiary, (d) execute and deliver to Beneficiary upon demand, at any time and from time to time, any and all assignments and other instruments which Beneficiary may deem reasonably advisable to carry out the true purposes and intent of the assignment set forth in Section 4.1 above, and (e) at the written request of Beneficiary, cause any or all tenants under a lease or sublease to execute a subordination, nondisturbance and attornment agreement and estoppel certificate in form and substance reasonably satisfactory to Beneficiary.

5. Default. Trustor shall be deemed in default of this Leasehold Deed of Trust in the event Trustor fails to perform any obligation hereunder and such default is not cured within thirty (30) days after Trustor's receipt of written notice from Beneficiary specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Trustor's receipt of the notice of default and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days).

In addition to Trustor's cure rights, Union Bank of California, N.A. shall have ten (10) days after receipt of a default notice from Beneficiary to cure a monetary default of this Leasehold Deed of Trust and thirty (30) days after receipt of a default notice to cure any non-monetary default under this Leasehold Deed of Trust; provided, however if the non-monetary default is incapable of being cured within thirty (30) days, Union Bank of California, N.A. shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default and is diligently proceeding to cure such default through the end of such period. Beneficiary shall accept any cure made by Union Bank of California, N.A. as if made by Trustor.

6. Nonrecourse Obligation. Trustor shall not have any personal liability under any of the other Loan Documents to pay the City Loan or any other indebtedness secured by this Leasehold Deed of Trust, and any judgment, decree or order for the payment of money obtained in any action to enforce the obligation of Trustor to pay the City Loan or other indebtedness secured by this Leasehold Deed of Trust shall be enforceable against Trustor only to the extent of Trustor's interest in the Site.

7. Subordination. Beneficiary agrees that it in the event Trustor enters into other financing arrangements to be secured by the Site, Beneficiary shall subordinate this Leasehold Deed of Trust to the lien of any and all such other financing on a form that is mutually acceptable to Beneficiary, in its reasonable discretion, and all other applicable lenders, provided the proceeds of the financing are used for the benefit of the Site (i.e., construction or permanent financing for Site improvements).

8. Repair of Damage. Notwithstanding anything herein to the contrary, Beneficiary shall permit insurance and condemnation proceeds to be used to rebuild the Project provided that (i) sufficient funds are provided from other sources to effectively rebuild the Project to a lawfully authorized multifamily housing complex, and (ii) subject to the rights of senior lenders,

Beneficiary shall hold all such proceeds and disburse them based on the progress of construction, subject to such additional reasonable conditions as Beneficiary may impose.

9. Permitted Encumbrances. Trustor may mortgage or encumber its leasehold interest in the Site in order to finance the development and operation of the Project, provided that the cumulative amount of the loans encumbering the Site does not exceed: (i) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee; and (ii) after the completion of construction of the Project, ninety percent (90%) of the appraised value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to Beneficiary ("Permitted Encumbrances"). A Permitted Encumbrance recorded after any security interest recorded by Beneficiary, including this Leasehold Deed of Trust (and any amendments thereto), shall be subordinate to the Beneficiary's security interest unless Beneficiary consents in writing to the priority of the Permitted Encumbrance, which consent shall not be unreasonably withheld or denied in the event the Permitted Encumbrance will be in the form of either a construction or permanent loan, or both, underwritten by a reputable financial institution(s) or governmental entity(ies) that has a prior, known history of financing affordable housing projects similar to the Project.

10. Incorporation of Fictitious Leasehold Deed of Trust. To protect the security of this Leasehold Deed of Trust, and with respect to the Site above described, Trustor expressly makes each and all of the agreements, and adopts and agrees to perform and be bound by each and all of the terms and provisions set forth in subdivision A, and it is mutually agreed that each and all of the terms and provisions set forth in subdivision B, of the fictitious deed of trust recorded in the Orange County Recorder's Office on August 17, 1964, and in all other counties on August 18, 1964, in the book and at the page of Official Records in the office of the county recorder of the county where said property is located, noted below opposite the name of such county, namely:

A. To protect the security of this Deed of Trust, Trustor agrees:

1) To keep said property in good condition and repair, not to remove or demolish any building thereon; to complete or restore promptly and in a good and workmanlike manner any building which may be constructed, damaged or destroyed thereon and to pay when due all claims for labor performed and materials furnished therefor, to comply with all laws affecting said property or requiring any alterations or improvements to be made thereon; not to commit or permit waste thereof; not to commit, suffer or permit any act upon said property in violation of law; to cultivate, irrigate, fertilize, fumigate, prune and do all other acts which from the character or use of said property may be reasonably necessary, the specific enumerations herein not excluding the general.

2) To provide, maintain and deliver to Beneficiary fire insurance satisfactory to and with loss payable to Beneficiary. The amount collected under any fire or other insurance policy may be applied by Beneficiary upon any indebtedness secured hereby and in such order as Beneficiary may determine, or at the option of Beneficiary the entire amount so collected or any part thereof may be released to Trustor. Such application or release shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

3) To appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; and to pay all costs and expenses, including cost of evidence of title and attorney's fees in a reasonable sum, in any such action or proceeding in which Beneficiary or Trustee may appear, and in any suit brought by Beneficiary to foreclose this Deed.

4) To pay: at least ten (10) days before delinquency all taxes and assessments affecting said property, including assessments on appurtenant water stock; when due, all encumbrances, charges and liens, with interest, on said property or any part thereof, which appear to be prior or superior hereto; all costs, fees and expenses of this Trust.

Should Trustor fail to make any payment or to do any act as herein provided, then Beneficiary of Trustee, but without obligation so to do and without notice to or demand upon Trustor and without releasing Trustor from any obligation hereof, may: make or do the same is such manner and to such extent as either may deem necessary to protect the security hereof, Beneficiary or Trustee being authorized to enter upon said property for such purposes; appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; pay, purchase, contest or compromise any encumbrance, charge or lien which in the judgment of either appears to be prior or superior hereto; and, in exercising any such powers, pay necessary expenses, employ counsel and pay his reasonable fees.

5) To pay immediately and without demand all sums so expended by Beneficiary or Trustee, with interest from the date of expenditure at the amount allowed by law in effect at the date hereof, and to pay for any statement provided for by law in effect at the date hereof regarding the obligation secured hereby any amount demanded by the Beneficiary not to exceed the maximum allowed by law at the time when said statement is demanded.

B. It is mutually agreed:

1) That any award in connection with any condemnation for public use of or injury to said property or any part thereof is hereby assigned and shall be paid to Beneficiary who may apply or release such moneys received by him in the same manner and with the same effect as above provided for disposition of proceeds of fire or other insurance.

2) That by accepting payment of any sum secured hereby after its due date, Beneficiary does not waive his right either to require prompt payment when due of all other sums so secured or to declare default for failure so to pay.

3) That at any time or from time to time, without liability therefor and without notice, upon written request of Beneficiary and presentation of this Deed and said note for endorsement, and without affecting the personal liability of any person for payment of the indebtedness secured hereby, Trustee may: reconvey any part of said property; consent to the making of any map or plat thereof; join in granting any easement thereon, or join in any extension agreement or any agreement subordinating the lien or charge hereof.

4) That upon written request of Beneficiary stating that all sums secured hereby have been paid, and upon surrender of this Deed and said note to Trustee for cancellation and retention or other disposition as Trustee in its sole discretion may choose and upon payment of its fees, Trustee shall reconvey, without warranty, the property then held hereunder. The recitals in such reconveyance of any matters or facts shall be conclusive proof of the truthfulness thereof. The Grantee in such reconveyance may be described as "the person or persons legally entitled thereto."

5) That as additional security, Trustor hereby gives to and confers upon Beneficiary the right, power and authority, during the continuance of these Trusts, to collect the rents, issues and profits of said property, reserving unto Trustor the right, prior to any default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, to collect and retain such rents, issues and profits as they become due and payable. Upon any such default, Beneficiary may at any time without notice, either in person, by agent, or be a receiver to be appointed by a court, and without regard to the adequacy of any security for the indebtedness hereby secured, enter upon and take possession of said property or any part thereof, in his own name sue for or otherwise collect such rents, issues, and profits, including those past due and unpaid, and apply the same, less costs and expenses of operation and collection, including reasonable attorney's fees, upon any indebtedness secured hereby, and in such order as Beneficiary may determine. The entering upon and taking possession of said property, the collecting of such rents, issues and profits and the application thereof as aforesaid, shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

6) That upon default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, Beneficiary may declare all sums secured hereby immediately due and payable by delivery to Trustee of written declaration of default and demand for sale and of written notice of default and of election to cause to be sold said property, which notice Trustee shall cause to be filed for record. Beneficiary also shall deposit with Trustee this Deed, said note and all documents evidencing expenditures secured hereby.

After the lapse of such time as may then be required by law following the recordation of said notice of default, and notice of sale having been given as then required by law, Trustee, without demand on Trustor, shall sell said property at the time and place fixed by it in said notice of sale, either as a whole or in separate parcels, and in such order as it may determine, at public auction to the highest bidder for cash in lawful money of the United States, payable at time of sale. Trustee may postpone sale of all or any portion of said property by public announcement at such time and place of sale, and from time to time thereafter may postpone such sale by public announcement at the time fixed by the preceding postponement. Trustee shall deliver to such purchaser its deed conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed of any matters or facts shall be conclusive proof of the truthfulness thereof. Any person, including Trustor, Trustee, or Beneficiary as hereinafter defined, may purchase at such sale.

After deducting all costs, fees and expenses of Trustee and of this Trust, including cost of evidence of title in connection with sale, Trustee shall apply the proceeds of sale to payment of: all sums expended under the terms hereof, not then repaid, with accrued interest at the amount allowed by law in effect at the date hereof; all other sums then secured hereby; and the remainder, if any, to the person or persons legally entitled thereto.

7) Beneficiary, or any successor in ownership of any indebtedness secured hereby, may from time to time, by instrument in writing, substitute a successor or successors to any Trustee named herein or acting hereunder, which instrument, executed by the Beneficiary and duly acknowledged and recorded in the office of the recorder of the county or counties where said property is situated shall be conclusive proof of proper substitution of such successor Trustee or Trustees, who shall, without conveyance from the Trustee predecessor, succeed to all its title, estate, rights, powers and duties. Said instrument must contain the name of the original Trustor, Trustee and Beneficiary hereunder, the book and page where this Deed is recorded and the name and address of the new Trustee.

8) That this Deed applies to, inures to the benefit of, and binds all parties hereto, their heirs, legatees, devisees, administrators, executors, successors and assigns. The term Beneficiary shall mean the owner and holder, including pledgees, of the note secured hereby, whether or not named as Beneficiary herein. In this Deed, whenever the context so requires, the masculine gender includes the feminine and/or neuter, and the singular number includes the plural.

9) That Trustee accepts this Trust when this Deed, duly executed and acknowledged, is made a public record as provided by law. Trustee is not obligated to notify any party hereto of pending sale under any other Deed of Trust or of any action or proceeding in which Trustor, Beneficiary or Trustee shall be a party unless brought by Trustee.

E. The HOME Requirements require that City place certain covenants and restrictions on Declarant's development and operation of the Site. The parties desire to amend the Original Regulatory Agreement to, among other things, include the HOME Requirements.

AGREEMENT

Based upon the foregoing Recitals and for good and valuable consideration, the receipt and sufficiency of which is acknowledged by both parties, Declarant and City hereby agree as follows:

1. Defaults. 3. Additional Sections. The following new Sections 16-18~~9~~ are hereby added to the Original Regulatory Agreement:

"16. HOME Requirements.

16.1 HOME Term. The covenants set forth in this Section 16 shall be applicable until the date that is twenty (20) years after the date City issues the certificate of occupancy for the last unit in the Project ("HOME Term").

16.2 Compliance with HOME Requirements. Declarant shall operate the Project in accordance with, and shall comply with, all applicable HOME Requirements. Declarant, at its expense, shall submit to the appropriate entities any and all reports requested by City that are required to be submitted pursuant to the HOME

Requirements. In the case of any conflict between the HOME Requirements and this Agreement (including this Section 16), the HOME Requirements shall control; it being understood, however, that in order to be in compliance with this Agreement and the HOME Requirements, Declarant shall, to the extent possible, comply with the most restrictive provisions in this Agreement (including this Section 16) and the applicable HOME Requirements. As used herein, the term "HOME Requirements" shall mean the requirements of the HOME Investment Partnerships Act, as amended (42 U.S.C. § 12741, *et seq.*), and the implementing regulations (24 C.F.R. § 92, *et seq.*), including those summarized in Attachment No. 3 to the HOME Loan Agreement, which are incorporated herein by this reference.

16.3 Designation of HOME Units. The "HOME Units" are eleven (11) residential units on the Site that are to be rented to Eligible Tenants at affordable rent as set forth in Section 16.5. The HOME Units shall be comprised of 2 one-bedroom units, 5 two-bedroom units, and 4 three-bedroom units. In accordance with 24 C.F.R. § 92.252(j), the HOME Units shall be permitted to float among all residential units in the Project so long as the HOME Units are comprised of the bedroom mix set forth in the preceding sentence and each substituted HOME Unit is comparable in terms of size, features and amenities to the originally designated HOME Unit.

16.4 Eligible Tenants. The eleven HOME Units shall be occupied by households earning 50% or less of the Median Income, adjusted for family size.

16.5 Affordable Rent for HOME Units. Notwithstanding any other provision of this Agreement to the contrary, during the HOME Term, the rent for each HOME Unit shall not exceed the lesser of the amount set forth in the definition of "Affordable Rent" in Section 1 of this Agreement or the rent limits set forth in the HOME Requirements including 24 C.F.R. §92.252. The HOME Requirements establish maximum rent limits at the lesser of (i) the fair market rent for existing housing for comparable units in the area as established by HUD under 24 C.F.R. § 888.111, or (ii) a rent that does not exceed thirty percent (30%) of the adjusted income of a family whose annual income equals sixty-five percent (65%) of the median income for the area, as determined by HUD, with adjustments for the number of bedrooms in the unit.

In addition, as to the HOME Units to be occupied by Eligible Tenants earning fifty percent (50%) or less of Median Income, the rent may not exceed thirty percent (30%) of the annual income of a family whose income equals fifty percent (50%) of the Median Income, as determined by HUD, with adjustments for smaller and larger families. HUD provides the HOME rent limits which include average occupancy per unit and adjusted income assumptions. However, if the rent determined under this paragraph is higher than the applicable rent under the preceding paragraph, then the maximum rent for the HOME Units shall be that calculated under the preceding paragraph.

If the Eligible Tenant is paying utilities and services, the rent for the HOME Units may not exceed the maximum rent minus the monthly allowance established by City for utilities and services.

16.6 Lease. The form of the lease between Declarant and each of the Eligible Tenants for the HOME Units shall be approved by City prior to the rental or leasing of any of the HOME Units, which approval shall not be unreasonably withheld, conditioned or delayed so long as the lease is consistent with this Agreement and the HOME Requirements. Once approved, no changes shall be made to the form of the lease without City's prior written approval, which approval shall not be unreasonably withheld, conditioned or delayed so long as the lease is consistent with this Agreement and the HOME Requirements. The lease between Declarant and the Eligible Tenants shall comply with 24 C.F.R. § 92.253 and may not contain any of the following provisions: (i) an agreement by the tenant to be sued, to admit guilt, or to a judgment in favor of Declarant in a lawsuit brought in connection with the lease; (ii) an agreement by the tenant that Declarant may seize or sell personal property of household members without notice to the tenant and a court decision on the rights of the parties (this provision does not apply to disposition of personal property of a tenant who has vacated his/her unit); (iii) an agreement by the tenant not to hold Declarant or Declarant's agents legally responsible for any action or failure to act, whether intentional or negligent; (iv) an agreement of the tenant that Declarant may institute a lawsuit without notice to the tenant; (v) an agreement by the tenant that Declarant may evict the tenant or household members without instituting a civil court proceeding in which the tenant has the opportunity to present a defense, or before a court decision on the rights of the parties; (vi) an agreement by the tenant to waive any right to a trial by jury; (vii) an agreement by the tenant to waive the tenant's right to appeal or to otherwise challenge in court a court decision in connection with the lease; and (viii) an agreement by the tenant to pay attorneys' fees or other legal costs even if the tenant wins in a court proceeding by Declarant against the tenant (the tenant may, however be obligated to pay costs if the tenant loses).

16.7 Monitoring. City shall monitor and evaluate Declarant's performance under this Agreement to determine compliance with this Agreement and the HOME Requirements. Declarant shall reasonably cooperate with City and shall make available to City all information, documents, and records reasonably requested by City and shall provide City the reasonable right of access to the Site and the affordable units during normal business hours for the purpose of assuring compliance with this Agreement and evaluating Declarant's performance hereunder.

16.8 Records to be Maintained. Declarant shall keep and maintain records providing a full description of the activities undertaken pursuant to this Agreement demonstrating that the activities meet the HOME Requirements, and such other records as may be reasonably required by City to enable City to evaluate Declarant's compliance with the HOME Requirements and to enable City to comply with City's recordkeeping and reporting requirements under the HOME Requirements. The books and records required to be maintained by Declarant shall be kept at a location in Orange County, California. City and HUD and/or their representatives shall have full and free access to, and the right to examine, inspect, and audit, all books and records of Declarant pertaining to this Agreement at all times during normal business hours upon 48 hours prior written notice to Declarant.

16.9 Audits. Declarant shall perform all audits of its books and records required by HUD or the HOME Requirements or reasonably required by City and a copy of such audits shall be forwarded to the City within thirty (30) days after completion. Declarant shall be subject to all audit and review requirements imposed on City in connection with this Agreement and shall, at its sole cost and expense, cause such audits and reviews to be timely performed.

~~17. Right of Refusal to Purchase Declarant's Interest. In the event that: (a) Declarant desires to sell all or any part of its interest in the Site (including any and all improvements thereon) (the "Interest") to a third party other than Jamboree or an entity that directly or indirectly controls or is controlled by Jamboree, and (b) Declarant has complied with any and all approvals as required by TIC pursuant to the Lease prior to the sale of said Interest, and (c) Declarant has received an acceptable bona fide offer to purchase said Interest ("Offer"), then Declarant shall give written notice to City of Declarant's intent to sell said Interest (the "Notice of Intent to Sell"), together with an executed copy of the Offer setting forth all of the terms of the proposed purchase and identifying the prospective purchaser. City (or its permitted successor or assign) shall then have an option to purchase said Interest on the same terms and conditions as set forth in the Offer; provided, however, that if the terms and conditions of the Offer provide for an exchange of property or other non-cash item as payment for all or any portion of the purchase price, City shall have the further option of paying Declarant in cash or cash equivalent at closing the full amount of the purchase price of the Interest notwithstanding any non-cash terms set forth in the Offer. Declarant hereby agrees to be bound by the preemptive rights herein and shall sell to City the Interest notwithstanding any terms to the contrary set forth in the Offer so long as the City's exercise of its option produces the economic equivalent of the Offer. If City elects to exercise its option, City shall deliver to Declarant its written "Notice of Exercise of Option" of such election within thirty (30) days after receipt of the Notice of Intent to Sell, subject to a reasonable extension of days to account for any approval period resulting from a mandate or requirement of any state or local law or regulation, including but not limited to public hearing and notification requirements under the Ralph M. Brown Act and Irvine Municipal Code (the "Exercise of Option Period"). The option set forth in this Section 17 shall remain open and available to City for the Exercise of Option Period, and in the event City fails to exercise its option within said period, then: (a) Declarant shall be free to accept an offer to sell the Interest on the terms and conditions set forth in the Offer at any time within ninety (90) days after the expiration of the Exercise of Option Period; and (b) City shall, upon request, deliver to Declarant an acknowledgement of City's failure or decision not to exercise the option and Declarant's right to sell the Interest pursuant to this Section 17. At the request of Declarant, the document referred to in clause (b) of the preceding sentence shall be in recordable form.~~

178. Affordability Requirements Under Land Use Restrictions. Declarant acknowledges that the Site is subject to, and that it will comply with, the affordability requirements imposed under City's zoning laws, regulations and ordinances, including without limitation Planning Commission Resolution 07-2854, which are in addition to the affordability covenants imposed under this Agreement.

19~~8~~. Declarant Ground Lease. Declarant represents and warrants that Declarant's performance under this Agreement will not cause Declarant to be in default of the Ground Lease, and the development, use and operation of the Site under this Agreement is consistent with the use of the Site permitted under the terms of the Ground Lease. Declarant shall comply with each and every condition, responsibility, and obligation it may have pursuant to the Ground Lease in order not to cause a default thereunder. Declarant shall not amend or modify the Ground Lease in any respect inconsistent with this Agreement or in any respect that affects the rights of City as a leasehold mortgagee, without the prior written consent of City, which consent City may withhold in its reasonable discretion."

4. Full Force and Effect; Conflicts. Except as expressly set forth in this Amendment, all terms, conditions, and provisions of the Original Regulatory Agreement shall remain in full force and effect. If there is a conflict between the provisions of this Amendment and the provisions of the Original Regulatory Agreement, the provisions of this Amendment shall control.

5. Execution and Counterparts. This Amendment may be executed in several counterparts, and all so executed shall constitute one agreement binding on both parties hereto, notwithstanding that both parties are not signatories to the original or the same counterpart.

[signatures on next page]

IN WITNESS WHEREOF, City and Declarant have entered into this Amendment as of the date set forth above.

4. Debt Service. City acknowledges and agrees that in no event will the annual debt service obligations due by Borrower to City with respect to the City CDBG Loan exceed 25% of Tenant's Cash Flow (as defined in the Ground Lease) nor will the annual debt service obligations due by Borrower to City with respect to the City HOME Loan exceed 25% of Tenant's Cash Flow, unless TIC and City agree in writing to an increase in the percentage of Tenant's Cash Flow that will service Borrower's annual debt service obligations to City. Provided the debt service obligations on the City CDBG Loan and the City HOME Loan are satisfied in full, City consents to all rent payments made in accordance with the Ground Lease and all debt service to TIC in accordance with the TIC Loan Documents.

5. Ground Lease Provisions. TIC acknowledges and agrees that all reference in the Ground Lease and the TIC Loan Documents to the "City Financing" shall be deemed to refer to the City CDBG Loan and the City HOME Loan, individually or collectively, except for references in Section 12.02 of the TIC Loan Agreement and Section 40 of the TIC Deed of Trust, which references will continue to refer to the City CDBG Loan only.. Further, the City HOME Loan shall constitute an "Approved Mortgage" under the Ground Lease.

6. Affordable Rents. For the 2009 calendar year, the maximum rents permitted to be charged with respect to the HOME Units pursuant to Section 16.5 of the Regulatory Agreement and Declaration of Covenants and Restrictions ("Regulatory Agreement"), as amended by the First Amendment to Regulatory Agreement and Declaration of Covenants and Restrictions ("First Amendment"), and the maximum Affordable Rent as defined in Section 1 of the Regulatory Agreement are set forth on Exhibit "B" attached hereto.

7. Notice of Defaults. TIC and City must deliver to each other a copy of any notice given or received by it with respect to either of the TIC Loan or City HOME Loan. City agrees that TIC is entitled to cure any default with respect to the City HOME Loan Documents, and TIC agrees that City is entitled to cure any default with respect to the TIC Loan Documents, and any such cure will be accepted or rejected on the same terms as are available to Borrower. All notices given under this Agreement must be in writing and will be served effectively upon delivery, or if mailed, upon the first to occur of receipt or the expiration of forty-eight (48) hours after deposit in certified United States mail, postage prepaid, sent to the party at its address appearing below its signature. Those addresses may be changed by any party by notice to all other parties. Provided the provisions of this Agreement are complied with, nothing herein may be construed

as limiting exercise by City and TIC of any remedies to which they may be entitled pursuant to the TIC Loan Documents and the City HOME Loan Documents or otherwise provided by law.

8. Third Party Consents. The Borrower shall be responsible for obtaining any and all necessary consents or approvals from its other lenders, investors and other third parties to permit the Borrower to obtain the City HOME Loan and covenants to indemnify TIC and hold it harmless from any claims, losses or damages resulting from Borrower's failure to obtain such consents or approvals.

