Neither a recipient nor any participant in the development process may commit non-HUD funds or undertake an activity or project that would have an adverse environmental impact or limit the choice of reasonable alternatives. Upon completion of environmental review or receipt of environmental clearance, City shall notify Developer. HUD funds shall not be utilized before this requirement is satisfied. The environmental review or violation of the provisions may result in approval, modification of cancellation of the City HOME Loan. 6. **Other Program Requirements**. Developer shall carry out each activity under the Agreement in accordance with all applicable federal laws and regulations described in Subpart H of 24 C.F.R. § 92 except for City's responsibility for initiating the environmental review process under the provisions of 24 C.F.R. Part 58.

7. **Intentionally Omitted**.

iii. No covered persons who exercise or have exercised any functions or responsibilities with respect to HOME-assisted activities, or who are in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a financial interest in any contract, or have a financial interest in any contract, subcontract, or agreement with respect to the HOME-assisted activity, or with respect to the proceeds from the HOME-assisted activity, either for themselves or those with whom they have business or immediate family ties, during their tenure or for a period of one (1) year thereafter. For purposes of this paragraph, a "covered person" includes any person who is an employee, agent, consultant, officer, or elected or appointed official of the Grantee, the Developer, or any designated public agency.

14. Intentionally Omitted.

15. Affirmative Marketing. The objective of the plan shall be to provide information and attract eligible persons from all racial, ethnic and general groups in the housing market area to the available housing. In connection therewith, Developer shall perform those affirmative marketing responsibilities set forth in 24 C.F.R. § 92.351(a) and the marketing plan shall include the following:

19. Return of HOME Funds. Upon the completion of the Project or earlier termination of the Agreement, Developer shall transfer to City any HOME funds on hand for which Eligible Loan Expenses have not been incurred and any accounts receivable attributable to the use of HOME funds. In addition to the foregoing, in the event the Eligible Loan Expenses for which any disbursement of City HOME Loan funds are disbursed are not incurred by Developer within thirty (30) days after City's disbursement, or such longer time as City approves in its sole discretion, City shall have the right to require that Developer immediately return the City HOME Loan proceeds to City.

20. Monitoring. Not less than once per year, City shall review Developer's activities and operations under the Agreement and Developer's compliance with the HOME Requirements. Such review may include an on-site inspection of the HOME Units (including unit interiors). If such an on-site inspection of the HOME Units is to be undertaken, City shall coordinate such inspection with Developer. The monitoring required pursuant to this paragraph shall be in compliance with the requirements of 24 C.F.R. § 92.504.

21. Tenant Participation Plan. Developer shall provide to City for approval the form of the lease agreement to be used for the rental units, which lease must be fair and provide for a grievance procedure. In addition, Developer shall provide to City for approval a plan that provides for tenant participation in management decisions. (24 C.F.R § 92.303.)

extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

ii. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

iii. It will require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. This certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S.C. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure. iii. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (i).

iv. Notifying the employee in the statement required by paragraph (i) that, as a condition of employment under the grant, the employee will: (a) abide by the terms of the statement; and (b) notify the employer in writing of his or her

conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction.

v. Notifying the agency in writing, within ten calendar days after receiving notice under sub-paragraph (iv)(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant.

vi. The Section 3 clause, set forth in 24 C.F.R § 135.38 provides:

i. The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. § 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

Part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 C.F.R. Part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 C.F.R. Part 135.

v. The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 C.F.R. Part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 C.F.R. Part 135.

vi. Noncompliance with HUD's regulations in 24 C.F.R Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

Developer shall abide by the Section 3 clause set forth above and will also cause this Section 3 clause to be inserted in all contracts relating to the construction of the Project.

CITY HOME LOAN NOTE

[Attached]

PROMISSORY NOTE (CITY HOME LOAN) SECURED BY LEASEHOLD DEED OF TRUST

$676,952.00 _____, 2019

FOR VALUE RECEIVED, the undersigned, CYPRESS VILLAGE CIC, LP, a California limited partnership ("Borrower"), promises to pay to the CITY OF IRVINE, a California municipal corporation ("City"), the sum of Six Hundred Seventy-Six Thousand Nine Hundred Fifty-Two Dollars ($676,952.00), plus accrued interest on the unpaid principal, plus such other costs, charges, and fees which may be owing from time to time, all subject to the terms, conditions, and provisions set forth in this Promissory Note (City HOME Loan) Secured by Leasehold Deed of Trust ("Note"). All terms not otherwise defined herein shall have the meaning ascribed in Exhibit "A" to this Note.

Reference is made to the following documents (collectively, together with this Note, the "City HOME Loan Documents"):

(i) The Affordable Housing and Loan Agreement between Borrower and City dated on or about the date hereof, which sets forth the terms and conditions for City's agreement to provide the "City HOME Loan" (as that term is defined in Section 1 below) to Borrower ("City HOME Loan Agreement").

The Regulatory Agreement and Declaration of Covenants and Restrictions (City HOME Funds) between Borrower and City dated on or about the date hereof, and recorded against the real property to be developed by Borrower pursuant to the City HOME Loan Agreement ("Property"), in the Official Records of Orange County, California, as may be amended from time to time ("City HOME Regulatory Agreement").

(ii) The Leasehold Deed of Trust with Assignment of Rents (HOME Loan) that shall be executed by Borrower for the benefit of City securing the City HOME Loan, and recorded in the Official Records of Orange County, California, as more particularly set forth in the Loan Agreement ("City HOME Leasehold Deed of Trust").

(iii) The Memorandum of Affordable Housing and Loan Agreement that shall be executed by Borrower and City on or about the date of this Note, and recorded in the Official Records of Orange County, California, and may be amended from time to time, and as more particularly set forth in the Loan Agreement ("Memorandum").

1. Loan Amount. The principal amount of the City's loan to Borrower Six Hundred Seventy-Six Thousand Nine Hundred Fifty-Two Dollars ($676,952.00) ("City HOME Loan"), which shall accrue simple interest at the rate of three percent (3%) per annum commencing on the date of this Note. The City HOME Loan shall be disbursed to Borrower in accordance with the City HOME Loan Agreement, when costs are incurred

for "Eligible HOME Loan Expenses" (as that term is defined in the City HOME Loan Agreement).

2. Term of Note; Repayment of Loan Amount. Except as provided below, the entire City HOME Loan and accrued interest shall be due and payable in a single lump-sum payment on the date that is twenty (20) years after all units in the rental affordable housing development Borrower is constructing and operating on the Property pursuant to the City HOME Loan Agreement and City HOME Regulatory Agreement ("Project") have received all required occupancy permits from the City, but in no event later than the date that is sixty (60) years after the date of this Note. There shall be no penalty to Borrower for any prepayment of the City HOME Loan. Commencing in the calendar year after the end of the tax credit compliance period for the Project under Internal Revenue Code Section 42(i)(1), Borrower shall make annual payments to City in an amount equal to the City HOME Loan's share of Project Cash Flow for the preceding calendar year until the City HOME Loan is paid in full. Sixty two and a half percent (62.5%) of then available Project Cash Flow (the "Soft Lenders' Share of Residual Receipts") shall be applied towards annual payments on the loans made by the City and the other "soft financing" lenders for the Project (namely, the Irvine Community Land Trust ("ICLT") and the County of Irvine ("County")) divided as follows: First, the County shall receive twenty five percent (25%) of total Project Cash Flow until the full repayment (principal and accrued interest) of the loans made by the County (namely, the County Housing Successor Agency Loan and the County HOME Loan); and Second, the balance of the Soft Lenders' Share of Residual Receipts (i.e. thirty seven and a half (37.5%) of total Residual Receipts, during the time that the County's loan(s) are outstanding) shall be split between the Land Trust and the City on a pro rata basis, until the full repayment (principal and accrued interest) of the loan(s) made by the Land Trust and the City. Pro rata sharing of Residual Receipts between the Land Trust loan and the City loan is determined based on the original principal balances of the Land Trust's loan and the City's loan as of the date hereof (namely, 90.95% for the Land Trust's loan, and 9.5% for the City's loan). For avoidance of doubt, an example of calculation and distribution of the Soft Lenders' Share of Residual Receipts is attached to this Note as Exhibit A

3. Records. For the purposes of ascertaining the amount of Project Cash Flow, Borrower shall prepare and keep or cause to be prepared and kept on the Property or at Borrower's principal place of business if located in Orange County, California (or at such other location approved by City, which approval shall not be unreasonably withheld) for a period of not less than twenty-four (24) months following the end of each calendar year, adequate records for the computation of Gross Income and Operating Expenses.

4. Reports. Commencing in the calendar year after the end of the tax credit compliance period for the Project under Internal Revenue Code Section 42(i)(1), Borrower shall submit to City on or before August 1 of each calendar year, together with the remittance of the payment due, if any, a written audit report prepared and certified by an independent professional accountant of Borrower's choosing, and acknowledged and signed by Borrower (or if Borrower is a corporation or a partnership, by a duly authorized corporate officer or general partner of Borrower) to be true and correct, showing in reasonable, accurate detail the amount of Project Cash Flow for the immediately

preceding calendar year. The reports and certificates referred to herein shall be in such form and style and contain such details and breakdown as City may deem reasonably acceptable. The acceptance by City of payments shall be without prejudice to City's right to an examination of the books and records of Borrower in order to verify the amount of Project Cash Flow. If Borrower fails to prepare and deliver promptly any required audit report, City shall have the right, at Borrower's expense, to make an audit of all books and records of Borrower, including its respective bank accounts, which in any way pertain to or show Project Cash Flow, and to prepare the report or reports which Borrower has failed to prepare and deliver. Borrower shall give City access to such books and records at all reasonable times for purposes of preparing any such report.

5. Audit. From time to time and at any time, City or City's representative may examine any records required to be maintained under Section 3 during regular business hours upon not less than seventy-two (72) hours written notice for the purpose of investigating and verifying the accuracy of any statement of Project Cash Flow. City may from time to time and at any time, upon reasonable notice, cause an audit of Borrower's books and records to be made by a person or persons of City's selection and, if any statements of Project Cash Flow made to City shall be found to be inaccurate, one party shall pay to the other on demand such sums as may be necessary to settle in full the actual payment that should have been paid to City for the calendar years covered by such inaccurate statement or statements. If said audit shall disclose an inaccuracy which resulted in an underpayment to City greater than two and one-half percent (2.5%) for the applicable period, then Borrower shall immediately pay to City the cost of such audit; otherwise, the cost of such audit shall be paid by City.

6. Default. Borrower shall be deemed in default of this Note in the event (i) Borrower fails to timely make a required payment within ten (10) days following the due date of any payment due hereunder, or (ii) Borrower is in default of any of the other terms of this Note and such default is not cured within thirty (30) days after Borrower's receipt of written notice from City specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Borrower's receipt of the written notice of default from City and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days), or (iii) Borrower is in default of the City HOME Loan Agreement, the City HOME Regulatory Agreement, or the City HOME Leasehold Deed of Trust, and fails to timely cure such default under the terms of the applicable agreement, it being understood and agreed by Borrower that a default of any of the foregoing agreements (beyond any applicable cure period) shall be a default of this Note. In the event Borrower is in default under this Note (and after expiration of the cure periods described in the preceding sentence), City may declare the City HOME Loan immediately due and payable.

In addition to Borrower's cure rights hereunder, Citi Community Capital, or its successors and assigns pursuant to the City HOME Loan Agreement and City HOME Regulatory Agreement ("**Investor**"), for so long as Investor is a limited partner investor in Borrower, shall have ten (10) days after receipt of a default notice from City to cure a monetary default of this Note and thirty (30) days after receipt of a default notice to cure

any non-monetary default under this Note; provided however, if the non-monetary default is incapable of being cured within thirty (30) days, Investor shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default and is diligently proceeding to cure such default through the end of such period. Borrower shall have the obligation to deliver to City written notice of the Investor's mailing address for purposes of delivering any default notice. City shall accept any cure made by Investor as if made by Borrower, but failure by City in timely delivering a default notice to Investor shall not be a default or breach by City under this Note.

7. Additional Terms; Place of Payment, Etc.

(i) Payment of the City HOME Loan shall be in satisfaction of the annual or final payment due from Borrower in accordance with the terms of this Note, and shall be made in lawful money of the United States to City at the address set forth below in this Note or at such other address as City or the holder of this Note may direct pursuant to written notice delivered to Borrower.

(ii) If Borrower fails to timely make a required payment within ten (10) days following the due date of such payment, interest at the rate of ten percent (10%) per annum or the maximum legal rate then applicable, whichever is less, shall accrue on the outstanding amount due commencing from the date payment was due.

(iii) Borrower agrees to pay the following costs, expenses, and reasonable attorney's fees paid or incurred by City, or adjudged by the court, in the collection of amounts in default or other costs incurred as a result of a default by Borrower: (i) reasonable costs of collection, including costs and expenses and attorney's fees paid or incurred in connection with the collection or enforcement of this Note, whether or not suit is filed, and (ii) costs of suit and such sums as the court may adjudge as reasonable attorney's fees in any action to enforce payment of this Note or any part of it if City prevails in such suit.

8. Assignment. This Note shall not be assignable or assumable without the prior, express, written consent of City which may be given or withheld in City's sole and absolute discretion.

9. Waiver of Presentment. Notwithstanding any other provision herein to the contrary, to the extent permitted by law, Borrower hereby waives the following: (i) notice of default or delinquency except defaults or delinquencies of which City has actual notice, (ii) notice of acceleration, (iii) notice of nonpayment, (iv) notice of costs, expenses and losses and interest thereon, (v) notice of interest on interest and late charges, (vi) diligence in taking any action to collect any sums owing under this Note or in proceeding against any of the rights and presentment for payment, demand, protest, and notices of dishonor and/or protest; (vii) the benefits of all waivable exemptions; and (viii) all defenses and pleas on the grounds of any extension or extensions of the time of payment or of any due date under this Note, in whole or in part, whether before or after maturity and with or without notice.

10. Acceleration Upon Sale, Lease, Encumbrance, or Refinance. To the extent permitted by applicable law, if: (a) Borrower shall directly or indirectly, voluntarily or involuntarily, or by operation of law or otherwise, including transfers by devise, foreclosure (or deed in lieu of foreclosure) on another deed of trust other than the City HOME Leasehold Deed of Trust, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of the leasehold interest in the property encumbered by the City HOME Leasehold Deed of Trust (excluding the lease of the units on the Property in accordance with the City HOME Loan Agreement and City HOME Regulatory Agreement, the lien of the "Permitted Encumbrances" (as that term is defined in the City HOME Loan Agreement), a transfer that is permitted under the City HOME Loan Agreement or the City HOME Regulatory Agreement without City approval provided an assignment and assumption agreement in a form approved by City is executed, and any other assignment, transfer, or encumbrance approved in writing by City's "Contract Officer" (as that term is defined in the City HOME Loan Agreement)); (b) Borrower shall refinance any lien or encumbrance on terms not reasonably approved by City or, unless otherwise approved in writing by City's Contract Officer, for a loan amount which when combined with all of the other security financing encumbering the Property exceeds: (i) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Property plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Credit Allocation Committee, and (ii) after the completion of construction of the Project, ninety percent (90%) of the appraised value of the Property plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Credit Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to City; (c) Borrower shall refinance any lien or encumbrance and use the proceeds for any purpose other than the construction and operation of the Project on the Property; (d) any default shall occur under the City HOME Loan Agreement, City HOME Leasehold Deed of Trust, or City HOME Regulatory Agreement, other than a default of City, or Borrower shall be in default under any documents relating to any other financing that is secured by the Property, and any such default is not cured under the terms of the applicable agreement if there is a cure period; or (e) Borrower's Ground Lease for the Property terminates for any reason, then City, at its option, may declare the entire indebtedness evidenced hereby to be immediately due and payable and collectible then or thereafter as City may elect, regardless of the date of maturity.

11. Collection Costs; Litigation. If this Note is not paid when due, whether at maturity or by acceleration, Borrower promises to pay all costs of collection, including, but not limited to, reasonable attorneys' fees and all expenses incurred in connection with the protection or realization of the collateral securing the payment hereof or enforcement of any guarantee, incurred by City on account of such collection, whether or not suit is filed hereon. In any litigation between the parties arising out of this Note, the Superior Court of the State of California in and for the County of Orange shall have exclusive jurisdiction. The prevailing party in any litigation between the parties arising out of or connected to this Note, in addition to whatever other relief to which the prevailing party is entitled, shall also be entitled to reasonable attorney's fees, including fees and costs for discovery, and any fees and costs for appeal.

12. No Waiver by City. No waiver of any breach, default, or failure of condition under the terms of this Note or the Leasehold Deed of Trust or the obligations secured thereby shall be implied from any failure of City to take, or any delay be implied from any failure by City in taking, action with respect to such breach, default, or failure from any prior waiver of any similar or unrelated breach, default, or failure.

13. Severability; Governing Law; Amendment. The unenforceability or invalidity of any provision or provisions of this Note as to any persons or circumstances shall not render that provision or those provisions unenforceable or invalid as to any other provisions or circumstances, and all provisions hereof, in all other respects, shall remain valid and enforceable. This Note has been executed and delivered by Borrower in the State of California and is to be governed and construed in accordance with the laws thereof without regard to conflict of law principles. Neither this Note nor any term hereof may be waived, amended, discharged, modified, changed, or terminated orally; nor shall any waiver of any provision hereof be effective except by an instrument in writing signed by Borrower and City.

LEASEHOLD DEED OF TRUST WITH ASSIGNMENT OF RENTS
(HOME Loan)

This LEASEHOLD DEED OF TRUST WITH ASSIGNMENT OF RENTS ("Leasehold Deed of Trust") is made this _____ day of _____, 2019 among CYPRESS VILLAGE CIC, LP, a California limited partnership ("Trustor"), FIRST AMERICAN TITLE INSURANCE COMPANY, a California corporation ("Trustee"), and the CITY OF IRVINE, a California municipal corporation ("Beneficiary").

1. Grant In Trust. For the purposes and upon the terms and conditions in this Leasehold Deed of Trust, Trustor grants, transfers, and assigns to Trustee, in trust, with power of sale and right of entry and possession, the following property and any interest therein (collectively, the "Trust Estate"): (a) Trustor's leasehold interest in and to that certain real property in the City of Irvine, County of Orange, State of California, described as set forth in Exhibit "A" attached hereto and incorporated herein by reference, as provided by that certain Ground Lease dated on or about the same date hereof, as may be amended from time to time, which was memorialized by a Memorandum of Ground Lease recorded concurrently herewith, as may be amended from time to time ("Ground Lease"), by and between Trustor and the fee owner of the property ("Real Property"); (b) all buildings and other improvements and structures now or hereafter located on the Real Property (collectively, the "Improvements" and together with the Real Property shall sometimes be referred to as the "Property"); (c) all existing and future leases, subleases, subtenancies, licenses, agreements and concessions relating to the use, occupancy or enjoyment of all or any part of the Property, together with any and all guaranties and other agreements relating to or made in connection with any of the foregoing (individually, a "Lease", and collectively, the "Leases"); and (d) all rents, issues, income, revenues, royalties, profits, proceeds and earnings now or hereafter payable with respect to or otherwise derived from the leasehold interest, use, management, operation, leasing or occupancy of the Property, including, without limitation, cash or security deposited under

any of the leases to secure the performance by the lessees of their obligations thereunder (collectively, the "Rents").

2. Obligations Secured. Trustor makes this grant and assignment for the purpose of securing the following: (a) payment of the sum of Six Hundred Seventy-Six Thousand Nine Hundred Fifty-Two Dollars ($676,952.00), according to the terms of a promissory note dated on or about the date hereof made by Trustor, payable to order of Beneficiary, and extensions, modifications or renewals thereof ("City HOME Note"); (b) Trustor's performance of the obligations and all amounts that become due under this Leasehold Deed of Trust; and (c) payment of additional sums and interest thereon which may hereafter be loaned to Trustor, or its successors or assigns, when evidenced by a promissory note or notes reciting that they are secured by this Leasehold Deed of Trust. This Leasehold Deed of Trust, the City HOME Note, the Affordable Housing and Loan Agreement (HOME Funds) by and between Trustor and Beneficiary dated on or about the same date hereof, as may be amended from time to time ("City HOME Loan Agreement"), and the Regulatory Agreement and Declaration of Covenants and Restrictions (City HOME Funds) between Trustor and Beneficiary recorded against Developer's leasehold interest in the Property on or about the date hereof, in the Official Records of Orange County, California ("City HOME Regulatory Agreement"), as such agreements may be amended from time to time, are collectively referred to herein as the "City HOME Loan Documents." Any capitalized terms contained in this Leasehold Deed of Trust which are not defined herein shall have the meaning given in the City HOME Loan Agreement, unless expressly provided to the contrary.

3. Acceleration of Loan Upon Sale, Encumbrance, Refinance, or Default. To the extent permitted by applicable law, if: (a) Trustor shall directly or indirectly, voluntarily or involuntarily, or by operation of law or otherwise, including transfers by devise, foreclosure (or deed in lieu of foreclosure) on another deed of trust other than this Leasehold Deed of Trust, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of the Trust Estate (excluding the lease of the units on the Property in accordance with the City HOME Loan Agreement and City HOME Regulatory Agreement, the lien of the "Permitted Encumbrances" (as that term is defined in the City HOME Loan Agreement), a transfer that is permitted under the City HOME Loan Agreement or the City HOME Regulatory Agreement without Beneficiary approval provided an assignment and assumption agreement in a form approved by Beneficiary is executed, and any other assignment, transfer, or encumbrance approved in writing by Beneficiary's "Contract Officer" (as that term is defined in the City HOME Loan Agreement)); (b) Trustor shall refinance any lien or encumbrance on terms not reasonably approved by Beneficiary or, unless otherwise approved in writing by Beneficiary's Contract Officer, for a loan amount which when combined with all of the other security financing encumbering the Property exceeds: (i) prior to the completion of construction of the rental affordable apartment development pursuant to the City HOME Loan Agreement ("Project"), ninety percent (90%) of the appraised as-completed value of the Property plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Credit Allocation Committee, and (ii) after the completion of construction of the Project, ninety percent (90%) of the appraised value of the Property

plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Credit Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to Beneficiary; (c) Trustor shall refinance any lien or encumbrance and use the proceeds for any purpose other than the construction and operation of the Project on the Property; (d) any default shall occur under the City HOME Loan Agreement, City HOME Note, or City HOME Regulatory Agreement, other than a default of Beneficiary, or Trustor shall be in default under any documents relating to any other financing that is secured by the Property, and any such default is not cured under the terms of the applicable agreement if there is a cure period; or (e) if Trustor's "Ground Lease" (as that term is defined in the City HOME Loan Agreement) for the Property terminates for any reason, then Beneficiary, at its option, may declare the entire indebtedness evidenced hereby to be immediately due and payable and collectible then or thereafter as Beneficiary may elect, regardless of the date of maturity.

AN EVENT OF ACCELERATION OR PAYMENT UNDER THE CITY NOTE, WHETHER VOLUNTARY OR DUE TO AN EVENT OF ACCELERATION, SHALL NOT TERMINATE THE CITY REGULATORY AGREEMENT, AS PERFORMANCE UNDER SAID CITY REGULATORY AGREEMENT IS NOT SECURED BY THIS LEASEHOLD DEED OF TRUST.

4. Assignment of Rents and Performance of Leases.

4.1 Assignment of Rents and Leases. Subject to the rights of each mortgagee or beneficiary of any mortgage, deed of trust, or other security instrument authorized to have priority over this Leasehold Deed of Trust, Trustor hereby irrevocably, absolutely and unconditionally assigns and transfers to Beneficiary all of Trustor's right, title and interest in and to the Leases and the Rents; provided, however, that so long as no default has occurred and is continuing, Trustor shall have the right under a license granted hereby to collect and receive all Rents as trustee for the benefit of Beneficiary and to apply the amounts so collected first to the payment of costs and expenses associated with the ownership, maintenance, operation and leasing of the Property, including, principal, interest and all other amounts required to be paid under the City HOME Loan Documents, before using or applying such Rents for any other purpose. No Rents or such other income shall be distributed or paid to Trustor, unless such costs and expenses which are then due have been paid in full. Thereafter, so long as no "Event of Default" (as that term is defined below) has occurred and is continuing, the balance may be distributed to Trustor. If an Event of Default has occurred and is continuing, Trustor's right to collect and receive the Rents under the license granted hereby shall cease and the license shall be revoked automatically, and Beneficiary shall have the sole right, with or without taking possession of the Property, to collect all Rents; provided, however, if such Event of Default is cured, then such license shall be automatically reinstated. This is an absolute assignment and not an assignment for security only. For purposes of this Section 4.1, the term "Event of Default" shall mean (a) the failure of Trustor to timely pay, within ten (10) days of its due date, any payment due under the City HOME Note, or (b) the failure of Trustor to promptly and completely observe or perform any term, condition, covenant, agreement or obligation contained in this Leasehold Deed of Trust

or the City HOME Loan Agreement, or any other instrument or agreement secured hereby, and the continuation of such failure following the expiration of any applicable notice, cure or grace period, if any, provided for therein or herein; provided, however, that in the event no cure or grace period is otherwise provided for herein or therein, such failure shall not be an Event of Default hereunder if Trustor observes or performs such term, condition, covenant, agreement or obligation within thirty (30) days of receipt of written notice from Beneficiary of Trustor's failure to observe or perform any such term, condition, covenant, agreement or obligation or, if not reasonably susceptible of cure within thirty (30) days, then provided the cure is commenced in thirty (30) days and diligently and continuously prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days).

4.2 Covenants Regarding Leases. Trustor shall not, without the prior written consent of Beneficiary, (a) collect any rent from any lessee for a period of more than one (1) month in advance, or (b) except as may be expressly permitted under the City HOME Loan Agreement, execute any further assignment of any of its right, title and interest in the Leases and the Rents. Trustor shall (a) observe, perform and discharge each and every obligation, term, covenant, condition and agreement of Trustor under the Leases in all material respects, (b) enforce the performance of each and every obligation, term, covenant, condition and agreement in the Leases to be performed by any lessee or guarantor thereof in all material respects, (c) use good faith commercially reasonable efforts to keep the Property leased at a good and sufficient rental and on such other terms and conditions as are reasonably acceptable to Beneficiary, (d) execute and deliver to Beneficiary upon demand, at any time and from time to time, any and all assignments and other instruments which Beneficiary may deem reasonably advisable to carry out the true purposes and intent of the assignment set forth in Section 4.1 above, and (e) at the written request of Beneficiary, cause any or all tenants under a lease or sublease to execute a subordination, nondisturbance and attornment agreement and estoppel certificate in form and substance reasonably satisfactory to Beneficiary.

5. Default. Except as otherwise provided herein, Trustor shall be deemed in default of this Leasehold Deed of Trust in the event Trustor fails to perform any obligation hereunder and such default is not cured within thirty (30) days after Trustor's receipt of written notice from Beneficiary specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Trustor's receipt of the notice of default and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days). City shall accept any cure made by Trustor's limited partner as if made by Trustor as provided in the City HOME Loan Agreement.

6. Actions Affecting Property. Trustor shall give Beneficiary and Trustee prompt written notice of the assertion of any claim with respect to, or the filing of any action or proceeding purporting to affect the Property, the security hereof or the rights or powers of Beneficiary or Trustee. Trustor shall appear in and contest any such action or proceeding and shall pay all costs and expenses, including cost of evidence of title and attorney's fees, in any such action or proceeding.

7. Beneficiary Expenditures. If any action or proceeding is commenced that would materially affect Beneficiary's interest in the Property or if Trustor fails to comply with any provision of this Leasehold Deed of Trust or any City HOME Loan Documents, including but not limited to Trustor's failure to discharge or pay when due any amounts Trustor is required to discharge or pay under this Leasehold Deed of Trust or the City HOME Loan Documents, Beneficiary on Trustor's behalf may (but shall not be obligated to) take any action that Beneficiary deems appropriate, including but not limited to discharging or paying all taxes, liens, security interests, encumbrances and other claims, at any time levied or placed on the Property and paying all costs for insuring, maintaining and preserving the Property. All such expenses will become a part of the indebtedness secured by this Leasehold Deed of Trust and, at Beneficiary's option, will (i) be payable upon demand, (ii) be added to the balance of the City HOME Note and be payable on the same terms as the original amount provided thereunder, or (iii) be treated as a balloon payment which will be due and payable upon the maturity date of the City HOME Note. This Leasehold Deed of Trust shall secure payment of these amounts. Such right shall be in addition to all other rights and remedies to which Beneficiary may be entitled upon a default. Notwithstanding the foregoing, Trustor shall have the right to contest in good faith and with reasonable diligence the amount or validity of any lien or claim of lien so long as Trustor shall provide Beneficiary, at Trustor's sole cost and expense, with such bond or other security as Beneficiary may reasonably require to insure payment thereof and prevent any sale, foreclosure or forfeiture of all or any part of the Property.

8. Nonrecourse Obligation. The repayment of the City HOME Loan and any other indebtedness secured by this Leasehold Deed of Trust shall be nonrecourse to Borrower, on the terms, and subject to the conditions, set forth in paragraph 16 of the City HOME Note.

9. Repair of Damage. Notwithstanding anything herein to the contrary, Beneficiary shall permit insurance and condemnation proceeds to be used to rebuild the Project provided that (i) sufficient funds are provided from other sources to effectively rebuild the Project to a lawfully authorized multifamily housing complex, and (ii) subject to the rights of senior lenders, Beneficiary shall hold all such proceeds and disburse them based on the progress of construction, subject to such additional reasonable conditions as Beneficiary may impose.

10. Extended Use Agreement. This Leasehold Deed of Trust shall be subject and subordinate to the terms of that certain extended use agreement to be executed by the Trustor in connection with the Trustor's allocation of low-income housing tax credits under Section 42 of the Code (the "Extended Use Agreement"). If Beneficiary or its successors or assigns (collectively, the "Subsequent Owner') acquires Trustor's interest in the Property by foreclosure (or instrument in lieu of foreclosure), then the "extended use period" (as defined in Section 42(h)(6)(D) of the Internal Revenue Code) shall terminate, except for the obligation of the Subsequent Owner to comply with the limitations on evictions, termination of tenancy and increase in rents for the three year period following the Subsequent Owner's acquisition of Trustor's interest in the Property, as set forth in Section 42(h)(6)(E)(ii) of the Internal Revenue Code.

11. Incorporation of Fictitious Leasehold Deed of Trust. To protect the security of this Leasehold Deed of Trust, and with respect to the Property above described, Trustor expressly makes each and all of the agreements, and adopts and agrees to perform and be bound by each and all of the terms and provisions set forth in subdivision A, and it is mutually agreed that each and all of the terms and provisions set forth in subdivision B, of the fictitious deed of trust recorded in the Orange County Recorder's Office on August 17, 1964, and in all other counties on August 18, 1964, in the book and at the page of Official Records in the office of the county recorder of the county where said property is located, noted below opposite the name of such county, namely:

A. To protect the security of this Deed of Trust, Trustor agrees:

1) To keep said property in good condition and repair, not to remove or demolish any building thereon; to complete or restore promptly and in a good and workmanlike manner any building which may be constructed, damaged or destroyed thereon and to pay when due all claims for labor performed and materials furnished therefor, to comply with all laws affecting said property or requiring any alterations or improvements to be made thereon; not to commit or permit waste thereof; not to commit, suffer or permit any act upon said property in violation of law; to cultivate, irrigate, fertilize, fumigate, prune and do all other acts which from the character or use of said property may be reasonably necessary, the specific enumerations herein not excluding the general.

2) To provide, maintain and deliver to Beneficiary fire insurance satisfactory to and with loss payable to Beneficiary. The amount collected under any fire or other insurance policy may be applied by Beneficiary upon any indebtedness secured hereby and in such order as Beneficiary may determine, or at the option of Beneficiary the entire amount so collected or any part thereof may be released to Trustor. Such application or release shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

3) To appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; and to pay all costs and expenses, including cost of evidence of title and attorney's fees in a reasonable sum, in any such action or proceeding in which Beneficiary or Trustee may appear, and in any suit brought by Beneficiary to foreclose this Deed.

4) To pay: at least ten (10) days before delinquency all taxes and assessments affecting said property, including assessments on appurtenant water stock; when due, all encumbrances, charges and liens, with interest, on said property or any part thereof, which appear to be prior or superior hereto; all costs, fees and expenses of this Trust.

Should Trustor fail to make any payment or to do any act as herein provided, then Beneficiary of Trustee, but without obligation so to do and without notice to or demand upon Trustor and without releasing Trustor from any obligation hereof, may: make or do the same is such manner and to such extent as either may deem necessary to protect the security hereof, Beneficiary or Trustee being authorized to enter upon said property for such purposes; appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; pay, purchase, contest or compromise any encumbrance, charge or lien which in the judgment of either appears to be prior or superior hereto; and, in exercising any such powers, pay necessary expenses, employ counsel and pay his reasonable fees.

5) To pay immediately and without demand all sums so expended by Beneficiary or Trustee, with interest from the date of expenditure at the amount allowed by law in effect at the date hereof, and to pay for any statement provided for by law in effect at the date hereof regarding the obligation secured hereby any amount demanded by the Beneficiary not to exceed the maximum allowed by law at the time when said statement is demanded.

B. It is mutually agreed:

1) That any award in connection with any condemnation for public use of or injury to said property or any part thereof is hereby assigned and shall be paid to Beneficiary who may apply or release such moneys received by him in the same manner and with the same effect as above provided for disposition of proceeds of fire or other insurance.

2) That by accepting payment of any sum secured hereby after its due date, Beneficiary does not waive his right either to require prompt payment when due of all other sums so secured or to declare default for failure so to pay.

3) That at any time or from time to time, without liability therefor and without notice, upon written request of Beneficiary and presentation of this Deed and said note for endorsement, and without affecting the personal liability of any person for payment of the indebtedness secured hereby, Trustee may: reconvey any part of said property; consent to the making of any map or plat thereof; join in granting any easement thereon, or join in any extension agreement or any agreement subordinating the lien or charge hereof.

4) That upon written request of Beneficiary stating that all sums secured hereby have been paid, and upon surrender of this Deed and said note to Trustee for cancellation and retention or other disposition as Trustee in its sole discretion may choose and upon payment of its fees, Trustee shall reconvey, without warranty, the property then held hereunder. The recitals in such reconveyance of any matters or facts shall be conclusive proof of the truthfulness thereof. The Grantee in such reconveyance may be described as "the person or persons legally entitled thereto."

Upon any such default, Beneficiary may at any time without notice, either in person, by agent, or be a receiver to be appointed by a court, and without regard to the adequacy of any security for the indebtedness hereby secured, enter upon and take possession of said property or any part thereof, in his own name sue for or otherwise collect such rents, issues, and profits, including those past due and unpaid, and apply the same, less costs and expenses of operation and collection, including reasonable attorney's fees, upon any indebtedness secured hereby, and in such order as Beneficiary may determine. 6) That upon default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, Beneficiary may declare all sums secured hereby immediately due and payable by delivery to Trustee of written declaration of default and demand for sale and of written notice of default and of election to cause to be sold said property, which notice Trustee shall cause to be filed for record. Beneficiary also shall deposit with Trustee this Deed, said note and all documents evidencing expenditures secured hereby.

After the lapse of such time as may then be required by law following the recordation of said notice of default, and notice of sale having been given as then required by law, Trustee, without demand on Trustor, shall sell said property at the time and place

fixed by it in said notice of sale, either as a whole or in separate parcels, and in such order as it may determine, at public auction to the highest bidder for cash in lawful money of the United States, payable at time of sale. Trustee may postpone sale of all or any portion of said property by public announcement at such time and place of sale, and from time to time thereafter may postpone such sale by public announcement at the time fixed by the preceding postponement. The recitals in such deed of any matters or facts shall be conclusive proof of the truthfulness thereof. Any person, including Trustor, Trustee, or Beneficiary as hereinafter defined, may purchase at such sale.

After deducting all costs, fees and expenses of Trustee and of this Trust, including cost of evidence of title in connection with sale, Trustee shall apply the proceeds of sale to payment of: all sums expended under the terms hereof, not then repaid, with accrued interest at the amount allowed by law in effect at the date hereof; all other sums then secured hereby; and the remainder, if any, to the person or persons legally entitled thereto.

7) Beneficiary, or any successor in ownership of any indebtedness secured hereby, may from time to time, by instrument in writing, substitute a successor or successors to any Trustee named herein or acting hereunder, which instrument, executed by the Beneficiary and duly acknowledged and recorded in the office of the recorder of the county or counties where said property is situated shall be conclusive proof of proper substitution of such successor Trustee or Trustees, who shall, without conveyance from the Trustee predecessor, succeed to all its title, estate, rights, powers and duties. Said instrument must contain the name of the original Trustor, Trustee and Beneficiary hereunder, the book and page where this Deed is recorded and the name and address of the new Trustee.

8) That this Deed applies to, inures to the benefit of, and binds all parties hereto, their heirs, legatees, devisees, administrators, executors, successors and assigns. The term Beneficiary shall mean the owner and holder, including pledgees, of the note secured hereby, whether or not named as Beneficiary herein. In this Deed, whenever the context so requires, the masculine gender includes the feminine and/or neuter, and the singular number includes the plural.

9) That Trustee accepts this Trust when this Deed, duly executed and acknowledged, is made a public record as provided by law. Trustee is not obligated to notify any party hereto of pending sale under any other Deed of Trust or of any action or proceeding in which Trustor, Beneficiary or Trustee shall be a party unless brought by Trustee.

HUD provides the HOME rent limits which include average occupancy per unit and adjusted income assumptions.

(ii) The rent does not exceed thirty percent (30%) of the household's adjusted income. If the HOME Unit receives federal or state project-based rental subsidy and the Eligible HOME Unit Tenant pays as a contribution toward rent not more than thirty percent (30%) of the household's adjusted income, then the maximum rent (i.e., tenant contribution plus project-based rental subsidy) is the rent allowable under the federal or state project-based rental subsidy program.

If the Eligible HOME Unit Tenant is paying utilities and services, the rent may not exceed the maximum rent minus the monthly allowance established by the Orangey County Housing Authority for utilities and services.

It shall constitute a default for Declarant to charge or accept rent amounts in excess of the HOME Affordable Rent. In the event that Declarant charges or receives such higher rental amounts, in addition to any other remedy City shall have, Declarant shall be required to pay to City the entire amount of rent received in excess of the amount permitted pursuant to this Agreement.

4.7 Leasing HOME Units. The HOME Units shall be available for rental on a continuous basis and Declarant shall not give preference to any particular class or group in renting HOME Units, except to the extent that the HOME Units are required to be rented to Eligible HOME Unit Tenants. Declarant shall market the HOME Units to the citizens of the City of Irvine on a nonexclusive basis.

The initial lease-up of the HOME Units shall be done pursuant to a lottery system. Prior to commencing any marketing activities for the HOME Units, Declarant shall submit to City for City's review and approval Declarant's proposed marketing plan, and procedures for conducting the lottery. A representative of City shall attend the lottery. Notwithstanding anything in this Agreement to the contrary, none of Declarant, Chelsea Investment Corporation, and their respective officials, directors, and employees, and the immediate family members of their respective officials, directors, and employees shall be eligible to participate in the lottery for the initial lease-up of the HOME Units. As used herein, the term "immediate family member" shall mean and include a parent or step-parent, grandparent or step-grandparent, sibling or step-sibling and child or step-child.

Following the initial lease-up of the HOME Units, Declarant shall maintain a waiting list of persons interested in renting a HOME Unit. Subject to Section 4.3 above, at such time as a HOME Unit becomes available for rental, Declarant shall rent such HOME Unit to the first person on the waiting list that qualifies as an Eligible HOME Unit Tenant to rent the HOME Unit. Declarant shall use commercially reasonable efforts to lease HOME Units that become available as quickly as possible

4.8 Rental Agreement. The form of the lease agreement between Declarant and each of the Eligible HOME Unit Tenants shall comply with Section 5.3 of this Agreement.

5. HOME Requirements. The covenants set forth in this Section 5 shall be applicable during the Affordability Term and shall apply notwithstanding any other provision herein to the contrary.

5.1 Compliance with HOME Requirements. Declarant shall operate the Project in accordance with, and shall comply with, all applicable HOME Requirements. Declarant, at its expense, shall submit to the appropriate entities any and all reports requested by City that are required to be submitted pursuant to the HOME Requirements. In the case of any conflict between the HOME Requirements and this Agreement, the HOME Requirements shall control; it being understood, however, that in order to be in compliance with this Agreement and the HOME Requirements, Declarant shall, to the extent possible, comply with the most restrictive provisions in this Agreement and the applicable HOME Requirements.

5.2 Recertification. In accordance with 24 C.F.R. §92.252(i), in the event a recertification demonstrates that a household's income exceeds the income allowed for Eligible HOME Unit Tenant status, such household will no longer qualify as an Eligible HOME Unit Tenant and will be required to pay as rent an amount equal to the lesser of the amount payable by the tenant under State or local law or 30% of the

household's adjusted income, except that if the HOME Unit has been allocated low income housing tax credits by a housing credit agency pursuant to Section 42 of the Internal Revenue Code of 1986 (26 U.S.C. 42), the tenant must pay rent governed by Section 42 of the Internal Revenue Code.

5.3 Lease. The form of the lease between Declarant and each Eligible HOME Unit Tenant shall be approved by City prior to the rental or leasing of any of the HOME Units, which approval shall not be unreasonably withheld, conditioned or delayed so long as the lease is consistent with this Agreement and the HOME Requirements. Once approved, no changes shall be made to the form of the lease without City's prior written approval, which approval shall not be unreasonably withheld, conditioned or delayed so long as the lease is consistent with this Agreement and the HOME Requirements. The lease between Declarant and the Eligible HOME Unit Tenants shall comply with 24 C.F.R. § 92.253 and may not contain any of the following provisions: (i) an agreement by the tenant to be sued, to admit guilt, or to a judgment in favor of Declarant in a lawsuit brought in connection with the lease; (ii) an agreement by the tenant that Declarant may seize or sell personal property of household members without notice to the tenant and a court decision on the rights of the parties (this provision does not apply to disposition of personal property of a tenant who has vacated his/her unit); (iii) an agreement by the tenant not to hold Declarant or Declarant's agents legally responsible for any action or failure to act, whether intentional or negligent; (vi) an agreement of the tenant that Declarant may institute a lawsuit without notice to the tenant; (v) an agreement by the tenant that Declarant may evict the tenant or household members without instituting a civil court proceeding in which the tenant has the opportunity to present a defense, or before a court decision on the rights of the parties; (vi) an agreement by the tenant to waive any right to a trial by jury; (vii) an agreement by the tenant to waive the tenant's right to appeal or to otherwise challenge in court a court decision in connection with the lease; and (viii) an agreement by the tenant to pay attorneys' fees or other legal costs even if the tenant wins in a court proceeding by Declarant against the tenant (the tenant may, however be obligated to pay costs if the tenant loses).

In addition, the form of the lease between Declarant and each Eligible HOME Unit Tenant shall obligate the Eligible HOME Unit Tenant to comply with the provisions set forth in Section 4 of this Agreement and an Eligible HOME Unit Tenant who violates such requirements shall be in default under the rental agreement. Each lease agreement with an Eligible HOME Unit Tenant shall include a provision to the effect that the Declarant has relied on the information provided by the Eligible HOME Unit Tenant on the Income Computation and Certification Form and all other supporting information supplied by the Eligible HOME Unit Tenant in determining qualification for occupancy of the applicable HOME Unit, and that any material misstatement in such certification (whether or not intentional) will be cause for immediate termination of such lease agreement. In addition, each lease agreement shall contain a provision that failure to cooperate with the annual recertification process may disqualify the Eligible HOME Unit Tenant as such and will be cause for immediate termination of such lease agreement.

5.4 Monitoring. City shall monitor and evaluate Declarant's performance under this Agreement to determine compliance with this Agreement and the

HOME Requirements. Declarant shall reasonably cooperate with City and shall make available to City all information, documents, and records reasonably requested by City and shall provide City the reasonable right of access to the Property and the HOME Units during normal business hours for the purpose of assuring compliance with this Agreement and evaluating Declarant's performance hereunder.

5.5 Records to be Maintained. Declarant shall keep and maintain records providing a full description of the activities undertaken pursuant to this Agreement demonstrating that the activities meet the HOME Requirements, and such other records as may be reasonably required by City to enable City to evaluate Declarant's compliance with the HOME Requirements and to enable City to comply with City's recordkeeping and reporting requirements under the HOME Requirements. The books and records required to be maintained by Declarant shall be kept at a location in Orange County, California. City and HUD and/or their representatives shall have full and free access to, and the right to examine, inspect, and audit, all books and records of Declarant pertaining to this Agreement at all times during normal business hours upon 48 hours prior written notice to Declarant.

5.6 Audits. Declarant shall perform all audits of its books and records required by HUD or the HOME Requirements or reasonably required by City and a copy of such audits shall be forwarded to the City within thirty (30) days after completion. Declarant shall be subject to all audit and review requirements imposed on City in connection with this Agreement and shall, at its sole cost and expense, cause such audits and reviews to be timely performed.

6. Operation of Program.

6.1 Standard of Performance. Declarant shall operate or cause to be operated the Program, and perform or cause to be performed all Program Activities, in a competent, professional, and first class manner and to the satisfaction of City in its reasonable discretion and in accordance with this Agreement and in compliance with all applicable laws including the HOME Requirements. Declarant shall, if requested by City, provide to City monthly written reports on the progress of any Program Service. Declarant shall cause the Program Activities to be performed by Declarant or Declarant Personnel under Declarant's direct supervision, and shall ensure that all Declarant Personnel engaged in the Program Activities are fully qualified and authorized and permitted under applicable law to operate the Program. Declarant shall secure, at its sole cost and expense, any and all licenses, permits and approvals that may be required by law for the performance of the Program Activities. Declarant shall be responsible for all costs related to the Program.

6.2 Management. If any manager or supervisor of the Program engages in any of the conduct described in Section 6.4 or knowingly allows such conduct to occur at the Property or by Declarant Personnel, or knowingly allows illegal activity to occur at the Property, City shall have the right to require that Declarant immediately replace such manager or supervisor of the Program.

6.3 Drug Free Covenant. Declarant shall use its best efforts to maintain a drug free environment on the Property. Declarant covenants to City that Declarant shall use its best efforts pursuant to Section 6.5 of this Agreement to ensure that all persons residing on the Property shall not unlawfully manufacture, distribute, dispense, possess, or use controlled substances as defined in 21 United States Code section 812 and California Health and Safety Code section 11007, or successor statutes, and as prohibited by City law.

6.4 Program Defaults. If Declarant shall or permit Declarant Personnel to:

(a) engage in any act injuring, abusing, mistreating, or endangering any employee or client of the Program or other persons receiving services under the Program, including any tenants or occupants of the Project as reasonably determined by City; or

(b) fail to use best efforts in violation of Section 6.3 above; or

(c) engage in any act or transgression that, in the reasonable judgment of City, may cause embarrassment to the City, reflect adversely upon the City or its funding programs or upon Declarant, tend to bring the Program into public disrepute, contempt, scandal, or ridicule, or tend to shock, insult or offend the community or public morals or decency, then

Declarant and City agree to meet and confer within ten (10) days of the request of City to determine a resolution reasonably acceptable to City and Declarant agrees to thereafter promptly implement the resolution. The failure of Declarant to implement the resolution shall constitute a default under this Agreement ("**Program Default**").

6.5 Occupants of Housing Facilities. To the extent permitted by applicable law, Declarant shall include in its occupancy or lease agreements with the Eligible HOME Unit Tenants a requirement that the occurrence of any illegal activity by the tenant or by the tenant's guests at the Property, shall be grounds for immediate termination of the tenant's right to reside within the HOME Unit and City shall have the right to require that Declarant enforce such provision.

7. No Discrimination. Declarant shall not discriminate against, or segregate, any person or group of persons on account of race, color, creed, national origin, ancestry, sex, sexual orientation, marital status, or religion in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the Property, nor shall the Declarant for itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the Property.

