End as Beginning features sculptural and installation-based works by Randi Hokett, Zara Kuredjian, and Patricia Liverman that foreground rupture, perception, and time as dominant forces that shape our worlds and our understanding of ourselves within them.

Through their creative practices, Hokett, Kuredjian, and Liverman explore events and conditions where control and chaos coexist such as volcanic eruptions, the alchemy of an artist's studio, and the order of the cosmos. Their resulting paintings, sculptures, and mixed media artworks are both graceful and rough, delicate and intense, and evocative of things earthly and beyond.