9. Attorneys' Fees. In the event of any litigation regarding this Agreement, the losing party shall pay to the prevailing party its costs of litigation including reasonable attorneys' fees.

10. Miscellaneous. All exhibits described in this Agreement are incorporated by this reference. Whenever the context requires, all words used in the singular will be construed to have been used in the plural, and vice versa, and each gender will include any other gender. The captions of the sections of this Agreement are for convenience only and do not define or limit any terms or provisions. The word "include(s)" means "include(s), without limitation," and the word "including" means "including, but not limited to." This Agreement and any attached consents or exhibits requiring signatures may be executed in counterparts, and all counterparts constitute but one and the same document. This Agreement does not amend, limit or replace that certain Intercreditor Agreement dated as of October 2, 2008 by and among the parties hereto (the "Prior Intercreditor Agreement"), except to the extent the provisions of Section 4 hereof conflict with the provision of Section 3 of the Prior Intercreditor Agreement.

SUBORDINATION AGREEMENT

NOTICE: THIS SUBORDINATION AGREEMENT RESULTS IN THE ESTATES IN THE PROPERTY BECOMING SUBJECT TO AND OF LOWER PRIORITY THAN THE LIEN OF SOME OTHER OR LATER SECURITY INSTRUMENT.

THIS SUBORDINATION AGREEMENT ("**Agreement**") is made as of August 19, 2009 by and between JHC-WOODBURY, L.P., a California limited partnership ("**Owner**"), the CITY OF IRVINE, a public body, corporate and politic, duly organized and validly existing under the laws of the State of California, ("**Junior Lienholder**") in favor of the U.S. BANK NATIONAL ASSOCIATION, a national banking association ("**Senior Lienholder**").

RECITALS

A. Pursuant to that certain ground lease ("**Ground Lease**") dated as of October 7, 2008, between The Irvine Company, as ground lessor, and Owner, as ground lessee, ground lessor leased to Owner that certain real estate more particularly described on Exhibit "A" ("**Land**"). Owner's leasehold estate in the Land, together with all other right, title and interest of Owner in the Land, whether now owned or hereafter acquired, together with all improvement now or hereafter existing on the Land, and together with all personal property now or hereafter encumbered by the "**Senior Deed of Trust**" (as defined below), is collectively referred to herein as the "**Property**". A short form of the Ground Lease has been recorded in the Official Records of Orange County, California ("**Official Records**") on October 7, 2008 as Instrument No. 2008000467745.

B. The documents listed on Exhibit "B" shall be referred to collectively as the "**Junior Obligation Documents**".

C. As used herein, the term "**Junior Obligations**" means any and all indebtedness, claims, debts, liabilities or other obligations from Owner to Junior Lienholder under the Junior Obligation Documents, together with all costs and expenses, including attorneys' fees, of collection thereof, whether the same accrues or is incurred before or after the commencement of any bankruptcy case by or against Owner.

D. Senior Lienholder has made a loan to Owner up to the maximum sum of Fourteen Million Seven Hundred Fifty Thousand and No/100ths Dollars ($14,750,000.00) ("**Senior Loan**"), which loan is evidenced by (i) a Loan Agreement ("**Senior Loan Agreement**") dated as

of October 1, 2008 by and among Owner, Senior Lienholder, (ii) a promissory note ("**Senior Note A**") dated as of October 1, 2008 made by Owner in favor of Senior Lienholder in the maximum aggregate principal amount of $3,072,082, (iii) a promissory note ("**Senior Note B**; together with Senior Note A, the "**Senior Note**") dated as of October 1, 2008 made by Owner in favor of Senior Lienholder in the maximum aggregate principal amount of $11,677,918. The Senior Note is secured in part by a Deed of Trust, Assignment of Leases and Rents and Security Agreement ("**Senior Deed of Trust**") dated as of even date herewith made by Owner, as trustor, for the benefit of Senior Lienholder, which was recorded in the Official Records on October 7, 2008 as Instrument No.2008000467746.

E. The Senior Loan Agreement, Senior Note and Senior Deed of Trust collectively shall be referred to as the "**Senior Loan Documents.**"

F. As used herein, the term "**Senior Lienholder Indebtedness**" means any and all indebtedness, claims, debts, liabilities or other obligations from Owner to Senior Lienholder under the Senior Loan Documents, together with all interest accruing thereon and all costs and expenses, including attorneys' fees, of collection thereof, whether the same accrues or is incurred before or after the commencement of any bankruptcy case by or against Owner.

G. Pursuant to the Senior Deed of Trust and the other Senior Loan Documents, Owner is not entitled to further encumber the Property without the prior written consent of Senior Lienholder, which consent may be withheld in Senior Lienholder's sole discretion.

H. It is a condition precedent to Senior Lienholder's entry into the Senior Loan Agreement that the Senior Deed of Trust in favor of Senior Lienholder shall be and remain at all times a lien or charge upon the Property, prior and superior to the lien or charge of the Junior Deed of Trust and the other Junior Obligation Documents.

I. Senior Lienholder is willing to enter into the Senior Loan Agreement, provided that (1) the Senior Deed of Trust securing the Senior Note is a lien or charge upon the Property prior and superior to the lien or charge of the Junior Deed of Trust and Junior Obligation Documents, and (2) Junior Lienholder will specifically subordinate the lien or charge of the Junior Deed of Trust and Junior Obligation Documents to the lien or charge of the Senior Deed of Trust in favor of Senior Lienholder.

J. Junior Lienholder is willing to allow, subject to the terms and conditions of this Agreement, the Senior Deed of Trust securing the Senior Loan to constitute a lien or charge upon the Property which is prior and superior to the lien or charge of the Junior Deed of Trust and Junior Obligation Documents.

AGREEMENT

NOW, THEREFORE, based on the foregoing Recitals, incorporated into this Agreement by this reference, and in consideration of the mutual benefits accruing to the parties hereto and other valuable consideration, the receipt and sufficiency of which consideration is hereby acknowledged, and in order to induce Senior Lienholder to execute and deliver the Senior Loan Agreement and the other Senior Loan Documents, and to induce Senior Lienholder to make the loan above referred to, it is hereby declared, understood, and agreed as follows:

1. Subordination of the Junior Deed of Trust. The Senior Deed of Trust in favor of Senior Lienholder, and all amendments, modifications, extensions and renewals thereof (including those which increase the loan amount or interest rate, extend the maturity date, eliminate any interest reserve requirements, or change any of the terms and conditions of the Senior Loan Documents), shall unconditionally be and remain at all times a lien or charge on the Property prior and superior to the lien or charge of the Junior Deed of Trust and the Junior Obligation Documents. Junior Lienholder intentionally and unconditionally subordinates the liens or charges of the Junior Deed of Trust and the Junior Obligation Documents in favor of the lien or charge upon said land of the Senior Deed of Trust in favor of Senior Lienholder, and understands that in reliance upon and in consideration of subordination, specific loans and advances are being and will be made and, as part and parcel thereof, specific monetary and other obligations are being and will be entered into which would not be made or entered into but for said reliance upon this subordination. Notwithstanding anything to the contrary contained elsewhere herein, Senior Lender acknowledges and agrees that the Property is subject to all City of Irvine zoning laws, rules, regulations and ordinances, including, but not limited to, City Of Irvine Planning Commission Resolution 07-2854 and that nothing contained herein shall be deemed an agreement by the City of Irvine to subordinate any such laws, rules, regulations or ordinances to the lien of the Senior Deed of Trust.

2. Only Agreement Regarding Subordination. Senior Lienholder would not enter into the Senior Loan Agreement or the other Senior Loan Documents without this Agreement. This Agreement shall be the whole and only agreement with regard to the subordination of the lien or charge of the Junior Deed of Trust and the Junior Obligation Documents to the lien or charge of the Senior Deed of Trust and shall supersede and cancel, but only insofar as would affect the priority between said deeds of trust, any prior agreements as to such subordination, including, but not limited to, those provisions, if any, contained in the Junior Deed of Trust or the Junior Obligation Documents which provide for the subordination of the lien or charge thereof to another deed or deeds of trust or to another mortgage or mortgages.

3. Loan Disbursements. In making disbursements pursuant to any of the Senior Loan Documents, Senior Lienholder is under no obligation or duty to, nor has Senior Lienholder represented that it will, see to the application of such proceeds by the person or persons to whom Senior Lienholder disburses such proceeds, and any application or use of such proceeds for purposes other than those provided for in such Senior Loan Document(s) shall not defeat the subordination herein made in whole or in part.

4. Junior Lienholder Consent. Junior Lienholder has received and reviewed (or was given an opportunity to receive and review, and declined such opportunity) the Senior Loan Documents.

5. Junior Lienholder Covenants. Junior Lienholder declares, agrees, and acknowledges that:

5.1 Subordination of Indebtedness. The payment of all Junior Obligations are hereby subordinated and subjected to any and all Senior Lienholder Indebtedness, as set forth herein.

5.2 Permitted Payments. Owner may make payments under the Junior Obligation Documents, if required, as long as at the time of such payment: (i) no default under the Senior Lienholder Indebtedness exists and (ii) Junior Lienholder has received notice of such default. Until the Junior Lienholder receives a notice of default on a Senior Loan Document from the Senior Lienholder, the Junior Lienholder shall be entitled to retain for its own account all payments made under or pursuant to the Junior Obligation Documents.

5.3 Payments After Default on Senior Lienholder Indebtedness. The Owner agrees that, after it receives notice (or otherwise acquires knowledge of) a default on any of the Senior Loan Documents, Owner will not make any payments under or pursuant to the Junior Obligation Documents (including but not limited to principal, interest, additional interest, late payment charges, default interest, attorneys' fees, or any other sums secured by the Junior Deed of Trust) without the Senior Lienholder's prior written consent. The Junior Lienholder agrees that, after it receives a notice of default from the Senior Lienholder with written instructions directing the Junior Lienholder not to accept payments from the Owner on account of the Junior Obligation, Junior Lienholder will not accept any payments under or pursuant to the Junior Obligation Documents (including but not limited to principal, interest, additional interest, late payment charges, default interest, attorneys' fees, or any other sums secured by the Junior Deed of Trust) without first obtaining the Senior Lienholder's prior written consent, which shall not be unreasonably withheld or delayed. If the Junior Lienholder receives written notice from the Owner or Senior Lienholder that the default on the Senior Loan Documents which gave rise to the Junior Lienholder's obligation not to accept payments has been cured, waived, or otherwise suspended by the Senior Lienholder, the restrictions on payment to the Junior Lienholder in this Section 5.3 shall terminate, and the Senior Lienholder shall have no right to any subsequent payments made to the Junior Lienholder by the Owner prior to the Junior Lienholder's receipt of a new notice of default from the Senior Lienholder in accordance with the provisions of this Section 5.3.

5.4 Remitting Junior Obligation Payments to Senior Lienholder. If, after the Junior Lienholder receives a notice of default from the Senior Lienholder in accordance with Section 5.3 above, the Junior Lienholder receives any payments under the Junior Obligation Documents, the Junior Lienholder agrees that such payment or other distribution will be received and held in trust for the Senior Lienholder and unless the Senior Lienholder otherwise notifies the Junior Lienholder in writing, will be promptly remitted, in kind to the Senior Lienholder, properly endorsed to the Senior Lienholder to be applied to the principal of, interest on and other amounts due under the Senior Loan Documents in accordance with the provisions of the Senior Loan Documents. By executing this Agreement, the Owner specifically authorizes the Junior Lienholder to endorse and remit any such payments to the Senior Lienholder, and specifically waives any and all rights to have such payments returned to the Owner or credited against the Junior Obligations. Owner and Senior Lienholder acknowledge and agree that payments received by the Junior Lienholder and remitted to the Senior Lienholder under this Section 5.4 shall not be applied or otherwise credited against the Junior Obligations, nor shall the tender of such payment to the Senior Lienholder waive any default under the

Junior Obligation Documents which may arise from the inability of the Junior Lienholder to retain such payment or apply such payment to the Junior Obligations.

5.5 Other Prohibited Actions. Except as otherwise expressly agreed to herein, Junior Lienholder agrees that it will not, without Senior Lienholder's prior written consent (which consent shall be unreasonably withheld or delayed): (i) except to the extent permitted above, collect, enforce or receive payment upon, by setoff or in any other manner, all or any portion of the Junior Obligations now or hereafter existing; (ii) sell, assign, transfer, pledge or give a security interest in the Junior Obligations (except subject expressly to this Agreement and except as authorized in the City Loan Agreement and City Regulatory Agreement to transfer or assign City's interest to the Irvine Redevelopment Agency and the Irvine Community Land Trust); (iii) foreclose upon any Junior Deed of Trust; (iv) commence foreclosure or similar action against Owner with respect to the Junior Obligations; or (v) join in any petition for bankruptcy, assignment for the benefit of creditors or creditor's agreement involving the assets of Owner.

5.6 Repayment of Senior Lienholder Indebtedness. This Agreement shall remain in full force and effect until all Senior Lienholder Indebtedness is fully repaid in accordance with its terms and all of the terms of this Agreement have been complied with.

6. Bankruptcy Provisions. To the extent any payment under any Senior Loan Document (whether by or on behalf of Owner, as proceeds of security or enforcement of any right of set-off, or otherwise) is declared to be fraudulent or preferential, set aside or required to be paid to a trustee, receiver or other similar party under the Bankruptcy Code or any federal or state bankruptcy, insolvency, receivership or similar law, then if such payment is recovered by, or paid over to, such trustee, receiver or other similar party, the Senior Lienholder Indebtedness or part thereof originally intended to be satisfied shall be deemed to be reinstated and outstanding as if such payment had not occurred.

7. Proceeds. In the event Senior Lienholder shall release, for the purposes of restoration of all or any part of the improvements now or hereafter located upon the Property ("**Improvements**"), its right, title and interest in and to the proceeds under policies of insurance thereon, and/or its right, title and interest in and to any awards, or its right, title and interest in and to other compensation made for any damages, losses or compensation for other rights by reason of a taking in eminent domain, Junior Lienholder shall simultaneously release (and hereby agrees that it shall be irrevocably and unconditionally deemed to have agreed to release) for such purpose all of Junior Lienholder's right, title and interest, if any, in and to all such insurance proceeds, awards or compensation. Junior Lienholder agrees that the balance of such proceeds remaining after such restoration, or all of such proceeds in the event Senior Lienholder elects, in accordance with California law, not to release any such proceeds for any such restoration, shall be applied to the payment of amounts due under the Senior Loan Documents until all such amounts have been paid in full, prior to being applied to the payment of any amounts due under the Junior Obligation Documents. If Senior Lienholder holds such proceeds, awards or compensation and/or monitors the disbursement thereof, Junior Lienholder agrees that Senior Lienholder shall also hold and monitor the disbursement of such proceeds, awards and compensation to which Junior Lienholder is or may be entitled. Nothing contained in this

Agreement shall be deemed to require Senior Lienholder, in any way whatsoever, to act for or on behalf of Junior Lienholder or to hold or monitor any proceeds, awards or compensation in trust for or on behalf of Junior Lienholder, and all or any of such sums so held or monitored may be commingled with any funds of Senior Lienholder.

8. Effect of Other Agreements. The relationship between Owner and Senior Lienholder under the Senior Loan Documents is, and shall at all times remain, solely that of borrower and lender. Based thereon, Junior Lienholder acknowledges and agrees that Senior Lienholder neither undertakes nor assumes any fiduciary responsibility or other responsibility or duty to Owner or Junior Lienholder to guarantee or assist in Owner's or Junior Lienholder's performance under any of the agreements between those parties and other third parties, including without limitation the Junior Obligation Documents, the Junior Note and the Junior Deed of Trust.

9. Counterparts. This Agreement may be executed in multiple counterparts and the signature page(s) and acknowledgment(s) assembled into one original document for recordation, and the validity hereof shall not be impaired by reason of such execution in multiple counterparts.

10. Governing Law. This Agreement is to be governed according to the laws of California.

11. Payment of Fees and Costs. In the event of action, suit, proceeding or arbitration to enforce any term of this Agreement, the prevailing party shall be entitled to recover from the non-prevailing party, as determined by the court or arbitrator, all of the prevailing party's reasonable costs and expenses, including without limitation attorneys' fees and expert witness fees, incurred by the prevailing party in connection therewith.

12. Acquisition of Lien(s) and/or Other Rights. If Junior Lienholder or any affiliate of Junior Lienholder shall acquire, by indemnification, subrogation or otherwise, any lien, estate, right or other interest in the Property, that lien, estate, right or other interest shall be subordinate to the Senior Deed of Trust and the other Senior Loan Documents as provided herein, and Junior Lienholder hereby waives, on behalf of itself and such affiliate, until all amounts owed under the Senior Loan Documents have been indefeasibly paid in full and all Senior Lienholder's obligations to make a loan under the Senior Loan Documents have terminated, the right to exercise any and all such rights it may acquire by indemnification, subrogation or otherwise.

13. Notices. Each notice, request, demand, consent, approval or other communication (hereinafter in this Section referred to collectively as "notices" and referred to singly as a "notice") which any party hereto is required or permitted to give to any other party pursuant to this Agreement shall be in writing and shall be deemed to have been duly and sufficiently given if: (a) personally delivered with proof of delivery thereof (any notice so delivered shall be deemed to have been received at the time so delivered); or (b) sent by Federal Express (or other similar national overnight courier) designating next morning delivery (any notice so delivered shall be deemed to have been received on the next business day following receipt by the courier); or (c) sent by United States registered or certified mail, return receipt requested, postage prepaid, at a post office regularly maintained by the United States Postal Service (any notice so sent shall

be deemed to have been received two (2) days after mailing in the United States), addressed to the respective parties as follows:

1. Grant In Trust. For the purposes and upon the terms and conditions in this Leasehold Deed of Trust, Trustor grants, transfers, and assigns to Trustee, in trust, with power of sale and right of entry and possession, the following property and any interest therein (collectively, the "Trust Estate"): (a) Trustor's leasehold interest in and to that certain real property in the City of Irvine, County of Orange, State of California, described as set forth in Exhibit "A" attached hereto and incorporated herein by reference, as provided by that certain Ground Lease dated October 7, 2008 ("Ground Lease"), by and between Trustor and The Irvine Company, LLC, a Delaware limited liability company ("TIC") ("Real Property"); (b) all buildings and other improvements and structures now or hereafter located on the Real Property (collectively, the "Improvements" and together with the Real Property shall sometimes be referred to as the "Site"); (c) all existing and future leases, subleases, subtenancies, licenses, agreements and concessions relating to the use, occupancy or enjoyment of all or any part of the Site, together with any and all guaranties and other agreements relating to or made in connection with any of the foregoing (individually, a "Lease", and collectively, the "Leases"); and (d) all rents, issues, income, revenues, royalties, profits, proceeds and earnings now or hereafter payable with respect to or otherwise derived from the ownership, use, management, operation, leasing or occupancy of the Site, including, without limitation, cash or security deposited under any of the leases to secure the performance by the lessees of their obligations thereunder (collectively, the "Rents").

2. **Obligations Secured**. Trustor makes this grant and assignment for the purpose of securing the following: (a) payment of the sum of Two Hundred Seventy-Five Dollars ($275,000), according to the terms of a promissory note dated on or about the date hereof made by Trustor, payable to order of Beneficiary, and extensions, modifications or renewals thereof ("City Note"); and (b) payment of additional sums and interest thereon which may hereafter be loaned to Trustor, or its successors or assigns, when evidenced by a promissory note or notes reciting that they are secured by this Leasehold Deed of Trust. This Leasehold Deed of Trust, the City Note, the Affordable Housing and Loan Agreement between Trustor and Beneficiary dated June 23, 2009, and the First Amendment to Affordable Housing and Loan Agreement dated August 10, 2009 (collectively, the "Loan Agreement"), and the Regulatory Agreement and Declaration of Covenants and Restrictions between Trustor and Beneficiary recorded against Participant's leasehold interest in the Site on October 7, 2008 as Instrument No. 2008000467747 in the Official Records of Orange County, California, and the Amendment to Regulatory Agreement and Declaration of Covenants and Restrictions between Trustor and Beneficiary recorded on or about the date hereof (collectively, the "Regulatory Agreement"), as such agreements may be amended from time to time, are collectively referred to herein as the "Loan Documents." 3. **Acceleration of Loan Upon Sale, Encumbrance, Refinance, or Default**. To the extent permitted by applicable law, if Trustor shall: (a) directly or indirectly, voluntarily or involuntarily, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of the Trust Estate (excluding the lease of the units on the Site in accordance with the Loan Agreement and Regulatory Agreement, the lien of the Permitted Encumbrances, a transfer that is permitted under the Loan Agreement or the Regulatory Agreement without Beneficiary approval provided an assignment and assumption agreement in a form approved by Beneficiary is executed, and any other assignment, transfer, or encumbrance approved in writing by City's Contract Officer); (b) unless otherwise approved in writing by City's Contract Officer, refinance any lien or encumbrance which has priority over the Leasehold Deed of Trust for a loan amount which when combined with all of the other security financing encumbering the Site exceeds: (i) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee; and (ii) after the completion of construction of the Project, does not exceed ninety percent (90%) of the appraised value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to City; (c) refinance any lien or encumbrance and use the proceeds for any purpose other than the construction and operation of the rental project on the Site; (d) default on any of its obligations set forth in the Loan Documents and fail to cure the default within the applicable cure period, or (e) if Trustor's Ground Lease for the Site terminates for any reason, Beneficiary, at its option, may declare the entire indebtedness evidenced hereby to be immediately due and payable and collectible then or thereafter as Beneficiary may elect, regardless of the date of maturity.

AN EVENT OF ACCELERATION OR PAYMENT UNDER THE CITY NOTE, WHETHER VOLUNTARY OR DUE TO AN EVENT OF ACCELERATION, SHALL NOT TERMINATE THE AFFORDABILITY RESTRICTIONS IN THE REGULATORY AGREEMENT.

4. Assignment of Rents and Performance of Leases.

4.1 Assignment of Rents and Leases. Subject to the rights of each mortgagee or beneficiary of any mortgage, deed of trust, or other security instrument authorized to have priority over this Leasehold Deed of Trust, Trustor hereby irrevocably, absolutely and unconditionally assigns and transfers to Beneficiary all of Trustor's right, title and interest in and to the Leases and the Rents; provided, however, that so long as no default has occurred and is continuing, Trustor shall have the right under a license granted hereby to collect and receive all Rents as trustee for the benefit of Beneficiary and to apply the amounts so collected first to the payment of costs and expenses associated with the ownership, maintenance, operation and leasing of the Site, including, principal, interest and all other amounts required to be paid under the Loan Documents, before using or applying such Rents for any other purpose. No Rents or such other income shall be distributed or paid to Trustor, unless such costs and expenses which are then due have been paid in full. Thereafter, so long as no Event of Default has occurred and is continuing, the balance may be distributed to Trustor. If an Event of Default has occurred and is continuing, Trustor's right to collect and receive the Rents under the license granted hereby shall cease and the license shall be revoked automatically, and Beneficiary shall have the sole right, with or without taking possession of the Site, to collect all Rents; provided, however, if such Event of Default is cured, then such license shall be automatically reinstated. This is an absolute assignment and not an assignment for security only. For purposes of this Section 4.1, the term "Event of Default" shall mean (a) the failure of Trustor to timely pay, within ten (10) days of its due date, any payment due under the City Note, or (b) the failure of Trustor to promptly and completely observe or perform any term, condition, covenant, agreement or obligation contained in any of the Loan Documents or any other instrument or agreement secured hereby, and the continuation of such failure following the expiration of any applicable notice, cure or grace period, if any, provided for therein or herein; provided, however, that in the event no cure or grace period is otherwise provided for herein or therein, such failure shall not be an Event of Default hereunder if Trustor observes or performs such term, condition, covenant, agreement or obligation within thirty (30) days of receipt of written notice from Beneficiary of Trustor's failure to observe or perform any such term, condition, covenant, agreement or obligation or, if not reasonably susceptible of cure within thirty (30) days, then provided the cure is commenced in thirty (30) days and diligently and continuously prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days).