8. Maintenance of Property. For the entire Affordability Term, Declarant shall maintain or cause to be maintained the Property and all improvements on the Property in a good condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders, and regulations of

all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction. City places prime importance on quality maintenance to protect its investment and to ensure that affordable housing projects are not allowed to deteriorate due to substandard maintenance. In addition, Declarant shall keep the Property free from all graffiti and any accumulation of debris or waste material. Declarant shall make all repairs and replacements necessary to keep the improvements in first class condition and repair and shall promptly eliminate all graffiti and replace dead and diseased plants and landscaping with comparable approved materials. In the event that Declarant breaches any of the covenants contained in this Section 8, and such default continues for a period of fifteen (15) days after written notice from City or such longer period of time as is reasonably necessary to correct the condition (with respect to landscaping, graffiti, debris, waste material, and general maintenance) or thirty (30) days after written notice from City or such longer period of time as is reasonably necessary to correct the condition (with respect to building improvements), then City in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Property and perform or cause to be performed all such acts and work necessary to cure the default. Pursuant to such right of entry, City shall be permitted (but not required) to enter upon the Property and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Property, and to charge a fee to Declarant in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by City and/or costs of such cure, including a ten percent (10%) administrative charge, which amount shall be promptly paid by Declarant to City upon demand.

9. Management.

9.1 Property Manager. Declarant shall manage or cause the Project, and all appurtenances thereto, to be managed in accordance with this Agreement and in a prudent and business-like manner, consistent with good property management standards for other comparable high quality, well-managed affordable rental housing projects in the City of Irvine. Declarant may contract with a property management company or individual property manager to operate and maintain the Project in accordance with the terms of this Section 9.1 ("**Property Manager**"); provided, however, the selection and hiring of the Property Manager (and each successor or assignee) is and shall be subject to the prior written approval of City in its reasonable discretion. Declarant shall conduct due diligence and background evaluation of any potential third party property manager or property management company to evaluate experience, references, credit worthiness, and related qualifications as a property manager. Any proposed property manager shall have significant and relevant prior experience with affordable housing projects and properties comparable to the Project, and the references and credit record of such property manager/company shall be investigated (or caused to be investigated) by Declarant prior to submitting the name and qualifications of such proposed property manager to City for review and approval. A complete and true copy of the results of such background evaluation shall be provided to City. Approval of a Property Manager by City shall not be unreasonably delayed but shall be in its sole reasonable discretion, and City shall use good faith efforts to respond as promptly as practicable in order to facilitate effective and ongoing property management of the

Project by one qualified Property Manager. The replacement of the Property Manager by Declarant and/or the selection by Declarant of any new or different Property Manager shall also be subject to the foregoing requirements. City hereby approves CIC Management Inc., as the initial Property Manager, and approves ConAm Management Corporation as the Property Manager's sub-management agent.

9.2 On-Site Residential Manager. The Property Manager, or an employee or agent of Property Manager or its sub-management agent, shall reside full-time in a Residential Unit located within the Project, and said Residential Unit shall be the Property Manager's only residence.

9.3 Property Management Plan. Prior to the completion of the Project, Declarant shall prepare and submit to City for review and approval, which approval shall not be unreasonably withheld, a management plan which shall include a detailed plan and strategy for long term marketing, operation, maintenance, repair and security of the Project, and the method of selection of tenants, rules and regulations for tenants, and other rental policies for the Project ("**Property Management Plan**"). The ongoing management and operation of the Project shall be in compliance with the approved Property Management Plan. Declarant and its Property Manager may from time to time submit to City amendments to the Property Management Plan, the implementation of which shall be subject to the prior written approval of City, which approval shall not be unreasonably withheld.

9.4 Gross Mismanagement. In the event of "Gross Mismanagement" (as that term is defined below) of the Project, City shall have and retain the authority to direct and require any condition(s), acts, or inactions of Gross Mismanagement to cease and/or be corrected immediately, and further to direct and require the immediate removal of the Property Manager. For purposes of this Agreement, the term "Gross Mismanagement" shall mean management of the Project in a manner which violates the terms and/or intention of this Agreement to operate a high quality affordable housing complex, and shall include, but is not limited to, any one or more of the following occurring twice within a three hundred sixty-five (365) day period:

(a) Leasing to tenants who exceed the prescribed income levels with the knowledge that the tenants do not income qualify;

(b) Allowing the tenants to exceed the prescribed occupancy levels without taking immediate action to stop such overcrowding upon learning of the violation;

(c) Underfunding required reserve accounts to the extent sufficient cash flow is available;

(d) The failure to timely maintain the Project in accordance with the Property Management Plan and this Agreement, which is not corrected within the periods specified in Section 19;

(e) Fraud or embezzlement of Project funds, including without limitation funds in the reserve accounts;

(f) Failing to comply with reasonable recommendations of the Irvine Police Department or other local law enforcement agency(ies) with jurisdiction over the Project, in maintaining a crime-free environment within the Project upon learning of the violation;

(g) Failing to reasonably cooperate with City, including its code enforcement division, or other local health and safety enforcement agency(ies) with jurisdiction over the Project, in maintaining a decent, safe, and sanitary environment within the Project, upon learning of the violation; and

(h) Spending funds from the Capital Replacement Reserve account for items that are not defined eligible as costs, including eligible capital and/or replacement costs, under the standards imposed by generally accepted accounting principles ("**GAAP**") (and/or, as applicable, generally accepted auditing principles).

Notwithstanding the requirements of the Property Manager to correct any condition of Gross Mismanagement as described above, Declarant is obligated and shall use its best efforts to correct any defects in property management or operations at the earliest feasible time and, if necessary, to replace the Property Manager, as provided above. Declarant shall include provisions of the foregoing requirements and requirements of this Agreement within any contract between Declarant and its Property Manager for the Property.

10. Code Enforcement. Declarant acknowledges and agrees that City and its employees and authorized agents shall have the right to conduct code compliance and/or code enforcement inspections of the Project and the individual Residential Units, both exterior and interior, at reasonable times and upon reasonable notice to Declarant and/or an individual tenant. If such notice is provided by City or its representative(s) to Declarant, then Declarant (or its Property Manager) shall promptly and directly advise any affected tenant of such upcoming inspection and cause access to the area(s) and/or Residential Units of the Project to be made available and open for inspection. Declarant shall include express advisement of such inspection rights within the lease agreements for each Residential Unit of the Project in order for each and every tenant and tenant household to be aware of this inspection right.

11. Reserves.

11.1 Capital Reserve Requirements. Commencing upon the date that the construction financing for the Project is converted to permanent financing, Declarant shall annually set aside into a separate interest-bearing trust account an amount of the higher of (i) Two Hundred Fifty Dollars ($250.00) per Residential Unit, increasing by three percent (3%) every year (or such increased amount as reasonably agreed upon by City and Declarant from time to time), or (ii) the minimum amount for capital reserves per

Residential Unit required by the TCAC Requirements ("**Capital Replacement Reserve**"). Funds in the Capital Replacement Reserve shall be used only for capital repairs, improvements and replacements to the Project, including fixtures and equipment, which are normally capitalized under GAAP. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve or lessen Declarant's obligation to undertake any and all necessary capital repairs, improvements, or replacements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Declarant, at its expense, shall submit to City an accounting for the Capital Replacement Reserve. Capital improvements and repairs to, and replacements of the Project shall include only those items with a long life in excess of one year, including without limitation the following: carpet and drapery replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement; irrigation pipe and controls replacement; sewer line replacement; water line replacement; gas line replacement; and lighting fixture replacement. Any capital replacement reserve requirements of any other lenders or parties shall not increase the Capital Replacement Reserve funding requirements under this Section. Any capital replacement reserve requirements of any other lenders that are not an affiliate (as defined in Section 20.3 below) of Declarant, or any capital replacement reserve requirements of the Land Trust in the Ground Lease, may be deemed to satisfy the Capital Replacement Reserve funding requirements under this Section upon prior written approval by City in its reasonable discretion.

11.2 Operating Reserve. Declarant shall establish an interest bearing account to be known as the "**Operating Reserve Account**." Commencing upon the closing of the permanent financing for the Project, Declarant shall deposit into the Operating Reserve Account an amount equal to pay both three (3) months' of Operating Expenses and three (3) months' of debt service for the Property ("**Target Balance**"). Funds in the Operating Reserve Account shall be invested in an interest bearing account and any earnings shall become and remain a part of the Operating Reserve Account. Declarant may draw upon the funds in the Operating Reserve Account only when the amount of HOME Affordable Rent received by Declarant is insufficient to pay Operating Expenses. If for any reason the amount in the Operating Reserve Account falls below an amount equal to fifty percent (50%) of the Target Balance amount, Declarant shall deposit Project Cash Flow in the Operating Reserve Account until the Target Balance is restored. In the event of a failure by Declarant to pay Operating Expenses or in the event of a default by Declarant under the City HOME Loan Agreement or this Agreement that would provide for the acceleration of the City HOME Loan, then City may, after delivery of notice to Declarant and the expiration of any applicable cure periods, apply the funds in the Operating Reserve Account to the City HOME Loan or use such funds for the continued operation of the Project. Nothing in this Section 11.2 shall modify or be deemed to modify any payment obligation of Declarant pursuant to the City HOME Loan Agreement or any attachments thereto entered into by and between Declarant and City. "**Operating Expenses**" shall have the meaning ascribed to that term in the City HOME Loan Note evidencing the City HOME Loan. Upon the Project achieving an annual debt service coverage ratio of one and twenty-five hundredths (1.25) or greater for three (3)

consecutive years after permanent loan funding for the Project, this Operating Reserve requirement is released.

12. Records. Declarant shall maintain complete and accurate records pertaining to the HOME Units for a period of five (5) years (unless a longer period of time is expressly set forth herein), and shall permit any duly authorized representative of City to inspect the books and records of Declarant pertaining to the HOME Units.

13. Right to Inspect. City shall have the right to inspect the Property and the Residential Units for purposes of assuring compliance with this Agreement during normal business hours on not less than seventy-two (72) hours written notice.

14. Relocation. Declarant shall be responsible for providing any relocation benefits or assistance and paying relocation costs to any tenants or occupants who may be displaced from the Property if such benefits or assistance are required to be provided by a public agency, such as the City, under any applicable federal, state, or local laws, rules or regulations. Declarant shall indemnify, defend, and hold harmless City from and against any and all claims, liabilities, damages or losses arising out of any claims for relocation benefits or assistance that may be asserted by any tenants or occupants of the Project.

15. Indemnification. Declarant shall defend, indemnify and hold harmless City and its officers, officials, agents, employees, representatives, and volunteers from and against any loss, damage, costs, expenses, liability, claim, or judgment relating in any manner to the Property and the operation of the rental project thereon or Declarant's performance under this Agreement, except to the extent caused by the active negligence or willful misconduct of City.

16. Insurance. Upon completion of the Project and for the term of this Agreement, Declarant shall procure and keep in full force and effect or cause to be procured and kept in full force and effect for the mutual benefit of Declarant and City, and shall provide City evidence reasonably acceptable to City, of insurance policies meeting the minimum requirements set forth in this Section 16.

16.1. Types of Insurance Policies. The insurance policies to be maintained by Declarant upon completion of the Project and for the duration of the term of this Agreement are as follows:

i. Commercial General Liability insurance with respect to the Property and the operations of or on behalf of Declarant, in an amount not less than Five Million Dollars ($5,000,000.00) per occurrence limit including products, completed operations, contractual, bodily injury, personal injury, death and property damage liability, subject to such increases in amount as City may reasonably require from time to time; provided, that the percentage increase in coverage shall not be required to exceed the percentage increase in the Consumer Price Index

published by the United States Department of Labor, Bureau of Labor Statistics, for Urban Wage Earners and Clerical Workers, Los Angeles-Long Beach-Anaheim Average, All Items (1984 = 100) (the "**Index**"), from and after the date of this Agreement, or, if said Index is discontinued, such official index as may then be in existence and which is most nearly equivalent to said Index (the "**CPI Adjustment**"). Unless otherwise approved in advance by the City, the insurance to be provided by Declarant may provide for a deductible or self-insured retention of not more than Ten Thousand Dollars ($10,000.00), with such maximum amount to increase at the same rate as the periodic increases in the minimum amount of total insurance coverage set forth above. City and its officers, officials, employees, volunteers, agents, and representatives shall be named as additional insureds under such policy or policies.

ii. With respect to the improvements and any fixtures and furnishings to be owned or leased by Declarant on the Property, all risk property insurance against fire, vandalism, and malicious mischief, and such other additional perils, hazards, and risks as now are or may be included in the standard "all risk" form in general use in Orange County, California, with the standard form fire insurance coverage in an amount equal to full actual replacement cost thereof, as the same may change from time to time. Declarant shall also procure earthquake insurance through a policy or policies with coverage in an amount equal to actual replacement cost of the improvements on the Property. City shall be a loss payee under such policy or policies and such insurance shall contain a replacement cost endorsement.

16.2 Policy Requirements. Declarant/Owner shall provide to City a Certificate(s) of Insurance evidencing such coverage together with copies of the required policy endorsements no later than five (5) business days prior to commencement of service and at least fifteen (15) business days prior to the expiration of any policy. Coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, non-renewed, or materially changed for any reason, without thirty (30) days prior written notice thereof given by the insurer to City by U.S. mail, or by personal delivery, except for nonpayment of premiums, in which case ten (10) days prior notice shall be provided.

A statement on an insurance certificate will not be accepted in lieu of the actual endorsement. Insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval.

The City project title or description MUST be included in the "Description of Operations" box on the certificate. In no event shall the limits of any policy be considered as limiting the liability of Declarant hereunder. In addition to the requirements set forth in Section 16.1, each insurance policy required to be carried by Declarant pursuant to this Agreement:

i. shall be primary insurance and not contributory with any other insurance which City or its officers, officials, employees, volunteers, agents, or representatives may have;

ii. shall contain no special limitations on the scope of protection afforded to City or its officers, officials, employees, volunteers, agents, and representatives;

iii. shall be "per occurrence" rather than "claims made" insurance;

iv. shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability;

v. shall provide that the policy will not be cancelled by the insurer or Declarant unless there is a minimum of thirty (30) days (10 days for nonpayment of premium) prior written notice by mail, return receipt requested to City;

vi. shall be written by a California licensed insurer with a Best rating of not less than A:VII;

vii. shall be endorsed to state that any failure to comply with the reporting provisions of the policies shall not affect coverage provided to City and its officers, officials, employees, volunteers, agents, and representatives; and

viii. shall contain a waiver by the insurer of any right to subrogation against City, and its officers, officials, employees, volunteer and agents, which arises or might arise by reason of any payment under such policy or policies or by reason of any act or omission of City or its officers, officials, members, employees, agents, or representatives.

17. Repair of Damage. If any improvements on the Property shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty, Declarant shall promptly proceed to obtain insurance proceeds, and, provided the insurance proceeds are sufficient to restore the Property and the insurance proceeds are made available therefor by the secured lenders, take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the improvements to substantially the

same condition as the improvements are required to be maintained in pursuant to this Agreement, and Declarant shall complete the same as soon as possible thereafter so that the Project can continue to be operated and occupied as an affordable housing project in accordance with this Agreement. In no event shall the repair, replacement, or restoration period exceed two (2) years from the date of the destruction subject to events of force majeure unless City, in its sole and absolute discretion, approves a longer period of time.

18. Ground Lease and Land Trust Regulatory Agreement. Declarant represents and warrants that Declarant's performance under this Agreement will not cause Declarant to be in default of the Ground Lease, and the development, use and operation of the Property under this Agreement is consistent with the use of the Property permitted under the terms of the Ground Lease. Declarant shall comply with each and every condition, responsibility, and obligation it may have pursuant to the Ground Lease and Land Trust Regulatory Agreement in order not to cause a default under either of the foregoing. Declarant shall not amend or modify the Ground Lease or Land Trust Regulatory Agreement in any respect inconsistent with this Agreement or in any respect that affects the rights of City as a leasehold mortgagee, without the prior written consent of City, which consent City may withhold in its reasonable discretion. Declarant shall promptly give City notice of any defaults and default notices issued under the Ground Lease or Land Trust Regulatory Agreement.

19. Defaults and Remedies.

19.1 Defaults. Failure or delay by any Party to perform any term or provision of this Agreement which is not cured within thirty (30) days after receipt of notice from the other Party specifying the default (or such other period specifically provided herein) constitutes a default under this Agreement; provided, however, if such default is of the nature requiring more than thirty (30) days to cure, the defaulting Party shall avoid default hereunder by commencing to cure within such thirty (30) day period, and thereafter diligently pursuing such cure to completion within an additional sixty (60) days following the conclusion of such thirty (30) day period (for a total of ninety (90) days). Except as required to protect against further damages, the injured Party may not institute proceedings against the Party in default until the time for cure has expired. Failure or delay in giving such notice shall not constitute a waiver of any default, nor shall it change the time of default.

In addition to Declarant's cure rights hereunder, Citi Community Capital, or its successors and assigns pursuant to this Agreement ("**Investor**"), for so long as Investor is a limited partner investor in Declarant, shall have ten (10) days after receipt of a default notice from City to cure a monetary default of this Agreement and thirty (30) days after receipt of a default notice to cure any non-monetary default under this Agreement; provided however, if the non-monetary default is incapable of being cured within thirty (30) days, Investor shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default and is diligently proceeding to cure such default through the end of such period. Declarant shall have the obligation to deliver to City written notice of the Investor's mailing address for purposes of delivering any default notice. City shall accept any cure made by Investor as if made by Declarant, but failure

by City in timely delivering a default notice to Investor shall not be a default or breach by City under this Agreement.

19.2 Institution of Legal Actions. In addition to any other rights or remedies, any Party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

19.3 Rights and Remedies are Cumulative. The rights and remedies of the Parties are cumulative, and the exercise by either Party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other Party.

20. Miscellaneous.

20.1 Entire Agreement, Waivers, and Amendments. This Agreement contains the entire agreement between the Parties relating to the subject matter hereof, and supersedes all negotiations and previous agreements between the Parties with respect to all or part of the subject matter hereof, with the exception of the City HOME Loan Agreement and all executed versions of the agreements attached to those agreements. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the Party to be charged. A waiver of the breach of the covenants, conditions or obligations under this Agreement by either Party shall not be construed as a waiver of any succeeding breach of the same or other covenants, conditions or obligations of this Agreement. Any amendment or modification to this Agreement must be in writing and executed by the appropriate authorities of City and Declarant.

20.2 Attorney's Fees and Costs. If either Party to this Agreement commences an action against the other Party to this Agreement arising out of or in connection with this Agreement, the prevailing Party shall be entitled to recover reasonable attorney's fees, expert witness fees, costs of investigation, and costs of suit from the losing Party.

20.3 Prohibition Against Assignment and Transfer by Declarant. The qualifications and identity of Declarant are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Declarant and entered into this Agreement with Declarant. Accordingly, except as expressly set forth herein, Declarant shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Property or in the Project without the City's prior written approval. As used herein, the term "significant change in ownership" shall mean any change by virtue of which any member of C & C Development Co., LLC or any affiliated entity does not continue to be the managing member of the developer general partner of Declarant.

Notwithstanding the foregoing paragraph, the following shall not require City approval (except as specifically provided below) for the purpose of this Section 20.3 (the Permitted Transfers"):

(a) "Permitted Encumbrances" (as defined in the City HOME Loan Agreement);

(b) a conveyance of the Declarant's leasehold interest in the Property under the Ground Lease and/or the Declarant's interest in the fee interest in the improvements thereon resulting from the foreclosure of a Permitted Encumbrance (or a deed-in-lieu of such a foreclosure);

(c) the transfer of the Declarant's interest in this Agreement, the Declarant's leasehold interest in the Property under the Ground Lease and the Declarant's fee interest in the improvements thereon by the Declarant to a limited partnership in which at least two members of the Declarant or their affiliates serve as general partners, and at least two members of the Declarant or their affiliates have and maintains a controlling interest in the management and ownership of the limited partnership ("**Partnership**");

(d) any transfer of equity in the Declarant that does not change management or operational control of the Project;

(e) the lease of the Residential Units consistent with this Agreement;

(f) the transfer and sale of limited partnership interests in the Partnership;

(g) in the event that any general partner of the Partnership is removed by the limited partner of the Partnership for cause following default under the partnership agreement, the transfer of the general partner interest to an affiliate of the limited partner or a 501(c)(3) tax exempt nonprofit corporation selected by the limited partner and approved by City, in its reasonable discretion, if the successor nonprofit corporation has the same or substantially similar experience, assets and access to capital and private funding as Declarant did at the Regulatory Agreement Effective Date of this Agreement;

(h) the transfer of the Project from the Partnership to one of the general partners the Declarant or an affiliate of the general partners of the Declarant at the end of the tax credit compliance period for the Project; and

(i) any dilution of a general partner's interest in the Partnership in accordance with the Partnership's limited partnership agreement, which limited partnership agreement is subject to approval by City in its reasonable discretion.

As used in this Section, the term "affiliate" shall mean an entity that directly or indirectly controls or is controlled by Declarant.

Declarant shall deliver written notice to City requesting approval of any assignment or transfer requiring City approval hereunder. In considering whether it will grant approval to any assignment by Declarant of its interest in the Property and this Agreement or any portion thereof, Declarant shall consider factors such as the financial strength and capability of the proposed transferee to perform Declarant's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, development, and operation of similar projects.

No assignment, excluding assignments for Permitted Encumbrances, shall be effective as to City unless and until the proposed assignee and Declarant execute and deliver to City an assignment and assumption agreement in form reasonably satisfactory to the Contract Officer and legal counsel for City.

20.4 Prohibition Against Assignment and Transfer by City. The City shall not voluntarily assign or transfer its interest in all or any part of this Agreement (which by definition includes all attachments hereto) without Declarant's prior written approval, which shall not be unreasonably withheld.

20.5 Compliance with Laws and Regulations. Declarant shall carry out the design, construction and operation of the Project, and operate the Program, in conformity with all applicable laws, regulations, and rules of governmental agencies having jurisdiction, including without limitation, the legal requirements set forth in Attachment No. 3 to the City HOME Loan Agreement and the statutes referenced therein. Each and every provision required by law to be included in this Agreement shall be deemed to be included, and this Agreement shall be read and enforced as though all such provisions were included. Declarant acknowledges and agrees that it shall be and remain, and shall cause the Declarant Personnel to be and remain, fully knowledgeable and apprised of all local, state and federal laws, rules and regulations in any manner affecting the performance under this Agreement, including the HOME Requirements. Declarant shall indemnify, protect, defend and hold harmless City and its officials, officers, employees, and agents, with counsel reasonably acceptable to City, from and against any and all loss, liability, damage, claim, cost, and/or expense (including reasonable attorneys' fees, court and litigation costs, and fees of expert witnesses) that results or arises in any way from any of the following the noncompliance by Declarant or Declarant Personnel of any applicable local, state and/or federal law.

20.6 Interpretation; Governing Law. This Agreement shall be construed according to its fair meaning and as if prepared by both of the Parties hereto. This Agreement shall be interpreted in accordance with the internal laws of the State of California, without regard to conflict of law principles.

20.7 Severability. If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in this Agreement, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision(s) had never been contained herein.

20.8. Third Party Beneficiaries. No person or entity other than City and Declarant and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

20.9. Notices. Formal notices, demands, and communications between City and Declarant shall be given either by (a) personal service, (b) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, (c) mailing in the United States mail, certified or first class mail, postage prepaid, or (d) delivery by electronic mail (email) with transmittal confirmation and confirmation of delivery, addressed to:

20.10 Covenants Run with the Land. This Agreement shall be binding on Declarant's successors in interest in the Property until the expiration of the Affordability Term. This Agreement is designed to create equitable servitudes and covenants running with the Property, in favor of City. The covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein shall be binding upon all persons having any right, title or interest in the Property, or any part thereof, their heirs, successive owners and assigns; shall inure to the benefit of City and its successors and assigns, shall be binding upon Declarant, its successors and assigns and successors in interest; and may be enforced by Declarant and its successors and assigns. Declarant hereby declares its understanding and intent that the burden of the covenants set forth herein touch and concern the land. Declarant hereby further declares its understanding and intent that the benefit of such covenants touch and concern the land by enhancing and increasing the enjoyment and use of the Property for purposes of affordable housing. City shall have the right to designate real property as benefited by the covenants contained herein during the term of this Agreement. In amplification and not in restriction of the provisions set forth hereinabove, it is intended and agreed that City shall be deemed a beneficiary of the agreements and covenants provided herein both for and in its own right and also for the purposes of protecting the interests of the community. All covenants without regard to technical classification or designation shall be binding for the benefit of City and such covenants shall run in favor of City for the entire period during which such covenants shall be in force and effect, without regard to whether City is or remains an owner of any land or interest therein to which such covenants relate.

The parties acknowledge and agree that this Agreement encumbers Declarant's leasehold interest in the Property and not the Land Trust's fee interest in the Property.

20.11 Compliance with Other Agreements. The parties acknowledge that other affordable housing regulatory agreements will be recorded against the Property, imposing income restrictions on the tenants of the Residential Units and limiting the amount of rent that may be charged. Declarant shall comply with the most restrictive terms of such agreements. Declarant acknowledges that in order to effectuate the foregoing the actual rent paid by Eligible HOME Unit Tenants to Declarant may be less than the HOME Affordable Rent amounts set forth in this Agreement.

20.12 Execution in Counterparts. This Agreement may be executed in two or more counterparts, each of which when so executed and delivered shall be deemed an original and all of which, when taken together, shall constitute one and the same instrument.

AMENDED AND RESTATED AFFORDABLE HOUSING AGREEMENT

This Amended and Restated Affordable Housing Agreement ("**Agreement**") is entered into as of the 31st day of January, 2023 ("**Effective Date**") by and between CITY OF IRVINE, a California municipal corporation (the "**City**"), and CARTWRIGHT FAMILY APARTMENTS, LP, a California limited partnership (the "**Developer**"). City and Developer (individually referred to herein as a "**Party**," and collectively referred to herein as the "**Parties**") hereby agree as follows:

1. SUBJECT OF AGREEMENT.

1.1 Purpose of Agreement. The purpose of this Agreement is to assist in the financing of the development on real property located at 17861 Cartwright Road in the City of Irvine, County of Orange, State of California (APN 435-142-39 and 435-142-41) (the "**Site**") of an affordable rental housing development, consisting of approximately sixty (60) residential dwelling units, with fifty-nine (59) of such units restricted for rental and occupancy by income-eligible households at rents affordable to such households, and related improvements (collectively the "**Project**"). One (1) unit in the Project shall be occupied by on-site management staff, and is not subject to any occupancy and/or rent restrictions.

The Site consists of approximately one and sixty-two hundredths (1.62) acres of land area, is depicted on the Site Map, which is attached hereto and incorporated herein as Attachment No. 1, and is more particularly described in Attachment No. 2, which is attached hereto and incorporated herein by this reference.

The development of the Site and the occupancy of the affordable rental housing project as developed for households of limited incomes, all as provided in this Agreement, are in the vital and best interests of the City of Irvine and the health, safety, and welfare of its residents, and in accord with the public purposes and provisions of applicable state and local laws and requirements under which the Project has been undertaken.

1.2 The Original Agreement; Replacement of Funding; Execution of Amended and Restated Documents. On or about January 28, 2020, City entered into an Affordable Housing Agreement (the "**Original Agreement**") with C & C Development Co., LLC, a California limited liability company ("**C&C**"), and The Waterford Group, Inc., a California corporation ("**Waterford**"), to assist C&C and Waterford with the acquisition of the Site and the financing of the development of the Project. On or about February 7, 2020, C&C and Waterford assigned all of their interests and obligations under the Original Agreement to Cartwright CCR LLC, a California limited liability company ("**CCR**"). On February 13, 2020 (the "**Site Closing Date**"), CCR acquired the Site from then-owner MCREIF SUBREIT TRS I, LLC, a Delaware limited liability company, with loan funds provided by City pursuant to the Original Agreement, in the amount of Nine Million Four Hundred Fifty Thousand Dollars ($9,450,000) (the "**Original City Loan**"). The Original City Loan was

sourced from the following City funding accounts: (i) Affordable Housing In Lieu; and (ii) Park Place Settlement.

In connection with the Original City Loan, (i) CCR executed that certain Promissory Note, dated February 10, 2020, evidencing the Original City Loan (the "**Original City Note**"), and that certain Deed of Trust with Assignment of Rents, dated February 13, 2020, which was recorded in the Official Records as Instrument No. 2020000062263 on February 13, 2020 ("**Original City Deed of Trust**"), and (ii) City and CCR entered into that certain Affordable Housing Regulatory Agreement, dated February 13,2020, which was recorded in the Official Records as Instrument No. 2020000062262 on February 13, 2020 ("**Original City Regulatory Agreement**"), and that certain Memorandum of Unrecorded Option Agreement, dated February 10, 2020, which was recorded in the Official Records as Instrument No. 2020000062264 on February 13, 2020 ("**Original Memorandum of Option**").

On or about September 1, 2021, CCR assigned all of its interests and obligations under the Original Agreement, Original City Note, Original City Deed of Trust, Original City Regulatory Agreement, and Original Memorandum of Option (collectively, the "**Original City Agreements**") to Developer, pursuant to that certain Assignment, Assumption and Modification Agreement (City Loan Documents) by and among City, CCR and Developer, which was recorded in the Official Records as Instrument No. 2022000005801, on January 5, 2022.

The Original Agreement contemplated that if other sources of funds from City were to become available, Developer (as the successor-in-interest to C&C and Waterford) would apply for such funding, and if awarded, the original funds sourced for the Original City Loan would be replaced, on a dollar-for-dollar basis, with such other City funds. In Spring 2020, the California Department of Housing and Community Development ("**HCD**") issued a Notice of Funding Availability for the first year (i.e., 2019) of Permanent Local Housing Allocation ("**PLHA**") funds which, among other things, directed City to adopt a five-year plan for the use of PLHA funds allocated to City (the "**City PLHA Plan**"). The City PLHA Plan allocates PLHA funds from the first year to the Project, to replace a portion of the funds originally sourced for the Original City Loan. On May 26, 2020, the Irvine City Council approved the City PLHA Plan, which was subsequently approved by HCD. The amount of PLHA funds available for allocation to the Project is Seven Hundred Twenty Thousand One Hundred Dollars ($720,100) (the "**PLHA Funds**").

City has been allocated funds from the HOME Investment Partnership Act, as amended (42 U.S.C. §§ 12741, et seq.) (the "**HOME Program**"). Prior to the Effective Date, City approved an allocation of HOME Program funds, in a collective amount up to Two Million Four Hundred Fifty-One Thousand Eight Hundred Thirty-Seven Dollars and Eighty-Two Cents ($2,451,837.82) (the "**HOME Funds**"), to be loaned to the Project (the "**City HOME Loan**"), which City Home Loan shall be evidenced by a separate agreement between Developer and City.

City and Developer now desire to (i) reduce the Original City Loan by One Million Thirty Thousand Forty-Seven Dollars and Eighty-Two Cents ($1,030,047.82), and (ii) replace a portion of the funds, in the amount of Seven Hundred Twenty Thousand One Hundred Dollars ($720,100), that were originally sourced for the Original City Loan, with the PLHA Funds. To satisfy certain administrative requirements related to use of the PLHA Funds, and to reflect the reduction in the amount of the Original City Loan, City and Developer further desire to amend and restate each of the Original City Agreements. Concurrently with the execution of this Agreement, Developer shall execute, with signatures acknowledged where applicable, and deliver to City the new, amended and restated forms of the City Note, City Deed of Trust, and City Regulatory Agreement attached to this Agreement, and City shall execute the new, amended and restated form of the City Regulatory Agreement, with signatures acknowledged, and shall promptly thereafter record the City Deed of Trust and City Regulatory Agreement in the Official Records. Upon receipt of the signed new, amended and restated form of City Note, the City shall cancel the Original City Note. Upon recordation of the new, amended and restated forms of the City Deed of Trust and City Regulatory Agreement, the City shall reconvey the Original City Deed of Trust and the City and the Developer shall release the Original City Regulatory Agreement from the Official Records.

(q) Developer's "resyndication," or application for a new allocation of Tax Credits, for the Project at any time after expiration of the fifteen (15) year compliance period, provided that Developer has, prior to such time, prepared and submitted to City, and the City Council has approved, a capital needs assessment for the Project which demonstrates the need for capital repairs

estimated to cost more than the funds available in the "**Capital Replacement Reserve**" (as that term is defined in the City Regulatory Agreement).

Notwithstanding anything in this Section 1.5 to the contrary, (i) any transfer or assignment by Developer or any successor in interest to Developer not requiring the approval by City shall be effective when made but shall not be deemed to relieve Developer or any successor party from the obligation to timely complete development of the Project or any other obligation under the Project Documents unless and until the transferor and transferee execute and deliver to City an assignment and assumption agreement in a form and with content reasonably acceptable to the City Attorney; and (ii) any transfer or assignment by Developer or any successor in interest to Developer requiring the approval by City pursuant to this Section 1.5 shall not be effective and shall not be deemed to relieve Developer or any successor party from the obligation to timely complete development of the Project unless and until the transferor and transferee execute and deliver to City an assignment and assumption agreement in a form and with content reasonably acceptable to the City Attorney. Upon the execution of a written assignment and assumption agreement as described in this Section, in a form approved by the City Attorney, the transferor shall be released from any liability under this Agreement arising from and after the effective date of such assignment.

This Section 1.5 shall not be applicable to the leasing of individual Affordable Units to Eligible Tenants in accordance with this Agreement and the City Regulatory Agreement, and no assignment and assumption agreement shall be required in connection therewith.

1.6 Representations by Developer. Developer represents and warrants to City as follows:

(a) Developer is duly established and in good standing under the laws of the State of California and has duly authorized, executed and delivered this Agreement and any and all other agreements and documents required to be executed and delivered by Developer in order to carry out, give effect to, and consummate the transactions contemplated by this Agreement. (e) The execution and delivery of this Agreement and all other documents to be executed by Developer pursuant to this Agreement will not constitute or result in any default or event that with notice or the lapse of time, or both, would be a default, breach, or violation of any other agreement, instrument, or arrangement by which Developer is bound.

(f) The execution and delivery of this Agreement and all other documents to be executed by Developer pursuant to this Agreement and the consummation of the transactions contemplated herein will not violate any provision of or require any consent, authorization, or approval under any law or administrative regulation or any other order, award, judgment, writ, injunction or decree applicable to, or any governmental permit or license issued to Developer.

(g) No representation, warranty, or covenant of Developer in this Agreement, or in any document or certificate furnished or to be furnished to City pursuant to this Agreement, contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements contained herein or therein not misleading.

(h) All financial information delivered to City, including, without limitation, information relating to the financial condition of Developer, the Site, and the Project accurately represents such financial condition and has been prepared in accordance with accepted accounting principles consistently applied, unless otherwise noted in such information. (i) Developer has, and will as required by its obligations hereunder, dedicate, allocate and otherwise make available, sufficient financial and other resources to perform its obligations under this Agreement.

(j) To Developer's knowledge, no violation of any laws with respect to Hazardous Materials has occurred on the Site, and no part of the Site has ever been used by any person or entity to refine, produce, use, store, handle, transfer, process, transport or dispose of any Hazardous Materials.

As used in this Section 1.6, the term "knowledge" or "known" shall mean the actual (not constructive or imputed) knowledge of the development personnel at C&C, without any investigation or inquiry or duty of investigation or inquiry.

Each of the foregoing items (a) to (j), inclusive, shall be deemed to be an ongoing representation and warranty continuing through the construction period (e.g., until the

Conversion Date). Developer shall advise City in writing if there is any change material pertaining to any matters set forth or referenced in the foregoing items (a) to (j), inclusive.

1.7 Representations by City. City represents and warrants to Developer as follows:

(a) City is a California municipal corporation. The execution, performance, and delivery of this Agreement by City has been fully authorized by all requisite actions on the part of City. The persons who have executed this Agreement on behalf of City are authorized to bind City by their signatures hereto.

(b) City does not, as far as is known to City, have any contingent obligations or contractual agreements which will adversely affect the ability of City to carry out its obligations hereunder.

(e) City is not the subject of a bankruptcy proceeding.

(f) To City's knowledge, the execution and delivery of this Agreement and all other documents to be executed by City pursuant to this Agreement will not constitute or result in any default or event that with notice or the lapse of time, or both, would be a default, breach, or violation of any other agreement, instrument, or arrangement by which City is bound.

(g) To City's knowledge, the execution and delivery of this Agreement and all other documents to be executed by City pursuant to this Agreement and the consummation of the transactions contemplated herein will not violate any provision of or require any consent, authorization, or approval under any law or administrative regulation or any other order, award, judgment, writ, injunction or decree applicable to, or any governmental permit or license issued to City.

(h) To City's knowledge, no representation, warranty, or covenant of City in this Agreement, or in any document or certificate furnished or to be furnished to Developer pursuant to this Agreement, contains or will contain any untrue statement of a material fact or omits or will omit to state a material fact necessary to make the statements contained herein or therein not misleading.

As used in this Section 1.7, the term "knowledge" or "known" shall mean the actual (not constructive or imputed) knowledge of the Community Development Director, without any investigation or inquiry or duty of investigation or inquiry.

2. FINANCING.

2.1 Developer's Financing Plan. Developer contemplates financing the development of the Project (other than permanent financing) with a combination of funds from the proceeds of the following: (i) the City Loan; (ii) the City HOME Loan, (iii) the County MHSA Loan, (iv) Tax Credits; (v) the Construction Loan; and (vi) such other financing sources as may be obtained by Developer in accordance with the terms and conditions of this Agreement. Developer shall utilize all of such funding exclusively for acquisition of the Site and development of the Project thereon, and not for any other purpose.

2.1.1 City Loan. Prior to the Effective Date, City disbursed to Developer the City Predevelopment Assistance and the City Acquisition Assistance. The City Construction Assistance shall be disbursed to Developer in accordance with the provisions of Section 2.2.1 below. City and Developer acknowledge and agree that the amount of the City Loan reflects a reduction from the amount of the Original City Loan by the amount of One Million Thirty Thousand Forty-Seven Dollars and Eighty-Two Cents ($1,030,047.82).

2.1.2 Applications to CDLAC and TCAC. Within the times set forth in the Schedule of Performance, Developer shall (i)(a) prepare for filing in the name of the California Municipal Finance Authority, California Statewide Communities Development Authority, or other reputable issuer acceptable to City a complete application to CDLAC for an allocation for the Tax-Exempt Bonds, and (b) apply to reputable Institutional Lenders for the third party credit enhancement or private placement of the Tax-Exempt Bonds in order to provide the Construction Loan and Take-Out Loan for the Project; and (ii)(a) prepare and submit a complete application to TCAC for an allocation of 4% Tax Credits, and (b) apply to reputable institutional investors and syndicators qualified to act as the Qualified Tax Credit Investor.

Developer agrees to promptly submit to City all of the following documents at such time as the same are submitted by Developer to TCAC or other applicable body or when such documents are received by Developer, as applicable (any documents submitted prior to the Effective Date of this Agreement shall also have been submitted by Developer to City and reviewed by City prior to the Effective Date of this Agreement):

(a) A true and correct copy of the tax-exempt reservation letter from TCAC, a copy of the letter of intent from the Qualified Tax Credit Investor reflecting the total amount of the syndication proceeds and the timing of the payment of such proceeds.

(b) A complete copy of the Tax Credit Regulatory Agreement (4 California Code of Regulations § 10340(c)). (As more fully discussed in Section

4.14 of the City Regulatory Agreement, should City be prevented by a final order of a court of competent jurisdiction, applicable and binding appellate opinion, or regulatory body with jurisdiction from enforcing, for any reason, the affordability restrictions set forth in the City Regulatory Agreement, City shall be a third-party beneficiary under said agreement and shall have full authority to enforce any breach or default by Developer thereunder in the same manner as though it were a breach or default under the City Regulatory Agreement.)

(c) Complete copies of all correspondence or transmittals from TCAC or other jurisdiction (such as the Internal Revenue Service) containing any notification regarding the Project's noncompliance with applicable provisions of the Tax Credit Program.

2.1.3 Applications to County and County Housing Authority. Within the times set forth in the Schedule of Performance, Developer shall (i) prepare and submit to the County an application for the County ARPA Loan and the County MHSA Loan; and (ii) prepare and submit to the County an application for the Vouchers.

Developer agrees to promptly submit to City all of the following documents at such time as the same received by Developer, as applicable (any documents submitted prior to the Effective Date of this Agreement shall also have been submitted by Developer to City and reviewed by City prior to the Effective Date of this Agreement):

(a) A true and correct copy of the award letter for the County ARPA Loan.

(b) A true and correct copy of the award letter for the County MHSA Loan.

(c) A true and correct copy of the award letter for the Vouchers.

2.1.4 Replacement of Portion of Original City Loan Funds with PLHA Funds. City and Developer agree that as of the Effective Date, a portion of the funds comprising the Original City Loan, in the amount of Seven Hundred Twenty Thousand One Hundred Dollars ($720,100), are hereby replaced on a dollar-for-dollar basis with the PLHA Funds.

2.1.5 Application for Other Financing. Developer shall diligently and in good faith seek and apply for other sources of financing for the Project that are appropriate for the Project, in terms of timing issues, likelihood of a successful application, and the populations contemplated hereunder to be served by the Project. If Developer is successful in securing any such other financing, the City Loan shall be reduced on a dollar-for-dollar basis, by the amount of such other financing; provided, however, that if Developer provides evidence reasonably satisfactory to the Community Development Director that the cumulative costs Developer will incur in developing the Project have increased beyond the costs set forth in the Preliminary Project Budget, then the Community Developer Director shall have the discretion to permit the City Loan to not be so reduced. Further, no such reduction shall include any portions of the City Loan that

as of the time of said reduction have already been disbursed to Developer. Developer shall provide evidence to the Community Development Director of Developer's compliance with this Section, including providing, upon written request of the Community Development Director, copies of funding applications submitted by Developer pursuant to this Section.

2.1.6 Project Budget. The Project Budget includes a detailed development budget for the Project, anticipated sources and uses of funds for the development of the Project and the financial projections for the Project.

2.1.7 Developer Submittals. Promptly upon Developer's receipt of a notification of an award of any of the financing described in the Project Budget, Developer shall submit to the Community Development Director a copy of such award or evidence of such award.

2.1.8 Financial Statements. Within five (5) days after the Effective Date, Developer shall provide an opportunity for the City Community Development Director to review the most recent internally prepared, unaudited financial statement, which shall include a balance sheet, income statement, statement of retained earnings, statement of cash flows, and footnotes thereto, for each entity comprising Developer.

2.2 City's Disbursement of City Construction Assistance.

2.2.1 City Construction Assistance Funding Conditions. With the exception of Four Hundred Twenty Thousand Nine Hundred Ninety-Seven Dollars and Sixty-One Cents ($420,997.61) of the City Construction Assistance, which amount represents five percent (5%) of the City Loan (the "**Retention Amount**"), the City Construction Assistance shall be disbursed by City following the Funding Closing. City's obligation to provide the City Construction Assistance shall be conditional and contingent upon the satisfaction, or waiver by City in its sole and absolute discretion, of each and all of the following conditions (collectively, the "**City Construction Assistance Funding Conditions**"):

(a) The Funding Closing shall have closed;

(b) Developer has submitted to City (i) a disbursement request in a form reasonably acceptable to City, (ii) written evidence of previously paid invoices, such as receipts from the vendor and written evidence that the invoices and receipts are for actual development costs that have been incurred as a result of development of the Project, and (iii) conditional lien releases (to the extent such disbursement relates to hard costs of construction) covering the work to be reimbursed or paid.

(c) Developer is not in material default of any term or condition of this Agreement, City Regulatory Agreement, City Note, or City Deed of Trust.

Subject to Developer's satisfaction of the City Construction Assistance Funding Conditions, within thirty (30) days after City's receipt of a complete disbursement request, City shall disburse the amount requested.

The Retention Amount shall be disbursed to Developer when the City issues a Release of Construction Covenants to Developer. Notwithstanding anything herein to the contrary, in the event City's financial assistance toward the Project is reduced by reason of Developer obtaining additional funding from sources other than City, the Retention Amount shall be reduced such that the Retention Amount shall represent five percent (5%) of the total City financial assistance.

2.2.2 Waiver. City may at any time or times, at its election, waive any of the conditions set forth in Section 2.2.1 above to its obligations hereunder, but any such waiver shall be effective only if contained in a writing signed by City and delivered to Developer.

2.3 Subordination. City agrees to subordinate the City Deed of Trust to the deed of trust securing the Construction Loan and to the deed(s) of trust securing the Take-Out Loan(s) pursuant to a City/Lender Subordination Agreement.

2.4 Cost Savings Obligation. Subject to the requirements of TCAC and other lenders providing loans to the Project that have been approved by City, Developer hereby agrees to provide and pay to City a "Cost Savings" payment for the Project in an amount to be determined based on the "Audit" (as those terms are described in subparagraph (a) below) to be conducted upon completion of construction of the Project.

(a) Audit to Determine Cost Savings Amount. The actual amount of Cost Savings to be paid to City shall be determined after the Audit, as hereafter described, and the amount of such Cost Savings shall be equal to the amount by which the total sources of permanent financing for the Project (which financing includes, but is not limited to, the City Loan, the Take-Out Loan(s), the City HOME Loan, the County ARPA Loan, the County MHSA Loan, the equity raised by the sale of the Tax Credits, and any other funding obtained for the Project (if applicable)) exceed the costs of development incurred for the Project (which costs include, but are not limited to, the hard and soft costs incurred by Developer to perform predevelopment activities and construct the Project (including all permitted deferred developer fee), and the amount spent to reduce the principal balance of the Construction Loan to the principal balance of the Take-Out Loan(s)). The amount of Cost Savings to reduce the principal balance of the City Loan shall be proportional to the amount of contribution by the public agency soft lenders. Within one hundred twenty (120) days after construction completion, Developer shall submit a final audit of the costs of development of the Project in accordance with the requirements of the Tax Credits and generally accepted accounting principles ("**GAAP**") and generally accepted auditing standards (herein referred to as "**Audit**"). If the Audit determines that the total sources of permanent financing for the Project (which financing includes, but is not limited to, the City Loan, the Take-Out Loan(s), the City HOME Loan the County ARPA Loan, the County MHSA Loan, the equity raised by the sale of the Tax Credits, and any other funding obtained for the Project (if applicable)) exceed Developer's total costs to develop the Project (which costs include, but are not limited to, the hard and soft costs incurred by Developer to perform predevelopment activities and construct the

Project, the amount spent to reduce the principal balance of the Construction Loan to the principal balance of the Take-Out Loan(s) and all permitted deferred developer fee), such excess shall be considered the "**Cost Savings**" for the Project.

(b) Cost Savings Payment as Payment Towards City Loan. Subject to the requirements of TCAC and other lenders providing loans to the Project that have been approved by City, the Cost Savings for the Project, once determined by the Audit pursuant to Section 2.4(a) above and subject to Section 2.4(c) below, shall be due and paid by Developer to City and allocated and credited as a payment on the City Loan, as and when paid, first to outstanding interest balance and then to the outstanding principal balance. Any Cost Savings above and beyond the amount needed to fully repay the City Loan shall be used to repay the City HOME Loan, and any Cost Savings above and beyond the amount needed to fully repay the City HOME Loan may be used by Developer in its discretion.

(c) Timing of Payment of Cost Savings. The Cost Savings for the Project shall become due and payable by Developer to City on the Conversion Date.

2.5 Repayment of City Loan. Developer shall repay the City Loan in accordance with the terms of the City Note, which provides for repayment to City, in full, over a period of fifty-five (55) years, out of the cash flow generated by Developer's operation of the Project (the "**Cash Flow**"). As further set forth in the City Note, City's share of the Cash Flow shall include City's share with respect to the City HOME Loan, and shall be a proportional collective interest of fifty percent (50%) of the Cash Flow, shared with other lenders of Project loans approved by City pursuant to this Agreement that are repaid out of the Cash Flow. For example, if City and County are the only lenders whose loans are to be repaid from the Cash Flow, and the collective amount of the City Loan and City HOME Loan is four (4) times greater than the collective amount of the County MHSA Loan and County ARPA Loan, then City shall be entitled to forty percent (40%) of the Cash Flow and County shall be entitled to ten percent (10%) of the Cash Flow.

3. DEVELOPMENT OF THE SITE.

3.1 Scope of Development. The Project will be comprised of the construction of an affordable rental housing development with the maximum number of affordable rental units as commercially feasible, and shall include all of the onsite private amenities and improvements appropriate and/or necessary for the development, as described and set forth in the Project Entitlements, and all public improvements required pursuant to the Project Entitlements, all in accordance with the Project Entitlements and any other

approved plans and permits, and as set forth in this Agreement and in the Scope of Development.

