

Single-Use Utensils: Now by Request Only

California's AB 1276 means restaurants and delivery apps can no longer automatically include disposable items with your order. Just ask for what you need.

- Utensils (forks, knives, spoons, chopsticks): request only.
- Straws, stirrers, and splash sticks: request only.
- Condiments and dipping sauces: request only.
- Bundled utensil packs are no longer permitted.