4.2 Covenants Regarding Leases. Trustor shall not, without the prior written consent of Beneficiary, (a) collect any rent from any lessee for a period of more than one (1) month in advance, or (b) except as may be expressly permitted under the Loan Agreement, execute any further assignment of any of its right, title and interest in the Leases and the Rents. Trustor shall (a) observe, perform and discharge each and every obligation, term, covenant, condition and agreement of Trustor under the Leases in all material respects, (b) enforce the performance of each and every obligation, term, covenant, condition and agreement in the Leases

to be performed by any lessee or guarantor thereof in all material respects, (c) use good faith commercially reasonable efforts to keep the Site leased at a good and sufficient rental and on such other terms and conditions as are reasonably acceptable to Beneficiary, (d) execute and deliver to Beneficiary upon demand, at any time and from time to time, any and all assignments and other instruments which Beneficiary may deem reasonably advisable to carry out the true purposes and intent of the assignment set forth in Section 4.1 above, and (e) at the written request of Beneficiary, cause any or all tenants under a lease or sublease to execute a subordination, nondisturbance and attornment agreement and estoppel certificate in form and substance reasonably satisfactory to Beneficiary.

5. **Default**. Trustor shall be deemed in default of this Leasehold Deed of Trust in the event Trustor fails to perform any obligation hereunder and such default is not cured within thirty (30) days after Trustor's receipt of written notice from Beneficiary specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Trustor's receipt of the notice of default and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days).

In addition to Trustor's cure rights, Union Bank of California, N.A. shall have ten (10) days after receipt of a default notice from Beneficiary to cure a monetary default of this Leasehold Deed of Trust and thirty (30) days after receipt of a default notice to cure any non-monetary default under this Leasehold Deed of Trust; provided, however if the non-monetary default is incapable of being cured within thirty (30) days, Union Bank of California, N.A. shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default and is diligently proceeding to cure such default through the end of such period. Beneficiary shall accept any cure made by Union Bank of California, N.A. as if made by Trustor.

6. **Nonrecourse Obligation**. Trustor shall not have any personal liability under any of the other Loan Documents to pay the City Loan or any other indebtedness secured by this Leasehold Deed of Trust, and any judgment, decree or order for the payment of money obtained in any action to enforce the obligation of Trustor to pay the City Loan or other indebtedness secured by this Leasehold Deed of Trust shall be enforceable against Trustor only to the extent of Trustor's interest in the Site.

7. **Subordination.** Beneficiary agrees that it in the event Trustor enters into other financing arrangements to be secured by the Site, Beneficiary shall subordinate this Leasehold Deed of Trust to the lien of any and all such other financing on a form that is mutually acceptable to Beneficiary, in its reasonable discretion, and all other applicable lenders, provided the proceeds of the financing are used for the benefit of the Site (i.e., construction or permanent financing for Site improvements).

8. **Repair of Damage.** Notwithstanding anything herein to the contrary, Beneficiary shall permit insurance and condemnation proceeds to be used to rebuild the Project provided that (i) sufficient funds are provided from other sources to effectively rebuild the Project to a lawfully authorized multifamily housing complex, and (ii) subject to the rights of senior lenders,

Beneficiary shall hold all such proceeds and disburse them based on the progress of construction, subject to such additional reasonable conditions as Beneficiary may impose.

9. Permitted Encumbrances. Trustor may mortgage or encumber its leasehold interest in the Site in order to finance the development and operation of the Project, provided that the cumulative amount of the loans encumbering the Site does not exceed: (i) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee; and (ii) after the completion of construction of the Project, ninety percent (90%) of the appraised value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to Beneficiary ("Permitted Encumbrances"). A Permitted Encumbrance recorded after any security interest recorded by Beneficiary, including this Leasehold Deed of Trust (and any amendments thereto), shall be subordinate to the Beneficiary's security interest unless Beneficiary consents in writing to the priority of the Permitted Encumbrance, which consent shall not be unreasonably withheld or denied in the event the Permitted Encumbrance will be in the form of either a construction or permanent loan, or both, underwritten by a reputable financial institution(s) or governmental entity(ies) that has a prior, known history of financing affordable housing projects similar to the Project.

10. Incorporation of Fictitious Leasehold Deed of Trust. To protect the security of this Leasehold Deed of Trust, and with respect to the Site above described, Trustor expressly makes each and all of the agreements, and adopts and agrees to perform and be bound by each and all of the terms and provisions set forth in subdivision A, and it is mutually agreed that each and all of the terms and provisions set forth in subdivision B, of the fictitious deed of trust recorded in the Orange County Recorder's Office on August 17, 1964, and in all other counties on August 18, 1964, in the book and at the page of Official Records in the office of the county recorder of the county where said property is located, noted below opposite the name of such county, namely:

DO NOT RECORD

The following is a copy of Subdivisions A and B of the fictitious Deed of Trust recorded in each county in California as stated in the foregoing Deed of Trust and incorporated by reference in said Deed of Trust as being a part thereof as if set forth at length therein.

A. To protect the security of this Deed of Trust, Trustor agrees:

1) To keep said property in good condition and repair, not to remove or demolish any building thereon; to complete or restore promptly and in a good and workmanlike manner any building which may be constructed, damaged or destroyed thereon and to pay when due all claims for labor performed and materials furnished therefor, to comply with all laws affecting said property or requiring any alterations or improvements to be made thereon; not to commit or permit waste thereof; not to commit, suffer or permit any act upon said property in violation of law; to cultivate, irrigate, fertilize, fumigate, prune and do all other acts which from the character or use of said property may be reasonably necessary, the specific enumerations herein not excluding the general.

2) To provide, maintain and deliver to Beneficiary fire insurance satisfactory to and with loss payable to Beneficiary. The amount collected under any fire or other insurance policy may be applied by Beneficiary upon any indebtedness secured hereby and in such order as Beneficiary may determine, or at the option of Beneficiary the entire amount so collected or any part thereof may be released to Trustor. Such application or release shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

3) To appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; and to pay all costs and expenses, including cost of evidence of title and attorney's fees in a reasonable sum, in any such action or proceeding in which Beneficiary or Trustee may appear, and in any suit brought by Beneficiary to foreclose this Deed.

4) To pay: at least ten (10) days before delinquency all taxes and assessments affecting said property, including assessments on appurtenant water stock; when due, all encumbrances, charges and liens, with interest, on said property or any part thereof, which appear to be prior or superior hereto; all costs, fees and expenses of this Trust.

Should Trustor fail to make any payment or to do any act as herein provided, then Beneficiary of Trustee, but without obligation so to do and without notice to or demand upon Trustor and without releasing Trustor from any obligation hereof, may: make or do the same is such manner and to such extent as either may deem necessary to protect the security hereof, Beneficiary or Trustee being authorized to enter upon said property for such purposes; appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; pay, purchase, contest or compromise any encumbrance, charge or lien which in the judgment of either appears to be prior or superior hereto; and, in exercising any such powers, pay necessary expenses, employ counsel and pay his reasonable fees.

5) To pay immediately and without demand all sums so expended by Beneficiary or Trustee, with interest from the date of expenditure at the amount allowed by law in effect at the date hereof, and to pay for any statement provided for by law in effect at the date hereof regarding the obligation secured hereby any amount demanded by the Beneficiary not to exceed the maximum allowed by law at the time when said statement is demanded.

B. It is mutually agreed:

1) That any award in connection with any condemnation for public use of or injury to said property or any part thereof is hereby assigned and shall be paid to Beneficiary who may apply or release such moneys received by him in the same manner and with the same effect as above provided for disposition of proceeds of fire or other insurance.

2) That by accepting payment of any sum secured hereby after its due date, Beneficiary does not waive his right either to require prompt payment when due of all other sums so secured or to declare default for failure so to pay.

3) That at any time or from time to time, without liability therefor and without notice, upon written request of Beneficiary and presentation of this Deed and said note for endorsement, and without affecting the personal liability of any person for payment of the indebtedness secured hereby, Trustee may: reconvey any part of said property; consent to the making of any map or plat thereof; join in granting any easement thereon, or join in any extension agreement or any agreement subordinating the lien or charge hereof.

4) That upon written request of Beneficiary stating that all sums secured hereby have been paid, and upon surrender of this Deed and said note to Trustee for cancellation and retention or other disposition as Trustee in its sole discretion may choose and upon payment of its fees, Trustee shall reconvey, without warranty, the property then held hereunder. The recitals in such reconveyance of any matters or facts shall be conclusive proof of the truthfulness thereof. The Grantee in such reconveyance may be described as "the person or persons legally entitled thereto."

5) That as additional security, Trustor hereby gives to and confers upon Beneficiary the right, power and authority, during the continuance of these Trusts, to collect the rents, issues and profits of said property, reserving unto Trustor the right, prior to any default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, to collect and retain such rents, issues and profits as they become due and payable. Upon any such default, Beneficiary may at any time without notice, either in person, by agent, or be a receiver to be appointed by a court, and without regard to the adequacy of any security for the indebtedness hereby secured, enter upon and take possession of said property or any part thereof, in his own name sue for or otherwise collect such rents, issues, and profits, including those past due and unpaid, and apply the same, less costs and expenses of operation and collection, including reasonable attorney's fees, upon any indebtedness secured hereby, and in such order as Beneficiary may determine. The entering upon and taking possession of said property, the collecting of such rents, issues and profits and the application thereof as aforesaid, shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

6) That upon default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, Beneficiary may declare all sums secured hereby immediately due and payable by delivery to Trustee of written declaration of default and demand for sale and of written notice of default and of election to cause to be sold said property, which notice Trustee shall cause to be filed for record. Beneficiary also shall deposit with Trustee this Deed, said note and all documents evidencing expenditures secured hereby.

After the lapse of such time as may then be required by law following the recordation of said notice of default, and notice of sale having been given as then required by law, Trustee, without demand on Trustor, shall sell said property at the time and place fixed by it in said notice of sale, either as a whole or in separate parcels, and in such order as it may determine, at public auction to the highest bidder for cash in lawful money of the United States, payable at time of sale. Trustee may postpone sale of all or any portion of said property by public announcement at such time and place of sale, and from time to time thereafter may postpone such sale by public announcement at the time fixed by the preceding postponement. Trustee shall deliver to such purchaser its deed conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed of any matters or facts shall be conclusive proof of the truthfulness thereof. Any person, including Trustor, Trustee, or Beneficiary as hereinafter defined, may purchase at such sale.

FIRST AMENDMENT TO REGULATORY AGREEMENT AND DECLARATION OF COVENANTS AND RESTRICTIONS

This FIRST AMENDMENT TO REGULATORY AGREEMENT AND DECLARATION OF COVENANTS AND RESTRICTIONS ("Amendment") is entered into as of this 19 day of August, 2009, by and between the CITY OF IRVINE, a California municipal corporation ("City"), and JHC-WOODBURY, L.P., a California limited partnership ("Declarant").

RECITALS

A. Declarant is the owner of a leasehold interest in that certain real property located in the City of Irvine, County of Orange, State of California, legally described in the legal description attached hereto as Exhibit "A" ("Site").

B. City and Declarant are parties to that certain Regulatory Agreement and Declaration of Covenants and Restrictions recorded on October 7, 2008, as Instrument No. 2008000467747 in the Official Records of Orange County, California ("Original Regulatory Agreement") concerning the construction and operation of a 90 unit affordable rental housing project on the Site. All references herein to "this Agreement" shall refer to the Original Regulatory Agreement as amended by this Amendment.

C. City and Declarant are parties to that certain Affordable Housing and Loan Agreement dated June 23, 2009, and that certain First Amendment to Affordable Housing and Loan Agreement dated August 10, 2009 (collectively, the "HOME Loan Agreement") which provides for City to loan additional funds to Declarant for the development of the affordable housing project on the Site. The HOME Loan Agreement is incorporated herein by reference and is a public record available for inspection at City Hall, One Civic Center Plaza, Irvine, CA 92623-9575. Capitalized terms used herein and not otherwise defined shall have the same meaning as set forth in the HOME Loan Agreement and the Original Regulatory Agreement.

D. The sources of the funds loaned by City to Declarant under the HOME Loan Agreement are funds received by City from the United States Department of Housing and Urban Development ("HUD") under the HOME Investment Partnerships Act at Title II of the Cranston-Gonzalez National Affordable Housing Act, as amended (42 U.S.C. § 12741, *et seq.*), and the implementing regulations (24 C.F.R. § 92, *et seq.*) (collectively, the "HOME Requirements").

E. The HOME Requirements require that City place certain covenants and restrictions on Declarant's development and operation of the Site. The parties desire to amend the Original Regulatory Agreement to, among other things, include the HOME Requirements.

AGREEMENT

Based upon the foregoing Recitals and for good and valuable consideration, the receipt and sufficiency of which is acknowledged by both parties, Declarant and City hereby agree as follows:

1. Defaults. The following language is hereby added to Section 14.1 of the Original Regulatory Agreement: "In addition to Declarant's cure rights hereunder, Union Bank of California, N.A. shall have ten (10) days after receipt of a default notice from City to cure a monetary default of this Agreement and thirty (30) days after receipt of a default notice to cure any non-monetary default under this Agreement; provided, however if the non-monetary default is incapable of being cured within thirty (30) days, Union Bank of California, N.A. shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default and is diligently proceeding to cure such default through the end of such period. City shall accept any cure made by Union Bank of California, N.A. as if made by Declarant."

2. Notices. Section 15.7 of the Original Regulatory Agreement is hereby amended to provide that copies of notices to Declarant shall also be provided to Union Bank of California, N.A., at:

With a copy to: Union Bank of California, N.A.
200 Pringle Avenue, Suite 200
Walnut Creek, CA 94596
Attn: Asset Management

3. Additional Sections. The following new Sections 16-18 are hereby added to the Original Regulatory Agreement:

"16. HOME Requirements.

16.1 HOME Term. The covenants set forth in this Section 16 shall be applicable until the date that is twenty (20) years after the date City issues the certificate of occupancy for the last unit in the Project ("HOME Term").

16.2 Compliance with HOME Requirements. Declarant shall operate the Project in accordance with, and shall comply with, all applicable HOME Requirements. Declarant, at its expense, shall submit to the appropriate entities any and all reports requested by City that are required to be submitted pursuant to the HOME

Requirements. In the case of any conflict between the HOME Requirements and this Agreement (including this Section 16), the HOME Requirements shall control; it being understood, however, that in order to be in compliance with this Agreement and the HOME Requirements, Declarant shall, to the extent possible, comply with the most restrictive provisions in this Agreement (including this Section 16) and the applicable HOME Requirements. As used herein, the term "HOME Requirements" shall mean the requirements of the HOME Investment Partnerships Act, as amended (42 U.S.C. § 12741, *et seq.*), and the implementing regulations (24 C.F.R. § 92, *et seq.*), including those summarized in Attachment No. 3 to the HOME Loan Agreement, which are incorporated herein by this reference.

16.3 Designation of HOME Units. The "HOME Units" are eleven (11) residential units on the Site that are to be rented to Eligible Tenants at affordable rent as set forth in Section 16.5. The HOME Units shall be comprised of 2 one-bedroom units, 5 two-bedroom units, and 4 three-bedroom units. In accordance with 24 C.F.R. § 92.252(j), the HOME Units shall be permitted to float among all residential units in the Project so long as the HOME Units are comprised of the bedroom mix set forth in the preceding sentence and each substituted HOME Unit is comparable in terms of size, features and amenities to the originally designated HOME Unit.

16.4 Eligible Tenants. The eleven HOME Units shall be occupied by households earning 50% or less of the Median Income, adjusted for family size.

16.5 Affordable Rent for HOME Units. Notwithstanding any other provision of this Agreement to the contrary, during the HOME Term, the rent for each HOME Unit shall not exceed the lesser of the amount set forth in the definition of "Affordable Rent" in Section 1 of this Agreement or the rent limits set forth in the HOME Requirements including 24 C.F.R. §92.252. The HOME Requirements establish maximum rent limits at the lesser of (i) the fair market rent for existing housing for comparable units in the area as established by HUD under 24 C.F.R. § 888.111, or (ii) a rent that does not exceed thirty percent (30%) of the adjusted income of a family whose annual income equals sixty-five percent (65%) of the median income for the area, as determined by HUD, with adjustments for the number of bedrooms in the unit.

In addition, as to the HOME Units to be occupied by Eligible Tenants earning fifty percent (50%) or less of Median Income, the rent may not exceed thirty percent (30%) of the annual income of a family whose income equals fifty percent (50%) of the Median Income, as determined by HUD, with adjustments for smaller and larger families. HUD provides the HOME rent limits which include average occupancy per unit and adjusted income assumptions. However, if the rent determined under this paragraph is higher than the applicable rent under the preceding paragraph, then the maximum rent for the HOME Units shall be that calculated under the preceding paragraph.

If the Eligible Tenant is paying utilities and services, the rent for the HOME Units may not exceed the maximum rent minus the monthly allowance established by City for utilities and services.

16.6 Lease. The form of the lease between Declarant and each of the Eligible Tenants for the HOME Units shall be approved by City prior to the rental or leasing of any of the HOME Units, which approval shall not be unreasonably withheld, conditioned or delayed so long as the lease is consistent with this Agreement and the HOME Requirements. Once approved, no changes shall be made to the form of the lease without City's prior written approval, which approval shall not be unreasonably withheld, conditioned or delayed so long as the lease is consistent with this Agreement and the HOME Requirements. The lease between Declarant and the Eligible Tenants shall comply with 24 C.F.R. § 92.253 and may not contain any of the following provisions: (i) an agreement by the tenant to be sued, to admit guilt, or to a judgment in favor of Declarant in a lawsuit brought in connection with the lease; (ii) an agreement by the tenant that Declarant may seize or sell personal property of household members without notice to the tenant and a court decision on the rights of the parties (this provision does not apply to disposition of personal property of a tenant who has vacated his/her unit); (iii) an agreement by the tenant not to hold Declarant or Declarant's agents legally responsible for any action or failure to act, whether intentional or negligent; (iv) an agreement of the tenant that Declarant may institute a lawsuit without notice to the tenant; (v) an agreement by the tenant that Declarant may evict the tenant or household members without instituting a civil court proceeding in which the tenant has the opportunity to present a defense, or before a court decision on the rights of the parties; (vi) an agreement by the tenant to waive any right to a trial by jury; (vii) an agreement by the tenant to waive the tenant's right to appeal or to otherwise challenge in court a court decision in connection with the lease; and (viii) an agreement by the tenant to pay attorneys' fees or other legal costs even if the tenant wins in a court proceeding by Declarant against the tenant (the tenant may, however be obligated to pay costs if the tenant loses).

16.7 Monitoring. City shall monitor and evaluate Declarant's performance under this Agreement to determine compliance with this Agreement and the HOME Requirements. Declarant shall reasonably cooperate with City and shall make available to City all information, documents, and records reasonably requested by City and shall provide City the reasonable right of access to the Site and the affordable units during normal business hours for the purpose of assuring compliance with this Agreement and evaluating Declarant's performance hereunder.

16.8 Records to be Maintained. Declarant shall keep and maintain records providing a full description of the activities undertaken pursuant to this Agreement demonstrating that the activities meet the HOME Requirements, and such other records as may be reasonably required by City to enable City to evaluate Declarant's compliance with the HOME Requirements and to enable City to comply with City's recordkeeping and reporting requirements under the HOME Requirements. The books and records required to be maintained by Declarant shall be kept at a location in Orange County, California. City and HUD and/or their representatives shall have full and free access to, and the right to examine, inspect, and audit, all books and records of Declarant pertaining to this Agreement at all times during normal business hours upon 48 hours prior written notice to Declarant.

16.9 Audits. Declarant shall perform all audits of its books and records required by HUD or the HOME Requirements or reasonably required by City and a copy of such audits shall be forwarded to the City within thirty (30) days after completion. Declarant shall be subject to all audit and review requirements imposed on City in connection with this Agreement and shall, at its sole cost and expense, cause such audits and reviews to be timely performed.

17. Affordability Requirements Under Land Use Restrictions. Declarant acknowledges that the Site is subject to, and that it will comply with, the affordability requirements imposed under City's zoning laws, regulations and ordinances, including without limitation Planning Commission Resolution 07-2854, which are in addition to the affordability covenants imposed under this Agreement.

18. Declarant Ground Lease. Declarant represents and warrants that Declarant's performance under this Agreement will not cause Declarant to be in default of the Ground Lease, and the development, use and operation of the Site under this Agreement is consistent with the use of the Site permitted under the terms of the Ground Lease. Declarant shall comply with each and every condition, responsibility, and obligation it may have pursuant to the Ground Lease in order not to cause a default thereunder. Declarant shall not amend or modify the Ground Lease in any respect inconsistent with this Agreement or in any respect that affects the rights of City as a leasehold mortgagee, without the prior written consent of City, which consent City may withhold in its reasonable discretion."

4. Full Force and Effect; Conflicts. Except as expressly set forth in this Amendment, all terms, conditions, and provisions of the Original Regulatory Agreement shall remain in full force and effect. If there is a conflict between the provisions of this Amendment and the provisions of the Original Regulatory Agreement, the provisions of this Amendment shall control.

5. Execution and Counterparts. This Amendment may be executed in several counterparts, and all so executed shall constitute one agreement binding on both parties hereto, notwithstanding that both parties are not signatories to the original or the same counterpart.

[signatures on next page]

IN WITNESS WHEREOF, City and Declarant have entered into this Amendment as of the date set forth above.

As used herein, the term "Ground Lease" shall mean the Ground Lease dated October 7, 2008, between Borrower, as lessee, and TIC, as lessor, for the ground lease of the Site to Borrower.

"***Project Cash Flow***" shall mean, with respect to any calendar year, the amount of Gross Income for such calendar year reduced by the Operating Expenses for such calendar year, determined on a basis consistent with prior periods in accordance with the cash method of accounting, and otherwise in accordance with generally accepted business and accounting principles; provided, however that for purposes of calculating Tenant's Cash Flow, the term "Operating Expenses" may not include the amount of any Taxes for which Tenant is or was entitled to an exemption under Section 2.14(g) of the California Revenue and Taxation Code and such exemption was not obtained due to a failure on the part of Tenant to use commercially reasonable efforts to obtain the exemption.

3. **Records**. For the purposes of ascertaining the amount of Project Cash Flow, Borrower shall prepare and keep or cause to be prepared and kept on the Site or at Borrower's principal place of business if located in Orange County, California (or at such other location approved by City, which approval shall not be unreasonably withheld) for a period of not less than twenty-four (24) months following the end of each calendar year, adequate records for the computation of Gross Income and Operating Expenses.

4. **Reports**. Borrower shall submit to City on or before the date that is seven (7) months following the end of each calendar year, together with the remittance of the payment due, if any, a written audit report prepared and certified by an independent professional accountant of Borrower's choosing, and acknowledged and signed by Borrower (or if Borrower is a corporation or a partnership, by a duly authorized corporate officer or general partner of Borrower) to be true and correct, showing in reasonable, accurate detail the amount of Project Cash Flow for the immediately preceding calendar year. The reports and certificates referred to herein shall be in such form and style and contain such details and breakdown as City may deem reasonably acceptable. The acceptance by City of payments shall be without prejudice to City's right to an examination of the books and records of Borrower in order to verify the amount of Project Cash Flow. If Borrower fails to prepare and deliver promptly any required audit report, City shall have the right, at Borrower's expense, to make an audit of all books and records of Borrower, including its respective bank accounts, which in any way pertain to or show Project Cash Flow, and to prepare the report or reports which Borrower has failed to prepare and deliver. Borrower shall give City access to such books and records at all reasonable times for purposes of preparing any such report.

5. **Audit**. From time to time and at any time, City or City's representative may examine any records required to be maintained under Section 3 during regular business hours upon not less than seventy-two (72) hours written notice for the purpose of investigating and verifying the accuracy of any statement of Project Cash Flow. City may from time to time and at any time, upon reasonable notice, cause an audit of Borrower's books and records to be made by a person or persons of City's selection and, if any statements of Project Cash Flow made to City shall be found to be inaccurate, one party shall pay to the other on demand such sums as may be necessary to settle in full the actual payment that should have been paid to City for the calendar years covered by such inaccurate statement or statements. If said audit shall disclose an inaccuracy which resulted in an underpayment to City greater than five percent (5%) for the applicable period, then Borrower shall immediately pay to City the cost of such audit; otherwise, the cost of such audit shall be paid by City.