Notwithstanding the foregoing paragraph, the Parties acknowledge and agree that City's goal is to maximize the number of Affordable Units developed on the Site, with the goal of approximately sixty (60) total units, and fifty-nine (59) Affordable Units.

3.2 Changes to Construction Plans. If Developer desires to make any material changes in the construction plans for the Project after the approval thereof by City, Developer shall submit the proposed changes to City for approval. Any such proposed changes that conform to the requirements of the City Municipal Code and this Agreement, including, without limitation, the Scope of Development, shall be approved.

3.3 Cost of Development. With the exception of the City Loan, all costs for acquiring the Site, and planning, designing, and constructing the Project, including but not limited to all development and building fees, Site remediation (if any), demolition, grading and preparation costs, off-site and on-site construction and improvement costs shall be borne exclusively by Developer. Developer shall also bear all costs related to discharging the duties of Developer set forth in this Agreement.

3.4 Construction Contract; Construction Schedule. Prior to selecting a general contractor, Developer shall obtain bids from three (3) qualified general contractors, copies of which bids shall be provided to the Community Development Director. Developer's selection of general contractor shall be subject to the prior reasonable approval of the Community Development Director. Prior to commencing construction of the Project, Developer shall provide to City a copy of a stipulated sum-based construction contract or guaranteed maximum price construction contract between Developer and its general contractor for all of the improvements required to be constructed by Developer hereunder, certified by Developer to be a true and correct copy thereof.

Developer shall obtain building permits, and commence and complete construction of the Project by the respective times established therefor in the Schedule of Performance.

3.5 Indemnity. Developer shall defend (by counsel reasonably satisfactory to City), assume all responsibility for and hold the Released/Indemnified Parties harmless from all claims or suits for, and damages to, property and injuries to persons, including accidental death (including expert witness fees, attorney's fees and costs), to the extent arising out of the activities and/or performance of Developer or any of Developer's employees, agents, representatives, contractors, or subcontractors under or with respect to (i) this Agreement, (ii) the making of the City Loan; (iii) a claim, demand or cause of action that any person has or asserts against Developer; (iv) any act or omission of Developer, any of Developer's contractors, subcontractors or material suppliers, engineers, architects or other persons with respect to the Site; or (v) the ownership, occupancy or use of the Site by Developer, whether such damage shall accrue or be discovered before or after termination of this Agreement. Developer's indemnification obligations pursuant to this Section 3.5 shall not apply to the extent that such claims,

suits, or damages arise out of the intentional misconduct, active negligence, or illegal actions of any of the Released/Indemnified Parties. The obligations and indemnifications in this Section 3.5 shall constitute covenants running with the land.

3.6 Insurance Requirements. Commencing on the Site Closing Date and continuing in perpetuity, Developer shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to the City's Community Development Director, the following policies of insurance:

(a) Commercial General Liability Insurance covering bodily injury, property damage, personal injury and advertising injury written on a per-occurrence and not a claims-made basis containing the following minimum limits: (i) general aggregate limit of Five Million Dollars ($5,000,000); (ii) products-completed operations aggregate limit of Three Million Dollars ($3,000,000); (iii) personal and advertising injury limit of Three Million Dollars ($3,000,000); and (iv) each occurrence limit of Three Million Dollars ($3,000,000). Said policy shall include the following coverages: (i) blanket contractual liability (specifically covering the indemnification clause contained in Section 3.5 hereof); (ii) products and completed operations; (iii) independent contractors; (iv) Owner's broad form property damage; (v) severability of interest; (vi) cross liability; and (vii) property damage liability arising out of the so-called "XCU" hazards (explosion, collapse and underground hazards). The policy shall be endorsed to have the general aggregate apply to this Project only.

(b) A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California and which shall indemnify, insure, and provide legal defense for City and Developer against any loss, claim or damage arising from any injuries or occupational diseases occurring to any worker employed by or any persons retained by Developer in the course of carrying out the work or services contemplated in this Agreement, and Employers Liability Insurance in an amount not less than One Million Dollars ($1,000,000) combined single limit for all damages arising from each accident or occupational disease.

(c) A policy of comprehensive automobile liability insurance written on a per-occurrence basis in an amount not less than Two Million Dollars ($2,000,000) combined single limit covering all owned, non-owned, leased and hired vehicles used in connection with the work.

3.6.2 Commencing on the Site Closing Date and continuing until City issues a Release of Construction Covenants for the Project, Developer shall procure and maintain, at its sole cost and expense, in a form and content reasonably satisfactory to the Community Development Director, Builder's Risk (course of construction) insurance coverage in an amount equal to the full cost of the hard construction costs of the Project. Such insurance shall cover, at a minimum: all work, materials, and equipment to be incorporated into the Project; the Project during construction; the completed Project until such time as (i) the City issues a final Certificate of Occupancy, and (ii) City issues a

Release of Construction Covenants, for the Project, and storage and transportation risks. Such insurance shall protect/insure the interests of Developer/owner and all of Developer's contractor(s), and subcontractors, as each of their interests may appear. If such insurance includes an exclusion for "design error," such exclusion shall only be for the object or portion which failed. City shall be a loss payee under such policy or policies and such insurance shall contain a replacement cost endorsement.

3.6.3 Prior to commencing any activities hereunder, Developer shall cause any general contractor with whom it has contracted for the performance of work on the Site to secure and thereafter to maintain insurance that satisfies all of the requirements of this Section 3.6.

3.6.4 Commencing on the date City issues a Release of Construction Covenants, and continuing in perpetuity, Developer shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to the Community Development Director, the following types of insurance:

(a) Insurance against fire, extended coverage, vandalism, and malicious mischief, and such other additional perils, hazards, and risks as now are or may be included in the standard "all risk" form in general use in Orange County, California, with the standard form fire insurance coverage in an amount equal to full actual replacement cost thereof, as the same may change from time to time. The above insurance policy or policies shall include coverage for earthquakes to the extent generally and commercially available at commercially reasonable rates, if such insurance is generally obtained for affordable housing developments in the Counties of Orange and Los Angeles. City shall be a loss payee under such policy or policies and such insurance shall contain a replacement cost endorsement.

(b) Business interruption and extra expense insurance to protect Developer and City covering loss of revenues and/or extra expense incurred by reason of the total or partial suspension or delay of, or interruption in, the operation of the Project caused by loss or damage to, or destruction of, any part of the insurable real property structures or equipment as a result of the perils insured against under the all-risk physical damage insurance, covering a period of suspension, delay or interruption of at least twelve (12) months, in an amount not less than the amount required to cover such business interruption and/or extra expense loss during such period.

(c) Boiler and machinery insurance in the aggregate amount of the full replacement value of the equipment typically covered by such insurance.

3.6.5 The following additional requirements shall apply to all of the above policies of insurance:

(a) Endorsements:

(1) The policy or policies of insurance required for Commercial General Liability shall be endorsed to provide the following:

Additional Insured: City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of this Agreement.

"Additional Insured Endorsements" shall not (1) exclude "contractual liability"; (2) restrict coverage to "sole" liability of Developer; or (3) contain any other exclusions contrary to the Agreement.

Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(2) The policy or policies of insurance required for Workers' Compensation shall be endorsed to provide the following:

Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the indemnified parties.

Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(3) The policy or policies of insurance required Automobile Liability and Professional Liability, if required by City, shall be endorsed to provide the following:

Cancellation: Required insurance policies shall not be canceled or the

coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(b) Primary and Non-Contributing Insurance. All insurance coverages shall be primary and any other insurance, deductible, or self-insurance maintained by the indemnified parties shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

(c) Waiver of Subrogation. Required insurance coverages shall not prohibit Developer from waiving the right of subrogation prior to a loss. Developer shall waive all subrogation rights against the indemnified parties. Policies shall contain or be endorsed to contain such provisions.

(d) Deductible. Any deductible or self-insured retention must be approved in writing by City and shall protect the indemnified parties in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

(e) Evidence of Insurance. Not less than fourteen (14) days prior to the date Developer is required to obtain any insurance requires pursuant to this Section 3.6, Developer shall deliver either certified copies of the required policies, or original certificates and endorsements on forms approved by City. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with City. If such coverage is cancelled or reduced, Developer shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

(f) Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to do business in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law. http://www.ambest.com/

(g) Insurance for Contractors and Subcontractors. All contractors and subcontractors shall be included as additional insureds under Developer's policies, or Developer shall be responsible for causing contractors and subcontractors to purchase the appropriate insurance in compliance with the terms of these insurance requirements, including adding City as an Additional Insured to the contractor's and subcontractor's policies.

3.7 Remedies for Defaults Re: Insurance. In addition to any other remedies City may have, if Developer commits a default hereunder by failing to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may at its sole option, obtain such insurance and invoice Developer for the amount of said premium. Exercise of the remedy set forth herein, however, is an alternative to other remedies City may have and is not the exclusive remedy for Developer's failure to maintain insurance or secure appropriate endorsements.

3.8 Obligation to Repair and Restore Damage Due to Casualty Covered by Insurance. If the Project shall be totally or partially destroyed or rendered uninhabitable by fire or other casualty required to be insured against by Developer, Developer shall, subject to the rights of the Construction Lender, promptly proceed to obtain all available insurance proceeds and, to the extent proceeds are available, take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the Project to substantially the same condition as it existed prior to the casualty, and Developer shall complete or cause to be completed the same as soon as possible thereafter so that the Project can be operated in accordance with this Agreement. City shall cooperate with Developer, at no expense to City, in an effort to obtain any governmental permits required for such repair, replacement, or restoration.

3.9 City and Other Governmental Agency Permits. Before commencement of construction or development of any buildings, structures or other works of improvement upon the Site or in connection with any off-site improvement, Developer shall, at its own expense, secure or cause to be secured any and all permits which may be required by City or any other governmental agent affected by such construction, development or work. It is understood that Developer's obligation is to pay all necessary fees and to timely submit to City final drawings with final corrections to obtain building permits; City will, without obligation to incur liability or expense therefor, use its reasonable efforts to expedite issuance of building permits and certificates of occupancy for construction that meet the requirements of the Irvine Municipal Code.

3.10 Rights of Access. For purposes of assuring compliance with this Agreement, representatives of City shall have the right of access to the Site without charges or fees, upon reasonable advance notice of not less than forty-eight (48) hours and at normal business hours during the period of this Agreement for the purposes of this Agreement, including, but not limited to, the inspection of the work being performed in constructing the Project, so long as they comply with all safety rules. Such representatives of City shall be those who are so identified in writing by the Community Development Director. City shall hold Developer harmless from any bodily injury or related damages and indemnify Developer for all claims or suits for, and damages to, property and injuries to persons, including accidental death (including expert witness fees,

and attorneys' fees, and costs) arising out of by the activities of City as referred to in this Section 3.10.

3.11 Local, State and Federal Laws.

3.11.1 Compliance with Laws. Developer shall carry out the construction, development and operation of the Project in conformity with all Governmental Requirements, including without limitation, all applicable local and state labor standards, City zoning and development standards, any permit issued pursuant to the NPDES and applicable to the Project and/or Site, building, plumbing, mechanical and electrical codes, and all other provisions of the Irvine Municipal Code, and all applicable disabled and handicapped access requirements, including without limitation the Americans With Disabilities Act, 42 U.S.C. Section 12101, et seq., Government Code Section 4450, et seq., Government Code Section 11135, et seq., and the Unruh Civil Rights Act, Civil Code Section 51, et seq.

3.11.2 Compliance with Prevailing Wage Laws.

(a) Developer shall carry out the construction through completion of the Project and the overall development of the Site in conformity with all applicable Governmental Requirements relating to the payment of prevailing wages and compliance with prevailing wage rules, including, without limitation, if applicable, the requirements to pay prevailing wages under federal law (the Davis-Bacon Act, 40 U.S.C. Section 3141, et seq., and the regulations promulgated thereunder set forth at 29 CFR Part 1 (collectively, "**Davis-Bacon**")) and California law (Labor Code Section 1720, et seq.) ("**California Prevailing Wage Law**"). The parties acknowledge that a financing structure utilizing certain federal and/or state funding sources and financing scenarios may trigger compliance with applicable state and federal prevailing wage laws and regulations. Developer shall determine the applicability of federal, state, and local prevailing wage laws based upon the final financing structure and sources of funding of the Project, as approved by the Community Development Director.

(b) Developer shall be solely responsible, expressly or impliedly and legally and financially, for determining and effectuating compliance with all applicable federal, state, and local public works requirements, prevailing wage laws, and labor laws and standards, and City makes no representation, either legally and/or financially, as to the applicability or non-applicability of any federal, state, and local laws to the construction of the Project. Developer expressly, knowingly, and voluntarily acknowledges and agrees that City has not previously represented to Developer or to any representative, agent, or Affiliate of Developer, or any contractor(s) or any subcontractor(s) for the demolition work, construction, or development of the Project, in writing or otherwise, in a call for bids or otherwise, that the work and construction of the Project is (or is not) a "public work," as defined in Section 1720 of the Labor Code or under Davis-Bacon.

(c) Developer knowingly and voluntarily agrees that Developer shall have the obligation to provide any and all disclosures or identifications as required by Labor Code Section 1781 and/or by Davis Bacon, as the same may be amended from time to time, or any other similar law or regulation. Developer shall indemnify, protect, pay for, defend, and hold harmless the Indemnitees, with legal counsel reasonably acceptable to City, from and against any and all loss, liability, damage, claim, cost, expense, and/or "increased costs" (including reasonable attorney's fees, court and litigation costs, and fees of expert witnesses) which, in connection with the development, construction (as defined by applicable law) and/or operation of the Project, including, without limitation, any and all public works (as defined by applicable law), results or arises in any way from any of the following: (i) the noncompliance by Developer or its contractor with any applicable local, state, and/or federal law or regulation, including, without limitation, any applicable federal and/or state labor laws or regulations (including, without limitation, if applicable, the requirement to pay state and/or federal prevailing wages and hire apprentices); (ii) the implementation of Section 1781 of the Labor Code and/or of Davis Bacon, as the same may be amended from time to time, or any other similar law or regulation; and/or (iii) failure by Developer to provide any required disclosure or identification as required by Labor Code Section 1781 and/or by Davis Bacon, as the same may be amended from time to time, or any other similar law or regulation. It is agreed by the parties that, in connection with the demolition work, development, and construction (as defined by applicable law or regulation) of the Project, including, without limitation, any and all public works (as defined by applicable law or regulation), Developer shall bear all risks of payment or non-payment of prevailing wages under applicable federal, state, and local law or regulation and/or the implementation of Labor Code Section 1781 and/or by Davis Bacon, as the same may be amended from time to time, and/or any other similar law or regulation. The foregoing indemnity shall survive termination of this Agreement and shall continue after completion of the construction and development of the Project by Developer.

"Increased costs," as used in this Section 3.11, shall have the meaning ascribed to it in Labor Code Section 1781, as the same may be amended from time to time.

3.12 Anti-Discrimination. Developer for itself and its successors and assigns, agrees, that in the construction of the Project on the Site or other performance under this Agreement, Developer shall not discriminate against any employee or applicant for employment on any basis listed in subdivision (a) or (d) of Section 12955 of the Government Code, as those bases are defined in Sections 12926, 12926.1, subdivision (m) and paragraph (1) of subdivision (p) of Section 12955 and Section 12955.2 of the Government Code.

3.13 Taxes and Assessments. Developer shall pay prior to delinquency all real estate taxes and assessments on the Site so long as Developer retains any ownership interest therein. Developer shall remove or have removed any levy or attachment made on the Site or any part thereof, or assure the satisfaction thereof within a reasonable time

but in any event prior to any sale or transfer of all or any portions thereof. Notwithstanding the above, Developer shall have the right to contest the validity or amounts of any tax, assessment, or encumbrance available to Developer in respect thereto, and nothing herein shall limit the remedies available to Developer in respect thereto.

3.14 Right of City to Satisfy Other Liens on the Site After Title Passes. After Developer has had written notice and has failed after a reasonable time to challenge, cure, or satisfy any liens or encumbrances on the Site which are not otherwise permitted under this Agreement, City shall have the right but no obligation to satisfy any such liens or encumbrances. Notwithstanding the above, Developer shall have the right to contest the validity or amounts of any tax, assessment, or encumbrance available to Developer in respect thereto.

3.15 Release of Construction Covenants. Promptly after completion of construction of the Project by Developer in conformity with this Agreement, as evidenced by City's issuance of a Certificate of Occupancy, City shall issue to Developer a Release of Construction Covenants. City shall not unreasonably withhold such Release of Construction Covenants. The Release of Construction Covenants shall be, and shall so state, a conclusive determination of satisfactory completion of construction of the Project. The Release of Construction Covenants shall be in the form attached hereto as Attachment No. 8 or such other similar form as to permit it to be recorded in the Official Records. After the date Developer is entitled to issuance of the Release of Construction Covenants, and notwithstanding any other provision of this Agreement to the contrary, any party then owning or thereafter purchasing, leasing or otherwise acquiring any interest in the Site shall not (because of any such ownership, purchase, lease, or acquisition) incur any obligation or liability under this Agreement, except that such party shall be bound by the covenants herein that survive the issuance of the Release of Construction Covenants and the covenants set forth in the City Regulatory Agreement. The Release of Construction Covenants is not a notice of completion as referred to in California Civil Code Section 8182.

If City refuses or fails to furnish a Release of Construction Covenants after written request from Developer, City shall, within fifteen (15) days after the written request, provide Developer a written statement of the specific reasons City refused or failed to furnish a Release of Construction Covenants. The statement shall also contain City's opinion of the action(s) Developer must take to obtain a Release of Construction Covenants. If City refuses or fails to furnish the Release of Construction Covenants for the reason that specific minor non-life safety items or materials are not available or landscaping or other punch-list items are not complete, City shall issue the Release of Construction Covenants upon the posting by Developer with City of a cash deposit, bond, or irrevocable letter of credit (in a form acceptable to City), at Developer's option, in an amount representing one hundred percent (100%) of the fair value of the work not yet completed.

3.16 Limitation on Encumbrances. Except for the Permitted Encumbrances, Developer shall not mortgage the Site or any portion thereof or any interest therein, any other mortgages or conveyances for financing that encumber the Site or any portion

thereof, without the prior written approval of the Community Development Director, which approval shall not be unreasonably withheld.

3.17 Holder Not Obligated to Construct Improvements. The holder of any mortgage, deed of trust or other security interest authorized by this Agreement shall in no way be obligated by the provisions of this Agreement to construct or complete the Project or to guarantee such construction or completion, nor shall any covenant or any other provision in the City Regulatory Agreement be construed so to obligate such holder. Nothing in this Agreement shall be deemed to construe, permit or authorize any such holder to devote the Site to any uses or to construct any improvements thereon other than those uses or improvements provided for or authorized by the City General Plan, any applicable Specific Plan, and applicable zoning, as the same may be amended from time to time.

3.18 Notice of Default to Mortgage, Deed of Trust or Other Security Interest Holders; Right to Cure. Whenever City shall deliver any notice or demand to Developer with respect to any breach or default by Developer in completion of construction of the Project, City shall at the same time deliver a copy of such notice or demand to each holder of record of any mortgage, deed of trust or other security interest authorized by this Agreement who has previously made a written request to City therefor. Each such holder shall (insofar as the rights of City are concerned) have the right, at its option, within sixty (60) days after the receipt of the notice, to cure or remedy or commence to cure or remedy any such default and to add the cost thereof to the security interest debt and the lien on its security interest. In the event there is more than one such holder, the right to cure or remedy a breach or default of Developer under this Section 3.18 shall be exercised by the holder first in priority or as the holders may otherwise agree among themselves, but there shall be only one exercise of such right to cure and remedy a breach or default of Developer under this Section 3.18. Nothing contained in this Agreement shall be deemed to permit or authorize such holder to undertake or continue the construction or completion of the Project (beyond the extent necessary to conserve or protect the improvements or construction already made) without first having expressly assumed Developer's obligations to City by written agreement satisfactory to City. The holder in that event must agree to complete, in the manner provided in this Agreement, the construction to which the lien or title of such holder relates and submit evidence satisfactory to City that it has the qualifications and financial responsibility necessary to perform such obligations. Any such holder properly completing such improvements shall be entitled, upon written request made to City, to a Release of Construction Covenants from City.

3.19 Failure of Holder to Complete Improvements. In any case where, sixty (60) days after an uncured default by Developer in completion of construction under this Agreement, the holder of any mortgage, deed of trust or other security interest creating a lien or encumbrance upon the Site has not exercised the option to construct, or if it has exercised the option, has not proceeded diligently with construction, City may purchase the mortgage, deed of trust or other security interest by payment to the holder of the amount of the unpaid debt, plus any accrued and unpaid interest. If the ownership of the Site has vested in the holder, City, if it so desires, shall be entitled to a conveyance of the

Site from the holder to City upon payment to the holder of an amount equal to the sum of the following:

1. The unpaid mortgage, deed of trust or other security interest debt at the time title became vested in the holder (less all appropriate credits, including those resulting from collection and application of rentals and other income received during foreclosure proceedings);

2. All expenses with respect to foreclosure, including reasonable attorneys' fees and trustee's fees;

3. The net expenses, if any (exclusive of general overhead), incurred by the holder as a direct result of the subsequent management of the Site or part thereof;

4. The costs of any authorized improvements made by such holder; and

5. An amount equivalent to the interest that would have accrued on the aggregate of the amounts in Subparagraphs 1-4 had all such amounts become part of the mortgage or deed of trust debt and such debt had continued in existence to the date of payment by City.

3.20 Right of City to Cure Mortgage, Deed of Trust or Other Security Interest Default. In the event of a default or breach by Developer of a mortgage, deed of trust or other security interest with respect to the Site prior to the completion of the Project, and the holder has not exercised its option to complete the construction, City may cure the default prior to completion of any foreclosure. In such event, City shall be entitled to reimbursement from Developer of all costs and expenses incurred by City in curing the default. City shall also be entitled to a lien upon the Site to the extent of such costs and disbursements. Any such lien shall be subject to mortgages, deeds of trust or other security interests executed for the sole purpose of obtaining funds to purchase and develop the Site as authorized herein.

3.21 Developer Indemnity. Developer shall save, protect, defend, indemnify, and hold harmless the Released/Indemnified Parties from and against any and all liabilities, suits, actions, claims, demands, penalties, damages (including, without limitation, penalties, fines and monetary sanctions), losses, costs or expenses (including, without limitation, consultants' fees, investigation and laboratory fees, reasonable attorneys' fees and remedial and response costs) (the foregoing are hereinafter collectively referred to as "**Liabilities**") which may now or in the future be incurred or suffered by any of the Released/Indemnified Parties by reason of, resulting from, in connection with, or existing in any manner whatsoever as a direct or indirect result and to the extent of (i) Developer's failure to comply with all applicable Governmental Requirements; (ii) Developer's failure to comply with any permit issued pursuant to the NPDES, and applicable to the Project and/or Site; (iii) Developer's placement on or under the Site of any Hazardous Materials or Hazardous Materials Contamination; (iv) Developer's breach of its obligations under Section 3.22 or Section 3.23 hereinafter; or (iv) any Liabilities incurred after the Site

Closing Date under any Governmental Requirements relating to the acts described in the foregoing clauses (i), (ii), (iii) and (iv).

3.22 Duty to Prevent Hazardous Material Contamination. Developer shall take commercially reasonable actions to prevent the exacerbation of an existing release of any Hazardous Materials located on the Site and the release of new Hazardous Materials to the Site after the Site Closing Date. For the avoidance of ambiguity only, nothing in the previous sentence shall limit Developer from maintaining Hazardous Materials existing on the Site prior to the Site Closing Date or consolidating such Hazardous Materials on the Site, all to the extent permitted by law. Developer's duty to prevent Hazardous Materials Contamination shall include compliance with all Governmental Requirements with respect to Hazardous Materials. In addition, Developer shall comply with any state or local Government Requirements pertaining to apartment complexes in Orange County, California, as respects the disclosure, permitting, notification, storage, use, removal, and disposal of Hazardous Materials.

3.23 Obligation to Remediate Premises. Developer acknowledges that, prior to the Site Closing Date, Developer shall have no obligation to undertake any action to address or respond to Hazardous Materials present on, under, or about the Site regardless of when the Hazardous Materials first occurred or when they were first discovered. After the Site Closing Date, any remediation, investigation, mitigation or other response action (collectively "**Response Action**") shall be performed by Developer at Developer's sole cost and expense, including (i) all Response Actions required by any federal, state, regional, or local governmental agency or political subdivision or to fulfill any Governmental Requirements and (ii) all actions necessary to use the Site for the purposes contemplated by the City Regulatory Agreement and this Agreement; and in either case (i) or (ii), regardless of whether the Hazardous Materials or Hazardous Materials Contamination that is the subject of such Response Action arose before or after the Site Closing Date and regardless of when it was first discovered. Such Response Actions shall include, but not be limited to, the investigation of the environmental condition of the Site, the preparation of any feasibility studies, risk assessments or other reports, and the performance of any cleanup, remedial, removal, mitigation or restoration work.

3.24 Environmental Inquiries. Developer, when it has received any notices of violation, notices to comply, citations, inquiries, clean-up or abatement orders, or cease and desist orders related to Hazardous Materials or Hazardous Materials Contamination from any governmental agency, or when Developer is required to report to any governmental agency any violation or potential violation of any Governmental Requirement pertaining to Hazardous Materials or Hazardous Materials Contamination (collectively, "**Environmental Inquiries**"), shall concurrently notify the Community Development Director, and provide to him/her a copy or copies of the Environmental Inquiries.

In the event of a release of any Hazardous Materials into the environment in violation of law, Developer shall, as soon as possible after it becomes aware of the release, furnish to the Community Development Director a notification that the release occurred and a copy of any and all test results and final reports relating thereto and copies

of all correspondence with governmental agencies relating to the release. Upon request of the Community Development Director, Developer shall furnish to the Community Development Director a copy or copies of any and all other environmental entitlements or inquiries relating to or affecting the Site including, but not limited to, all permit applications, permits, test results and final reports, including, without limitation, those reports and other matters which may be characterized as confidential. For the avoidance of ambiguity only, Developer shall be under no obligation to furnish any attorney-client privileged documents; provided, however, that Developer may not withhold from City facts regarding a violation of law that affects the Site.

3.25 Materiality. Developer acknowledges and agrees that the defense, indemnification, protection and hold harmless obligations of Developer for the benefit of City set forth in this Agreement are a material element of the consideration to City under this Agreement, and that City would not have entered into this Agreement unless Developer's obligations were as provided for herein.

4. USE OF THE SITE.

4.1 Affordable Housing. As more particularly provided in the City Regulatory Agreement, the Site may be utilized and developed only for use as affordable housing. The specific affordability restrictions shall be set forth in the City Regulatory Agreement.

4.2 Uses in Accordance with City Regulatory Agreement. Developer covenants and agrees for itself, its successors, its assigns, and every successor in interest to the Site or any part thereof that as of the Site Closing Date, Developer and such successors and assigns, shall devote the Site to the uses specified in the City Regulatory Agreement and this Agreement for the periods of time specified therein and herein, as more particularly provided in the City Regulatory Agreement. Subject to applicable federal and state fair housing laws and provided that the applicants meet standard applicant screening standards for the Project, with respect to the rental of six (6) of the Affordable Units in the Project, Developer shall give a preference to income-qualified households that include one or more veterans of the United States military. Subject to applicable federal and state fair housing laws and provided that the applicants meet standard applicant screening standards for the Project, with respect to the rental of five (5) of the Affordable Units in the Project, Developer shall also give a preference to income-qualified households that include one or more persons with developmental disabilities (as defined by applicable California law). In addition, to the maximum extent permitted by law and provided that the applicants meet standard applicant screening standards for the Project, Developer shall give a preference in the rental of any Affordable Units in the Project to City residents or persons employed or that have been offered employment in the City. Notwithstanding anything to the contrary herein, nothing in this Section shall require that the local residency/work preference be based on a minimum duration for residency or employment. To the extent the preferences required under this Section 4.2 conflict with the requirements of applicable federal and state fair housing laws or Section 42 of the Internal Revenue Code and implementing guidelines, the requirements of the applicable federal and state fair housing laws and Section 42 will supersede. The preferences stated

in this Section apply to the rentals of Affordable Units in the Project throughout the term of this Agreement, as more particularly set forth in the City Regulatory Agreement.

4.3 Nondiscrimination. Developer covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person, or group of persons on any basis listed in subdivision (a) or (d) of Section 12955 of the Government Code, as those bases are defined in Sections 12926, 12926.1, subdivision (m) and paragraph (1) of subdivision (p) of Section 12955, and Section 12955.2 of the Government Code, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Site, or any part thereof, nor shall Developer, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Site, or any part thereof. The foregoing covenants shall run with the land.

Developer agrees for itself and any successor in interest that Developer shall refrain from restricting the rental, sale, or lease of any portion of the Site, or contracts relating to the Site, on the basis of race, color, creed, religion, sex, sexual orientation, marital status, ancestry, or national origin of any person. All such deeds, leases or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

1. In deeds: "The grantee herein covenants by and for himself or herself, his or her heirs, executors, administrators, and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of any basis listed in subdivision (a) or (d) of Section 12955 of the Government Code, as those bases are defined in Sections 12926, 12926.1, subdivision (m) and paragraph (1) of subdivision (p) of Section 12955, and Section 12955.2 of the Government Code, in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the premises herein conveyed, nor shall the grantee or any person claiming under or through him or her, establish or permit any practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the premises herein conveyed. The foregoing covenants shall run with the land."

2. In leases: "The lessee herein covenants by and for himself or herself, his or her heirs, executors, administrators, and assigns, and all persons claiming under or through him or her, and this lease is made and accepted upon and subject to the following conditions: "That there shall be no discrimination against or segregation of any person or group of persons, on account of any basis listed in subdivision (a) or (d) of Section 12955 of the Government Code, as those bases are defined in Sections 12926, 12926.1, subdivision (m) and paragraph (1) of subdivision (p) of Section 12955, and Section 12955.2 of the Government Code, in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of the premises herein leased nor shall the lessee himself or herself, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy, of tenants, lessees, sublessees,

subtenants, or vendees in the premises herein leased. The foregoing covenants shall run with the land"

3. In contracts pertaining to the Site: "There shall be no discrimination against or segregation of, any person or group of persons on account of any basis listed in subdivision (a) or (d) of Section 12955 of the Government Code, as those bases are defined in Sections 12926, 12926.1, subdivision (m) and paragraph (1) of subdivision (p) of Section 12955, and Section 12955.2 of the Government Code, in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the premises which are the subject of this agreement, nor shall the grantee or any person claiming under or through him or her, establish or permit any practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the premises herein conveyed. The foregoing covenants shall run with the land."

The covenants established in this Agreement shall, without regard to technical classification and designation, be binding for the benefit and in favor of City and City's successors and assigns, and any successor in interest to the Site, together with any property acquired by Developer pursuant to this Agreement, or any part thereof. The covenants against discrimination shall remain in effect in perpetuity.

4.4 Effect of Violation of the Terms and Provisions of this Agreement After Completion of Construction. City is deemed the beneficiary of the terms and provisions of this Agreement and of the covenants running with the land, for and in its own rights and for the purposes of protecting the interests of the community and other parties, public or private, in whose favor and for whose benefit this Agreement and the covenants running with the land have been provided. This Agreement and the covenants shall run in favor of City, without regard to whether City has been, remains or is an owner of any land or interest therein in the Site. City shall have the right, if this Agreement or covenants are breached, to exercise all rights and remedies, and to maintain any actions or suits at law or in equity or other property proceedings to enforce the curing of such breaches to which it or any other beneficiaries of this Agreement and covenants may be entitled.

4.5 Maintenance of the Site. Developer shall maintain the Project on the Site in conformity with the City Municipal Code and the requirements of the City Regulatory Agreement, and shall keep the Site free from any graffiti and from any accumulation of debris or waste materials.

Developer shall also maintain the landscaping required to be planted under the Scope of Development in a healthy and attractive condition. If, at any time, Developer fails to maintain the Site or any portion thereof, and said condition is not corrected as soon as reasonably possible after written notice from City, City may enter the Site or applicable portion thereof to perform the necessary maintenance thereon and Developer shall pay such costs as are reasonably incurred for such maintenance plus a fifteen percent (15%) administrative fee. This covenant shall run with the land and shall remain in effect for the term of the City Regulatory Agreement.

5. DEFAULTS AND REMEDIES.

5.1 Event of Default. Any of the following events or occurrences with respect to either Party shall constitute a material breach of this Agreement and, after the expiration of any applicable cure period, shall constitute an "**Event of Default**" by such party:

5.1.1 The failure by either Party to pay any amount in full when it is due under this Agreement, if the failure has continued for a period of ten (10) days after the Party entitled to payment demands in writing that the other Party cure that failure.

5.1.2 The failure by either Party to perform any other obligation under this Agreement, if the failure has continued for a period of thirty (30) days after demand in writing that such Party cure the failure, or such shorter time period as may be provided for in one of the other Project Documents. If, however, by its nature the failure cannot reasonably be cured within said time period, such Party may have such longer period of time as is reasonably necessary to cure the failure, provided that such Party commences said cure within said thirty (30)-day period, and thereafter diligently prosecutes said cure to completion.

5.2 No Waiver. Except as otherwise expressly provided in this Agreement, any failure or delay by either Party in asserting any of its rights or remedies as to any default shall not operate as a waiver of any default, or of any such rights or remedies, or deprive any such Party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

5.3 Remedies; Institution of Legal Actions. In addition to any other rights or remedies and subject to the restrictions set forth in this Agreement, either Party may institute an action at law or equity to seek specific performance of the terms of this Agreement, or to cure, correct or remedy any default, to recover damages for any default (subject to the restriction on Developer's rights to recover monetary damages against City set forth in the final clause of this sentence), or to obtain any other remedy consistent with the purpose of this Agreement; provided, however, that notwithstanding anything in the foregoing to the contrary, in no event shall Developer be entitled to obtain monetary damages of any kind from City, including but not limited to damages for economic loss, lost profits, or any other economic or consequential damages of any kind. Such legal actions must be instituted in the Superior Court of the State of California in and for the County of Orange, California, in any other appropriate court within the County of Orange, California, or in the United States District Court for the Central District of California.

5.4 Rights and Remedies are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the Parties are cumulative, and the exercise by either Party of one or more of such rights or remedies shall not preclude the

exercise by it, at the same time or different times, of any other rights or remedies for the same default or any other default by the other Party.

5.5 Attorneys' Fees. If either Party to this Agreement is required to initiate or defend litigation in any way connected with this Agreement, the prevailing Party in such litigation, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorneys' fees. If either Party to this Agreement is required to initiate or defend litigation with a third party because of the violation of any term or provision of this Agreement by the other Party, then the Party so litigating shall be entitled to reasonable attorneys' fees from the other Party to this Agreement. Attorneys' fees shall include attorney's fees on any appeal, and in addition a Party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, retaining expert witnesses, taking depositions and discovery, and all other necessary costs incurred with respect to such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

5.6 Reimbursement of City. Within thirty (30) days after its receipt of written demand from City, Developer shall reimburse City for all costs reasonably incurred by City (including the reasonable fees and expenses of attorneys, accountants, appraisers and other consultants) in connection with City enforcement of the Project Documents and all related matters, including, without limitation, the following: (a) City's commencement of, appearance in, or defense of any action or proceeding purporting to affect the rights or obligations of the Parties to any Project Document; and (b) all claims, demands, causes of action, liabilities, losses, and other costs against which any of the Indemnitees is indemnified under the Project Documents. Such reimbursement obligations shall bear interest from the date occurring fifteen (15) days after City makes written demand to Developer at the rate of ten percent (10%) per annum or the maximum legal rate, whichever is less. Such reimbursement obligations shall survive termination of this Agreement.

5.7 City Option to Acquire Site.

5.7.1 In addition to any other remedies of City hereunder, on the occurrence of an Event of Default by Developer that occurs prior to the Funding Closing Date, City shall have an option to acquire the Site from Developer, in exchange for City's cancellation of the City Note (the "**City Option**"). City shall exercise the City Option by providing written notice of its intent to exercise the City Option.

5.7.2 Within fifteen (15) days after City exercises the City Option, (i) Developer shall execute and deliver to Escrow Holder a grant deed conveying the Site to City (the "**Developer Grant Deed**") with no title exceptions, liens, or encumbrances to title other than the title exceptions, liens, and encumbrances in effect as of the Site Closing Date excepted the Permitted Encumbrances (the "**City Approved Title Condition**"), (ii) City shall execute and deliver to Escrow Holder a reconveyance of the City Deed of Trust, (iii) City shall deliver to Escrow Holder the original City Note, marked "cancelled," and (iv) Developer and City shall execute a termination of the City Regulatory

Agreement. In connection with the recordation of the Developer Grant Deed, the Title Company shall issue to City, at Developer's cost, an ALTA owner's policy of title insurance, together with such endorsements as may be reasonably requested by City with liability in the amount of principal amount advanced under the City Note, covering the Site, showing title vested in City and in the City Approved Title Condition.

5.7.3 Upon City's acquisition of the Site pursuant to the City Option, this Agreement shall be automatically terminated, thereby releasing the Parties from further obligations hereunder, and Escrow Holder shall return all documents and funds delivered by Developer to City or the Title Company to Developer, and all documents and funds delivered by City to Developer or the Title Company to City. Nothing in this Section 5.7 shall be construed as releasing any Party from liability for any default of its obligations hereunder or breach of its representations and warranties under this Agreement occurring prior to the termination of this Agreement.

5.7.4 For the avoidance of doubt, upon the Funding Closing Date, the City Option shall automatically terminate and shall be of no further force or effect. If requested by Developer, City shall execute a quitclaim deed and/or termination of the Memorandum of Option to establish that the City Option and Memorandum of Option have terminated.

6. GENERAL PROVISIONS

6.1 Notices, Demands and Communications Between Parties. Written notices, demands and communications between City and Developer shall be sufficiently given if (i) delivered by hand, (ii) delivered by reputable same-day or overnight messenger service that provides a receipt showing date and time of delivery, or (iii) dispatched by registered or certified mail, postage prepaid, return receipt requested, to the principal offices of City and Developer at the addresses specified in Section 1.3.1 and 1.3.2, respectively. Such written notices, demands and communications may be sent in the same manner to such other addresses as either Party may from time to time designate by mail as provided in this Section 6.1.

Any written notice, demand, or communication shall be deemed received immediately if delivered by hand or delivered by messenger in accordance with the preceding paragraph, and shall be deemed received on the third (3rd) day from the date it is postmarked if delivered by registered or certified mail in accordance with the preceding paragraph.

6.2 Developer Covenant to Defend this Agreement. Developer acknowledges that City is a "public entity" and/or a "public agency" as defined under applicable California law. Therefore, City must satisfy the requirements of certain California statutes relating to the actions of public entities, including, without limitation, CEQA. Also, as a California public body, City's action in authorizing the entering into of this Agreement may be subject to proceedings to invalidate this Agreement or mandamus. Developer assumes the risk of delays and damages that may result to Developer from any third-party legal actions related to City's authorization to enter into this Agreement or the pursuit of the activities contemplated by this Agreement, including, without limitation, City's approval of any

Project approvals and issuance of any permits required for development of the Project, even in the event that an error, omission or abuse of discretion by City is determined to have occurred. If a third-party files a legal action regarding City's authorization to enter into this Agreement or the pursuit of the activities contemplated by this Agreement, including, without limitation, City's approval of any Project approvals and issuance of any permits required for development of the Project, City may terminate this Agreement on thirty (30) days written notice to Developer of City's intent to terminate this Agreement, referencing this Section 6.2, without any further obligation to perform the terms of this Agreement and without any liability to Developer resulting from such termination, unless Developer unconditionally agrees to indemnify and defend the Released/Indemnified Parties, with legal counsel acceptable to City, against such third-party legal action, as provided hereinafter in this Section 6.2; provided, however, that City's right to terminate under this Section 6.2 shall terminate upon Developer's acquisition of the Site. Within thirty (30) days after receipt of City's notice of intent to terminate this Agreement, as provided in the preceding sentence, Developer may in Developer's sole and absolute discretion offer to defend City, with legal counsel acceptable to City, in the third-party legal action and pay all of the court costs, attorney fees, monetary awards, sanctions, attorney fee awards, expert witness and consulting fees, and the expenses of any and all financial or performance obligations resulting from the disposition of the legal action. At the request of Developer, City shall cooperate with and assist Developer in its defense of any such third-party legal action, provided that City shall not be obligated to incur any expense in connection with such cooperation or assistance.

6.3 Conflicts of Interest. No member, officer, official, or employee of City shall have any personal interest, direct or indirect, in this Agreement, nor shall any member, official or employee participate in any decision relating to the Agreement which affects his or her personal interests or the interests of any corporation, partnership or association in which he or she is directly or indirectly interested.

6.4 Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Agreement, performance by either Party hereunder shall not be deemed to be in default, and all performance and other dates specified in this Agreement, including in the Schedule of Performance, shall be extended, where delays or defaults are due to: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of God; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor; subcontractor or supplier; or any other causes beyond the control or without the default of the Party claiming an extension of time to perform. Notwithstanding anything to the contrary in this Agreement, an extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the Party claiming such extension is sent to the other Party within thirty (30) days after the commencement of the cause. Times of performance under this Agreement, including in the Schedule of Performance, may also be extended in writing by the mutual agreement of City and Developer. The Community Development Director

shall also have the authority on behalf of City to administratively approve extensions of time not to exceed a cumulative total of six (6) months.

Notwithstanding the foregoing portion of this Section 6.4, Developer is not entitled pursuant to this Section 6.4 to an extension of time to perform because of past, present, or future difficulty in obtaining suitable construction financing for the development of the Site, or because of economic or market conditions.

6.5 Non-Liability of Officials and Employees of City. No member, official or employee of City shall be personally liable to Developer, or any successor in interest, in the event of any default or breach by City, or for any amount which may become due to Developer or its successors, or on any obligations under the terms of this Agreement.

6.6 Interpretation; Entire Agreement, Waivers; Attachments. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either Party by reason of the authorship of this Agreement or any other rule of construction that might otherwise apply.

This Agreement integrates all of the terms and conditions mentioned herein or incidental hereto, and supersedes all negotiations or previous agreements between the Parties or their predecessors in interest with respect to all or any part of the subject matter hereof.

All waivers of the provisions of this Agreement must be in writing by the appropriate authorities of City and Developer, and all amendments hereto must be in writing by the appropriate authorities of City and Developer. Except as otherwise expressly provided, in any circumstance where under this Agreement either Party is required to approve or disapprove any matter, approval shall not be unreasonably withheld.

The exhibits and attachments to this Agreement are incorporated herein and made a part hereof.

6.7 Time of Essence. Time is of the essence in the performance of this Agreement.

6.8 Maintenance of Books and Records. Developer shall prepare and maintain all books, records, and reports necessary to substantiate Developer's compliance with the terms of this Agreement.

6.9 Right to Inspect. City shall have the right, upon not less than forty-eight (48) hours' notice, at all reasonable times during business hours, to inspect the books and records of Developer pertinent to the purposes of this Agreement.

6.10 Binding Effect of Agreement. This Agreement shall be binding upon and shall inure to the benefit of the Parties hereto, their legal representatives, successors, and assigns. This Agreement shall likewise be binding upon and obligate the Site and

the successors in interest, owner or owners thereof, and all of the tenants, lessees, sublessees, and occupants of such Site.

6.11 Severability. Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under applicable law. If, however, any provision of this Agreement shall be prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

6.12 Governing Law. This Agreement shall be governed by, and construed and enforced in accordance with, the internal laws of the State of California, without regard to conflict of law principles.

6.13 Counterparts. This Agreement may be executed in counterparts, each of which, when this Agreement shall have been signed by both of the Parties hereto, shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

6.14 No Third-Party Beneficiaries. No person or entity other than Developer and City, and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

6.15 Administration of this Agreement. Following the execution of this Agreement by City, this Agreement shall be administered and executed on behalf of City by the Community Development Director. The Community Development Director shall have the authority to issue interpretations, waive terms and conditions, enter into one or more City/Lender Subordination Agreements, enter into subordination agreements with public funding sources where the public funding source's regulations require such subordination, and enter into implementing agreements and amendments of this Agreement (including, without limitation, to the Project Budget, Scope of Development and Schedule of Performance) on behalf of City provided that such actions do not substantially change the uses or development permitted on the Site, materially add to the costs or obligations, increase the risk of liability, or impair the rights or remedies, of City provided herein, or materially decrease the revenues or other compensation to be received by City hereby. All other waivers or amendments shall require the formal consent of the Irvine City Council.

FOR VALUE RECEIVED, CARTWRIGHT FAMILY APARTMENTS, LP, a California limited partnership ("**Borrower**"), as maker and obligor, promises to pay to the **CITY OF IRVINE**, a California municipal corporation ("**City**"), as holder and beneficiary, or order, at City's office at One Civic Center Plaza, Irvine, CA 92623-9575, or such other place as City may designate in writing, the sum of (a) Eight Million Four Hundred Nineteen Thousand Nine Hundred Fifty-Two Dollars and Eighteen Cents ($8,419,952.18), or so much thereof as may be disbursed hereunder ("**Note Amount**"), and (b) all costs and expenses payable hereunder, in currency of the United States of America, which at the time of payment is lawful for the payment of public and private debts.

1. Agreement. This Amended and Restated Promissory Note ("**Note**") is given in accordance with that certain Amended and Restated Affordable Housing Agreement entered into on or about the same date hereof by City and Borrower (the "**Agreement**"), which Agreement amends and restates that certain Affordable Housing Agreement dated as of January 28, 2020, executed by and among City and The Waterford Group, Inc., a California corporation ("**Waterford**"), and C & C Development Co., LLC, a California limited liability company ("**C&C**"), and thereafter assigned (i) by Waterford and C&C to Cartwright CCR LLC, a California limited liability company ("**CCR**"), and (ii) by CCR to Borrower (the "**Original Agreement**"). This Note amends, cancels, replaces, and restates, in its entirety, that certain Promissory Note, executed by CCR on or about February 10, 2020, pursuant to the terms of the Original Agreement.

The rights and obligations of Borrower and City under this Note shall be governed by the Agreement and by the additional terms set forth in this Note. Notwithstanding anything to the contrary set forth herein, City shall not

exercise any right hereunder without providing the limited partner of Borrower with not less than thirty (30) days prior written notice and right to cure any default giving rise to the exercise of said remedy. City agrees that any cure tendered by the limited partner of Borrower shall be accepted or rejected on the same terms and conditions as if tendered directly by Borrower. Annual Residual Receipts payments shall be made by the Borrower by cashier's check and shall be delivered on or before May 31st for each year during the term of this Note commencing in the first calendar year following the date construction of the Project has been completed, as evidenced by Borrower's obtainment of a Certificate of Occupancy (or equivalent document or approval if City does not issue certificates of occupancy for developments like the Project), and continuing until the Note Amount and all unpaid interest thereon has been repaid in full. Additionally, the Note Amount shall be paid by any or all of the following: (i) seventy-five percent (75%) of the Refinancing Net Proceeds immediately upon any refinancing of the loans secured by the Site (or any part thereof), subject to any required pro rata split with other public agency lenders, to the extent applicable, (ii) one hundred percent (100%) of the Transfer Net Proceeds immediately upon any transfer in whole or in part of the Project, subject to any required pro rata split with other public agency lenders, to the extent applicable, and (iii) any Cost Savings, pursuant to Section 2.4 of the Agreement. Borrower acknowledges that City's Share has been determined based on the collective principal amount of the Note Amount and the HOME Funds, and one hundred percent (100%) of City's Share shall be allocated to repayment of this Note until this Note has been fully repaid, at which time one hundred percent (100%) of City's Share shall be allocated to repayment of that certain promissory note executed or to be executed by Borrower that evidences Borrower's obligation to repay the City HOME Loan.