6. **Default**. Borrower shall be deemed in default of this Note in the event (i) Borrower fails to timely make a required payment within ten (10) days following the due date of any payment due hereunder, or (ii) Borrower is in default of any of the other terms of this Note and such default is not cured within thirty (30) days after Borrower's receipt of written notice from City specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Borrower's receipt of the written notice of default from City and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days), or (iii) Borrower is in default of the Loan Agreement, the Leasehold Deed of Trust, or the Regulatory Agreement, and fails to timely cure

such default under the terms of the applicable agreement, it being understood and agreed by Borrower that a default of any of the foregoing agreements (beyond any applicable cure period) shall be a default of this Note. In the event Borrower is in default under this Note (and after expiration of the cure periods described in the preceding sentence), City may declare the City Loan immediately due and payable.

In addition to Borrower's cure rights, Union Bank of California, N.A. shall have ten (10) days after receipt of a default notice from City to cure a monetary default of this Note and thirty (30) days after receipt of a default notice to cure any non-monetary default under this Note; provided, however if the non-monetary default is incapable of being cured within thirty (30) days, Union Bank of California, N.A. shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default and is diligently proceeding to cure such default through the end of such period. City shall accept any cure made by Union Bank of California, N.A. as if made by Borrower.

7. Additional Terms; Place of Payment, Etc.

(i) Payment of the City Loan shall be in satisfaction of the annual or final payment due from Borrower in accordance with the terms of this Note, and shall be made in lawful money of the United States to City at the address set forth below in this Note or at such other address as City or the holder of this Note may direct pursuant to written notice delivered to Borrower.

(ii) If Borrower fails to timely make a required payment within ten (10) days following the due date of such payment, interest at the rate of ten percent (10%) per annum or the maximum legal rate then applicable, whichever is less, shall accrue on the outstanding amount due commencing from the date payment was due.

(iii) Borrower agrees to pay the following costs, expenses, and reasonable attorney's fees paid or incurred by City, or adjudged by the court, in the collection of amounts in default or other costs incurred as a result of a default by Borrower: (i) reasonable costs of collection, including costs and expenses and attorney's fees paid or incurred in connection with the collection or enforcement of this Note, whether or not suit is filed, and (ii) costs of suit and such sums as the court may adjudge as reasonable attorney's fees in any action to enforce payment of this Note or any part of it if City prevails in such suit.

8. Assignment. This Note shall not be assignable or assumable without the prior, express, written consent of City which may be given or withheld in City's sole and absolute discretion.

9. Waiver of Presentment. Notwithstanding any other provision herein to the contrary, to the extent permitted by law Borrower hereby waives the following: (i) notice of default or delinquency except defaults or delinquencies of which City has actual notice, (ii) notice of acceleration, (iii) notice of nonpayment, (iv) notice of costs, expenses and losses and interest thereon, (v) notice of interest on interest and late charges, (vi) diligence in taking any action to collect any sums owing under this Note or in proceeding against any of the rights and presentment for payment, demand, protest, and notices of dishonor and/or protest; (vii) the

benefits of all waivable exemptions; and (viii) all defenses and pleas on the grounds of any extension or extensions of the time of payment or of any due date under this Note, in whole or in part, whether before or after maturity and with or without notice.

10. Acceleration Upon Sale, Lease, Encumbrance, or Refinance. AFFORDABLE HOUSING AND LOAN AGREEMENT

(Home Funds)

This AFFORDABLE HOUSING AND LOAN AGREEMENT ("**Agreement**") is entered into this 4th day of October, 2010, by and between the CITY OF IRVINE, a California municipal corporation ("**City**"), and JAMBOREE HOUSING CORPORATION, a California nonprofit public benefit corporation ("**Developer**").

RECITALS

A. City participates in the HOME Investment Partnerships Act program administered by the United States Department of Housing and Urban Development ("**HUD**") under Title II of the Cranston-Gonzalez National Affordable Housing Act, as amended (42 U.S.C. § 12741, *et seq.*), and the implementing regulations (24 C.F.R. § 92, *et seq.*). Pursuant to said program, the City receives funds from HUD ("**HOME Funds**") to be used for the development of affordable housing projects. On or about April 27, 2010, as part of the City's annual HOME funding process, City approved an allocation of HOME Funds to Developer the amount of the City Loan (defined below).

B. Developer has entered into an option agreement to lease that certain unimproved real property located in the City of Irvine, County of Orange, State of California, more particularly described in the legal description attached hereto as Attachment No. 1 ("**Site**"). The Site is comprised of approximately 6.08 acres, which will be the location of the 134-unit project approved by Planning Commission Resolution No. 07-2821, referenced in Recital C below. Developer plans to cause to be developed a 60-unit affordable residential rental project and related improvements on a portion of the Site ("**Project**"), which is one phase of the Stonegate Community Development. The Site is owned by the Irvine Company, LLC, a Delaware limited liability company ("**Irvine Company**").

C. On or about April 5, 2007, the City's Planning Commission adopted Resolution Nos. 07-2820, 07-2821, and 07-2822, which, in general, approved master plan applications for the development of three (3) multi-story residential apartment communities ("**Stonegate Community Development**"), generally located along the north side of Irvine Boulevard between Sand Canyon Avenue and Groveland in the community village of Stonegate (Planning Area 9B). Specific for purposes of this Agreement, Planning Commission Resolution No. 07-2821 approved the master plan for the development of 134 residential apartment units, lot 700 of Vesting Tentative Tract 16927, totaling 6.08 acres, which residential apartment units are to be affordable so that Irvine Company may fulfill its obligations pursuant to the Master Affordable Housing Plan for the Northern Sphere and satisfy affordable housing obligations under Chapter 2-3 of the Irvine Zoning Ordinance. The Project herein is known as "Phase 1" of the 134-unit project approved by Planning Commission Resolution No. 07-2821. It is anticipated that a subdivision map (referred to herein as the "**Parcel Map**") will be recorded subdividing the Site such that the portion of the Site upon which the 60-unit Project will be located will be subdivided into a separate legal parcel ("**Project Parcel**"). Pursuant to the terms and conditions of this Agreement, upon the recordation of the Parcel Map, the portion of the Site that is not included within the Project Parcel will, upon request of Developer, be released from this

Agreement and the documents attached hereto as exhibits, including a release from the Regulatory Agreement and partial reconveyance of the Leasehold Deed of Trust.

D. City desires to assist with certain costs attributable to eleven (11) of the Project units referred to herein as the "**HOME Units**" by (a) providing financial assistance to Developer in the form of a loan of HOME Funds in the amount not to exceed the sum of Three Hundred Ninety-Seven Thousand Four Hundred Ninety-Five Dollars ($397,495.00) ("**City Loan**"), on the terms set forth herein, and (b) providing financial assistance to the Irvine Community Land Trust ("**Land Trust**") in the form of a grant of HOME Funds in the amount not to exceed the sum of Two Hundred Eighty-Eight Thousand Seven Hundred Twenty-Seven Dollars ($288,727.00) ("**HOME Grant Funds**"). The Land Trust and Developer are each members of the general partner of the limited partnership entity formed to acquire the leasehold in the Site and develop the Project. The Land Trust will be required to use the HOME Grant Funds for certain costs associated with the HOME Units pursuant to a separate agreement.

E. The Project will be subject to certain affordability covenants requiring that the HOME Units be rented to income eligible households at an affordable rent.

F. The acquisition of the Site and development and operation of the Project thereon pursuant to this Agreement, and the fulfillment generally of this Agreement, are in the vital and best interests of the City and the welfare of its residents, and in accordance with the public purposes and provisions of applicable federal, state, and local laws and requirements.

AGREEMENT

Based upon the foregoing Recitals and for good and valuable consideration, the receipt and sufficiency of which is acknowledged by both parties, City and Developer hereby agree as follows:

In connection with the preceding sentence, City shall have the right to require Developer to terminate the Third Party Contract if such default occurs. In addition to the foregoing, Developer shall include or cause to be included in the construction contracts for the Project and cause to be included in any subcontracts a provision that City may interview laborers and mechanics employed on the Project and that the contractors and subcontractors shall require any laborers or mechanics employed or engaged by it to cooperate with City. If Developer believes that any of the HOME Requirements are not applicable to a Third Party Contract, it is Developer's responsibility to provide to City evidence that the requirement is not applicable; however, it is ultimately Developer's responsibility to include all legal requirements in its Third Party Contracts and City shall have no liability for Developer's failure to comply with this obligation. In connection therewith, any statement made by City to Developer as to the non-applicability of a particular legal requirement shall be provided as an accommodation to Developer and as a statement of City's opinion, but shall not be relied upon by Developer or excuse Developer from Developer's responsibility to include all applicable legal requirements in its Third Party Contracts or to comply with such requirements. Developer acknowledges that City's approval of a Third Party Contract shall in no way constitute an assumption by City of any responsibility whatsoever for the construction of the Project or performance of any activity that is the subject of the Third Party Contract, or Developer's or the Other Contracting Party's compliance with applicable laws, statutes, ordinances, codes, rules and regulations, or Developer's compliance with this Agreement. In connection therewith, City assumes no responsibility or liability for any act or

omission of any Other Contracting Party and in no way guarantees any of the work to be done or materials to be supplied or services to be performed. Developer shall comply with all terms of Third Party Contracts.

The requirements in this Section may be satisfied by a regular weekly meeting arranged by Developer and attended by Developer and the respective representatives of the contractor(s) and City, as may be needed.

3.8 Schedule of Performance. Subject to the force majeure provisions of Section 9.3, Developer shall commence, prosecute, and complete construction of the Project within the time set forth in the Schedule of Performance. Construction shall be continuously and diligently pursued to completion and shall not be abandoned for more than ten (10) consecutive business days, except when due to causes beyond the control and without the fault of Developer, as set forth in Section 9.3 of this Agreement. The Schedule of Performance is subject to revision from time to time as may be mutually agreed upon in writing between Developer and City. During the course of construction, Developer shall, if requested by City, provide to City monthly written reports on the progress of construction.

3.9 Rights of Inspection. Representatives of the City shall have a reasonable right of access to the Site during normal business hours for the purposes of this Agreement, including, but not limited to, the inspection of the work being performed and the interviewing of laborers and mechanics employed on the Project. Developer shall cooperate with, and shall cause the contractor and any subcontractor to cooperate with, City in connection with its inspection and access rights. It is understood that City does not by this Section 3.9 assume any responsibility or liability for a negligent inspection or failure to inspect. All inspections by City or on behalf of City, approvals of payment requests by City and other actions by City in connection therewith are not to be construed as a representation by City that there has been compliance with any permits or plans and specifications, legal requirements, or that the Project is free of defects in materials or workmanship. Any inspections or determinations made by City or lien waivers, receipts, or other agreements, documents, and instruments obtained by City are made or obtained solely for City's own benefit and not in any way for the benefit or protection of Developer. City has no obligation to Developer to ensure compliance by the contractor or any other person in carrying out such construction. No such inspections or review will limit any of the rights and remedies of City pursuant to this Agreement.

3.10 Insurance. Developer shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance:

(a) *Commercial General Liability Insurance.* A policy of commercial general liability insurance written on a per occurrence basis in an amount not less than a combined single limit of One Million Dollars ($1,000,000) or its equivalent.

All of the above policies of insurance shall be primary insurance and except for the Worker's Compensation Insurance shall name the City, its officers, employees and agents as additional insureds or, with respect to the builder's risk policy, as a loss payee. Said policies shall be satisfactory only if issued by companies qualified to do business in California and rated A:VII or better in the most recent edition of the Best Rating Guide. The insurer shall waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. All of said policies of insurance shall provide that said insurance may not be amended or canceled without providing thirty (30) days prior written notice by registered mail to City. In the event any of said policies of insurance are canceled, Developer shall, prior to the cancellation date, submit new evidence of insurance in conformance with this Section 3.10 to the Contract Officer. The foregoing obligations shall remain in effect until the completion of the Project, at which time Developer shall maintain the insurance set forth in the Regulatory Agreement.

Developer agrees that the provisions of this Section 3.10 shall not be construed as limiting in any way the extent to which Developer may be held responsible for the payment of damages to any persons or property resulting from Developer's activities or the activities of any person or persons for which Developer is otherwise responsible. No later than the Insurance Approval Date, Developer shall provide evidence of the above-required insurance (such as Certificates of Insurance of appropriate insurance binders) and obtain approval thereof from the Contract Officer, which approval shall not be unreasonably withheld or delayed and may be

waived in Contract Officer's sole and absolute discretion. 3.11.2 Permitted Encumbrances. Developer may mortgage or encumber its leasehold interest in the Site in order to finance the development and operation of the Project, provided that the terms of any such loan and loan documents are reasonably approved by City and the mortgage or encumbrance (deed of trust) complies with one of the following: (a) a deed of trust(s) that secures the US Bank Loan Funds; or (b) a deed of trust(s) that secures the County Loan Funds, with such deed of trust and other loan documents consistent with the County of Orange Commitment Letter and other terms Developer provided to City prior to the date of this Agreement; or (c) a deed of trust securing financing for the development and operation of the Project for which the cumulative amount of the loans encumbering the Site does not exceed: (i) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Credit Allocation Committee, and (ii) after the completion of construction of the Project, ninety percent (90%) of the appraised value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Credit Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to City ("**Permitted Encumbrances**"). City agrees that notwithstanding the County Commitment Letter, the percentage of Project Cash Flow (as that term is defined in the City Note) that will be paid to the County for the repayment of the County Loan Funds once the $1,602,505.00 loan from the Land Trust Loan to Developer is repaid will be 40% and not 25%.

3.11.3 Evidence of Financial Capability. No later than two (2) days after the Effective Date, Developer shall submit to City evidence reasonably satisfactory to City that Developer has the financial capability necessary to develop the Project pursuant to this

Agreement and the Project Budget. Such evidence of financial capability shall include the following:

(a) a copy of the commitment or loan agreement obtained by Developer for each source of funds to assist in financing the construction of the Project. All copies of commitments submitted by Developer to City shall be certified by Developer to be true and correct copies thereof. Each commitment for financing shall be in such form and content acceptable to City as reasonably evidences a firm and enforceable commitment, with only those conditions which are standard or typical for the lender involved for similar projects;

(b) if the total costs set forth in the Project Budget exceed the amount of financing commitments received pursuant to subparagraph (a) above, a financial statement and/or other documentation reasonably satisfactory to City sufficient to demonstrate that Developer has adequate funds available and committed to cover such difference; and

(c) a copy of the guaranteed maximum price or stipulated sum construction contract between Developer and its general contractor for all of the improvements required to be constructed by Developer hereunder, certified by Developer to be a true and correct copy thereof.

3.11.4 Subordination. The City Manger of City and the Community Development Director or their respective designees each shall have the authority on behalf of City to inter into subordination agreements, intercreditor agreements, and other similar agreements; provided, however, that nothing herein shall obligate City to subordinate its financing except that City shall subordinate the Leasehold Deed of Trust to the priority lien(s) (deeds of trust) securing the US Bank Loan Funds and the County Loan Fund by subordination agreements approved in form by City in its reasonable discretion. City shall also subordinate the Regulatory Agreement to the US Bank Loan Funds provided the Land Use Affordable Housing Regulatory Agreements are executed and recorded the day before the closing of the Construction Escrow. The Land Use Affordable Housing Regulatory Agreements shall be senior to all liens (deeds of trust) securing financing for the Project and shall continue to apply to the Project and the Site in the event of a foreclosure (or deed in lieu thereof) by any lienholder.

4. USE OF THE SITE; PROGRAM ACTIVITIES.

4.1 General. Developer and its successors and assigns shall use, operate, and maintain the Site as a rental housing project in accordance with the provisions of this Agreement and the Regulatory Agreement, consistent with the HOME Requirements. The Regulatory Agreement contains provisions requiring the units on the Site be maintained as affordable rental units for a period of fifty-five (55) years.

4.2 Ground Lease. Developer shall comply with each and every condition, responsibility, and obligation it may have pursuant to the Ground Lease in order not to cause a default thereunder. Developer shall not amend or modify the Ground Lease in any respect inconsistent with this Agreement or any of the agreements attached hereto or in any respect that

affects the rights of City as a leasehold mortgagee without the prior written consent of City, which consent City may withhold in its reasonable discretion. Developer shall provide to City notice of any defaults or notices of default under the Ground Lease.

4.3 Program Activities. Developer shall operate the Program and perform all Program Services in a competent, professional, and first class manner and to the satisfaction of City in its reasonable discretion and in accordance with this Agreement. In addition, Developer shall operate the Program and perform the Program Services in compliance with the HOME Requirements and the legal requirements set forth in Attachment No. 3 attached to this Agreement and the statutes referenced therein. In addition to the quarterly reports referred to in Section 5.2, Developer shall, if requested by City, provide to City monthly written reports on the progress of any Program Service. Developer shall cause the Program Services to be performed by Developer or Developer Personnel under Developer's direct supervision, and shall ensure that all Developer Personnel engaged in the Program Services are fully qualified and authorized and permitted under applicable law to operate the Program. Developer shall secure, at its sole cost and expense, any and all licenses, permits and approvals that may be required by law for the performance of the Program Services. Developer shall be responsible for all costs related to the Program.

4.4 Management. If any manager or supervisor of the Program engages in any of the conduct described in Section 4.6 or knowingly allows such conduct to occur at the Site or by Developer Personnel, or knowingly allows illegal activity to occur at the Site, City shall have the right to require that Developer immediately replace such manager or supervisor of the Program.

4.5 Drug Free Covenant. Developer shall use best efforts to maintain a drug free environment on the Site. Developer covenants to City that Developer shall use its best efforts to ensure that Developer, Developer Personnel and all persons working or residing on the Site shall not unlawfully manufacture, distribute, dispense, possess or use controlled substances, as said term is defined in 21 United States Code Section 812 and California Health and Safety Code Section 11007 (or successor statutes), including marijuana, heroin, cocaine, and amphetamines on the Site.

4.6 Program Defaults. If Developer shall or permit Developer Personnel to:

(a) engage in any act injuring, abusing, mistreating, or endangering any employee or client of the Program or other persons receiving services under the Program, including any tenants or occupants of the Project as reasonably determined by City;

(b) violate the provisions of Section 4.5 above; or

(c) engage in any act or transgression that, in the reasonable judgment of City, may cause embarrassment to City or the Redevelopment Agency, reflect adversely upon City or the Redevelopment Agency or their respective funding programs or upon Developer, tend to bring the Program into public disrepute, contempt, scandal, or ridicule, or tend to shock, insult or offend the community or public morals or decency, then

Developer and City agree to meet and confer within ten (10) days of the request of City to determine a resolution reasonably acceptable to City and Developer agrees to thereafter promptly implement the resolution. The failure of Developer to implement the resolution shall constitute a default under this Agreement ("**Program Default**").

4.7 Occupants of Housing Facilities. To the extent permitted by applicable law, Developer shall include in its occupancy or lease agreements with the persons residing in the facility ("**Occupants**") a requirement that the occurrence of any illegal activity by the Occupant, or by Occupant's guests at the Site, shall be grounds for immediate termination of the Occupant's right to reside within the housing facility and City shall have the right to require that Developer enforce such provision.

4.8 Monitoring. City shall monitor and evaluate Developer's performance under this Agreement to determine compliance with this Agreement and the HOME Requirements. Developer shall reasonably cooperate with City and shall make available to City all information, documents, and records reasonably requested by City and shall provide City the reasonable right of access to the Site and the affordable units during normal business hours for the purpose of assuring compliance with this Agreement and evaluating Developer's performance hereunder.

4.9 Compliance with Laws and Regulations and HOME Requirements. Developer shall carry out the design, construction and operation of the Project, and operate the Program, in conformity with all applicable laws, regulations, and rules of governmental agencies having jurisdiction, including without limitation, the HOME Requirements and the legal requirements set forth in Attachment No. 3 attached to this Agreement and the statutes referenced therein, the City zoning and development standards, building, plumbing, mechanical and electrical codes, and all other provisions of the City Municipal Code, and all federal and state fair labor standards, including the payment of prevailing wages and compliance with the Davis-Bacon Act unless Developer provides evidence acceptable to City that such requirements are not applicable to the Project. Because the source of the City Loan is funds received from HUD pursuant to the federal government's HOME program, Developer is required to comply with all applicable HOME Requirements. In the case of any conflict between the HOME Requirements and this Agreement, the HOME Requirements shall control; it being understood, however, that in order to be in compliance with this Agreement and the HOME Requirements, Developer shall, to the extent possible, comply with the most restrictive provisions in this Agreement and the HOME Requirements. Each and every provision required by law to be included in this Agreement shall be deemed to be included, and this Agreement shall be read and enforced as though all such provisions were included. Developer acknowledges and agrees that it shall be and remain, and shall cause the Developer Personnel to be and remain, fully knowledgeable and apprised of all local, state and federal laws, rules and regulations in any manner affecting the performance under this Agreement, including the HOME Requirements. Developer shall indemnify, protect, defend and hold harmless City and its officials, officers, employees, and agents, with counsel reasonably acceptable to City, from and against any and all loss, liability, damage, claim, cost, expense and/or "increased costs" (including reasonable attorneys' fees, court and litigation costs, and fees of expert witnesses) that results or arises in any way from any of the following: (a) the noncompliance by Developer or Developer Personnel of any applicable local, state and/or federal law, including, without limitation, any applicable federal and/or state labor laws (including, without limitation, if applicable, the requirement to pay state or federal prevailing wages and hire

apprentices); (b) the implementation of Section 1781 of the Labor Code, as the same may be amended from time to time, or any other similar law, by Developer or Developer Personnel; and/or (c) failure by Developer or Developer Personnel to provide any required disclosure or identification as required by Labor Code Section 1781, as the same may be amended from time to time, or any other similar law. The foregoing indemnity shall survive termination of this Agreement. It is agreed by the parties that, in connection with the development and construction of the Project, including, without limitation, any and all public works (as defined by applicable law), Developer shall bear all risks of payment or non-payment of prevailing wages under federal law and California law and/or the implementation of Labor Code Section 1781, as the same may be amended from time to time, and/or any other similar law. "Increased costs," as used in this Section 4.9, shall have the meaning ascribed to it in Labor Code Section 1781, as the same may be amended from time to time.

4.10 Program Income. Developer shall submit to City quarterly reports as set forth in Section 5.2 on all program income as defined 24 C.F.R. 92.503(a) generated by activities carried out with HOME Funds, if any. The program income shall, at City's election, (a) be returned to City or (b) retained by Developer and utilized for the Project expenses set forth in the Project Budget or such other activities approved in writing by City, in which case all provisions of this Agreement shall apply to the activities funded by the program income. Upon the completion of the Project or the earlier termination of this Agreement, all unused program income shall be returned to City at the election of City.

4.11 Relocation. City shall not be responsible for relocating any occupants from the Site to the extent any occupants are located on the Site. If relocation is required, Developer shall have the sole and exclusive responsibility for providing relocation assistance and paying all relocation costs required to comply with all applicable federal and state laws, rules, and regulations. Developer shall indemnify, defend, and hold City harmless from and against any claims, liabilities, damages, or losses made against it by tenants or occupants of the Site, including without limitation claims for relocation assistance, inverse condemnation, and claims otherwise arising from any act or omission of Developer pursuant to this Section 4.11.

4.12 Affordability Covenants. Developer acknowledges and agrees that the rental units on the Site will be required to be maintained as affordable rental units in accordance with the Regulatory Agreement.

4.13 Indemnification. Developer shall indemnify, defend, and hold harmless City and its officers, officials, employees, representatives and agents (collectively, the "**Indemnitee**") from and against any and all claims, causes of action, liabilities, and damages arising out of any acts or omissions of Developer or Developer's officers, employees, contractors, and agents, in the performance under this Agreement and the agreements attached hereto and/or with respect to the Site including the construction of the Project thereon. The Indemnitee shall promptly notify Developer of the filing of any such action and cooperate with Developer in the defense thereof (at no cost to Indemnitee).

4.14 Extended Use Agreement. City acknowledges that Developer and the California Tax Credit Allocation Committee have or intend to enter into an extended use agreement pursuant to Section 42(h) of the Internal Revenue Code ("**Extended Use Agreement**") which

will be recorded against the Site. City acknowledges that, in the event of a foreclosure of its interest under the Leasehold Deed of Trust or delivery by Developer of a deed in lieu thereof (collectively, a "**Foreclosure**"), pursuant to Sections 42(h)(6)(E)(ii) of the Internal Revenue Code, for a period of three (3) years from the date of Foreclosure, with respect to any unit that had been regulated by the Extended Use Agreement, (i) none of the eligible tenants occupying those units at the time of Foreclosure may be evicted or their tenancy terminated (other than for good cause), (ii) nor may the rent of any such eligible tenant be increased except as otherwise permitted under Section 42 of the Internal Revenue Code.

4.15 Release from Covenants and Partial Reconveyances for Portion of the Site. Upon the final approval pursuant to law and recording in the Official Records for Orange County, California, of the Parcel Map, City shall, upon the request by Developer, release the portion of the Site that is not included within the Project Parcel from this Agreement, the Regulatory Agreement, and the Memorandum, and partially reconvey the Leasehold Deed of Trust, with the form of said release(s) and partial reconveyance to be as reasonably approved by Developer and City and their respective legal counsel. The Project Parcel shall remain subject to this Agreement and all documents that are attached as exhibits hereto, and the Parties shall execute and record any instruments that may be necessary or proper to ensure that the Agreement and said exhibits attached hereto remain in place after the recording of Parcel Map. As of the date of this Agreement, the subdivision map that has been designated as the Parcel Map is City of Irvine Tentative Parcel Map No. 2010-128.

5. RECORDS AND REPORTS.

5.1 Records.

5.1.1 Records to be maintained. Developer shall keep and maintain records providing a full description of the Program Activities undertaken, records demonstrating that the Program Activities meet the HOME Requirements, records demonstrating the eligibility of the activities constituting the Eligible Loan Expenses, and such other records as may be reasonably required by City to enable City to evaluate Developer's compliance with the HOME Requirements, to identify and account for the use of the City Loan proceeds and expenditures of Eligible Loan Expenses and all costs pertaining to this Agreement, and to enable City to comply with City's recordkeeping and reporting requirements under the HOME Requirements. Books and records pertaining to the Eligible Loan Expenses shall be kept and prepared in accordance with generally accepted accounting principles.

5.1.2 Retention. The books and records required to be maintained by Developer under this Agreement shall be retained for a period of five (5) years following the date that all units in the Project have received all required occupancy permits from the City; provided, however, in the event any litigation, audit, negotiation, or other action involving the books and records is commenced prior to the expiration of the five (5) year retention period, Developer shall retain the books and records until completion of the action and resolution of all issues which arise from it.

5.1.3 Location of Records. The books and records required to be maintained by Developer shall be kept at the Property or at the office of Developer or such other location in Orange County, California, approved by City.

5.1.4 Access to Records. City and HUD and/or their representatives shall have full and free access to, and the right to examine, inspect, and audit, all books and records of Developer pertaining to this Agreement at all times during normal business hours upon 48 hours prior written notice to Developer.

5.1.5 Audits. Developer shall perform all audits of its books and records required by HUD or the HOME Requirements or reasonably required by City and a copy of such audits shall be forwarded to the City within thirty (30) days after completion. Developer shall be subject to all audit and review requirements imposed on City in connection with this Agreement and shall, at its sole cost and expense, cause such audits and reviews to be timely performed.

5.2 Reports.

5.2.1 Quarterly Reports. No later than fifteen (15) days after the end of each Quarter, Developer shall submit to City the following quarterly reports on forms approved by the Contract Officer:

(a) *Performance Reports.* A report on the summary of the Program Activities and activities undertaken by Developer under this Agreement for the previous Quarter ("**Performance Report**"). The Performance Report shall, at a minimum, describe the status of each Program Activity required to be performed and met during that Quarter, progress towards completing the other Program Activities, costs incurred, funds remaining, a narrative explanation of problems, delays, or adverse conditions which impaired the ability of Developer to meet any obligations if any were not met, favorable developments which enabled Developer to satisfy obligations and meet objectives sooner or at less cost than anticipated or producing more beneficial results than planned, and any additional pertinent information related to contract performance.

(b) *Program Income.* A report on the program income generated for the Quarter, if any, as more fully explained in Section 4.10 of this Agreement, which shall include a description of the expenditures of program income and a progress report for the activities funded by the program income if Developer is permitted to retain program income.

5.2.2 Other Reports. In addition to the reports referenced in Section 5.2.1, Developer shall, at such times and in such forms as reasonably required by City, prepare and submit to the Contract Officer, such other reports concerning the performance of the Program Activities, the costs and obligations incurred or to be incurred in connection therewith, and any other matters covered by this Agreement and compliance with HOME Requirements, as City may reasonably require from time to time.

6. TERMINATION.

6.1 Termination. In addition to any other termination provision set forth in this Agreement, this Agreement may be terminated by City as follows:

(i) *Lack of Funding*. If, for any reason beyond the control of City, the HOME Funds required by City to fund the Eligible Loan Expenses are not received by City or are withdrawn from City by HUD, the City may unilaterally terminate or modify the terms of this Agreement to reflect the loss of funding, without liability to Developer. This subdivision (i) shall not be applicable after the date the City has disbursed to Developer the funds for the City Loan, whether the funds provided by City are HOME Funds or, at City's election and in its sole discretion, another source of funds.

(ii) *Default*. If a default shall occur under this Agreement that is not cured within an applicable notice and cure period (other than a default of City), City may terminate this Agreement in whole or in part.

(iii) *Failure to Receive Environmental Clearance*. In accordance with 24 CFR § 58.22 entitled "Limitations on activities pending clearance," HUD or the state does not approve the Request for Release of Funds (RROF) and related certifications for the Project and the Project is not otherwise exempt such that no RROF is required.

(iv) *Termination for Convenience*. This Agreement may be terminated by City for convenience as provided in 24 C.F.R. § 85.44.

6.2 Obligations Survive Termination. Notwithstanding the expiration or earlier termination of this Agreement, Developer's obligations to City shall not terminate until all closeout requirements are completed. In addition, the following obligations of Developer shall survive the termination of this Agreement: (a) Developer's indemnity obligations; (b) the obligation to cause audits to be performed relating to Developer's activities and costs under this Agreement; (c) the obligation to repay to City the City Loan proceeds improperly disbursed to Developer or disbursed or used for ineligible expenditures; and (d) any other obligations which cannot by their nature cannot be performed until after the expiration of the Agreement. No termination under this Agreement shall release either party then in default from liability for such default.

7. DEFAULTS AND REMEDIES.

7.1 Defaults-General. The occurrence of any of the following shall be deemed a default under this Agreement:

(a) The failure or delay by either party to perform any term or provision of this Agreement if such failure is not cured, corrected or remedied within any specific time period set forth in this Agreement.

(b) If no other specific time period is set forth herein, the failure to cure a monetary default under this Agreement (other than any monetary defaults specifically listed in any of the other subparagraphs of this Section 7.1) within ten (10) days after the

nonperforming party's receipt of written notice from the other party specifying the nature of the default.

(c) If no other specific time period is set forth herein, the failure to cure a non-monetary default under this Agreement (other than any non-monetary defaults specifically listed in any of the other subparagraphs of this Section 7.1) within thirty (30) days after the nonperforming party's receipt of written notice from the other party specifying the nature of the default; provided, however, that if the failure cannot be corrected within such period, it shall not constitute a default if the failure is correctable without material adverse affect on the Site, and if corrective action is instituted by Developer within such period and diligently pursued until the failure is corrected, and provided further that any such failure is cured within ninety (90) days of receipt of notice of such failure.

(d) Subject to Section 9.3, Developer does not proceed with the commencement, construction and completion of the Project as herein provided.

(e) Subject to Section 9.3, work ceases on the Project for ten (10) consecutive business days.

(f) The occurrence of a Program default described in Section 4.6.

(g) Any of the warranties or representations made by Developer herein are or become false, incorrect or misleading in any material respect and to the extent capable of being cured are not cured within the cure period set forth in subparagraph (c) above.

(h) Developer commits any act of bankruptcy or if any relief under the federal Bankruptcy Act is sought by or against Developer, or if a receiver is appointed to take charge of the assets or affairs of Developer, or if Developer should make an assignment for the benefit of creditors, or if Developer should become insolvent, or upon any liquidation or termination of Developer; provided, however, that if any such proceeding is brought involuntarily against Developer, Developer shall have ninety (90) days to obtain the dismissal of such proceeding.

(i) The filing of a notice of judgment lien against Developer, or the recording of any abstract of judgment against Developer, or the service of a notice of levy and/or of a writ of attachment or execution, or other like process, against the assets of Developer, or the entry of a judgment, order or decree against Developer, any or all of which would have a material and adverse effect upon Developer's ability to perform under this Agreement, unless the same is dismissed within ninety (90) days.

(j) There is a default (other than by Land Trust) of the Land Trust Loan Agreement after expiration of any notice and cure periods in the Land Trust Loan Agreement.

(k) Developer shall default under the Ground Lease and such default is not cured within any grace and cure period expressly provided in the Ground Lease.

(l) Developer shall default in the payment or performance of any obligation, or any defined event of default, under the terms of any contract or instrument pursuant to which Developer has incurred any debt or other liability to City, or any other person or entity that has an interest secured by a lien recorded against the Site, which default is not cured within any grace and cure period expressly provided in such contract or instrument.

The party in default shall provide to the other party immediate written notice of the occurrence of any event that would constitute a default hereunder.

7.2 Remedies Upon Default. In addition to any other rights or remedies available at law or in equity, upon a default under this Agreement (other than a default of City) that is not cured within any applicable notice and cure periods herein, City may take one or more of the following actions:

(i) Wholly or partially suspend or terminate this Agreement.

(ii) Withhold further awards for the Project, including further disbursements of the City Loan.

(iii) Require Developer to repay the City Loan funds.

(iv) Institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement.

In addition to the foregoing, City shall have the right to withhold disbursements of City Loan proceeds during such period as may be necessary to determine whether a default has occurred and during any cure period. Upon the occurrence of an event which, with the passage of time or the giving of notice, would constitute a default under this Agreement (other than a default of City), City may temporarily withhold disbursements of City Loan proceeds pending correction of the default by Developer.

In addition to Developer's cure rights hereunder, Irvine Company(or its entity formed and existing as the equity investor receiving the tax credits), for so long as such entity is a limited partner investor in Developer, shall have ten (10) days after receipt of a default notice from City to cure a monetary default of this Agreement and thirty (30) days after receipt of a default notice to cure any non-monetary default under this Agreement; provided however, if the non-monetary default is incapable of being cured within thirty (30) days, Irvine Company shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default and is diligently proceeding to cure such default through the end of such period. City shall accept any cure made by Irvine Company as if made by Developer.

Except as otherwise expressly provided in this Agreement, any failure or delay by a party in giving a notice of default or in asserting any of its rights and remedies as to any default shall not constitute a waiver of any default, nor shall it change the time of default, nor shall it deprive such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert, or enforce any such rights or remedies.

7.3 Institution of Legal Actions. In addition to any other rights or remedies, either party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

7.4 Applicable Law and Venue. The internal laws of the State of California without regard to conflict of law principles shall govern the interpretation and enforcement of this Agreement. All legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that County.

7.5 Rights and Remedies are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Attorney's Fees. If either party to this Agreement is required to initiate or defend litigation in any way connected with this Agreement, the prevailing party in such litigation, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees from the losing party. If any party to this Agreement is required to initiate or defend litigation with a third party because of the violation of any term or provision of this Agreement by the other party, then the party so litigating shall be entitled to reasonable attorney's fees from the other party to this Agreement. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, retaining expert witnesses, taking depositions and discovery, and all other necessary costs incurred with respect to such litigation.

8. REPRESENTATIONS AND WARRANTIES OF DEVELOPER.

Developer makes the following representations and warranties as of the date of this Agreement and agrees that such representations and warranties shall survive and continue thereafter:

(a) *Authorization and Validation.* The execution, delivery and performance by Developer of this Agreement (i) are within the powers of Developer and upon its execution will constitute a legal, valid and binding obligation of Developer enforceable in accordance with its terms, and (ii) to Developer's knowledge will not violate any provisions of law, any order of any court or other agency of government, or any indenture, agreement or any other instrument to which Developer is a party or by which Developer, or any of its property, is bound, or be in conflict with, result in any breach of or constitute (with due notice and/or lapse of time) a default under any such indenture, agreement or other instrument, or result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of its property or assets, except as contemplated by the provisions of this Agreement.

(b) *Correct Information.* To Developer's knowledge, all reports, papers, data and information given to City with respect to Developer and this Agreement, including the Site and Program are accurate and correct in all material respects and complete insofar as completeness may be necessary to give City a true and accurate knowledge of the subject matters thereof, and there has been no change in such information.

(c) *Defaults.* Developer is not a party to any agreement or instrument that will interfere with its performance under this Agreement, and is not in default in the performance, observance or fulfillment of any of the obligations, covenants or conditions set forth in any agreement or instrument to which it is a party would have an adverse affect on its ability to perform its obligations under this Agreement.

(d) *Pending Litigation.* There is not now pending, or to Developer's knowledge threatened, against or affecting Developer any claim, investigation, action, suit or proceeding at law, or in equity, or before any court or administrative agency which, if adversely determined, would impair or affect the Site or Developer.

(e) *Compliance.* Developer has examined and is familiar with all conditions, restrictions, reservations and ordinances affecting the Site and Project. .

Notices delivered by facsimile or email shall be deemed effective the next business day, not less than 24 hours, following the date of transmittal and confirmation of delivery to the intended recipient. 9.2 Nonliability of City Officials and Employees. No member, official, employee, or contractor of City shall be personally liable to Developer in the event of any default or breach by City or for any amount which may become due to Developer or on any obligations under the terms of this Agreement.

9.3 Enforced Delay; Extension of Times of Performance. Time is of the essence in the performance of each of the parties' respective obligations set forth in this Agreement. In addition to specific provisions of this Agreement, and except as expressly set forth in this Section 9.3, performance by either party hereunder shall not be deemed to be in default and such party shall be entitled to an extension of time to perform its obligations hereunder where delays in performance are due to causes beyond the control and without the fault of such party, including as applicable: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplies that are not caused by Developer; acts of the other party; acts or the failure to act of City or any other public or governmental agency or entity that are not caused by Developer; or other causes beyond the reasonable control of the party. Notwithstanding the foregoing, Developer's inability to secure satisfactory financing, interest rates, and market and economic conditions shall

not entitle Developer to an extension of time to perform. An extension of time for any cause permitted under this Section 9.3 shall be limited to the period of the enforced delay, which period shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of knowledge of the commencement of the cause. If no written notice is sent within thirty (30) days, for purposes of measuring the extension period for performance of the obligation in question, the period of the enforced delay shall commence to run from the date written notice is sent to the other party. Times of performance under this Agreement may be extended by mutual written agreement of City and Developer.

9.4 Inspection of Books and Records. City shall have the right at all reasonable times to inspect the books and records of Developer pertaining to the Site and the Project as pertinent to the purposes of this Agreement.

9.5 Interpretation. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against any party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply. The Section headings are for purposes of convenience only, and shall not be construed to limit or extend the meaning of this Agreement.

9.6 Entire Agreement, Waivers and Amendments. This Agreement integrates all of the terms and conditions mentioned herein, or incidental hereto, and supersedes all negotiations and previous agreements between the parties with respect to the City Loan. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the party to be charged, and all amendments and modifications hereto must be in writing and signed by the appropriate authorities of City and Developer. The City hereby authorizes the Director of Community Development for the City of Irvine or designee, to the extent allowed by federal, state or local law, to approve or consent to any matter requiring City approval or consent as provided in this Agreement, and to perform and carry out any activities, including but not limited to, the execution of any additional agreements, addenda or amendments to effectuate the purpose of this Agreement and the intent of the parties hereto.

9.7 Severability. If any term, provision, covenant, or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of this Agreement shall not be affected thereby to the extent such remaining provisions are not rendered impractical to perform taking into consideration the purposes of this Agreement. In the event that all or any portion of this Agreement is found to be unenforceable, this Agreement or that portion which is found to be unenforceable shall be deemed to be a statement of intention by the parties; and the parties further agree that in such event, and to the maximum extent permitted by law, they shall take all steps necessary to comply with such procedures or requirements as may be necessary in order to make valid this Agreement or that portion which is found to be unenforceable.

9.8 Prohibition Against Assignment and Transfer by Developer. The qualifications and identity of Developer are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Developer and entered into this Agreement with Developer. Accordingly, except as expressly set forth herein, Developer shall

not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership, or transfer or assign all or any part of this Agreement or any rights hereunder or in the Site or in the Project without the City's prior written approval. If this Agreement is assigned to the Partnership, the term "significant change in ownership" shall mean any change by virtue of which Jamboree Housing Corporation does not continue to be the managing member of the general partner of Partnership.

Notwithstanding the foregoing paragraph, the following shall not require City approval (except as specifically provided below) for the purpose of this Section 9.8:

(a) a leasehold interest in a residential unit to an Eligible Tenant for Affordable Rent, in accordance with the Regulatory Agreement and pursuant to a lease form approved by City in accordance with the Regulatory Agreement; or

(b) any Permitted Encumbrance; or

(c) the assignment of this Agreement to the Partnership if the Partnership is the lessee under the Ground Lease.

Upon the assignment of this Agreement from Developer to the Partnership, the following also shall not require City approval (except as specifically provided below) for the purpose of this Section 9.8:

(a) a transfer of the Partnership's leasehold interest in the Site and the Project to Jamboree, provided Jamboree assumes from the Partnership this Agreement and all of the agreements attached as exhibits hereto;

(b) the removal of the general partner of the Partnership for any default under the Partnership's partnership agreement, provided that any substitute general partner is acceptable to City in its reasonable discretion, including, without limitation, requiring that the new general partner have at least the same level of experience in developing, operating, and managing an affordable multifamily housing complex that is similar to the Project; or

(c) a transfer of the limited partnership interest in the Partnership from Irvine Company or another tax credit syndicator or investor to Jamboree, or an affiliate of Jamboree, provided that Jamboree continues to manage and operate the Project.

As used in this Section, the term "affiliate" shall mean an entity that directly or indirectly controls or is controlled by Jamboree.

Developer shall deliver written notice to City requesting approval of any assignment or transfer requiring City approval hereunder. In considering whether it will grant approval to any assignment by Developer of its interest in the Site and this Agreement or any portion thereof, City shall consider factors such as the financial strength and capability of the proposed transferee to perform Developer's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, development, and operation of similar projects.

No assignment, excluding assignments for Permitted Encumbrances, shall be effective as to City unless and until the proposed assignee and Developer execute and deliver to City an assignment and assumption agreement in form reasonably satisfactory to the Contract Officer and the City Attorney.

9.9 Prohibition Against Assignment and Transfer by City. The City shall not voluntarily assign or transfer its interest in all or any part of this Agreement (which by definition includes all attachments hereto) without Developer's prior written approval, which shall not be unreasonably withheld. Notwithstanding the foregoing sentence, the City may: (a) in its sole and absolute discretion assign or transfer all or any part of its interest in this Agreement without Developer's approval to the Redevelopment Agency, or (b) with the approval of Developer, which shall not be unreasonably withheld or delayed, assign or transfer all or any part of its interest in this Agreement to the Land Trust.

9.10 Third Party Beneficiaries. The Redevelopment Agency is an intended third party beneficiary of this Agreement and shall have the right, but not the obligation, to enforce its terms. Except as provided in this Section 9.10, no person or entity other than City, Developer, and the Redevelopment Agency, and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

9.11 Authority to Execute Agreement. The persons executing this Agreement on behalf of each party represents and warrants to the other party that by proper action such persons have been duly authorized to execute and deliver this Agreement.

9.12 Contract Administration and Approvals. The Contract Officer shall be the person designated by City to administer this Agreement on behalf of City and such administrative authority shall include but not be limited to the right to approve extensions of time on behalf of City and to issue waivers, and the Developer Representative shall be the person designated by Developer to administer this Agreement on behalf of Developer. The City Manager and the Community Development Director (or their respective authorized representatives) each shall have the authority to consent to any matter requiring City approval or consent as provided in this Agreement, and to perform and carry out any activities concerning the City Loan, including but not limited to, the execution of any additional agreements, addenda or amendments so long as such actions do not substantially add to the costs of City as specified herein.

9.13 Covenants to Run with the Land. This Agreement shall be binding on Developer's successors in interest in the Site until the date that all units in the Project have received all required occupancy permits and City has verified that all improvements required to be constructed in connection with the Project have been completed ("**Completion Date**"). Accordingly, the provisions of this Section 9.13 shall be applicable until the Completion Date.

This Agreement is designed to create equitable servitudes and covenants running with the Site, in favor of City. The covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein shall be binding upon all persons having any right, title or interest in the Site, or any part thereof, their heirs, successive owners and assigns; shall inure to the benefit of City and its successors and assigns, shall be binding upon Developer, its successors and assigns and successors in interest; and may be enforced by City and its successors and

assigns. Developer hereby declares its understanding and intent that the burden of the covenants set forth herein touch and concern the land. Developer hereby further declares its understanding and intent that the benefit of such covenants touch and concern the land by enhancing and increasing the enjoyment and use of the Site for purposes of affordable housing. City shall have the right to designate real property as benefited by the covenants contained herein during the term of this Agreement. In amplification and not in restriction of the provisions set forth hereinabove, it is intended and agreed that City shall be deemed a beneficiary of the agreements and covenants provided herein both for and in its own right and also for the purposes of protecting the interests of the community. All covenants without regard to technical classification or designation shall be binding for the benefit of City and such covenants shall run in favor of City for the entire period during which such covenants shall be in force and effect, without regard to whether City is or remains an owner of any land or interest therein to which such covenants relate.

City shall execute, acknowledge, and deliver to Developer upon Developer's request after the Completion Date, a document in recordable form removing the Memorandum from title to the Site. The removal of the Memorandum from title shall not result in a termination of this Agreement as between Developer and City but any party thereafter owning or acquiring Developer's interest in the Site shall not because of such ownership or acquisition incur any obligation under this Agreement, but such party shall be subject to any other recorded agreement, including without limitation the Regulatory Agreement.

The parties acknowledge that the Memorandum, Regulatory Agreement, and Leasehold Deed of Trust recorded against the Site will encumber Developer's leasehold interest in the Site and not the fee interest in the Site.

9.14 Time of the Essence. Time is of the essence in the performance of this Agreement.

9.15 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

SUMMARY OF LEGAL REQUIREMENTS

In addition to the requirements set forth in other provisions of the Agreement, Developer shall comply, and shall cause all Developer Personnel to comply, with the following regulations and requirements.[1]

1. **Use of the HOME Funds**. The City Loan shall be used only for eligible costs (see, e.g., 24 C.F.R. § 92.206, 92.214, 92.300(c), and 92.301), and any development work shall be completed within the times referred to in the Affordable Housing and Loan Agreement between City and Developer.

2. **Affordability**. The units shall meet the affordability requirements of the HOME Requirements (24 C.F.R. § 92.254) or this Agreement and the Regulatory Agreement,[2] whichever is more restrictive. If the units do not meet the affordability requirements of the HOME Requirements for the specified time period, Developer shall repay the City Loan to City promptly upon demand by City. In such event, Developer shall not be released from the affordability and other covenants and restrictions set forth in this Agreement and the Regulatory Agreement, which shall continue to apply independent of the HOME Requirements.

3. **Equal Opportunity and Nondiscrimination.**

a. **Title VI of the Civil Rights Act of 1964, as amended, including Public Law 88-352 implemented in 24 CFR Part 1**. This law provides in part that no person shall, on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. In regard to the sale or lease of the Site, Developer shall cause or require a covenant running with the land to be inserted in the deed and leases prohibiting discrimination under this Title, and providing that City and the United States are beneficiaries of and entitled to enforce such covenants. Developer shall enforce such covenant and shall not itself so discriminate.

b. **Fair Housing Act, Title VIII of the Civil Rights Act of 1968, as amended, including Public Law 90-234.** The Fair Housing Act provides in part that there shall be no discrimination in housing practices on the basis of race, color, religion, sex, and national origin. The Fair Housing Act was amended in 1988 to provide protections from discrimination in any aspect of the sale or rental of housing for families with children and persons with disabilities. The Fair Housing Act also establishes requirements for the design and construction of new rental or for-sale multi-family housing to ensure a minimum level of accessibility for persons with disabilities.