Operating Expenses shall not include any of the following: (i) salaries of employees of Borrower or Borrower's general overhead expenses, or expenses, costs and fees paid to an Affiliate of Borrower, to the extent any of the foregoing exceed the expenses, costs or fees that would be payable in a bona fide arms' length transaction between unrelated parties in the Orange County area for the same work or services; (ii) any amounts paid directly by a tenant of the Project to

(viii) Current partnership management fee of Twenty Thousand Dollars ($20,000) for calendar year 2023, increased by two and one-half percent (2.5%) each year following calendar year 2023;

(ix) Repayment of loans to the Project, if any, made by the limited partner(s) of Borrower pursuant to the Partnership Agreement, including interest at the rate set forth in the Partnership Agreement, for eligible development and/or operating expense deficits or other eligible loans (provided that if made during the compliance period Borrower shall provide to the Community Development Director documentation showing the propriety of such loan(s) and if made subsequent to the expiration of the compliance period each such loan must be reasonably approved by the Community Development Director before being provided to the Project after review of documentation provided by Borrower showing propriety of such loans);

(x) Repayment to the administrative and/or managing general partners of Borrower for loans to the Project for development advance(s) pursuant to the Partnership Agreement, operating deficit advance(s) pursuant to the Partnership Agreement, credit adjuster payment(s) pursuant to the Partnership Agreement), and/or development fee advance(s) pursuant to the Partnership Agreement, and with all such loans to be repaid without interest (provided that if made during the compliance period, then if Borrower wants to deduct the repayments of such loans from Annual Project Revenue for purposes of calculating Residual Receipts, Borrower shall provide to the Community Development Director documentation showing the propriety of such loan(s) and if made subsequent to the expiration of the compliance period each such loan must be reasonably approved by the Community Development Director before being provided to the Project after review of documentation provided by Borrower showing propriety of such loans);

(xi) Repayment to the administrative and/or managing general partners of Borrower of certain loans made to the Project after the expiration or earlier termination of the Partnership Agreement to cover shortfalls in funding for Operating Expenses in excess of the Operating Expenses included in the approved annual Operating Budget for the year in which such loan is made (if at all), all such loans to be repaid without interest (provided that if made during the compliance period, then if Borrower wants to deduct the

repayments of such loans from Annual Project Revenue for purposes of calculating Residual Receipts, Borrower shall provide to Community Development Director documentation showing the propriety of such loan(s) and if made subsequent to the expiration of the compliance period each such loan must be reasonably approved by the Community Development Director before being provided to the Project after review of documentation provided by Borrower showing propriety of such loans); and

(xii) Capital contributions to the Project, if any, made by the general partners of Borrower that were used to pay developer fee.

In the event any calculation of Annual Project Revenue less subsections (i) through (xii) inclusive above results in a negative number, then Residual Receipts shall be zero ($0) for that year and shall not carry over to the next or any other subsequent year.

In addition, none of the fees, costs, expenses, or items described above in calculation of Residual Receipts shall include any duplicate entry/item, or double accounting for a cost item. The calculation of Residual Receipts shall be conducted at Borrower's sole cost and expense, by a third-party auditor and submitted to Borrower annually, along with Borrower's payment of Residual Receipts.

As used herein, "**Transfer Net Proceeds**" means the proceeds of any sale or other transfer, in whole or part, of the Site or Borrower's interests therein, net only of (i) the reasonable and customary costs and expenses incurred in connection with such transfer; (ii) the amount of the financing which is satisfied out of such proceeds, (iii) the balance, if any, of the Deferred Developer Fee, (iv) the balance, if any, of loans to the Project made by the limited partners of Borrower, including interest thereon as provided in the Partnership Agreement, (v) the balance, if any, of operating loans or development loans made by the general partners of Borrower, including interest thereon as provided in the Partnership Agreement, and (vi) the return of capital contributions, if any, to the Project made by the general partners of Borrower.

4. Security. Borrower's obligations under this Note and the Agreement shall, at all times during which any amount remains outstanding hereunder, be secured by the City Deed of Trust, which City Deed of Trust shall only be subordinated to the approved deed(s) of trust for the Construction Loan and Take-Out Loan, and if applicable any loan from the California Department of Housing and Community Development where such subordination is required pursuant to applicable regulations, and such encumbrances approved by City in writing, pursuant to a written subordination agreement in a form approved by the City Attorney. Upon execution of the same, the terms of the City Deed of Trust are incorporated herein and made a part hereof to the same extent and with the same force and effect as if fully set forth herein.

5. Maturity. This Note shall be due and payable on the fifty-fifth (55th) anniversary of the date a Certificate of Occupancy (or equivalent document or approval if City does not issue certificates of occupancy for developments like the Project) has been issued for the Project.

6. Application of Payments. All payments shall be applied (i) first, to costs and fees owing under this Note, (ii) second, to the payment of unpaid accrued interest owing under this Note for each calendar year in which no payment was made by Borrower pursuant to Section 3 above, (iii) third, to the payment of accrued interest for the preceding calendar year, and (iv) fourth, to payment of principal.

7. Waivers.

(a) Borrower expressly agrees that this Note or any payment hereunder may be extended from time to time at City's sole discretion and that City may accept security in consideration for any such extension or release any security for this Note at its sole discretion all without in any way affecting the liability of Borrower.

(b) No extension of time for payment of this Note made by agreement by City with any person now or hereafter liable for the payment of this Note shall operate to release, discharge, modify, change or affect the original liability of Borrower under this Note, either in whole or in part.

(c) The obligations of Borrower under this Note shall be absolute, and Borrower waives any and all rights to offset, deduct or withhold any payments or charges due under this Note for any reasons whatsoever.

(d) Borrower waives presentment, demand, notice of protest and nonpayment, notice of default or delinquency, notice of acceleration, notice of costs, expenses or leases or interest thereon, notice of dishonor, diligence in collection or in proceeding against any of the rights or interests in or to properties securing this Note, and the benefit of any exemption under any homestead exemption laws, if applicable.

(e) No previous waiver and no failure or delay by City in acting with respect to the terms of this Note or the City Deed of Trust shall constitute a waiver of any breach, default, or failure or condition under this Note, the City Deed of Trust or the obligations secured thereby. A waiver of any term of this Note, the City Deed of Trust or of any of the obligations secured thereby must be made in writing and shall be limited to the express written terms of such waiver.

8. Attorneys' Fees and Costs. Borrower agrees that if any amounts due under this Note are not paid when due, Borrower will pay all costs and expenses of collection and reasonable attorneys' fees paid or incurred in connection with the collection or enforcement of this Note, whether or not suit is filed.

9. Joint and Several Obligation. This Note is the joint and several obligation of all makers, sureties, guarantors and endorsers, and shall be binding upon them and their heirs, successors and assigns.

10. Amendments and Modifications. This Note may not be changed orally, but only by an amendment approved by City and evidenced in a writing signed by Borrower and by City.

11. City May Assign. City may, at its option, assign its right to receive payment under this Note without necessity of obtaining the consent of the Borrower.

12. Borrower Assignment Prohibited. In no event shall Borrower assign or transfer any portion of this Note without the prior express written consent of City, which consent shall not unreasonably be withheld, except pursuant to a transfer that is authorized under Section 1.5 of the Agreement.

13. Acceleration and Other Remedies. Upon the occurrence of a Default, City may, at City's option, declare the outstanding principal amount of this Note, together with the then accrued and unpaid interest thereon and other charges hereunder, and all other sums secured by the City Deed of Trust, to be due and payable immediately, and upon such declaration, such principal and interest and other sums shall immediately become and be due and payable without demand or notice, all as further set forth in the City Deed of Trust. All costs of collection, including, but not limited to, reasonable attorneys' fees and all expenses incurred in connection with protection of, or realization on, the security for this Note, may be added to the principal hereunder, and shall accrue interest as provided herein. City shall at all times have the right to proceed against any portion of the security for this Note in such order and in such manner as City may consider appropriate, without waiving any rights with respect to any of the security. Any delay or omission on the part of City in exercising any right hereunder, under the Agreement or under the City Deed of Trust shall not operate as a waiver of such right, or of any other right. No single or partial exercise of any right or remedy hereunder or under the Agreement or any other document or agreement shall preclude other or further exercises thereof, or the exercise of any other right or remedy. The acceptance of payment of any sum payable hereunder, or part thereof, after the due date of such payment shall not be a waiver of City's right to either require prompt payment when due of all other sums payable hereunder or to declare a Default for failure to make prompt or complete payment.

14. Alternate Rate. Upon the occurrence of any Default, or upon the maturity hereof (by acceleration or otherwise), the entire unpaid principal sum, at the option of City, shall bear interest, from the date of occurrence of such Default or maturity and after judgment and until collection, at the "**Alternate Rate**", such rate being the highest interest rate then permitted by law. Interest calculated at the Alternate Rate, when and if applicable, shall be due and payable immediately without notice or demand. Borrower agrees that in the event of any Default, City will incur additional expense in servicing the loan evidenced by this Note and will suffer damage and loss resulting from such Default. Borrower agrees that in such event City shall be entitled to damages for the detriment caused thereby, which damages are extremely difficult and impractical to ascertain. Therefore, Borrower agrees that the Alternate Rate (as applied to the unpaid principal balance, accrued interest, fees, costs and expenses incurred) is a reasonable estimate of such damages to City, and Borrower agrees to pay such sum on demand.

15. Consents. Borrower hereby consents to: (a) any extension (whether one or more) of the time of payment under this Note, (b) the release or surrender or exchange or substitution of all or any part of the security, whether real or personal, or direct or

indirect, for the payment hereof, (c) the granting of any other indulgences to Borrower, and (d) the taking or releasing of other or additional parties primarily or contingently liable hereunder. Any such extension, release, surrender, exchange or substitution may be made without notice to Borrower or to any endorser, guarantor or surety hereof, and without affecting the liability of said parties hereunder.

16. Interest Rate Limitation. City and Borrower stipulate and agree that none of the terms and provisions contained herein or in any of the loan instruments shall ever be construed to create a contract for the use, forbearance or detention of money requiring payment of interest at a rate in excess of the maximum interest rate permitted to be charged by the laws of the State of California. In such event, if any holder of this Note shall collect monies which are deemed to constitute interest which would otherwise increase the effective interest rate on this Note to a rate in excess of the maximum rate permitted to be charged by the laws of the State of California, all such sums deemed to constitute interest in excess of such maximum rate shall, at the option of such holder, be credited to the payment of the sums due hereunder or returned to Borrower.

17. Successors and Assigns. Whenever "City" is referred to in this Note, such reference shall be deemed to include City and its successors and assigns, including, without limitation, any successor to its rights, powers, and responsibilities, and any subsequent assignee or holder of this Note. All covenants, provisions and agreements by or on behalf of Borrower, and on behalf of any makers, endorsers, guarantors and sureties hereof which are contained herein shall inure to the benefit of City and City's successors and assigns.

18. Miscellaneous. Time is of the essence hereof. This Note shall be governed by and construed under the laws of the State of California except to the extent Federal laws preempt the laws of the State of California. Borrower irrevocably and unconditionally submits to the jurisdiction of the Superior Court of the State of California for the County of Orange or the United States District Court of the Central District of California, as City may deem appropriate, in connection with any legal action or proceeding arising out of or relating to this Note. Borrower also waives any objection regarding personal or in rem jurisdiction or venue.

19. Non-Recourse Obligation. Borrower and its partners shall not be personally liable for the payment of this Note or for the payment of any deficiency established after judicial foreclosure or trustee's sale; provided, however, that the foregoing shall not in any way affect any rights City may have (as a secured party or otherwise) hereunder or under the Agreement or the City Deed of Trust to recover directly from Borrower any amounts, or any funds, damages or costs (including without limitation reasonable attorneys' fees and costs) incurred by City as a result of fraud, intentional misrepresentation or bad faith waste, and any costs and expenses incurred by City in connection therewith (including without limitation reasonable attorneys' fees and costs).

20. Accounting.

(a) **Accounting Terms and Determinations.** Unless otherwise specified herein, (i) all accounting terms used herein shall be interpreted, (ii) all accounting determinations hereunder shall be made, and (c) all books, records and financial statements required to be delivered hereunder shall be prepared, in accordance with GAAP, consistently applied, except for changes approved by City.

(b) **Financial Reporting and Accounting Covenants.** Borrower shall permit the representatives of City at any time or from time to time, upon three (3) business days' notice and during normal business hours, to inspect, audit, and copy all of Borrower's books, records, and accounts relating to the Site. Borrower shall furnish or cause to be furnished to City the following:

(i) **Annual Financial Statement.** Borrower shall submit to City, on or before May 31 of each year commencing in the first year after the issuance of the first Certificate of Occupancy for the Project, an Annual Financial Statement, with respect to the Project that has been reviewed by an independent certified public accountant, together with an expressed written opinion of the certified public accountant that such Annual Financial Statement presents the financial position, results of operations, and cash flows of the Project fairly and in accordance with GAAP.

(ii) **Tax Returns**. As soon as available, but in no event later than thirty (30) days after the time of filing with the Internal Revenue Service, the federal tax returns (and supporting schedules, if any) of Borrower.

(iii) **Audit Reports**. Not later than ten (10) days after receipt thereof by Borrower, copies of all reports submitted to Borrower by independent public accountants in connection with each annual, interim or special audit of the financial statements of Borrower, made by such accountants, including the comment letter submitted by such accountants to management in connection with their annual audit. If any such audit report results in Borrower restating Residual Receipts upward for any calendar year, then Borrower shall accompany delivery of such audit report to City with the additional payment to City resulting from said restatement pursuant to Section 3 of this Note. If any such audit report results in Borrower restating Residual Receipts downward for any calendar year, Borrower may carry forward the overpayment made to City pursuant to such Section 3 as a credit against payments thereunder in subsequent calendar years.

(c) **Late Payment**. If any annual payment required pursuant to Section 3 above is not received by City within ten (10) calendar days after payment is due, Borrower shall pay to City a late charge of five percent (5%) of such payment, such late charge to be immediately due and payable without demand by City.

(d) **Dispute Regarding Annual Financial Statement**. If City disputes any Annual Financial Statement, City shall notify Borrower of such dispute within sixty (60) days after receipt of an Annual Financial Statement and the parties shall cause their

representatives to meet and confer concerning the dispute and to use all reasonable efforts to reach a mutually acceptable resolution of the matter in question within thirty (30) days after City's notice of such dispute. If the parties are unable to reach a mutually acceptable resolution within such thirty (30) day period, then, within twenty (20) days after the expiration of such period, Borrower and City shall appoint a national firm of certified public accountants to review the dispute and to make a determination as to the matter in question within thirty (30) days after such appointment. If the parties cannot, within ten (10) days, agree upon the firm to be appointed, then, upon the application of either party, such firm shall be appointed by the Presiding Judge of the Superior Court for the County of Orange, California. Such firm's determination shall be final and binding upon the parties. Such firm shall have full access to the books, records and accounts of Borrower and the Site.

(e) **Underpayment**. If any audit by City reports an underpayment by Borrower on this Note, Borrower shall pay the amount of such underpayment, together with the late charge set forth in Section 20(c) of this Note, to City within ten (10) days after written notice thereof to Borrower or, in the event of a dispute, after timely notice to Borrower of the resolution of such dispute by the independent firm of certified public accountants, as the case may be, and if such underpayment amounts to more than five percent (5%) of the disputed payment for the period audited, then, notwithstanding anything to the contrary in this section, Borrower shall pay to City, within ten (10) days after written demand, City's reasonable costs and expenses in conducting such audit and exercising its rights under this Section 20 of this Note.

DO NOT RECORD

The following is a copy of Subdivisions A and B of the fictitious Deed of Trust recorded in each County in California as stated in the foregoing Deed of Trust and incorporated by reference in said Deed of Trust as being a part thereof as if set forth at length therein.

A. To protect the security of this Deed of Trust, Trustor agrees:

1) To keep said property in good condition and repair, not to remove or demolish any building thereon; to complete or restore promptly and in a good and workmanlike manner any building which may be constructed, damaged or destroyed thereon and to pay when due all claims for labor performed and materials furnished therefor, to comply with all laws affecting said property or requiring any alterations or improvements to be made thereon; not to commit or permit waste thereof; not to commit, suffer or permit any act upon said property in violation of law; to cultivate, irrigate, fertilize, fumigate, prune and do all other acts which from the character or use of said property may be reasonably necessary, the specific enumerations herein not excluding the general.

2) To provide, maintain and deliver to Beneficiary fire insurance satisfactory to and with loss payable to Beneficiary. The amount collected under any fire or other insurance policy may be applied by Beneficiary upon any indebtedness secured hereby and in such order as Beneficiary may determine, or at the option of Beneficiary the entire amount so collected or any part thereof may be released to Trustor. Such application or release shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

3) To appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; and to pay all costs and expenses, including cost of evidence of title and attorney's fees in a reasonable sum, in any such action or proceeding in which Beneficiary or Trustee may appear, and in any suit brought by Beneficiary to foreclose this Deed.

4) To pay: at least ten (10) days before delinquency all taxes and assessments affecting said property, including assessments on appurtenant water stock; when due, all encumbrances, charges and liens, with interest, on said property or any part thereof, which appear to be prior or superior hereto; all costs, fees and expenses of this Trust.

Should Trustor fail to make any payment or to do any act as herein provided, then Beneficiary or Trustee, but without obligation so to do and without notice to or demand upon Trustor and without releasing Trustor from any obligation hereof, may: make or do the same in such manner and to such extent as either may deem necessary to protect the security hereof, Beneficiary or Trustee being authorized to enter upon said property for such purposes; appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; pay, purchase, contest or compromise any encumbrance, charge or lien which in the judgment of either appears

to be prior or superior hereto; and, in exercising any such powers, pay necessary expenses, employ counsel and pay his or her reasonable fees.

5) To pay immediately and without demand all sums so expended by Beneficiary or Trustee, with interest from the date of expenditure at the amount allowed by law in effect at the date hereof, and to pay for any statement provided for by law in effect at the date hereof regarding the obligation secured hereby any amount demanded by the Beneficiary not to exceed the maximum allowed by law at the time when said statement is demanded.

B. It is mutually agreed:

1) That any award in connection with any condemnation for public use of or injury to said property or any part thereof is hereby assigned and shall be paid to Beneficiary who may apply or release such moneys received by him in the same manner and with the same effect as above provided for disposition of proceeds of fire or other insurance.

2) That by accepting payment of any sum secured hereby after its due date, Beneficiary does not waive its right either to require prompt payment when due of all other sums so secured or to declare default for failure so to pay.

3) That at any time or from time to time, without liability therefor and without notice, upon written request of Beneficiary and presentation of this Deed and said note for endorsement, and without affecting the personal liability of any person for payment of the indebtedness secured hereby, Trustee may: reconvey any part of said property; consent to the making of any map or plat thereof; join in granting any easement thereon, or join in any extension agreement or any agreement subordinating the lien or charge hereof.

4) That upon written request of Beneficiary stating that all sums secured hereby have been paid, and upon surrender of this Deed and said note to Trustee for cancellation and retention or other disposition as Trustee in its sole discretion may choose and upon payment of its fees, Trustee shall reconvey, without warranty, the property then held hereunder. The recitals in such reconveyance of any matters or facts shall be conclusive proof of the truthfulness thereof. The Grantee in such reconveyance may be described as "the person or persons legally entitled thereto".

5) That as additional security, Trustor hereby gives to and confers upon Beneficiary the right, power and authority, during the continuance of these Trusts, to collect the rents, issues and profits of said property, reserving unto Trustor the right, prior to any default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, to collect and retain such rents, issues and profits as they become due and payable. Upon any such default (beyond any applicable cure period, and during the continuance of such default), Beneficiary may at any time without notice, either in person, by agent, or be a receiver to be appointed by a court, and without regard to the adequacy of any security for the indebtedness hereby secured, enter

upon and take possession of said property or any part thereof, in its own name sue for or otherwise collect such rents, issues, and profits, including those past due and unpaid, and apply the same, less costs and expenses of operation and collection, including reasonable attorney's fees, upon any indebtedness secured hereby, and in such order as Beneficiary may determine. The entering upon and taking possession of said property, the collecting of such rents, issues and profits and the application thereof as aforesaid, shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

6) That upon default by Trustor in payment of any indebtedness secured hereby or in the performance of any agreement hereunder, Beneficiary may declare all sums secured hereby immediately due and payable by delivery to Trustee of written declaration of default and demand for sale and of written notice of default and of election to cause to be sold said property, which notice Trustee shall cause to be filed for record. Beneficiary also shall deposit with Trustee this Deed, said note and all documents evidencing expenditures secured hereby.

After the lapse of such time as may then be required by law following the recordation of said notice of default, and notice of sale having been given as then required by law, Trustee, without demand on Trustor, shall sell said property at the time and place fixed by it in said notice of sale, either as a whole or in separate parcels, and in such order as it may determine, at public auction to the highest bidder for cash in lawful money of the United States, payable at time of sale. Trustee may postpone sale of all or any portion of said property by public announcement at such time and place of sale, and from time to time thereafter may postpone such sale by public announcement at the time fixed by the preceding postponement. Trustee shall deliver to such purchaser its deed conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in such deed of any matters or facts shall be conclusive proof of the truthfulness thereof. Any person, including Trustor, Trustee, or Beneficiary as hereinafter defined, may purchase at such sale.

To the extent the preferences required under this Section 4.07 conflict with the requirements of applicable federal and state fair housing laws or Section 42 of the Internal Revenue Code and implementing guidelines, the requirements of the applicable federal and state fair housing laws and Section 42 will supersede.

4.08 Recertification. Within one hundred twenty (120) days prior to the first anniversary date of the occupancy of an Affordable Unit by an Eligible Tenant, and on each anniversary date thereafter, Developer shall recertify the income of such Eligible Tenant by obtaining a completed Income Recertification Form, in the form attached hereto and incorporated herein as Exhibit D, based upon the current income of each known occupant of the Affordable Unit; provided, however, that if any Additional Regulatory Agreement requires Developer to obtain a recertification form which requires inclusion of the same information as required in Exhibit D, then Developer shall not be deemed to be in default hereunder if during the term of such Additional Regulatory Agreement Developer obtains from each Eligible Tenant the recertification form required pursuant to said Additional Regulatory Agreement.

If, after renting an Affordable Unit, the household income increases above the income level permitted for that Affordable Unit (the "Original Target Income Level"), but

If, after renting an Affordable Unit, the household income increases above eighty percent (80%) of the area median income for Orange County, adjusted for household size, that household may not be permitted to remain in the unit unless requiring such household to move will violate the Tax Credit Rules. Developer shall notify City in writing of such occurrence in the annual certification Developer provides to the City under Section 4.09.

During the term of this Regulatory Agreement, on or before each September 1 following the date City issues a Release of Construction Covenants for the Project, Developer shall annually advise City of the occupancy of the Project during the preceding calendar year by delivering a Certification of Continuing Program Compliance in the form attached hereto and incorporated herein as Exhibit E, stating (i) the Affordable Units of the Project which have been rented to and are occupied by Eligible Tenants and (ii) that to the knowledge of Developer either (a) no unremedied default has occurred under this Regulatory Agreement, or (b) a default has occurred, in which event said certification shall describe the nature of the default and set forth the measures being taken by Developer to remedy such default. 4.14 Relationship to HOME Regulatory Agreement and Additional Regulatory Agreements. Notwithstanding any other provisions set forth in this Regulatory Agreement and subject to the following sentence, to the extent that the provisions related to tenant selection, tenant income levels and unit rent levels set forth in the HOME Regulatory Agreement and/or any Additional Regulatory Agreement are less restrictive than those provisions set forth in this Section 4, then the provisions set forth in this Section 4 shall govern and control. To the extent of any inconsistency between this Regulatory Agreement, the HOME Regulatory Agreement, and/or any Additional Regulatory Agreement regarding Affordable Rent for the Affordable Units, the more restrictive agreement or covenants shall prevail unless compliance with such more restrictive provisions would violate the provisions of the less restrictive document.

Developer agrees to perform all of Developer's obligations under this Regulatory Agreement, under the HOME Regulatory Agreement, and under each of the Additional Regulatory Agreements. In the event City is prevented by a final, non-appealable order of a court of competent jurisdiction in a lawsuit involving the Project, or by an applicable and binding published appellate opinion, or by a final, non-appealable order of a regulatory body having jurisdiction, from enforcing, for any reason, the affordability restrictions set forth in this Regulatory Agreement or in the Agreement, then in such event, unless prohibited to TCAC, City shall be a third-party beneficiary under the Additional Regulatory Agreements, and shall have full authority to enforce any breach or default by Developer thereunder in the same manner as though it were a breach or default hereunder.

the tenant selection and rental requirements and restrictions set forth in the HAP Contract, and to the extent that with respect to the PBV Units there is a conflict between the terms of this Regulatory Agreement and the terms of the HAP Contract, then with respect to the PBV Units the terms of the HAP Contract shall control. For the avoidance of doubt, the PBV Units shall not be subject to the tenant selection and priority requirements set forth in Section 4.07 of this Regulatory Agreement. Any effective AHAP Contract and HAP Contract shall constitute an Additional Regulatory Agreement. If any project- or tenant-based subsidy is exhausted and is not renewed, City and Developer shall meet and confer, and thereafter the Community Development Director shall have the right to approve an increase in the income and rental restrictions applicable to the PBV Units to sixty percent (60%) AMI, provided the Community Development Director has been provided with documentary evidence reasonably satisfactory to the Community Development Director establishing that such increase is necessary to enable the Project to remain financial viable.

Developer may contract with a property management company or property manager to operate and maintain the Project in accordance with the terms of this Section ("**Property Manager**"); provided, however, the selection and hiring of the Property Manager (and each successor or assignee) is and shall be subject to prior written approval of City. Developer shall conduct due diligence and background evaluation of any potential outside property manager or property management company to evaluate experience, references, credit worthiness, and related qualifications as a property manager. Any proposed property manager shall have prior experience with projects and properties comparable to the Project and the references and credit record of such manager/company shall be investigated (or caused to be investigated) by Developer prior to submitting the name and qualifications of such proposed property manager to City for review and approval. A complete and true copy of the results of such background evaluation shall be provided to City. Approval of a Property Manager by City shall not be unreasonably withheld or delayed and shall be in City's reasonable discretion, and City shall use good faith efforts to respond as promptly as practicable in order to facilitate effective and ongoing management of the Project. Furthermore, the identity and retention of any approved Property Manager shall not be changed without the prior written approval of City, which approval shall not be unreasonably delayed, and shall be in City's reasonable discretion. Developer will confer annually with the Community Development Director to discuss the needs of then current residents and availability of services to be offered given available funding for services. Except for services provided directly by the County, Developer shall ensure that all personnel providing or coordinating all social services shall be adequately trained and counselled, including with respect to the appropriate means and methods of communicating and interacting with residents.

7.04 Gross Mismanagement. In the event of "Gross Mismanagement" (as that term is defined below) of the Affordable Units or any part of the Project, City shall have and retain the authority to direct and require any condition(s), acts, or inactions of Gross Mismanagement to cease and/or be corrected immediately, and further to direct and require the immediate removal of the Property Manager and replacement with a new qualified and approved Property Manager, if such condition(s) is/are not ceased and/or corrected after expiration of thirty (30) days from the date of Notice from City. If such condition(s) acts, or inactions of gross mismanagement do persist beyond such period, City shall have the sole and absolute right to immediately and without further notice to Developer (or to Property Manager or any other person/entity) replace the Property Manager with a new property manager of City's selection at the sole cost and expense of Developer. If Developer takes steps to select a new property manager that selection is subject to the requirements set forth above for selection of a Property Manager.

For purposes of this Regulatory Agreement, the term "**Gross Mismanagement**" shall mean management of any part of the Project in a manner which materially violates the terms and/or intention of this Regulatory Agreement to operate a high quality, well-managed residential complex, and shall include, but is not limited to, any one or more of the following:

Developer shall include advisement and provisions of the foregoing requirements and requirements of this Regulatory Agreement within any contract between Developer and its Property Manager.

Developer acknowledges and agrees that City and its employees and authorized agents shall have the right to conduct inspections of the Project and the individual Affordable Units, both exterior and interior, at reasonable times and upon reasonable notice (not less than 48 hours prior notice) to Developer and/or an individual tenant. If such notice is provided by the City or its representative(s) to Developer, then Developer (or its Property Manager) shall immediately and directly advise tenants of such upcoming inspection and cause access to the area(s) and/or units to be made available and open for inspection. Developer shall include express advisement of such inspection rights within the lease/rental agreements for each Affordable Unit in order for each and every tenant and tenant household to be aware of this inspection right.

The foregoing covenants shall run with the land.

Developer agrees for itself and any successor in interest that Developer shall refrain from restricting the rental, sale, or lease of any portion of the Property, or contracts relating to the Property, on the basis of race, color, creed, religion, sex, marital status, ancestry, or national origin of any person. All such deeds, leases, or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

i) **In deeds**: "The grantee herein covenants by and for himself or herself, his or her heirs, executors, administrators, and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of any basis listed in subdivision (a) or (d) of Section 12955 of the Government Code, as those bases are defined in Sections 12926, 12926.1, subdivision (m) and paragraph (1) of subdivision (p) of Section 12955, and Section 12955.2 of the Government Code, in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the premises herein conveyed, nor shall the grantee or any person claiming under or through him or her, establish or permit any practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the premises herein conveyed. occupancy, tenure, or enjoyment of the premises herein leased nor shall the lessee himself or herself, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy, of tenants, lessees, sublessees, subtenants, or vendees in the premises herein leased."

iii) **In contracts**: "There shall be no discrimination against or segregation of, any person or group of persons on account of any basis listed in subdivision (a) or (d) of Section 12955 of the Government Code, as those bases are defined in Sections 12926, 12926.1, subdivision (m) and paragraph (1) of subdivision (p) of Section 12955, and Section 12955.2 of the Government Code, in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the premises which are the subject of this agreement, nor shall the grantee or any person claiming under or through him or her, establish or permit any practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the premises herein conveyed. The foregoing covenants shall run with the land."

The covenants established in this Regulatory Agreement shall, without regard to technical classification and designation, be binding for the benefit and in favor of City, its successors and assigns, and any successor in interest to the Property, together with any property acquired by Developer pursuant to this Regulatory Agreement, or any part thereof. The covenants against discrimination shall remain in effect in perpetuity.

SECTION 9. OPERATING BUDGET OR ANNUAL BUDGET; ANNUAL AND QUARTERLY REPORTS.

9.01 Operating Budget. Developer shall submit to City on or before November 1 of each year an operating budget for the Project ("**Operating Budget**" or "**Annual Budget**"), which budget, including the format thereof, shall be subject to the written approval of the Community Development Director or designee, which approval shall not be unreasonably withheld or conditioned so long as such budget is not inconsistent with this Regulatory Agreement or the City Note. The Community Development Director's discretion in review and approval of each proposed annual Operating Budget or Annual Budget shall include, without limitation, authority to review individual categories, line items, and accounts, such as the following: property and other taxes and assessments imposed on the Project; premiums for property damage and liability insurance; utility services not paid for directly by the tenants, including (as applicable), but not limited to, water, sewer, trash collection, gas, and electricity; maintenance and repairs including but not limited to pest control, landscaping and grounds maintenance, painting and decorating, cleaning, common systems repairs, general repairs, janitorial supplies; resident services pursuant to the Resident Services Plan; any license or certificates of occupancy fees required for operation of the Project; general administrative expenses, including, but not limited to, advertising, marketing, security services and systems, professional fees for legal, audit, accounting and tax returns, and other; property management fees and reimbursements including on-site manager expenses, not to exceed fees and reimbursements which are standard in the industry and pursuant to a management contract approved by City (which such approval

will not be unreasonably withheld); asset management fees; annual cash deposited into the Capital Replacement Reserve in an amount of up to Five Hundred Dollars ($500) per unit per year, provided any changes to the amount deposited into the Capital Replacement Reserve will require City approval unless such change is a higher amount that is required by Developer's senior lender or the Investor, pursuant to the terms of the Partnership Agreement; cash deposited into the Operating Reserve for the Project and such other reserves as may be required by Developer's senior lender or the Investor; and debt service payments of loans in senior position to the City Loan . In the event Developer requires an amendment to an approved Annual Budget, then Developer shall submit a written request to the Community Development Director explaining the requested amendment and reasons therefor; the Community Development Director shall reasonably review and approve (or disapprove) each request for an amendment to an approved Annual Budget. The Community Development Director shall communicate to Developer his or her reasonable approval or disapproval of a proposed annual Operating Budget or Annual Budget within thirty (30) days after receipt thereof; as to each amendment, the Executive Developer shall communicate to Developer his or her reasonable approval or disapproval within fifteen (15) days after receipt of a complete submittal requesting an amendment to an approved Annual Budget. In the event the Community Development Director fails to approve a proposed annual Operating Budget or Annual Budget within thirty (30) days after receipt thereof, Developer may operate the Project in accordance with such proposed annual Operating Budget or Annual Budget until the Community Development Director notifies Developer that such proposed annual Operating Budget or Annual Budget is not approved; provided, however, that in such case any expenditure made by Developer prior to the Community Development Director's notification that the proposed annual Operating Budget or Annual Budget is not approved shall be deemed an approved expenditure.

9.02 Annual Reports. Developer covenants and agrees to submit to City an annual report (the "Annual Report"), which shall include the information required by California Health & Safety Code Section 33418. The Annual Report shall include for each Affordable Unit the rental rate and the income and family size of the occupants. Developer shall submit the Annual Report on or before September 1 of the year following the year covered by the Annual Report. Developer shall provide for the submission of household information and certification in its leases with tenants.

9.03 Quarterly Reports. Upon execution of this Regulatory Agreement and until Permanent Financing conversion, Developer shall also submit on a quarterly basis a quarterly report for the management of the Property (the "**Quarterly Report**"). The Quarterly Report shall describe the Project-related tasks performed in the past 3 months and the expected Project-related tasks to be performed in the upcoming 3 months. The report should include an updated Project schedule, including a schedule for completing milestones and/or tasks, and should indicate the status of the Project in relationship to this timeline. Developer shall document any changes from the timeline submitted with the most recent funding application. From time to time, City may request from Developer an updated Project proforma which shall include a development budget with sources and uses, debt sizing, calculations and pricing for the Tax Credits, 30-year operating proforma, base year income projection, and maintenance and operating expenses; Developer will have thirty (30) days to satisfy such request. The Quarterly

Report shall be in a form that is reasonably acceptable to the Community Development Director. The Community Development Director, in his/her sole discretion may waive the requirement of the Quarterly Report for one or more quarterly reporting periods. However, such waiver shall not operate to waive any subsequent requirement of the Quarterly Report. After receipt of such certified financial statements for the Project, City may request additional financial analysis or obtain a third-party review at City's own expense, of financial statements for the Project to verify the accuracy of the payments by Developer on the City Note or the required deposits into the Capital Replacement Reserve.

SECTION 10. COVENANTS REGARDING CAPITAL REPLACEMENT RESERVE.

Promptly upon the conversion of Developer's Construction Financing to Permanent Financing, Developer shall establish the Capital Replacement Reserve. Funds in the Capital Replacement Reserve shall be used only for capital repairs, improvements, and replacements to the Project fixtures and equipment which may be capitalized under generally accepted accounting principles. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve or lessen Developer's obligation to undertake any and all necessary capital repairs, improvements, or replacements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year on May 31, Developer, at its expense, shall submit to City an accounting for the Capital Replacement Reserve. Capital repairs to and replacement of the Project shall include only those items with a long useful life, including, without limitation, the following: carpet and drape replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement; irrigation pipe and controls replacement; sewer line replacement; water line replacement; gas line pipe replacement; lighting fixture replacement; elevator replacement and upgrade work; miscellaneous motors and blowers; common area furniture replacement; and common area repainting.

SECTION 11. COVENANTS REGARDING OPERATING RESERVE.

Promptly upon conversion of Developer's Construction Financing to Permanent Financing, Developer shall establish the Operating Reserve. The Operating Reserve shall be used to cover shortfalls between Annual Project Revenue and actual operating expenses, but shall in no event be used to pay for capital items or capital costs properly payable from the Capital Replacement Reserve. Developer shall, not less than once per every twelve (12) months on May 31, submit to City evidence reasonably satisfactory to City of compliance herewith for so long as Developer is required to maintain an Operating Reserve under this Agreement.

SECTION 12. EFFECT OF VIOLATION OF THE TERMS AND PROVISIONS OF THIS REGULATORY AGREEMENT AFTER COMPLETION OF CONSTRUCTION.

City is deemed the beneficiary of the terms and provisions of this Regulatory Agreement and of the covenants running with the land, without regard to whether City

has been, remains or is an owner of any land or interest therein in the Property or in the Project. City shall have the right, if this Regulatory Agreement or any of the covenants herein are breached, to exercise all rights and remedies, and to maintain any actions or suits at law or in equity or other proper proceedings to enforce the curing of such breaches to which it or any other beneficiaries of this Regulatory Agreement and covenants may be entitled. The covenants contained in this Regulatory Agreement shall remain in effect in perpetuity.

SECTION 13. COMPLIANCE WITH LAWS; ENVIRONMENTAL MATTERS.

13.01 Compliance with Laws. Developer shall comply with (i) all Governmental Requirements applicable to the Project and/or Property, (ii) any permit issued pursuant to the National Pollutant Discharge Elimination System ("**NPDES**") and applicable to the Project and/or Property, and (iii) all rules and regulations of any assessment district of the City with jurisdiction over the Property.

13.02 Indemnity. Developer shall save, protect, defend, indemnify and hold harmless City and City Personnel from and against any and all liabilities, suits, actions, claims, demands, penalties, damages (including, without limitation, penalties, fines, and monetary sanctions), losses, costs or expenses (including, without limitation, consultants' fees, investigation and laboratory fees, reasonable attorneys' fees, and remedial and response costs) (the foregoing are hereinafter collectively referred to as "**Liabilities**") which may now or in the future be incurred or suffered by any of City and City Personnel by reason of, resulting from, in connection with, or existing in any manner whatsoever as a direct or indirect result of (i) Developer's failure to comply with all applicable Governmental Requirements; (ii) Developer's failure to comply with any applicable NPDES permit; (iii) Developer's placement on or under the Property of any Hazardous Materials or Hazardous Materials Contamination, (iv) Developer's breach of its obligations under Section 13.03 or 13.04 hereinafter; or (v) any Liabilities incurred under any Governmental Requirements relating to the acts described in the foregoing clauses (i), (ii), (iii), and (iv).

13.03 Duty to Prevent Hazardous Material Contamination. Developer shall take commercially reasonable action to prevent the exacerbation of an existing release of any Hazardous Materials located on the Property and the release of any new Hazardous Materials to the Property after the Date of Regulatory Agreement. For the avoidance of ambiguity only, nothing in the previous sentence shall limit Developer from maintaining Hazardous Materials existing on the Property prior to the Date of Regulatory Agreement or consolidating such Hazardous Materials on the Property, all to the extent permitted by Law. Developer's duty to prevent Hazardous Materials Contamination shall include compliance with all Governmental Requirements with respect to Hazardous Materials. In addition, Developer shall install and utilize such equipment and implement and adhere to such procedures as are consistent with the standards generally applied by apartment complexes in Orange County, California as respects the disclosure, storage, use, removal, and disposal of Hazardous Materials.

13.04 Obligation of Developer to Remediate Premises. Notwithstanding the obligation of Developer to indemnify City and City Personnel pursuant to Section 13.02, and provided no Hazardous Materials exist on the Property as a result of City's

actions, Developer shall, at its sole cost and expense, promptly take (i) all actions required by any federal, state, regional, or local governmental agency or political subdivision or any Governmental Requirements and (ii) all actions necessary to make full economic use of the Property for the purposes contemplated by this Regulatory Agreement and the Agreement, which requirements or necessity arise from the presence upon, about or beneath the Property, of any Hazardous Materials or Hazardous Materials Contamination. Such actions shall include, but not be limited to, the investigation of the environmental condition of the Property, the preparation of any feasibility studies or reports and the performance of any cleanup, remedial, removal or restoration work.

13.05 Environmental Inquiries. Developer, when it has received any notices of violation, notices to comply, citations, inquiries, clean-up or abatement orders, or cease and desist orders related to Hazardous Materials or Hazardous Materials Contamination, or when Developer is required to report to any governmental agency any violation or potential violation of any Governmental Requirement pertaining to Hazardous Materials or Hazardous Materials Contamination, shall concurrently notify the Community Development Director, and provide to him/her a copy or copies, of the environmental permits, disclosures, applications, entitlements, or inquiries relating to the Property, the notices of violation, notices to comply, citations, inquiries, clean-up or abatement orders, cease and desist orders, reports filed pursuant to self-reporting requirements, and reports filed or applications made pursuant to any Governmental Requirement relating to Hazardous Materials and underground tanks, and Developer shall report to the Community Development Director, as soon as possible after each incident, any unusual, potentially important incidents.

In the event of a responsible release of any Hazardous Materials into the environment in violation of law, Developer shall, as soon as possible after it becomes aware of the release, furnish to the Community Development Director a notification that the release occurred and a copy of any and all test results and final reports relating thereto and copies of all correspondence with governmental agencies relating to the release. Upon request of the Community Development Director, Developer shall furnish to the Community Development Director a copy or copies of any and all other environmental entitlements or inquiries relating to or affecting the Property including, but not limited to, all permit applications, permits, test results and final reports including, without limitation, those reports and other matters which may be characterized as confidential. For the avoidance of ambiguity only, Developer shall be under no obligation to furnish any attorney-client privileged documents; provided, however, that Developer may not withhold from City facts regarding a violation of law that affects the Property.

SECTION 14. INSURANCE REQUIREMENTS.

14.01 General. Commencing on the Date of Regulatory Agreement and continuing in perpetuity, Developer shall procure and maintain, at its sole cost and expense, at minimum, compliance with all of the following insurance coverage(s) and requirements. Such insurance coverage shall be primary coverage as respects City and any insurance or self-insurance maintained by City shall be considered in excess of Developer's insurance coverage and shall not contribute to it.

If Developer utilizes one or more subcontractors in the performance of this Regulatory Agreement, Developer shall obtain and maintain Contractor's Protective Liability insurance as to each subcontractor or otherwise provide evidence of insurance coverage from each subcontractor equivalent to that required of Developer in this Regulatory Agreement, unless Developer and City both initial here ____ / ____.

This insurance coverage is required unless Developer does not drive a vehicle in conjunction with any part of the performance of this Regulatory Agreement and Developer and City both certify to this fact by initialing here ____ / ____.

(3) Comprehensive or Commercial General Liability Insurance coverage at least as broad as the most recent ISO Form CG 00 01 with a minimum limit of $3,000,000 per occurrence, and $5,000,000 in the aggregate, including coverage for: (a) products and completed operations, (b) bodily and personal injury, (c) broad form property damage, (d) contractual liability, and (e) cross-liability.

Such insurance shall protect/insure the interests of Developer/owner and all of Developer's contractor(s), and subcontractors, as each of their interests may appear. City shall be a loss payee under such policy or policies and such insurance shall contain a replacement cost endorsement. Notwithstanding anything to the contrary in this Section 14.02, however, Developer's requirement to maintain the insurance required by this paragraph shall terminate on the date City issues a Release of Construction Covenants for the Project pursuant to the terms of the Agreement.

(5) Insurance against fire, extended coverage, vandalism, and malicious mischief, and such other additional perils, hazards, and risks as now are or may be included in the standard "all risk" form in general use in Orange County, California, with the standard form fire insurance coverage in an amount equal to full actual replacement cost thereof, as the same may change from time to time. The above insurance policy or policies shall include coverage for earthquakes to the extent required by any Project lender or Investor. City shall be a loss payee under such policy or policies and such insurance shall contain a replacement cost endorsement. Notwithstanding

(6) Business interruption and extra expense insurance to protect Developer and City covering loss of revenues and/or extra expense incurred by reason of the total or partial suspension or delay of, or interruption in, the operation of the Project caused by loss or damage to, or destruction of, any part of the insurable real property structures or equipment as a result of the perils insured against under the all-risk physical damage insurance, covering a period of suspension, delay or interruption of at least twelve (12) months, in an amount not less than the amount required to cover such business interruption and/or extra expense loss during such period. Notwithstanding anything to the contrary in this Section 14.02, however, Developer's requirement to maintain the insurance required by this paragraph shall not commence until the date City issues a Release of Construction Covenants for the Project pursuant to the terms of the Agreement.

(7) Boiler and machinery insurance in the aggregate amount of the full replacement value of the equipment typically covered by such insurance. Notwithstanding anything to the contrary in this Section 14.02, however, Developer's requirement to maintain the insurance required by this paragraph shall not commence until the date City issues a Release of Construction Covenants for the Project pursuant to the terms of the Agreement.

14.03 Other Insurance Provisions

(1) All policies of Comprehensive or Commercial General Liability Insurance shall be endorsed to cover the City of Irvine, and the City's officials, officers, members, employees, agents and volunteers as additional insureds with respect to liability arising out of the work or operations and activities performed by or on behalf of Developer, including materials, parts or equipment furnished in connection with such work or operations. Endorsements shall be at least as broad as ISO Form CG 20 10 11 85, or both CG 20 10 10 01 and CG 20 37 10 01, covering both ongoing operations and products and completed operations.

(2) All required policies shall be endorsed to contain the following clause:

"This insurance shall not be canceled until after thirty (30) days' prior written notice (10 days for nonpayment of premium) has been given to:

City of Irvine
One Civic Center Plaza
Irvine, CA 92623-9575
Attn: Community Development Director

Should Developer fail to obtain such an endorsement to any policy required hereunder, Developer shall be responsible to provide at least thirty (30) days' notice (10 days for

nonpayment of premium) of cancellation of such policy to the City as a material term of this Agreement.

(3) Developer agrees to provide its insurance broker(s) with a full copy of these insurance provisions and provide City on or before the Date of Regulatory Agreement with Certificates of Insurance and endorsements for all required coverages. However, failure to obtain the required documents prior to the work beginning shall not waive the Developer's obligation to provide them. All Certificates of Insurance and endorsements shall be delivered or sent to:

City of Irvine
One Civic Center Plaza
Irvine, CA 92623-9575
Attn: Community Development Director

(4) Developer hereby grants to City a waiver of any right of subrogation which any insurer of said Developer may acquire against City by virtue of the payment of any loss under such insurance. Developer agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer.

14.04 Developer's Continuing Indemnification Obligations. Developer agrees that the provisions of this Section shall not be construed as limiting in any way City's right to indemnification or the extent to which Developer may be held responsible for the payment of damages to any persons or property resulting from Developer's activities or the activities of any person or persons for which Developer is otherwise responsible.

14.05 Remedies for Defaults Re: Insurance. In addition to any other remedies City may have, if Developer commits a default hereunder by failing to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may at its sole option, obtain such insurance and invoice Developer for the amount of said premium. Exercise of the remedy set forth herein, however, is an alternative to other remedies City may have and is not the exclusive remedy for Developer's failure to maintain insurance or secure appropriate endorsements.

14.06 Obligation to Repair and Restore Damage Due to Casualty Covered by Insurance. If the Project shall be totally or partially destroyed or rendered uninhabitable by fire or other casualty required to be insured against by Developer, Developer shall, subject to the rights of the lender providing Construction Financing or Permanent Financing, promptly proceed to obtain all available insurance proceeds and, to the extent proceeds are available, take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the Project to substantially the same condition as it existed prior to the casualty, and Developer shall complete or cause to be completed the same as soon as possible thereafter so that the Project can be operated in accordance with this

Regulatory Agreement. City shall cooperate with Developer, at no expense to City, in an effort to obtain any governmental permits required for such repair, replacement, or restoration.

14.07 Indemnification. Developer shall defend (by counsel satisfactory to City), assume all responsibility for and hold City and City Personnel harmless from all claims or suits for, and damages to, property and injuries to persons, including accidental death (including expert witness fees, attorney's fees and costs), which may be caused by the activities or performance of Developer or any of Developer's employees, agents, representatives, contractors, or subcontractors under (i) this Regulatory Agreement, (ii) a claim, demand or cause of action that any person has or asserts against Developer; (iii) any act or omission of Developer, any contractor, subcontractor or material supplier, engineer, architect or other person with respect to the Property; or (iv) the ownership, occupancy or use of the Property by Developer, whether such damage shall accrue or be discovered before or after termination of this Regulatory Agreement. The obligations and indemnifications in this Section 14.07 shall constitute covenants running with the land.

SECTION 15. ASSIGNMENT.