The description set forth next to a statute or regulation is a summary of certain provisions in the statute or regulation and is in no way intended to be a complete description or summary of the statute or regulation. In the event of any conflict between this summary and the requirements imposed by applicable laws, regulations, and requirements, the applicable laws, regulations, and requirements shall apply.**

c. **Section 109 of Title I of the Housing and Community Development Act of 1974, as amended, including 42 U.S.C. 5301 *et. seq.*, 42 U.S.C. 6101 *et. seq.*, and 29 U.S.C. 794.** This law provides in part that no person on the grounds of race, color, national origin, sex, or religion shall be excluded from participation in, be denied the benefits of, or otherwise be subject to discrimination under any activity funded in whole or part with funds under this Title.

e. **Executive Order 11246, as amended**. This order includes a requirement that grantees and subrecipients and their contractors and subcontractors not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin.

h. **The Americans with Disabilities Act (ADA) of 1990, as amended.** This Act prohibits discrimination on the basis of disability in employment by state and local governments and in places of public accommodation and commercial facilities. The ADA also requires that facilities that are newly constructed or altered, by, on behalf of, or for use of a public entity, be designed and constructed in a manner that makes the facility readily accessible to and usable by persons with disabilities. The Act defines the range of conditions that qualify as disabilities and the reasonable accommodations that must be made to assure equality of opportunity, full participation, independent living, and economic self-sufficiency for persons with disabilities.

As used in the Agreement, the term "small business" means a business that meets the criteria set forth in Section 3(a) of the Small Business Act, as amended (15 U.S.C. 632), and "minority and women-owned

business enterprise" means a business at least fifty-one percent (51%) owned and controlled by minority group members or women. For the purpose of this definition, "minority group members" are Afro-Americans, Spanish-speaking, Spanish surnamed or Spanish-heritage Americans, Asian-Americans, and American Indians. Developer may rely on written representations by businesses regarding their status as minority and female business enterprises in lieu of an independent investigation.

l. **Nondiscrimination.** Developer shall comply with the federal requirements and nondiscrimination provisions in 24 C.F.R. § 92.350, which include requirements on nondiscrimination and equal opportunity, disclosure requirements, debarred, suspended or ineligible contractors, and maintaining a drug-free workplace.

iii. No covered persons who exercise or have exercised any functions or responsibilities with respect to HOME-assisted activities, or who are in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a financial interest in any contract, or have a financial interest in any contract, subcontract, or agreement with respect to the HOME-assisted activity, or with respect to the proceeds from the HOME-assisted activity, either for themselves or those with whom they have business or immediate family ties, during their tenure or for a period of one (1) year thereafter. For purposes of this paragraph, a "covered person" includes any person who is an employee, agent, consultant, officer, or elected or appointed official of the Grantee, the Developer, or any designated public agency.

11. Affirmative Marketing. If the City Loan will be used for housing containing 5 or more assisted units, Developer shall establish for City's review and approval a plan and procedures to affirmatively market the units. The objective of the plan shall be to provide information and attract eligible persons from all racial, ethnic and general groups in the housing market area to the available housing. In connection therewith, Developer shall perform those affirmative marketing responsibilities set forth in 24 C.F.R. § 92.351(a) and the marketing plan shall include the following:

15. Return of HOME Funds. Upon the completion of the Project or earlier termination of the Agreement, Developer shall transfer to City any HOME funds on hand for which Eligible Loan Expenses have not been incurred and any accounts receivable attributable to the use of HOME funds. In addition to the foregoing, in the event the Eligible Loan Expenses for which any disbursement of City Loan funds are disbursed are not incurred by Developer within thirty (30) days after City's disbursement, or such longer time as City approves in its sole discretion, City shall have the right to require that Developer immediately return the City Loan proceeds to City.

16. Monitoring. Not less than once per year, City shall review Developer's activities and operations under the Agreement and Developer's compliance with the HOME Requirements.

Such review may include an on-site inspection of the HOME Units (including unit interiors). If such an on-site inspection of the HOME Units is to be undertaken, City shall coordinate such inspection with Developer. The monitoring required pursuant to this paragraph shall be in compliance with the requirements of 24 C.F.R. § 92.504.

17. Tenant Participation Plan. Developer shall provide to City for approval the form of the lease agreement to be used for the rental units, which lease must be fair and provide for a grievance procedure. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. This certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S.C. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure. Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. Part 135.

v. The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 C.F.R. Part 135.

vi. Noncompliance with HUD's regulations in 24 C.F.R Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

Developer shall abide by the Section 3 clause set forth above and will also cause this Section 3 clause to be inserted in all contracts relating to the construction of the Project.

b. Labor Standards. Developer shall comply with the provisions of 24 C.F.R. § 92.354. Developer shall include in all applicable construction contracts the provisions of federal law imposing labor standards on federally assisted contracts. Developer shall comply with the

Developer shall cause or require to be inserted in full, in all such contracts subject to such regulations, provisions meeting the requirements of this paragraph.

c. HUD Form 4010. Developer shall comply and cause Developer Personnel to comply with the provisions of HUD Form 4010 attached hereto. HUD Form 4010 must be included in the bid packet and construction contract and subcontracts for the Project.

Applicability

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

A. 1. (i) Minimum Wages. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section l(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible, place where it can be easily seen by the workers.

(ii) (a) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(b) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB control number 1215-0140.)

(c) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

(d) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii)(b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part

of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

2. Withholding. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract In the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work, all or part of the wages required by the contract, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

3. (i) Payrolls and basic records. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section l(b)(2)(B) of the Davis-bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section l(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

(ii) (a) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i) except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at http://www.dol.gov/esa/whd/forms/wh347instr.htm or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this subparagraph for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to HUD or its designee. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

(b) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5 (a)(3)(ii), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(i), and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph A.3.(ii)(b).

(d) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under subparagraph A.3.(i) available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and Trainees.

(i) **Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) **Trainees.** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant ',to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by

the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) **Equal employment opportunity.** The utilization of apprentices, trainees and journeymen under 29 CFR Part 5 shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

5. **Compliance with Copeland Act requirements.** The contractor shall comply with the requirements of 29 CFR Part 3 which are incorporated by reference in this contract

The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this paragraph.

7. **Contract termination; debarment.** A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. **Compliance with Davis-Bacon and Related Act Requirements.** All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract

9. **Disputes concerning labor standards.** Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

10. (i) **Certification of Eligibility.** By entering into this contract the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

11. **Complaints, Proceedings, or Testimony by Employees.** No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

(1) **Overtime requirements.** No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

(2) **Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in subparagraph (1) of this paragraph, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in subparagraph (1) of this paragraph, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by the clause set forth in sub paragraph (1) of this paragraph.

(3) **Withholding for unpaid wages and liquidated damages.** HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contract, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same prime contractor such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (2) of this paragraph.

(4) **Subcontracts.** The contractor or subcontractor shall insert in any subcontracts the clauses set forth in subparagraph (1) through (4) of this paragraph and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in subparagraphs (1) through (4) of this paragraph.

1. Loan Amount. The principal amount of the City's loan to Borrower is Three Hundred Ninety-Seven Thousand Four Hundred Ninety-Five Dollars ($397,495.00) ("City Loan"), which shall accrue simple interest at the rate of 1% per annum commencing on the date of this Note. The City Loan shall be disbursed to Borrower in accordance with the Loan Agreement when costs are incurred for Eligible Loan Expenses.

2. **Term of Note; Repayment of Loan Amount**. Except as provided below, the entire City Loan and accrued interest shall be due and payable in a single lump-sum payment on the date that is fifty-five (55) years from the date of this Note, but in no event later than the date that is sixty (60) days prior to the expiration of the term of the Ground Lease. There shall be no penalty to Borrower for any prepayment of the City Loan. Commencing upon the earlier of (i) the date that is thirty (30) years after the date of this Note, or (ii) the date that the loan provided by the Irvine Community Land Trust to Borrower for the Project in the approximate amount of $1,602,505.00 is paid in full, Borrower shall make annual payments to City in an amount equal to ten percent (10%) of Project Cash Flow for the preceding calendar year. If the City Loan has not been paid in full as of the date the loan to be obtained by Borrower from the County Orange in the approximate amount of $2,708,404 is paid in full, the percentage of Project Cash Flow payable to City shall increase from 10% to 25%.

3. **Records**. For the purposes of ascertaining the amount of Project Cash Flow, Borrower shall prepare and keep or cause to be prepared and kept on the Site or at Borrower's principal place of business if located in Orange County, California (or at such other location approved by City, which approval shall not be unreasonably withheld) for a period of not less than twenty-four (24) months following the end of each calendar year, adequate records for the computation of Gross Income and Operating Expenses.

The reports and certificates referred to herein shall be in such form and style and contain such details and breakdown as City may deem reasonably acceptable. The acceptance by City of payments shall be without prejudice to City's right to an examination of the books and records of Borrower in order to verify the amount of Project Cash Flow. If Borrower fails to prepare and deliver promptly any required audit report, City shall have the right, at Borrower's expense, to make an audit of all books and records of Borrower, including its respective bank accounts, which in any way pertain to or show Project Cash Flow, and to prepare the report or reports which Borrower has failed to prepare and deliver. Borrower shall give City access to such books and records at all reasonable times for purposes of preparing any such report.

5. **Audit**. From time to time and at any time, City or City's representative may examine any records required to be maintained under Section 3 during regular business hours upon not less than seventy-two (72) hours written notice for the purpose of investigating and verifying the accuracy of any statement of Project Cash Flow. City may from time to time and at any time, upon reasonable notice, cause an audit of Borrower's books and records to be made by a person or persons of City's selection and, if any statements of Project Cash Flow made to City shall be found to be inaccurate, one party shall pay to the other on demand such sums as may be necessary to settle in full the actual payment that should have been paid to City for the calendar years covered by such inaccurate statement or statements. If said audit shall disclose an inaccuracy which resulted in an underpayment to City greater than five percent (5%) for the

applicable period, then Borrower shall immediately pay to City the cost of such audit; otherwise, the cost of such audit shall be paid by City.

Borrower shall be deemed in default of this Note in the event (i) Borrower fails to timely make a required payment within ten (10) days following the due date of any payment due hereunder, or (ii) Borrower is in default of any of the other terms of this Note and such default is not cured within thirty (30) days after Borrower's receipt of written notice from City specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Borrower's receipt of the written notice of default from City and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days), or (iii) Borrower is in default of the Loan Agreement, the Leasehold Deed of Trust, or the Regulatory Agreement, and fails to timely cure such default under the terms of the applicable agreement, it being understood and agreed by Borrower that a default of any of the foregoing agreements (beyond any applicable cure period) shall be a default of this Note. In the event Borrower is in default under this Note (and after expiration of the cure periods described in the preceding sentence), City may declare the City Loan immediately due and payable.

In addition to Borrower's cure rights, Irvine Company(or its entity formed and existing as the equity investor receiving the tax credits), for so long as such entity is a limited partner investor in Borrower,, shall have ten (10) days after receipt of a default notice from City to cure a monetary default of this Note and thirty (30) days after receipt of a default notice to cure any non-monetary default under this Note; provided however, if the non-monetary default is incapable of being cured within thirty (30) days, Irvine Company shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default and is diligently proceeding to cure such default through the end of such period. The prevailing party in any litigation between the parties arising out of or connected to this Note, in addition to whatever other relief to which the prevailing party is entitled, shall also be entitled to reasonable attorney's fees, including fees and costs for discovery, and any fees and costs for appeal.

12. No Waiver by City. No waiver of any breach, default, or failure of condition under the terms of this Note or the Leasehold Deed of Trust or the obligations secured thereby shall be implied from any failure of City to take, or any delay be implied from any failure by City in taking, action with respect to such breach, default, or failure from any prior waiver of any similar or unrelated breach, default, or failure.

The unenforceability or invalidity of any provision or provisions of this Note as to any persons or circumstances shall not render that provision or those provisions unenforceable or invalid as to any other provisions or circumstances, and all provisions hereof, in all other respects, shall remain valid and enforceable. This Note has been executed and delivered by Borrower in the State of California and is to be governed and construed in accordance with the laws thereof without regard to conflict of law principles. For the purposes and upon the terms and conditions in this Leasehold Deed of Trust, Trustor grants, transfers, and assigns to Trustee, in trust, with power of sale and right of entry and possession, the following property and any interest therein (collectively, the "Trust Estate"): (a) Trustor's leasehold interest in and to that certain real property in the City of Irvine, County of Orange, State of California, described as set forth in Exhibit "A" attached hereto and incorporated herein by reference, as provided by that certain Ground Lease dated of or about even date as this Leasehold Deed of Trust ("Ground Lease"), by and between Trustor and the fee owner of the property ("Real Property"); (b) all buildings and other improvements and structures now or hereafter located on the Real Property (collectively, the "Improvements" and together with the Real Property shall sometimes be referred to as the "Site"); (c) all existing and future leases, subleases, subtenancies, licenses, agreements and concessions relating to the use, occupancy or enjoyment of all or any part of the Site, together with any and all guaranties and other agreements relating to or made in connection with any of the foregoing (individually, a "Lease", and collectively, the "Leases"); and (d) all rents, issues, income, revenues, royalties, profits, proceeds and earnings now or hereafter payable with respect to or otherwise derived from the ownership, use, management, operation, leasing or occupancy of the Site, including, without limitation, cash or security deposited under any of the leases to secure the performance by the lessees of their obligations thereunder (collectively, the "Rents").

2. **Obligations Secured**. Trustor makes this grant and assignment for the purpose of securing the following: (a) payment of the sum of Three Hundred Ninety-Seven Thousand Four Hundred Ninety-Five Dollars ($397,495.00), according to the terms of a promissory note dated on or about the date hereof made by Trustor, payable to order of Beneficiary, and extensions, modifications or renewals thereof ("City Note"); (b) Trustor's performance of the obligations and all amounts that become due under this Leasehold Deed of Trust; and (c) payment of additional sums and interest thereon which may hereafter be loaned to Trustor, or its successors or assigns, when evidenced by a promissory note or notes reciting that they are secured by this Leasehold Deed of Trust. This Leasehold Deed of Trust, the City Note, the Affordable Housing and Loan Agreement between Trustor and Beneficiary dated October 4, 2010 ("Loan Agreement"), and the Regulatory Agreement and Declaration of Covenants and Restrictions between Trustor and Beneficiary recorded against Developer's leasehold interest in the Site on or about the date hereof, in the Official Records of Orange County, California ("Regulatory Agreement"), as such agreements may be amended from time to time, are collectively referred to herein as the "Loan Documents." Any capitalized terms contained in this Leasehold Deed of Trust which are not defined herein shall have the meaning given in the Loan Agreement, unless expressly provided to the contrary.

3. **Acceleration of Loan Upon Sale, Encumbrance, Refinance, or Default**. To the extent permitted by applicable law, if: (a) Trustor shall directly or indirectly, voluntarily or involuntarily, or by operation of law or otherwise, including transfers by devise, foreclosure (or deed in lieu of foreclosure) on another deed of trust other than this Leasehold Deed of Trust, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of the Trust Estate (excluding the lease of the units on the Site in accordance with the Loan Agreement and Regulatory Agreement, the lien of the Permitted Encumbrances, a transfer that is permitted under the Loan Agreement or the Regulatory Agreement without Beneficiary approval provided an assignment and assumption agreement in a form approved by Beneficiary is executed, and any other assignment, transfer, or encumbrance approved in writing by Beneficiary's Contract Officer); (b) Trustor shall refinance any lien or encumbrance on terms not reasonably approved by Beneficiary or, unless otherwise approved in writing by Beneficiary's Contract Officer, for a loan amount which when combined with all of the other security financing encumbering the Site exceeds: (i) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee, and (ii) after the completion of construction of the Project, ninety percent (90%) of the appraised value of the Site plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to Beneficiary; (c) Trustor shall refinance any lien or encumbrance and use the proceeds for any purpose other than the construction and operation of the rental project on the Site; (d) any default shall occur under the Loan Documents other than a default of Beneficiary, or Trustor shall be in default under any documents relating to any other financing that is secured by the Site, and any such default is not cured under the terms of the applicable agreement if there is a cure period; or (e) if Trustor's Ground Lease for the Site terminates for any reason, then Beneficiary, at its option, may declare the entire indebtedness evidenced hereby to be immediately due and payable and collectible then or thereafter as Beneficiary may elect, regardless of the date of maturity.

AN EVENT OF ACCELERATION OR PAYMENT UNDER THE CITY NOTE, WHETHER VOLUNTARY OR DUE TO AN EVENT OF ACCELERATION, SHALL NOT TERMINATE THE REGULATORY AGREEMENT.

4. Assignment of Rents and Performance of Leases.

4.1 Assignment of Rents and Leases. Subject to the rights of each mortgagee or beneficiary of any mortgage, deed of trust, or other security instrument authorized to have priority over this Leasehold Deed of Trust, Trustor hereby irrevocably, absolutely and unconditionally assigns and transfers to Beneficiary all of Trustor's right, title and interest in and to the Leases and the Rents; provided, however, that so long as no default has occurred and is continuing, Trustor shall have the right under a license granted hereby to collect and receive all Rents as trustee for the benefit of Beneficiary and to apply the amounts so collected first to the payment of costs and expenses associated with the ownership, maintenance, operation and leasing of the Site, including, principal, interest and all other amounts required to be paid under the Loan Documents, before using or applying such Rents for any other purpose. No Rents or such other income shall be distributed or paid to Trustor, unless such costs and expenses which are then due have been paid in full. Thereafter, so long as no Event of Default has occurred and is continuing, the balance may be distributed to Trustor. If an Event of Default has occurred and is continuing, Trustor's right to collect and receive the Rents under the license granted hereby shall cease and the license shall be revoked automatically, and Beneficiary shall have the sole right, with or without taking possession of the Site, to collect all Rents; provided, however, if such Event of Default is cured, then such license shall be automatically reinstated. This is an absolute assignment and not an assignment for security only. For purposes of this Section 4.1, the term "Event of Default" shall mean (a) the failure of Trustor to timely pay, within ten (10) days of its due date, any payment due under the City Note, or (b) the failure of Trustor to promptly and completely observe or perform any term, condition, covenant, agreement or obligation contained in any of the Loan Documents or any other instrument or agreement secured hereby, and the continuation of such failure following the expiration of any applicable notice, cure or grace period, if any, provided for therein or herein; provided, however, that in the event no cure or grace period is otherwise provided for herein or therein, such failure shall not be an Event of Default hereunder if Trustor observes or performs such term, condition, covenant, agreement or obligation within thirty (30) days of receipt of written notice from Beneficiary of Trustor's failure to observe or perform any such term, condition, covenant, agreement or obligation or, if not reasonably susceptible of cure within thirty (30) days, then provided the cure is commenced in thirty (30) days and diligently and continuously prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days).

4.2 Covenants Regarding Leases. Trustor shall not, without the prior written consent of Beneficiary, (a) collect any rent from any lessee for a period of more than one (1) month in advance, or (b) except as may be expressly permitted under the Loan Agreement, execute any further assignment of any of its right, title and interest in the Leases and the Rents. Trustor shall (a) observe, perform and discharge each and every obligation, term, covenant, condition and agreement of Trustor under the Leases in all material respects, (b) enforce the performance of each and every obligation, term, covenant, condition and agreement in the Leases to be performed by any lessee or guarantor thereof in all material respects, (c) use good faith

commercially reasonable efforts to keep the Site leased at a good and sufficient rental and on such other terms and conditions as are reasonably acceptable to Beneficiary, (d) execute and deliver to Beneficiary upon demand, at any time and from time to time, any and all assignments and other instruments which Beneficiary may deem reasonably advisable to carry out the true purposes and intent of the assignment set forth in Section 4.1 above, and (e) at the written request of Beneficiary, cause any or all tenants under a lease or sublease to execute a subordination, nondisturbance and attornment agreement and estoppel certificate in form and substance reasonably satisfactory to Beneficiary.

5. Default. Trustor shall be deemed in default of this Leasehold Deed of Trust in the event Trustor fails to perform any obligation hereunder and such default is not cured within thirty (30) days after Trustor's receipt of written notice from Beneficiary specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Trustor's receipt of the notice of default and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days).

In addition to Trustor's cure rights, the Irvine Company, a Delaware limited liability company (or its entity formed and existing as the equity investor receiving the tax credits), ("Irvine Company"), for so long as such entity is a limited partner investor in Trustor, shall have ten (10) days after receipt of a default notice from Beneficiary to cure a monetary default secured by this Leasehold Deed of Trust and thirty (30) days after receipt of a default notice to cure any non-monetary default of this Leasehold Deed of Trust; provided however, if the non-monetary default is incapable of being cured within thirty (30) days, Irvine Company shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default and is diligently proceeding to cure such default through the end of such period. Beneficiary shall accept any cure made by Irvine Company as if made by Trustor.

During the term of the Rider to Loan Agreement attached to the Loan Agreement ("Rider"), prior to exercising any remedies under this Leasehold Deed of Trust, Beneficiary shall give the Irvine Company (or its limited partner assignee) a copy of any written notice given to Trustor under the loan documents at the address set forth in the Rider.

6. Actions Affecting Property. Trustor shall give Beneficiary and Trustee prompt written notice of the assertion of any claim with respect to, or the filing of any action or proceeding purporting to affect the Site, the security hereof or the rights or powers of Beneficiary or Trustee. Trustor shall appear in and contest any such action or proceeding and shall pay all costs and expenses, including cost of evidence of title and attorney's fees, in any such action or proceeding.

7. Beneficiary Expenditures. If any action or proceeding is commenced that would materially affect Beneficiary's interest in the Site or if Trustor fails to comply with any provision of this Leasehold Deed of Trust or any Loan Documents, including but not limited to Trustor's failure to discharge or pay when due any amounts Trustor is required to discharge or pay under this Leasehold Deed of Trust or the Loan Documents, Beneficiary on Trustor's behalf may (but shall not be obligated to) take any action that Beneficiary deems appropriate, including but not

limited to discharging or paying all taxes, liens, security interests, encumbrances and other claims, at any time levied or placed on the Site and paying all costs for insuring, maintaining and preserving the Site. All such expenses will become a part of the indebtedness secured by this Leasehold Deed of Trust and, at Beneficiary's option, will (i) be payable upon demand, (ii) be added to the balance of the City Note and be payable on the same terms as the original amount provided thereunder, or (iii) be treated as a balloon payment which will be due and payable upon the maturity date of the City Note. This Leasehold Deed of Trust shall secure payment of these amounts. Such right shall be in addition to all other rights and remedies to which Beneficiary may be entitled upon a default. Notwithstanding the foregoing, Trustor shall have the right to contest in good faith and with reasonable diligence the amount or validity of any lien or claim of lien so long as Trustor shall provide Beneficiary, at Trustor's sole cost and expense, with such bond or other security as Beneficiary may reasonably require to insure payment thereof and prevent any sale, foreclosure or forfeiture of all or any part of the Site.

8. **Nonrecourse Obligation**. The repayment of the City Loan and any other indebtedness secured by this Leasehold Deed of Trust shall be nonrecourse to Borrower, on the terms, and subject to the conditions, set forth in paragraph 16 of the City Note.

7. **Repair of Damage.** Notwithstanding anything herein to the contrary, Beneficiary shall permit insurance and condemnation proceeds to be used to rebuild the Project provided that (i) sufficient funds are provided from other sources to effectively rebuild the Project to a lawfully authorized multifamily housing complex, and (ii) subject to the rights of senior lenders, Beneficiary shall hold all such proceeds and disburse them based on the progress of construction, subject to such additional reasonable conditions as Beneficiary may impose.