15.01 Generally Prohibited. Except as otherwise expressly provided to the contrary in this Regulatory Agreement and in the Agreement, including, without limitation, in Section 1.5 of the Agreement, Developer shall not assign any of its rights or delegate any of its duties under this Regulatory Agreement, nor shall any changes occur with respect to the ownership and/or control of Developer, including, without limitation, stock transfers, sales of issuances, or transfers, sales or issuances of membership or ownership interests, or statutory conversions, without the prior written consent of the Community Development Director, which consent may be withheld in his or her sole and absolute discretion. Any such assignment or delegation without such consent shall, at City's option, be void. Notwithstanding the foregoing, however, (i) Developer may admit Developer's Tax Credit investor (the "**Investor**") as a 99.99% Tax Credit limited partner into the Partnership without obtaining any consent, and such Investor may assign its interests as a 99.99% Tax Credit limited partner to a subsequent reputable institutional investor without any consent; (ii) Developer may transfer the Project to an Affiliate of Developer pursuant to the right of first refusal or purchase option entered into pursuant to the Partnership Agreement; and (iii) the Investor may remove the general partner for a default under the Partnership Agreement, provided the replacement general partner is reasonably acceptable to City. For purposes of this Section 15.01, if the Investor transfers to an entity in which the Investor or an Affiliate of the Investor is the general partner or managing member such transferee entity shall be deemed to be a "reputable institutional investor." This Section 15.01 shall not be applicable to the leasing of Affordable Units to Eligible Tenants in accordance with this Regulatory Agreement.

15.02 Release of Developer. Upon any such assignment made in compliance with Section 15.01 above which is evidenced by a written assignment and assumption agreement in a form approved by the City Attorney, Developer shall be released from any liability under this Regulatory Agreement arising from and after the date of such assignment.

SECTION 16. DEFAULTS AND REMEDIES.

16.01 Default. Subject to the extensions of time set forth in Section 17.02 of this Regulatory Agreement, failure by either Party to perform any action or covenant required by this Regulatory Agreement or under the Agreement within the time periods provided herein and therein following Notice and failure to cure as described hereafter, constitutes a "Default" under this Regulatory Agreement. A Party claiming a Default shall give written Notice of Default to the other Party specifying such Default. Except as otherwise expressly provided in this Regulatory Agreement or in the Agreement, the claimant shall not institute any proceeding against any other Party, and the other Party shall not be in Default if such party within thirty (30) days from receipt of such Notice, cures, corrects or remedies such failure or delay, or if such Default cannot reasonably be cured within thirty (30) days, such Party commences such cure within thirty (30) days of receipt of such Notice and thereafter diligently prosecutes such cure to completion. Notwithstanding anything to the contrary set forth herein, City shall not exercise any right hereunder without providing the limited partner of Developer with not less than thirty (30) days prior written notice and right to cure any default giving rise to the exercise of said remedy. City agrees that any cure tendered by the limited partner of Developer shall be accepted or rejected on the same terms and conditions as if tendered directly by Developer.

16.02 Remedies; Institution of Legal Actions. Developer's sole remedy for City's breach of this Regulatory Agreement shall be to institute an action at law or equity to seek specific performance of the terms of this Regulatory Agreement. Developer shall not be entitled to recover damages for any Default of City hereunder. City shall be entitled to seek any remedy available at law and in equity for Developer's breach of this Regulatory Agreement. All legal actions must be instituted in the Superior Court of the County of Orange, State of California, or in the United States District Court for District of California in which Orange County is located.

16.03 Termination by City. In the event that Developer is in Default of this Regulatory Agreement or the Agreement, and (i) such Default is material and (ii) Developer fails to cure such Default within the time set forth in Section 16.01 hereof, then City may, at City's option, terminate this Regulatory Agreement.

16.04 Acceptance of Service of Process. In the event that any legal action is commenced by Developer against City, service of process on City shall be made by personal service upon the Irvine City Clerk or in such other manner as may be provided by law. In the event that any legal action is commenced by City against Developer, service of process on Developer shall be made in such manner as may be provided by law.

16.05 Rights and Remedies Are Cumulative. Except as otherwise expressly stated in this Regulatory Agreement, the rights and remedies of the Parties are cumulative, and the exercise by either Party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same Default or any other Default by the other Party.

16.06 Inaction Not a Waiver of Default. Any failures or delays by either Party in asserting any of its rights and remedies as to any Default shall not operate as a waiver of any Default or of any such rights or remedies, or deprive either such Party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

16.07 Applicable Law. The internal laws of the State of California shall govern the interpretation and enforcement of this Regulatory Agreement, without regard to conflict of law principles.

SECTION 17. GENERAL PROVISIONS.

17.01 Notices, Demands and Communications Between the Parties. 17.02 Enforced Delay; Extension of Times of Performance. In addition to specific provisions of this Regulatory Agreement, performance by either Party hereunder shall not be deemed to be in Default, and all performance and other dates specified in this Regulatory Agreement shall be extended, where delays or Defaults are due to: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of God; acts of the public enemy; epidemics; quarantine; restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplier; acts or omissions of the other Party; acts or failures to act of any public or governmental agency or entity (other than the acts or failures to act of City which shall not excuse performance by City); or any other causes beyond the control or without the fault of the Party claiming an extension of time to perform. Notwithstanding anything to the contrary in this Regulatory Agreement, an extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the Party claiming such extension is sent to the other party within ten (10) days of the commencement of the cause. Times of performance under this Regulatory Agreement may also be extended in writing by the mutual agreement of City and Developer. Notwithstanding any provision of this Regulatory Agreement to the contrary, the lack of funding to complete the construction of the Project shall not constitute grounds of enforced delay pursuant to this Section.

17.03 Relationship Between City and Developer. It is hereby acknowledged by Developer that the relationship between City and Developer is not that of a partnership or joint venture and that City and Developer shall not be deemed or construed for any purpose to be the agent of the other. Accordingly, with the exception of any provisions expressly set forth to the contrary in the Agreement, herein, or in the exhibits hereto, City shall have no rights, powers, duties or obligations with respect to the development, operation, maintenance or management of the Project. Developer agrees to indemnify, hold harmless and defend City from any claim made against City arising from a claimed relationship of partnership or joint venture between City and Developer with respect to the development, operation, maintenance or management of the Property or the Project, except to the extent occasioned by the active negligence or willful misconduct of City or its designated agents or employees.

17.04 No Third-Party Rights. The Parties intend that no rights nor remedies be granted to any third party as a beneficiary of this Regulatory Agreement or of any covenant, duty, obligation or undertaking established herein.

17.05 City Approvals and Actions. This Regulatory Agreement shall be administered and executed on behalf of City by the Community Development Director. The Community Development Director shall have the authority to issue interpretations, waive terms and conditions, enter into implementing agreements and amendments of this

Regulatory Agreement on behalf of City provided that such actions do not substantially change the uses or development permitted on the Property, materially add to the costs or obligations, increase the risk of liability, or impair the rights or remedies, of City provided herein, or materially decrease the revenues or other compensation to be received by City hereby. All other waivers or amendments shall require the formal consent of the City Council of City.

17.06 Counterparts. This Regulatory Agreement may be signed in multiple counterparts which, when signed by all Parties, shall constitute a binding agreement.

17.07 Integration. This Regulatory Agreement contains the entire understanding between the parties relating to the transaction contemplated by this Regulatory Agreement. Each Party is entering this Regulatory Agreement based solely upon the representations set forth herein and upon each Party's own independent investigation of any and all facts such party deems material. This Regulatory Agreement constitutes the entire understanding and agreement of the Parties, notwithstanding any previous negotiations or agreements between the parties or their predecessors in interest with respect to all or any part of the subject matter hereof.

17.08 Real Estate Brokerage Commission. City and Developer each agrees to defend and hold harmless the other from any claim to any commission or finder's fee in connection with this transaction resulting from any action on its part.

17.09 Attorneys' Fees. In any action between the Parties to interpret, enforce, reform, modify, rescind, or otherwise in connection with, any of the terms or provisions of this Regulatory Agreement, the prevailing Party in the action shall be entitled, in addition to damages, injunctive relief, or any other relief to which it might be entitled, reasonable costs, expenses including, without limitation, litigation costs, reasonable attorneys' fees, and expert witness fees.

17.10 Titles and Captions. Titles and captions are for convenience of reference only and do not define, describe, or limit the scope or the intent of this Regulatory Agreement or of any of its terms. Reference to section numbers are to sections in this Regulatory Agreement, unless expressly stated otherwise.

17.11 Interpretation. As used in this Regulatory Agreement, masculine, feminine, or neuter gender and the singular or plural number shall each be deemed to include the others where and when the context so dictates. The word "including" shall be construed as if followed by the words "without limitation." This Regulatory Agreement shall be interpreted as though prepared jointly by both Parties.

17.12 No Waiver. All waivers of the provisions of this Regulatory Agreement must be in writing by the appropriate authorities of Developer and City. A waiver by either Party of a breach of any of the covenants, conditions or agreements under this Regulatory Agreement to be performed by the other Party shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions of this Regulatory Agreement.

17.13 Modifications. Any alteration, change or modification of or to this Regulatory Agreement, in order to become effective, shall be made in writing and in each instance signed on behalf of each Party.

17.14 Severability. If any term, provision, condition or covenant of this Regulatory Agreement or its application to any party or circumstances shall be held, to any extent, invalid or unenforceable, the remainder of this Regulatory Agreement, or the application of the term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected, and shall be valid and enforceable to the fullest extent permitted by law.

17.15 Computation of Time. The time in which any act is to be done under this Regulatory Agreement is computed by excluding the first day (such as the day escrow opens), and including the last day, unless the last day is a holiday or Saturday or Sunday, and then that day is also excluded. The term "holiday" shall mean all holidays as specified in Section 6700 and 6701 of the California Government Code. If any act is to be done by a particular time during a day, that time shall be Pacific Time Zone time.

17.16 Legal Advice. Each Party represents and warrants to the other the following: they have carefully read this Regulatory Agreement, and in signing this Regulatory Agreement, they do so with full knowledge of any right which they may have; they have received independent legal advice from their respective legal counsel as to the matters set forth in this Regulatory Agreement, or have knowingly chosen not to consult legal counsel as to the matters set forth in this Regulatory Agreement; and, they have freely signed this Regulatory Agreement without any reliance upon any agreement, promise, statement or representation by or on behalf of the other Party, or their respective agents, employees, or attorneys, except as specifically set forth in this Regulatory Agreement, and without duress or coercion, whether economic or otherwise.

17.17 Time of Essence. Time is expressly made of the essence with respect to the performance by City and Developer of each and every obligation and condition of this Regulatory Agreement.

17.18 Cooperation. Each Party agrees to cooperate with the other in this transaction and, in that regard, to sign any and all documents which may be reasonably necessary, helpful, or appropriate to carry out the purposes and intent of this Regulatory Agreement including, but not limited to, releases or additional agreements.

17.19 Non-Liability of Officials and Employees of City. No member, director, officer, employee, or volunteer of City shall be personally liable to Developer, or any successor in interest, in the event of any Default or breach by City or for any amount which may become due to Developer or its successors, or on any obligations under the terms of this Regulatory Agreement. Developer hereby waives and releases any claim it may have against any of the City and City Personnel with respect to any Default or breach by City or for any amount which may become due to Developer or its successors, or on any obligations under the terms of this Regulatory Agreement. Developer makes such release with full knowledge of Civil Code Section 1542 and hereby waives any and all rights thereunder to the extent of this release, if such Section 1542 is applicable. Section 1542 of the Civil Code provides as follows:

"A general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the release, which if known by him or her must have materially affected his or her settlement with the debtor."

City acknowledges and agrees that as of the Effective Date, the Funding Conditions set forth in clauses (a), (c), (d), (e), (g), (h) and (j) have been satisfied. In the event that any of the Funding Conditions are not satisfied within thirty (30) days after an anticipated disbursement date of City Home Loan funds, as set forth in Section 2.4 below, or such later deadline as may be mutually approved in writing by City and Developer in the sole and absolute discretion of each of them, City may terminate this Agreement by delivering written notice to Developer.

2.4 Disbursement of City HOME Loan. Portions of the City HOME Loan shall be disbursed to Developer within thirty (30) days after City approval of each fully documented draw request requesting a disbursement of City HOME funds and evidencing Eligible HOME Loan Expenses paid by Developer. Notwithstanding the foregoing, however, City shall retain the sum of Twenty-Five Thousand Dollars ($25,000) ("**Hold**

Back Amount"). Subject to the final sentence in this Section 2.4, Developer shall not request disbursement from the City for the Hold Back Amount until Developer provides City with such project completion information as is required by 24 CFR 92.502(d)(1). If it is determined, as a result of an audit or otherwise, that any disbursement(s) of City HOME Loan proceeds was improper or made for expenditures not eligible for payment, Developer shall immediately repay to City the amounts of such disbursements. Notwithstanding the foregoing but subject to the requirements of 24 CFR 92.504(c)(3)(viii), which prohibits City from disbursing any portion of the City HOME Loan until the funds are needed to pay for eligible costs, City may, in its sole and absolute discretion, elect to disburse some or all of the Hold-Back Amount prior to the time the Project has been completed if the prior disbursement of City HOME Loan proceeds is approaching twelve (12) months.

2.5 City HOME Loan Disbursed Prior to Bank Loan Funds. Subject to the requirements of 24 CFR 92.504(c)(3)(viii), which prohibits City from disbursing any portion of the City HOME Loan until the funds are needed to pay for eligible costs, City shall not require hereunder that any Bank Loan Funds beyond an initial disbursement of $55,000 be disbursed until such time as all of the City HOME Loan proceeds (except for the Hold Bank Amount) have been disbursed for the Project. Nothing herein is intended to preclude the concurrent disbursement of the Bank Loan Funds and the City HOME Loan. Further, Developer acknowledges and agrees that no portion of the City HOME Loan will be disbursed at the closing of the Construction Escrow.

2.6 Repayment of City HOME Loan; City HOME Loan Deed of Trust. Developer's obligation to repay the City HOME Loan shall be as set forth in the City HOME Loan Note. The City HOME Loan Note generally provides for Developer to pay to City a percentage of the cash flow generated from the Property. Developer's obligation to repay the City HOME Loan will be secured by the City HOME Loan Deed of Trust. The City HOME Loan Deed of Trust contains an acceleration clause entitling City to declare the entire indebtedness evidenced thereby to be immediately due and payable and collectible, regardless of the date of maturity, on the terms and conditions more specifically set forth in the City HOME Loan Deed of Trust.

2.7 Execution and Delivery of Documents. On or before the Effective Date, (i) Developer has delivered to City the City HOME Loan Note, executed by Developer, and deposited into the Construction Escrow: (a) the City HOME Loan Deed of Trust, executed and acknowledged by Developer, and (b) the City HOME Regulatory Agreement, executed and acknowledged by Developer; and (ii) City has executed and acknowledged and deposited into the Construction Escrow the City HOME Regulatory Agreement. City and Developer hereby instruct Escrow Holder to record the City HOME Regulatory Agreement, and the City HOME Loan Deed of Trust in the Official Records of Orange County, California.

3. DEVELOPMENT OF THE PROJECT.

3.1 Scope of Development. Developer shall develop the Project on the Property in strict accordance with the plans and drawings approved by City. If Developer

desires to make any change in any approved development or building plans, the proposed change shall be submitted to City for approval. Developer shall be responsible for all construction and installation and for obtaining all necessary permits and approvals.

3.2 Development Approvals and Permits. Prior to commencement of the grading of the Property, Developer shall, at its own expense, secure or cause to be secured the grading permit from City and all permits, licenses and approvals which may be required by any governmental agency having jurisdiction over the Property and the Project other than building permits. Prior to commencement of development of any other improvements to the Property, Developer shall have obtained, at its own expense, approval of the final plans for the Project and the building permits for the Project.

3.3 Construction Contract. Developer acknowledges that the requirements of Section 3.4 of this Agreement shall apply to the construction contracts and subcontracts for the Project and Developer shall ensure compliance with all such provisions and requirements. If applicable to the Project and not exempt from HOME Requirements, Developer shall cause the inclusion of the applicable classification and wage rate determination for the Project in the construction contract for the Project which, if authorized by law, may be satisfied by Developer incorporating by reference said classification and wage rate determination.

3.4 Third-Party Contracts. If Developer enters into any agreements ("**Third-Party Contracts**") with contractor(s) for the construction of the Project ("**Other Contracting Party**"), such Third-Party Contract shall be subject to the reasonable approval of City and must be consistent with the terms of this Agreement. Developer shall include in all Third-Party Contracts the following minimum requirements: (a) provisions for the Other Contracting Party to comply with all terms of this Agreement to the extent applicable to the work or services provided by the Other Contracting Party, and all applicable legal requirements, including the HOME Requirements; (b) provisions for the Other Contracting Party to cooperate with City and make available to City all information, documents, and records reasonably requested by City in connection with the activities under this Agreement; (c) provisions for City to be granted the right of access to the Property for purposes of this Agreement and evaluating Developer's performance hereunder; and (d) a provision naming City as an intended Third-Party beneficiary with the right but not the obligation to enforce the Third-Party Contract upon the occurrence of and during the continuance of a default under the relevant Third-Party Contract. In connection with the preceding sentence, City shall have the right to require Developer to terminate the Third-Party Contract if such default occurs and is not timely cured. If Developer believes that any of the HOME Requirements are not applicable to a Third-Party Contract, it is Developer's responsibility to provide to City evidence that the requirement is not applicable; however, it is ultimately Developer's responsibility to include all legal requirements in its Third-Party Contracts and City shall have no liability for Developer's failure to comply with this obligation. In connection therewith, any statement made by City to Developer as to the non-applicability of a particular legal requirement shall be provided as an accommodation to Developer and as a statement of City's opinion but shall not be relied upon by Developer or excuse Developer from Developer's responsibility to include all applicable legal requirements in its Third-Party

Contracts or to comply with such requirements. Developer acknowledges that City's approval of a Third-Party Contract shall in no way constitute an assumption by City of any responsibility whatsoever for the construction of the Project or performance of any activity that is the subject of the Third-Party Contract, or Developer's or the Other Contracting Party's compliance with applicable laws, statutes, ordinances, codes, rules and regulations, or Developer's compliance with this Agreement. In connection therewith, City assumes no responsibility or liability for any act or omission of any Other Contracting Party and in no way guarantees any of the work to be done or materials to be supplied or services to be performed. Developer shall comply with all terms of Third-Party Contracts.

3.5 No Debarred, Suspended, or Ineligible Parties. Developer shall not employ, engage the services of, or award any contractors to any party that is debarred, suspended, or otherwise ineligible to participate in a project that is receiving HOME Funds pursuant to the HOME Requirements. Developer shall provide to City such certifications as required by City demonstrating compliance with this Section.

3.6 Construction Meeting. Developer shall attend and cause the contractor(s) for the Project to attend any construction meetings or conferences arranged by City among the contractor, Developer, and City, including pre-construction meetings, relating to undertaking and completing the Project in conformance with this Agreement and applicable local, state, and federal laws. The requirements in this section may be satisfied by a regular monthly meeting arranged by Developer and attended by Developer and the respective representatives of the contractor(s) and City, as may be needed.

3.7 Schedule of Performance.

(a) Subject to the force majeure provisions of Section 9.3 of this Agreement, Developer shall commence, prosecute, and complete construction of the Project within the time set forth in the Schedule of Performance. Construction shall be continuously and diligently pursued to completion and shall not be abandoned for more than ten (10) consecutive Business Days, except when due to causes beyond the control and without the fault of Developer, as set forth in Section 9.3 of this Agreement. The Schedule of Performance is subject to revision from time to time as may be mutually agreed upon in writing between Developer and City; provided, however, that pursuant to the HOME four-year project completion deadline at 24 CFR 92.205(e)(2), the timeframe for Developer's completion of construction of the Project may not be extended to a date that is more than four years following the Effective Date without first securing a one-year extension from HUD. Notwithstanding anything to the contrary in this Agreement, if Developer fails to complete the Project within such four year period (or if such four year period is extended by HUD within such extended period) and such failure results in a requirement that all City HOME Loan funds must be repaid to HUD, Developer shall be solely responsible for such repayment with respect to all amounts of the City HOME Loan that have been disbursed to Developer. During the course of construction, Developer shall, if requested by City, provide to City monthly written reports on the progress of construction.

(b) Developer shall commence or cause the commencement of the construction of the Project no later than the timeframes shown in Attachment No. 2, the Schedule of Performance.

3.8 Rights of Inspection. Representatives of the City shall have a reasonable right of access to the Property during normal business hours for the purposes of this Agreement, including, but not limited to, the inspection of the work being performed. Developer shall cooperate with, and shall cause the contractor and any subcontractor to cooperate with, City in connection with its inspection and access rights. It is understood that City does not by this Section 3.8 assume any responsibility or liability for a negligent inspection or failure to inspect. All inspections by City or on behalf of City, approvals of payment requests by City and other actions by City in connection therewith are not to be construed as a representation by City that there has been compliance with any permits or plans and specifications, legal requirements, or that the Project is free of defects in materials or workmanship. Any inspections or determinations made by City or lien waivers, receipts, or other agreements, documents, and instruments obtained by City are made or obtained solely for City's own benefit and not in any way for the benefit or protection of Developer. City has no obligation to Developer to ensure compliance by the contractor or any other person in carrying out such construction. No such inspections or review will limit any of the rights and remedies of City pursuant to this Agreement.

3.9 Insurance. Developer shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance:

(a) Commercial General Liability Insurance covering bodily injury, property damage, personal injury and advertising injury written on a per-occurrence and not a claims-made basis containing the following minimum limits: (i) general aggregate limit of Five Million Dollars ($5,000,000); (ii) products-completed operations aggregate limit of Three Million Dollars ($3,000,000); (iii) personal and advertising injury limit of Three Million Dollars ($3,000,000); and (iv) each occurrence limit of Three Million Dollars ($3,000,000). Said policy shall include the following coverages: (i) blanket contractual liability; (ii) products and completed operations; (iii) independent contractors; (iv) Owner's broad form property damage; (v) severability of interest; (vi) cross liability; and (vii) property damage liability arising out of the so-called "XCU" hazards (explosion, collapse and underground hazards). The policy shall be endorsed to have the general aggregate apply to this Project only.

(b) A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California and which shall indemnify, insure, and provide legal defense for City and Developer against any loss, claim or damage arising from any injuries or occupational diseases occurring to any worker employed by or any persons retained by Developer in the course of carrying out the work or services contemplated in this Agreement, and Employers Liability Insurance in an amount not less than One Million Dollars ($1,000,000) combined single limit for all damages arising from each accident or occupational disease.

(c) A policy of comprehensive automobile liability insurance written on a per-occurrence basis in an amount not less than Two Million Dollars ($2,000,000) combined single limit covering all owned, non-owned, leased and hired vehicles used in connection with the work.

All of the above policies of insurance shall be primary insurance and except for the Worker's Compensation Insurance shall name the City, its officers, officials, members, employees, agents and representatives as additional insureds or, with respect to the builder's risk policy, as a loss payee. Said policies shall be satisfactory only if issued by companies qualified to do business in California and rated A:VII or better in the most recent edition of the Best Rating Guide. The insurer shall waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. All of said policies of insurance shall provide that said insurance may not be amended or canceled without providing thirty (30) days prior written notice by registered mail to City. In the event any of said policies of insurance are canceled, Developer shall, prior to the cancellation date, submit new evidence of insurance in conformance with this Section 3.9 to the Contract Officer. The foregoing obligations shall remain in effect until the completion of the Project, at which time Developer shall maintain the insurance set forth in the City HOME Regulatory Agreement.

Developer agrees that the provisions of this Section 3.9 shall not be construed as limiting in any way the extent to which Developer may be held responsible for the payment of damages to any persons or property resulting from Developer's activities or the activities of any person or persons for which Developer is otherwise responsible. Prior to the Effective Date Developer has provided evidence of the above-required insurance (such as Certificates of Insurance of appropriate insurance binders) and obtained approval thereof from the Contract Officer.

3.10 Financing the Project.

3.10.1 Developer Responsible for Cost of Development. Except to the extent City has specifically agreed to provide the City HOME Loan pursuant to Section 2 of this Agreement, Developer shall be responsible for all costs of developing the Project, including but not limited to: predevelopment costs incurred for items such as planning, design, engineering, and environmental remediation; all development and building fees; the cost incurred to demolish and clear any and all existing improvements, furnishings, fixtures, and equipment from the Property requiring removal; relocation expenses payable to existing occupants of the Property; costs for insurance and bonds (as required); costs for financing; all on-site construction costs; legal fees and any necessary public improvements not already provided to the Property under the Project.

3.10.2 Permitted Encumbrances. Developer may mortgage or encumber the Property in order to finance the development and operation of the Project, provided that the terms of any such loan and loan documents are reasonably approved by City (any such approved loans, "**Permitted Encumbrances**"). The deeds of trust that secure the Bank Loan Funds, the AHA Loan, and the County Loans all constitute Permitted Encumbrances.

3.10.3 Evidence of Financial Capability. As a condition to City entering into this Agreement, Developer shall have submitted to City evidence reasonably satisfactory to City that Developer has the financial capability necessary to develop the Project pursuant to this Agreement and the Project Budget. Such evidence of financial capability shall have included the following:

(a) a copy of the commitment or loan agreement obtained by Developer for each source of funds to assist in financing the construction of the Project. All copies of commitments submitted by Developer to City shall be certified by Developer to be true and correct copies thereof. Each commitment for financing shall be in such form and content acceptable to City as reasonably evidences a firm and enforceable commitment, with only those conditions which are standard or typical for the lender involved for similar projects;

(b) if the total costs set forth in the Project Budget exceed the amount of financing commitments received pursuant to subparagraph (a) above, a financial statement and/or other documentation reasonably satisfactory to City sufficient to demonstrate that Developer has adequate funds available and committed to cover such difference; and

(c) a copy of the guaranteed maximum price or stipulated sum construction contract between Developer and its general contractor for all of the improvements required to be constructed by Developer hereunder, certified by Developer to be a true and correct copy thereof.

3.10.4 Subordination. The City's Housing Manager and the Community Development Director or their respective designees each shall have the authority on behalf of City to enter into subordination agreements, intercreditor agreements, and other similar agreements; provided, however, that nothing herein shall obligate City to subordinate its financing except that City shall subordinate the City HOME Loan Deed of Trust to (i) the priority lien(s) (deeds of trust) securing the Bank Loan Funds, and (ii) the priority lien(s) (deeds of trust) securing the Take-Out Loans by subordination agreements approved in form by City in its reasonable discretion.

4. USE OF THE PROPERTY; PROGRAM ACTIVITIES.

4.1 General. Developer and its successors and assigns shall use, operate, and maintain the Property as a rental housing project in accordance with the provisions of this Agreement and the City HOME Regulatory Agreement, consistent with the HOME Requirements. The City HOME Regulatory Agreement contains provisions requiring the HOME Units on the Property to be maintained as affordable rental units for a period of twenty (20) years from the Construction Completion Date.

4.2 Program Activities. Developer shall operate the Program and perform all Program Activities in a competent, professional, and first-class manner and to the satisfaction of City in its reasonable discretion and in accordance with this Agreement. In

addition, Developer shall operate the Program and perform the Program Activities in compliance with the HOME Requirements and the legal requirements set forth in Attachment No. 3, the Summary of Legal Requirements for HOME Funds attached to this Agreement and the statutes referenced therein. In addition, Developer shall operate the Program and perform the Program Activities in compliance with Attachment No. 7, the City HOME Regulatory Agreement and the requirements specified therein. In addition to the reports referred to in Section 5.2, Developer shall, if requested by City, provide to City quarterly written reports on the progress of any Program Service. Developer shall cause the Program Activities to be performed by Developer or Developer Personnel under Developer's direct supervision and shall ensure that all Developer Personnel engaged in the Program Activities are fully qualified and authorized and permitted under applicable law to operate the Program. Developer shall secure, at its sole cost and expense, any and all licenses, permits and approvals that may be required by law for the performance of the Program Activities. Developer shall be responsible for all costs related to the Program.

4.3 Management. If any manager or supervisor of the Program engages in any of the conduct described in Section 4.5 or knowingly allows such conduct to occur at the Property or by Developer Personnel, or knowingly allows illegal activity to occur at the Property, City shall have the right to require that Developer immediately replace such manager or supervisor for the Program.

4.4 Drug Free Covenant. Developer shall use commercially reasonable efforts to maintain a drug free environment on the Property. Developer covenants to City that Developer shall use commercially reasonable efforts pursuant to Section 4.6 of this Agreement to ensure that all persons residing on the Property shall not unlawfully manufacture, distribute, dispense, possess, or use controlled substances as defined in 21 United States Code section 812 and California Health and Safety Code section 11007, or successor statutes, and as prohibited by City law.

4.5 Program Defaults. If Developer shall or permit Developer Personnel to:

(a) engage in any act injuring, abusing, mistreating, or endangering any employee or client of the Program or other persons receiving services under the Program, including any tenants or occupants of the Project as reasonably determined by City; or

(b) fail to use commercially reasonable efforts in violation of Section 4.4 above; or

(c) engage in any act or transgression that, in the reasonable judgment of City, may reflect adversely upon the City or its funding programs or upon Developer, tend to bring the Program into public disrepute, contempt, scandal, or ridicule, or tend to shock, insult or offend the community or public morals or decency, then

Developer and City agree to meet and confer within ten (10) days of the request of City to determine a resolution reasonably acceptable to City, and Developer agrees to thereafter promptly implement the resolution. The failure of Developer to implement the resolution shall constitute a default under this Agreement ("**Program Default**").

4.6 Occupants of Housing Facilities. To the extent permitted by applicable law, Developer shall include in its occupancy or lease agreements with the persons residing in the facility ("**Occupants**") a requirement that the occurrence of any illegal activity by the Occupant, or by Occupant's guests at the Property, shall be grounds for immediate termination of the Occupant's right to reside within the housing facility and City shall have the right to require that Developer enforce such provision.

4.7 Monitoring. City shall monitor and evaluate Developer's performance under this Agreement to determine compliance with this Agreement and the HOME Requirements. Developer shall reasonably cooperate with City and shall make available to City all information, documents, and records reasonably requested by City and shall provide City the reasonable right of access to the Property and the HOME Units during normal business hours for the purpose of assuring compliance with this Agreement and evaluating Developer's performance hereunder.

4.8 Compliance with Laws and Regulations and HOME Requirements. Developer shall carry out the design, construction and operation of the Project, and operate the Program, in conformity with all applicable laws, regulations, and rules of governmental agencies having jurisdiction, including without limitation, the HOME Requirements and the legal requirements set forth in Attachment No. 3 attached to this Agreement and the statutes referenced therein, the City zoning and development standards, building, plumbing, mechanical and electrical codes, and all other provisions of the City Municipal Code, and, if applicable to the Project, all federal and state fair labor standards and prevailing wage requirements. Because the source of the City HOME Loan is funds received from HUD pursuant to the federal government's HOME program, Developer is required to comply with all applicable HOME Requirements. In the case of any conflict between the HOME Requirements and this Agreement, the HOME Requirements shall control; it being understood, however, that in order to be in compliance with this Agreement and the HOME Requirements, Developer shall, to the extent possible, comply with the most restrictive provisions in this Agreement and the HOME Requirements. Each and every provision required by law to be included in this Agreement shall be deemed to be included, and this Agreement shall be read and enforced as though all such provisions were included. Developer acknowledges and agrees that it shall be and remain, and shall cause the Developer Personnel to be and remain, fully knowledgeable and apprised of all local, state and federal laws, rules and regulations in any manner affecting the performance under this Agreement, including the HOME Requirements. Developer shall indemnify, protect, defend and hold harmless City and its officials, officers, employees, and agents, with counsel reasonably acceptable to City, from and against any and all loss, liability, damage, claim, cost, expense and/or "**increased costs**" (including reasonable attorneys' fees, court and litigation costs, and fees of expert witnesses) that results or arises in any way from any of the following: (a) the noncompliance by Developer or Developer Personnel of any applicable local, state

and/or federal law, including, without limitation, any applicable federal and/or state labor laws (including, without limitation, if applicable, the requirement to pay state or federal prevailing wages and hire apprentices); (b) the implementation of Section 1781 of the California Labor Code, as the same may be amended from time to time, or any other similar law, by Developer or Developer Personnel; and/or (c) failure by Developer or Developer Personnel to provide any required disclosure or identification as required by Labor Code Section 1781, as the same may be amended from time to time, or any other similar law. The foregoing indemnity shall survive termination of this Agreement.

4.9 Program Income. Developer shall submit to City annual reports as set forth in Section 5.2 on all program income as defined 24 C.F.R. 92.503(a) generated by activities carried out with HOME Funds, if any. The program income shall, at City's election, (a) be returned to City or (b) retained by Developer and utilized for the Project expenses set forth in the Project Budget or such other activities approved in writing by City, in which case all provisions of this Agreement shall apply to the activities funded by the program income. Upon the completion of the Project or the earlier termination of this Agreement, all unused program income shall be returned to City at the election of City.

4.10 Relocation. City shall not be responsible for relocating any occupants from the Property to the extent any occupants are located on the Property. If relocation is required, Developer shall have the sole and exclusive responsibility for providing relocation assistance and paying all relocation costs required to comply with all applicable federal and state laws, rules, and regulations. Developer shall indemnify, defend, and hold City harmless from and against any claims, liabilities, damages, or losses made against it by tenants or occupants of the Property, including without limitation claims for relocation assistance, inverse condemnation, and claims otherwise arising from any act or omission of Developer pursuant to this Section 4.10.

4.11 Indemnification. Developer shall indemnify, defend, and hold harmless City and its officers, officials, employees, representatives and agents (collectively, the "**Indemnitee**") from and against any and all claims, causes of action, liabilities, and damages arising out of any acts or omissions of Developer or Developer's officers, employees, contractors, and agents, in the performance under this Agreement and the agreements attached hereto and/or with respect to the Property including the construction of the Project thereon. The Indemnitee shall promptly notify Developer of the filing of any such action and cooperate with Developer in the defense thereof (at no cost to Indemnitee).

4.12 Extended Use Agreement. City acknowledges that Developer and the California Tax Credit Allocation Committee have or intend to enter into an extended use agreement pursuant to Section 42(h) of the Internal Revenue Code ("**Extended Use Agreement**") which will be recorded against the Property. City acknowledges that, in the event of a foreclosure of its interest under the City HOME Loan Deed of Trust or delivery by Developer of a deed in lieu thereof (collectively, a "**Foreclosure**"), pursuant to Sections 42(h)(6)(E)(ii) of the Internal Revenue Code, for a period of three (3) years from the date of Foreclosure, with respect to any unit that had been regulated by the Extended Use Agreement, (i) none of the eligible tenants occupying those units at the time of

Foreclosure may be evicted or their tenancy terminated (other than for good cause), (ii) nor may the rent of any such eligible tenant be increased except as otherwise permitted under Section 42 of the Internal Revenue Code.

5. RECORDS AND REPORTS.

5.1 Records.

5.1.1 Records to be Maintained. Developer shall keep and maintain records providing a full description of the Program Activities undertaken, records demonstrating that the Program Activities meet the HOME Requirements, records demonstrating the eligibility of the activities constituting the Eligible HOME Loan Expenses, and such other records as may be reasonably required by City to enable City to evaluate Developer's compliance with the HOME Requirements, to identify and account for the use of the City HOME Loan proceeds and expenditures of Eligible HOME Loan Expenses and all costs pertaining to this Agreement, and to enable City to comply with City's recordkeeping and reporting requirements under the HOME Requirements. Books and records pertaining to the Eligible HOME Loan Expenses shall be kept and prepared in accordance with generally accepted accounting principles.

5.1.2 Retention. The books and records required to be maintained by Developer under this Agreement shall be retained for a period of five (5) years following the date that all units in the Project have received all required occupancy permits from the City; provided, however, in the event any litigation, audit, negotiation, or other action involving the books and records is commenced prior to the expiration of the five (5) year retention period, Developer shall retain the books and records until completion of the action and resolution of all issues which arise from it.

5.1.3 Location of Records. The books and records required to be maintained by Developer shall be kept at the Property or at the office of Developer or such other location in Orange County, California, approved by City.

5.1.4 Access to Records. City and HUD and/or their representatives shall have full and free access to, and the right to examine, inspect, and audit, all books and records of Developer pertaining to this Agreement at all times during normal business hours upon forty-eight (48) hours prior written notice to Developer.

5.1.5 Audits. Developer shall perform all audits of its books and records required by HUD, the HOME Requirements or reasonably required by City and a copy of such audits shall be forwarded to the City within thirty (30) days after completion. Developer shall be subject to all audit and review requirements imposed on City in connection with this Agreement and shall, at its sole cost and expense, cause such audits and reviews to be timely performed.

5.2 Reports.

5.2.1 Reports During and Post-Construction. No later than fifteen (15) days after the end of each Quarter prior to the Construction Completion Date, and

no later than thirty (30) days after the end of each calendar year after the Construction Completion Date, Developer shall submit to City, for the duration of the term of this Agreement, the following reports on forms approved by the Contract Officer:

(a) *Performance Reports*. A report on the summary of the Program Activities and activities undertaken by Developer under this Agreement for the previous Quarter or calendar year, as applicable ("**Performance Report**"). The Performance Report shall, at a minimum, describe the status of each Program Activity required to be performed and met during that Quarter or calendar year (as applicable), progress towards completing the other Program Activities, costs incurred, funds remaining, a narrative explanation of problems, delays, or adverse conditions which impaired the ability of Developer to meet any obligations if any were not met, favorable developments which enabled Developer to satisfy obligations and meet objectives sooner or at less cost than anticipated or producing more beneficial results than planned, and any additional pertinent information related to contract performance.

(b) *Program Income*. A report on the program income generated for the Quarter or calendar year (as applicable), if any, as more fully explained in Section 4.9 of this Agreement, which shall include a description of the expenditures of program income and a progress report for the activities funded by the program income if Developer is permitted to retain program income.

5.2.2 Other Reports. In addition to the reports referenced in Section 5.2.1, Developer shall, at such times and in such forms as reasonably required by City, prepare and submit to the Contract Officer, such other reports concerning the performance of the Program Activities, the costs and obligations incurred or to be incurred in connection therewith, and any other matters covered by this Agreement and compliance with applicable HOME Requirements, as City may reasonably require from time to time.

6. TERMINATION.

6.1 Termination. In addition to any other termination provision set forth in this Agreement, this Agreement may be terminated by City as follows:

(i) *Default*. If a default shall occur under this Agreement that is not cured within an applicable notice and cure period (other than a default of City), City may terminate this Agreement in whole or in part.

(ii) *Failure to Receive Environmental Clearance*. In accordance with 24 CFR § 58.22 entitled "Limitations on activities pending clearance," HUD or the state does not approve the Request for Release of Funds (RROF) and related certifications for the Project and the Project is not otherwise exempt such that no RROF is required.

6.2 Obligations Survive Termination. Notwithstanding the expiration or earlier termination of this Agreement, Developer's obligations to City shall not terminate until all closeout requirements are completed. In addition, the following obligations of Developer shall survive the termination of this Agreement: (a) Developer's indemnity obligations; (b) the obligation to cause audits to be performed relating to Developer's activities and costs under this Agreement; (c) the obligation to repay to City the City HOME Loan proceeds improperly disbursed to Developer or disbursed or used for ineligible expenditures; and (d) any other obligations which cannot by their nature be performed until after the expiration of the Agreement. No termination under this Agreement shall release either party then in default from liability for such default.

7. DEFAULTS AND REMEDIES.

7.1 Defaults-General. The occurrence of any of the following shall be deemed a default under this Agreement:

(a) The failure or delay by either party to perform any term or provision of this Agreement if such failure is not cured, corrected or remedied within any specific time period set forth in this Agreement.

(b) If no other specific time period is set forth herein, the failure to cure a monetary default under this Agreement (other than any monetary defaults specifically listed in any of the other subparagraphs of this Section 7.1) within ten (10) days after the nonperforming party's receipt of written notice from the other party specifying the nature of the default.

(c) If no other specific time period is set forth herein, the failure to cure a non-monetary default under this Agreement (other than any non-monetary defaults specifically listed in any of the other subparagraphs of this Section 7.1) within thirty (30) days after the nonperforming party's receipt of written notice from the other party specifying the nature of the default; provided, however, that if the failure cannot be corrected within such period, it shall not constitute a default if the failure is correctable without material adverse effect on the Property, and if corrective action is instituted by Developer within such period and diligently pursued until the failure is corrected, and provided further that any such failure is cured within ninety (90) days of receipt of notice of such failure.

(d) Subject to Section 9.3, Developer does not proceed with the commencement, construction and completion of the Project as herein provided.

(e) Subject to Section 9.3, work ceases on the Project for ten (10) consecutive Business Days.

(f) The occurrence of a Program Default.

(g) Subject to the notice and cure provisions in Subsection (c) above, any of the warranties or representations made by Developer herein are or become false, incorrect or misleading in any material respect.

(h) Developer commits any act of bankruptcy or if any relief under the federal Bankruptcy Act is sought by or against Developer, or if a receiver is appointed to take charge of the assets or affairs of Developer, or if Developer should make an assignment for the benefit of creditors, or if Developer should become insolvent, or upon any liquidation or termination of Developer; provided, however, that if any such proceeding is brought involuntarily against Developer, Developer shall have ninety (90) days to obtain the dismissal of such proceeding.

(i) The filing of a notice of judgment lien against Developer, or the recording of any abstract of judgment against Developer, or the service of a notice of levy and/or of a writ of attachment or execution, or other like process, against the assets of Developer, or the entry of a judgment, order or decree against Developer, any or all of which would have a material and adverse effect upon Developer's ability to perform under this Agreement, unless the same is dismissed within ninety (90) days.

(j) There is a default by Developer of the City HOME Loan Note, City HOME Loan Deed of Trust, City HOME Regulatory Agreement, AHA, AHA Note, AHA Deed of Trust, or AHA Regulatory Agreement, after expiration of any notice and cure periods in the applicable agreement(s).

(k) Developer shall default in the payment or performance of any obligation, or any defined event of default, under the terms of any contract or instrument pursuant to which Developer has incurred any debt or other liability to City, or any other person or entity that has an interest secured by a lien recorded against the Property, which default is not cured within any grace and cure period expressly provided in such contract or instrument.

The party in default shall provide to the other party immediate written notice of the occurrence of any event that would constitute a default hereunder.

7.2 Remedies Upon Default. In addition to any other rights or remedies available at law or in equity, upon a default under this Agreement (other than a default of City) that is not cured within any applicable notice and cure periods herein, City may take one or more of the following actions:

(i) Wholly or partially suspend or terminate this Agreement.

(ii) Withhold further awards for the Project, including further disbursements of the City HOME Loan.

(iii) Require Developer to repay the City HOME Loan funds.

(iv) Institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement.

In addition to the foregoing, City shall have the right to withhold disbursements of City HOME Loan proceeds during such period as may be necessary to determine whether a default has occurred and during any cure period. Upon the occurrence of an event which, with the passage of time or the giving of notice, would constitute a default under this Agreement (other than a default of City), City may temporarily withhold disbursements of City HOME Loan proceeds pending correction of the default by Developer.

In addition to Developer's cure rights hereunder, NEF Assignment Corporation, an Illinois not-for-profit corporation, or its successors and assigns pursuant to this Agreement ("**Investor**"), for so long as Investor is a limited partner investor in Developer, shall have ten (10) days after receipt of a default notice from City to cure a monetary default of this Agreement and thirty (30) days after receipt of a default notice to cure any non-monetary default under this Agreement; provided however, if the non-monetary default is incapable of being cured within thirty (30) days, Investor shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default within such thirty (30) day period and is diligently proceeding to cure such default through the end of such period. City shall provide a copy of any written notice of default to the Investor at the Investor's mailing address set forth in Section 9.1. City shall accept any cure made by Investor as if made by Developer, but failure by City in timely delivering a default notice to Investor shall not be a default or breach by City under this Agreement.

Except as otherwise expressly provided in this Agreement, any failure or delay by a party in giving a notice of default or in asserting any of its rights and remedies as to any default shall not constitute a waiver of any default, nor shall it change the time of default, nor shall it deprive such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert, or enforce any such rights or remedies.

7.3 Institution of Legal Actions and Venue. In addition to any other rights or remedies and subject to the restrictions set forth in this Agreement, either party may institute an action at law or equity to seek specific performance of the terms of this Agreement, or to cure, correct or remedy any default, to recover damages for any default (subject to the restriction on Developer's rights to recover monetary damages against City set forth in the final clause of this sentence), or to obtain any other remedy consistent with the purpose of this Agreement; provided, however, that notwithstanding anything in the foregoing to the contrary, in no event shall Developer be entitled to obtain monetary damages of any kind from City, including but not limited to damages for economic loss, lost profits, or any other economic or consequential damages of any kind. Such legal actions must be instituted in the Superior Court of the State of California in and for the County of Orange, California, in any other appropriate court within the County of Orange, California, or in the United States District Court for the Central District of California.

7.4 Applicable Law. The internal laws of the State of California without regard to conflict of law principles shall govern the interpretation and enforcement of this Agreement.

7.5 Rights and Remedies are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Attorney's Fees. If either party to this Agreement is required to initiate or defend litigation in any way connected with this Agreement, the prevailing party in such litigation, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees from the losing party. If any party to this Agreement is required to initiate or defend litigation with a Third-Party because of the violation of any term or provision of this Agreement by the other party, then the party so litigating shall be entitled to reasonable attorney's fees from the other party to this Agreement. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, retaining expert witnesses, taking depositions and discovery, and all other necessary costs incurred with respect to such litigation.

8. REPRESENTATIONS AND WARRANTIES OF DEVELOPER.

Developer makes the following representations and warranties as of the date of this Agreement and agrees that such representations and warranties shall survive and continue thereafter:

(a) *Authorization and Validation*. The execution, delivery and performance by Developer of this Agreement (i) are within the powers of Developer and upon its execution will constitute a legal, valid and binding obligation of Developer enforceable in accordance with its terms, and (ii) to Developer's knowledge will not violate any provisions of law, any order of any court or other agency of government, or any indenture, agreement or any other instrument to which Developer is a party or by which Developer, or any of its property, is bound, or be in conflict with, result in any breach of or constitute (with due notice and/or lapse of time) a default under any such indenture, agreement or other instrument, or result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of its property or assets, except as contemplated by the provisions of this Agreement.

(b) *Correct Information*. To Developer's knowledge, all reports, papers, data and information given to City with respect to Developer and this Agreement, including the Property and Program are accurate and correct in all material respects and complete insofar as completeness may be necessary to give City a true and accurate knowledge of the subject matters thereof, and there has been no change in such information.

(c) *Defaults*. Developer is not a party to any agreement or instrument that will interfere with its performance under this Agreement, and is not in default in the performance, observance or fulfillment of any of the obligations, covenants

or conditions set forth in any agreement or instrument to which it is a party would have an adverse effect on its ability to perform its obligations under this Agreement.

(d) *Pending Litigation*. There is not now pending, or to Developer's knowledge threatened, against or affecting Developer any claim, investigation, action, suit or proceeding at law, or in equity, or before any court or administrative agency which, if adversely determined, would impair or affect the Property or Developer.

(e) *Compliance.* Developer has examined and is familiar with all conditions, restrictions, reservations and ordinances affecting the Property and Project.

9. GENERAL PROVISIONS.

Such written notices, demands, and communications shall be sent in the same manner to such other addresses as any Party may from time to time designate in writing.

9.2 Nonliability of City Officials and Employees. No member, official, employee, or contractor of City shall be personally liable to Developer in the event of any default or breach by City or for any amount which may become due to Developer or on any obligations under the terms of this Agreement.

9.3 Enforced Delay; Extension of Times of Performance. Time is of the essence in the performance of each of the parties' respective obligations set forth in this Agreement. In addition to specific provisions of this Agreement, and except as expressly set forth in this Section 9.3, performance by either party hereunder shall not be deemed to be in default and such party shall be entitled to an extension of time to perform its obligations hereunder where delays in performance are due to causes beyond the control and without the fault of such party, including as applicable: war; insurrection; strikes;

lockouts; riots; floods; earthquakes; fires; casualties; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplies that are not caused by Developer; acts of the other party; acts or the failure to act of City or any other public or governmental agency or entity that are not caused by Developer; or other causes beyond the reasonable control of the party. Notwithstanding the foregoing, Developer's inability to secure satisfactory financing, interest rates, and market and economic conditions shall not entitle Developer to an extension of time to perform. An extension of time for any cause permitted under this Section 9.3 shall be limited to the period of the enforced delay, which period shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of knowledge of the commencement of the cause. If no written notice is sent within thirty (30) days, for purposes of measuring the extension period for performance of the obligation in question, the period of the enforced delay shall commence to run from the date written notice is sent to the other party. Times of performance under this Agreement may be extended by mutual written agreement of City and Developer.

9.4 Inspection of Books and Records. City shall have the right at all reasonable times to inspect the books and records of Developer pertaining to the Property and the Project as pertinent to the purposes of this Agreement.

9.5 Interpretation. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against any party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply. The section headings are for purposes of convenience only, and shall not be construed to limit or extend the meaning of this Agreement.

9.6 Entire Agreement, Waivers and Amendments. This Agreement integrates all of the terms and conditions mentioned herein, or incidental hereto, and supersedes all negotiations and previous agreements between the parties with respect to the City HOME Loan. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the party to be charged, and all amendments and modifications hereto must be in writing and signed by the appropriate authorities of City and Developer. The City hereby authorizes the Housing Manager or Director of Community Development for the City of Irvine or either of their designee, to the extent allowed by federal, state or local law, to approve or consent to any matter requiring City approval or consent as provided in this Agreement, and to perform and carry out any activities, including but not limited to, the execution of any additional agreements, addenda or amendments to effectuate the purpose of this Agreement and the intent of the parties hereto.

9.7 Severability. If any term, provision, covenant, or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of this Agreement shall not be affected thereby to the extent such remaining

provisions are not rendered impractical to perform taking into consideration the purposes of this Agreement. In the event that all or any portion of this Agreement is found to be unenforceable, this Agreement or that portion which is found to be unenforceable shall be deemed to be a statement of intention by the parties; and the parties further agree that in such event, and to the maximum extent permitted by law, they shall take all steps necessary to comply with such procedures or requirements as may be necessary in order to make valid this Agreement or that portion which is found to be unenforceable.

9.8 Restriction on Transfer of Developer's Rights and Obligations. Developer shall not sell, assign, transfer, mortgage, lease, hypothecate, or convey (any of the foregoing, a "**Transfer**") the Property, or any part thereof or any of Developer's rights or obligations hereunder without the City's prior written consent, which consent may be granted or withheld in the City's reasonable discretion except for the following transfers ("**Permitted Transfers**"), which shall not require the consent of City:

(a) Permitted Encumbrances;

(b) a conveyance of the Property resulting from the foreclosure of a Permitted Encumbrance (or a deed-in-lieu of such a foreclosure);

(c) Developer's assignment or transfer of this Agreement and the Property to a general partner of Developer or to one or more of the members of said general partner;

(d) any transfer of equity in the Developer that does not change management or operational control of the Project other than to permit the admittance of RCC MGP LLC, a California limited liability company, as the managing general partner of Developer (while Developer is in the form of a limited partnership);

(e) the lease of the Residential Units consistent with the City HOME Regulatory Agreement;

(f) the transfer and sale of limited partnership interests in Developer, while Developer is in the form of a limited partnership;

(g) during the time in which Developer is in the form of a limited partnership, in the event that any general partner of Developer is removed by the limited partner thereof for cause following default under the partnership agreement, the transfer of the general partner interest to an affiliate of the limited partner if the replacement general partner is a 501(c)(3) tax exempt nonprofit corporation selected by the limited partner (other than an affiliate of the limited partner) approved by City, in its reasonable discretion, so long as such successor nonprofit corporation has the same or substantially similar experience, assets and access to capital and private funding as Developer did at the Effective Date of this Agreement; and

(h) the transfer of the Project from Developer to one of the general partners the Developer or an affiliate of one or both of the general partners of the Developer at the end of the tax credit compliance period for the Project.

Developer acknowledges that the identity of Developer is of particular concern to the City, and it is because of Developer's identity that the City has entered into this Agreement with Developer. Except for pursuant to any Permitted Transfer, no voluntary or involuntary successor in interest of Developer shall acquire any rights or powers under this Agreement.

Developer shall deliver written notice to City requesting approval of any assignment or transfer requiring City approval hereunder. In considering whether it will grant approval to any assignment by Developer of the Property and this Agreement or any portion thereof, City shall consider factors such as the financial strength and capability of the proposed transferee to perform Developer's obligations hereunder and the proposed assignee's experience and expertise in the planning, financing, development, and operation of similar projects.

No assignment, excluding assignments for Permitted Encumbrances, shall be effective as to City unless and until the proposed assignee and Developer execute and deliver to City an assignment and assumption agreement in form reasonably satisfactory to the Contract Officer and the City Attorney.

9.9 Prohibition Against Assignment and Transfer by City. The City shall not voluntarily assign or transfer its interest in all or any part of this Agreement (which by definition includes all attachments hereto) without Developer's prior written approval, which shall not be unreasonably withheld.

9.10 Third-Party Beneficiaries. No person or entity other than Developer and the City and the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

9.11 Authority to Execute Agreement. The persons executing this Agreement on behalf of each party represents and warrants to the other party that by proper action such persons have been duly authorized to execute and deliver this Agreement.

9.12 Contract Administration and Approvals. The Contract Officer shall be the person designated by City to administer this Agreement on behalf of City and such administrative authority shall include but not be limited to the right to approve extensions of time on behalf of City and to issue waivers, and the Developer Representative shall be the person designated by Developer to administer this Agreement on behalf of Developer. The City Manager and the Community Development Director (or their respective authorized representatives) each shall have the authority to consent to any matter requiring City approval or consent as provided in this Agreement, and to perform and carry out any activities concerning the City HOME Loan, including but not limited to, the execution of any additional agreements, addenda or amendments so long as such actions do not substantially add to the costs of City as specified herein.

9.13 Covenants to Run with the Land. This Agreement shall be binding on Developer's successors in interest in the Property until the later of (i) the date the City HOME Regulatory Agreement has expired and, (ii) the City HOME Loan, and all interest

thereon, has been fully repaid pursuant to the terms of the City HOME Loan Note; provided, however, that notwithstanding the foregoing, all indemnification obligations of Developer hereunder and all applicable HOME Requirements shall survive in accordance with their terms.

This Agreement is designed to create equitable servitudes and covenants running with the Property, in favor of City. The covenants, conditions, restrictions, reservations, equitable servitudes, liens and charges set forth herein shall be binding upon all persons having any right, title or interest in the Property, or any part thereof, their heirs, successive owners and assigns; shall inure to the benefit of City and its successors and assigns, shall be binding upon Developer, its successors and assigns and successors in interest; and may be enforced by City and its successors and assigns. Developer hereby declares its understanding and intent that the burden of the covenants set forth herein touch and concern the land. Developer hereby further declares its understanding and intent that the benefit of such covenants touch and concern the land by enhancing and increasing the enjoyment and use of the Property for purposes of affordable housing. City shall have the right to designate real property as benefited by the covenants contained herein during the term of this Agreement. In amplification and not in restriction of the provisions set forth hereinabove, it is intended and agreed that City shall be deemed a beneficiary of the agreements and covenants provided herein both for and in its own right and also for the purposes of protecting the interests of the community. All covenants without regard to technical classification or designation shall be binding for the benefit of City and such covenants shall run in favor of City for the entire period during which such covenants shall be in force and effect, without regard to whether City is or remains an owner of any land or interest therein to which such covenants relate.

9.14 Time of the Essence. Time is of the essence in the performance of this Agreement.

9.15 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

Times of performance under this Agreement may be extended by mutual written agreement of City and Developer; provided, however,

that pursuant to the HOME four-year project completion deadline at 24 CFR 92.205(e)(2), the timeframe for Developer's completion of construction of the Project may not be extended to a date that is more than four years following the Effective Date without first securing a one-year extension from HUD. Notwithstanding anything to the contrary in this Agreement, if Developer fails to complete the Project within such four year period (or if such four year period is extended by HUD within such extended period) and such failure results in a requirement that all City HOME Loan funds must be repaid to HUD, Developer shall be solely responsible for such repayment with respect to all amounts of the City HOME Loan that have been disbursed to Developer.

ATTACHMENT NO. 3

SUMMARY OF LEGAL REQUIREMENTS FOR HOME FUNDS

In addition to the requirements set forth in other provisions of the Agreement, Developer shall comply, and shall cause all Developer Personnel to comply, with the following regulations and requirements.[1]

1. Use of the HOME Funds. The City HOME Loan shall be used only for eligible costs (see, e.g., 24 C.F.R. § 92.206, 92.214, 92.300(c), and 92.301), and any development work shall be completed within the times referred to in the Affordable Housing and Loan Agreement between City and Developer.

2. Affordability. The HOME Units shall meet the affordability requirements of the HOME Requirements (24 C.F.R. § 92.252) or this Agreement and the City HOME Regulatory Agreement, whichever is more restrictive. If the HOME Units do not meet the affordability requirements of the HOME Requirements for the specified time period, Developer shall repay the City HOME Loan to City promptly upon demand by City. In such event, Developer shall not be released from the affordability and other covenants and restrictions set forth in this Agreement and the City HOME Regulatory Agreement, which shall continue to apply independent of the HOME Requirements.

3. Equal Opportunity and Nondiscrimination.

a. Title VI of the Civil Rights Act of 1964, as amended, including Public Law 88-352 implemented in 24 CFR Part 1. This law provides in part that no person shall, on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. In regard to the sale or lease of the Property, Developer shall cause or require a covenant running with the land to be inserted in the deed and leases prohibiting discrimination under this Title, and providing that City and the United States are beneficiaries of and entitled to enforce such covenants. Developer shall enforce such covenant and shall not itself so discriminate.

b. Fair Housing Act, Title VIII of the Civil Rights Act of 1968, as amended, including Public Law 90-234. The Fair Housing Act provides in part that there shall be no discrimination in housing practices on the basis of race, color, religion, sex, and national origin. The Fair Housing Act was amended in 1988 to provide protections from discrimination in any aspect of the sale or rental of housing for families with children

In the event of any conflict between this summary and the requirements imposed by applicable laws, regulations, and requirements, the applicable laws, regulations, and requirements shall apply.**

and persons with disabilities. The Fair Housing Act also establishes requirements for the design and construction of new rental or for-sale multi-family housing to ensure a minimum level of accessibility for persons with disabilities.

c. Section 109 of Title I of the Housing and Community Development Act of 1974, as amended, including 42 U.S.C. 5301 *et. Seq.*, 42 U.S.C. 6101 *et. Seq*., and 29 U.S.C. 794. d. Section 104(b) of Title I of the Housing and Community Development Act of 1974, as amended, including 42 U.S.C. 5301 *et. Seq*. This law provides in part that any grant under Section 106 shall be made only if the grantee certifies to the satisfaction of the Secretary of HUD that the grantee will, among other things, affirmatively further fair housing.

e. Executive Order 11246, as amended. This order includes a requirement that grantees and subrecipients and their contractors and subcontractors not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin.

This order and its implementing regulations include requirements that all actions necessary be taken to prevent discrimination because of race, color, religion, sex, or national origin in the use, occupancy, sale, leasing, rental, or other disposition of property assisted with Federal loans, advances, grants, or contributions.

g. Section 504 of the Rehabilitation Act of 1973, as amended. This Act specifies in part that no otherwise qualified individual shall solely by reason of his or her disability or handicap be excluded from participation (including employment), denied program benefits, or subjected to discrimination under any program or activity receiving Federal assistance. Developer must ensure that its programs are accessible to and usable by persons with disabilities.

h. The Americans with Disabilities Act (ADA) of 1990, as amended. This Act prohibits discrimination on the basis of disability in employment by state and local governments and in places of public accommodation and commercial facilities. The ADA also requires that facilities that are newly constructed or altered, by, on behalf of, or for use of a public entity, be designed and constructed in a manner that makes the facility readily accessible to and usable by persons with disabilities. The Act defines the range of conditions that qualify as disabilities and the reasonable accommodations that must be made to assure equality of opportunity, full participation, independent living, and economic self-sufficiency for persons with disabilities.

i. The Age Discrimination Act of 1975, as amended. This law provides in part that no person shall be excluded from participation in, be denied program

benefits, or subjected to discrimination on the basis of age under any program or activity receiving federal assistance.

j. EEO/AA Statement. Developer shall, in all solicitations or advertisements for employees placed by or on behalf of Developer, state that it is an Equal Opportunity or Affirmative Action employer.

Upon completion of environmental review or receipt of environmental clearance, City shall notify Developer. HUD funds shall not be utilized before this requirement is satisfied. The environmental review or violation of the provisions may result in approval, modification of cancellation of the City HOME Loan. If a project or activity is exempt under 24 C.F.R. § 58.34, or is categorically excluded (except in extraordinary circumstances) under 24 C.F.R. § 58.35(b), no RROF is required and the recipient may undertake the activity immediately after the City has documented its determination that each activity or project is exempt and meets the conditions specified for such exemption under this section by issuing a Notice to Proceed.

For purposes of this paragraph, a "**covered person**" includes any person who is an employee, agent, consultant, officer, or elected or appointed official of the Grantee, the Developer, or any designated public agency.

d. records that will be kept describing actions taken by Developer to affirmatively market units and records to assess the results of those actions; and

e. a description of how Developer will assess the success of affirmative marketing actions and what corrective actions will be taken where affirmative marketing requirements are not met.

13. Displacement. Consistent with the other goals and objectives of Subpart H of 24 C.F.R. § 92, Developer shall take all reasonable steps to minimize the displacement of persons (families, individuals, businesses, nonprofit organizations, and farms) as a result of the Program Activities.

14. Debarment and Suspension. As required in 24 C.F.R. § 92.357, Developer shall comply with all debarment and suspension certifications.

15. Enforcement of Agreement. In addition to the other provisions set forth in the Agreement, City shall have the authority to enforce Developer's obligation to comply with the HOME Requirements.

16. Return of HOME Funds. Upon the completion of the Project or earlier termination of the Agreement, Developer shall transfer to City any HOME funds on hand for which Eligible Loan Expenses have not been incurred and any accounts receivable attributable to the use of HOME funds. In addition to the foregoing, in the event the Eligible Loan Expenses for which any disbursement of City HOME Loan funds are disbursed are not incurred by Developer within thirty (30) days after City's disbursement, or such longer time as City approves in its sole discretion, City shall have the right to require that Developer immediately return the City HOME Loan proceeds to City.

17. Monitoring. Not less than once per year, City shall review Developer's activities and operations under the Agreement and Developer's compliance with the HOME Requirements. Such review may include an on-site inspection of the HOME Units (including unit interiors). In addition, Developer shall provide to City for approval a plan that provides for tenant participation in management decisions. (24 C.F.R § 92.303.)

19. Anti-Lobbying Certification. By its execution of the Agreement, Developer hereby certifies that:

i. ii. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

iii. It will require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. This certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S.C. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure. v. Notifying the agency in writing, within ten calendar days after receiving notice under sub-paragraph (iv)(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant.

(a) The location of the new construction makes installation of broadband infrastructure infeasible; or

(b) The cost of installing the infrastructure would result in a fundamental alteration in the nature of its program or activity or in an undue financial burden.

22. Procurement. If applicable, Developer shall comply with the procurement standards under 2 C.F.R. §§ 200.317-200.326. Developer shall comply with all existing and future City policies concerning the purchase of equipment.

Except as otherwise provided herein, all terms not otherwise defined herein shall have the meaning ascribed in Exhibit "A" to this Note.

Reference is made to the following documents (collectively, together with this Note, the "**City HOME Loan Documents**"):

(1) The Affordable Housing and Loan Agreement between Borrower and City dated on or about the date hereof, which sets forth the terms and conditions for City's agreement to provide the "City HOME Loan" (as that term is defined in Section 1 below) to Borrower ("**City HOME Loan Agreement**").

(2) The Regulatory Agreement and Declaration of Covenants and Restrictions (City HOME Funds) between Borrower and City dated on or about the date hereof, and recorded against the real property to be developed by Borrower pursuant to the City HOME Loan Agreement ("**Property**"), in the Official Records of Orange County, California, as may be amended from time to time ("**City HOME Regulatory Agreement**").

(3) The City HOME Loan Deed of Trust with Assignment of Rents (HOME Loan) that shall be executed by Borrower for the benefit of City securing the City HOME Loan, and recorded in the Official Records of Orange County, California, as more particularly set forth in the Loan Agreement ("**City HOME Loan Deed of Trust**").

1. Loan Amount. The principal amount of the City's loan to Borrower is Two Million Four Hundred Fifty-One Thousand Eight Hundred Thirty-Seven Dollars and Eighty-Two Cents ($2,451,837.82) ("**City HOME Loan**"), which shall accrue simple interest at the rate of one-half percent (0.5%) per annum commencing on the date of this Note. The City HOME Loan shall be disbursed to Borrower in accordance with the City HOME Loan Agreement, when costs are incurred for "Eligible HOME Loan Expenses" (as that term is defined in the City HOME Loan Agreement).

2. Term of Note; Repayment of Loan Amount. Except as provided below, the entire City HOME Loan and accrued interest thereon shall be due and payable in a single lump-sum payment on the date that is fifty-five (55) years after all units in the rental

affordable housing development Borrower is constructing and operating on the Property pursuant to the City HOME Loan Agreement and City HOME Regulatory Agreement ("**Project**") have received all required occupancy permits from the City, but in no event later than the date that is fifty-seven (57) years after the date of this Note. There shall be no penalty to Borrower for any prepayment of the City HOME Loan.

Commencing as of the date all amounts due to City under the "AHA Note" (as that term is defined in the City HOME Loan Agreement have been fully repaid (such date, the "**Note Repayment Commencement Date**"), the Note Amount shall be paid by the Borrower's annual payment to City of thirty-seven and forty-five hundredths percent (37.45%) of the Project Cash Flow from operation of the Project ("**City's Share**"), as determined by a Project Cash Flow calculation from the operation of the Project the preceding calendar year. Annual Project Cash Flow payments shall be made by the Borrower by cashier's check and shall be delivered on or before May 31st for each year during the term of this Note commencing on the Note Repayment Commencement Date and continuing until the Note Amount and all unpaid interest thereon has been repaid in full. Additionally, following the Note Repayment Commencement Date, the Note Amount shall be paid by any or all of the following: (i) seventy-five percent (75%) of the Refinancing Net Proceeds immediately upon any refinancing of the loans secured by the Property (or any part thereof), subject to any required pro rata split with other public agency lenders, to the extent applicable, (ii) one hundred percent (100%) of the Transfer Net Proceeds immediately upon any transfer in whole or in part of the Project, subject to any required pro rata split with other public agency lenders, to the extent applicable, and (iii) any Cost Savings, pursuant to Section 2.4 of the "AHA" (as that term is defined in the City HOME Loan Agreement). Borrower acknowledges that City's Share has been determined based on the collective principal amount of the City HOME Loan amount and the amount of the "AHA Loan" (as that term is defined in the City HOME Loan Agreement) and one hundred percent (100%) of City's Share shall be allocated to repayment of the AHA Loan until the AHA Loan has been fully repaid, at which time one hundred percent (100%) of City's Share shall be allocated to repayment of this Note.

3. Records. For the purposes of ascertaining the amount of Project Cash Flow, Borrower shall prepare and keep or cause to be prepared and kept on the Property or at Borrower's principal place of business if located in Orange County, California (or at such other location approved by City, which approval shall not be unreasonably withheld) for a period of not less than twenty-four (24) months following the end of each calendar year, adequate records for the computation of Gross Income and Operating Expenses.

4. Reports. Commencing in the calendar year after the end of the tax credit compliance period for the Project under Internal Revenue Code Section 42(i)(1), Borrower shall submit to City on or before August 1 of each calendar year, together with the remittance of the payment due, if any, a written audit report prepared and certified by an independent professional accountant of Borrower's choosing, and acknowledged and signed by Borrower (or if Borrower is a corporation or a partnership, by a duly authorized corporate officer or general partner of Borrower) to be true and correct, showing in reasonable, accurate detail the amount of Project Cash Flow for the immediately preceding calendar year. The reports and certificates referred to herein shall be in such

form and style and contain such details and breakdown as City may deem reasonably acceptable. The acceptance by City of payments shall be without prejudice to City's right to an examination of the books and records of Borrower in order to verify the amount of Project Cash Flow. If Borrower fails to prepare and deliver promptly any required audit report, City shall have the right, at Borrower's expense, to make an audit of all books and records of Borrower, including its respective bank accounts, which in any way pertain to or show Project Cash Flow, and to prepare the report or reports which Borrower has failed to prepare and deliver. Borrower shall give City access to such books and records at all reasonable times for purposes of preparing any such report.

5. Audit. From time to time and at any time, City or City's representative may examine any records required to be maintained under Section 3 during regular business hours upon not less than seventy-two (72) hours written notice for the purpose of investigating and verifying the accuracy of any statement of Project Cash Flow. City may from time to time and at any time, upon reasonable notice, cause an audit of Borrower's books and records to be made by a person or persons of City's selection and, if any statements of Project Cash Flow made to City shall be found to be inaccurate, one party shall pay to the other on demand such sums as may be necessary to settle in full the actual payment that should have been paid to City for the calendar years covered by such inaccurate statement or statements. If said audit shall disclose an inaccuracy which resulted in an underpayment to City greater than two and one-half percent (2.5%) for the applicable period, then Borrower shall immediately pay to City the cost of such audit; otherwise, the cost of such audit shall be paid by City.

6. Default. Borrower shall be deemed in default of this Note in the event (i) Borrower fails to timely make a required payment within ten (10) days following the due date of any payment due hereunder, or (ii) Borrower is in default of any of the other terms of this Note and such default is not cured within thirty (30) days after Borrower's receipt of written notice from City specifying the event constituting the default or, for defaults that cannot be cured within such thirty (30) day period, the cure of such default is not commenced within thirty (30) days after Borrower's receipt of the written notice of default from City and thereafter diligently prosecuted to completion within an additional sixty (60) days following the conclusion of such thirty (30) days period (for a total of ninety (90) days), or (iii) Borrower is in default of the City HOME Loan Agreement, the City HOME Regulatory Agreement, the City HOME Loan Deed of Trust, the AHA, the AHA Note, the "AHA Deed of Trust," or the "AHA Regulatory Agreement" (as those terms are defined in the City HOME Loan Agreement) and fails to timely cure such default under the terms of the applicable agreement, it being understood and agreed by Borrower that a default of any of the foregoing agreements (beyond any applicable cure period) shall be a default of this Note. In the event Borrower is in default under this Note (and after expiration of the cure periods described in the preceding sentence), City may declare the City HOME Loan immediately due and payable.

In addition to Borrower's cure rights hereunder, NEF Assignment Corporation, an Illinois not-for-profit corporation, or its successors and assigns permitted pursuant to the City HOME Loan Agreement and City HOME Regulatory Agreement ("**Investor**"), for so long as Investor is a limited partner investor in Borrower, shall have ten (10) days after

receipt of a default notice from City to cure a monetary default of this Note and thirty (30) days after receipt of a default notice to cure any non-monetary default under this Note; provided however, if the non-monetary default is incapable of being cured within thirty (30) days, Investor shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default and is diligently proceeding to cure such default through the end of such period. City shall provide a copy of any written notice of default at the Investor's mailing address as set forth in Section 15. City shall accept any cure made by Investor as if made by Borrower, but failure by City in timely delivering a default notice to Investor shall not be a default or breach by City under this Note.

7. Additional Terms; Place of Payment, Etc.

(i) Payment of the City HOME Loan shall be made in lawful money of the United States to City at the address set forth below in this Note or at such other address as City or the holder of this Note may direct pursuant to written notice delivered to Borrower.

(ii) If Borrower fails to timely make a required payment within ten (10) days following the due date of such payment, interest at the rate of ten percent (10%) per annum or the maximum legal rate then applicable, whichever is less, shall accrue on the outstanding amount due commencing from the date payment was due.

(iii) Borrower agrees to pay the following costs, expenses, and reasonable attorney's fees paid or incurred by City, or adjudged by the court, in the collection of amounts in default or other costs incurred as a result of a default by Borrower: (i) reasonable costs of collection, including costs and expenses and attorney's fees paid or incurred in connection with the collection or enforcement of this Note, whether or not suit is filed, and (ii) costs of suit and such sums as the court may adjudge as reasonable attorney's fees in any action to enforce payment of this Note or any part of it if City prevails in such suit.

8. Assignment. With the exception of "**Permitted Transfers**" under the City HOME Loan Agreement, this Note shall not be assignable or assumable without the prior, express, written consent of City which may be given or withheld in City's sole and absolute discretion.

9. Waiver of Presentment. Notwithstanding any other provision herein to the contrary, to the extent permitted by law, Borrower hereby waives the following: (i) notice of default or delinquency except defaults or delinquencies of which City has actual notice, (ii) notice of acceleration, (iii) notice of nonpayment, (iv) notice of costs, expenses and losses and interest thereon, (v) notice of interest on interest and late charges, (vi) diligence in taking any action to collect any sums owing under this Note or in proceeding against any of the rights and presentment for payment, demand, protest, and notices of dishonor and/or protest; (vii) the benefits of all waivable exemptions; and (viii) all defenses and pleas on the grounds of any extension or extensions of the time of payment or of any due date under this Note, in whole or in part, whether before or after maturity and with or without notice.

10. Acceleration Upon Sale, Lease, Encumbrance, or Refinance. To the extent permitted by applicable law, if:

(a) Borrower shall directly or indirectly, voluntarily or involuntarily, or by operation of law or otherwise, including transfers by devise, foreclosure (or deed in lieu of foreclosure) on another deed of trust other than the City HOME Loan Deed of Trust, sell, assign, transfer, dispose of, alienate, encumber, lease, or agree to sell, assign, transfer, dispose of, alienate, encumber, or lease all or any portion of the Property (excluding the lease of the units on the Property in accordance with the City HOME Loan Agreement and City HOME Regulatory Agreement, the lien of the "Permitted Encumbrances" (as that term is defined in the City HOME Loan Agreement), a transfer that is permitted under the City HOME Loan Agreement or the City HOME Regulatory Agreement without City approval provided an assignment and assumption agreement in a form approved by City is executed, and any other assignment, transfer, or encumbrance approved in writing by City's "Contract Officer" (as that term is defined in the City HOME Loan Agreement));

(b) Borrower shall refinance any lien or encumbrance on terms not reasonably approved by City or, unless otherwise approved in writing by City's Contract Officer, for a loan amount which when combined with all of the other security financing encumbering the Property exceeds: (i) prior to the completion of construction of the Project, ninety percent (90%) of the appraised as-completed value of the Property plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Credit Allocation Committee, and (ii) after the completion of construction of the Project, ninety percent (90%) of the appraised value of the Property plus the value of tax credits allocated to the Project pursuant to a Low Income Housing Tax Credit Program approved by the California Tax Credit Allocation Committee, with said values evidenced by an appraisal or other evidence acceptable to City;

(c) Borrower shall refinance any lien or encumbrance and use the proceeds for any purpose other than the construction and operation of the Project on the Property; and

(d) any default shall occur under the City HOME Loan Agreement, City HOME Loan Deed of Trust, City HOME Regulatory Agreement, AHA, AHA Note, AHA Deed of Trust, or AHA Regulatory Agreement (other than a default of City), or Borrower shall be in default under any documents relating to any other financing that is secured by the Property, and any such default is not cured under the terms of the applicable agreement if there is a cure period.

11. Collection Costs; Litigation. If this Note is not paid when due, whether at maturity or by acceleration, Borrower promises to pay all costs of collection, including, but not limited to, reasonable attorneys' fees and all expenses incurred in connection with the protection or realization of the collateral securing the payment hereof or enforcement of any guarantee, incurred by City on account of such collection, whether or not suit is filed hereon. In any litigation between the parties arising out of this Note, the Superior Court of the State of California in and for the County of Orange shall have exclusive jurisdiction. The prevailing party in any litigation between the parties arising out of or connected to this Note, in addition to whatever other relief to which the prevailing party is entitled, shall

also be entitled to reasonable attorney's fees, including fees and costs for discovery, and any fees and costs for appeal.

12. No Waiver by City. No waiver of any breach, default, or failure of condition under the terms of this Note or the City HOME Loan Deed of Trust or the obligations secured thereby shall be implied from any failure of City to take, or any delay be implied from any failure by City in taking, action with respect to such breach, default, or failure from any prior waiver of any similar or unrelated breach, default, or failure.

13. Severability; Governing Law; Amendment. The unenforceability or invalidity of any provision or provisions of this Note as to any persons or circumstances shall not render that provision or those provisions unenforceable or invalid as to any other provisions or circumstances, and all provisions hereof, in all other respects, shall remain valid and enforceable. This Note has been executed and delivered by Borrower in the State of California and is to be governed and construed in accordance with the laws thereof without regard to conflict of law principles. Neither this Note nor any term hereof may be waived, amended, discharged, modified, changed, or terminated orally; nor shall any waiver of any provision hereof be effective except by an instrument in writing signed by Borrower and City.

FOR THE PURPOSE of securing (l) payment of indebtedness of Trustor to the Beneficiary in the principal sum of Two Million Four Hundred Fifty-One Thousand Eight Hundred Thirty-Seven Dollars and Eighty-Two Cents ($2,451,837.82) (the "**City HOME Loan**"), evidenced by a promissory note of even date herewith between Trustor and Beneficiary (the "**City HOME Loan Note**"), together with all sums due thereunder including interest and other charges; and (2) the performance of each agreement of Trustor in this Deed of Trust and the City HOME Loan Note. AND TO PROTECT THE SECURITY OF THIS DEED OF TRUST, TRUSTOR COVENANTS AND AGREES:

1. That it will pay the City HOME Loan Note at the time and in the manner provided therein;

2. That it will not permit or suffer the use of any of the Property for any purpose other than the use for which the same was intended at the time this Deed of Trust was executed, namely, as affordable rental housing;

3. That the City HOME Loan Note is incorporated herein and made a part of this Deed of Trust. Upon default under the City HOME Loan Note or this Deed of Trust, Beneficiary, at its option, may declare the whole of the indebtedness secured hereby to be due and payable;

4. That all rents, profits, and income from the Property covered by this Deed of Trust are hereby assigned to Beneficiary for the purpose of discharging the debt hereby secured. Permission is hereby given to Trustor so long as no default exists hereunder, to collect such rents, profits, and income;

5. That upon default hereunder, Beneficiary shall be entitled to the appointment of a receiver by any court having jurisdiction, without notice, to take possession and protect the Property described herein and operate same and collect the rents, profits and income therefrom;

6. That Trustor will keep the improvements now existing or hereafter erected on the Property insured against loss by fire and such other hazards, casualties and contingencies as may be required in writing from time to time by Beneficiary, and all such insurance shall be evidenced by standard fire and extended coverage insurance policy or policies, in the amount of the replacement value of the improvements. Such policies shall be endorsed with a standard mortgage clause with loss payable to Beneficiary subordinate to the rights and interest of the beneficiary of the Senior Loan Deed of Trust described in paragraph 31, below) and certificates thereof together with copies of original policies shall be deposited with Beneficiary;

7. To pay, before delinquency, any taxes and assessments affecting said Property when due, all encumbrances, charges, and liens, with interest, on said Property or any part thereof which appear to be prior or superior hereto. All costs, fees and expenses of this Trust;

8. To keep said Property in good condition and repair, not to remove or demolish any buildings thereon; to complete or restore promptly and in good and workmanlike manner any building which may be constructed, damaged, or destroyed thereon and to pay when due all claims for labor performed and materials furnished therefor (unless contested in good faith if Trustor provides security satisfactory to Beneficiary that any amounts found to be due will be paid and no sale of the Property or other impairment of the security hereunder will occur); to comply with all laws affecting said Property or requiring any alterations or improvements to be made thereon; not to commit or permit waste thereof; not to commit, suffer or permit any act upon said Property in violation of law and/or covenants, conditions and/or restrictions affecting said Property; not to permit or suffer any alteration of or addition to the buildings or improvements hereafter constructed in or upon said Property without the consent of Beneficiary;

9. To appear in and defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee, and to pay all costs and expenses, including cost of evidence of title and attorneys' fees in a reasonable sum, in any such action or proceeding in which Beneficiary or Trustee may appear;

10. Should Trustor fail to make any payment or do any act as herein provided, then Beneficiary or Trustee, but without obligation so to do and without notice to or demand upon Trustor and without releasing Trustor from any obligation hereof may make or do the same in such manner and to such extent as either may deem necessary to protect the security hereof. Beneficiary or Trustee, being authorized to enter upon said Property for such purposes, may commence, appear in and/or defend any action or proceeding purporting to affect the security hereof or the rights or powers of Beneficiary or Trustee; may pay, purchase, contest or compromise any encumbrance, charge, or lien which in the judgment of either appears to be prior or superior hereto; and, in exercising

any such powers, may pay necessary expenses, employ counsel, and pay counsel's reasonable fees;

11. Beneficiary shall have the right to pay fire and other property insurance premiums when due should Trustor fail to make any required premium payments. All such payments made by Beneficiary shall be added to the principal sum secured hereby;

12. To pay immediately and without demand all sums so expended by Beneficiary or Trustee, under permission given under this Deed of Trust, with interest from date of expenditure at the rate specified in the City HOME Loan Note;

13. That the City HOME Loan advanced hereunder is to be used in the development of the Property; and upon the failure of Trustor to keep and perform such covenants, the principal sum and all arrears of interest, and other charges provided for in the City HOME Loan Note shall, at the option of Beneficiary, become due and payable, anything contained herein to the contrary notwithstanding;

14. Trustor further covenants that it will not voluntarily create, suffer or permit to be created against the Property, subject to this Deed of Trust, any lien or liens except as authorized by Beneficiary and further that it will keep and maintain the Property free from the claims of all persons supplying labor or materials which will enter into the construction of any and all buildings now being erected or to be erected on the Property;

15. That any and all improvements made or about to be made upon the Property, and all plans and specifications, comply with all applicable municipal ordinances and regulations and all other regulations made or promulgated, now or hereafter, by lawful authority, and that the same will upon completion comply with all such municipal ordinances and regulations and with the rules of the applicable fire rating or inspection organization, bureau, association, or office;

16. Trustor herein agrees to pay to Beneficiary or to the authorized loan servicing representative of Beneficiary a charge not to exceed that permitted by law for providing a statement regarding the obligation secured by this Deed of Trust as provided by Section 2954, Article 2, Chapter 2, Title 14, Division 3 of the California Civil Code.

IT IS MUTUALLY AGREED THAT:

17. Subject to the additional cure rights in Section 6 of the City HOME Loan Note, if the construction of any improvements as herein referred to shall not be carried on with reasonable diligence, or shall be discontinued at any time for any reason other than events of Force Majeure pursuant to Paragraph 36 hereof: Beneficiary, after due notice to Trustor or any subsequent owner, is hereby invested with full and complete authority to enter upon the Property, employ watchmen to protect such improvements from depredation or injury and to preserve and protect the personal property therein, and to continue any and all outstanding contracts for the erection and completion of said building or buildings, to make and enter into any contracts and obligations wherever necessary, either in its own name or in the name of Trustor, and to pay and discharge all debts, obligations and liabilities incurred thereby. All such sums so advanced by Beneficiary

(exclusive of advances of the principal of the indebtedness secured hereby) shall be added to the principal of the indebtedness secured hereby and shall be secured by this Deed of Trust and shall be due and payable on demand;

18. In the event of any fire or other casualty to the Project or eminent domain proceedings resulting in condemnation of the Project or any part thereof: Trustor shall have the right to rebuild the Project, and to use all available insurance or condemnation proceeds therefor, provided that (a) such proceeds are sufficient to rebuild the Project in a manner that provides adequate security to Beneficiary for repayment of the City HOME Loan or if such proceeds are insufficient then Trustor shall have funded any deficiency, (b) Beneficiary shall have the right to approve plans and specifications for any major rebuilding and the right to approve disbursements of insurance or condemnation proceeds for rebuilding under a construction escrow or similar arrangement, and (c) no material default then exists under the City HOME Loan Note or this Deed of Trust. If the casualty or condemnation affects only part of the Project and total rebuilding is infeasible, then proceeds may be used for partial rebuilding and partial repayment of the City HOME Loan in a manner that provides adequate security for repayment of the remaining balance of the City HOME Loan. The rights of the Beneficiary to any insurance proceeds or condemnation awards pursuant to this paragraph 18 are and shall be subject to the prior right to any insurance proceeds or condemnation awards of the beneficiary of the Senior Loan Deed of Trust described in paragraph 29;

19. Upon default by Trustor in making any payments provided for herein or in the City HOME Loan Note secured hereby, and if such default is not made good within ten (10) days after notice from Beneficiary, or if Trustor shall fail to perform any covenant or agreement in this Deed of Trust within thirty (30) days after written demand therefor by Beneficiary (or, in the event that more than thirty (30) days is reasonably required to cure such default, should Trustor fail to promptly commence such cure, and diligently prosecute same to completion), Beneficiary may declare all sums secured hereby immediately due and payable by delivery to Trustee of written declaration of default and demand for sale, and of written notice of default and of election to cause the Property to be sold, which notice Trustee shall cause to be duly filed for record and Beneficiary may foreclose this Deed of Trust. Beneficiary shall also deposit with Trustee this Deed of Trust, the City HOME Loan Note and all documents evidencing expenditures secured hereby;

20. After the lapse of such time as may then be required by law following the recordation of said notice of default, and notice of sale having been given as then required by law, Trustee, without demand on Trustor, shall sell said Property at the time and place fixed by it in said notice of sale, either as a whole or in separate parcels, and in such order as it may determine at public auction to the highest bidder for cash in lawful money of the United States, payable at time of sale. Trustee may postpone sale of all or any portion of said Property by public announcement at the time and place of sale, and from time to time thereafter may postpone the sale by public announcement at the time fixed by the preceding postponement. Trustee shall deliver to the purchaser its deed conveying the property so sold, but without any covenant or warranty, express or implied. The recitals in the deed of any matters or facts shall be conclusive proof of the truthfulness thereof.

Any person, including Trustor, Trustee or Beneficiary, may purchase at the sale. Trustee shall apply the proceeds of sale to payment of (1) the expenses of such sale, together with the reasonable expenses of this trust including therein reasonable Trustee's fees or attorneys' fees for conducting the sale, and the actual cost of publishing, recording, mailing and posting notice of the sale; (2) the cost of any search and/or other evidence of title procured in connection with such sale and revenue stamps on Trustee's deed; (3) all sums expended under the terms hereof, not then repaid, with accrued interest at the rate specified in the City HOME Loan Note; (4) all other sums then secured hereby; and (5) the remainder, if any, to the person or persons legally entitled thereto;

21. Beneficiary may from time to time substitute a successor or successors to any Trustee named herein or acting hereunder to execute this Deed of Trust. Upon such appointment, and without conveyance to the successor trustee, the latter shall be vested with all title, powers, and duties conferred upon any Trustee herein named or acting hereunder. Each such appointment and substitution shall be made by written instrument executed by Beneficiary, containing reference to this Deed of Trust and its place of record, which, when duly recorded in the proper office of the county or counties in which the property is situated, shall be conclusive proof of proper appointment of the successor trustee;

22. The pleading of any statute of limitations as a defense to any and all obligations secured by this Deed of Trust is hereby waived to the full extent permissible by law;

23. Upon written request of Beneficiary stating that all sums secured hereby have been paid, and upon surrender of this Deed of Trust and the City HOME Loan Note to Trustee for cancellation and retention and upon payment of its fees, Trustee shall reconvey, without warranty, the property then held hereunder. The recitals in such reconveyance of any matters of fact shall be conclusive proof of the truthfulness thereof. The grantee in such reconveyance may be described as "the person or persons legally entitled thereto";

24. The trust created hereby is irrevocable by Trustor;

25. This Deed of Trust applies to, inures to the benefit of, and binds all parties hereto, their heirs, legatees, devisees, administrators, executors, successors, and assigns. The term "**Beneficiary**" shall include not only the original Beneficiary hereunder but also any future owner and holder, including pledgees, of the City HOME Loan Note secured hereby. In this Deed of Trust, whenever the context so requires, the masculine gender includes the feminine and/or neuter, and the singular number includes the plural. All obligations of each Trustor hereunder are joint and several;

26. Trustee accepts this trust when this Deed of Trust, duly executed and acknowledged, is made public record as provided by law. Except as otherwise provided by law, Trustee is not obligated to notify any party hereto of pending sale under this Deed of Trust or of any action or proceeding in which Trustor, Beneficiary, or Trustee shall be a party unless brought by Trustee;

27. The undersigned Trustor requests that copies of any notice of default and of any notice of sale hereunder be mailed to it at Cartwright Family Apartments, LP, 14211 Yorba Street, Suite 200, Tustin, California 92780 with a copy to RCC MGP LLC, 14131 Yorba Street, Suite 204, Tustin, California 92780.

28. Trustor agrees at any time and from time to time upon receipt of a written request from Beneficiary, to furnish to Beneficiary a detailed statement in writing of income, rents, profits, and operating expenses of the premises, and the names of the occupants and tenants in possession, together with the expiration dates of their leases and full information regarding all rental and occupancy agreements, and the rents provided for by such leases and rental and occupancy agreements, and such other information regarding the Property and their use as may be requested by Beneficiary.

29. The full principal amount outstanding plus accrued but unpaid interest thereon, shall be due and payable on the earlier to occur of the following:

a. As more particularly provided in the City HOME Loan Note, sale, transfer, assignment or refinancing of the Property as provided further in this paragraph 29; unless: (i) in the case of a sale in which the sale proceeds are insufficient to repay in full the City HOME Loan, the Beneficiary approves such sale and the purchaser assumes the balance of the City HOME Loan in accordance with the terms of the City HOME Loan Note; or (ii) in the case of a refinancing in which the refinancing proceeds are insufficient to repay in full the City HOME Loan, the Beneficiary approves such refinancing and the Borrower remains obligated pursuant to the terms of the Note.

b. In order to induce Beneficiary to make the loan evidenced hereby, Trustor agrees that in the event of any transfer of the Property without the prior written consent of Beneficiary (other than a transfer resulting from a foreclosure, or conveyance by deed in lieu of foreclosure, by the holder of the Senior Loan Deed of Trust), Beneficiary shall have the absolute right at its option, without prior demand or notice, to declare all sums secured hereby immediately due and payable. Consent to one such transaction shall not be deemed to be a waiver of the right to require consent to future or successive transactions. Beneficiary may grant or deny such consent in its sole discretion and, if consent should be given, any such transfer shall be subject to this paragraph 29, and any such transferee shall assume all obligations hereunder and agree to be bound by all provisions contained herein. Such assumption shall not, however, release Trustor from any liability thereunder without the prior written consent of Beneficiary.

c. As used herein, "**transfer**" includes the sale, agreement to sell, transfer or conveyance of the Property, or any portion thereof or interest therein, whether voluntary, involuntary, by operation of law or otherwise, the execution of any installment land sale contract or similar instrument

affecting all or a portion of the Property, or the lease of all or substantially all of the Property. "**Transfer**" shall not include the leasing of individual residential units on the Property or "**Permitted Transfers**" as defined in the Affordable Housing and Loan Agreement between Trustor and Beneficiary dated on or about the date hereof, which sets forth the terms and conditions for City HOME Loan ("**City HOME Loan Agreement**").

d. The term "**Sale**" means any transfer, assignment, conveyance or lease (other than to a tenant for occupancy} of the Property and/or the improvements thereon, or any portion thereof, or any interest therein by the Trustor, and (if Trustor is a partnership) includes any transfer, assignment or sale of any partnership interest in the Trustor by an individual or entity which is a general or limited partner in the Trustor, or any interest by any individual or entity which holds an interest in any such general or limited partner in the Trustor, which brings the cumulative total of all such direct and indirect transfers, assignments and sales during the term of this Deed of Trust to more than thirty-five percent (35%) of the ownership interests in the Trustor, and any such transfer, assignment or sale of a direct or indirect partnership interest thereafter. Sale includes a sale in condemnation or under threat thereof. Sale does not include dedications and grants of easements to public and private utility companies of the kind customary in real estate development. Notwithstanding the above, Sale does not include any Permitted Transfers as defined in the City HOME Loan Agreement, sale or transfer of limited partner interests related to the syndication of Low Income Housing Tax Credits, or by the Trustor's limited partner (the "**Tax Credit Partner**"), the removal of Trustor's general partner by the Tax Credit Partner and its replacement with an affiliate of Tax Credit Partner, nor does it include the purchase of the Property by a general partner of Trustor or its affiliate pursuant to an option and right of first refusal agreement executed concurrently with execution of Trustor's agreement of limited partnership upon admission of the Tax Credit Partner.

Notwithstanding anything to the contrary contained in this Deed of Trust or in the City HOME Loan Note, prior to declaring any default or taking any remedy permitted under this Deed of Trust, the City HOME Loan Note or applicable law based upon an alleged default, the Tax Credit Partner shall have a period of not less than thirty (30) days to cure such alleged default; provided, however, if in order to cure such default reasonably believes that it must remove a general partner of Trustor, or all of them, pursuant to the Amended and Restated Agreement of Limited Partnership of Trustor dated as of May [16], 2023, Tax Credit Partner shall so notify Beneficiary and so long as Tax Credit Partner is reasonably and diligently attempting to remove the general partner or general partners, Tax Credit Partner shall have until the date thirty (30) days after the effective date of the removal of the general partner or general partners to cure such default.

30. Trustor shall permit Beneficiary and its agents or representatives, to inspect

the Property at any and all reasonable times, with or without advance notice. Inspections shall be conducted so as not to interfere with the tenants' use and enjoyment of the Property.

31. [Intentionally Omitted].

32. For purposes of this Deed of Trust, "**Hazardous Materials**" mean and include any hazardous, toxic or dangerous waste, substance or material including, without limitation, flammable explosives, radioactive materials, asbestos, hazardous wastes, toxic substances and any materials or substances defined as hazardous materials, hazardous substances or toxic substances in (or for purposes of) the Comprehensive Environmental Response, Compensation and Liability Act of 1380 ("**CERCLA**"), as amended (42 U.S.C. §9601, seq.), the Hazardous Materials Transportation Act (49 U.S.C. §1801 et seq.), the Resource Conservation and Recovery Act (42 U.S.C. §6901 et seq.) and those substances defined as hazardous wastes in §25117 of the California Health and Safety Code or as hazardous substances in §25316 of the California Health and Safety Code or in any regulations promulgated under either such law, any so-called "Superfund" or "Superlien" law, or any other federal, state or local statute, law. Ordinance, code, rule, regulation, order or decree regulating, relating to, or imposing liability or standards of conduct concerning any hazardous, toxic or dangerous waste, substance or material, as now or at any time hereafter in effect. Hazardous Materials shall not include any materials commonly used in the construction, maintenance and/or operation of a multifamily residential development, provided such materials are used and stored in a manner which complies with applicable law.