8. **Incorporation of Fictitious Leasehold Deed of Trust**. To protect the security of this Leasehold Deed of Trust, and with respect to the Site above described, Trustor expressly makes each and all of the agreements, and adopts and agrees to perform and be bound by each and all of the terms and provisions set forth in subdivision A, and it is mutually agreed that each and all of the terms and provisions set forth in subdivision B, of the fictitious deed of trust recorded in the Orange County Recorder's Office on August 17, 1964, and in all other counties on August 18, 1964, in the book and at the page of Official Records in the office of the county recorder of the county where said property is located, noted below opposite the name of such county, namely:

DO NOT RECORD

The following is a copy of Subdivisions A and B of the fictitious Deed of Trust recorded in each county in California as stated in the foregoing Deed of Trust and incorporated by reference in said Deed of Trust as being a part thereof as if set forth at length therein.

A. To protect the security of this Deed of Trust, Trustor agrees:

1) To keep said property in good condition and repair, not to remove or demolish any building thereon; to complete or restore promptly and in a good and workmanlike manner any building which may be constructed, damaged or destroyed thereon and to pay when due all claims for labor performed and materials furnished therefor, to comply with all laws affecting said property or requiring any alterations or improvements to be made thereon; not to commit or permit waste thereof; not to commit, suffer or permit any act upon said property in violation of law; to cultivate, irrigate, fertilize, fumigate, prune and do all other acts which from the character or use of said property may be reasonably necessary, the specific enumerations herein not excluding the general.

2) To provide, maintain and deliver to Beneficiary fire insurance satisfactory to and with loss payable to Beneficiary. The amount collected under any fire or other insurance policy may be applied by Beneficiary upon any indebtedness secured hereby and in such order as Beneficiary may determine, or at the option of Beneficiary the entire amount so collected or any part thereof may be released to Trustor. Such application or release shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

3) To appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; and to pay all costs and expenses, including cost of evidence of title and attorney's fees in a reasonable sum, in any such action or proceeding in which Beneficiary or Trustee may appear, and in any suit brought by Beneficiary to foreclose this Deed.

4) To pay: at least ten (10) days before delinquency all taxes and assessments affecting said property, including assessments on appurtenant water stock; when due, all encumbrances, charges and liens, with interest, on said property or any part thereof, which appear to be prior or superior hereto; all costs, fees and expenses of this Trust.

Should Trustor fail to make any payment or to do any act as herein provided, then Beneficiary of Trustee, but without obligation so to do and without notice to or demand upon Trustor and without releasing Trustor from any obligation hereof, may: make or do the same is such manner and to such extent as either may deem necessary to protect the security hereof, Beneficiary or Trustee being authorized to enter upon said property for such purposes; appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; pay, purchase, contest or compromise any encumbrance, charge or lien which in the judgment of either appears to be prior or superior hereto; and, in exercising any such powers, pay necessary expenses, employ counsel and pay his reasonable fees.

5) To pay immediately and without demand all sums so expended by Beneficiary or Trustee, with interest from the date of expenditure at the amount allowed by law in effect at the date hereof, and to pay for any statement provided for by law in effect at the date hereof regarding the obligation secured hereby any amount demanded by the Beneficiary not to exceed the maximum allowed by law at the time when said statement is demanded.

B. It is mutually agreed:

1) That any award in connection with any condemnation for public use of or injury to said property or any part thereof is hereby assigned and shall be paid to Beneficiary who may apply or release such moneys received by him in the same manner and with the same effect as above provided for disposition of proceeds of fire or other insurance.

2) That by accepting payment of any sum secured hereby after its due date, Beneficiary does not waive his right either to require prompt payment when due of all other sums so secured or to declare default for failure so to pay.

3) That at any time or from time to time, without liability therefor and without notice, upon written request of Beneficiary and presentation of this Deed and said note for endorsement, and without affecting the personal liability of any person for payment of the indebtedness secured hereby, Trustee may: reconvey any part of said property; consent to the making of any map or plat thereof; join in granting any easement thereon, or join in any extension agreement or any agreement subordinating the lien or charge hereof.

4) That upon written request of Beneficiary stating that all sums secured hereby have been paid, and upon surrender of this Deed and said note to Trustee for cancellation and retention or other disposition as Trustee in its sole discretion may choose and upon payment of its fees, Trustee shall reconvey, without warranty, the property then held hereunder. The recitals in such reconveyance of any matters or facts shall be conclusive proof of the truthfulness thereof. The Grantee in such reconveyance may be described as "the person or persons legally entitled thereto."

5) That as additional security, Trustor hereby gives to and confers upon Beneficiary the right, power and authority, during the continuance of these Trusts, to collect the rents, issues and profits of said property, reserving unto Trustor the right, prior to any default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, to collect and retain such rents, issues and profits as they become due and payable. Upon any such default, Beneficiary may at any time without notice, either in person, by agent, or be a receiver to be appointed by a court, and without regard to the adequacy of any security for the indebtedness hereby secured, enter upon and take possession of said property or any part thereof, in his own name sue for or otherwise collect such rents, issues, and profits, including those past due and unpaid, and apply the same, less costs and expenses of operation and collection, including reasonable attorney's fees, upon any indebtedness secured hereby, and in such order as Beneficiary may determine. The entering upon and taking possession of said property, the collecting of such rents, issues and profits and the application thereof as aforesaid, shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

6) That upon default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, Beneficiary may declare all sums secured hereby immediately due and payable by delivery to Trustee of written declaration of default and demand for sale and of written notice of default and of election to cause to be sold said property, which notice Trustee shall cause to be filed for record. Beneficiary also shall deposit with Trustee this Deed, said note and all documents evidencing expenditures secured hereby.

After the lapse of such time as may then be required by law following the recordation of said notice of default, and notice of sale having been given as then required by law, Trustee, without demand on Trustor, shall sell said property at the time and place fixed by it in said notice of sale, either as a whole or in separate parcels, and in such order as it may determine, at public auction to the highest bidder for cash in lawful money of the United States, payable at time of sale. Trustee may postpone sale of all or any portion of said property by public announcement at such time and place of sale, and from time to time thereafter may postpone such sale by public announcement at the time fixed by the preceding postponement. Trustee shall deliver to such purchaser its deed conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed of any matters or facts shall be conclusive proof of the truthfulness thereof. Any person, including Trustor, Trustee, or Beneficiary as hereinafter defined, may purchase at such sale.

After deducting all costs, fees and expenses of Trustee and of this Trust, including cost of evidence of title in connection with sale, Trustee shall apply the proceeds of sale to payment of: all sums expended under the terms hereof, not then repaid, with accrued interest at the amount allowed by law in effect at the date hereof; all other sums then secured hereby; and the remainder, if any, to the person or persons legally entitled thereto.

7) Beneficiary, or any successor in ownership of any indebtedness secured hereby, may from time to time, by instrument in writing, substitute a successor or successors to any Trustee named herein or acting hereunder, which instrument, executed by the Beneficiary and duly acknowledged and recorded in the office of the recorder of the county or counties where said property is situated shall be conclusive proof of proper substitution of such successor Trustee or Trustees, who shall, without conveyance from the Trustee predecessor, succeed to all its title, estate, rights, powers and duties. Said instrument must contain the name of the original Trustor, Trustee and Beneficiary hereunder, the book and page where this Deed is recorded and the name and address of the new Trustee.

8) That this Deed applies to, inures to the benefit of, and binds all parties hereto, their heirs, legatees, devisees, administrators, executors, successors and assigns. The term Beneficiary shall mean the owner and holder, including pledgees, of the note secured hereby, whether or not named as Beneficiary herein. In this Deed, whenever the context so requires, the masculine gender includes the feminine and/or neuter, and the singular number includes the plural.

9) That Trustee accepts this Trust when this Deed, duly executed and acknowledged, is made a public record as provided by law. Trustee is not obligated to notify any party hereto of pending sale under any other Deed of Trust or of any action or proceeding in which Trustor, Beneficiary or Trustee shall be a party unless brought by Trustee.

2. **Development of the Project**. Declarant shall commence and complete development of the Project on the Site within the times and subject to the terms and conditions set forth in the Loan Agreement.

3. **Term**. The covenants set forth in this Agreement shall commence on the Regulatory Agreement Effective Date and shall remain in effect until the later of (a) the date that is twenty (20) years following the date that all Residential Units in the Project have received all required occupancy permits from the City, or (b) the date the City Loan and all amounts due under the Loan Agreement, City Note and Leasehold Deed have been paid in full ("**Affordability Term**").

4. **Use; Affordability Covenants**. Declarant hereby covenants and agrees that the Site shall be managed and operated in accordance with the provisions set forth in this Section 4.

4.1 General. Declarant shall devote the Site for use as an affordable residential rental complex with the HOME Units to be rented to and occupied or held available for occupancy only by Eligible Tenants at Affordable Rent in compliance with the Unit Mix. Declarant shall not permit the Residential Units to be utilized on a transient basis, or as a hotel, motel, dormitory, fraternity house, sorority house, rooming house, nursing home, hospital, sanitarium, trailer court or park, day care facilities, or non-residential uses.

4.2. Occupancy by Eligible Tenants. The lease for each HOME Unit shall provide that it is to be used as the principal residence of the HOME Unit's Eligible Tenant and for no other purpose. The lease shall further provide that an Eligible Tenant shall not lease or sublease its HOME Unit or its right of occupancy. Declarant shall institute a program to ensure that the HOME Units remain occupied by the Eligible Tenants.

4.3 Occupancy Limits. The number of persons permitted to occupy each HOME Unit shall not exceed the occupancy permitted pursuant to the general requirements of the United States Department of Housing and Urban Development, which as of the date of this Agreement is two persons per bedroom, plus one person (e.g., for a two bedroom unit the maximum number of persons residing in the unit can be five persons). The lease for each HOME Unit shall include a provision limiting the number of persons permitted to occupy each HOME Unit in accordance with the preceding sentence and Declarant shall enforce such occupancy restrictions.

4.4 Determination of Eligible Tenant Status. Immediately prior to an Eligible Tenant's occupancy of a HOME Unit, Declarant shall obtain an Income Computation

and Certification Form in a form approved by City (which may be the form used in connection with the regulatory agreement for low income housing tax credits, or other form approved by the Contract Officer) from each such Eligible Tenant dated immediately prior to the date of initial occupancy of the HOME Unit by such Eligible Tenant. In addition, Declarant shall provide such further information as may be reasonably required by City for purposes of verifying a tenant's status as an Eligible Tenant, provided the same is reasonably available to Declarant without unreasonable expense in connection with obtaining the same. Declarant shall use good faith efforts to verify that the income provided by an applicant is accurate by taking the following steps as a part of the verification process: (a) obtain three (3) pay stubs for the most recent pay periods; (b) obtain a written verification of income and employment from the applicant's current employer; (c) obtain an income verification form from the Social Security Administration, California Department of Social Services, and/or California Employment Development Department if the applicant receives assistance from any of said agencies; (d) if an applicant is unemployed or did not file a tax return for the previous calendar year, obtain other evidence and/or verification of such applicant's total income received during the calendar year from any source, taxable or nontaxable; and (e) such other information as may be requested by the City to verify an applicant's income. Declarant shall maintain in its records each Income Computation and Certification Form obtained pursuant to this Section and Section 4.5 for a minimum period of five (5) years.

4.5 Recertification. Within sixty (60) days prior to the first anniversary date of the occupancy of a HOME Unit by an Eligible Tenant, and on each anniversary date thereafter, or if preferred by Declarant and approved in writing by City, within sixty (60) days prior to January 1 of each year, Declarant shall recertify the income of such Eligible Tenant by obtaining a completed Income Computation and Certification Form based upon the current income of each occupant of the HOME Unit. Subject to Section 5.2 during the HOME Term, in the event the recertification demonstrates that such household's income exceeds one hundred forty percent (140%) of the income at which such household originally qualified, such household will no longer qualify as an Eligible Tenant at that original income level. If the occupant's income falls within one of the other income categories of Eligible Tenants, the rent shall be increased to the Affordable Rent applicable to the new income category, provided a HOME Unit reserved for the new income category exists and is permitted pursuant to Declarant's agreement with any third party as may be in effect as described in the definition of "Unit Mix" set forth in Section 1 of this Agreement. To the extent permitted by applicable law, including the requirements of Section 42 of the United States Internal Revenue Code, if the income exceeds the income permitted for Eligible Tenant status, the occupants' lease shall not be renewed and said occupants shall be required to vacate the unit within one hundred eighty (180) days after the recertification. Otherwise, the next available Residential Unit will be leased to an Eligible Tenant at an income level that will cause the Project to be in compliance with the Unit Mix as quickly as possible.

4.6 Affordable Rent. The rent for each HOME Unit shall not exceed the rent limits set forth in the HOME Requirements including 24 C.F.R. §92.252. The allowable rent under the HOME Requirements is summarized below:

(a) HOME Rent Limitations. The HOME Requirements establish maximum rent limits at the lesser of (a) the fair market rent for existing housing for comparable

units in the area as established by HUD under 24 C.F.R. § 888.111, or (b) a rent that does not exceed thirty percent (30%) of the adjusted income of a family whose annual income equals sixty-five percent (65%) of the median income for the Orange County area, as determined by HUD, with adjustments for the number of bedrooms in the HOME Unit. The HOME rent limits provided by HUD will include average occupancy per unit and adjusted income assumptions.

(b) Additional HOME Rent Limitations. The Home Requirements also require that affordable units occupied by Eligible Tenants whose income does not exceed 50% of the median income meet one of the following rent requirements:

(i) The rent does not exceed the lesser of (X) the rent calculated under subparagraph (a) above, or (Y) an amount equal to thirty percent (30%) of the annual income of a family whose income equals fifty percent (50%) of the Median Income, with adjustments for smaller and larger families. HUD provides the HOME rent limits which include average occupancy per unit and adjusted income assumptions.

(ii) The rent does not exceed 30% of the family's adjusted income. If the HOME Unit receives federal or state project-based rental subsidy and the Eligible Tenant pays as a contribution toward rent not more than 30% of the family's adjusted income, then the maximum rent (i.e., tenant contribution plus project-based rental subsidy) is the rent allowable under the federal or state project-based rental subsidy program.

If the Eligible Tenant is paying utilities and services, the rent may not exceed the maximum rent minus the monthly allowance established by the Orangey County Housing Authority for utilities and services.

It shall constitute a default for Declarant to charge or accept rent amounts in excess of the Affordable Rent. In the event that Declarant charges or receives such higher rental amounts, in addition to any other remedy City shall have, Declarant shall be required to pay to City the entire amount of rent received in excess of the amount permitted pursuant to this Agreement.

4.7 Leasing HOME Units. The HOME Units shall be available for rental on a continuous basis and Declarant shall not give preference to any particular class or group in renting HOME Units, except to the extent that the HOME Units are required to be rented to Eligible Tenants and except as provided in the next sentence. Declarant shall give priority in renting HOME Units to Eligible Tenants who constitute displaced persons entitled to a preference pursuant to California Health and Safety Code Section 33411.3 or successor statute. Declarant shall maintain a list of persons who have applied for a HOME Unit and, subject to the priority to be given to displaced persons as set forth above, should multiple tenants be equally eligible (as to income, credit history, and other nondiscriminatory criteria) and qualified to rent a HOME Unit, Declarant shall rent available HOME Units to Eligible Tenants on a first qualified (with reasonable efforts made to qualify applicants in the order that the applications are received), first offered basis, or pursuant to a lottery system. Declarant shall use commercially reasonable efforts to lease HOME Units that become available as quickly as possible. Declarant shall market the HOME Units to the citizens of the City of Irvine on a nonexclusive basis.

4.8 Rental Agreement. The form of the lease agreement between Declarant and each of the Eligible Tenants shall be reasonably approved by City prior to the rental or leasing of any of the HOME Units. Once approved, no material changes shall be made to the form of the lease agreement without City's prior written reasonable approval. The lease agreement shall obligate the Eligible Tenants to comply with the provisions set forth in Section 4 of this Agreement and an Eligible Tenant who violates such requirements shall be in default under the rental agreement. Each lease agreement with an Eligible Tenant shall include a provision to the effect that the Declarant has relied on the information provided by the Eligible Tenant on the Income Computation and Certification Form and all other supporting information supplied by the Eligible Tenant in determining qualification for occupancy of the applicable HOME Unit, and that any material misstatement in such certification (whether or not intentional) will be cause for immediate termination of such lease agreement. In addition, each lease agreement shall contain a provision that failure to cooperate with the annual recertification process may disqualify the Eligible Tenant as such and will be will be cause for immediate termination of such lease agreement.

5. HOME Requirements. The covenants set forth in this Section 5 shall be applicable during the HOME Term and shall apply notwithstanding any other provision herein to the contrary.

5.1 Compliance with HOME Requirements. Declarant shall operate the Project in accordance with, and shall comply with, all applicable HOME Requirements. Declarant, at its expense, shall submit to the appropriate entities any and all reports requested by City that are required to be submitted pursuant to the HOME Requirements. In the case of any conflict between the HOME Requirements and this Agreement, the HOME Requirements shall control; it being understood, however, that in order to be in compliance with this Agreement and the HOME Requirements, Declarant shall, to the extent possible, comply with the most restrictive provisions in this Agreement and the applicable HOME Requirements.

5.2 Recertification. In accordance with 24 C.F.R. §92.252(i), in the event a recertification demonstrates that a household's income exceeds the income allowed for Eligible Tenant status, such household will no longer qualify as an Eligible Tenant and will be required to pay as rent an amount equal to the lesser of the amount payable by the tenant under State or local law or 30% of the family's adjusted income, except that if the HOME Unit has been allocated low income housing tax credits by a housing credit agency pursuant to Section 42 of the Internal Revenue Code of 1986 (26 U.S.C. 42), the tenant must pay rent governed by Section 42.

5.3 Lease. The form of the lease between Declarant and each of the Eligible Tenants for the HOME Units shall be approved by City prior to the rental or leasing of any of the HOME Units, which approval shall not be unreasonably withheld, conditioned or delayed so long as the lease is consistent with this Agreement and the HOME Requirements. Once approved, no changes shall be made to the form of the lease without City's prior written approval, which approval shall not be unreasonably withheld, conditioned or delayed so long as the lease is consistent with this Agreement and the HOME Requirements. The lease between Declarant and the Eligible Tenants shall comply with 24 C.F.R. § 92.253 and may not contain any of the following provisions: (i) an agreement by the tenant to be sued, to admit guilt, or to a judgment in favor of Declarant in a lawsuit brought in connection with the lease; (ii) an

agreement by the tenant that Declarant may seize or sell personal property of household members without notice to the tenant and a court decision on the rights of the parties (this provision does not apply to disposition of personal property of a tenant who has vacated his/her unit); (iii) an agreement by the tenant not to hold Declarant or Declarant's agents legally responsible for any action or failure to act, whether intentional or negligent; (iv) an agreement of the tenant that Declarant may institute a lawsuit without notice to the tenant; (v) an agreement by the tenant that Declarant may evict the tenant or household members without instituting a civil court proceeding in which the tenant has the opportunity to present a defense, or before a court decision on the rights of the parties; (vi) an agreement by the tenant to waive any right to a trial by jury; (vii) an agreement by the tenant to waive the tenant's right to appeal or to otherwise challenge in court a court decision in connection with the lease; and (viii) an agreement by the tenant to pay attorneys' fees or other legal costs even if the tenant wins in a court proceeding by Declarant against the tenant (the tenant may, however be obligated to pay costs if the tenant loses).

5.4 Monitoring. City shall monitor and evaluate Declarant's performance under this Agreement to determine compliance with this Agreement and the HOME Requirements. Declarant shall reasonably cooperate with City and shall make available to City all information, documents, and records reasonably requested by City and shall provide City the reasonable right of access to the Site and the HOME Units during normal business hours for the purpose of assuring compliance with this Agreement and evaluating Declarant's performance hereunder.

5.5 Records to be Maintained. Declarant shall keep and maintain records providing a full description of the activities undertaken pursuant to this Agreement demonstrating that the activities meet the HOME Requirements, and such other records as may be reasonably required by City to enable City to evaluate Declarant's compliance with the HOME Requirements and to enable City to comply with City's recordkeeping and reporting requirements under the HOME Requirements. The books and records required to be maintained by Declarant shall be kept at a location in Orange County, California. City and HUD and/or their representatives shall have full and free access to, and the right to examine, inspect, and audit, all books and records of Declarant pertaining to this Agreement at all times during normal business hours upon 48 hours prior written notice to Declarant.

5.7 Audits. Declarant shall perform all audits of its books and records required by HUD or the HOME Requirements or reasonably required by City and a copy of such audits shall be forwarded to the City within thirty (30) days after completion. Declarant shall be subject to all audit and review requirements imposed on City in connection with this Agreement and shall, at its sole cost and expense, cause such audits and reviews to be timely performed.

6. Operation of Program.

6.1 Standard of Performance. Declarant shall operate or cause to be operated the Program, and perform or cause to be performed all Program Activities, in a competent, professional, and first class manner and to the satisfaction of City in its reasonable discretion and in accordance with this Agreement and in compliance with all applicable laws including the HOME Requirements. In addition, Declarant shall operate the Program and

perform the Program Activities in compliance with the HOME Requirements. Declarant shall, if requested by City, provide to City monthly written reports on the progress of any Program Service. Declarant shall cause the Program Activities to be performed by Declarant or Declarant Personnel under Declarant's direct supervision, and shall ensure that all Declarant Personnel engaged in the Program Activities are fully qualified and authorized and permitted under applicable law to operate the Program. Declarant shall secure, at its sole cost and expense, any and all licenses, permits and approvals that may be required by law for the performance of the Program Activities. Declarant shall be responsible for all costs related to the Program.

6.2 Management. If any manager or supervisor of the Program engages in any of the conduct described in Section 6.4 or knowingly allows such conduct to occur at the Site or by Declarant Personnel, or knowingly allows illegal activity to occur at the Site, City shall have the right to require that Declarant immediately replace or cause Lessee to replace such manager or supervisor of the Program.

6.3 Drug Free Covenant. Declarant shall use best efforts to maintain a drug free environment on the Site. Declarant covenants to City that Declarant shall use its best efforts to ensure that Declarant Personnel and all persons working or residing on the Site shall not unlawfully manufacture, distribute, dispense, possess or use controlled substances, as said term is defined in 21 United States Code Section 812 and California Health and Safety Code Section 11007 (or successor statutes), including marijuana, heroin, cocaine, and amphetamines on the Site.

6.4 Program Defaults. If Declarant shall or permit Declarant Personnel to:

(a) engage in any act injuring, abusing, mistreating, or endangering any employee or client of the Program or other persons receiving services under the Program, including any tenants or occupants of the Project as reasonably determined by City;

(b) violate the provisions of Section 6.3 above; or

(c) engage in any act or transgression that, in the reasonable judgment of City, may cause embarrassment to City or the Redevelopment Agency, reflect adversely upon City or the Redevelopment Agency or their respective funding programs or upon Declarant, tend to bring the Program into public disrepute, contempt, scandal, or ridicule, or tend to shock, insult or offend the community or public morals or decency, then

Declarant and City agree to meet and confer within ten (10) days of the request of City to determine a resolution reasonably acceptable to City and Declarant agrees to thereafter promptly implement the resolution. The failure of Declarant to implement the resolution shall constitute a default under this Agreement ("**Program Default**").

6.5 Occupants of Housing Facilities. To the extent permitted by applicable law, Declarant shall cause Lessee to include in its occupancy or lease agreements with the tenants of the HOME Units a requirement that the occurrence of any illegal activity by the tenant or by the tenant's guests at the Site, shall be grounds for immediate termination of the tenant's

right to reside within the HOME Unit and City shall have the right to require that Declarant enforce such provision.

7. **No Discrimination**. Declarant shall not discriminate against, or segregate, any person or group of persons on account of race, color, creed, national origin, ancestry, sex, marital status, or religion in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the Site, nor shall the Declarant for itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the Site.