33. In addition to the general and specific representations. Covenants and warranties set forth in the Deed of Trust or otherwise, Trustor represents, covenants and warrants, with respect to Hazardous Materials, as follows:

a. Except as otherwise disclosed to Beneficiary in writing, neither Trustor nor, to the best knowledge of Trustor, any other person, has ever caused or permitted any Hazardous Materials to be manufactured, placed, held, located or disposed of on, under or at the Property or any part thereof, and neither the Property nor any part thereat or any property adjacent thereto, has ever been used {whether by the Trustor or, to the best knowledge of the Trustor, by any other person) as a manufacturing site, dump site or storage site (whether permanent or temporary) for any Hazardous Materials;

b. Trustor hereby agrees to indemnify Beneficiary, its officers, employees, contractors and agents, and hold Beneficiary, its officers, employees, contractors and agents harmless from and against any and all losses, liabilities, damages, injuries, costs, expenses and claims of any and every kind whatsoever paid, incurred or suffered by, or asserted against Beneficiary, its officers, employees, contractors or agents for, with respect to, or as a direct or indirect result of, the presence or use, generation, storage, release, threatened release or disposal of Hazardous Materials on or under the Property or the escape, seepage,

leakage, spillage, discharge, emission or release of any Hazardous Materials from the Property (including, without limitation, any losses, liabilities, damages, injuries, costs, expenses or claims asserted or arising under CERCLA, any so-called "Superfund" or "Superlien" law, or any other federal, state or local statute, law, ordinance, code, rule, regulation, order or decree regulating, relating to or imposing liability or standards of conduct concerning any Hazardous Materials)(collectively, "**Claims**"), caused by Trustor, except to the extent such Claims are the result of Beneficiary's gross negligence or willful misconduct.

c. Trustor has not received any notice of (i) the happening of any event involving the use, spillage, discharge or cleanup of any Hazardous Materials ("**Hazardous Discharge**") affecting Trustor or the Property or (ii) any complaint, order, citation or notice with regard to air emissions, water discharges, noise emissions or any other environmental, health or safety matter affecting Trustor or the Property ("**Environmental Complaint**") from any person or entity, including, without limitation, the United States Environmental Protection Agency ("**EPA**"). If Trustor receives any such notice after the date hereof, then Trustor will give, within seven (7) business days thereafter, oral and written notice of same to Beneficiary.

d. Without limitation of Beneficiary's rights under this Deed of Trust, Beneficiary shall have the right, but not the obligation, to enter onto the Property or to take such other actions as it deems necessary or advisable to clean up, remove, resolve or minimize the impact of, or otherwise deal with, any such Hazardous Materials or Environmental Complaint upon its receipt of any notice from any person or entity, including without limitation, the EPA, asserting the existence of any Hazardous Materials or an Environmental Complaint on or pertaining to the Property which, if true, could result in an order, suit or other action against Trustor affecting any part of the Property by any governmental agency or otherwise which, in the sole opinion of Beneficiary, could jeopardize its security under this Deed of Trust. All reasonable costs and expenses incurred by Beneficiary in the exercise of any such rights shall be secured by this Deed of Trust and shall be payable by Trustor upon demand together with interest thereon at a rate equal to the highest rate payable under the City HOME Loan Note secured hereby.

34. The following shall be an Event of Default:

a. Failure of Trustor to pay, when due, principal and interest and any other sums or charges on the City HOME Loan Note, in accordance with the provisions set forth in the City HOME Loan Note;

b. A violation of the terms, conditions or covenants of the City HOME Loan Note or this Deed of Trust; or

c. A default under the Senior Loan Deed of Trust to which the lien of this Deed of Trust is subordinate.

35. Subject to the extensions of time set forth in paragraph 36, and subject to the further provisions of this paragraph 35 and of paragraph 37, failure or delay by the Trustor to perform any term or provision of this Deed of Trust constitutes a default under this Deed of Trust. The Trustor must immediately commence to cure, correct, or remedy such failure or delay and shall complete such cure, correction, or remedy with reasonable diligence.

a. The Beneficiary shall give written notice of default to the Trustor, specifying the default complained of by the Beneficiary. Delay in giving such notice shall not constitute a waiver of any default nor shall it change the time of default.

b. The Trustor shall not be in default so long as it endeavors to complete such cure, correction, or remedy with reasonable diligence, provided such cure, correction or remedy is completed within thirty (30) days after receipt of written notice (or such additional time as may be deemed by the Beneficiary to be reasonably necessary to correct the cause).

c. Any failures or delays by the Beneficiary in asserting any of its rights and remedies as to any default shall not operate as a waiver of any default or of any such rights or remedies. Delays by the Beneficiary in asserting any of its rights and remedies shall not deprive the Beneficiary of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert, or enforce any such rights or remedies.

36. Notwithstanding specific provisions of this Deed of Trust, performance hereunder shall not be deemed to be in default where delays or defaults are due to: war; insurrection; strikes; lock-outs; riots; floods; earthquakes; fires; casualties; acts of God or other deities; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor or supplier; acts of the other party; acts or failure to act of the Beneficiary, or any other public or governmental agency or entity (except that any act or failure to act of Beneficiary shall not excuse performance by Beneficiary); or any other causes beyond the reasonable control or without the fault of the party claiming an extension of time to perform. An extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time the party claiming such extension gives notice to the other party, provided notice by the party claiming such extension is given within thirty (30) days after the commencement of the cause. Times of performance under this Deed of Trust may also be extended in writing by the Beneficiary and Trustor.

37. If a monetary event of default occurs under the terms of the City HOME Loan Note or this Deed of Trust, prior to exercising any remedies thereunder Beneficiary

shall give Trustor written notice of such default. Trustor shall have a period of ten (10) days after such notice is given within which to cure the default prior to exercise of remedies by Beneficiary under the City HOME Loan Note and this Deed of Trust.

38. If a non-monetary event of default occurs under the terms of the City HOME Loan Note or this Deed of Trust, prior to exercising any remedies thereunder, Beneficiary shall give Trustor notice of such default. If the default is reasonably capable of being cured within thirty (30) days, Trustor shall have such period to effect a cure prior to exercise of remedies by the Beneficiary under the City HOME Loan Note and this Deed of Trust. If the default is such that it is not reasonably capable of being cured within thirty (30) days, and Trustor (a) initiates corrective action within said period, and (b) diligently, continually, and in good faith works to effect a cure as soon as possible, then Trustor shall have such additional time as is reasonably necessary to cure the default prior to exercise of any remedies by Beneficiary. In no event shall Beneficiary be precluded from exercising remedies if its security becomes or is about to become materially jeopardized by any failure to cure a default or the default is not cured within one hundred eighty (180) days after the first notice of default is given.

39. Upon the occurrence of an Event of Default as described in paragraph 34. Trustor shall be obligated to repay the City HOME Loan and, subject to the nonrecourse provision of the City HOME Loan Note, Beneficiary may seek to enforce payment of any and all amounts due by Trustor pursuant to the terms of the City HOME Loan Note.

40. All expenses (including reasonable attorneys' fees and costs and allowances) incurred in connection with an action to foreclose, or the exercise of any other remedy provided by this Deed of Trust, including the curing of any Event of Default, shall be the responsibility of Trustor.

41. Beneficiary acknowledges that Trustor and the California Tax Credit Allocation Committee ("**Credit Agency**") intend to enter into an extended use agreement, which constitutes the extended low-income housing commitment described in Section 42(h)(6){B) of the Internal Revenue Code, as amended (the "**Code**"). As of the date hereof Code Section 42(h)(6)(E)(ii) does not permit the eviction or termination of tenancy (other than for good cause) of an existing tenant of any low-income unit or any increase in the gross rent with respect to such unit not otherwise permitted under Code Section 42 for a period of three (3) years after the date the building is acquired by foreclosure or by instrument in lieu of foreclosure. In the event the extended use agreement required by the Credit Agency is recorded against the Property, Beneficiary agrees to comply with the provisions set forth in Code Section 42(h)(6)(E)(ii).

42. Except as provided in paragraph 31, each successor owner of an interest in the Property, other than through foreclosure, deed in lieu of foreclosure or an owner who takes an interest in the Property after a foreclosure has occurred, shall take its interest subject to this Deed of Trust.

4.1 General. Developer shall devote the Property for use as an affordable residential rental complex with the HOME Units to be rented to and occupied or held available for occupancy only by Eligible HOME Unit Tenants at HOME Affordable Rent in compliance with the HOME Unit Mix. Developer shall not permit the Residential Units to be utilized on a transient basis, or as a hotel, motel, dormitory, fraternity house, sorority house, rooming house, nursing home, hospital, sanitarium, trailer court or park, day care facilities, or non-residential uses.

4.2. Occupancy by Eligible HOME Unit Tenants. The lease for each HOME Unit shall provide that it is to be used as the principal residence of the Eligible HOME Unit Tenant and for no other purpose. The lease shall further provide that an Eligible HOME Unit Tenant shall not lease or sublease its HOME Unit or its right of occupancy. Developer shall institute a program to ensure that the HOME Units remain occupied by the Eligible HOME Unit Tenants.

4.3 Occupancy Limits. The number of persons permitted to occupy each HOME Unit shall not exceed the occupancy permitted pursuant to the general requirements of the United States Department of Housing and Urban Development, which as of the date of this Agreement is two (2) persons per bedroom, plus one (1) person (e.g., for a two (2) bedroom unit the maximum number of persons residing in the unit can be five (5) persons). The lease for each HOME Unit shall include a provision limiting the number of persons permitted to occupy each HOME Unit in accordance with the preceding sentence and Developer shall enforce such occupancy restrictions. Immediately prior to an Eligible HOME Unit Tenant's occupancy of a HOME Unit, Developer shall obtain an Income Computation and Certification Form in a form approved by City (which may be the form used in connection with the regulatory agreement for low income housing tax credits, or other form approved by the Contract Officer) from each such Eligible HOME Unit Tenant dated immediately prior to the date of initial occupancy of the HOME Unit by such Eligible HOME Unit Tenant. In addition, Developer shall provide such further information as may be reasonably required by City for purposes of verifying a tenant's status as an Eligible HOME Unit Tenant, provided the same is reasonably available to Developer without unreasonable expense in connection with obtaining the same. Developer shall use good faith efforts to verify that the income provided by an applicant is accurate by taking the following steps as a part of the verification process: (a) obtain three (3) pay stubs for the most recent pay periods; (b) obtain a written verification of income and employment from the applicant's current employer; (c) obtain an income verification form from the Social Security Administration, California Department of Social Services, and/or California Employment Development Department if the applicant receives assistance from any of said agencies; (d) if an applicant is unemployed or did not file a tax return for the previous calendar year, obtain other evidence and/or

verification of such applicant's total income received during the calendar year from any source, taxable or nontaxable; and (e) such other information as may be requested by the City to verify an applicant's income. Developer shall maintain in its records each Income Computation and Certification Form obtained pursuant to this Section and Section 4.5 for a minimum period of five (5) years.

4.5 Recertification. Within sixty (60) days prior to the first anniversary date of the occupancy of a HOME Unit by an Eligible HOME Unit Tenant, and on each anniversary date thereafter, or if preferred by Developer and approved in writing by City, within sixty (60) days prior to January 1 of each year, Developer shall recertify the income of such Eligible HOME Unit Tenant by obtaining a completed Income Computation and Certification Form based upon the current income of each occupant of the HOME Unit. Subject to Section 5.2 during the Affordability Term, in the event the recertification demonstrates that such household's income exceeds one hundred forty percent (140%) of the income at which such household originally qualified, such household will no longer qualify as an Eligible HOME Unit Tenant at that original income level. If the occupant's income falls within one of the other income categories of Eligible HOME Unit Tenants, the rent shall be increased to the HOME Affordable Rent applicable to the new income category, provided a HOME Unit reserved for the new income category exists and is permitted pursuant to Developer's agreement with any Third-Party as may be in effect as described in the definition of "HOME Unit Mix" set forth in Section 1 of this Agreement. To the extent permitted by applicable law, including the requirements of Section 42 of the United States Internal Revenue Code, if the income exceeds the income permitted for Eligible HOME Unit Tenant status, the occupants' lease shall not be renewed and said occupants shall be required to vacate the unit within one hundred eighty (180) days after the recertification. Otherwise, the next available Residential Unit will be leased to an Eligible HOME Unit Tenant at an income level that will cause the Project to be in compliance with the HOME Unit Mix as quickly as possible.

4.6 HOME Affordable Rent. The rent for each HOME Unit shall not exceed the rent limits set forth in the HOME Requirements including 24 C.F.R. §92.252. The allowable rent under the HOME Requirements is summarized below:

(a) HOME Rent Limitations. The HOME Requirements establish maximum rent limits (High HOME Rents) at the lesser of (a) the fair market rent for existing housing for comparable units in the area as established by HUD under 24 C.F.R. § 888.111, or (b) a rent that does not exceed thirty percent (30%) of the adjusted income of a household whose annual income equals sixty-five percent (65%) of the median income for the Orange County area, as determined by HUD, with adjustments for the number of bedrooms in the HOME Unit. The HOME rent limits provided by HUD will include average occupancy per unit and adjusted income assumptions.

(b) Additional HOME Rent Limitations. The HOME Requirements also require that affordable units occupied by Eligible HOME Unit Tenants whose income does not exceed fifty percent (50%) of the median income meet one of the following rent requirements:

(i) The rent does not exceed the lesser of (X) the rent calculated under subparagraph (a) above, or (Y) an amount equal to thirty percent (30%) of the annual income of a household whose income equals fifty percent (50%) of the Median Income, with adjustments for smaller and larger households. HUD provides the HOME rent limits which include average occupancy per unit and adjusted income assumptions.

(ii) The rent does not exceed thirty percent (30%) of the household's adjusted income. If the HOME Unit receives federal or state project-based rental subsidy and the Eligible HOME Unit Tenant pays as a contribution toward rent not more than thirty percent (30%) of the household's adjusted income, then the maximum rent (i.e., tenant contribution plus project-based rental subsidy) is the rent allowable under the federal or state project-based rental subsidy program.

(c) Utility Allowance. City shall submit a waiver request to HUD prior to initial occupancy, pursuant to 24 C.F.R. 92.252(d)(1) to confirm the use of the Orange County Housing Authority Utility Allowance Schedule in lieu of the HUD Utility Model. If the Eligible HOME Unit Tenant is paying utilities and services, the rent may not exceed the maximum rent minus the monthly allowance established by the Orange County Housing Authority for utilities and services.

(d) Rental Charges In Excess of HOME Requirements. It shall constitute a default of the Developer to charge or accept rent amounts in excess of the HOME Affordable Rent. In the event that Developer charges or receives such higher rental amounts, in addition to any other remedy City shall have, Developer shall be required to refund to the Eligible HOME Unit Tenant the entire amount of rent received in excess of the amount permitted pursuant to this Agreement, plus interest at the rate of ten percent (10%) per annum or the maximum legal rate then applicable, whichever is less; provided if Developer, after commercially reasonable efforts, is unable to locate such Eligible HOME Unit Tenant, Developer shall pay all of such excess amounts to City .

(e) City Approval of Initial Rent Schedule and Utility Allowances. Prior to initial occupancy of HOME Units, Developer shall submit to City a schedule of the proposed gross rents for the HOME Units and the proposed Utility Allowance Schedule. City shall review and approve the rents proposed by Developer for HOME Units, subject to the maximum rent limitations in this Section 4.6, and shall ensure that the rents do not exceed the maximum rent minus the monthly allowance for utilities and services.

4.7 Leasing HOME Units. The HOME Units shall be available for rental on a continuous basis and Developer shall not give preference to any particular class or group in renting HOME Units, except to the extent that the HOME Units are required to be rented to Eligible HOME Unit Tenants. Developer shall market the HOME Units to the residents of the City of Irvine on a nonexclusive basis.

The initial lease-up of the HOME Units shall be done pursuant to a lottery system. Prior to commencing any marketing activities for the HOME Units, Developer shall submit to City for City's review and approval Developer's proposed marketing plan, and procedures for conducting the lottery. A representative of City shall attend the lottery. Notwithstanding anything in this Agreement to the contrary, none of Developer, Cartwright CCR LLC, C&C Development Co. LLC, RCC MGP LLC, Riverside Charitable Corporation, and The Waterford Group, and their respective officials, directors, and employees, and the immediate family members of their respective officials, directors, and employees shall be eligible to participate in the lottery for the initial lease-up of the HOME Units. As used herein, the term "**immediate family member**" shall mean and include a parent or step-parent, grandparent or step-grandparent, sibling or step-sibling and child or step-child.

Following the initial lease-up of the HOME Units, Developer shall maintain a waiting list of persons interested in renting a HOME Unit. Subject to Section 4.3 above, at such time as a HOME Unit becomes available for rental, Developer shall rent such HOME Unit to the first person on the waiting list that qualifies as an Eligible HOME Unit Tenant to rent the HOME Unit. Developer shall use commercially reasonable efforts to lease HOME Units that become available as quickly as possible.

4.8 Rental Agreement. The form of the lease agreement between Developer and each of the Eligible HOME Unit Tenants shall comply with Section 5.3 of this Agreement.

5. HOME Requirements. The covenants set forth in this Section 5 shall be applicable during the Affordability Term and shall apply notwithstanding any other provision herein to the contrary.

5.1 Compliance with HOME Requirements. Developer shall operate the Project in accordance with, and shall comply with, all applicable HOME Requirements. Developer, at its expense, shall submit to the appropriate entities any and all reports requested by City that are required to be submitted pursuant to the HOME Requirements. In the case of any conflict between the HOME Requirements and this Agreement, the HOME Requirements shall control; it being understood, however, that in order to be in compliance with this Agreement and the HOME Requirements, Developer shall, to the extent possible, comply with the most restrictive provisions in this Agreement and the applicable HOME Requirements.

5.2 Recertification. In accordance with 24 C.F.R. §92.252(i), in the event a recertification demonstrates that a household's income exceeds the income allowed for Eligible HOME Unit Tenant status, such household will no longer qualify as an Eligible HOME Unit Tenant and will be required to pay as rent an amount equal to the lesser of the amount payable by the tenant under State or local law or 30% of the household's adjusted income, except that if the HOME Unit has been allocated low income housing tax credits by a housing credit agency pursuant to Section 42 of the Internal Revenue Code of 1986 (26 U.S.C. 42), the tenant must pay rent governed by Section 42 of the Internal Revenue Code.

5.3 Lease. The form of the lease between Developer and each Eligible HOME Unit Tenant shall be approved by City prior to the rental or leasing of any of the HOME Units, which approval shall not be unreasonably withheld, conditioned or delayed so long as the lease is consistent with this Agreement and the HOME Requirements. Once approved, no changes shall be made to the form of the lease without City's prior written approval, which approval shall not be unreasonably withheld, conditioned or delayed so long as the lease is consistent with this Agreement and the HOME Requirements. The lease between Developer and the Eligible HOME Unit Tenants shall comply with 24 C.F.R. § 92.253 and may not contain any of the following provisions: (i) an agreement by the tenant to be sued, to admit guilt, or to a judgment in favor of Developer in a lawsuit brought in connection with the lease; (ii) an agreement by the tenant that Developer may seize or sell personal property of household members without notice to the tenant and a court decision on the rights of the parties (this provision does not apply to disposition of personal property of a tenant who has vacated his/her unit); (iii) an agreement by the tenant not to hold Developer or Developer's agents legally responsible for any action or failure to act, whether intentional or negligent; (vi) an agreement of the tenant that Developer may institute a lawsuit without notice to the tenant; (v) an agreement by the tenant that Developer may evict the tenant or household members without instituting a civil court proceeding in which the tenant has the opportunity to present a defense, or before a court decision on the rights of the parties; (vi) an agreement by the tenant to waive any right to a trial by jury; (vii) an agreement by the tenant to waive the tenant's right to appeal or to otherwise challenge in court a court decision in connection with the lease; and (viii) an agreement by the tenant to pay attorneys' fees or other legal costs even if the tenant wins in a court proceeding by Developer against the tenant (the tenant may, however be obligated to pay costs if the tenant loses).

In addition, the form of the lease between Developer and each Eligible HOME Unit Tenant shall obligate the Eligible HOME Unit Tenant to comply with the provisions set forth in Section 4 of this Agreement that are applicable to the Eligible HOME Unit Tenants and an Eligible HOME Unit Tenant who violates such requirements shall be in default under the rental agreement. Each lease agreement with an Eligible HOME Unit Tenant shall include a provision to the effect that the Developer has relied on the information provided by the Eligible HOME Unit Tenant on the Income Computation and Certification Form and all other supporting information supplied by the Eligible HOME Unit Tenant in determining qualification for occupancy of the applicable HOME Unit, and that any material misstatement in such certification (whether or not intentional) will be cause for immediate termination of such lease agreement. In addition, each lease agreement shall contain a provision that failure to cooperate with the annual recertification process may disqualify the Eligible HOME Unit Tenant as such and will be cause for immediate termination of such lease agreement.

5.4 Monitoring. City shall monitor and evaluate Developer's performance under this Agreement to determine compliance with this Agreement and the HOME Requirements. Developer shall reasonably cooperate with City and shall make available to City all information, documents, and records reasonably requested by City and shall provide City the reasonable right of access to the Property and the HOME Units

during normal business hours for the purpose of assuring compliance with this Agreement and evaluating Developer's performance hereunder.

5.5 Records to be Maintained. Developer shall keep and maintain records providing a full description of the activities undertaken pursuant to this Agreement demonstrating that the activities meet the HOME Requirements, and such other records as may be reasonably required by City to enable City to evaluate Developer's compliance with the HOME Requirements and to enable City to comply with City's recordkeeping and reporting requirements under the HOME Requirements. The books and records required to be maintained by Developer shall be kept at a location in Orange County, California. City and HUD and/or their representatives shall have full and free access to, and the right to examine, inspect, and audit, all books and records of Developer pertaining to this Agreement at all times during normal business hours upon 48 hours prior written notice to Developer.

5.6 Audits. Developer shall perform all audits of its books and records required by HUD or the HOME Requirements or reasonably required by City and a copy of such audits shall be forwarded to the City within thirty (30) days after completion. Developer shall be subject to all audit and review requirements imposed on City in connection with this Agreement and shall, at its sole cost and expense, cause such audits and reviews to be timely performed.

6. Operation of Program.

6.1 Standard of Performance. Developer shall operate or cause to be operated the Program, and perform or cause to be performed all Program Activities, in a competent, professional, and first class manner and to the satisfaction of City in its reasonable discretion and in accordance with this Agreement and in compliance with all applicable laws including the HOME Requirements. Developer shall, if requested by City, provide to City monthly written reports on the progress of any Program Service. Developer shall cause the Program Activities to be performed by Developer or Developer Personnel under Developer's direct supervision, and shall ensure that all Developer Personnel engaged in the Program Activities are fully qualified and authorized and permitted under applicable law to operate the Program. Developer shall secure, at its sole cost and expense, any and all licenses, permits and approvals that may be required by law for the performance of the Program Activities. Developer shall be responsible for all costs related to the Program.

6.2 Management. If any manager or supervisor of the Program engages in any of the conduct described in Section 6.4 that results in a Program Default or knowingly allows such conduct to occur at the Property or by Developer Personnel, or knowingly allows illegal activity to occur at the Property, City shall have the right to require that Developer immediately replace such manager or supervisor of the Program.

6.3 Drug Free Covenant. Developer shall use commercially reasonable efforts to maintain a drug free environment on the Property. Developer covenants to City that Developer shall use commercially reasonable efforts pursuant to Section 6.5 of this

Agreement to ensure that all persons residing on the Property shall not unlawfully manufacture, distribute, dispense, possess, or use controlled substances as defined in 21 United States Code section 812 and California Health and Safety Code section 11007, or successor statutes, and as prohibited by applicable law.

6.4 Program Defaults. If Developer shall or permit Developer Personnel to:

(a) engage in any act injuring, abusing, mistreating, or endangering any employee or client of the Program or other persons receiving services under the Program, including any tenants or occupants of the Project as reasonably determined by City; or

(b) fail to use commercially reasonable efforts in violation of Section 6.3 above; or

(c) engage in any act or transgression that, in the reasonable judgment of City, may cause embarrassment to the City, reflect adversely upon the City or its funding programs or upon Developer, tend to bring the Program into public disrepute, contempt, scandal, or ridicule, or tend to shock, insult or offend the community or public morals or decency, then

Developer and City agree to meet and confer within ten (10) days of the request of City to determine a resolution reasonably acceptable to City and Developer agrees to thereafter promptly implement the resolution. The failure of Developer to implement the resolution shall constitute a default under this Agreement ("**Program Default**").

6.5 Occupants of Housing Facilities. To the extent permitted by applicable law, Developer shall include in its occupancy or lease agreements with the Eligible HOME Unit Tenants a requirement that the occurrence of any illegal activity by the tenant or by the tenant's guests at the Property, shall be grounds for immediate termination of the tenant's right to reside within the HOME Unit and City shall have the right to require that Developer enforce such provision.

7. No Discrimination. Developer shall not discriminate against, or segregate, any person or group of persons on account of race, color, creed, national origin, ancestry, sex, sexual orientation, marital status, or religion in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the Property, nor shall the Developer for itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the Property.

8. Maintenance of Property. For the entire Affordability Term, Developer shall maintain or cause to be maintained the Property and all improvements on the Property in a good condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders, and regulations of all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction. City places prime importance on quality maintenance to protect

its investment and to ensure that affordable housing projects are not allowed to deteriorate due to substandard maintenance. In addition, Developer shall keep the Property free from all graffiti and any accumulation of debris or waste material. Developer shall make all repairs and replacements necessary to keep the improvements in first class condition and repair and shall promptly eliminate all graffiti and replace dead and diseased plants and landscaping with comparable approved materials. In the event that Developer breaches any of the covenants contained in this Section 8, and such default continues for a period of fifteen (15) days after written notice from City or such longer period of time as is reasonably necessary to correct the condition (with respect to landscaping, graffiti, debris, waste material, and general maintenance) or thirty (30) days after written notice from City or such longer period of time as is reasonably necessary to correct the condition (with respect to building improvements), then City in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Property and perform or cause to be performed all such acts and work necessary to cure the default. Pursuant to such right of entry, City shall be permitted (but not required) to enter upon the Property and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Property, and to charge a fee to Developer in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by City and/or costs of such cure, including a ten percent (10%) administrative charge, which amount shall be promptly paid by Developer to City upon demand.

9. Management.

9.1 Property Manager. Developer shall manage or cause the Project, and all appurtenances thereto, to be managed in accordance with this Agreement and in a prudent and business-like manner, consistent with good property management standards for other comparable high quality, well-managed affordable rental housing projects in the City of Irvine. Developer may contract with a property management company or individual property manager to operate and maintain the Project in accordance with the terms of this Section 9.1 ("**Property Manager**"); provided, however, the selection and hiring of the Property Manager (and each successor or assignee) is and shall be subject to the prior written approval of City in its reasonable discretion. Developer shall conduct due diligence and background evaluation of any potential Third-Party property manager or property management company to evaluate experience, references, credit worthiness, and related qualifications as a property manager. Any proposed property manager shall have significant and relevant prior experience with affordable housing projects and properties comparable to the Project, and the references and credit record of such property manager/company shall be investigated (or caused to be investigated) by Developer prior to submitting the name and qualifications of such proposed property manager to City for review and approval. A complete and true copy of the results of such background evaluation shall be provided to City. Approval of a Property Manager by City shall not be unreasonably delayed but shall be in its sole reasonable discretion, and City shall use good faith efforts to respond as promptly as practicable in order to facilitate effective and ongoing property management of the Project by one qualified Property Manager. The replacement of the Property Manager by Developer and/or the selection by Developer of any new or different Property Manager

shall also be subject to the foregoing requirements. City hereby approves Advanced Property Services Management, Inc., as the initial Property Manager.

9.2 On-Site Residential Manager. The Property Manager, or an employee or agent of Property Manager or its sub-management agent, shall reside full-time in a Residential Unit located within the Project, and said Residential Unit shall be the Property Manager's only residence.

9.3 Property Management Plan. Prior to the completion of the Project, Developer shall prepare and submit to City for review and approval, which approval shall not be unreasonably withheld, a management plan which shall include a detailed plan and strategy for long term marketing, operation, maintenance, repair and security of the Project, and the method of selection of tenants, rules and regulations for tenants, and other rental policies for the Project ("**Property Management Plan**"). The ongoing management and operation of the Project shall be in compliance with the approved Property Management Plan. Developer and its Property Manager may from time to time submit to City amendments to the Property Management Plan, the implementation of which shall be subject to the prior written approval of City, which approval shall not be unreasonably withheld.

9.4 Gross Mismanagement. In the event of "Gross Mismanagement" (as that term is defined below) of the Project, City shall have and retain the authority to direct and require any condition(s), acts, or inactions of Gross Mismanagement to cease and/or be corrected immediately, and further to direct and require the immediate removal of the Property Manager. For purposes of this Agreement, the term "**Gross Mismanagement**" shall mean management of the Project in a manner which violates the terms and/or intention of this Agreement to operate a high quality affordable housing complex, and shall include, but is not limited to, any one or more of the following occurring twice within a three hundred sixty-five (365) day period:

(a) Leasing to tenants who exceed the prescribed income levels with the knowledge that the tenants do not income qualify;

(b) Allowing the tenants to exceed the prescribed occupancy levels without taking immediate action to stop such overcrowding upon learning of the violation;

(c) Underfunding required reserve accounts to the extent sufficient cash flow is available;

(d) The failure to timely maintain the Project in accordance with the Property Management Plan and this Agreement, which is not corrected within the periods specified in Section 19;

(e) Fraud or embezzlement of Project funds, including without limitation funds in the reserve accounts;

(f) Failing to comply with reasonable recommendations of the Irvine Police Department or other local law enforcement agency(ies) with jurisdiction over the Project, in maintaining a crime-free environment within the Project upon learning of the violation;

(g) Failing to reasonably cooperate with City, including its code enforcement division, or other local health and safety enforcement agency(ies) with jurisdiction over the Project, in maintaining a decent, safe, and sanitary environment within the Project, upon learning of the violation; and

(h) Spending funds from the Capital Replacement Reserve account for items that are not defined eligible as costs, including eligible capital and/or replacement costs, under the standards imposed by generally accepted accounting principles ("**GAAP**") (and/or, as applicable, generally accepted auditing principles).

Notwithstanding the requirements of the Property Manager to correct any condition of Gross Mismanagement as described above, Developer is obligated and shall use its best efforts to correct any defects in property management or operations at the earliest feasible time and, if necessary, to replace the Property Manager, as provided above. Developer shall include provisions of the foregoing requirements and requirements of this Agreement within any contract between Developer and its Property Manager for the Property.

10. Code Enforcement. Developer acknowledges and agrees that City and its employees and authorized agents shall have the right to conduct code compliance and/or code enforcement inspections of the Project and the individual Residential Units, both exterior and interior, at reasonable times and upon reasonable notice to Developer and/or an individual tenant. If such notice is provided by City or its representative(s) to Developer, then Developer (or its Property Manager) shall promptly and directly advise any affected tenant of such upcoming inspection and cause access to the area(s) and/or Residential Units of the Project to be made available and open for inspection. Developer shall include express advisement of such inspection rights within the lease agreements for each Residential Unit of the Project in order for each and every tenant and tenant household to be aware of this inspection right.

11. Reserves.

11.1 Capital Reserve Requirements. Commencing upon the date that the construction financing for the Project is converted to permanent financing, Developer shall annually set aside into a separate interest-bearing trust account an amount of the higher of (i) Five Hundred Fifty Dollars ($500.00) per Residential Unit, increasing by five percent (5%) every fifth year (or such increased amount as reasonably agreed upon by City and Developer from time to time), or (ii) the minimum amount for capital reserves per Residential Unit required by the TCAC Requirements ("**Capital Replacement Reserve**"). Funds in the Capital Replacement Reserve shall be used only for capital repairs, improvements and replacements to the Project, including fixtures and equipment, which

are normally capitalized under GAAP. The non-availability of funds in the Capital Replacement Reserve does not in any manner relieve or lessen Developer's obligation to undertake any and all necessary capital repairs, improvements, or replacements and to continue to maintain the Project in the manner prescribed herein. Not less than once per year, Developer, at its expense, shall submit to City an accounting for the Capital Replacement Reserve. Capital improvements and repairs to, and replacements of the Project shall include only those items with a long life in excess of one year, including without limitation the following: carpet and drapery replacement; appliance replacement; exterior painting, including exterior trim; hot water heater replacement; plumbing fixtures replacement, including tubs and showers, toilets, lavatories, sinks, faucets; air conditioning and heating replacement; asphalt repair and replacement, and seal coating; roofing repair and replacement; landscape tree replacement; irrigation pipe and controls replacement; sewer line replacement; water line replacement; gas line replacement; and lighting fixture replacement. Any capital replacement reserve requirements of any other lenders or parties shall not increase the Capital Replacement Reserve funding requirements under this Section.

11.2 Operating Reserve. Developer shall establish an interest bearing account to be known as the "**Operating Reserve Account**." Commencing upon the closing of the permanent financing for the Project, Developer shall deposit into the Operating Reserve Account an amount equal to pay both three (3) months' of Operating Expenses and three (3) months' of debt service for the Property ("**Target Balance**"). Funds in the Operating Reserve Account shall be invested in an interest bearing account and any earnings shall become and remain a part of the Operating Reserve Account. Developer may draw upon the funds in the Operating Reserve Account only when the amount of HOME Affordable Rent received by Developer is insufficient to pay Operating Expenses. If for any reason the amount in the Operating Reserve Account falls below an amount equal to fifty percent (50%) of the Target Balance amount, Developer shall deposit Project Cash Flow in the Operating Reserve Account until the Target Balance is restored. In the event of a failure by Developer to pay Operating Expenses or in the event of a default by Developer under the City HOME Loan Agreement or this Agreement that would provide for the acceleration of the City HOME Loan, then City may, after delivery of notice to Developer and the expiration of any applicable cure periods, apply the funds in the Operating Reserve Account to the City HOME Loan or use such funds for the continued operation of the Project. Nothing in this Section 11.2 shall modify or be deemed to modify any payment obligation of Developer pursuant to the City HOME Loan Agreement or any attachments thereto entered into by and between Developer and City. "**Operating Expenses**" shall have the meaning ascribed to that term in the City HOME Loan Note evidencing the City HOME Loan. Upon the Project achieving an annual debt service coverage ratio of one and twenty-five hundredths (1.25) or greater for three (3) consecutive years after permanent loan funding for the Project, this Operating Reserve requirement is released.

12. Records. Developer shall maintain complete and accurate records pertaining to the HOME Units for a period of five (5) years (unless a longer period of time is expressly set forth herein), and shall permit any duly authorized representative of City to inspect the books and records of Developer pertaining to the HOME Units.

13. Right to Inspect. City shall have the right to inspect the Property and the Residential Units for purposes of assuring compliance with this Agreement during normal business hours on not less than seventy-two (72) hours written notice.

14. Relocation. Developer shall be responsible for providing any relocation benefits or assistance and paying relocation costs to any tenants or occupants who may be displaced from the Property if such benefits or assistance are required to be provided by a public agency, such as the City, under any applicable federal, state, or local laws, rules or regulations. Developer shall indemnify, defend, and hold harmless City from and against any and all claims, liabilities, damages or losses arising out of any claims for relocation benefits or assistance that may be asserted by any tenants or occupants of the Project.

15. Indemnification. Developer shall defend, indemnify and hold harmless City and its officers, officials, agents, employees, representatives, and volunteers from and against any loss, damage, costs, expenses, liability, claim, or judgment relating in any manner to the Property and the operation of the rental project thereon or Developer's performance under this Agreement, except to the extent caused by the active negligence or willful misconduct of City.

16. Insurance. Upon completion of the Project and for the term of this Agreement, Developer shall procure and keep in full force and effect or cause to be procured and kept in full force and effect for the mutual benefit of Developer and City, and shall provide City evidence reasonably acceptable to City, of insurance policies meeting the minimum requirements set forth in this Section 16.

16.1. Types of Insurance Policies. The insurance policies to be maintained by Developer upon completion of the Project and for the duration of the term of this Agreement are as follows:

16.2 Types of Insurance and Minimum Limits.

(a) Workers' Compensation Insurance in the minimum statutorily required coverage amounts. This insurance coverage shall be required unless Developer has no employees and certifies to this fact by initialing here .

(b) Automobile Liability Insurance for each of Developer's vehicles used in the performance of this Regulatory Agreement, including owned, non-owned (e.g. owned by Developer's employees), leased or hired vehicles, in the minimum amount of $1,000,000 combined single limit per occurrence for bodily injury and property damage. This insurance coverage is required unless Developer does not drive a vehicle in conjunction with any part of the performance of this Regulatory Agreement and Developer and City both certify to this fact by initialing here / .

(c) Comprehensive or Commercial General Liability Insurance coverage at least as broad as the most recent ISO Form CG 00 01 with a minimum limit of $3,000,000 per occurrence, and $5,000,000 in the aggregate, including coverage for: (a) products and completed operations, (b) bodily and personal injury, (c) broad

form property damage, (d) contractual liability, and (e) cross-liability.

(d) Builder's Risk (course of construction) insurance coverage in an amount equal to the full cost of the hard construction costs of the Project. Such insurance shall cover, at a minimum: all work, materials, and equipment to be incorporated into the Project; the Project during construction; the completed Project until such time as City issues a final Certificate of Occupancy. Such insurance shall protect/insure the interests of Developer/owner and all of Developer's contractor(s), and subcontractors, as each of their interests may appear. City shall be a loss payee under such policy or policies and such insurance shall contain a replacement cost endorsement. Notwithstanding anything to the contrary in this Section 16.2, however, Developer's requirement to maintain the insurance required by this paragraph shall terminate on the date City issues a final Certificate of Occupancy for the Project.

(e) Insurance against fire, extended coverage, vandalism, and malicious mischief, and such other additional perils, hazards, and risks as now are or may be included in the standard "all risk" form in general use in Orange County, California, with the standard form fire insurance coverage in an amount equal to full actual replacement cost thereof, as the same may change from time to time. The above insurance policy or policies shall include coverage for earthquakes to the extent required by any Project lender or Investor. City shall be a loss payee under such policy or policies and such insurance shall contain a replacement cost endorsement. Notwithstanding anything to the contrary in this Section 16.2, however, Developer's requirement to maintain the insurance required by this paragraph shall not commence until the date City issues a final Certificate of Occupancy for the Project.

(f) Business interruption and extra expense insurance to protect Developer and City covering loss of revenues and/or extra expense incurred by reason of the total or partial suspension or delay of, or interruption in, the operation of the Project caused by loss or damage to, or destruction of, any part of the insurable real property structures or equipment as a result of the perils insured against under the all-risk physical damage insurance, covering a period of suspension, delay or interruption of at least twelve (12) months, in an amount not less than the amount required to cover such business interruption and/or extra expense loss during such period. Notwithstanding anything to the contrary in this Section 16.2, however, Developer's requirement to maintain the insurance required by this paragraph shall not commence until the date City issues a final Certificate of Occupancy for the Project.

(g) Boiler and machinery insurance in the aggregate amount of the full replacement value of the equipment typically covered by such insurance. Notwithstanding anything to the contrary in this Section 16.2, however, Developer's requirement to maintain the insurance required by this paragraph shall not commence until the date City issues a final Certificate of Occupancy for the Project.

16.3 Other Insurance Provisions

(a) All policies of Comprehensive or Commercial General Liability Insurance shall be endorsed to cover the City of Irvine, and the City's officials, officers, members, employees, agents and volunteers as additional insureds with respect to liability arising out of the work or operations and activities performed by or on behalf of Developer, including materials, parts or equipment furnished in connection with such work or operations. Endorsements shall be at least as broad as ISO Form CG 20 10 11 85, or both CG 20 10 10 01 and CG 20 37 10 01, covering both ongoing operations and products and completed operations.

(b) All required policies shall be endorsed to contain the following clause:

"This insurance shall not be canceled until after thirty (30) days' prior written notice (10 days for nonpayment of premium) has been given to:

City of Irvine
One Civic Center Plaza
Irvine, CA 92623-9575
Attn: Community Development Director

Should Developer fail to obtain such an endorsement to any policy required hereunder, Developer shall be responsible to provide at least thirty (30) days' notice (10 days for nonpayment of premium) of cancellation of such policy to the City as a material term of this Agreement.

(c) Developer agrees to provide its insurance broker(s) with a full copy of these insurance provisions and provide City on or before the Date of Regulatory Agreement with Certificates of Insurance and endorsements for all required coverages. However, failure to obtain the required documents prior to the work beginning shall not waive the Developer's obligation to provide them. All Certificates of Insurance and endorsements shall be delivered or sent to:

City of Irvine
One Civic Center Plaza
Irvine, CA 92623-9575
Attn: Community Development Director

(d) Developer hereby grants to City a waiver of any right of subrogation which any insurer of said Developer may acquire against City by virtue of the payment of any loss under such insurance; provided, however, any right of subrogation in favor of City is subject and subordinate to the rights of any senior lender. Developer agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer.

16.4 Developer's Continuing Indemnification Obligations. Developer agrees that the provisions of this Section 16.4 shall not be construed as limiting in any way City's right to indemnification or the extent to which Developer may be held responsible for the payment of damages to any persons or property resulting from Developer's activities or the activities of any person or persons for which Developer is otherwise responsible.

16.5 Remedies for Defaults Re: Insurance. In addition to any other remedies City may have, if Developer commits a default hereunder by failing to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may at its sole option, obtain such insurance and invoice Developer for the amount of said premium. Exercise of the remedy set forth herein, however, is an alternative to other remedies City may have and is not the exclusive remedy for Developer's failure to maintain insurance or secure appropriate endorsements.

17. Repair of Damage. If any improvements on the Property shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty, Developer shall promptly proceed to obtain insurance proceeds, and, provided the insurance proceeds are sufficient to restore the Property and the insurance proceeds are made available therefor by the senior secured lenders and the other terms and conditions to the release of such proceeds set forth in the mortgage in favor of the senior secured lender are satisfied in full, take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the improvements to substantially the same condition as the improvements are required to be maintained in pursuant to this Agreement, and Developer shall complete the same as soon as possible thereafter so that the Project can continue to be operated and occupied as an affordable housing project in accordance with this Agreement. In no event shall the repair, replacement, or restoration period exceed two (2) years from the date of the destruction subject to events of force majeure unless City, in its sole and absolute discretion, approves a longer period of time. City shall reasonably cooperate with Developer, at no expense to City, in an effort to obtain any governmental permits required for such repair, replacement, or restoration.

18. Reserved.

19. Defaults and Remedies.

19.1 Defaults. Failure or delay by any Party to perform any term or provision of this Agreement which is not cured within thirty (30) days after receipt of notice from the other Party specifying the default (or such other period specifically provided herein) constitutes a default under this Agreement; provided, however, if such default is of the nature requiring more than thirty (30) days to cure, the defaulting Party shall avoid default hereunder by commencing to cure within such thirty (30) day period, and thereafter diligently pursuing such cure to completion within an additional sixty (60) days following the conclusion of such thirty (30) day period (for a total of ninety (90) days). Except as required to protect against further damages, the injured Party may not institute

proceedings against the Party in default until the time for cure has expired. Failure or delay in giving such notice shall not constitute a waiver of any default, nor shall it change the time of default.

In addition to Developer's cure rights hereunder, NEF Assignment Corporation, an Illinois not-for-profit corporation, or its successors and assigns pursuant to this Agreement ("**Investor**"), for so long as Investor is a limited partner investor in Developer, shall have ten (10) days after receipt of a default notice from City to cure a monetary default of this Agreement and thirty (30) days after receipt of a default notice to cure any non-monetary default under this Agreement; provided however, if the non-monetary default is incapable of being cured within thirty (30) days, Investor shall have an additional ninety (90) days to cure such default provided it has commenced to cure the default and is diligently proceeding to cure such default through the end of such period. City shall provide a copy of any written notice of default to the Investor at the mailing address set forth in Section 20.9. City shall accept any cure made by Investor as if made by Developer, but failure by City in timely delivering a default notice to Investor shall not be a default or breach by City under this Agreement.

19.2 Institution of Legal Actions. In addition to any other rights or remedies, any Party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement; provided, however, that notwithstanding anything in the foregoing to the contrary, in no event shall Developer be entitled to obtain monetary damages of any kind from City, including but not limited to damages for economic loss, lost profits, or any other economic or consequential damages of any kind. Such legal actions must be instituted and maintained in the Superior Court of the County of Orange, State of California, or in any other appropriate court in that county.

19.3 Rights and Remedies are Cumulative. The rights and remedies of the Parties are cumulative, and the exercise by either Party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other Party.

20. Miscellaneous.

20.1 Entire Agreement, Waivers, and Amendments. This Agreement contains the entire agreement between the Parties relating to the subject matter hereof, and supersedes all negotiations and previous agreements between the Parties with respect to all or part of the subject matter hereof, with the exception of the City HOME Loan Agreement and all executed versions of the agreements attached to those agreements. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the Party to be charged. A waiver of the breach of the covenants, conditions or obligations under this Agreement by either Party shall not be construed as a waiver of any succeeding breach of the same or other covenants, conditions or obligations of this Agreement. Any amendment or modification to this Agreement must be in writing and executed by the appropriate authorities of City and Developer.

20.2 Attorney's Fees and Costs. If either Party to this Agreement commences an action against the other Party to this Agreement arising out of or in connection with this Agreement, the prevailing Party shall be entitled to recover reasonable attorney's fees, expert witness fees, costs of investigation, and costs of suit from the losing Party.

20.3 Prohibition Against Assignment and Transfer by Developer. The qualifications and identity of Developer are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Developer and entered into this Agreement with Developer. Accordingly, except as expressly set forth herein, Developer shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder or in the Property or in the Project without the City's prior written approval. As used herein, the term "**significant change in ownership**" shall mean any change by virtue of which any member of C & C Development Co., LLC or any affiliated entity does not continue to be the managing member of the developer general partner of Developer.

Provided Participant is not in default of this Agreement, and provided that Participant and City have executed or will have

executed by the close of escrow the Affordable Unit Implementation Document, then City shall issue a Notice to Proceed.

(d) In the event that Participant terminates the Purchase, any funds disbursed by City into escrow shall be returned to City.

2.3 Affordable Unit Implementation Document. For the Affordable Unit, City and Participant shall set forth in a written instrument substantially in the form of Exhibit "C" attached hereto, to be executed by both parties, the following for the Affordable Unit (an "Affordable Unit Implementation Document"): (a) the address and location of the Affordable Unit; (b) a description of the rehabilitation and/or repair work that Participant will be required to perform using Participant's funds (i.e., neither CDBG Funds nor Matching Funds shall be used for rehabilitation or repair work), if any; (c) the dates and/or time periods by which the obligations and tasks must be performed and completed with respect to the Affordable Unit; (d) the line item categories of Eligible Expenses for the Affordable Unit and the amount of City Grant proceeds allocated to each category; (d) the income level and other affordability requirements that will be imposed on the Affordable Unit, as set forth in this Agreement; and (e) any other information that is required under the Program Requirements. Upon execution of the Affordable Unit Implementation Document, all of the terms, conditions, provisions and covenants of the Affordable Unit Implementation Document shall be deemed incorporated in this Agreement by reference as though written out at length herein and this Agreement and the Affordable Unit Implementation Document shall be deemed to constitute a single instrument or document. Upon execution of the Affordable Unit Implementation Document and delivery to escrow thereof for the Affordable Unit, Participant shall have the right to a disbursement from the City Grant to cover a portion of the purchase price and closing costs, as based upon an estimated escrow statement or similar document provided by the escrow holder for the Affordable Unit. If requested by Participant, City shall wire the funds to the escrow account opened for the Affordable Unit within two (2) business days of Participant's request. City shall use every reasonable effort to ensure a disbursement of the City Grant for the Affordable Unit shall be received by escrow holder no later than two (2) days prior to the outside closing date set forth in the Purchase Agreement.

2.4 Program Activities. Participant shall perform and complete all Program Activities diligently and in a timely manner to the satisfaction of City and in accordance with this Agreement. If any of the Program Activities constitutes a specific task or activity that is required under this Agreement or the Affordable Unit Implementation Document Agreement to be commenced or completed by a certain date or time period, Participant shall commence, complete, and perform the task or activity within the specified time period. In addition to the quarterly reports referred to in Section 5.2, Participant shall, if requested by City, provide to City monthly written reports on the progress of Program Activities. Participant represents to City that the Program Activities will be performed by Participant under its direct supervision, and that all personnel engaged in the Program

Activities shall be fully qualified and authorized and permitted under applicable law to perform such Program Activities.

2.5 Monitoring. City shall monitor and evaluate Participant's performance under this Agreement to determine compliance with this Agreement and the Program Requirements. Participant shall cooperate with City and shall make available to City all information, documents, and records reasonably requested by City and shall provide City the reasonable right of access to the Affordable Unit (provided Participant has access) during normal business hours for the purpose of assuring compliance with this Agreement and evaluating Participant's performance hereunder.

2.6 Compliance with Laws and Regulations and Program Requirements. Participant shall observe and comply with all applicable laws, regulations, and rules of governmental agencies having jurisdiction, including the Program Requirements and the legal requirements set forth in Exhibit "A" attached to this Agreement and the statutes referenced therein. Because the source of the City Grant is funds received from HUD pursuant to the Community Development Block Grant, program Participant is required to comply with all applicable Program Requirements. In the case of any conflict between the Program Requirements and this Agreement, the Program Requirements shall control; it being understood, however, that in order to be in compliance with this Agreement and the Program Requirements, Participant shall, to the extent possible, comply with the most restrictive provisions in this Agreement and the Program Requirements.