8. **Maintenance of Site**. For the entire Affordability Term, Declarant shall maintain or cause to be maintained the Site and all improvements on the Site in a good condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders, and regulations of all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction. City places prime importance on quality maintenance to protect its investment and to ensure that affordable housing projects are not allowed to deteriorate due to substandard maintenance. In addition, Declarant shall keep the Site free from all graffiti and any accumulation of debris or waste material. Declarant shall make all repairs and replacements necessary to keep the improvements in first class condition and repair and shall promptly eliminate all graffiti and replace dead and diseased plants and landscaping with comparable approved materials. In the event that Declarant breaches any of the covenants contained in this Section 8, and such default continues for a period of fifteen (15) days after written notice from City or such longer period of time as is reasonably necessary to correct the condition (with respect to landscaping, graffiti, debris, waste material, and general maintenance) or thirty (30) days after written notice from City or such longer period of time as is reasonably necessary to correct the condition (with respect to building improvements), then City in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Site and perform or cause to be performed all such acts and work necessary to cure the default. Pursuant to such right of entry, City shall be permitted (but not required) to enter upon the Site and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Site, and to charge a fee to Declarant in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by City and/or costs of such cure, including a ten percent (10%) administrative charge, which amount shall be promptly paid by Declarant to City upon demand.

9. **Management**.

9.1 Property Manager. Declarant shall manage or cause the Project, and all appurtenances thereto, to be managed in accordance with this Agreement and in a prudent and business-like manner, consistent with good property management standards for other comparable high quality, well-managed affordable rental housing projects in the City of Irvine. Declarant may contract with a property management company or individual property manager to operate and maintain the Project in accordance with the terms of this Section 9.1 ("**Property Manager**"); provided, however, the selection and hiring of the Property Manager (and each successor or assignee) is and shall be subject to the prior written approval of City in its reasonable discretion. Declarant shall conduct due diligence and background evaluation of any

potential third party property manager or property management company to evaluate experience, references, credit worthiness, and related qualifications as a property manager. Any proposed property manager shall have significant and relevant prior experience with affordable housing projects and properties comparable to the Project, and the references and credit record of such property manager/company shall be investigated (or caused to be investigated) by Declarant prior to submitting the name and qualifications of such proposed property manager to City for review and approval. A complete and true copy of the results of such background evaluation shall be provided to City. Approval of a Property Manager by City shall not be unreasonably delayed but shall be in its sole reasonable discretion, and City shall use good faith efforts to respond as promptly as practicable in order to facilitate effective and ongoing property management of the Project by one qualified Property Manager. The replacement of the Property Manager by Declarant and/or the selection by Declarant of any new or different Property Manager shall also be subject to the foregoing requirements.

9.2 On-Site Residential Manager. The Property Manager, or an employee or agent of Property Manager, shall reside full-time in a Residential Unit, and said Residential Unit shall be the Property Manager's only residence.

9.3 Property Management Plan. Prior to the completion of the Project, Declarant shall prepare and submit to City for review and approval, which approval shall not be unreasonably withheld, a management plan which shall include a detailed plan and strategy for long term marketing, operation, maintenance, repair and security of the Project, and the method of selection of tenants, rules and regulations for tenants, and other rental policies for the Project ("**Property Management Plan**"). The ongoing management and operation of the Project shall be in compliance with the approved Property Management Plan. Declarant and its Property Manager may from time to time submit to City amendments to the Property Management Plan, the implementation of which shall be subject to the prior written approval of City, which approval shall not be unreasonably withheld.

9.4 Gross Mismanagement. In the event of "Gross Mismanagement" (as that term is defined below) of the Project, City shall have and retain the authority to direct and require any condition(s), acts, or inactions of Gross Mismanagement to cease and/or be corrected immediately, and further to direct and require the immediate removal of the Property Manager. For purposes of this Agreement, the term "Gross Mismanagement" shall mean management of the Project in a manner which violates the terms and/or intention of this Agreement to operate a high quality affordable housing complex, and shall include, but is not limited to, any one or more of the following occurring twice within a 365 day period:

(a) Leasing to tenants who exceed the prescribed income levels with the knowledge that the tenants do not income qualify;

(b) Allowing the tenants to exceed the prescribed occupancy levels without taking immediate action to stop such overcrowding upon learning of the violation;

(c) Underfunding required reserve accounts to the extent sufficient cash flow is available;

(d) The failure to timely maintain the Project in accordance with the Property Management Plan and this Agreement, which is not corrected within the periods specified in Section 19;

(e) Fraud or embezzlement of Project funds, including without limitation funds in the reserve accounts;

(f) Failing to comply with reasonable recommendations of the Irvine Police Department or other local law enforcement agency(ies) with jurisdiction over the Project, in maintaining a crime-free environment within the Project upon learning of the violation;

(g) Failing to reasonably cooperate with City, including its code enforcement division, or other local health and safety enforcement agency(ies) with jurisdiction over the Project, in maintaining a decent, safe, and sanitary environment within the Project, upon learning of the violation; and

(h) Spending funds from the Capital Replacement Reserve account for items that are not defined eligible as costs, including eligible capital and/or replacement costs, under the standards imposed by generally accepted accounting principles ("GAAP") (and/or, as applicable, generally accepted auditing principles).

Notwithstanding the requirements of the Property Manager to correct any condition of Gross Mismanagement as described above, Declarant is obligated and shall use its best efforts to correct any defects in property management or operations at the earliest feasible time and, if necessary, to replace the Property Manager, as provided above. Declarant shall include provisions of the foregoing requirements and requirements of this Agreement within any contract between Declarant and its Property Manager for the Site.

10. Code Enforcement. Declarant acknowledges and agrees that City and its employees and authorized agents shall have the right to conduct code compliance and/or code enforcement inspections of the Project and the individual Residential Units, both exterior and interior, at reasonable times and upon reasonable notice to Declarant and/or an individual tenant. If such notice is provided by City or its representative(s) to Declarant, then Declarant (or its Property Manager) shall promptly and directly advise any affected tenant of such upcoming inspection and cause access to the area(s) and/or Residential Units of the Project to be made available and open for inspection. Declarant shall include express advisement of such inspection rights within the lease agreements for each Residential Unit of the Project in order for each and every tenant and tenant household to be aware of this inspection right.

11. Reserves.

11.1 Capital Reserve Requirements. Commencing upon the date that the construction financing for the Project is converted to permanent financing, Declarant shall annually set aside an amount of not less than Two Hundred Fifty Dollars ($250.00) per Residential Unit (or such increased amount as reasonably agreed upon by City and Declarant from time to time) into a separate interest-bearing trust account ("**Capital Replacement Reserve**"). Funds in the Capital Replacement Reserve shall be used only for capital repairs, improvements and replacements to the Project, including fixtures and equipment, which are

normally capitalized under GAAP. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve or lessen Declarant's obligation to undertake any and all necessary capital repairs, improvements, or replacements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Declarant, at its expense, shall submit to City an accounting for the Capital Replacement Reserve. Capital improvements and repairs to, and replacements of the Project shall include only those items with a long life in excess of one year, including without limitation the following: carpet and drapery replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement; irrigation pipe and controls replacement; sewer line replacement; water line replacement; gas line replacement; and lighting fixture replacement. Any capital replacement reserve requirements of any other lenders or parties shall not increase the Capital Replacement Reserve funding requirements under this Section. Any capital replacement reserve requirements of any other lenders that are not an affiliate (as defined in Section 20.3 below) of Jamboree, third parties, or the Irvine Company, shall be deemed to satisfy the Capital Replacement Reserve funding requirements under this Section upon approval by City in its reasonable discretion.

11.2 Operating Reserve. Declarant shall establish an interest bearing account to be known as the "**Operating Reserve Account**." Commencing upon the closing of the permanent financing for the Project, Declarant shall deposit into the Operating Reserve Account an amount equal to pay both three (3) months' of Operating Expenses and three (3) months' of debt service for the Site ("**Target Balance**"). Funds in the Operating Reserve Account shall be invested in an interest bearing account and any earnings shall become and remain a part of the Operating Reserve Account. Declarant may draw upon the funds in the Operating Reserve Account only when the amount of Affordable Rent received by Declarant is insufficient to pay Operating Expenses. If for any reason the amount in the Operating Reserve Account falls below an amount equal to 50% of the Target Balance amount, Declarant shall deposit Project Cash Flow in the priority specified in Section 6.3(a)of the Partnership Agreement in the Operating Reserve Account until the Target Balance is restored. In the event of a failure by Declarant to pay Operating Expenses or in the event of a default by Declarant under the Loan Agreement or this Agreement that would provide for the acceleration of the City Loan, then City may, after delivery of notice to Declarant and the expiration of any applicable cure periods, apply the funds in the Operating Reserve Account to the City Loan or use such funds for the continued operation of the Project. Nothing in this Section 11.2 shall modify or be deemed to modify any payment obligation of Declarant pursuant to the Loan Agreement or any attachments thereto entered into by and between Declarant and City. "**Operating Expenses**" shall have the meaning ascribed to that term in the Promissory Note evidencing the City Loan. Upon the Project achieving an annual debt service coverage ratio of 1.15 or greater for three consecutive years after permanent loan funding for the Project, this Operating Reserve requirement is released.

12. Records. Declarant shall maintain complete and accurate records pertaining to the HOME Units for a period of four (4) years (unless a longer period of time is expressly set forth herein), and shall permit any duly authorized representative of City to inspect the books and records of Declarant pertaining to the HOME Units.

13. Right to Inspect. City shall have the right to inspect the Site and the Residential Units for purposes of assuring compliance with this Agreement during normal business hours on not less than seventy-two (72) hours written notice.

14. Relocation. Declarant shall be responsible for providing any relocation benefits or assistance and paying relocation costs to any tenants or occupants who may be displaced from the Site if such benefits or assistance are required to be provided by a public agency, such as the City of Redevelopment Agency, under any applicable federal, state, or local laws, rules or regulations. Declarant shall indemnify, defend, and hold harmless City from and against any and all claims, liabilities, damages or losses arising out of any claims for relocation benefits or assistance that may be asserted by any tenants or occupants of the Project.

15. Indemnification. Declarant shall defend, indemnify and hold harmless City and its officers, officials, agents, employees, representatives, and volunteers from and against any loss, damage, costs, expenses, liability, claim, or judgment relating in any manner to the Site and the operation of the rental project thereon or Declarant's performance under this Agreement, except to the extent caused by the active negligence or willful misconduct of City.

16. Insurance. Upon completion of the Project and for the term of this Agreement, Declarant shall procure and keep in full force and effect or cause to be procured and kept in full force and effect for the mutual benefit of Declarant and City, and shall provide City evidence reasonably acceptable to City, of insurance policies meeting the minimum requirements set forth in this Section 16.

16.1. Types of Insurance Policies. The insurance policies to be maintained by Declarant upon completion of the Project and for the duration of the term of this Agreement are as follows:

i. Commercial General Liability insurance with respect to the Site and the operations of or on behalf of Declarant, in an amount not less than One Million Dollars ($1,000,000.00) per occurrence combined single limit including products, completed operations, contractual, bodily injury, personal injury, death and property damage liability, subject to such increases in amount as City may reasonably require from time to time; provided, that the percentage increase in coverage shall not be required to exceed the percentage increase in the Consumer Price Index published by the United States Department of Labor, Bureau of Labor Statistics, for Urban Wage Earners and Clerical Workers, Los Angeles-Long Beach-Anaheim Average, All Items (1984 = 100) (the "Index"), from and after the date of this Agreement, or, if said Index is discontinued, such official index as may then be in existence and which is most nearly equivalent to said Index (the "CPI Adjustment"). Unless otherwise approved in advance by the City, the insurance to be provided by Declarant may provide for a deductible or self-insured retention of not more than Ten Thousand Dollars ($10,000.00), with such maximum amount to increase at the same rate as the

periodic increases in the minimum amount of total insurance coverage set forth above. City and Redevelopment Agency, and their officers, officials, employees, volunteers, agents, and representatives shall be named as additional insureds under such policy or policies.

ii. With respect to the improvements and any fixtures and furnishings to be owned or leased by Declarant on the Site, all risk property insurance against fire, vandalism, and malicious mischief, and such other additional perils, hazards, and risks as now are or may be included in the standard "all risk" form in general use in Orange County, California, with the standard form fire insurance coverage in an amount equal to full actual replacement cost thereof, as the same may change from time to time. The above insurance policy or policies shall include coverage for earthquakes to the extent generally and commercially available at commercially reasonable rates, if such insurance is generally obtained for rental apartment projects of this size and type in Orange County, California. City and Redevelopment Agency shall be loss payees under such policy or policies and such insurance shall contain a replacement cost endorsement.

16.2 Policy Requirements. A copy of each paid-up policy evidencing such insurance (appropriately authenticated by the insurer) or a certificate of the insurer, certifying that such policy has been issued, providing the coverage required herein, and containing the provisions specified herein, shall be delivered to City on or prior to the completion of the Project, and thereafter, upon renewals, not less than thirty (30) days prior to the expiration of coverage. City may, at any time, and from time to time, inspect and/or copy any and all insurance policies required to be procured by Declarant hereunder. In no event shall the limits of any policy be considered as limiting the liability of Declarant hereunder. In addition to the requirements set forth in Section 16.1, each insurance policy required to be carried by Declarant pursuant to this Agreement:

i. shall be primary insurance and not contributory with any other insurance which City or its officers, officials, employees, volunteers, agents, or representatives may have;

ii. shall contain no special limitations on the scope of protection afforded to City or its officers, officials, employees, volunteers, agents, and representatives;

iii. shall be "per occurrence" rather than "claims made" insurance;

iv. shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability;

v. shall provide that the policy will not be cancelled by the insurer or Declarant unless there is a minimum of thirty (30) days (10 days for nonpayment of premium) prior written notice by certified mail, return receipt requested to City;

vi. shall be written by a California licensed insurer with a Best rating of not less than A:VII;

vii. shall be endorsed to state that any failure to comply with the reporting provisions of the policies shall not affect coverage provided to City and its officers, officials, employees, volunteers, agents, and representatives; and

viii. shall contain a waiver by the insurer of any right to subrogation against City, and its officers, officials, employees, volunteer and agents, which arises or might arise by reason of any payment under such policy or policies or by reason of any act or omission of City or its officers, officials, members, employees, agents, or representatives.

17. Repair of Damage. If any improvements on the Site shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty, Declarant shall promptly proceed to obtain insurance proceeds, and, provided the insurance proceeds are sufficient to restore the Site and the insurance proceeds are made available therefor by the secured lenders, take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the improvements to substantially the same condition as the improvements are required to be maintained in pursuant to this Agreement, and Declarant shall complete the same as soon as possible thereafter so that the Project can continue to be operated and occupied as an affordable housing project in accordance with this Agreement. In no event shall the repair, replacement, or restoration period exceed two (2) years from the date of the destruction subject to events of force majeure unless City, in its sole and absolute discretion, approves a longer period of time.

18. Declarant Ground Lease. Declarant represents and warrants that Declarant's performance under this Agreement will not cause Declarant to be in default of the Ground Lease, and the development, use and operation of the Site under this Agreement is consistent with the use of the Site permitted under the terms of the Ground Lease. Declarant shall comply with each and every condition, responsibility, and obligation it may have pursuant to the Ground Lease in order not to cause a default thereunder. Declarant shall not amend or modify the Ground Lease in any respect inconsistent with this Agreement or in any respect that affects the rights of City as a leasehold mortgagee, without the prior written consent of City, which consent City may withhold in its reasonable discretion. Declarant shall promptly give City notice of any defaults and default notices issued under the Lease.

19. Defaults and Remedies.

19.1 Defaults. Failure or delay by any Party to perform any term or provision of this Agreement which is not cured within thirty (30) days after receipt of notice from the other Party specifying the default (or such other period specifically provided herein) constitutes a default under this Agreement; provided, however, if such default is of the nature requiring more than thirty (30) days to cure, the defaulting Party shall avoid default hereunder by commencing to cure within such thirty (30) day period, and thereafter diligently pursuing such cure to completion within an additional sixty (60) days following the conclusion of such thirty (30) day period (for a total of ninety (90) days). Except as required to protect against further damages, the injured Party may not institute proceedings against the Party in default until the time for cure has expired. Failure or delay in giving such notice shall not constitute a waiver of any default, nor shall it change the time of default.

In addition to Declarant's cure rights hereunder, Irvine Company, for so long as Irvine Company is a limited partner investor in Declarant, shall have ten (10) days after receipt of a default notice from City to cure a monetary default of this Agreement and thirty (30) days after receipt of a default notice to cure any non-monetary default under this Agreement; provided, however if the non-monetary default is incapable of being cured within thirty (30) days, Irvine Company shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default and is diligently proceeding to cure such default through the end of such period. City shall accept any cure made by Irvine Company as if made by Declarant.

19.2 Institution of Legal Actions. In addition to any other rights or remedies, any Party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

19.3 Rights and Remedies are Cumulative. The rights and remedies of the Parties are cumulative, and the exercise by either Party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other Party.

20. Miscellaneous.

20.1 Entire Agreement, Waivers, and Amendments. This Agreement contains the entire agreement between the Parties relating to the subject matter hereof, and supersedes all negotiations and previous agreements between the Parties with respect to all or part of the subject matter hereof, with the exception of the Loan Agreement and the agreements attached to the Loan Agreement. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the Party to be charged. A waiver of the breach of the covenants, conditions or obligations under this Agreement by either Party shall not be construed as a waiver of any succeeding breach of the same or other covenants, conditions or obligations of this Agreement. Any amendment or modification to this Agreement must be in writing and executed by the appropriate authorities of City and Declarant.

20.2 Attorney's Fees and Costs. If either Party to this Agreement commences an action against the other Party to this Agreement arising out of or in connection with this Agreement, the prevailing Party shall be entitled to recover reasonable attorney's fees, expert witness fees, costs of investigation, and costs of suit from the losing Party.

20.3 Prohibition Against Assignment and Transfer by Declarant. The qualifications and identity of Declarant and Jamboree are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Declarant and entered into this Agreement with Declarant. Accordingly, except as expressly set forth herein, Declarant shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Site or in the Project without the City's prior written approval. As used herein, the term "significant change in ownership" shall mean any change by virtue of which Jamboree does not continue to be the managing member of the general partner of Declarant.

Notwithstanding the foregoing paragraph, the following shall not require City approval (except as specifically provided below) for the purpose of this Section 20.3:

(a) A transfer of Declarant's leasehold interest in the Site and the Project to Jamboree;

(b) The removal of the general partner of the partnership for Declarant for any default under the partnership's partnership agreement, provided that any substitute general partner is acceptable to City in its reasonable discretion, including, without limitation, requiring that the new general partner have at least the same level of experience in developing, operating, and managing an affordable multifamily housing complex that is similar to the Project;

(c) A transfer of the limited partnership interest in Declarant from Irvine Company or another tax credit syndicator or investor to Jamboree, or an affiliate of Jamboree, provided that Jamboree continues to manage and operate the Project;

(d) A leasehold interest in a HOME Unit to an Eligible Tenant for Affordable Rent, in accordance with this Agreement and pursuant to a lease form approved by City in accordance with this Agreement; or

(e) Any Permitted Encumbrance.

As used in this Section, the term "affiliate" shall mean an entity that directly or indirectly controls or is controlled by Jamboree.

Declarant shall deliver written notice to City requesting approval of any assignment or transfer requiring City approval hereunder. In considering whether it will grant approval to any assignment by Declarant of its interest in the Site and this Agreement or any portion thereof, Declarant shall consider factors such as the financial strength and capability of the proposed transferee to perform Declarant's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, development, and operation of similar projects.

No assignment, excluding assignments for Permitted Encumbrances, shall be effective as to City unless and until the proposed assignee and Declarant execute and deliver to City an assignment and assumption agreement in form reasonably satisfactory to the Contract Officer and legal counsel for City.

20.4 Prohibition Against Assignment and Transfer by City. The City shall not voluntarily assign or transfer its interest in all or any part of this Agreement (which by definition includes all attachments hereto) without Declarant's prior written approval, which shall not be unreasonably withheld. Notwithstanding the foregoing sentence, the City may: (a) in its sole and absolute discretion assign or transfer all or any part of its interest in this Agreement without Declarant's approval to the Redevelopment Agency or the Irvine Community City.

20.5 Compliance with Laws and Regulations. Declarant shall carry out the design, construction and operation of the Project, and operate the Program, in conformity with all applicable laws, regulations, and rules of governmental agencies having jurisdiction, including without limitation, the legal requirements set forth in Attachment No. 3 to the Loan Agreement and the statutes referenced therein. Each and every provision required by law to be included in this Agreement shall be deemed to be included, and this Agreement shall be read and enforced as though all such provisions were included. Declarant acknowledges and agrees that it shall be and remain, and shall cause the Declarant Personnel to be and remain, fully knowledgeable and apprised of all local, state and federal laws, rules and regulations in any manner affecting the performance under this Agreement, including the HOME Requirements. Declarant shall indemnify, protect, defend and hold harmless City and its officials, officers, employees, and agents, with counsel reasonably acceptable to City, from and against any and all loss, liability, damage, claim, cost, and/or expense (including reasonable attorneys' fees, court and litigation costs, and fees of expert witnesses) that results or arises in any way from any of the following the noncompliance by Declarant or Declarant Personnel of any applicable local, state and/or federal law.

20.6 Interpretation; Governing Law. This Agreement shall be construed according to its fair meaning and as if prepared by both of the Parties hereto. This Agreement shall be interpreted in accordance with the internal laws of the State of California, without regard to conflict of law principles.

20.7 Severability. If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in this Agreement, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision(s) had never been contained herein.

20.8. Third Party Beneficiaries. The Redevelopment Agency and the Irvine Community Land Trust are each intended third party beneficiaries of this Agreement and shall have the right, but not the obligation, to enforce its terms including the rights and benefits that City has under this Agreement. Except as provided herein, no person or entity other than City, Declarant, Redevelopment Agency, and the Irvine Community Land Trust and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

20.9. Notices. Formal notices, demands, and communications between City and Declarant shall be given either by (a) personal service, (b) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, (c) mailing in the United States mail, or (d) delivery by facsimile or electronic mail (email) with transmittal confirmation and confirmation of delivery, certified or first class mail, postage prepaid, addressed to:

During the term of the Rider to Loan Agreement attached to the Loan Agreement ("**Rider**"), prior to exercising any remedies under this Agreement, City shall give the Irvine

Company (or its limited partner assignee) a copy of any written notice given to Declarant under the loan documents at the address set forth in the Rider.

20.10 Covenants Run with the Land. This Agreement shall be binding on Declarant's successors in interest in the Site until the expiration of the Affordability Term. This Agreement is designed to create equitable servitudes and covenants running with the Site, in favor of City. The covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein shall be binding upon all persons having any right, title or interest in the Site, or any part thereof, their heirs, successive owners and assigns; shall inure to the benefit of City and its successors and assigns, shall be binding upon Declarant, its successors and assigns and successors in interest; and may be enforced by Declarant and its successors and assigns. Declarant hereby declares its understanding and intent that the burden of the covenants set forth herein touch and concern the land. Declarant hereby further declares its understanding and intent that the benefit of such covenants touch and concern the land by enhancing and increasing the enjoyment and use of the Site for purposes of affordable housing. City shall have the right to designate real property as benefited by the covenants contained herein during the term of this Agreement. In amplification and not in restriction of the provisions set forth hereinabove, it is intended and agreed that City shall be deemed a beneficiary of the agreements and covenants provided herein both for and in its own right and also for the purposes of protecting the interests of the community. All covenants without regard to technical classification or designation shall be binding for the benefit of City and such covenants shall run in favor of City for the entire period during which such covenants shall be in force and effect, without regard to whether City is or remains an owner of any land or interest therein to which such covenants relate.

The parties acknowledge and agree that this Agreement encumbers Declarant's leasehold interest in the Site and not the fee interest.

20.11 Compliance with Other Agreements. The parties acknowledge that other affordable housing regulatory agreements will be recorded against the Site, imposing income restrictions on the tenants of the Residential Units and limiting the amount of rent that may be charged, which agreements include the Land Use Affordable Housing Regulatory Agreement between City and Irvine Company implementing the land use controls applicable to the Site, and the Regulatory Agreement and Declaration of Covenants and Restrictions between Declarant and the Irvine Community Land Trust to which City is an intended third party beneficiary. Declarant shall comply with the most restrictive terms of such agreements. Delcarant acknowledges that in order to effectuate the foregoing the actual rent paid by Eligible Tenants to Declarant may be less than the Affordable Rent amounts set forth in this Agreement.

20.12 Execution in Counterparts. This Agreement may be executed in two or more counterparts, each of which when so executed and delivered shall be deemed an original and all of which, when taken together, shall constitute one and the same instrument.