2.7 Licenses, Approvals and Permits. Participant shall secure, at its sole cost and expense, any and all licenses, permits and approvals that may be required by law for the performance of the Program Activities.

2.8 Program Costs. Except to the extent City has specifically agreed to provide the City Grant pursuant to Section 3 of this Agreement, Participant shall be responsible for all costs related to the Program Activities.

2.9 Program Income. Participant shall submit to City quarterly reports as set forth in Section 5.2 of this Agreement on all program income as defined 24 C.F.R. 570.500(a) generated by activities carried out with CDBG Funds, if any. The program income shall be retained by Participant and utilized for Eligible Expenses, Program Activities, or such other activities approved in writing by City, in which case all provisions of this Agreement shall apply to the activities funded by the program income. In the event City determines that Participant may retain the program income for Eligible Expenses, the program income shall be expended by Participant for Eligible Expenses before City is obligated to advance any other City Grant proceeds to Participant. Upon the termination of this Agreement, all unused program income shall be returned to City.

2.10 Compliance with Permits and Laws. Participant shall carry out the Program Activities in conformity with all applicable laws, regulations, and rules of governmental agencies having jurisdiction, including without limitation all applicable federal and state fair labor standards, including the payment of prevailing wages, if required, and all applicable conditions and requirements of the Program Requirements.

2.11 Rights of Access. During the period and for so long as Participant owns the Affordable Unit, representatives of City shall have the reasonable right of access to the Affordable Unit, without charges or fees, for the purpose of assuring compliance with this Agreement, including but not limited to the inspection of the repair and/or rehabilitation work being performed by Participant.

2.12 Relocation. City shall not be responsible for relocating any occupants from the Affordable Unit to the extent any occupants are located in the Affordable Unit. If required, Participant shall have the sole and exclusive responsibility for providing relocation assistance and paying all relocation costs required to comply with all applicable federal and state laws, rules, and regulations. Participant shall indemnify, defend, and hold City harmless from and against any claims, liabilities, damages, or losses made against it by tenants or occupants of the Affordable Unit, including without limitation claims for relocation assistance, inverse condemnation, and claims otherwise arising from any act or omission of Participant.

3. CITY GRANT.

3.1 City Grant - General. Subject to the terms and conditions set forth herein, City shall provide to Participant the City Grant.

3.2 Permissible Use of City Grant; Eligible Expenses. Pursuant to all of the terms and conditions of this Agreement, Participant shall be permitted to use the City Grant proceeds only for the Eligible Expenses that are actually and reasonably incurred by Participant and approved by City, and for no other purpose.

3.3 Disbursements of City Grant. Provided Participant is not in default of this Agreement, the City Grant shall be disbursed by City to Participant from time to time, as Eligible Expenses are incurred by Participant, as follows:

(a) *Submittal of Payment Request.* Participant shall submit to the Contract Officer a request for payment of City Grant proceeds to pay for Eligible Expenses incurred by Participant or that the parties expect to be incurred by Participant within thirty (30) days from the date the payment request is submitted. The payment request shall include the total amount requested, with such supporting information as City may reasonably require, documenting that the costs for which Participant seeks payment are solely for Eligible Expenses incurred by Participant or to be incurred by Participant. The supporting information required by City may include without limitation, letters of intent to purchase real property, receipts, canceled checks, time records, billing statements, bank statements, invoices, and contracts (including the Purchase Agreement). The payment request shall itemize the Eligible Expenses by listing each budget line item category from the project budget that is set forth in the Affordable Unit Implementation Document and including the following information for each category: (i) a description and the amount of each Eligible Expense included within that category for which payment is sought; (ii) the total amount budgeted in the Affordable Unit Implementation

Document to the budget line item category; and (iii) the total amount paid to Participant for the budget line item category to date.

(b) *City's Review of Payment Request and Disbursement of Funds*. The Contract Officer shall have the authority on behalf of City to calculate and approve the amount of Participant's Eligible Expenses. To the extent City has received sufficient Program Funds, payment of the City Grant amount determined by City to be owing to Participant shall be made by City to Participant no later than the time limit set forth in this Agreement, or if no time limit is otherwise set forth herein, then no later than fifteen (15) days after Participant's submission of its completed payment request. It is anticipated that the Eligible Expenses for the acquisition of the Affordable Unit may be deposited by City into the escrow established for the acquisition of the Affordable Unit. If City disapproves a payment request, City shall notify Participant in writing the reason(s) for disapproval.

(c) *Conditions to Disbursement*. City's obligation to disburse the City Grant proceeds to Participant in accordance with this Section 3.3 is subject to the satisfaction of all of the following conditions at the time the payment is to be made: (i) Participant shall have provided to City a complete payment request with all supporting information; (ii) Participant shall have submitted to City the reports referred to in Section 5.2 of this Agreement; (iii) if payment for the professional services of a consultant or contractor is an Eligible Expense, Participant shall have provided City a copy of the executed contract between Participant and the consultant or contractor, certified by Participant to be a true and correct copy thereof; (iv) Participant shall have executed and delivered to City, pursuant to the terms and conditions set forth in this Agreement, the Purchase Agreement and the Affordable Unit Implementation Document; (v) Participant shall not be in default of any of its obligations set forth in this Agreement; (vi) City has issued the Notice to Proceed; and (vii) City shall have received sufficient Program Funds from HUD, as applicable. In connection with clause (vii) of the preceding sentence, Participant acknowledges and agrees that City's obligation to provide the City Grant to Participant under this Agreement shall be subject to the availability of Program Funds and, if for any reason City does not receive sufficient Program Funds from HUD or the funds are withdrawn, City shall have no obligation to provide the City Grant to Participant or to fund the City Grant from any other source of funds. Notwithstanding any other provision of this Agreement, it is understood that City is not obligated to expend City Grant proceeds for Program Activities that were performed, or Eligible Expenses that were incurred, prior to City's issuance of the Notice to Proceed.

3.4 Return of City Grant Proceeds. Upon the Affordable Unit Completion Date or the earlier termination of this Agreement, Participant shall transfer to City any City Grant funds on hand for the Affordable Unit for which Eligible Expenses have not been incurred. In addition to the foregoing, in the event the Eligible Expenses for which any disbursement of City Grant funds are disbursed are not incurred by Participant within thirty (30) days after City's disbursement, or such longer time as City approves in its sole discretion, City shall have the right to require that Participant return the City Grant

proceeds to City. In addition, if it is determined, as a result of an audit or otherwise, that any of the disbursements of City Grant proceeds were improper or made for expenditures not eligible for payment, Participant shall immediately repay to City the amounts of such disbursements.

3.5 Excess City Grant Proceeds. If the amount of Eligible Expenses incurred by Participant as of the Affordable Unit Completion Date or the earlier termination of this Agreement is less than the City Grant, the excess City Grant proceeds shall revert to City. In addition, the City Grant funds for Eligible Expenses for which Participant has not submitted a complete payment request to City within thirty (30) days after the Affordable Unit Completion Date or the earlier termination of this Agreement shall revert to City and be allocated for other activities.

3.6 Matching Funds. Participant shall contribute at least 25 cents per dollar disbursed from City Grant proceeds. Such matching expenditures shall be paid solely by Participant and such matching expenditures shall be used for Eligible Expenses.

4. AFFORDABILITY COVENANTS.

Participant acknowledges that the Affordable Unit will be required to be maintained as an affordable rental housing unit, as determined by City at the time the Affordable Unit Implementation Document is executed for the Affordable Unit. Concurrently with the close of escrow for the Affordable Unit, City and Participant shall enter into and record against the Affordable Unit a regulatory agreement, substantially in the form attached hereto and incorporated herein as Exhibit "C", which shall set forth the affordability requirements for the Affordable Unit, including that the Affordable Unit must be rented continuously to a Qualified Household at an Affordable Rent ("Regulatory Agreement"). The term of the Regulatory Agreement shall be for a period of twenty (20) years following the date the Affordable Unit is first occupied by a Qualified Household.

5. RECORDS AND REPORTS.

5.1 Records.

5.1.1 Records to be maintained. Participant shall keep and maintain records providing a full description of the Program Activities undertaken, records demonstrating that the Program Activities meet the Program Requirements, records demonstrating the eligibility of the activities constituting the Eligible Expenses, and such other records as may be reasonably required by City to enable City to evaluate Participant's compliance with the Program Requirements, to identify and account for the use of the City Grant proceeds and expenditures of Eligible Expenses and all costs pertaining to this Agreement, and to enable City to comply with City's recordkeeping and reporting requirements under the CDBG Requirements, including without limitation the records specified in 24 C.F.R. 570.506 as they pertain to the activities under this Agreement. Books and records pertaining to the Eligible Expenses shall be kept and prepared in accordance with generally accepted accounting principles.

5.1.2 Retention. The books and records required to be maintained by Participant under this Agreement shall be retained for a period of five (5) years following the expiration of the Regulatory Agreement; provided, however, in the event any litigation, audit, negotiation, or other action involving the books and records is commenced prior to the expiration of the foregoing retention period, Participant shall retain the books and records until completion of the action and resolution of all issues which arise from it.

5.1.3 Location of Records. The books and records required to be maintained by Participant pursuant to this Agreement shall be kept at a location in the City of Irvine.

5.1.4 Access to Records. City and HUD and/or their representatives shall have full and free access to, and the right to examine, inspect, and audit, all books and records of Participant pertaining to this Agreement at all times during normal business hours.

5.1.5 Audits. Participant shall perform all audits of its books and records required by the Program Requirements or City or HUD and a copy of such audits shall be forwarded to the City within thirty (30) days after completion. Participant shall be subject to all audit and review requirements imposed on City in connection with this Agreement and shall, at its sole cost and expense, cause such audits and reviews to be timely performed.

5.2 Reports.

5.2.1 Quarterly Reports. No later than fifteen (15) days after the end of each Quarter, Participant shall submit to City the following quarterly reports on forms approved by the Contract Officer:

Performance Reports. A report on the summary of the Program Activities and activities undertaken by Participant under this Agreement for the previous Quarter ("Performance Report"). The Performance Report shall, at a minimum, describe the status of each of the Program Activities required to be performed and met during that Quarter, progress towards completing the other Program Activities, costs incurred, funds remaining, a narrative explanation of problems, delays, or adverse conditions which impaired the ability of Participant to meet any obligations if any were not met, favorable developments which enabled Participant to satisfy obligations and meet objectives sooner or at less cost than anticipated or producing more beneficial results than planned, and any additional pertinent information related to contract performance.

Program Income. A report on the program income generated for the Quarter, if any, as more fully explained in Section 2.9 of this Agreement, which shall include a description of the expenditures of program income and a progress report for the activities funded by the program income if Participant is permitted to retain program income.

5.2.2 Other Reports. In addition to the reports referenced in Section 5.2.1, Participant shall, at such times and in such forms as required by City, prepare and submit to the Contract Officer such other reports concerning the performance of the Program Activities, the costs and obligations incurred or to be incurred in connection therewith, and any other matters covered by this Agreement and compliance with Program Requirements, as City may reasonably require from time to time.

6. INSURANCE AND INDEMNITY.

6.1 Insurance. Prior to issuance of any Notice to Proceed, Participant shall furnish or cause to be furnished to City evidence reasonably satisfactory to City's Contract Officer of Commercial General Liability coverage in the amount of at least One Million Dollars ($1,000,000) combined single limits, naming City and its officers, officials, employees, volunteers, agents, and representatives as additional insureds, and a policy of all-risk property insurance in an amount equal to the full replacement value of the Affordable Unit. Participant shall continue to maintain such insurance in full force and effect during the term of this Agreement. All such insurance:

shall be primary insurance and not contributory with any other insurance which City or its officers, officials, employees, volunteers, agents, or representatives may have;

shall contain no special limitations on the scope of protection afforded to City or its officers, officials, employees, volunteers, agents, and representatives;

shall be "per occurrence" rather than "claims made" insurance;

shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability;

shall provide that the policy will not be cancelled or limited in scope by the insurer or Participant unless there is a minimum of thirty (30) days prior written notice by certified mail, return receipt requested to City;

shall be written by a California licensed insurer with a Best rating of not less than A:VII;

shall be endorsed to state that any failure to comply with the reporting provisions of the policies shall not affect coverage provided to City and its officers, officials, employees, volunteers, agents, and representatives; and

shall contain a waiver by the insurer of any right to subrogation against City, and its officers, officials, employees, volunteer, agents, and representatives which arises or might arise by reason of any payment under such policy or policies or by reason of any act or omission of City or its officers, employees, volunteers, agents, and representatives.

Any deductible or self-insured retention must be declared to City. None of the above described policies shall include a deductible or self-insured retention amount of more than Ten Thousand Dollars ($10,000) unless approved in writing by the Contract Officer.

Participant shall also furnish or cause to be furnished to City's Contract Officer evidence reasonably satisfactory to the Contract Officer that Participant and any contractor with whom Participant has contracted for the performance of the Program Activities have current Workers' Compensation insurance as required by the State of California Labor Code as well as Employer's Liability Coverage of not less than One Million Dollars ($1,000,000) per accident. Such insurance shall be endorsed to include a waiver of subrogation rights against City and its officers, officials, employees, volunteers, agents, and representatives, and notice of cancellation as described in subsection (e) above. Such policies shall be written by California licensed insurers with Best ratings of not less than A:VII in the most recent edition of Best Rating Guide.

Nothing in this Section 6.1 shall in any way limit Participant's indemnity obligations set forth in Section 6.2 herein.

6.2 Indemnification. Participant shall indemnify, defend, and hold harmless City and its officers, officials, employees, representatives and agents (collectively, the "Indemnitee"), with legal counsel satisfactory to City, from and against any and all claims, causes of action, liabilities, and damages arising out of any acts or omissions of Participant or Participant's officers, employees, contractors, and agents, in the performance under this Agreement and/or with respect to the Affordable Unit, except to the extent of such loss as may be caused by the active negligence or willful misconduct of any Indemnitee. Upon receiving knowledge of any suit, claim or demand asserted by a third party that City believes is covered by this indemnity, City shall give Participant written notice of the matter.

7. TERM; TERMINATION.

7.1 Term. The term of this Agreement shall commence on the date set forth in the preamble to this Agreement and, unless terminated earlier pursuant to the provisions herein, shall continue thereafter until the Regulatory Agreement terminates or is terminated. Participant shall use the Property for the operation of the "Program" (as that term is defined in the Regulatory Agreement) and no other purpose, and shall operate the Program on a continuous basis.

7.2 Termination for Cause. This Agreement may be terminated by City for cause as follows:

(a) *Lack of Funding*. If, for any reason, the Program Funds required by City to fund the Eligible Expenses are not received by City or are withdrawn from City, City may unilaterally terminate or modify the terms of this Agreement to reflect the loss of funding, without liability to Participant.

(b) *Failure to Comply with Agreement*. If Participant fails to comply with the terms and conditions of this Agreement and fails to cure the default after notice from City as set forth in Section 8.1 of this Agreement, City may terminate this Agreement in whole or in part.

7.3 Termination for Convenience. This Agreement may be terminated for convenience as provided in 2 C.F.R. Part 200.

7.4 Obligations Survive Termination. Notwithstanding the expiration or earlier termination of this Agreement, Participant's obligations to City shall not terminate until all closeout requirements are completed. In addition, the following obligations of Participant shall survive the termination of this Agreement: (a) Participant's indemnity obligations; (b) the obligation to cause audits to be performed relating to Participant's activities and costs under this Agreement; (c) the obligation to repay to City any City Grant proceeds improperly disbursed to Participant or disbursed or used for ineligible expenditures; and (d) any other obligations which cannot by their nature be performed until after the expiration of the Agreement. No termination under this Agreement shall release either party then in default from liability for such default. All terms of this Agreement shall survive as necessary for the purpose of enabling either party to enforce its provisions or pursue an action with respect to a default of this Agreement, including the provisions of Section 8.6.

8. DEFAULTS AND REMEDIES.

8.1 Defaults-General. The failure or delay by either party to perform any term or provision of this Agreement shall constitute a default. Except where a shorter period of time is specified in this Agreement, the defaulting party shall have thirty (30) days after receipt of written notice from the other party specifying the nature of the default to cure, correct or remedy the default, or for defaults that cannot reasonably be cured, corrected, or remedied within such thirty (30) day time period, the defaulting party shall have thirty (30) days after receipt of the notice to commence to cure such failure or delay and shall diligently prosecute such cure, correction or remedy to completion within an additional sixty (60) days following the conclusion of such thirty (30) day period (for a total of ninety (90) days). The injured party shall give written notice of default to the party in default, specifying the default complained of by the injured party. Except as required to protect against further damages, the injured party may not institute proceedings against the party in default until the time for cure, correction, or remedy of a default has expired. Except as otherwise expressly provided in this Agreement, any failure or delay by a party in giving a notice of default or in asserting any of its rights and remedies as to any default shall not constitute a waiver of any default, nor shall it change the time of default, nor shall it deprive such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert, or enforce any such rights or remedies.

8.2 Institution of Legal Actions. In addition to any other rights or remedies, either party may institute legal action to cure, correct, or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purposes of this Agreement. Such legal actions must be instituted and maintained in the Superior

Court of the County of Orange, State of California, or in any other appropriate court in that county.

8.3 Additional City Remedies. In addition to any other rights or remedies available at law or in equity, upon a default of Participant, City may do any of the following: (a) temporarily withhold disbursement of City Grant proceeds pending correction of the default by Participant; (b) refuse to advance all or any part of the City Grant and reallocate said funds to another activity; (c) wholly or partially suspend or terminate the award of the City Grant; (d) wholly or partially suspend or terminate this Agreement; (e) withhold further awards for the Program Activities; and (f) require Participant to repay any City Grant funds which City determines were not expended in compliance with the requirements of this Agreement or the Program Requirements.

8.4 Applicable Law. The internal laws of the State of California shall govern the interpretation and enforcement of this Agreement.

8.5 Rights and Remedies are Cumulative. Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

8.6 Attorney's Fees. If either party to this Agreement is required to initiate or defend litigation in any way connected with this Agreement, the prevailing party in such litigation, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorneys' fees from the losing party. If any party to this Agreement is required to initiate or defend litigation with a third party because of the violation of any term or provision of this Agreement by the other party, then the party so litigating shall be entitled to reasonable attorneys' fees from the other party to this Agreement. Attorneys' fees shall include attorney's fees on any appeal, and in addition a party entitled to attorneys' fees shall be entitled to all other reasonable costs for investigating such action, retaining expert witnesses, taking depositions and discovery, and all other necessary costs incurred with respect to such litigation.

9. GENERAL PROVISIONS.

9.1 Notices, Demands, and Communications between the Parties. Formal notices, demands, and communications between City and Participant shall be given either by (a) personal service, (b) delivery by reputable document delivery service such as Federal Express that provides a receipt showing date and time of delivery, or (c) mailing in the United States mail, certified mail, postage prepaid, return receipt requested, addressed to:

Notices personally delivered or delivered by document delivery service shall be deemed effective upon receipt. Notices mailed shall be deemed effective on the second business day following deposit in the United States mail. Such written notices, demands, and communications shall be sent in the same manner to such other addresses as any party may from time to time designate in writing.

9.2 Nonliability of City Officials and Employees. No member, official, employee, or contractor of City shall be personally liable to Participant in the event of any default or breach by City or for any amount which may become due to Participant or on any obligations under the terms of this Agreement.

9.3 Contract Administration. The Contract Officer shall be the person designated by City to administer this Agreement on behalf of City, and the Participant Representative shall be the person designated by Participant to administer this Agreement on behalf of Participant. The Community Development Director (or his or her authorized representative) shall have the authority to issue interpretations, waive provisions, grant extensions of time, and enter into amendments of this Agreement on behalf of City so long as such actions do not substantially add to the costs of City as specified herein. The Participant Representative (or his authorized representative) shall have the authority to issue interpretations, waive provisions and enter into amendments of this Agreement on behalf of Participant so long as such actions do not substantially add to the costs of Participant as specified herein

9.4 Enforced Delay; Extension of Times of Performance. Except as expressly set forth in this Section 9.4, performance by either party hereunder shall not be deemed to be in default and such party shall be entitled to an extension of time to perform its obligations hereunder where delays in performance are due to causes beyond the control and without the fault of such party, including as applicable: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary

labor, materials or tools; delays of any contractor, subcontractor or supplies; acts of the other party; acts or the failure to act of City or any other public or governmental agency or entity (except that any act or failure to act of or by City shall not excuse performance by City). Notwithstanding the foregoing, Participant's inability to secure satisfactory financing, interest rates, and market and economic conditions shall not entitle Participant to an extension of time to perform. An extension of time for any cause permitted under this Section 9.4 shall be limited to the period of the enforced delay, which period shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days of knowledge of the commencement of the cause. If no written notice is sent within thirty (30) days, for purposes of measuring the extension period for performance of the obligation in question, the period of the enforced delay shall commence to run from the date written notice is sent to the other party. Times of performance under this Agreement may be extended by mutual written agreement of City and Participant.

9.5 Interpretation. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against any party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply. The Section headings are for purposes of convenience only, and shall not be construed to limit or extend the meaning of this Agreement.

9.6 Entire Agreement, Waivers and Amendments. This Agreement integrates all of the terms and conditions mentioned herein, or incidental hereto, and supersedes all negotiations and previous agreements between the parties with respect to all or any part of the subject matter hereof. All waivers of the provisions of this Agreement must be in writing and signed by the appropriate authorities of the party to be charged, and all amendments and modifications hereto must be in writing and signed by the appropriate authorities of City and Participant.

9.7 Severability. If any term, provision, covenant, or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of this Agreement shall not be affected thereby to the extent such remaining provisions are not rendered impractical to perform taking into consideration the purposes of this Agreement.

9.8 Prohibition against Assignment and Transfer. The qualifications and identity of Participant are of particular concern to City. It is because of those qualifications and identity that City has provided financial assistance to Participant and entered into this Agreement with Participant. Accordingly, Participant shall not, whether voluntarily, involuntarily, or by operation of law, undergo any significant change in ownership or assign all or any part of this Agreement or any rights hereunder, or in the programs and projects associated with the Program Activities, or in the Affordable Unit without City's prior written approval which City may grant or withhold in its sole and absolute discretion.

9.9 Third Party Beneficiaries. Nothing in this Agreement is intended to create any third party beneficiaries, and no person or entity other than City and Participant, and

the permitted successors and assigns of each of them, shall be authorized to enforce the provisions of this Agreement.

9.10 Authority to Execute. The person(s) executing this Agreement on behalf of the parties hereto warrant that (a) such party is duly organized and existing, (b) they are duly authorized to execute and deliver this Agreement on behalf of said party, and (c) by so executing this Agreement, such party is formally bound to the provisions of this Agreement.

9.11 Execution in Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

Applicability

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

A. 1. (i) Minimum Wages. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section l(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii) (a) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(b) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB control number 1215-0140.)

(c) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

(d) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii)(b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part

of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

2. Withholding. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work, all or part of the wages required by the contract, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

3. (i) Payrolls and basic records. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section l(b)(2)(B) of the Davis-bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section l(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

(ii) (a) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i) except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at http://www.dol.gov/esa/whd/forms/wh347instr.htm or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this subparagraph for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to HUD or its designee. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

(b) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5 (a)(3)(ii), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(i), and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph A.3.(ii)(b).

(iii) The contractor or subcontractor shall make the records required under subparagraph A.3.(i) available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and Trainees.

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant ',to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by

the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under 29 CFR Part 5 shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

8. Compliance with Davis-Bacon and Related Act Requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

10. (i) Certification of Eligibility. 11. Complaints, Proceedings, or Testimony by Employees. No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

4.8 Occupants of Housing Facilities. To the extent permitted by applicable law, Participant shall include in its occupancy or lease agreements with the Qualified Households a requirement that the occurrence of any illegal activity by the Qualified Household, or by the Qualified Household's guests at the Affordable Unit, shall be grounds for immediate termination of the Occupant's right to reside within the housing facility and City shall have the right to require that Participant enforce such provision.

(d) The occurrence of any default under the Agreement that is not cured within any applicable cure period thereunder.

Participant shall not transfer the Affordable Unit or any of Participant's rights hereunder, or any interest in the Affordable Unit, directly or indirectly, voluntarily or by operation of law, without the prior written approval of City, and if so purported to be transferred, the same shall be null and void. All of the terms, conditions, provisions and covenants set forth in the Agreement are incorporated in this Regulatory Agreement by reference as though written out at length herein and, with respect to the Affordable Unit, the Agreement and this Regulatory Agreement shall be deemed to constitute a single instrument or document. Capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Agreement.

D. City and Participant desire to place restrictions upon the use and operation of the Affordable Unit in order to ensure that the Affordable Unit is continuously made available as affordable rental housing for low- income families in accordance with the

"Program Services" shall mean the tasks, activities, and operations set forth in this Regulatory Agreement and the Agreement, and all other obligations under this Regulatory Agreement that Participant is required to perform.

"Program Default" shall have the meaning ascribed in Section 4.9 of this Regulatory Agreement.

"Qualified Household" shall mean a low-income person or household whose gross household income does not exceed fifty percent (50%) of the Median Income, adjusted for household size, and is determined in accordance with the definition of annual income at 24 C.F.R. § 5.609.

2. Term. The term of this Agreement shall commence upon its execution and recordation in the Official Records and shall terminate on the twentieth (20th) anniversary of the date on which a Qualified Household first occupies the Affordable Unit. The termination of this Agreement shall not release either party from a default hereunder.

3. Use of Converted Properties.

3.1 Restrictions. During the term of this Agreement, subject to Section 3.3 below, the Affordable Unit shall be continuously operated as affordable rental housing occupied only by a Qualified Household at a rent that does not exceed an Affordable Rent. Participant shall cooperate with City in providing to City such evidence as required by City to confirm compliance with the foregoing and all obligations under this Agreement.

3.2 Occupancy Limits. The number of persons permitted to occupy the Affordable Unit shall not exceed two (2) persons per bedroom, plus one (1) person (e.g., for a two (2) bedroom Affordable Unit the maximum number of persons residing in the unit can be five (5) persons). The minimum number of persons permitted to occupy the Affordable Unit shall be not less than one (1) person per bedroom (e.g., for a two (2) bedroom Affordable Unit the minimum number of persons residing in the unit can be two (2) persons). Participant shall enforce such occupancy restrictions.

3.3 Change of Use. In accordance with 24 C.F.R. 570.505, if Participant desires to change the use of the Affordable Unit during the period set forth in Section 2 above, Participant shall provide affected citizens with reasonable notice of, and opportunity to comment on, any proposed change, and either (a) the new use of the Affordable Unit shall qualify as meeting one of the national objectives of 24 C.F.R. 570.208, or (b) if Participant determines after consultation with affected citizens that it is

appropriate to change the use of the Affordable Unit to a use which does not qualify under clause (a), Participant may retain or dispose of the Affordable Unit for the changed use if City's CDBG program is reimbursed in the amount of the then current fair market value of the Affordable Unit, less any portion of the value attributable to expenditures of non-CDBG funds for acquisition of and improvements to the Affordable Unit and, following such reimbursement, the Affordable Unit shall not be subject to any use restrictions under this Regulatory Agreement.

4. Operation of Program.

4.1 General Operating Requirements.

(a) Obligation to Operate Program; Program Description. Participant shall operate the Program and perform the Program Services on a continuous basis and shall use the Affordable Unit for no other purpose than the operation of the Program and Program Services. If any Program Services constitute a specific task or activity that is required under this Regulatory Agreement to be commenced or completed by a certain date or time period, Participant shall commence, complete, and perform the task or activity within the specified time period.

(b) Standard of Performance. Participant shall operate the Program and perform all Program Services in a competent, professional, and first class manner and to the satisfaction of City in its sole discretion and in accordance with this Regulatory Agreement. In addition, Participant shall operate the Program and perform the Program Services in compliance with the CDBG Requirements and in a manner that meets one or more of the CDBG national objective(s). In addition to the quarterly reports referred to in the Agreement, Participant shall, if requested by City, provide to City monthly written reports on the progress of any Program Services. Participant shall cause the Program Services to be performed by Participant or Participant Personnel under Participant's direct supervision, and shall ensure that all Participant Personnel engaged in the Program Services are fully qualified and authorized and permitted under applicable law to operate the Program. Participant shall secure, at its sole cost and expense, any and all licenses, permits and approvals that may be required by law for the performance of the Program Services. Participant shall be responsible for all costs related to the Program.

(c) Management. If any manager or supervisor of the Program engages in any of the conduct described in Section 4.9 or knowingly allows such conduct to occur at the Affordable Unit or by Participant Personnel, or knowingly allows illegal activity to occur at the Affordable Unit, City shall have the right to require that Participant immediately replace such manager or supervisor.

(d) Drug Free Covenant. Participant shall maintain a drug free environment on the Affordable Unit. Participant covenants to City that Participant, Participant Personnel and all persons working or residing on the Affordable Unit shall not unlawfully manufacture, distribute, dispense, possess or use controlled

substances, as said term is defined in 21 United States Code Section 812 and California Health and Safety Code Section 11007 (or successor statutes), including marijuana, heroin, cocaine, and amphetamines on the Affordable Unit. If Participant or any Participant Personnel or any person working or residing on the Affordable Unit is convicted or pleads guilty or nolo contendere to a charge of unlawfully manufacturing, distributing, dispensing, possessing or using controlled substances on the Affordable Unit, then such event shall constitute a default of this Regulatory Agreement.

4.2 Selection of Tenants. Participant shall be responsible for the selection of tenants for the Affordable Unit in compliance with all lawful and reasonable criteria, as set forth in the Marketing Plan. Prior to selecting any tenant for the Affordable Unit, Participant shall provide all information and documentation received by Participant with respect to such prospective tenants to City for review and approval. Participant shall not refuse to lease to (i) a holder of a certificate of family participation under 24 CFR part 882 (Rental Certificate Program) or a rental voucher under 24 CFR part 887 (Rental Voucher Program) or to the holder of a comparable document evidencing participation in a Section 8 program or other tenant-based assistance program, who is otherwise qualified to be a tenant in accordance with the approved tenant selection criteria, or (ii) an applicant who would be qualified to be a tenant in accordance with the approved tenant selection criteria but for a poor credit rating resulting from a foreclosure of a mortgage on a single family home previously owned by the applicant.

4.3 Occupancy By Qualified Household. The Affordable Unit occupied by tenant(s) who qualified as a Qualified Household at the commencement of the occupancy shall be treated as occupied by a Qualified Household until a recertification of such Qualified Household's income in accordance with Section 4.5 below demonstrates that such occupant no longer qualifies as a Qualified Household at the applicable income level. The Affordable Unit previously occupied by a Qualified Household and then vacated shall be considered occupied by a Qualified Household until the Affordable Unit is reoccupied, provided Participant uses its best efforts to re-lease the vacant Affordable Unit to a Qualified Household. Any vacated Affordable Unit shall be held vacant until re-leased to a Qualified Household. Participant shall submit notification to the City of the vacant Affordable Unit within three (3) days and should advertise the available Affordable Unit in a newspaper of general circulation in the City of Irvine.

4.4 Income Computation and Certification. Immediately prior to a Qualified Household's occupancy of the Affordable Unit, Participant shall obtain an Income Computation and Certification Form in the form attached hereto and incorporated herein as Exhibit "2" (or on a similar form required by any additional regulatory agreement if such form requires inclusion of the same information as required in Exhibit "2") from such Qualified Household dated no more than ninety (90) days prior to the date of initial occupancy in the Affordable Unit by such Qualified Household. In addition, Participant shall provide such further information as may be reasonably required in the future by City for purposes of verifying a tenant's status as a Qualified Household. Participant shall use good faith efforts to verify that the income provided by an applicant is accurate by taking the following steps as a part of the verification process:(i) obtain three (3) pay stubs for

the most recent pay periods; (ii) obtain a written verification of income and employment from the applicant's current employer; (iii) obtain an income verification form from the Social Security Administration, California Department of Social Services, and/or California Employment Development Department if the applicant receives assistance from any of said agencies; (iv) if an applicant is unemployed or did not file a tax return for the previous calendar year, obtain other evidence and/or verification of such applicant's total income received during the calendar year from any source, taxable or nontaxable, or such other information as is satisfactory to City. Participant shall maintain in its records each Income Computation and Certification Form obtained pursuant to this section for a minimum of five (5) years subsequent to the termination of this Regulatory Agreement as defined in Section 2.

4.5 Recertification. Within sixty (60) days prior to the first anniversary date of the occupancy of the Affordable Unit by a Qualified Household, and on each anniversary date thereafter, Participant shall recertify the income of such Qualified Household by obtaining a completed Income Recertification Form, in the form attached hereto and incorporated herein as Exhibit "3", based upon the current income of each known occupant of the Affordable Unit; provided, however, that if any additional regulatory agreement requires Participant to obtain a recertification form which requires inclusion of the same information as required in Exhibit "3", then Participant shall not be deemed to be in default hereunder if during the term of such additional regulatory agreement Participant obtains from each Qualified Household the recertification form required pursuant to said additional regulatory agreement.

4.6 Leases; Rental Agreements for Affordable Unit. Participant shall submit a standard lease form, which shall comply with the CDBG Requirements and the requirements of this Regulatory Agreement, to City for its approval. City shall reasonably approve such lease form upon finding that such lease form is consistent with the CDBG Requirements and this Regulatory Agreement. Participant shall enter into a written lease, in the form approved by City, with each tenant/tenant household of the Converted Properties. Participant shall not make any material changes to such form of lease without obtaining City's prior written consent. Any proposed increase in the monthly rent to be charged to a Qualified Household shall not exceed the then current Affordable Rent.

4.7 Reliance on Tenant Representations. Each tenant lease shall contain a provision to the effect that Participant has relied on the income certification and supporting information supplied by the tenant in determining qualification for occupancy of the Affordable Unit, and that any material misstatement in such certification (whether or not intentional) will be cause for immediate termination of such lease.

4.8 Occupants of Housing Facilities. To the extent permitted by applicable law, Participant shall include in its occupancy or lease agreements with the Qualified Households a requirement that the occurrence of any illegal activity by the Qualified Household, or by the Qualified Household's guests at the Affordable Unit, shall be grounds for immediate termination of the Occupant's right to reside within the housing facility and City shall have the right to require that Participant enforce such provision.

4.9 Program Defaults. The occurrence of any of the following (each, a "Program Default") shall constitute a default of this Regulatory Agreement and shall entitle City to exercise any of the remedies set forth in this Regulatory Agreement:

(a) the failure of Participant or Participant Personnel to treat any employee or client of the Program or other persons receiving services under the Program, including any tenants or occupants of any housing facility, in a professional, respectful and courteous manner as determined by City in its sole discretion, or the engaging in any act by Participant or Participant Personnel injuring, abusing, mistreating, or endangering such persons as determined by City in its sole discretion;

(b) Participant or any Participant Personnel is convicted or pleads guilty or nolo contendere to any charge of criminal activity, including without limitation, the possession, use, or distribution of illegal or controlled substances, or otherwise engages in any acts of public disrepute, and such illegal activity or acts either occurs at the Affordable Unit or relates to or impacts the Program as determined by City in its sole discretion; or

(c) the occurrence of any act or transgression by Participant or Participant Personnel that, in the sole judgment of City, may cause embarrassment to City, reflect adversely upon City or its funding programs or upon Participant, tend to bring the Program into public disrepute, contempt, scandal, or ridicule, or tend to shock, insult or offend the community or public morals or decency.

5. Monitoring and Records.

5.1 Monitoring. City shall monitor and evaluate Participant's performance under this Regulatory Agreement to determine compliance with this Regulatory Agreement and the CDBG Requirements. Participant shall cooperate with City and shall make available to City all information, documents, and records reasonably requested by City and shall provide City the reasonable right of access to the Affordable Unit during normal business hours for the purpose of assuring compliance with this Regulatory Agreement and evaluating Participant's performance hereunder. City shall have the right to contact and interview Participant Personnel and any Qualified Household residing, or proposed by Participant to reside, in the Affordable Unit concerning this Regulatory Agreement.

5.2 Right to Inspect. City shall have the right to inspect the Affordable Unit for purposes of assuring compliance with this Regulatory Agreement and evaluating Participant's performance hereunder.

5.3 Records to be Maintained. Participant shall keep and maintain records providing a full description of the activities undertaken pursuant to this Regulatory Agreement demonstrating that the activities meet the CDBG Requirements, and such other records as may be reasonably required by City to enable City to evaluate Participant's compliance with the CDBG Requirements and to enable City to comply with

City's recordkeeping and reporting requirements under the CDBG Requirements. The books and records required to be maintained by Participant shall be kept at a location in Orange County, California. City and HUD and/or their representatives shall have full and free access to, and the right to examine, inspect, and audit, all books and records of Participant pertaining to this Regulatory Agreement at all times during normal business hours upon forty-eight (48) hours prior written notice to Participant.

5.4 Audits. Participant shall perform all audits of its books and records required by HUD or the CDBG Requirements or reasonably required by City and a copy of each of such audits shall be forwarded to the City within fifteen (15) days after completion. Participant shall be subject to all audit and review requirements imposed on City in connection with this Regulatory Agreement and shall, at its sole cost and expense, cause such audits and reviews to be timely performed.

6. Maintenance. Participant shall maintain or cause to be maintained the Affordable Unit in first class condition and repair (and, as to landscaping, in a healthy condition) and in accordance with any approved plans for the Project, and all other applicable laws, rules, ordinances, orders, and regulations, including without limitation the City of Irvine Municipal Code, and all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction and all their respective departments, bureaus, and officials. In addition, Participant shall make all repairs and replacements necessary to keep the improvements in first class condition and repair and shall promptly eliminate all graffiti and debris and replace dead and diseased plants and landscaping with comparable materials. Participant shall be deemed to be in default under this Regulatory Agreement if Participant breaches any of the covenants contained in this Section 6 and such default continues for a period of five (5) days after written or verbal notice from City (with respect to landscaping, graffiti, debris, waste material, or general maintenance) or thirty (30) days after written notice from City (with respect to building improvements).

7. Obligation to Repair. If the Affordable Unit shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty required to be insured against by Participant, Participant shall promptly proceed to obtain insurance proceeds and take all steps necessary to begin reconstruction and, immediately upon receipt of insurance proceeds, to promptly and diligently commence the repair or replacement of the improvements so that the Program can continue to be operated, and Participant shall complete the same as soon as possible thereafter.

8. Relocation. Participant, at its sole cost and expense, shall be responsible for providing any relocation assistance and paying all relocation costs to any tenants or occupants who may be displaced from the Affordable Unit if such benefits or assistance are required to be provided by law. Participant shall indemnify, defend, and hold harmless City from and against any and all claims, liabilities, damages or losses made against it by tenants or occupants of the Affordable Unit, including without limitation claims for relocation assistance, inverse condemnation, and claims otherwise arising from any act or omission of Participant pursuant to this Section 8.

9. Liens. Participant shall pay and promptly discharge, at Participant's cost and expense, all Impositions, liens, encumbrances and charges upon the Affordable Unit, or any part thereof or interest therein. As used herein, the term "Impositions" shall mean all (a) real estate and personal property taxes and other taxes and assessments, water and sewer rates and charges and all other governmental charges and any interest or costs or penalties with respect thereto and charges for any agreement maintained for the benefit of the Affordable Unit, general and special, ordinary and extraordinary, foreseen and unforeseen, of any kind and nature whatsoever which at any time may be assessed, levied or imposed upon the Project, or the rent or income received therefrom, or any use or occupancy thereof, and (b) other taxes, assessments, fees and governmental charges levied, imposed or assessed upon or against Participant or the Affordable Unit. In addition, Participant shall timely make all payments on all loans secured by the Affordable Unit or other debts which could give rise to a security interest in the Affordable Unit.

10. Indemnity. Participant shall defend, indemnify and hold harmless City and its officers, officials, agents, employees, representatives, and volunteers ("Indemnified Parties") from and against any loss, damage, costs, expenses, liability, claim, or judgment relating in any manner to the Affordable Unit or Participant's performance under this Regulatory Agreement, except to the extent caused by the sole negligence or willful misconduct of any of the Indemnified Parties.

11. Insurance; Repair of Damage. In addition to the insurance required under the Agreement which shall be maintained in force for the term of this Regulatory Agreement, Participant hereby certifies that it has or will obtain a policy of all-risk property insurance in an amount equal to the full replacement value of the structures comprising the Affordable Unit, and Participant shall continue to maintain such insurance in full force and effect during the term of this Regulatory Agreement. In no event shall the limits of any policy be considered as limiting the liability of Participant hereunder or limiting the indemnity obligation set forth in Section 10 of this Regulatory Agreement. If the improvements comprising the Affordable Unit shall be totally or partially destroyed or rendered wholly or partly uninhabitable by fire or other casualty, Participant shall promptly and diligently commence the repair or replacement of the improvements comprising the Affordable Unit to substantially the same condition as existed prior to the destruction, and Participant shall complete the same as soon as possible thereafter so that the Affordable Unit can continue to be operated and occupied as affordable housing for Qualified Households in accordance with this Regulatory Agreement. In no event shall the repair, replacement, or restoration period exceed six (6) months from the date of the destruction unless City, in its sole and absolute discretion, approves a longer period of time.

12. Compliance with Laws. Participant shall comply and cause the Participant Personnel and each Qualified Household that occupies the Affordable Unit to comply with all applicable laws, regulations, and rules of any governmental agencies having jurisdiction with regard to any activities conducted on the Affordable Unit, including without limitation the CDBG Requirements. Each and every provision required by law to be included in this Regulatory Agreement shall be deemed to be included, and this Regulatory Agreement shall be read and enforced as though all such provisions were included. Participant acknowledges and agrees that it shall be and remain, and shall

cause the Participant Personnel to be and remain, fully knowledgeable and apprised of all local, state and federal laws, rules and regulations in any manner affecting the performance under this Regulatory Agreement, including the CDBG Requirements. Participant shall indemnify, protect, defend and hold harmless City and its officials, officers, employees, and agents, with counsel reasonably acceptable to City, from and against any and all loss, liability, damage, claim, cost, and/or expense (including reasonable attorneys' fees, court and litigation costs, and fees of expert witnesses) that results or arises in any way from any of the following the noncompliance by Participant or Participant Personnel of any applicable local, state and/or federal law.

13. Non-Discrimination. There shall be no discrimination against or segregation of any person, or group of persons, on account or race, color, creed, religion, sex, marital status, national origin or ancestry or any other protected class in the sale, lease sublease, transfer, use, occupancy, tenure or enjoyment of the site, or any part thereof, nor shall Participant, or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Affordable Unit, or any part thereof.

14. Defaults.

14.1 Defaults-General. The occurrence of any of the following shall be deemed a default under this Regulatory Agreement:

(a) The failure or delay by either party to perform any term or provision of this Regulatory Agreement if such failure is not cured, corrected or remedied within any specific time period set forth in this Regulatory Agreement.

(b) If no other specific time period is set forth herein, the failure to cure a monetary default under this Regulatory Agreement (other than any monetary defaults specifically listed in any of the other subparagraphs of this Section 14.1) within ten (10) days after the nonperforming party's receipt of written notice from the other party specifying the nature of the default.

(c) If no other specific time period is set forth herein, the failure to cure a non-monetary default under this Regulatory Agreement (other than any non-monetary defaults specifically listed in any of the other subparagraphs of this Section 14.1) within thirty (30) days after the nonperforming party's receipt of written notice from the other party specifying the nature of the default; provided, however, that if the failure cannot be corrected within such period, it shall not constitute a default if the failure is correctable without material adverse effect on the Affordable Unit, and if corrective action is instituted by Participant within such period and diligently pursued until the failure is corrected, and provided further that any such failure is cured within sixty (60) days of receipt of notice of such failure.

(d) The occurrence of any default under the Agreement that is not cured within any applicable cure period thereunder.

(e) The occurrence of a Program Default.

The party in default shall provide to the other party immediate written notice of the occurrence of any event that would constitute a default hereunder.

14.2 Remedies Upon Default. In addition to any other rights or remedies available at law or in equity, upon a default of this Regulatory Agreement (other than a default of City) City may take any of the actions described in the Agreement for defaults, including without limitation (i) the enforcement of any of the City's rights contained in Section 11.2 of the Agreement including demanding that Participant repay the City Grant, or (ii) the institution of legal action to cure, correct, or remedy any default or obtain any other remedy consistent with the purposes of this Regulatory Agreement. All legal actions must be instituted and maintained in the Superior Court of Orange County California, or in any other appropriate court in that county.

14.3 Rights and Remedies are Cumulative. Except as otherwise expressly stated in this Regulatory Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of its rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

15. Miscellaneous.

15.1 Attorneys' Fees and Costs. If either party to this Regulatory Agreement commences an action against the other party to this Regulatory Agreement arising out of or in connection with this Regulatory Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees, expert witness fees, costs of investigation, and costs of suit from the losing party.

15.2 Entire Agreement, Waivers, and Amendments. This Regulatory Agreement, the Agreement, and the agreements referred to herein contain the entire agreement between the parties relating to the subject matter hereof, and supersedes all negotiations and previous agreements between the parties with respect to all or part of the subject matter hereof. All waivers of the provisions of this Regulatory Agreement must be in writing and signed by the appropriate authorities of the party to be charged. A waiver of the breach of the covenants, conditions or obligations under this Regulatory Agreement by either party shall not be construed as a waiver of any succeeding breach of the same or other covenants, conditions or obligations of this Regulatory Agreement. Any amendment or modification to this Regulatory Agreement must be in writing and executed by the appropriate authorities of City and Participant.

15.3 Interpretation; Governing Law. This Regulatory Agreement shall be construed according to its fair meaning and as if prepared by both of the parties hereto. This Regulatory Agreement shall be construed in accordance with the laws of the State of California without regard to conflict of law principles.

15.4 Severability. If any one or more of the provisions contained in this Regulatory Agreement shall for any reason be held to be invalid, illegal, or unenforceable

in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in this Regulatory Agreement, and this Regulatory Agreement shall be construed as if such invalid, illegal, or unenforceable provision(s) had never been contained herein.

15.5 Assignment and Transfer. Participant shall not transfer the Affordable Unit or any of Participant's rights hereunder, or any interest in the Affordable Unit, directly or indirectly, voluntarily or by operation of law, without the prior written approval of City, and if so purported to be transferred, the same shall be null and void. In considering whether it will grant approval of any transfer by Participant of its interest in the Affordable Unit, City shall consider factors such as (i) whether the completion of the rehabilitation of the Affordable Unit is jeopardized; (ii) the financial credit, strength, and capability of the proposed transferee to perform Participant's obligations hereunder; and (iii) the proposed transferee's experience and expertise in the planning, financing, development, ownership, and operation of similar projects. In the absence of specific written agreement by City, no transfer by Participant of all or any portion of its interest in the Affordable Unit shall be deemed to relieve it or any successor party from the obligation to complete the rehabilitation of the Affordable Unit or any other obligations under this Regulatory Agreement. No assignment shall be approved if Participant is in default (or an event has occurred that would constitute a default with the giving of notice or the passage of time) of this Regulatory Agreement or the Agreement. Participant shall be responsible for all costs incurred by City in connection with any request for approval of a transfer and assignment.

15.6 Notices. Formal notices required to be delivered under this Regulatory Agreement to the other party must be in writing and shall be effective (i) when personally delivered by the other party or messenger or courier thereof; (ii) three (3) business days after deposit in the United States mail, registered or certified; or (iii) one (1) business day after deposit before the daily deadline time with a reputable overnight courier or service; in each case postage fully prepaid and addressed to the respective parties as set forth below or to such other address and to such other persons as the parties may hereafter designate by written notice to the other party hereto:

benefit and in favor of, and enforceable by, City and its successors and assigns, against Participant, its successors and assigns, to or of the Affordable Unit or any portion thereof or any interest therein, and any party in possession or occupancy of said Affordable Unit or portion thereof. Upon a transfer of the Affordable Unit by Participant, the transferee shall be subject to and shall comply with this Regulatory Agreement. In amplification and not in restriction of the provisions set forth hereinabove, it is intended and agreed that City shall be deemed a beneficiary of the agreements and covenants provided hereinabove both for and in its own right and also for the purposes of protecting the interests of the community. All covenants without regard to technical classification or designation shall be binding for the benefit of City and such covenants shall run in favor of City for the entire period during which such covenants shall be in force and effect, without regard to whether City is or remains an owner of any land or interest therein to which such covenants relate.
